

# HIGHEST COURT HOLDS BANK NIGHTS ILLEGAL

## PAMPAN ARRESTED AFTER YOUTH DIES IN FALL FROM TRUCK

### WHEEL PASSES OVER PART OF LEITH'S HEAD

#### GRAND JURY TO PROBE CAUSE OF TRAGEDY THIS AFTERNOON

A Pampian was arrested this morning in connection with the death last night of Merle Alexander Leith, 20, who was killed in a fall from a truck about 100 feet beyond the truck city limits on U. S. Highway 60.

Young Leith, a resident of LeFors for about five years, was dead upon arrival at a local hospital where he was rushed by ambulance. The death occurred about 9 o'clock last night. The arrest was made by Sheriff Earl Talley and Deputy O. T. Lindsey about 11 o'clock this morning. The 31st district grand jury, now in session, was to investigate the death this afternoon.

Leith, employe of the Rogers Rig and Equipment company, received a skull fracture, which caused death according to an attending physician, and cuts and bruises. It is believed a wheel of the truck passed over the back portion of his head.

Surviving Leith are his wife of about a year, his parents, Mr. and Mrs. Walter Leith of LeFors, two sisters, Miss Margie Lou Leith, LeFors, and Mrs. Frank Scott, Pampa, and one brother, W. M. Leith of LeFors.

Funeral arrangements have not been made pending return of his mother who has been visiting relatives in Kansas. The body lies at rest at Pampa-Mortuary.

### Removal of Tax Exemptions Asked

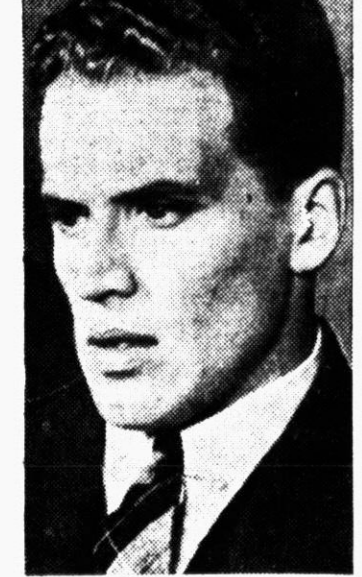

WASHINGTON, June 9. (AP)—Treasury officials said today states would have to join the federal government in a reciprocal tax program if millions in revenue now lost through exemptions are to be channeled into public treasuries.

### 40 AND 8 TO MEET

The regular meeting of the League 40 and 8 will be held at the Legion hall tonight at eight.

All members are urged to attend. Plans will be made for an initiatory "wreck" to be held in Pampa July 14.

### He Found No Formulas for Love

Brilliant professor of chemistry, David Armstrong was master of the formula. And then he found love. Here at last was one quantity that defied cold, calm analysis. Madly he eloped with and married co-ed Coral Crandall. The outcome of that experiment is told in an appealing new serial you should not miss. Watch for

### Community Leaders Pay Glowing Tribute To Rev. Lancaster At Banquet

Friends of the Rev. C. E. Lancaster took a lot of friendly and amusing "cracks" at him and each other last night at a Schneider hotel banquet, but each wound up in his talk by paying the minister a ringing glowing tribute.

Rev. Lancaster recently resigned as pastor of the First Baptist church to accept a similar position at Big Spring. More than 40 representative business and civic leaders provided and attended a banquet for the popular minister. Every church and denomination in the city were represented, also all the civic clubs.

Rose Presents Gift  
Fred Thompson acted as toastmaster and kept the audience in a ripple of laughter with his verbal darts at the civic clubs, the minister and others present.

One of the speakers was Tom Rose who was asked to present a gift to Rev. Lancaster. Mr. Rose said that the Baptist minister had been the servant of the entire community. He

asked Rev. Lancaster to drive his old car down to the Pampa Motor company and receive a new car as "a small token of appreciation for the good you have done in Pampa."

Travis Lively spoke on the work of Rev. Lancaster in the Rotary club. The minister became a member of that civic organization seven years ago. Lively "cracked" that the preacher had been a member of both Lions and Kiwanis clubs and that the Rotarians appreciated his "elevation to Rotary."

Lively said the pastor had used good judgment and advice as a member of the board of directors, and that his influence had meant much in the development of the club. He said the minister's place on the various committees would be hard to fill.

His capacity for liking people and his genuine friendliness have meant much to his fellow members. Wherever he goes, he will work for the good of the community. He

### DAM BACKERS GITE BENEFITS DURING FLOOD

A remark heard frequently yesterday was, "Well, McEllenian creek bridge has washed out again." But the bridge five miles north of McLean wouldn't have succumbed to the flood waters if the proposed dam up the creek at Beaver dam had been in existence.

That statement was made today by advocates of the dam. They pointed out that the millions of gallons of water that have rolled down McEllenian creek in the last 10 days would have filled the proposed reservoir brim full and would have prevented the destructive flood.

They also remembered that the county has probably spent enough money rebuilding bridges on McEllenian to pay for the proposed

### ODEN VOICES ODE TO BEANS

Chamber of Commerce workers who secured most investments in Pampa during a recent drive ate chicken while losers dined on beans yesterday noon in the basement of First Methodist church but the winners failed to get a chance to brag about their accomplishments.

Farris Oden, leader of the bean eaters, spoke on the need of adopting a vegetable as well as a flower for Texas and that in his opinion the vegetable should be the bean. When Frank Cuberson and Mack Graham tried to speak on behalf of the chicken eaters they were yelled down after saying "President Coolidge."

### MAYOR WOULD USE FORCE TO BREAK STRIKE

#### VOLUNTEER CIVILIANS RECRUITED IN MICHIGAN

Ohio's governor called a conference in an effort to settle an extensive steel strike while union leaders at Chicago drafted an appeal to the National Labor Relations board today in hopes of winning a written agreement with one of the three large strikebound producers.

A Michigan strike of Committee For Industrial Organization workers was settled, it was announced in Washington by John L. Lewis but more than 300,000 residents of the Saginaw valley remained without electric service because of the dispute at the Consumers Power Co.

Governor Martin L. Davey invited representatives of the striking Union and Republic Steel Corporation and Youngstown Sheet and Tube Co. to a meeting Friday. The Chicago move was directed at the Inland Steel Co.

A Michigan mayor, determined to permit reopening of a strike-bound Republic Steel Corporation subsidiary, tried to effect a peaceful settlement today before marshalling military trained civilians to carry out his plans.

The announcement of Mayor Daniel L. Monroe that he would use a volunteer civilian force to enable the Newton Steel company plant to reopen tomorrow drew from Committee for Industrial Organization's strikers a warning they would resist any such effort with the force of 10,000 fellow unionists from Detroit.

At Flint and Bay City, Mich., the second electric power strike in three weeks crippled activity, but an agreement granting a wage increase was reached by company officials and union leaders in agreement subject to ratification by union employees. Nearly 60,000 industrial employees were idle in the two cities at one time.

Governor Frank Murphy helped to settle the strike in telephone conversations from Pittsburgh.

Time-Strained  
Strikes at two automotive plants further heightened labor activity in Michigan.

In Ohio, C. I. O. steel workers ended a strike affecting 7,200 employees of the Timken Roller Bearing company's plant at Canton and conferees sought settlements of others involving 8,300 workers. Strikers included building trades and service men, and textile workers.

The H. J. Heinz company, canners, announced reopening of its main plant at Pittsburgh as soon as possible. An American Federation of Labor union won a collective bargaining election there ending a two weeks dispute.

Three hundred union stock handlers accepted a six cent wage increase after a two day strike and returned to work at the national stockyards in east St. Louis, Ill. Trading was resumed.

The reasons assigned for strikes of United Automobile workers at the Consumers Power company plant in Flint and at the Budd wheel company and two Ternstedt Manufacturing company plants at Detroit were the same. Unionists charged

### HITLER SEEN PLANNING DANZIG SATURDAY COUP

MARIENWERDER, East Prussia, Germany, June 9. (AP)—Adolf Hitler is coming to strategic East Prussia on June 19 to make an important party speech from the historic castle of Marineburg, seat of Teutonic knights, it was reported on apparently reliable authority today.

The speech, insofar as could be learned in the secrecy that envelops Der Fuehrer's plans, will deal with frontier problems. It will be made before the oldest and highest leaders of the Nazi party, and, in all likelihood, will be kept confidential.

### John D. Leaves Riches to Obscure Kin

The touch of the modern Midas, John D. Rockefeller Sr., who turned to gold so many business ventures, in death provided a golden future for four of his most obscure kin—the Marquis de Cuevas, his wife

and two children, to whom he bequeathed the bulk of his \$25,000,000 estate in trust. The Marquise, pictured at the right with her infant son, John, was the daughter of Mrs. Bessie Strong, Rockefeller's daughter. She married de Cuevas (who holds their daughter, Elizabeth) when he was an obscure Paris dress designer. Rockefeller altered his will to provide for them only three years ago.

### HARLOW RITES ATTENDED BY 200 MOURNERS

GLENDALE, Calif., June 9. (AP)—Gray, heavy-laden skies with darkening clouds, matched the heart-tones of the close friends of Jean Harlow who gathered at her bier to say farewell.

Through the misty dawn the bronze casket, inlaid with silver, sped the ten miles from Los Angeles to the Memorial park here, escorted by police motorcycles.

Three hours later, at 9 o'clock, a thousand persons gathered in hushed silence outside the high iron fence of Forest Lawn, a thousand yards from the gate, in the Wee Kirk O' the Heather, was the casket. It rested in a breathing bank of flowers. It was blanketed with 1,500 lilies of the valley, and 500 gardenias, which the mother, Mrs. Marino Bello, and her sweetheart, William Powell, provided.

Gardenias were her favorite flower. A silver plate on the casket bore an engraving of the signature of the 26-year-old glamour girl of the films, cut down at the very height of her career by uremic poisoning.

One of the first to appear in the little chapel of farewells was Warner Baxter. Soon after him came Carole Lombard, then Clark Gable, leading man in her unfinished picture. Next was Nelson Eddy, whose tribute in the simple services was the singing of "Ah, Sweet Mystery of Life." With brief was his companion Jeanette MacDonald, in sad but rich voice, saying her farewell in Jean Harlow's favorite song, "Indian Love Call."

Soon the 250 dear friends had passed through the gate. That was all the police permitted within the Memorial park.

Along the Mediterranean coast, the government stationed a special vigilance fleet and anti-submarine defense on the heels of two days' shelling of coastal points by insurgent warships.

### LATE NEWS

WASHINGTON, June 9. (AP)—Senator Copeland (D. N. Y.) called today for a general Senate labor investigation, covering not only the strike-tormented steel industry but other major industries as well. The New York Senator said the investigators should seek a solution to general labor problems along the lines of the railway act as applied to the specific problems of railway labor.

HARVEST DELAYED.  
KANSAS CITY, June 9. (AP)—Heavy rains in Southern Kansas delayed the start of the state's most promising wheat harvest in several years today, damaged the crop in some areas and caused minor overflows. A severe hail storm 15 miles west of Hutchinson ruined several sections of wheat.

### NEED TO PASS LAW BELIEVED UNNECESSARY

#### SUPREME COURT RULES THEATER DRAWINGS ARE LOTTERIES

AUSTIN, June 9. (AP)—The Court of Criminal Appeals, the state's highest tribunal in criminal cases, ruled today that theater bank nights were lotteries and therefore illegal.

The court had been considering a test case from Bonham for more than a year. The Supreme Court ruled several months ago that bank nights were against public policy but did not pass on the important question of whether they were lotteries.

The decision was unanimous, although Judge F. L. Hawkins wrote a separate opinion giving different reasons for concurring. The main opinion was written by O. S. Lattimore.

The decision upheld the fine of \$100 assessed H. S. Cole, Bonham picnic show proprietor, on a charge of violating a lottery law. Cole contended a bank night was not a lottery because a person did not have to pay to have a chance at the prize.

"We think it does not materially affect the scheme," Lattimore said, "that there be a possibility that some one might get a prize who had not paid for a ticket. . . . The appellant's purpose and plan—as frankly admitted by him—was to increase the patronage of his show. No sane man would believe for a moment that appellant would continue for an extended period to operate a scheme the result of which would or could lose him money."

Hawkins pointed out that courts of other states had differed on the question of whether a bank night drawing was a lottery.

He held there was indirect consideration for participation in the drawing because persons paying admission to the theater were in better position to receive the prize than those not there.

"The writer is impressed with the view," he said, "that where the present scheme has been held in other states not to be a lottery, the cases have turned upon a failure to show a direct consideration from the participants, or at least a part of them, in the drawing for the prize."

"Unless our reasoning be faulty, there does appear to be an indirect consideration moving from the registrants in the book in the purchase of admissions to the theater, but obtaining a more favorable situation to claim the prize than the outside registrants enjoy."

Bank night operations have been widespread in Texas. A bill to make certain they were illegal had been introduced in the legislature but the decision today apparently eliminated the need for its passage.

### AMELIA STUDIES MAP

DAKAR, French Senegal, June 9. (AP)—Amelia Earhart studied maps of Africa's wild expanses today while awaiting the favorable weather report that would send her on the next stage of her just-for-fun flight around the world. Miss Earhart hoped to take off in her silver, twin-motored monoplane some time today. Bound for Khartoum, in the Anglo-Egyptian Sudan, she had chartered a route to Niamey, principal city in the French Niger colony.

### I Saw . . .

Snapshots of Little Ernestine Holmes, brilliant 10-year-old pianist, taken with her teacher, Mrs. May F. Carr and with Charlie Hubbell, famous pianist, who lavishly praised Ernestine's interpretation of 10 classical numbers at a Wichita Falls contest. Mr. Hubbell is the pianist who appeared on the screen at the Crown theater Sunday in a short and played Old Folks at Home in the manner of Liszt, Bach, Wagner, Chopin, Brahms and the spectacularly brilliant pianist, Mrs. LeRoy. It is his recreation after hours of practicing on the piano.

### NEWS Fiesta Editions on Sale for Dime

There are still on hand at the Daily News office a number of extra copies of the special 11-page Top O' Texas Fiesta Souvenir edition. They may be obtained for ten cents a copy. Any persons wishing to have them mailed away may have them wrapped and mailed by the News circulation department at no extra charge.

### Rebels Blamed For Death Of Eight Britons

#### HAIL WRECKS SOONER CROPS

Great Britain blamed the Spanish insurgents today for the death of eight British seamen and the wounding of 24 on Bay 12, when the British destroyer Hunter struck a mine off southeastern Spain.

The London government ordered its ambassador to Spain, Sir Henry Chilton, to protest to Generalissimo Francisco Franco's administration at Salamanca and reserved the right to claim damages.

It said the explosion was "accidental," but a spokesman declared the government understood the insurgents had laid mines in the high seas off Almeria, the scene of the blast, and in other places, and that the Hunter hit one of them.

Incidents of similar nature were in part responsible for withdrawal of Italy and Germany from the international neutral naval patrol of the Mediterranean. Britain would follow their example, instead, Foreign Secretary Anthony Eden was working to bring both the fascist powers back into the neutrality group. In Berlin, official sources predicted Germany and Italy would rejoin the naval patrol by the end of the week.

They left the international organization May 31, the day German warships shelled Almeria, Spanish government port. The previous week, the German pocket battleship Deutschland and the Italian auxiliary vessel Bartola had been commandeered by Spanish government planes.

On the Spanish war front, government soldiers strengthened new positions on the northwestern edge of Madrid, besieged since last November.

Along the Mediterranean coast, the government stationed a special vigilance fleet and anti-submarine defense on the heels of two days' shelling of coastal points by insurgent warships.

### Wheat Damage to After Crop Survey

Indications that yesterday's morning's hail storm may not have caused so much damage to crops in this section as first believed, came today from wheat farmers.

The wheat, believed to have been beaten down and destroyed in some sections, today was reported to be in better shape. In many instances it is again standing.

Row crops also fared better than was feared in the storm. The weatherman continued today to predict cloudy and cooler for the Top of Texas.

WEDNESDAY EVENING, JUNE 9, 1937.

## Mrs. Webb Is Hostess To Pleasant Hour Sewing Club

SKELLYTOWN, June 8.—Mrs. Charlie Webb was hostess to the Pleasant Hour Sewing Club, at her home in Skellytown this week.  
Mrs. M. L. Roberts, president, was in charge of a short business meeting, at which time plans were made to start an attendance contest. Two group captains were appointed, Mrs. O. F. Morris and Mrs. Webb. They chose sides and the losing side will entertain the winning group with a picnic lunch at the end of the allotted time.  
A game of Keano, with Mrs. A. A. McElrath of Pampa winning the prize, and sewing furnished entertainment for the afternoon.  
Refreshments were served to Meses. E. E. Crawford, Arthur Johnson, Dallas Bowsher, Roberts, J. R. Stansell, Morris, McElrath, Berry Barnes, Tommie Hall, W. W. Hughes, and the hostess.  
The next meeting will be June 18 with Mrs. Joe Wedge as hostess.  
A covered dish luncheon was enjoyed by the group. The ladies spent the day piecing quilt blocks for the hostess.  
Members and visitors to enjoy the occasion were Meses. Louie Karlan and children, V. G. Werth and children, Joe Wedge and daughter, Miss Virginia; Pat Norris and Wesley Dial, C. R. Jackard, and little son, Farmer, and Miss Anna Laura Pike.  
Mrs. J. D. Hughes spent the weekend in the home of Mr. and Mrs. H. H. Hester of Phillips camp.  
Mrs. W. F. Harlan left Saturday for Temple, where she will enter the Scott and White clinic for examination.  
Orman Harlan is visiting his grandmother at McLean this week.  
Mrs. Hazel Thurlow and daughter, Maxine, returned home last week from an Amarillo hospital where Maxine has been under a doctor's care for some time.  
Mrs. Pearl Patchett accompanied Mr. and Mrs. J. C. Jarvis as far as Oklahoma City last week. Mr. and Mrs. Jarvis went on to Arkansas for a two-week visit.  
Mrs. E. J. Haslam returned home last week from Austin where she had been visiting.  
Mr. and Mrs. Stanley Hudson and daughter, Billie Mae, visited in the home of Mr. and Mrs. Pat Norris last week.  
Mr. and Mrs. Lee Harvey and daughter, Miss Helene Harvey, have just returned from a vacation spent in Missouri, where they visited friends and relatives.  
Mr. and Mrs. Pat Norris, Wesley Dial, Mrs. Stella Tomlin and children visited in Canadian, Sunday.  
Mr. and Mrs. Joe Wedge and daughters, Misses Virginia and Vanice, visited in Borger last week.  
June and Mackie Shipley are visiting their grandparents near Fort Worth this summer.  
Mrs. Charles Zernal entered a Pampa hospital last week for a major operation. She is reported doing nicely.

**PICNIC POSTPONED.**  
The picnic planned for the young people's department of the Methodist church has been indefinitely postponed because of the weather. New plans will be discussed next Sunday.

**LANCASTERS HONORED AT BANQUET IN CHURCH**  
Honoring Rev. and Mrs. C. E. Lancaster, a banquet was given at the First Baptist church Monday evening. A large number of people attended to pay respects to the couple, who will leave soon for Big Spring.  
After a pleasant supper, Miss Katherine Barrett gave several piano selections, preceding talks by T. D. Alford, Mrs. T. F. Morton, Mrs. R. W. Tucker, and Mrs. Baker Henry were enjoyed. They spoke of the history and progress of the church since Rev. Lancaster's coming, and of his value and meaning to the church here. Misses Teresa Campbell and Katherine Barrett sang a duet, "Whispering Hope." The program was closed with a song, led by Harry Miner, educational director.

**Mrs. J. E. Ward Hostess to Susan Wesley Club Here**  
The Susan Wesley club was entertained in the home of Mrs. J. E. Ward last week. This meeting marked the beginning of the social club functions for the summer for that group.  
After the business session, led by Mrs. W. W. Bealy, a surprise handkerchief shower and birthday cake was given to Charles and J. E. Ward. This was followed by a number of birthday reminiscences.  
Refreshments were served to Meses. W. W. Bealy, C. Mundy, H. O. Simmons, E. D. Zimmerman, E. E. Plank, W. R. Ketler, W. L. Dozman, C. E. Ward, J. E. Ward, and Susie Porter.

### DEMONSTRATOR GIVES TALK ON FOOD TO CLUB

Mrs. Julia E. Kelley, county demonstrator, spoke to the McLean Home Demonstration club Friday afternoon in the home of Mrs. C. O. Goodman on "Food and Its Preparation." She said that care should be taken with food, especially that it be canned as soon as possible after gathering to prevent flat souring.  
Mrs. Kelley said that flat souring is also caused by slow cooking and storing in warm places. Vegetables, such as carrots and cabbages, can be stored early for winter use. The use of soda in cooking destroys the vitamins and should not be indulged in. Cabbages are an excellent source of vitamins when raw but lose 95 per cent of food value when cooked by the very best methods. None of the cabbage family can be canned, for the sulphur in strong-jointed vegetables is broken down by too long cooking.  
Mrs. Barney Fulbright, president, was in charge during the business and recreational session. A one-act playlet, "Keeping Store," was presented by Meses. C. E. Hunt, W. L. Campbell, and Luther Petty. A report on the council meeting was given by Mrs. J. G. Wade, and Mrs. John Vannoy expressed appreciation for the pot plant given her during her illness. Mrs. R. F. Saunders read the financial report and Mrs. L. N. Mitchell was added to the finance committee.  
Twelve members answered roll call on "What I Like Best in My Garden." Refreshments were served, consisting of fig wafers, sandwiches, and iced tea.  
The next meeting will be an all day affair in the home of Mrs. C. E. Hunt on June 18.

"Well, all I got to say—if this is vacation, I wish we'd flunked so we'd have to go to summer school."

### MISS LILLIAN MULLINAX GIVEN BRIDAL SHOWER

A miscellaneous shower honoring Miss Lillian Mullinax, who is to be married tomorrow was given yesterday in the home of Mrs. L. K. Stout, 315 N. Gray. The hostesses and Mrs. John Bradley, assisted by Mrs. Horace McBee and Miss Clara Brown, entertained for a score of her friends. Appropriate games were played, after which the bride-to-be hunted the Country club membership dinner and dance. Dinner will be served at 7:30.  
Rebekah Lodge will meet at I. O. O. F. hall, 8 p. m.

**MRS. MCAFEE HOSTESS TO METHODIST CIRCLE**  
Mrs. Frank McAfee was hostess for Circle four of the Methodist Missionary Society Monday afternoon. The opening prayer was led by Mrs. Walter Purviance. Discussion was taken from the fifth chapter of "Stewardship For All Life," missionary booklet.  
Mrs. McAfee served the refreshments.  
**LEAVE ON TRIP.**  
Mrs. Alta Starnad and her daughter, Cleora, accompanied by Misses Lorene Nicholson and Viola Strach, left Sunday for Arizona, Grand Canyon, and California. Miss Nicholson will return in two weeks. The rest of the party will continue a trip around Lake Yellowstone, and Boulder, Colorado, where they will remain for the summer.

**B&PW YEARBOOK WINS FIRST AT STATE MEETING**  
At the final summer meeting of the Business and Professional Women's club last night, reports were heard from delegates to the state convention at El Paso. These delegates were Mrs. Grace Pool, Mrs. Vera Lard and Miss Mildred Overall.  
At the convention, Pampa won first place with their yearbook, Miss Clara Lee Shewmaker was elected state correspondence secretary but declined to serve.  
The club voted to disband during the summer months with only the board meeting every month.

**REAPERS CLASS ENJOYS LUNCHEON**  
Members of the Reapers class of the First Baptist church enjoyed a luncheon at 1 yesterday. The table was attractively decorated with red roses.  
A business meeting was followed by discussion for the next social. Present were Meses. H. M. Cone, Roy Dyson, E. J. Tarrant, O. C. Brandon, and J. G. Teeters.

**CIRCLE THREE MEETS WITH MRS. WALSTAD**  
Circle three of the Methodist Missionary Society met Monday afternoon in the home of Mrs. G. C. Walstad. Mrs. Luther Pearson led the business session and Mrs. A. A. Kelly, assisted by Mrs. Pearson, led the Bible study. The discussion was from the Society booklet, "Stewardship For All Life."  
Plans were made to begin the next meeting at 3 o'clock instead of at 2:30. Refreshments were served by the hostess to 11 members and one visitor.

## The Social CALENDAR

**Thursday**  
The Bethany class of the First Baptist church will give a covered dish luncheon at the church at 1 o'clock.  
A Home Demonstration club reporters' school will be conducted in the home of Mrs. C. O. Goodman at the courthouse, 2 p. m.  
Mayfair bridge club will be entertained by Mrs. A. B. Goldston.  
Scott foursomen will precede the Country club membership dinner and dance. Dinner will be served at 7:30.  
Rebekah Lodge will meet at I. O. O. F. hall, 8 p. m.

**Friday**  
Garden club will meet at Central park, 7:30 a. m., for breakfast and start of yard tour.

## 'WHAT MUST I DO TO BE SAVED,' DISCUSSED AT REVIVAL SERVICES

Interest in the gospel meeting at Francis Avenue Church of Christ continue. The public is invited to attend the remaining services.  
The evangelist used as his subject for the Tuesday morning hour, "What is There I Must Do to Be Saved?" It is not a question, said Mr. Cogdill, "of how much may I do. A child of God should not be interested in how little I may help, but in how much I must help. If one is out of Christ, he must do all that Christ has taught; to believe is not enough, when Christ has said, 'Believe and be baptized.'"  
The rich young ruler, was another subject used. The evangelist pointed out that many people were near to the kingdom of God, who never were saved. "This young man was clean, honest, and a fine man in every way, all of which was but an added reason for accepting Christ. There are many people today who have no reason for remaining away from God. People cannot live Christian lives without being clean, honest, and living a good moral life but it takes more than that to be a Christian," he said.  
"Many people," said Mr. Cogdill, "make a distinction in the importance of the commands of God. But the same Christ that gave one command, gave all. Who can afford to say that you should obey this command, but you need not keep this one, in order to be saved. The Word of God does not exalt one command above another. Men have made, and are making these distinctions, but God never."  
**SUPPER ANNOUNCED**  
The Young People's Department of the First Baptist church will have a Trip-around-the-world and ice cream supper Friday night. The entertainment will be held at the church at 7 o'clock. All members and prospective members are urged to attend.

## MRS. MCAFEE HOSTESS TO METHODIST CIRCLE

Mrs. Frank McAfee was hostess for Circle four of the Methodist Missionary Society Monday afternoon. The opening prayer was led by Mrs. Walter Purviance. Discussion was taken from the fifth chapter of "Stewardship For All Life," missionary booklet.

## NEW PROJECTS DISCUSSED BY ESTHER CLUB

Projects to be taken up at the beginning of the new term formed the principal discussion for members of the Esther club yesterday afternoon when Mrs. Jess Clay and Mrs. V. J. Castka were joint hostesses to the group in the home of Mrs. J. W. Crisler, E. Browning-st.  
The principal business was considered in a round-table discussion. Next meeting of the club will be an all-day session with a covered dish luncheon at the home of Mrs. A. R. Eldridge on June 22.  
Refreshments yesterday were served to the Meses. D. B. Gantz, Steve Donald, Emory Noblitt, Roy Kretz, mirer, Paul Bear, and Herbert Burrow.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE.

By virtue of an order of sale issued out of the Honorable 101st Judicial District Court of Texas in and for Dallas county, on the 19th day of May 1937, in the case of the Dallas Joint Stock Land Bank of Dallas versus Mary J. Purvis, et al., No. 7920-E, and to me as sheriff, directed and delivered, I have levied upon this 31st day of May, 1937, and will between the hours of 10 o'clock A. M. and 4 o'clock P. M. on the first Tuesday in July, A. D. 1937, it being the 6th day of said month, at the court house door of Gray county, Texas, in the City of Pampa, Texas, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which Mary J. Purvis, The Texas Company, a Delaware corporation, Skelly Oil Company, Panhandle Royalties Corporation, Reece E. McGee, C. M. Humphreys, Prairie Pipe Line Company, Gulf Pipe Line Company, Production Company, Cities Service Gas Pipe Line Company, First National Bank of Amarillo, Lloyd L. Purvis, Gerlach Mercantile Company, Earna Mary Purvis, A. R. Sawyer, E. E. Reynolds, Amarillo National Bank, American State Bank & Trust Company, Minneapolis Moline Power Implement Company, J. E. Williams, A. Cole, T. R. Martin, L. L. Ladd, Mrs. T. R. Martin, Amanda Reynolds, First National Bank of Pampa, Texas, and Jewel A. Purvis had on the 17th day of October, A. D. 1932, or at any time thereafter, of, in and to the following described property, to-wit: Situated in Gray county, Texas, and being:—

All of the E-1/2 of Survey 132, Block 3, I. & G. N. R. R. Survey, Cert. 131, containing 320 acres; All of Survey 151, Block B-2, H. & G. N. R. Co. Survey, Cert. 153225, containing 359-3/10 acres; All of Survey 152, Block B-2, H. & G. N. R. Co. Survey, containing 320 acres; and Being the same land conveyed to Mary J. Purvis by H. B. Lovett et ux., by deed recorded in Vol. 19, Page 427, Deed Records of Gray County, Texas;

Said property being levied on as the property of said above named persons and will be sold to satisfy a judgment in favor of The Dallas Joint Stock Land Bank of Dallas against Mary J. Purvis amounting to \$12,278.80, together with 8% interest thereon from November 7, 1935; and in favor of The Texas Company establishing its debt in the sum of \$1,209.32, together with interest thereon from November 7, 1935; and judgment in favor of First National Bank of Pampa against Mary J. Purvis amounting to \$25,269.63, together with 7% interest thereon from November 7, 1935; and all costs of court and the further costs of executing this writ;

Said property above described will be sold by me in the following parcels and in the following order:—

1st tract: An undivided 1/4 of all oil, gas and minerals under said Survey 152;

2nd tract: All of the E-1/2 of said Survey 132; all of said Survey 151; and all of said Survey 152; save and except all mineral interest therein, and likewise subject to a right of way of Cities Service Gas Pipe Line Company over the W-1/2 of said Survey 151, and the pipe line right of way owned by Gulf Pipe Line Company and Gulf Production Company over the E-1/2 of said Survey 132;

The following tracts will be sold in the following order, each tract to be sold only in the event that the proceeds of the sale of the tracts heretofore sold have not satisfied the judgments in favor of The Dallas Joint Stock Land Bank of Dallas and The Texas Company:

3rd tract: The following undivided interest in oil, gas and other minerals under said Survey 152: 3/4 interest under W-1/2 of SW-1/4; 3/4 interest under W-1/2 of NW-1/4; 3/4 interest under W-20 acres of E-1/2 of NW-1/4; 47/64ths interest under E-20 acres of E-1/2 of NW-1/4; 3/4 interest under W-10 acres of E-1/2 of SW-1/4; 46/64ths interest under E-10 acres of W-1/2 of E-1/2 of SW-1/4; 45/64ths interest under E-20 acres of E-1/2 of SW-1/4; 43/64ths interest under W-35 acres of SE-1/4; 44/64ths interest under E-5 acres of W-1/2 of SE-1/4; 44/64ths interest under W-20 acres of E-1/2 of SE-1/4; 45/64ths interest under E-20 acres of E-1/2 of SE-1/4; 46/64ths interest under W-35 acres of NE-1/4; 47/64ths interest under E-5 acres of W-1/2 of NE-1/4; 47/64ths interest under W-10

INCREASE IN CRUDE PRICES BEING TALKED

TULSA, Okla., June 9 (AP)—The older heads counseled caution today as talk of a general increase in the price of crude oil went the rounds in the petroleum industry.

Acknowledged hopeful signs among them a 15-cent increase in Pennsylvania crude, a slight decrease in the week's production and the first net withdrawal of crude stocks since Jan. 23, together with reduced state allowances, had started the talk of another general advance.

"It is unjustified at this time," said one authority who withheld his name.

"The stage certainly is not set for it immediately. It will take a lot more reducing of stocks and production to justify a price increase in this territory. When you consider that we've added upwards of 20,000,000 barrels of crude to storage since the first of this year, a rise just now hardly seems the thing."

A major purchaser declared that "crude actually is backing up on us. Some other operators are over-supplied. There's plenty of crude to be had."

Producers still hoped for an advance. The palvering over the price was natural, one observer agreed, because time was when it was the rule that mid-continent crude followed the trend in the east. Competitive conditions that led to the Pennsylvania increase and the East Texas 3 cent advance before that do not obtain generally.

But there was no lack of optimism among oil men. A drop of about 35,000 barrels daily in the flow of crude out of the ground was tangible evidence of the curtailment program projected in heavy producing states to offset the steady succession of new production peaks chalked up since the first of the year.

Spot demand and heavy shipments at slightly stronger prices made good news for marketers of motor fuel, kerosene and natural gasoline. Field operators increased their work to the tune of 42 more well completions this week than last. The Oil and Gas Journal listed 681 completed wells for the week, which brought the year's total to date to 12,410, compared to 10,128 for the same period in 1936.

Some disappointing results which brought abandonment of a number of Kansas wildcats was offset by a nice strike in Ness county Kas., where the Oriental Oil Company et al. No. 1 Dan Tenny, NW NE of 18-25W had the Mississippi lime at 4,389 1-2 feet and was flowing high gravity oil with the pay barely scratched.

A new field appeared to be in the making in the Centrahoma district, Coal county, Okla., with a Carter Oil company well making a good showing and other tests near completion.

BOGAN ELECTED HEAD OF M'LEAN LIONS CLUB

McLEAN, June 9.—Creed Bogan was elected president and T. N. Holloway re-elected secretary of the McLean Lions club at a meeting held Tuesday, June.

Other officers elected were: first vice president, E. L. Sitter; second vice president, W. T. Adkins; tall twister, W. W. Boyd; lion tamer, W. E. Bogan; directors, C. A. Cryer and Boyd Meador.

LEAVE FOR CALIFORNIA. Mrs. Mary K. Martin of the Orchid Beauty Salon, and Mrs. Betty Dunbar, and Mrs. Ralph Reinschmidt, will leave in the morning for an extended visit in California. Mrs. Dunbar will visit in Tucson and Mrs. Reinschmidt will pick up her mother, Mrs. Johnson, before reaching Los Angeles.

Misses Virginia Mason and Mary Elizabeth Nees left yesterday for several weeks visit in Tulsa and Kansas City.

Allison in Final Round of Tourney

SAN ANTONIO, June 9 (AP)—Former National Singles Champion Wilmer Allison, now in retirement from big-time tennis, stood in the semi-final round of the Texas State and sectional net tourney today.

Allison's opening round triumph, a 6-0, 6-1 victory over Maurice Fincher of Austin, was followed yesterday afternoon by a hard-fought 6-4, 7-5 triumph over Captain John Andrew of Randolph Field, Eighth Corps Area tillist.

The veteran former Davis cupper tomorrow will meet the winner of the Reuben Riskin-Allan Faust match.

ENGLISH BEAUTY FOUND SOBBING NEXT DOOR TO HOME OF SWEETHEART

LONDON, June 9. (AP)—Scotland yard sought today to learn Diana Batty's own story of her strange eight day disappearance that ended in sobbing collapse on a London doorstep.

The wealthy 21-year old society girl was found early today, slumped on a step next door to the home of her fiancé, Michale Asquith.

"She was not able to give an account of what had happened to her," said a friend of the family in relating that "Didi," as her intimates knew "England's most photographed beauty," deemed on the verge of a nervous collapse. She was placed under doctors' care.

Young Asquith had disclosed to police that he had received a letter containing a threat to "remove" Diana unless he took better care of her.

Apparently the socialite photographer's model, who had aspired to motion picture stardom, had been walking the streets of London while police scoured the British Isles for her.

There was some speculation that the two may have had a lovers' quarrel and "Didi" returned after seeing an advertisement which Asquith put in the personal columns of several newspapers yesterday.

BROAD STEEL STRIKE INVESTIGATION ASKED

WASHINGTON, June 9. (AP)—Senator Bridges (R., N. H.) agreed today to submit to the Senate Post-office committee a labor organizer's request for a broad steel strike investigation.

He said he would not spend his own resolution for an inquiry into alleged censorship and interference with mail in the strike area.

Phillip Murray, chairman of the steel workers organizing committee

NASHVILLE BOSS LIKES HENRICH

NASHVILLE, Tenn. (AP)—Lance Richbourg, manager of the Nashville Southern association team, says Tom Henrich of the New York Yankees is a far better ball player than Roy Weatherly. Both graduated from the New Orleans outfield.

Mr. and Mrs. H. L. Ledrick, Jr., returned yesterday from a vacation in Red River and Eagle Nest, New Mexico.

inary investigation of Bridges' charges. At his request, postal officials were compiling a report about alleged refusal to accept parcels of food for mailing into the strike-beset plants.

Chairman McKellar (D., Tenn.) of the postoffice committee indicated, meanwhile, that a session on Friday would constitute a preliminary investigation of Bridges' charges.

at Pittsburgh, had asked Bridges to include in the inquiry "the moral conduct of both parties to the strike" and alleged illegal transportation and use of firearms and strike-breakers by the steel companies.

ARTIFICIAL PRICES ARE MISLEADING

Every person wants to use his time and energy, or his savings—his former time and energy—to the best advantage. If the government does its duty of preventing monopolies that cause artificial prices and wages, then a high wage, or high profit, is a good guide for a young man who wants to learn a trade, or an investor who wants to invest, as to what society wants done.

But, if prices are artificial, then the inexperienced are very likely to be misled and learn a trade for which there is little demand, or make an investment that is already over-capitalized. When the investments are made in lines of industries that are over-capitalized, then the unsophisticated, the demagogues and the would-be public educators contend that people have overinvested and they start a campaign against the one thing that makes a high living standard possible; namely, better tools, more capital.

Artificial prices are much more dangerous to the inexperienced, small investor than they are to the farsighted, shrewd, analyst in investments. He can quickly ascertain that prices are high because of artificial monopolies and refrain from entering the business. The inexperienced man is usually the big sufferer.

The sooner society comes to learn that monopolies not only rob the consumer but also rob the investor and misguide the young man seeking a life work, the better off society will be.

OUR FOREFATHERS' TRIALS

We glean from the Christian Science Monitor's special article on the Constitutional Convention 150 years ago some of the trials of our forefathers.

The confederation was having great difficulties in getting enough revenue even to pay interest. The report shows that the confederation had issued requisitions for \$10,000,000 in 1782 and the same amount in 1783. Yet the total income for five years in January, 1787, was less than \$2,500,000.

The original plan was to finance the confederation in proportion to the value of the land within each state, but there was no authority to enforce these requisitions and as a result each state seemed to vie with each other in how little they could pay and how long they could delay payment.

Some of the bonds of the confederation were down to 10 per cent of face value. The total debt of the confederacy was about \$40,000,000. This was about \$12.50 per capita.

Robert Morris, superintendent of finance for Congress, resigned as superintendent saying, "to increase our debt while the prospect of paying them diminishes does not consist with my idea of integrity."

We now owe more than \$250 for every person, or more than twenty times as much per capita as we did when our government was formed. The question of sharing government expenses does not seem to have been solved by the amendment to the Constitution by attempting to tax people in proportion to ability to pay. It does not seem to enable us to pay our bills.

WASHINGTON LETTER

By PRESTON GROVER

WASHINGTON—The neutrality act has come home to roost. Actually it never has been a neutrality act. It is an isolationist act that makes neutrality difficult, and the German-Spanish incident provides a fine example of how difficult it can be.

Look over the situation. Spanish government airplanes bombed the German pet battleship, the Deutschland. Maybe the battleship fired at the planes first, maybe it didn't. That is in dispute. But to get even for the attack, another battleship and lesser gunboats steamed to a Spanish government town and cut loose with a half hour of fire.

Now Secretary of State Hull must set about applying impartially the neutrality act. Already it has been applied to both sides in Spain. So the Spanish government, which bombed the Deutschland can buy no more bombs or planes from the United States. But Germany which shelled Almeria, can go right on buying from the United States more shells, planes, engines, or whatever else she asks.

But if Secretary Hull wants to apply the act to Germany, he first must declare that Germany is at war with Spain. Now it is no small thing to call a first class fighting nation a belligerent, especially when that nation is striving to preserve the appearance of being peaceful and law abiding. It is internationally libelous.

It might be the neutral thing to do. But would it be smart? Would it be truly isolationist?

Secretary Hull, while bidden by the so-called neutrality act to be neutral, impartial and isolated, has never wanted to be isolated. He has wanted to use the weight of United States' influence to preserve peace.

But would it be really helping out the cause of peace, or even of isolation, for the secretary to get out the international branding

TEX'S TOPICS

Just had a call by telephone from an incensed person who recoiled at doubt expressed by Wes Izzard, the Amarillo newscaster, that hailstones which fell in Pampa Tuesday morning were any more than a half-inch in diameter. "Call that guy up," said the voice, "and give him the lowdown. Surely somebody must have preserved some of those baseballs in the ice box. Invite him to come over and look at them."

Well, the reports may have sounded a little exaggerated to Mr. Izzard. We suspect, unless he had seen it, that we, too, would have discounted most of the stories. However, J. M. Saunders, east of Pampa, brought in a bunch of sample stones and the largest one measured ten inches in circumference. It was about the size of an ordinary coffee cup. Mr. Izzard notwithstanding. Y'ep, Pampa's theme song yesterday should have been, "Hall, Hall the Gang's All Here."

There were several reports of hail stones driving straight through the roof and landing in the living room floor. Most automobiles left outside Monday night, appeared as if they had been under Spanish rebel shell-fire, or something. We are told that nothing is done half-way in Pampa. Mr. Izzard, not even the manufacture of hailstones. Come over and see us sometime.

Because we wrote a peculiar headline about a "\$1,500 fiesta deficit," when it should have read, "\$1,500 RODEO deficit," we are reprimanded by the Jaycee prexy. It looked bad in print when actually, although there was a \$1,500 rodeo deficit, the general city-wide fiesta is on the verge of breaking even, or, at least, not very much in the red. We are sorry about it. However, when we are wrong like that, Dale Carnegie tells us we should be big and make no bones about admitting the fact.

It was a nice party they held last night to pay tribute to the Rev. C. E. Lancaster who is leaving Pampa to take over a larger pastorate at Big Spring. Mr. Lancaster will be missed by Pampa. He has been an active worker for the city's civic betterment and he has sacrificed much time and money to make Pampa a better city. The same holds true for the Rev. L. Burney Shell, who also is stepping into a broader field from his Presbyterian pastorate here. Both were distinct assets to their community.

Fact that Washington's new Interior building has 26,100 pieces of china in its cafeteria brings danger of a new furor over the Yellow Peril. Land crabs often steal lost golf balls in Australia, whereas over here the guy who loses the ball usually turns out to be the crab. Duelling disqualifies political candidates in seven states, but after election the winners nearly always are at swords' points anyway.

A dentist in Toronto said future man will have only 12 teeth, which means that when we get angry we'll still have little to show for it. As a practical use for the new atom smasher, it is suggested for the fellow who steps on your foot, then claims he has a bunion too. Scientists say that pleasant words are easier to remember than unpleasant ones.

The human population of the world is increasing at the rate of approximately 1 per cent a year. It is hard to induce wild song birds to breed in captivity. Most states have laws prohibiting the possession of wild birds. J. M. Barrie, in "Dear Brutus," said there were three things which a man can never recall: the spoken word, the past life, and the neglected opportunity.

Rabbits are a serious menace during forest fires. They run from the burning area with fur ablaze and set new fires. A motorist driving 45 miles an hour steadily for 10 hours a day would require 13 years, 10 months, and 21 days to travel over all the improved roads of the United States. Most of the lamb production of the United States is consumed by one-fifth of the nation's population.

Wade Duncan announced that he believed Pampa was ready for a real "city" variety store and changed the name of his store to Wade's Cut Rate Variety Store.

The Crescent Theater announced the showing of "Gloria Swanson's greatest performance of her successful career" in "The Love of Sunya." It stated that Miss Swanson would be seen in five intensely dramatic characterizations.

Five negroes, caught "shooting craps" in the flats, told Sheriff Lon Blansett that they were "just playing bridge with dice."

John Sturgeon was elected new President of the Lions Club.

Iron and burn "belligerent" into the tender hide of a Germany already rubbed raw in spots from its rough contacts with various nations, including the United States?

It might thwart every effort of Great Britain to preserve some semblance of European equanimity.

There is pressure on the secretary to act this way and that, "Brand 'em," says Borah of Idaho. He has been a foe of the act all along, and perhaps was using this method to show the country what a peach of an instrument of peace and security it is—no.

But Hull, still heady enough, seems of no mind to be using the branding iron, yet.

'Why Isn't This Brought Out for Discussion'

Man About Manhattan

By GEORGE TUCKER

NEW YORK — The Big Town: St. Patrick's cathedral, once a landmark in a city, is now completely dwarfed by Radio City. It was just 58 years ago that the cathedral was built. There won't be another theatrical first night of importance until August. Only 368 ball players will be in the major leagues after the 23-man limit goes into effect next month. It seems surprising that there should be more than 10,000 horses racing on American tracks and only five or six hundred jockeys.

That was a dramatic occasion that took place at the American theater conference. After the producers and stars extolled the virtues of the theater a young girl sprang up and demanded a hearing. "What do you mean by this," she cried. "I've tried several years to get into the theater. I can't even belong to Equity. I can't even get into stock, to gain experience." That made everybody drop back into their seats. They were flabbergasted. But it achieved rich results. Several producers have guaranteed her a hearing. And she'll be given an opportunity to act, if she can act.

Joe Cook has an unusual way of entertaining his guests. He has a number of slot machines on hand, and he furnishes the nickels for his guests to play. What is more, if you hit the jackpot, the money is yours to keep. The name of Cook's country estate is appropriately enough, Sleepless Hollow.

American journalists catch plenty of grief in Hector Bolitho's biography of former King Edward. He puts the blast on them early and attributes much of what happened during the constitutional crisis to their genius for scandal-writing. The best portrait of Edward is by John St. Helier Lander.

Ward Morehouse, who flew to California on Friday and was back the following Monday, returned with a check for \$20,000 in his pocket. That's what they gave him for the screen rights to his play, "Miss Quis."

Jose Iturbi, the great pianist and conductor, was rescued from a music hall in Paris by Albert Spalding, the violinist. It was through his efforts that Iturbi was brought to America and given a chance to develop his talent.

Nicknames that are picturesque and appropriate: Mickey Cochran, manager of the Detroit Tigers — "Black Mike;" Mickey Walker, pugilist who now runs a restaurant — "The Toy Bulldog;" Lou Ambers, fighter — "The Herkimer Hack-saw;" Carl Hubbell, the pitcher — "Old Long Pants;" Sammy Hale, Cleveland infielder — "Bad News Hale;" Paul Waner, Pirate outfielder — "Big Poison;" Jack Delaney, former pug — "Rapi'er of the North;" Pepper Martin, Cardinal outfielder — "The Wild Horse."

So They Say:

No volume of words and no citation of irrelevant statistics and no appeal to feelings of humanity can expand the powers granted to Congress.

—SUPREME COURT JUSTICE JOSEPH McREYNOLDS.

Perpetual exalting of the king and members of the royal family is giving them the same kind of vulgar

People You Know

By ARCHER FULLINGIM

Last fall, the poor whom we always have with us, were in dire need of the necessities of life, but they said nothing, and not many knew of their sufferings, but Clint Lancaster knew and he talked and talked until there was a drive, and that gives you an idea of the kind of man that Clint Lancaster (who is leaving us) is. He's always been like that. Can Pampa get along without him this time? Can we? Can the Baptists? He's a good preacher, all right, but that doesn't cut any ice at all when one considers the character that Clint Lancaster has shown to Pampa for more than 20 years. He can preach as loud as any of them, and his phrases are as neat and as well-turned as the best. But after all these years Pampans may paraphrase the poet thus: "We couldn't hear what he said for what he did." For Brother Lancaster gave people more than preaching. He was a humanitarian first and a preacher second. His first care was always the meek and lowly. Let the rich wait — but he worried most, just as the Faultless Nazarene did, about the souls of rich people. One hears they have conferred a doctor of divinity degree upon him, but people will never call him "Dr. Lancaster," because he's too human for that. Clint Lancaster came to Pampa fresh from college when this town was a village. He went away to war from Pampa, and then he came back, and those whose friend he has been found that he had not changed, except that he had become humane, gentle, and his character had become a mirror in which his friends loved to look.

How's Your Health?

Edited by DR. IAGO GALDSTON for the New York Academy of Medicine

NEARSIGHTEDNESS

In the nearsighted (myopic) eye, we are dealing not alone with an optical defect, but also with an organ—the eyeball—which is inherently weak. The image of the object looked at theoretically falls in front of the retina (the sensitive lining membrane of the eye) in the nearsighted eye. It is a peculiarity of the physiology of the eye that the focusing muscles come into play only when the image falls behind the retina, and never when it is in front. Hence the nearsighted individual does not see distant objects clearly, and cannot focus upon them by means of his focusing muscles. Because of this, the nearsighted individual, notably the child, favors close work which can be seen very well. Staying at home and playing with toys or books, the nearsighted child aggravates the condition by taxing the large external muscles of his eyes. Congestion and further weakening result, and the nearsightedness tends to grow worse. Nearsightedness is likely to increase with age. The eyeball, weak in structure, tends to become elongated. The more the eyeball stretches, the worse the nearsightedness becomes. Here, too, arises the very serious complication of myopia, detachment of the retina. The nearsighted individual should be fitted with compensating glasses, and he should use them constantly. He should have his eyes examined periodically and his glasses changed as frequently as necessary. Properly prescribed glasses not only will give him good distant vision, but will oblige the focusing muscles to function normally, thus favoring their health and development.

All examinations of nearsighted eyes should be made by a competent medical man expert in eye work. Glasses should be obtained from reliable optometrists and should be checked by the examining physician immediately after they are obtained.

The nearsighted child should learn to sit straight and stand straight, and should never read in awkward positions or with print too close. That means no funny papers on the floor.

Strict attention should be paid to the general health of the nearsighted youngster. The eye is, after all, not an isolated organ, but shares the ill or well-being of the body.

light" in the stories written about her. "I believed there ought to be some spice in them, too, just a little harmless word. So I said the naughty words and tried to make them come out naturally," she says.

Maybe some day when the girl plays an unpleasant role she'll be able to get away with "spice," but not until then.

Olivia hasn't been alone in wanting to change her type. Satisfied with her career as she is, the studio early in her career experimented with her in still pictures. They had her put on the most clinging black silk dress available, one that would have suited a Crawford. They made her up heavily with lashes that should have given her that come-hither look. They posed her in "voluptuous" poses and they took many pictures.

But in all of them Olivia looked like a sweet little girl who was "dressed up" in mamma's things and trying to look wicked. The poses intended to look gay and abandoned jelled into pictures of Olivia De Havilland trying to look gay and abandoned.

—HELEN HAYES, prominent actress.

ANSWERS TO QUESTIONS

BY FREDERIC J. HASKIN

A reader can get the answer to any question of fact by writing The Pampa Daily News Information Bureau, Frederic J. Haskin, director, Washington, D. C. Please enclose three (3) cents for reply.

Q. How many highway-railroad grade crossings are there in the United States? T. M. A. There are 234,231.

Q. Were there any Jews honored in the coronation list? B. T. A. Sir Herbert Samuel (statesman) was named Viscount and Julius S. Elias (publisher) was made a Baron.

Q. How old is Paul Muni? H. P. A. He will be 40 next September. At the age of 14, he played the part of an old man successfully, and his whole acting career has been peppered with such parts.

Q. Is Gruzia a city or a state in Russia? S. J. M. A. Gruzia is Russian for Georgia, a state in Russia.

Q. What does Carl Hubbell of the New York Giants do when he is not playing baseball? H. L. A. Mr. Hubbell is a farm laborer in Oklahoma when baseball is not in season.

Q. Is there such a thing as earthquake weather? A. D. S. A. The expression is not generally recognized by meteorologists. The so-called earthquake weather is described as dull, sultry and humid, conditions which are generally related to high air pressures. Some authorities believe that there may be some relation between changes in pressure and earthquakes, although this is a matter which has not been definitely proved.

Q. Who is called the child's poet? W. F. A. Eugene Field's poems of childhood gained for him that title.

Q. Who was the famous humorist who became a minister? H. W. F. A. Robert Jones Burdette. He was on the staff of the Peoria Transcript and later became associate editor of the Burlington, Iowa, Hawkeye and of the Brooklyn Eagle in which his humorous sketches won him considerable fame. He began to lecture in 1876. In 1887 he was licensed as a minister of the Baptist church and held a pastorate at Los Angeles until 1909. He was the author of a number of humorous books.

Q. Since the department of justice took over Alcatraz prison, how many prisoners have attempted to escape? H. L. J. A. The only attempt was made by a prisoner named Joe Bowers, a mail robber. He tried to climb the barred wall, was told to halt by guards, and when he kept on climbing was fatally shot, falling to the rocks below.

I enclose herewith 10 cents in coin (carefully wrapped in paper) for a copy of the First Aid booklet.

Name..... Street..... City..... State..... (Mail to Washington, D. C.)

What To Do In Emergencies

Vacations, camping, and summer outings bring their inevitable toll of bumps and bruises. You will want to carry along the Pampa Daily News Service booklet, First Aid.

Completed in cooperation with the United States Public Health Service and the American Red Cross. A complete and authoritative manual for emergencies. Covers camping, hiking, swimming. Tells how to treat shock, bleedings, suffocation, poison ivy burns, bites, mosquito bites, and the sting of bees. How to arrange a first aid kit. Handily indexed; 10 cents, postpaid.

FIRE DAMAGES BUILDINGS. GEORGETOWN, June 9 (AP)—Fire wrought \$30,000 damage to four business buildings here last night. The blaze, apparently originating in a dry goods store, spread to a theater, grocery and law office. Firemen from Austin and Taylor were summoned.

HOME MADE MYSTERY SHARON, Pa. (AP)—Attorney Alvin R. Isenberg after having parked his car downtown, was unable to find it upon returning where he'd left it. He reported it stolen and police conducted a fruitless search.

Then Isenberg went home and found his car in his driveway. His wife had just "borrowed" it.

SIDE GLANCES

# DIZZY DEAN AND CARL HUBBELL MEET TODAY IN ANOTHER MOUND DUEL

## DOUBLEHEADER TO BE PLAYED IN NEW YORK

### WHITE SOX TIE YANKS FOR LEAD IN AMERICAN

By BILL BONI, Associated Press Sports Writer. It's a press agent's dream, that doubleheader the New York Giants and St. Louis Cardinals are scheduled to play today at the Polo Grounds. It's a return engagement of the pitchers' battle of the century—Carl Hubbell vs. J. Herman Dean—brought about when yesterday's game was rained out.

If anything, the buildup has been even better than for the original. Of course, Hubbell, no longer is trying to extend that fabulous winning streak, as he was back on May 19, when they met in St. Louis. Hubbell walked off with a 4-1 decision that day and Dean lost the ball game, his temper and \$50.

The prospect of the Dean-Hubbell clash cast the events of yesterday into the shade, even the facts that the Chicago White Sox ran their winning streak to 10 straight to tie the Yankees for the American league lead, and that the Pirates cut their losing string short at five to move in behind the Giants and ahead of the rained out Cubs.

The Sox have now completed a climb from the cellar that began on May 8. The final step was their 5-4 trimming of the Yanks yesterday, accomplished despite Joe DiMaggio's ninth homer and Lou Gehrig's eighth.

The Pirates, on Russ Bauer's six-hit pitching, routed the Phils, 8-6. Lefty Lee Grissom, with a four-hitter, blanked the Bees, 4-0 while, in the American league, Hank Greenberg's fifteenth homer and Elden Auker's one-hit hurling stopped the A's, 6-0, and the Red Sox put over eight runs in the ninth to edge out the Indians, 10-8.

The Browns and Senators were rained out.

## SKELLY BEATS CHRISTIANS 13 TO 2 IN TILT

Water on the infield at Road Runner Park will necessitate postponing softball games scheduled for tonight. They will be played on Friday night weather permitting. That will pit Champlin against King and Sooners against Cities Service. Game time will be 8:30 o'clock with admission 10 and 15 cents.

Tomorrow night, weather permitting, Phillips will play Coltex and Danciger will meet Stanolind at 8:30 o'clock. In city league games Monday and yesterday Coltex "B" downed Humble 11 to 5; Clabby Dusters beat Sun Oil 22 to 5; Skelly Oil beat Christians 12 to 2.

Browning had things his own way with Harding catching for the Dusters. Jones and Felix worked for Sun with Hughes catching. Phillips and Tillman was the winning battery for Coltex "B" with Clemmons and Bennett pitching and Denard catching for Humble.

Skelly Oilers defeated the Pampa Christians 13-2 in a rainy game Monday night. Heavy rain caused a premature ending to the one-sided affair in the last of the seventh inning.

Only three hits were made off Twentier, pitching for the Oilers, while Goen, on the mound for the Christians, allowed 14 hits. Highlight of the game came when Joe Smith hit a Texas Leaguer for a home run for the Oilers. Cecil was catcher for the Christians and Ray caught for the Oilers.

**DRAWS HOLIDAY.** KENOSHA, Wis., June 9 (AP)—Joe Louis drew another holiday today in his program of training for battle with Heavyweight Champion James J. Braddock at Chicago June 22. The Brown Bomber looked a little more impressive yesterday as he stepped through eight rounds of boxing.

Alfalfa increases the nitrogen content of the soil even though large each year.

## Oilers Drop 16-3 Rout To Huber At Borger

### SAM SNEAD FAVORITE TO WIN NATIONAL OPEN CHAMPIONSHIP

By FRITZ HOWELL. BIRMINGHAM, Mich., June 9 (AP)—The star-studded field of 143 professionals and 25 amateurs had a "free ride" coming today over the wind-swept, hay-covered Oakland Hills golf course—one last chance to find the answers to a host of questions. The 7,000-yard layout will ask tomorrow as the 41st National Open championship gets under way.

None welcomed another gratis tour more than Sam Snead, who has been installed as the No. 1 favorite, although it is his first crack at the country's most coveted crown.

Snead couldn't find the correct answers yesterday as he practiced with Gene Sarazen, Lawson Little and Tommy Armour. The West Virginian played most of the round in the deep rough. He said he totaled "somewhere around 76 or 77."

Snead was quoted as 8 to 1 by the betting commissioners, despite the practice round results. Closing behind him in the betting were Henry Picard, Harry Cooper, Byron Nelson and Ralph Guldahl, 10 to 1, and Tommy Armour and Ky Lafoon at 12 to 1.

Armour and Lafoon were originally quoted at 20 to 1, but the odds shifted as they finished second in the Inverness best ball matches at Toledo last week and then turned in good practice rounds here.

Tony Manero, defending champion, who shared all records with his 282 at Baltusrol last year, was on the books at 15 to 1, but Tony believes the odds are too long and that he is an "even choice against the field."

Gene Sarazen, who won the title in 1922 and 1932, was quoted at 16 to 1. Al Watrous, the host professional, and Johnny Goodman, the Omaha amateur who grabbed the crown in 1933, each at 25 to 1.

## SIX OUT OF 8 TEAMS WIN IN TEXAS LEAGUE

(By The Associated Press.) WHERE THEY PLAY TODAY: Dallas at Beaumont (day). Fort Worth at San Antonio (night). Oklahoma City at Houston (night). Tulsa at Galveston (night).

It may look paradoxical at first glance but six out of eight teams won Texas league games in yesterday's contests.

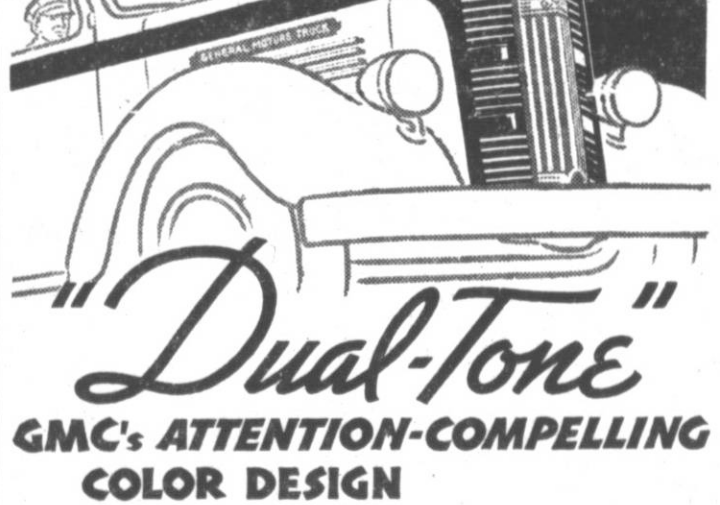

The catch is that two doubleheaders were divided. And in the six-game program the lower division clubs came out slightly ahead, winning four.

The tail-end Dallas club suddenly found life in its bats going into the eighth inning against the second-place Beaumonters. Johnny Johnson had pitched run-less ball for seven innings but in the eighth he had to keep ducking while the Steers were berserk in a six-run rally. The score was 6 to 3 for Dallas.

San Antonio tried hard to extend their winning streak to five games but Ed Greer of Fort Worth's fifth-place Cats still had the Indian sign on them, 3 to 2. Greer allowed the Padres five hits while Liebhart was granting Fort Worth nine.

Down in Houston the pitchers held the spotlight in a doubleheader. In the first game Mike Cvengros of Houston pitched four-hit ball to beat Oklahoma City, 5 to 0. Ash Hillin came back in the ninth to repeat that feat and defeat Houston 5 to 1. Cvengros has not been scored on in 29 innings.

Tulsa and Galveston divided the other doubleheader by identical scores, 4 to 2, the Oilers taking the first.

■ Inbred in the new GMC's—"built in" as an integral part—are the new, entirely original "Dual-Tone" effects which blend cab, cowl, hood and radiator into one harmonious color design. This feature, exclusive with GMC, originated on GMC drafting boards, was fashioned for GMC modish shapes and contours and therefore cannot be imitated! ## Races Canceled At Close Of Third Because Of Fog

The Panhandle introduced another variety of weather to race fans yesterday afternoon when a wet fog blew across Recreation park making it impossible to see across the track. It happened at the close of the third race and officials decided to "call it a day" and announced that the final four races would not be run. A small crowd of about 300 faithful braved mud and cold to see the horses run in mud and water which showered horses and jockeys until colors were hard to distinguish. Cancellation of races in the Panhandle because of fog is unprecedented in racing history. The fog which blew across the city was no ordinary one of the London peasant variety. It could be seen approaching out of the north for a quarter hour before swooping across Recreation park.

**Rain-Hail-Fog** Ill luck has dogged what may be the last race meet in Texas. Opening day was fair but the track was a little soggy from heavy rains. On Sunday night a twister hit the park, tearing down the judges stand, loud speaking equipment and doing other damage. Rain fell and the track yesterday was ankle deep in mud. Then came the fog. This morning there was a trace of moisture in the air and a hint of more fog but rain or shine, races will be run from now until the close of the meet on June 19, Thursday.

**Unusual Payoff** Played tricks. In the first race, won by Van Law, no tickets were sold on Silver Grand to show and Silver Grand ran second with Empress

**WALLACE TO RICE.** HOUSTON, June 9 (AP)—Bill Wallace, Rice Institute's great football performer of 1934 and 1935, will become an assistant coach at his alma mater next season. Dr. Gaylord Johnson, business manager of athletics, announced the highly-rated backfield ace would begin his work July 1, although his specific duties were not disclosed. He will fill the vacancy created on the resignation of Eddie Dyer, freshman coach.

5 to 1. Cvengros has not been scored on in 29 innings.

will be Ladies' Day at Recreation park when women of the Panhandle will be admitted free. More than 1,000 of the fair sex attended Monday's Ladies' Day races.

**Out In Front** Jockey H. Lasswell and his mount Van Law decided not to get dirty in the opening race, breaking from the gate in front and never being headed. Silver Grand, with A. Gruber in the saddle, challenged on the home stretch but Van Law had enough left to ward off the threat to win. Empress Pelota ran third. Elect Jessie had to come up from fifth position rounding the turn into the home stretch to beat out Oleman Sunshine in the second race to give the daily double holders \$13.90. Glen J. ran third to take the money from Alpha which closed fast.

B. Wilson had just ridden Solo Flight home in front in the third race when the fog and mist closed in on the track. Soon it was impossible to see the odds board across the track from the grandstand. The fourth race was delayed nearly 30 minutes and when the fog showed no sign of clearing it was decided to halt racing for the day.

**BRADDOCK BUSY AGAIN.** GRAND BEACH, Mich., June 9 (AP)—Heavyweight Champion James J. Braddock donned boxing gloves again today after two days of comparative idleness. The champion, right on top of his schedule of conditioning for his title defense against Joe Louis June 22, planned six rounds of boxing today.

Bardstown, Ky., is the site of "My Old Kentucky Home," one of America's most famous houses.

## Toledo Campaigns Against St. Paul

CHICAGO, June 9 (AP)—Toledo carried its campaign for American Association leadership against the last place St. Paul club, while Milwaukee, still on top but not by much, opened a series with Indianapolis today. The Mudhens, kept idle by rain at Kansas City last night, gained a half game on the Brewers nevertheless, with a little help from Columbus. At the only game of the schedule, the Red Birds backed effective nine-hit pitching by Bill McGee with a 13-hit bombardment against Bill Zuber and Newall Kimball for a 10-0 triumph.

Third day, Pampa Downs meeting, was the cloudy, track muddy. **FIRST RACE**—\$75 claiming, 3-year-olds and older, six furlongs. Van Law, 11, Lasswell 5.10 3.50 2.50 Silver Grand, 111, Gruber 7.60 n.s. Empress Pelota, 106, 13.80 Wilson 12.00 **SECOND RACE**—\$100 claiming, 3-year-olds and older, four furlongs. Elect Jessie, 105, Wilson 5.60 4.90 4.70 Oleman Sunshine, 110, 12.50 Witt 5.30 4.90 Glen J., 105, Conner 5.30 **THIRD RACE**—\$75 claiming, 3-year-olds and older, four furlongs. Solo Flight, 113, Wilson 4.10 3.50 3.00 Black Stream, 110, Falcher 5.00 3.20 Caleulus, 105, Conner 3.70 Time—59.15. Also ran—Scotus, Jesse James, Prisoner.

# MY OWN SUCCESS STORY

Giving people more mileage

I like people to know that I'm not just hired at my station. I'm the proprietor, making my living, all on my own. Naturally I'm choosy about anything I recommend, so no matter how close you might check whatever I say about mileage and performance, I can always look you square in the eye. And that goes double for my Conoco Germ Processed oil. It is the only kind that can Oil-Plate your engine. The patent Germ Process, you might say, gives this oil a real strong "yen" for metal. The oil actually joins up with every working part, always leaving a durable, slippery Oil-Plating that cannot run down, whether your car is stopped or hitting it up. Then you can start up a thousand times a day, or streak along from morning till night. But Oil-Plating will still be there, heading off wear, and letting you skip a lot of stops you used to make for oil. You'll be back here saying even more than me, about all your mileage and performance from Conoco Germ Processed oil.

S. J. R. NO. 18. A JOINT RESOLUTION proposing an amendment to Article III, Section 52, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 52d; providing that the Legislature may authorize by law, after a majority vote of the resident qualified electors owning taxable property therein, the adoption of a plan for the construction of paved roads and bridges or both in Harris county and in road districts therein; providing for the levy of a tax to pay for such construction; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Section 52, of the Constitution of the State of Texas, be amended by adding thereto another section to be known as Section 52d, which shall read as follows: "Section 52d: Upon the vote of a majority of the resident qualified electors owning rendered taxable property therein so authorizing a county or road district may collect an annual tax for a period not exceeding five (5) years to create a fund for constructing lasting or permanent roads and bridges or both. No contract involving the expenditure of any of such fund shall be valid unless, when it is made, money shall be on hand in such fund...

"At such election, the Commissioners' Court shall submit for adoption a road plan and designate the amount of special tax to be levied; the number of years said tax is to be levied; the location, description, and character of the roads and bridges; and the estimated cost thereof. The funds raised by such taxes shall not be used for the purposes other than those specified in the plan submitted to the voters. Elections may be held from time to time to extend or discontinue said plan or to increase or diminish said tax. The Legislature shall enact laws prescribing the procedure hereunder.

"The provisions of this section shall apply only to Harris county and road districts therein." Sec. 2. The foregoing amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words: "For the amendment to the Constitution providing that Harris county and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds"; those voters opposing said amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution providing that Harris county and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of such publication and election.

The above is a true and correct copy.

EDWARD CLARK, Secretary of State. (May 19, 26-June 2, 9.)

H. J. R. NO. 26-A. HOUSE JOINT RESOLUTION proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new Section 51d, which shall read as follows: "Section 51d: The Legislature shall have the power to provide, under such limitations and restrictions as may be deemed by the Legislature, a fund for the payment of assistance to destitute children and for the payment of same not to exceed Eight Dollars (\$8) for one child or Twelve Dollars (\$12) for the children of any one family per month; further providing that the Legislature may impose such restrictions and regulations as to it may seem expedient; and that the amount to be expended out of State funds in any one year for such assistance shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000); and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to destitute children; providing for an election on the question of adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof; and prescribing the form of ballot."

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 51d, which shall read as follows: "Section 51d: Subject to the limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be provided by law, the Legislature shall have the power to provide for assistance to destitute children under the age of fourteen (14) years; such assistance shall not exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family; provided that the amount to be expended for such assistance out of State funds shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000) per year. The Legislature may impose permanent restrictions and such other restrictions, limitations, and regulations as to it may seem expedient.

"No foreign corporation, other than the national banks of the United States shall be permitted to exercise banking or discounting privileges in this State." Sec. 2. The foregoing amendment to the Constitution shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937. At this election all voters favoring the proposed amendment shall write or have printed on their ballots the following words: "For the amendment of Section 16 of Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks." Those voters opposing said amendment shall write, or have printed, on their ballots the following words: "Against the amendment of Section 16 of Article XVI of the Constitution of the State of Texas, providing for the amount of the liability of stock-holders in State banks."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for such election, and to have same published as required by the Constitution and the amendments thereto.

Sec. 4. The sum of five thousand dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy. EDWARD CLARK, Secretary of State. (May 19, 26-June 2, 9.)

and shall provide for a system of State supervision, regulation and control of such bodies which will adequately protect and secure the depositors and creditors thereof.

"No such corporate body shall be chartered until all of the authorized capital stock has been subscribed and paid for in full in cash. Such corporate body shall not be authorized to engage in business at more than one place which shall be designated in its charter."

"The above is a true and correct copy." EDWARD CLARK, Secretary of State. (May 19, 26-June 2, 9.)

TORNADO DEVASTATES SMALL CITY OF PERRIN

MINERAL WELLS, June 9 (AP)—Citizens of Perrin labored today clearing the wreckage wrought by a tornado, wind, hail and rain. Repair crews from nearby centers worked to restore telephone and telegraph lines around the small town which is 14 miles north of here. P. P. Beardon, general manager of the home telephone and telegraph company at Baird, said all lines in the community were torn down in the twisting wind.

The tornado destroyed a gin, the Holmes church and a 50-year-old two-story ranch house which was considered a landmark. No one was known to be injured. Residents rushed to storm cellars and the more substantial buildings when the storm approached.

LAKE WAVES SWAMP BOAT, TEXANS DROWN

CAMP TI, La., June 9 (AP)—Two Texans perished last night during a sudden storm which kicked up waves on Black Lake big enough to swamp the boats in which they were riding.

The victims were A. B. Woodward, 38, of Tyler, and J. E. Land, WPA employe from Nacogdoches. Judge S. P. Marshall of Nacogdoches and two guides, Dan Gilliam and Carmeaux Franklin of Camp Ti, were rescued.

Alton Holloway of Longview, Tex., raced his motorboat through the turbulent Lake to pull the men from the water. Woodward and Franklin were in one swamped boat, the other three men in another.

Louis Breguet, French aircraft engineer, estimates that the capacity of Russia's military airplane factories is 5,000 machines a year.

THIS CURIOUS WORLD By William Ferguson

RIO DE JANEIRO IS NEARER TO BOSTON THAN TO NEW YORK.

OF THE MOST BEAUTIFUL BIRDS OF THE WORLD HAVE HARSH, UGLY VOICES!

COPY. 1937 BY NEA SERVICE, INC.

THE LARGER WHALES, IN THE PRIME OF LIFE, INCREASE MORE THAN 100 POUNDS IN WEIGHT EVERY DAY.

ALTHOUGH there are some exceptions to the rule, beautiful birds seldom have beautiful songs. This, of course, is only reasonable, since gayly colored birds would be made more conspicuous by song. Most of the world's most brilliantly colored birds content themselves with a few raucous notes.
