FARM PRICE MEASURE DEAD FOR SESSION

MARVIN JONES STATES ACTION DELAYED DEFINITELY

WASHINGTON, July 28 (AP)—Chairman Jones (D-Tex.) of the House agricultural committee announced today that congressional action on farm price stabilization legislation had been postponed indefinitely until next session.

The announcement came after Jones had met with Speaker Bankhead, majority leader Rayburn and members of the committee.

Jones said the committee had decided to follow a course previously decided upon by the Senate agriculture committee to study the legislation at meetings before the next session of Congress convenes in January.

The chairman issued the following statement explaining the decision:

"In view of the differences of opinion among farm interests as to the provisions which new farm legislation should contain, the committee feels that further study should be given before general farm legislation is reported."

"Members of the committee expect to continue their efforts to work out a measure, and meetings will be called before the opening of next session, in an endeavor to have a bill ready for submission."

FDR READY TO INVOKE U. S. NEUTRALITY ACT

WASHINGTON, July 28 (AP)—White House officials said today President Roosevelt was keeping in constant touch with developments in the Sino-Japanese crisis to determine, among other things, whether the neutrality act should be invoked.

Stephen T. Early, press secretary, told newsmen the president was in telephonic communication last night and this morning with the state department and would continue to watch every development in the critical situation.

He recalled that under the law the president does not have to wait for a formal declaration of war to put into effect the neutrality provisions prohibiting arms, ammunition and credits to belligerents.

The president, it was added, must decide for himself when a state of war exists and then he is obligated to invoke the law against belligerents on both sides.

In addition to watching the situation with respect to possible neutrality action, Early said safety of American nationals at Peiping was of primary concern.

Three High School Students Killed in Sooner Auto Wreck

OKLAHOMA CITY, July 28 (AP)—Three high school students were killed last night when their car figured in a collision with another at the northeastern edge of the city and plunged down an embankment into a field.

Jeanne Lasley, 16; Dorothy Curry, 17; and Frank Stevers, 18, died instantly in the crash. All lived here.

Barber Examiners' Order Is Upheld

AUSTIN, July 28 (AP)—The Third Court of Civil Appeals today upheld a trial court decision denying a petition to cancel an order by the State Board of barber examiners closing an Amarillo barber school operated by J. M. Dendy.

The court held the board, which revoked the school's permit on a charge of using the same towel on more than one customer without sterilizing it in the meantime, acted within its delegated powers.

New Contest Over Judiciary Bill Threatens

WASHINGTON, July 28 (AP)—Senate foes of the original Roosevelt court bill said today a proposal by Senator Minton (D-Ind.) to expand the newly-written lower court reorganization bill threatened a contest which might prolong the congressional session.

Minton reiterated today his determination to ask the Senate to amend the substitute court bill to require two-thirds decisions by the Supreme Court to invalidate acts of congress.

Senator Wheeler (D-Mont.) leader of the faction which forced elimination of the Roosevelt bill, quickly announced his opposition to the move and said it would be "a violation of our understanding" with Vice President Garner and other administration spokesmen.

Whether referred to the agreement under which the Roosevelt bill was dropped last week and the judiciary committee ordered to draft a substitute dealing only with the lower courts.

"It will probably start the fight all over again and we thought we had settled it," Wheeler said.

Under the agreement to which he referred, the judiciary committee was ready today to submit the redrafted court bill to the Senate with a unanimous report. Its approval was expected to speed the end of the session.

Administration chieftains were fighting to hold Congress in session long enough to pass what they considered the most vital parts of the Roosevelt legislative program. They realized that once the court bill was disposed of, it would be hard to hold Congress here much longer.

Minton explained that he would present his amendments "entirely on my own hook" without any promise of support from administration leaders.

BRITAIN FAR AHEAD OF NATIONS IN SEA-POWER

WASHINGTON, July 28 (AP)—A navy department tabulation of the world's comparative sea-power disclosed today that Britain was far ahead of other nations.

The British navy now consists of 285 warships of 1,216,398 tons, the figure showed. It has under construction 96 more ships of 541,000 tons.

The United States navy is second. It has 325 ships of 1,083,330 tons (including 212 wartime vessels of 214,100 tons considered over age.) Eighty seven ships of 335,565 tons are under construction.

Germany ranks third in ships being built, with 42 of 171,443 tons. After Great Britain and the United States, the other sea powers rank: Japan, 200 ships of 745,604 tons, and 23 ships of 79,272 tons under construction; France 162 ships of 469,346 tons, and 42 of 171,443 tons under construction; and Germany, 77 ships of 147,823 tons and 38 of 262,482 tons under construction.

Navy officials said the figures for Japan, Italy and Germany might not be complete.

STRIKE OVER, HOTELS ON COAST REOPENING

SAN FRANCISCO, July 28 (AP)—Operators of 19 major hotels wiped away the stains of an 88-day strike in preparation for reopening today after a shutdown estimated to have cost \$6,500,000 in lost revenue and over \$500,000 in forfeited wages.

Final obstacles to opening the hostilities, rendezvous for society and thousands of visitors, were cleared last night when the operators reached agreements with non-striking union employees, whose negotiations were suspended when six other unions walked out May 1.

3,262 Barrel Well Brought In

The Warner Oil Company lease six miles southeast of LeFors in Gray county is proving one of the best in the county, having five good producers. The latest well completed was given a potential of 3,262 barrels on Railroad commission test yesterday.

A re-test on the company's No. 3 well, made this week, gave a potential of 2,983 barrels. The first test showed a flow of 976 barrels through cavings.

The new producer is the Warner Oil company's No. 5 Chapman in section 69, block 25, 34th N survey.

Died Natural Death, Say Doctors

George Durham, above, 42-year-old foreman of El Sauz, southernmost section of the vast King ranch in southern Texas, collapsed and died while helping cowboys brand cattle. Only after three doctors had been called in to verify that Durham had died from a heart attack, were rumors of murder dispelled. Durham had been in charge of that section of the huge ranch involved in the famous Blanton mystery—the disappearance last November of Luther Blanton and his son John, who started on a duck-hunting expedition on the King holdings and were never heard from again. Until the doctors reported to the contrary it had been thought Durham's death might have been an outgrowth of the Blanton mystery.

Deputies Practice On Private Pistol Range As Lindsey Leads Pack

Gray county sheriff's officers are tuning up their shooting eye.

The sheriff's office this week has constructed a new pistol range at the polo grounds, west of Harvester park.

Practical practice yesterday resulted in Deputy Sheriff O. T. Lindsey scoring high mark of 89 points on the bulls-eye at 25 yards.

Deputy Lindsey's mark still stood high today with Deputies Buford Reed, George Inman and Sheriff Talley planning to set a new record this afternoon.

Deputy Reed has second high score with an 83 made yesterday afternoon on the new range.

TWO ARRESTED IN CAR THEFTS

Quick work on the part of sheriff's officers late yesterday afternoon resulted in the arrest of an alleged automobile thief on the highway five miles south of Wheeler just 45 minutes after the car had been taken from the downtown used car lot of the Tom Rose Co. in Pampa.

When notified of the theft from the lot, Sheriff Talley called officers in Amarillo, Miami and Wheeler and asked them to be on the lookout for the stolen car.

A short time later, Sheriff Ray Waters of Wheeler county called to say that he had the suspect in the Wheeler county jail. The man gave his name as Roy Evans, of Albuquerque.

Deputy O. T. Lindsey, of Pampa, went to Wheeler and brought Evans back to Gray county jail.

Sheriff Talley also reported today that Breck Combs, of Pampa, has been arrested and charged with the theft of a car belonging to H. W. Brooks, of McLean, taken night before last from the 200 block on N. Cuyler st.

Both cases were presented to the county grand jury today.

Pampans 'Ain't Got No Coats' Either

Amarillo today was following in the footsteps of Pampa with announcement of a grand push to make Amarillo men "shirt-sleeve" conscious of the fact that they are in practice here for years.

The idea is to make the men feel free and easy to go without their coats on blistering hot days.

County Attorney Joe Gordon, one of Pampa's eminent "shirt-sleevers," commented on the situation thusly:

"Well, it is high time Amarillo men were getting down to some sensible summer tactics. Men here in Pampa have seen the light for, lo, all these years."

HEAT OPPRESSIVE AS NO WIND BLOWS HERE

Humidity was getting Pampans down today as the latest hot spell became oppressive, although the thermometer still was on the shady side of 100 degrees at 2 o'clock this afternoon.

The official government gauge showed 97 degrees at that hour. The day's minimum reading was 73 degrees at 6 o'clock this morning.

Early this afternoon there was little breeze to relieve the heat, although the sun dodged behind gray clouds for brief intervals.

The weatherman indicated that the Top O' Texas area might expect scattered thundershowers tonight.

AREA FARMERS IN CONFERENCE AT AMARILLO

A delegation of farmers from the Pampa area, headed by County Farm Agent Ralph Thomas and John Turcotte, chairman of the Gray county soil conservation committee, were in Amarillo this afternoon attending a conference of Plains farmers, in session to determine whether they wish to push new federal farm legislation at this session of Congress.

Some 25 or 30 farmers and officials were in attendance from Gray county.

At the meeting today the farmers were scheduled to act on resolutions pertinent to the farm industry in this section.

Today's meeting was called by Cliff Day, vice president of the Texas Agricultural association, an affiliate of the American Farm Bureau. The Farm Bureau is urging passage of an "ever normal granary" bill, before the present session of Congress.

Congressman Marvin Jones, of Amarillo, last week introduced in the House a bill embodying most of the farm bureau's program.

Mr. Day, who a few years ago organized a pilgrimage of hundreds of Texas farmers to Washington to tell President Roosevelt they were in favor of his farm program, has visited 50 counties during the last week.

"If Panhandle farmers want a new farm bill enacted at this session this is the last chance to tell Congress," Day said. "The President wants a bill passed and Marvin Jones is working for it. We need to give them support."

Donald Kirkpatrick, of the Washington office of the Farm Bureau, was to be the only outside speaker. He was to explain the legislative situation as it affects the farm bill and outline provisions of the "ever normal granary" proposal.

SPANISH BURY DEAD AFTER GORY BATTLE

MADRID, July 28 (AP)—Fagged by seven days of furious struggle insurgent and government armies today held their combat to artillery duels.

Activity in the Brunete and Villanueva de la Canada sectors of the western front was confined to shelling by both sides while each army dug itself in further for a determination of "the battle for Madrid."

In the respite from hand to hand struggle precipitated by Gen. Jose Miaja's bold offensive into insurgent and government troops alike buried their dead.

The government asserted its salient was still intact and heavily reinforced.

Both sides were believed organizing for another test of strength.

"The government is planning simultaneous drives on insurgents on the Madrid, Santander and Aragon fronts, it was disclosed in Paris by Jose Antonio de Aguirre, president of the fallen Basque Republic."

Seven government bombing planes made a double attack on the insurgent airbase at Salamanca, Franco general headquarters.

LOCAL BOYS AT CAMP KI-O-WAH THIS WEEK

Camp Ki-O-Wah, home of the Adobe Walls Boy Scout summer program opened the first week on schedule Sunday afternoon according to Revista Harvey, leader of the Mavericks, composed of 23 boys.

Several boys went to the camp site 20 miles southeast of Perryton on Wolf Creek Friday to get the camp ready for the boys. E. E. Boyle and Treon P. arrived early Sunday morning and the rest of the boys reached the site during the day.

"Boys set up tents and had everything in order by night. The kitchen and mess hall is in a former ranch house, well equipped. Everyone is enjoying camp, swimming, hiking and studying."

"The next group of boys will arrive in camp for supper Sunday night."

Authorities attributed the outbreak of the explosion to a gas explosion was a maximum to a carefully-laid campaign of terrorism which flared along the Irish Free State frontier a few hours before the arrival of the British sovereign.

Apparently the only casualty of the explosion was a child and was only slightly injured, but every pane of glass within a 300-yard radius of the shattered main was broken.

Today's terrorism began with the dynamiting of a railroad bridge 10 miles from Belfast, a crowded excursion train bound for Belfast. The span was partly wrecked.

Roving bands of incendiaries and dynamiters destroyed British customs houses along this side of the border. Gasoline was splashed over at least a dozen of the small wooden buildings and then fired.

At one point several were blown up while an armed band held police at bay.

FRANCE WOULD ACCEPT BRITISH COMPROMISE

PARIS, July 28 (AP)—The French government decided today to accept a British compromise plan for reinforcing itself further for a determination of "the battle for Madrid."

Diplomatic circles said a foreign office note to London, approving the proposal, stipulated that re-establishment of the non-intervention patrol, withdrawal of foreign troops and recognition of both sides belligerent rights, however, must be executed in the order proposed by Britain.

Four Burn To Death In Crash

WICHITA FALLS, July 28 (AP)—Four men met flaming death about 1:30 o'clock this morning when a light sedan carrying two oil field workers collided with a loaded gasoline truck and burned, 10 miles south of Windthorst on highway 66.

The dead are:

Charles Moffitt, 25, of Fort Worth; Elvis C. Brannan, 18, of Fort Worth; E. E. Brumley, oil field driller at Bryson; and a fourth man tentatively identified as L. Beck, oil field worker.

Moffitt, Brumley and Beck were believed to have been killed instantly. Brannan was conscious when help arrived and said he had been asleep in the truck when the tragedy occurred. He died shortly after reaching the Archer City hospital where the quartet was taken.

It is believed the accident was a head-on collision. The truck, driven by Moffitt, had left a refinery in Wichita Falls about midnight and was headed for Fort Worth where Moffitt and a brother, V. A., operated a filling station.

The light sedan, occupied by Beck and Brumley, was traveling toward Wichita Falls.

The bodies were partially identified by papers found on them by Archer County Sheriff Dutch Goble. Brannan's father, N. Q. Brannan, and V. A. Moffitt were notified at Fort Worth and corroborated the identification upon their arrival.

JAPS DISPUTE EVERY CHINESE FIGHT REPORT

AIR BOMBS AND GUNS SEAR TROOPS OF NANKING

(By The Associated Press)

Japan and China fought undecleared war on north China's land and seacoast today.

Chinese mortar fire kept Japanese munitions ships from entering the mouth of China's Hai Ho; Japanese cutters fought back, extending Nippon's punitive expedition from the embattled environs of Peiping, once the dragon capital to Tangku on the sea.

An American marine in isolated and siege-like Peiping was shot, apparently accidentally, by rifle fire from Chinese troops barricaded near the United States embassy.

Chinese reports of battle victory, almost invariably denied by the Japanese, rolled in from dawn to dark. Japanese air bombs and guns seared the troops of Nanking, and their Peiping area strongholds, with reported heavy casualties.

President Roosevelt watched developments closely from Washington. The question of application of America's neutrality act was under consideration.

Air Attack Launched

The Chinese 29th army reported today it had smashed a Japanese offensive against Peiping, "city of northern peace," in the first major battle of the informal war in north China.

The Japanese attacked Peiping's environs at dawn, after expiration of their final ultimatum demanding withdrawal of Chinese divisions from the Peiping area.

A withering Japanese aerial attack shattered the Chinese lines. Chinese commanders declared their troops recovered, however, and captured Japanese railroad headquarters west of Peiping, and Langfang, important railroad center midway between Peiping and Tientsin.

They reported also that Nanyuan, Chinese garrison town taken by the Japanese, was recaptured and that a railroad bridge was blown up at Yangtsun, severing Japanese communications between Tientsin and the battle area.

Japanese high command at Tientsin, base of the Japanese army in north China, denied the Chinese reports and asserted that Peiping's defenders had been hurled back on the city's walls.

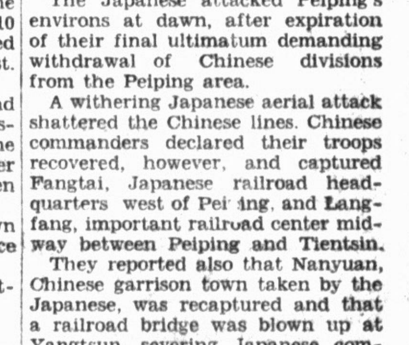

Both capitals made declarations of open hostilities.

GROUP HONORS MRS. JOHN HAYS AT AMARILLO

Pampa women were in the spotlight yesterday when the acting president of the National Congress of Parents and Teachers, Mrs. John E. Hays of Twin Falls, Idaho, first vice president of the national organization, was entertained at the Capitol hotel, Amarillo, at a luncheon.

Mrs. T. Hunkapillar, president of District No. 8, as chief executive of this district welcomed Mrs. Hays who is serving as president in the absence of Mrs. Pattin-gill, president, now visiting in Hawaii.

Panhandle members of the P-TA attended the luncheon which was planned by Mrs. J. E. Griggs, secretary of the Texas Congress and former district president, who also presided and introduced Mrs. Hays. The national official discussed the value of the P-TA membership card and of maintaining one's membership in the P-TA. "The P-TA card is your passport to good citizenship," she declared.

Mrs. Hays has held many important offices in the organization including that of state president of Idaho.

The table was decorated in Texas flowers, and the group presented Mrs. Hays with a vase.

Those seated for the luncheon were Mesdames C. S. Boston, T. F. Morton, C. H. Schukey, C. T. Hunkapillar, F. M. Culbertson and Allen Hedges, all of Pampa; Mesdames Gary Simms, J. B. Howe, and F. A. Renter of Panhandle; Mrs. O. A. Schuster of Booker; Mesdames R. J. McReynolds, Floyd Elliott, and H. D. Lewis of Dumas; Mrs. E. C. Chapman of Adrian.

Mrs. J. T. Shelton of Vega; Mesdames W. B. LeMaster, Jack Allen and Otis C. Shearer of Perryton; Mrs. Roy Holton of Pringle; Mrs. M. W. McClell of Morse and Pringle; Mesdames J. E. Griggs, Bert Warner, J. C. Neudick, John N. Maynard, Weylan S. Lizard, Joe Shields and H. W. Sanders, all of Amarillo; and the honor guest.

McLEAN WOMAN DEMONSTRATION CLUB ENJOYS ACHIEVEMENT DAY

McLEAN, July 28 — On Thursday afternoon, July 22, several women and children gathered in the home of Mrs. Charley M. Eudey, kitchen demonstrator, in the northeast part of town, for Achievement Day of the McLean club for the first six months.

The work which was principally on kitchen work.

Mrs. Eudey gave the story of her room. The woodwork previously was a dull drab color and equipment did not match. It was all refinished in a soft green with a lighter shade for ceiling and trimmed in black.

In one end of the room was seen a good working surface with sink door facing, made in two compartments. The lower contained ironing board and house cleaning equipment. The upper contained two shelves, the lower for toilet articles and the upper for medicine.

The gas stove of white with black was replaced, icebox varnished, drop leaf dining table painted to match room. A kitchen stool with back, garbage container, and bread box were added. Lunch clothes of feed sacks were embroidered for the table.

The same floor covering of linoleum was retained. It is darker than the room but contains the same color of block designs.

Curtains of white trimmed in black and orange tape were added and properly hung at the two windows, which were adorned with lovely bouquets.

The walls were covered with a good grade of oilcloth carrying out the color scheme of green, orange and black teapot design.

This room is not only pleasing to look upon but a convenient working center and of durable finish with a total cost of \$12.95, and has been inspected by some fifty people.

Mrs. Barney Fulbright received the guests and Mrs. John B. Vannoy sat at the registrar's table. Mmes. Walter Smith and C. E. Hunt served lunch after the kitchen was inspected. Mmes. R. P. Sanders, C. O. Goodman, J. A. Fowler, L. N. Mitchell and Luther Petty gave various reports. Visiting women present for the program were Mmes. Leonard Huff, Pete Fulbright, Neil Bowen, Carl Heifner, Jack Mercer, B. H. Morris, L. M. Angle, Johnny Beck, Sam McClellan, Palestine Gething and Miss Ozella Hunt, besides several girls and children.

Announcement was made last evening of the marriage of Cleo Jaynes and Clovis Green on July 5 at Carlsbad, N. M.

Accompanying the couple was Paul Hill, old schoolmate of the groom. Both attended Texas Christian University at Fort Worth, where they played football together.

The announcement was made to a group of friends at a lawn party at the home of Mrs. F. J. Campbell, sister of the bride.

The bride has been in the employ of Montgomery Ward for the past few months. Mr. Green has been employed by the Stanolind Oil Co for the last two years.

Both the bride and groom attended school in Pampa, where the groom was active in sports, starring in football. Both are popular with the younger set.

The couple will make their home in Pampa.

YOU CAN THROW CARDS IN HIS FACE ONCE TOO OFTEN

WHEN you have those awful cramps; when your nerves are all on edge—don't take it out on the man you love.

Your husband can't possibly know how you feel for the simple reason that he is a man. A three-quarter wife may be no wife at all if she nags her husband seven days out of every month.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three ordeals of life: 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age." Don't be a three-quarter wife, take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go "Smiling Through."

"Darling, I'm stealing your husband. You don't mind, do you?" RIVALRS Judith Irving set the style pace of America. She lived for clothes. But she found them no match for a husband's straying heart. Don't miss Best-Dressed Woman A Smash Serial Beginning Thursday, July 29, in Pampa Daily News

PROTECTION OF AMERICANS IN PEIPING URGED

By JAMES A. MILLS
TOKYO, July 28 (AP)—Alarmed at the peril of some 1,200 Americans in besieged Peiping, U. S. Ambassador Joseph C. Grew appealed to Japanese Foreign Minister Hirota today to prevent spread of the undeclared warfare being waged by Japan in north China.

Grew requested Hirota to exercise great care that the American embassy in Peiping did not fall in the war zone and that American lives and property here were not endangered.

Hirota assured the American diplomat that the Japanese army would leave nothing undone to protect Americans and other foreigners and added that Japan had not yet abandoned hope of an amicable settlement of the situation.

Grew's action came as Japan formally declared its intention to resort to arms to punish China for repeated acts of provocation against Japan.

The ambassador called on Hirota this morning and requested an explanation of the situation in the Peiping area, where heavy fighting started just before dawn.

A foreign office spokesman said Grew had joined with the British ambassador in an appeal to the government not to let the situation get out of hand.

At the same time the Domei (Japanese) News Agency reported Lawrence Salisbury, secretary of the American embassy in Peiping, had presented a joint American, British, French and Italian memorandum to the Japanese embassy asking that the legation quarter not be used as a base for military operations.

The newspaper Asahi reported from Peiping that two American soldiers of the embassy guard had been wounded while on patrol duty. (Chinese dispatches said one American soldier had been wounded.)

Lipscomb County Parole Board Is Named by Allred
Governor James V. Allred today announced the appointment of the Lipscomb county parole board, the 210th such board appointed under the governor's program for convict rehabilitation.

John Douglas of Lipscomb was asked to serve as temporary chairman of the new board. Other members appointed are John J. Cox, Follett, A. H. Montgomery, Darrouzett, A. R. Turner, Booker, and J. P. Latimer, Higgins.

The board will cooperate with local officials in helping persons going to Lipscomb county on conditional clemency to return to useful citizenship.

In a recent letter to Governor Allred, Mr. Roy Sanson, Higgins attorney who assisted the governor in organizing this board, said there had been little crime in the felony class originating in Lipscomb county, adding that the people there heartily agree with the governor's endeavor to re-establish citizenship through local parole boards.

With the appointment of the Lipscomb county parole board, only four parhandle counties — Carson, Collingsworth, Hardeman and Hartley — are without such boards, according to J. Blake Timmons of Amarillo, the governor's assistant in charge of the parole system.

Wheeler News
WHEELER, July 28—Miss Juanita Johnson and Ralph Markham were united in marriage Wednesday at 12:30 in the afternoon at the Wheeler Methodist church with Rev. E. C. Roney reading the ceremony.

Mrs. Markham is the daughter of Mr. and Mrs. L. H. Johnson. She was a member of the Allison high school graduation class.

Mr. Markham is the son of Mr. and Mrs. C. L. Markham. He graduated from the Allison high school in 1936.

Mrs. L. L. Jones and son, Troy Dean accompanied them to Wheeler for the ceremony.

The couple will make their home at Allison.

Dr. Robert Daily, a graduate of the Baylor College at Dallas, has joined the staff of the Wheeler hospital. He lived at Savannah, Missouri.

He is a M. D. degree. He was a student at the University of Missouri at Columbia and finished his work at the Baylor college of medicine. His internship was carried out at Bradford Memorial hospital and Baylor General hospital at Dallas.

Mrs. Daily has joined her husband at Wheeler. Her home was at McKinney.

Mr. Daily is a first lieutenant of the medical division of the Reserve Officers' Training Corps. He was an assistant in his graduate year.

Barkley and Garner Smiling Over Senate Plans

Although they are probably the two busiest men in Washington right now, Vice President John Garner threw his arm over the shoulders of Senator Alben Barkley, the new Senate majority leader, and neither let political worries interfere with their smiling good spirits as this informal picture was made. The leadership election just over, the two were mapping out plans for control of a rebellious Senate, to restore party harmony and to salvage as much from the President's program as possible.

Mother at 11, Doubly Happy at 13

Eighteen months ago this proud young mother, Mrs. Daniel Gonzales, of Port Arthur, Tex., was the talk of the country. For, before her 12th birthday, she gave birth to a 7-pound son, Jan. 19, 1936. If the last you heard was: "Mother and baby doing well," just look at this. Not only has Mrs. Gonzales' first born become a husky youngster, but he has acquired a sister, Estella Alice, born July 7 this year, less than a month after the mother celebrated her 13th birthday on June 15. The Mexican father is 22.

PRICE RISE IN OIL INDUSTRY NOW UNLIKELY

AUSTIN, July 28 (AP)—The oil industry is awaiting with some anxiety the market reaction to Texas' production of approximately 1,500,000 barrels a day after next Saturday. This amount was 100,000 barrels more than that recommended for Texas by the United States Bureau of Mines. The bureau's recommendation for the nation was 3,462,000 barrels.

The national oil flow last week was estimated at around 3,580,000 barrels a day, some 150,000 barrels more than the bureau's July recommendation and up approximately 18,000 barrels daily from the previous week's output.

Ernest O. Thompson, member of the State Railroad Commission and chairman of the Interstate Oil Compact commission maintained Texas production next month would not be greatly out of line with demand. He said consumption of petroleum products was higher in August than in any other month, yet the Texas allowable on August 1 would be less than four per cent larger than that on July 31.

California, New Mexico and Michigan have been the principal "offenders" lately in percentage of production above Bureau of Mines estimates. Their output last week was estimated to be more than ten per cent greater than the bureau's July recommendation.

Thompson would give no opinion as to what effect the Texas increase for next month would have on the crude price. Some informed persons thought, however, a price rise would not have come regardless of the production boost because it is too near the end of the peak gasoline consumption period.

Texas production will be cut back again this fall if the commission follows its policy of recent years. C. V. Terrell, commission chairman, said refiners using Texas oil would be requested to testify at the next monthly prorating hearing concerning whether their crude stocks are adequate.

Officials of the producing states which are members of the Interstate Oil Compact expressed confidence Congress would ratify extension of the pact for two more years before its adjournment.

The Senate mines and mining committee approved the extension with Senator Marvel M. Logan of Kentucky, the group's chairman, opposing and Chairman Clegg of Missouri in agreement "to preserve the rights of each separate state and at the same time enable the signatory states to work together on a sound program which all of them will accept."

GRAND JURORS EXPECT TO QUIT BY FRIDAY

Gray county grand jurors went into final session of the summer term today with two or three cases scheduled for consideration.

District Attorney Lewis Goodrich stated that he expected the jurors to wind up their business today, submit a final report and adjourn for the term.

Non-jury matters still were before the court today. Adjournment is expected to be reached by Friday.

Records showed today that so far this term 41 divorces have been granted in the district court.

The state has disposed of 15 cases during the term with convictions or guilty pleas in all but two of them. Five prisoners were sentenced to the state penitentiary and five are serving sentences in the county jail.

FOR PRAISES LABOR BOARD'S IMPARTIALITY

WASHINGTON, July 28 (AP)—President Roosevelt's assertion that the national labor relations board is impartial coincided today with Senate debate over creating an additional board to fix wage and hour standards.

Criticism of the labor board from both capital and labor, the President said, is an indication it has been fair to everyone. He made known his views at a press conference a day after Rep. Rankin (D-Miss) had accused the board of conspiring with communist influences to destroy southern industries.

From other persons, Mrs. Roosevelt said, have come assertions that the board was biased in favor of industry.

In reply to a query, Mr. Roosevelt said he did not know whether the Wagner Labor Relations act could be strengthened by inserting provisions to make commissioners responsible in keeping agreements.

He said, however, he believes the act is not one-sided, and expressed the opinion many employers have violated agreements in the last ten years.

Union responsibility was an issue in administration wage and hour bill. Senator Vandenberg (R-Mich) was ready with an amendment creating such responsibility. Chairman Black (D-Ala) said, however, his labor committee had agreed the wage-hour bill should not enter the field covered by the Wagner act.

The proposed board would be given authority to fix a minimum wage of not more than 40 cents an hour and a maximum work week of not less than 40 hours for industries engaged in interstate commerce.

Goods produced by child labor or in violation of the board's wage-hour orders would be barred from interstate trade.

Hot Weather is Here— Beware of Biliousness!

Have you ever noticed that in very hot weather your organs of digestion and elimination seem to become torpid or lazy? Your food sours, forms gas, causes belching, heartburn, and a feeling of restlessness and irritability. Perhaps you may have sick headache, nausea and dizziness or blind spells on suddenly rising. Your tongue may be coated; your complexion bilious and your bowel actions sluggish or insufficient.

These are some of the more common symptoms or warnings of biliousness or so-called "torpid liver," so prevalent in hot climates. Don't neglect them. Take Calomel, the improved calomel compound tablets that give you the effects of calomel and salts, combined. You will be delighted with the prompt relief they afford. JAP MUNITIONS SHIPS FORCED FROM RIVER

TIENTSIN, China, July 28 (AP)—Chinese mortar fire tonight forced four Japanese munitions ships to turn back from the mouth of the Hai Hi river after attempting to reach Tangku, port of this Japanese military headquarters in the undeclared war between China and Japan.

Westward, sanguinary fighting, with conflicting claims of success, made an all-day battlefront of the Peiping area.

At the Hai Hi mouth, Chinese troops opened fire from the banks as soon as the four Japanese steamers hove in sight. After they had turned back into the Gulf of Chihli, Japanese cutters appeared, returned the Chinese fire, and escorted a transport safely into Tangku.

The two places are about 25 miles east of Tientsin. Kansas outranks all of the famous mining states of the west and is ahead of Alaska in producing minerals.

Have You Tried the MIRROR TEST With an I. E. S. Lamp? A mirror can be no better than the light which it reflects. When soft, evenly diffused light of sufficient quantity fall on a good mirror, it reflects light accurately. Simply place a small mirror on the book or paper which you are reading. If you can see in the mirror any reflection of the bare bulb in your reading lamp (or any other fixture) you are getting one form of glare that is very harmful to your eyes. Try this same test on an I. E. S. lamp or an indirect lighting fixture. The absence of glare will be surprising. Most papers that you read are glazed—like your mirror, good reflectors of harmful glare. But by using proper lamps and fixtures no glare is produced and you can read rapidly, easily, and comfortably. TEX'S TOPICS

Jean Harlow's last picture, "Sarotoga," is attracting many theatergoers, curious to see her final performance. . . The picture, you know, still was in the making when Death removed Miss Harlow from the cast. . .

What makes it more difficult, is the fact that final scenes of the movie, as in the picture in movie making, were shot before Miss Harlow's death, leaving only the connecting links to be filmed with the "stand-in". . .

Another bit of deceptive photography comes when the "stand-in" appears in a dancing scene and with her back to the camera dances off with her partner to a terrace door. . . Many around us detected the "stand-in" in that sequence and then decided they were wrong when the scene switched outside to the terrace and Miss Harlow appeared. . .

The U. S. Department of Agriculture has announced that it estimates the number of rats in the country to be 123,000,000, nearly one for every person. . .

Three stars—Good for a pretty trim job, such as internal revenue collector for a state, executive secretary to some federal board, or state director of WPA or social security; \$5,000 to \$7,000 a year.

Four star-colossal—Good for innocuous cabinet appointment to the federal trade commission, the labor mediation board or internal boundary commission, where the pay is about \$10,000 a year.

Super-four star-colossal—A first line cabinet post such as secretary of war or navy, or minister to Iran, with pay \$10,000 to \$12,000 plus political emolument.

Super-four star-colossal—A first line cabinet post, such as secretary of the treasury or ambassador to the Court of St. James. There is nothing too good for a super-four-star-colossal party worker who contributes not only advice and counsel but pays into the party treasury a sum greater than his four year salary as secretary or ambassador.

The only trouble with Williams' proposition is that even if he organized all the political workers in Christendom the jobs would still go to the boys who were right with the ward boss or the national committeeman.

Book a Day

By BRUCE CATTON

Until John T. Flynn wrote "God's Gold," the story of the late John D. Rockefeller had not been really handled as a definitive biography. . .

And B. F. Winkelman, the author of "Carnegie," "Frick" and other biographies of these times, this Philadelphia lawyer portrays Rockefeller as "a big man in a big age."

The century through which Rockefeller lived was not an ordinary century. When he was born in 1839, people were just beginning to experiment with machinery. . .

He saw all this—and outlived his generation: Hill, Harriman, Morgan, Frick, Carnegie, Flagler, Rogers, Andrews, Brewster, Archbold, Bedford, Moffett, McKinney, the group of men who were his partners and associates, all preceded him in death. . .

That is the thesis of Winkelman's exhaustive book. At 16, Rockefeller tramped the streets for weeks to find a job. At 30, he ruled the Kingdom of Oil. At 70, he stood condemned by the Supreme Court—the most hated man in America. . .

Withal, Mr. Winkelman seems to have escaped no detail of the life of the world's greatest money maker. Thirty-eight illustrations, cartoons of the time, Rockefeller quotations enrich the book. . .

It is eminently valuable as a study of a great builder in an age of great men.

Washington Letter

BY PRESTON GROVER

WASHINGTON—Before another election time comes around Walter L. Williams of Millinocket, Me., wants to have all Democratic party workers organized on an industrial union basis so they can bargain collectively for division of patronage jobs.

Williams, as president of the National Union for Collective Bargaining of Democratic Party Workers, says he already has signed up 22,000 party workers disgruntled with the way party bosses control job distribution without reference to the rank and file.

"In accordance with the cherished principles of American democracy," says Williams, "the endorsement of a majority of the votes and a majority of the party workers in any given political subdivision goes and should carry more force than the endorsement of any individual or minority group in that political subdivision."

Williams and attractive Mrs. Ernest Kreiger of Warwick, R. I., carried their case straight to Democratic headquarters and evidently ran head-on into blunt Charlie Michaelson, master publicity man. . .

Williams, who seems to have a government job of no particular importance, asks that party workers be given a citation for work performed for the party. The citation would grade the workers according to what he had done for the party and give him a claim on the kind of job his work merited, regardless of whether he stood in with the ward boss.

He does not set out the gradations of merit, but might find it suitable to grade the workers' service something in the manner of movie reviewers with one, two, three and four star ratings.

We would suggest: One star—Good for a third class postmaster-ship, or foreman on a WPA theater project. Something paying around \$100 to \$125 a month.

Two stars—Good for a job as assistant internal revenue collector, or minor executive post

Seminole And Oilers To Play Again Here Tonight

The Pampa Oilers and Seminole, Okla., Redbirds will clash again tonight at Road Runner park and then pack their bags for the Denver Post tournament. Last night the Oilers were unable to come from behind and the Redbirds evened the count for the season with a 6 to 4 victory.

Sam Scaling was back from Wichita, Kan., and helped the locals cause with a pair of singles. He brought with him Dewey Boudurant, catcher or infielder, who went behind the plate. Both were tired from their long drive. Scaling was one of the powerhouses in the Wichita tournament.

The Redbirds got to Harvey Hutton, who held them to three hits in Seminole last month, for 13 bingles including one double by third baseman Williamson. Valle Eaves, who would still be with the Phillies but for a broken leg, let the Oilers down with nine hits, one a towering home run by Sam Baugh over the left-field lights and two doubles to Hutton. Each team scored in the first inning with Seminole jumping into a lead in the third on two runs and three hits. Hutton was throwing a curve ball with his fire ball missing and the Redbirds liked the offerings. One each in the sixth, seventh and ninth gave Seminole the winning runs. The Oilers pecked away at Eaves for another run in the fifth and two in the seventh. Lobaugh and Bryant led the Seminole batters with three bingles each.

Lobaugh Handles Nine Shortstop Lobaugh of the Redbirds had a big night-afield with eight assists and one error. Pampa's McLarry, on second, knocked down four and got his man at first every time.

When the Oilers reach Denver tomorrow they will be joined by Dutch Prather, first baseman and outfielder, who, until last Saturday was with Sacramento in the Pacific Coast league. Dissatisfied with pro ball, Prather wired Business Manager Harold Miller that he wanted to join the Oilers for the rest of the season. When he left the coast, Prather was batting at a .298 clip.

Prather Joining Oilers Last year when with Omaha on the Western league, Prather was voted the most valuable player in the league. On June 22, Dutch Prather was observed at Sacramento and Prather was presented with a large loving cup and showered with armloads of presents. A picture of the presentation appeared in the Sporting News on July 1.

A couple of other players probably will be added to the Pampa club before the tournament. Scheduled to start either Earl Huckleberry, former Philly star, or Snipe Hanson, Lee Daney was not with the Oilers, having injured his side in a game last Sunday. Daney hurt the side in Denver last year after hurling seven innings of winning ball for the Pampa Road Runners.

Best Signal-Stealer in Majors

Del Baker, who caught for the Detroit Tigers two decades ago and is now managing the Bengals during Mickey Cochrane's absence, is the best signal-stealer and one of the finest coaches in baseball. Baker's uncanny ability to detect what the opposing pitcher is going to throw has been a great aid to Hank Greenberg and other Ingle-Cat sluggers.

UNITED STATES SHOULD KEEP DAVIS TENNIS CUP FOR YEARS

Unknown Ties Johnny Goodman In Amateur Meet

NEW YORK, July 28 (AP)—Veterans of the amateur golfing was returned to the firing line yesterday and with smoothly-swinging clubs just about took over the 28 qualifying rounds of the National amateur championship.

4 Of 8 Games Decided In Last Half Of 9th Inning

KING OIL TO BATTLE CITIES SERVICE CLUB

King Oil won the right to meet Cities Service for the Industrial League championship last night with a 4 to 1 victory over Stanolind, who had eliminated Phillips the night before. King and Cities Service will not play off until after the district softball tournament which begins tomorrow night.

After the Industrial league champion has been decided, that team will meet Texas company, winner of the City League playoff, in a series to decide a city champion and the team to possess the Amateur Softball association cup.

TULSA BLANKS HOUSTON 6-0

(By The Associated Press) Except for the 6-to-0 blanking Tulsa hung on Houston, the battling in the Texas League last night was fast, furious and close.

The three other games were decided by single runs and only one of the four contests went over two hours. In that one, Fort Worth's embattled Cats slipped by Beaumont 6 to 5. Catcher Frank Kroie's ninth inning single with a runner on turned the trick for the Panthers.

By the same score Oklahoma City snapped a four-game losing streak against Galveston. Spectators saw another ninth-inning thriller in which the Indians, a run behind, got their bats working for the two necessary scores.

Dallas' inspired Steers, meeting with some success lately in their efforts to shake their cellar shackles, lost to San Antonio 2 to 1. The win put the Missions again into a tie with Fort Worth for fourth place.

Irv Stein kept Houston batsmen at arms length practically all evening, pitching five-hit ball to win 6 to 0. The Oilers jumped on the ordinarily effective fireball throwing of John Graczyk and took three unearned runs from Ira Smith.

Less shaggy, but equally effective, were Billy Myers' ninth inning single that drove in the run that gave Washington a 6-5 victory over the White Sox and Philadelphia Bill Werber's eighth inning double that brought in two runs and halted the Indians, 4-3.

Sports Roundup BY EDDIE BREITS

NEW YORK, July 28 (AP)—If they keep hustling, those smooth-stepping Boston Bees may grab themselves a first division berth. Like old King Levinski, Alice Marble, the American Tennis champion, says the London climate "got her." ... Levinski couldn't make up his mind between the weather or the tea—or was it beer? ... About the only guys you'll recognize on the 1938 Cardinals will be Joe Medwick and maybe Frankie Frisch. ... Archie San Romani, the Kansas miler, is off on the Queen Mary today to campaign in Europe. ... Sonja Henie the skate queen, went vacationing to Norway aboard the same boat.

The Giants have asked for waivers on George (Kiddo) David and pitcher Tom Baker. Terry had to do it to make room for Ben Cantwell, recalled from Jersey City, and Blonny Ryan. ... Davis is expected to wind up in Jersey City. ... but his stay in exile will be short. ... the Giants are high on him and he probably will be given the management of the next important farm they buy. ... don't know anybody who has come out in the last two years like Joe Louis. ... he used to live in a shell, but now he'll yell plumb across the room on the slightest provocation. ... there's a boy who's been smugly handled lately.

Over at Seabright, the California tennis delegation tells you the main reason Helen Wills Moody is after a divorce is because her husband sailed a boat too much. ... Tom Yawkey, who has decided to build a ball club the hard way—rebuild his Red Sox with farm hands—may begin collecting real dividends next year. ... Mel Ott's batting slump is so serious. Bill Terry is considering benching the youngest ten year man in the majors. Any pitcher who holds the Yankees hitless for five innings (like young Jake Wade of Detroit did yesterday) has plenty on the ball. ... his showing must have done the ailing Mickey Cochrane more good than a week in bed. ... Frank Shields, who hopes to be on the next Davis cup team, is sacrificing \$350 per week in movie pay to play at Seabright and show 'em he still knows how the game is played.

Fans Pick College Grid Eleven That Will Battle Pros

CHICAGO, July 28 (AP)—More than 5,000 fans, the Welsh challenger and Joe Louis were in their training camps at Long Branch and Pompton Lakes, N. J., today ready to get down to serious training for their heavyweight title bout in the Yankee Stadium, August 26.

Louis and Farr formally signed for the bout in the offices of the New York State Athletic commission yesterday.

CITY EMPLOYEES WILL PICNIC ON SATURDAY

Employees of the City of Pampa and their families will picnic on the Ledrick ranch on Saturday afternoon with lunch to be served at 5 o'clock.

YESTERDAY'S STARS

Red Rolfe and Red Ruffing, Yankees: Former's eleventh inning homer with man on whipped Tigers, 6-5; latter went route for thirteenth win. Red Lucas, Pirates: Held Phillies to six hits for 4-1 victory. Joe Medwick, Cardinals: Ninth inning homer gave St. Louis 9-8 triumph over Giants.

Frank Demaree, Cubs: Led ninth-inning attack with single and two doubles as Dodgers were beaten, 5-2. Bill Werber, Athletics: His double in eighth drove in two runs that whipped Indians, 4-2.

Lou Koupal, Browns, and Jimmy Foxx, Red Sox: Former scattered nine hits to check Sox, 6-5; latter had perfect day at bat with four bagger and pair of doubles. Les Grissom and Les Scarsella, Reds: Grissom fanned ten, gave up one walk and only four hits to halt Bees, 3-2. Letter's ninth inning homer on man on provided winning margin.

Billy Myers, Senators: singled in ninth to drive in run that beat White Sox, 6-5.

Amarillo And Canadian To Open Softball Meet

Rajah Grins and Bears It

Rogers Hornsby, ousted as manager of the St. Louis Browns, hardly looks like a distressed member of the army of unemployed as he reads the funny papers with his 12-year-old son Billy, at his St. Louis home. Perhaps it was a relief being fired as manager of a seventh-place ball club. And then again the former great slugger was given between \$7500 and \$10,000 for his contract which had two years to run.

Play in the Panhandle district softball tournament to decide the team to compete in the state meet. Overton, will begin Thursday night here with 25 teams entered. Four games will be played each night, two at Recreational park diamond and two at Road Runner park. Admission will be 10 and 15 cents.

Pairings and location of games have been prepared by Commissioner Jack Kretzinger who will be in command of the tournament. Double elimination play will be featured with winner playing winner and loser meeting loser.

Schedule of first round of play, with the first game scheduled for 8:15 o'clock at each park, follows:

- July 29, Road Runner park: Panhandle Laundry, Amarillo, vs Canadian.
- Cities Service, Pampa, vs Clabby Dusters, Pampa.
- July 29, Recreational park: King Oil, Pampa, vs Gerhart Creamery, Pampa.
- Texaco Firechiefs, Amarillo, vs Universal Oilers, Panhandle.
- July 30, Road Runner Park: Leftovers, Pampa, vs Texas Co., Pampa.
- Dandiger, Pampa, vs Gulf, Borger.
- July 30, Recreational Park: Shamrock Oil, LeFors, vs Colteco "A" LeFors.
- Harris Food, Pampa, vs Skelly Oil, Skellytown.
- July 31, Road Runner Park: Phillips, Pampa, vs Stanolind, Pampa.
- Colteco "B" LeFors, vs Smith Bros Refinery, McLean.
- July 31, Recreational Park: Taylor Grocery, Amarillo, vs Rig Service Stn., Borger.
- Bordens' Creamery, Amarillo, vs Jaycee Juniors, Pampa.
- x-Roberts-Owner of Amarillo draws bye. Winner Panhandle Laundry-Canadian game draws bye in second round.

Lubbock Hubbers Take Tournament

LUBBOCK, July 28 (AP)—The Lubbock Hubbers overcame the best resistance of seven rivals in the annual Avalanche-Journal invitation baseball tournament and today had the championship safely in their hands.

The hometowners split a double-header yesterday with the Amarillo Oilers of Hobbs, N. M., to win the title. The new Mexicans won the first game, 10 to 3, but in the title clincher the Lubbock team came from behind twice to win 8 to 4. The tournament, which lasted 10 days, brought together eight picked teams.

Influence Of Garner Big Factor In Death Of Court Re-Vamping

By RODNEY DUTCHER
Pampa Daily News Washington Correspondent

WASHINGTON, July 28.—This isn't the entire secret history of the complete collapse of the Roosevelt Supreme Court plan. But it's an essential part of it.

The inside story begins with Attorney General Homer S. Cummings. It was he who sold the spectacular plan to Roosevelt and persuaded Roosevelt it should be kept secret until popped, lest the sensational story be leaked.

The original draft of the Roosevelt message to Congress on the plan was written by Cummings and Donald Richberg. Cummings had the bill written by a brilliant young lawyer who has been identified to your correspondent under other oaths of secrecy.

The Department of Justice had charge of liaison work with Congress on the bill, the job being assigned to Assistant Attorney General Joe Keenan, who had to work with the late Senate Leader Joe Robinson.

Robinson was dying. For four months he was on a buttermilk diet and often in agony. He wasn't enthusiastic about the bill, and was wounded because he hadn't been consulted. In 15 years he had built up a personal organization, carrying all his trades, debts and other data in his head. Other leaders didn't fight for the court plan because of apathy or because Joe insisted on doing the job himself.

Administration Handicapped
Senators had no one to talk to because Joe was ill so much of the time. The opposition was well-financed, backed by a great propaganda effort and aided by such shrewd old heads as Borah and Hiram Johnson.

The administration unable to use party funds or in most cases—party machinery, kept up its end with Roosevelt's radio speeches, efforts of cabinet members and behind-the-scenes efforts, although Judiciary Chairman Ashurst's "all or nothing" attitude grated on many nerves. The sit-down strikes and the wage-hour bill helped the opposition gain recruits, but the administration was doing fairly well until Justice Van Devanter's resignation.

After the court's favorable Wagner act and Social Security decisions, many advisers urged Roosevelt to put the court fight off to the end of the session and hold it as a Damoclean sword. They argued he had achieved his chief aim—liberalized decisions. After Van Devanter's resignation the pressure for holding the fight off and keeping the bill buried in committee became terrific.

Robinson's Handicap
But the Van Devanter resignation brought up Robinson's name and demand for his appointment to the court—a longtime ambition with Joe—from all but the progressives. Roosevelt implied to Robinson that he couldn't put him in the court without adding a couple of liberals at the same time. Joe and many of his friends insisted on action.

And perhaps the high point of this story is the fact that about two months ago it would have been easy to pass a compromise bill adding one more judicial circuit to the nine now existing making an 11 justice court, having

Roosevelt he would get the best possible compromise if authorized to deal with the Senate. He also asked Roosevelt if he still felt the same way about organized labor, relief expenditures and the wage-hour bill, and Roosevelt said he did.

Some here regard this as a demand for a price. At any rate, Garner won no compromise but only a complete removal of all portions of the bill affecting the Supreme Court. Later the "Communist Oath" went to Garner and announced its position. Some of these senators reported later that he seemed well satisfied and wanted only to keep the party intact.

Garner Gives In
Then all of a sudden you heard that Garner had told Senator Wheeler and the opposition to draft their own bill. Senator Barkley, the new party leader, went before the hostile Judiciary committee with Garner, and got much less than he expected.

Garner had command of the show and it was obvious to everyone that he was working for something which would satisfy more opposition senators than administration senators.

Other incidents helped smash the court bill, notably Governor Lehman's well-timed letter. But this is the best available story now of the great court bill struggle ended almost overnight. (Copyright, 1937, NEA Service, Inc.)

Chapter XII Tuesday: "Morning, girls," Cal said when he came into the kitchen this morning, and I knew by the deliberate way he started to shove tobacco into his mouth that he had news for us. "Guess everyone will be happy now around the lake. . . . The Township Committee announces that Serene Shores will be closed. . . . Seth Bradshaw found out that there was some crooked work over that deal, and he's got his property back; but he's giving it to the Township for the benefit of all his old neighbors and friends."

LEADERS ASK ADJOURNMENT BY AUGUST 14

WASHINGTON, July 28 (AP)—Democratic leaders, fighting increased demands for early adjournment of congress, were endeavoring today to hold it in session long enough to enact the major parts of the administration program.

They received support from a group of first year Democratic senators, who told majority leader Barkley at a dinner last night they opposed delaying important bills until next year.

Completion of a substitute court bill, however, added to the pressure for a quick wind-up at least by Aug. 14.

In an effort to compromise the demands for further legislation on the one hand and for early adjournment of the other, Barkley threatened to lengthen the daily senate session.

He hinted that if the wage and hour bill was not passed today, he would call the senate into session at 11 a. m. tomorrow, instead of the customary noon.

Administration efforts of the present were directed toward passing the court bill and the wage-hour legislation.

The new court bill reached the senate after unanimous approval by the same judiciary committee which condemned the original Roosevelt bill.

Continued to non-controversial procedure changes in the lower courts, it was expected to go quickly through the senate.

Housing legislation still was regarded as a possibility by many senators. Barring White House insistence, they were counting on dropping the controversial farm and government reorganization bills.

Some members of both houses still were insisting, however, on consideration of the ever-normal granary bill before adjournment.

Policemen were stationed on the roofs of several of Belfast's centrally located buildings to keep close guard on the throng watching the royal procession.

The border outrages were believed to have been executed to keep out the influx of thousands of persons loyal to the crown who came from the Free State yesterday and today.

Railway officials hastily dispatched crews to inspect all bridges in the border area, fearful that other mines might have been laid.

Telegraph communication between northern Ireland and the Free State was severed by the bridge blast.

The border situation was regarded as tense since authorities feared reprisals might follow the outrages.

Strict Precautions Taken
Police combed the region in an intense hunt for the terrorists. Four men were arrested at Amagh. They were armed with revolvers and had rifles strapped to their bicycles.

Strong wooden barriers and thousands of police standing shoulder to shoulder walled the 12-mile route of the procession of King George and Queen Elizabeth through the city.

Airplanes were forbidden to fly anywhere near the procession and newspaper cameramen were informed they might not approach within 30 feet of the royal pair.

representatives, interrupted a session of parliament to declare Japan's intention to take forceful action. The legislators then unanimously approved a \$30,000,000 war appropriation.

A spokesman for the Chinese central government at Nanking declared a formal declaration of war "is impossible since the Kellogg pact."

"But," he declared, "actual hostilities will be on a major scale and encompass all of China."

The fighting, intermittent since July 7 in the contest between China and Japan for economic domination of the Hopeh-Chahar provinces, burst into major scale warfare when the Chinese troops ignored two Japanese ultimatums. Instead of evacuating Peiping and its suburbs they entrenched themselves and criss-crossed the city with formidable barricades.

The battle actually was a series of isolated engagements. Japanese attempts to encircle the city. Other clashes occurred at Tungchow, 12 miles to the east, Huayin to the north and Wangpingien, a western suburb.

The Chinese claimed capture of several villages and considerable Japanese war material. Japanese admitted loss of one bomber of a squadron of 45. They said it was forced down in a hail storm.

Chinese dispatches said an American soldier was wounded in a cross-fire between Japanese and Chinese troops in Peiping.

Joseph C. Grew, United States ambassador to Japan, urged at Tokyo that the conflict be prevented from spreading. A Domei (Japanese) news agency report said a joint American, British, French and Italian appeal had been made to the Japanese embassy in Peiping that the legation quarter be excluded from the war zone.

Kidnap and murder have been suggested as solutions of the case.

PERADES SAYS RULING ON FILIPINOS UNJUST

WASHINGTON, July 28 (AP)—Resident Commissioner Quintin Paredes of the Philippines said today Attorney General Cummings' ruling that Filipinos are aliens so far as Works Progress employment is concerned "creates a night mare of a situation and brings home emphatically the precarious status of my countrymen in the United States."

Paredes said he saw in the rule "the beginning of more and more discrimination" against Filipinos in this country.

"Under the terms of the Attorney General's report, Filipinos are not American citizens, nor are they aliens; they are just called nationals," Paredes said in a statement.

"They owe allegiance to the United States but are not entitled to the same benefits accorded under the American flag to any other persons bound by oath of allegiance."

Market Briefs

NEW YORK, July 28 (AP)—Caught in cross currents of selling, the stock market yielded fractions to one or more points today.

U. S. Steel, the pace-setter in the rally, General Motors also turned in a heavy-footed performance falling more than a point.

Earnings reports of both companies, issued after yesterday's close, provided the key to action of the shares, brokers said. Some said offerings of steel reflected a disappointing market. No action was taken by directors on the common. Others attributed the recession to "selling on favorable news." The corporation's second quarter net was best since 1929.

Failure of General Motors to report a gain in earnings despite increased business brought selling to this issue, it was said.

For a time around mid-day aviation and metal shares found friends but later they were left to shift for themselves. Transactions approximated 900,000 shares.

NEW YORK CURE

CHICAGO, July 28 (AP)—With considerable developments in the far east, wheat prices listed today showed a maximum advance of 1/4 cent a bushel.

A majority of wheat handlers, however, indicated that there had been relatively little new export business in North American wheat today, for the time being.

European apparently refused to follow price upturns, and bulges in value applied chiefly to July contracts in which speculative dealings ended today.

At the close, wheat was unchanged to 1/4 cent higher, July 1.24-1.26 1/2; Sept. 1.19 1/2; Dec. 1.20 1/4; corn 2 1/2 off to 1 1/2; soy 97 1/2; Dec 72, and oats at 3/4 down to 3/4.

NEW ORLEANS COTTON
NEW ORLEANS, July 28 (AP)—After selling off a few points additional during the morning the market rallied strongly covering and some trade buying and near mid-session active positions were selling at 7 1/2 points net lower.

Oct. recovered from 10.95 to 11.08, while Dec. rallied to 11.74, compared to an earlier low of 10.95. Other positions were inactive.

The weekly summary was extremely favorable saying the crop made good progress in practically all sections. The weather during the week, the report said, was conducive to reduction of weevil activity.

Sports Promoter's Neck Broken in Car Wreck at Ardmore
ARDMORE, Okla., July 28 (AP)—G. M. Byerly, well known Oklahoma City sports promoter, suffered a broken neck when an automobile overturned six miles south of Marietta early today.

Dr. Walter Hardy, Ardmore physician, said both of Byerly's hands were paralyzed. He gave the sports promoter a slight chance to recover.

T. G. Wolfe, Oklahoma City Byerly's companion, escaped injury. He said he and Byerly were returning from a business trip to Dallas. He said the automobile was forced off the highway by a truck.

The average incomes of all employees in the United States, including work relief employees and unpaid family farm workers, dropped 25 per cent from 1929 to 1933 and increased 15 per cent from 1933 to 1936.

WARRIOR TO REPLACE WOMAN IN 'CAVALCADE'

DALLAS, July 28 (AP)—Sex appeal was running a bad second to history today at the Pan American Exposition "Cavalcade of the Americas."

Not a young woman garbed only in a feather mantle, but an historically-authentic warrior will play the sacrificial victim in one of the pageant's scenes depicting an Aztec ceremonial. The decision to displace the maiden with the warrior was triumph for Mexican Consul Adolfo G. Dominguez, who vigorously protested use of the girl was an injustice to his country. Dominguez came out winner last night.

Director General Frank McNeny reluctantly backedtracked on his flat refusal to take the girl out of the show.

Dominguez, who had more enthusiasm for what he said was the true history, carried his case to Exposition directors.

The about-face of the exposition was based on an agreement Dominguez said was signed before the show opened, stipulating nothing in the pageant should be distasteful to Mexican sentiments.

Maestro Declares Dates and Ballet Dances Don't Mix
HOLLYWOOD, July 28 (AP)—The love bug and George Balanchine, dance maestro, are enemies in Hollywood. And there are 18 reasons why.

In Balanchine's ballet, which he brought here from New York the other day, are 18 girls. Because he wants to take them back fancy free, he has declared war on romance.

One "date" a week—and that on Saturday night—is allowed the twinkle-toed ballerinas. Penalty for infraction is extra hours of rehearsal.

"Dates and dancing don't go together," Balanchine said. "A girl who makes the round of the night clubs is too apt to leave her best steps on the ballroom floor."

The girls declined to be quoted on the subject.

Baker and Woodrow Wilson in Finals Of Kid Golf Meet
Baker school's kid golf team can win the Summer Recreational program "brass belt" golf tournament tomorrow afternoon when they tee off against Woodrow Wilson at 1:30 o'clock on the Woodrow Wilson course.

The Baker entry holds two wins over Woodrow Wilson against two ties, both on the Woodrow Wilson home course. Baker won a 6 to 0 decision on their home grounds yesterday afternoon.

Fourteen youngsters will tee off on the final round of play, seven from each school.

Wilmer Postma and Gene Seastrand are now making plans to sponsor a junior golf tournament.

Size of Refinery Crude Stocks in Texas Is Sought
AUSTIN, July 28 (AP)—The Railroad Commission hopes to get firsthand information at its next statewide prorotation hearing August 19 on the size of crude stocks at refineries using Texas oil.

Refiners will be asked to testify regarding the amount of working stocks they consider ample for sustained operation and whether they have that large a supply.

"It is the intention of the commission to see to it," said chairman C. V. Terrell, "that plenty of crude is allowed to be produced so that refineries within our state and those outside of the state using Texas crude will not be cramped in their operations due to shortage of crude."
