

Treasurer Of Anti-Smith Democrats Declines to Talk

SHERIFFS ARE ACCUSED

WOMAN FOR SECOND TIME STAYS SILENT

Senate Committee Unable to Secure Answers Today From Miss Burroughs—Reads Statement.

CANNON IS ISSUE

Bishop Contends Organization to Be Only Statewide and Therefore Beyond Reach of Probe.

WASHINGTON, Aug. 28. (AP)—Miss Ada L. Burroughs of Richmond, treasurer of the anti-Smith Democratic organization headed by Bishop James Cannon Jr., in 1928, today declined for a second time to answer questions before the senate campaign funds committee.

As she went on the stand Miss Burroughs said in a mild voice she had a statement to read. She asked photographers not to take her picture and that was ordered by Chairman Nye.

In her prepared statement Miss Burroughs said "None of the books, accounts, checks, or other documents, called for by the committee's subpoena are now in my possession."

It was Miss Burroughs to whom Bishop Cannon in a London statement last night said he had turned over some of the funds withdrawn by him from political accounts in several banks in 1928.

Decline to Answer
"I decline to answer," Miss Burroughs said when Nye called her attention to the recent order of the District of Columbia supreme court refusing to grant Bishop Cannon a writ of prohibition against the committee continuing its inquiry into his political activities.

Senator Nye reminded Miss Burroughs that "You have given some testimony in your prepared statement."

Senator Wagner, Democrat, New York, then asked her who were the other officers of the anti-Smith organization.

"I decline to give any testimony," she replied.

"Is that a secret?" asked Wagner. There was no answer.

Wagner asked other questions and finally got the witness to say she was a member of the Methodist church.

"You don't want to answer any questions dealing with Bishop Cannon's handling of money; then I would like to ask you if you were treasurer of the Anti-Smith committee," Wagner pursued.

"I decline to testify," she replied. "That is a matter of record," reminded Wagner.

"Yes, it is a matter of record." "Who advised you not to testify?" Wagner inquired.

"I decline to say."

Cannon's Son Present
David Cannon, a son of the bishop, and attorneys for Cannon sat near the witness stand.

Committee members gave no indication what action, if any, they would take in view of Miss Burroughs' second refusal to testify.

The respected Richmond woman read her statement in a mild tone, punctuating only slightly to emphasize her reasons for not replying to questions.

Word H. Wood, president of the American Trust company of Charlotte, N. C., followed her on the stand. He said as a member of the Anti-Smith committee of 5,000 from the headquarters committee of the Anti-Smith Democrats. He did not recall, however, who, if any person, signed the check.

Bishop Cannon contends the committee he headed in Virginia was only statewide and therefore not under jurisdiction of the senate. At the outset of today's hearing Chairman Nye observed from records that the organization appeared to be general throughout southeastern states.

From the way those women led the men in that cross-country airplane race, even the sky isn't the limit.

Sports Fans Are Boosters Of NEWS-POST

The sports season is here, football is in the air and baseball interest is keen. That means increased interest in sports pages of THE NEWS and THE POST. Local sports fans look to these newspapers exclusively for fast and complete news. Sports writers of THE NEWS-POST staff are always in evidence wherever fans are gathered. And the fans are always in the newspaper office after the games.

The incomparable Associated Press sports staff of hundreds of writers gives the world service of these newspapers. The way for advertisers and writers to reach the fans is through the columns of THE NEWS and THE POST. This is another reason why these newspapers are—
"FIRST IN PAMPA"

Local Men Encourage Steps to Pave U. S. Highway 60, Which Would Bring Transcontinental Traffic This Way

Co-Ed Politician

Most girls have to ask their parents' advice about important matters but Miss Broom, above, co-daughter of Stewart C. Broom, clerk of the Mississippi supreme court, manages her dad's affairs. At any rate, she took charge of his campaign to succeed himself in the state primary and made political speeches like a veteran.

CALICHE MAY BE ROAD BASE

Natural Material Available in Central Portion of Gray County.

County commissioners have not officially decided what type of paving will be used on the McLean-LeFors road, although a proposal to use caliche has been suggested and discussed numerous times by members of the court.

Caliche beds in Gray county are located between Alameda and McLean. This natural paving material will be used on 17.6 miles of U. S. highway 66 in Gray county. The contractors, Coke & Braden of Marshall are moving in equipment and work is expected to begin soon.

Grading and draining on the McLean-LeFors road is due to start within a few days.

The first mile of paving on the Berger road was opened to traffic yesterday. A half-mile of unpaved road lies between the construction gang and the Carson county line.

Woman Confesses Hot Check Plan

LOS ANGELES, Aug. 28. (AP)—A confessed 12-year career of bad check transactions and sumptuous living from New York to San Francisco was ended today in the county jail here for Roberta Venida Hall, 45, well dressed, dignified woman, who said she is a writer and widow of a former diplomatic attaché.

She was held in \$4,000 bail for investigation as the result of her arrest and her story yesterday at Ventura. She was taken into custody there on a charge of giving a \$60 worthless check.

At Ventura, Assistant District Attorney Don Holt said the woman told him that her husband, Stephen Gansan, formerly in government service in the Philippines, died in New York last January.

Three Chicago Theaters Bombed

CHICAGO, Aug. 28. (AP)—Three theaters, whose owners recently substituted eastern motion picture operators for those of the local union, were bombed shortly after midnight today.

One of the bombs exploded at the rear of the Ridge theater and caused slight injuries to two small children who were thrown from their beds in a 15-apartment building across the alley. The manager of the theater, Harold L. Lasker, estimated the damage at \$2,000, saying a delicate sound machine near the stage had been damaged.

At the second theater, the Olympia, on the south side, more than a dozen windows were broken in the adjacent University of Chicago settlement house, showering sleeping occupants with shattered glass.

The third house was the Ray theater, where damage to the sound equipment on the stage and to the interior of the auditorium was estimated at \$3,000 by the proprietor.

Only Two Counties in Texas Backward in Project

Geo. W. Briggs and F. P. Reid returned yesterday from a trip to New Mexico and Western Panhandle counties in the interest of U. S. No. 60. They accompanied W. W. Chilton, manager of the highway division of the Amarillo chamber of commerce. Mr. Chilton is a vice-president of the Highway 60 association; Mr. Briggs is secretary, and Mr. Reid a director.

The party visited Higgins, Monday, and on Tuesday drove to Farwell in Parmer county. They visited several towns in New Mexico along the road, planning to return to Pampa Wednesday, but a bearing in Chilton's automobile burnt out and they were delayed a day in returning.

Deaf Smith and Parmer counties are the only counties in Texas that have not made provision for hard-surfacing the road. Judge Hamilton, a pioneer citizen of Farwell and manager of the XIT ranch interests assured the visitors that he had retired from activity in public life except one—he declared he had "set his heart on paving highway No. 60."

This road extends from Norfolk Va. to Los Angeles, Calif. and is the shortest all-weather highway from coast to coast. Its sponsors feel assured that it will be one of the first transcontinental roads to be paved, and therefore the most popular route. Its route through Gray county will be over highway No. 33.

Field men of the commission have been called in to participate in the conferences on the new order.

The commission today had received another recommendation for allowable production of C. V. Milliken, geologist of the Amerada Petroleum corporation, recommended that production be limited to 225,000 barrels daily. Milliken said this figure would maintain reservoir pressure and double the ultimate recovery of oil from the field.

Objection to questions dealing with economic waste was made when Milliken was asked by U. M. Simon, Fort Worth attorney, if it would not be more expensive to spread the oil in a short time. The commission sustained the objection to the questions.

The new conservation statute specifically prohibits consideration by the commission of anything except physical waste.

The commission will have a wide range of allowable to choose from, the recommendations ranging from 225,000 to 600,000. Generally accepted figures placed the production of the field immediately prior to martial law shutdown at between 750,000 and 800,000 with some estimates as high as 1,400,000 barrels daily.

The consensus among oil men at the hearing was that the commission would provide for an allowable of between 225,000 and 275,000 barrels. It also was believed likely the order of the commission would be substituted by Gov. R. S. Sterling for his martial law proclamation providing for complete shutdown of the field and national guardsmen would be used to aid the commission to enforce its regulations.

Must Modify Order
Martial law must be lifted or modified before the order can be placed in operation.

Should the order be substituted by the governor, the field still would be under troop control and complainants against the order would have no effective recourse in the courts.

Milliken recommended the allowable be distributed on an acreage basis or on both an acreage and well potential.

Anti-prorationists have vigorously contested an allowable for the field, contending the commission will be forced to deal with physical waste in each well. They have argued that the order would be placed in operation.

Should the order be substituted by the governor, the field still would be under troop control and complainants against the order would have no effective recourse in the courts.

Oil Hearing Near End

ALLOWABLE IS TO BE FIXED ON SATURDAY

Probable Figure Is 250,000 Barrels Daily; Martial Law Enforcement May Be Attempted.

CONTEST IS SURE

Anti-Prorationists Contend for Checking of Waste on Well Basis; Price Basis Is Prohibited.

AUSTIN, Aug. 28. (AP)—The Texas railroad commission today neared the end of its long hearing on the East Texas oil field. It was believed introduction of testimony relative to physical waste in the giant pool and the methods to prevent it would be concluded late today. The hearing started Tuesday.

Members of the commission said conferences on the new order governing production in the field would be started immediately. They hoped to have the order prepared tomorrow so it could be made effective Tuesday.

Field men of the commission have been called in to participate in the conferences on the new order.

The commission today had received another recommendation for allowable production of C. V. Milliken, geologist of the Amerada Petroleum corporation, recommended that production be limited to 225,000 barrels daily. Milliken said this figure would maintain reservoir pressure and double the ultimate recovery of oil from the field.

Objection to questions dealing with economic waste was made when Milliken was asked by U. M. Simon, Fort Worth attorney, if it would not be more expensive to spread the oil in a short time. The commission sustained the objection to the questions.

The new conservation statute specifically prohibits consideration by the commission of anything except physical waste.

Pampa Daily News

Official Newspaper of PAMPA—City of Oil, Wheat, Fine Homes

PAMPA, GRAY COUNTY, TEXAS, FRIDAY EVENING, AUGUST 28, 1931.

Transients to Get No Work

Bloodstained Clothing of Woman Found in Garage of Charged Man

CLARKSBURG, W. Va., Aug. 26. (AP)—Police said today they had found bloodstained clothing of a woman in a garage built at a village near here by Cornelius O. Pierson, who is being held in connection with the disappearance of Mrs. Asta Buck earlier, and her 3 children from their home at Park Ridge, Ill.

The police also said there were letters written to the woman and photographs in the garage.

Pierson built the garage a few months ago, authorities said. Pierson was in the Clarksburg jail following his arrest yesterday. Park Ridge authorities have warrants and kidnapping in connection with the disappearance of the woman, a widow, and her children.

The officers did not disclose the evidence on which they based the charge.

The interior of the garage was spattered with blood, authorities said, and they found suits of women and children's clothing in the garage.

Police said all the clothing in the suitcases was stained with blood. They said they also found letters to Pierson from women in various parts of the country.

Four local men, were hired this morning by Roberts & Roberts, contractors who are establishing a railroad construction camp five miles southeast of Pampa. Others will be hired before work is begun. Clyde Garner, employment agent of the Welfare Board, said. The contractors brought two expert tractor men with them to direct operation of crawler-type tractors. About a dozen men will be hired locally to operate tractors and steam shovels at this camp, it was said. Roberts employees are due to begin work Monday.

John McKnight, who has a contract to grade four miles of the road bed southeast of Pampa will not begin work until right-of-way is secured. His outfit will comprise about 30 teams and drivers.

Mr. Garner emphasized today that transients will not be hired on the projects. Workmen were advised today to leave town if they are relying upon the railway projects for employment. All workmen approved by the Welfare Board must be citizens of Pampa. Also, the Board will not issue any provisions, such as food and clothing, to transients. The Board, conforming to a custom followed by welfare organizations throughout the nation, must refuse aid to transients, and urges them to return to their last place of residence.

CHICAGO GRAND JURY FINDS NO POLICE GRAFT
CHICAGO, Aug. 28. (AP)—A special grand jury which spent eight months and \$50,000 to investigate charges of police graft and alliances of politics with crime reported today it had found irregularities only in few instances but was unable to return indictments because there was not sufficient evidence to prosecute the men.

Its conclusion was that there was little graft in the police department and its existence could be traced directly to the enactment of the national prohibition law and nothing, in our opinion, would go so far in raising the standards of the police department as would the repeal or modification of the prohibition law.

The first of the five recommendations made by the grand jury urged discontinuation of the special grand jury system, except in cases of dire emergency, as "uneconomic, unscientific, archaic and utterly futile."

Building Destroyed In Shawnee Blast
SHAWNEE, Okla., Aug. 28. (AP)—Damage estimated at \$100,000 was caused by an explosion and fire of undetermined origin here late last night.

A two-story store and hotel building, the latter vacant by fire that followed the blast.

The explosion, apparently caused by accumulated gas, demolished the interior of a jewelry store.

NEW YORK Broker Reports He Was Kidnaped and Held Two Weeks
NEW YORK, Aug. 28. (AP)—Charles M. Rosenthal, the 24-year-old broker of Lawrence, L. I., for whose return kidnappers demanded \$100,000 following his disappearance Aug. 11, paid \$50,000 for his release early this morning, police said today.

NEW YORK, Aug. 28. (AP)—Unkept and unshaved, Charles Rosenthal, youthful broker and heir to a large estate, appeared at a police station in the Bronx today and said he was kidnaped, blindfolded and held prisoner in a New York apartment for more than two weeks.

He said he was released today by his captors, who tossed him unceremoniously out of an automobile in the Bronx, then sped away.

During his absence his friend and attorney, Edward Nathan, announced he had received letters demanding \$100,000 ransom. Traps were set for the kidnapers, but they failed. Efforts by relatives to communicate with the missing 24-year-old broker's captors through the "agony" columns of newspapers also were without result.

Rosenthal, who lives in Lawrence, L. I., said that on Aug. 11 he took a young woman to a midtown restaurant for dinner, then entered a taxicab with her, driving toward the Bronx. They were stopped by three dark men in another car, who overpowered the broker, blindfolded him and took him to a flat he believes is in Manhattan. He was not injured.

Later detectives said his story indicated the young woman was used as a decoy.

FEE CLAIMS ARE INVOLVED IN COMPLAINT

Charges Are in Same Case as That in Which Judge Price Awaits Trial Before Senate.

EXCESSES CITED

One Account Shows Travel of 4,800 Miles in 2 Days; State Alleges Officer Paid \$1,551 in Error.

AUSTIN, Aug. 28. (AP)—Three sheriffs in the twenty-first judicial district were charged with felonies in complaints filed in justice court here today.

The complaints were filed by T. M. Markham, assistant state auditor, against the sheriffs of Lee, Burleson and Bastrop counties.

They charged the sheriffs "unlawfully, extorsively, and wilfully demanded and received from the state of Texas higher fees than are allowed by law."

Several hundred dollars in alleged excessive mileage fees were involved in the complaints.

The sheriffs named were: Woody Townsend of Bastrop county; Clint D. Lewis of Burleson county, and J. J. Burtshell of Lee county.

One complaint was filed against Townsend; five against Lewis and two against Burtshell.

The excessive fees were alleged to have been charged for mileage for the arrest and return of prisoners and for subpoenaing witnesses in felony cases.

Judge also Charged
Articles of impeachment have been voted against J. B. Price of Bastrop, judge of the twenty-first judicial court, charging him with negligence and incompetency and with having unlawfully approved the accounts of the sheriffs for fees in mileage. Price will be tried on the articles of impeachment next month by the senate and if convicted will be removed from office. Pending termination of the trial he has been temporarily suspended from the bench.

The allegedly excessive and extorsive accounts of the three sheriffs were read into the record during the investigation of Judge Price by the house.

Trial in October
The evidence will be presented to a Travis county grand jury at the start of the October term of court there in charge of the case said.

Charges against both Judge Price and the sheriffs follow investigation into the fee system and fee accounts of district and county officials by a special legislative investigating committee assisted by the state auditor.

A special grand jury was convened in June to hear the evidence involved in the Price case, but the jury was dismissed when it was discovered it was the impaneled improperly.

Some Fast Traveling
The articles of impeachment against Judge Price charge he approved an account of Sheriff Lewis for the May, 1930, term of court claiming fees for 4,800 miles of travel in two days. The state alleged the claim was \$1,551 too high.

Judge Price was charged with approving an account of Sheriff Burtshell claiming fees for 18,918 miles of travel in 11 days.

Townsend read into the record claimed mileage for duplicate subpoena of witnesses, the account totaling \$2,397.70 in a case against one defendant, carried through four terms of court.

The trial of Judge Price by the senate has been tentatively set for Sept. 7.

GOVERNMENT PURCHASES PLANES AND EQUIPMENT

WASHINGTON, Aug. 28. (AP)—The approval of contracts for 71 airplanes and 92 engines and other equipment at a cost of \$2,571,787.77.

The aircraft, for which the contracts were distributed among five aircraft and engine manufacturers, include six observation airplanes, 8 amphibians, four transport airplanes, and 46 pursuit planes.

In addition, spare parts, engineering data and other accessories are called for.

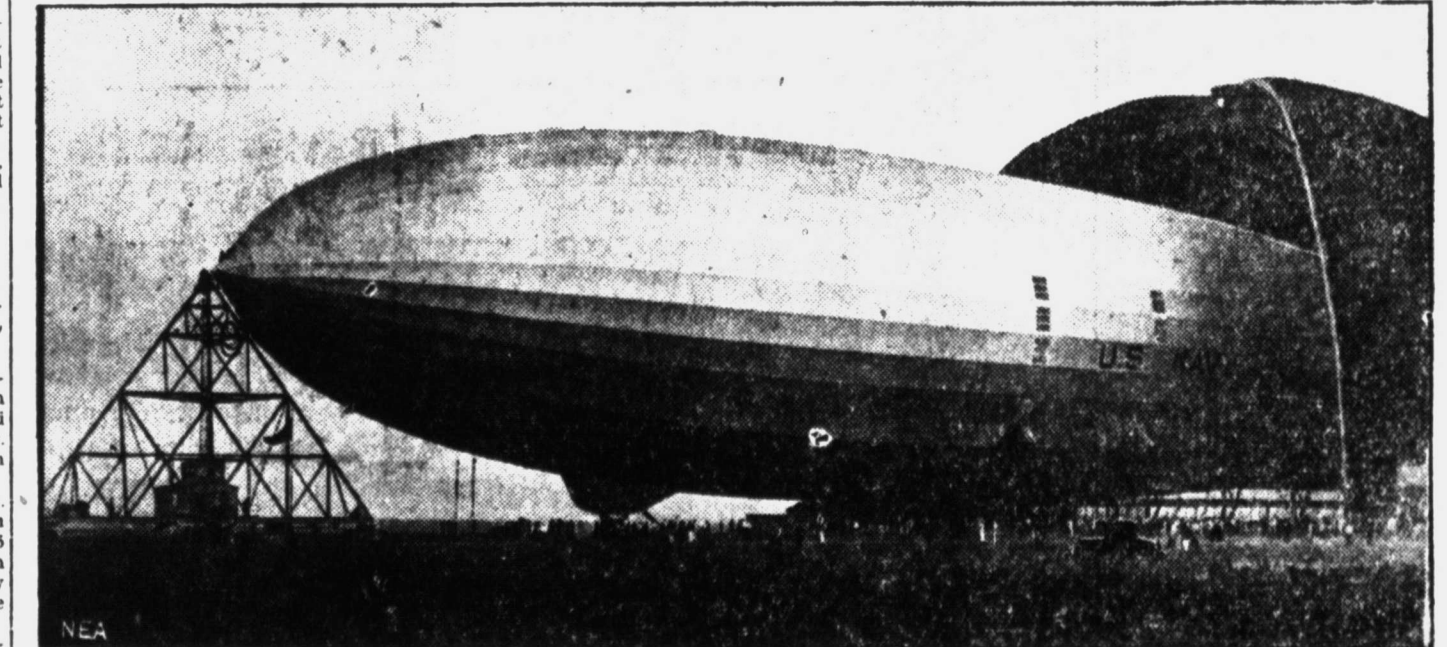

THE WEATHER

WEST TEXAS: Cloudy, probably local showers in south portion tonight and Saturday; cooler in north and west portions tonight and in southeast portion Saturday.

OKLAHOMA: Partly cloudy, cooler except in extreme northeast portion tonight; Saturday fair.

—AND A SMILE
NEW YORK. (AP)—Two fliers claiming a new altitude record are guests of the Latvian consulate. They were found perched on a balcony outside the 43rd story window of the consulate, taken in and fed bread crumbs. The previous altitude record for grass-hoppers in the city was held by one which landed on the eighth floor of the Empire State building.

"HELLO, WORLD!" SAYS NAVY'S NEW AKRON, BIGGEST DIRIGIBLE

Staffing for the first time the outside air which will carry it over the world's longest airship is shown above as it partly emerged from its giant dock at Akron, O., for its initial test. The ship was merely hoisted out for part of its length as practice for its ground crew of 250 men and ready for its formal launching and first flight early in September.

lands and oceans, the U. S. Navy's newly-completed Akron, world's longest airship, is shown above as it partly emerged from its giant dock at Akron, O., for its initial test. The ship was merely hoisted out for part of its length as practice for its ground crew of 250 men and ready for its formal launching and first flight early in September.

Wife of Elderly Minister Killed

BRYAN, Texas, Aug. 26. (AP)—Mrs. C. V. Oswalt, 67, wife of the Rev. C. V. Oswalt, supernumerated Methodist minister, was killed north of here last night when the car in which she was riding was side-swiped by a truck.

In the car with her were Dr. E. H. Brock, his wife and two-year-old son, Ernest Brock, and her brother-in-law, C. E. Oswalt of Lubbock, none of whom were seriously injured.

The party left Fort Worth Wednesday to visit relatives in Bryan.

Murray Names Preachers To Make Probe For Him

OKLAHOMA CITY, Aug. 26. (AP)—Pitching his response to criticism of his appointments and operation of state institutions, Gov. W. H. (Alfalfa Bill) Murray today had called into action a commission of 11 ministers from as many denominations to conduct an investigation.

The clergymen were named yesterday by Murray as an outgrowth of the bickering between himself and Mrs. Mable Bassett, Oklahoma commissioner of charities and corrections, over operation of the state institute for the feeble minded at Muskogee.

RECORDS OF COURTS

Suits filed recently in 114th and 31st district courts were as follows:

Emma Lea Gordon vs. Joe Gordon, divorce; Mrs. Nannie M. Colburn vs. A. B. Everheart et al. foreclosure; Realty Trust company vs. Scott Vincent et al. foreclosure on lot; Mrs. May F. Carr vs. Raymond N. Carr, divorce; Metropolitan Casualty Insurance company of New York vs. W. R. Brown to set aside award; W. R. Brown vs. Metropolitan Casualty Insurance company of New York to set aside award.

Hazel Mae Dupree vs. Audrey B. Ferguson, divorce; J. S. Morse vs. C. A. Lester et al. suit on note; P. E. Nelson vs. Lucy A. Nelson, divorce; Dobe Arlene Winters vs. P. L. Winters, divorce; Audrey Klein vs. Carl Klein, divorce and injunction.

Reward For Finding Of Boat Offered

DALLAS, Aug. 26. (AP)—Search for a boat in which Reuben D. Newton, 29, and Miss Marian Louise Craig, 17, lost their lives was spurred on today by a reward for its recovery.

White Rock lake boat owners yesterday posted a \$100 reward. They indicated the amount would be increased to \$500 for the conviction of any one responsible for the tragedy.

Newton and Miss Craig left a family picnic party at 7:45 p. m. Monday to go for a boat ride. At 11:30 p. m. the girl's body was found floating on the lake. Newton's body was recovered Wednesday afternoon.

Waterproof Shoes

WATERPROOF SHOES with art smart footwear in the latest mode is shown in the above picture taken at a recent style show and particularly of interest because the shoes are made without tacking or stitching the sole and the upper being permanently held together with adhesive making the shoe light, flexible and water proof.

The French colonial influence is shown in the two upper afternoon models and the exord at the bottom is in a new early fall style of Cafe Morocco with black patent piping and black lining.

The chic sandal at the top is designed to be on the mood of the new afternoon frocks which are displaying a tendency toward the pajama influence. It is of the bare-foot type with the stocking visible through slits clear to the toes.

Four Men Trapped By Forest Blaze

BOISE, Idaho, Aug. 26. (AP)—The death of four firefighters in the Lewis and Clark national forest caused volunteers and national guardmen to redouble efforts today to check the flames which have swept thousands of acres in the northwest.

The toll of lives this season mounted to 12 with the trapping of four of a party of five men by a circle of fire in the Montana preserve. The fate of the fifth man was not determined.

While warred workers carried the bodies across seven miles of rugged country to a road others threw up camps in front of flames advancing toward the Clark Fork river.

LEE BENTON HOME

Lee Benton, who has been working in Hensford, returned to Panama yesterday afternoon. He is the son of Mr. and Mrs. W. D. Benton.

MEET AT CHILDRESS

CHILDRESS, Aug. 26. (AP)—Farmers and cotton dealers will meet here Saturday to consider the proposal to prohibit cotton planting in 1932. The cotton crop has been damaged to a considerable extent in this section by heat and windstorms.

Plan Now to Attend the Gray County Fair on September 10, 11 and 12.

MURFEE'S, Inc.

Plan Now to Attend the Gray County Fair on September 10, 11 and 12.

You Will Profit By Visiting Murfee's Ready-to-wear Dep't Have You?

This department is brim full with dresses that were personally selected by our own buyers . . . we assure you that they are styled right and fashion-correct in every minute detail!

A Feature Group at . . . \$10.00

These dresses are featured in crepes, light weight woolens, travel prints in both suits and dresses.

California Frocks at . . . \$19.50

Blacks and browns are strong . . . utterly feminine, yet utterly simple. There's your eye view of the mode and that means an eye view of the new Fall frocks. Crepes, satin and travel prints in either one or two-piece styles.

College Princess Frocks . . \$29.50

In the Paris manner, frocks that will attend small Fall functions, knowing they are utterly fashionable and new . . . frocks inspired by Paris in favored colors . . . they are here awaiting your choice.

Leave It To The Women of This Community They Know Values . .

You bet they do . . . that's just the reason we've had such a good response in our piece goods department . . . they are alert to savings . . . women are thrift minded right now . . . and they know that quality merchandise at the present-low prices is a good investment.

Of course the men are buying too . . . but it's a safe bet the women are the cause of it.

Here Are Piece Goods Values That Merit Your Attention

Transparent Velvet

You can save on expensive velvets at Murfee's. Beautiful transparent black velvet, regular price is \$6.50 yard, Murfee's price is **\$4.50**

Travel Crepes

Beautiful rayon and wool travel crepes, 39 inches wide, rich new fall colors. Choose your now while stocks are complete. Per yard **\$1.59**

NEW WASH FABRICS

For the cutest school logs in many a season!

Soisette Prints yd. 29c

You mothers who like to sew for children will be delighted with these many different designs and fast colors. 36-inches wide, floral and novelty prints.

Dress Prints, yd. 19c

New fall fabrics, fast colors, laundry well. Plenty of patterns to make your selection practically unlimited.

Percale Prints, per yard 10c

You will be amazed when you see such striking patterns at this extremely low price. Our piece goods department is complete.

PRINCESS EUGENIE GOWNS AND PAJAMAS

Choice of tea rose or pink in beautiful crepe satins and crepes. Pajamas are made with wide legs, high fitting tie backs and lace trimmed. Gowns are fitted styles, lace trimmed and unusually long lengths. These were personally selected at the recent fashion shows in the Eastern markets.

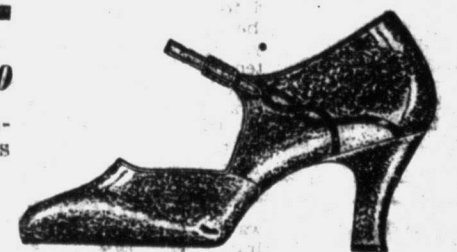

\$3.50 to \$10.00

You'll Enjoy Being Fitted In the New Fall Footwear at Murfee's Enlarged Shoe Department

We selected our shoes for the new season so that we can give every lady a correct-fitting whether you prefer a popular priced shoe or one of the more expensive.

Black Suede Strap . . . \$7.50

As pictured by Johnson-Stephen-Shinkle. Ring Lizzard Trim, Sizes 4 to 7 1/2, widths AA to B.

Black Suede Pump . . . \$7.50

As pictured by Johnson-Stephen-Shinkle. Sizes 3 1/2 to 8, widths AAA to B.

Brown Kid Oxford . . \$7.50

As pictured by Johnson-Stephen-Shinkle. Morocco trimmed. Sizes 4 to 7 1/2, widths AA to B.

(Others \$5 to \$10)

\$1.55

FEMININE FANCIES

Tired (as we may be of campaigns and drives, there comes one call which none of us can overlook.

There will be 50 of Pampa's young citizens unable to enter school Sept. 8 unless they are furnished clothing between now and that time, and, unless enthusiastic cooperation is received, the conditions will become worse with cold weather.

But we know that Pampans who were so quick to furnish food for the older boys at the football training camp will not fail to assist the little folks who will be kept out of school and remain hungry during the cold months without our aid.

The first step necessary is to provide immediate relief for the 50 boys and girls who otherwise will not be able to start to school at the fall opening.

If your children have clothing, they have outgrown or don't need, if your scrap bag can be converted into little garments, if you have any money to put into a cause where every penny counts, notify a member of the Parent-Teacher association council or leave articles at the office of the welfare association, city hall. Parent-Teacher association workers will collect the articles at the welfare room and will distribute them where they are needed most.

It will be a disgrace to the womanhood of Pampa if every child is not kept in school this year," declared Mrs. V. E. Fatheree, who served as president of the Parent-Teacher association council last year and who is the only life member of the P.-T. A. in Pampa.

Will Give Monthly If other Pampans will join me, I will gladly do what I can each month to offset the handicaps of the boys and girls," said Mrs. Fatheree.

Is Challenge The task undertaken by the P.-T. A. is a big one. The offer made by Mrs. Fatheree is a challenge to every Pampa who loves children or who is interested in the future of Pampa.

Some may not be able to give more than 10 cents a month, but that is more than enough to buy a quart of milk, some undernourished child. Others may give a dollar, \$10, or \$20 a month, and every dollar will help to keep some child in school, comfortable and happy.

MENU for the FAMILY

By SISTER MARY NEA Service Writer

Late August and early September bring lima beans in abundance to our markets. These beans are a heartier food than the green beans of summer, and, according to the manner of serving, add many calories to the diet. One-fourth cup-four level tablespoons served lightly seasoned with butter furnishes 100 calories of protein, fat and carbohydrates, while it takes one cup of string beans to furnish the same amount of food value. However, the vitamin content of green beans is higher than that of limas, for green beans are classed with the leafy vegetables.

There are several varieties of lima beans, tiny green ones, large green ones and large flat white ones, but they all must be gathered for immediate use before the milk becomes firm inside the tender shell-like covering. As the beans ripen, this covering grows hard and difficult to digest, and the creamy center becomes dry and unpalatable. No matter how long the beans are cooked, these conditions cannot be altered.

If lima beans have been allowed to become over-ripe before gathering, the best way to serve them is to rub them through a colander after cooking and use them in a puree of souffe. This removes the tough, indigestible covering, but of course does not restore the delicate flavor of the tender vegetable.

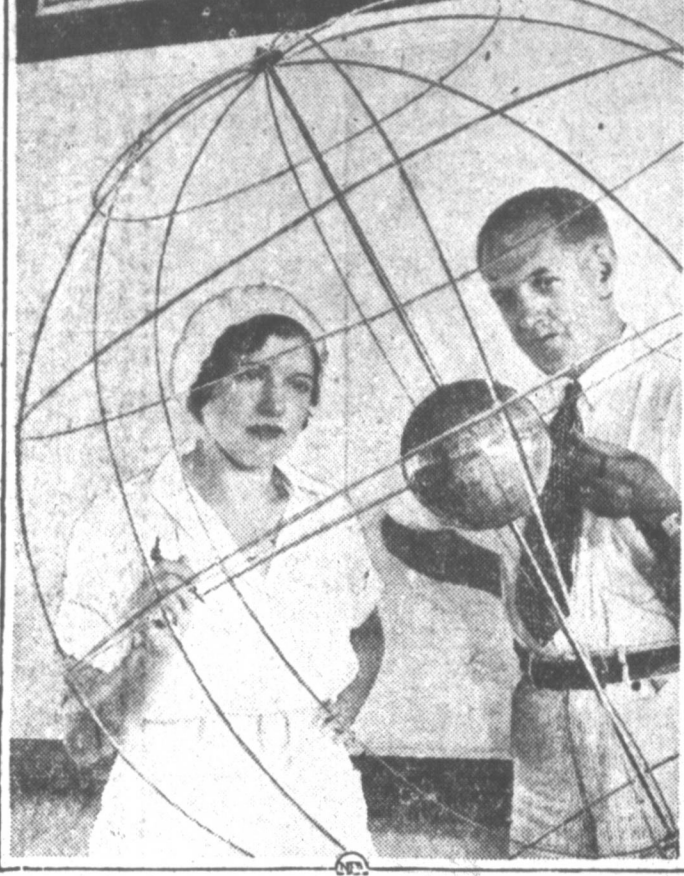

Seasoning Adds Fat Since beans are lacking in fat, this must be supplied in the seasoning. The most delicious way to serve lima beans is in pure cream. One-half cup cream seasoned with salt and pepper and added to two cups cooked beans makes the addition of butter unnecessary. Heat cream to scalding point after pouring over beans, but do not let boil. If cream is not at hand, a thin sauce the consistency of thick cream can be substituted. Two tablespoons butter, 1 teaspoon flour and 1-2 cup milk are the proportions to use for this sauce.

Cook limas in as little water as possible to prevent burning and evaporation. Let the water cook away or use it in the sauce. Remember to salt them when they are about half done. If you add salt when the beans are put on to cook, there's danger of toughening the covering, but they have a better flavor if the salt is cooked in. Allow 30 to 40 minutes for beans to cook and form the habit of shaking the pan in which they are cooking. The flatness of lima beans often causes them to stick to the bottom of the pan and scorch even when there is plenty of water over them. Shaking the pan prevents this without crushing the beans as stirring would.

Tomorrow's Menu Breakfast: Baked pears, cereal, cream, soft cooked eggs, crisp toast, milk, coffee. Luncheon: Open tomato and ham sandwiches, apple and cress salad, berry charlotte, milk, tea. Dinner: Country fried spring chicken, candied sweet potatoes, lima beans in cream, cabbage and green pepper salad, one-crust apple pie, milk, coffee. One pint of tender fresh shellfish

'ALL CHILDREN IN SCHOOL' WILL BE SLOGAN

Girl Prepares for Pacific Flight

Juanita Burns, Los Angeles pilot who plans to fly from Tokyo to Seattle soon in the first non-stop airplane flight across the Pacific, is shown here taking lessons in navigation from Captain T. Cameron Wilkinson, formerly of Britain's Royal Air Force, with the aid of a celestial navigation sphere. She expects to make the trip in 30 hours and capture approximately \$50,000 in prizes.

CHURCHES REVIVAL

One of the most outstanding services and one of the most spiritual was conducted at the First Methodist church yesterday morning at the 10 o'clock hour. Around a hundred people heard Rev. Ray N. Johnson speak on "A Duet of Questions." Reading from the second chapter of Acts Mr. Johnson said that the need of the church was such a spirit filled life as was manifest in the lives of

the church on the day of Pentecost. He then proceeded to show what Pentecost meant to the world and what it meant to the individual. It meant that the scriptures were true for Pentecost had been promised and now the promise was fulfilled. It meant that Jesus was divine for he had promised to send the spirit to occupy the world until his coming again. To the individual the coming of the Spirit meant that the gift of the spirit was free and that this freedom was to be the characteristic of the life of the church. At the close of the morning service almost every person in the house moved to an altar of prayer and consecration and prayed for a spirit filled life.

At the evening service Rev. Johnson preached on the subject of "How a Great Man Threw Away Salvation." Taking the life of Felix, the great man of the Bible who became convicted through the preaching of Paul, he said that he heard the gospel but he threw away the golden opportunity and was lost. There were two more decisions for Christ at the close of the service.

Services will be conducted tonight at 8:15 with song service under the direction of Rev. Lance Webb. Saturday night has been designated as a mass rally for every person in Pampa and surrounding countryside. Rev. Johnson will preach on "The Second Coming of Christ."

The Illinois department of public health is asking those who have suffered from infantile paralysis to give some of their blood for serum used in treating new cases developing in the state.

FIFTY BOYS AND GIRLS HERE CANNOT GO TO CLASSES THIS YEAR UNLESS GIVEN CLOTHING

A pressing need for clothing for children between the ages of 6 and 12 years was expressed yesterday by Mrs. A. L. Jones, president of the Parent-Teacher association council and Mrs. V. E. Fatheree, past president. Mrs. W. H. Davis, welfare worker, who met with the council yesterday, stated that if school were to open today there would be 50 children unable to attend because they did not have the necessary clothing. Therefore, the keeping of every boy and girl in school was chosen as the major project of the Parent-Teacher associations for the coming year and efforts were begun immediately to secure clothing for those in need.

Ask Assistance Mrs. Jones is asking that all who will contribute articles of clothing leave them at the welfare board. There they will be received and distributed by members of the Parent-Teacher association.

Mr. V. E. Fatheree was named chairman of the clothing committee. She will be assisted by Mrs. Ivy Duncan, Mrs. Frank McNeill, Mrs. Claude Lard, Mrs. Beardmore, and Mrs. H. P. Lash.

The R.-T. A. members will mend and repair clothing for the little folks, and will make clothing if that is found necessary.

Pledges Needed To care for the situation properly, there should be monthly donations by many individuals, officials believe.

"The situation is more serious than ever before," said Mrs. Fatheree. "We have always had the poor to care for but now there are people who do not come in that class but who are simply without work and must accept aid for the first time. We will not only have to furnish clothing for children in these families, but we will have to buy food and school supplies."

Among those present were Mesdames W. H. Davis, Frank McNeill, A. L. Jones, V. E. Fatheree, N. F. McNeil, Catherine Wilkerson, Claude Lard, John I. Bradley, E. C. Will, Ivy Duncan, Beardmore, H. P. Lash, Roy Kliger, T. M. Saunders, T. W. Sweatman, and Carlson.

Pampans Return After Convention

Dr. and Mrs. R. A. Webb are expected to return today from El Paso, where they have been attending a state meeting of the American Legion and the Legion auxiliary.

Mr. and Mrs. Al Lawson and W. C. de Cordova, who also attended the convention, returned yesterday. En route home they were met by Mrs. de Cordova and Mrs. Roy Sewell.

PRINCIPAL RETURNS Frank Wilson, principal at the Hopkins No. 1 school, has returned from Lubbock, where he attended Texas Tech this summer. He completed courses on a master of arts degree.

NEW BRIDGE CLUB MEETS ON THURSDAY

Pampa's newest organization, the Linger Longer bridge club, held its second meeting Thursday afternoon in the home of Mrs. Sam Ray. The rooms were prettily decorated in garden-flowers for the occasion.

At the close of an afternoon of bridge games, Mrs. George Sawyer was favored for high score, and a salad course was served with iced drinks.

Those attending were Mesdames Hollis Rabb, Sam Ray, Jack Baker, O. K. Gaylor, George Sawyer, E. P. Hollingshead, and three visitors, Mrs. E. B. Fagans, Mrs. A. F. Johnson, and Miss Brown.

The next meeting will be held in two weeks with Mrs. Raymond Brumley.

KIWANIANS TO MEET TONIGHT

Kiwanians and their wives or friends will gather at the Schneider hotel this evening at 8 o'clock for a banquet and program.

John Boyce, president of the Kiwanis club of Amarillo, will be principal speaker, and other Amarillo residents will entertain.

Plans are to be made for the Texas-Oklahoma district convention of the Kiwanis international to be held in Oklahoma City Sept. 6, 7, and 8.

Announcement Is Made Of Marriage Of Pampa Couple

The marriage of Miss Elizabeth Zuerker and Mr. Cecil Miller at Amarillo, Aug. 18, was announced yesterday.

Mrs. Miller is superintendent of Pampa hospital, and plans to continue in that capacity. Mr. Miller is a member of a prominent Grayson county family. He came to Pampa last year from Sherman, where his mother is a school principal. Mr. Miller is a brother of Mrs. Louise Miller Dunn, district clerk, and of Harold Miller, field man for the Panhandle Lumber company.

Engagement of the young couple was announced a month ago. Mrs. Miller's home is at Fayetteville, Ark., where she attended high school and received her training in the nursing profession. She and her sister, Mrs. Bob Rose, came to Pampa three years ago. Mr. and Mrs. Rose were married in the spring.

Mrs. Alice Crawford and children, Wynne and Elizabeth, of Amarillo, are visiting in the home of Mr. and Mrs. J. S. Wynne on North Frost street.

SHE'S AUNT DOROTHY NOW

"Aunt" Dorothy Sebastian Boyd, shown in center above, wouldn't be surprised if a trip to Hollywood is in store for these young boys and girls. For she has ambitions for them. The motion picture actress, wife of William Boyd, also a screen star, traveled across the continent for a three-day visit with two young nephews and three nieces at Birmingham, Ala. At the left is Fred and at the right is Robert Phillips. The girls, left to right, are Dorothy, Stella and Mary Helen.

BRIDGE PARTY GIVEN GROUP LAST NIGHT

Mr. and Mrs. H. H. Hahn of Cabot's camp entertained last night with two tables of bridge.

The guests were Mr. and Mrs. K. G. Manning, Mr. and Mrs. Frank Hill, and Mr. and Mrs. Jack Goldston.

OUR GANG HAS CLUB MEETING

Mrs. Clyde Feeds entertained Our Gang bridge club Thursday afternoon.

After several games of bridge, luncheon was served to Mesdames F. C. Naylor, J. J. Husak, J. E. McCall, Dewey Voyles, B. L. Moore, K. Watt, F. C. Fischer, J. L. Collins, Miss Betty James, and the following guests: Mrs. Whitlock, Mrs. J. T. Manson, Miss Sylvia Husak, Mrs. Mildred Lear of Grandfield, Okla., and Mrs. G. E. Edeing of Shawnee, Okla.

Mrs. Fischer was favored for high score and Mrs. J. T. Manson for low.

W. S. Wills of the Granview community was a Pampa visitor today.

Mrs. C. J. Goldston underwent a tonsillectomy at Pampa hospital today.

AUXILIARY HAS TALKS BASED ON SOUTH AMERICA

The girls auxiliary of the First Baptist church opened its program in the church parlor Thursday afternoon with a song, "Trust and Obey." The thirty-seventh Psalm was read by Mrs. W. D. Benton.

The subject, "South America—Land of Christian Adventure," was discussed as follows: "Early Catholic Adventures," Johnnie Davis; "A Young Man Makes It Real," Madeline Brock and Gladys Barrett; "Adventurers Today," Erdine Benton; "Adventuring With Rev. Robert F. Elder," Rowena Wasson; "Fifty Years Ago and Today," Maurine Pearce; "Adventuring With Dr. Bagby," Florence Potts; "With the Young People of Corrente," Katherine Rose; "One Missionary's Vacation Adventures," Barbara Camp. Mrs. Benton led in prayer.

Refreshments were served to Nadine Brock, Florence Potts, Johnnie Davis, Rowena Wasson, Katherine Rose, Maurine Pearce, Erdine Benton, Gladys Barrett, Barbara Camp, and Mrs. Benton.

Forty-two amateur toreadors fell before the wild bulls and cows released in the city streets of Pamplona, Spain, during this year's observance of the historic "fiesta of San Fermín."

THE PRESIDENT'S DUTY

A reported increase of nearly one million barrels in oil imports during the last week over the previous week puts upon President Hoover the ultimate responsibility for success or failure of the oil states' attempts to so regulate the nation's richest oil pools developed without waste. This oil could be delivered into Oklahoma's normal market for less than \$1 per barrel, and consequently is not a serious impediment in Governor's Murray's \$1-per-barrel program. But it is, nevertheless, giving the anti-prorationists of Texas, whose market it may enter on any effectively competitive basis, another strong talking point against proration. It thus jeopardizes the Texas proration program and is a disturbing factor in the Oklahoma oil industry's hopes for a speedy return to normal operations.

A week or so ago some member of the President's official family voiced the opinion that he has no authority to declare an embargo on oil imports under existing tariff laws because there is no evidence of unfair competition in oil importation. If a million-barrel increase in imports in one week, especially in the one week when a visible start has been made toward getting the domestic oil industry under control, is not unfair competition, then the oil states would probably be interested to hear the attorney general's or the president's definition of the term.

The Kansas public service commission hopes that this unfair competition may be brought to an end through the voluntary action of the four big importing companies. It has called a meeting for Sept. 11 at which the importers will be asked to co-operate. It is a worthy purpose, but it shows the importers far more consideration than they are entitled to.

The defiant attitude of the importing companies in drawing upon their foreign reserves to supply U. S. market demands, when domestic companies are shut off from the flush pools of Texas and Oklahoma, puts them in line for a swift dose of official restraint. The federal government is bound by all the ties of the constitution to uphold the rights of individuals and the sovereign states. The oil importers are not only trampling upon the rights of domestic oil companies in the U. S. oil market, but they are using the illegal weapon of unfair competition from oil imports to nullify the oil conservation laws of sovereign American states. They are stretching the privilege of unfair competition in the U. S. oil market which was accorded them by a Congress of sectionalists and tariff grab bag artists into autocratic usurpation of states' rights.

President Hoover not only has the authority to declare an embargo against oil imports to bring this unfair competition to an end, but as the chief executive officer of the union of states it is his positive duty to do so in order that the states may be up held in their attempts to control oil production. Instead of appealing to the importers, the oil states should demand the president act.—Tulsa Tribune.

By RODNEY DUTCHER

WASHINGTON, Aug. 27. (NEA).—Uncle Sam has in Washington the largest single payroll disbursed in any American community. It amounts to about \$175,000,000 a year and it doesn't fluctuate. That is why the capital appears to have been touched less seriously by the depression than any other city of comparable size.

Average incomes here have been little disturbed. Because the tourist business has not fallen off appreciably the chief effect of the depression has been felt by persons with large incomes which are based on investments outside the District of Columbia.

Retail prices, rents and wages seem to have been maintained nearly at their previous levels, as compared with other cities of more or less similar size. There have been some instances of reduction in privately paid wages, but these may almost be described as isolated. Washington is not a distributing center and its normal wholesale business is relatively low. Such small industries and factories as exist here, dependent on local consumption, have not been seriously hit because of the capital's sustained purchasing power.

Retail trade, the main business here, normally runs above the average. In 1929 it was \$861 per capita, as against a \$630 average in 35 selected cities of comparable size and a national average of \$407. Department store sales have increased more than two per cent in the first half of this year and fell off nearly three per cent for the rest of this federal reserve district as a whole. Only Washington, among cities in the district,

showed a gain. Building permits in June increased \$882,000 over June, 1930, while falling off about \$700,000 in the rest of the reserve district. Collections on credit accounts by retail stores here are said to be about 40 per cent better than collections as a whole elsewhere. Washington newspapers showed a larger gain in volume of newspaper advertising in the first six months of 1930 than those of any other among 80 cities and the only cities to show a gain were Cleveland, Jacksonville, Milwaukee, Omaha, Rochester and Wichita.

Not that the city hasn't experienced any unemployment. There has been a certain amount of it for the last year or more and quite a few people find themselves stranded here.

At this writing about 400 employees of the 101 Ranch, their show gone broke, after subsisting as best they could with some help from the community, have just left for their homes. Their animals went with them and their efforts to keep their clutches on the show property until they received six weeks' back pay led to a court fight.

The 400 circus workers were wished on the capital, however, and do not present such a factor in the local unemployment problem, as some 4000 employees of the Census Bureau who must be gradually dismissed because their temporary work in connection with the 1930 census is virtually completed.

Eastern Stars To Have Supper Here

Members of the Order of the Eastern Star and their husbands will have a covered dish luncheon this evening at 7:30 o'clock in the home of Mrs. W. C. Mitchell.

Both local and visiting members are invited to attend. Each person is asked to bring a covered dish.

With supply boats held back by the Arctic ice pack and winter rapidly approaching, residents of Point Barrow, Alaska, are on daily rations to conserve meager food supplies.

Thompson Boomed As Illinois Chief

SPRINGFIELD, Ill., Aug. 28. (AP)—A Thompson was being boomed for governor of Illinois today, but he was not William Hale Thompson, former mayor of Chicago.

Dean Charles M. Thompson of the college of commerce of the University of Illinois, was the man. Efforts of friends to draft him as a Republican gubernatorial candidate brought about a perplexing situation in political circles yesterday in that banners bearing the slogan "Draft Thompson for Governor" gave rise to the belief the Thompson referred to was "Big Bill" Thompson.

It was not until R. F. Locke of Glen Ellyn, a former state representative, told newspapermen the university dean was being sought as a candidate that the mystery was solved. Lack of space on the placards prevented printing of the dean's full name.

Lindberghs Are Honored At Banquet

TOKYO, Aug. 28. (AP)—Rounding out a day crowded with official and social functions, Col. and Mrs. Charles A. Lindbergh were formally welcomed to Japan tonight at a banquet given by members of the cabinet.

The banquet came at the end of the hottest day of the year in Tokyo and those attending it were attired informally because of the temperature. Both Colonel and Mrs. Lindbergh appeared a little tired but the former showed enthusiasm when he spoke of aviation in his address.

The banquet was given under the auspices of the ministries of war, navy and communications at the Imperial hotel. Foreign dishes were served.

W. Cameron Forbes, American ambassador, the communications minister and Lindbergh were the speakers. The speeches were broadcast in Japan and a hookup was arranged for their transmission to America for broadcast here.

Colonel Lindbergh referred to his childhood dream of Japan as a fairland and complimented Japan on the quality of its silk used in parachutes.

The large number of entertainments in honor of the Lindberghs resulted in some complications, but both Japanese and Americans in charge of the festivities said the mixup was "nothing serious."

To make lamb more popular as a roast, the department of agriculture experts have prepared a bulletin on the boning of lamb roasts in order that they may be more easily carved.

ROYAL POSE

Here are a royal father and son who rarely are photographed together. King Alexander of Yugoslavia and the heir to his throne, Prince Petar, are shown as they posed during celebrations attending the tenth anniversary of Alexander's succession.

Allred Will Not Speak on Cotton

AUSTIN, Aug. 28. (AP)—James V. Allred, attorney general, said today the report he would be a speaker at the central Texas mass meeting here tomorrow night to urge cotton acreage reduction legislation was in error and that he would not make a talk.

He said his department probably would be required to give an opinion on the legality of the measures proposed and that it would be improper for him to express an opinion on the subject in advance.

Sinclair Advances Gasoline Price

HOUSTON, Aug. 28. (AP)—The Sinclair company today joined other major marketers in advancing the price of gasoline one cent to 19 cents for the straight commercial grade and 17 cents for ethyl at filling stations. These prices include the state 4-cent tax.

The advance was initiated Wednesday by the Magnolia (Standard of New York) and followed yesterday by the Texas, Gulf, Shell and Crown Central companies.

Early today the Humble company (Standard of New Jersey) was the only major marketer still posting gasoline at 13 and 16 cents at filling stations.

Cannon's Accounts 'Revealing Gifts To Anti-Smith Fund'

WASHINGTON, Aug. 28. (AP)—Associates of Bishop James Cannon Jr. in the 1928 campaign committee were called today before the senate campaign funds committee in its effort to determine the ultimate disposition of the funds donated for the drive against Alfred E. Smith.

Already in its investigation of the \$65,300 given by E. C. Jameson, a New York capitalist, the committee has received testimony that Cannon opened six new banking accounts during the campaign in addition to the two he already had and withdrew from one of his "political" accounts \$28,278 which witnesses said went into other personal accounts of the churchman and for the payment of personal notes.

Basil Manly, a committee investigator, gave this testimony yesterday shortly before Jameson related to the committee now he had met Bishop Cannon through C. Bascom Semp, a Virginia Republican leader, and later had given the fund to further the campaign of the anti-Smith Democrats in the South.

A telegram from the late James W. Good, western campaign manager for the Republican national committee in 1928, to Jameson was put in the record by Chairman Nye. It told Jameson that "Bascom Semp is working on a plan for an independent organization" and asked Jameson to cooperate.

Jameson's letter in reply told

Good he had had a talk with Semp "and he is fixed up so that he can go ahead and work out the independent organization as planned."

Jameson told the committee he could not recall whether the independent organization mentioned was the anti-Smith Democrats he financed.

The New York man said he promised Bishop Cannon \$50,000 but when the bishop came for the last \$10,000 check, he donated an additional one for \$8,000, and after the campaign gave two other checks for an additional total of \$7,300 at the request of the churchman for more money to clear up expenses that were to be met.

Houston Woman Is Held For Murder

HOUSTON, Aug. 28. (AP)—Mrs. Lillian Moore, 26, was under \$1,000 bond on a murder charge today while funeral arrangements were being made for her husband, Earl R. Moore, 35, parking lot proprietor, shot to death at the Moore home yesterday.

Moore was shot one time as he stood in the kitchen with a group of friends. Mrs. Moore, with eyes blackened and face bruised, claimed she shot her husband after he beat her and threatened to kill her.

Miss Gertrude Strickland, of Corvallis, Oregon, is visiting her sister, Mrs. A. A. Hyde. Miss Strickland is an instructor in Oregon Agricultural college.

Bomb Is Thrown At St. Louis And Clerk Is Injured

ST. LOUIS, Aug. 28. (AP)—Explosion of a bomb, apparently thrown from a motor car, rocked the downtown district of St. Louis early today, shattering about 100 windows on North Seventh street and severely injuring a pedestrian, William Bommarito.

The bomb was thrown in front of a cigar store and handbook, tearing a hole in the sidewalk a foot in diameter. Police said a license in the shop identified the owner as Henry Klegman.

Bommarito, 30, a clerk, was walking nearby when the explosion occurred. He was badly injured by flying glass.

The handbook is located in the Title Guaranty building, which adjoins the Bude building, in which the St. Louis Times is published. Windows were shattered as high as the sixth floor.

Police said the damage was about \$3,500.

Miss Gertrude Strickland, of Corvallis, Oregon, is visiting her sister, Mrs. A. A. Hyde. Miss Strickland is an instructor in Oregon Agricultural college.

Guardsmen Will Get Regular Pay

KILGORE, Texas, Aug. 28. (AP)—Militiamen patrolling the East Texas oil fields were assured of regular pay checks today.

Brig. Gen. Jacob F. Wolters, commandant in the area shut down under martial law, had arranged with 11 banks in this section for their acceptance of state deficiency warrants to the extent of \$68,000 at least.

Gov. Ross S. Sterling has authorized the issuance of \$50,000 in deficiency warrants for the expedition.

This whole area, meanwhile, was quiet. The militia was keeping watch lest anyone open one of the 1,000 wells in the field on the sly before the state railroad commission in Austin sets up new rules designed to enforce orderly production.

General Wolters planned to attend a meeting today in Longview of persons interested in the cotton situation. State Sen. Margie Neal of Carthage was scheduled to speak.

M. M. Miller of El Dorado, Ark., pioneer citizen of Gray county, is visiting friends here.

We Congratulate

MR. JOE MOHNOOD

upon the opening of the

Gray County Grocery and Market

TOMORROW

When you visit this store for groceries select FEBCO and BOOTH'S CREST-CENT canned goods—after you have tried them you will be satisfied with no other.

TEXAS WHOLESALE GROCERY

WHEAT STEADIER CHICAGO, Aug. 28. (P)—Wheat trading had a fairly steady tone at the start today in sympathy with new crop moves in the early part of the week.

LIVERPOOL LOW NEW ORLEANS, Aug. 28. (P)—The cotton market opened rather quiet in both Liverpool and London, with lower than due.

McLean Child Is Severely Burned McLEAN, Aug. 28. (Special)—Lois Merle Ayer, whose parents, Mr. and Mrs. A. C. Ayer suffered fatal burns Tuesday in a fire at their residence here recently, was severely burned when she ran in the house from playing in the yard and snatched a flaming dish-rag from the stove.

Negro Desperado Shot In Louisiana Former Louisiana residents are talking with satisfaction of the death of Landrum (Alligator) Lewis, riddled with bullets fired by police officers in the yard of the wounded Fred Grant, popular detective at Shreveport.

ROOSEVELT URGES Income Tax Hike ALBANY, N. Y., Aug. 28. (AP)—A 50 per cent increase in the state personal income tax was recommended to the New York legislature by Gov. Franklin D. Roosevelt today as part of his program for unemployment relief.

Walker's Personal Bookkeeper Found NEW YORK, Aug. 28. (AP)—The New York American says today it has located Russell T. Sherwood, "missing" personal bookkeeper to Mayor Walker, in a hotel in Atlanta City.

MORE ENTRIES ARE URGED IN LIONS YARD CONTEST

In order to have a large number of entries for the judges to consider, the Pampa Lions club is urging that scores of local residents enter the yard contest which closes Sept. 2. Judging will take place Sept. 3.

LIONS CLUB YARD CONTEST ENTRY BLANK

Mr. Carson Loftus, Secretary, Lions Club, Box 207, Pampa, Texas,

I wish to enter my yard at _____ street (or avenue) to be judged in the Lions Club yard contest. All the work was done by myself or immediate family (or by hired labor—underscore which).

Hoover Sets Aside Week of October 4 As Fire Prevention Week; Urges Citizens to Participate in Drive

WASHINGTON, Aug. 28. (AP)—President Hoover today proclaimed the week of Oct. 4 as fire prevention week and solicited "the assistance of each citizen to help lessen the loss, needless waste, and suffering from fires largely preventable."

The president said fires in the United States last year caused a direct property loss estimated at \$500,000,000, an increase of \$40,000,000 over 1929, and that deaths and injuries resulting from fires exceeded 35,000 in 1930.

Man Identified In Hickman Case TULSA, Okla., Aug. 28. (AP)—Mystery surrounding the murder of Charles Hickman, 34, of Sapulpa Monday night near Shamrock grew today as Mrs. W. L. Hardin, Hickman's companion, tentatively identified Tommy Williams, 19, of Tulsa, as one of the slayers.

Louisiana "Baby" Will Be Placed Before Sterling

BATON ROUGE, La., Aug. 28. (AP)—Gov. Huey P. Long said today he would charter an airplane and lay the Louisiana anti-cotton planting bill for 1932 on the desk of Gov. Ross S. Sterling of Texas tomorrow.

Both houses of the legislature were virtually in suspension today as far as the cotton bill was concerned, awaiting the legal delays necessary for the upper house to act on the bill.

Legislative leaders said it was planned to hold an after-midnight session tonight to pass the bill in the senate just after midnight on the third day of its reading. The bill passed the house yesterday, 77 to 0.

The governor said the bill would pass the senate. "I will sign the cotton bill at an early hour tomorrow morning," the chief executive said, "and before the ink is dry a certified copy of Louisiana's no-cotton planting bill will be safely aboard an airplane headed for Austin, Texas, with the compliments of the people of Louisiana."

"When my friend Gov. Ross Sterling reaches his desk in the state-house Saturday he will find this Louisiana baby washed, dressed and sitting on his desk."

DEMPSEY WINS OUT LOS ANGELES, Aug. 28. (P)—A temporary injunction restraining Jack Dempsey, former heavyweight boxing champion, from disposing of any property in the Manhattan Trust company and the Barbara Dornation was dissolved because of technical faults today in superior court.

Texas Company's Hankow Plant to Be Entire Loss

HANKOW, Aug. 28. (AP)—The Texas Oil company's big plant here may burn for a month, with a loss of about \$4,000,000 Mexican (\$900,000 gold).

Nearly 100,000 barrels of oil were stored in two warehouses which took fire yesterday, while several junks were removing barrels.

The junks also caught fire and sailed out of the Yangtze river, where they burned to the waters edge. Their crews were unharmed.

Hankow was covered with a pall of black smoke today. It rose in ever-increasing volume but surrounding property was believed not endangered. The cause of the fire was unknown.

Farmers To Plant 12 Per Cent Less Wheat In Fall

WASHINGTON, Aug. 28. (P)—The agriculture department announced today that farmers intend to plant 12 per cent less winter wheat next fall than was harvested this year.

The department said if farmers generally carry out the intentions as reported thus far, they will sow 37,344,000 acres as compared with 42,422,000 acres in 1930.

This is the smallest acreage reported as intended since intentions were first determined in 1932, and is the fourth successive year that prospective acreage has been that farmers intend to plant 5.5 per cent less rye next fall. A total of 3,349,000 acres is planted, compared with 3,692,000 sown last fall.

With all those explorers going to the North Pole, one of these days the Eskimos will retaliate by organizing a chamber of commerce.

COFFMAN HAS HARD DAY AS INDIANS HIT

Man Who Blasted Grové's Record Not Respected by Cleveland.

By GAYLE TALBOT
Associated Press Sports Writer
Dick Coffman, ambitious young righthander of the St. Louis Browns, stopped Lefty Grove last Sunday when Connie Mack's star needed only one more victory to set an American League mark for consecutive victories. It is sad to relate what happened to Coffman his next time out, which was yesterday.

Facing the Cleveland Indians, the Alabamian lasted two innings in which he was hammered for eight hits and six runs. Up to that time, he had started, finished and won four straight games, two of them shut-outs. As a result of their explosive start at Coffman's expense, the Indians went on to win without half trying, 11 to 1. Wes Ferrell, who has recovered fully from the effects of his no-hit, no-run game earlier in the year against the same Browns, gave up only four hits, two of them by Irving Burns.

In the only other American League game, Detroit pounded five Chicago pitchers for 13 hits and a 9 to 4 victory.

Pinkey Whitney, Phillie third baseman, was the hero in the National League. Coming up in the eighth inning with the score tied, he planted one of Kopl's offerings in the left field bleachers to defeat the Cincinnati Reds, 6 to 5.

The Chicago Cubs produced one of the year's prize rallies to divide a doubleheader with Pittsburgh. After losing the first, 3 to 2, they came back to score eight runs in the eighth inning of the nightcap and won it, 11 to 4. Brame paved the way for his downfall by walking English to open the eighth. The next seven Cubs hit safely.

Four other National League clubs were not scheduled.

Club Rebuilding Is Very Evident

NEW YORK, Aug. 28. (AP)—The signs of the waning weeks of the major league baseball season point toward a strenuous rebuilding campaign before the teams start out in pursuit of the 1932 pennants.

Already two National League contenders which have not done quite well enough, the Chicago Cubs and New York Giants, have made known their intentions of making important changes before next year while others have gone quietly about the business of trying out new talent, some of them quite successfully.

The Cub lineup already shows a good many newcomers. Vince Barton, Pacific coast outfielder, has turned out to be quite a slugger, while Bill Jurges and Jimmy Adair, former Reading infielders, are working regularly.

Detroit also has called in a good many prospects from the International League, including George Queilich, who came up from Reading and went back to Newark, and Billy Rogell and Nolen Richardson, who are taking care of the left side of the Tiger infield.

Doug Falt seems to have made good in the Phillies outfield as has Gily Urbanski for the Braves. Today Piet stepped into a hole in the Pittsburgh infield when Howard Grosskloss was hurt and has been performing like a major leaguer.

The Giants, searching for another pitcher, found two when Jim Moonhey, who came up from Bridgeport in the maneuvering to obtain Bud Parmelee from Columbus, turned out to be a winner.

Modified Bridge Order Is Issued

BROWNSVILLE, Texas, Aug. 28. (AP)—The border country's battle against an early closing hour for its international bridges seemed more than half won today.

A modified order throwing open international bridges to traffic into Mexico at all hours went into effect last night. However, persons desiring to enter the United States were required to cross before 9 p. m. or spend another night in Mexico.

The order was issued from the office of Roy Campbell, collector of customs, at San Antonio.

USE OF WOMEN IN PRO ENFORCEMENT DEFENDED

BALTIMORE, Aug. 28. (AP)—Answering prohibition director Woodcock's defense on his ban on the employment of women as informers, the business and professional women's council of Maryland asserted in a letter made public today that if prohibition enforcement "is not fit for women it is not fit for men."

The organization protested against the order earlier this week as discriminatory. A reply from Colonel Woodcock said he believed the purpose of his order had been misunderstood.

The new protest against the ban was drafted at a meeting of the executive council last night.

STEER STAR MAY BE NEXT 'TWENTY' ACE

George Murray Wins No. 18 by Beating Galveston in 10-Inning Contest.

By WILLIAM A. (BILL) PARKER
Associated Press Sports Writer
George Murray of the Dallas Steers made his bid to be next pitcher to win 20 games in the Texas League when he beat Galveston 6 to 5 last night for his eighteenth victory this season. Murray had to pitch ten innings and then single in the tenth to score Ernie Holman with the winning run. The Steers won the second game, 1 to 0. Grady Adkins limited the Buccaneers to a pair of hits.

George Payne, second ranking ace on the Houston mound staff, tried for his twenty-third victory yesterday, but had to turn the job over to Hanson, who got credit for beating Wichita when he beat Galveston 6 to 3 in his thirteenth victory this season. Pressnell started for Wichita Falls, but Medwick's home run in the first with one on, and Peel's home run in the seventh with bases full, sent to the showers.

Leon Chagnon turned in his sixteenth victory this year as Fort Worth stopped Beaumont 9 to 3 last night. The Cats put on a six-run rally in the sixth inning. Leon had a shutout game for eight innings, but faulty support in the ninth gave Beaumont three runs.

Shreveport and San Antonio split a doubleheader. The Sports staged a ninth-inning rally to win the first 7 to 6. San Antonio had to go eight innings to win the nightcap, 4 to 3. In the first game, Wade, Najo and Solters hit home runs. Winegarner's home run in the seventh inning of the second game forced it into an extra inning.

Pampans Likely To Enter Golf Event

Several Pampa golfers are expected to participate in an invitation golf tournament to be played Sept. 6 and 7 over the Amarillo Municipal golf course, according to Walter Sykes, professional. Mr. Sykes spent yesterday in Pampa giving lessons and telling about the tournament.

Players from Texas, Oklahoma, Kansas and New Mexico will participate, Mr. Sykes says. Entries will be received from players residing within a radius of 150 miles of Amarillo. The tournament will be open to amateurs and professionals who have been members of clubs for at least three months.

The municipal course will be open to entrants the previous Thursday, Friday and Saturday without charge. Entry fee for the tournament will be \$2. After the first 36 holes played the field will be divided into flights of 32 men to a flight and winners of each flight will receive prizes. Several prizes will be awarded in each flight.

FIGHTS LAST NIGHT

By The Associated Press
Boston—Stanley Poreda, Jersey City, outpointed Babe Hunt, Ponca City, Okla., (10).
New York—Solly Krieger, New York, outpointed Hans Mueller, Germany, (6). Al Gomez, California, stopped Leo Brouse, New York, (4).
Chicago—Ray Trambille, Rockford, Ill., knocked out Jimmy Ellier, Louisville, Ky., (2).

GEORGE LOTT DEFENDANT IN DIVORCE ACTION

PHILADELPHIA, Aug. 28. (AP)—George Lott, Davis cup tennis star now defending his doubles title at Brookline, Mass., has been made defendant in a divorce action brought by his wife, Mrs. Abigail Stapleford Allen Lott, with whom he eloped last October.

Harvesters Will Divide Squad for Scrimmage Today

No uniforms, no game, say the ex-Harvesters who were scheduled to meet Coach Odus Mitchell's 1931 crop at Harvester park this afternoon.

The ex-boys have no uniforms and all of the Harvester uniforms have been given out, Coach Mitchell said.

However, the Harvesters will have a scrimmage at 4 o'clock this afternoon and it is expected that several hundred Pampa fans will be at Harvester field to look over the team that will carry the green and gold this year. The squad has been divided and looks pretty even, the coach said last night when the boys returned from Camp Mel B. Davis, where they have been working for the past week.

Not exactly jubilant about the team, Coach Mitchell said last night that he expected the boys to snap out of their lethargy when they get on solid ground. The camp has been on sand and the boys have not been able to snap into their work.

Some of last year's substitutes are looking good this season and will give several regulars a tough race for positions. Two or three new boys to the ranks of the green and gold are also looking good in practice.

The first game of the season will be Sept. 12 with the Clarendon team coming to Pampa. Clarendon boasts a veteran backfield said to be equal to the 1930 Harvester Four Horsemen.

Use a classified want ad today.

Two Ball Games On Sunday Menu

Two baseball games will be played in the Pampa territory Sunday afternoon. At Mag field the fast Magnoles club will meet LeFors in a death struggle.

The Pampa Oilers and the Phillip Oilers will tangle at Gulf park, three miles southeast of Pampa.

LeFors is of the belief that the Mags, winner of the Gray-Carson league without a loss, can be beaten and Manager Joe Dudy plans to bring a surprise team to Pampa Sunday afternoon. The game has been called for 2:30 o'clock.

Dudy refused to name his batteries for the game but said they would be new to these parts. Raburn Burke, manager of the Mags, will probably start Kook in the box with Boszman behind the bat.

The two Oiler nines are evenly balanced outfits and have been playing together all season. Stewart will likely start the game for the Phillips aggregation while Ellis or McKinley will probably be the choice of the Pampa manager. The game is called for 2:30 o'clock.

EIGHT UNDER PAR IS DUTRA'S NEW PERFORMANCE

SANTA MONICA, Calif., Aug. 28. (AP)—Olin Dutra, local golf professional, played the Brentwood Country club 6,500 yard, par 71 course in 63, eight under perfect figures yesterday.

The best round of golf on record in the United States is a 58 turned in by John Black, Oakland, Calif., pro, over the Clarendon Country club 5,625 yard par 68 course.

Bobby Jones stands in the low scoring class with a 63 shot at Eastlake, Atlanta, Ga., a course 6,550 yards long with a par of 72.

Kid Teams Rest For Series Finale

ers a third game will be played here Monday.

Notables of the baseball world and of state came to watch the boy battlers meet. Among them were Keneaw M. Landis, high commissioner of baseball; Gov. Ross S. Sterling of Texas; Mike Sexton, president of the National association of Minor League Baseball clubs; W. W. Sterling, adjutant general of Texas; James C. Dodier, adjutant general of South Carolina; R. T. O'Neil, commander of the American Legion, and a number of close followers of both clubs.

Two strong young right handers—Kneece of Columbia and McKirchey of Chicago—are expected to tangle in an epochal boy pitching battle.

The second game will be played here tomorrow. If the two teams break even in their first encounter—

(Continued From Page One)

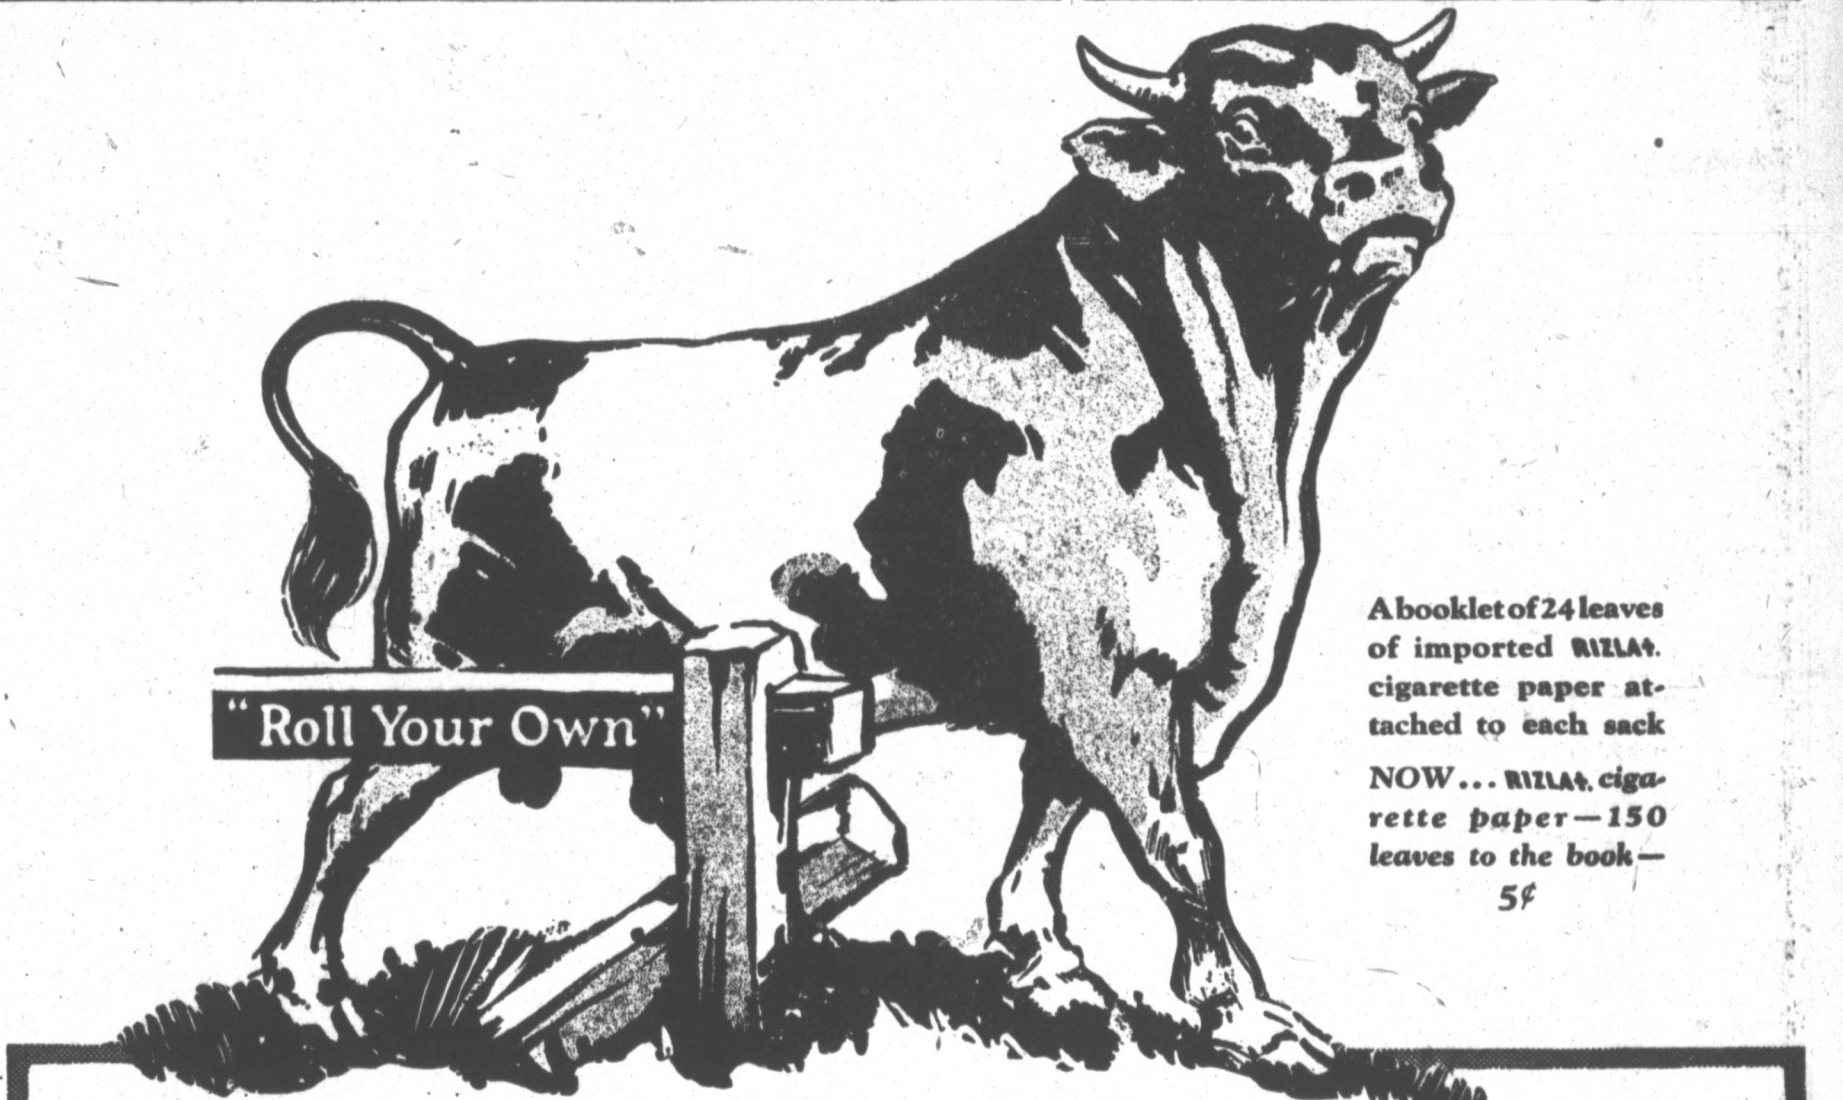

Yesterday's Stars

By The Associated Press
Wesley Ferrell, Indians — Field Browns to four hits and fanned nine to win seventeenth victory of season, 11-1.
Pinkey Whitney, Phillies — Hit home run with score tied in eighth to beat Reds 6 to 5.
Vic Sorrell, Tigers — Outpitched five Chicago hurlers to beat White Sox 9-4.
Glenn Spencer, Pirates, and Woody English, Cubs—Former held Cubs to four hits to win first game 3-2; latter made four straight hits and scored twice to lead Chicago attack that won second 11-4.

GUILTY LIPS

by LAURA LOU BROOKMAN Author of "MAD MARRIAGE" ©1931 BY NEA SERVICE, INC.

Bob asked the full story of the dog's rescue. The girl told it, making the barest mention of the stranger who had braved the rush of traffic to bring the pup to safety.

"A man ran out and picked him up," Norma explained. She did not add that the man was youthful, attractive, and that he had wanted to take her to dinner.

Farrell began to talk of other things. He mentioned Norma's room-mate, Christine Saunders, and was told that "Chris" was working late that evening. The two girls shared what was known as a "one room apartment" in a section removed by 30 minutes' street car ride from the business district. The "apartment" consisted of a large living room, tiny sleeping alcove and bath on the third floor of what had once been an impressive residence. Norma and Chris were quite comfortable there. Behind a screen in the living room was a shelf bearing a two-burner gas plate. It was possible to cook an entire meal. The girls always breakfasted at home and quite frequently prepared dinner there. Bob Farrell had sampled Chris Saunders' inspired cooking on the two-burner gas plate. It was his home to know Farrell.

Two minute creases appeared in Norma Ken's forehead as they spoke of her room-mate.

"You know, Bob," she confided, "I'm worried about Chris."

"Why? What's the trouble?"

"Oh, nothing. Well—I guess it's just nothing." Though she said no more the troubled look remained in the girl's eyes.

"Don't you worry about Chris," Farrell said heartily. "That girl has a level head if I ever saw one."

The dinner had been appetizing. There had been a roast served with vegetables, hot rolls, and a salad of greens with the dressing seasoned exactly to Norma's taste. Dessert was a mixture of chilled fruit.

They were having the coffee now and Farrell had lit a cigaret.

He blew a winding wreath of smoke, withdrew the cigaret from his lips and stared moodily at the glowing tip. The silence became awkward. Norma felt she should make conversation.

"Why? What's the trouble?" she said, "I hate to have it end. We've had so many good times this summer."

"Really mean that?"

"Of course I do. It's been more fun than any summer since I've been in Marlboro and that's—let's see—almost four years."

She thought for a moment the young man was not listening and looked at him in surprise. He had heard, though, because after a brief pause Farrell said, "You've enjoyed the places we've gone, things we've seen. It's—me you don't care much about, but I do." He raised his head, was eyeing her intently.

"Bob Farrell, how can you talk like that?"

"Oh, it's true all right. Why not admit it?"

"But I do care about you. You know I do."

"You don't need to say that. I know you think I'm a darned nuisance. Sorry if I forget—"

"But, Bob—"

His gray eyes held hers defiantly. An instant and tenderness, pleading, replaced defiance. The tone of his voice changed. "Oh, Norma, if you do like me a little bit why won't you give me a chance to make you happy? I'm—I'm crazy about you! Maybe I don't have much now but I'm going to have some day. And I'd work so hard for you, Norma! Lord, if you'd only say you'll marry me there isn't anything in the world I wouldn't tackle. There's nothing I wouldn't do for you!"

The girl's dismayed voice interrupted. "But I can't, Bob. I don't love you."

"I'd make you love me. Oh, we could be so happy. You say you care a little bit!"

"It was an eloquent appeal. Norma

Federal Aid In Unemployment Work Seen As Necessity

WASHINGTON, Aug. 28. (AP)—Prediction that federal appropriations will be needed to supplement local efforts to relieve the unemployed during the coming winter was made today by William Green, president of the American Federation of Labor.

A member of the national advisory committee set up by President Hoover to aid Walter S. Gifford, national relief director, in providing relief through local funds, Green said in an interview he doubted whether this effort would be adequate.

The labor leader estimated the unemployment total would reach 7,000,000 during the coming winter and said "The need for relief will be far greater this winter than last."

"We will find later that appropriations will have to be made by state legislatures and the federal government to assist in relieving distress," he said.

"Gifford is on the right track and

the appointment of the director and the national committee came at the right time. If further delay had occurred, suffering would probably have been much greater.

"Even now it will require heroic efforts on Mr. Gifford's part to prepare for the heavy demands that will come with the first frost. It will require many millions of dollars."

Green said that many of the unemployed, who were able to help themselves last winter, would find their savings and resources exhausted during the coming cold months. His demand for President Hoover to call a conference of employers and employees to work out a program for creating employment, was reiterated.

Green said he did not believe the president would call a special session of congress to deal with unemployment but explained he had not learned Mr. Hoover's decision toward the proposed conference.

The labor leader based his estimate of next winter's unemployed on federation statistics which indicate there are now slightly more than 5,000,000 men out of work.

Mere Women At Head Of Flights

BARTLESVILLE, Okla., Aug. 28. (AP)—A lot of "mere women" retained their places near the top of the heap of fliers who gathered at the airport here this morning for the take-off on the next leg of their derby from Santa Monica, Calif., to Cleveland but the men pilots were creeping up, slowly but surely.

Phoebe Omile, diminutive "old timer" in the flying game, from Memphis, still clung to first place with an official count of 185.17 points, but less than two full points behind was Lee Brusy, of Glendale, Calif., with 103.22.

Third was D. C. Warren, San Francisco, with 102.90. He displaced Elden Cassin, who held that position when the ships left Amarillo yesterday morning.

INSPECTING BIG BOAT

NEW YORK, Aug. 28. (AP)—The giant German flying boat DO-X was anchored in Flushing Bay, off North Beach Queens today, available for public inspection at \$1 per head.

Damages Awarded In Stephens Case

Judgment of \$7,500 in favor of the plaintiff, H. E. Stephens, against the defendant, Dr. W. F. Nicholas, local dentist, was returned at 3:30 o'clock yesterday afternoon by a jury in 114th district court after four hours deliberation.

Judge Clifford Braly postponed action on a verbal motion for a verdict for the defendant or a new trial, offered by Ben Stone, defense attorney. W. M. Lewright, attorney for Mr. Stephens, was attending court in Amarillo when the verdict was returned.

The court in his charge to the jury, submitted 15 special issues. Stephens based his suit on the allegation that he suffered partial deafness and blindness following the extraction of a tooth in January, 1929.

Many Saved When Amphibian Sinks

GLOUCESTER, Mass., Aug. 28. (AP)—A pilot's skill and a radio operator's daring were credited today with saving the lives of 12 persons as a Pan-American Airways amphibian plane plunged into the sea off Gloucester in a heavy fog.

Edward Banwell of Auburn, Maine, drowned unharmed as the passengers were transferred from the plane to a rubber life raft.

The fishing schooner Nova Julia, entering the harbor, came upon nine passengers and three members of the crew of the Halifax-Boston bound plane. They had been clinging to the small rubber raft for more than an hour.

W. L. Elmore of Miami, Fla., the pilot, brought the plane down to the surface of the water when fog set in. A wave struck one of the pontoons, crushing it, and within a few minutes the amphibian sank.

Elmore, cut on the jaw when he was thrown against the instrument board of the ship, aided the passengers to the wings of the plane and dived repeatedly into the water filled cabin to get the rubber life raft. Alfred W. Eston of North Abington, Mass., radio operator on the plane, took up the task of locating the raft as Elmore became exhausted.

Once launched, the raft was tended by the crew of the plane with the passengers were hoisted aboard. During the transfer of passengers Banwell was lost overboard.

With darkness approaching, the survivors were about to give up hope when Nova Julia edged through the fog.

KULLMANS HERE
Mr. and Mrs. C. C. Cockerill had as their guests last night Mr. and Mrs. I. E. Kullman and their sons, Charles Dean and Corneis Gene, of Amarillo. The visitors formerly of Pampa, are planning to move to Enid, Okla., soon. Little Corneis Gene Kullman was born in Amarillo three weeks ago.

Local Scouts Happy To Be Back In City

"A grand and glorious feeling—getting back to dear old Pampa," seemed to be the sentiment of the 40 Boy Scouts who have been in camp in Red River canyon of New Mexico during the past ten days. At home again they can tell of the animals they saw, the thrills in going down mountain passes, bathing in water less than ten degrees above freezing, climbing Mount Wheeler, riding ponies and the "mess shack" over which former Pampian, Jack Bynum, presided with efficiency.

The entire Bynum family was in the camp, and rumors have it that Mrs. Bynum was the real boss of the "mess department."

Pampa received its share of the honors awarded in the camp. Burton Doucette, troop 80, received the Scout and Robert Talley, troop 16, gold medal as the outstanding received the star badge. Troop 15 was awarded \$1 for finding 42 vermines of wild flowers, with the Spearman troop second with only one behind them. On the mountain climb, from the camp elevation of 10,000 feet to the top of Wheeler, 14,000 feet four Pampa Scouts reached the top with the guide, all others lagging some distance behind. Considering that this climb meant ten miles up grade and ten miles down again and that all of the 18 Scouts and seven men completed the trip, it was recorded as a real feat in camp.

The local troops were under the care of the following scoutmasters: J. D. Sackett, John Bradley, Aaron Meek, Jake Erwin, Clarence Coffin, J. W. Shelton and Mr. Bner drove the trucks, looked after the mechanical matters, and aided the scouts in such studies. Ernest Ge and A. A. Hyde assisted Scout Executive Clark of Panhandle in the financial and educational affairs of the camp.

Dean Allen Kept As Baylor President
WACO, Texas, Aug. 28. (AP)—An edict by the Baylor University board of trustees had returned Dean W. S. Allen today to his former duties, dean and acting president of the state's oldest higher institution of learning.

The board yesterday refused to accept Dean Allen's resignation and sustained his recommendation for the resignation of George Belew, university business manager on grounds of "non-cooperation."

Dean Allen became acting president of Baylor when the late Dr. S. P. Brooks was taken from his duties by illness. Early this month when the board of trustees assembled in Waco to select Dr. Brooks' successor, its members voted to reappoint Dean Allen for the next school year.

Railroads are considering the introduction of the Schmitt triple-pressure locomotive in America to increase economy and efficiency of trains here.

Boy Scouts Back From Council Camp

Forty-two Pampa Boy Scouts and nine scoutmasters and leaders arrived in Pampa last night from Red River, N. M., where the Adobe Walls council spent 10 days in camp. It was announced the most successful camp in the history of the council.

The council left Red River Wednesday morning and visited in Taos during the afternoon. The night was spent at the Palisades in Cimarron canyon.

Rev. A. A. Hyde of Pampa, and C. A. Clark and Sam Lanning of Panhandle were in charge of the camp. There were 22 adult leaders in the camp looking after the 100 boys.

Burton Doucette of troop 80, Pampa, won the gold medal as being the best Scout in camp. Sid Powers of Spearman won the silver medal and Tom Stone of Panhandle won the bronze medal. Robert Talley of troop 15, Pampa, received honorable mention and was awarded a Star Scout badge.

Night Dust Storm Strikes Pampa Area

Pampans who were awake about 3 o'clock Thursday morning saw or rather did not see, much. The full moon which lighted up the earth like day earlier in the night was blotted out when a sand storm blew over the city. Pampans who did not wake up found their beds dusted with sand and floors and furniture covered with a fine coating of sand in the morning.

The wind came after a blistering day which saw the mercury climb to 94 degrees.

Dallam Ranch Land Acquired By Cook

More than 5,000 acres of ranch land in Dallam county, 3 miles north of Perico, has been acquired by Chas. C. Cook, local attorney, from W. Oscar Williams.

Mr. Cook traded his two-story brick building on Cuyler street, part of which he until recently used for his firm's local property. He intends to divide the ranch into farms.

It is understood Mr. Williams will establish a real estate office in the building he has obtained.

Kansas To Permit Dollar Oil Taking

WICHITA, Kas., Aug. 28. (AP)—Word the Kansas public service commission had lifted its shutdown of the Ritz-Canton pool to permit the ratable taking of oil at \$1 a barrel or more was received here late today after reports and denials the state enforced curtailment order was being violated.

Marvin Lee, chairman of the commission's advisory committee, said he had been notified by telegraph by Thurman Hill, member of the commission, that the regulatory body would permit the ratable taking of oil by companies paying \$1 a barrel or more upon application to the commission. Lee said the order was effective immediately.

Two couples, riding in hansom cabs in New York City for a lark, were halted by negroes and robbed of money and jewels valued at \$1,800.

Pearson Indorsed
By Forty & Eight

J. A. Pearson of Pampa was indorsed for the office of sous chef de cuisine de fer, second highest office in the United States Forty and Eight, at the Texas national convention in El Paso this week. Mr. Pearson is chemist national of Texas.

The convention was reported as the most successful in the history of the organization. Dr. and Mrs. R. A. Webb, Mr. and Mrs. Al Lawson and W. C. DeCordova attended from Pampa. For the first time the Panhandle has no state officers in the legion or 40 and 8.

Al Lawson made a report to the local vantage 40 and 8 last night. He declared the convention a success from every angle. Hotels in El Paso wrote letters to the state commander to be read at the closing meeting stating that there was less property damage at the convention than during any previous convention. Mr. Lawson said. He also reported that the chief of police wrote the commander congratulating him on the conduct of the delegates.

Dallas Sells
Two Players

DALLAS, Aug. 28. (AP)—The Dallas Steers sold \$25,000 worth of baseball talent last night. Bob Tarleton, business manager, announced the sale of Lou Garland and Ralph Erickson to the Chicago White Sox. Garland, husky right hand pitcher who has won 9 and lost 9 this year, was purchased for \$15,000. Erickson, southpaw star who has been on option to Shreveport all season, was sold for \$10,000.

Garland will leave Dallas tomorrow to join the White Sox. Erickson will report next spring. With Shreveport, Erickson has won 14 and lost 10.

NEGLIGENCE CHARGED

SAN BENITO, Texas, Aug. 28. (AP)—Negligent homicide was charged today against Faustino Longoria, a truck driver, in connection with the death of Marion Gale Frasier, 16 months, and the injury of Lucile Frasier, 6, in a traffic accident yesterday.

The children were riding in an automobile with their parents when the accident occurred. The automobile collided with a truck driven by Longoria at a highway intersection. Longoria was freed under \$500 bond.

ITEMS OF NEWS FROM LEFORS

LEFORS, Aug. 28. — Practical-ly no extended trips have been made by LeFors residents recently. Short trips, however, for both business and pleasure, have been numerous.

Mr. and Mrs. Ira Hanson and son were transacting business in Amarillo Saturday.

Mr. and Mrs. E. G. Sanders spent Saturday and Sunday in Canadian.

Hartley Davis of Alarreed was transacting business in LeFors Tuesday.

REPUBLICAN COMMITTEE TO ACCEPT TARIFF ISSUE

SEDALIA, Mo., Aug. 28. (AP)—James West, publicity director for the republican national committee, said in an address before the Missouri republican editorial association here today that the republican party would welcome as issues in 1932 "those subjects which the democratic high command has been directing its fire—the tariff and depression."

West said the democrats hope to "ride into power upon the wave of discontent they have sought to create with their unwarranted assaults on the administration."

ENGLAND MAY OBTAIN FRANCO-AMERICAN LOAN

NEW YORK, Aug. 28. (AP)—Negotiations for a Franco-American credit to Great Britain were described today as having made substantial progress. Estimates of the amount by financial writers ranged from \$100,000,000 to \$500,000,000.

Information came from J. P. Morgan and company that discussions had been held both here and in Paris equally in a credit to the new banking interests would participate equally in a credit to the new national emergency government.

The Dayton Daily News has announced that it will distribute wheat to needy families whose wants are certified by the Family Welfare organization there.

We Are Still Marking Down Food Prices!

Since the first of the year we have reduced over 700 retail prices, and immediately passed on to you the benefits of lower market prices and the new found economies of our food distributing organization. Therefore YOU SAVE WHEN WE SAVE—when the market price drops, the retail price you pay is less—shop every day at our stores and save!
