Wage-Hour Bill Proponents Claim Victory In House

ENOUGH NAMES ON PETITION TO FREE MEASURE

WASHINGTON, Dec. 2 (AP)—The House leadership broke the prolonged deadlock over wages and hours legislation today when the 218th member signed a petition to force a vote on the measure by mid-December.

Rep. Mansfield (D. Tex.) rolled up on his wheel chair to be the final signer, amid a roar of cheers. Just before Mansfield put down his name, Rep. Smith (D. W. Va.) had jotted down his signature—No. 217.

They were preceded by Rep. Connery (D. Mass.), brother of the late William P. Connery, co-author of the wage-hour bill; Kennedy, Gambrell and Goldsborough, Maryland Democrats, and Champion D. Hill.

WASHINGTON, Dec. 2 (AP)—Prospects of the wage-hour bill claimed victory today in their unprecedented campaign to get the measure before the House at the special session.

Only eight more signatures were needed on a petition to wrest the measure from the Rules Committee, which has blocked it since summer.

"I am confident the petition will be completed not later than Saturday," said speaker Bankhead. If that prediction holds true, the

Record increase in monthly postal receipts in recent years was established here last month when receipts for November 1937 were \$1,087,66 or 20.21 per cent greater than for the same month last year.

Other departments of the local office showed large gains in business. The postmaster also announced that December is the last month for purchase of Series C of United States Saving Bonds. A new series will be issued on January 1, 1938.

That the big rose said to the little rose "Hi Bud," and it didn't come from Clarence Kennedy either. That tickets to the API annual banquet and floor show were going so fast that late purchasers may have to eat off the mantle.

Russian-Built Planes Being Assembled To Halt Japanese Army

By The Associated Press
China's air force was reported assembling powerful Russian-built warplanes today for a mass attempt to stem the advancing Japanese army.

At Hankow, one of the cities to which China moved her government from Nanking, well-informed sources said at least 20 twin-engine bombers already had arrived from Russia and that possibly 280 more were on the way.

Japanese authorities reported 13 of the new Chinese planes were shot down in an air battle near or over Nanking in a battle with six Japanese planes. Two Chinese planes bombed Japanese positions at Shanghai in the first aerial warfare there in a month.

The United States consulate at Shanghai expressed fear for the safety of 13 Americans, mostly women and children, marooned at Mokanshan, isolated point in the heart of the battle area.

Shanghai municipal authorities received notice six battalions of Japanese troops would march thru the international settlement tomorrow in a victory parade.

Germany Offers Plan
Germany was authoritatively reported to have offered to negotiate peace in the far eastern conflict.

Repeating their annual custom, the legion will start their Good Fellow movement on December 15. A list of needy families will be compiled by relief workers and investigated.

To pay for the expense of toy repairing, being done by the Pampa Fire department, the Legion will give a charity dance on December 14 at the Southern Club.

On December 11, beginning at 11 a. m., the local post will sponsor a toy matinee for children. Admission price will be the contribution of a new or serviceable toy.

LARGE GROUPS EXPECTED TO HEAR STANLEY

Interest already displayed by business and civic organizations and sales people in the Institute of Business to be conducted here Monday and Tuesday by Henry W. Stanley, Trade Extension Director of the Dallas Chamber of Commerce, indicates that it will be one of the outstanding events in the business life of Pampa this year.

Under the direction of a special committee of the Pampa Chamber of Commerce, the Junior Chamber of Commerce and the Pampa Credit Association, headed by Tom Aldridge, merchants and professional men of Pampa are being contacted and indications point toward a large crowd at the City Auditorium each night for the Institute.

Other members of the Attendance Committee include: Travis Lively, president and Walter J. Daugherty, manager, Pampa Credit Association; R. G. Hughes, president of the Junior Chamber of Commerce; H. L. Polley, Harry Linsky, F. C. Nelson, Hollis Keys, Frank Culbertson, Sid Patterson, Guy E. McTaggart, O. R. Humphreys, Ben Gull, C. H. Compton, H. L. Hindman.

The two day institute will begin Monday and will be conducted each evening from 8:00 to 10:00 o'clock. There will be no charge for any one wishing to attend the classes. The Institute is a courtesy service of the Dallas Chamber of Commerce, which bears all expenses.

So many requests have been received for Mr. Stanley to discuss definite subjects that arrangements have been made for a question box to be given at each meeting.

Subjects for Mr. Stanley's discussion will be chosen from among the following topics: "The Merchandising Outlook," "The Place of the Retail Sales Person in the Present Economic Picture," "Suggestive Selling," "Retail Advertising," "Advertising Copy," and "Window Display."

WASHINGTON, Dec. 2 (AP)—The two giants of organized labor—William Green and John L. Lewis—arrived within a few minutes of each other today to begin their momentous conference on labor's two-year-old civil war.

Neither would talk to reporters. Green arrived first with his chief negotiator, George M. Harrison. Neither Lewis, chairman of the Committee for Industrial Organization, nor Green, president of the American Federation of Labor, would disclose what demands and concessions they carried to the conversations.

Informed persons said, however, that Lewis might be willing to give up the C. I. O. as an entity, in exchange for a self-ruling department within the A. F. of L. framework.

County Schools Will Enter Santa Parade

The longest and most colorful Santa Day parade ever held is in prospect for Saturday as the parade committee today prepared to outline the order of the procession which will form at 10 o'clock Saturday morning at the high school auditorium and march south on Cuyler to the intersection of that street and Brown.

Students of Hopkins 1 and 2, Laketon, Lefors, Grandview, and Webb have assured the parade committee that they will participate in the parade. Other out-of-town entries are expected this evening, that will swell the estimated total of 1,000 persons who will be in the procession.

A shipment of 25 large masks, of the kind that completely cover the head and shoulders, was expected to be received in Pampa tonight, and will be distributed to be worn in the parade. Chairman Parker said this morning.

There will be two bands from Sam Houston school and the LeFors drum and bugle corps among the bands in the parade, in addition to other students from LeFors and Pampa schools.

Pampa Boy Scouts and Pampa Girl Scouts will be represented. Prizes are offered for the best decorated bicycles and best exhibits of pets and hobbies.

THOUSANDS TO SEE FAIRYLAND YULE PAGEANT

The spirit of Christmas was in the gray, cold air this morning as hundreds of Pampans performed tasks that should make Saturday's Santa Day celebration the greatest of all, as far as parades, crowds, distribution of candy, are concerned.

The spirit of Christmas which is also the spirit of Santa Claus, was engendering that age-old sweet charity into the hearts of thousands as they looked at the street decorations of looping wreaths of spruce and Christmas tresses strung across the street.

The spirit of giving which is the spirit of Santa Claus was stirring in the hearts of residents of this territory as they promised their wide-eyed, keenly anticipatory small boys and girls that they could go to Fairyland Saturday and see Santa Claus and receive a bag of candy direct from his hand.

Costumes Finished
The spirit of Santa Claus was reigning in the hearts of 1,000 school children who will march gaily to music, sing Christmas carols in the Santa Day parade. Today, D. L. Parker, chairman of the parade committee, announced that every costume had been finished.

Yesterday afternoon, several hundred children at Sam Houston school of which A. L. Patrick is principal rehearsed. The colorful procession of kiddies extended for three blocks.

This morning the Roving Reporter visited the various schools and what he saw left him gasping. He was certain that it will be the most

Coach Mitchell and he was hoping that fans would attend the basketball games this year. Big crowds help and inspire the team, he said. He said he'd like to send a personal invitation to every football fan to attend the basketball games.

Its disappearance came to light today, when Rudy A. Kling, the LeMont, Ill., garage operator who won it at the national air races here in September wrote the National Aeronautic association asking when he might receive the trophy.

William R. Ehyart, secretary of the contest board of the N. A. A. said that the N. A. A. was in the dark as to the trophy's whereabouts.

Under cloudy skies, the mercury in Pampa and vicinity leveled off in the mid forties this afternoon, after a low reading of 26 degrees last night.

At 6 o'clock this morning the thermometer registered 27 and by 1 p. m. today the reading had climbed to 42 degrees.

The weather forecast promises that it will be colder in the north portion tonight.

GOOD FELLOW DRIVE MAPPED

Results of the attendance contest for American Education Week, sponsored by the American Legion, and plans for the local post's activities in connection with Christmas and the major project of the Legion for 1938 were announced last night at the regular meeting of the Kerley-Crossman post.

Holy Souls school won first prize in the attendance contest. Back was first among the county schools. Hopkins 1 had a 100 percent attendance record, but was disqualified because returns were mailed late.

A Thanksgiving dance sponsored by the American Legion netted \$30 which was given to Pampa high school for the purchase of band uniforms. Proceeds from the Legion's Armistice day dances was \$104, which was given to the schools to buy supplies for underprivileged children.

Repeating their annual custom, the legion will start their Good Fellow movement on December 15. A list of needy families will be compiled by relief workers and investigated.

To pay for the expense of toy repairing, being done by the Pampa Fire department, the Legion will give a charity dance on December 14 at the Southern Club.

On December 11, beginning at 11 a. m., the local post will sponsor a toy matinee for children. Admission price will be the contribution of a new or serviceable toy.

Commander Howard Buckingham and Charles Maisel will meet with members of the Gray-Wheeler Industrial society on December 14, to enlist their aid and leadership in a campaign to stamp out syphilis, a major project of the Legion for 1938.

Members of the post have unanimously voted to attend a film showing the highlights of the American Legion national convention. The event will be held December 10 and 11.

That the big rose said to the little rose "Hi Bud," and it didn't come from Clarence Kennedy either. That tickets to the API annual banquet and floor show were going so fast that late purchasers may have to eat off the mantle.

PROPERTY TAX VALUE HIGHEST SINCE 1931

AUSTIN, Dec. 2 (AP)—Reports from 252 of the state's 254 counties show conclusively, Comptroller Geo. H. Sheppard said today, that Texas property valuation for tax purposes are above \$4,000,000,000 this year for the first time since 1931.

The 252 counties reported increases over 1936 aggregating \$154,219,989. The 1936 gain over the preceding year was only \$56,792,601.

Texas valuations last year totaled \$3,856,830,697. General development, improved economic conditions and continued intensive oil explorations and drilling were credited with being responsible for the gains registered by 190 counties.

Among the large increases due mainly to heavy oil play were: Nueces county, up \$13,464,030 to \$48,856,070; Winkler, \$13,066,769 to \$21,733,039; Ward, \$4,888,283 to \$16,278,347; Cass, \$10,085,770 to \$18,078,840; Titus, \$4,298,407 to \$8,289,093; Refugio, \$3,560,779 to \$18,891,289; and San Patricio \$2,899,340 to \$17,835,940.

General development, improved economic conditions and continued intensive oil explorations and drilling were credited with being responsible for the gains registered by 190 counties.

LATE NEWS

SHANGHAI, Dec. 2 (AP)—Chinese dispatches from Hanchow today said more than 1,000 civilians were killed and wounded in a Japanese air raid on Hsiao-shan, about 12 miles southeast of Hangchow. Five hundred dead and wounded non-combatants were reported found in the ruins of buildings destroyed by Japanese incendiary bombs. Those buried in the wreckage were not immediately extricated.

FORT WORTH, Dec. 2 (AP)—Brandishing a vital man about 25 or 30 years old robbed the Union Bank & Trust Company here of \$2,000 at 10:45 a. m. today.

A note, typewritten and bearing the wording "give me \$1,000 or I'll blow you to hell, I don't care if I die," was handed to Teller Ferdie Johnson by the robber, Johnson, who had had previous experience in a bank robbery, picked up two packages of currency, thinking each contained \$500. Instead each contained \$1,000.

The robber escaped through a beer tavern near the bank.

SHANGHAI, Dec. 2 (AP)—Two Chinese airplanes raided Japanese positions at Shanghai today in the first aerial attack in more than a month.

BANDIT TAKES \$2,000 IN FT. WORTH HOLDUP

The weather forecast promises that it will be colder in the north portion tonight.

SCOUTERS WILL MEET IN CITY HALL TONIGHT

The executive board of the Adobe Walls Boy Scout council will hold its last regular meeting of 1937 in the city commission room tonight at 7:30 o'clock with President C. H. Parker, chairman of the parade committee, announced that every costume had been finished.

Yesterday afternoon, several hundred children at Sam Houston school of which A. L. Patrick is principal rehearsed. The colorful procession of kiddies extended for three blocks.

This morning the Roving Reporter visited the various schools and what he saw left him gasping. He was certain that it will be the most

Coach Mitchell and he was hoping that fans would attend the basketball games this year. Big crowds help and inspire the team, he said. He said he'd like to send a personal invitation to every football fan to attend the basketball games.

Its disappearance came to light today, when Rudy A. Kling, the LeMont, Ill., garage operator who won it at the national air races here in September wrote the National Aeronautic association asking when he might receive the trophy.

I SAW ---

At the Lions club today—the members eating buffalo steaks supplied by B. S. Via who Doc Hicks said suffered great hardship in climbing on the fence to shoot the beast; Harry Kelley draw a picture of C. H. Walker, and the drawing turned out to be a monkey; Tail-Twister J. S. Wynne firing Doc Hicks for lying on Mr. Via; John Sturgeon leading the boys in songs they're going to sing at the Lions minstrel.

Mr. Via says even if you don't kill a buffalo it's worth going over to the Wichita mountains to hear the buffalo roar. You can hear them 500 yards before they get to you, he said.

Coach Mitchell and he was hoping that fans would attend the basketball games this year. Big crowds help and inspire the team, he said. He said he'd like to send a personal invitation to every football fan to attend the basketball games.

19 Shopping Days Till Christmas

Show Respect for The Flag, Legion Adjutant Urges

John W. Crout, American Legion post adjutant, tells a man what to do when the U. S. flag passes by.

Here are the things to do: Stand on both feet and face the flag.

If a man remove your hat and place it over your heart. If a woman place your right hand over your heart. Do not remove your hat.

Stand at attention when the flag is 20 feet from you and until it has been borne 20 feet in the other direction.

Things not to do: Do not smoke. Do not lean on posts, fenders. Do not salute.

Mr. Crout urges all spectators at the Santa Day parade to show proper respect for the flag by observing these rules.

MURDER CHARGE PENDS FOR 16-YEAR-OLD BOY

DALLAS, Dec. 2 (AP)—Charges of assault to murder were pending today against George McFall Nance, 16, while Tom B. Cahney, 26, wounded Tuesday when he protested the taking of his automobile by a youth whom he had given a ride, remained in critical condition.

Cahney showed "slight improvement" from three bullet wounds, hospital attendants said. Deputy Sheriff W. T. Binford said he found the rusty, .32-caliber pistol in the cedarbrakes off the highway near where Nance led officers after he made a written statement "I don't know why I did it."

JUDGE ASSESSES MANY FINES, COLLECTS FEW

City policemen had a busy November but had little luck collecting fines according to a report by Chief of Police Art Hurst for perusal of the city commission at its next regular meeting.

The report revealed that officers made 72 arrests during November with fines amounting to \$427.50. Of that amount, only \$156 in cash was collected. Prisoners worked a total of 47 days with 13 days being spent in jail by non-workers.

Tough luck officer was Night Chief Weldon Wilson who had more than \$100 in fines assessed against persons arrested by him but the total collection on his fines was only \$1.

Traffic Officer Bob Irvin had a busy month but his cash record was short when one traffic violator worked out a \$40 fine.

Introductory offer, complete brake relining job, \$8.95. "Griggly" lining. Motor Inn. Adv.

Rules on How To Mail Your Yule Packages

All parcels must be securely packed and wrapped. Use strong paper and heavy twine. Umbrellas, canes, golf sticks, should be reinforced their full length by strong strips of wood tightly wrapped and tied or otherwise sufficiently wrapped to withstand transportation. When three or more are tied together, wrapped and tied, no reinforcement is necessary. HATS: pack in strong corrugated or fiberboard boxes. Ordinary pasteboard hat boxes must be crated. Ladies' hats and stiff hats, easily damaged, should be marked "FRAGILE."

General development, improved economic conditions and continued intensive oil explorations and drilling were credited with being responsible for the gains registered by 190 counties.

Dinner Given By Employes For Couple

Employees of the Texas Furniture company entertained with a dinner in the home of Mr. and Mrs. Tracy Cary Tuesday evening honoring Mr. and Mrs. Guy E. McTaggart who were married recently.

A bride's cake centered the table which was lighted with red candles. The tiny place cards in a Christmas motif carried out the chosen color scheme.

A mock wedding and games of touring furnished the entertainment for the evening.

Guests were Messrs. and Mrs. Ray Barnard, Gene Bogue, George W. Johnson, Frank Lard, Cary, and the honorees.

Canning Contest Winners Announced By H. D. Agent

Winners in a canning contest sponsored by the Ball Fruit Jar company, Muncie, Indiana, were announced Tuesday by Julia E. Kelley, Gray county home demonstration agent. Each of the ten clubs in Gray county participated in the event.

First place was awarded Mrs. Casper McKnight of the Bell club, Pampa. Second place, Mrs. Gus Davis, Bluebonnet club. Groom; third, Miss Beryl Tignor, member of the county-wide 4-H club, Pampa.

Winners were determined after first and second place winners of each club brought their exhibits to the home demonstration agent's office. Miss Ruby Mashburn, district agent, selected the best. There were 84 exhibits from 81 exhibitors.

Indicative of the interest taken in canning is the work done by Mrs. J. A. Fowler, member of the McLean club. In a cement cellar at her home she has stored 1,000 containers of canned food. There are 74 varieties of fruit, vegetables, and meats; 18 varieties of preserves, jellies, jams; and four varieties of bottled fruit juices.

Mrs. Fowler says that all of these things were home grown. In addition to canned products, there are large pumpkins and other foods stored on shelves and in boxes in the cellar.

Young Matrons to Present Program At Colored Church

Young Matrons' circle of the First Baptist church missionary society will meet at the church tomorrow afternoon at 3:30 o'clock and will go in a group to the colored Baptist church where a missionary program will be presented.

The first number will be a song, "Send the Light," which will be followed with a prayer by Mrs. W. B. Holder and the scripture reading by Mrs. C. W. Windom. The "Lottie Moon Christmas Offering and Missionary Work in Japan" will be discussed by Mrs. R. W. Tucker.

Other numbers will include a special song by a quartet composed of Mrs. George Dwyer, H. C. Johnson, L. L. Allen, and Haskell Dill. Bible stories will be told by little Bobby Jo Tucker and Lola Mae Henderson. After a talk by Mrs. Wiley Pearce on "Baptist Work in Manchuria," a prayer for work in these places will be given by Mrs. J. R. Henderson. Mrs. P. O. Gaut is to read "The World's Great Heart is Aching."

Group singing of "I'll Go Where You Want Me to Go," the offering, and the benediction will close the program.

Formal Invitation Dance Given Last Evening at Club

Fifty-five couples enjoyed dancing to the music of Avil Schneider's orchestra last evening at a follow-up Thanksgiving formal invitation dance at the country club.

Because no orchestras were available during the holiday season, the dance was postponed until last evening.

Girl Scouts Elect Patrol Leaders

New patrols were chosen by the girls of scout troop six at a meeting held Tuesday afternoon in the little scout house.

A report was made on the Thanksgiving basket given to a needy family by the troop and plans were made for a Christmas party. The group also decided to go carolling during the holidays.

Edna Mae Trainer was elected leader and Bonnie Nell McBea, assistant leader of patrol one which is composed of Earline Shotwell, Joella Sheiton, Norma Jean Samuels, Anna Lou McCoy, Joy Stine, Virginia Crawford, and Grace Marie McFord.

Patrol two includes Joyce Wanner, Betty Ann Culbertson, Edna Earl Denmore, Myra Abersson, Esther June Mullinax, Wilma Dean Ellis, patrol leader, and Loretta McArthur, assistant leader.

Those in patrol three are Imogene Sperry, Martha Frances Pierson, Eugenia Phelps, Letta Rose McCarty, Jerry Nell Simpson, Joyce Turner, patrol leader, and Elaine Carlson, assistant patrol leader.

FLAPPER FANNY

"You'll have to knit fast to finish Chuck's sweater for Christmas."
"Well, if I get rushed for time, I'll just make it a necktie."

Martha Herd And Fred Skaggs Wed

The marriage of Miss Martha Herd, daughter of Mr. and Mrs. E. V. Herd of Mobeetie, and Fred Skaggs, son of Mrs. Maye Skaggs of Pampa, was solemnized last Wednesday evening in Wheeler.

Mrs. Skaggs, who was graduated from the Mobeetie high school in 1934, has made her home in Pampa for the past two years.

The bridegroom has lived in Pampa for two years and is now employed at the Perkins pharmacy.

The couple will be at home at 916 East Fisher street.

One of the few western countries where men live longer than women is Sweden.

Thimble Sewing Group Entertains Husbands at Dinner

Members of the Thimble Sewing club entertained their husbands with a steak fry in the home of Mr. and Mrs. J. L. Burba Tuesday evening.

Following the dinner, games of forty-two and bridge were played by Messrs. and Mrs. James Howard Fish, Audell Swafford, C. D. Tiffany, M. A. Waggoner, A. C. Shaw, Rufus Dinkle, Ben Hoover, Frank Carpenter, and four guests, Mr. and Mrs. David Rife and Dr. and Mrs. C. V. McCallister.

Bridge Will Entertain Party Group

Auction and contract bridge will be one of the features of the American Association of University Women's benefit party in the city club room tomorrow evening at 8 o'clock.

Prizes, which will be given to men and women for high score in both contract and auction, are to be donated by Mitchell's and Harrah's stores, Mrs. Hodges' Beauty shop, Richards Drug, and the Friendly store. If the awards are not suitable for the winner, they will make excellent Christmas prizes.

"The King and Mrs. Simson," a playlet with impersonations of British royalty, will be presented by Mrs. Kathryn Vincent Steele, Perry Gaut, Roy Walrabenstein, Misses Arlean Pattison and Vida Cox.

Admission to the party to which the public is invited will be 25 cents. Proceeds will go to the club Fellowship fund, a fund for continuation of graduate work in a university.

SCRUBBING EMBOSSED CHINA. In washing china that has a raised border, use a soft brush for getting in the crevices. Fancy glass also should be washed with a soft brush.

There are nearly 25 acres of land in Texas for each inhabitant.

White Deer P-TA Will Be Host to County Council

WHITE DEER, Dec. 2—White Deer Parent-Teacher association will be host to the P-T-A county council Monday evening, December 6, at 7:30 o'clock in the grade school auditorium.

The program will be in charge of the county welfare board. Mrs. C. T. Hunkapillar, president of the seventh district Parent-Teacher association, will report on the recent state meeting held at Austin.

A special invitation to attend the meeting is being extended to members of the local unit. Refreshments will be served by the home economics departments.

New Practice House At WTSTC To Be Dedicated Next Year

CANYON, Dec. 2—The late Phebe K. Warner of Claude, beloved writer and clubwoman, will be honored when the new home economics practice house at West Texas State is dedicated early next year.

It will be called "The Phebe K. Warner Home Management House." The \$15,500 structure, located on the campus near Cousins hall, the largest dormitory for girls, will be completed by the contractors and accepted by the board of regents late this month.

The Social CALENDAR

FRIDAY

Faithful Workers class of the First Baptist church will meet at the church between 3 and 4 o'clock.

The Friendship class of the First Methodist church will have a monthly party at the church at 2:30.

Reapers circle of the First Baptist church will meet with Mrs. Tommie Yoes, 713 West Francis at 2 o'clock.

American Association of University Women will have a benefit party at 8 o'clock in the city club rooms.

A regular meeting of the Order of the Eastern Star will be held at 8 o'clock in the Masonic hall. All members are urged to attend.

Friendship Class To Have Party at Church Tomorrow

Friendship class of First Methodist church will have a Christmas party in the basement of the church tomorrow afternoon.

The Goodwill group of the class with Mrs. Charles Duenkel as chairman will have charge of the entertainment and the refreshments.

All honorary members, including teachers in other departments, are urged to attend.

Bridge-Luncheon Given Wednesday

Revival Will Begin Tonight at Full Gospel Temple

Evangelist G. W. Perkins will be the speaker at the revival which begins tonight at the Full Gospel Temple, 500 South Cuyler street.

The Rev. Perkins, who is a former resident of Pampa, lived here until five years ago when he entered the ministry and moved to Oklahoma where he has been serving as a pastor.

The evangelist will be speaking each night for the next ten days with the exception of Saturday evenings which have been omitted. The Rev. H. E. Comstock, pastor of the church, extends a welcome to the public to attend these services.

Sew-A-Bit Club Members Honor Hostess Wednesday

Mrs. George Nunley was hostess to the members of the Sew-A-Bit club who met in her home yesterday afternoon for an afternoon of sewing.

After the hostess was showered with pillow cases, refreshments of

Mrs. Nell McCullough was hostess at a bridge-luncheon given yesterday at the Schneider hotel to entertain the members and guests of the Queen of Clubs.

Prizes were awarded to Mrs. A. J. Beagle for high cut; A. B. Goldston, high club; Newton P. Willis, guest high; and Crawford Atkinson, second high in the bridge games.

Club members who were seated at tables centered with chrysanthemums were Mrs. Atkinson, Joe Burrows, Carl Boston, Howard Buckingham, Raymond Harrah, Goldston, W. C. Jones, F. A. Howard, I. B. Hughey, H. D. Keys, R. S. Lawrence, B. O. Lilly, Carl M. Smith, and H. C. Wilson.

Guests included Mrs. M. Harris, C. N. Ochiltree, George Rainour, Beagle, W. A. Bratton, Pritchard, Ray Hagan, Newton P. Willis, J. H. Kelley, Dan Gribbon, and Miss Fern Hughey.

The running cost of the Dionne quintuplets' nursery is \$18,000 a year.

coffee and pumpkin pie were served to Mrs. N. A. Rickman, A. E. Shaw, W. J. Hatcher, L. O. Horn, E. D. Nunley, and one visitor, Mrs. G. T. Bunch.

The next meeting will be in the home of Mrs. E. D. Nunley on December 8.

OVERHAULING OF TAX STRUCTURE ADVOCATED

CHICAGO, Dec. 2 (AP)—Overhauling of the entire tax structure was listed as a national need by Secretary of Commerce Daniel C. Roper in an address to the business advisory council last night.

General revision should be undertaken, he said, to simplify the de-

termination of tax liability, to distribute the tax burden more equitably and to broaden the base of taxation.

The secretary said a larger percentage of the earning population should be included as taxpayers because "some contribution, however small, tends to increase one's interest in public affairs and create a constructive attitude toward one's government."

The 1935 farm population of the United States was 31,809,907.

Fellowship Meet Held This Week

By MRS. JIM BACK

McLEAN, Dec. 2—The regular fifth Tuesday fellowship meeting of the McLean churches was held here this week at the Baptist church. Eighty women attended the meeting.

Subject of the program, in charge of Mrs. Lee Wilson, was music. Music in the home, church,

and school was the subject of a talk by Mrs. Willie Boyett. Mrs. Norman Johnston gave the historical background of several favorite hymns.

Principal address was by Rev. W. A. Erwin, pastor of the local Presbyterian church.

The devotional was given by Mrs. Bill Thomas.

Guests registered in the basement and were served refreshments by ladies of the Baptist church.

Mrs. H. W. Finley, presided during a brief business session and appointed Mrs. T. J. Coffey, Mrs. C. O. Green, and Mrs. Jesse J. Cobb as members of the nominating committee, to nominate officers for the coming year.

CAN'T THINK OF AHEAD.

OKLAHOMA CITY (AP)—G. E. Burford is a national leaguer by birth and not by occupation. He was born on April 2, 1876, the day Boston beat Philadelphia in the first National league game.

NURSES URGED TO HOLD HER PATIENT'S HAND

NEW ORLEANS, La., Dec. 2 (AP)—Nurses were urged today to hold hands with their patients.

Dr. Ansel M. Caine, of Tulane University Medical School, in making the suggestion before the Southern Medical Association, advocated it, not as a boon to budding ro-

mances, but as a help in soothing the nerves of patients on the operating table.

He said that a "gentle pat" on the cheek and "a light squeeze of the hand" by the nurse "is very helpful."

MEDWICK'S PRICE.

MILWAUKEE, Dec. 2 (AP)—If there was a price tag on Joe Medwick of the St. Louis Cardinals it would read \$1,000,000 plus.

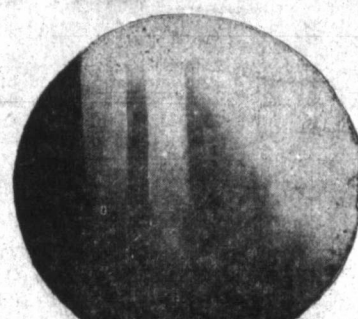

That's the value Branch Rickey, Cardinal Chieftain put on the

heavy-hitting outfield star today. And to lay low the stubborn rumor that Medwick would be sold during the current baseball meetings, Rickey explained that "only if we were liquidating the entire organization would Medwick be disposed of."

WARDON LEFT \$55,000.

LONDON (AP)—The estate of the late Harry Vardon, one of the golfing greats, was \$55,000, said to be the largest amount ever left by an English or Scotch professional.

GREEN CARD RATES LISTED

There appears to be some confusion on the part of the public with respect to the rate of postage on Christmas and other greeting cards sent under cover of unsealed envelopes.

Printed greeting cards mailed under cover of unsealed envelopes are chargeable with postage at the third-class rate of 1 1/2 cents for each two ounces or fraction of two ounces, regardless of whether addressed for delivery through post office boxes or general delivery, or by city or rural carrier.

Printed Christmas and other greeting cards in unsealed envelopes may bear a simple written inscription not in the nature of personal correspondence, such as "Sincerely yours," "Merry Christmas," "Happy New Year," "With best wishes," etc., together with the name and address of the sender and of the addressee, without subjecting them to more than the third-class rate, 1 1/2 cents for each two ounces or fraction of two ounces.

Greeting cards, sealed or unsealed, bearing written messages other than the simple inscriptions above mentioned, as well as all cards in sealed envelopes, are chargeable with postage at the first-class rate of three cents an ounce or fraction of an ounce, except when the 2-cent drop-letter rate applies.

Patrons should be advised that while printed cards bearing no unpermissible written additions are accepted at the third-class rate of postage when enclosed in unsealed envelopes, it is often more desirable from the standpoint of both sender and addressee to have the cards sent in sealed envelopes at the first-class rate of postage, especially those of an expensive kind, because of the better service accorded first-class matter, including free forwarding, or return if undelivered, as addressed. Large numbers of Christmas cards, mailed unsealed at the third-class rate of postage, are disposed of as waste each year when they are undeliverable as addressed due to removal of the address or other cause. Such cards are not entitled to the return privilege accorded cards mailed in sealed envelopes at the higher rate and consequently the senders in some cases never know that the cards were not delivered. This would not occur if the cards were mailed at the first-class rate. Post office officials urge saving this memorandum for future reference.

Market Briefs

NEW YORK STOCKS
NEW YORK, Dec. 2 (AP)—Buying in stocks touched off a last minute rally in today's stock market.

The related recovery reduced early losses running to more than 2 points and put many leaders, including a number of "blue chips" up 1 to 5 points. For a brief space the market held steady, but the pace slowed at the finish.

Steele was buoyed by the appearance of new orders from widely separated lines that have been holding back. Transfers approximated 1,000,000 shares.

KELLER'S COMPANION GRANTED CITIZENSHIP

NEW YORK, Dec. 2 (AP)—Helen Keller appeared in Queens Supreme Court today as a character witness today when her secretary-companion, Miss Polly Thomson, received her final citizenship papers.

The famous blind-deaf author and the woman who has been her "eyes" and "ears" for 24 years stood hand in hand before Justice J. P. Hallinan.

A friend, former Municipal Court Justice Edward Richards, spelled into Miss Keller's hand with his fingertips a few routine questions. Asked if she sponsored Miss Thomson as a citizen, Miss Keller replied: "I do."

Miss Thomson, who was born in Glasgow, Scotland, responded in horrified tones when asked if she ever had been arrested.

"Oh, no!" she said.

After her companion took the oath of allegiance, Miss Keller said: "Now that Miss Thomson has her papers I feel safe. I shall always know I have her. I could not carry on without her. She is my eyes and ears."

BACK HOME IN THE U. S. IS Screen Actress Marlene Dietrich after a tour of Europe in which she omitted Germany, where she was described as a "traitor."

NO. 2-- Continued From Page One

complicated diplomatic maneuvers. He reportedly carried assurance that France and Britain would give Germany a "free hand" in Central Europe Delbos' tour was an outgrowth of Anglo-French negotiations to insure the peace of Europe.

On the Spanish civil war front there was a lack of decisive action. Government and insurgent troops fought a series of localized battles which have characterized their activity of the past several weeks.

Foreign naval officers said Chinese bombers raided the Japanese airfield at Wusung.

Twenty new twin-engine bombers arrived at Hankow, 300 miles up the Yangtze river from Nanking, and were being tuned up by Chinese pilots, well-informed and reliable foreigners reported. The remainder of the fleet of 300 Soviet-built craft were said to be either at Sian, 400 miles north and west of Hankow, or on their way from Russia.

The Manila Tribune said five of six heavy bombing planes unloaded there recently and consigned to H. H. Kung, Chinese finance minister were on their way to Hongkong aboard the British freighter Benmacduh.

On the Yangtze delta battleground Japanese fought their way toward objectives where groups of American residents were believed to be in danger.

Heavy Japanese bombers showered projectiles ahead of infantry units driving toward Nanking and Wuhu. Another Japanese column was aimed at Hangchow.

Mainly About People

Mr. and Mrs. Joe Massingale of Hoover are the parents of a daughter, born yesterday at Worley hospital.

Mr. Bernie Leinger was taken to her home at LeFors from Pampa-Jarratt hospital yesterday.

Mr. and Mrs. Weiden Burleson are the parents of a son, born at Worley hospital.

Mrs. Morris King of Panhandle was admitted to Pampa-Jarratt hospital yesterday.

Cliff Chambers was a business visitor in Amarillo today.

Mmes. Melvin Pettijohn and James Knott were Amarillo visitors Monday.

PARENTS SUE SON FOR COSTS OF EDUCATION

SAN FRANCISCO, Dec. 2 (AP)—A handshake and a kiss today ended a court suit in which an elderly couple sought \$8,500 from their son, "owing and due" for his education.

Mr. and Mrs. John A. Driscoll filed the action against Dr. John A. Driscoll Jr., 30, attached to the City Emergency hospital system.

Mrs. Driscoll testified she and her husband told the son, when he was 21, they couldn't afford to educate him further, but if he would repay them they would mortgage their home, so he might continue his schooling.

She said her son agreed, and attended Stanford Medical School and Creighton University at Omaha. They said they waited a reasonable time for repayment before filing suit.

Superior Judge Pat R. Parker remarked the suit should be compromised because "the relationship" of a son to his parents is too precious to jeopardize in litigation. The attorneys then went into a conference.

Roy A. Rogers, attorney for the parents, announced the son had agreed to pay the \$1,500 mortgage, and \$2,500 extra at \$40 a month.

Leaving the Judge's chambers, the son shook his father's hand and kissed his mother.

NO. 3-- Continued From Page One

colorful, interesting, endearing parade ever conceived in Pampa.

1,000 in Parade

The 1,000 children who will march in the parade will include bands from every ward school, glee clubs from every ward school, the high school band, and then the Parade of Fairland which will be made up of hundreds of costumed boys and girls, representing characters in the favorite fairy tales. Nothing like it has ever been attempted before in Pampa.

Santa Claus will arrive by plane about 10 o'clock. He will fly over the main streets of the city, dropping a few hundred pieces of candy, just to let the kiddies know he has arrived. Then his pilot, Dee Graham, will land the plane at the airport and Santa will be whisked down town to view the parade.

Candy Tickets Necessary

Then, he will be surrounded by Jaycees, sponsors of Santa Day, and will be taken to the huge Christmas tree which will be erected on the vacant lot adjoining the Santa Fe tracks. There he will give away 10,000 bags of candy, each of which will contain from 25 to 30 pieces of candy.

To receive a sack of candy from Santa Claus each child between the ages of 12 and 16 must have a candy ticket which will be distributed by school teachers. All children under six may get tickets from a booth near the tree. Every child must have a ticket to get a bag of candy.

Santa Claus will travel from Kansas city to an isolated pasture near Pampa in a special TWA plane. Then he will transfer to Dee Graham's plane and be flown quickly to Pampa.

The largest Santa Day crowd in history is expected to witness the parade, and the Jaycees are preparing to give 10,000 bags of candy away.

MAVERICK SON'S WINS COURT PLAN DEBATE

SAN ANTONIO, Dec. 2 (AP)—Maury Maverick Jr. is a champion speaker at Texas Military Institute, but it's just possible his father, Congressman Maverick, won't like it.

Maverick won the title today in a debate in which he and Gregory

Dewine took the affirmative on the following question: Resolved: That the Supreme Court should not be changed according to the Roosevelt plan.

The Congressman was one of the most ardent supporters of the President's plan to revamp U. S. courts.

ALLRED'S FATHER 73

AUSTIN, Dec. 2 (AP)—Reene Allred, Sr., of Wichita Falls, father of Governor James V. Allred, celebrated his 73rd birthday today in the Governor's mansion.

NO. 1-- Continued From Page One

House can take up the Bill Dec. 13.

Sponsors of the measure began to pedal talk of removing cotton provisions from the crop control bill. They had threatened such action unless Southern Representatives helped get the wage-hour bill to the floor.

A few southerners were among the members who added their names to the petition yesterday until the signatures totaled 210. Most Legislators from that region, however, have opposed the bill on the ground that it would harm industry in the south by removing north-south wage differentials.

If the House should pass the measure, there was no assurance it would get to the White House before the special session ends during Christmas week. The Senate passed a wage-hour bill last summer, and differences between the two measures would have to be composed. This might be a long process.

Neither was there assurance that any of President Roosevelt's other recommendations could be enacted during the brief session.

The Senate farm bill, on which leaders had pinned their chief hopes for a concrete accomplishment, was criticized by Secretary Wallace. He wrote Senators Pope (D-Idaho) and McGill (D-Kans.) that it would not safeguard consumers against high prices and might lessen export marketing.

Pope and McGill contended Wallace's letter would not impede the progress of the measure, but leaders gave up hope of passing it this week. Authors of the bill said some of Wallace's objections could be met by amendments.

The House got down to consideration of amendments to its own farm bill after three days of general farm bill amendments.

Leaders broadcast the measure would pass by the end of the week, marking the first final vote in either House on any of the President's recommendations. A compromise bill will have to be worked out between House and Senate Measures.

Completion of farm debate might leave the way for House action next week on Housing Legislation. If the committee can get it ready in time, possibility of Senate action on Housing, however, was clouded by the filibuster expected on the anti-lynching bill after disposal of the farm bill.

Rep. Healey (D. Mass.), chairman of an informal committee backing the petition, said it appeared certain the provisions for a five-man administration board in the pending bill would be eliminated by amendment on the floor.

He said the labor committee would pass a bill by a single administrator of the labor department.

"It is difficult to say whether mandatory wage and hour standards can be written into the measure," Healey added, "but we hope that we'll reach the objectives desired."

HURT IN FALL

AMARILLO, Dec. 2 (AP)—Steve Trigg, 50, prominent Eastern New Mexico cattleman, was in serious condition at a hospital here today, as a result of a head injury received in a fall at Logan, N. M., yesterday. Dr. Ross Trigg of Fort Worth, a brother, is attending him. Steve Trigg is a native of Fort Worth. His wife and son are in Amarillo. Two daughters are in Wichita Falls and New York City.

CHICAGO GRAIN

CHICAGO, Dec. 2 (AP)—Stimulated by reports of increasingly severe crop damage in Argentina, wheat prices rose nearly 2 cents a bushel today.

One dispatch described the Argentine wheat crop situation as deplorable. Other sources said crop losses in South America would be offset by better than expected yields in North Argentina.

At Chicago, wheat futures were influenced by profit taking were unchanged to 1 1/2 higher, December 94-94 1/2, 92 1/2, corn unchanged to 1/2 on December 52 1/2-53, May 56-56 1/2, and oats 34-34 1/2 advanced.

Wheat	Open	High	Low	Close
92 1/2	94 1/2	94 1/2	94	94 1/2
May	91 1/2	91 1/2	91 1/2	92 1/2
July	86 1/2	87 1/2	86 1/2	86 1/2

KANSAS CITY LIVESTOCK

KANSAS CITY, Dec. 2 (AP)—(U. S. Dept. Agr.)—Cattle 2,400; calves 900; few Wily sales; butcher cows 4,000-5,000; bulk 4.50-5.75; weaners upward to 9.00; bidding 4.25-6.00 on most calves.

Cattle 2,000; packer top 7.75; medium good strong weight steers 9.50; several loads medium to good short fed 7.25-8.25; short feed strictly good heifers 8.15; medium short fed heifers down to 5.75; butcher cows mostly 4.50-5.25; selected weaners 10.00; most killing calves 8.25 down.

Sheep 3,000; no early sales, opening bids on native lambs around steady at 8.00 down; best fed lambs held above 8.50.

NEW ORLEANS COTTON

NEW ORLEANS, Dec. 2 (AP)—Prices barely moved during the morning and near mid-session active positions were unchanged to 3 points lower compared with previous day's closing prices.

December traded at 97.97, March at 8.02, May 8.05, and October 8.10.

CHICAGO PRODUCE

CHICAGO, Dec. 2 (AP)—Poultry, live, 31 trucks, easy; hens 4 1/2 lbs, up 19 1/2; young ducks, 4 1/2 lbs, up 1 1/2; small 15; turkeys, prices unchanged.

Butter, 5,693, firm, creamery specials (93 score) 39 1/2-40; extras (92) 39; extra firsts (90-1) 36 1/2; firsts (88-89) 32 1/2-34 1/2; seconds (84-87 1/2) 29-31 1/2; standards (90 centralized cartons) 36 1/2.

Eggs 3,353, steady; graded, extra firsts cars and local 24; firsts, cars and local 23; current receipts 22; refrigerator extra 18 1/2; refrigerator standards 18 1/2; refrigerator firsts 18.

OKLAHOMA CITY LIVESTOCK

OKLAHOMA CITY, Dec. 2 (AP)—(U. S. Dept. Agr.)—Cattle 2,400; calves 900; few Wily sales; butcher cows 4,000-5,000; bulk 4.50-5.75; weaners upward to 9.00; bidding 4.25-6.00 on most calves.

Cattle 2,000; packer top 7.75; medium good strong weight steers 9.50; several loads medium to good short fed 7.25-8.25; short feed strictly good heifers 8.15; medium short fed heifers down to 5.75; butcher cows mostly 4.50-5.25; selected weaners 10.00; most killing calves 8.25 down.

Sheep 3,000; no early sales, opening bids on native lambs around steady at 8.00 down; best fed lambs held above 8.50.

THIS'LL TIDE 'EM OVER.

UNIVERSITY, Ala. (AP)—Alabama's Crimson Tide played against "regional" crowds against Tennessee, Tulane, Georgia Tech, and Vanderbilt.

There is practically no illiteracy in Sweden.

NOTICE!

Due to the rapidly increasing costs of supplies and other dairy materials and general operating expenses, also the shortage of feed and the increased cost of milk production for the farmers we have decided in order to make it possible for our producers to receive an increase in price for their milk and for our salesmen to increase their earnings to raise the price of retail milk to 14c per quart.

We feel sure our patrons want us to continue with our high standard of quality and service and maintain our leadership in the dairy industry in this locality.

This raise in price will enable the farmers to continue with their present excellent quality of milk and keep their herds in the best of condition.

SHAW URGES WINDSORS TO VISIT U. S. SOON

LONDON, Dec. 2 (AP)—George Bernard Shaw today urged the Duke and Duchess of Windsor to visit the United States.

Their indefinitely postponed trip, the veteran dramatist wrote in the Glasgow Socialist newspaper forward, "would have been enormously useful to us both diplomatically and commercially."

"The sooner it (the postponed tour) is revived under auspices congenial to American labor the better," Shaw wrote.

JOB CENSUS SETS TRAP FOR CENSUS CHISELERS

SAN FRANCISCO (AP)—The post office got an idea when the mailmen brought back a number of unemployment census envelopes with the notation "unknown at this address."

Fictitious names at such addresses—mostly cheap lodging houses along the city's "Skid Row"—will be checked up against the state relief rolls with a view to exposing frauds.

ROPE TRICK FATAL

HAMMOND, Ind., Dec. 2 (AP)—A love for rope tricks, brought death to 13-year-old Ralph F. Morrison, Ralph lassoed a cross piece in the basement of his home last night and, in trying to remove the noose, slipped. The strands caught him under the chin, breaking his neck.

WALTER BARLOW DIES

CANYON, Dec. 2 (AP)—Walter L. Barlow, 38-year-old Dallas Attorney and former special assistant to the U. S. Attorney General, died here today. Death was attributed to pneumonia, which he contracted on a visit to relatives here Thanksgiving.

CARRIES THE MAIL

MINNEAPOLIS (AP)—Marty Christiansen, Minnesota sophomore full-back, received more than 50 fan letters from patients at a children's sanitarium in St. Paul following his performance in the Michigan game.

FRANK, HANES BOOMED FOR SECURITIES BOARD

WASHINGTON, Dec. 2 (AP)—Jerome Frank, one of the early Roosevelt new dealers, and John Hanes, former board member of the New York stock exchange, were discussed in informed circles today as the President's probable choices for two vacant seats on the securities commission.

They would succeed James M. Landis, who resigned as chairman in September to become Dean of the Harvard Law School, and James D. Ross, who quit recently to become power administrator for Bonneville dam.

TWO OF 9 FUGITIVES FROM NUECES CAUGHT

CORPUS CHRISTI, Dec. 2 (AP)—Seven of nine prisoners who escaped from the Nueces county jail remained at large today after arrest of two of the fugitives at Robstown last night.

Willie Rodriguez and Antonio Garcia, state prisoners, were taken from a freight train.

One of two federal prisoners at large was seen off near Falfurrias, officers said after Marvin Latham, kidnaped taxicab driver, was released at Hobbyville. Fremont McCullum, under 16-year sentence on a charge of robbery of a bank at Orange Grove, and a companion were flushed by a posse near Falfurrias. Bloodhounds were ordered to the scene.

HI-JACKING REPORTED

O. V. Krout of Mendota, reported to city police late last night that he had been hi-jacked about 6:30 p. m. in front of the J. C. Penney store on North Cuyler street. He said a man and a woman took \$150 from him. No further details were known by day police.

THE BOSS

By TIM

GOVERNOR OF GUAM SEEKS EXPENSE MONEY

NEW YORK, Dec. 2 (AP)—A benevolent despot under the American flag, a man with the power of death over more than 30,000 men, women and children thinks he should at least be paid enough money to meet the expenses his job entails. An officer and gentleman of the old school, he is Capt. Benjamin V. McCandlish of the United States Navy, Governor of the Island of Guam.

1913 EMPLOYER OF LINDBERGH HAS SHOW AT SOUTHERN CLUB

A former employer of Col. Charles A. Lindbergh and the man who asked a convention of the Nebraska Young Republicans to nominate the Lone Eagle for the presidency of the United States in 1940, is in Pampa. He is Myron E. Hollenbeck of Sioux City, Ia., who employed the flying colonel when he was 13 years old. Col. Lindbergh worked for Hollenbeck in 1913 as operator in a motion picture theater then operated by the latter in Little Falls, Minn.

Glorifying Yourself

By ALICIA HART. During cold months a jar of rich night cream (rich doesn't necessarily mean heavy and thick) is one of the best friends the dry-skin woman can have. She uses it as night after cleansing, of course, also in the morning before putting on makeup and, often, before the day after cleansing and before a fresh coat of cosmetics.

Girl Scouts Meet At Captain's Home

By Mrs. W. W. Hughes SKELLYTOWN, Dec. 2 (AP)—The Skellytown Girl Scout troop No. 1 of Skellytown, met recently at the home of the captain. Mrs. Sherren conducted the short business meeting. Eight dollars was reported made on the bazaar which the girls held Saturday. After the business meeting a program was rendered as follows: a reading, by Sara Florence Parker, songs by the group and a reading by Tamara Ann Arwood.

CHILD KILLED AS CAR STRIKES SMALL WAGON

FAYETTEVILLE, Ark., Dec. 2 (AP)—An automobile struck and killed six-year-old Betty Ann Powers, daughter of Mrs. Cora Peters, near here last night as her grandfather, W. H. Anglin, was pulling her and a small companion home from church in a child's wagon.

DR. SCHULKEY'S FATHER DIES

Funeral services for Louis Schulkey, 68, father of Dr. Carl H. Schulkey, were held this afternoon at Decatur, Wise county. Attending the funeral from Pampa were Dr. and Mrs. Schulkey and two daughters, Albertine and Betty Lou, Dr. H. E. Howard and Frank Hill. Dr. J. L. Ward, president of Decatur Baptist college, and the Rev. Bell, pastor of the Baptist church at Decatur, officiated.

Modern Menus

By MRS. GATNOE MADDOX The feast of Thanksgiving is over. Let's take a thought today of those members of the family who seem below par in general health. Many children and adults, although seemingly normal, actually suffer from anemia. Secondary anemia, as it is professionally called, usually comes as a result of some disease such as nephritis, heart condition, diabetes or hemorrhage. It comes also from a general run down condition or from undernourishment.

GARNER POSES AGAIN AND AGAIN WITH DEER

ST. MARY'S Pa., Dec. 2 (AP)—Senatorial nimrods—convinced that deer are not as elusive as solutions to the nation's economic ills—wielded a couple of venison steaks back to the capital today. Vice President John N. Garner and Pennsylvania's Senator Joseph Guffey were the lucky hunters in a group of nine Senators and five other government officials who went gunning on Colonel William Kaul's 10,000-acre preserve near this northwestern Pennsylvania town.

Electricity Thefts In Mexico Deplored

MEXICO CITY, Dec. 2 (AP)—The Mexican and Power Company, its facilities overtaxed by wire tapping power thieves, announced today it would accept no new customers after Jan. 1. Because of failure of efforts to get effective legislation to end the thefts which have equalled 25 per cent of the annual generation, the company, controlled by Belgian, Canadian and British interests, was said to be little disposed to spend more money to increase its facilities.

Susanna Wesley Group Prepares Clothing for Needy

Susanna Wesley class of the First Methodist church met Tuesday afternoon in the home of Mrs. Charles E. Ward for a social, business, and work hour. The group spent the afternoon sewing on clothes for a sunshine box and needy children. Mrs. S. N. Mundy served coffee and pumpkin pie with whipped cream to nine members and two visitors, Mmes. Earl Pank and W. M. Pearce.

Pampa Coach Guest Speaker at McLean

(By MRS. JIM BLACK) McLEAN, Dec. 2—Odus Mitchell, Pampa high school coach, was guest speaker at a banquet given by the McLean Lions club Monday evening for the 27 boys and Coach Bill Allen of the McLean high school football squad.

DOESN'T MOVE FAST

NEW ORLEANS (AP)—Larry Gilbert has been with the New Orleans Southern Association baseball club for 23 years as player, manager and business manager. Members of the Tiger squad who have played their last game of high school football were introduced. They are Joe Billie Bogan, Harry Barnes, Faris Hess, D. V. Nicholson, Albert Overton, George Watson, and Ralph Wells.

Rev. Emory New Skelly Pastor

By Mrs. W. W. Hughes SKELLYTOWN, Dec. 2—At a recent meeting of the Community Church board of Skellytown, Rev. Lee C. Emory, of Henderson, was appointed to fill the vacancy left by Rev. W. P. McMillen, who left to make his home in Pampa. Rev. Emory arrived last week and was in charge of the services here Sunday. For the past few years he has been in evangelistic work, as singing and later preaching. He was pastor of the First Christian church of Henderson for four years.

5 FUGITIVES BEHIND BARS

CORPUS CHRISTI, Dec. 2 (AP)—Five of the nine prisoners who escaped from the Nueces county jail early yesterday were behind bars today while a large posse combed the brushy country west of Palfurias in search of Fremant McCollum, bank-robbler-leader of the break.

Herman Brown, under 10-year sentence for robbery with firearms, was captured this morning in an orange grove near Palfurias where he and McCollum had abandoned their stolen taxi cab last night.

George W. Priest, under federal indictment on white slavery charges, and Henry Ruff, under three-year sentence for forgery, were held in San Antonio today where they were apprehended.

Willie Rodriguez, under sentence for burglary, and Antonio Garcia, held for petty theft, were captured in Robstown last night as they climbed from a freight train.

Marvin Latham, Corpus Christi taxi driver kidnaped by McCollum and Brown, was released late yesterday near Hebbronville after having been held all day while the fugitives unsuccessfully attempted to remove the speed governor from the cab. He was shown today at Hebbronville and spread the alarm.

Remating at large in addition to McCollum are Butimio Davila, indicted for burglary; Eduardo Ramirez, under five-year murder sentence and Virginia de la Portilla, indicted for burglary.

LANDRACE DESCRIBED AS IDEAL U. S. HOG

CHICAGO, Dec. 2 (AP)—The swine producer's idea of a real money making hog was shown today at the International Livestock exposition.

Two Landrace barrows, a breed which promises to become the "ideal type" for American stockmen, were the center of attraction. They are capable of producing heavier hams, better quality bacon, and 25 per cent more oil—the "money" portion of a hog—than breeds common in the United States.

Shown by the swine research department of the U. S. Department of Agriculture, the breed was first imported from Denmark in 1934 for experimental purposes.

Experts of the department assert that "favorable results in comparison," but they added that as yet no breeding stock is available from the department.

Experimental comparisons between the Landrace and U. S. breeds revealed, the department said, that 170-pound carcasses produced hams weighing 18.3 pounds as compared with 17.5 pounds; bacon weighing 12.4 pounds against 12.3 and loins of 18.4 pounds compared with 12.3 pounds.

KENNEDY TACKLES LAST OF MARITIME PROBLEM

WASHINGTON, Dec. 2 (AP)—Joseph P. Kennedy, President Roosevelt's foremost "trouble-shooter," tackled today the last big task of his present assignment as chairman of the Maritime Commission.

In five or six weeks he may be back in private life, to which he often has expressed a desire to return, or he may be in some other administration hot spot.

Kennedy was invited to lay before a House committee today proposals which he has described as essential to reconstructing the American merchant marine with private capital aided by government funds.

Two other goals which he set for himself remain unachieved—settlement of the maritime labor question and adjustment of shipping subsidies. Associates said he expects these problems to be worked out soon. He has recommended that labor questions be turned over to a mediation board, and subsidies are in process of adjustment.

GUNMAN SOUGHT AFTER PATROLMAN IS WOUNDED

SAN CLEMENTE, Calif., Dec. 2 (AP)—Peace officers widened a hunt today for a motorist who shot and critically wounded Allen Stone, 29, federal border patrolman, here last night.

The motorist, officers were warned, may be William Boyd, wanted in Fort Worth, Texas, for robbery and impersonating an army officer and in San Diego for wounding, kidnaping and robbing a policeman. Stone, alone and in civilian clothes, was shot after he stopped a gray coupe.

As he walked to the car, he announced: "Border patrol." The driver fired point-blank at him.

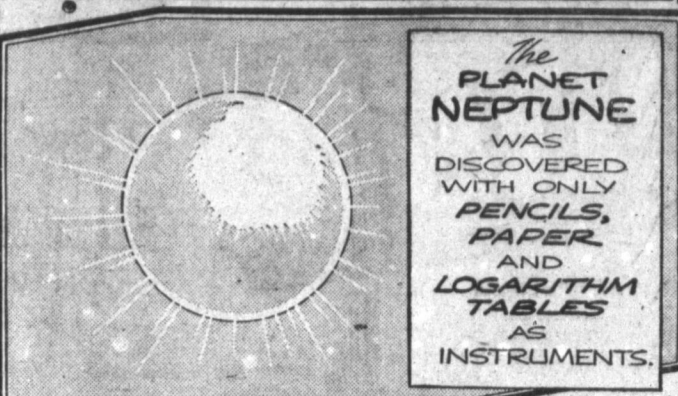

BOY FLATTENS HIMSELF AS TRAIN ROARS OVER

DETROIT, Dec. 2 (AP)—An 11-year-old school safety patrolman who saved two pupils and then flattened himself between railroad tracks while a train thundered over him on October 18 was awarded an American Legion gold medal for valor last night.

William Chundrick, was hustling the two pupils across the track when his heel became caught in a railroad tie. He pushed them to safety, pulled out of the shoe and "pancaked" into the roadbed just ahead of a train. He was unhurt.

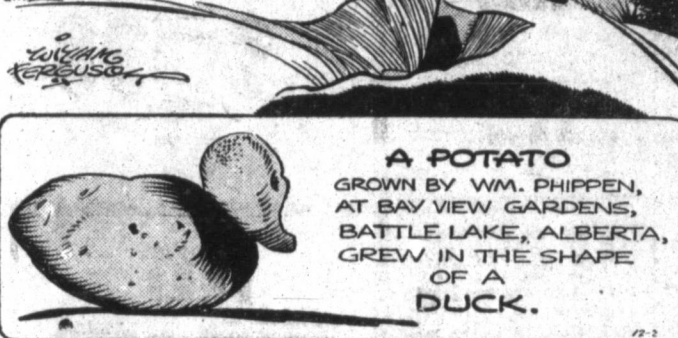

THIS CURIOUS WORLD

By William Ferguson

The PLANET NEPTUNE WAS DISCOVERED WITH ONLY PENCILS, PAPER AND LOGARITHM TABLES AS INSTRUMENTS.

IN THE UNITED STATES, ABOUT THIRTEEN MILLION ACRES OF LAND HAVE BEEN RUINED BY WIND AND WATER EROSION.

A POTATO GROWN BY WM. PHIPPEN, AT BAY VIEW GARDENS, BATTLE LAKE, ALBERTA, GREW IN THE SHAPE OF A DUCK.

SCIENTISTS suspected that the planet Neptune existed long before it was discovered, due to the peculiar actions of the planet Uranus, which showed that it was being influenced by some unknown body. Curiously, two men, working independently, calculated the location of the new planet, and reached identical conclusions. It was found to be exactly where they predicted it would be.

Claude Youths Invent 3-Dimension Pictures And Unique Projector

By WILLIAM H. CLARK

CLAUDE, Dec. 2.—For years, photographers and technicians have striven to produce projected pictures in three dimensions. Old flat pictures, such as we have today, are conspicuous for their lack of the realistic element provided by a third dimension recording depth. No doubt this marked inefficiency of present-day pictures is becoming more obvious to the public in proportion to the rapid increase of popular understanding concerning future possibilities. The unprecedented number of amateur photographers throughout the country indicates more than a general interest in taking and viewing pictures. It indicates a new demand for cameras and projectors that will provide this "extra-dimension," the absence of which, so severely limits their artistic interpretation of photographic subjects.

Poloroid Glass Used
But just how can pictures be projected on a screen in three dimensions? Scientists have recently answered this time-worn question, as the Land Wheel-Wright Laboratories of Boston have already demonstrated, by the production of poloroid glass. Since poloroid glass has made the projection of stereoscopic pictures a possibility, two young inventors, G. D. Caldwell and George Hathern, both of Claude, Texas, have invented an ultra-modern candid combination camera and projector that may be sold for the low cost of an ordinary camera or projector. This camera, especially designed for home use, is to be equipped with two lenses in position of about two and one half inches apart and calculated to use one continuous ribbon of film. After the stereoscopic pictures are taken, they may be projected on a screen stereoscopically, as taken, using the same lenses to project as were used in taking pictures. Observation of the projected pictures is to be made through poloroid glass.

New Method Worked Out
The subject of pictures in three dimensions is not necessarily a recent one in the minds of Mr. Caldwell and Mr. Hathern. In fact, they have been conducting experiments for several months, and have succeeded in projecting stereoscopic pictures, not only by the poloroid glass method, but by another method worked out by them a few months ago and demonstrated to friends. The boys claim that their own method, without the use of poloroid glass, is better than the more familiar method which uses the glass. However, the new combination camera and projector will

MAGNOLIA EMPLOYEES' VACATIONS INCREASED

DALLAS, Dec. 2 (AP)—Employees of the Magnolia Petroleum Company today had the promise of increase in vacation periods and in insurance benefits.

L. S. Sinclair, vice president, said directors of the company had voted to revise the vacation plan next year. Employees of 15 years or more will begin three weeks vacation with pay. In effect now is an insurance plan applying to employees who have served 20 years or longer and have not reached the retirement age of 65, under which families of employees who die before the retirement age are granted an extra year's salary. Sinclair said employees to be eligible must participate in the annuity and insurance plan.

Germany is Czechoslovakia's best customer.

'FLANNEL FOOT' SENT TO JAIL

LONDON, Dec. 2 (AP)—The man whom prosecuting counsel styled the phantom "flannel foot" burglar who eluded Scotland Yard for 25 years, was sentenced today to five years' penal servitude on wholesale charges of burglary.

E. J. P. Cussen, counsel for the prisoner, Henry Williams, protested the designation.

He said "Flannel Foot," whoever he may be is not indicated in this court. It would be dangerous for anyone to assume, on what we heard in this court, that the person made known to the public as 'Flannel Foot' is appearing here today."

The clerk of court said Williams when arrested had in his possession: Forty-seven keys, two table knives, one screw driver, a piece of wire, two torches, a pair of pliers, a metal grip, two safety pins, a pair of galoshes, a pocket knife and a pair of gloves.

Prosecuting Counsel Christmas Humphreys told the court Williams, who pleaded guilty to 40 charges, chiefly housebreaking, was the ghostlike "flannel foot"—who usually wore flannel socks over his shoes.

KINDNESS TO NARCOTIC ADDICTS NOW ADVISED

By STEPHEN J. McDONOUGH, Associated Press Science Writer
NEW ORLEANS, La., Dec. 2 (AP)—Formation of a society for the prevention of cruelty to narcotic addicts was suggested today in a study of successful treatment of the habit by two officers of the U. S. Public Health Service.

Reporting to the Southern Medical Association, Dr. Lawrence Kolb, medical director of the service, and Dr. W. F. Ossentfort of the national narcotic farm at Lexington, Ky., said many addicts can be restored to normal life by proper treatment and a sympathetic attitude from the public.

Many persons have been "cured of the narcotic habit" by being treated "as patients to be cured," instead of being imprisoned, since the narcotic farm was opened in 1925, Dr. Kolb declared. Society must recognize, he said, that it will benefit economically as well as socially in treating narcotic addiction as a disease.

The "rational treatment" evolved by the service after long experience consists of gradual withdrawal of the narcotic from a patient, restraining him as little as is possible, and providing work and recreation which will restore normal physical strength and eliminate the need for stimulants, Dr. Kolb said.

TAMMANY BOSS TOLD TO ANSWER CHARGES

NEW YORK, Dec. 2 (AP)—Albert Marinelli, a heavy-faced old guard Tammany boss accused of unfit-ness for his job as New York county clerk, had orders today from Gov. Herbert H. Lehman to make answer to the charges by next Monday. The governor thus proposed to put

Marinelli on trial as another governor, Franklin D. Roosevelt, put former Mayor James J. Walker on trial in 1932, for his alleged official sins. Walker resigned. The accuser is young Thomas F. Dewey, to whom in the November 2 city election Tammany lost the Manhattan district attorneyship for the first time in 20 years. Dewey is a Republican.

Governor Lehman yesterday received from Dewey a series of sworn charges against Marinelli, accusing him of political alliance with rack-

eteers, of harboring a federal fugitive, of consorting with known criminals. Six hours later the governor sent Marinelli an ultimatum to speak up by Monday.

NEWS TO HIM
KELLOGG, Idaho—Fred Wilson thought it pretty tough to have an arm partly paralyzed from a month-old accident. He went to a doctor. An X-ray showed his neck had been broken.

SANTA TO BROADCAST TO KIDDIES EVERY DAY

A series of daily broadcasts from Santa Claus to children was started yesterday over station KFDX. The series will continue until Christmas, the programs being broadcast at 4:55 to 5 o'clock each afternoon. Montgomery Ward & Co. is the sponsor.

The Capital Jigsaw

By HOWARD C. MARSHALL

AUSTIN, Dec. 2 (AP)—Construction of the last major project of Texas' Centennial memorial building program will begin soon. It is a magnificent cenotaph at San Antonio, which will honor the memory of heroes who gave their lives for liberty in the Battle of the Alamo a little more than 100 years ago.

A design by the sculptor, Pompeo Coppini, has been accepted tentatively by the state commission which supervised centennial building and it is estimated the work will be completed in about 10 months.

The cost will be approximately \$100,000, the money coming from funds put up by the federal government to assist Texas in celebrating the centennial of its independence from Mexico.

A marble shaft 58 feet high will rise above a base 61 feet and 4 inches long, but the whole bulk of Georgia marble. It was decided to use this marble because none other desired for the purpose was being quarried in sufficient quantities in Texas.

On the front of the monument will be a figure symbolizing the great pioneer soldiers. Among these figures, four will be outstanding. The quartet to be emphasized will represent Col. William B. Travis, who commanded the garrison, David Crockett, James Bowie and James Butler Bonham.

At the rear will be a figure symbolizing liberty. Names of all those who died in the Alamo will be engraved on the sides.

The cenotaph will be erected at one corner of the Alamo plaza and about 150 feet from the ancient chapel in which the final conflict of the historic battle occurred.

Other important work at the Alamo in connection with centennial construction has included erection of a museum at a cost of \$57,000; purchase of land east of the Alamo costing \$250,000, reconsecrating the chapel and landscaping the grounds. The chapel roof has been repaired and the building gone over with a preservative.

In the museum, in accordance with present plans, will be housed certain relics and flags of many other states presented during the centennial observance last year.

When a city fire station is moved off, the state will have acquired the entire block on which the chapel will be the central object. Conversion of all the property to the purposes of a memorial shrine long has been a dream of persons seeking to preserve it.

The only other centennial memorial of similar character and comparable in size is that being erected on the site of the Battle of San Jacinto near Houston.

A number of smaller monuments, including statues of pioneer soldiers and statesmen and markers of historical spots, remain to be built. Officials say the entire program probably will not be completed for a year.

AGRICULTURAL OUTLOOK GOOD TO STATISTICIANS

CHICAGO, Dec. 2 (AP)—There's no business slump down on the farm. Furthermore, farm and industrial statisticians declared today the immediate agricultural outlook is optimistic.

Citing charts and figures, they asserted there has been no recession in national cash farm income and that market statistics indicated no pronounced setback is likely the next few months. In October cash farm income reached the highest point in seven years.

Figures showed, for example, that the market valuation of grains, despite the price drop, was practically the same as a year ago when agriculture launched its most prosperous year since 1930. Hog prices have dropped sharply but swine marketed here in November returned more cash to producers than did the smaller receipts of August when prices were at eleven-year highs.

Nat. Murray, veteran Chicago statistician, said: "Although the price per unit is smaller, farmers are getting a total amount more than last year and at the same time are giving buyers more for their money." Harry G. Davis, Farm Equipment Institute research director, prepared a chart showing that in the 12-month period ended October 31 cash farm income plus benefit payments totaled \$8,616,000,000, the greatest for any 12 months' period since late in 1930.

CAPRICORN 3 STARS, CLAIMS ASTRONOMER

PASADENA, Calif., Dec. 2 (AP)—The naked eye sees 3 Capricorn as one of the sky's brightest stars. The telescope shows it to be two stars.

Now, Dr. Roscoe F. Sanford, using a spectroscope attached to one of the Carnegie Institution's Mount Wilson observatory reflectors, discloses it as three.

"Binaries, two stars revolving about a common center, are comparatively common," the astronomer said today. "But to find a system of three stars is unusual. In fact, in ways it is the first of its kind discovered."

CAMPS FOR JOBLESS BUILT IN CALIFORNIA

VINA, Calif. (AP)—A camp of 16 buildings which will accommodate 250 men is nearing completion, one of a number planned to meet California's unemployment problem. Jobless men without families will be sent to these camps as at present, but transients will not be admitted.

The men will receive bed, board, clothing, tobacco and medical care but no pay. They will be free to leave at any time to take employment.

GIANT MICROSCOPE AT HARVARD TO WEIGH TON

By HOWARD W. BLAKESLEE, Associated Press Science Editor, CAMBRIDGE, Mass., Dec. 1 (AP)—A giant microscope, weighing nearly one ton, built on a new slow-motion focusing principle, was described today at Harvard university. It works somewhat like the world's

largest telescope in reverse. It focuses by remote, electric control. It magnifies distinctly 6,000 diameters, which is four times more than the theoretical limit of clear definition, and means object's one-fifth the average wave length of light.

It goes beyond this more dimly, and sees down to 100 atom diameters. This is about as close to the limits of infinite smallness as the seeing limits of the 200-inch telescope will be to the outer edges of creation. The Harvard giant will magnify 50,000 diameters, which

would be like making an exclamation point about as tall as the Washington monument. This great magnification is only useless blur, and the value of the new instrument lies in its 4,000 to 6,000 diameter work.

In this range it has picked up flecks of gold, said never to have been seen before, embedded in minerals. The flecks are so small that it is estimated 40 billion of them would be worth one cent.

The microscope was designed for metallurgical work in the Harvard laboratory of mining geology. It

was made by Prof. L. C. Grato and Dr. E. B. Bane Jr. to take advantage of new metal polishing methods that help to make mineral particles visible.

WINDOW SHELVES FOR PLANTS For window sills too narrow to accommodate plants, look at the new double window shelves of hand-wrought iron finished in antique green or white. The upper shelf is for plants, the lower for books or those charming little figurines it's so much fun to collect these days.

EFFECT OF ATHLETICS ON HEALTH STUDIED

MINNEAPOLIS, Dec. 2 (AP)—Why is one athlete a tenth of a second faster than another in the 100-yard dash? Why can one man jump an inch higher than another? Where does a shot putter get the extra push to nose out an opponent?

And—what, if any, will be the effects on his health later? These are the questions research workers at the University of Minnesota will try to answer in a study by the department of athletics and the medical school. Dr. Ansel Keys, formerly of the Mayo Foundation at Rochester, Minn., will conduct the survey.

MEMORIAL TO MINERS FAIRMONT, W. Va. (AP)—Funds will be raised by public subscription to erect a monument

to the 352 men who died 30 years ago in the Monongah mine disaster, the greatest in American mining history. The memorial will be placed on the Clarksburg-Fairmont highway.

'Souvenir Of Effort To Kidnap Kaiser Located After 19 Years

B NEA Service.
GRAND RAPIDS, Mich., Nov. 30.—When Leland S. McPhail looks at a little silver ash-tray, in his home here, he is apt to chuckle a bit. That ash-tray, whose exact whereabouts was a mystery for 19 years, has a history.

That it was in this country was well-known. That it was in possession of one of eight mad devil-may-care American soldiers of the World war was strongly suspected. But now it can be told—former Captain Leland S. McPhail of Grand Rapids has the ash-tray. And his chuckle is only a pale ghost of the cosmic laugh that swept across the A. E. F. and the United States in the early January days of 1919.

The silver ash-tray which McPhail

them told the story. The lid, tight on the story for 19 years, was off, and when the newspaperman, T. H. Alexander, wrote it in a Saturday Evening Post article, the chuckles that once swept the whole A. E. F. began all over again.

In the winter days of 1919, between Christmas and January 5, Colonel Luke Lea and the other seven were in Luxembourg with the Army of Occupation. The Kaiser, abdicated, was in Amerongen, Holland. The peace conference was on in Paris, with a great hue and cry in everyone's ears about trying the Kaiser like any other criminal.

The eight American soldiers decided to go and get him. Their first attempt during the days around Christmas, 1918, was blocked when

himself, Von Bentinck and the burgomaster of Amerongen then also sparred for time, putting in several telephone calls.

Wouldn't Be Lured.

The American soldiers were close enough to the imperial presence to hear him addressed as Your Majesty in the next room, and to hear his brief responses. But he refused to be lured into their presence.

Meanwhile, probably in response to the telephone calls, several hundred Dutch soldiers were gathering outside the house. The Americans felt the water getting hotter by the clock, and at 11 p. m. they bowed their way out.

Fully expecting to be detained by the soldiers or the crowd that had by this time gathered, they got back into their cars and sped away. Discovery that the ash-tray had been taken caused an alarm, but 36 hours later they were back with their outfits in Luxembourg.

Whole World Laughed.

There was an investigation, there

were reprimands and rebukes, but meanwhile a whole world was laughing at the impertinent audacity of the eight American soldiers who had tried bare-handed to kidnap the Kaiser.

And as Captain McPhail looks today at his little silver ash-tray he is entitled to his well-earned chuckle. For the little bear holding the pipe has looked on at least one event that justifies his cryptic grin.

JAPAN'S DOUBLE SUICIDES CUT BY WAR IN CHINA

TOKYO (AP)—Statistics compiled by the metropolitan police board show that the number of double suicides in Japan this year is less than half of last year's total for the same period.

The practice is comparatively common in Japan. It is the traditional escape of frustrated lovers, and lately it has become common among poverty-stricken married couples. But since the war in China began, it has dropped sharply.

ASTRONOMY USED IN POSITIVE DIAGNOSIS OF HAY FEVER ILLS

By STEPHEN J. McDONOUGH, Associated Press Science Writer.

NEW ORLEANS, Dec. 2 (AP)—Astronomical studies have resulted in two important contributions to medical diagnosis and treatment, two Southern Medical Association physicians said today.

Reporting at the association's annual meeting, they declared uses of infra-red and deep blue light in studies of distant star clusters had been adapted with success to studies of human species.

Dr. Edgar Jones of Vanderbilt university at Nashville, Tenn., and Dr. Narcisse F. Thiberge of the Louisiana State University School of Medicine were the speakers.

Infra-red photography has been used extensively to find and measure stars which were invisible in other colors of light, Dr. Jones declared.

The same method, he added, is now being put to use to photograph the surface veins of the body and to reveal changes in them early enough to treat successfully diseases of the heart, kidney, spleen and cir-

culatory system before they become serious.

The blue color of the veins is absorbed by the light filter used in infra-red photography. Dr. Jones explained, and when the special red-sensitive plates are developed the veins stand out like dark rivers running under the skin.

The second method borrowed from astronomy makes possible for the first time the positive diagnosis of many kinds of allergy—disease caused by sensitiveness to foods, feathers, dust and pollen—which have been missed before, Dr. Thiberge declared.

This disease manifests itself as asthma and by skin eruptions and is ordinarily diagnosed by skin patch testing of all of the possible causative agents.

In many cases the reaction is so light it is missed in routine examination. By examining the patch tests under deep blue light in a special cabinet, however, the slight reaction is clearly shown, making diagnosis positive and the treatment exact.

SANTA FE'S OPERATING INCOME SHOWS DROP

The Santa Fe railway's net operating income for October was \$1,248,651, according to a statement released today by President Samuel T. Bledsoe. This is a decrease of \$1,212,256 under October of last year.

Santa Fe railway system carloadings for the week ending November 27, were 20,353, compared with 21,263 for the same week in 1936. Received from connections were 5,276 cars, compared with 6,317 for the same week last year. Total cars moved were 25,629, compared with 27,580 for the same week in 1936. The Santa Fe handled a total of 29,083 cars during the preceding week this year.

SAFETY RECORD IMPROVES ON SAN FRANCISCO

SAN FRANCISCO (AP)—After the lapse of a year and passage of 3,000,000 machines, traffic on the giant San Francisco-Oakland bay bridge is slithering and safer. So report Harold Atkins and J. A. Fowler, who have patrolled the structure since the day it opened. Early-day faults of travelers

across the eight-mile span were listed by the officers as stopping or slowing down to look at the scenery, attempting to cross on foot and running out of gas.

A Muffin a Day Keeps Cathartics Away

If you suffer from common constipation here's good news for you. One good-sized muffin every day, made with Kellogg's All-Bran, will keep you "REGULAR." All-Bran puts two of Nature's own laxatives back in your diet. Instead of over-stimulating your intestines, it gives them things they need. First, "bulk"—All-Bran absorbs water and softens like a sponge. This water-softened mass aids elimination. Second, vitamin "B"—the amazing vitamin that tones up your intestinal tract.

Kellogg's All-Bran is a crunchy, toasted cereal. Eat it with milk or cream and fruits—or in muffins. But however you eat it, use it REGULARLY: eat two table-spoons of All-Bran and drink plenty of water. If you do this every day you can avoid common constipation and cathartics, too! Every grocer sells All-Bran. Made by Kellogg in Battle Creek.

Now it can be seen! For the first time, Capt. Leland S. McPhail is photographed here with the little silver ash-tray that once belonged to Kaiser Wilhelm II of Germany, brought home by McPhail and seven other American soldiers when they pulled the breath-taking effort to kidnap the Kaiser in 1919. They missed by a hair.

now holds once belonged to Kaiser Wilhelm II. And it played its part in the most impudent, maddest gesture in the history of warfare—the effort of eight American soldiers to kidnap the Kaiser and bring him to their President at Paris.

All 19 Years Older.

The eight are all living today, 19 years after they captured the ash-tray in lieu of the All-Highest War Lord they sought.

Captain McPhail, for years manager of the Cincinnati Reds baseball team, is now in business in Grand Rapids.

Col. Luke Lea is living in Nashville, fully pardoned after serving more than a year in the North Carolina penitentiary in connection with a bank failure at Asheville.

Captain Thomas P. Henderson is one of the leading lawyers of Franklin, Tenn.

Lieutenant Ellsworth Brown lives in Chattanooga, and Sergeant Dan Reilly is a superintendent with the Tennessee State Highway department.

Sergeant Owen Johnson is a prosperous merchant of Franklin, Tenn., Sergeant Egbert Halle lives in Texas and Corporal Marmaduke Clokey is in the auto tire business in Knoxville, Tenn.

They are all 19 years older now, but the little silver ash-tray binds them together as comrades of the maddest, merriest exploit of the World war.

Chuckles Begin Again.

For years they kept silent on the details of that improbable exploit, and the little silver ash-tray with its grinning silver bear was silent, too. Then, to help a newspaperman friend with a son in desperate need of an expensive operation, three of

armed Dutch guards halted their cars at the frontier of Holland.

Start for Amerongen.

They tried again. On New Year's day, 1919, they went up through Belgium, and trading on Lea's former membership in the Senate, secured passports from Ambassador Whitlock. These credentials enabled them to pass the Dutch border on January 5. They picked up a Dutch boy as an interpreter, and started for Amerongen.

Near the house of Count von Bentinck, where the Kaiser was staying, a bridge was washed out, and they had to deicker their way across a rickety ferry.

That obstruction made impossible a quick getaway even if they had been able to abduct the Kaiser. It spelled ruin for their audacious plan. A quick council-of-war was held, and it was decided to go on, interview the Kaiser, and try to persuade him to go with them to Paris.

They arrived at the house early in the evening, bluffed their way past a sentry, and parked in front of the house. The officers went in and demanded to see the Kaiser. Count von Bentinck received them politely, asked their business. The Americans sparred for time, refused to talk to anyone but the All-Highest

FALSE TEETH Can Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their teeth dropped or slipped just at the wrong time. Do not live in fear of this happening to you. Just sprinkle a little PASTEETH, the alkaline powder, on your plates. Make false teeth stay in place and feel comfortable all day long. Sweetens the breath. Get PASTEETH at any drug store. Accept no substitute.

NEW MAVERICK TOWN GRADING & STREETS

EAGLE PASS, Dec. 2 (P)—Grading of six streets at the new townsite of "El Indio," 20 miles south of here in the center of the Indio ranch, is giving definite form of the third new town in Maverick county founded within four years. The main street, a section of the future river highway to Laredo, was graded more than a month ago. Farm land south of El Indio is being cleared rapidly under the supervision of John Hains, Quemado Valley farmer, who contracted to prepare the demonstration farm for this new section of Maverick county's irrigation district. Approximately 40 acres have been plowed, revealing a deep, black, clay-loam soil fertile with decayed vegetation. In the Indio section are 20,000 acres of new land, surveyed into 20- and 40-acre farmsites. In the center of the subdivision is El Indio, which will be the supply base for the outlying farms. The town will have electric power, gas, and its own system of garden irrigation that will make it one of the greatest and prettiest in the state, says C. H. Krause, in charge of development work.

DAM STARTED AT NEW TEXAS PARK PROJECTS

AUSTIN, Dec. 2 (P)—Texas' newest park development has begun in the Huntsville park where a Civilian Conservation Corps company has launched a three-year development program. First phase is construction of a dam which will impound 210 acres of water on the Prairie ranch of the San Jacinto river. Around the lake workmen will construct recreation and boat houses and other facilities. About \$300,000 will be expended for materials by the national parks service cooperating with the Texas State Parks board. William Lawson, executive secretary of the parks board, said the Huntsville area was considered one of the best in the vast state parks system. In addition to typical East Texas piney woods, the 2,044-acre reservation also contains many hard woods.

Even before the advent of the talking picture sound rights to many properties sold to the motion picture were reserved. Companies refilming such stories have to pay an additional amount for the talking rights.

AIR SHOPPING CARRIED ON BY TWA LINERS

You can do your Christmas shopping from coast-to-coast this year. Air shopping, of 480 Lexington avenue, New York City, through the medium of Air Express, now offers to produce virtually any article from most any city in the United States almost as quickly as it could be delivered by your local department store.

Closely cooperating with Air Shopping is Transcontinental and Western Air, Inc., not only because it means additional revenue, but because many of the most popular articles originated along T. W. A.'s picturesque coast-to-coast route.

Belated holiday shoppers will thus have in this holiday season of 1937 another aid to keep their gifts from arriving ignominiously on New Year's Day.

For easterners, shivering along past holiday wreaths in department store windows, the offerings of sunny Southern California have charm and allure. For them Air Shopping makes a wealth of semi-tropical fruits and flowers at the most only two days away. Delectable dates in brandy, colorful pottery, glowing Mexican art, latest west-coast fashions originating from Hollywood's movie stars—these are among the multitudinous offerings that can be procured overnight for eastern residents' Christmas needs.

At San Francisco, latest Pacific coast city to be added to T. W. A.'s air route network, can be found the choicest west coast sea foods, notable specimens of oriental art and needlework, along with a wonderful selection of out-of-season fruits and vegetables.

Albuquerque, first major stop on both of T. W. A.'s west to east routes, is the home of the fascinating Indian arts, curious jewelry, and beadwork, interesting rugs and leather articles. Here also are gifts depicting the lure of the desert—tiny potted cacti, horned toads, paintings touched with the spell of the shadowy Grand Canyon and the Call of far vistas.

Shipping by air was long a luxury, but today, with a wealth of Christmas gifts from many sections offered this season through Air Shopping service, it bids fair to bring all the markets of the nation to the gift shopper's door this Yuletide.

WELLINGTON HAS BEST SIMILAR NAME RECORD

Going the Gray county record of the first marriage here of two persons whose family names were the same one better. L. L. Ladd, publisher of the first newspaper in Pampa, yesterday told of an incident that happened in Wellington in 1918.

The bride's name was Jessie Coe, the groom's Jesse Coe. They were married in Wellington on Armistice day, and they came into Wellington for the ceremony just as whistles and bells created an uproar announcing the signing of the armistice.

Mr. Ladd said the couple at first thought all the racket was a sort of charivari for them, and they had the same impression on their honeymoon trip when they went through Childress that same day.

STUBBLELESS FIELDS.

AUSTIN, Dec. 2 (P)—Fields without good stubble or stalk cover are beginning to suffer from wind erosion this season, soil conservation experts say. H. H. Fennell, regional conservator of the Federal Soil Conservation Service at Amarillo, points out rainfall in the Texas Panhandle and other parts of the great plains area has been far below normal. The heavy blowing normally starts in January and extends through May. Fennell says terraced and contour-plowed fields this year produced wheat crops in excess of untreated fields adjoining, or nearby.

ALL BUSINESS LINES REPORT SMALL SLUMPS

DALLAS, Dec. 2 (AP)—Business and industrial activity in the eleventh district evidenced a downward trend in October, says the monthly business review of the Federal Reserve Bank of Dallas, released today.

"In some instances operations were below those of a year ago," the Review says. "Due in part to high temperature, which retarded consumer buying of fall and winter merchandise, department store business failed to show the customary gain from September to October, increasing only two percent."

Daily average sales were about equal to those of a year ago, the Review says, and distribution of merchandise at wholesale reflected a non-seasonal decline of six percent from that of a month earlier, and was three percent less than in October, 1936.

A contraction, contrary to seasonal, also was evidenced in the cotton textile industry, and operations were below those in October last year. Bank debits to individual accounts increased considerably less than seasonally, and the four percent gain over a year ago was somewhat smaller than the average for the year to date.

The Review reports the number of commercial failures increased sharply over the month, but continued in relatively small volume. Liabilities of re-faulting firms were reduced 27 percent from September to October, but remained in much larger volume than in the same month last year.

Petroleum output declined further in October and the first half of November to comply with reduced production allowances, effected to meet the seasonal decline in consumption, the Review says. "After a substantial reduction Nov. 1, quotas in Texas again were reduced Nov. 16 in a further effort to balance production and demand. Crude prices continued generally firm through Nov. 15, despite a weak gasoline market."

In agriculture, the Review says except for the declining price level of crops, conditions continued generally favorable. "The indicated production of cotton in the eleventh district was increased by 92,000 bales to a total of 6,189,000 Nov. 1. The forecast for feed crops was reduced somewhat, but continued well above the 1936 production. "A material improvement was indicated for the 1937 pecan crop, and the Nov. 1 estimate for almost all crops, except feed, about equalled, or exceeded, the 1936-37 average production."

Seeding of winter wheat, the Review says, made good progress and the crop is reported in good condition. Moisture conditions are good except in South Texas where soil is urgently needed. Range conditions continued generally good except in the dry areas. Cattle and sheep are going into the winter in good flesh.

In the building industry, the Review says, although value of permits issued at 14 principal cities in October was smaller than a month earlier, or a year ago, the value of construction contracts awarded in the district as a whole was substantially larger than in either of the two comparative months.

Extension of bank credit continues to expand at weekly reporting member banks in leading cities, the Review says. Total loans were \$251,331,000 Nov. 10, or \$4,369,000 larger than four weeks earlier, and \$21,862,900 greater than a year ago.

Weary of This Divorce Talk

Eleanor Heim Jarratt and Billy Rose, a contrast in smiles and seriousness, wanted to let the whole thing drop—not their romance, but the talk about the divorces from their respective spouses—on arrival in New York from San Francisco. "I'm tired of the whole three-ring circus," Rose admitted. "I'm tired of long hours in pictures," quoth Eleanor, who lost 16 pounds struggling before the cameras.

CLUB AGREES NOT TO USE NEW HUNT FIELD

SILSBEE, Dec. 2 (AP)—By a gentleman's agreement, members of the Silsbee hunting club are refraining from hunting on the 13,000-acre tract recently fenced by the club in Hardin county.

Although game is fairly plentiful, members are arranging to further stock the area as soon as wildcats are killed out, C. E. Landolt, president of the club, said.

Two truckloads of fish from the Jasper fish hatchery have been distributed in creeks running through the tract. Squirrel and deer are plentiful but after the first of the year, more deer, squirrel and wild turkey will be obtained.

Debts on the preserve have been paid and a commodious hunting lodge erected. Through subscription of members and donations of material and work.

Among events planned for the first of the year are bi-weekly fox hunts, 'tater and hog' feasts and hunting on a 7,000-acre tract set aside from the preserve.

WINTER VEGETABLES SHIPPED FROM LAREDO

LAREDO, Dec. 2 (AP)—Through Nov. 16 a total of 12 solid carloads of fall and winter vegetables had been shipped from Laredo, including six of tomatoes and two of sweet peppers.

The big carrot crop will begin to move soon. County agent L. A. Pierce, reported after a survey this region has 415 acres planted in carrots, 1,260 in tomatoes, 115 in sweet peppers, 197 in broccoli, 50 in beets, 100 in squash, and 200 in string or green beans. The tomatoes being marketed are of the marglobe variety and said to be of extra good quality although at first the tomato crop was damaged some by works.

Albany, N. Y., was named in honor of the Duke of York and Albany, who later became James II of England.

331,000 Nov. 10, or \$4,369,000 larger than four weeks earlier, and \$21,862,900 greater than a year ago.

DINOSAUR PELVIC GIRDLE SHOWN IN TECH MUSEUM

LUBBOCK, Dec. 2 (AP)—A fossil of a Dinosaur of the upper triassic age recently was placed on exhibit in West Texas Museum, on Texas Technological College campus.

Dr. John Clark, former curator of vertebrate fossils at the museum, and W. C. Watt, chemistry instructor at Lubbock High school, found the specimen.

Age of the fossil is definitely established as triassic by its peculiar, rusty bronze color.

DEER HUNTING IS RICH MAN'S SPORT

SAN BERNARDINO, Cal., (AP)—Venison proved expensive to hunters who shot their own in the San Bernardino national forest this year.

Neal M. Rahm, forest range examiner, estimates the cost at approximately \$1 per pound. His estimate includes expenditures for guns, ammunition, food, gasoline and other items.

During the season 186 deer were shot within the forest, or one for every five hunters checked into the area.

Australia has been settled for only 150 years.

HAPPY RELIEF FROM PAINFUL BACKACHE

Caused by Tired Kidneys
Many of those gnawing, nagging, painful backaches people blame on colds or strains are often caused by tired kidneys—and may be relieved when treated in the right way.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 3 pints a day or about 3 pounds of waste.

If he 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, loss of pep and energy, itching, swollen, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

PUBLIC SAFETY GROUP HAS NEW HEADQUARTERS

AUSTIN, Dec. 2 (AP)—The scattered divisions of the State Public Safety Department at long last are united in a new home at camp Mabry.

Here in the strength of unity and, perhaps, the atmosphere of discipline surrounding tenancy of the old National Guard encampment, officers say a revitalization of purpose

has developed—prevention and detection of crime, and curbing the increasing menace of highway recklessness.

Until recently the units of the department were housed in the highway building, the capitol, camp Mabry, and even in rented quarters. Now all have been consolidated at the camp, at the northwestern edge of Austin, in two renovated barracks with 45,600 square feet of office space, and bringing a coordination of activity, says Col. H. H. Carmichael, director. Having more than 500 employees,

including highway patrolmen, rangers, drivers' license bureau examiners and others, the department has become one of the busiest. Its activities cover the state and are administered in Austin.

The Legislature authorized an increase from 147 to 200 in the highway patrol, gave the license bureau more men for enforcing a new law requiring driving and physical tests for applicants, made more facilities available for the intelligence and identification divisions, strengthened the anti-narcotics law and empowered the department to enforce

PAMPA WELCOMES IT'S TOP O' TEXAS NEIGHBORS

Dance International Will Be Held To Help Bring About Peace Ideals

By NEA Service
NEW YORK, Dec. 2—The Dance from the ballet to the Big Apple and such goings-on—is being enlisted in the fight for peace.

While Death is dancing across China and Spain, the peoples of 40 nations have joined together in presenting an international festival at Radio City from Nov. 28 to Jan. 2.

The Dance International 1900-1937, as it is officially known, was conceived by Louise Branch out of a desire "to help bring about in friendly competition a closer relationship for better understanding of all nations."

Among the countries represented in the "friendly competition" are Japan and China, Germany and Russia, Italy and England.

The festival is featuring two performances by the foremost American ballet and modern dance groups; a series of 15 afternoon folk-dance programs by representatives of 27 governments; lectures, exhibits, and motion pictures.

Warring Nations Take Part
Instead of bullets, bombs, and battleships, the nations are exhibiting books, sculpture, paintings and every form of art that touches upon The Dance.

And, instead of newsreels of the shelling of Shanghai, there will be motion pictures of South African dances and the duk-duk steps of the New Guinea natives, and the only film made of the whirling Pavlova, Mary Pickford, herself, ground out this precious footage of flying feet.

Japan, half of whose male population is now clothed in khaki and steel, has sent over rare dance costumes, apparently not having any particular use for them at the present time.

Italy, carving out an empire, has contributed the sculpture of Antonio Maraini. France has sent the paintings of Degas.

Broadway will send Patricia Bowman, Paul Haakon, and Paul Draper of musical comedy fame to collaborate with the Ballet Caravan, the Dance Center Company and Catherine Littlefield's Philadelphia Ballet Company, which troupe, by the way, is as rugged as it is graceful, including a wrestler, football star, track man, and truck driver.

Ends With Modern Step
Ruth St. Denis, Martha Graham, Hanya Holm, Doris Humphreys, Charles Weidman, Tamiris, Anita Zahi, Filica Borel, Cluck-Sandor and their groups will demonstrate the Modern Dance on the night of Jan. 2.

The first week of folk dances with recitals on Nov. 30, Dec. 2 and Dec. 4 offers the representatives of Armenia, Cuba, France, Yugoslavia, Portugal, Sweden and Ukraine, Austria, Bulgaria, China, Czechoslovakia, England, Estonia, Hawaii, Norway and Spain will dance during the second week.

The third week of recitals will see Denmark, Germany, Hungary, Japan, Italy, Lithuania, Poland, Scotland, South America dancing, Africa, Central America, Finland, Greece, India, Ireland, The Netherlands, and

Chandra is India's sinuous representative in the world's dance collation.

Pivot for a swirl of skirts of Tashamira, leader of Jugoslavia folk dance groups.

unselfishly thinking of "art for art's sake."

Audiences Enthusiastic
However, it is quite possible that the Festival will be a financial success. The Dance is stepping right along in this country. The terpsichoreans report that America is appreciating their pirouettes and whirls and twists and twirls more and more every year.

About \$2,000,000 was spent by American devotees of The Dance last year to watch their favorites. Chicago is the most enthusiastic about the Dance. Los Angeles is a close second. New York, Philadelphia, San Francisco,

Boston, and St. Louis rate in that order in the big league of ballet.

This season promises to be the biggest in the history of The Dance. More concert groups and ballet companies are taking to the road than ever before.

Among them are the Ballet Russe de Monte Carlo (which last year hung up a record of \$1,000,000 on its fifth transcontinental tour); the Hindu Shan-Kar; Trudi Schoop's Comic Ballet, who are quite serious about their comedy; and the Jooss Ballet, which has proved America likes its dance thoughtful and rugged and which will tour 22 weeks instead of nine as last year.

The Dance, truly, is on...

STATES INTERESTED IN TEXAS POLICE SCHOOL

AUSTIN, Dec. 2 (AP)—Other states apparently are interested in Texas' method of training police.

Kansas and West Virginia have asked the public safety department for complete outlines of schools conducted at Camp Mabry, headquarters for the department, where 138 rookie highway patrolmen and driver's license bureau officers recently were trained. Seven other training and re-training courses have been given.

Capt. Homer Garrison, Jr., director of education for the Texas department, recently supervised formation of state police training schools in New Mexico and Arkansas at the request of those commonwealths.

With the consolidation of headquarters these varied functions are administered with increasing effectiveness, says Col. Carmichael.

His "cabinet" or heads of divisions, can meet on a minute's notice for conferences, necessary because the work of one group dovetails that of another.

"When the divisions were scattered it was hard to get together," says the director. "Now that we have moved, leaving only the mail box downtown, and the Legislature has added to our manpower and facilities, we have a setup adequate for the first time to needs of the state."

PLANS PREPARED FOR CONSTRUCTION OF DAM

DICKENS, Dec. 2 (AP)—Plans for a 2,100 foot dam to be constructed southeast of Spur at the edge of Kent county, have been prepared by the Spur Chamber of Commerce for presentation to officials in charge of building dams in the Brazos valley. The proposed dam would impound water to a height of 54 feet and the location has a basin of 300 square miles. Besides conserving water, it would make a pleasure resort for this part of the country.

TOWN GETS ALONG WITHOUT POLICE OR JAIL

ROCKLIN, Calif. (AP)—Although this is an incorporated city with a population of 742, it gets along without a city attorney, police judge or jail. For years the council has declined to build a jail or appoint a police chief, arrests when necessary being made by a county deputy sheriff.

SCIENCE USED BY TEXAS TO FIGHT CRIME

AUSTIN, Dec. 2 (AP)—Modern science is the spear point in Texas' war against crime.

Closely related intelligence and identification divisions of the Public Safety Department, equipped with photographic, chemical and ballistic laboratories, more than 54,000 criminal fingerprint records, descriptions of stolen automobiles, jewelry, and even clothing, are nerve centers of statewide anti-crime activities.

Housed in new quarters at Camp Mabry in Austin, both divisions have increased manpower and physical facilities and the flow of information to and from these offices

touches many parts of the vast state daily.

A bullet extracted from a murder victim, a lock of hair, a shred of cloth or other seemingly minute evidence often points an unmistakable finger of guilt once experts have placed them under microscopes, into test tubes or before the camera's lens.

Forger writing, blackmail notes and other evidences of crime often lead directly to the perpetrator when studied by the expert.

Weekly the identification bureau sends bulletins to more than 900 peace officers in and out of Texas, reproducing fingerprints of wanted persons and listing stolen automobiles, missing persons and other helpful information.

Fingerprints are serving a non-criminal element, too. More than 26,000 civil prints are on file as a possible aid in identifying amnesia or accident victims and solving mistaken identity cases. The bureau welcomes voluntary fingerprinting.

Since the New London school explosion last March an increasing number of schools have fingerprinted their students, sending the cards to the bureau for filing.

The department of commerce estimates national lumber consumption for 1937 to be 24,000,000,000 feet a gain of about 5% over the previous year.

Beware Coughs That Hang On

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes, and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

BENDIX HOME LAUNDRY

Washes...Rinses...Damp-Dries AUTOMATICALLY

- THIS IS ALL YOU DO:
- Put dry soiled clothes in dry cylinder.
 - Set two automatic controls... add soap and bluing.
 - Remove clean clothes—damp-dry, ready for line.

Amazing but true! Bendix now does your week's wash without hands ever touching water. All you do is set the simple automatic controls. The Home Laundry then washes, triple rinses in fresh water, damp-dries, cleans itself and stops... all automatically. Pays for itself, too... yet may be owned with a small down payment and easy terms to suit your budget.

THOMPSON HARDWARE CO.

The Capitol Jigsaw

By HOWARD C. MARSHALL

AUSTIN, Dec. 2 (AP)—Gov. James V. Allred came back from his second trip of the year into Mexico with stories about the jungles where he hunted.

Last summer he went to Mexico City, travelling in a special railroad car and enjoying the comforts of any well-heeled tourist. He was accompanied by Mrs. Allred, her mother, Mrs. Claude Miller of Wichita Falls, and his small son, James, Jr.

On a recent visit, he "roughed it" spending nearly 10 days with Gov. Teller Ammons of Colorado 140 miles southeast of Monterrey in the state of Tamaulipas. The party also included Dr. Harold Watson of Denver, chairman of the Colorado game commission; Bob Snow of the Texas game department; Fred Upchurch of Austin, who was an assistant when Allred was Attorney General, and Tom Gilmore of Live Oak county.

The hunters bagged 13 ocelots, a species of wildcat, one jaguar and much flying game. They were disappointed, however, in not obtaining a mountain lion.

"The jungle in that section was fierce," Gov. Allred said. "When you get into it you can scarcely get out again. One time we were three hours trying to do nothing but get out."

"We carried pistols. You can't take a rifle in the jungle. Many places you can't get through on a horse but have to walk."

The weather was excellent, the temperature being warm during the day and low at night. It also was quite dry, which made it difficult for the dogs to follow some trails.

"The woods were full of ocelots," the Governor said. "We hunted mostly at night. The dogs treed the cats and we shot them down."

"I never saw such beautifully trained dogs. They would not run after deer, coyotes or foxes, although they were a sort of fox hound. In fact, they would go after nothing but felines. One dog was said to be worth \$500."

Birds were everywhere and Gov. Ammons, a crack shot, kept the party well supplied with fowl. This game included quail and pheasants. One weekend, however, there was an acute shortage of food which the hunters' guns failed to remedy. That was when they were in a jungle from Friday night until Sunday morning.

Food ran low and a Mexican was dispatched to obtain more. After a delay the man returned with a can of pork and beans, a few cans of sardines and "about 15 crackers," Gov. Allred said.

"Imagine that for so many hungry men," he laughed.

Soon after the party reached its camp-site, a Lieutenant and nine soldiers appeared, the officer explaining they had been sent to furnish "proper protection" if needed. Gov. Allred said the Lieutenant was persuaded, with some difficulty, to withdraw to a cabin nearby, but insisted he was under orders and could not retire altogether.

The Governor's best shot was at a pheasant. "I pursued it some distance, banging away with a pistol," he said, "and finally it zigged when it ought to have zagged."

WILDCAT TEST WILL BE DRILLED IN SALT DOME

ANAHUAC, Dec. 2 (AP)—Geologists say recent geophysical tests show 13 salt domes in Galveston bay. Preparations are being made to drill a wildcat test in the shallow water a mile and a half off Cedar Point in Chambers county by the National Oil and Standard of Texas Company.

Piling has been moved to the location and a pile driving barge anchored.

The Salt Dome Company developed the Cotton Lake field in western Chambers county.

UNEMPLOYED IN U. S. UP 293,000 PERSONS

NEW YORK, Dec. 1 (AP)—There was a rise of 293,000 during October in the number of unemployed persons in the United States, the National Industrial Conference Board estimated today. This increase over the September level lifted the number of unemployed to an estimated total of 6,355,000.

The conference board is a research and statistical organization supported by industrial corporations and individuals.

The Christmas Poinsetta produces small quantities of latex from which rubber is made but not enough to warrant hopes of commercial rubber production, the Department of agriculture reports.

ASKS PROTECTION FOR WHITE MAN'S PRIMARY

WASHINGTON, Dec. 2 (AP)—A Congressional committee investigating un-American activities heard a frank demand today for protection for the "white man's primary" in Texas.

Representative Poage (D-Tex) a member of the committee, said during a hearing:

"The Democratic party has not failed for many years to provide for a white man's primary in Texas. I think we have a right to say who is going to vote in the Democratic primary and I certainly am not going to support any legislation that will destroy that right."

The committee was considering a bill to cancel the citizenship and to deport naturalized citizens who advocate, teach or support principles of government based on race or religious discrimination.

John J. Crim, national legislative chairman of the Army and Navy union, said the measure was designed solely to "break up un-American organizations in this country."

But Poage speculated on whether that was all it would do.

CUMMINGS WON'T TAKE SIDES IN OIL-QUARREL

WASHINGTON, Dec. 2 (AP)—Attorney General Cummings refused today to endorse, or disapprove, an interstate oil conference proposed by Governor Marland of Oklahoma for consideration of interstate compacts limiting the production of crude oil.

Governor Allred of Texas declined Monday to attend the conference, asserting Governors were subject to the same anti-trust restrictions as private individuals.

Asked at a press conference whether he agreed with Governor Marland's reply to Allred that states "can't be put in prison for talking about price-fixing," Cummings said:

"Far be it from me to intervene in any difference of opinion between the Governors of two great states."

CHINESE ON COAST HONOR SUN YAT SEN
SAN FRANCISCO (AP)—A 14-foot statue of Dr. Sun Yat Sen, Chinese statesman, now looks down on the San Francisco Chinatown that surrounds St. Mary's square. The statue was executed by Beniamino Bufano as a federal art project, with financial backing of the Chinese nationalist party.

KING RANCH STUDIES CONSERVATION OF SOIL

CORPUS CHRISTI, Dec. 2 (AP)—The King ranch, laboratory during its 84 years of history for betterment of the cattle industry, is conducting a project for the conservation of soil and water resources.

The program is confined largely to construction of dams and reservoirs for water conservation, terraces and contours for pasture and field improvement, and eradication of mesquite trees and brush. The project, started in September, is being developed on the Santa Gertrudis division of the ranch in Jim Wells and Kleberg counties. If it is as successful as expected it will be extended next year to the Laureles division in Kleberg county and later to other King ranch properties.

The dam and reservoir phase includes five large waterholes and 12 earthen dams, ranging in length from several hundred feet to 8,400 feet. The dams are located on five creeks and will store water during the rainy season for systematic release in dry seasons.

Wildlife conservation is expected to be furthered by the water conservation projects. The lakes will be stocked with game fish and will make havens and reserve for wildfowl.

The governor of New York receives an annual salary of \$25,000, the highest of any state. South Dakota pays its governor the lowest—\$3,000.

HE BATTLES ILLNESS to carry on the papal duties. Here is an exclusive Associated Press photo of Pope Pius XI, his most recent portrait, which shows clearly the strain recent poor health has imposed upon him. Just a year ago the pontiff was critically ill, but rallied against great odds.

CHUCK-WAGON TURKEY FOR MATADOR COWBOYS

MATADOR, Dec. 2 (AP)—Cowboys with the chuck-wagon on the Matador Land and Cattle Company's vast range, had turkey instead of beef Thanksgiving, manager M. J. Reilly said. Two large turkeys were sent to the wagon in time for the holiday meal. The custom of sending turkey to the cowboys for Thanksgiving was established several years ago.

In addition to the turkey, roasted in old-fashioned dutch-ovens, there were plenty of "trimmings," including cranberry sauce and a large crock of fruit salad.

Great Britain has twice as many merchant vessels as the United States.

Bronchial Coughs

Just A Few Sips and— Like A Flash — Relief!

Spend a few cents today at any good drugstore for a bottle of triple acting HUCKLEY'S MIXTURE—take a couple of doses and sleep sound all night long—your irritating cough of bronchitis is under control. PAMPA, MCLEAN FIRST STRINGS WILL PLAY AT 7:30 TOMORROW NIGHT

TIGERS DUE TO BE TOUGH FOR LOCAL CAGERS

Hoping to win their first game of the season, Harvester basketballers practiced overtime yesterday afternoon.

McLean's "new deal" team lost a 17 to 15 game to the Shamrock Irishmen at McLean Tuesday night, and that news filtering into the Harvester camp was sufficient warning. Shamrock is reputed to have the best team in a decade.

The McLean boys with Floyd, Trimble, Hanes, Lee and Bailey in the lineup, will engage the Harvesters at 7:30 o'clock tomorrow night in the local gym. The B teams of both schools will play in the second game, not in the first game as it was previously announced.

Tigers Have Edge.

The Tigers have been practicing under a new coach for three weeks, and they are scheduled to give the Harvesters tough competition. Coach Odus Mitchell has been practicing his boys as if he were rehearsing for a district tournament. He wants his boys to win that first game; in fact, he wants them to win all their games.

Observers watching the 1937-38 Harvester practice have had dreams of another undefeated team, such as the 1935-36 club which won the district and went to the finals of the regional at Canyon.

Coach Mitchell's material is satisfactory—he has three regulars back and a flock of fighting, scrapping boys from which to pick the other two starters.

Norman Cox, Claude Heiskell, and Topsy Reynolds will in all probability start the game. Cox demonstrated his superiority over the rookies yesterday. He looked good enough to make the starting lineup. He is making a valiant effort to overcome his goal-shooting weaknesses.

Battle Continues.

The battle for the other two positions raged again yesterday. The first day out Jack Cunningham seemed a certain starter, but yesterday at least three other boys outshone him. Coming to the front rapidly is Bob Anderson, the boy with the long arms and huge hands. The way that youngster gets rid of the ball is reminiscent of Stokes Green. Andis looked like a winner, and may get to start the game. If he doesn't, then Coach Mitchell will probably call upon either Junior Foster or Pete Dunaway. The latter is the fastest, but he can't handle the ball as neatly and quickly, nor can he shoot as good as Foster.

A. C. Miller is another boy the coach has his eye on. Miller may see plenty of service if he stays in there and pitches. The coach cut his squad down yesterday to a dozen or so. The list is not permanent, but others on it are Jim Brown, Coshaw, Nichols, Harrell.

SPEEDING SCHEDULE.

LOS ANGELES (AP)—Three games in eight days. That was the feat of the University of Missouri football team which tackled the University of California at Los Angeles as the last of its trio of rivals here Nov. 27. The Tigers previously had met Washington university and Kansas.

ALL-SOUTHWEST 1937

ROUTT—Guard (Texas A. & M.)
 PATTERSON—Quarter (Baylor)
 TODD—Halfback (Texas A. & M.)
 BOYD—End (Baylor)
 WOLFE—Fullback (Texas)
 JONES—Guard (Texas A. & M.)
 ALDRICH—Center (T. C. U.)
 HALE—Tackle (T. C. U.)
 O'BRIEN—Halfback (T. C. U.)
 SPRAGUE—Tackle (S. M. U.)

Porker triple-threatener who landed on the first team last year, suffered injuries which slowed him down but he returned with a rush to safely bag his second team spot.

The 1937 Associated Press all-Southwest conference selection (composite selection of coaches and writers):

Composite selection of coaches and writers:

Pos.	Name	Class	Height	Weight

Halfback	David O'Brien, T. C. U., Dallas, Texas	Junior	5'7"	150
Fullback	Hugh Wolfe, Texas U., Stephenville	Senior	6'	198

Seven Juniors On AP's All-Southwest Eleven

By FELIX R. MCKNIGHT.

DALLAS, Dec. 2 (AP)—Seven juniors who will be around another another year to harass greying coaches of the daffy Southwest conference, took their places today on the Associated Press' 1937 all-conference team selected by composite vote of the coaches and nine sports writers.

Three of the seven came off a rugged Texas Christian team that shot its way out of the nation's roughest schedule—Halfback David O'Brien, Center Ki Aldrich, and Tackle I. B. Hale.

So, fans who thought they had waded through one of the dizziest of all conference races, can start anticipating what the 1938 race will bring forth, what with a band of junior stars and a still larger bunch of brilliant sophomores, just starting their careers, due back next fall.

Ironically, Rice Institute, better than just an even choice to wrap up its second conference title in four years in the finale against Southern Methodist here Saturday, failed to place one of its flock on the composite team.

Lain On Second String.

Down on the second string at a halfback post landed Ernie Lain, the 218-pound sophomore who quit a sick bed after the Owls stumbled through three scoreless games, and hustled the Insitutiters to the top.

In the honorable mention list was Olie Cordill, Lain's soph backfield partner and one of the league's greatest all-around players.

Three old faces off the 1936 team bobbed up for the final time—End James Benton of Arkansas; Guard Joe Routt of Texas A. and M.; the burly all-America star; and Fullback Hugh Wolfe of the University of Texas.

Up from bare honorable mention last year surged four players to land on the first team. The Christians' mighty Aldrich, the big junior who loves football and mixes it with any and all, won the pivot post hands down; I. B. Hale was the only unanimous choice at a tackle post; Dick Todd, the Texas Aggie's quicksilver runner; and Virgil Jones, Routt's bold guard mate, made the big jump.

Standouts by many votes at the end positions were Benton, the Razorbacks' six-foot, four-inch pass snatching specialist, and Sam Boyd, Baylor's tireless wingman who played all-America football more than just one Saturday afternoon.

Hale at Tackle.

Without a dissenting vote the critics placed Hale of T. C. U. at one of the tackles. With all of his 235 pounds the burly Dallas high school product is one of the fleetest linemen in the league and teamed with Aldrich to make the Christian wall the most impregnable human fortress in the Southwest. At the other spot landed Charles Sprague of Southern Methodist, who, as the last of the "Football Spragues," was just about the Methodist line. His sturdy play barely beat out Roy Young of Texas A. and M., trying to repeat his selection of last year.

Guards Routt and Jones of the Aggies (who will go down in the history books as one of the finest middle-line combinations ever developed, breezed to their posts. Routt, with his stormy line play and Jones, from his defensive secondary post, had the critics' votes from the first game of the season.

Out of the scramble for backfield berths came three juniors, O'Brien, of T. C. U., Todd of the Aggies, and Bullet Bill Patterson, Baylor's fine triple threat, to team with Wolfe of Texas, the outstanding ball-carrier.

O'Brien, Todd and Patterson who meant nearly everything, offensively speaking, to their clubs, slid in with an avalanche of votes, as did Wolfe. But pressing them all the way were Dwight Sloan, Arkansas' "under-rated" back who never failed to come through; Lain of Rice and Carl Brazell, Baylor's captain and one of the loop's best line-backers. Jack Robbins, the

WILSON WILL MEET HIGAMI IN MAT FINAL

Promoter Cliff Chambers is always thinking up something new for his wrestling matches and on next Monday night he will stage an All Star contest with six main events in action, beginning promptly at 8 o'clock in a warm auditorium regardless of the outside temperature.

Headlining his card will be Tsutao Higami, little Japanese powerhouse, and Benny Wilson, the Fort Worth Cowboy, who says he isn't afraid of Higami's "button pressing."

Next in line, the semi-final, there will be Sailor Moran, the saltiest salt of them all, and Andy Tre-

main, the streak of lightning from Phoenix, Ariz.

Opening festivities, Chambers will send Jack Hagen, weeping Louisianian, against Cyclone Mackie of Amarillo.

It that isn't one of the tastiest dishes of the season, the little promoter will let someone else get the job done. He is having to put out extra money to get the top boys but believes fans will appreciate the card and come out in large numbers.

The arena heating system has been overhauled and last week coats were uncomfortable.

FOOTBALL FORENSICS.

IOWA CITY (AP)—The finish of the gridiron season for football coaches means the beginning of one-night stands—at banquet tables. These dinners and compulsory speeches don't appeal to coaches but it's too good an opportunity to miss to lay the foundation for next year's freshman candidates. Iowa university football coaches have 13 dinners in less than three weeks.

Twelve good reasons why the Panhandle Panthers repeated as District 2B football champions are pictured above. The Panthers will go after their second bi-

district title tomorrow afternoon at 2:30 o'clock at Panther stadium on the Panhandle-Borger road. An overflow crowd is expected to see the Panthers face

the Tulia Hornets, the team they defeated in bi-district play last season. Lefty Fowler is coach of the championship Panhandle eleven.

Tulia And Panhandle To Fight It Out Tomorrow

By HARRY E. HOARE
Pampa Daily News Sports Editor
PANHANDLE, Dec. 2—An overflow crowd is expected to jam Panther field here tomorrow afternoon when the Tulia Hornets meet the Panhandle Panthers in a Class B bi-district playoff. Game time will be 2:30 o'clock. At the same hour Spur will meet Wellington. The two victorious teams will meet next week at a time and place to be decided. Winford "Lefty" Fowler, coaching his first year at the helm of the Panthers, will send five seniors and six juniors into the game. Fowler was assistant to Pat Gerald last year when the Panthers won the regional championship from Flomot, after swamping Tulia. In an early season game, Panhandle nosed out the Tulia Hornets 6 to 0 and tomorrow's battle is expected to be resumed where the previous game left off. Tulia will run a special train to Panhandle, leaving Tulia at 11 a. m. Coach Fowler began the season with three veterans in the backfield and one in the line. He tied McLean in the first game and then nosed out Tulia. Early he lost big Nolan Sparks through a foot injury and it was not until nearly midway in the season that the powerhouse rounded in to form. Then the Panthers went into action. Shifting of little Deahl Howe from backfield to line also helped considerably as the Panthers went on to win the district title from Perryton.

Looking over the Panhandle line tomorrow, fans will find: left end—Sterling, a senior and one of the best ends in high school football today. He weighs 170 pounds and is an ace pass receiver, making four touchdowns against White

Deer and two against Perryton. Left tackle—Walters, a junior, playing his first year. He is big and fast and likes to play football. Left guard—Howe, 126 pounds, and every ounce of it dynamite. He was shifted from the backfield

to the guard position midway in the season. Center—Mecaskey, a senior, who plays a mighty consistent game. His outstanding performances have been on defense. He is co-captain of the team. Right guard—C. M. Coffee, a junior, who weighs only 130 pounds but who is exceptionally strong at breaking through to throw the opposing ball carriers for losses. Right tackle—Dowlen, a senior, who was shifted from end to tackle where he has been strong on breaking up opposing passes by getting through the line. Right end—O'Keefe, a junior, who was a reserve back last year. His specialty is on offense, especially as a pass receiver. Quarterback—Sparks, 18-pound senior, and co-captain, who is the major ball carrier of the team and who does most of the passing and punting. Like his cousin, Connie Sparks, now at TCU, the big fellow is a natural who does everything well.

Left half—Smith, a junior, who was a star on the 1937 championship team. He plays his best game when the going is the toughest. Right half—Crawford, another big junior, who is almost a mate for Sparks in the ball totting and passing department. He is fast, shifty and a great pass receiver. He is playing his last year because of the semester rule. Fullback—Adams, a junior, playing his first year of football. He is only 14 years of age and weighs 150 pounds. He can pass, punt and carry the ball but majors in blocking. Tulia will take the field with a weight advantage and also an edge

in experience. Coach Hatcher Brown has brought his team along slowly with the climax an easy victory over Canyon for a district title. The Tulia starting lineup will probably be: ends—McCaslin and Moon, tackles, Honeyzucker and Cameron; guards, Stewart and Rogers; center, Rogers; quarter, Hale; halves, Cook and Graham; full, Arteburn. Condition of Co-Captain Roy Rogers of the Hornets is worrying coaches. Much depends on his power to stop the Panhandle rushes. He was injured in the game with Canyon. Practice sessions this week have been largely on ways and means of stopping the bull-like rushes of Sparks and Crawford. Officials for the game will be: Referee, Douglas, (NTSTO); headlinesman, Duncan, (WTSTO); umpire, York, (WTSTO).

THIS PASSING GAME PAYS DETROIT.
OMAHA (AP)—Gus Dorais' University of Detroit football team can claim some kind of a forward pass record for its work against Creighton university in a game here. In the first half, Detroit's Palumbo, Slovski, and Hayes tossed six passes before one went astray. The six completed tosses were good for 111 yards and three touchdowns, giving Detroit a 21-7 lead at half-time. In the second period Detroit scored two touchdowns on passes for a total of five and added two more on long runs from scrimmage, winning 48-7. Detroit threw 27 passes and completed 14 for 228 yards during the contest.

AMARILLO PICKED TO DEFEAT WICHITA FALLS ON SATURDAY

DALLAS, Dec. 2 (AP)—The Texas Interscholastic League football race with the field cut to 15 teams, roars into its quarter-final round from games on seven widely-separated fronts this week. Four of the battles are scheduled Friday afternoon, one Friday night and two Saturday afternoon, and close critics today selected Amarillo (Austin (El Paso), Highland Park (Dallas), Woodrow Wilson (Dallas), Longview, Temple and Robstown to emerge with victories though their convictions were rather weak in several instances. Amarillo at Wichita Falls, Saturday 2 p. m.; Austin at Abilene, Friday 2:30 p. m.; Highland Park at Sherman, Friday 2 p. m.; Woodrow Wilson at North Side (Fort Worth), Saturday 2:30 p. m.; Longview at Lufkin, Friday 2:30 p. m.; Thomas Jefferson (San Antonio) at Temple, Friday 2:30 p. m.; Robstown at Mission, Friday 8 p. m.

defeated and untied and staged something of an upset in downing El Paso high, defending district 4 champion. The contest was placed more or less in the category of a toss-up. Highland Park, which already holds a non-conference victory over Sherman, was expected to repeat the conquest, but Woodrow Wilson faced a fast-moving, rapidly-improving North Side (Fort Worth) team that surprised everybody by repeating in the hurly-burly Fort Worth district.

The Longview-Lufkin game was probably the headline inasmuch as it matched undefeated and untied teams, both with sensational records and Longview, made the state title favorite weeks ago, expected the Panthers to be as tough a hurdle as might be expected in any stage of the race. Temple's Wildcats, boasting a fine defensive record and a pair of the finest backs in the state, was selected over Thomas Jefferson, but on the basis of the season's record the teams stacked up almost even. Robstown, which sprang a real upset in pushing Corpus Christi out of the race, rated over Mission, Rio Grande Valley representative, but not without a struggle.

Conroe, the remaining unbeaten, untied team, draws a bye this week because no champion was certified from district 14 to furnish first round opposition. The Tigers play the Robstown-Mission winner next week.

California 2 to 1 Favorite Over Crimson Tide

BERKELEY, Calif., Dec. 2 (AP)—California was installed as 2 to 1 favorite locally today to beat Alabama in the New Year's day Rose Bowl football game at Pasadena, but Coach Leonard "Stub" Allison and the players scoffed at such odds. California alumni, students and players appeared pleased with selection of the Crimson Tide to oppose the Pacific Coast champion Bears in the country's oldest New Year's day classic.

The bears, unbeaten but once-tied Pacific coast conference champions, are reporting for one-hour conditioning drills each afternoon. They will begin real practice Dec. 17. The two universities who will play for more than football honor, figure to receive about \$90,000 each after all the change is counted. The stadium will be filled to its capacity of 69,000. Ticket prices range from \$3.30 to \$5.50, and the average will be about \$3.50, bringing the receipts to \$311,000.

TODAY'S SERMONETTE

Why grieve for our loved ones death has called, if they had placed their faith in Jesus Christ? Place your own faith in Him, recalling John's revelation: "And I heard a voice from heaven saying unto me, Write: 'Blessed are the dead which die in the Lord from henceforth; yea, that they may rest from their labors and their works do follow them.'"

SANTA DAY IN PAMPA

Pampa's Junior Chamber of Commerce will play host Saturday to the boys and girls and the fathers and mothers of the Northeast Panhandle at the city's seventh annual Santa Day celebration.

For thousands throughout the Panhandle Saturday will be a holiday of great magnitude, second in importance only to Christmas day itself.

Scores of Jaycee committeemen have been working for weeks on details of the "Fairland Pageant," the mammoth street parade which will be the high-light of the day's festivities.

Hundreds and hundreds of school children from Pampa and surrounding communities will take part in this feature of the Santa Day program.

And, of course, there will be the arrival of good, old Santa Claus, himself, in mid-forenoon of Saturday, Jolly Saint Nicholas will arrive in Pampa by airplane around 10 o'clock in the morning. He will have a place of honor in the parade, riding atop a beautifully decorated float.

There will be free movies and free candy for the boys and girls and nothing has been left undone to make Santa Day the biggest celebration of its kind ever held in Pampa.

To Jaycee president, Dick Hughes, and to Claude Motley, general chairman of the Santa Day steering committee, and to the various other committee chairmen and their scores of workers, must go a word of credit for arranging this splendid 1937 Santa Day celebration in Pampa. Appreciation also is due the Pampa merchants, through whose cooperation the observance has been made possible.

Santa Day not only serves as the official opening of the Christmas season in Pampa, but it supplies a neighborliness with which Pampa and her merchants are happy to welcome to Pampa for a gala entertainment the boys and girls, as well as their elders, in the entire Pampa trading area.

So come to Pampa Saturday and have a good time at the opening of the merriest of all the year's holiday seasons.

BRITAIN BLUFFING?

Newspaper readers might be justified in taking with a large grain of salt—or possibly a whole handful—the stirring declaration in London that Britain is prepared to take "rigorous" action to protect her rights in Shanghai if they are infringed upon by the Japanese.

What provoked this declaration, of course, was the Japanese threat to seize control of the entire city, including the international concessions.

That Britain has an enormous financial and commercial stake in Shanghai is beyond question. But somehow, the British government in late years has seemed incapable of taking rigorous action in any international crisis. There was high talk of rigorous action when Mussolini seized Ethiopia, for instance. There was still more, when submarines sank British ships during the Spanish civil war. But when the dust cleared away, Britain was taking it and liking it. Is there any special reason for thinking it will be any different in China?

Example of good luck: having your cold when the weather is so vile you couldn't enjoy being out, anyway.

Mr. Roosevelt is determined to help the South. He keeps referring to the ill-fed, ill-clothed, ill-housed third of us.

Movie theatres now have every convenience except an outside warning that will enable you to miss the previews.

Yesteryear In Pampa

Ten Years Ago Today A substantial increase in shipping from the Pampa freight department of the Santa Fe was announced for the month of November.

Work started on a \$25,000 brick building on the corner north of the Thut Saunders Motor company. It was erected by Charles Sharp, local contractor.

Five Years Ago Today Jess Patton, star end on the Harvester football team, was elected captain of the green and gold clad team during the 1933 football season. The last session of the Adult Leadership training class for Scout leaders was conducted in the high school gymnasium.

Tex's Topics

My father will be sorry he missed this invitation. . . It came in yesterday's mail and says: "Dear Tex: If you don't keep how far you go, I'd like to suggest taking you father to Canadian over Red river and Horse creek, up the draw to Yokley's ranches—tallest trees you ever 'seen,' oldest grove in the country, log house and everything wild there (even to Jess). Going or coming, you'll see antelope, rabbits, etc. Also, add my name to your 'friends in need' list, and here's hoping. (Signed) James Crump"

On his last night here, my tenderfoot father went on a jack rabbit round-up with Sheriff Early Talley. . . He got quite a kick out of watching the sheriff's eagle eye pick off the rabbits in a nearby field with a powerful searchlight. . . It was great sport for everyone but the rabbits. . . They couldn't see the joke for dust. . . Thank you, Dr. V. E. von Brunow for most buffalo. . . Ditto City Manager C. L. Stine for the wurst meat, a la Pennsylvania Dutch. . . Mmm-mm-m, but it was tasty. . . I enjoyed listening yesterday to what Tom Rose had to say about the purposes of Rotary. . . He apologized for a "dry" subject, but it was highly interesting. . . Civic clubs cannot afford to lose sight of their real aims for community betterment.

Dr. J. W. Howze went quail hunting yesterday morning but had to come in early because one of his hunting companions, Dr. R. Malcolm Brown, was so enthusiastic, he couldn't keep in line. . . Dr. Howze explains that he quit the hunt to keep from shooting Dr. Brown for a quail. . . I haven't heard Dr. Brown's side of the story. . . Here it is, December the second, already—but, you'd never know it by the complexion of the weather. . . Only one more shopping day until Santa Day. . . And, will that be some celebration here Saturday! . . . To the folks out and around Pampa; I'd like to say that if you don't bring the kiddies into Pampa Saturday, you're going to rob them of a thrill of a lifetime. . . Old Santa will be here in person, and he'll have candy and stuff for every last kid in the Panhandle.

Washington Daybook

WASHINGTON—Pressure groups are operating on the brand new town of Greenbelt to compel the place to accept dogs as resident citizens.

Faced with the issue, Greenbelt courageously said: "no dogs". Greenbelt, it should be understood, is the \$16,000,000 town 12 miles out from Washington which Rex Tugwell started to provide better shelter for the under-privileged at prices which would leave them even after the rent is paid so they would not be so under-privileged.

Perhaps there is no way of knowing which city has the most dogs per square yard of sidewalk, but we are willing to pit Washington against any. At any hour of the day it is possible to see at least one dog, leash and man attached, poking along the hedges and monuments.

Personally we are not opposed to dogs. As a boy we "grew up with a dog," as the dog magazines say a boy should, and on cold nights our Benny would nuzzle his way between the blankets and poke his icy nose friendly like, against our foot.

But Benny was a country dog and had country to roam in. By law, Washington dogs may not roam. They must be handled mostly on leash, and on leash they are led along paths, sidewalks and through parks for their morning and evening strolls.

Greenbelt, however, decided tentatively that, with so many children as the 800 low-income families of the community might have, it would not be safe to have bands of dogs roaming about.

But the issue of dogs or no dogs is not finally settled. Greenbelt has just completed its first municipal election, in which it chose a council of five who in turn will select a town manager. The town may have a plebiscite on dogs or, perhaps, leave it up to a vote of the council.

Days before the election, however, groups within the community as well as without were pleading that no town should grow up without dogs. Dog lovers told harrowing tales of the minimum-income-type-two-three-bed-room-no-garage family forced to leave good old Towser stranded in Washington at 1438 New Jersey avenue, Southeast, because he could not be taken to Greenbelt.

Pictures of sad-eyed, flop-eared pooches were printed in the papers under such titles as "underprivileged".

Not a tear dropped from our brazen eye. Too well we and the neighbors remembered our home across the street from a leading Washington hotel. This hotel chaperones more dogs than daughters. By 8:30 of a tired morning they are out in squads and platoons, yapping and wooing at each other. At nightfall as our tired neighborhood wends homeward its weary way, the walks are lined and criss-crossed with dogs on leashes puffing and wheezing from parlor ailments.

Perhaps it is no wonder the newly-installed residents of dogless Greenbelt call the community "Utopia".

You can tell whether an accused man is guilty. An innocent man doesn't know how to beat the law.

Poker is still the only old-fashioned thing left. You should open it with jacks or better instead of a zipper.

There Ain't A Gentleman In The Whole Car

Man About Manhattan

By GEORGE TUCKER

NEW YORK—A big industrialist from Europe blew into town on the first of the week and didn't get any publicity. Twenty-four hours later a press-agent, hastily summoned to the good man's aid, dispatched me a story prefaced by this little personal note: "Here's a special interview with—who made the mistake of coming over on the Queen Mary with J. P. Morgan, Dr. Cronin, who scored the doctors in his new book, and a load of sex appeal. Naturally he didn't get much attention and so I have been enlisted to save his vanity with a few breaks in the papers."

Which proves, unless you're Garbo, it's always well to glance over the passenger list if you hope to be feted on the other side.

Restaurants, more than any line of enterprise, like to style themselves after the titles of books and the characters from famous fiction tales. There is, for one, the House of Fin Manchu, named after the insidious and sinister Oriental in the Sax Rohmer novels. Another is "The Better Ole," which name first cropped up in print under Kipling's byline. On the east side is a small but exclusive cafe known as Little John, inspired no doubt by the redoubtable companion of Robin Hood.

Here and there: Benny Fields, the minstrel man who staged Broadway's greatest comeback in a decade, is in Chicago. . . Fredric March and his wife, with their two children, frequently have lunch at Dempsey's restaurant on Eighth avenue. . . To see papa March cutting the kiddies' meat for them is a treat. . . Life goes on: Constance Cummings is starring in the same theater where she made her debut, as an understudy, several years ago. . . George M. Cohan, who plays the president in "I'd Rather Be Right," is limping these days. He tripped over a cable backstage and almost broke his foot. . . In fact, he's wearing a rubber brace.

Sign in front of a 6th avenue restaurant: "Come in, brother, and partake of the good things of life. We've got 'em."

Lexington avenue vignette: Ray Kennedy, the Hawaiian tenor, ambling along with a big grin on his countenance. He looks like he's just been elected president.

Peggy Wood, who is as well known an authoress as she is an actress, has "the perfect study" where she does her writing her new country home in Connecticut. The outside wall is of solid glass, which gives her plenty of sunlight.

If Babe Ruth never lands as the manager of a big league ball club, it will not be the fault of the New York sport writers. The Bam has received more publicity than the President from the boys who would like to see him directing one of the big clubs. The best show so far has been a fine four-column sketch of the Babe filling out one of Jim Farley's unemployment cards.

How's Your Health?

By IAGO GALDSTON, M.D.

"Present-day medicine is suffering from a plethora of facts and a paucity of comprehension," says a medical critic.

He means that we have collected so many isolated medical observations that it is difficult to unite them into some meaningful combination which will yield a clearer understanding of the whole man, in health and disease.

This charge, leveled against the doctor, is even more applicable to a large part of the non-medical public.

The layman who takes the analogy between a machine and the "human mechanism" too literally, is likely to think of himself in terms of carburetor, gears and spark plugs, and to doctor himself accordingly, to treat disorders in terms of isolated parts is to demonstrate a "paucity of comprehension."

And yet, what are more common than headache remedies for headaches, and laxatives for constipation? Accordingly, neither head nor colon is considered a part of the whole man, but each is dealt with by itself. The headache may, however, be due to defective vision, or to unsuspected kidney disease. The constipation may be due to fatigue, psychological disturbances, etc.

In any serious disturbance the whole man must be studied and treated. "But," some may agree, "according to this thesis, every time I have some little ache or pain, I must not treat myself but go to

People You Know

By ARCHER FULLINGIM

Well, The Boy is growing up, and like the next man there's nothing this one can do about it. The football season was over two weeks ago, and he found two extra hours on his hands every day. One night, a friend of The Boy said, "Let's go to the pool hall." "I don't know how to play," The Boy answered. "I don't either, but I can learn," the other replied. "Okay, let's go!" But first they went and got two other boys who also played on the football team. Then came the extra Thanksgiving holidays, and The Boy and his friends and their friends began to acquire a passion for pool that amounted to a fine frenzy. They had to be in that pool hall every minute of leisure. They concentrated on playing as only boys can concentrate on something. (One remembered when The Boy wanted to play baseball night and day.) They felt they just had to play. The Man didn't blame them, and when he does he feels like a heel, like a brute.

He understands that those boys simply MUST play now that they have started—and there's nothing wrong with hitting ivory balls with wooden sticks; there really isn't. But The Man watched the boys for a few days and listened to what they said as they played—the boys who had been so fine and refreshing around the campfire and on a hike—the boys with the questioning eyes, the curious mind; the boys who were so joyous in a game, and he decided he'd buy that pool table he had a chance at, and he will but he has no place to put it. Has anybody got a place to put it? Will someone please give a place to put it?

Red Hair—This Week

You're not likely ever to meet a girl with less vanity than Nell Kelly. She says her photographs flatter her. Naturally, she hopes the movie cameras will be equally kind, for she has a contract with Paramount and will start her screen career with a part specially written for her in "College Swing."

She has red hair. "At least, it's red this week," she said. "I don't know what the studio will do with it. Every time the style of my hair is changed it gets burned. Maybe I'm hot-headed."

The Kelly mouth is larger than average, but she hopes it won't be featured lest fans consider her an imitator of Marjita Raye. Her architecture is more angular than Miss Raye's, although she isn't as thin as she used to be.

She's strictly low-comedy, and violent. Night club masters of ceremony everywhere wince at the mere mention of her name. "I didn't mean to hurt 'em, but it was part of the act," she explained. "You see, I'd sing a love song to the MC and finish up by swatting him on the chest. This always got a big laugh, because I can sock. But after a few nights, with three shows a night, they'd have a tough time breathing and would have to be taped up for cracked ribs."

"I even swatted Rudy Vallee. I wanted to cut out that part of it, but he insisted. No, I didn't break any of his ribs, but you can't say I didn't try."

After playing almost every city in the United States in vaudeville, Miss Kelly was graduated to musical comedy.

the doctor—and fee him for his trouble."

The retort proper is: "Nothing of the sort!" If the ache or pain is really little, let it alone, or treat it, if you will, with such home remedies as are known to be safe, and it is likely to pass.

The body is a self-righting, self-correcting, self-curing mechanism, and provided the derangement suffered is not too serious, and not of the irreversible variety, the body can heal itself. But right here is the difficulty. The untrained individual is seldom able to know for certain how grave his derangement is.

Where the disorder is patently the result of hygienic indiscretions (overwork, lack of exercise, improper eating, alcoholic indulgence, excessive fatigue and so forth) the remedy is self-indicated. Otherwise, the whole man, not just the ailing part, must be studied and treated.

Around Hollywood

By ROBBIN COONS

HOLLYWOOD—Daughters of bank presidents seldom go into vaudeville. But Nell Kelly's father's bank in Memphis collapsed in 1914, so she started out to see the world through a mask of burnt cork. That was when Miss Kelly was 4 years old.

Her elder sisters, Valenda and Flo, got up a blackface act and included Nell for comedy relief. The latter said, "I was supposed to sing, but I really didn't have to do anything to get laughs because I was so funny looking."

When Valenda dropped out of the act, after several years, Flo and Nell washed their faces and became a harmony team. "An' boy—were we terrible!" Nell recalled. "But that was before the depression, and an act didn't have to be so hot. Flo had talent—she's dance director at the Roxy in New York now."

"But I was a crazy kid, all elbows and knees, and skinny as a rail. When I was 18 I tried to get into a Fanchon and Marco chorus, but I was so thin they made me a comedy principal and we played Orpheum time for nine months."

Single answers or simple slogans will not cure the complicated economic problems which today face all nations.

—PRESIDENT ROOSEVELT.

If a would-be American duce were to learn the trick of appealing to desperate young people . . . that social shyster would become a serious menace.

—DR. HENRY M. BUSCH, Cleveland, Ohio.

American industry should invest its jobs with social satisfaction if citizens are to be kept from turning to mass movements foreign to American traditions.

—DR. HAROLD W. DODDS, president, Princeton university.

Deep down in the psychological make-up of the average woman is a sense of insecurity.

—DR. JOSEPH T. CASEY, psychologist.

FDR's Trip Similar To Excursion South During Last Session

By RODNEY DUTCHER, Pampa Daily News Washington Correspondent.

WASHINGTON, Dec. 2.—Only seven months ago the President departed on his last fishing trip in southern waters. The circumstances were very similar to those of today. Roosevelt's attitude—that he could take a fortnight off at a critical time and strengthen rather than weaken his position—was much the same.

The question naturally arises: Has the President made the same mistake twice?

The other fishing trip was a mistake. F. D. R. went at a time when Congress was more rebellious than ever before, when his Supreme Court plan was at stake, when the rest of

his program was blocked. But he was quite confident. He was sure Congress would realize the masses of voters were behind him and that it would be more tractable after stewing around a couple of weeks.

He thought he had the court fight won. Probably he had—at the time. Justice Van Devanter hadn't quit. Majority Leader Joe Robinson hadn't died. But the administration leadership was weak, and in that fortnight the opposition gained strength rapidly and the court plan lost ground.

Other things happened, but in the end that April-May fishing trip was chalked up as a major tactical error.

Same Dangers Today. Congress today seems even more balky. The administration leadership is still weak. Most of F. D. R.'s program is blocked. There is danger that some of his favorite laws may be repealed and that Congress may stampede to "do something for business" much more drastic than the President wants it to do.

But once again the chief executive

has gone away, believing that Congress will stew around in its futility, create a bad impression on the country and be virtually pining for his leadership by the time he returns.

Wage-Hour Setback. Lobbyists for the wage-hour bill notably those representing Labor's Non-Partisan League and C. I. O. unions, received a bad shock when Chairman John J. O'Connor of the House Rules Committee announced he wouldn't sign the petition to discharge the bill from his committee, where Republican and southern Democratic members had held it tight.

O'Connor's previous promise to do all in his power to get the measure out of the committee had been cited confidently as evidence that the American Labor Party, which polled 482,000 votes for Mayor La Guardia in the recent New York City election, had the chairman on the spot. But after President Green of the A. F. of L. had attacked the bill, O'Connor thought he would be safe in failing to sign the petition for discharge.

Political reprisals against O'Connor in 1938 are now threatened.

Model Modesty. Greenbelt, nearby Resettlement-belt model community, has its troubles. But they're minor. A woman complained that lack of enclosed backyards and necessity of hanging undergarments on an exposed clothesline made her feel as if she were doing a strip-tease act. The management gave two answers in effect: "1. Drape 'em on the radiators. 2. You'll get used to it."

Book A Day

By BRUCE CATTON

and tragic thing that Amelia Earhart wrote such a book as "Last Flight" (Harcourt, Brace, \$2.50). Here is a dramatic story that was to have been called "World Flight." Then one day in last July, Miss Earhart headed over the vast arc of the Pacific and was seen no more.

Almost by presentiment, it would seem, she prepared each chapter of her book, sending them back together with her dispatches, her diaries, the running log from the cockpit as each stage of the trip was completed. The whole is a most remarkable revelation of her character.

"Some day," she would say, "I'll get bumped off. There's so much to do, so much fun here, I don't want to go, but . . ."

She had written to her husband, George Palmer Putnam: "Please know I am quite aware of the hazards. "I want to do it—because I want to do it. Women must try to do things as men have tried. When they fail, their failure must be a challenge to others."

"Last Flight" exudes that sort of gallant flair for high adventure to the last page. The earlier chapters recount Miss Earhart's first aviation trials, how she flew the Atlantic, the first woman to accomplish that feat; how next she hopped from Mexico City to New York; how still later she flew the Pacific from Honolulu to Oakland. Finally, the story swings into her world flight.

You will remember this book as one of those rare human documents such as come off the presses only once in a great while.—P. G. F.

STOPS 125,000 SHOTS. BOSTON (AP)—Tiny Thompson, Boston Bruin ice-hockey goalie, estimated he has stopped 125,000 shots with the pads he's worn continuously for a dozen seasons. They've been repaired so often there's nothing left of the original set but the stuffing. But Tiny plans to use them again in his thirteenth year.

Side Glances

"I hate to bother you about a raise, chief. It's my wife's idea and you know how she is."

BEST STUDENTS MAKE BEST FOOTBALL PLAYERS BELIEVES UNIVERSITY OF CALIFORNIA

By SAM JACKSON.
AP Feature Service Writer.
BERKELEY, Calif., Dec. 2.—There was a good story behind the decision of California to make the 1938 Rose Bowl event a college football game the old-fashioned kind.

48 CLASS B TEAMS BATTLE IN REGIONALS

California, it seemed, had long since believed that the best students made the best football players.

So the university decided the boys performing at Pasadena New Year's day would all be students of the arts and sciences and would be playing football for exercise. They would not be gorillas signed up by the athletic office and sent to classes as an afterthought.

This keynote was struck by Coach Stubb Allison even before leaving the field where California clinched its Rose Bowl invitation by its 13-0 victory over Stanford.

"Make it clear," he asked newspapermen, "that every man on this squad is a legitimate student of California and the team really represents the student body."

Kenneth Priestley, graduate manager, said:

"It is the Rose Bowl we hope to meet an opponent whose athletic and academic standards are comparable to our own."

Followers of sport in this region knew the Golden Bear officials were talking through their hats. When the Rose Bowl committee had a hand in inviting the eastern teams, California once balked so strong at meeting a college team whose recruiting methods were not considered according to Hoyle.

Wanted: Students Only.
It was this policy, recalled Brick Muller, official historian of California football, that not only kept the institution's conscience clear but produced the "wonder teams" of 1929 and succeeding years.

When the late Andy Smith was brought to Cal to resurrect the football he laid down the law: "I only want men on my teams who come to college primarily to study." Even in 1916 such a stand produced a few twisters, but Smith stuck to it and produced those squads which have kept hope alive in the recent dark years when the Bears have seen no Rose Bowls and mighty few goal lines.

There is lots of discussion hereabouts as to whether the 1937 bunch constitutes another "wonder team." Chief weight to resistance with its great predecessor is the lightness of the line, which averaged 187 pounds starting the Stanford game.

In the backfield, the weight of critical opinion here is to hand the palm to the 1937 California aggregation.

The name that has been heard most during the season has been that of Vic Bokari, a round athlete who has been the running and passing sensation of the season. In the big game with Stanford, however, most fans agreed he was eclipsed by Teammate Sam Chapman, kicker, passer, runner, blocker and tackler, extraordinary Chap.

Chapman is getting belated recognition as one of the greatest backs in the U. S.

Competition Too Hard.
Chapman, incidentally, intends to go into professional baseball when he graduates next spring.

Dave Anderson, the hard-smashing fullback, would be the outstanding star in less-brilliant company. Johnny Meek, the quarter, has heard his peans sung on all sides since the Stanford game.

In his third year since taking over Bill Ingram's job as head coach at California, Leonard B. (Stub) Allison has brought his team not only to the conference championship but through one of the most difficult schedules in the U. S. The Bears keep to that. Because of the Rose Bowl date a December contest with Georgia Tech at Berkeley will be postponed until 1938.

LOS ANGELES—Arthur Field opened his lunch box, found only a cucumber.

Another time he found nothing but a can of fruit, sans can opener.

Judge Walter S. Gates granted him a divorce. Grounds—cruelty.

CHICAGO—The show business has taught Deloss Wilke to meet trying situations calmly.

When 400 performers and laborers of an indoor circus were thrown out of work because the management could not meet the payroll, Wilke, who trained Queenie, the educated cow, held up two \$1 bills and said:

"As long as this lasts Queenie and I are O. K. I'll use the money to buy her dinner, then milk her for mine. We can go on indefinitely—as long as the lasts."

HAMILTON, O.—Police Chief John C. Calhoun blushed when he turned in this police report to a desk sergeant:

"Car stolen, belonging to Chief Calhoun, from in front of his home."

NO RESPECT

SANTA CLAUS AND COMPANY

Sports Roundup

By EDDIE BREITZ

NEW YORK, Dec. 2 (AP)—It was a disappointed crowd up at Fordham when they heard the Rose Bowl decision, but one and all took it like real sports...

MILWAUKEE, Wis., Dec. 2 (AP)—Van Lingle Mungo, the pitching truant who caused Burleigh Grimes most of his headaches last season in flatbush, was the big headline of the major-minor league ivory mart today.

Every National league club, notably the New York Giants and the Chicago Cubs, wanted to get the temperamental chucker from Dixie but Manager Grimes, getting his first chance to do the talking in a deal, held out for very high stakes.

As a result, the entire player market was clogged and almost listless except for some American and minor league action.

Colonel William Harold Terry was reported to have offered Pitcher Hal Schumacher, Catcher Gus Mancuso, Outfielder Hank Leiber, first baseman John McCarthy and a good chunk of Owner Horace Stoneham's dough for Mungo and First Baseman Buddy Hasset.

The Cubs' best offer, according to grapevine information, was First Baseman Rip Collins, Outfielder Tuck Stahlback, Pitcher Clay Bryant and cash for Mungo. Grimes wanted Frank DeMaree from the Cubs or Catcher Harry Danning from the Giants but boot and it was no go.

After several thousand huddles around the stone pillars of the hotel (Schroeder) lobby, only one strictly major league swap was made. That was a swap of Pitcher Ed Linke by Washington to the St. Louis Browns for Elton Hogssett, veteran southpaw.

Most of the American league clubs, meanwhile, were trying to land established stars for "Bench-warming rookies and getting no place fast. The Red Sox offered to trade either Pitcher Buck Newsom or Pitcher Johnny Marcum to Detroit for Third Baseman Marvin Owen and Mickey Cochrane said nix.

Washington offered Catcher Rick Ferrell to Cleveland for Catcher Frank Pytlak but Cleveland walked away from the idea. Owen was pretty certain to go to the Chicago White Sox in exchange for a pitcher, possibly Johnny Whitehead or Merritt (Sugar) Cain.

Girls and boys between 18 months and 4 years of age average about 36 minutes of crying every 24 hours, tests have revealed.

LUBBOCK, Dec. 2 (AP)—One out of 15.5 women students registered at Texas Technological college is a Mary. Three are engineering students, 22 chose home economics as their major field, 49 are majoring in arts and sciences, and three are on the graduate division.

Sterilization of Unfit Proposed in Barbados

BRIDGETOWN, Barbados (AP)—Sterilization of the unfit "as in Germany" was recommended by Dr. W. Hawkins of Bridgetown during a discussion of birth control in the house of assembly here.

"I am of the opinion birth control is putting the cart before the horse," Dr. Hawkins declared, "there are people in Barbados who are not fit to propagate their kind. Barbados should follow the lead of Germany and sterilize the unfit."

An airplane, flying at a speed of 280 miles an hour, could fly around the moon at its equator in 24 hours.

EVERY CLUB WANTS MUNGO FROM GRIMES

As a result, the entire player market was clogged and almost listless except for some American and minor league action.

Colonel William Harold Terry was reported to have offered Pitcher Hal Schumacher, Catcher Gus Mancuso, Outfielder Hank Leiber, first baseman John McCarthy and a good chunk of Owner Horace Stoneham's dough for Mungo and First Baseman Buddy Hasset.

Girls and boys between 18 months and 4 years of age average about 36 minutes of crying every 24 hours, tests have revealed.

GRAVES OF ORIGINAL AUSTIN COLONISTS WILL BE MARKED

PORT LAVACA, Dec. 2 (AP)—Famed old Indianola, where tragedy and heroism marched hand in hand to a fatal destiny, was recalled when it was announced that centennial markers soon would be dedicated at the graves of Silyanus Hatch and his wife, Pamela Louisa Nicholson Hatch.

The markers are inscribed: "Silyanus Hatch, born in Massachusetts, June 1, 1788, died October 16, 1885" and Pamela Louisa Nicholson Hatch, born in Massachusetts, February 12, 1788, died February 22, 1850."

Much of Captain Hatch's life was devoted to military service, beginning with the War of 1812 under General Andrew Jackson at the Battle of New Orleans.

The Hatch family was one of the original 300 families who came to Texas with Stephen F. Austin. Settling first on the Lavaca river in Jackson county, they moved to Calhoun county in 1846, making their home at the Agua Dulce ranch on the old Indianola trail.

Captain Hatch took an active part in Texas' early struggle for independence. He fought in the Battle of Plum Creek when Linnville was raided and destroyed by the Comanche Indians.

His general merchandise store at Texana was looted during the march on Goliad. Commanded by General Sam Houston to take the women and children to Louisiana for safety during the Battle of San Jacinto, Hatch missed the combat.

Pamela Hatch died a martyr to her own generous spirit. In 1850 a large German vessel came into port at Indianola with passengers and

LOST KINGDOM

LOST KINGDOM CHAPTER XIII
 Yesterday: Exploring the strange underground cavern, Melissa drops the lantern and she and Bob are stranded in utter darkness. She screams!

CHAPTER XIII
 "STAND STILL! Stand absolutely still!"
 Robert Barry roared the command like an army major.
 When the lantern dropped and Mary Melissa had screamed, the two of them had been on the brink of a subterranean cliff. Bob didn't know just how high it was, but he did know it was dangerous. If Lisa moved carelessly in her fright, instant tragedy might result.
 "It's all right!" he calmed her. "Stand where you are, and I'll come to you."
 They had been 15 feet or so apart. Carefully he felt his way through the darkness, talking in soothing tones.
 "Oh-h-h-h, I don't know h-how I could have done that!" She trembled when he finally touched her.
 "No matter, Lisa. Accidents happen to anybody. I should have held the lantern. It was my job, not yours. But there's no harm done. We have others in camp, you know. Five, all together, and plenty of gasoline for them."
 She was still trembling, and his arm went around her waist. There in the blackness she felt utterly little. He held her tight to him, in both arms, petting and comforting her as best as he could. In a moment she had her composure again.
 "All right?" his voice had his old smile in it.
 "Yes, thank you, Bob. But it's the worst fright I ever had."
 "Shouldn't wonder. Now we'll take the candles and go back out."
 "You have candles?" She was both surprised and delighted.
 "Yes, Bob."
 He didn't complete his answer. Sudden fear chilled him!
 "Yes, he had brought candles, in his shoulder pack. But—he had forgotten to put the pack back on when they had halted to rest a while ago!
 The thought almost appalled him. "Easy now," he calmed himself. This was a new danger, but maybe luck would hold. He could go back to that pack in darkness—maybe!
 But he couldn't. And of course he soon had to admit their real plight. He had collected his wits by this time, and tried to speak lightly of it. She didn't answer for a moment or two, then—
 "Bob, I'm not frightened now. At least, I am no longer nervous about it. But you aren't fooling. We're in a predicament, aren't we?"
 He reached out to pat her hair in the darkness.
 "Yes," he admitted, huskily, "we are."
 She said nothing else then. She merely waited.
 "Mary Melissa, I am the masterpiece of fools. I could choke myself with satisfaction." He was not flinching about it. He was, rather, deep in despair, condemning himself in all seriousness.
 "I won't ask forgiveness," he resumed. "for I don't deserve it. I'm going to try my damndest to get us out of here, but you ought hate me forever, even if I do. I almost wrecked our expedition plans by swinging from that rope in my haste that day. I can think, but I think sketchily. I am not—not dependable. I'm sorry, and I—"
 "Bob!" She squeezed his arm. "Hush! You are no worse than I. Not as bad. You've been wonderful all the way through. From the very day I surprised you at Blanco Canyon, when you were expecting a man."
 "Bob, I know it wasn't fair to ask you to bring a silly girl on a scientific expedition like this. But you did, and I love—I like you tremendously for it, for being a great sport. I admit we are in a jam now, but we're still alive, aren't we—partner?"
 Her voice had been soft, liquid. There was no fright evident, no accusation, nothing but sincerity. It brought a lump of pride to her in Bob Barry's throat. What a girl! He had a sudden mental vision of her beauty, too, and he was almost overcome with emotion, in his sudden wholehearted admiration of her. She hadn't cried, or whimpered, or sniveled. Instead, she had actually comforted him!
 In the utter darkness they threw up his chin, a bit embarrassed with himself, and laughed a little in new confidence.
 "The pack," he stated, "ought to be back this way."
 They moved at small paces, knees, to avoid slipping and falling, also, to make feeling with their hands easier. They must—simply must—locate that pack.
 Bob strained himself to recreate in his mind the path they had taken after resting, every turn and every incline. A dozen times he searched his pockets for matches, but they were in the pack too. He never had smoked; for the first time in his life, now, he regretted it.
 "I have a bar of chocolate," he announced, after they had crawled for what seemed hours. "You must be hungry."
 "Not at all!" she lied. She knew that chocolate might be doubly precious later. "I couldn't eat now."
 He put it back in his pocket. They sat still to rest again, holding hands. He tried to think of some way to make artificial light. But these rocks were not flint. And all they had for tinder would be their clothing. He squeezed her hand, and they began to crawl again.
 They hoped against hope, and it was fruitless. Their search continued for what must have been impressed upon them the immensity of the cavern. They lived solely by sense of touch, the only two living things, apparently, in the universe. Bob remembered the shriveled body near the entrance to the cave and the mummy outside, and smiled a little dryly.
 "Keep your chin up, kid," he said once, softly.
 "I feel fine," she declared. To prove it she sang a little, and they both laughed. It helped.

WHUT DID YUH SAY, ICK?
 I WAS TALKIN' TER DAT MULE!

HEROES ARE MADE - NOT BORN

OUT OUR WAY

By WILLIAMS

HI-HO, LADS, TAKE A LESSON IN THRIFT IF YOU WANT TO PEEK WITH HAPPINESS! I HAVE THIS DAY PAID THE LOCAL COUNTING HOUSE THE LAST INSTALLMENT ON MY CHRISTMAS SAVINGS FUND—HAW! IN TWO WEEKS I SHALL COLLECT A TIDY SUM—A NEW FUR FOR THE MADAM'S STOCKING, AND APPROPRIATE GIFTS FOR OTHER GUESTS IN THIS BAILWICK! EGAD, HOOPLE MAJOR WILL RESOUND WITH YULETIDE CHEER!

I CAN BELIEVE THAT! THERE'S BEEN A STRING OF HOLDUPS LATELY THAT THEY CAN'T TIE ON ANY-ONE! GOSH—TH' ONLY THING I SAVED THIS YEAR IS A COLLECTION OF OLD RAZOR BLADES!

TH' BIG BREEZE IS BLOWING ABOUT WHAT HE'S GOING TO GIVE SO HE'LL GET A BIGGER WINDFALL FROM ST. NICK—WELL, HERE'S ONE SANTA CLAUS THAT WON'T BITE ON TH' BAIT THAT BIG CHEESE PUTS IN TH' TRAP!

PUTTING A NEST-EGG IN HIS CHRISTMAS SOCK

THIMBLE THEATER Starring POPEYE

You Asked For It

By E. G. SEGAR

SO IT WAS YOU WHO KNOCKED MY FIRST MATE GOOFY? DON'T SEE HOW YOU COULD DO IT! A RUNT LIKE YOU!

ANYWAY, GET THIS—IT'S MUTINY TO STRIKE THE MATE! YOU CAN GET HUNG FOR HITTIN' THE MATE!

WHAT DO YA GET FOR SMACKIN' THE CAPIN'?

I MEAN I YAM GONER TAKE A CRACK AT YOU IN ABOUT A MINUTE!

OH, YOU WANT SOMEMORE, DO YOU? WELL, I'LL ADMIT YOU'RE A TOUGH RUNT!

ALLEY OOP

Surprise

By HAMLIN

THAT'S A FINE DUMB QUESTION FER YOU! WE'RE OUT OF THERE LAST! NOW WHAT?

WELL, I SUPPOSE, SEEN! AS HOW WERE ALL HEADIN' IN TH' SAME DIRECTION, WE'VE ALL GOT TH' SAME IDEA!

YEH, AN' I SEE WE'VE ALL GOT NICE BIG, KNOBBY CLUBS, TOO!

NOT SO FAST THERE, OOP. DON'T FORGET THAT THERE'S TWO MORE OF US THAT WANT A COUPLE OF CLOUTS AT THAT OL' BUZZARD!

OOOLA!!

CAVE OF THE WOZZY
 KEEP OUT BY ORDER OF THE GRAND WIZER

WASH TUBBS

Parting Of The Ways

By CRANE

WELL, KID, WELL BE SAYING GOOD BYE. AN' GOOD LUCK.

SAY! WHAT IS THIS—A RUN OUT?

OH, WE JUST AREN'T NEEDED ANY MORE. YOU'VE SOLD YOUR LOGS; YOU'RE SITTING PRETTY.

BUT GEE WHIZ! I OWE EVERYTHING TO YOU! YOU OLD BOTTLEWASHERS!

WHY, I'D PLANNED TO GIVE YOU A HALF INTEREST IN THE COMPANY, I'D PLANNED TO MAKE YOU MANAGERS. I'D PLANNED—

THANKS, BREEZE, BUT—OH, YOU KNOW HOW IT IS.

GIPSY FEET, WE BEN SANTI'N MOSQUITOES DOWN IN THIS OLD JUNGLE SO LONG THAT WE—WE'RE KINDA HOMESICK.

MYRA NORTH, SPECIAL NURSE

A Touch Subject

BY THOMPSON AND COLL

MYRA READS TO THE CRAZED MAN IN A LOW, SOOTHING TONE AND SOON WILLIE STEEN IS COMPLETELY RELAXED.

AND SO THEY LIVED HAPPILY EVER AFTER.

PLEASE READ MORE.

VERY WELL, WILLIE—SINCE YOU'RE BEHAVING SO NICELY—HOW WOULD YOU LIKE TO HEAD ABOUT KING MIDAS?

SURE—HE'S LIKE ME!

OH—SO YOU'VE HEARD HOW EVERYTHING HE TOUCHED TURNED TO GOLD? CAN YOU MAKE MONEY AS EASILY AS THAT?

HUH! WHAT O'YA MEAN?!

NOT A THING, WILLIE—NOW PLEASE BE QUIET IF YOU WANT ME TO READ.

BUT WILLIE'S GOOD HUMOR HAS PASSED, AND AS MYRA CONTINUES TO READ, HE NERVOUSLY STARTS FUMBLING WITH A PENCIL.

FRECKLES AND HIS FRIENDS

Chat and Chaff

By BLOSSET

YOU DON'T SUPPOSE FRECKLE FAILED TO SHOW UP BECAUSE HE'S GETTIN' HIGH HAT, DO YOU?

FRECKLE HIGH HAT? DON'T BE RIDIC!

WELL, THEN WHY DID HE FAIL TO GET HERE?

I DUNNO, BUT IF HE WAS GETTIN' SWELL-HEADED, THIS'D BE A SANDY PLACE TO SHOW IT! AFTER ALL, SWELL-HEADED GUYS LIKE ATTENTION—AND HE'D GET IT HERE!

THAT'S A PEACH OF A CUP THEY PLANNED TO GIVE HIM—AND IT'S A CINCH A GUY WOULDN'T DELIBERATELY TURN DOWN A CUP!

BUT HE'S GOT A LOTTA CUPS!

CUPS, CUPS, CUPS... THAT'S ALL THEY EVER GIVE! DOESN'T ANYBODY EVER FIGURE THAT MAYBE A GUY LIKES TO DRINK TEA OUT OF A SAUCER?

WHERE IS FRECKLES?

BOOTS AND HER BUDDIES

Boots Is Plenty Worried

By MARTIN

WHERE'S BOOTS?

I DON'T KNOW! POOR DEAR, I'M TERRIBLY WORRIED ABOUT HER! SHE HAS A PREMONITION THAT SOMETHING IS WRONG WITH HER BROTHER BILLY.

JUST BEFORE SHE LEFT, SHE TRIED TO GET HIM, LONG DISTANCE AND LEARNED THAT THE PHONE HAD BEEN DISCONNECTED.

YOU DON'T SAY!! MY WORD, THAT IS STRANGE.

H'LO, WILLIE! SAY, IS MY PLANE IN PRETTY GOOD SHAPE?

SWELL! WHY?

OH NOTHING, I JUST I'VE WONDERED, THAT'S ALL.

SURE! I TUNED IT UP MYSELF A COUPLE DAYS AGO.

BLANTON CASE NO. 1 CRIME FOR SOLUTION

AUSTIN, Nov. 29 (AP)—Probably nothing would bring greater satisfaction to Col. H. H. Carmichael, director of the Public Safety Department, than solution of the Blanton mystery of the Texas Rangers.

The department has worked hard to decipher the tragic puzzle and success would be a proud feather in its cap. A solution would go a long way toward restoring early day prestige of the Rangers.

Carmichael has given much time personally to the investigation since Luther and John Blanton left their farm home near San Perita last November and seemed to drop from the face of the earth.

He makes no bones, however, that progress has been slow, indeed, almost hesitates to say there has been progress. He explains simply the case is being sifted to its tiniest detail and he is hopeful something finally may be turned leading to the criminals.

Carmichael's policy is to claim nothing for the department on which he cannot make good, to stir no false hopes. He doesn't talk much. He is an army man. He believes the department will rise or fall in the estimation of the people, on results.

A South African wrote Gov. James V. Alford expressing how the United States and Great Britain would stand shoulder to shoulder in meeting world problems. A letter from Dr. F. A. Lomax of Pretoria said: "I sincerely hope America will help Britain support and protect the vast British Empire. The Empire looks upon the United States as a big brother. I trust America will stand by the Empire in these uncertain days. Please do not fail us."

The official reason for ordering the East Texas oil field shut down for four Sundays was that engineers of the Railroad Commission wanted to make pressure tests.

Many persons believed, nevertheless, the lid was ordered on because the commission desired to curb production and could not otherwise do so easily.

At a proration hearing E. V. Cottingham, engineer, was asked whether he recommended the closing to circumvent the marginal well law.

If Cottingham did not evade the question, he did not answer it directly. He reiterated his recommendation was based on need for

tests which could best be made under stable conditions. For days preceding the order, Ernest O. Thompson and C. V. Terrell, commission members, had made public statements oil production was exceeding demand and would have to be curtailed.

Probably in no other department of government is the actual intent and purpose of action clouded so frequently. To the layman, the reason seems to be the commission is attempting to do something that is, promote oil under eternal fear of court attack.

The commission's orders are written always with an eye to such attack. They say as little as possible. They deal in generalities. To prevent waste is the prime reason given for doing everything because the courts have upheld the commission's authority to prevent waste.

At one time Lon Smith, another commissioner, made the surprising charge the monthly hearings were nothing but a grand "farce" and the whole idea of proration was to keep up the price.

Senator Ben G. O'Neal of Wichita Falls has had a check photograph and will present the copy. The check, for \$33.33, was his pay for the one day he served as acting governor. Gov. Alford was in Mexico and Lieut.-Gov. Walter F. Woodul in Louisiana.

"I would have liked to keep the check itself," said O'Neal, President Pro Tempore Ad Interim of the Senate, "But I couldn't afford it."

TECH MUSEUM LOANED 70-YEAR-OLD BUGLE

LUBBOCK, Dec. 2 (AP)—A battered army bugle found recently under the floor of a house at Fort Stockton has been loaned to the West Texas Museum on the Texas Tech campus. Lost about 70 years ago when Fort Stockton was a refuge for white settlers against marauding Indians, the bugle is of regulation army size and shape. It was bent and corroded and had lost about one half of its original weight.

LET 'EM EAT GRASS. SAYS COLLEGE PROFESSOR

MUNICE, Ind. (AP)—The United States has soon become a nation of grass-eaters, Dr. George I. Christie, president of Ontario Agricultural college, predicted at a farmer's meeting here.

"Dried grass, specially treated and prepared, may be one of the important farm crops of tomorrow," Dr. Christie asserted.

Grass-eating by man, he said, whether he be a child or an old man, is a change no more startling than the development of the automobile from a "hen-scaring go-devil" to the smoothly-functioning vehicle of today.

"There is even a man on our staff," he said, "who suffered from

ulcers of the stomach. He has been taking two spoonfuls of this dried grass daily and has had a remarkable comeback.

Four-fifths of the productive forest area of the United States is privately owned.
