LOVE, OXYGEN, WORK MIRACLE

FOR EXACTLY A WEEK Charlotte Condia, 6 weeks old, of Covington, Ky., was kept alive by oxygen administered to fight double pneumonia. After the third day, the mother, Mrs. V. T. Condia, fainted from exhaustion. The baby, still nursing, was fed with an eyedropper. Charlotte, shown above in the oxygen tent as her mother keeps vigil, is expected to recover.

TWINKLES

Code for today: I trust my government. I trust our banks. I do not expect the impossible. I shall keep faith in American ingenuity, honesty, and institutions.

President Roosevelt swims often to keep fit. Maybe that will answer some critics of municipal swimming pools.

You can't judge a place by the kind of questions put to it. For example, Supt. Fisher was recently asked by telephone to furnish a list of all the beauty parlors in the city.

There'll be no Galveston beauty parades this year. O. K.—let's have one at the Pampa municipal "beach."

Mrs. Gushaway had planned to be sick this week, but there was really too much to talk over the back fence to the neighbors about, so she has postponed her ailment for another and lesser occasion.

Musings in a minor key: We dislike shopping; we enjoy poring over catalogs, newspaper ads, and descriptive tracts for days or weeks before making up our minds. When we get the perfect choice, we begin thinking of trading it in on something different. Our favorite pie is Pike's Peak squash. We dislike to be in the middle of a cheering section; we like to cheer in words, not whoops. Great victories depress us; big problems put us to work, make us downright cheerful.

NEWSMEN STEADY BOAT  
President Franklin D. Roosevelt inaugurated a "new deal" for newspaper men by turning the traditionally stiff, restricted presidential press conferences into little sessions of informal, give-and-take discussion. The "White House Spokesman" and the written questions are taboo. The president at last is articulate. There are confidential matters, of course, but the newspaper

### ILLNESS FATAL TO WINFRED HEISKELL HERE

Popular High School Student Dies Today

ANNIE WINFRED HEISKELL, 18, died in a local hospital this morning following an illness of nearly three months. She was a daughter of Mr. and Mrs. H. H. Heiskell, longtime residents of this city.

She became ill Dec. 29, 1932, and underwent an operation for appendicitis. Her condition was satisfactory, and she was taken to her home two weeks later. Complications set in and she had to return to the hospital, where she was a patient until her death.

Miss Heiskell was a student at Pampa high school and a member of the basketball team until her illness. She was a prominent athlete and a popular student.

Funeral services will be conducted at 3 o'clock tomorrow afternoon in the First Christian church with the Rev. James Todd, Jr., in charge. He will be assisted by the Rev. F. W. O'Malley, pastor of the church, and the Rev. C. E. Lancaster, pastor of the First Baptist church. Arrangements will be in charge of the G. C. Malone Funeral home.

Besides her parents, she is survived by two sisters, Mrs. Frank Vitela, Portland, Ore., and De Ann, at home, and three brothers Orville, Claude, and Grover. Also her grandparents, Mr. and Mrs. Bert Lard, and seven cousins survive.

Mrs. W. A. Bratton will be in charge of flowers. Members of the basketball team will be flower girls. Pallbearers will be Robert Woodward, Hoot Fullington, Miles Marbaugh, Lloyd Hamilton, Ernest McDuffie and Leslie Sartin.

Flower girls will be Louise Walstad, Helen Murphy, Minnie Neal, Cora Fletcher, Mary Ann Moyer, Sarah Brazier, Harriett Hunnaphar, Clella Nichols, Melba Williams, Hildred Blake, Laverne McLendon and Velma Ayres.

Members of the high school pep squad will be in uniform and members of the Harvester football and basketball squads will be present as honorary pallbearers.

### Farley's Calf Wins 5th Place At Fort Worth

Jim Farley of Groom took fifth place at the baby beef show in Fort Worth against the hardest competition of the season.

The runner-up, or reserve champion of the Amarillo Fat Stock show took 14th place at Fort Worth in the Junior class. Observers said the calves were better than those shown recently at Kansas City.

The Gray county entries took 12th place at San Angelo, then topped the San Angelo winners at Fort Worth by a large margin. They will be sent to the Lubbock show next week. The Groom lad returned from Fort Worth with Ralph Thomas, county agent.

### GRAIN PIT IS IN FRENZY TRADERS ARE FRANTIC AS THEY SIGNAL WHEAT BIDS

CHICAGO, March 16 (AP)—All grains jumped the limit for one day's trading when the board of trade opened after a two-week holiday today.

Wheat, following fairly strong foreign markets that prevailed while the American markets were closed during the bank holiday, rose five cents at the start with pandemonium of shouts and dizzy waving of finger bid signals making the pit into a maelstrom of frantic men.

All other wheat touched 53 7/8 just the 5 cent limit of advance over the close on March 3 and less than 4 cents under the price a year ago.

May corn jumped the limit of 3 cents to 27 3/4 cents a bushel, rye the limit of 4 cents to 30 but oat did not at once rise the limit of 2 cents.

### ROOSEVELT'S BILL PASSES

Both Houses of Congress  
Enact Economy Plan  
Goes to President.

WASHINGTON, March 16 (AP)—Final congressional approval was given today to President Roosevelt's request for authority to trim governmental expenses \$500,000,000 by slashing veterans allowances and federal pay.

The measure carrying the authority, the second administration proposal to be acted upon by the extra session, now goes to the White House for President Roosevelt's signature that will make it law.

The senate adopted five amendments. One would permit no interference in veterans suits, and another would leave to the discretion of the president whether to make hospitalization available to non-service connected disabilities.

A third forbade removal from the rolls of any veterans of direct service connected disabilities, but permitting changes in the rates; the fourth permitted no Spanish veteran over 62 years old to be removed from the rolls, although allowing for a change in the rates; and the fifth provided domiciliary care for tuberculosis or neuropsychiatric veterans not traceable to war services.

Senators Robinson of Arkansas, the democratic leader, estimated the maximum cut in reductions would not exceed \$10,000,000, which would still leave economies that might be effected at more than \$500,000,000.

### Routing of Road Through City Is Parley Subject

City, county, and state highway officials yesterday discussed, in the presence of several interested citizens, the routing of the highway program, including the routing of highway 33 through the city.

The discussion continued today, and County Judge C. E. Gary was working with L. A. White, resident state engineer, on phases of the problem. P. S. Bailey of the division office in Amarillo was here yesterday.

While it was believed that a basis for a solution was in sight, considerable preliminary work remains to be done. The state is eager to go ahead with work on designated roads, particularly highway 33, even to the extent of routing the road south of the city limits if the widened right-of-way is not made available, in the opinion of observers.

### Rotary Ann Banquet To Be Held Tonight

This is Rotary Ann banquet night of the Pampa Rotary club, and it will be signalled by a banquet at 7 o'clock at the First Methodist church. The principal speech will be by Walter D. Cline of Wichita Falls. Presidents of Rotary clubs of Borerger, Panhandle, Amarillo, Clearendon, and Canadian, and other civic clubs of Pampa will be special guests.

### B. C. D. Committee To Meet Tonight

Inter-community relations of the B. C. D. and Junior chamber of commerce will meet for a brief business session tonight at 7 o'clock at the city hall. Roy Bourland is chairman of the B. C. D. committee and Robert Knox of the J. C. C. group. Several propositions are awaiting consideration.

### Payroll Builders

Pampa's stability rests on payrolls, big and small. The safest, sanest guide to wise shopping is to purchase in such a manner as to sustain and increase those payrolls. Bill Dollar goes a long way, circling through the entire community when placed in local payrolls.

Factories produce payrolls. Pampa is fortunate in having scores of oil products factories in this area. They provide the life blood of local business through their payrolls. Farms, too, are real factories, producing wealth which is highly stabilizing. What is good for the farm-factories is good for Pampa.

Pampa firms, big and small, have payrolls equally important though not so large. Rather than seek new factories under present conditions, Pampans should by their patronage enable those already here to expand.

A series of articles will be written under the title of "Payroll Builders"—watch for them. And remember, too, that few businesses within the city limits have a payroll as big as the Pampa Daily News, returning so large a percentage of income to local circulation.

### FEDERAL BUDGET DIRECTOR SMILES AT PROSPECT

WITH SAVINGS of \$500,000,000 annually in sight, under terms of President Roosevelt's drastic economy bill, Lewis M. Douglas (center), new director of the budget, had good reason to smile as he discussed the measure with

Col. John Thomas Taylor (left), legislative counsel of the American Legion, while Gen. Frank Hines (right), director of Veterans' Affairs, listened. The group is pictured at a meeting of the senate finance committee which reported favorably on the bill, already passed by the house, and expected to cut more than \$400,000,000 from pensions and allowances to veterans and \$125,000,000 from government salaries.

GOOD, RICH business blood, blended with flowing gold as royalty checks were presented, flowed into the First National bank of Pampa beginning at 10:27 a. m. today, and for the most part only pocket change was drawn.

The above telegram was the signal for the re-opening, the bank officials and clerks were ready, and within half an hour the doors of the institution were swung open to admit a small crowd of smiling, wise-cracking Pampans. The great dependence which this community has in its bank was shown by the sheafs of checks in every hand.

Most of those who made deposits drew only small amounts for "small change," and will do their business by check as usual. A NEWS representative present at the opening saw many persons draw one \$1 bill each and saw some of the depositors of large royalty checks draw nothing. Oil field employes who customarily cash their checks did so, but smilingly said they would soon spend it and let the merchants make the deposit.

How true this was was shown when half a dozen merchants entered with several thousands of dollars each. So numerous were the checks that a bookkeeper was designated to do nothing except operate an adding machine.

There were no restrictions on banking activities. Several days will be required, however, to handle the mass of bookkeeping which has been caused by amassing of great numbers of checks—in many business firms. "Foreign" checks, too, will require several days to be cleared. Within a few days, however, business normalcy will have returned and with it renewed confidence in the nation's prospects.

Bank officials and directors said that the Pampa bank should never have been closed, but that it was included along with other sound banks in order to clear up the situation nationally. They added that the stamp of approval by Secretary of Treasury Woodin was something of great value, especially to institutions in the east.

Yessir, folks, it's "business as usual" and likewise Pampa banking as usual. "Happy days" are here again!

14,000 TELEGRAMS  
WASHINGTON, March 16 (AP)—A new White House record: Twelve days in office and President Roosevelt has received 14,000 telegrams praising his actions. And here's a record, too: 1,500 telegrams were said there today to have supported his veterans' and federal pay cut economy program, while only 35 disapproved.

### Officers Shoot Amarilloan

Man's Truck Contained Four  
Fifty-Gallon Barrels  
Filled With Gasoline.

BORGER, March 16 (AP)—An Amarillo man was near death in a Borger hospital today after being fired on by Hutchinson county officers last night at a point near the Texroy gasoline plant.

Sheriff Dan Hardee, who was in charge of the group of officers, said they fired on two men who ignored a command to stop. Hardee said the officers were acting on a tip that "several truck loads of gasoline were to be stolen in that vicinity yesterday."

Hardee said the officers surrounded a truck which the wounded man and his companion drove to the scene. He said the truck contained 12 50-gallon barrels. A gasoline line had been tapped, and four of the barrels had been filled, he said.

The wounded man was hit with seven buckshot. His companion was held in jail but no charges had been filed.

### BRITON PRIME MINISTER WOULD DOUBLE GERMAN ARMY IN PLAN

GENEVA, Switzerland, March 16 (AP)—Prime Minister Ramsay MacDonald of Great Britain, presenting a new plan for peace and security to the world disarmament conference today, proposed an army of 200,000 men for Germany doubling the maximum limit set by the treaty of Versailles.

The armies of Italy and France would be reduced to the same numerical strength, but France would be permitted an overseas force of 200,000 and Italy of 50,000.

This would reduce the French army about one-third, paralleling the proposal of President Hoover.

No maximum was suggested for the British army, nor does the plan include any attempt to limit non-European forces. Austria's effectiveness would be fixed at 50,000, Hungary's at 60,000 and Bulgaria's at 60,000.

The French "allies" would be lined up: Poland 200,000, Rumania 150,000, Czechoslovakia 100,000.

Russia would be given half a million men.

Mr. and Mrs. J. P. Johnson and Scott Johnson of McLean were Pampa visitors yesterday.

### Special Brings Noted Players Through Pampa

Advertising the Warner Brothers picture, "42nd Street," a special train bears that name and carrying many movie stars passed thru Pampa at about 2 a. m. today.

On the train were such stars as Bette Davis, Joe E. Brown, Tom Mix, Claire Dodd, Glenda Farrell, Jack Dempsey, Lyle Talbot, Eleanor Holm, Helen Vinson, Harry Seymour, and Laura La Plante.

The electric train was elegantly equipped and carried broadcasting apparatus. The trip was to publicize opening of the picture in eastern cities. Jack L. Warner, production executive, was in charge of the train.

## BILLY DIXON'S CONGRESSIONAL MEDAL OF HONOR FOR VALOR IN INDIAN FIGHT PLACED IN MUSEUM

CANYON, March 16. (AP) — Billy Dixon's congressional medal of honor, said to be the first ever awarded to a resident of the Texas Panhandle, has been placed in the recently completed Panhandle-Plains Historical society museum by his widow, Mrs. Olive K. Dixon of Amarillo.

Congress awarded the medal to the scout and Indian fighter for heroism at the Battle of Buffalo Wallow, in Hemphill county, September 12, 1876, the last skirmish with Indians in the Panhandle which could be described as a battle.

Six white men participated in the battle, and the five who survived received congressional medals for their valor. All of the men were injured, and one of them died during "the night of horrors," in a shallow buffalo wallow where the Americans sought protection from the Indian attack.

Pioneers who fostered the plan for the building of the museum look upon the Buffalo Wallow fight as one of the "outstanding examples of bravery and fortitude" among the many battles and other hardships incident to the conquering and settlement of the plains.

Dixon and Amos Chapman, army scouts, were sent out with four soldiers by General Nelson A. Miles, located at the time in the lower part of the Panhandle, to deliver dispatches to Fort Supply, now in Oklahoma. It was at daybreak, just as they topped a ridge between the Washita River and Gageby creek, that the small party was surrounded by several hundred Indians.

Chapman fired first. The men were caught in the open, but gradually made their way to a buffalo wallow in a sandy draw about 400 yards away. Chapman was one of the first hit. After the party reached the wallow, it was learned Chapman was unable to follow, and Dixon left the cover he had fought hard to gain to rescue his wounded companion. Every man in the group was credited with some heroic act during the battle, but Dixon's rescue of Chapman was regarded as outstanding.

A sudden rain squall in the late afternoon drove the Indians away and provided water for the wounded men, although it was mixed with their own blood.

On the morning of the second day after the battle, a supply train brought food for the five survivors, but refused to leave ammunition or soldiers to defend the wounded men. Dixon and his party had lost their horses early in the fighting and their ammunition was exhausted. Only two of the men were able to walk. They remained in the hole two days longer until help arrived from General Miles.

Strapped to Saddle. Chapman's right leg, shattered by a bullet early in the fighting, was tied to the stirrup of his saddle and the stirrup to the saddle cinch for the two-day ride to Fort Supply. Dixon received the medal award in 1894. In recommending medals for the group, General Miles wrote:

"The simple recital of their deeds, and the mention of the odds against which they fought, how the dying aided the wounded by exposure to more wounds after the power of action was gone alone present a scene of a cool courage, heroism and self sacrifice which duty as well as inclination prompts us to recognize, but which we can not fully honor."

'Ads' Listed On Bulletin Board In 'Trades Day'

LA GRANGE, March 16. (AP) — Farmers with truck loads of items suitable for trading filled the courthouse square today as Fayette county's "trades day" got under way.

A large bulletin board listed available goods free. Here were some of the "ads":

"Henry Meyer will swap a pure bred Jersey bull calf for a country ham."

"Eriz Lampe, a Jersey heifer for 1000 lbs of cotton seed."

"Geo. P. Brandt, riding planter for 200 lbs of bacon."

"Moses W. Needham, Stuart and Success pecan trees for anything to eat."

"One year subscription to the local paper for three fryers."

### Gold Hoarding Rules Will Not Be Too Drastic

WASHINGTON, March 16. (AP) — Secretary Woodin said today that regulations being drafted to cover hoarding of gold or gold certificates would not be so drastic as to include a person having in his possession a small sum of such money, or those moving such sums in normal trade.

The regulations will be stringent, however, in dealing with persons who have withdrawn large amounts of gold or certificates and who now are hoarding it.

Thus anyone having \$50 or \$100 in gold or a gold certificate or who offered it in payment would not be subject to prosecution.

The federal reserve board last week asked its member banks to forward to Washington today a list of names of all who in the last two years withdrew gold or gold certificates.

The date upon which the lists were to be turned in was extended, however, until Friday, at the close of business.

Therefore, all persons of whom there is record of gold withdrawals, no matter what the size will have their names on the lists sent to the treasury unless they exchange their gold for other currency before the close of business Friday.

## U. S. WILL DISCUSS JAP ISSUE WITH EUROPE BUT WILL REFUSE TO BE BOUND BY ANY DECISION

WASHINGTON, Mar. 16. (AP)—A momentous decision of the new Roosevelt administration finds the United States refusing to be bound by any action that is taken but agreeing to join League of Nations members in a discussion of what the world should do about Japanese military inroads in northern China.

The state department disclosed today that Hugh R. Wilson, minister to Switzerland, had been named to sit at the council table with the league's special advisory committee on the undeclared war in the far east and to participate in its acts, with two important reservations:

The United States, a non-member of the league, will not vote. It will not agree in advance to how to the committee's decision which might call for an economic boycott or other coercive measures.

"Presence of the United States in this manner in the meetings of the committee will give an informative contract," said the department in making public its acceptance of the league's invitation to "co-operate."

"It does not in any way impair the right of independence of judgment and freedom of action of the United States. The representative of the United States cannot take any action binding this country."

"We believe that the problem calls for promises and accuracy in exchange of information and views; . . . and that the procedure thus suggested will contribute toward the serving of the United States and of all other countries concerned."

Even before the Roosevelt administration took office it approved a note to the league expressing general accord with the action of that agency in condemning Japan's military policy in Manchuria.

As a result of the vote of condemnation, Japan withdrew from league's assembly and since then has pushed its military operations southward to the great wall around China proper, only about 50 miles from the old Chinese capital of Peking.

## One of Hoover's Last Acts Was To Appoint Woman

WASHINGTON, March 16. (AP)—One of the last acts of Herbert Hoover as president was the appointment of a Texas woman as a rural mail carrier to succeed her husband who lost his life in rescuing two persons from drowning.

It was made known today at the post office department that Mrs. Hoover, two days before he retired, suspended civil service rules to appoint Mrs. John G. Webb of Bag-

naw, Texas. Her husband had held the position from 1920 until last January when he was drowned.

# SEVERAL COUNTRIES ARE SUGGESTED AT LARGE BANQUET

## MANY PRESENT AT CHRISTIAN CHURCH EVENT

### FUNCTION IS GIVEN BY WOMEN'S COUNCIL WEDNESDAY

ELABORATELY planned to represent various countries where missionary work is done, a colorful banquet was given at the First Christian church last evening by members of the women's council. Board members, prospective council members, and husbands of the members were guests for the function.

Mrs. Roy McMillen was toastmistress, and the program opened with the following numbers: Prelude, Mrs. R. C. Wilson; devotional, Mrs. F. W. O'Malley; invocation, Rev. O'Malley; quartet numbers, Mrs. Ernest Records, Mrs. Grace Brown, Mrs. Josephine Thomas, and Mrs. J. B. Townsend, accompanied by Mrs. Wilson.

Travelogue Given. Mrs. McMillen introduced the travelogue program, and Mrs. H. H. Lebell, leader of group 2, guided the group to Kentucky, where Mrs. Tom Eckerd discussed the Hazel Green school.

To China. Mrs. J. L. Lester led of the general conditions of this country, Miss Da Poole gave the story of a Chinese girl, and Mrs. A. Clark discussed two missionaries in China.

Leading the group through India, Mrs. Paul Hill gave the highlights of this country from the Christian standpoint, and Mrs. Paul Kasishke and Mrs. Clyde Oswald discussed missionaries in India.

Mrs. C. T. Hutchins guided the crowd through Africa through use of a wall map. Mrs. Martin spoke on Paul, the Modern Missionary, and Mrs. C. F. Bastion spoke on Brave Heart of the Missionaries.

Then to Mexico. Mrs. J. E. Townsend and her helpers took the group back to Mexico. She told of conditions there, and Mrs. Frank Wallace discussed the starting of the first church. Mrs. T. M. Saunders told of the progress made in the last 11 years.

Then, in the United States, the guests heard Mrs. Mel Davis tell of the first American citizens. Mrs. McMillen delivered a farewell message to Rev. and Mrs. O'Malley, who are leaving soon, and welcomed the next pastor, the Rev. John Mullen, who made a fitting response.

All joined in a closing song, Mexico Is Theme. The table arranged by group 1 represented Mexico. It was decorated in cacti, and red peppers containing verses were in each plate. Boys and girls dressed as Mexicans did the serving.

Those at the table were Mr. and Mrs. E. A. Records, Mr. and Mrs. I. V. Duncan, Rev. and Mrs. F. W. O'Malley, Mrs. R. H. Kitchings, Mr. and Mrs. Claude Lard, Mr. and Mrs. W. E. Frost, Mrs. G. B. Cree, Mr. and Mrs. H. L. Ledrick, Mrs. Marian Walstead, Rev. John Mullen, Mr. and Mrs. E. A. Shackleton, Mrs. Bill Kaufman, Florence Kaufman, Mr. and Mrs. J. B. Townsend, Mrs. R. E.

## BEYOND

"Once it is appointed for each to die" Today, tomorrow, next year—we know not when. The light shall be snuffed out and fly. To those most distant lands always beyond our ken.

Sore oppressed and fretful the steps we take Each as futile in its way as the pure flake. Of snow on a desert brown and serene As quiet, as final, and as drear.

Terrible, ghastly the thought of death That final heart beat, that quivering breath All the beauty that was suddenly ends Naught to withstand it, not even our dearest friends.

In the harbor of death our earthly craft will glide Come to anchor wearily, each to each, side by side Caravels of the human seas of hate and fear and pride

Ambition and weakness, all we've lost, and won and tried. More trinkets then our earthly criterion of power When all these are reduced to bubbles in the hour

When each shall be weighed and answer given What count your earthly baubles there in heaven? Pride and ambition and driving for gain The gold we seek, the position we attain

Weak spiders in the age-old web of sin and pain, that light's our ray "Heaven Poor blind stumbling human fools we are

God let me right as well as I can, The wrong I've done to you man, the good I do unto others out-weigh the bad. May God's mercy to us be given!

Alan Seeger, "How Will Beauty of the time" "When the first meeting flowers appear"

Death let him finish only one glorious rhyme Then took that gallant heart unto That final, ghastly rendezvous.

"At midnight in some flaming town And when it was he came to die He did not fear to keep the rendezvous He had fought a good fight and a true.

So die as I must, God let me go With a song on my lips and a smile "One crowded hour of glorious life" and then

At peace with God, I go singing on my way again! —Brownwood Emerson. March 14, 1933.

## PARENTS AND TEACHERS OF HOPKINS MEET

### TWENTY-FIVE ARE AT PROGRAM TUESDAY AFTERNOON

Twenty-five persons attended a meeting of Hopkins Parent-Teacher association yesterday afternoon at the school.

The meeting was opened with a song and prayer, after which Mrs. Charles O'Conner presided for a business meeting, and M. L. H. Baze read and discussed a report based upon the reduction of scholastic apportionment. W. M. Parker's seventh grade civics class then pleased the group with a play explaining how foreigners may become Americanized. Several students entering the interscholastic league contest gave declarations.

Mrs. Burton Fitzsimmons conducted a short study of parliamentary law, after which a gift was presented to Mrs. L. H. Goodman, vice-president, who is moving to Pampa soon. Supt. Baze, then sang A Little Street Where Old Friends Meet.

It was announced that 13 members of Hopkins Parent-Teacher association had completed the Parent-Teacher study course.

## HOW'S your HEALTH

Edited by Dr. Ingo Goldson Academy of Medicine  
Milky Urine.

It is almost an axiom that that which appears in the urine and which is visible to the naked eye, is without clinical significance. The only possible exception to this is blood.

The presence of sugar and of albumin in the urine can be established only by means of chemical tests. The presence of casts, pus cells, blood cells and bacteria is determined by microscopic examination, or by means of other laboratory procedures.

It is not uncommon, however, for a patient to come to a doctor very much alarmed because his urine had a cloudy, milky appearance. The patient is sure that he has disease of the kidneys.

The condition complained of is designated technically as pseudo-phosphaturia. Pseudo means false and phosphaturia means the presence of phosphates and other salts in the urine. There is a condition of true phosphaturia in which there is an abundance (lack of balance) in the utilization of phosphates in the body.

Pseudo-phosphaturia, however, is not in itself a disease condition. The immediate cause for the turbidness of the urine is usually its alkaline state.

Ordinarily, urine is slightly acid in reaction. When the urine becomes alkaline, the phosphates are precipitated, that is, they fall out of solution and become visible.

Various conditions contribute to the alkalization of the urine. The consumption of a diet rich in meats and proteins favors the appearance of phosphaturia.

Phosphaturia frequently is found associated with gastric hyperacidity. Conditions in which the urinary system and particularly the bladder are irritated, leading to the production of large amounts of mucus, also favor the alkalization of the urine and consequently phosphaturia.

Strenuous mental exercise, worry and nervous irritation have the same effect.

## Legionnaires Are Hosts For Women At Party Tuesday

Fifty-five persons attended the lively meeting held by American Legion members Tuesday evening with Legion auxiliary members as guests.

At the close of a Legion business meeting, entertaining numbers were furnished by Joyce Turner, James Williams, Edna Faye Oliver, Jeanne Lively, and Miss Spicer. Vern Springer's orchestra also entertained.

An invitation was read for the meeting which will be held in Amarillo Friday featuring a lecture by the national commander. A large delegation from Pampa is expected to attend.

## PROFESSOR IS HONOREE FOR DINNER HERE

# HARVESTER FOOTBALL TEAMS TO PLAY GAME TOMORROW

## MATERIAL FOR 1933 TO SHOW GRID ABILITY

### LARGE SQUAD DIVIDED INTO TWO ELEVEN'S FOR ENCOUNTER

There will be more football at Harvester park tomorrow afternoon when two Harvester teams will clash in a regulation game to give coaches an idea of what material is on hand for the fall season. Assistant Coach Argus Fox, in charge of football, has divided his high squad into two teams and nearly every boy will be used at some stage of the game.

Captain-Elect Jess Patton will be in the game, along with other lettermen who are not out for track. Members of last season's Gorilla squad and the newcomers to the ranks will all be battling to show the coaches that they should be kept out during the full spring training period and also given due consideration in the fall.

The game will start at 4 o'clock and fans are invited to see the boys in action. There has been much promising material cropping up during the past two weeks. Hard practice sessions have been held every afternoon and the boys are in good condition.

Intramural games will be played later in the season but the game tomorrow was deemed advisable to give the boys a little general experience before they start practice by squads.

Later in the season the prospects for 1933 will play a game with the lettermen grads.

## AT THE SPRING TRAINING CAMPS

**SAN ANTONIO, March 16. (AP)—**Manager Bucky Harris of the Detroit Tigers has named the squad which will make the first trip of the exhibition season, meeting the University of Texas tomorrow and the Beaumont club of the Texas league Sunday.

It will include pitchers Tommy Bridges, Carl Fischer, Isadore Goldstein, Luke Hamlin, Arthur Herrington, Whit Wyatt, and either Orin Collier or Buck Marrow; catchers, Gene Deauville and Frank Reiber; infielders Harry Davis, Charley Gehring, Hank Greenberg, Marvin Owen and Heinie Schulte, and outfielders Pete Fox, Johnny Stone, Gerald Walker, Jo Jo White.

## Venzke Beaten In Mile Race By Cunningham

**NEW YORK, March 16. (AP)—**Glenn Cunningham, the University of Kansas Junior, left no room for argument today over his right to the title of king of the American mile runners.

For his farewell race of a spectacular indoor campaign, Cunningham last night thrilled a crowd of 15,000 spectators at the Knights of Columbus meet in Madison Square Garden with the fastest mile of the winter as he turned the tables convincingly on his only conqueror and his foremost rival, Gene Venzke of Pennsylvania.

With memories of their exciting finish a fortnight ago in which Venzke scored a narrow victory in mind, Cunningham dodged his rival's footsteps for ten of the eleven laps and then ran him into the boards. For three-quarters of the journey the two raced at a world record clip but Cunningham breezed through the tape in 4 minutes, 12 seconds, just two seconds short of Venzke's own world indoor mark.

## Stine Must Sign Purchase Orders

Merchants were notified today that anyone purporting to be making a purchase for the City of Pampa should be required to present a purchase order signed by C. L. Stine, city manager.

Purchase orders are required by the city on all orders, regardless of size.

In yesterday's 13 to 2 victory over Atlanta, Rookie Ed Linko tossed 5 scoreless innings and his leading competitor, Bud Thomas, allowed but 3 Atlanta hits in the last 4.

**ST. PETERSBURG, Fla., March 16. (AP)—**The difference between Babe Ruth's salary demands and the New York Yankees' offer has been reduced to a mere \$5,000 but otherwise the Babe and Col. Jacob Ruppert, club owner, are just as far apart as ever.

Would you consider a contract for \$5,000?" the assembled war correspondents asked the Babe yesterday.

"I have been giving the figure serious consideration," he replied.

"Would you be willing to add \$5,000 to your original offer?" they asked Ruppert.

"I am still standing pat on my offer of \$5,000," came the reply. And that was that.

## MORELAND'S FRIENDS BELIEVE HE'LL WIN THE BIG TOURNEYS

### Schoolboy Rowe Trying Out For Pitcher With Tigers Of Detroit.

**By BILL PARKER, Associated Press Sports Writer**

**MORELAND'S START**

The 1933 golf year has started with a rush of success for Gus Moreland, the Texas champion. Gus drove to Houston and defeated Osele Carlton for the 19th annual Houston County club invitation title. He went to New Orleans and a few days later defeated Gene Vinson for the second annual New Orleans country club invitation crown.

The Houston entry field was powerful with such players as J. H. Dawson, David Goldman, Edwin McClure, Charles Dexter and Fred Odum. The New Orleans field was not as strong, but regardless of the competition Moreland experienced little trouble in winning the two major tournaments.

It is worthy of note that when Moreland won the New Orleans invitation was his 22nd tournament victory since 1928.

Moreland has not changed. He still shoots from the same stance. His friends believe the victories at Houston and New Orleans will give him the needed zest and confidence for the bigger tournaments this year, such as the western amateur, trans-Mississippi, national open and national amateur.

## PAMPAN TAKES 2 FALLS FROM TEX THROWER

### CHILDRESS BOY GIVEN DECISION OVER KITCHENS

Red Michael, local boy, threw Tex Thrower of Borger for a loss last night at the big American Legion Athletic show at the Piamor auditorium. The two maters have been at loggerheads for a year but the grudge was settled when the Pampa redhead got revenge enough to last him for ever.

The boxing exhibitions, with the exception of the main event, were top-notch affairs. Two technical knockouts were registered, Skeet Sherrod, local boy, kayod Bunny Rogers of Borger and Joe Vernon did the same to Jimmie Stevens, also of Borger. Both losers had towels thrown in the ring. Otho Hawkins won an easy victory from Rip Blake, Childress boy, took the main event from K. O. Kitchens, Port Worth, when the cow-tow boy failed to come out and fight until the sixth round. Blake shockingly a hard punch that landed repeatedly. Kitchens' footwork was good and saved him many times. The Blake had enough margin in the eighth round to carry him a long way.

Kitchens showed some of his old time ability in the last two rounds after Referee Rusty Cahill had warned Kitchens several times.

Joe Vernon won a popular decision from Jimmie Stevens of Borger. Both boys weighed 163 pounds. Vernon used a one-two on the Borger boy that had him worried. The two boys started fast, throwing leather from all angles. Stevens had an edge on the opening round but it tended to wane. Vernon up and he came back in the second round and Stevens was down at the bell.

The third round was a like the second and in the third Stevens' second threw in the towel.

Sherrod's victory over Rogers was one of the surprises on the evening. Sherrod was not expected to be in shape or have his punching eye back this early in the season, but he came through like the Skeet of several years ago.

The wrestling exhibition was a blood and thunder affair from the opening whistle. Both boys were trying hard for a victory, and as a result they let things fly. Holds were exchanged with rapid dexterity and a few punches were intermingled. The redhead won the first fall in nine minutes with a Japanese crab hold.

Thrower reversed things in the second fall to win with the same hold in five minutes.

No quarter was asked or given in the last fall and the red head went out to win and did the trick in five minutes with a series of reverse headlocks. It took five minutes to bring the ice man back to earth.

The Columbia university basketballers honored Owen McDowell by electing his 1934 basketball captain. McDowell is a Texas lad who graduated from Sunset high school, Dallas, where he developed into an all-round athlete under the coaching of Bill Bushman.

Bushman has said that McDowell was the best athlete and finest boy he ever coached. At Sunset, McDowell earned unanimous selection as an all-city player in football, baseball and basketball. He played center in basketball first base in baseball and end in football.

At Columbia he has earned varsity letters in baseball, football and basketball. It is known that several professional baseball scouts have him in mind once he is ready to consider organized baseball.

David "Spec" Goldman, the only golfer who has met Gus Moreland seven times and won four of the decisions, plans to compete in a few of the major tournaments this season. Goldman's tournament golf has always been limited because of his job as a steel worker, but he has changed jobs, has more time to play and has outlined himself a tournament program that may place his name among the important golf stars.

Goldman is a fine match player. Of his short iron game, Johnnie Dawson said "one of the finest games in the world around the green." Goldman plans to start his tournament campaign with the Texas Golf association state championship May 23 at Houston. He plans to tee up in the Trans-Mississippi and Western Amateur and will try for a place in the sectional qualifying rounds of the National Amateur and National Open.

An inquirer at Abilene wants to know what has happened to Dennis Lavender, former state golf champion.

Lavender still is a student in Journalism at Southern Methodist university. He will be a member of this year's S. M. U. golf team and is favored to win the championship from O'Hara Watts when the conference tournament is held.

Lavender plays golf practically each afternoon at the Dallas Lakewood Country club, where he is a member. He is shooting extremely well. Particular is he hitting his woods straight and long. Providing his studies allow time, he plans to compete in the state championship.

Lift Proration In This Field For Thirty Days

Operators in the Panhandle field were somewhat stunned when they received word this morning that proration had been lifted in the Panhandle field for the next three weeks and that the potential could be produced for that period if an outlet was made available.

The announcement by the railroad commission followed a federal judge ruling which allowed Danciger Oil & Refining company wells to produce without restraint of proration and which automatically allowed offsetting wells also to produce at large.

The commission agreed that by allowing Danciger wells and their offsets to produce wide open, that wells offsetting would be affected and that the only just way to balance the order would be to throw the field wide open.

At the end of the three-week period the Danciger company and the railroad commission are to present briefs to the federal judge, who last Saturday gave Danciger a 30-day injunction restraining the commission from enforcing proration, and the case will be tried on its merits.

The Panhandle field has an allowable of 148,000 barrels daily. Of that amount, Gray county wells could produce more than 109,000 barrels.

J. M. McDonald, deputy supervisor of the Panhandle field, has asked the commission to abandon the idea of a 10-day test of all wells in the Panhandle as announced Monday. He has not been informed as to the action taken by the commission.

NATIONAL BURDEN LESSEND BUT ABILITY TO PAY DROPS

BUDGET-BALANCING and carrying the load of the national debt make up a harder task today than in the post war period when prosperity compensated for financial burdens heavier than those borne today.

By J. R. BRACKETT. NEW YORK, March 16. (P)—A principal factor in maintaining the soundness of a nation's currency is preservation of its credit—an end toward which vigorous efforts are now being made at Washington.

How this can be done is a question arousing adherents on both sides of the general questions of whether a government's budget needs to be balanced in times of stress and whether such a government's credit is not unlimited despite and whatever the status of the budget.

When Budgets Don't Balance. If a government fails to balance its budget year after year, a deficit may accumulate which cannot be paid through taxation since, in a period of distress, it may be impossible to collect sufficient taxes.

To pay expenses such a government may be forced into issuing fiat money which is currency based on nothing more than the government's promise to pay at some future date.

If the government uses such currency to pay its obligations it will dilute the nation's money supply with the result each unit of the currency will have less purchasing power.

Germany's Example Cited. In Germany, for example, after the war this expansion proceeded to such an extent that the currency became literally worth less than the paper it was printed on.

The new currency provided in the present situation is not being used by the government to pay expenses, as was the case in Germany. It finds its way into circulation through the banks and will get into circulation only so far as bank depositors withdraw their money.

The national debt of the United States at the end of the fiscal year ending June 30, 1932, was about \$19,500,000,000, not as high as in 1919, right after the war, when it was \$25,500,000,000.

But in terms of its burden on the people, the debt of today may be larger than the 1919 debt because this is a time of depression and 1919 was a time of prosperity. It was, in other words, easier to collect taxes and to borrow money because the nation had more money.

President Roosevelt has proposed a budget reduction of from \$500,000,000 to \$700,000,000 which he believes will bring expenses and receipts into balance. On this basis, officials of the treasury government borrowing rendered easier because of this added indication of the nation's intention to maintain the currency.

Others have proposed large bond issues to be sold on patriotic grounds such as liberty bonds were sold during the war to provide additional government funds for public works.

High School Teacher Who Attended Inaugural Believes Roosevelt Will Make Greater Chief Than 'Teddy'

Warren Moore, high school history teacher and Gorilla coach, arrived back in Pampa Sunday night from Washington where he attended the inaugural of President Franklin D. Roosevelt. Since then he has about talked his head off, as he expressed it. His students do not care anything about ancient or medieval history any more. They want to know about the history of the present time and they have assailed him with hundreds of questions.

Mr. Moore has some very definite impressions regarding his reactions to the inaugural. He believes that Franklin D. Roosevelt "has more of everything" than Theodore Roosevelt had, and will go down in history as a greater president than the famed Teddy. Mr. Moore predicted that Franklin D. Roosevelt will be ranked by future historians with George Washington, provided he continues his accomplishments. He pointed out that Roosevelt has accomplished more for the betterment of the nation in the last 10 days than the republican presidents did in the last 10 years.

"Greatest Thrill." Mr. Moore experienced his "greatest thrill" of the trip when Roosevelt advanced on the platform preparatory to taking his oath of office.

"He's a man of destiny," Mr. Moore said. "The audience felt it, and one could have heard a pin drop in that vast audience of 250,000 persons when he walked out on the platform. Greatness of character and soul shone in his face." Mr. Moore recalled that Roosevelt was deprived of the use of one leg when he walked and he held a cane in one hand and leaned on the arm of a son. "Being a cripple does not affect him in the slightest. He has surmounted that affliction as he has every other difficulty. That fact alone indicates the quality of his greatness," Mr. Moore said.

DISPATED FEAR. With machine-gun rapidity, the press carried accurately each step of the moratorium. Paul Bellamy, president of the American Society of Newspaper Publishers, explained the newspaper viewpoint as follows: "At a time of great national peril such as that precipitated by the banking crisis, the press of America assumes an importance even greater than that of normal times. It alone, by keeping free and complete its report of the day's doings,

ASSEMBLY IS REMINISCENT OF DEMOCRATIC CONVENTIONS WHEN BOYS GIVE CAMPAIGN SPEECHES

High school assembly resembled a democratic convention yesterday morning when representatives of the senior, junior, sophomore, and freshman classes were given an opportunity to deliver campaign speeches for their candidates for the most popular boy and girl in high school.

The election will be held next Monday. Rebel yells, impassioned oratory and noisy applause filled the auditorium for an hour. The candidates themselves who were elected the most popular members of their class last Monday, did not make any speeches but their class-mates were so vociferous that Supt. R. B. Fisher was finally compelled to fix a deadline for the closing hour.

The candidates are as follows: Seniors, Marjorie Butler and Henry Will (Hool) Fullinger; juniors, Lorraine Noel and Miles Marbaugh; sophomores, Alene Gregory and Harry Barnett; freshmen, Evelyn Nash and Scott Mullins.

"Poured It On." The speakers showed surprising mastery of amusing sarcasm, wit, humor, and heated oratory, according to a high school teacher.

The seniors had the first inning and more than 15 boys made speeches for their candidates. The sophomores, juniors, and freshmen retaliated with "attacks" on the senior candidates and a noisy parade of reasons why their candidates should be elected.

The freshmen had the last "say" and they did not show an hesitancy in lambasting representatives of the upper classes. A determined school spirit was displayed and if the freshmen decide to a man to elect their representatives they will succeed because they are greater in number. However, true to traditional democratic fashion there were rumors of "trades" and "sell-outs" an hour after the rally, the teacher said.

School Builders Of Long Beach Are Under Fire

LOS ANGELES, March 16. (P)—Court action may follow revelations of engineers investigating the construction of buildings wrecked by last Friday's earthquake, District Attorney Byron Pitts said today.

Pitts informed Coroner Frank Nance representatives of the district attorney's office would attend next Tuesday's inquest of quake victims, which will deal primarily with construction of buildings, including public schools.

Public school systems of Los Angeles and Long Beach were among the hardest hit groups of buildings. Fifty construction engineers are re-checking damaged schools in Los Angeles, all of which have been closed until Monday, when most of them were scheduled to open.

"If sufficient facts are developed in the inquiry by investigating engineers warranting action by this office," Pitts said, "that action will be promptly forthcoming."

The death toll stood at 116, Owens Illinois Glass shot up during the first half hour \$3.75 to \$45.25, making a two-day gain of \$11.25. Crown Cork and Seal surged up \$2.12 to \$23.50, a gain since March 3 of \$7.50.

Other gains in the first half hour were: American Telephone up \$1.25 to \$106.25, General Electric \$1.12 to \$15.87, Westinghouse Electric \$1.75 to \$28.75, U. S. Steel common \$1.25 to \$33.37, Sears Roebuck \$1.25 to \$21.75, Delaware and Hudson \$1.50 to \$51.50. Case got up \$2.50 to \$50, then lost 75 cents as its grant in Union Pacific, after opening at \$79, off \$1.25, regained about half its loss.

The turnover in the first half hour reached the huge total of 20,000 shares, in contrast to 540,000 shares in the same period yesterday.
