

AL SMITH TO MAKE SIX SPEECHES

Defendant Says Sweat-Box Victim Dared Captain to Kill Him

Long men with short chums had better be careful not to arouse suspicions in this vicinity. A pair of hijackers, one long and one short, has been preying upon people of this community lately. Any such commotion seen at night is apt to arouse suspicions, with possibly dangerous results.

The hostess presumably blushed, the guests reputedly squealed, and the chairman most certainly rapped for order. It was all because a mouse—a wee, sleekit, timorous beastie, as Burns said it—ran lightly into the parlor of Mrs. Pampan. Longtime readers of this column will remember Percy, the office mouse, who was often quoted on things in general, or having a word to say on the community, or at the office lately. But if he is going to upset the social equilibrium of the household, we'll have to bring him back to the office. He's really a very wise little fellow, and the ladies of the Twentieth Century Culture club should not interrupt their cultural activities on sighting him.

Sheriff Sanders of Marshall, appearing in court yesterday to ask a suspended sentence for three young men of his community, arrested at McLean a year ago on a liquor charge, doesn't have a deed to his office but deserves one. On the stand, he admitted he had been sheriff "going on 24 years." Before becoming sheriff he was deputy a couple of weeks. Previously he had been chief of police six years. Three or four years before that time he was an ordinary policeman. And he wouldn't be surprised if he didn't play sheriff when he was a boy!

Here is good news for the children. Pencils are "pouring in" to this column—scores of them, and some tablets too. Early yesterday morning District Judge W. E. DeLoach, smiling into his office with a shoe box under his arm, in that box were dozens of pencils, a few automatic pencils, and a number of fountain pens. He and Mrs. Ewing assembled them from about their home. What they have done scores of other citizens should do.

And look here what the Royal Neighbors of America are doing! They sent in 20 tablets and 25 pencils, and announced that they would do this every two weeks. They have a "penny drive" and will use the proceeds to help the children. That's mighty, mighty fine, isn't it!

Individuals who brought pencils included John Beverly, 801 North Ogden street, Mrs. Jennie P. Reynolds, 418 W. Beverly street, and L. C. Myers, Universal Life and Accident Insurance company agent, and Mrs. Harry E. Hoare. Many of the pencils were new. Mintner Lumber company sent in a lot of advertising pencils. Many packages of pencils were left by persons who did not leave their names. If they will call us we will be very glad to acknowledge their gifts here.

If those who give pencils and tablets could see the eagerness with which the children accept these schoolroom needs, our thanks here would be superfluous. The children will need many pencils before the year is out, hence there is no danger of bringing in too many pencils. Let us have all your old ones.

And don't forget that Baker school will start its cafeteria Monday. A canned vegetable shower will be held Thursday, Friday, and Saturday at LaNora theater. When you go to see the Laurel-Hardy feature length comedy, take a can of vegetables and leave it in the foyer as you buy your tickets.

CLAIM YOUTH SAID 'IF YOU DON'T KILL ME YOU'RE YELLOW'

BEGINS A SUICIDE ALIBI STATES BOY INSPECTED BY DOCTOR BEFORE BOX ORDEAL

JACKSONVILLE, Fla., Oct. 13. (P)—George W. Courson, former captain of the guards at the Sunbeam prison camp, went on the witness stand today to defend himself against charges that he murdered Arthur Maillefert in a prison sweat box.

Courson, who tips the scales at 285 pounds, settled himself in the chair and answered preliminary questions. He said he was a native of Georgia, is 57 years old, and has lived in Florida 34 years.

For 25 years of his life he said he worked as a railroad section foreman. He has been connected with the state prison camps for 12 years.

He said he worked his way up from a team foreman to a camp captain. He was acting captain at Sunbeam camp in the place of J. F. Baker when Maillefert died.

Asked to tell his story about the death of Maillefert, Courson began: "On the morning of June 1, Road Foreman Denmark brought Maillefert to camp.

"Jersey (Maillefert) said: 'Captain, I done served by sentence. I don't intend to kill another damn lick.'

"I told him, 'no sir, your time is not made. You were sentenced here for nine years and my job is to see you do it.'

Courson said he tried to reason with the boy, but Maillefert continued to say: "I've served my time."

"He said: 'If you don't kill me, you're yellow.'"

Acquit Men in LeFors Postal Burglary Charge

AMARILLO, Oct. 13 (P)—Harold Rettschild, former Berger postmaster, and Jack Burgess and Donald I. McCormick went to trial in federal district court here today on charges of robbery and conspiracy to rob the Berger post office of \$3,045 on November 20, 1930.

At the time the robbery was reported, Rettschild told officers that two men appeared at his residence late at night, and while one remained to guard his family, the other accompanied him to the post office and forced him to open the safe.

At the time the robbery was reported, Rettschild told officers that two men appeared at his residence late at night, and while one remained to guard his family, the other accompanied him to the post office and forced him to open the safe.

M. B. Johnson, postal inspector of Amarillo, testified that he found a shortage of \$3,294 when he checked up the reported loss from the robbery.

A verdict of not guilty was instructed by Judge James C. Wilson in the trial of William Pickering and Thomas Gordan, charged with burglary of the LeFors post office August 4, 1931. He ruled that circumstantial evidence presented by the government was insufficient.

A MESSAGE FROM THE HEART OF PAMPA

JURY FREES THREE BOYS

East Texas Youths Given Acquittal On Charge Of Possessing Liquor.

A quick verdict of acquittal was the quick verdict yesterday in the trial of V. A. Potter, C. F. Zander, and A. B. Miller of Marshall, charged with possession of intoxicating liquor for the purpose of sale.

Relatives and neighbors of the boys, the sheriff, business men, and the congressman all urged that a suspended sentence or acquittal be given. A member of the grand jury which indicted the young men testified that he would be satisfied with a suspended sentence, in which the state likewise concurred. The youths were arrested at McLean where they were employed on the highway.

The jury went a step further in the matter by returning a verdict of acquittal.

HUNGRY CHILDREN TO BENEFIT FROM PROCEEDS GAME FESTIVAL AT SCHNEIDER HOTEL TONIGHT

All Kinds Games and Music Will Be Played

Forty-two dominoes, checkers—whatever guests are interested in playing will be diversified this evening in a big game festival at 8:15 o'clock at the Schneider hotel. The event, however, will mean more than an evening of fun. It will mean actual nourishment in the form of luncheons for needy children.

The Kiwanis club which is sponsoring the event, will put every cent of the money received into a cafeteria fund, giving it, from time to time, to those schools which need it most, and it will be used for food alone. There are no expenses connected with the tournament, prizes for the occasion having been donated.

Tickets have been on sale since Monday at \$1 a couple, although it was announced this morning that all persons who did not already have tickets might purchase them at the door this evening. A crowd of more than 150 persons is expected.

The high school orchestra will furnish the music.

The club began its work of feeding hungry children last year, and

OKLAHOMA POSSE SEARCHING FOR SLAYER OF HOWARD OURSLER, PROHIBITION AGENT

Federal Officer Stayed Here For Several Months and Was Well-Known.

STILLWELL, Okla., Oct. 13. (P)—Peace officers hunting the eastern Oklahoma hills for Ed Dudley, accused killer of a federal prohibition agent, were joined today by Colonel George H. Wark, Kansas City, district prohibition director and deputy director, Uluos Pollan.

There was no trace of Dudley, republican nominee for constable, who fled after allegedly shooting Howard B. Oursler, the dry agent, with Oursler's own pistol after the officer had sought to question him on the main street of Stillwell concerning reported whisky sales.

Oursler's body was to be sent to Pittsburgh, Pa., sometime today. He came to the Muskogee enforcement

office last July following a four-year service in Kansas City. His record prior to that was not known in this section.

Murder charges were filed against Dudley soon after Oursler had been shot fatally and Elmer Philpotts, working with the agent, had been shot in the knee.

After the shooting Dudley ran un molested out of town and into the mountainous country to the east. The slain officer was 59 years old.

PITTSBURGH, Oct. 13. (P)—Howard B. Oursler, prohibition agent who was shot and killed while attempting to arrest a liquor law violator in Stillwell, Okla., last night, formerly was paymaster of the city of Pittsburgh and secretary to former Mayor William A. Magee. Oursler was past commander of

FORTY START RELIEF DRIVE THIS MORNING

FUNDS SOUGHT TO AID JOBLESS AND SICK PERSONS

LEFORS CAMPAIGN IS ON SOLICITORS WORKING IN PAIRS COVER WIDE TERRITORY

Forty business and professional men and women left their offices this morning to solicit funds for the relief of the sick and jobless persons of this community. A similar drive was launched at LeFors.

Working in pairs, the solicitors were rapidly covering their assigned territory, although some of them were not expecting to complete their soliciting before Saturday. The first reports were to be made to the Board of City Development office, where headquarters has been established by Jack Cunningham, chairman of the drive, this afternoon.

It is desired that solicitors finish their territories as rapidly as possible, and that reports be made each afternoon. In no other way can the management be sure that the work is being done.

The community and oil territory were divided last night following an impractical meeting of the workers. Alex Schneider and a LeFors committee composed of Ralph Ogden, F. Bacchus, and Hank Brining are in charge of the out-of-town campaign.

The goal of the campaign is \$3,500. If the drive is successful, the government will supplement this amount with a yet undetermined sum. The federal requirement is that each community do its best before asking for supplemental aid. No federal funds can be used for administrative purposes.

All phases of the drive were explained to the workers last night and much enthusiasm was shown. The seriousness of the work was realized because of the large number of families which have no source of food except through the Welfare Board.

Students Elect Class Officers Of High School

High school students this week engaged in a spirited run-off election, with many races won by narrow margins.

Previously, Scott Mullins had been elected president of the freshmen and Onetta Frazier secretary-treasurer of the sophomores.

The results of yesterday's elections: Senior class—President, Jim Poole; vice-president, Berton Doucette; secretary-treasurer, Robert Woodward.

Junior class—President, Lorraine Noel; vice-president, Harold Gregory; secretary-treasurer, Eleanor Frey.

Sophomore class—President, Otto Rice; vice-president, Phyllis Smith. Freshman class—Vice-president, Carl Watts; sec'y-treas., run-off necessary next week between Wai Him Quam and Joe Hawkins, who did not participate in the first "primary."

Fire Is Checked At Scott House

Damage estimated at \$250 resulted to the home of Mrs. Ernest Scott, 214 Scott street, about 8:30 o'clock last night when fire broke out in a clothes closet.

The fire department made a fast run and had the fire under control before it had a chance to spread. The interiors of other rooms were damaged by smoke but there was little water damage. Cause of the fire is unknown. Mrs. Scott left yesterday for Sayre, Okla., to visit friends, and the house was closed.

TWO MORE IN CRUDE RAISE

Continental And Pure Oil Hike Price of Oil to \$1.12 Top.

TULSA, Okla., Oct. 13 (P)—Two more Midcontinent companies fell into line today with purchasers who have announced crude oil price increases during the past few days. The Continental Oil company, Ponca City, and the Pure Oil company, Chicago, announced they would meet the advance to a \$1.12 top, effective October 15.

Continental's new schedule will apply to North Texas, Oklahoma and Kansas, the top price being on 40 gravity and above.

While the Chicago headquarters of pure oil declined to give out figures, officials confirmed a report the advance would be met. At Tulsa, it was reported the company would pay 80 cents for oil under 25 gravity, with a two cent differential to the \$1.12 top for 40 gravity and up.

Reports here that the Arkansas Fuel and Oil company and the Panola Pipeline company would meet the figure first announced by the Sun Oil company of Texas could not be confirmed.

The Pure Oil increases were said to apply to Oklahoma and Kansas. The unverified report on the Arkansas Fuel and Panola companies mentioned new prices as applicable to East Texas only.

Williams Well Comes in For 1,870 Barrels

The Texas company's No. 12 Williams in section 7, block 1, ACH and B survey southeast of LeFors topped the pay yesterday at 2,685 feet was drilled to a total depth of 2,740 feet and is flowing natural at the rate of 1,870 barrels a day.

The test is being flowed by 2,000,000 feet was encountered above pay but it was killed by the oil.

Gray county's newest producer is a direct offset to the Skelly Oil company's No. 6 Saunders in section 4, in the same block which flowed 6,800 barrels natural the last 24 hours. The Skelly well was brought in last Sunday for an estimated 6,000 barrels.

Pay in the Skelly well was found from 2,675 to 2,695 feet, with 6,000,000 feet of gas.

The Texas company is building the rigs for its No. 22 Saunders and No. 13 Williams, direct offsets to the new wells.

TO SPEAK FOR ROOSEVELT IN FOUR STATES

FIRST ADDRESS TO BE IN TAMMANY HALL, OCT. 19

WILL TREK TO BOSTON

TOUR TO INCLUDE NEW JERSEY AND RHODE ISLAND

NEW YORK, Oct. 13 (P)—Former Governor Alfred E. Smith beginning next week, will make six speeches in behalf of democratic state and national tickets in New England, New Jersey and New York state, it was announced at his office today.

His first address will be delivered in Tammany hall, New York City, on October 19, the announcement said. The next date, tentatively set awaiting word whether the amnesty can be obtained that night, is October 24 in Newark, N. J.

Former Governor Smith is scheduled to go into New England—October 27, making speeches in Boston, and Providence, Rhode Island, that day. Another speech is to be made October 28 somewhere in the Albany district, possibly in Albany or Troy, N. Y. The final address, listed in the announcement is set for Buffalo on October 29.

The announcement, which was the first public statement out of Smith's office since his public restoration with Governor Franklin D. Roosevelt, democratic presidential candidate, at the state convention in Albany October 4, did not state specifically what will be the subject of Smith's speeches.

Acquittal Given J. O. Pierson on Forgery Charge

AMARILLO, Oct. 13 (P)—James Oliver Pierson, Pampa contractor charged with forging the names of six justices to a \$200,000 government performance bond, was acquitted by a jury in federal court here yesterday. He was charged with forging the names of three Gray county men to the bond, given in connection with a contract to build a post-office at Las Vegas, Nevada.

THOSE WHO HAVE--GIVE!

(An Editorial)
The most reasonable thing in the world, it seems to THE NEWS, is for those who have jobs and incomes to share their good fortune with those who are temporarily jobless or sick.

Pampa is a fortunate community, comparatively speaking, being rich in reserve resources and secure in payrolls. But there is no good fortune, no security, for those who are jobless EXCEPT IN THE GENEROSITY OF THE MORE FORTUNATE.

The Welfare Board drive starting today is a challenge to proud Pampa. It is a challenge to the citizenship as a whole—a challenge of the national government to the people to do their part before asking for federal aid. It is a challenge likewise to common decency, reasonable mercy, workable Christianity.

When the solicitors call, put yourselves in the position of the fathers, the mothers, the children who are hungry, penniless, distressed. The result should be, as always in Pampa, exemplary, human, just.

Don't think of the solicitors—they don't get the money—think of the hungry, the sick, the unemployed! GIVE SOMETHING. Give according to your ability. But GIVE!

DEFLATING SUPER-MEN

One of the most interesting developments of the depression has been the way in which certain reputations have been deflated. Painful as they have been, the years of hardship have at least succeeded in opening the public's eyes.

There is, for example, Samuel Insull. Just at the moment Mr. Insull has run on some uncommonly hard luck, and the indictment returned against him is no part of the deflationary process mentioned above.

The point is that until comparatively recently Mr. Insull was one of those public characters in whose words men hung with bated breath. He was a builder, a doer, a fantastically rich man, a master of men and machines and finance.

And then, all of a sudden, we discovered that he was human after all. He became helpless in the current of the depression just as ordinary men became helpless. The financial acumen, the foresight, the skill with which he had built up his industrial empire had served merely to erect a top-heavy edifice which went down with a terrible crash when a stiff gale blew.

Now all of this does not mean that it is up to the ordinary citizen to sit back and crow exultantly over a great financier's downfall. What it does indicate is that during the prosperous years we got into the habit of over-estimating the value of financial jugglery.

We are getting a new light on things now. The collapse of the Insull legend shows that this business of pyramiding and interlocking industrial securities is strictly a fair-weather game. Its leaders are not quite the giants we supposed.

WINNS MAKE NAME PUZZLE

Plainview Men With Same Names Bewilder Each Other in Mixup.

PLAINVIEW, Oct. 13. (AP)—What's in a name?—cause for bewildering mixups, according to E. E. Winn, pioneer Hale county resident, who is just beginning to realize what the mysterious telephone call he got a few days ago is all about.

The casual voice of a telephone operator informed Elmer that A. J. Winn of Wellington was calling. There was nothing unusual about that as Elmer's brother, A. J. Winn, lives near Wellington, Kansas.

"Hello, is that you, Elmer?" "Yes, are you coming down here?" "No, I can't get away, why don't you come up?"

"Why, I can't come up there." "Say, is this Elmer Winn?" "It certainly is."

"Well, it doesn't sound like you." "It doesn't sound like you either, A. J."

And so the conversation continued until business discussions finally became bewildering for both parties, and A. J. of Wellington burst forth:

"Say, is this Elmer Winn of the Gulf Refining company?" "Heck, no, this is just plain old Elmer Winn of Plainview," and two cooily.

A short time later, a dazed Elmer Winn called the Gulf Refining company and asked for Elmer Winn. "This is him talking," a voice replied.

The ensuing discussion disclosed the startling fact that Elmer of the Gulf had a brother, A. J., at Wellington, Texas. Elmer Winn, the first, or E. E. Winn, if you please, is still a wee bit dazed and if he is seen to suddenly stop and begin talking to himself, don't worry. He may just be talking to Elmer Winn of the Gulf Refining company.

SYNOPSIS: Robert Leonard demands \$150,000 to release Jerry Weare from the sea cave in which Leonard holds him prisoner. Jerry angrily refuses, knowing that Leonard will leave him and that he may drown. Leonard, who has four times tried to murder Jerry, explains to him that Rosamund Carew, his former fiancée, killed him because she was already Leonard's wife. Meanwhile a frantic search for Jerry goes on.

Chapter 46

Jerry was feeling much better; the dreary drowsiness had passed, and his head was clear. He was horribly thirsty, but he felt pretty sure of being able to stick it out till the tide went down—into the cave.

After a bit he pulled himself along the bars to the side of the cave. He was wet, clothes impeding him, and he called himself a fool for not having stripped. He managed to scramble up the face of the rock with the help of the nearest bar. No way over here, or for as far as he could reach outwards. The bars were just a chance that while the bars ran straight across, the roof might rise in the middle. When the water was high enough, he crossed again, reaching upward. He could touch the roof all the way across. The bars met it inexorably. Old Foxy Fixon had set his portulaca cunningly enough, at a point where the roof came down to meet

"Why have you come here?" Leonard said.

"What an affectionate cousin you are!"

"Cousin?"

"Cousin," said Rosamund firmly. "And, officially, I'm here to fetch eggs. Janet's hen are on strike, so I've got a perfectly good excuse for coming."

She walked past him into the ugly square room, shut the door on them both, and asked quickly, "Robert, where is he? What has happened?"

"Nothing," happened," said Robert Leonard.

"You mean he won't?"

"You must give him time. You didn't imagine he'd give way at once, did you? That's why I've come. I want to see him."

He gave a short laugh.

"I shall play up the horrible scandal, and isn't it better to pay than to wash all the family linen in public. Jerry mayn't be in love with me, but you can bank on it that he won't send me to jail."

"Oh, hold your tongue!" said Robert Leonard angrily.

"A bit nervous this morning, aren't you?" said Rosamund. "Well anyway, that's my line, and I want a chance of trying it. One hundred fifty thousand's worth having."

"The cave?"

"A million's better—to say nothing of Weare."

"What do you mean by that?" said Rosamund sharply.

"I don't know. Where is he?"

"He's in the cave."

"The cave?" said Rosamund. She looked incredulous for a moment, and then horrified. "But the tide—doesn't the tide come up into the cave?"

"It does."

"Robert! What have you done?"

"I absolutely nothing."

Rosamund took a step backwards.

"What have you done?"

"I've done what I promised. I gave him the chance of paying up, and he wouldn't take it. I can't say

DANCIGER COMPANY ORDERED TO CURTAIL PRODUCTION TO CONFORM TO OIL ALLOWABLE

The Texas Railroad commission has ordered the Danciger Oil and Refining company to curtail production of its wells in the Panhandle field to meet the requirements of the proration orders and also ordered companies with wells offsetting Danciger wells to follow the same order. The Danciger company and companies with offsetting wells have been allowed to flow open because of an injunction and agreement.

The order was issued in Austin Monday following a final hearing. The Railroad commission was asked to close in the protested wells thru a petition signed by more than 100 Gray county producers, land and royalty owners. The first hearing was held in Pampa, July 16.

A copy of the order follows: "It appearing from testimony adduced at said Pampa hearing and from facts made known to the commission, that said Danciger Oil & Refining company's wells located in the Panhandle district of Texas, which are in order to prevent waste, be brought under present and future rulings and schedules of this commission, and that to curtail waste, as defined in article 6014, r. s. 1925, as amended; and that the practice of granting exceptions from said rulings under orders in this cause entered by this commission governing production of oil in the Panhandle district should be discontinued, except in cases where exemptions are allowed hearing by the commission, or its duly authorized agents; and

Must Limit Production.

It is further appearing that it is advisable and necessary in the interest of prevention of waste that all wells, including Danciger Oil and Refining company's wells which are covered by stipulation made by attorneys for parties interested in case of Danciger Oil & Refining company vs. Railroad commission of Texas in the Fifty-third district court of Travis county and offsets thereto, be brought in conformity with the commission's orders and schedules of allowable production in the Panhandle district.

Therefore, it is ordered by the Railroad commission of Texas that Danciger Oil & Refining company, be, and they are hereby required to limit the production of all of their wells now producing oil or which may hereafter be drilled and become producers of oil in the Panhandle district of Texas to the schedule of allowable production prescribed by said commission which are now effective and which may hereafter become effective under its orders in the above cause; and

It is further ordered that all exemptions heretofore granted by the Deputy supervisor of the commission under orders of this commission, dated Oct. 30, 1931, governing the Panhandle field, entered in the above cause, be cancelled and discontinued, and that no further exemptions be granted except upon notice and hearing of all interested parties by the commission or its agents authorized to hold hearings; and

It is further ordered that exemptions covering the direct offsets nearest or next in line from Danciger Oil & Refining company, whose wells are covered by certain stipulations agreed to in connection with the suit of Danciger Oil and Refining company vs. Railroad commission of Texas, referred to above be and the same are hereby cancelled;

It is further ordered that the above cause be held open upon the commission's docket for such court orders as it may be proper to enter as a result of the hearing at Pampa, Texas, July 16, 1932; and other hearings in the above cause.

I'm sorry. Weare and a million is better than 150 thousand in the Argentine with the off chance of Jerry doing us dirt."

Rosamund leaned hard upon the door.

"If he's dead, you'll never touch a penny, Robert!" She made a sudden movement forward. "When is it high tide?"

"You mean when was it high tide, I suppose. It was high tide at ten minutes past eight this morning, and will be again at about a quarter past seven this evening."

"Have you been down since?"

"No."

"Well, I'm going down now."

"Want me to come too?" said Leonard.

"No. How much passage is there?"

"From here to the cliff—and it slants."

She went down the remaining steps.

Arnold's Insanity Plea Supported

BRECKENRIDGE, Oct. 13. (AP)—Mineral Wells and Breckenridge citizens testified in support of a defense plea of insanity at the trial today of Doye Arnold on a charge of fatally stabbing his former wife here.

David S. Purefoy of Mineral Wells testified that Arnold, when a child and living with his parents, would pull up garden vegetables, throw rocks at all hands and once set fire to a fence.

Fred Thompson of Breckenridge, who played with Arnold as a boy when he visited here, said that as a boy Arnold was the object of all jokes and "rode the same cow every day although she always threw him."

The defendant was "breaking off his finger nails and looking funny," a few minutes before the slaying, George Evanoff of Breckenridge testified.

Mrs. W. J. Williams of Skellytown shopped here early in the week.

GOODYEAR Was the World's Leading Tire

... and now, after 17 years Goodyear maintains this leadership. During all that period Goodyear was preferred above all other automobile tires. The resources of the world's largest manufacturer of automobile tires are back of every Goodyear.

In 1915 hundreds more people rode on Goodyears... Now millions more people ride on Goodyear Tires than on any other kind. There is a reason for this preference. The greater mileage, better traction, longer wearing and better looking tire is yours in Goodyear.

Why take a chance on a second-choice tire when first-choice Goodyears cost no more? New Goodyears are your cheapest insurance against accidents. Why take the risk? Join the millions who prefer Goodyears... who have ridden on Goodyears for millions of miles, and who replace worn tires regularly with Goodyears.

TRADE IN YOUR OLD TIRES! We need used tires. They are worth more to us than to you and you do not take the risks of blow-outs and skids on wet, slippery roads. Come in now! You may never get more for your money in Goodyears than now.

It's time to "Winterize." Let us check your oil, grease and battery and put your car in shape for these cold mornings. It costs you nothing to have the car checked.

HESSEY SAYS LEGISLATION FOR SCHOOLS ESSENTIAL

HE PROPOSES TAX TO MEET NEAR CRISIS

ADDRESSES EDUCATORS OF GRAY COUNTY WEDNESDAY

"The future welfare of the schools of Texas demands some form of legislation to offset the amendment likely to pass November 8 relieving homesteads of state ad valorem tax," declared County Supt. John B. Hessey in addressing the association of Gray county superintendents and principals last evening in LeFors.

"If the legislation is not provided," said Mr. Hessey, "the per capita apportionment of \$17.50 last year and \$16 this year will be reduced to \$10 or \$12, which would be a tremendous backward step in education in Texas. There are enough forces interested in high educational standards, however, to bring about this legislation if they will put sufficient pressure upon the legislature."

Mr. Hessey advocated a higher tax on sulphur, soft drinks, or some form of entertainment. Thirty cents of the 60-cent state ad valorem tax goes to the schools.

The talk by Mr. Hessey and similar talks by G. C. Boswell of McLean and M. L. H. Baze of the Hopkins schools were given at the banquet prepared by the home economics department of the LeFors school under the supervision of Mrs. Josephine Sparks. The table was prettily decorated in keeping with Columbus day, green and gold being the colors emphasized.

Supt. E. G. Sanders of LeFors was toastmaster for the evening and introduced the following program numbers: two musical saw selections, Supt. M. L. H. Baze of Hopkins; duet, Mildred Holt and Loulen Conklin, accompanied by the piano by Emmitt Smith; two vocal selections, R. E. Page of Alameda, accompanied at the piano by Mrs. Page; piano solo, Silver Stars, John Hardy; piano solo, The World is Waiting for the Sunrise, Emmitt Smith.

Each member of the association introduced himself, telling where he was from. Mr. Hessey is president, and Miss Josephine Thomas of Pampa is secretary.

The following attended: Alameda—Mr. and Mrs. R. E. Page.

Hopkins—Mr. and Mrs. M. L. H. Baze, Ben Guill, W. B. Weathered, Laketon—Lyle Maxwell.

McLean—G. C. Boswell, John E. Hardy, A. R. McHenry.

LeFors—N. A. Gray, Mr. and Mrs. E. G. Sanders, Marion B. Brooks, Pampa—Miss Ivan Mayfield, Mrs. Annie Daniels, Miss Josephine Thomas, Mr. and Mrs. A. L. Patrick, Mr. and Mrs. John B. Hessey, Mr. and Mrs. R. B. Fisher, Mr. and Mrs. M. P. Downs, Emmitt Smith, Mildred Holt, Loulen Conklin, J. A. Meek, R. A. Selby, W. M. Parker.

CAFES for street wear are a new winter note. Heim designs the model below of brown ribbed wool trimmed with dyed brown seal to wear with a matching frock.

THE fall ensemble above with the new three-quarter length coat is fashioned of cardinal purple diagonal wool, and is trimmed in black fox. It is designed by Heim.

WHAT OTHER CLUBS ARE DOING

The Woman's Culture club of Post is especially interested in Health. Among other things, the club women recently organized and supervised a nurses' training school among the high school girls.

This energetic club has also adopted "little sisters" to bring to the club meetings with them with a view to educating the girls for Junior club membership.

Mrs. J. A. Hill, president and Mrs. Clyde Warwick, secretary, of the Canyon, were guests of the Potter County Federation Tuesday at a covered dish luncheon held at the home of Mrs. J. W. Sanders of Amarillo.

Mrs. Hill, principal speaker for the day, gave an interesting address on "Citizenship and Education as Safeguards of the Home."

The Woman's Study club and the Delphian club of Lamesa have a number of projects in common. The two clubs have built a community club house, both support the library and both lend aid to girls seeking an education.

The Potter County Federation, consisting of about 30 clubs, 10 of which belong to the State Federation, is a wide awake group of women interested in all local welfare projects and who are enthusiastic supporters of the general federation objectives. Two of their main objectives are the support of the County library and the building of a local club house.

Friday, October 7, Mrs. Hill, accompanied by Dean Geraldine Green of the West Texas State Teachers college, visited Happy and helped organize a club there. Sixteen enthusiastic women were present at the home of Mrs. Jack Rogers and were eager to begin plans for the year's work. Committees were appointed and at this first meeting the members voted to federate the new organization.

Mrs. Haggard Has Party in Honor of Silver Spade Club

The Silver Spade bridge club was entertained with a party yesterday afternoon in the home of Mrs. John Haggard.

Mrs. Blaine Robinson was presented a guest prize, while Mrs. Frank Robinson was favored for high score, and Mrs. W. Wilkes for low.

Refreshments included sandwiches, fruit salad topped with whipped cream, cookies, and coffee.

Members attending were Mesdames W. Wilkes, Fred C. Fischer, Robert Montgomery, Dewey Voyles, W. M. Murphy, Roy Sullivan, H. L. Arthur, Frank Robinson, Porter Beck, Robert Montgomery, and John Haggard.

The club will meet next Wednesday at 2 o'clock with Mrs. R. A. Hankhouse.

Miss Ruby Adams attended a meeting of the Eldridge 4-H girls club this morning. This afternoon she will hold a 4-H pantry conference in the home of Mrs. Ellis Prock and will attend a meeting of the Alameda home demonstration club. This evening she will attend the style show in Shamrock.

PREVENTION OF FIRE STRESSED

KIWANIANS PRESENT AT JUNIOR HIGH MEETING

Fire prevention was the theme of a lively program given during the Junior high school chapel period yesterday.

Opening numbers on the program, presided over by Ray Dyer, were as follows: Song, Eyes of Texas, led by Miss Helen Martin; piano solos, Gerald Brown; talk on fire prevention week, Mary Crocker; discussion on the value of the week and the means of observance, Ray Dyer; play, Defeat of Major Fire Destruction, by a group of pupils under the direction of Miss Opal Cox; piano solo, Sarah Ellen Will; two songs by the assembly.

Principal R. A. Selby then introduced Pete Post, president of the Kiwanis club, who, in turn, introduced the following members: Fred Cullum, John A. Oakes, Robert Woodard, Ollie Doak, Dan McGrew, Guy McTaggart, Don Conley, Jack Baker, Sam Clayton, Harry Groves, E. C. Will, Paul LeBeuf, J. H. Hulme, R. A. Selby, and Fred Thompson. Other visitors also attended.

Mr. Thompson explained the Kiwanis club's safety program.

Eccentric Maid To Lend Comedy In "Ghost House"

The comedy element in "The Ghost House," A. A. U. W. play to be presented October 20 and 21, will be substantially strengthened thru the acting of Mrs. H. H. Hicks, who has been assigned the role of the eccentric maid.

Mrs. Hicks, in rehearsals, has been highly commended by Director Agnes Anderson, as has I. A. Freeman, playing the role of Thompson, the lawyer. Mr. Freeman has had professional experience and has delighted Pampa audiences on numerous occasions with his acting.

A rehearsal was held last evening and another will be held this evening at 7:30 o'clock in the high school cafeteria.

Two girls choruses of seven members each have been formed, and rehearsals are being held in the afternoons after school.

F. W. Dye of Tulsa is here on business.

ROYAL NEIGHBORS TO BUY SUPPLIES

The Royal Neighbors, in a meeting Tuesday evening at the First Baptist church, accepted an invitation of the Claude lodge to put on the initiatory work for that lodge Oct. 25. Practice for the work will be held at the church this evening.

It was decided to purchase pencils and tablets to be given, where needed, in the schools of Pampa.

Mrs. Emma J. Brannon of Denison, district deputy, was a special guest at the meeting.

Mr. and Mrs. Earl Scheig have had as their guests Mr. Scheig's parents of Tulsa. The visitors left this morning for San Antonio.

YOUTH PLAYS GREAT GOLF IN UPSET

GROVER AUSTIN BEATS HARRIS IN TOURNEY

BRUMLEY TAKES MATCH FROM JACK DEVER

Upsets continue to hold the spotlight in the second round of play in the Country club invitation golf tournament which will close Sunday afternoon. Yesterday afternoon Grover Austin, high school boy, defeated the veteran Marvin Harris 2 and 1 in the best match of the tournament. Harris had defeated Tommy White, city champion, in the first round of play and was ruled the favorite to succeed White.

The big upset in the second flight saw J. W. Brumley win from Jack Dever 3 and 2. C. T. Hunkapillar won a surprise 2 and 1 match from Frank Perry in the third flight. The fourth flight saw Dan McGrew of Kingsmill defeat Grover Austin, Sr. 2 and 1.

Quarter and semi-final matches are scheduled to be completed by Sunday when the finals in each flight will be played. Winners will receive prizes immediately after play.

Results of matches yesterday:
Flight One
Grover Austin defeated Marvin Harris, 2 and 1, and will meet Tom Perkins.

Flight Two
Hamp Brown beat Tom Ross, 2 and 1, and will meet Bob Sowder who won from John Moyer, 1 up.

Flight Three
R. P. Autry won his match from Gene Fatheree, 2 and 1, and will meet Art Swanson who drew a bye.

Flight Four
Jimmie Weir won from J. H. Buckingham, 3 and 2, and will meet Dr. R. M. Robinson who defeated J. Robinson, 3 and 2.

Flight Five
Dan McGrew defeated Grover Austin, Sr., 2 and 1.

Flight Six
C. Thomas defeated D. Robinson, 2 and 1.

Tony Knocks Out Frankie In Third

NEW YORK, Oct. 13 (AP)—Coming almost together, the closing of New York's outdoor fistic season and the opening of the major indoor campaign serve to affirm Tony Canzoneri's place at the head of the lightweight division and to fill in a blank spot in the middleweight featherweight division in the New York state athletic commission's list of champions.

Tonight's 15-round scrap between Kid Chocolate, the clever Cuban negro, and Lew Feldman of New York carries the board's recognition as a featherweight championship affair. The place has been vacant here since Battalino forfeited the title through his inability to make the 126-pound limit although Tommy Paul of Buffalo was recognized as champion by the National Boxing association.

Last night, in the chill breezes of Ebbets field, Canzoneri opened his assault on the Petrolle family with a smashing three-round knockout of the junior member, Frankie, in a non-title bout. Next month he is to defend his crown against the older and more experienced Billy Petrolle.

Canzoneri weighed 132½; Petrolle 140½.

Fred Taub, Bestumont center fielder, helped his team beat Dallas in the Texas league play-off by batting .538 for the series.

GRINS from the GRID

By O. W. "RED" SEVERENCE, (Written for the Associated Press) (Advance) That master of gridiron psychology—Head Coach Robert C. Zuppke of Illinois—save this favorite football story for gatherings of old timers.

NOW GET IN THERE AN' DRIVE!

A tense air hung over the dressing room in the gymnasium at the Danville high school, Illinois, Zuppke related, as the nervous members of the little visiting team from St. Joseph awaited those last trying moments before the Thanksgiving game that would decide sectional honors.

Finally the last enthusiastic well-wishers had been chased from the room and all the doors closed. Slightly awed by the strangeness

HARVESTERS TO PLAY CANYON FRESHMEN TEAM, OCTOBER 21

Jefferson Back Runs 100 Yards For Touchdown

DALLAS, Oct. 12 (AP)—Featured by Hammit's hundred yard dash for a touchdown, the Jefferson university Rangers of this city clicked with their fourth consecutive win this season yesterday by defeating the Kelly field fliers of San Antonio, 37 to 6. Hammit made his phenomenal run in the fading minutes of the fourth period when he intercepted a pass on his goal line and tore out for the entire length of the field in front of a six-man interference wedge.

The Jefferson huskies completely outclassed the San Antonio team that boasted several former West Point stars, including Carver and Stecker, who played with West Point last year. Carver and Stecker played but a small part of the game.

Jodie White, Jefferson's outstanding halfback, scored touchdowns in the fourth quarter on runs of 22 and 21 yards through broken fields. Malone, former Denton high school ace, scored the other two touchdowns, both on short off-tackle formations.

Jefferson's first touchdown came directly after the Rangers received the kickoff. They marched 65 yards without losing the ball and to score.

West Point Will Have New Coach

WEST POINT, N. Y., Oct. 13 (AP)—The periodical changes which come from time to time to send Army officers to new posts and into active service with troops will bring the military academy a new head football coach next season and one who is probably the youngest ever to guide the Army teams.

Lieut. Davidson, the first second lieutenant ever to take the important position, has worked as an assistant coach every year since his graduation three years on the Army varsity squad.

It was a foregone conclusion that a change would be made in 1933 as Major Sasse is anxious to return to active duty, but a strong effort was made to have him remain for another year. The present coach is serving his third term as head coach after a year as assistant to Capt. Lawrence "Biff" Jones and his teams have been uniformly successful.

When Cicero Runs In Cicero, He Wins

CHICAGO, Oct. 13 (AP)—If you don't think there's anything to a name, ask the railbirds at Sportsman's park.

The park, a half mile, is in Cicero and a two-year-old chestnut gelding named Cicero is having a great time.

Cicero, owned and trained by C. Hunt, went to the post in the first race of the season last Monday. He won easily, sending the form players off with the right mutual tickets. Yesterday, he won the feature race of the card and broke the track record by running five furlongs in 1:05 over a muddy course.

"When in Cicero bet Cicero," has become the war cry of the railbirds.

The nickname of Texas Christian university athletic teams is Horned Frogs, so the freshmen are "Pollywogs."

Careful Preparations Being Made for Plainview Game Saturday.

The Pampa Harvesters will go to Canyon to play the West Texas Teachers College Freshmen on the evening of Oct. 21 instead of on the following night. Coach Odus Mitchell announced this morning upon his return from seeing the Sandie-Freshman game last night. The change will make the game on a Friday night, meeting the approval of Pampa gridiron fans.

The game will be called at 8 o'clock under the lights of Buffalo stadium. The Amarillo Sandies defeated the Freshmen, led by Captain Ralph Poe, former Harvesters center, 24 to 0. The Fresh threatened several times but couldn't put across a counter. Howse, Enoch, and Dunaway led the Amarillo attack.

Coaches will put the boys through six workouts with a hard scrimmage slated for this afternoon. Plainview will be no easy team.

The boys went through a hard workout yesterday, coaches showing them mistakes made in the game with Clarendon Tuesday afternoon. They showed more life in yesterday's workout.

Little Bert Stevens is being worked hard at the one wing back position. Bert has the makings of one of the stars of the team, but injuries have kept him out until he has to start all over again. One more boy who should come through is Mike Marbaugh when he gets more practice at the wingback position.

Three Harvesters sat on the sidelines yesterday afternoon. They were Luke Salsbury, injured in the game with the Bronchos, and H. Ledrick and Lloyd Hamilton. Quarterbacks, injured in the Borgor game. The two signal barkers received injured ankles. They may be able to see some service in the Plainview tilt Saturday afternoon.

Smoky Sullins has regained his form and, given any kind of blocking, should carry the ball places for the Harvesters. When big Jim Poole develops speed in starting after waiting for his interference to form he will be hard to stop under several yards. Hudson of Clarendon gave one of the best exhibitions in power plays seen here this year for the Plainview Bulldogs are coming to Pampa with the intention of defeating the green and gold starting slowly.

Former Champs In Golf Finals

HOT SPRINGS, Va., Oct. 13 (AP)—Two former national champions stepped up to the first tee today to battle over the homesteads course battle over the homesteads course of the annual Hot Springs golf tournament.

The two contenders, Mrs. Glenna Collett Vane, of Philadelphia, and Helen Hicks of Hewlett, Long Island, advanced to the finals with brilliant victories yesterday.

Mrs. Vane ran up a lead of three after four holes of her match with Mrs. Kenneth M. Seggerman of Rumson, N. J., and never lost the advantage. She won 4 and 3.

Miss Hicks, however, had putter trouble and was down one at the turn after three-putting four greens. She switched putters on the homecoming nine and in a blaze of birdies defeated Mrs. Dorothy Vane Hulme of Philadelphia, 4 and 2.

DRAGS BROCK THROUGH ROPES DESPITE REFEREE

BAY CITY, Mich., Oct. 13 (AP)—Having established world records in three divisions of outboard motorboating, drivers in the fourth annual national outboard championship regatta were homeward bound today.

Art Sauerberg, St. Louis, took premier honors in yesterday's abbreviated session of four record breaking, sending his class "F" craft over the statute mile at an average speed of 58.915 miles an hour, the best speed ever attained by an outboard motor. The previous record of 56.525 was held by Tom Estlick, Wakeagen, Ill.

Sauerberg's time also set a new class "F" record, beating the former mark of 55.279 miles an hour held by Hank Ryan, Duluth, Minn. Arrei Reinking, Indianapolis, set a new class "A" professional record of 41.96 miles an hour, bettering the former mark of 39.564 miles an hour held by Fred G. Chase, Northampton, Mass.

R. Allen Smith, Bossier, La., twice shattered the class "B" division 2 record of 44.728 miles an hour, established by Harry Roberts, Albany, N. Y., last year. On his first attempt yesterday, Smith averaged 44.98 miles an hour. Then he came back to send his own record into the discard with an average of 46.391 miles an hour for two trips up and down the course.

Jaysees to Form Bowling Team

Members of the Pampa Junior chamber of commerce desiring to try out for a place on the Jaysees bowling team that will enter the Class B league when it is organized are asked to be at the Pampa Bowling alley at 7:30 o'clock tonight. Bowlers who have not been in action for some time and think they are "done for" are urged to attend and get into shape again.

The league will work on a handicap basis and every player regardless of his score will have an even break with the best bowler in the league. A captain will be elected during the practice tonight. The workout will last only a short time.

Team captains will meet in the Schneider hotel at 7:30 o'clock tomorrow night to perfect a Class B bowling organization. Date of starting play will be set at the meeting. At least six teams will enter the league and two more may come in.

NEW ORLEANS COTTON

Cotton had a somewhat easier opening today. This apparently resulted from accumulation of hedge-selling orders over yesterday's holiday. Fair weather in the belt was also a moderately depressing influence. First trades showed losses of nine points and the market eased a little further after the start to 6.57 for December and 6.72 for March, or 12 points below Tuesday's close.

Near the end of the first hour, hedge-selling having been absorbed, the market was steadier and had recovered two points of the early decline.

Textile statistics for September announced today showed sales 2.9 per cent in excess of production, although September production was very much heavier than in August. Unfilled orders at the end of September showed a decrease compared with the previous month of 8.6 per cent.

The market ruled quiet all morning, and after a slight rally of 2 to 7 points from the early lows near the beginning of the second hour, prices gradually eased off again, mainly owing to easier stocks, coupled with some additional hedge-selling. December dropped to 6.46 and March to 6.60, down 23 to 24 points from the previous close.

Around noon, the market was easy and at the lows.

The British board of trade statistics for September issued this morning were considered quite favorable, showing exports of cotton cloths had reached 177,000,000 square yards against 128,000,000 in September last year.

CHICAGO GRAIN
CHICAGO, Oct. 13. (AP)—Grain prices tended downward early today, influenced by news of acceptance of British tariff preference by Canada. A lowering of British exchange rates was also construed as bullish. Opening 1-8 to 5-8 lower, wheat afterward held near the initial limits. Corn started 1-8 to 1-2 off and subsequently sagged further.

MARIE DRESSLER GIVEN AWARD AGAIN FOR BEST PERFORMANCE BY ACTRESSES ON 1932 SCREEN

Cafeterias of Schools Major Lions Activity

Pampa Lions have adopted helping of school cafeterias as a major activity, with the work centering about Baker school but being coordinated with similar activity by other clubs in behalf of the cafeterias at Junior high school and the Horace Mann school.

Representatives of the civic clubs, including the Business & Professional Women's clubs, were to meet this afternoon to draw a unitized plan.

President John Sturgeon at today's luncheon appointed a committee on production of the annual Lions minstrel show and revue, to be presented in February. This committee is composed of A. M. Teed, R. G. Allen, H. L. Polley, R. C. Wilson, R. B. Fisher, W. H. Curry, and John Sturgeon.

Next Thursday evening will be the club's inter-city ladies' night, with the Shamrock club furnishing the program. The following have been appointed on a local reception committee: Lion and Mrs. W. A. Bratton, Lion and Mrs. C. H. Walker, Lion and Mrs. Clyde Fatherson, Lion and Mrs. H. Otto Studer, and Lion and Mrs. Roy Bourland.

Today's program included a talk on fire prevention by Chief Clyde Cold; violin solos by Miss Eleanor Fiey, accompanied by Mrs. May Foreman Carr; and presentation of flag by District Gov. C. H. Walker. John Fessey was program chairman.

It was announced that Lion B. W. Rose had been operated on at Pampa hospital for appendicitis.

Stennis Has Until Oct. 17 to Apply For Bond Refund

County Judge S. D. Stennis has until October 17 to file with the state board of county and district indebtedness the application of Gray county for bond relief under the bill passed by the special session of the legislature.

A lengthy questionnaire is being filled out by R. C. Wilson, county auditor. The difficulty of answering some questions about Gray's original road program is enhanced by the fact that records were jumbled during moving of the courthouse from LeFors to the old First Baptist church basement, and then to the new building.

THE OKLAHOMA JITTERS

DALLAS—A carload of Dallas bankers returned from Oklahoma resolved to check up on their life insurance policies.

At Mill Creek, Okla., they walked into the First State bank and found the president, cashier and all vice presidents with guns drawn, ready to fire. Later they learned that the town recently had two bank robberies.

At the next Oklahoma town, the harrowing experience was repeated. One Texan, by his own admission, stayed in the car at the second stop, only to be mistaken as the "get-away" man while his companions "did the job" inside.

Mr. C. C. Cockerill and little daughters, Coleen and Mary Jo, have returned after a visit in Amarillo.

Clyde King of White Deer was in the city Wednesday.

Fontanne and Hayes Share Honors With Her

HOLLYWOOD, Oct. 13. (AP)—The veteran actress, Marie Dressler, who last year was voted the award of the academy of motion picture arts and sciences for the best performance by an actress, has been nominated for the honor again this year. The award will be made November 15. Miss Dressler was among the three nominated, Lynn Fontanne and Helen Hayes being the other two.

Miss Dressler was named for her portrayal of the motherly nurse in "Emma." Last year it was her performance in "Min and Bill," in which she enacted the role of a waterfront character, that gave her the award. Miss Dressler was nominated for role in "The Guardsman," and Miss Hayes for her part in "The Sin of Madelon Claudet."

Those nominated for the best performance by an actor were Wallace Beery in "The Champ," Alfred Lunt in "The Guardsman," and Fredric March in "Dr. Jekyll and Mr. Hyde."

Frank Borzage, King Vidor and Josef von Sternberg were the directors nominated for the academy award. Borzage was named for his production of "Bad Girl," Vidor for "The Champ" and von Sternberg, for "The Shanghai Express."

The three pictures nominated for the best photography were "Arrow-Smith," "Dr. Jekyll and Mr. Hyde" and "The Shanghai Express." The best original motion picture story will be chosen from Frances Marion's "The Champ," Grover Jones' and William Slavens McGowan's "Lady and Gent," Lucie Hubbard's "Star Witness" and "What Price Hollywood" by Gene Fowler, Rowland Brown and Adela Rogers St. John.

Birth of Strange Science Fostered

PASADENA, Calif., Oct. 13. (AP)—Whether mathematics, the queen of the sciences, may give birth to a new princess by a mating with genetics, the science of mating, is a question raised in the minds of a group of research workers here.

If and when born, the princess might be known as evolutionary mechanics, a new branch of science providing basic mathematical laws for existence and doing for the evolution of life what quantum mechanics and relativity are doing to unfold the secrets of the atom and of the universe.

The possibility of the new science comes from conferences by Prof. J. B. S. Haldane, noted British evolutionist, and the California Institute of Technology research workers in which the British professor of physics presented mathematical problems arising in genetics.

For many years Prof. Haldane has been conducting research work in genetics, collecting data on evolution, and seeking to apply results to mathematical formulas that would explain the progress of population and the group characteristics of the human race as it develops.

City Drug's Two For One Sale On

The City Drug store is announcing today its Nyal 2 for 1 sale which will continue through Saturday. This is a semi-annual feature of all Nyal stores.

During these sales, hundreds of regular items are sold two for the regular price of one. The public is quick to take advantage of such sales.

"We have already enjoyed good business on the sale and are expecting three more busy days of the sale," says W. F. Cretney, manager.

Two San Angelo Children Knaped

SAN ANGELO, Oct. 13. (AP)—No clues were held by local officers today as to the whereabouts of Glenn Faulks, Jr., 8, and his sister, Almarie, 10, who were last seen entering an automobile near a San Angelo school Wednesday morning.

Mrs. Faulks came here two weeks ago with the children from San Antonio. The husband, from whom she is estranged, lives in Los Angeles, Calif.

California authorities have been asked to cooperate in the case. A California license was noticed on the car into which the children were bundled while on the way to school.

BANDITS KIDNAP PRIEST
MEXICO CITY, Oct. 13. (AP)—A dispatch from Guadalajara today said bandits at the town of Penjamo had kidnaped a priest, Father J. Jesus Cornejo, and were holding him for 25,000 pesos ransom, which could not be raised.

Candidates For Texas Governor Will Total Six

A certified copy of the names to be placed on the ballot for the general election in Gray county is on display in the offices of County Clerk Charlie Thut.

It bears the names of the nominees of the democratic, republican, socialist, communist, Jacksonian, and liberty parties. The names of six gubernatorial candidates appear. They are:

- Democratic—Mrs. Miriam A. Ferguson.
- Republican—Orville Bullington.
- Socialist—George Clifton Edwards.
- Communist—Phillip L. Howe.
- Jacksonian—George W. Armstrong.
- Liberty—Otho L. Hgett.

There are blanks for writing in independent candidates. The ballots will be printed early next week.

Blanscets Will Stage Another Rodeo on Sunday

Man and beast will meet in a rodeo performance on the Lon L. Blanscet ranch a mile southwest of Bowers City at 2 o'clock Sunday afternoon. The rodeo will be in charge of Herpert Blanscet and Siler Hopkins.

Stock used in the Pampa celebration in May will be used against the pick of the cowboys from Gray and adjoining counties. Several visiting "top hands" are expected to be here for the affair. The Panhandle has some good riders, bulldozers, and calf ropers and they will be seen in action Sunday afternoon.

The stock is in the best condition since purchased and it is expected that many upsets will result.

"Nature in the Raw is seldom MILD"

RIDE 'EM, COWBOY
"Nature in the Raw"—as expressed in the famous rodeo cry; inspired by the picture in the July issue of the National Geographic Magazine taken at the Ski Hi Stampede, Monte Vista, Colorado. "Nature in the Raw is Seldom Mild"—and raw tobaccos have no place in cigarettes.

No raw tobaccos in Luckies —that's why they're so mild

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.
