## Commission Cuts Texas Oil Field Allowable 59,870 Barrels

The West Foster grouch, propped up in an old chair and reading where children asked about Mrs. Santa Claus—remarks that there is no Mrs. Santa Claus—that's why the old man is so happy.

Pampa high seems to have a basketball team, and we take the credit for it, having for several years advocated fewer balls in the hand and more through the loop.

Mail early—and you'll have more time to remember whether you had the addresses right.

The Vernon Record commends England for having written dignified, logical note to Uncle Sam. The average man finds no comfort in that—most any good banker or creditor writes dignified, logical "duns" these days.

Don't blame us if our common cold advice failed to stop the progress of an influenza type of illness. But even at that we're not so bad—Lubbock has more than 500 cases, or as many as in 1918, but in a milder form.

Knapp, Panhandle, and White Deer are working for lower telephone rates. That ought to furnish food for thought to the Pampa city commission.

Mother Nature is usually pretty wise, but she knows better little about producing hen eggs when prices are like the present ones. Or so a Gray county farmer complains as he looks accusingly at his flock.

Some people think the way to economize is to economize. The way to cut taxes is to cut taxes. The way to lower payrolls is to lower salaries. The way to travel cheaply is to go back to the hack and buggy. Of course, there are victims of economy, of cuts, of salary slashes, of slow travel. Sometimes the rounds of economy proves that it is not always wise to cut and slash at random. Draconic economy and drastic deflation are very much alike, and both are dangerous.

We were saying, however, that some people are willing to take a long step backward in the interest of economy. Just for illustration, we quote Fred Kreiger of the Gruber News:

"We would not like to be known as a pessimist, but are we sure that we are positively right when we are spending billions of dollars each year paving roads and pig trails all over this nation? From actual experience we know that good old dirt roads are the best for a long walk, and that cement paving is awfully hard on horses' hoofs. The horse is again becoming popular throughout the nation. Horse and mule barns are again being established, and the old time hitch rack is coming back. Then too, experts say that most of our travel in the future will be by airplanes, which would leave a lot our paved roads as costly ornaments. It might be well to ponder over these concrete facts, since we are using so much concrete on the"

### Christmas Customs From Foreign Lands

In Bohemia, the carp—disdained in mere cooking—distinguishes the Christmas Eve dinner. Selected as carefully as the American housewife chooses her turkey, the fish is taken home alive and placed in a tub until the moment when it is to be cleaned, cooked and eaten. Then all the youngsters crowd into the kitchen to watch and learn.

### COAL MINE IS LOCATED 40 MILES NORTH OF ALBUQUERQUE

### ALBUQUERQUE, N. M., Dec. 7. (A)—Ten men were killed today in an explosion in the Morgan coal mine, at Madrid, N. M., 40 miles north of here, caused death today to a number of miners, early estimates ranging from eight to 90.

### ALBUQUERQUE, N. M., Dec. 7. (A)—An explosion in the Morgan coal mine, at Madrid, N. M., 40 miles north of here, caused death today to a number of miners, early estimates ranging from eight to 90.

All available ambulance equipment and physicians were rushed from Albuquerque.

The company's office at Albuquerque reported "eight or nine" miners were killed, but unofficial reports placed the number as high as ninety. Passengers on a train at Domingo, who said they were in Madrid this morning told the Associated Press they understood about 70 men were killed.

Company officials said they were not certain how many miners were as work at the mine was stopped at the time the explosion occurred and declined to make an estimate, but those familiar with mining operations here had said customarily about 100 men are employed.

A telephone call from Domingo, about 15 miles from the mine, to the Associated Press from one of the train passengers indicated eight or nine bodies had been recovered and that at least sixty men, many of them believed to be dead, were trapped inside. The fire prevented rescue workers from penetrating the mine immediately.

Washington, state mine inspector, left Albuquerque immediately after the report was received here and planned to aid in the rescue work and to make an investigation.

Reports here said the explosion was apparently caused by the ignition of gas.

Madrid is a settlement in the mountains north of here. The explosion occurred in a soft coal mine of the Albuquerque and Cerrillos Coal company. The mine is located one mile from Madrid. There are no telephone facilities in the town and this prevented reports from being confirmed immediately.

Company officials said the mine had been closed and that it reopened only this morning.

They said the normal number of miners was not on duty.

### Former Panman Is Dead in Colorado

R. J. Stapp of Pampa, father of Frank Stapp, died at 10 o'clock at the home of a daughter in Antonio, Colo., last evening following an appendicitis operation.

Mrs. R. J. Stapp, Frank Stapp, and the latter's son, Bob Stapp, left for Antonio Monday, arriving about 15 minutes before the death of their relative.

Mr. Stapp had lived in Pampa about three years. He is survived by his wife, his son, and two daughters, one of Silvertown and one of Colorado, where funeral services will be held.

### JAYSEES GET NEW CHARTER

### Young Men's Organization Commended For Efforts To Better Community.

Pampa's Junior chamber of commerce last night became officially a part of the National Junior chamber and started its second year under a new corps of officers. The occasion was a banquet for about 50 members and guests at the Schneider hotel.

W. T. Fraser, local insurance man, succeeded Jim Collins as president. The other new officers are: First vice-president, Gilmore N. Nunn; second vice-president, A. J. Johnson; secretary, Jack Vance; treasurer, R. R. Watson. Directors include G. C. Hubbard, Elmer Fite, A. J. Johnson, Gilmore N. Nunn, elected for 2 years, and the 1-year hold-over members, Jim Collins, W. T. Fraser, R. R. Watson, J. O. Gillham, and Frank Hill.

With the charter presentation came the congratulations and good wishes of a number of national directors who, because of influenza, could not be present. Board of City Development members, including C. H. Walker, president, Manager George Briggs, M. K. Brown, and Carl Boston, commended the young men, and City Manager C. L. Stine also was heard briefly.

George Limerick, program chairman, presented Miss Mildred Hold and Miss Loule Conkin in vocal duets, accompanied by Emmitt Smith at the piano and Sandy Bradley in guitar and yodeling numbers. A quartet composed of Supr. R. B. Fisher, E. D. Zimmerman, L. C. Walters, and Mr. Smith sang popular selections.

H. L. Polley, finance chairman of SANTA DAY, announced that business men here have given admiring support. The new president asked Jim Collins, retiring president, to continue to work with SANTA DAY committees until after the event is concluded tomorrow.

### Pampa Legion's LeFors Program Attended by 300

Pampa Legionnaires and the Legion band visited in LeFors last night and gave an interesting program in the high school gymnasium. More than 300 attended.

The address of welcome was given by E. G. Sanders, superintendent of the LeFors high school. C. M. Carlock responded. Mr. Carlock occupied the chair in the absence of Commander W. H. Curry.

The purpose of the American Legion was discussed by Paul Hill, G. Ward Moody of Perryton, 18th district committeeman, was unable to attend because of illness. Mr. Hill told of the formation of the Legion and the benefits derived by Legion posts to both the individual and the community. C. E. Cary spoke on the adjusted compensation plan.

The band played several selections during the evening and was heartily congratulated. Other musical numbers were by the Smith Brothers who played strangled instruments, and by A. A. Moraity who played the clarinet, accompanied at the piano by Mrs. Lamb.

Twenty-five Legionnaires besides the band made the trip.

Harry Greenwood, gambling ship employe, identified a photograph of Guy as that of "the man in gray" whom he saw on a pier early yesterday shortly after Wanderwell was slain in the unlighted captain's cabin of his yacht Carme.

The vessel was docked alongside the pier on the eve of its departure on a world cruise with a motley crew of adventurers. A man garbed in gray had inquired for the captain of the yacht shortly before Wanderwell was shot in the back.

Guy, Mrs. Wanderwell said, has quarreled with her husband over finances.

### PARENTS ACCUSED BY OFFICERS

### INDIFFERENCE TO JUVENILE DELINQUENCIES IS MOST DEMORALIZING INFLUENCE SEEN IN PAMPA

Houston, with juvenile immaturity claiming the attention of the grand jury, may indict the younger generation, but officers in Pampa are more inclined to indict parents as a class for gross indifference to the doings of their offspring.

No city of 10,000 and more is apt to be entirely free from juvenile moral problems, but as a whole the young people of Pampa are wholesome and well behaved, in the opinion of those in a position to know. At the same time, it is recognized that a small per cent of the youngsters are doing things which should cause their parents grave concern. Officers are worried most by the hours kept by "citizens" who range in age from 5 to 20 years. Some of these young persons apparently never sleep, or if so very little. Their hands sometimes "stick" to articles not their own. Their presence must be regarded with suspicion and their antics make it difficult to detect the real offenders. Not all of them are boys. Officers are unable to understand how parents of 14-year-old girls can allow them to stay out until after midnight in the company of all sorts of characters. Drinking and such night life go hand in hand.

No Gratitude

Parents show appalling indifference in many instances. When of-

### Second Allotment of \$2,590.66 Is Received

Members of the Pampa federal relief committee this morning drafted plans to spend the second allotment of \$2,590.66 just received and decided to ask for \$22,000 for the first three months of the new year.

A constantly growing demand by unemployed men caused the committee to base their requisition on 3 days work per week for every unemployed man of record. The total on that basis would be about \$22,000. It is not known, however, whether the sum will be appropriated.

Current funds are very inadequate, allowing a labor turn-over far too slow to relieve distress. For the rest of the year there will be money available to put one hundred men to work 3 days a week, but since the number unemployed is

A very painful injury to his left arm was sustained by the Rev. C. A. Long yesterday afternoon.

The accident occurred while the men were walking over a field. Rev. Long tripped on a weed and fell heavily on his left arm. The limb was not broken, but possibly cracked and ligaments torn.

### SUSPECT IN GENTER KILLING TAKEN BY SHERIFF IN MEXICO

California Man Last Seen In Company of Colby in Houston.

HOUSTON, Dec. 7. (A)—Arthur Colby, sought since Sunday, as a suspect in the slaying of Carl G. Genter, was arrested early today in Sabinas, Mexico. Sheriff Rusk Roane of Richmond, near here, was advised in a telephone message.

Sheriff H. H. Robinson of Maverick county, Texas, said he saw a youth answering the description of Colby cross the border at Eagle Pass Sunday night, made the arrest.

Sheriff Roane, bearing a warrant charging Colby with murder and robbery in connection with Genter's death, said he would leave for Mexico immediately for the prisoner.

He said it would be necessary for him to obtain extradition papers from Governor Sterling for presentation at Mexico City before he could obtain custody of Colby. Mexican officials had been notified that Colby had purchased a

LONG BEACH, Calif., Dec. 7. (A)—Detectives announced today they believed they were near a solution to the slaying of Captain Walter Wanderwell, globe trotter and soldier of fortune, as they broadcast a nation-wide appeal for the apprehension of "Curley" Guy, identified as the "man in gray."

Guy emerged from a medley of suspect and motives as the central figure in the investigation when Mrs. Wanderwell told officers he recently fought with Wanderwell and threatened the life of the globe trotter. Guy, she said, was a former companion of her husband on a

### EAST TEXAS OUTPUT IS REDUCED 15,000 BARRELS

### REDUCTION STATE-WIDE

### PANHANDLE CUT FROM 45,000 BARRELS TO 43,500

AUSTIN, Dec. 7. (A)—The state railroad commission today revised allowables of Texas oil fields to daily from the permissible output. The new aggregate total of Texas fields was fixed at 789,745 barrels daily against 849,625 barrels daily under the old schedule.

The East Texas field allowable was reduced from 325,000 barrels daily to 310,000 barrels daily.

The new allowables will be effective Saturday at 7 a. m.

Alterations were made in fields as follows:

Gulf coast:	Raccoon, reduced from 5,500 to 4,500; Sugarland, reduced from 9,000 to 8,000; Barber's Hill, reduced from 19,100 to 18,100; High Island, reduced from 7,800 to 6,800; Conroe reduced from 25,000 to 12,000; Panhandle, reduced from 45,000 to 43,500; North Texas, reduced from 58,000 to 50,000; West Central Texas reduced from 31,500 to 27,500; West Texas: Yates, reduced from 65,000 to 61,000; Winkler reduced from 27,000 to 25,000; Crane-Upton, reduced from 13,900 to 12,900; Salt Flat reduced from 7,500 to 6,500; East Central Texas: Van, reduced from 45,000 to 42,500; Duvy county reduced from 12,635 to 6,755.
No changes were ordered in allowables in these fields:	
Howard-Glasscock	14,000; Ector 4,000; Reagan 20,000; all in West Texas; Darrat Creek 14,000 in Southeast Texas; Thompson 10,000; Goose Creek 3,200; Hul 5,500; Humble 5,125; Pettus, 3,800; Pierce Junction 4,700; Refugio 7,700 and Spindletop 2,700 all in the Gulf coast area.

### TESTIMONY ON COLLIER BEER BILL IS GIVEN

### OPPOSITION TO DEBT SETTLEMENT IS STRONGER

### FAVOR 'BALANCED BEER'

### CONGRESS IN DEBATES ON SUBJECTS NOT IN MESSAGES

WASHINGTON, Dec. 7. (A)—A new balanced budget proposal, depending for success upon legislation its members have consistently fought, went to congress today from President Hoover and was promptly laid aside for debate on topics it did not mention.

The high points of the budget message—sales tax, federal pay cut and veterans' economy—already had been disclosed by yesterday's presidential message.

House debate swung quickly to the fight with Representative Treadway (R., Mass.) resserting the opposition of congress to any further concessions.

"I for one am ready to go to the mat on the settlements as made," he said.

Prohibition remained a dormant topic with the opening of hearings in the house ways and means committee on the Collier bill to legalize 2.75 per cent beer.

To the delight of some and the dismay of others who crowded to hear, witnesses for brewing interests advocated legalization of a "well balanced beer" in testimony today to the house ways and means committee.

But the administration attitude remained a question, the treasury turning down invitations to go on record.

By "well balanced," said Levi Cooke, counsel for brewers, a beer of 3.2 per cent alcohol was meant.

R. A. Huber, vice-president of the United States Brewers' association, for which Cooke is attorney, testified that in 1914 66,189,000 barrels of beer were sold under a federal tax of \$1 a barrel, which under a 45-cent barrel tax, would bring in \$30,945,000 a year in revenue.

### Gray County in Line to Benefit From Bond Law

Gray county's claim for \$275,000 in state assumption of bonded indebtedness will have the recommendation of a traveling auditor who recently checked the estimates and figures of R. C. Wilson, county auditor.

Whether the entire claim will be allowed, and whether the one-cent gasoline tax to be diverted for the purpose of payment will be sufficient are questions yet unanswered.

In addition to the refunds, Gray county is in line and is receiving state benefits through the state's assumption of the cost of highway work, exclusive of right-of-way purchases.

The Bell folk promise an interesting carnival and hope that many Pampans will be their guests for the occasion.

ON MOTHERHOOD

Lady Nancy Astor's recent remark that motherhood "a lot of tommyrot" seems destined to become a classic similar to Henry Ford's famous statement about history being bunk.

Herself a mother of five children, Lady Astor asserts that the "sentimental slush" about mothers is "just too tickening."

This attitude, in a land which makes an annual event of Mother's Day and which can be moved to tears by its ninth-rate song about mothers, seems close to outright heresy.

A woman who rushes off to the divorce court at the slightest excuse, depriving her children of a normal home-life and subordinating their needs to her own desire for freedom, hardly belongs on the traditional pedestal.

A woman who is either too stupid or too prejudiced to have her children treated with antitoxin when there is a diphtheria in the neighborhood is acting very like her children's worst enemy instead of their all-wise and loving protector.

A woman who devotes most of her time to club work, bridge parties and golf and lets a nurse or governess look after children through their most impressionable years has hardly put her children very deeply in debt to her.

A woman who nags and frets so constantly that her children are glad to stay away from home as much as possible, as soon as they reach their teens, has not exactly qualified for the role of saint.

Motherhood can be all that our sentimental traditions say; it can also be the exact opposite. It's up to each individual mother.

Not all the Santa Claus letters appearing in the papers ask for dolls and red wagons. A good many of them bear broad hints for war debt cancellation.

Times like these have one cheering aspect. The wife who finds a strange pair of gloves in her husband's pocket is apt to put them on and be silently thankful if they fit.

The committee on the Costs of Medical Care suggests that medical service be furnished by organized physicians at standardized costs. We'd better look out or operations will lose their individuality.

A child was born in Los Angeles a few days ago having 11 grand, great and great-great-grandparents. The nation's sympathy will go out to the parents who will have to raise this youngster.

Folks who call a spade a spade will have to find a new name for hunger marchers who eat at public expense and ride to Washington in automobiles.

Mark Site of Last Encounter in Civil War

BROWNSVILLE (AP)—The spot where Confederate and Union soldiers met in the last battle of the civil war—rather in a battle five weeks after the civil war—near Brownsville has been marked by the United Daughters of the Confederacy of Texas.

Dedication ceremonies are to be held in the near future. The battlefield is about 15 miles from Brownsville toward the mouth and close to the bank of the Rio Grande.

The U. D. C. erected a granite stone, with a memorial tablet on it, at the site of the battle.

The battle was fought on May 13, with several hundred men on each side, and resulted in a victory for the Confederate forces. During this strange battle, another was being waged across the Rio Grande, the Imperialists in Mexico fighting the Liberals.

Historians of this section have in recent years unearthed data leading them to believe that both the Confederates and Federalists knew when they met on May 13 that the civil war was over.

PARENTS--

(Continued from page 1)

ficers take prowling youngsters to their homes, they expect some expression of gratitude. Instead, they often are led to believe that the parents resent the officers' interest. Unable to control their children, they prefer them to be out of sight and hearing.

Worse in many instances than the wrecking of young characters through evil associations, in this, the percentage of young girls is at least as high as that of the boys, and delinquency sometimes strikes close to some of the so-called "best families."

What is overlooked by some is that Pampa is not a town but a city. What would be a large amount of delinquency in a small town is but a fractional part of the total number of Pampa young folk.

Students tend to be very much like their leisure-time associates. For this reason, schools are unable to trend student thinking at the time when impressions are formed which tend to result in unsocial activities.

Between school hours and the jurisdiction of the peace officers is an all-important gap over which the parents alone have authority. And it is within this margin that most delinquent origins lie.

There are questions which officers would like to ask parents: Where was your daughter at 11 p. m. last night? Was her male and female company wholesome or contriving to put whisky in her mouth and temptations in her way?

Out of parental indifference and ignorance grew the vice conditions among young people in Houston. Pampa officers are not "reformers" in the strictest sense, and they would prefer not to be compelled to take youngsters into court for minor infractions of law.

McLEAN-OLNEY TILT TO BE IN WICHITA FALLS

REGIONAL CROWN IS AT STAKE SATURDAY AFTERNOON

The final game of the Class B football season will be played in Wichita Falls Saturday afternoon with the McLean Tigers meeting the Olney Cubs for honors.

McLean has played 10 games without a loss and her goal line has been crossed only three times this season.

Both elevens have strong lines and reports show the game should be a repetition of the one played here last Friday, when the Tigers downed the fast Spearman Lynx.

Many McLean fans will accompany their team on the long trek to Wichita Falls. The game will be called at 2 o'clock.

ODDS AND ENDS

The Australian Rugby League makes no distinction between amateurs and professionals, the paid and unpaid tearing around together in perfect amity.

Strangler Lewis, robust hero of some 2,000 mat engagements, marvels at the six-day like riders. "Boy," he exclaimed, "I wouldn't take that kind of punishment for all the money in the remaining banks."

Frank Higgins, the A's recruit infielder, is trying to figure some way to get in a little more base-in game last spring, then 200 league games with Portland, he went down to Texas and polished off the season with the semi-pros.

Hunk in Despair Over Prospects Of Rambler Win

EL PASO, Dec. 7. (AP)—Pessimism over the prospects of his team for victory over Southern California Saturday was expressed early today by Coach Hearty "Hunk" Anderson of Notre Dame when the train bearing the Irish eleven to the Pacific coast passed El Paso.

"We shot the works against Army and probably cannot turn in another peak performance," Anderson said. "It will take a similar performance to beat the Trojans. They ought to take us."

Anderson said an ambulance had been ordered to meet the train at Tucson, Arizona, to remove Ray Brancheau, halfback, stricken with influenza after the squad left Chicago. Brancheau's condition had improved, however, Anderson said.

Other members of the Irish squad who had been ill were reported rounding into condition. From persons on the train with the Notre Dame players, it was learned Brancheau had been up most of yesterday, although suffering with a severe cold.

Roosevelt Helps Lad Realize Wish

WARM SPRINGS, Ga., Dec. 7. (AP)—David Lee Smalley, 12, attained an objective he has sought for twelve days just before Franklin D. Roosevelt left here yesterday.

David came to Warm Springs from Mount Vernon, Ill., several weeks ago for an examination by the specialists at the health resort.

Since the president-elect had been here the boy had been seeking an opportunity to speak to him and shake hands. On each occasion which seemed to promise the chance, David would just miss getting close enough to Mr. Roosevelt.

Yesterday afternoon, he came to the railway station to see the president-elect off for New York but when the crowd pushed forward to shake hands he was unable to reach Mr. Roosevelt.

As the secret service men brought the handshaking to an end just before the train started, David gave up hope and was turning away, lip quivering. A newspaperman called the attention of Miss Margaret Leah, personal secretary of Mr. Roosevelt, to David and a few minutes later he was ushered into the car for a talk with the president-elect.

Harvesters Look Weak In Game With Exes; Fail to Score and Pass.

The Harvesters will play two scheduled games this week when they meet the fast Shamrock Irishmen here Friday night and later go to Canyon Saturday night to meet the Canyon high school Eagles.

The Harvesters won a rough-and-tumble from the Exes last night in a football-like affair that gave Coach Mitchell's charges few opportunities to use the clicking plays they exhibited in the Clarendon game Friday night.

The Exes made a large part of their points by the free-throw route. The Harvesters guards, Patton and Kelley, concentrated on smothering Enloe, flash of last season, and Speck Wilson of White Deer. For once Enloe met his match in Patton, and the long-shot expert from White Deer was held to one basket.

The Harvesters girls and the Coon girls will play the opening game Friday night, starting at 7 o'clock. Coach Harry Kelley has made some changes in his line-up and believes he has a working combination. His sextet lacks experience but he has a number of willing members who are learning fast.

Groom has another strong team this year, according to reports. Shamrock's Irishmen have been practicing for nearly a month and have the Shamrock team is composed of nearly all lettermen that have been playing together for the past three years.

Coach Odus Mitchell has made no changes in his line-up. His boys looked good on their first appearance last Friday, when they downed the Clarendon team. The team appeared without a star player but with five players, who were willing to share the shooting with the man who had the best chance of making points.

However, weaknesses displayed by the team last night almost assure a death-struggle with Shamrock. Whether it was the Exes' rough tactics or to the inability of the Harvesters to open up under strong competition, the fact remains that the school boys' offensive went to pieces and they emerged looking as bad as the Exes.

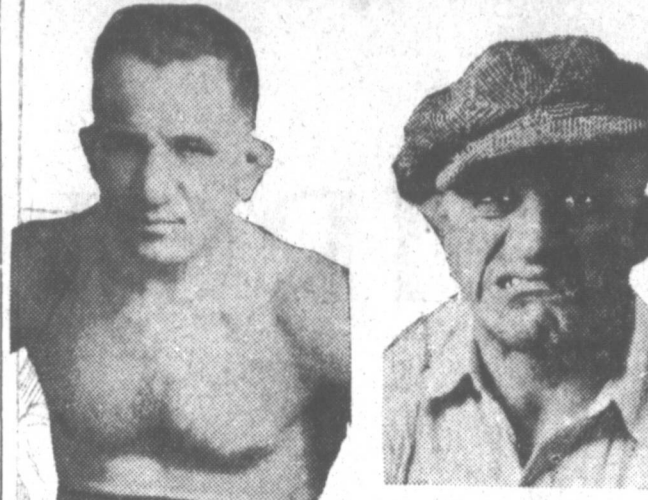

The Canyon Eagles usually have one of the strongest teams in this section and the Harvesters are not looking for an easy game Saturday night.

Page Has Inside Track at Chicago

CHICAGO, Dec. 7. (AP)—H. O. (Pat) Page, Sr., former University of Chicago star athlete and present assistant to A. A. Stagg, today had become the leading candidate to succeed the "old man," as the Maroons' head football coach, George Veenker, head coach at Iowa State college under Thomas N. Metcalf, who will replace Stagg as athletic director at Chicago next year, is expected to remain at the Iowa institution, having been named to succeed Metcalf, leaving Page as the foremost choice among the guessers.

TROJANS HAVE NO FAITH IN RAMBLER FLU

TROY RECALLS SCORE MADE BY ROCKNE'S INFIRMARY

By PAUL ZIMMERMAN, Associated Press Sports Writer. LOS ANGELES, Dec. 7. (AP)—That influenza pestilence which has been riding the westbound train with the Notre Dame football squad, spread with Troy's guarded walls today leaving results which baffled science.

There was much whooping at the University of Southern California, but no coughing. A questioning lift of the eyebrows was an accompanying symptom.

Not that the Trojans lacked sympathy for the ailing Ramblers whom they play here Saturday but there was a certain absence of conviction concerning the infected trainload of athletes who would like to terminate the S. C. string of consecutive victories at 18.

Two years is a long time, but not too far distant for the Trojans to remember how the late Knute Rockne brought a team of cripples west, minus a fullback and all that sort of thing. All Southern California was sympathizing because of what Coach Howard Jones' eleven was going to do to those stricken invaders.

Among the unbleivers was Troy's head man. "Naturally," spoke Coach Jones, "I feel sorry for the boys who are sick and for Hunk. But you know what I think? Anderson could have all his first string in bed with the flu and still we'd have our hands full."

The Gorillas will have regular practice hours. Games will be scheduled for them after the first team has been selected and has worked together for a few days.

A scrimmage with Coach W. B. Weatherred's Hopkins Whirlwinds has been set for 5 o'clock this afternoon.

Only one game will be played in the City Bowling league Thursday night when the Kiwanis No. 2 team meets the Voss cleaners at 7:45 o'clock.

The game, announced between the Jaysees and Phillips was played earlier in the season. The game scheduled between the Kiwanis No. 1 and Texas company set for Monday was also played earlier in the season.

The league standing including games played Monday night: Team, Won, Lost.

Western and Texas leagues went into a huddle today to decide whether Oklahoma City and Tulsa baseball clubs should become members of the Texas League.

Another question before the club owners was, if the two Oklahoma teams enter the Texas league, should the circuit be operated with eight or ten clubs.

Cities in the proposed league would be Duluth, Or., Minneapolis and St. Paul in Minnesota; Winnipeg, Manitoba; Great Falls, N. D.; Little Falls, S. D.; and Eau Claire, Wisconsin.

Before this league can function, it will be necessary for the proposed clubs at St. Paul and Minneapolis to obtain permission to operate in these cities from the American Association.

Mantell Returning To Mat To Get Revenge For Protege's 'Flopp'

A veteran will attempt to teach a comparative youngster new tricks at the Pla-Mor auditorium tonight when Dutch Mantell meets Ernie Arthur in the main event.

The Dutchman, 52 years old, will try to tame a wildcat from Canada more than 20 years his junior, and he is scheduled to have his hands full.

Everyone knows the Dutchman and his style of wrestling so no one will be disappointed if a sad accident occurs during the big battle. Dutch decided to return to the ring for revenge on the Canadian who blasted the hopes of one of the Dutchman's proteges several years ago.

The semi-final match should be a main event with Red Michael, local flash, and Ross Austin of Salt Lake City providing the entertainment.

A good preliminary will open the card at 8:30 o'clock.

Stanford Stars Will Not Follow Pop to Temple

PALO ALTO, Calif., Dec. 7. (AP)—The Stanford university campus, excited following published reports several freshmen football players intended to follow Coach Hunk Anderson (Pop) Warner to Temple university, where he has signed a contract, was calm today with formal denial of the report by the athletes.

A statement signed by Bob Hamilton of Sewickley, Pa., and Bob Reynolds of Okmulgee, Okla., freshmen backfield stars, and said to express the views of the entire freshman squad, explained the report originated when several of the men jokingly remarked they intended to journey east and continue to play football under Warner.

"We are here to go to Stanford and we intend to carry on with the boys we know are with us," the statement said.

Previously Bob Grayson, a halfback, was reported as saying he came from Portland, Ore., to play under Warner and intended to go with him. Several other players were reported to be considering a transfer to the Philadelphia institution.

The board of athletic control at a meeting tomorrow will consider selection of a successor to Warner. Among candidates mentioned are C. E. "Tiny" Thornhill and Ernie Nevers, assistant coaches, recommended by the freshmen players in their statement.

Other mentioned included Andy Kerr, Colgate; Jock Sutherland, Pittsburgh; Clipper Smith, Santa Clara, and Dick Hanley, Northwestern.

Cities in the proposed league would be Duluth, Or., Minneapolis and St. Paul in Minnesota; Winnipeg, Manitoba; Great Falls, N. D.; Little Falls, S. D.; and Eau Claire, Wisconsin.

Before this league can function, it will be necessary for the proposed clubs at St. Paul and Minneapolis to obtain permission to operate in these cities from the American Association.

BABE DROPPED FROM ROSTER OF BALL CLUB

INVESTIGATION BEGUN BY SOUTHERN A. A. CHAIRMAN

DALLAS, Dec. 7. (AP)—Miss Babe Didrikson, famous woman athlete, today stood firmly by her declaration that she had committed no act to justify her disbarment from further amateur competition by the Amateur Athletic Union.

The disbarment was announced New York after an advertisement appeared in newspapers throughout the country quoting the Olympic track star as endorsing a certain make of automobile and showing her skimming over a hurdle, athletic specialty.

She took courage for her fight for reinstatement in a statement New Orleans by Lawrence di Benedetto, chairman of the Southern Amateur Athletic Union, that had started an investigation in her claim that she had not authorized the advertisement.

Meanwhile, officials of the insurance company by which she is employed, declared an intention standing back of her struggle to regain amateur standing. They said that if she is reinstated, they would let the matter drop, but the suspension is permanent, they might seek legal redress.

The first immediate result of disbarment on Miss Didrikson's athletic career, one of the most brilliant of any woman in the country, appeared to be withdrawal of her name from the playing roster of the Golden Cyclones, basketball team of her employers. It was reported she would not play in team's game tonight against a set from Fort Worth.

Miss Didrikson, in an interview said she felt she had been wrongfully convicted on circumstantial evidence. She said she never seen the testimonial for the automobile until it appeared in a newspaper and she did not know where the accompanying photograph came from. She admitted that several weeks she posed standing beside an automobile in the make advertisement, she said she has told the agent of the company the picture could not be used until she turned professional, if ever.

The name of W. Foster Jacoby, Dallas, director of city parks secretary of the Texas A. A., was brought into the case. Miss Didrikson said she had asked him to sign an endorsement of automobile, promising her that would not affect her amateur standing. She stated she refused sign and told Jacoby the use of name in that connection would be against her wishes.

# "I'M THROUGH WITH BEING DEPRESSED!"

"FOR the past three years I have lived a horrible life. There has been nothing the matter with me except that I have been scared stiff. After three years of fright, during which none of the things I was afraid of happened, it is high time I changed and began to live like a normal human being once more.

"My salary was cut, yes, but it really wasn't very serious, and I can certainly still live pretty well, and a lot better than I have been living lately.

"I propose to start living here and now—today!

"In my closet there are two business suits. One is too badly worn for any man in my position to wear at all. It will go to some one who really needs it. The other I can wear when I do odd jobs around the house. I'm going to buy two new suits, and wear them on alternate days, for that's the way to get the best wear out of them. I'm going to buy an overcoat and a hat too.

"My shirts have fringes on the cuffs. My underwear is patched, and my darned socks are ugly and uncomfortable. My shoes have been half-soled, and the uppers are cracked. I am buying an entire new outfit, and my old things are going where they will do some real good. I'm going to stop being ashamed of my appearance.

"My wife needs dresses, underwear, shoes, hats, gloves. I've given her the cash to buy them with. 'Get everything you need,' I told her, 'nothing more and nothing less!'

"The living-room rug is a sight. Out it goes, and in comes a new one. The sofa needs repair and recovering. It's going to be done. We need new curtains, new napkins, new towels, even new sheets? Never again!

"My old automobile has 56,000 miles on it, and the best you can say for it is it still runs. The paint is dull and chipped, the nickel is rusty, the upholstery stained and worn threadbare, and there are enough rattles and squeaks to amuse all the babies from now to kingdom come. Every few hundred miles some annoying little repair costs me from 50 cents to \$5. It nearly burnt up one night because the insulation had worn off a wire, causing a short circuit. I'm going to buy a new car because I need it and want it and because I can AFFORD it.

"My old radio still works, but I know that during the past three years there have been big improvements. The new radios sound a lot better, look better, are easier to work, and they give you more stations. There's a new radio coming to our house.

"I'm going to buy the books I have been wanting to read. I'm going to see the shows I want to see. I'm going to buy everything I need and can really afford.

"And I'm going to contribute generously to the unemployed, because, like most Americans, I want to help people in distress.

"It all comes down to this—I am going to live the kind of life I am entitled to lead. In living that life I am aiding others, directly and indirectly, to live their own lives by helping to provide them with the money and work they need.

"I'm through with being depressed in body and soul. From now on, see my smile and Watch My Dust!" (Signed) John W. S.

SANTA AND THE MAGIC DOLL by SIGRID ARNE

Chapter III. INGA MEETS SANTA. Inga was a little afraid. Santa wouldn't think his beautiful...

When all the people of Toyland had gathered under the huge Christmas tree in the center of the work...

"Hoora!" shouted the Tin Soldiers, "the Gnome wins." "Hoora!" shouted the other dolls...

Inga the Beautiful, was given a throne in the Toyshop, and Pinochio sat at her feet telling her funny stories...

"Do a dance," cried the dolls. So the little clown swung into one of those loose-jointed dances of his...

Inga knew that Pinochio was dancing because the dolls liked to see him, but she also knew that underneath his funny red and yellow suit he felt like crying...

All the dolls thought it was very pretty, but Santa's face softened and he became very kind because he understood what Inga was thinking...

IT'S MARLENE

When Greta Garbo wants to disguise herself, she wears black glasses, but when Marlene Dietrich seeks to avoid recognition, she dons trousers. Here she is, stepping into a store in Los Angeles to do a little shopping, perhaps to buy a new pair of trousers, or a pair of shoes that won't so effeminately high-heeled.

Literature Class Organization Is Started Tuesday

Organization of a class in contemporary American literature was begun yesterday afternoon at the high school building. The class, taught by Prof. C. H. Thurman, will be offered by extension from West Texas State Teachers college, Canyon. Mrs. T. V. Reeves, also of the Canyon college, is in charge of the organization procedure.

Persons who are interested in taking the course without credit may enter the class as auditors upon the payment of a small fee. Professor Thurman, who has recently come to the Panhandle from the State Teachers college at Denton, has spent many years studying in the field of American literature. He is the author of one book and has assisted in many studies in the field of Southwestern literature. The course which will give in Pampa will be especially valuable to club women, teachers, and others who wish to keep up with literary movements in America.

Mrs. Ruth Wise of LeFors was a Pampa shopper yesterday. A. H. Janzen of Mobeetie transacted business here yesterday afternoon. J. Wade Duncan of Mobeetie, former Pampa, visited relatives here yesterday.

with FLU in the air . . don't take chances with COLDS! . . WITH flu in the community, everyone is warned against the dangers of colds just now. Colds pull down body resistance, and often pave the way for an attack of flu and its serious complications. In the present emergency, the wise course to follow is that outlined in Vick's Plan for better Control of Colds: To Prevent Many Colds: At that first feeling of stuffiness or nasal irritation, sniffle or sneeze—Nature's usual warning that a cold is coming on—use Vicks Nose & Throat Drops, the new aid in preventing colds. Vicks Drops aid Nature in throwing off the infection that threatens. They prevent development of many colds. To End a Cold Sooner: If a cold has developed, or strikes without warning, vigorous measures are necessary. At bedtime, apply Vicks Vapo-Rub. Its direct, double action—continuing through the night—brings quicker relief. During the day use the convenient Vicks Nose Drops every few hours as needed. They add to comfort—help shorten the cold.

PAMPA TONES OF OUR CITY

Maybe the reader wonders in what frame of mind Mr. Kreiger was when he wrote the above. Maybe he had just written the following: "One day this week I saw Henry Rober drive a good team of horses, hitched to a wagon, right down the middle of Main street. We may be out of date, but somehow this looked mighty good to us. Not a very good sign for the auto manufacturers and G. M. A. C., but in our opinion a mighty healthy sign of the sanity of this community."

Mr. Kreiger wasn't driving a horse and buggy when he called on us the other day. If he had driven here from Clive in that manner it would have been a news item like the man biting a dog. But don't misunderstand us, we don't believe this is the time to go flying high and we are not against Old Dobbin. For the average man, however, we think it is advisable to keep the middle ground between the horse-and-buggy and airplane and that's a dependable automobile equipped to operate in mud, gravel, caliche, sand, and on concrete. But if it doesn't rain pretty soon, mud chains will be obsolete in this section.

What Causes Stomach Gas? Doctors Find Most Cases Due to One Condition. Stomach Sufferers Find Relief. Sufferers from gas bloating, indigestion and similar troubles will be interested to know that recent medical discoveries have found the cause of these disorders. The disease is called Intestinal Stasis. It is the result of the inactive life most of us lead today, and improper food that does not give our digestive organs enough exercise. It is one of the most common diseases known to mankind. Three out of four persons have it.

What is Intestinal Stasis? Intestinal Stasis is the too slow movement of waste matter through the bowels. It is not a new name for constipation, for you can have one, or possibly two, INCOMPLETE bowel movements a day and still have Intestinal Stasis. Any waste matter, from which the body has taken all nourishment, that stays in the bowel tract too long, will cause gas and poisons to accumulate. This takes away your pep, gives you a lousy, listless feeling. It often results in dull headaches and even more serious trouble. This suffering is entirely unnecessary for you can get quick and complete relief by giving your system a REAL intestinal cleansing with Adierka.

Get Quick Positive Action. Laxatives or pills seldom overcome Intestinal Stasis. Soda, magnesia, "Gas Tablets," or powders give only temporary relief. Intestinal Stasis and the diseases of which it is the real cause are helped best by continued REAL intestinal cleansing, and by increasing in the natural activity of the bowel tract. Adierka gets to the bottom of your trouble by removing the cause. Ordinary laxatives and physics act on the lower bowel only, but Adierka acts on BOTH upper and lower bowels. Adierka is thorough in action, yet acts without discomforts of any kind. It can be given to any member of the family with complete safety for it contains no harmful drugs. Adierka is quick in its action often giving relief in thirty minutes. Don't suffer another hour from indigestion, nervous dyspepsia, dull headaches, sleeplessness, sour stomach and gas bloating. Get Adierka today at your drug store and learn what complete relief really is. FREE SAMPLE will be mailed on request. Address Adierka, S. Wabasha, St. Paul, Minn. Sold in Pampa by Fatheree Drug Co. RELIEF--

(Continued from Page 1) much greater than that the sum must be apportioned according to need. Let's also share in the federal relief.

It was emphasized that the city should find work for the unemployed who receive federal relief. One of the projects will be to place caliche on paving gaps and on hills in and near the city. The city is handicapped in providing some kinds of employment because it lacks money with which to purchase needed materials.

Laying of gas and water lines to the site of the proposed swimming pool 4 blocks north of the east ward school will be one winter project, and the excavating also will be done. The city-wide cleanup is continuing, with men also working at the dump grounds and disposal plant. The federal relief committee and city officials will make an inspection tour of the vicinity. Present this morning were G. H. Walker, chairman, George Briggs, Alex Schneider, W. A. Bratton, Clyde Fatheree, and C. L. Stone.
