

THE PAMPA ROAD IS READY

Federal Building Sites to Be Viewed by Officials Soon

JONES SAYS PARTY WILL ARRIVE SOON

Hearings and Investigation to Last Several Days as All Bidders Will Be Given Chance to Speak.

ASK ALL FACTS

Government Wishes to Know What People Want—Project Has Been Expedited by Congressman.

Immediate action toward carrying out details of choosing a site for Pampa's federal building was promised by Congressman William Jones in a telegram to the Board of City Development today.

Mr. Jones said that the postoffice department had advised him that its representatives would be in Pampa not later than Saturday to investigate the sites submitted in the form of bids. Both treasury and postoffice officials will make the trip.

Their investigation will last three or four days, and full hearings will be given every bidder to place facts before the committee. Probably not less than a dozen sites will be inspected.

Choice of the site and naming of an architect will precede letting of the contract for this city's \$180,000 federal structure. Through the insistence of Mr. Jones, Pampa's project was included in the appropriations of the last congress, and the Panhandle representative has been active in speeding action on the matter.

Todd Judgment Affirmed

Shamrock Man's Suit Is Affirmed On Appeal to Amarillo Court.

Judgment of \$6,900 given F. F. Todd of Shamrock in his suit against the City of Pampa for damages growing out of the death of his daughter Mickey, in a motor car accident here three years ago, was sustained today by the seventh district civil appeals court at Amarillo. The city had appealed the case in connection with a long legal battle. Miss Todd was killed in South Pampa when the car in which she was riding struck a ditch while she, her sister, and their boy companions were returning from a dance.

A rehearing will be sought by the city. In another decision, the finding of the lower court was sustained in the suit of Molita LeFors against Emmett LeFors, which sought to show that partition of the estate, which included the valuable Shaw tract on which LeFors is situated, was illegal while she was a minor. A rehearing will likely be sought. Several other suits of similar nature are pending in her behalf.

In its decision the appeals court held that Miss LeFors could not attack prior judgments concerning the estate.

Sulphur and Cement Tax Are Voted by Senate

AUSTIN, May 20. (AP)—Carrying to a finish amendments placing a five cents per 100 pound tax on cement and a 75 cents per ton levy on sulphur, the senate today pushed the holder peddlers' bill to a vote and passed it 25 to 5.

The senate voted 20 to 9 for a substitute amendment by Senator Hopkins of Gonzales, author of the original cement tax proposal, which lowered the cement levy from 10 cents per hundred to five cents.

As adopted, the amendment specified the tax was to be collected from persons or firms making the initial sale or use of cement in Texas. It would apply to cement manufactured within or without the state.

The holder peddlers' bill provided for the imposition of an occupation tax on peddlers, itinerant merchants, and more than 30 other groups of business enterprises.

Amarillo Places Gas Plant Value At \$750,000 Total

AMARILLO, May 20. (AP)—Placing a value of \$750,000 on the distributing system of the Amarillo Gas company, the city commission today filed a petition in county court to condemn the property and acquire it for municipal ownership and operation.

Mayor Ernest O. Thompson said the value was determined by taking the gas company's statement of its recent value as revealed in a report audit and deducting depreciation which was given in a statement filed with the city commission early this year.

The audit, made 18 months ago, valued the property at \$1,440,700, and the recent statement filed with the commission placed depreciation of the past year at \$630,945, and depreciation for the last few months brought the value down to \$750,000, the mayor said.

Baseball Meet Is Called Tomorrow

Baseball fans of the city will meet at the Board of City Development rooms at 5 o'clock Thursday evening to plan Pampa's season in the newly formed Panhandle league. Jim Galloway, formerly Spindler manager, is here to take charge of local arrangements.

TRAINS ARE DELAYED

"COW" BRANCH IS BEING USED BY SANTA FE

Body of Engineer, Buried When Engine is Derailed, Found Under Front Trucks by Wrecking Crew

LIKELY JUMPED

Cause of Accident Not Yet Determined; Guards Remain on Duty Last Night to Watch U. S. Mail.

QUINLAN, Okla., May 20. (AP)—Wrecking crews of the Santa Fe railroad today recovered the body of James Taliaferro of Amarillo, Tex., engineer of the passenger train derailed two miles west of here last night.

Attendees at the Santa Fe station here said the body was found under the front trucks of the forward baggage-express car, indicating Taliaferro was thrown or jumped from the locomotive of the transcontinental train "Masonary" when it left the rails. The body will be taken to Amarillo during the day.

The locomotive, four baggage cars, two refrigerator-express cars and a mail coach were piled in a deep cut.

Cause of the wreck had not been determined this morning. Progress being made by wrecking crews in clearing tracks indicated it would be mid-afternoon before trains again could be routed over the main line. Passenger trains were being routed via Clinton, Okla., along the Orient lines of the Santa Fe.

Taliaferro lost his life when the locomotive, six baggage and refrigerator cars and the mail coach were derailed and overturned 25 miles west of here last night.

The fact the train was passing through a deep cut may have saved the lives of passengers in six coaches at the end of the train. Striking the earth bank, the locomotive was stopped close by the tracks and the passenger cars were not derailed.

The accident occurred on an S curve. Howard Patton, Santa Fe attorney at Woodward, Okla., said reports of the derailment made to him indicated it was caused either by a split rail or a broken wheel flange on the locomotive.

Passengers, none of whom was injured, were returned to Woodward and rerouted by the Orient line of the Santa Fe out of Hammon Junction.

Railroad watchmen stood guard during the night over the baggage coach to prevent possible theft of the mail.

West bound trains were many hours late reaching Pampa today, the morning passenger arriving just before noon over the C. & O. W. by way of Clinton, Okla. East bound trains were on schedule here but proceeded over the Clinton connection.

Mrs. W. R. Presnell and Mrs. White visited in Borger yesterday.

ROUTE DEEDS ARE AWAITED BY OFFICIALS

Laugh and Sing as Death Nears

Pittsburgh's latest flier-hero, Charles Weblen, is shown above with the three girl passengers whose lives he saved by safely landing a crippled airplane on one wheel and an axle when the right wheel of the ship collapsed just as he took off for Buffalo. Left to right, are: Faith Smith, Betty Wilson, Pilot Weblen and Verne Phillips. The plane is shown below, with mechanics and spectators examining the broken undercarriage. Weblen maneuvered for a hour, while his passengers laughed and sang to keep up their spirits, before he landed after efforts to lower a mechanic from another ship had failed.

Mr. Durston stated that Pampa deserved a neat modern railway station and that such would be built. He pointed out that his road had to begin "with nothing" and to spend tens of thousands of dollars in this community to provide the right-of-way and depot sites. Decision on the route awaits conferences with land owners.

JIMMY CREIGHTON, WANTED FOR CANYON ROBBERY, HAS BEEN HELD IN MISSOURI

Gay County Officers Were on His Trail for Time After Band Raid Jan. 10.

The first warrant for Jimmy Creighton in connection with the robbery of the First National bank of Canyon January 10 was sworn out by Gray county officers, it was recalled today when Creighton was arrested in Joplin, Mo., for a killing which took place Saturday night in Webb City, Mo.

Sheriff Lon Blansett, Deputy Warren Belcher, and District Attorney Raymond Allred were hot on Creighton's trail right after the robbery following a tip Creighton was charged jointly with Jim Thomas, recently sentenced to 25 years

in connection with the robbery of the Hastings, Neb. bank. The Canyon bank was robbed of about \$13,000.

JOPLIN, Mo., May 20. (AP)—Police said today James Edward Creighton, also known as W. H. Geers and Jimmie Jones, had confessed the slaying Saturday night at Webb City of Coyne Hatten, 27.

In the confession attributed to Creighton, he said he was sought by Hastings, Neb. officers in connection with the \$27,000 robbery of a bank there, during which six officers were kidnaped and one wounded.

Creighton said he did not know Hatten, son of a Webb City capitalist, before the killing, which the confession attributed to him said was the result of a flare of anger when the youths collided in an alley in the rear of a Webb City drug store.

An Iowa, Kans. attorney, Colonel Apt, arrived here this morning, summoned by Creighton. Apt said he had been retained to defend Creighton's 23-year-old wife, member of a reputable Seminole, Okla. family. She is under bond, charged as an accessory in the Hastings robbery and kidnaping. Mrs. Creighton, the attorney said, is an expectant mother.

The Iowa attorney expressed belief Creighton had been "hiding out" around Joplin after the Hastings bank robbery.

Hatten was slain Saturday night.

HASTINGS, Neb., May 20. (AP)—Sheriff R. L. Crosson today notified Joplin, Mo., police that James E. Creighton arrested there in connection with a slaying, was wanted by Adams county, Neb. authorities in connection with the \$27,000 robbery of the Hastings National bank last February 25.

He also notified Deputy State Sheriff Fred Benton at Lincoln of Creighton's arrest but no action was taken immediately to return him here in view of the more serious charge at Joplin.

OLSEN SUIT HEARD
The Hulder Olsen estate was the case on trial before the probate court of Judge S. D. Stennis this morning. The contestants, the three sons and three daughters of Hulder Olsen who died in 1929, allege in their petition that the estate has been mis-managed by the present administrator, their step-mother, Mrs. Ethel Olsen. The heirs ask for the removal of the present administrator. The estate includes a restaurant and the Olsen hotel.

It also will pay for spur lines to central Gray county oil industries. It asks Gray county to provide the through right-of-way and depot sites. Decision on the route awaits conferences with land owners.

NO DELAY LIKELY

Value of Immediate Work Stressed; Huge Sum Will Be Spent Here for Labor and Supplies.

Immediate letting of contracts for the Fort Worth and Denver Northern railroad from Childress to Pampa, which would mean release of many thousands of dollars to merchants and laborers of this community, was proposed here today by Horace M. Durston, executive general agent of the line.

Mr. Durston told THE NEWS that his company was ready to start work within 24 hours after the necessary right-of-way deeds are placed in his hands by B. C. D. committees of Pampa, Shamrock, and Childress, Pampa, Shamrock, and Childress, Childress and Wheeler counties, he said, and Gray county is well organized to fulfill her promise to give reasonable assistance.

City Drug Store Will Have Its Second Annual Fountain Opening Tomorrow; Specials to Be Ready

The City Drug store is announcing today its second annual spring fountain opening for tomorrow. A special feature of the opening will be Jumbo sodas, first introduced to Pampa May 18, 1928, by the City Drug store.

The popularity of this soda has continued to increase since its introduction. A delicious two-dipper treat, made from the original formula, it is a method of combining the ingredients always uniform. Ice cream for these sodas is made by Gray County creamery, whipped cream by Taylor Farm dairy.

Careful attention is given the fountain to keep it always clean and up to the minute in methods of service.

A number of special items are offered special for the opening Thursday.

"Business is good in Pampa," says W. F. Cretney, manager, "and we are glad that not one of our clerks have been discharged or salaries cut. We believe in Pampa and its future, and have always stressed courteous service to our customers."

A big Ice Fruit Roll will be given to each boy or girl accompanied by its parents.

The store has recently been redecorated and rearranged for more convenience in shopping.

Employees of the store are, besides Mr. Cretney, V. S. Keahy, druggist; Clyde Cewalk, drug clerk, in charge of all decorating; Clarence Cobb, in charge of the soda fountain, and James Stone, soda dispenser.

All ice cream is furnished by the Gray County creamery and milk by the Taylor Farm dairy.

Seniors at Work On Gay Event to Be Held Tonight

Miss Arless O'Keefe, dean of girls at the Pampa high school, and a committee of senior students were at the city auditorium this morning making dozens of red and white carnations to decorate the stage for annual class night which will begin this evening at 8 o'clock. The carnation is the class flower and red and white are the official colors.

The public is invited to attend the event this evening. Paul Camp will be toastmaster and Dary Meador will be hostess.

The program follows: "Old Virginia Moon," Central high orchestra, directed by "Pop" Frazier.

Piano solo, "March Hangrose," Wanda Barnard.

Master of ceremonies, Paul Camp. Class hostess, Dary Meador, salutatorian.

Class histories: Freshmen, Robert J. Meers; sophomores, Albert Lard; juniors, LaVelle Meyer; seniors, Walter Sartin.

Class will, Virginia Rose.

LOCAL P.-T. A. IS HOSTESS AT SCHOOL AFFAIR

The Woodrow Wilson Parent-Teacher association entertained the teachers and children of the school with a delightful affair in the school auditorium Tuesday evening.

Parents brought overflowing baskets of food and the supper was served buffet style. After eating, the mothers presented a clever original program.

Mrs. Helen Turner and Mrs. J. M. Dodson gave a reading portraying the development of a child and the type of music suited to the various stages, with Miss Madeline Tarpley playing piano accompaniment.

Mrs. R. B. Fisher and Mrs. J. B. Townsend read a humorous sketch including jokes and wise-cracks on the superintendent, principals, trustees, teachers, and students.

Mrs. Tom W. Brabham read an amusing letter which Mrs. Annie Daniels principal of the school, was

supposed to have written to Mrs. W. H. Nichols, new P.-T. A. president.

Supt. R. B. Fisher, accompanied at the piano by Mrs. Fisher, sang two numbers, which concluded the program.

All patrons and friends of the school were invited and the following special guests were included: Superintendent and Mrs. Fisher, principals and their families, superiors and their families, the president of the city P.-T. A. council, and Woodrow Wilson faculty members and their families.

BUYS LOCAL GROCERY
Elmer Oden of Altus, Okla., has purchased the Fager grocery, 438 North Starkweather. Mr. Oden expects his family to arrive in Pampa soon and they intend to make their home here.

Mr. Oden formerly lived in Oklahoma City and has had 15 years experience in the grocery business.

Mrs. Oscar Bell was a recent visitor in Skellytown.

Russian Delegate to Wheat Session Holds Key to Success of Venture

LONDON, May 20. (AP)—The spotlight of the world wheat conference focused today on the Russian delegation headed by Isidore Lubimoff, deputy commissar for foreign trade, who was to speak this afternoon on his country's position regarding restricted wheat exports.

The conferees awaited his view with some anxiety for the proposals already submitted by other delegates include some sort of restricted export or acreage.

Should the Soviet representatives decline to participate in any agreement restricting their activities in world grain markets it seemed virtually certain no agreement could be reached.

If they are willing to enter an international pact of restriction, however, an agreement is not impossible, but it would leave the United States in a doubtful position inasmuch as the American delegation is not empowered to do more than advise the conference as to what has been done in the United States.

SHOCKS FELT IN TRIO OF CITIES

By The Associated Press. The populations of two widely separated cities—Lisbon, Portugal, and Oaxaca, Mexico—were frightened by earth shocks today and last night.

In Portugal's capital city two sharp tremors were felt early today beginning at 3:20 a. m. Although

they created panic among the inhabitants, who deserted their beds to flee into streets and cellars, there were no casualties. Damage was confined to broken water main, cracked building walls and a few dislocated chimneys.

Most of the populace of Oaxaca spent last night out of doors remembering last January's destructive quake, after strong shocks were felt in the early evening.

Presentation of class key, LaVelle Meyer, valedictorian.

Society officers are: President, Yvonne Thomas; vice president, Dary Meador; secretary, LaVelle Meyer; treasurer, Albert Lard. Members: seniors—Walter Sartin, James McKee, Louise Smith, Ruth Wakeman, Wilma Washmon, Mary McKamy, Pearl Wilson, Alice Ingram, Helen McKinney, Blanche Anderson; juniors—Eloise Lane, Frances Finley, Florita Freeman, Jean Hyde, Glen Hassell, H. BUFFS BEAT SPUDDER NINE IN 4-3 SCORE

George Payne Is Star In Only Game Of Texas League Yesterday.

By The Associated Press
In the only game Tuesday in the Texas league, the Houston Buffs defeated Wichita Falls, 4 to 3. George Payne as the pitching star and Carey Selph as the batting hero featured Houston's win. Payne was nipped for nine hits, but only in the second and ninth innings did he allow scores. Houston scored in the tenth to break a 3 to 3 deadlock and win the game. Selph, second baseman, collected four hits to drive in three of Houston's runs, including the winning score.

Selph, although his hitting featured, fielded brilliantly. He started a double play in the ninth after the Spudders had scored a pair of runs to tie the count and had the bases full with none out. And just to top off a big afternoon of baseball, the Houston second baseman stole a pair of bases.

Other games in the Texas league Tuesday were rained out or postponed because of soggy playing fields. Wednesday's schedule:

Galveston at Dallas, night game.
San Antonio at Shreveport, night game.
Beaumont at Fort Worth.
Houston at Wichita Falls.

Chicago Team "Roast" of City

CHICAGO, May 20. (AP)—Chicago's Cubs, only a few weeks ago the toast of the city, today were the "roast" of the town.

They have failed miserably on their current road trip and the fans, who started to forget all about Manager Joe McCarthy when they dashed away from the 1931 National league barrier like a Twenty Grand, are back boozing and predicting all kinds of turmoil in the front office where owner William Wrigley Jr. dreams of the world's championship baseball team. He says he and the fans of Chicago must have.

There was considerable doubt as to any "turmoil" in the Wrigley office today but there isn't much doubt but what Manager Rogers Hornsby would be called on to give his version of "what's wrong with the Cubs" when he confers with his chiefs Saturday. There isn't much doubt either but what he will be requested to shake the club from top to bottom, if necessary, to put it back in the pennant race.

Wild Gasser Is Still Unchecked

CORPUS CHRISTI, May 20. (AP)—The Houston Oil company's No. 2 Lawrence wild gasser remained unchecked early today, spouting a column of oil, gas, water and mud high into the air. It blew in yesterday as workmen were attempting to deepen it from 1,650 to 3,000 feet.

Efforts to control it were hampered by a terrific rainstorm last night but gas masks and special equipment had been sent for. No one was injured seriously although several workmen were temporarily overcome by gas while dragging wrecked machinery away from the well. The drill stem was blown out of the hole, smashing a large steel derrick.

Army Pilots to Take Air Soon

FAIRFIELD AIR DEPOT, Dayton, O., May 20. (AP)—Five hundred army pilots posed their planes a second time today for a flight over Chicago to combat a mythical foe which has turned out to be no myth at all.

Weather, the one enemy which vanquishes all armies, stopped the projected "defense" of the windy city yesterday and had the army warbirds at its mercy again today. The fog and low ceiling over Chicago area which caused postponement of the flight was reported clearing and weathermen believed the only possible difficulty would come from the condition of the five landing fields to be used. The fields were too sloppy yesterday to withstand landings on a large scale.

WILL BUILD CASINO
RENO, Nev., May 20. (AP)—The Nevada State Journal says a group of Los Angeles and Hollywood capitalists has obtained an option on the old "Sandy" Bowers mansion, once a show place of the west, to make it the "Aguia Caliente of Nevada."

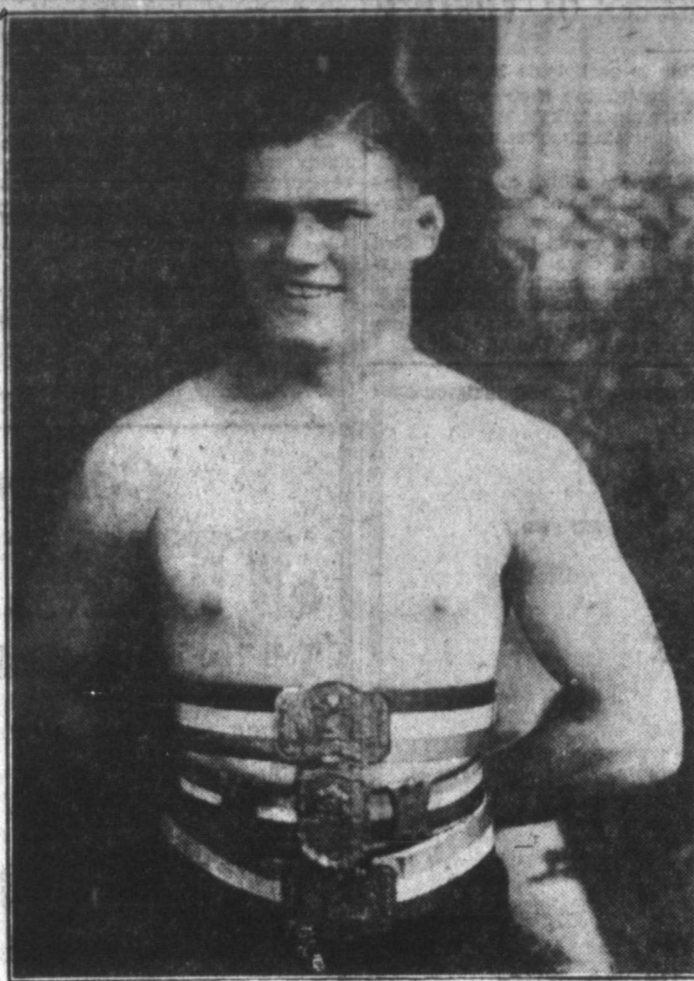

The property on which the suddenly wealthy Lemuel S. Bowers expended approximately \$400,000 back in 1881, has been operated by Henry Ritter as a bathing and pleasure resort since 1903.

Cuban Revolution Believed Near

HAVANA, May 20. (AP)—The membership of the Nationalist union, 500,000 strong, was charged today with complicity in a conspiracy to overthrow the government of Pres. Gerardo Machado by armed force. This is independence day and the sixth anniversary of Senor Machado's election.

The judicial and secret police filed a deposition with the court of instruction, fourth section, alleging that members of the union, students and employes of six opposition publications were plotting a revolution. No arrests were made.

President Machado transmitted a message to congress in which he said "anarchy persists" and threatened to again suspend constitutional guarantees in the provinces if necessary to avoid "a very disagreeable situation." The restoration of guarantees, he said, had resulted in action "prejudicial to the maintenance of order."

Lindbergh Plans Pontooned Plane

LOS ANGELES, May 20. (AP)—Col. Charles A. Lindbergh, who has been keeping in the background since a year ago Easter Sunday when he spanned the continent in 14 hours and 55 minutes, is toying with another idea for his last monoplane.

An order has been received by the builders of his Lockheed-Sirius plane here to construct a set of pontoons to be interchangeable with the present landing gear.

What use the flier will make of this new equipment was not revealed here. Gasoline tanks will be fitted in the pontoons, enabling Colonel Lindbergh to carry a larger load of fuel.

The present gasoline capacity of the ship is about 450 gallons. Four years ago, in a land plane, Colonel Lindbergh made his epic flight from New York to Paris and since then he has made several over-water flights but all were with land ships.

JOHN FACTOR SURRENDERS
CHICAGO, May 20. (AP)—John Factor, alias "Jake the Barber," sought for an alleged \$5,000,000 swindle in England, surrendered to government authorities today and was held for arraignment before a United States commissioner.

FORECASTS OF HOT RACE IN NATIONAL ARE RIGHT AS EARLY CONTESTS SHOW

St. Louis and New York Are Half Game Apart; A's in Stronger Role.

By HUGH S. FULLERTON JR.
Associated Press Sports Writer.
Major league baseball teams are busy these days proving that forecasts of a close race in the National league and the Athletics again in the American were correct.

The St. Louis and New York National league clubs are battling for the lead only a half game apart. The Philadelphia Athletics, while they have not been able to outdistance their leading rivals, are on top and have done their best to make it a runaway win by winning eleven straight.

The A's downed the Detroit Tigers 5-0 yesterday behind the unbeatable pitching of Big George Earnshaw. The Philadelphia right hander gave just two hits while his teammates made good use of nine blows off Wally Hoyt.

The victory resulted in no gain for the A's however, for their leading rivals, the New York Yankees, staged a comeback to hand Cleveland its eleventh straight defeat, 8 to 6.

Washington lost some ground as rain stopped the game at Chicago. Wet grounds halted Boston and St. Louis.

Timely slugging enabled the National league leaders, the Cardinals, and their strongest rivals, the Giants, to continue their race. The Cards beat Brooklyn 6 to 2 as the Robins failed to give Babe Phelps good support. The Giants took things fairly easy against Cincinnati and won easily 9 to 3.

The Boston Braves continued their pursuit of the leaders by pushing Chicago deeper into fourth. Aided by three Cub errors, the Braves scored eight runs in the first inning and won out 9 to 5. "Ace" Elliott of the Phillies was in the hole again but this time it was not of his own making. He relieved Jim Elliott in the ninth inning with more cut and the bases full and retired the Pirates in time to save a 3 to 2 victory.

Three Prisoners Saw Way Out

BURNETT, May 20. (AP)—Sawing their way out, three young prisoners in the Burnet county jail escaped between midnight and dawn and were being sought by central Texas officers. Those who escaped were Casey King, 30, J. H. Mason, 25, and John Moore, 25.

King was serving out a fine for carrying a pistol. The other two were in jail for burglary and felony theft.

DANCE HALL DYNAMITED
MALAKOFF, May 20. (AP)—State Rangers were reported en route here today to investigate the dynamiting of a dance hall in a Mexican settlement a mile northeast of Malakoff, as an outgrowth of a labor dispute. A placard found on wreckage of the dance hall early today read, "Leave Pronto!"

W. P. Latham who has been at the Pampa hospital for the last week went home today.

Mrs. J. L. Nichols, who has been quite ill, is better today.

PITCHERS SAY NEW BALL IS STILL LIVELY

Records Reveal Many Games of Ten Runs or More This Season.

CHICAGO, May 20. (AP)—American league pitchers, except for a few slow curve ball tossers, today admitted that the "deadened" baseball was a pretty healthy sphere. A comparison of records from the current American league campaign with those up to May 20, 1930, reveals that in five cases out of six the present ball has a livelier habit than the discarded ball of a year ago.

A year ago today, there were 15 games in which one team scored 10 runs or more a game. So far this season, there have been 21 or six more.

Last year at this time, there were 25 "big" innings in which a team scored five or more runs. To date in 1931, there have been four more.

Individual batting feats have been more plentiful this season than a year ago also. Up to May 20, 1930, 15 batters succeeded in getting four hits in one game while one hampered out five; so far this season, 16 batters whacked out four hits in one game while four more belted out five over nine innings each.

Again, up to May 20, 1930, pitchers turned in 21 games in which the opposition batsmen collected five or fewer hits in nine innings. To date, this season, there have been only 18.

The exception is in shutouts. Over the same period in 1930, only seven shutouts were turned in as compared with 10 this season.

RESOURCES DO NOT GUARANTEE EXPANSION

Putting a town on the map may be easy for the map makers, admits the Higgins NEWS, "but not quite so easy for the people who have to make the town."

Quite true, Texans are accustomed to see their communities grow by reason of the exploitation of natural resources, sale of fertile lands, coming of railroads, and the like.

But this is an age of maladjustment. There is an under-consumption which gives the effect of over-production. The result is that raw materials do not give a community certainty of rapid growth.

It is similar with other natural resources. The net result is the need for organized efforts toward city building. Cities must build payrolls from small beginnings just as firms do.

Appropriately says the Borger HERALD: "Talk can kill a town. The sort of talk he referred to is the talk of the knocker."

"Instead of predicting a dismal future for your town just because business is not as good right now as it once was, why not compare it with other communities? There are few others in the white spot of the nation's business."

"Yes, I know: it's your leg and it's your funeral, and we're going to take you to it. I'm thoroughly disgusted with you."

"Regulated, you mean, Miss Beryl." "Thanks, Mike, that's right—requested. Hang on everybody. Over she goes!"

"With a clatter and a bang Beryl turned the old car about much as she would the old boat she had traded for it."

"The night air is bad for our Watersprite," she remarked as the car wheeled and spluttered when she gave it gas for first speed.

"What do you call it that for?" one of the youngsters wanted to know. "Because it's not a boat, honey."

"Because it's not a boat, honey," Beryl answered sweetly. "Now do you understand?"

"Well, kids," she said, "I guess we'd better take him back and let him keep his rendezvous."

union from all of Beryl's snarls; "not while we're here."

"No swearing in a lady's presence," he was warned.

Beryl turned and looked at him. "Well," she said, "do you promise?"

"Then I can't take you back," Beryl told him. "And I hate to keep these kids up."

"Do you really want to go back to managing the theater?" Beryl countered. "You know Mr. Hoff?"

"I guess my aunt will leave me some money some day."

"I could always manage a theater if I'm so good at it."

"Yes, but you'd always be working for someone else. Irene would never help you save enough to buy a theater of your own."

"I guess my aunt will leave me some money some day."

and events and adventures that had drawn them together in their childhood.

Tears smarted in her eyes before she reached the living room, but she took care to pause and wipe them away.

How many times Beryl wished she had known that father—the father who had died in her infancy—the father who was a scamp, always gay and ready for laughter.

He was weak, Tommy was, she'd argue scornfully when she couldn't get him out of her thoughts.

"Gently, gently," cautioned Beryl. "Wouldn't damage the bridegroom and send him in from the back door?"

"That's all, my lad. Your reward will be forthcoming on the morrow. Picnic rations for all hands round the end of the island if old Wind in the Face can make it. Bathing suits and iodine. And sound the tocsin at daybreak. Away with you now. Early to bed, or we won't get back tomorrow night."

They scampered off, calling back good-night. Beryl watched them go with a look of pride.

She did not drive on at once to the smashback garage the boys had built for her in the back yard.

The shades of the house were down. They usually were down at good-night.

Maybe the elopement was off! Beryl's heart skipped a beat as her mind actually framed in words the hope she'd been desperately holding to.

Leaving the old car at the curb she hurried up to the house and softly opened the door.

ah, ah—no swearing, ed Dad? But don't they just make you so mad?"

For a while they did not notice her. Irene was storming as Beryl expected. Tommy stood before her, helpless.

Elliot's Victims Are to Wrestle Tomorrow Night

Two wrestlers defeated by the same man will "wrestle it out" tomorrow night at the New Majestic. Sailor Otis Clingman, local idol, and Jack Purdin of Shreveport, La., will battle in the main event of Promoter Frank Hunt's big card.

King Elliot of Liverpool, Eng., defeated both participants of tomorrow night's battle before passing on to the west coast. Before Purdin's battle with the bronzed Englishman, he wrote Promoter Hunt saying that no tea-drinking foreigner could take him down.

Purdin is one of the elite of Shreveport. He owns two large plantations and only wrestles when he believes someone needs a fall. He is always in condition and is one of the best built men in his class.

Red Michaels is due to step with a tough boy tomorrow night when he takes on Young Carter, of nowhere in particular. Glippings say that Carter is no slouch at the wrestling game.

Barber Kelly, local razor wielder and wrestler, will meet Tommy Thomas of LeFors in the opening affray.

Man Tells How Woman and Two Children Killed

MATTOON, Ill., May 20. (AP)—Mrs. Carrie Bowers was shot to death and her two daughters, aged two and five, were strangled and then beaten to death today by a man believed to be J. M. Johnson, formerly of Arkansas, who walked into the Mattoon police station and confessed.

He came here six months ago with Mrs. Bowers and the two children in an automobile bearing an Arkansas license.

He told neighbors he was a former employe of Mrs. Bowers' husband, who had died. He worked for a time as a gasoline station attendant.

Johnson confessed setting fire to the house in which he lived with Mrs. Bowers. The police declared he intended to burn his three victims but when they escaped the flames he took them in his automobile five miles east of town and there shot the woman to death and killed the girls.

Trial Of Missouri Treasurer Begins

JEFFERSON CITY, Mo., May 20. (AP)—Formal pleadings, opening statements, and other legal maneuvers disposed of, the trial of State Treasurer Larry Brunk before the Missouri senate on impeachment charges alleging high crimes, misdemeanors, and misconduct in office, entered the testimony taking stage today.

Managers for the house of representatives, where the charges originated, faced the task of introducing the first witness and opening the testimony. More than 30 men and women have been subpoenaed by the house managers to tell from the witness stand the facts on which the house is basing the prosecution.

The principal charges against the accused treasurer grew out of his connections and dealings with officers of the closed State bank of Aurora which financed his campaign for state treasurer.

Mrs. Mary Binford, who has been ill, is better today.
