ROOSEVELT PLEADS FOR ECONOMY

TWINKLES Mrs. Gushaway says that she's not going off the gold standard to the extent of selling the gold in her false teeth...

Newspapers have felt quite rich lately—having more pocket change than many a business man. We've noticed that few persons have done without their pet luxuries during the holiday.

Our sympathy goes to Chicago, which has a mayor's vacant chair, a world's fair, and a holiday, not to mention the usual proverbial peck of troubles.

One is born every minute—one who believes all the radio reports being circulated before the papers are distributed.

AN OLD TOPIC It is commonly known that columnists, when they tire of discussing other topics, turn to the subject of women. And a little examination of the files shows that this writer has done very little to explain his ideas on this dangerous subject.

JUST A STARTER In order to start this discussion, we quote a woman writer in an exchange: "The henpecked husband is not so much in evidence as formerly. One certainly hears less about him, and the belief is growing that the type is becoming, fortunately, extinct."

ONE MORE IDEA We're progressing with this woman subject, aren't we? We've introduced the topic and decided that though men and women still fight, the odds are much more even.

EASY WAY OUT Having said these brilliant things about women, we are ready to proceed about marriage in general. Quarrels over trifles now take the form of wisecracks, a bit of jest-cuffs, and a trip to the movies to forget it.

President Signs Order To Speed Opening Of All Banks

DIRECTS BANKS TO APPLY FOR LICENSES NOW

REQUESTS TO BE SENT TO RESERVE BANKS IN DISTRICTS

CURRENCY IS RUSHED

TREASURY CHECKING A LIST OF BANKS TO BE REOPENED

WASHINGTON, March 10. (AP)—The treasury this afternoon began dispatching numerous telegrams allowing banks to reopen, but no announcement was to be made here as to the names or locations or times. New money legalized in the emergency banking act already is being rushed to banks of the country which will be permitted to reopen as fast as possible in the order in which their applications are received and approved.

WASHINGTON, March 10. (AP)—An executive order designed to speed the opening of the nation's banks under close supervision of the treasury was issued today by President Roosevelt.

Under the order, the secretary of the treasury was given authority to issue licenses to Federal Reserve member banks to re-open. Applications for the licenses are to be filed with the district Federal Reserve banks.

State banks, not members of the Federal Reserve, will be allowed by Secretary Woodin to re-open after obtaining approval from the proper state banking authorities. His plan was outlined in a statement a little before he went to the White House with the executive order signed by the president.

At the treasury, Secretary Woodin and a corps of assistants were continuing their work of checking and rechecking the list of banks that will be permitted to re-open. Latest presidential order was for a nationwide holiday "until further proclamation," but indications were that the expanded currency would be available for a re-opening on Monday.

Over the nation banks were doing a restricted business and hoarders of gold was pouring in both to them and the Federal Reserve.

Script was being circulated in many localities. In some instances it was being used to meet payroll. Other banks were paying as much as 50 per cent on large payrolls.

Many savings banks were open. In New York most of them were allowing withdrawals up to \$10 to meet urgent needs.

The treasury's 18th regulation authorized all banking institutions to complete payment on all subscriptions for treasury bills for which payment was due on March 6.

(See BANKS, Page 2)

Danciger Case Goes To Judges At Fort Worth

The three-judge hearing on the Danciger Oil and Refining company's suit to restrain permanently the Texas Railroad commission from preventing their wells in the Panhandle field will be heard in Fort Worth tomorrow instead of Monday as previously announced.

BANKING ON TWO SIDES OF LONG BOUNDARY

A NEIGHBORLY COMPARISON UNITED STATES CANADA. 120,000,000 - POPULATION - 10,000,000. 18,000 - NUMBER OF BANKS - 4,000. 6,000 - POPULATION PER BANK - 2,500. \$40,000,000 - BANK DEPOSITS - \$2,000,000,000. \$330. - DEPOSITS PER CAPITA - \$200.

CANADA'S RECORD of a depression without a bank failure has been contrasted with the United States' 5,000 failures during the same period. In the panels above between the massive bank vault doors are listed salient facts concerning the banking organization in the two neighboring countries.

NEW YORK, March 10. (AP)—Canada has gone through the depression so far without a single bank failure. The United States has had some 5,000 failures during the same period.

Advocates of change in the nation's banking set-up have spread these facts on the record as evidence of faults in the United States system, and also as pointing the direction of needed changes.

Differences in Set-Ups The essential difference, they point out, between the Canadian and American systems is that the Canadian banks are chartered and supervised by the central government, while the American banks are chartered and supervised by the various 48 states and the central government.

Canada's 10 chartered banks, located in Toronto and Montreal, control some 4,000 branches all over the dominion. They are national banks, working closely in co-operation with the government.

America's 18,000 banks are spread over the nation, each bank being independent, a unit in itself. The federal government charters the national banks and supervises them. Each state also charters banks and supervises them under 48 different sets of rules.

Pro And Con Debated. Opponents of the Canadian system argue that so much concentration of financial control is not the American way; proponents answer that such control has helped Canada, that New York and other major centers control America's money market anyway, that such control should be under more rigid supervision.

The Canadian system was developed under the influence of English system, itself free from failures during the depression.

Those favoring the dual system of America further argue that without the great spread of banks, each independent and most capable of judging the needs of its community, the nation's progress would have been greatly retarded; that a great central bank would be less inclined to take the necessary risk. This argument is countered by granting the original need of such banking and pointing out that the nation is past this rapid growing period, must now protect itself from inflation.

Deposits per capita in Canada are about \$200 against \$330 in the United States. There is 1 bank per 6,000 persons in the United States; 1 bank per 2,500 persons in Canada.

CHANGES HER MIND A negro woman arrested for drunkenness was unimpressed by her plight when taken before Justice James Todd Jr., the other tonight. "Give me 99 years, Judge," she said in drunken accents. Brought down from jail yesterday, well sobered, she earnestly withdrew her request for the long term.

I SAW— George Limerick and he wanted to know why his name never appeared in the paper any more.

Rufus Walker putting water in the radiator of that ubiquitous "Harvester" fliover of his.

A group in the city hall discussing the sudden angle a dog took in city court, in which Arthur Tved and John Studer were participating lawyers. The case was dismissed, but only temporarily, it is understood.

PLAN TO HIRE HALF MILLION MEN PREPARED

TO PRESENT PROPOSAL TO CONGRESS IN NEAR FUTURE

BASED ON BOND ISSUE

UNEMPLOYED OF CITIES WOULD GO TO CAMPS OVER NATION

WASHINGTON, March 10. (AP)—President Roosevelt has virtually ready for submission to congress a far-flung unemployment plan for enlisting 500,000 idle men into a civil corps similar to the army and placing them in camps in various parts of the country.

Speaker Rainey told newspapermen such a project would be part of the chief executive's proposal for a \$500,000,000 bond issue for public works probably to be dispatched to congress tomorrow.

The camps would be located at points strategic to public reconstruction, reforestation and reclamation projects, he said, and the men enlisted would be fed and housed and given compensation of not to exceed \$1 a day for their work.

Mr. Roosevelt already has outlined his ideas for one extensive project centering around Muscle Shoals and has others in mind. The camps would be strictly civil in nature and military training would not be employed, but men could be dismissed for infractions of camp rules.

Women Furnish Program Today For Kiwanians

The two teams of the Kiwanis club were tied today for attendance records with three absent members to each team for the first two weeks of the contest. All of the absent members are expected to make up their attendance by attending the Amarillo club next Monday.

An interesting musical program was given today by the Misses Esther Stark, Jackie Jones and Dorothy Doucette. Mrs. M. P. Downs representing the Business and Professional Women's club made an interesting talk, telling of the organization and activities of the Pampa club and clubs throughout the world.

Visitors today included Mrs. M. P. Downs, Hol Wagner, Miss Esther Stark, Miss Dorothy Doucette, and Miss Jackie Jones.

Wheat Advances 6 Cents Bushel

CHICAGO, March 10. (AP)—Approximately six cents a bushel advance in Chicago prices of wheat was indicated today as compared with a week ago.

Chicago grain houses had bids from millers for immediate delivery of hard winter wheat at rates about six cents above the price which prevailed for May delivery contracts at the time the Chicago market was closed on account of banking holidays.

H. E. Rogers of Berger is here on business today.

AND A SMILE HARTFORD, Conn.—Vidnight for the plaintiff and the defendant argued strenuously in civil superior court—but both represent the same man. James F. Lawlor, acting as executor of the estate of his mother who was killed in an automobile accident, is suing himself as driver of the car. He asks \$10,000 for the estate against himself.

ASSASSIN IS GIVEN DEATH

Zangara Denounces Judge As 'Capitalist'; Says He's Not Afraid of Chair.

MIAMI, March 10. (AP)—Giuseppe Zangara, zealous assassin, today was sentenced to death in the electric chair for the murder of Mayor Anton J. Cermak of Chicago in his futile attempt to kill President Roosevelt.

Sentence was passed at 10:31 a. m. by Circuit Judge Uly O. Thompson who read the sentence from a prepared statement ending with "and may God have mercy on your soul."

There was a flurry in the courtroom after sentence was passed as Zangara denounced Judge Thompson and shouted, "You give me electric chair."

"I'm no afraid that chair. You're one of capitalists. You is crook man, too. Put me in electric chair."

Deputies rushed Zangara from the court room as he shrieked the last sentence. Spectators were held in the court room until after the prisoner was removed to the elevator carrying him to jail.

Under the Florida law the execution date will be fixed by the governor of the state and officials of the state penitentiary at Raiford.

Judge Thompson's sentence ordered that Zangara be confined in Dade county jail until his removal to Raiford and that he be kept there until the governor sets the week of execution, the hour and day, to be set by the prison farm superintendent.

Mr. Roosevelt already has outlined his ideas for one extensive project centering around Muscle Shoals and has others in mind.

The camps would be strictly civil in nature and military training would not be employed, but men could be dismissed for infractions of camp rules.

WASHINGTON, March 10. (AP)—Senator Thomas (D., Okla.) today reintroduced in the senate a bill to provide for the immediate cash payment of the soldiers' bonus certificates, to be financed by expanding the currency for whatever amount is necessary.

WASHINGTON, March 10. (AP)—The treasury department today turned over to the department of justice the question of what action shall be taken against persons who have hoarded gold in the emergency.

Favorites Win In Opening Round In Cage Tournament

AUSTIN, March 10. (AP)—The Athens high school Hornets opened the 19th annual Texas intercollegiate league basketball state championship tournament today at the University of Texas gymnasium with an overwhelming 62 to 29 victory over the small El Paso high school Tigers.

Following Athens' victory the Thomas Jefferson Mustangs of San Antonio eliminated Zavalla from the scholastic state championship running by a 27 to 23 win. Both quintets started slowly with Zavalla leading 5 to 4 at the end of the first period and 14 to 11 at the half. Thomas Jefferson led at the end of the third period 22 to 16.

Pacing their opponents in all but the first period and a minute of the third period the "Crows" Wildcats survived the first round by eliminating Big Spring 38 to 33. Crowell led at the half 15 to 12. Jack Russell scored 21 points for Crowell.

Employe at Flour Mill Is Injured

J. F. Cecil, employe of the Pampa Milling company, is in Pampa hospital suffering from severe side injuries and probable internal injuries received this morning when he was lifting a piece of heavy machinery at the mill. An x-ray was taken this afternoon to determine the extent of the injuries.

He collapsed suddenly, but fortunately the machinery did not fall on him. He was taken to the hospital in the Pampa hospital private ambulance. He is a brother of Postmaster D. E. Cecil.

"JOIN THE NAVY AND—" Pampans may "join the navy and see the world from a battleship" according to a letter received from the naval recruiting department at Wichita Falls. The naval department will receive recruits for a short period, the communication stated.

Anyone from Pampa or surrounding territory interested in joining the navy may get in touch with Postmaster D. E. Cecil and he will furnish the necessary information.

WOULD SLASH SALARIES AND VETERAN FUND

HALF-BILLION DOLLAR REDUCTION ASKED IN MESSAGE

BIG SCRAP IS LOOMING

DEMOCRATS PREPARING TO PASS BILL NEXT WEEK

WASHINGTON, March 10. (AP)—A slightly intent congress received from President Franklin D. Roosevelt today his second request for extraordinary powers, this time to slash veterans costs and federal salaries so a balanced budget might be attained within a year.

Simultaneously in senate and house the president's message was read, with the legislators hanging onto each word. A determined dispute plainly was in the making; but democratic leaders professed confidence that Mr. Roosevelt would have his way, while not with the dispatch that marked yesterday's enactment of the banking law.

A bill for the new powers for the chief executive was being drafted under direction of Lewis Douglas, new director of the budget who resigned today as a member of the house from Arizona. Once it was ready, Senator Robinson of Arkansas was to sponsor it.

Immediately on hearing the presidential message, read the recessed until tomorrow to allow completion of the legislation.

House democratic leaders arranged to bind their great majority by caucus, with the aim of passing the bill by early next week.

The house created a select economy committee of five to handle Mr. Roosevelt's request for power to cut government expenses.

Vets Are Aroused. Senators and representatives, even before the second brief and momentous message in as many days reached the capital for reading, were deluged with telegrams of protest from veterans' organizations against granting to Mr. Roosevelt the powers sought. Notices of what was impending had been sent to American Legion posts throughout the country by legislative agents of the organization here, with suggestions to wire objections.

A big scrap loomed with congressional leaders set on having the latest extraordinary bill go through the committee routine—a process not respected in enacting yesterday's banking law.

LOCAL BANK AWAITTS EXECUTIVE ORDERS

With President Franklin D. Roosevelt and Secretary of Treasury Woodin clothed with full authority to close or open all financial institutions, the First National bank of Pampa today was waiting for instructions from Washington as to its re-opening date. No hope was held for receipt of necessary instructions before Monday. Secretary Woodin was expected to issue some time today a set of regulations affecting national banks, but "red tape" appeared likely to cause delay over the week-end in securing the license necessary to re-open.

Pointing to a prospective treasury deficit for this fiscal year of \$1,200,000,000 the president demanded emergency action for balancing the budget.

"The very stability of our government itself is concerned," he told congress, "and when that is concerned the benefits of some must be sacrificed."

(See ROOSEVELT, Page 6.)

I HEARD—

Started to work for the Pampa Daily NEWS six years ago today along with Olin E. Hinkle, managing editor, and Ben F. Reno, advertising manager. Who are still with the paper. All the other boys of those days have gone. The paper on that date was the first daily paper ever issued in Pampa, and since that time THE NEWS has given its readers the NEWS when it was NEWS. Other papers have come and gone, but THE NEWS is still going forward.

M. K. Brown and C. P. Buckler reminding this morning and they also remembered that six years ago today the first issue of the Pampa Daily NEWS was published. It sold like "hot cakes."

HENRY RAINEY, SPEAKER OF HOUSE NOW, IS STRATEGIST

By HERBERT PLUMMER. WASHINGTON (AP)—A silver-haired veteran of 28 years' service in the house of representatives, Henry T. Rainey of Illinois has been elected speaker of the house for the 72nd Congress.

Recognized Strategist. Rainey is a recognized strategist, a critic of the tariff and fiscal matters, he has served longer in congress than any other member of his party above the Mason and Dixon line.

Peiping in New Conquest Move. The resignation of Chang Hsiang-Liang as military commander in North China has been accepted by the National government.

As speaker of the seventy-third congress his task will be one of great responsibility. He will assume control of an overwhelming democratic house and must see to it that President-elect Roosevelt's legislative program is put through in the special session.

From present indications the test of his leadership will come quickly, for it looks as if the special session of the seventy-third congress, because of economic conditions, will be called within a few weeks instead of mid-April, as originally planned.

Some observers believe that he will make of the speakership more an advisory position than actual leadership. Upon the shoulders of the democratic leader may fall the actual job of directing the forces of the party in the house.

Earlier reports from Tokyo described a heavy battle at Kupiekow. Previous reports had said the pass was occupied at noon last Wednesday.

The Japanese foreign office instructed its legation at Peiping to attempt negotiations looking toward the withdrawal of Chinese troops from Kupiekow.

The citrus fruit exhibit from Polk county won the blue ribbon this year for the fifth time in six years at the South Florida fair.

OUT OUR WAY . . . . . By WILLIAMS

NEWS (Continued from Page 1)

Mr. Smith, who, disliking the original name, christened it THE NEWS. He did most of the work, setting the type by hand. His income was small but likewise his expenses in those days.

The oil boom which resulted in the change of ownership started a long series of improvements based on Pampa's growing needs and the mounting revenue.

David M. Warren, general manager of the Nunn-Warren firm, saw the future of the NEW PAMPA and with his associates planned to give Gray county its first daily newspaper.

The first issue of the Daily NEWS contained such stories as those on the visit of R. E. Shepherd, "singing mayor" of Wichita Falls, and West Texas chamber officials.

The pipeline department headquarters is at Kingsmill, C. E. "Dan" McGrew is superintendent of that department.

NEW YORK, March 10 (AP)—Some of the leading Wall Street banks this afternoon said they were momentarily expecting permission from the New York Federal Reserve bank to reopen for business tomorrow.

MAGNOLIA (Continued from Page 1)

men work in the gas, production, gasoline, and carbon black departments.

The company is generous in allowing outside teams and clubs to use its diamond for games. "Magnolia park" is well known to Pampa sport fans.

The speed with which the administration has acted in its effort to open the bank doors has been taken as an indication that the new currency, green and crisp and to all appearances little different than millions of dollars of currency already circulating, will be available at the Federal Reserve banks of the country for issuance when the bank holiday is lifted.

More than likely, it will be less than a week before the new money is buying shoes and bread and motorcars and farm machinery, and meeting in every way its full purpose as legal tender of the United States of America.

TRADING POST POPULAR. The Trading Post, located at 810 West Foster avenue, is becoming more popular every day, according to H. V. Patterson, manager.

NEW YORK, March 10 (AP)—Some of the leading Wall Street banks this afternoon said they were momentarily expecting permission from the New York Federal Reserve bank to reopen for business tomorrow.

FRIDAY EVENING, MARCH 10, 1933. VALIANT DUST by Percival Christopher Wren. "So I think I fear, you yourself life is in danger, from jealousy."

"And who on earth should be jealous of me?" asked Margaret. "You are a Dismal Jimmy, Herr Schlacht."

"No. Never am I a Jimmy Dismal. Fraulein. Always I laugh, out loud or in myself. I am just foony fat German. And laugh behind what you call in your beautiful language, 'poker-face'. But I do not laugh when I think your life in danger from jealousy, jealousy of girl Sara."

"What?" "Jealousy of girl Sara who perhaps much let Herr Jules. Jealousy of Lady Elisa Beth of Ain who do not like English girl coming here and perhaps taking her Jules back again to England. Jealousy of Lady Zainub."

"Now that is absurd, if all the rest wasn't." "Jealousy of Lady Zainub," repeated Herr Schlacht imperiously, "who is ver' jealous of influence of Herr Pedro over the Kaid, and perhaps ver' jealous of influence of Herr Jules over Raisal. And perhaps ver' jealous if she sees Raisal going in for beautiful English girl."

"Margaret forced a laugh. 'So, look you, my dear young lady, do you not think that it will be good to have a friend—a friend who can warn and help—an ally who never would be drunk when most needed was for help, and—'

"Don't talk to me like that, please," interrupted Margaret, with asperity, and coloring hotly. "It was the first time that my husband ever . . . Mind your own business, please. I don't believe that my husband was . . . I believe that our Raisal put some beautiful filthy drug in his coffee, or wine, or—"

"The first time?" replied Herr Schlacht, with raised eyebrow. "And suppose Raisal did do this? What about the next time and the next?"

The color drained away from Margaret's face as she realized that the events of last night—whatever their cause—might happen any night, every night.

Suppose they occurred again and again? Suppose they occurred again and again? Suppose they occurred again and again? Suppose they occurred again and again?

"And pray how should his life be in danger?" "Everyone's life here is in danger. The Kaid and Raisal from the French and Spaniards, whom they will defy and fight; Herr Pedro and Herr Jules from Raisal and the Lady Zainub, if they offend—especially Herr Jules, if the Lady Zainub think perhaps he kill Raisal or the Kaid himself."

"My life is in danger, if all I promise does not happen, or if other Government send other embassy, and he think I am in the way; or perhaps Moorish officers get jealous if Kaid put me over them, and listen to me in council."

"Even ladies' lives in danger; Lady Elisa Beth of Ain, if Zainub get jealous about all Maligni family; Lady Zainub herself, if Kaid say, 'Time I get new wife, this pattern old-fashioned, Sara latest model.'"

"Sara's life in danger, if Lady Zainub say. 'I must keep her a good girl; the only good girls are dead girls.' In spite of herself, Margaret smiled, and against reason and circumstance, she instinctively and intuitively liked and trusted this amazing person, whose knowledge was phenomenal, uncanny, and whose observations were as disturbing as they were convincing."

"And I think," continued Herr Schlacht, "that, apart from wickedness of Raisal, the life of yourself may be in danger."

"Oh, what nonsense!" expostulated Margaret. "I never heard such a lot of absurd rubbish and . . ."

"Look you, my dear young lady, you are not now in London, or green peaceful English country. You are in place uncivilized, and among people barbarous, where might is right, and there is no law but will and desire. Just that much law. And all man's motto is 'What a man dares, he may do.'"

"But you might for another country," Herr Schlacht said. "That country might be ver' glad to have you in its secret service, and be glad to offer you rewards and honors, if you served it well."

## PRESIDENT FORSEES IMMEDIATE RELIEF UNDER NEW MONEY LAWS

WASHINGTON, March 10. (AP)—President Roosevelt and leaders of the new congress stood as one today in a campaign to thrust aside an immediate obstacle to normalcy—the scarcity of currency.

Their agreement, reached in a get-together that lasted after midnight, was hailed by both as something that would permit immediate re-opening of a large number of banks.

Although full details were yet to be announced, the outline of the currency plan was this:

1. New money, already in the making, will be issued and based on government obligations. There will be no gold directly behind the currency, but the soundness of the government obligations will be guaranteed by—

2. A continued federal check on gold.

3. Retirement of inherited deficits.

4. A drive to make gold hoarders lose their hoards by March 13.

5. The fact that the government bonds themselves are redeemable in gold.

The people who sat in the meeting when this plan was agreed upon saw no question but that these things would be done. Senator Carter Glass of Virginia, one of officialdom's outstanding advocates of "sound money," was among the conferees who approved this step.

The reactions of the congressional leaders to the bill Mr. Roosevelt presented was expressed by Senator Robinson of Arkansas, democratic leader, in these words:

"We have gone over a tentative draft of the bill and considered it with some care. It is the opinion of all in the conference that the bill will be passed through both houses today and will result in the opening of a large number of banks on Friday."

President Roosevelt's statement was:

"I have been in conference with members of the senate and house and have talked over with them a measure which has been carefully studied and prepared which will immediately relieve the situation and at once starting banking operations throughout the entire country. I have been assured that there is every prospect of the immediate passage of this legislation on its introduction. I am gratified at the outlook."

## Muleshoe Road Is Designated

MULESHOE, March 10. (AP)—The conditional designation by the state highway department of a road from Muleshoe almost due south to Morton, county seat of Cochran county, is looked upon here as another step toward the development of the most western tier of Panhandle counties.

Although only about 30 miles apart, these county seat towns never have been connected by an improved highway. The new road will connect with state highways Nos. 7 and 70 here, and with No. 24 at Morton. It will parallel, at a distance of about 30 miles, the route recently given a similar designation from Channing to Littlefield, by way of Vega, Harford and Dimmit. The two routes will be the first north and south roads in these western counties.

The designation is conditioned upon the counties obtaining the required 100-foot right-of-way, the services of an engineer to make the preliminary surveys and the construction of a grade. Bailey county will use funds obtained from the reconstruction finance corporation to begin its part of the work.

## DAIRY JUDGE SELECTED

PLAINVIEW, March 10. (AP)—Joe W. Ridgeway of Fort Worth, one of the eight judges recommended by the American Jersey Cattle club, has been selected to judge the entries in the sixth annual Panhandle-Plains Dairy show April 10 to 13.

## Dalhart Woman Guards Ducks In Hunting Season

DALHART, March 10. (AP)—Wild waterfowl have found a protecting friend in the Texas Panhandle, where most persons give thought only to training their guns on the thousands of ducks and geese which literally cover this area's numerous shallow lakes during the fall hunting season.

This friend is Mrs. R. L. Duke, wife of Dalhart county rancher, who has established a sort of private preserve on 300 or 400 acres of the ranch on which the ducks live. A small stream flows a circuitous route across one corner of the ranch, and it is in that region that Mrs. Duke permits the birds to congregate under her protection.

It has been several years since hunting was permitted in the restricted area, and thousands of Mallards have taken refuge there. The birds usually go north for the breeding season, but they have begun to remain in the Panhandle the year round. John L. McCarty, Dalhart publisher and amateur photographer who has made numerous waterfowl pictures, estimated the number now on the ranch at between 50,000 and 75,000.

"They are so numerous," McCarty said, "they have to take turns swimming in the small stream. The ground is covered with them on both sides of the creek."

Mrs. Duke is up before daybreak each morning and gives the birds her personal protection until after dark. She seldom leaves the ranch in winter for fear hunters will slip in during her absence.

"They are my children," she said. "I love those wild birds, and my greatest pleasure is in protecting them."

Mrs. Duke can go onto the preserve alone and walk within a few feet of hundreds of the ducks and none will take flight.

"I could kill them with a long stick," Mrs. Duke said. "But they recognize me and know that I will not harm them."

### International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: Jesus Ministering to the Multitude.

Scripture Lesson: Mark 6:30-44.

30. And the apostles gather themselves together unto Jesus; and they told him all things, whatsoever they had done, and whatsoever they had taught.

31. And he saith unto them, Come ye yourselves apart into a desert place, and rest a while. For there were many coming and going, and they had no leisure so much as to eat.

32. And they went away in the boat to a desert place apart.

33. And the people saw them going, and many knew them, and they ran together there on foot from all the cities, and outwent them.

34. And he came forth and saw a great multitude, and he had compassion on them, because they were as sheep not having a shepherd; and he began to teach them many things.

35. And when the day was now far spent, his disciples came unto him, and said, The place is desert, and the day is now far spent.

36. Send them away, that they may go into the country and villages round about, and buy themselves somewhat to eat.

37. But he answered and said unto them, Give ye them to eat. And they say unto him, Shall we go and buy two hundred shillings' worth of bread, and give them to eat?

38. And he saith unto them, How many loaves have ye? go and see. And when they knew, they say, Five, and two fishes.

39. And he commanded them that all should sit down by companies upon the green grass.

40. And they sat down in ranks, by hundreds and fifties.

41. And he took the five loaves and the two fishes, and looking up to heaven, he blessed, and brake the loaves; and he gave to the disc-

iples to set before them; and the two fishes divided he among them all.

42. And they all ate, and were filled.

43. And they took up broken pieces, twelve basketfuls, and also of the fishes.

44. And they that ate the loaves were five thousand men.

Golden Text—The Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many.—Mat. 20:28.

Time—The death of John the Baptist, March A. D. 29. The feeding of the five thousand, April A. D. 29.

Place—The feeding of the five thousand near Bethsaida, on the northeast shore of the Sea of Galilee.

Introduction  
After his second rejection of Nazareth and the agitation over the death of John the Baptist, Jesus was desirous of conferring with the Twelve over what they had done and taught on their first independent tour of evangelism in southern Galilee. He therefore called with them from Capernaum across the sea of Galilee to an uninhabited spot on the northeast shore. But crowds followed him by land around the northern end of the sea, met him when he landed, and remained with him until late in the day when the five thousand were miraculously fed. All four Gospels record this remarkable miracle. Since each inspired account gives touches not found in the other, all of them should be carefully read and studied: Matthew 14:13-21, Mark 6:30-46, Luke 9:10-17, John 6:1-14.

The Twelve Sent Forth  
Jesus was now at the height of his fame. His personal ministry had stirred the people in many parts of the country. In addition to his own efforts, there was now added the work of the Twelve on their first independent tour of evangelism through the towns and villages of southern Galilee.

It was at the close of this tour that "the apostles gathered them-

selves together unto Jesus." He was doubtless at Capernaum ready to receive them upon their return. The Twelve are called Apostles by Mark on this occasion alone. The word means a messenger or one sent forth, and so was particularly appropriate in this connection. Their first mission is recorded in verses 7-13. No doubt they put themselves into their tour with such energy that they were tired at its close. Yet they must have been happy over some of the work that had been done.

Place of Rest and Quiet  
"Come ye yourselves apart into a desert place." Not a barren place, but a deserted place, a place where there were no cities or dwellings. "And rest a while." The apostles had just returned from a difficult journey, on which we may be sure they had been pressed constantly by throngs of inquirers after truth as well as by those in search of healing, and they were weary in body and mind. "For there were many coming and going," John 6:4 tells us that the Jews' great feast, the passover, was at hand, and all roads would be full of pilgrims going up to Jerusalem as commanded by law. "And they had no leisure so much as to eat." Their only chance for rest was to go where there were no people. "And they went away in the boat to a desert place apart," v. 32.

Multitude Followed Jesus  
The disciples crossed the lake in a northeasterly direction from Capernaum, to Bethsaida-Julias (Luke 9:10) at the northeast corner of the lake, near where the Jordan enters it. This Bethsaida was a village which Herod Philip had rebuilt and enlarged not long before this, naming it Julius after Julia, daughter of the Emperor Augustus. South of it is the narrow green plain of Buthala, the scene of the miracle now to be described. To that place the multitude came, and Christ took the way he asked the blessing at the meal, Luke 24:30-31. This custom should never be omitted in a Christian household.

Jesus Teaches Economy  
"And they took up broken pieces, twelve basketfuls, and also of the fishes." This was in obedience to Christ's command, "Gather up the fragments that remain, that nothing be lost."—John 6:12. He could easily repeat the miracle, but he would teach a lesson in the divine

economy. There is no waste in nature. The law of conservation runs through the universe, and he would have it embedded in the souls of his followers. We are not to be prodigals of time or strength or money or any other good thing.

Aid In An Emergency  
So tremendous was the impression made by this great miracle upon the people that they were for taking Christ by force and proclaiming him a king (John 6:14, 15). What army could withstand his army, which he could feed at a word? But Christ, the Prince of Peace, at once dismissed the crowd, bidding his disciples get into their boat and go back across the lake, while he himself slipped away among the hills and spent the night in prayer. But one of the sudden storms so common on Sea of Galilee came up, and with all their toiling at the oars against the wind the disciples had got only halfway back by six o'clock the next morning. Our Lord, from his mountain retreat, knew their peril and went to them, walking on the water, one of the most surprising miracles. The disciples were affrighted as he approached, thinking that it was his ghost, but he hailed them with his characteristic greeting, "Good cheer; it is I; be not afraid." It was then that Peter made his bold attempt to walk to Jesus on the water, but his faith failed as the waves rocked up and down, and only Christ's outstretched hand prevented him from sinking. Then when Christ got into the boat, with Peter, the wind ceased.

The Bread of Life  
"Bread thou the bread of life, dear Lord, to me, As thou didst break the loaves beside the sea."  
—Mary A. Lathbury.

"Give Ye Them To Eat"  
Jesus is unwilling to send the people away with their wants unsatisfied. But before he draws on his own boundless stores, he waits his disciples to reckon up what they can do. "And he saith unto them, How many loaves have ye? go and see." The Eastern loaf is a flat cake, much smaller than our loaf. "And when they knew, they say, Five, and two fishes." It was Andrew, the discoverer among the apostles, who found a lad with five cakes of coarse barley bread, used only by the poorest, and two small fishes used as a relish for the bread. It was doubtless the lad's luncheon, put up by his careful mother, and all he had to eat, but he gave it gladly, at the Master's call. "Some of us may be like the lad with the five barley loaves, we may possess few things, very little money, or influence or talent. Let us not despise what we have, but use it in God's service."

The Lad's Food Supply  
"And he took the five loaves and the two fishes." Our little store of possessions and talents is never multiplied until it is freely surrendered and is taken up into Christ's hands. "And looking up to heaven, he blessed, and brake the loaves." It was the common custom among the Jews for the father of the family to ask God's blessing on each meal, and Christ took the place of father to all that multitude. But though this was a common custom, there was something distinctive in Christ's manner of observing it, for he was recognized after his resurrection, by the two disciples at Emmaus through the way he asked the blessing at the meal, Luke 24:30-31. This custom should never be omitted in a Christian household.

Jesus Teaches Economy  
"And they took up broken pieces, twelve basketfuls, and also of the fishes." This was in obedience to Christ's command, "Gather up the fragments that remain, that nothing be lost."—John 6:12. He could easily repeat the miracle, but he would teach a lesson in the divine

### Phillips Bowlers Defeat Leaders

The Phillips team in the City Bowling league took three straight games from the league-leading Voss Cleaners last night, while the Jaycees won two out of three from the Kiwanis No. 1 team. Big F. A. Peck of Phillips topped 635 pins for an average of 211 a game to be the leading factor in the oilmen's wins, while the cleaners were unable to connect with the head pin on many occasions.

The Jaycees lost the first game when Sam Penberg, back from a vacation in South Texas and Old Mexico, topped only 123 pins. The team came back to take the last two games by comfortable margins. Individual scores were not available this morning.

### DEER TURNS WHITE ELEPHANT

PORTLAND, Ore. (AP)—A buck deer with the trailing tendencies of Mary's little lamb gave three state policemen extra work. The buck was rescued from the Willamette river. The police took the animal to the highway, where they untied it and waited for it to flee. Instead, the animal refused to leave its benefactors.

They led it for more than a mile into the hills, then attempted to steal away, but the deer followed them. Finally the officers broke into a headlong rush down the hillside and eventually eluded the buck.

Mrs. J. R. Glass of McLean was admitted to Worley hospital for treatment yesterday afternoon.

Mrs. D. E. Stokes was able to leave Worley hospital last night.

## "HIGHEST TEST" at the price of ordinary gasoline

Today there is one big, outstanding topic of discussion whenever experts talk about gasoline.

At the conventions of petroleum technicians... in the meetings of automobile engine designers... in almost every issue of the magazines devoted to the oil and gas industry... the subject that comes up over and over again is VOLATILITY.

Everywhere, there is greater recognition, than ever before, of the fact that volatility is the most important property in gasoline.

You may not care for technical details. You may not know that volatility is defined as "the ability to evaporate and become vapor." But since high volatility (high test) gives truly startling improvement in performance, you can't help being vitally interested in the fact that Phillips 66 has 78% more volatility than any other leading gasoline.

This is a powerful, outstanding fact. It tells you why Phillips 66 saves you money. Every gallon, every drop of this greater gasoline has more volatility, has higher gravity, is higher test.

Right now, Phillips 66 gravity ranges from 65.6° to 80.5°. And it does not cost 3¢ extra per gallon. No, sir! As the world's largest producer of natural high gravity gasoline, Phillips can afford to give you amazingly high gravity gasoline at the price of ordinary motor fuel.

The very first time you try a tankful, your engine quickly tells you that this high test and high anti-knock gasoline IS different. You actually

feel the added power and snap, the new speed of get-away and smoother running. You get more miles to the gallon and... the fastest cold weather starting you have ever experienced.

Higher test (more volatility) is the quality in Phillips 66 which brings you this wonderful combination of motoring improvements. And this high test is yours, without a single penny of higher price, at every Orange and Black 66 shield. For the gas that is easy on your engine and your pocketbook, fill-up with Phillips 66... and don't forget, when you drain—refill with Phillips 66 Motor Oil, the new scientific lubricant which offers the same extra value always given by Phillips 66 gasoline.

What is CONTROLLED VOLATILITY?

Everyone knows that weather affects ordinary gasoline, that temperature affects engine performance. Obviously the weather cannot be controlled; so Phillips insures perfect performance by CONTROLLING the VOLATILITY of the gasoline. Phillips pioneered this scientific method of matching gasoline to driving conditions. Always, it makes full allowance for differences caused by climate and geographical location. Whatever any engine in any city needs, to attain maximum efficiency and ideal performance under its climatic conditions, is exactly what Controlled Volatility puts into Phillips 66.

Also Phillips 66 Ethyl at the regular price of Ethyl Gasoline

**UNIQUE**

**Phillips 66** BIG NEWS!

### Authority Says O. Henry Tablet On Correct Site

By CHARLES E. SIMONS  
AUSTIN, March 10. (AP)—Samuel E. Gideon, regarded as an authority on Texas landmarks, has taken issue with the report that a memorial tablet marking the site of the plane from which O. Henry published "The Rolling Stone" was placed on the wrong building.

Gideon is national committee-man for the preservation of historic buildings for the American Institute of Architects and has made many investigations of historic places and buildings in Texas. Local landmarks associated with O. Henry's career have been thoroughly checked, Gideon said, with Mrs. Rosch, O. Henry's mother-in-law, and his old neighbors.

"The University of Texas freshman English classes, who subscribed funds for a marker to be placed on the site of O. Henry's 'Rolling Stone' printing shop, Gideon stated. 'At the corner of Tenth and Congress, where a grocery now stands, there was a two-story rock building with a one-story building in the rear next to the alley on Tenth street.'

"It was in the latter building the paper was published. Of course this was all torn down for the new brick store."

"In order to guard against mistake in locating the site, the following, among others, were consulted: Drs. Goodall and Joe Wooten, who own a photograph of the old Rolling Stone building, which stood across the street from their offices and Dean T. V. Taylor, who declares O. Henry gave him a copy of "The Rolling Stone" from the doorway of his establishment."

A printer who worked in the building also identified the location, Gideon said.

One of O. Henry's admirers on a visit to Austin recently and the masthead of the "The Rolling Stone" gave the place of publication as the Brueggerhoff building, which is across the street from the site where the market was erected.

### Phillips Holds First Practice Of Ball Season

The Phillips playground ball team went into action yesterday afternoon with a long practice session that left the boys a little stiff and sore but well pleased with their ability to handle the ball the first time out this season.

Phillips had a strong team and tied for first place honors in the City Playground ball league last year. They have a large number of players from which to select a team. Many well known baseball players were members of last year's team. They were out again yesterday afternoon for the first practice.

Plans are being gradually formulated to organize a large city league and also an inter-city league this year. It is probable that a meeting will be called soon and an organization perfected.

ARREST COMMUNISTS  
MUNICH, Germany, March 20. (AP)—General Franz von Epp, who yesterday became federal commissioner for the free state of Bavaria, today ordered the arrest of all communist officials and all Reichsbanner leaders in the state.

### 'Gold Rush' Begun by Hoarders As Government Considers Punishment

By M. C. WATSON.  
NEW YORK, March 10. (AP)—The nation's attention was focused today upon the standard of its money, and a two-day "gold rush" was in prospect.

Several large banks indicated, without giving figures, that a rush of hoarders to buy gold was in prospect. Effort to build up the gold reserve of the federal reserve system already has been made by the secretary of the treasury who stipulated that banks to obtain additional currency, must turn in gold and gold certificates.

Reports from Washington said President Roosevelt intends in his new proclamation on Thursday night to keep the door closed on the gold in American banking vaults. Effort to build up the gold reserve of the federal reserve system already has been made by the secretary of the treasury who stipulated that banks to obtain additional currency, must turn in gold and gold certificates.

Colonel Frank Knox of Chicago, chairman of the anti-hoarding commission appointed by Hoover, advocated a 25 per cent excise "to tax gold out into the open." Wall Street bankers wanted the same thing, one of them opposing a tax of increasing severity—25 per cent after a time limit of 15 days, 50 per cent after 30 days, and 100 per cent at the end of 60 days.

Still others advocated publication of the names of persons who have made large gold withdrawals. The federal reserve system has kept such a record since 1915.

The gold standard requires a minimum reserve of 40 per cent in gold for currency in circulation. Usually a reserve of well-above the minimum is maintained.

On March 1, this year, the gold reserves of the federal reserve system amounted to \$2,892,083,000 and

only a week earlier they were \$3,118,393,000. The reserve on March 1 was 45.8 per cent.

Figures published on March 3 showed that gold withdrawals from the federal reserve bank of New York amounted to \$228,000,000, of which \$116,000,000 was for shipment to foreign nations and \$110,000,000 for domestic distribution.

### Close All Wells In Protest On Oil Price Cut

ABILENE, March 10. (AP)—Protest of oil producers in this section against drastic price cuts on crude, recently announced by Shell and Humble, is taking direct-action form in Jones county. It was reported here today that wholesale shutdown of production will start at 7 o'clock Saturday morning, affecting about 175 wells, or virtually 100 per cent.

Shell started the cut last week, in Fisher county, in contract to buy 165,000 barrels of storage oil from one large operator, at 30 cents per barrel against the former prevailing price of 50 cents. Humble met the cut, then extended it to cover Jones county. Operators immediately protested, charging that Humble had arbitrarily removed Jones county from the west central district and placed it in the West Texas (Permian Basin) district, where the 30-cent price prevails.

### ROOSEVELT

(Continued from Page 1)  
be subordinated to the needs of all. "When a great danger threatens our basic security it is my duty to advise the congress of the way to preserve it. In so doing I must be fair not only to the few but to the many. It is in this spirit that I appeal to you."  
"If the congress chooses to vest me with this responsibility it will be exercised in a spirit of justice to all, of sympathy to those who are in need and of maintaining inviolate the basic welfare of the United States."

Mr. Roosevelt in his message did not specify to what lengths he intended to go in slashing veterans appropriations and government salaries if given the authority but his advisors estimated at \$500,000,000 the amount intended.

A bill to carry out the proposal of the president was gone over last night at the White House with congressional leaders and will be submitted immediately.

The measure would require that the salary reductions take into account the cost of living and be limited to a total of 15 per cent, including the existing salary cut. Permanently and totally disabled war veterans would be untouched. Also, veterans whose disability is traceable to service origin would be kept on the payrolls. The president would be given full authority to fix the rates of compensation for all of the thousands of other veterans now receiving allowances who are not in these classifications.

Speaker Rainey appointed representatives McDuffie of Alabama, Milligan of Missouri, and Woodrum of Virginia, democrats, and Taylor of Colorado and McCugin of Kansas, republicans, as the special economy committee to handle a bill to give President Roosevelt the power to slash government expenses.

### Levine's To Open At New Location Saturday Morning

Levine's store will open for business in its new location in the Brown building at the corner of East Foster and South Cuyler streets tomorrow morning.

Moving has been in progress for the last two days. The new store will be much larger and better lighted and equipped than the former location where the firm has been for a number of years. Morris Levine of Amarillo has been in the city for the last two days assisting in moving.

### 'Substance' To Be Society's Study

"Substance" will be the subject of the lesson-sermon in all Churches of Christ, Scientist, next Sunday. The local society meets in room 2, First National bank building.

The golden text is from Hosea 12: "Turn thou to thy God; keep mercy and judgment, and wait on thy God continually."

Included with other passages to be read from the Bible will be the following from Matthew 6: "Therefore take no thought, saying, What shall we eat? or, What shall we drink? or Wherewithal shall we be clothed? . . . But seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you."

The lesson-sermon will also include the following from the citations to be read from the Christian Science textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy (p. 468): "Substance is that which is eternal and incapable of discord and decay. Truth, Life, and Love are substance, as the Scriptures use this word in Hebrews: 'The substance of things hoped for, the evidence of things not seen.'"

### 'There Is Nothing New Under The Sun'

ALBUQUERQUE, N. M., March 10. (AP)—Scrip may be a novelty to white men but New Mexico Indians have been using something very similar to it for upwards of 35 years.

They call it "tin money" and Mike Kirk, Albuquerque Indian trader, said today many of the Indians, especially the Navajos prefer it to United States currency.

Each trader uses his own type of "tin money." Some use round shaped brass checks, others octagon or square. Each trader has his name and the denomination scratched on the coin. The trade checks are accepted at their face value by all Indians in their dealings among their own people.

Only 10,406 veterans of the Confederate army were living at the beginning of 1933.

The house where President William Howard Taft was born in 1857 still stands in Cincinnati, Ohio.

William Bishop, who joined the choir at Little Milton, England, in 1857, is still a member and has also been a bell-ringer since 1867.

### FIVE STATES MOVE TO LIFT BAN ON SUNDAY BASEBALL

Pennsylvania Shows Signs Of Repealing Law Over Hundred Years Old.

Note: The Associated Press yesterday presented the results of a national survey of state legislation showing that Oregon and Washington already had turned to legalized racing and betting as a new source of taxation and that bills were pending in 19 other states. Today it presents the result of a national survey of the so-called "blue law" restrictions on professional baseball.

By FOSTER HAILEY, Associated Press Sports Writer.  
NEW YORK, March 10. (AP)—Four more and many years ago the Puritan forefathers of America decided it was and should be declared illegal to engage in anything except

church-going on the seventh day of the week. They passed laws to outlaw other activities.

A national survey by the Associated Press of these so-called "blue laws", many of which date from the 18th century, shows that 25 states still carry a ban against recreational or gainful activities on the Sabbath. However, in only six has there had been considerable effort to enforce them against Sunday baseball and in five repeal bills are pending.

Most important, in national interest, of the repeal bills is that in Pennsylvania, home of three major league teams and without Sunday baseball since 1794. It is the only state harboring major league baseball which bans Sunday play, Massachusetts having lifted the re-

strictions last year. Annually for many years bills have been presented which would give the Philadelphia and Pittsburgh teams the privilege of adding to their revenues with Sunday attractions but not until this year of depression—1933—have they been near passage.

Now a bill repealing the ancient laws has passed the lower house and is up for last and expected favorable reading in the senate. Those who should know say it will pass the senate and that Governor Gifford Pinchot probably will allow it to become law without his signature. Both major leagues have withheld their schedules pending the outcome.

The other four states in which legislation is pending with reasonable expectations of passage are Wisconsin, Maryland, Georgia, and Maine. The Maine bill, however, would exempt amateur teams only while the Georgia measure merely provides for a referendum on the subject in the city of Atlanta. Wisconsin voters expressed their desire for legalized Sunday baseball

in a referendum last fall. The six states where the letter of the "blue laws" has been strictly enforced, at least against baseball, are Pennsylvania, Maine, Virginia, Vermont, North Carolina, and Georgia. North Carolina just this year passed its bill outlawing baseball on the Sabbath. In rockribbed Vermont and Virginia, where all except necessary occupations are banned on Sunday, no legislation is pending.

fort-on-the-Main. He said communists would be barred from political life until they become "useful members of the nation."

**HUNGER MARCH**  
VIENNA, March 10. (AP)—Federal troops and Gendarmes occupied Neunkirchen, near the industrial center of Wiener Neustadt, this morning after a report that unemployed were organizing a hunger march from Ternitz.

### Thousands of Reds Face Prison Terms

BERLIN, March 10. (AP)—A threat of hard labor for thousands of communist prisoners and a promise of legal safety for Jews were put forward today by the two members of Chancellor Hitler's cabinet who belong to his own Nazi party.

That hard labor in detention camps faced thousands of imprisoned communists was intimated last night by Dr. Wilhelm Frick, interior minister, in an address at Frank-

# WE HAVE FAITH

Not Only In Our PRESIDENT, Our COUNTRY, STATE, COUNTY and COMMUNITY, But In

**OUR BANK**  
**IT IS 100 PER CENT SOUND**

OUR COUNTRY, always has met, and always will meet, every material need of its people — Babson, our most prominent authority on American Business statistics, stated this week, "AMERICAN BANKING INSTITUTIONS are in better condition now than at any time since 1929." There is no doubting this statement.

Our natural resources, and food supplies are as plentiful as at any time in our national history and we the people of this great UNION, shall carry on, as is our nature—always arising to our country's call of stress!

ROOSEVELT is the man of the hour, a true DEMOCRAT, who places the needs of the people ahead of government machine and petty politics, and has the complete confidence of all. His and our success is assured.

A supposed panic is nothing new . . . The panics of the nineteenth and early twentieth centuries completely over-shadowed anything we can picture in our minds today! Yet History does repeat itself in this one respect; that out of each chaotic despair, quickly rose recovery — and each recovery far outshone the best times preceding each catastrophe.

Today is no exception in this respect . . . Our supposed troubles have done nothing more than to make men feel more closely the great "BROTHERHOOD OF MAN". Put your shoulders to the Wheels of Progress, and cooperate in bringing about quick recovery.

Although food prices have advanced sharply during the last week you will find the same HIGH QUALITY MERCHANDISE at customary LOW PRICES and COURTEOUS SERVICE as usual at

# 'The Queen City Of The Plains'

—GEORGE TYNG

Not many newcomers remember Charles A. Duenkel, Pampa's wartime mayor, but the name is familiar because just about everybody in this territory knows his son, Charles O. Duenkel of the Malone funeral home. "Charlie" the younger has spent all of his life at Pampa. He attended public school here and played on the first Harvester football team that flaunted the name "Harvesters." Until the latter name was selected, the football team of Pampa high school was called the "Bulls." Charlie played on the "Bull" team until it was changed to Harvesters.

Mr. Duenkel senior was the town's sixth mayor. He was elected April 16, 1918. He passed away Sept. 10, 1924, leaving his widow, two sons, Charlie and Alva, and a daughter, Mrs. Clyde Cowart, all of whom still call Pampa their home. Holding an office during the late world war was no "snap." There were proclamations to make; Red Cross work to encourage and promote; there were boys leaving for training camp and the citizens always saw to it that they had the proper send-off; there were liberty loan drives to encourage, and the record shows that Pampa's citizenry and mayor did not shirk any of these and a multitude of other duties and obligations which were necessary to "make the world safe for democracy" and to wage "a war to end war."

Mr. Duenkel moved from Missouri to Gray county in 1906. For many years the family lived two and one-half miles southeast of Pampa on a farm. About 1915, the Duenkel family moved to Pampa and Mr. Duenkel engaged in several business enterprises here. The period from 1917 to 1918, inclusive, will be remembered a long time by residents of the plains for other reasons besides the world war. Those two years comprised one of the longest droughts on record. In the populous centers of the east and in other sections of the nation, people became rich overnight because of the great opportunity to make money, but not so on the plains. Money in this section came from the soil in the shape of wheat and cattle, and when there was no rain there was no money. Very little rain fell in 1917 and 1918. Wheat was planted but some of it never came up; if it did it was frozen out or starved to death for water. Many a field never had a thresher in it. Cattlemen were either forced to sell their cattle or move them to another section of the country. The combination of a drought and a war occurring at the same time might have wilted the courage and determination of Panhandle residents, but it didn't. It has always been a singular fact that pioneer residents of the plains have never lost confidence in this section and they have "stayed through thick and thin."

## LIONS CLUB AT M'LEAN HAS SUCCESSFUL PROJECTS LATELY

M'LEAN, March 10.—McLean's school won the spelling contest sponsored here by the Lions club. Alameed was second and Whitefish third.

The Amarillo girls, Betty Mason and Anna McClure, and the Childress boys' team of Rush Record and Basil Noble, won the Lions club debate tournament. The tournament opened with a banquet for the visitors, given by the F. T. A. John Harding, high school principal, was toastmaster.

W. W. Boyd is the new manager of the McLean Gas company, succeeding A. J. Tillery, who was recently killed in an explosion.

Lavelle Christian has been elected president of the Future Farmers association, succeeding J. E. Bertrand of White Deer. The organization is made up of members of agriculture classes of the Panhandle.

Reuben R. R. Cook has been drafted as a candidate for mayor, subject to action of the voters on April 4.

for women to risk losing a perfectly good husband that way. The divorce courts are handy and the fees small. The days of gallantry may be gone, but we know some husbands who are actually polite to their wives they've had for several years! And we imagine that a wife had rather have a few gallantries from her mate than to see him acting like a Romeo toward everyone else and a brute to her. Mrs. Pampas dislikes the word wife because of what it used to connote. She wants to be a pal, a partner, a helpmeet, and the modern husband is lucky to have the advantage of the new relationship.

WOMEN AT WORK Lots of men we know think that the entrance of women into the professional fields, especially book-keeping and stenography, has had much to do with current unemployment of men. Though this may be true to a limited extent, it is also true that the advantages have been many and the modern criterion of relationships is equality of opportunity. The chance to work has given many a woman an opportunity to escape from a brute husband. The oldtime endurance contest in which a "trail little wife" would try to get along with a beer-guzzling swine is no longer necessary. Marriage should be a happy state and the fruits thereof should be such as to recommend it to the younger generation. In our opinion, a marriage that wholly ceases to exist in fact and in spirit has no standing in law, although we realize that divorce, too, should be a dignified institution and protected from the hellish raids of those to whom nothing is sacred.

ON HELL-RAISING The capacity of women to raise Cain may be said to be somewhat enhanced by the modern freedom. It is a known fact that a drunken woman is more of a wildcat than a drunken man. The husband of such a female is not likely to be henpecked, but possibly may be have his head broken or shot off. Women—modern women—are rather peaceable, however, compared to men. A federal bureau says that there were

## STAR RUNNER WILL NOT BE IN DUAL MEET

### SQUAD WORKING HARD IN PREPARATION FOR AMARILLO

Orville Heskell, star high school sprinter, is walking around on crutches and will not be able to participate in the dual meet with the Amarillo Sandies here one week from Saturday. The meet will start at 2:30 o'clock. Coach Odus Mitchell said this morning. Judges have not been selected. The injured runner was doing some practicing at home and jumped over a box. He landed on his bad ankle and sprained it badly. He was taken to a doctor and had the injured member treated, but the doctor said he would have to remain on crutches for some time. Coach Mitchell is hoping that the lad will be able to participate in the county meet April 1.

The team went through a stiff practice session yesterday afternoon despite the strong wind. The coach planned to take the boys to Harvester park this afternoon for their first real workout, but the jumping pit has not been completed and hurdles are still being constructed. Coach Mitchell will divide his squad Monday afternoon, weather permitting, and the boys will work only on the events in which they will participate. An elimination contest will be set for probably Thursday afternoon when the boys who will take part in the dual meet will be selected.

The team is fast rounding into shape despite the fact that the boys have been practicing only a week. Bad weather and the fact that the coach and several of the boys were still working at basketball kept practice from getting under way sooner. Amarillo boys have been out for nearly a month.

## HACK WILSON IS IN MARKET

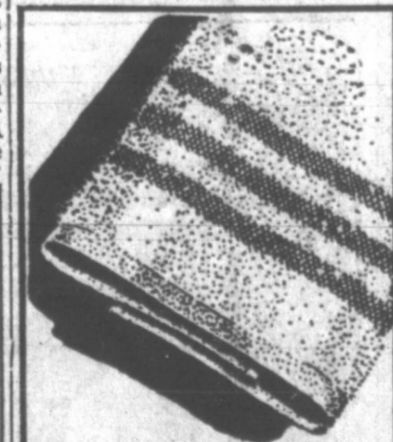

Hunting New Owner Who Is Willing To Pay Him \$15,000 For Season.

MIAMI, March 10. (P)—Lewjy Robert (Hack) Wilson was in the market today for a new owner willing to pay him \$15,000 for the 1933 season. Turning down a \$10,000 offer from the Brooklyn Dodgers yesterday, Hack was given formal permission to dicker with other National League clubs in an effort to bring about his own trade.

Joseph Gilledeau, vice president of the Dodgers, stipulated however, that the terms of the trade must be satisfactory to Brooklyn.

There were indications that Wilson would seek to land either with the New York Giants or the Boston Braves, both of whom could use additional hitting strength in the outfield. However, it was considered unlikely that either would be willing to pay Wilson the \$15,000 he is asking. Hack received \$33,000 from the Chicago Cubs for his services in 1931 and was paid \$16,500 last season.

74 women arrested for every 100 men during the last 11 months of 1932. One of each 38 women was charged with robbery, while one of every 17 men arrested was charged with that offense. The most common offense by women is petty thieving, not including ransacking of husband's trousseaus at night. Some women turn to forgery as a means of stealing. Those women who through driving while intoxicated or other condition accidentally kill someone rarely are again guilty of the same offense, while men are callous. Contrary to a rather general belief, sex crimes number only 12 per cent of the offenses for which women are arrested.

## Juniors Show Solons That Passing Good Laws and Repealing Bad Ones Is Child's Play If Mood Prevails

JUNIOR SHOW—24 de ele AUSTIN, March 10. (AP)—Members of the "Junior Texas Legislature," an organization composed of pages and other youthful employees of the Texas house of representatives, have given the regular members some "pointers" on how legislation should be enacted.

On a recent dull Saturday afternoon the house hall was turned over to the junior legislature, which proceeded to pass and repeal laws in the approved style and to amend the constitution. In a "session" that lasted about an hour, the juniors repealed virtually all laws on the statute books, enacted a few that suited their own sentiments and so revised the constitution as to leave that ancient safeguard of liberty in a state of confusion.

Bills to change constitutional and statutory prohibition were passed with celerity by the juniors. To pass the appropriation bills required only a few minutes, while to get through the bill to legalize wagering on horse races, a controversial subject before the regular house, was mere child's play.

Mundell Rogers of Sweetwater served as speaker of the junior house. He ruled promptly on points of order and made his rulings stick, regardless of their merits. Rogers had complete staff of assistants including a parliamentarian, reading clerk, chief clerk, journal clerk and a sergeant-at-arms. Rep. Cecil Lotief of Cross Plains included the juniors by serving as their chaplain.

## Rosenbloom Meets Challenger Tonight

NEW YORK, March 10. (P)—Maxie Rosenbloom, Harlem's light-heavyweight champion, defends his title tonight against the challenge of a youthful Teuton puncher, Adolph Heuser, in 15-round bout in Madison Square Garden.

Rosenbloom, whose title claims rest upon recognition by the New York State Athletic commission, rules a 2 to 1 betting favorite with prospects of even heavier odds by the time the fighters enter the ring.

## NEW ELEVATOR UNIT

AMARILLO, March 10. (P)—The Great West Mill and Elevator company of Amarillo has let a contract for the immediate construction of a 623,000-bushel elevator storage unit. Walter A. Barlow, vice-president and manager of the company, said that so far as he could ascertain the project was the only elevator or mill construction of large proportions in the wheat country of the southwest.

Members of the legislature sat around and enjoyed the antics of their juniors.

"They didn't do so badly all things considered," one of the regular members remarked when the show was over.

## PAMPA DAILY NEWS NEWS-REEL SHOWS FASTEST ARMY BOMBER

The enthusiasm and jubilation in the house of representatives as the prohibition repeal resolution is passed and announced by Speaker Garner, the terrific scenes attending the gas tank and factory explosion which cost 62 lives and injured more than a thousand persons in the Saar, and striking tests of Uncle Sam's new bombing plane which flies 200 miles an hour, are to be seen in the latest issue of the Pampa Daily News-Universal Newsreel. Graham McNamee, ace of radio announcers and the screen's talking reporter, describes the scenes in crisp, colorful phraseology at La Nora theater.

Speaker Garner's announcement of the poll on the repeal resolution, which is carried by 289 to 121 votes, is the signal for an outburst of enthusiastic applause from the galleries, and for a celebration by the wets on the floor of the house.

The explosion in the ILLIC factory town of Neunkirchen is the worst holocaust in German industrial history. The wreckage is appalling, whole rows of homes being demolished in addition to the huge iron works. The new army bomber is the fastest of its kind in the world. It is stream-lined throughout and has a glass-enclosed gun turret. Thirty-eight of them have been ordered for the air corps.

McNamee reports many other important and interesting events in the newsreel, including the international ski relay race at Innsbruck, won by Sweden; Maribel Vinson, America's champion figure skater, training for this year's competition; intimate views of the new styles in feminine "Foundation" and other underwear, and scenes of expert Tyrolean mountaineer dancers performing in Berlin.

"We'll Take 40,000," we told the manufacturer. A staggering quantity — but look at the staggering price!

## AT THE SPRING TRAINING CAMPS

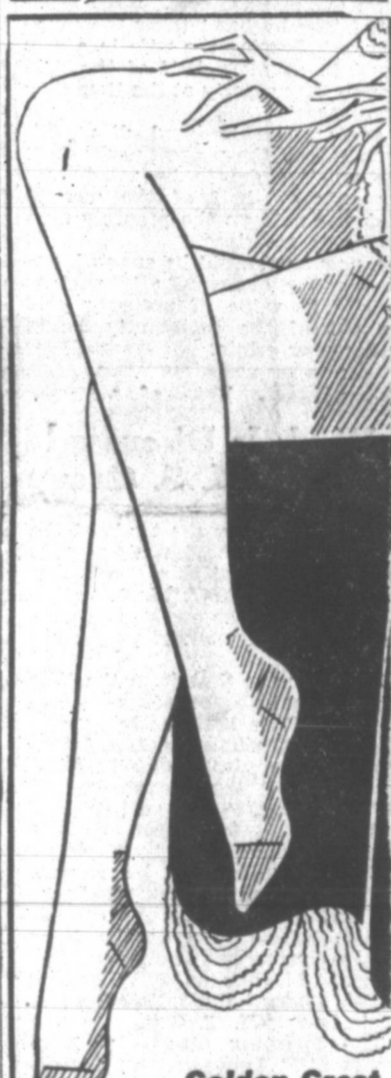

SARASOTA, Fla., March 10. (P)—The Boston Red Sox have rounded up into shape so fast that Manager Marty McManus was forced to cut today's practice program to a single afternoon session.

McManus has every player in camp except infielder Marvin Olson, who was a trifle dissatisfied when he read the contract mailed him at Gayville, S. D. Nothing has been heard from him lately and McManus, with the enthusiastic support of Tom Yawkey and Eddie Collins, the new owners now on the scene, served notice that the infielder will accept the terms offered him or suffer the consequences. The consensus here was that Olson was making his way here in a pentitent mood.

BRADENTON, Fla., March 10. (P)—Joe Medwick, the New Jersey youth who starred as outfielder with the Houston, Tex. club before joining the St. Louis Cardinals last fall, so far is the prima donna among the new recruits in the Red Eard training camp. Medwick's vim and vigor in the workout sessions is attracting attention from observers, including Manager Gabby Street.

No news has been received from the holdouts, Frankie Frisch, Dazzy Vance and Jim Lindsey. SAN ANTONIO, March 10. (P)—All of the Detroit Tigers but Earl Webb were in camp today and Manager Bucky Harris said he was unable to account for the absence of the outfielder who came to the Bengals last season from the Boston Red Sox. Daily work-outs will be held until March 17 when the Tigers engage University of Texas in the first game of the exhibition schedule.

PASADENA, Calif., March 10. (P)—The Chicago White Sox, regulars and everyone else, today had their orders to bear down and display everything they have. A collection of irregulars and

# IRISH SUPPER GIVEN AT CHURCH

# News of the Churches

## BUILDERS ARE ENTERTAINED ON THURSDAY

## LARA HILL MEMBERS ARE HOSTESSES TO MEN'S CLASS

TRADITIONAL IRISH good humor prevailed at the Irish supper given by members of the Clara Hill lass last evening in the Methodist church basement as a courtesy to the Builders class.

The room and one long table were decorated in green, with shamrocks being much in evidence.

As guests were registered by Mrs. Phillip Wolfe, they were divided into the following families: O'Toole, Rieley, O'Hara, O'Maras, and Shaughnessy. They were then served a delicious baked ham supper.

Much applause followed the singing of "Trees (Rasbach)" by Mrs. Phil Thomason, accompanied by Mrs. Phillip Wolfe at the piano.

After supper, lively games of all kinds were played, being terminated by an Irish reunion of all the families, and the singing of Irish songs.

The following attended: Messrs. and Mesdames P. C. Oden, Roy Killore, R. C. King, R. B. Fisher, Joe Jordan, Phillip Wolfe, Carl Baer, C. Gomillion, Roy Kretzmeier, J. O. Pearce, Paul Jensen, Carl Burgen, W. V. McArthur, F. L. Callings, H. O. Roberts, Steve Owens, P. C. Williams and Mesdames J. P. Wolfe, Bert Moore, J. R. Evans, P. Pollard, Earl Thomason, E. L. Emerson, Bert Wilhelm, and L. R. Bartell.

# SCOUT NEWS

**By HAROLD RICKARD**

A meeting was called of the troop committee of Troop No. 18 at the District Office of the Phillips Petroleum company by W. R. Barkley, chairman, for the purpose of taking care of the immediate and future needs of this fast growing troop.

Troop 18 has its own meeting place but this building is too small and inconvenient and the result of this difficulty will be remedied by the appointment of B. V. Wallis and L. T. Jones as a committee of two to find a building large enough to facilitate the requirements of an up-to-date scout hall with reading quarters, etc.

It was also made essential that a secretary and treasurer be appointed and this phase of the organization was given to George Adame.

From time to time our troop will give programs, etc., and will be necessary for these to be under adult supervision. This work has been given to C. Hieronimus, with John Rickard assisting.

It is the policy of every troop whose activities of the past year suffice an outdoor camping trip, and the question of place, transportation and arrangements will be in charge of B. V. Wallis and E. F. Vanderburg as permanent committeemen on camping.

During the last year, our able scoutmaster, John E. Shannon and Assistant W. O. Christian, reported only one Scout dropped from the membership and this together with enrolling new Scouts and advancing scouting in membership form will be under the direction of L. T. Jones. During this meeting a number of remarks were made by the chairman of the troop committee, W. R. Barkley. His first was to talk scouting more. Not enough adults have the spirit of scouting, Mr. Barkley declared, and this campaign "walk scouting" will be done to bring relief to the situation. He also made mention of the participating of our troop in the Camporee in May this year.

It also was brought before the committeemen the desire of having all members attending the round-table on the first Monday night in April at the scout executive's office in the city hall. We will strive to make it 100 per cent in attendance.

The court of honor to be held March 27 in the Gray county court house will be well attended by Scouts

and Scouters, as we have a number of Scouts who will be eligible for advancement, and this being the most solemn activity of Scouts every one should make it a point to be there.

Another outstanding event will be the scouters training course, the date and place to be announced later. Assistant Scoutmaster of Troop 18, W. O. Christian will be scoutmaster of this training course, and it was heartily agreed by committeemen that every member take at least one other besides himself. It has been assured an interesting program is being prepared.

The thrift movement of Troop 18 is progressing nicely. Each Scout is urged to earn and save at least five cents per week and more if possible. This in turn teaches the boy to save and work. George Adame is the thrift man for the troop.

John Rickard was appointed finance man and R. E. Smith, committeeman, scribe.

## COURT RECORD

AUSTIN, March 10, (AP)—Proceedings in the court of criminal appeals:

Affirmed: C. C. Clifton from McClennan; Frank Edwards from Shelby; George Trooper, Ochiltree; Ruby Free, Brazos; Howard Pritchard, Lamar; Robert Tucker, Harrison; George Levitan, Johnson; William (Bill) Newsom from Johnson; P. J. Kimball, alias R. E. Jackson from Johnson (3 cases); Ell Webb from Archer; Berl Walker, Gray; T. J. Bucklan, Gregg; E. M. Vaughn, Bee; Leason Peake from Gregg.

Reversed and remanded: T. G. Beckham, from Mills; Barney Blackshear, from Smith; Oris Norwood, Comanche; Ben Melton, Callahan; Robert A. Smith from Smith.

Appeal dismissed: ex parte R. C. Lane from Nacogdoches; O. L. Fortner from Hutchinson; Alford Bolton, from Nacogdoches.

Appeal dismissed at request of appellant: Claude Johnson from Trinity.

Judgment reversed and prosecution ordered dismissed: A. E. Pool from Taylor.

Motion for rehearing withdrawn at request of appellant: Van Turman from Stephens.

Appellant's motion for rehearing overruled: J. W. Graham from Medina.

Appellant's motion for rehearing granted; reversed and remanded: A. B. Davis from Montague.

Appellant's second motion for rehearing withdrawn at his own request: J. W. Cadie from Ellis county.

Submitted on brief and oral argument: H. F. Hardin from Coryell; Johnnie Williams from Harris; Walter Freney from Falls; F. M. Birchfield, from Cass; W. D. Carroll, from Comanche.

Submitted on brief for both parties: Jim Stelman from San Augustine; Tom Boyd from Taylor; W. C. Lowell, Sr. from Shelby; John G. Harris, Bowie; Albert Argerson, from Hardin; Oscar Leferty from Ellis.

Submitted on state's brief: Rose Lee Brown from Tarrant; Jack Hammers from Shelby; Eka Black, from Lubbock; Eula Williams from Jefferson; H. B. Swor from Jefferson; John Martinez from Jefferson; R. F. Henry from Wichita.

## Gray County Has Most Calves At Baby Beef Show

Gray county made a good showing at the Panhandle Baby Beef club show held at Amarillo this week, according to County Agent Ralph Thomas, who stated he was well pleased with both the show record and the sale of the Gray county calves.

Gray county had more calves in the money than any of the other 14 counties competing, including counties from both Oklahoma and New Mexico. Seven of the 15 calves showing from Gray county placed in the money, while Hale county, its nearest rival, placed only 4 calves in the money. A total of \$77.50 was won by the following: Senior

class—Billy Wilson, McLean 5th; Farris Hess, McLean 7th; J. W. Thompson, Miami, 9th. Junior class—Farris Hess, McLean, 8th; Louise Wilson, McLean, 11th; J. W. Thompson, Miami, 12th; and Ruth Hess, McLean, 13th. Fourth place was won in the county car load class.

Lively bidding was a feature of the auction of the calves Thursday with Col. Fred Reppert crying the sale. Pampa bidders kept the Gray county calves going at fair price. The highest price paid for a Gray county calf, \$9.10 per hundred. For a calf belonging to Wilbur Lee Wilson of McLean. It was sold to Gibson Oil company of McLean. The lowest price paid for a Gray county calf was \$6.25 per hundred.

The Pampa buyers of calves were: Addison and Gunn from Louise Wilson, price \$8.50 per cwt., Geo. Dull from Elzie Vanderburg of Pampa, at \$8.50 per cwt., Piggly Wiggly from Evert Vanderburg of Pampa, at \$8.50 per cwt., and I. Baum from

## MIAMI YOUTH'S CALF WINNER IN TWO BABY BEEF EVENTS

MIAMI, March 10.—J. W. Thompson is very proud of his record in winning baby beef shows. Starting by winning the local event, he then went to Pampa and won there.

The banking department of the State of Texas has advised banks to eliminate overdrafts, and the Miami State bank has announced that it has decided to discontinue their allowance.

In answer to a proposal to cancel Fred Vanderburg at \$6.50 per cwt. Mr. Thomas stated that he appreciated the help of the Pampa bidders. While they did not buy all of the Gray county calves, their bidding sent the prices to a higher figure.

Continued paying bonds of Roberts county, a number of citizens in the west central portion are offering opposition, stating that they do not yet have good roads and that the cancellation should be delayed. They are not asking immediate hard-surfacing of the north road.

The Miami Chief, in looking thru it files of 26 years ago, found this want ad: "Oxen for sale. For further information, apply to J. E. Stanley, Wheeler."

Mr. and Mrs. John Meritt and children, Virginia, John Foster, Donald, and Durwood, are to leave Saturday morning for Mohair, where they will make their home. Mrs. Meritt was an active member of the Merten Parent-Teacher association.

## Roosevelt Puts Shaw in Quandary

AUSTIN, March 10, (AP)—James Shaw, Texas banking commissioner with powers to regulate state financial institutions during the present emergency was in a quandary today.

Last night he authorized all banks, state and national, operating in Texas to pay out to depositors five per cent of their balances as of March 1, not more than \$10 to be advanced in currency or coin. A few hours later the president of the United States extended his moratorium on all banks indefinitely.

Shaw said this morning he did not know what to do.

"There is so much confusion, I haven't decided my status," he said. F. G. Stedman of Canadian is looking after business here today.

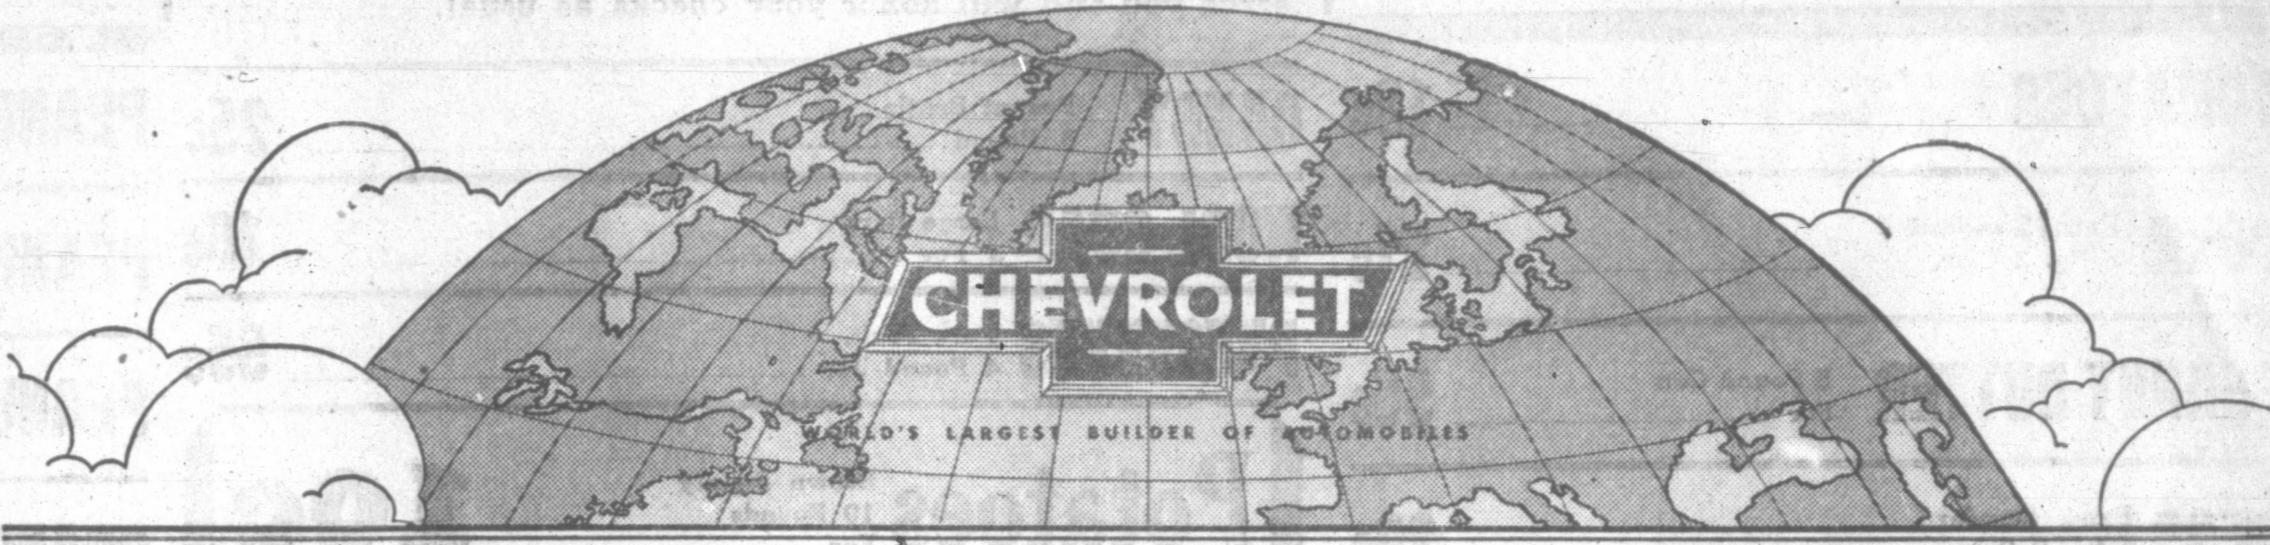

## Dilley's Bread Is To Help Consume Farm Products

A delicious new bread, selling under the name of "Buterec," is being sold by the Dilley bakery here. The formula calls for generous use of butter and eggs, two leading farm products.

Newt Dilley, in announcing the new brand, said that he was glad to help the farmers by using butter and eggs, and that he believed the public would be pleased both with the idea and the product. The bread toasts nicely.

J. Stephenson of Groom is looking after business here today.

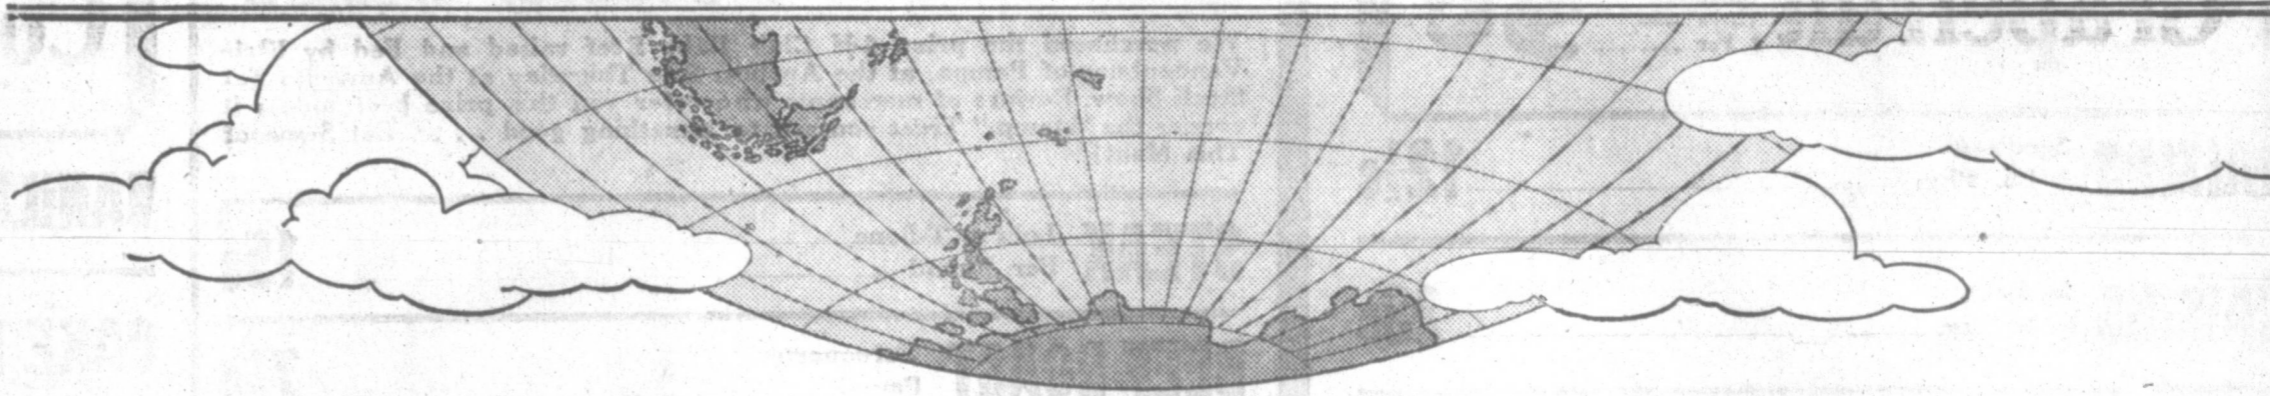

R. H. "Cowboy" Mumford was able to leave Pampa hospital yesterday afternoon following a serious operation last week.

# Tomorrow CHEVROLET presents

## THE WORLD'S LOWEST-PRICED FULL-SIZE SIX-CYLINDER ENCLOSED CARS

### A NEW AND ADDITIONAL LINE OF CHEVROLET SIXES

Another great new line of cars from the leader! Worthy companions to the present Chevrolet Master Six, world's most popular automobile! Tomorrow, Chevrolet presents the new Standard Six—at the lowest prices ever placed on full-size six-cylinder enclosed cars.

These prices are many dollars lower than those of any corresponding six-cylinder models you can buy today. Yet each body-type is a big, full-size, full-length automobile. Each is a new car throughout. And each is a Chevrolet—featuring the same standards of quality that have made CHEVROLET the greatest name in low-price transportation.

The styling is modern, aer-stream styling... ultra-smart and up-to-the-minute. The bodies are Fisher

wood-and-steel bodies—spacious, tastefully finished—and featuring Fisher No Draft Ventilation. The windshields have safety plate glass. The transmission has an easy, clashless shift and a silent second gear. The engine is a smooth, fast, responsive six. And Chevrolet engineers have made economy an outstanding feature! Engineering tests show that the Standard Six goes more miles on a gallon of gas, more on a filling of oil, than will any other full-size car on the road.

The introduction of this new car opens the way for new thousands of people to enjoy Chevrolet quality. It gives the American public, for the first time, a full-size automobile in which maximum quality and maximum all-round economy meet on common ground.

You all know that there has been placed in all the states of the United States, Banking Moratorium as a matter of absolute protection. Now let's have a business moratorium as far as you folks and ourselves are concerned. We are doing business as usual with you good people. We are accepting checks from those we have always accepted checks from. Use your cash for the things that demand cash. . . . We are glad to serve you and will honor your checks as usual.
