CLOVIS LISTS TEXAS WEDDINGS

The Clovis NEWS-JOURNAL listed 18 marriage licenses last week-end. Since the last legislature declined to do anything about the marriage law which is sending so many Texans to neighboring states and depriving Texas ministers of thousands of dollars, the list of licenses is of interest here.

They were: Ernest Tite, St. Vrain, and Birdie Fitzhugh, Idalou, Texas; Ernest L. Schroeder and Ilene Woodson, Woolforth, Texas.

L. H. Ellis and Mabel Brown, Amarillo; Emit Pierce and Madell Walters, Spur, Texas; Cecil Elam and Mae McDonald, Ralls, Texas; C. D. Roberts, Perryton, and Louise Russo, Canadian, Texas.

Hershel Gale, Lubbock, and Beatrice Wright, Monroe, Texas; Oscar Hollingsworth and Cecil Roberts, Lubbock; Earl W. Ellis and Lillian Moore, Amarillo; Arthur A. E. Berg and Neil Irallev, Amarillo.

John McGinnis and Victor Gibson, Amarillo; Chas. S. King, Follett, and Mattie Bell Andrews, Hereford; Bob Gazzaway, Happy, and Mary McCulley, Adrian, Texas.

J. W. Amburn and Mabel Birdsong, Melrose; Hurchel Sewell and Tempy Lee Wolfe, Lubbock; E. J. Curry and Mrs. Viola Hawkins, Amarillo; Ralph M. Crall, Weatherford, and Lura Shipley, Amherst; Dr. Morgan Bennet and Louise Helton, Canadian, Texas.

DRASTIC TRAFFIC LAW CHANGES

Colorado's new highway traffic law has much to recommend it. No speed limit is set, responsibility for safe driving being left up to the individual. Communities are forbidden to place their speed limits at less than 20 miles in the business districts and 25 in the residential sections.

Arrested for speeding, motorists have five days in which to answer summons. This is an accommodation indeed, as compared with the old method of taking offenders to court regardless of their errand or duty. The Colorado law forbids blocking of the highways by trucks, and provides that they keep 100 feet apart. It also is stipulated that the first car entering an intersection has the right-of-way.

By RODNEY DUTCHER

WASHINGTON, May 27. (NEA)—Those startling expressions of awe that have lately been seen on certain faces around the Capitol turn out to be those of men who know what the Nye and Hastings Senate committee have discovered about the elections in Alabama have been a chief topic of sub rosa gossip here and certain senators who know about their hint in hushed tones of the amazing chapter in the history of the ballot that was written before John Bankhead was declared the winner over the famous Senator Tom Heflin.

At least six sections of the state constitution and 24 sections of the state election code were violated, according to evidence turned over by the Nye committee on the Hastings privilege and elections committee sitting on the Heflin-Bankhead contest. The Nye committee is now confining itself to a study of money campaign contributions insofar as Alabama is concerned.

A confidential preliminary report, which left much to be added said that the following violations had been general and could be proved by competent testimony and physical evidence:

- Legal ballots rejected.
- Election officers under the influence of liquor, and voting them elsewhere.
- Thousands of illegal absent ballots counted.
- Absent ballots changed in office of probate judge of persons dead many years voted.
- Absent ballots opened by others than election officers.
- Minors voting.
- Persons convicted of a felony voting.
- Persons not registered voting.
- Persons who paid no poll tax voting.
- Persons voting more than once.
- Electioneering on election day.
- Buying and selling votes.
- Poll taxes paid for another.
- Liquor in polling places.
- Election officers under the influence of liquor.
- Probate judges certifying to false poll list.
- Failure of registrars to purge registration lists.
- Notary public making false statement in absent ballots.
- Absent ballots delivered to precincts other than where registered.
- False affidavits made by voters.
- Certificates of transfer from one precinct to another used more than one time.
- Duplicate use of poll tax receipts.
- Tax collector certifying false names to probate judge.
- Absent ballots mailed with fee for notary by probate judge.
- Poll taxes paid after legal time expired.
- Funds expended but not reported.

"In some counties," said the same report, "the reg-

istration lists have not been purged since adoption of the constitution in 1901."

All this doesn't indicate that Tom Heflin is going to be returned to his seat. But Tom undoubtedly got the worst of it because he had to run as an independent with the whole Democratic machine against him.

Lately such reports or announcements have been forthcoming as that all the ballots of Bibb and Houston counties were burned—and hence can't be counted by the Hastings committee, that none of the boxes in Mobile county were found sealed and that 420 persons voted there who were not on the qualified list, that ballots were marked in piles and so on.

Republicans are greeting the disclosures with smug satisfaction. When the Democrats point to conditions found in Illinois and Pennsylvania they expect to be able to give them an answering shout about Alabama and Tammany Hall.

Old Shoes Prove Boys Are Guilty

CHICAGO, May 27. (AP)—There were eight reasons, all old, why the police arrested four boys yesterday. When Officers Louis Glom and Edward Felch were called to investigate the robbery of a shoe store they found on the counter eight old shoes. Eight new pairs and what money there was in the cash register, were gone.

Under a porch they found four boys. All denied the robbery. "We'll see," said Officer Glom. "Try on those old shoes." The fit was perfect.

About the New York

By RICHARD MASSOCK

NEW YORK—Mitchell Kennerley, as far as the public is concerned, comes nearest to being the sphynx of Park avenue.

Discoverer of some of the most prominent authors in America, he remains securely in the background, self-immuned from ballyhoo.

Until Christopher Morley mentioned it in his newest book, few even knew that Kennerley had given part of his personal library of valuable first editions to Vassar college on retirement from the Anderson galleries more than a year ago.

That library contains a copy of each book he ever published, an extraordinary collection, Morley says.

of "first" of the Nineties and Early Hundreds. Joseph Herreshimer, Edna St. Vincent Millay, D. H. Lawrence, Vachel Lindsay, Frank Harris—these and other authors Kennerley introduced to America.

Kennerley keeps his silence. His secretary said that after reading Morley's book Kennerley merely smiled and said he had nothing to add to it, even about the gift to the young women of Vassar.

Kennerley was born in England. Of medium height and robust build, smooth-shaven, he is traditionally reserved. He began his career with books as office boy to John Lane, London publisher, and came to America in 1896 to establish an American branch. He is 32 years old.

Morley says Kennerley's carefully guarded sanctum in the former Anderson galleries was one of the most interesting chambers in New York.

It was the first port of call for visiting collectors and connoisseurs. There they would hear un-

expurgated memoirs of the Nineties, stories that Kennerley has never made public.

Office Supplies Kennerley sponsored Frederic William Goudy, the Bloomington, Ill., boy who became an expert type designer and printer, and he has a type font named for him.

For a time he published a leading American magazine. Morley thinks Kennerley's most characteristic editorial touch was when the world war began.

"He ripped open the September, 1914, issue of the magazine, already on its way to press, and inserted, as the leading feature of that number a reprint of the Sermon on the Mount."

At the end of his room in the art galleries he had a row of memorable filing cases. In one he kept, along with other rare vintages, a few priceless bottles of sherry said to have been salvaged from the officers mess of the frigate "Constitution."

The filing cases also contained "every conceivable precaution of

civilized emergency," from pipe wrenches and fly swatters to spare shirts.

Once Morley found himself on the way to an evening dress engagement, but had forgotten to bring black socks from his suburban home. It was after shop hours, so he took a taxi to the Kennerley office, found his friend in and asked "Have you got any black socks?" Kennerley went to the filing case and drew out a pair.

It is with no small amount of interest that local business and professional women will hear the attitudes expressed at the state meeting of Business and Professional Women's clubs this week in Amarillo regarding the modern woman in vocations. Women in business are still criticized by some who claim that men are being forced out of jobs and that standards of living as a whole are being lowered instead of raised, even though it has been the purpose of business women to raise the standards.

Many specialized discussions will be given, but among those general talks which bear on women's place in the business world will be a discussion of "Modern Opportunities for Women in Business and Professional Life," by Dr. Ophelia Wesley of Amarillo; "What Price, a Secretary," Mrs. Bernice Hurley Zahn, Wichita, Kans.; "Shocking Stone," Miss Nell Adams, Shamrock; "Stumbling Blocks," Miss Viola Moore, San Antonio.

We are proud of our business women. There are thousands of them throughout the United States. There are many, too, who are real business women and yet are thought of merely in connection with their professions or home-making. Who would ever have thought of Mary Pickford as a business woman? Yet such is the case. "She has temper," said the Associated Press, "but not one ounce of temperament."

The A. F. stated further: "One of the most learned attorneys in Los Angeles, an expert on the income tax, says she knows more about the income tax than anybody in Southern California. Her real estate holdings are extensive, but no land salesman ever sold to Mary Pickford. Rather, it is Mary who buys from them."

Mary Pickford is an investigator of extraordinary characters. When cast as a salesgirl in "My Best Girl" she got a job in the store, disguising herself, to study the part.

Fear Is Felt For German Balloonist

AUGSBURG, Germany, May 27. (AP)—Some apprehension was beginning to manifest itself this afternoon at the Reidinger Balloon works here over the safety of Professor Piccard and his assistant, Charles Kipfer, who started early today in a giant balloon to explore the stratosphere.

In the hermetically sealed aluminum ball Professor Piccard had oxygen gas for only ten hours and he himself counted on a flight of only five to seven hours.

Professor Piccard's balloon was sighted at 3:10 this afternoon from Oberammergau drifting at a height of 13,000 feet above the Peissen mountain.

At 2:30 o'clock the balloon was seen over Partenkirchen, south of Oberammergau near the Austrian border. At that time she was drifting at an extremely high altitude sometimes obscured by clouds.

Tests for Planes To Be Realistic

LANCLEY FIELD, Virginia, May 27 (AP).—Lecturers and two giant aids to aeronautical research, a full-scale wind tunnel and a airplane channel, stood today as the background for the sixth annual aircraft engineering research conference of the National Advisory committee for aeronautics.

The tunnel has an oval-shaped throat measuring 60 by 30 feet, permitting the testing of full-size airplanes in an air stream at velocities up to 16 miles an hour.

The seaplane channel is 2,000 feet long, a narrow tub of concrete filled with water and covered with a sheet metal house to prevent sunlight and winds from affecting measurements on seaplane floats and flying boat hulls.

It has what is called the smoothest riding trolley car in the world, a special device for towing floats and hulls which runs on wide rails constructed to be as smooth as the still water in the long basin.

Cleveland cut loose a real attack to down St. Louis 12 to 0 and 4 to 2, and got some good pitching to support it. Walter Miller held the Browns to seven hits in the opener while Mel Harder allowed six in the second clash. As the Indians went into fifth place, Detroit stayed just ahead by beating the Chicago White Sox 4 to 2.

PUNCHERS TO MEET IN NEW YORK BATTLE

Billy Petrolle and Jimmy McLarnin Are Tonight's Main Attractions.

NEW YORK, May 27. (AP)—Two of the deadliest punchers in the business, Jimmy McLarnin—of Vancouver and Billy Petrolle of Fargo, N. D., square off in a ten-round return bout at Madison Square Garden tonight.

Petrolle, his vicious left hook working overtime, gave McLarnin a terrific laceration when they met in the Garden last November, smashed him to the canvas twice and all but knocked him out. His right hand broken early in the fight, McLarnin had to call upon all his courage to stay the limit.

George Lott Has Best Opportunity To Win Tourney

AUTEUIL, France, May 27. (AP)—America's threat for the men's singles title of the French hard court tennis championships still was twofold today—George Lott and John Van Ryn—but only Helen Jacobs of Berkeley, Calif., remained to carry on in the women's division.

Lott, favored to reach the final round against Jean Borotra of France, gave a brilliant exhibition of tennis yesterday in trouncing Charles H. Kingsley of England, 6-0, 6-1, 6-4. Lott's opponent today was the young German, I. Von Kraumann.

Van Ryn is in the same half of the draw as Borotra and may not even get as far as the French ace if his play does not improve. He was pressed to eliminate Andre Merlin of France, 4-6, 8-6, 6-1, 6-2, yesterday. His opponent today was Hans Menzel of Czechoslovakia.

The belief that the new ball has furnished new life to major league pitching veterans is supported by a short excursion into the record books.

At least three of the half dozen twirlers who have been in the big show 16 years or more are among the most effective boxmen of the spring.

Reading from left to right they are Herb Penneck, the Yankee southpaw, now in his 19th season; Clarence Mitchell, portside spitball artist of the Giants, starting his 16th campaign; and Burleigh Grimes, the ace of the Cardinal staff, also in his 16th year of combat and enjoying it more than ever.

Jack Quinn of the Robins, Red Faber of the White Sox, and Eppa Rixey of the Reds, each around 19 years in point of big league service, have not been quite so effective but they are still performing useful chores.

Grimes is the hardest of the sextet. He started his 16th season with 312 victories behind him and has already added five to the total, which is the largest of any pitcher now in the majors. Rixey, Faber, and Penneck each has passed the 200 mark and Rixey has exceeded 250. Quinn is close to 200 victories but Mitchell, not so robust, has 115 up to date.

Grimes On Pitching
"It's a funny thing about your pitching stuff," remarked Grimes, quite willing and eager to discuss his theories the day after he set down the Giants so handsomely at the Polo Grounds.

"One day you have it when you're warming up. You go out there and they hammer you all over the place. The next time you warm up sloppy but the minute you start to pitch you've got everything."

Scrappy West Virginia
There has been many a good scrap in West Virginia. The Hatfields, as we recall it, were one of the scrappiest of the mountain clans. Moreover, more than 50 years ago, the American fighter, Paddy Ryan, won the world's bare-knuckle title by knocking out Joe Goss of England at Collier Station, W. Va., in a scrap that went 87 rounds under the old London Prize Ring rules making each knockdown the end of a round.

PROS LOOM STRONGEST IN NEXT EVENT

British Championship Will Be Played Without Champion Bobby Jones.

CARNOUTSIE, Scotland, May 27. (AP)—More than 200 of the world's finest golfers will gather here next Monday for the British open championship and among them 14 Americans.

With Bobby Jones letting the title go by default, the ten professionals in the American contingent loom much more formidable than the amateurs. The pros include Tommy Armour, Gene Sarazen, Johnny Farrell, MacDonald Smith, Horner Smith, Joe Kirkwood, Joe Turnesa, Tony Manero, Willie Hunter, and Arthur Straub.

George Vogt who reached the fifth round of the British amateur ten days ago, stands head and shoulders above the other American amateurs who include Joshua Crasie, John De Paolo, and Tom Maguire.

GIANTS WIN OVER BOSTON WITH GUSTO

St. Louis Barely Ahead by Defeating Pittsburgh in Slugging Match.

By HUGH S. FULLERTON, Jr., Associated Press Sports Writer
Boston has been a tough customer for most of the national league clubs this season, but the Giants have gone right along with the Braves one setback after another.

The count now stands 7 to 3 for New York as the Giants, a bit behind in their race with the St. Louis Cardinals, scored two shut-out victories yesterday to regain their old position of being a half game ahead of the Cards by one method of counting but a few points behind in the percentages.

Manager John McGraw teamed up his pair of southpaws for the afternoon, sending out Carl Hubbell to take a 3 hit game in his first game and Bill Walker to win the second 6 to 0. Hubbell gave the Braves only two hits while Walker allowed eight.

St. Louis held its place at the top of the standing—with some difficulty, winning wide-open slugfest matches from Pittsburgh 11 to 9. The defeat dropped Pittsburgh into sixth place as the Phillies beat Brooklyn 8 to 4.

Chicago's Cubs had little trouble taking two games from Cincinnati, improving their position in fourth place until they are only a half game behind Boston. Bo Smith hurled the first game, winning 7 to 2 on an eight hit job and Ed Busch and Charley Root divided seven hits for a 9-6 triumph.

Irate Wrestling Fan Knocks Out Daviscourt, Who Had Strangle On Gino Garibaldi, Italian Grappler
BALTIMORE, May 27. (AP)—The main bout of a wrestling match here last night ended in a knockout and the blow was delivered by a 200-pound six-foot spectator on the jaw of Dick Daviscourt, a Californian, who had a stranglehold on Gino Garibaldi, an Italian.
Daviscourt recovered from the blow after reaching his dressing room. There was a lump the size of a pigeon egg and a cut under his ear. The assailant, who was arrested and charged with disorderly conduct, gave the name of Thomas Lasso when booked at the police station. He gave a Baltimore address and declared he was a grocer. He refused to discuss the incident. The attack came after the bout had been in progress about 20 minutes. Daviscourt had wrapped his hands around his opponent's neck. Referee "Cyclone" Burns ruled it a stranglehold and tried to break it as Lasso entered the ring.
Burns declared he did not see the blow struck and gave the bout to Garibaldi but after a conference with the members of the boxing commission this was reversed and it was declared a contest but no decision.

MENU for the FAMILY

By SISTER MARY NEA SERVICE WRITER

Do you remember the description of the high-tea in the "Legend of Sleepy Hollow"? Such an array of dishes would bewilder us today. But I'm sure that the "sweet cakes" and short cakes, ginger cakes and honey cakes, and the whole family of cakes, most of us would yield to the shortcake, even as Ichabod Crane did over 100 years ago.

The shortcake has appeared in many forms since the "good old days" of Washington. Irving but none of them can ever surpass the old-fashioned tender biscuit-dough shortcake with its syrupy crushed fruit and rich plain cream.

Delicious and wholesome shortcakes can be made for children if graham crackers or bread and butter are used for the foundation. To make graham cracker shortcakes, the fruit is crushed or shredded and sweetened as usual.

Old-fashioned Strawberry Shortcakes One quart strawberries, 3-4 cup granulated sugar, 1-2 cups flour, 2 teaspoons baking powder, 1 tablespoon sugar, 1-4 teaspoon salt. 5

**SUBTLETY USED
BY REAL SHEIK,
SAYS SHERMAN**

"Women like subtlety, and a man to be a real 'sheik' must meet them on this ground," declares Lowell Sherman.

"The Radio Pictures" featured picture, who also directed his latest picture, "Bachelor Apartment," now showing at the La Nora theater, makes history as a film philanthropist in the sparkling witty and smart story of interwoven love affairs.

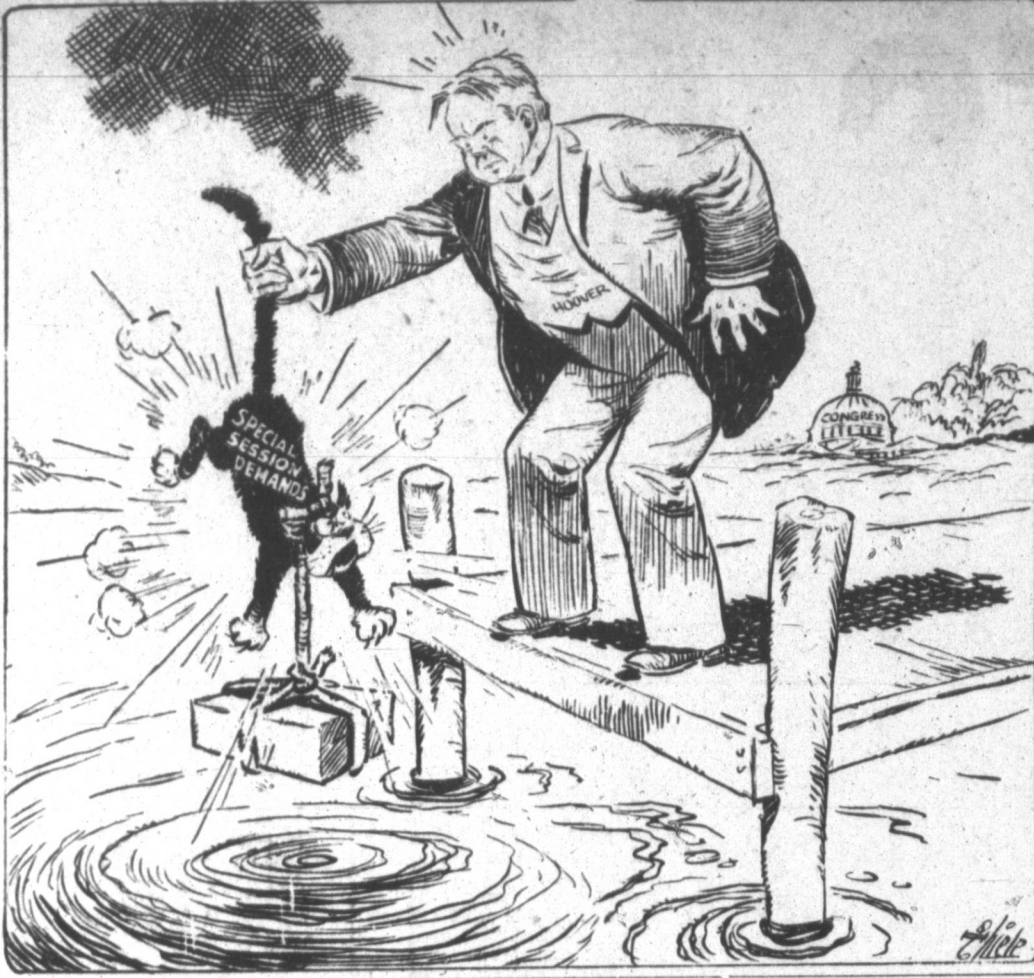

In fact, as Sherman dubs his own role, he's a "punchdrunk pilferer," in the picture: one of the smooth, subtle sort of he-vamps the popular actor has portrayed so many times in both silent and talking pictures and on the stage.

"Many a man thinks too highly of his masculinity around women," Sherman remarks. "There is a time and a place for masculinity unadulterated. On the football field, for instance, or in the gentleman's locker room at the golf club. But when courting a woman, even if you use caveman tactics, subtlety is appreciated by the ladies."

Many a woman "falls for" the highly refined type of man on the screen or at a distance in real life, and in this lies the appeal of the "Latin type" of sheik, according to Sherman. If a real he-man can cultivate subtlety, he is appreciated at all distances—near and far!

"Bachelor Apartment" is the last word in snappy sophistication and intriguing situations, and it never pauses a moment in supplying breathless entertainment. Irene Dunne is featured with Sherman, and Mae Murray, Claudia Dell, Arline Judge, Noel Francis are prominent girls in support, while Norman Kerry and Ivan Lebedeff rank high in the male end of the cast.

BUT WILL HE STAY SUNK?

**Captain Hawks on
Speed Exhibition in
Three Countries**

(LE BORGET, France, May 27. (AP)—Capt. Frank Hawks landed here at 6:10 p. m., winning a bet that he could have breakfast in London, luncheon in Berlin, and dinner in Paris, in the same day.

BERLIN, May 27. (AP)—Bucking a strong headwind at between 6,000 and 7,000 feet, Captain Frank Hawks, American speed flyer, reached Tempelhof airfield at 1:38 p. m. (6:38 a. m. C. S. T.) today, having flown from Croydon Field, England, in three hours and 15 minutes.

He was 25 minutes behind his previous record, but he had averaged 190 miles an hour. The last time he made the flight a tail wind boosted him along.

"If my watch is right," he told the fliers who met him at the field, "it took me three hours and fifteen minutes to get here. There was a pretty bad squall over Holland but we went right through it."

The captain said he would take off for Paris immediately after lunch and fly at 10,000 feet all the way.

Buick Dealer

Tom E. Rose, local Ford dealer, announced in The POST this morning that he had taken over the Pampa Buick agency, and would have a formal showing Friday and Saturday at his building on Balkard street at Kingsmill avenue. He came here in 1922 from Chillicothe and has been active in civic affairs during his residence here.

This could be expected, as a political move to help along with agitation principally by three men for a special session for the legislature in order to pass pernicious proration legislation.

This shows how easily the major companies can play with price of crude oil when they move it up to 87 cents per barrel in "East Texas" in order to create favor for proration and then cut it to 37 cents because everybody won't fall for their bait, on the theory that everybody is so trusting and gullible as not to know that after they put their heads in the proration noose prices would be cut just the same, as they have consistently been cut, ever since the proration menace started; the only difference being that under proration the price is controlled with perfect ease and also the producers' production is absolutely controlled, whereas, without proration the price may be partially controlled subject to the competition of the independent producers and refiners, who at least would maintain their commercial liberty and could produce what oil they needed or could sell at a price that suited them and which they must certainly should have a right to do.

There is no question but that without proration the independent producer will have an even break

COTTON MORE FIRM

NEW ORLEANS, May 27. (AP)—Cotton here had a steady opening in sympathy with better Liverpool cables than due. First traders showed gains of 3 to 5 points which was hardly a full response to the advance abroad. As the stock market opened steady, prices here soon improved again, July trading up to 3.76 October to 3.13 and December to 3.33, or 12 to 13 points above yesterday's close.

Near the end of the first hour the market was steady and near the highs.

**Soviet Submarine
Sinks With Crew**

LONDON, May 27. (AP)—Russian airplanes and warships today circled above the spot where Soviet submarine No. 9 of the Baltic fleet sank Friday in a pool of oil.

Although the Soviet government remained silent on the tragedy, dispatches from Riga, Latvia, said it was understood the craft went down after an explosion, presumably from a mine, about 100 miles from Helsingfors, Finland.

Moscow dispatches said the submarine failed to rise after making a dive during maneuvers with other vessels of the fleet. Auxiliary ships were sent to the scene, it was said, but were unsuccessful in attempts to raise it. Destroyers and planes stood by in hope of being of assistance.

The fact the water's depth at that point is from 60 to 110 fathoms led experts here to say it would be an extremely difficult task to recover the vessel. The number of the crew or the extent of the casualties was unknown.

Russia is believed to maintain a fleet of about eight submarines, 12 destroyers and three battleships in Baltic waters. Their activity in connection with the sinking is credited by observers here as explaining Finnish fears that a Russian fleet was menacing their country.

A report from Helsingfors said a

with better than an even chance for winning in the battle of honest and fair competition, whereas, under proration his competitive rights are forcibly taken from him by the major companies who are the only ones that proration helps and who are actually assisted by the Railroad commission long after they should know what a tragic failure proration has been.

**Creage Reduction
Drive Is Planned**

WASHINGTON, May 27. (AP)—Its position expanded to the world at the London international wheat conference, the farm board will intensify its campaign for domestic acreage reduction this summer and next fall.

The board, which has repeatedly said the cure for low prices lies in growing wheat equal to home consumption needs, has set as its goal a cut of 20 to 25 per cent in winter wheat sown next fall.

Such a reduction, board officials believe, plus a cut of 12 to 14 per cent in spring wheat planted this year which may be further reduced by adverse weather, would be a remarkable stimulus to improved prices.
