ASKS BRIEF RECESS

Pampa Man Finds Mexico Trip Pleasant and Interesting Affair

EXTRA TERM WOULD NOT BE NEEDED

Necessity for Re-organization of Legislature Would Be Avoided if Unprecedented Action Is Taken.

DEFICIT CERTAIN

If Plan Is Not Accepted Now, Special Session Will Be Called to Provide Funds for Institutions.

AUSTIN, May 21. (AP)—Gov. Ross S. Sterling today recommended that the legislature recess its regular session tomorrow until "some day certain" within the next few weeks.

The governor pointed out that hundreds of bills would die on the calendars tomorrow. He stated they would keep their places if the session were recessed instead of a special session being called. The necessity of reorganizing also would be obviated, he explained.

The chief executive stated he understood such a procedure, although unprecedented, was permissible.

The governor said that using the medium between the amounts of the senate and house appropriations bills, the "most liberal calculation" left no reasonable hope for a remaining indicated deficit of less than \$5,000,000 by the end of the next biennium. "The appropriation must be decreased, or the revenues increased, or both," he said.

In the event the legislature does not recess, a special session "appears quite probable, to deal further with the problem of revenues and expenditures and perhaps other important matters," Governor Sterling stated.

The \$212,000,000 state highway bond issue could be considered again in a recessed session. It could not be taken up in a special session.

The governor's message was read to both houses. Mr. Sterling said that "to dissipate such an enormous discrepancy between income and expenditures by the pruning method would require the veto of so many individual items as would likely disrupt the operation of the institutions and departments."

"And in event it should be necessary," the governor continued, "in order to bring the appropriations within the revenues, to veto so many items that the divisions of government would be crippled, the executive would feel compelled rather to veto the entire bills, which would necessitate an extraordinary session of the legislature to reconsider the appropriations."

"The only alternative to such a course would be to raise the ad valorem tax rate to its constitutional maximum; and I believe the homes, farms, ranches, and other property of the people of Texas already are overtaxed and are paying more than their proportionate share of the cost of government, especially considering present economic conditions."

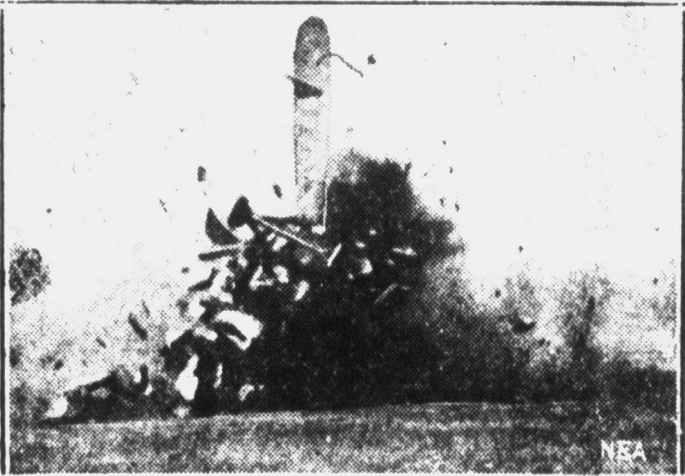

"I know you ladies and gentlemen are weary of legislating and are impatient to return to your homes, and your long neglected private affairs. You have toiled longer and more faithfully, with less detraction from duty, than any previous lawmaking assembly of the state's history. You have well justified the high public trust reposed in you; you have served diligently the interests of the people who sent you here, and you have earned the reward of their approbation and confidence."

"At the same time, despite your earnest endeavors, the entire program of legislation which you have undertaken is short of completion by several hundred measures; and it would be lamentable should so much constructive work which has been brought to the point of final action by your four months of deliberations be swept into the discard by an untimely adjournment. Such a course seems contrary to the principles of efficiency and accomplishment, it is like building a house all save the roof, and then abandoning the job."

FORMER BORGER POSTMASTER IS FOUND GUILTY ON TRIAL FOR EMBEZZLING BIG SUMS

Harold Rothschild Will Receive Sentence Today; Leniency Urged by Jury.

AMARILLO, May 21. (AP)—Harold Rothschild, former postmaster at Borger, was found guilty of embezzling postal funds in the sum of \$566 by a jury in federal district court here today.

The jury's verdict, which was reached last night, was sealed and returned into open court this morning.

Leniency was recommended in the jury's verdict.

Judge James E. Wilson indicated that sentence would be pronounced this afternoon.

Rothschild some months ago was the central figure in an alleged robbery of the Borger post office, when he reported that he had been forced to accompany two men from his home to the post office and to open the safe, after which he was returned by the men to his home, where his wife and a relative had been held captive by confederates of the alleged robbers.

Air Maneuver Is Finished Without Single Accident

CHICAGO, May 21. (AP)—A proud armada of the nation's fighting aircraft streaked through the skies of America's inland metropolis today. It was the army's greatest demonstration of its air strength. Over Chicago's lake front 656 planes paraded in formation, entertaining thousands.

Major Davenport Johnson of Galveston led the great procession with the third attack group of 70 planes from Fort Crockett.

Following the attack group was the second bombardment group from Langley Field, Virginia, flying lower than the leaders, about 800 feet from the earth and a quarter mile out over the lake. The droning bombers flew in columns of three, 50 to 60 in each group. Speedboats darted over the lake, and amphibious zoomed low over the water to be ready for instant rescue in event of any mishap.

Brig. Gen. Benjamin D. Foulois, commanding the division, surveyed the demonstration from the roof of the Hotel Stevens with his staff.

Once past the downtown area, the bulk of the army soared on to its concentration points at Dayton and Cleveland without pausing. Three squadrons, however, dropped out of line and returned to the scene of maneuvers over the navy pier. These were the 11th bombardment squadron, nine planes from Rockwell Field, San Diego, under command of Lieut. C. H. Howard; the 95th pursuit squadron from Rockwell Field, 18 ships under Capt. F. O. D. Hunter; and the 13th attack squadron from Fort Crockett, commanded by Lieut. Ralph Stearly.

Two attackers thrilled the crowd by dropping alongside the mile long navy pier, skimming only 25 feet above the water and dropping a smoke screen from the pier far south to the shore where the buildings for the 1933 world's fair are rising. Then a pair of bombers hung a smoke curtain over the lake and dipped over Fort Dearborn, the reconstructed log fortress on the lake shore.

J. N. DUNCAN WRITES ABOUT BIG BREWERY

Prohibition Status Is Weak After "Hospitality" of Monterey Is Enjoyed by Panhandle Group.

THRIVING PLACE

Beautiful Scenery and Kindly Reception Are Adding to Success of \$20,000 Venture This Week.

BY J. N. DUNCAN (Special to The News)

ON BOARD MEXICO SPECIAL, written between Monterey and Mexico City, May 18.—We are sure having a fine time. There are about 144 trippers on the train, and about one-third are ladies. The scenery and entertainment are fine. We have been wonderfully entertained at all stops, especially at Monterey, which is a fine city of over 100,000 population. At Monterey our stop was six hours and we were shown all the important scenery in the city, including the biggest brewery in the world.

And right here I will say that after going through this big brewery I don't believe our crowd would have graded more than three per cent on prohibition. When we crossed the Rio Grande and went to Nuevo Laredo we had a stop until midnight (five hours), and all of us married fellows were given a card which reads as follows:

PERMIT
"This is to certify that I, the legal wedded wife of Mr. _____, permit my husband to go where he pleases and to play cards and get drunk as often as he wants to, and I also permit him to keep and enjoy the company of any lady or ladies he sees fit, for I know he is a good judge. But, I want him to bow on the Grand Alley and patronize the Bohemia club. I want him to, for he will be a long time dead."

Now, if we can hold our percentage of prohibition until we pass out at Juarez we will be all O. K.

INJURED WOMAN SOUGHT TODAY

Mrs. Charles "Big Chuck" Wilson, shot through the leg yesterday afternoon in a LeFors rooming house, has disappeared. She left the Worley hospital late last night before the bullet had been removed and this morning officers could not locate her.

No charges have been filed against Marvin Winchester, held in jail here in connection with the shooting. Sheriff Lon L. Blansett said he was waiting to see how badly Mrs. Wilson was injured before filing charges.

Yesterday's affray marked the fourth time Mrs. Wilson has been shot. Twice during the past six months her husband was arrested in connection with shootings; but he was released when she failed to prefer charges. Hinchey told officers that the shooting occurred after Mrs. Wilson had hit him over the head with a slipper. His head was cut and bleeding when he was brought from LeFors by Sheriff Lon L. Blansett and Chief Deputy Warren Belcher. Hinchey was arrested after the shooting by Marshal Charles Buss.

PANHANDLE WHEAT CROP WILL REACH FORTY MILLION BUSHEL

AMARILLO, May 21. (AP)—Although the Panhandle wheat crop for 1931 was estimated at 40 million bushels, one of the biggest yields on record, those attending the annual meeting of the Southwest Shippers Advisory board here today were told that railway cars and storage facilities were available to handle the crop.

Movement of the crop from the south plains will begin about June 15, it was estimated, and from the north plains about 10 days later. Speakers representing the railroads said plenty of cars were available to handle the crop.

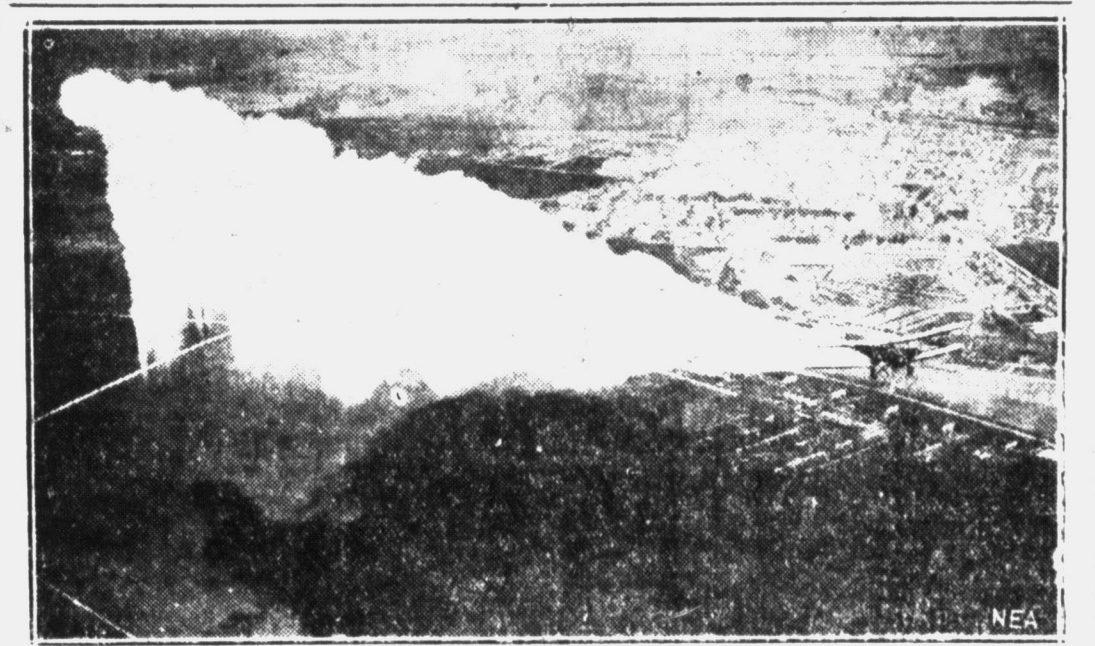

The biggest factor in the way of handling the new crop is the 40 million bushels already in storage in Texas, speakers said. This condition also will make for lower prices, they said. Estimates of prices ranged from 30 to 40 cents a bushel. Little new machinery has been bought this year. The movement from the fields will be slower than in past years, speakers said. On the other hand, the use of old machinery has cut the cost of production to a new low level, according to Walter Barlow, prominent grain man of Amarillo. Due to little farm storage, much of the crop will be marketed direct from the combines. The yield will run from 12 to 20 bushels an acre in 35 counties of the Panhandle, it was estimated. The shippers will meet this afternoon and tomorrow when delegates to the annual convention of the Panhandle Grain Dealers association, they said. Estimates of prices ranged from 30 to 40 cents a bushel.

Slaying of Los Angeles Crime Crusader Starts Huge Manhunt

LOS ANGELES, May 21. (AP)—Assassination of Herbert Spencer, magazine editor and crusader against organized gambling, and his friend, Charles Crawford, wealthy politician, started police today on one of the greatest manhunts ever undertaken in Los Angeles.

On the eve of a projected exposé of gambling by Spencer's magazine, the editor was shot through the heart and the politician was mortally wounded late yesterday in the latter's office by an unidentified man whom Crawford had received. Officers said the circumstances indicated gangster revenge.

Early today detectives, spurred by a statement from Spencer's widow that "the overlord of gambling here had threatened to get Herby," searched haunts of gamblers and gangsters for a "swarthy man about 35 years old of heavy build."

An hour before the tragedy, Spencer, formerly city editor of the Los Angeles Evening Express, left his office, telling an associate he was going out to get some more "underworld stuff" for the magazine, which had published a number of articles on alleged gang and vice activities here.

Three Speakers Heard by Lions

Dr. C. H. Schulkey, local dentist; Horace M. Durston, executive general agent of the Fort Worth and Denver Northern railroad, and Jim Galloway of Wichita Falls addressed local Lions at their weekly luncheon today at the First Baptist church.

Dr. Schulkey made an illustrated classification talk on modern dentistry.

Mr. Durston discussed the Fort Worth and Denver Northern railroad from Childress to Pampa, stating that the contract for construction would be awarded one concern and then sub-let, making possible work all along the line.

Mr. Galloway told of the proposed baseball league and asked that all favoring Pampa's joining the league meet at the Chamber of Commerce office this evening to make further plans.

The club adopted the constitution and by-laws, modeled after that suggested by the Lions International but revised to meet local needs by Arthur Tread and his committee. Joe Kahl and Henry Wilder played saxophone solos.

Dr. H. L. Wilder was program chairman. Visitors included Tom Barnes, Jimmie Pearson, David M. Warren, E. Slocum of Neosho, Mo., R. A. Selby, and Louis T. Curry.

TWISTER HITS WEST OF CITY EARLY TODAY

Mr. and Mrs. J. T. Francis Suffer Severe Bruises When House Is Demolished; Children Hurt.

DAMAGE IS HEAVY

Gasoline Plant Stills Levelled and Many Rigs Shattered; General Rains Reported Over Territory.

Tossed from their crushed house on the Continental lease north of Skellytown by a freakish tornado about 3 o'clock this morning, Mr. and Mrs. J. T. Francis were knocked unconscious but were awakened by a deluge of hail and rain. They crawled to an old boiler 200 feet away and stayed until early today, when they summoned a Malone ambulance and were taken to a Borger hospital. Francis suffered severe bruises and lacerations about the hands, and his wife sustained a gash on the nose and possible rib fractures. They were blown westward across a barbed wire fence. Their daughter, Fay, 14 years old, and Francis' nephew, Carl Alexander, 17 years old, were only slightly hurt. They were awakened by the roar of the wind and by the pelting rain as the walls of the small wood house were lifted.

Suffered From Cold
All four huddled in a boiler firebox, suffering greatly from the cold, until dawn, when they walked to the residence of John Heffner, who gave them dry garments. Mrs. Francis told a representative of THE NEWS that she heard a great roar and was reaching for her dress when the house collapsed. Her husband, kicked up his trousers, but lost consciousness at this point and did not regain his senses until after the storm had passed.

Mr. Heffner took the injured persons to the home of Bart Johnson, Continental farm boss, at Skellytown, and the latter summoned the Pampa ambulance.

Tom Jones, farm boss for Romy Adams on leases a half mile north of Roxana, was taken to the office of Dr. F. I. Reid at White Deer after the hurricane at Skellytown early this morning. He was severely cut and bruised about the head and body. He said the house in which he was living overturned and crumbled.

He walked to a nearby house after the storm and later was taken to White Deer. Dr. Reid says his injuries are not serious.

The Seaboard gasoline plant near Roxana was badly damaged by the tornado. Extent of the damage could not be learned. Some of the buildings and stills were reported to have been torn down. No one was injured.

No other casualties of the twister were reported, but spectators today counted at least 22 demolished derricks. They also said small houses in the Roxana area were damaged and that communication lines were down. Wreckage was strewn across the ravines.

Twenty wooden and two steel oil well rigs were blown down in the wind-torn area which struck areas northwest and northeast of Skellytown. Damage was estimated at \$40,000. Three homes were badly damaged. Skellytown itself, a community of perhaps 200 persons, was not damaged by the storm.

Rain Is General
A severe rain and electrical storm, with a little hail, was Pampa's weather experience last night. The rainfall was not quite an inch. The precipitation was general over the area ranging from 50 to 150 miles from Pampa. Highways were so muddy on the north and east that bus schedules were temporarily abandoned, but other travel was possible over slippery roads. The deluge to the Carson county paving was giving trouble but was being beaten dry by the traffic.

The unreasonable cold continued today, with a dense fog adding to the freakish spring weather. Many residents today told of hearing a roaring sound in the northwest early this morning when they closed windows after popping window shades and crashing thunder told them of the storm.

AMARILLO, May 21. (AP)—Heavy showers averaging from one-half to two inches were reported over much of the North Plains area this morning, although the precipitation was spotted. The Santa Fe reported rain over its North Plains lines, from Amarillo to Waynoka, Okla., and from the Amarillo to Boise City. The Fort Worth and Denver reported rain from Tuxedo, in the northwest corner of the Panhandle, to Hartley.

NEW YORK, May 21. (AP)—One American woman is following the golfing trail to Great Britain blazed by many American men. Maureen Orcutt of Englewood, N. J., winner of the Metropolitan women's championship for the past four years, sailed last night in quest of the British women's championship, a title which no American-born player has yet captured. The tournament will be played over the Fortmarnock course in Ireland beginning June 8.

WANAMAKER ON ADVERTISING

"I believe in advertising all the time; I never stop advertising. Every cent I have spent in advertising has created tangible assets that, at any time, could be converted into cash."

And the belief expressed by Mr. Wanamaker were backed by his works—in bad times as well as in good times. He opened his first Philadelphia store in the days just before the Civil War, and he used newspaper advertising right from the start.

"If I ever have a Columbus monument in advertising, it will be for the discovery that the advertising of instant benefit to merchant and customer is in the daily newspaper of known circulation."

"When times are hard and people are not buying, that is the very time advertising should be heaviest. You want to get people in to see what you have. You must advertise to do that. If there's one thing the quitter should let alone it's advertising."

By 1888 he had begun the advertising policy of full page space, a step that was followed all over the nation. When he opened his New York store in 1896, he immediately used the newspapers and rapidly attained the same position for his metropolitan store that he had won in Philadelphia.

With the leadership of this newspaper in this community, it is the only effective way for merchants to reach the people and obtain wide spread results. This newspaper is not selling space alone; it wishes the advertising to be prepared in the best manner possible so that it will have real reader interest.

By RODNEY DUTCHER

WASHINGTON, May 20. (NEA).—"Prohibition is not an issue," says Senator J. Boomboom McWhorter, "but this is a very hard life just the same."

"It is all very well for us to say to people that prohibition has no place in a political campaign and will please divert their attention to economic problems which they do not know anything about."

"But then they read the newspapers and go off and scratch their heads. When people scratch their heads it is always bad for the politicians. The science of politics is based on the theory that no large group of people will ever scratch their heads. Ordinarily they don't."

"If you will look at the liquor news in your newspaper you will find that most of it is the sort that makes you scratch your head and if you scratch your head too much you are likely to get all mixed up and arrive at the totally erroneous conclusion that prohibition is really an issue after all."

"Here are some other news items which keep people remembering about prohibition and which may tempt them to think there isn't any sense in the world:

"There are companies putting big kegs of grape juice in everybody's cellar and leaving it so it will ferment. They are very careful not to say it will make wine. All it makes is burgundy, sauterne, port, madeira or whatever other type of engine oil you may be wanting."

"Down on New York avenue a policeman is standing at the door of a speakeasy and he has been stationed there for weeks. The speakeasy keeps on doing business and the cop keeps standing there. That is what you call peaceful picketing."

"Getting convicted of bootlegging, according to another story, costs on the average a \$750 fine in Maine and a fine of \$57.91 in New York and an average 569-day jail sentence in Southern West Virginia as compared with 48 days in Pennsylvania and New Jersey."

"A multi-millionaire named du Pont is going on the platform to debate the dry laws with a representative of the Anti-Saloon League."

"The big issue in Baltimore's municipal election the other day was whether or not the candidate who won by an unprecedented majority had or had not conquered the drinking habit since his previous term."

"Mr. John Eric Glynn-Percy, the English baritone, arrives in this country and says that beer and wine are harmless to the throat, that whiskey is bad for it and gin worst of all. I do not think we need any advice on this subject from foreigners."

"The chief of police at Scituate, R. I., explains that nobody who gets drunk in his town is ever locked up for getting drunk because it is an old Scituate custom dating back 201 years not to lock anybody up who is drunk."

"A member of the jury which convicted 11 members of a rum ring here in Washington says he was in a daze for hours and does not remember any verdict, so the defendants are demanding a new trial."

"Also, the wet organizations and the dry organizations are beginning new drives."

"I do not insist that all this news proves anything, but if it proves anything at all it proves that prohibition is not an issue except in the newspapers and Mr. Ras-Kob's mind. There are plenty of other things to think about and I am sure we should all be as happy as kings."

Acquitted Woman Sees Children For First Time Lately

NICE, France, May 21. (AP)—Acquitted in ten minutes on a charge of slaying her husband, Mrs. Charlotte Nixon-Nirdlinger reserved today for the two children who have been bereft of parental care for more than two months.

She refrained from disturbing their rest last night at the conclusion of the trial. She saw her baby daughter occasionally while in jail but the 4-year-old boy not at all. He has not been told of the death of his father and has been led to believe both his parents were on a long journey.

As soon as the French jury had restored her liberty, Mrs. Nixon-Nirdlinger, accompanied by her mother, Mrs. James B. Nash, and close friends, drove to a hotel directly in back of the apartment, where Fred Nixon-Nirdlinger, wealthy Philadelphia man, was shot to death March 11.

She was smiling as she entered the hotel.

"I am vindicated," she said, and I want everybody to understand that my treatment by the French has been wonderful."

Mrs. Nirdlinger will go to Paris by train tonight or tomorrow morning.

Mrs. Graham McNamee Brings Suit For Divorce Against Announcer

NEW YORK, May 21. (AP)—A separation suit brought by Mrs. Josephine Garrett McNamee against Graham McNamee, popular radio announcer, was revealed today.

The charges in the complaint which has been on file in supreme court for several weeks were not disclosed.

McNamee said he had been served with the papers about the first of the month. He denied the action was by mutual consent and said it would not be contested.

They were married 10 years ago after meeting at a concert in the Reformed church in Bronxville, N. Y., where both were on a musical program. McNamee was a baritone singer before he became an announcer.

Disclosure of the separation suit came as a surprise to their friends among whom they were described as an ideally married couple. McNamee often has been quoted as saying his wife was his severest critic, who sat at one of their five radio receivers at home and listened to him broadcast descriptions of sporting events, political meetings, and other doings.

In the current issue of Radio Digest, Mrs. McNamee has an article describing the life of radio an-

Amateur Actor Catches Robbers

PITTSBURGH, May 21. (AP)—Joe Palmer's talent as an amateur actor saved him some money and landed two holdup men in jail today.

As the pair got out of his taxi they pulled guns on Joe.

"And me with debts and a sick wife," he gulped.

Then something unexpected happened. The holdup men came out of a huddle and handed Palmer his money.

"Gee," one of them said, with a catch in his voice, "I guess times are pretty tough, buddy." The other offered Palmer his gun. "Better take this for protection," he cautioned.

Five minutes after they departed, Palmer picked up two policemen and the holdup boys were captured and whizzed to a police station in Palmer's car.

TO SEEK SOVIET FLYING PERMIT

OKLAHOMA CITY, May 21. (AP)—Wiley Post and Harold Gatty left here today on a projected non-stop flight to Washington to seek an interview with the British ambassador regarding Soviet permission to cross Russian territory on an earth-girdling air trip.

Gatty, Australian by birth, still is a British subject and F. C. Hall, Oklahoma City oil man financing the flight in search of the round-the-world speed record, believes that may bear weight with Soviet authorities. The fliers previously had been refused necessary permission.

After their trip to Washington, the fliers will proceed to New York, beginning and end of their proposed race against time.

American Red Cross Celebrating Its Fiftieth Anniversary Today

WASHINGTON, May 21. (AP)—The American Red Cross today celebrates its incorporation 50 years ago and will open the golden jubilee tonight. President Hoover, who heads the society in this country, and Judge Max Huber of Zurich, Switzerland, president of the International Red Cross committee, will make addresses. Both the National and Columbia systems will broadcast the speeches.

While preparations for the jubilee proceeded today, the Red Cross made public scores of congratulatory telegrams it had received. They came from the Duke of York, Prince Charles of Sweden, Prince Tokugawa of Japan, and from Madrid, Cairo, Budapest, Shanghai, Berlin, Paris, and Athens.

The celebration is being staged because back in 1881 Miss Clara Olton persuaded Americans to form a Red Cross society and obtained the assistance of President Garfield in efforts to obtain senate ratification of the treaty of Geneva, under which the international organization operated.

In July of that year "The American Association of the Red Cross" was incorporated in the District of Columbia. President Garfield was shot before the United States approved the treaty but President Arthur signed it March 1, 1882, and the senate ratified the agreement without a dissenting vote a few days later.

China Egg Is Found In Snake

PETERSBURG, Ind., May 21. (AP)—The joke, Mrs. Salina Gladish reported, was on the snake.

For two weeks, she said, she had been missing eggs from her hens' nests. Last Tuesday a China nest egg was gone.

Yesterday she saw a large snake in the barn yard. She killed it with a hoe and was surprised to find inside it the China egg.

U. S. Beauty Wins Acquittal

China Egg Is Found In Snake

With eager throngs buying up court tickets at fancy prices and gamblers betting 20 to 1 on her acquittal, Charlotte Nash Nixon-Nirdlinger, American beauty contest winner shown at the left with her baby daughter, Charlotte, went to trial at Nice, France, for the slaying of her husband, Fred Nixon-Nirdlinger, lower right, wealthy Philadelphia theatrical manager. Mrs. James A. Nash of St. Louis, the defendant's mother, who aided her, is shown at the upper right. She claimed self-defense and was acquitted.

CLINGMAN TO GO OUT OF HIS WEIGHT AGAIN IN MATCH

SAILOR ADDS POUNDS FOR PURDIN BOUT

Capable Newcomer To Tackle Red Michaels in Semi-Final Event.

Sailor Otis "Squeak" Clingman, local wrestler, will go to the mat tonight at the New Majestic with Jack Purdin, Shreveport, La., plantation owner and one of the best light heavies in the game. The sailor has added several pounds for his big battle tonight. It will be Clingman's second match out of his weight. The first ended suddenly when the Pampa boy suffered a broken rib and torn knee joint.

Purdin has also lost to the mauler who damaged Clingman, so tonight's battle promises to be a real one. A small amount of rough stuff is expected, since Purdin comes from the same stable as Jack Rose and anyone who associates with Rose cannot help being contaminated, Clingman says.

Purdin has been "knocking them cold" down around Dallas for the last couple of weeks and writes that the little sailor had better be ready for a couple of falls. Purdin says Clingman will think King Elliot is after him when the gong sounds tonight. The fighting, gofing, Pampian smiled and said nothing.

That hard wrestling favorite, Red Michaels, will meet something new in the semi-final. He will tackle a boy named Carter who says he is a bear at the wrestling game. His "clippings" back his statement and Red is worried.

The "Rasslin' Barber" will be in an opening bout with Tommy Thomas of LeFors. Kelly says the time limit has been cut down to his liking and Tommy will find a new mauler after him.

Promoter Frank Hunt is preparing to handle a record crowd.

CLARENDON, May 21. (AP)—L. S. Walker of Quannah and Ira Merchant of Clarendon were finalists today in the sixth annual Greenbelt golf tournament. Walker entered the final round with a 4 up and 2 victory over Bill Rogers of Vernon yesterday afternoon. A birdie and a string of pars on the second nine enabled Merchant to defeat Jack Parr of Electra 2 and 1.

Lubbock Golf Meet Is Starting

LUBBOCK, May 21. (AP)—More than one hundred and fifty golfers were here today for the 18-hole qualifying round in the annual West Texas Golf association tournament. Dennis Lavender, winner of the championship last year while playing for Abilene, did not enter this year's tournament.

Florida Gambling Bill Is Prepared

TALLAHASSEE, Fla., May 21. (AP) After 20 years of trying, proponents of legalized race track gambling today had a bill almost ready for presentation to Gov. Doyle E. Carlton. Over vigorous opposition led chiefly by a woman representative, the state house of representatives yesterday passed by 55 to 38 a senate measure to legalize racing and pari-mutuel systems of wagering. Governor Carlton has not indicated his attitude.

Representative Mrs. Edna G. Fuller said she would "be untrue to everything on which my life has been built if I failed to register my feeling in the presence of God against this legislation."

STYME IS ISSUE
CHICAGO, May 21. (AP)—A vote is being taken by the Western Golf association over one of the perplexing problems of the game, the stymie. The vote was requested after several members insisted that many were in favor of abolishing it in match play as well as medal. Officials of the western body, however, said they didn't know whether the stymie would be eliminated even if voted against, as rules of the parent golf body, the United States Golf association, favor it.

BASEBALL SITUATION WILL BE DISCUSSED TONIGHT IN SESSION OF PAMPA FANS

Night Games Are Believed to Be Popular; Galloway Will Explain Proposition.

Pampa's baseball situation will be aired at a meeting of club officials, supporters, and fans in a meeting in the Board of City Development rooms at the city hall tonight at 7:30 o'clock. Jim Galloway, owner of the Pampa franchise in the Panhandle league, arrived here yesterday and called the big pow-wow for tonight so that he could tell Pampa fans his proposition for giving Pampa a winning team.

He conferred with Emmet "Red" Gober yesterday and the "Old Folks" is all hot over night baseball. In fact, Gober said he was tempted to get into a uniform himself and see what hitting the pill was like under the stars. Gober is the Pampa man who organized the old Pampa Grays that won the Amarillo News-Globe tournament in 1928 and 1929. The Pampa Gulf Guns brought the cup back to Pampa last summer.

J. M. Dodson, vice-president of the league, will preside at tonight's meeting. Mr. Dodson says he is all for night baseball after seeing the games in Amarillo last week.

The league is composed of Pampa, Amarillo, Lubbock, and Plainview. Managers of the various clubs are old timers in the game and all have managed clubs and played in the big leagues in former new league without compensation.

M'GRAWMEN IN FRONT AS CARDS LOSE

Bill Hallahan Is Hit For Loss By Robins In Last of Ninth.

By GAYLE TALBOT JR. Associated Press Sports Writer. The New York Giants, up to yesterday afternoon, were just a half-game behind the St. Louis Cardinals. Then they went out and took the Cincinnati Reds, 4 to 0, and the Cardinals obligingly lost to Brooklyn, 5 to 4. That put the McGraw clan out in front and pulled the Cards from the top of the National league for the first time this season. That is, it did until the percentages were consulted. They showed that the league champs, though superficially a half-game behind, actually still are leading the league by four percentage points today. Hence the Giants were chastised. Though they fell short of their goal, the McGrawmen gained solace in the brilliant pitching of John Berly, recruit from Rochester, who set Cincinnati down with five scattered hits. Bill Terry's homer with two on was the big noise in the Giants' attack. The Cards rallied in the seventh and ninth innings to tie the count at 4-all, only to see their efforts wasted when the Robins nicked Bill Hallahan for the winning run in the last of the ninth. Buzz Arlett, husky recruit from the coast, poled his eighth and ninth homers of the year as the Phillies came from behind in the late innings to take their second straight from Pittsburgh, 11 to 7. Four runs in the first inning off Frankhouse and McAfee gave the Chicago Cubs a lead that was never overcome as they squared their series at Boston, 7 to 5. Gabby Hartnett hit a homer, double and two singles to lead the winners' assault. Not to be outdone by his side partner, George Earnshaw, who shut out Detroit with two hits the previous day, Lefty Grove allowed only three blows and gave the Tigers another whitewashing, 3 to 0. It ran the Athletics' winning streak to twelve. The Washington Senators made only three hits off Pat Caraway, but turned them into a 2 to 0 victory

YESTERDAY'S STARS

By The Associated Press. Bob Grove, Athletics—Ran team's winning streak to 12 straight with three-hit shutout of Tigers, 3-0. Buzz Arlett, Phillies—Gained major league home run lead, hitting his eighth and ninth in 11-7 triumph over Pirates. Sam Jones, Senators—Won fourth straight game, shutting out White Sox 2 to 0. Babe Herman, Robins—Singled in ninth inning, driving in Thompson with run that beat Cardinals, 5-4. John Berly, Giants—Shut out Reds, 4-0, with five hits to run string of scoreless innings to 19. Gabby Hartnett, Cubs—Clouted homer, double and two singles to lead in 7-5 victory over Braves. Over the Chicago White Sox. Spencer's homer accounted for one score and a two-base error by Reynolds made possible the other. Urban Pickering's two homers did not prevent the Boston Red Sox losing an 8 to 4 decision to the St. Louis Browns. Rain caused postponement of the Yankee-Indian tilt at Cleveland.

Americans Win In French Tennis

AUTEUIL, France, May 21. (AP)—Their ranks almost unbroken by four days of play in the French hard court tennis championships, the American contenders carried on into the quarter-final rounds of the doubles tournaments today. Johnny Van Ryn and George Lott, Philadelphia players who form the advance guard of the American Davis cup team, had their confidence shaken a bit by one tough set which they lost to the French team of Georges Glasser and Antoine Gentien. But they looked forward to success against the Scotch-English combination of Ian G. Collins and John S. Cliff, whom they face in the quarter-finals. Elizabeth Ryan, former Californian who now makes her home in London, and her German partner, Fraulien Cill Aussem, are scheduled to take the court for a match with Mrs. Phyllis Satterthwaite and Muriel Thomas of England. Thomas A. Edison will not seek out the brightest boy in the United States to reward him with a scholarship prize this year.

AMERICAN DEBUTANTE TELLS OF 'THRILL' RECEIVED UPON BEING PRESENTED AT COURT

By PAULINE STANLEY
LONDON, May 21. (AP)—Emotions experienced by an American debutante when presented to King George and Queen Mary at Buckingham palace were revealed today in the personal account of one of the presentees.

She must remain nameless because of the policy of the American embassy in frowning on press interviews with the participants.

"Being presented in court is even more exciting than I had ever imagined of," she said. "The climax came when I entered the throne room and made bows to their majesties."

"The presentees have no more doubts or worries when they reach the palace. The ceremonials are rigidly prescribed. The chamberlains identify each lady, ascertain that she is in the proper place in line and arrange her train so that all she has to do is to walk in, curtsy and take her place."

"There is no hitch in the proceedings. Everything moves like clock work. Yet one never gets the impression that things are being hurried along. In fact, the whole presentation was a magnificent, stirring piece of music."

"To me the most memorable event of the entire evening was when Queen Mary bowed to the court presentees and presentees. It was the peak of the whole magnificent procedure—the most gracious gesture of dismissal by one of the most dignified members of royalty."

"I hope that all of the American debutantes and matrons who were presented to the court of St. James are appreciative of the great honor they received. So little is known or understood of the ceremony and its significance that it is sometimes regarded merely as a symbol of social success instead of a really impressive, moving experience no woman ever could forget."

Among those introduced last night were: Miss Audrey Barret, Miss Mildred Hockstader and Miss Elizabeth Smith, of New York; Miss Elizabeth Howry, of Washington, D. C.; Miss Katherine Hillier, of Wilmington, Del.; Mrs. Clarence Dill, of Seattle, Wash.; Mrs. Alfred Donovan, of Rockland, Mass.; and Mrs. Andrew Long, of Hickory, N. C.; Miss Helen A. McCann, of New York, was unable to appear because of a cold and may be received at a later court.

Soon to Be Here

It is not often that the cast of a play in a small town boasts of a premiere danseuse, but such is the case in Memphis and when Miss Annie Laurie Carter is seen over the footlights in Pampa as a star performer of "Okay Baby," there will be no question as to her ability and right to star in the show.

Graceful, always at ease, she goes through the most strenuous dance routine without visible effort. She is always the artist—straightforward, dominating, dynamic.

She has studied at length many dance routines and has mastered them with the ease of a trained trouper. There are no bobbles or breaks to her work. She flits across the scene like a butterfly, but with an orderly precision. Her dance numbers stopped the show when it was presented recently in Memphis. Time and time again, she had to answer curtain calls.

Lose Fat Safely and Quickly

Kruschen Salts—a perfect combination of the six mineral salts your body should have to function properly—purify your blood of harmful acids, and aid the kidneys and bowels to throw off waste material—the continual formation of which is probably the cause of your fat.

In this modern age of living, it's impossible to get these salts from the fancy foods you eat—but don't worry just as long as you have Kruschen Salts.

Take a half teaspoon every morning before breakfast in a glass of hot water—little by little that ugly fat disappears, you'll feel better than ever before—years younger, more energetic. You'll soon possess that enviable beauty, clear skin, sparkling eyes, superb figure which only perfect health can impart.

An 85c bottle (lasts 4 weeks) at Patterson-Wilson Drug Company, Fatheree Drug Stores, Pampa Drug Co., Richards Drug Co., Inc., or any progressive druggist in America. Money back if Kruschen doesn't convince you that it is the safest, quickest, easiest way to lose fat.

Hartford woman writes, "I'll tell the world Kruschen Salts is wonderful stuff to reduce." An Ohio woman lost 10 pounds with one bottle.

A Wonderful Help to Mothers

Dallas, Texas—Dr. Pierce's Favorite Prescription was a wonderful help and comfort to me as a tonic and nerve. I found it especially beneficial during expectancy. It kept me in such good condition that I was able to do my work, hardly realizing my condition, and when a woman gets along without suffering at this time her mental condition is greatly helped. Also Prescription tablets are healthier and stronger.

HAIR WITH THE GLINT OF YOUTH

You've washed it frequently with shampoos, you've fretted and fumed...yet your hair is still a "problem." Lustrous, brittle hair, a dry or an oily scalp is not so much the result of lack of care as it is lack of PROPER care.

Such a condition can not be overcome by haphazard methods. Individually prescribed treatments offer the only possible remedy. At the Georgette, a qualified hair and scalp expert will make her diagnosis after careful examination. Future treatments will follow the dictates of these suggestions. Hence, we will overcome scalp deficiencies by scientific, not haphazard means.

Standard Oil May Open Filling Stations Again

TOPEKA, May 21. (AP)—The Standard Oil company of Kansas loomed today as a possible entrant into the filling station business with modification by the state supreme court of a 19-year-old limited order which prohibited it from engaging in the retail field.

The Standard of Kansas was one of several Standard units involved in earlier proceedings instituted by the state's attorney general's office more than two decades ago. The court in June, 1911, ordered the Standard of Kansas to confine its operations to refining. It operates a large refinery at Neodesha.

The modification of the old order was entered by the court late yesterday on motion of the Standard. No objection was raised by Roland Boynton, state's attorney general.

LaFollette Comes Out For Special Term of Congress

WASHINGTON, May 21. (AP)—A vastly expanded public works program made possible by an immediate special session of congress was seen today by Senator LaFollette as the sole hope of avoiding "the dire consequences of a third winter of unemployment for many millions of our citizens."

Speaking as chairman of the unemployment and industrial stabilization committee selected at the recent progressive conference, the Wisconsin republican based his conclusions on a preliminary report by Dr. Isidor Lubin, chairman of the conference sub-committee on unemployment.

The federal government alone can meet the wide-spread distress which the report reveals," LaFollette said. "At the present rate . . . industrial revival the number of unemployed to be provided for during the coming winter bids fair to remain close to the 6,000,000 found by the census bureau in its enumeration of last January."

The senator said the report showed little or no evidence that the rest of 1931 would bring sufficient improvement.

"Unless the federal government spends now, the cost of healing those injuries which are likely to occur during the coming 12 months will be many times more than what may be saved by our present policy of federal economy," he asserted.

"A special session of congress should be called immediately to relieve distress among the unemployed. Unless an extra session is called there will be a delay of months before any action can be taken to expand our public works program."

Note Explains Barton's Suicide

NEW YORK, May 21. (AP)—Ralph Barton's remorse over failure to appreciate "a beautiful lost angel" was revealed today in a note written before he took his life in his penthouse apartment.

The note identified the "angel" as "Carlotta," referring to the caricaturist's third wife, now married to Eugene O'Neill, playwright. Mr. and Mrs. O'Neill recently arrived in New York from France.

Headed "obit," the note said in part:

"I have had a few real difficulties. I have had, on the contrary, an exceptionally glamorous life, as life goes; and I have had more than my share of affection and appreciation.

"I have always had excellent health, but since my early childhood I have suffered from a melancholia, which in the last five years has begun to show definite symptoms of depressive insanity.

"It has prevented my getting anything like the full value out of my arms and has made work a torture to do at all. It has made it impossible for me to enjoy the simple pleasures of life. I have run from wife to wife, from house to house and from country to country in a ridiculous effort to escape from myself. In doing so I am very much afraid that I have brought a great deal of unhappiness to those who have loved me.

"In particular my remorse is bitter over my failure to appreciate my beautiful lost angel, Carlotta. The only woman I ever loved and whom I respect and admire above all the rest of the human race. She is the only person who could have saved me had I been savable. She did her best. No one ever had a more devoted or more understanding wife.

"If the gossips insist on something more definite and thrilling as a reason let them choose my pending appointment with the dentist or the fact that I happened to be painfully short of cash at the moment.

"I kiss my dear children—and Carlotta."

Seven x's followed, the only signature.

GASER STILL WILD
CORPUS CHRISTI, May 21. (AP)—The Houston Oil company's No. 2 Lawrence, wild gasser which blew in wild Tuesday while being deepened, continued spouting high into the air today. Oil flow was believed to have increased. Workmen continued their efforts to bring the well under control.

The MELODY GIRL by RUTH DEWEY GROVES

BEGIN HERE TODAY that Irene had vowed never to ride in the rattley old car. "Anyway, where are you going in New York? You can't be married tonight." Her voice was earnest, and Tommy answered her. "We're going to a friend of Irene's," he said, "so we can get down to city hall and be married first thing in the morning."

NOW GO ON WITH THE STORY CHAPTER II

A wave of anger, overwhelming and savage in its intensity, swept over Beryl with Tommy's words. She could have taken him in her thin brown hands and shaken him as a terrier shakes a rat. But the practice of restraint kept her standing silent, waiting with bated breath for Irene's answer. Irene laughed - a dramatic, taunting laugh. Then, "That's all there is to it, is it? Just like that! Irene, will you come with me?" she mocked. "You've got a nerve, Tommy Wilson, to ask me that when all I've heard out of you for keeping me waiting here is a lot of crazy talk about a gang of kids kidnapping you. A hot one, that is!"

She paused and turned to Beryl. "But if I'd know that you were mixed up in it I'd have believed him if he'd said wolves had got him." As Irene faced her sister, flaming with outraged pride, Beryl's anger against Tommy abated. She could not blame him so much, after all. Irene was magnificent when in a rage - the only time that she was anything but insipid in Beryl's estimation. Her blue eyes were dark and flashing, and there was life with a thousand facets revealed in her furious gestures, in the play of emotion upon her features, in the red of her mobile, trembling lips.

"If only he were not equally infatuated with the marshmallow that could forgive him," Beryl thought. "Well," she said to Irene, "now that you know it was all my fault, why don't you go with Tommy?" She was suddenly weary. If Tommy couldn't be stopped - he couldn't. It was all up to Irene now. "I'll tell you why!" Irene exclaimed, her fury still at a high pitch. But now she was directing her attack at Tommy. "You wouldn't tell on her, would you? Just a gang of kids! I might have known whose gang," she added bitterly, a whole album of memories in which Beryl's young friends had played a part rushing to her mind.

Beryl looked at Tommy. Queer, funny Tommy. So he had tried to shield her. Her eyes thanked him, though he did not see it. For him there was no one in the world but Irene - Irene, who, for a runaway marriage, had dressed herself in pink chiffon and a picture hat and looked for all the world like a Dresden doll. (Of at least she would when her anger subsided.) "Let's go," Tommy begged, "we'll be too late to catch a train to New York at all." "You can take Water Baby," Beryl offered, pretending to forget

at the years I've spent learning the grocery business." "I wonder is there anything wrong at the Everetts?" Mrs. Hoffman remarked when she and Tommy sat down at the kitchen table for their "snack."

Tommy gave her a startled look. "Wrong?" he repeated in alarm. She nodded. "Mrs. Everett called me up about an hour ago," she said, "and asked for you. Said it wasn't anything important, but I thought it was strange, her calling like that. If it had been one of the girls..."

"I guess nothing's wrong," Tommy interjected. "I was there a little while ago. Kinda late. Met some of the boys and went for a ride with them."

"Some of the tough Larkin outfit, I hope, Tommy." Tommy grinned. "Naw. These kids are all right."

His Aunt Emma sighed. "It's so easy to make a mistake," she said gently, "and when you're young is when you mistakes count for so much. Sometimes you have to live with them all your life."

Tommy stirred uneasily, and swallowed the last of his gingersnaps. "I think I'd better be going to bed," he said when he'd washed the gingersnaps down with his lemonade. "You too, Aunt Em; you look tired."

Mrs. Hoffman usually complained of feeling tired when she'd lost sleep. Tommy quite often saved himself a lecture by talking her into going to bed with him.

She got up now and lumbered about, putting the dishes in the sink for the girl who came in to help her, to wash in the morning. She, herself, couldn't do much housework any more but there was no need of it, for she could afford a maid. This fact drew attention away from her growing helplessness and no one realized that she was really a sick woman - not even Aunt Em herself.

While she busied herself in the kitchen Tommy had a chance to retrieve his suitcase, but he had forgotten all about it and went upstairs without it.

He did not go to bed at once, for sleep was far from his eyes. The night was pleasantly warm - or cool - just right for sitting by an open window, as Tommy did, writing out his loneliness to Irene. He could see her, he said, a lovely creature with her blond curls spread out upon her pillow. Crying - was she crying? He didn't want her to suffer, but he hoped she was as miserable as he.

Having finished the letter Tommy sat smoking innumerable cigarettes, his head in his hands, his mind filled with lovely pictures of Irene - soft, alluring Irene.

When at last sleep overpowered him he tossed about restlessly and cried out from his dreams. It was not until the wee small hours of

the morning that his mind grew quiet and he slept soundly.

Shortly after that he was awakened by his uncle's alarm clock in the next room. He at once pretended to be asleep again, lest his uncle should want him to get up and go fishing with him.

Then he remembered, with exasperating clearness, his suitcase on the front porch. He slipped out of bed, threw on a dressing gown and crept to the door. When he opened it, it was full in his Aunt Emma's face.

Spain's Provisional President Is Described as "Your Favorite Uncle"

By CLARENCE DUBOSE Copyright, 1931, by Associated Press MADRID, May 21. (AP) - Provisional President Niceto Alcalá Zamora is the sort of man who reminds you in a vague way of your favorite uncle. He is friendly, gentle, good humored.

He chuckles now and then as he talks - although he can make a fiery enough fighting speech without any laugh in it when he is campaigning politically. He has a winning sort of personality. You are sure he wishes you and everybody well and that he is earnest and sincere.

The head of the republic has thinning white hair, always tousled as though he had just been running his hands through it. His greish white mustache usually appears disarrayed. There is always just a little something out of order about his clothes.

Regarded as one of the best lawyers in Spain, Alcalá Zamora was a monarchist until he no longer found himself in favor with the Primo de Rivera dictatorship. The king backed the dictator when Alcalá Zamora carried his complaint to the throne - and from that day he began to work for a Spanish republic. Previously he had extensive political experience in predictatorship governments and had accumulated a modest fortune, most of which he is said to have spent supporting the republican government.

His speech is fast, but rather musical. All in all, he is an appealing speaker either on the stump or in the court room. He does not like to prepare the manuscript of a speech in advance although he does on especially important occasions. His preference is to jot down

upon little slips of paper the main points he wishes to develop and speak extemporaneously.

He has always been a hard student and worker and a man of simple personal tastes and habits. As a young lawyer he won first place in the most difficult competitive examinations known to the Spanish bar, for "official letrado del consejo de estado," which means securing an appointment roughly comparable to that of solicitor for the state department at Washington.

He has not gone in for sports. He has almost no hobbies or recreations. His work, his profession, his family, politics, and finally the republican movement has been his overwhelming interests.

TEXAS GETS FINE HURLING EXHIBITIONS

Dizzy Dean Goes in As Relief Pitcher But Is Not Supported.

By BILL PARKER Associated Press Sports Writer. An assortment of pitching that will win most any old ball game bloomed in the Texas league Wednesday night.

Dallas got a three-hit game from Oscar "Lefty" Fuhr to beat Galveston, 5 to 3. San Antonio whipped Shreveport 6 to 2 when Moore held the Sports down with a pair of hits. Fort Worth got a splendid three-hit game from Chagnon to beat Beaumont, 3 to 2.

At Wichita Falls, the Spudders uncovered one of their old tricks when they stampeaded in the eighth inning to beat Houston, 5 to 2. It gave the Spudders two out of the three games. Elmer Hanson pitched a fine game for Houston until the eighth. "Dizzy" Dean went to the mound and immediately put a stop to the Spudders' rampage, but it was too late.

Playing in the afternoon at Shreveport, the Sports accepted San Antonio's poor fielding as an opportunity to stop a losing streak. Before the win, the Sports had lost five consecutive games.

After winning their afternoon scrimmage, the Sports fell back into their losing rut Wednesday night, dropping a 6 to 2 affair to the Indians. Euel Moore was almost invincible, holding the Sports to a pair of hits while the Indians batted Estrada, Moulton and Erickson hard.

At Fort Worth, the Cats inaugurated their new night baseball equipment by whipping the Exporters, thanks to a masterful pitching performance from Leon Chagnon. The win enabled the Cats to sweep the Beaumont series and increase their pennant lead to three full games.

The southpaw shoots of Oscar Fuhr worked to a perfection as Dallas beat Galveston in a game of ten errors, six by Galveston and four by Dallas. Carroll pitched ten-hit baseball for Galveston, but erratic support spoiled whatever chance he had to beat Fuhr's three-hit performance.

COTTON IS QUIET

NEW ORLEANS, May 21. (AP)—Cotton had a quiet but steady opening here today. As Liverpool cables were better than due, first traders bowed gains of five to six points. July advanced a little further after the start to 9.37, up 7 points from yesterday's close. Later in the first hour, the market eased off, owing to a rather easier opening in stocks, July trading down to 9.20 and October to 9.60, or seven to eleven points down from the early highs. Near the end of the first hour the market was quiet and steady and near the lows.

Joe Turnesa Is Beaten by Alliss

LEEDS, England, May 21. (AP)—Percy Alliss, British professional, today defeated Joe Turnesa in the second round of the \$5,000 Leeds professional tournament, three and two. Turnesa won the tournament in 1929 and was medalist this year with 138.

LEEDS, England, May 21. (AP)—Joe Turnesa of Elmford, N. Y., won his first round match in the \$5,000 Leeds professional golf tournament today from A. J. Young, Essex, five and four.

Joe Kirkwood, who qualified with Turnesa and Tony Manero, among the select 32, was eliminated by his first round opponent, A. R. Aradber. Turnesa put together two record breaking rounds of 69 to win medalist honors and said he felt he was "fit for Carnoustie" where the open will be played beginning June 1. Horton Smith and Willie Hunter, the other two Americans, failed to qualify.
