Dr. Paul N. Cyr Loses His Suit to Oust Governor Long

NO CAUSE IS RECOGNIZED IN COURT TODAY

Former Lieutenant-Governor Charged That Political Enemy Held Two Elective Offices.

DISMISS ACTION

But Bitter Controversy Is to Be Carried Before Supreme Court—Cyr Without Job.

SHREVEPORT, La., Nov. 18. (AP)—Dr. Paul N. Cyr's suit to oust Huey P. Long as governor of Louisiana was dismissed in Caddo district court today on grounds of no cause for action.

Judge T. F. Bell in giving his decision on Governor Long's motion to dismiss the suit denied Long's contention that the court was without jurisdiction but upheld the governor's claim that Cyr had no cause to enter suit.

Counsel for Cyr announced that an appeal would be taken to the Louisiana supreme court.

Cyr, as lieutenant governor under Governor Long, took the governor's oath on Oct. 13, and brought suit to oust Long on the contention that Long had automatically vacated the governor's chair after filing his credentials of election to the United States senate.

Cyr claimed that under the state constitution Long could not serve as senator and governor, but Long contended that he had not officially become senator.

Junior Chamber to Meet Tonight

Santa Clause is coming to Pampa earlier than usual this year. This season he will make his first visit to Pampa on the night of Nov. 18.

Pre-Christmas celebration plans and adoption of additional projects will be among the items of business at the general membership session at the city hall tonight.

President C. B. Akers will call the meeting to order at 7:30 o'clock. Many committees have been appointed since the last meeting, and chairmen have been selected. A number of these will make short reports.

The chamber has already temporarily disposed of the sales day project. It has inspected the Miami, Okla., event, discussed modifications to be made here, and decided to call a mass meeting later to launch the project.

Sensational membership gains have been made since the organization was formed two weeks ago. A drive for new members is getting results, many persons securing more than half a dozen joiners. The task of the organization is to give every member something to do. Annual dues are \$6, payable in two installments.

Call for Toys Is Made by Firemen

The boys at the fire station have repaired all the toys on hand and are ready to start on more if citizens or merchants will deliver them to the fire station. Broken toys with the paint worn off, or other toys will be fixed up by the boys and will be given to poor children throughout the city at Christmas.

Chief Clyde Gold said his men get a real kick out of repairing the broken toys. They say they can just imagine the glad expression of the kiddies faces when they get toys for Christmas. It has not been decided whether the toys will be distributed through the Welfare board, or at a community Christmas tree.

Several boxes of broken or soiled toys have been fixed up by the fire boys. "The boys are simply 'holer-in' for more toys to fix up," Chief Gold said this morning.

RED WING TO GO TO CHAIR

Only Governor Sterling Can Save Indian, Who Is Citizen of Mexico.

HUNTSVILLE, Nov. 18. (AP)—Chief Red Wing, a 39-year-old Indian, paced nervously about his cell in death row at state prison today anxiously awaiting some word from the governor's office at Austin.

He came here under sentence to die early tomorrow for the murder of two-year-old Angelina Vavazos at New Braunfels.

Red Wing, the Mexican consul at San Antonio said in a request to Governor Sterling for clemency, is a Mexican citizen. He asked that the sentence be commuted to life imprisonment.

"I don't feel that I will have to die for something I did not do," Indian said today, according to George M. Waddell, business manager of the Amarillo school district.

There will be no tickets available locally for the Amarillo-Lubbock game Thanksgiving day, according to George M. Waddell, business manager of the Amarillo school district.

Joe E. Smith, manager of the Pampa district, called Mr. Waddell this morning and asked him to send over some tickets. Mr. Waddell said that all available seats had been sold.

He said that additional seats were being erected, but that there would not be enough to accommodate all the Amarillo fans who desire to see the game. Pampa fans who wish to see the big game will have to use Amarillo fans to get their tickets or be in Amarillo by day-break of the day the additional seats go on sale.

The present Amarillo grandstand seats only 10,200 persons, and every seat has been sold. Lubbock claims that half should have been sent to Lubbock instead of about 4,000. Pampa sent Amarillo several hundred reserve seats for the Lubbock game here.

BORGER LEGION HEAD IS HEARD

The Legion hut on West Foster avenue was "packed to the doors" last night when ex-service men gathered to hear several short addresses and transact business.

The guest of the evening was Phil Trock, commander of the Borger Legion post. Trock is the biggest Legion commander in the United States. He made a talk on the coming 18th district convention to be held in Borger early next month.

Commander Trock invited every Legionnaire to visit Borger during the convention. He said he would try and have lights for the occasion. The event will be held Dec. 5 and 6. Among the speakers will be the humorist, Josh Lee of Norman, Okla.; V. Earl Earp of Sweetwater, state Legion commander; W. A. Wyatt, of the state department; and Reed Johnson, manager of the veterans' bureau at Dallas. Deer meat will be served at a banquet through the generosity and marksmanship of J. C. Carroll of Pampa.

W. J. Smith, local attorney, gave an interesting address as the Pampa guest of the meeting last night. The Legion has a guest speaker at every meeting. W. H. Curry also addressed the meeting.

Post Commander C. M. Carlock occupied the chair.

Bradley Has 2 Jobs

The committee in charge of the Red Cross drive pulled a good one on John L. Bradley yesterday when they appointed "drivers." Mr. Bradley, always one of the first men to answer a call, reported to the drive chairman that he would not be able to work on the drive as he had been summoned for jury duty. "Fine," remarked the Rev. C. E. Lancaster, pastor of the First Baptist church and chairman of the drive, "you can handle the entire courthouse."

So this morning John was traveling fast about the courthouse trying to see everyone before the call for jury duty was announced. He was having good luck and didn't seem to mind having two jobs today.

RED CROSS IN BIG DRIVE FOR 1500 JOINERS

Many Teams Start Canvass of North Gray County This Morning—Additional Solicitors Needed.

FOR LOCAL NEED

Reports Are to Be Made at B. C. D. Office When Team Finishes—Hope to See Early Victory.

Pampa business men, Legionnaires, Auxiliary members, and women of the churches were heating figurative bushes throughout the northern half of Gray county today in their drive for 1,500 members for the local chapter of the Red Cross.

Mrs. V. E. Fatheree took out the first membership, getting her button from Mrs. Joe Smith.

Many teams started canvassing of assigned districts early today. Others were to start this afternoon. Additional workers are urgently needed by the Rev. C. E. Lancaster, chairman of the annual roll call.

He asks anyone willing to spend a few hours any afternoon this week to call him at 528. Teams completing their work may report to Mrs. Chas. Hughes at the B. C. D. offices in the city hall.

Success of the drive now depends upon the workers. Rev. Lancaster said today it is hoped that every piece of assigned territory may be solicited before the end of the week.

Several scores of solicitors have been teamed and given maps showing the areas in which they are to work. Membership cards, buttons, and receipts are carried by them as they canvass the business, residential, and oilfield districts.

The areas assigned are small enough to permit completion of the drive in a few hours, although as usual some prospective members will not be at home and repeat calls will have to be made. The membership fee is \$1. Of this sum, 50 cents is for the Red Cross, and 50 cents is for employment relief and 50 cents are in Pampa for similar work here. Of larger gifts, all but 50 cents is kept in Pampa.

Red Cross funds have been used for several months to supplement the federal government aid for relief workers. The Red Cross zone in Gray county north of the North Fork of the Red river. Those helped recently included tubercular mothers and children, dozens of very sick men and women unable to earn a dime, disabled veterans and families of veterans, and very aged people. Lives are actually being saved by the intervention of the Red Cross through its welfare work.

W. A. Bratton, lumber dealer, is chairman of the chapter. Monthly and called meetings are held at the city hall. Each relief case is reviewed. Constant correspondence is carried on with veterans' bureaus and the St. Louis headquarters of the Red Cross in order to trace cases, locate responsible relatives of dependents, place veterans in hospitals, obtain government aid for families of deceased and crippled veterans, and to obtain transportation for transients to their homes.

The Red Cross specializes in the more acute cases, involving real suffering, disease, danger of death, and prolonged illness. This year the chapter is stressing work with unfortunates—those both jobless and ill. It is handling individual crises rather than waiting for disasters.

Oil Property Is Attached

Action Follows Suit to Oust Standard Oil As Law Violator.

DALLAS, Nov. 18. (AP)—Sheriff Hal Hood of Dallas county today received two writs of attachment from the district clerk of Travis county at Austin, commanding him to "attach forthwith" Dallas county property and holdings of the Standard Oil company of New York and the Shell Union Oil corporation, up to the value of \$1,021,500.

The writs directed the sheriff to sequester them on two local subsidiary companies, the Magnolia Petroleum company and the Shell Petroleum company and to hold all such property as he may attach pending a hearing in the 54th district court at Austin on Jan. 4.

A letter from Everett L. Looney, assistant attorney general who has been active in the investigation which preceded the filing of anti-trust suits last week by Attorney General James V. Alfred against 15 oil companies, accompanied the two writs of attachment.

"Call at the offices of the two Dallas subsidiary companies," the writs directed.

Winfield, Kans., Superintendent Found Dead—Murder Is Suspected

WINFIELD, Kans., Nov. 18. (AP)—The body of W. W. McConnell, 53, superintendent of the Winfield schools, was found on the high school campus here late last night with a bullet wound in the back of the head.

His motor car was parked at the curb and near the body was a revolver.

Officers scouted the theory of suicide because of the position of the wound and the length of the weapon. He was not known to possess a revolver.

McConnell took his wife and two children home from a motion picture show earlier in the evening and departed, saying he was going to do some work at his office. Shortly before his body was found he called Mrs. McConnell to tell her he was ready to return home.

McConnell had served as superintendent here eight years.

JAPANESE BREAK GENERAL

MAH'S TROOPS INTO TWO SECTIONS WITH CAVALRY

Then Infantry Sweeps Around Chinese Right Flank—Opposition Maneuver Fails—Casualties Reported Heavy on Each Side—Capital of Manchuria Occupied After Nightfall

IN SOVIET ZONE

League of Nations, Alarmed by Japan's Aggression, Convenes—Russian Anger Anticipated.

(BY FRANK S. OLIVER) MUKDEN, Manchuria, Nov. 18. (AP)—Japan's Manchurian army took over Taitshar, capital of the northern province of Heilungkiang, at 8 o'clock tonight, disarmed the Chinese police and issued a proclamation promising full protection for law abiding citizens.

The Chinese enemy, fleeing through a blinding blizzard, broke into two scattering sections today and moved northward from Taitshar in a retreat which appeared to have turned into a rout.

Dispatches from the Japanese front told of a major engagement in which there were heavy casualties on both sides.

General Honjo used his cavalry to good effect, breaking through the Chinese front line and preparing the way for an infantry attack which swept around the Chinese right flank.

A Chinese effort to encircle the Japanese flank failed and the Chinese lines broke.

Honjo, the dispatches said, swept up to Anganchi, 18 miles south of Taitshar, crossed the Chinese Eastern railway, took over a suburban town a mile and a half outside the walled city, then moved into Taitshar.

This battle, beginning early in the morning, took the Japanese to Taitshar after dusk, word from the front said. It was waged in bitter cold weather with a wind out of the Arctic sweeping down from Siberia across the frost-bound Manchurian plains.

Mah's army scattered in all directions as the Japanese crossed the Chinese Eastern railway. Over the last stages of the advance there was little or no resistance. The Chinese commander was reported to have fled northward with several thousand of his soldiers, using trains of the Chinese railway.

It was said the Japanese crossed the Chinese eastern without interfering with traffic.

In diplomatic quarters this aroused fear that Soviet Russia might be drawn into the Manchurian dispute. At Paris the League of Nations council was alarmed and went into private session with both the Japanese and Chinese delegates present. United States Ambassador Dawes did not attend the meeting.

TOKYO, Nov. 18. (AP)—A dispatch to the Reingo News agency from Mukden, Manchuria, today said the Japanese military forces at the Nonni river, pressing forward in a smashing attack on Gen. Mah Chast-Shan's Chinese troops, occupied Anganchi at 1 p. m.

The report followed an earlier dispatch telling of the beginning of the offensive and which said the Chinese army was retreating in great disorder, scattering along the Chinese Eastern railway tracks, pressed closely by the Japanese.

The rout of the Chinese was complete, it said. The battle was taking place in severe weather, late reports said. The temperature was 15 below zero at Anganchi, a mile and a half south of the Chinese Eastern railway and terminus of the Taonan-Anganchi railroad.

The town of Anganchi stretches northward to the Chinese Eastern railway station where a dozen Soviet Russian employees of the Chinese Eastern road reside.

In the event General Mah takes refuge at Taitshar, which appeared likely, it was said authoritatively here that the Japanese may be compelled to cross the Russian-owned Eastern railway and occupy Taitshar as part of the military measures designed to disperse General Mah's forces.

Non-military officials said the Japanese would endeavor not to interrupt traffic on the road or interfere in any way with Russian interests along the route, which is jointly operated by Chinese and Russians.

A communique issued by army headquarters said General Honjo ordered the general offensive on account of increasing danger to the Japanese right and left flanks from General Mah's troops, but press dispatches from Harbin and Changchun put the burden on General Mah for launching an attack shortly after midnight and provoking the Japanese counter-attack.

Now that hostilities have begun, it was explained, the chief object of the Japanese is to destroy General Mah's main force.

Son Is Born To Gene Tunney

NEW YORK, Nov. 18. (AP)—A son was born today to Mrs. Gene Tunney, wife of the former heavyweight champion, who before marriage was Miss Polly Laude Greenwich, Conn.

The baby boy was born at 9 a. m. in the Sloane hospital at Columbia university's medical center. Mother and son were reported "doing nicely."

Mrs. Tunney is the daughter of a socially prominent Connecticut family. She and the former champion were married in Italy following Tunney's retirements from the ring in 1926.

The retirement of Tunney, July 1928, caused considerable upheaval in the prize-fighting world because he still was the undefeated heavyweight champion of the world.

Finally, however, plans were worked out for an elimination tournament to establish the successor to his title.

Mr. and Mrs. Tunney came here to the United States after their honeymoon and then set out on a four months' tour of the east, Russia and Europe, from which they returned this summer.

Fire Department Stresses Prevention

Pampa's fire record for the 17 days of this month has been clear, Chief Clyde Gold said this morning. Not a call has been received although the Ford chemical truck was sent out on a run last week when a citizen called the department and said he had considerable refuse and weeds he wanted to burn.

"We are always glad to send trucks anywhere in the city when we receive a call that trash or weeds are to be burned," the chief declared this morning. "The fire department is to prevent fires as well as put fire out," he said.

The department had only three calls during October and the total loss for the three fires was only \$2,000. One of the calls was a false alarm.

Coach Asks Cars To Transport Team

A call was made by Coach Odu Mitchell this morning for automobiles to take high school pep squads girls and band members to Plainview Friday. The cars will leave the school Friday morning at 8 o'clock.

Mr. Mitchell asked that all willing to give transportation to some of the students telephone the high school today or tomorrow.

Borgerites Hurt In Gasoline Blast

BORGER, Nov. 18. (AP)—Explosion of a gasoline container resulted in the critical injury of three persons today.

Mrs. Bertha Stull, 29, was washing a coat in gasoline at her home north of Borger. Fumes from the fluid were ignited by a gas torch 15 feet away.

She and her baby boy, Hobart Stull Jr., were burned so severely that physicians said they might die. Her husband, H. H. Stull, 29, was severely burned in his efforts to tear the flaming clothing from his wife and child.

ENGLISH GIRL GOING HOME

Had Hoped to Earn Fund to Pay Passage Back—People Poor.

WELLESLEY, Mass., Nov. 18. (AP) Rosemary Pamela Gilding's adventure is ended. The homesick young English girl who disappeared from the home of Prof. Hamilton C. Mac Dougal Saturday was due to sail from New York today to join her father, a London banker. Professor and Mrs. Mac Dougal, who accompanied the girl to New York, planned to secure passage for her on the S. S. American Trader.

She was located yesterday at Springfield where she sought work to earn her passage money home. Lonely, anxious to see her parents but afraid to ask them for passage money because she didn't want to "embarrass" them, she left the Mac Dougal home, where she had been a house guest for 14 weeks, to seek work in a strange American city.

A few days at the Clinton hotel, a day in a Springfield rooming house and a round of employment agencies in Springfield was the sum total of her adventure.

She was located through an employment agency, with which she had placed her name. "I guess my adventure is over," she said, "and I didn't want to embarrass them by writing for passage money home."

She hadn't realized her disappearance had created such a furor. A cablegram received from Miss Gilding's parents yesterday asked that the girl be placed on the first boat for England.

Winter Felt in Many Places as Mercury Drops

KANSAS CITY, Nov. 18. (AP)—The approach of winter, heralded by storms in the mountain regions of the west over the week-end, is becoming evident in other parts of the nation.

Tornado winds swept Oklahoma yesterday in the wake of heavy rains.

The southwest was drenched by general precipitation, an autumnal downpour that freshened grass and provided needed moisture for wheat.

Strong winds prevailed to the north. Snow or rain was the forecast for Upper Michigan, Minnesota, North and South Dakota today. Rainfall in this section yesterday extended to the Great Lakes region and to Eastern Tennessee.

These manifestations came as clearing skies came back to the greater part of the Pacific coast region after week-end storms which piled snow high in the uplands.

Irrigation farmers will benefit from the heavy fall which ranged as deep as 56 inches at Norden, Calif.

The United States weather bureau said there would be more snow in the Sierra Nevada mountains or California and rains in far Western Washington. Seasonal rainfall on the coast was ahead of the average to date in numerous places.

"MOTHER GRACE" IS FORCED TO CLOSE NOTED JUAREZ CAFE

EL PASO, Nov. 18. (AP)—One of the oldest and best-known resorts on the Mexican border, the Popular cabaret in Juarez, closed Tuesday. "We couldn't make both ends meet," said Mrs. Grace Martino, better known as "Mother Grace," the owner. "The business depression finally beat us."

For years the Popular was known as a place where the upper and the gutter border worlds met. In the latter of its lights, happiness and despair were often intermingled; in its shadows, destinies of men and women, and even governments, were decided.

It was one of the few resorts to survive the end of the Calle Diablo when hordes of persons of questionable characters were driven from the notorious "Street of the Devil" to a restricted area on the outskirts of the city.

There are holes in the ceiling and walls of the bar room which recall the desperate fight between El Pablote, king of Juarez' narcotic traffic, and the notorious "Street of the Devil" to a restricted area on the outskirts of the city.

Over the polished dance floor the beautiful, ill-starred Nelia Medina once glided as an entertainer. "Queen Nelia" was shot to death by a jealous lover, and Mother Grace buried her body when her family in San Antonio did not accept it.

In its hey-day, the Popular was noted for the number and the beauty of its women entertainers, some of whom were almost as well known as border Queen Nelia. At one time there were as many as 40 women and girls of practically every race and nationality in the place, and a kitchen was maintained just to feed them and their friends.

They received a percentage of the money paid for drinks and bottles of liquor by men they drank with, and sometimes the sums were considerable. Mother Grace said as many as 100 bottles of champagne, the girls' favorite drink, had been sold in one night.

Boozers, men who were down and out, those who were trying to come back but never would—they all found a friend in Mother Grace. If they needed a place to sleep, clean clothes or a bath, they went to her. She never turned them away.

What will become of the building and the fixtures is not known. When closed, the border cabarets sometimes reopen, but not often. Usually, they, too, can't come back.

NEGRO IS SUSPECTED

HOUSTON, Nov. 18. (AP)—A negro fugitive from justice was sought today as a suspect in the shotgun slaying of H. L. Bennett Sr., 71, retired railroad official.

Bennett's body was found in a house on a farm to which he had retired 23 months ago to raise chickens. A charge of buckshot struck him in the body.

British Tariff Is Near Reality

LONDON, Nov. 18. (AP)—A preference tariff to unite the dominions of the British empire into economic unity, for which Lord Beaverbrook, noted newspaper publisher, fought for more than a year, seemed assured today with the passage of the government's tariff measure through its first stages in the house of commons yesterday.

Lord Beaverbrook, with his powerful newspaper, the Daily Express, demanded during the campaign a policy of free trade within the empire as a means of building up a British economic unity that would be comparable with the United States, between whose states no tariff barriers are known.

Mexico to Have Giant Celebration On Anniversary

MEXICO CITY, Nov. 18. (AP)—Mexico will celebrate with a great athletic parade Friday the twenty-first anniversary of the revolution that ended the Porfirio Diaz regime in 1910.

Forty thousand athletes from every branch of sport known in Mexico will participate and the parade will substitute for the usual military parade which has been held in the past.

The parade will be led by 1,500 Mexican cowboys dressed in picturesque costumes seen only on feasts and holidays. More than 109 army polo teams will march.

It is estimated that 15,000 field and track athletes, 2,000 tennis players, 3,000 football players, 1,000 basketball players, 9,000 women athletes and a vast miscellany of others will pass the reviewing stand.

Tommy Sockwell, Dallas, Tex. golf pro, asserts the heavier 1932 golf ball is the best putting ball yet produced.

LABOR KILLING CASE BEGINS

Miner Accused of Slaying Deputy — Organization Finances Defense.

MT. STERLING, Ky., Nov. 18. (AP)—This peaceful town, near the edge of the Bluegrass region not far from the mountains, was crowded today with witnesses and court officials here for the first trial of a murder case arising from Harlan county mine labor disorders.

The trial docketed for today was that of William Burnett, a miner accused of slaying Deputy Sheriff Jesse Pace last April. His case venued here from Harlan county. Burnett faced trial 200 miles from the scene of the killing and seven months after the shooting occurred.

B. B. Golden, Pineville, chief of defense counsel, said he would be ready for trial if witnesses summoned from Southeastern Kentucky arrived in time, which he said was likely. Commonwealth's Attorney W. C. Hamilton, in charge of the prosecution, would not say if his plans were complete.

In a statement Golden said: "I am employed to represent William Burnett by the general defense committee of Americans. I have no connection with the international labor defense or the national miners union, and as chief defense counsel, I can say neither of those organizations participate in the trial."

GRAINS WEAKEN

CHICAGO, Nov. 18. (AP)—Prices of all grains underwent decided early setbacks today, influenced by unexpected downturns in Liverpool wheat quotations.

The bearish action of the Liverpool market was ascribed to an official report saying crop conditions in Argentina were generally favorable except in parts of Pampas province, where in some districts frost damage might be 50 per cent.

Opening 1 to 1 3/4 cents off, wheat afterward sagged further. Corn started 3-8 to 1 3-8 down and subsequently held near the initial limits.

Harvesters Are Spirited in Hard Training Tuesday

The Harvesters looked like the old green and gold squad in a hard scrimmage with the Gorillas yesterday afternoon. They plowed the line, ran the ends and passed for touchdowns almost at will. A much changed lineup started the scrimmage and whether the coaches will keep the shifted team could not be learned.

Pest Martindale and James Groom were the only Harvesters who failed to take part in the scrimmage. Martindale's ankle was sprained in the Slaton game and Groom has been out with a dislocated shoulder since before the Lubbock encounter.

The green and gold leave tomorrow afternoon for Plainview, where they tangle with the Plainview Bulldogs in the last conference game of the season. The Bulldogs have a strong team but the Harvesters are hoped to win.

Should the Amarillo Sandies defeat the Lubbock Westerners Thanksgiving afternoon the Harvesters will have another chance at the district one title. A defeat would hand the Westerners the district championship. The Harvesters will schedule a post-season game away from home if they don't get into a playoff.

The Harvesters will hold another scrimmage this afternoon and will then call it quits until the Plainview game. Coach Mitchell says he will keep the boys in training until after the Thanksgiving day game in Amarillo. He does not plan to schedule a game before that time.

The team will leave about 3 o'clock tomorrow afternoon and will go to Plainview that night.

Morgan Thinks England Stronger

NEW YORK, Nov. 18. (AP)—J. P. Morgan, back from Europe, is optimistic concerning conditions in England.

He granted one of his rare interviews yesterday as the liner Mauretania waited for the fog to lift sufficiently for her to come up the harbor.

"Things are looking a good deal better in England," he said, "it was a marvelous election and it looks as if the nationalist government will be in for a long time. No party has ever had that majority before. The government is stable."

"Isn't unemployment in England decreasing?" he was asked. "Yes," he said. "I think that is the case."

He declined to comment on world economic conditions or American affairs.

OFFENDER ON PROBATION

NEWPORT BEACH, Calif., Nov. 18. (AP)—Surprised when he heard the crash of glass, George F. Belcher looked out and saw a dark form crawling through a window of his neighbor's cottage. He notified police.

Officers found a grown seal rummaging among the pots and the neighbor's kitchen, apparently looking for food.

Woman Cut Up by Admirer

MEXICO CITY, Nov. 18. (AP)—Senora Consuelo Montano, admirer of Antonio Moreno, picture actor, is all cut up because of her admirer's no's photograph.

Coming home unexpectedly discovered his wife gazing contemplation at a man's picture. She tried to hide it and Leyte tore the picture and threw it into the stove, dressing and inflicted various wounds.

At the hospital where, it she will recover, Senora L. planned that the photograph of the actor, whom she knew or expect to know by the name of the screen, she should not recognize the screen supposed his wife was admiring picture of some former wife.

He is in jail charged with maging among the pots and the neighbor's kitchen, apparently looking for food.

President Hickey Likely to Stick

CHICAGO, Nov. 18. (AP)—The bat- tle over whether Thomas J. Hickey shall continue as president of the American association, today went into its second round, with Hickey apparently leading.

A three-hour secret session of club owners yesterday failed to produce a decision and it was reported the magnates were deadlocked at four votes for Hickey and four for an opposition candidate, probably George Belden of Minneapolis. The situation was the same a year ago at Montreal and Hickey was re- elected for one year. Unless a shift in the voting lineup should occur today, it was expected he would be named for another year at least.

Before going into the presidential problem, the owners voted to reduce the number of games for the "little world series" from nine games to seven, with the players sharing in the receipts of the first four games instead of the first five. The new arrangement requires the agreement of the international league, with which the series is played each year.

A long discussion over what to do about the Toledo club got nowhere. The club now is in the hands of a receiver.

TONY AND KID HAVE 'CLASS' FOR BATTLE

Canzoneri Has Held Three Titles and Chocolate is Real Scrapper.

NEW YORK, Nov. 17. (AP)—Class will tell but you can't predict the outcome of the coming lightweight championship duel between Tony Canzoneri and Kid Chocolate on that basis. They both have it.

Canzoneri, at 26, already has held three ring titles—featherweight, lightweight, and junior welter- weight. The latter two he still holds and both will be at stake when he and Chocolate clash over the 15-round route in Madison Square Garden Friday night.

Chocolate, 24, first gained national recognition in this country as a bantamweight but he quickly out- grew the division and for some time was regarded as the uncrowned king of the featherweights. That was until he battled Christopher (Bat) Battalino for the 126-pound title and took a beating. Just before that disaster, the Cuban negro flash had been beaten by both Jack (Kid) Berg and Fidel Labarba and the boxing fraternity believed he had burned himself out.

But the "Keed" came back with a rush, stopped Benny Bass at Philadelphia to win the slightly synthetic junior lightweight championship and now is challenging for the not-at-all synthetic lightweight crown.

KANSAS' HOPE IS TO DEFEAT OLD MIZZOU

Victory Would Ease Strain of Big Six Losses by Jayhawkers.

KANSAS CITY, Nov. 18. (AP)—On Mt. Oread where the University of Kansas Jayhawkers hold forth, foot- ball victories over the Missouri Tig- ers have done much in past years to soothe wounded pride as the re- sult of disastrous grid seasons.

And this is put the tonic which Coach Homer Woodson Hargiss hopes to set before Kansas follow- ers at Lawrence Saturday to take their minds off three Big Six con- ference defeats, all of which came within a year after K. U. had won the championship.

Hargiss is instructing his Jay- hawkers in many intricate plays for use against the Tigers when the two schools meet in their 40th annual grid encounter.

The Missourians opened three days of secret practice in which forward passing was stressed. Several regulars were given another day of rest to recover from injuries received in the Oklahoma game.

Preparing for the championship game with Iowa State Saturday, Coach Dana X. Bible of Nebraska shifted McPherson, a reserve center, to tackle in an attempt to bolster the right side of the line.

At Iowa State Coach George Veenker turned his attention toward line play, hoping to speed up the forward wall, which was outcharged by Drake last week.

Narcotic Agents Resisted by Man

Federal narcotic agents charged Meschi was Houston's "biggest narcotic peddler."

He was arrested yesterday after fighting two narcotic agents for 40 minutes. Three shots were fired.

He was denied a writ of habeas corpus by Federal Judge T. M. Kennerly who ordered him held under bond.

Red Cross Drive
 United we stand. Divided we fall. Many hungry mouths this early fall.
 Reach down into your purse—Give Brothers Give 'em a hand. Old rags, old bottles or shirts. Dig out the red flannel undershirts! Bring a jar up out of the cellar and give it to a hungry "feller." For united we stand. Divided we fall.
 Let's not forget the unemployed this fall.
 (Written for the Red Cross drive by Juanita LeBouf, Nov. 17, 1931.)

There is a Live, Love, Lift class at the First Baptist church. What could be a better motto for everyone? To really live, a person must love his neighbor and must aid him in his hardships of life. During these invigorating autumn days, don't forget to smile. Help the less fortunate to smile also by giving away the favor of privation. Remember the Red Cross.

Mrs. J. L. Mims, conservative chairman of the Texas Federation of Garden clubs, is urging that we use lights in Christmas trees and that the Christmas trees be spared in order that forests may be preserved.

What? Give up our Christmas trees? We'll almost as soon give up our presents. Won't someone please start a "plant a Christmas tree" movement, so all of us can have at least a little limb for the table without feeling that we are destroying the beauties of our country?

Mrs. Mims pointed out that the Christmas tree originated in Germany and has nothing to do with the birth of Christ and the "peace on earth, good will toward men." Neither has the Easter rabbit anything to do with Christianity, but would we deny the kiddies a candy rabbit on Easter?

Regardless of how the Christmas tree originated, it has become a treasured part of our Christmas celebration. Although the family may be able to buy only the most inexpensive presents, if there is a Christmas tree there is a Christmas spirit.

It is said that certain "swindlers," posing as federal food inspectors, are visiting homes and carrying away "all but a limited quantity of canned fruit." In warning women against such frauds, W. G. Campbell, chief of the federal food and drug administration, said: "It should be public knowledge that there is a heavy penalty attached to the offense of posing as a federal agent. Bona fide federal food and drug inspectors not only wear a badge, but they carry an identification card signed by the secretary of agriculture, as well as a photograph of themselves upon which is stamped the seal of the United States department of agriculture."

Furthermore, inspectors are required to pay the current market price for any samples they collect. In addition to these facts, it would be well for the public to know that it is rare, indeed, for a federal food and drug official to collect samples of home-canned foods. Foods put up in the home are rarely shipped interstate and the federal food and drug act has jurisdiction over only those goods which are shipped across state borders.

OVER THOUSAND VISIT SCHOOLS

There were 1,065 in the Pampa schools during Monday, Tuesday, Thursday, and Friday of last week. It was learned when all teachers had submitted their reports.

At high school there were 25 visitors; junior high school, 125; Baker, 183; Horace Mann, 220; Sam Houston, 150; Woodrow Wilson, 360.

Plans are continuing for the lecture to be given by Mrs. Greene tomorrow evening at the First Baptist church. Mrs. Christie protested her unwillingness to make the race, but her friends and supporters are continuing their efforts in her behalf.

Merten Teachers And Parents to Put Up Swings

The value of careful training for pre-school children was stressed in a program given for the Merten Parent-Teacher association yesterday afternoon at the school. About 25 persons attended.

Between the ages of 1 to 6, many impressions are gained and habits indefinitely, it was pointed out. Adults owe it to the little tots not only to provide suitable equipment for their needs and to correct their errors but to set worthy examples for them to follow.

Mrs. B. T. Hargis was leader, and the following topics were discussed: Successful Home, Mrs. John Merrill; Home a Rich Background, Mrs. J. C. Browning; Toys and Play Equipment, Mrs. C. B. Haney; Spiritual Training in the Home, Mrs. Tom Alford.

During the business session, for which Mrs. J. C. Browning presided, it was announced that swings would be placed on the school ground this week.

Gandhi Talks To St. Paul Pastor

LONDON, Nov. 18. (AP)—Mahatma Gandhi talked across the Atlantic ocean over a telephone for the first time in his life Tuesday. He bestowed his blessings on the American people and said he would visit them "in God's appointed time."

He was hurrying to keep an appointment with Lady Astor when the phone rang and the operator announced that St. Paul, Minn., was calling. The Rev. Fred Fisher, pastor of the First Methodist Episcopal church at Ann Arbor, Mich., and a former missionary in Calcutta, was on the line and he wanted to invite Gandhi to come to America.

Hanging up the receiver, Gandhi exclaimed "a miracle." But when he was told that the call had cost about \$120, he replied: "Well, a bishop should have better sense than to drop so much good money into the Atlantic ocean."

lingman Gains Old Speed After Slowing Down

Two of the chief contenders for crack at the middleweight wrestling crown, now held by Gus Kallio, will meet at the Majestic auditorium Friday night. They are none other than Sailor Otis Clingman, Pampa flash, and George "Wildcat" Eugene, Ore. Pete was seen in action here early last season and packed the auditorium. He is one of the most sensational wrestlers in the game and Clingman is going to have to battle to keep a chance for a crack at the crown.

Pete has beaten some of the best middleweights in the field today. He recently won a match from Keno, a boy who had Kallio whipped for the middleweight crown when a big wedge fisherman cracked Kallio on the jaw and put him in a hospital for several weeks.

Keno claimed the championship but his claim was not allowed as the match did not go to a finish through Keno's efforts. Each wrestler had won a fall when the blow landed on Kallio's jaw.

Clingman is in great shape. He has been training hard and not Keno's opponents heavier than himself, and has been winning straight matches. At the opening of the season Clingman was slow, due to a summer in the light heavyweight class. He has been able to train down to the middleweight class without any trouble and his old speed has returned.

Parole for Fall Is Probable Soon

WASHINGTON, Nov. 18. (AP)—The application of Albert B. Fall, former secretary of the interior, for parole may be considered by the parole board before Dec. 1.

The request for parole by Fall, serving a year and a day sentence for accepting a \$100,000 bribe from Edward L. Doheny, wealthy oil man, has been received.

Officials said the board would meet here about Nov. 20.

On that date Fall becomes eligible for parole. A large number of cases are before the board but it was said action might be expected shortly.

Bowling Scores

High scores were again rolled up last night for the second consecutive week in the Commercial Bowling League, especially in the individual scoring list. Clyde Fatheree of the Country Club, bowled high with a score of 548, while Maynard, of Peake & Landry, followed with 545. Schneider Hotel, however, came from behind a long list of defeats to win the honors for the evening, averaging well over 500 points per man, to run up a score of 2,614.

Powell's Pride, usually destined to stand well among the leaders, was able to score only 2,403 last night to take second place.

Norma Talmadge Here in Broadway Picture at Rex

"New York Nights" the fact-paced drama of Broadway back-stage life which will enliven the screen at the Rex theater today, present Norma Talmadge, star of some of the screen's foremost successes, in her first talking picture. Sponsored by Joseph M. Schenck and released by United Artists, the picture is based on the famous Broadway stage success, "Tin Pan Alley," written by Hugh Stanislaus Stange.

Enthusiastically heralded by the country's leading critics as one of the best examples of the new, celluloid art, "New York Nights," unfolds a tale of the show people who help to characterize city life. The pivotal character is a young chorus girl, Jill, who is the sole support of Fred, her lovable but quite irresponsible song-writing husband. Fred carries her threat to leave him by interesting Jill in his latest number. The song gives Privid, a racketeer, producer, an opportunity to win his way into Jill's favor. The girl repels him however, but later, upon discovering Fred involved in a scandal with another girl, leaves her husband and encourages the racketeer's attentions.

Endless wild parties follow till one night the racketeer shoots a drunken gambler who has been over-attentive to Jill. At the courthouse Jill meets Fred, her husband, now but the wreck of his former

'Let 'Em Climb and Jump' Says Motto of School for Tiny Tots

MINNEAPOLIS, Nov. 18. (AP)—They go to school at the age of two years in Minneapolis where a Lilliputian academy with the motto "Let 'em Climb and Jump" is in session every week day at the University of Minnesota.

From the time the university's nursery school starts with a gargle of salt water and a throat examination, until the day ends with a teaspoonful of cod liver oil mixed with orange juice, the 36 youngsters in the charge of the institute of child welfare live in a world built to their size.

The two-year-olds, the three and the four-year-olds wash in diminutive wash bowls 12 inches from the floor, sit at midjet tables 16 inches high, hang their clothes in tiny lockers and eat with tiny knives, forks and spoons.

The nursery school kills three birds with one stone. It takes care of children whose mothers must work during the day while affording new opportunities to university students to observe development of the children and to practice teaching under supervision and instruction of staff teachers.

And parents benefit by the results of the research findings disseminated for the guidance in raising their children.

"Bud" Bush, playing end, called signals for John Carroll university's eleven in its game with Grove City.

self. She pities him, puts up his ball and plans to begin life with him anew.

Upon his release, the racketeer learns of what has happened. The action from this point on, builds up a terrific climax replete with surprises and strong situations.

Norma Talmadge as the hapless little chorus girl has one of the most colorful roles of her career.

Football Stars Not as Popular as We Imagined

EVANSTON, Ill., Nov. 18. (AP)—The football hero isn't so popular as one might imagine, at least with many of the co-eds of Northwestern university.

The Daily Northwestern and other student publications sent questionnaires to 300 freshmen co-eds asking for answers to these questions:

"What must your perfect man be, and what do you think of 50-50 dating?"

Those responsible for the questions said the consensus was that the perfect man must be athletic but not an athlete, must have personality but not conceit, must be intellectual, tall, considerate and ambitious.

As to the 50-50 dating the co-eds were very much opposed to the idea, one of them saying girls spend all their money on clothes to make themselves attractive and have no money left for "Dutch treats."

WETS WIN VOTE
ELIZABETH, N. J., Nov. 18. (AP)—Another vote for the wet bloc in congress apparently was assured today with the nomination of Donald McLean by Republicans of the fifth congressional district to complete the term of the late Ernest R. Ackerman.

"You needn't tell me — I know Camel is the fresh cigarette!"

Milder

because they're fresh

CAMELS are never parched or toasted!

FOLKS who smoke really fresh cigarettes made from choice sun-ripened tobaccos never have to give a thought to their throats.

That's because such fresh cigarettes retain natural moisture—and are gratefully smooth, cool, throat-friendly, mild.

Camels are the fresh cigarette—everyone knows that now—they're blended from the finest Turkish and mild Domestic tobaccos that money and skill can buy.

We would never dream of parching or toasting these choice sun-

ripened tobaccos—that would only drive off or destroy the natural moisture that makes Camels fresh in nature's own mild way.

The Camel Humidor Pack protects a fine cigarette fresh with natural moisture—it could do little or nothing to freshen a cigarette that is dried-out or factory-stale.

If you smoke for pleasure, see for yourself what freshness means in mildness and flavor—switch to Camels for just one day—then leave them, if you can!
