## BANDITS SLAY DEPUTY SHERIFF

### Mrs. Judd Granted 58-Day Reprieve By Arizona Pardons Board

**PAMPA**  
TOPICS OF OUR CITY  
O.E.M.

**TWINKLES**  
A time bomb ought to be attached to every automobile in America to blow it to pieces when it reaches the 30,000-mile mark. And, by the same reasoning, a bomb ought to be placed under Old Dobbin when he reaches the 10-year mark.

...  
Last you tire of taking raps and seeing stars in this world, why not turn your weary orbs into February skies? The milky way will be paralleled by a starry bright competitor—Aidebaran, Betelgeuse, Hyades, Orion, Rigel, Sirius, and the Great Dog. And if things have gone to the dogs, maybe the Great Dog knows something about it.

...  
Great scientists now say that prolonged sunlight is not good for nudists. It seems that civilization has robbed folks of the stoken covering which mankind had—or not?—when it faced Old Sol in the original state. At any rate, the nudists seem to be retuned.

...  
**OUR SHRINKING WORLD**  
The world is not so big, after all. Every few days THE NEWS runs pictures of persons figuring in national news who are well-known to local residents, some of them being relatives. The latest instance is that of Miss Adonell Maasie, 19, of Dallas, who is said to be engaged to Cornelius Vanderbilt, Jr. Miss Maasie is a niece of Mrs. Philip Wolfe's brother-in-law, E. B. Maasie. "The report is probably true," said Mrs. Wolfe. "Adonell is making a world cruise with her aunt and a group of young girls."

...  
**COURTESY QUESTION**  
"If there is anything that Pampa people heed more than anything else," declares a resident of a nearby community, "it is common courtesy."  
It was a surprise to this writer to learn how great the need really is. "Oh, I know you people live with each other in complimenting celebrities who mean little or nothing to the good of your community, but we commoner people don't seem to be welcomed even by many merchants."

...  
**TIME TO THINK**  
I do not believe Pampa people mean to be discourteous. But if they are misunderstood to the extent described by the person quoted above—and by others we can name—it is time to warm poker faces with smiles that mean something. I know, too, that business and professional men, taxi drivers, filling station proprietors, and other residents have their problems and on some days they are inclined to be sour-faced. I reckon the whole country is full of people who wear their faint hearts on their sleeves. City people are just as hard hit as country people, and vice versa. But we must all help each other and be cheerful. Worry makes for stomach ills and drooping mouths.

...  
**OUR ASPIRATION**  
Pampa aspires to be a territorial center. By location and other assets it is ideally situated to serve a vast territory. I know of nothing more needed than the spirit of generosity, of friendship, of helpfulness toward those who come here. Good will is defined by the United Supreme Court as a disposition to return where one has been well-served. Personally, this writer knows that there are hundreds of Pampans who have only friendship and a desire to be of assistance to nearby neighbors. I could quote much authority tending to bear out this statement. But

(Continued on Page 2.)

**SENTENCED TO DIE IN PRISON FEBRUARY 17**  
**APRIL 14 SET AS NEW DATE FOR HER HANGING**  
**HEARING IS TO BE HELD**  
**BOARD WILL CONSIDER APPLICATION FOR PARDON**

PHOENIX, Ariz., Jan. 27. (P)—The Arizona board of pardons and paroles granted a 58-day stay to Winnie Ruth Judd, sentenced to hang at the state prison February 17 for murder of Agnes Anne Leif.

April 14 was set as the new date for execution of sentence. Meantime the board will arrange a definite date for a hearing on Mrs. Judd's application for pardon or commutation. The board previously had set tentative dates for a hearing but found that all members could not be present at that time.

**FARM REVOLT IS SPREADING**  
**Movement To Prevent Farm Foreclosures Is Almost Nation Wide.**

DES MOINES, Ia., Jan. 27. (P)—With an estimated billion and a half dollars at stake in the form of mortgaged debt in nine states, midwestern farmers today stuck with firmness to their campaign against foreclosure sales.

From Le Mars, Iowa, where the movement gained impetus several weeks ago to Idaho and Oklahoma, reverberations were heard in the courts, governors' chambers and in continued gatherings of determined farmers.

Oklahoma, Idaho and Ohio farmers added their protests yesterday to that of Iowa, Minnesota, Nebraska, Wisconsin and the Dakotas. Census figures for 1930, the latest available, listed the aggregate of mortgages on farms in these nine states at \$1,530,081,408.

At Tulsa, Okla., three judges declared a virtual moratorium on mortgage default foreclosures until March 13. Their decision does not apply to contested cases.

Nampa, Idaho, farmers demanded legislative relief and one spokesman threatened to get a "six shooter and four red blooded men" to force legislation.

Eight hundred Ohio farmers at Bowling Green forced a finance company bidder to withdraw and bought \$800 worth of property for \$14, then returned it to the original owner.

In Iowa, Gov. Herring assured a group of Wapello county of his cooperation in delaying farm mortgage sales.

Nebraska a Sarga county sheriff prevented more than a score of bidders at a chattel mortgage foreclosure from obtaining goods for minimum prices by serving each with an injunction. Thereafter, the sale proceeded normally and average prices were obtained, the sheriff said.

**PARKS MURDER TRIAL NEARING FINISH TODAY**  
**COUNSEL'S ARGUMENTS SCHEDULED FOR DELIVERY**  
**TESTIMONY CONFLICTS**  
**WHETHER PARKS COULD SWIM IS ISSUE IN CASE**

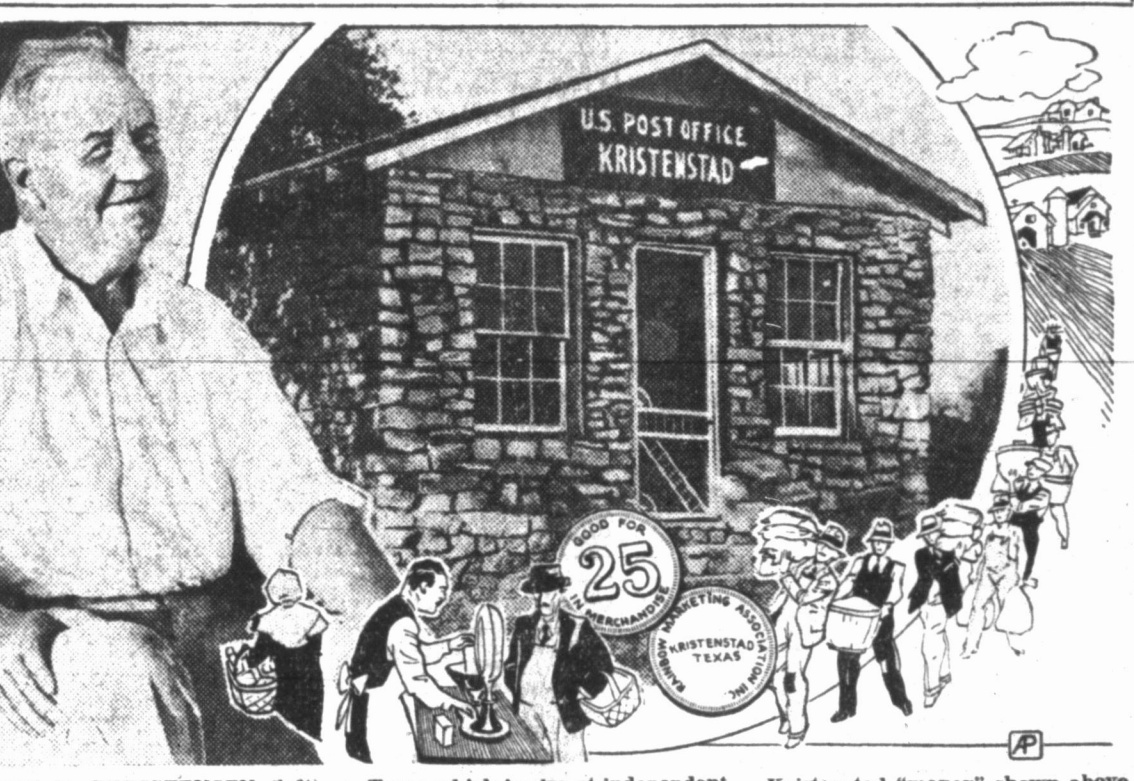

SWEETWATER, Jan. 27. (P)—Arguments of counsel were set for delivery today in the trial of L. M. Parks, Sweetwater business man, accused of murder in connection with the drowning of his wife at Lake Trammell last summer.

Both sides rested yesterday. The state, in constructing its circumstantial case against Parks, attempted to show that he was unable to swim. He had said that he was unable to rescue his wife because he could not swim.

The defense put witnesses on the stand.

(See PARKS TRIAL, Page 2)

### NORTH TEXAS COMMUNITY BEATS THIS DEPRESSION

JOHN B. CHRISTENSEN (left), Danish colonizer, has set up a community on the Brazos river in Kristenstad "money" shown above for other articles at the general store in the post office building.

KRISTENSTAD, Jan. 27. (P)—Found: A way to combat the depression. This north Texas community, using a "money" of its own, is doing it successfully by producing practically everything it consumes.

A colony founded by John R. Christensen, Kristenstad comprises 6,000 acres in a sharp loop of the Brazos river not far from Fort Worth. Through foresight and careful planning Christensen has made the community virtually self-supporting.

While farming is the basic occupation of Kristenstad, industries utilizing raw materials have been established and any member of the colony may buy shares in them.

Metal merchandise, checks, refundable as the Kristenstad general store are the principal medium of exchange. Some United States money finds its way into the colony when farmers dispose of surplus produce in Fort Worth or other nearby towns; however, they are prohibited from such trade until they have set aside sufficient foodstuffs for their families.

Diversified Farming Urged.

One-crop farming is discouraged, the farmers being urged to diversify.

(See SOLUTION, Page 2)

### ALAN REED'S BAD MEN TURN OUT TO BE 2 OKLAHOMA SPORTSMEN CELEBRATING A DIVORCE DECREE

Officers Investigate Suspicions Of Citizenry

WASHINGTON, Jan. 27. (P)—Senate democrats decided at a conference today to work for a balanced budget through drastic cuts in all appropriation bills, but without attempting to reach their final goal at the present session.

WASHINGTON, Jan. 27. (P)—The one-voted \$3,756,000 first deficiency bill minus the portions to which President Hoover objected, was passed again today by the house and sent to the senate.

WASHINGTON, Jan. 27. (P)—Plans to pass the McKewen-Laguardia bankruptcy law revision bill by suspending the house rules Monday were formulated today by democratic leaders. Once the house gets the bill through, equally expeditious senate action will be sought. Unless the bill is radically altered, the belief at capital hill is that President Hoover will sign it.

WASHINGTON, Jan. 27. (P)—The Oklahoma house of representatives today refused by a vote of 31 to 79 to recommend passage immediately of a resolution for submission of a constitutional amendment repealing prohibition laws. The resolution remains on the calendar for later consideration, however.

AUSTIN, Jan. 27. (P)—A bill to levy an income tax of from one to seven per cent on the incomes of individuals and from two to six per cent on the incomes of corporations was introduced in the house of the Texas legislature today by Representative Sarah Hughes of Dallas.

HERE FROM MIAMI  
Recent Pampa visitors from Miami included Mr. and Mrs. E. Sides, Mr. and Mrs. E. R. Pickens, Mrs. R. E. Webster, D. I. Barnett, Mrs. H. L. Poe, and A. L. Muncy.

### McLean To Have Spelling Bee On Thursday Night

M. LEAN, Jan. 27.—Local Lions have accepted a challenge of the Parent-Teacher association to a 30-minute spelling bee to be held next Thursday evening at the high school auditorium. The clubmen accepted, with the provision that their ladies would be allowed to participate.

C. O. Greene, commander of the American Legion, challenged the clubmen to a basketball game, which will be played soon.

### City Residences Are Being Armed

Some Pampa homes are looking like arsenals. Residents are getting out their trusty old shotguns, pistols, rifles and even good old baseball bats and it will go hard in the future with the burglars which have been terrorizing Pampans during the past week.

Although burglaries were reported last night, residents fear others. City officers continue to patrol the streets and at the first report of burglars will be able to dash to the scene.

More than a dozen homes have been entered during the last two weeks. In most cases, residents were in bed and heard the men leaving. Search of the neighborhood immediately upon receipt of telephone calls has been fruitless, leaving police baffled as to the means used to get away from the places robbed.

Mrs. G. Taylor Cole of LeFors shopped here yesterday.

Mrs. Cecil Shields of Miami was a Pampa shopper yesterday.

### CHINESE LAUNCH ATTACK ON JAPS AT GREAT WALL PASS

Japanese Military Planes Make Another Bombing Raid Over Jehol.

SHANHAIKWAN, China, Jan. 27. (P)—Chinese troops which had been gathering for nearly a month at the Chiumenkow pass through the Great Wall 12 miles north of here attacked a Japanese force holding the north end of the pass early today but were repulsed after a three-hour battle.

Japanese reports said the attacking force was part of the command of General Ho Chu-Kuo, who commanded the Chinese garrison at Shanhaikwan when the Japanese captured the city on January 3.

It was after the battle that the Japanese, leaving a skeleton garrison here, moved up to the pass and seized the northern gates. It was explained that this was a measure of protection and not the prelude to an invasion of Jehol province. The Chinese defenders of the northern gate were driven off without much trouble to concentrate at the southern end of the pass. There they brought up reinforcements without molestation.

Since then Japanese cavalry detachments have conducted a series of expeditions along the border between Jehol and Manchuria, moving steadily northward toward China, cleaning out Chinese bands along the way.

TOKYO, Jan. 27. (P)—Japanese military planes today had made another bombing raid over northeastern Jehol, extending their operations farther into that region than on any of the five previous raids of the past two weeks.

Previous attacks were made upon Kailu, concentration point for more than 30,000 Chinese troops blocking the main route southwestward to Chihng and Jehol City, capital of the province. But yesterday the planes dispatched from the Japanese military base at Tungliang pushed farther westward.

### Small Folk Will Parade On La Nora Stage at 9 O-Clock This Evening

Tonight is the night of the Tiny Tot revue at La Nora theater, sponsored by the theater and the Pampa Daily NEWS, with cooperation of merchants.

The tiny tot folk, attired especially for the occasion, will parade on the stage at 9 p. m. A committee of local residents connected in no way with the revue will award three places to winners, based on applause by the audience.

The prizes will be a diamond ring, a gold locket, and a silver cup.

Miss Kathryn Vincent, local dancing instructor, has been helping merchants select and outfit their entries. The entry list last night was as follows:

City Shoe Shop, Patricia Hester; Diamond Shoe, Patsy McDonald;

**AND A SMILE**  
OKLAHOMA CITY.—An Oklahoma statute against dwelling will be repealed if State Representative B. Landingham of Oilton has his way. He's introduced a bill to kill it.

### TRIO WANTED FOR DEATH OF TULIA OFFICER

TWO MEN AND WOMAN FLEE TOWARD FORT WORTH

RHOME, Jan. 27. (P)—A man who ran from the office of Deputy Sheriff Joe Brown at Rhome an instant before he was shot to death today noon, was aiding officers in their hunt for two men and a woman who fled after the shooting.

Doyle Meeks, 25, Hedley, was released from custody after he had told his story to Wise and Tarrant county authorities. He had been traveling with the trio, he said, when they were stopped by Brown as suspects in an oil theft.

RHOME, Jan. 27. (P)—Two men and a woman, armed with a machine gun killed Joe Brown, 47, deputy sheriff and barber, and fled toward Fort Worth on highway No. 2 shortly after noon today.

Several squads of police and deputy sheriffs from Fort Worth and Dallas watched highways in an effort to prevent their escape.

Brown was killed in his office, which adjoins his shop, after he had arrested the trio on instructions of the Wise county sheriff's office at Decatur. They were suspected of stealing some oil in Decatur.

After stopping the car on the highway at the edge of Rhome, Brown took the suspects to his office, leaving their car parked in front. A machine gun was in the rear of the machine. The officer turned, presumably to telephone the sheriff at Decatur.

The men who drew a gun and fired five or six shots into the officer's body. The three ran to their car, brushing several bystanders aside, and drove rapidly away in the direction of Fort Worth.

Bystanders, attracted to Brown's office by the shots, discovered his body.

The men were described as being young and small of stature and the woman large. They were traveling in a light sedan with a license number from Maryland, Missouri, Maine or Michigan. Observers noticed that the license was from some state beginning with "M".

DALLAS, Jan. 27. (P)—Several automobile loads of policemen armed with rifles, riot guns, and gas bombs left here for Rhome today immediately after word of the shooting of Joe Brown, a Rhome deputy sheriff, was received here.

The opinion was expressed that the slayers were the same ones who killed J. O. Moseley, Swisher county sheriff, at Tulsa last week.

The Texas death was the third in the ranks of sheriff's officers in Texas this month. Malcolm Davis, a Fort Worth deputy, was slain at a West Dallas residence the night of January 6. Brown and Moseley were slain by one of a group of three persons, one a woman in each case.

Police were informed the license tag on a car in which three persons fled after Joe Brown, deputy sheriff, was killed at Rhome, appeared to be from Massachusetts.

One of the occupants was described as a small, young man of a very dark complexion and neatly dressed. The other was considerably older, weighing about 170 pounds. The woman was elderly and described as weighing about 200 pounds.

### Farms Debts Will Be Discussed In Meeting at Miami

MIAMI, Jan. 27. (SP)—A mass meeting will be held here tomorrow afternoon at 3 o'clock to discuss tax-extended foreclosure on farms, ranches, and homes in this section. Among the speakers will be Gene Howe and Mason King of Amarillo.

### Pampans Seem To Favor Centennial

Judge Ivy Duncan has having no difficulty this morning in raising \$20 as Pampa's quota for preliminary work on the Texas centennial celebration.

The Texas Centennial committee wrote Judge Duncan that a state appropriation was expected later, but that funds were needed to carry the program until that time. The names of the donors, who gave \$1 each, were affixed to a sheet and will be made part of the records of the centennial.

### MANY CHILDREN TO APPEAR IN TINY TOT REVUE HERE

De Luxe Cleaners, Patsy Ruth Thomas; Kraft's, Annette Goodhalter; Levine's, Camille Grandham; Texas Furniture store, Mary Maude Rutherford; Jitney Jungle, Patricia Rutherford; P. K. One-Stop station, Jo Ann Appleby.

Culbertson-Smallling, Jo Ann Dunbar; Murfee's, Frankie Anne Sudder; Foxworth-Galbraith Lumber company, Mary Marjorie Laurence; Carhart-Taylor Motor company, Jean Marie Johnson; Mitchell's, Jo Ann Sawyer; Thompson Hardware company, Patsy Ann Kelly; Conoco, Katherine Doyle; Pampa Hardware company, Mary Nick Parker; Southwestern Public Service company, Jo Ann Billingsley; Pampa Furniture company, Neida Shir-jene Higginbotham; Neiderjander Ward, Patricia Dennis; Gray County Creamery, Tommy Jean Chesser; Gordon Store, Jerry Hamilton.

All children will be under 5 years of age.

### Farley Entertains Kiwanians Today

Cal Farley of Amarillo, accompanied by the Amarillo college quartet and the "Arkansas Boys," visited the Kiwanis club today and gave an interesting program.

The "Arkansas" band is composed of two harmonicas, one guitar, and one jug. Unusual music was made by blowing in the "little brown jug."

Max Mahaffey presided today in the absence of president Dan McGrew, who with Pete Post and Eburn Thompson is attending a Kiwanis meeting in Plainview today.

# HARVESTERS AND FANS TO INVADE AMARILLO GYM TONIGHT

## TWO QUINTETS ARE LEADING DISTRICT RACE

### HARD FIGHT ASSURED; GAME WILL BE CLOSE

Two old rivals will battle in the high school gymnasium in Amarillo tonight when the Pampa Harvesters invade the stronghold of the Amarillo Sandies for a return game. The Sandies were beaten in Pampa, 32 to 29, but since that time they have developed a dangerous attack that netted a win over the Lubbock Westerners.

Coach Odus Mitchell has been working his charges hard during the week and they appeared to be clicking with old-time precision during the last two practice sessions. More team work was displayed yesterday and Wednesday than at any time during the last few weeks. A tendency toward individual play crept into recent games.

The team was to leave early and rest before the big game. Both teams are liable to enter the district tournament in Canyon February 17 and 18 and coaches are anxious to test strength before the district battle arrives.

The game is scheduled for 8 o'clock with admission 10 and 25 cents. Many Pampa fans plan to drive to Amarillo for the game. They realize that the Harvesters always put out their best with strong support and Pampa has become "basketball-minded."

Coach Mitchell will probably start his regular line-up, with Captain Woodward and Marshaugh forwards; Fullingim at center, and Kelley and Patton as guards. Fullingim's eye, injured in scrimmage Wednesday afternoon, looked much better this morning.

## GORILLAS AND GIRLS TO PLAY HERE TONIGHT

### AMARILLO SANDYETTES AND YANNIGANS TO BE FOES

Pampa basketball fans will be entertained for the first time in two weeks tonight at the high school gymnasium, when two games will be played. The Pampa Gorillas and the Amarillo Yannigans will meet at 7:30 o'clock and one hour later the Pampa Harvesters will play the Amarillo Sandettes.

Pampa coaches put their teams through final workouts yesterday afternoon. They were pleased with the showing. They refused to name starting line-ups, saying that changes might be made at the last minute, since some former substitutes made things uncomfortable for the regulars.

Both teams have displayed improvement since their last games. They have been hitting the basket more regularly and their passing has been less erratic. Substitutes have been coming to the front with speed, and will probably be seen in the game tonight.

Coach Warren Moore will have Irving, Bailey, Green, Moore, Smith, Carr, Hayes, Gregory, Scott, McAuley, and Harbour eligible for service against the fast Yannigans, who have been showing remarkable basketball prowess the past few weeks.

Twelve juniors who appeared for practice Monday afternoon have been showing some of the regulars plenty of basketball ability. Some of the youngsters may be in uniform tonight. Coach Harry Kelley will have Walstad, Murphy, Shields, Neal, Fletcher, Frazier, Williams, Moyer, Hunkapillar, Heiskell, Nichols, and Robinson in uniform.

Season tickets will be honored at the special games tonight. General admission will be 10 and 25 cents.

## HOPKINS WINS SECOND GAME

### Alanreed Loses 23-29; Both Clubs To Play Again Monday Night.

Pinnell, Hopkins center, almost single-handed won the second game of a three game series with Alanreed in LeFors Wednesday night when he scored 19 of his team's 29 points. The final score was 29 to 23. Alanreed won the first game last week 21 to 17 but was over-come in the second encounter when the whirlwinds started to click. The score was 21 to 21 at the fourth quarter.

When they saw that Pinnell was "on" his teammates passed the ball to him and the Alanreed guards were unable to cover him. He shot baskets from all angles, but they were largely due to the passing of Ginn, E. Vanderberg, Eley, H. Mackie and J. Mackie, who saw service during the game. J. Mackie was the star guard on the floor.

Coach W. B. "Red" Weathered and his whirlwinds will meet again in the final game of the series at 7:30 o'clock Monday night on the LeFors gymnasium floor. The winner of the game will play each of the other teams in this sub-section of the Panhandle basketball league.

off travel costs and saved \$62,000 in guarantees.

## LaBarba Two To One Favorite To Vanquish Watson

### NEW YORK, Jan. 27. (AP)—They're launching Seamen Watson on an unfamiliar ocean tonight with no charts to guide him.

Britain's nautical fisticuff, champion of the tight little isle's featherweights, faces Fidel LaBarba, Los Angeles brawler, in a 12-round match in Madison Square Garden.

The odds were as high as 2 to 1 that LaBarba would win and gain the right to meet Kid Chocolate, recognized in this state as feather-weight champion of the world, in a title bout here in February.

The long odds were explained not only on the basis of LaBarba's undoubted strength but on Watson's apparent weakness as demonstrated in the Briton's public test against three preliminary boys here some days ago. Watson was belted badly on that occasion and boxing critics were about unanimous in their opinion that he would have to do much better if he hoped to cope with the best of this country's 126-pounders.

Watson's handlers pointed out, however, that the British champion was just off the boat when the public test was held and that he was justifiably nervous and unable to do justice to himself.

They pointed also to his record as proof of his real skill.

## GAME HOURS ARE CHANGED

### LeFors Teams To Play Here Tomorrow Afternoon Instead of Evening.

Two LeFors high school basketball teams will come to Pampa tomorrow afternoon instead of tomorrow night to play return games with the Harvesters and Harvestettes. The boys' game will start at 3 o'clock and the girls at 4 o'clock.

Hours of the games were changed so that Coach Odus Mitchell could take his Harvesters to Canyon to see the Buffaloes and the Wichita Henry's play Saturday night. Coach Mitchell believes that witnessing of games between great teams is as beneficial as hard practices. He believes that basketball is copied a lot.

LeFors has two strong teams that should give the Pampa teams strong competition. The LeFors girls have one of the best teams in the district. They have been winning games from some of the best teams in the section and have their eyes set on a district title. They hope to win the section and go to Canyon.

The LeFors boys have been working hard for their return game with the Harvesters and have hopes of avenging a 45 to 19 defeat in LeFors last week. The Pirates are working on a defense to cover Woodward, it has been learned from sources in the town in the

## San Antonio May Have Stadium Soon

### SAN ANTONIO, Jan. 27. (AP)—Supporting the adage that it is an ill wind that blows nobody good, the depression promises to supply San Antonio with a municipal stadium.

Through co-operation of the central relief committee, in charge of supplying the need of the city's hundreds of unemployed workers, and the San Antonio Sports association, work of building the stadium will begin at once with the labor done by workers enlisted from the ranks of the unemployed.

An old rock quarry on the north side is to be shaped into a bowl by workers employed by the relief committee and paid with funds advanced by the Reconstruction Finance corporation.

The city commission has approved the project, the site selected and plans have been made by the sports association to start work on a stadium that ultimately will seat at least 30,000 people.

J. L. Waldrup was admitted to Worley hospital for treatment last night.

center of the county. In Stewart, LeFors has a dangerous scorer. Carter and Cumberland are two other boys that will have to be watched. Although not very tall, Cumberland can get high in the air for the tip-off.

A large number of LeFors fans plan to accompany the team to Pampa for the important game.

## Baseball Needs College Athlete Says Joe Carr

COLUMBUS, O., Jan. 27. (AP)—Baseball, says Joe Carr, newly-appointed promotional director for the National Association of Professional Baseball leagues, needs the college athlete.

"Get the stars and the crowds will follow," says the man who is trying to find a tonic for the national game.

"Far too many athletes are being

### Don't Trifle With Coughs

Your druggist will refund your money if any cough or cold no matter how long standing is not relieved by Creomulsion. (adv.)

## NEW REPORTERS PUT UNDER MAYOR'S BAN

NEW YORK (INS)—Mayor John P. O'Brien has established a "ten foot deadline" outside his office. Because of alleged news "leaks" to newspapermen to whom he denied the custom of daily interviews, members of the press are not allowed within hearing of the mayor's voice, which thunders thru closed doors when he is aroused.

graduated from colleges and entering the coaching game who know nothing at all about baseball," Carr said.

"I know that several high schools have abandoned the sport because newly-appointed coaches were former football, track or basketball stars and knew nothing and cared less about baseball. This alone will put off the day when baseball will make a scholastic comeback."

"Without a team to follow, where are the youngsters going to learn baseball?" Carr asked, adding that rabid fans don't get that way after they grow up.

The game, he said, is almost entirely dependent of high school and college boys, not to mention the sandlotters from which Babe Ruths and Lefty Groves often emerge.

## Booms Times In Loop To Return Sings Gardner

Associated Press Sports Writer F. resident J. Alvin Gardner of the Texas League is through humming blues in the rain of trouble that hovered over the Texas League in 1931 and 1932.

Today Gardner is singing in the sunshine of clear skies and hope. He is telling the world that he is president of the country's finest class A league. Sincerely he believes that baseball boom times will return next summer. He claims he has gazed deep into the crystal and seen only prosperity for his new eight club league.

Gardner desired more than anything else to get Oklahoma City and Tulsa into the Texas League. He realized that ambition at the national baseball meeting. His second pet desire was to retain San Antonio as a league member. This also materialized.

The Texas League president is a happy man. His office is a workshop for Gardner, Milton Pratt, his assistant, and Bill Ruggles, league statistician since 1920, where 1933 plans are being made.

Big opening days with a return of colorful street parades, special field day events on the holiday dates, the Shaughnessy plan and the schedule are only a few things getting the attention of the league's executives.

"Big towns, each thoroughly sold on baseball, a new kind of a pennant race under the Shaughnessy system; natural rivalry between the cities," was Gardner's staccato comment on the outlook upon his return from San Antonio where he aided in locating the St. Louis Browns' franchise. "I believe we will start good and finish grand this year."

## Swede Runner Is Prepared to Run On Board Tracks

NEW YORK, Jan. 27. (AP)—Unlike some of his predecessors, Eric Ny has come to this country fully prepared for the "crowding" and "elbowing" that are part and parcel of American indoor foot-racing.

The 23-year-old Swede, fifth in the Olympic 1500-meter run, arrived yesterday for his American indoor campaign and announced he had been practicing in Sweden for several months on a board track, 110 yards to the lap with sharply banked turns.

After a week or so, Ny said, the turns failed to bother him so he gathered together a dozen Swedish runners to work out with him and give him racing experience. Now he is confident he will be able to handle himself in any "jam" growing out of a closely-run race.

Other foreign stars, notably Dr. Otto Feltzer of Germany, have come here in the past without any preparation and found board track racing a complete puzzle to them.

Ny will run in the Wanamaker mile at the Millrose meet, Feb. 4; the Baxter mile of the New York A. C. games Feb. 18, and the 1500-meter run in the National A. U. championships, Feb. 25. All three meets will be held in Madison Square Garden.

## Californians In Tie For Lead In Cue Tournament

CHICAGO, Jan. 27. (AP)—Regardless of the results in today's match, in the world three-cushion billiards championship tournament, the leadership was safe for Sunny California.

Tied for the lead were Welker Cochran, the balking wizard from San Francisco, and J. N. Bozeman, "the Vallejo youngster" and "baby" of the tournament, with four victories and one defeat. Bozeman was listed for cue exercise today, but in tonight's match Cochran had a chance of sneaking ahead of his neighbor by defeating Tiff Denton of Kansas City.

In the opening match, Frank Scoville of Buffalo, N. Y., destroyer of champions, hopes and Allen Hall of Chicago, still without a victory in six starts, were opposed, and following them were the defending champion, Augie Kieckhefer of Chicago, and Arthur Thurnblad, another Chicago player.

Bozeman jumped into the lead Wednesday, but Cochran pulled up even last night by polishing off Clarence Jackson of Detroit, 50 to 26, in 40 innings.

Johnny Layton, of Sedalia, Mo., was in second place, a 50 to 36 triumph in 37 innings over Otto Reisel of Philadelphia, having boosted his standing yesterday.

Thurnblad produced the most sensational finish of the tournament to score his third victory in three starts, at the expense of Hall, 50 to 49 in 43 innings.

## Men of Harvard Denied Luxuries In New Budget

CAMBRIDGE, Mass., Jan. 27. (AP)—Most of the comforts and luxuries that made Harvard athletes one of the most pampered groups in intercollegiate sports were wiped out by Athletic Director William J. Bingham while he was overcoming a \$316,000 football shrinkage and balancing his 1932-33 sports budget.

To do so Bingham had to chop \$210,000 off the cost of running the Harvard sports program, which has been reduced from \$886,000 to \$676,000.

Here are some of his economy measures: Such frills as private cars and diners, Pullmans, taxi-service, porters, and police escorts have been eliminated from Harvard traveling and from now on all Crimson sports teams, even the varsity football squad, will ride in day coaches.

To save \$11,000 on equipment, Bingham has ruled out new shells and oars for the varsity crew, new tackling or blocking dummies for the football teams, new vaulting poles, javelins and weights for the track team and new uniforms for the baseball and hockey teams.

The football equipment budget has been shaved so low the varsity squad will be theoretically restricted to three-quarters of a new jersey per player. Most minor teams will be forced to supply their own uniforms and equipment.

In round sums, Bingham chopped \$25,000 off the H. A. A. payroll by a general salary cut, lopped \$21,000

## Famous FAST STARTERS

### HER SPEED MADE DATES WORTH 1 1/2¢ MORE PER LB.

IT'S A 10,000 MILE RACE EVERY YEAR FROM PERSIA TO NEW YORK—BECAUSE THE FIRST SHIP TO LAND GETS A PREMIUM PRICE ON EVERY POUND OF DATES SHE CARRIES. THIS YEAR THE S.S. REGISTAN MADE THE TRIP IN 25 DAYS, 19 HOURS, BREAKING THE OLD PERSIA TO NEW YORK RECORD BY A FULL DAY. DATE BUYERS PAID A BIG PREMIUM FOR HER SPEED. BUT YOU DON'T HAVE TO PAY A PENNY OF PREMIUM FOR THE SPLIT-SECOND STARTING ON COLD DAYS GIVEN BY PHILLIPS 66. IT IS HONEST HIGH TEST—65.6° TO 72.4°—WITHOUT HIGHER PRICE.

## Phillips 66

PHILL-UP WITH PHILLIPS • THE GASOLINE OF CONTROLLED VOLATILITY

### "HIGHEST TEST" at the price of ordinary gasoline

There is real wallop and honest action in every drop of Phillips 66... the greater gasoline.

Its truly amazing high test is the perfect answer to all of your winter driving problems. Why take chances on damage to your motor! Pamper it and protect it with this quality gasoline. And in the bargain, get added power... snappier pick-up... and longer mileage.

Remember, CONTROLLED VOLATILITY scientifically matches Phillips 66 to your weather when you buy it. And its "test" is sensationally high, without a penny of extra price, because Phillips is the world's largest producer of natural high gravity gasoline.

Everything we've said in this advertisement is merely a collection of words to you, until you find out the truth for yourself—by stopping for a trial tankful at any Orange and Black 66 shield.

UNIQUE A GASOLINE OF U. S. MOTOR GRADE AT A COMPETITIVE PRICE ALSO PHILLIPS 66 ETHYL AT THE REGULAR PRICE OF ETHYL GASOLINE

**BIG NEWS!** Perfect Lubrication at 30° below ZERO

Just think of the extra lubricating efficiency in this vastly superior motor oil! It is absolutely guaranteed to flow instantly and freely at 30 degrees below zero. Therefore, Phillips 66 Motor Oil always offers a tremendous margin of safety at your temperatures all winter. It is guaranteed 100% paraffin base—minus wax, water, and carbon. Premium quality without a penny of extra price, because the friendly Phillips organization has built its entire success upon offering motorists more value for the money. Be wise... be thrifty... be free from worry and excessive motor wear... Drain and refill with this world's finest oil for your motor. 3 1/2 quart.

# DANCERS LAUGH AT DEPRESSION ON THURSDAY NIGHT

## GAY EVENT IS ATTENDED BY LARGE CROWD

SPONSORED BY LITTLE THEATER; TATTERED CLOTHES WORN

THE PLA-MOR ball room last night was full of Pampans who laughed at the "depression" and themselves. They attended in sufficient numbers to make the Little Theater's "depression" dance an outstanding social success as well as a financial success. One of the largest crowds ever to attend an invitation dance in Pampa was present.

Mrs. Ruba McConnell was chairman of the dance committee. She was assisted by Mrs. Julian Barrett and George Limerick.

The crowd of dancers looked as if they had been sorely hit by hard times, but their gaiety and laughter belied their looks. Most everybody was in costume. There were a score or more of short dresses which were in style in the early '20s. There were purple evening dresses trimmed in red. A typical garb of the men: pants, a foot too short; a derby hat, a frayed and dingy tuxedo front and coat; socks with great holes in the heels.

The Pla-Mor was decorated in a manner to recall bankruptcy sales foreclosures, "penney-wise" ventures. Joe Norman's orchestra of Amarillo furnished the music.

Miss Ola Nellis, wearing a beaded dress of uncertain age, won the prize for the best costume among the women. And Justin DeVine whose balding head bore an intriguing depression, won the prize among the men.

**SON IS BORN**  
Mr. and Mrs. W. O. Workman are parents of a 7 1/2-pound baby boy born last night. Both mother and son are doing nicely.

## LIKES CAPES

KAY FRANCIS

By NEA Service

HOLLYWOOD, Jan. 27.—The cape mode has gone "fur" in this Star's town.

Kay Francis stepped out to tea in an elegant black frock, completely smothered in a cape of luxurious blue fox. Five separate rows of blue fox. Her hosiery and gloves matched the blue fox coloring to a nicety. And her tailored leather belt had a bow edged with nail-heads which was repeated on her little draped turban, another pleasing note.

With a blue wool suit, Marion Marsh wears a blue suit collar, rather demure, like a nun's collar, banded in rich mink, fastening on the side. Her blue turban that points down over the right eye, has a feather fancy like a starfish at the top of it, matching the mink in color.

**Cape Sleeves Favored**  
The capes don't have to be collar, however. Cape sleeves rich in fur abound, too, particularly for tea-time things. Carole Lombard has a green suede afternoon coat with cape sleeves of red fox, great, flaring, luxurious sleeves.

Mary Pickford wears hand-made one-piece pastel colored silk frocks for her days at home at Pickfair, several of which lean to short cape sleeves. One in particular is charming on her, white crepe, with hand-drawn work down the cape sleeves and down the front of the dress, with a little turn-down collar and tie with drawn-work trimming.

Sylvia Sydney, who incidentally has a new coiffure which pulls her hair back straight and trim over her ears, wears a white satin dinner dress with separate cape, sable-edged.

**TOLL ON VIADUCT**  
TRENTON, N. J. (INS)—It has been unanimously approved by the 1933 legislature of New Jersey to charge a toll on the New Jersey viaduct. Three million dollars could be raised in a year this method to balance the budget.

## EDUCATORS ARE SPEAKERS FOR CITY COUNCIL

R. B. FISHER, JOHN B. HESSEY, L. L. SONE ADDRESS GROUP

Three of Pampa's foremost educators, R. B. Fisher, John B. Hesse, and L. L. Sone, were speakers at a meeting of the City Council of Parent-Teacher associations yesterday afternoon in the high school cafeteria. The program was under the direction of the high school association.

Mrs. J. B. Townsend, council president, presided for a short business session, after which the regular meeting was opened by the singing of "Love's Old Sweet Song" by the group, with Mrs. J. F. Curtis at the piano. R. A. Selby led in prayer.

Mr. Sone, discussing some of the problems confronting the high school, said the outstanding problem was in the fact that many students, especially freshmen and sophomores, did not give enough time to home study. He said that parental cooperation was necessary in order to correct this error and to arouse interest, without which proper progress was impossible. He urged parents to provide a proper place, with quiet and congenial surroundings, in which students might study at home.

Vocal solos, "Alabama Lullaby" and "Thinking of You," were given by Charles Frost, accompanied by Mrs. J. B. Townsend at the piano.

The 13th point of the Children's Charter was ably presented by Supt. Hesse. He gave pertinent facts regarding the handicapped child, his rights, privileges, and responsibility, and begged that more adequate means might be provided by which the unfortunate children might be cared for.

Emmett Smith presented a vocal solo, "Who Knows," accompanied by Mrs. Arthur M. Teed.

A short talk was given by Supt. Fisher, in which he told of some of the splendid work being done in the high school and some of the things that threaten the present system of education. He told steps which might be taken to avoid such handicaps.

About 35 members were present.

## News of the Churches

### CENTRAL BAPTIST

B. H. Warren, representing the Wayland Baptist college, Pampa, will speak at 11 o'clock Sunday morning at the Central Baptist church. Other services will be the Sunday school at 9:45, training service at 6:30 p. m., and preaching by the pastor at 7:30 p. m. Subject, "Resurrection."

W. O. COOLEY, Pastor.

### FIRST METHODIST

Sunday school, 9:45 a. m.; Philip Wolfe, superintendent. Preaching, 11 a. m. and 7 p. m. by the pastor. Epworth League at 6 p. m. Missionary society meets Monday afternoons.

We extend a cordial invitation to all for these services.

C. A. LONG, Pastor.

### CHURCH OF CHRIST

Bible study, 9:45. Preaching, 11 o'clock. Subject, "Fulfilling." Communion, 11:45. Young people's meeting, 6:15 p. m. Preaching, 7 o'clock. Subject, "When Christ Falls."

Everyone is invited to attend these services.

JESSE F. WISEMAN, Minister.

### EVENING SERVICES THIS WEEK

St. Matthew's Episcopal N. Ward and W. Browning Church school at 9:45, with R. E. Frazier, superintendent, in charge. Evening prayer and sermon at 7:30.

Rev. Mr. Warwick Allen, who is now doing general missionary work in the North Texas district, will be with us next week for the service.

Mr. Allen, now in deacon's orders, and economically connected with this parish, did student vacation work in the parish for a few weeks some time ago, and we are glad to have him with us for this service.

A cordial invitation is extended to the public to attend these services.

NEWTON C. SMITH, Rector.

### FIRST CHRISTIAN CHURCH

500 E. Kingsmill Ave. Morning worship, 9:45-12, consisting of praise and prayer, Bible study in suitable classes, communion, and sermon that every member should hear. Young people's meetings at 6:30 p. m. You are invited. Preaching at 7:30. Real old Jerusalem gospel—nothing added, nothing avoided; just plain, clear New Testament teaching.

F. W. O'MALLEY, Minister.

### PRESBYTERIAN CHURCH

Sunday is the close of the January loyalty campaign of the Presbyterian church and we especially urge every member to be on hand. Bring the Sunday school attendance up to its high point, remain for the worship service at 11 o'clock, and return again for the evening service.

Sunday school at 10 a. m. Sermon, "I Shall Not Want," 11 a. m. Sermon, "Character's Foundation," 7:30 p. m.

We cordially invite the public to join us in our worship for this day.

A. A. HYDE, Minister.

### AT FIRST BAPTIST CHURCH

Corner Kingsmill and West Streets Ten Commandments. Ministers of this present day do not feel their work is done when they insist on "repentance toward God and faith in our Lord Jesus Christ," but to illustrate in detail the obligations of both private and public morality. The eternal principles of morality constitute the basis of the Ten Commandments. There is no where else this day, if there ever was, a frank discussion of the moral life of individuals and nations except the pulpit. Such discussions are the minds of the people on the street, in the stores, and everywhere else, hence the appropriateness of these messages that will be given for the next ten Sunday evenings.

It has been wisely said that in a free country the public business of every citizen. Hence the will of God will never be done on earth until men consider how the law of Christ is illustrated in private and public life, also in the policy of legislative halls and the national congress. It is hoped the messages will encourage and strengthen the interest of the congregation in the life of our community, state and nation. We believe the Ten Commandments is the foundation of authoritative morality; and begin the series of discussions with the prayer they will be especially blessed.

### ALL-BRAN RELIEVED HIS CONSTIPATION

Delicious Cereal Brought New Health to Mr. Bartholomew

We quote from his voluntary letter: "I had considerable trouble with my stomach. Digestion was out of the question. I got medicine which gave me only temporary relief.

"Then I thought of taking ALL-BRAN. I started eating a cereal dishful two or three times a day.

"It has been over a year now since I ate that first dish of bran, but from that day to this I have had the pleasure of enjoying the proper functioning of the digestive organs.

"Thanks to ALL-BRAN, I still eat it regularly and like it better all the time."—Lester Bartholomew, Cadillac, Mich.

Constipation is usually due to lack of "bulk" to exercise the intestines, and vitamin B to promote elimination. ALL-BRAN supplies both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. Certainly this food is more natural than taking harmful patent medicines. Two table-spoonfuls daily will overcome most types of constipation. With each meal in chronic cases. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

### Mrs. Murphy Has Party for Silver Spade Club Here

Entertained in the home of Mrs. W. M. Murphy, members and guests of the Silver Spade Bridge club enjoyed an afternoon of games Wednesday.

Guests for the occasion were Mrs. Albert Baker of Spearman, Mrs. Harold Trenary, and Mrs. Frank Yealey. Members attending were Mesdames W. Wilkes, R. A. Hankhouse, Dewey Voyles, George Alden, L. L. Dyer, Robert Montgomery, Porter Beck, L. A. Featherstone, and W. M. Murphy.

Mrs. Baker scored high among guests, and Mrs. R. A. Hankhouse was high among members. Mrs. Dewey Voyles was second high.

Salad, topped with whipped cream, was served with cake and punch at the close of the afternoon.

### SUCCESS AT 60

NEW YORK (INS)—After falling to paint for 20 years, Miss McLenahan resumed art work and scored a success in a recent exhibit here. She is 60 years old.

### COMING EVENTS

**SATURDAY**  
Treble Clef club, 3 o'clock, Methodist church.

Treasure hunt will be given by Mrs. Finis Jordan and Mrs. Charles Wooley. Guests will start from the Wooley home, 1001 Fisher, at 8 o'clock.

Wednesday, 8 p. m.  
The public is cordially invited to attend our services.

### VANITY BEAUTY SHOP

### CHRISTIAN SCIENCE CHURCH

"Love" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, January 29.

The Golden Text is from I John: "Beloved, let us love one another; for love is of God; and every one that loveth is born of God, and knoweth God."

Among the passages to be read from the Bible will be the following from Romans 12: "And be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may prove what is that good, and acceptable, and perfect, will of God."

The following citation together with others from the Christian Science textbook, "Science and Health Key to the Scriptures," by Mary Baker Eddy will also read: "Anatomy, when conceived of spiritually, is mental self-knowledge, and consist in the dissection of thoughts to discover their quality, quantity, and origin. Are thoughts divine or human? That is the important question. This branch of study is indispensable to the extension of error. The anatomy of Christian Science teaches when and how to probe the self-inflicted wounds of selfishness, malice, envy, and hate. It teaches the control of and ambition. It unfolds the hallowed influence of unselfishness, philanthropy, spiritual love. It urges the government of the body both in health and in sickness. The Christian Scientist, through understanding mental anatomy, discerns and deals with the real cause of disease" (p. 462).

Sunday 11 a. m. Sunday school 9:30.

DALLAS, Jan. 27. (AP)—After disposing of several administrative issues and considering finances, trustees of Southern Methodist University concluded their mid-year meeting and adjourned to meet again on June 6.

At the close of the session yesterday Dr. Charles C. Seelman, president of the university, gave out a statement explaining that a special committee consisting of Bishop H. A. Boaz, Judge T. E. Hickman, Dr. M. K. Graham, Rev. J. O. Haynes and J. J. Perkins was appointed to investigate complaints made by Dr. John O. Beatty, head of the English department, concerning the lax attitude he said prevailed on the part of certain faculty members toward moral standards of the university.

This committee was appointed in response to a request of Dr. Beatty, who appeared in person before the board. The report of the committee, which was unanimously adopted, said:

"We, your special committee appointed to investigate complaint filed by Prof. John O. Beatty, beg to report that we have given Professor Beatty a full hearing. We do not think the situation warrants any further action by the board or the preferring of charges against any members of the faculty."

"H. A. Boaz, chairman, J. O. Haynes, secretary."

The trustees considered the institution's financial situation, both as to assets and the deficit which it now faces. They decided that there shall be no promotions or advancements in rank of faculty members this year.

The special report on finances presented to the board by President Seelman showed that the university has received approximately \$300,000 in the last five-year period in gifts from the annual conferences and the general conference of the Methodist church.

During the same period the endowment income has been \$600,000, making a total of more than \$900,000 that has been expended by the university in addition to fees collected from students.

The board expressed satisfaction that the school's assets of more than \$6,000,000 so far exceeded the liabilities and passed a resolution not to make any further capital expenditures until money is available for the cancellation of all liabilities.

### Redskins Fled When They Heard Bill Was Coming

BURKETT, Jan. 27. (AP)—"The Indians heard I was coming and left the year before I arrived" is the way William Burkett, father of the town that bears his name, described the condition of Coleman county when he arrived in 1883.

Nevertheless Mr. Burkett, who is 74 years old, recalls that the early pioneers suffered many hardships. Born in the old town of Moulton in Lavaca county in 1859, Burkett came to Coleman county in April, 1883. He was instrumental in securing the first post office at Burkett and in 1889 was appointed the town's first postmaster.

When Burkett settled here, the county was a labyrinth of post oak trees and his only neighbor was Jim Allen, who lived 200 yards away.

Burkett built and operated the first steam cotton gin in Coleman county. He erected and operated a grist mill and operated a water well drilling outfit. He recalls drilling a water well in the center of what is now the Amerada oil field, which is producing from a depth of 450 feet.

"But water at that time was more important than oil," Mrs. Burkett said, "and I wouldn't have known what to do with an oil well."

There now are eleven producing oil wells on his 160-acre farm at the edge of Burkett. Initial production of some of the wells was as high as 900 barrels per day at one time and the oil sold as high as \$1.25 a barrel.

Burkett and Miss Laura Yates of Bonham were married in 1887. All of their six living children, with the exception of Mrs. Minnie Cunningham of Fort Worth, are located near Burkett.

### Capone's on \$10 Allowance in Pen

WASHINGTON, Jan. 27. (AP)—Al Capone, now spending a number of years at Atlanta penitentiary for evading income tax payments on his gangland millions, is on a \$10 a month allowance these days.

And instead of \$25 footwear, it's the regulation prison shoe for the former Chicago bootleg czar. Tailor-made suits and silk underwear are out.

Capone is just No. 40888 and is treated like a lot of others under the government's special care.

All this was told to the house to make it clear that Al is not getting special favors.

Representative Oliver (D., Ala.), put into the record a letter from Warden A. C. Aderhold of Atlanta, which said:

"Capone, during his incarceration in this institution, has had no special favors not granted all other first grade prisoners."

### Zitto Objects To Traveling In 'Dog Wagon'

TOPEKA, Jan. 27. (AP)—Gov. Alfred M. Landon granted extradition to Texas today of Joseph Zitto who escaped with a fellow prisoner in 1930 after having served two years of a five-year term in the Texas penitentiary.

Zitto and Hayden Hale, with whom he fled from Texas and for whom Governor Landon previously had granted extradition, have pending in Leavenworth county

district court habeas corpus actions to secure their freedom. The two were released January 24 from federal penitentiary where they served three years terms for transporting a stolen car following their escape from Texas.

Should Texas officers be successful in gaining custody of the prisoners they will be taken back to Texas with two other prisoners in a "traveling jail," so called because it consists of a small cell mounted on a truck. Attorneys for Zitto and Hale termed the truck a "dog wagon" and said transportation of prisoners in it was "inhuman."

Mrs. L. A. Featherstone has as her guest her sister, Mrs. Albert Baker of Spearman.

### Magnet Can Be Used To Obtain Valued Cells

NEW YORK, Jan. 27. (AP)—Discovery that an ordinary magnet can be used to obtain from the organs where they live the immensely important cells believed to be responsible for the immunity of animals to disease is announced today in science by two workers of the Rockefeller Institute for medical research.

Harmless particles of highly magnetic iron are introduced into the body in such a manner that the prized cells, pick up the metal and gravitate like lodestones to the magnet. It has been impossible heretofore to separate them from the obscuring masses of millions of their iron meal they are reared "in vitro," that is, they continue to live and grow in glass dishes. There they are now under observation at the institute, for learning more about their functions.

The method is reported by Peyton Rous and J. W. Beard. The cells are those of the reticulo-endothelial system, and they line the blood-vessels of some of the organs. Those in the liver are called Kupffer cells after the name of the

man who discovered them. The best known specialty of the reticulo-endothelial cells is "phagocytosis," literally "eating," because they engulf and digest bacteria, and other particles. When they have eaten a large meal, they come loose from the surface they cover like shingles falling off a roof, and float away in the blood. It is this trick of slipping off after a meal of magnetic iron that enables the magnet to trap them so readily.

**VISITS OLD BAR**  
NEW YORK (INS)—When John Masfield, poet laureate of England, visited New York recently he looked over the site of an old saloon where he worked as "bar boy" many years ago. The old bar was located at Christopher and Washington Sts., Greenwich Village section.

THIS CURIOUS WORLD

**BAKED ELEPHANT'S FOOT**  
IS ONE OF THE AFRICAN BUSHMAN'S GREATEST FOOD DELICACIES.

FOR THE FIRST AVIATOR WHO CAN MAKE A FLIGHT OF 25 METERS WITH A DESCENT OF NOT MORE THAN 8 METERS. AWARDED BY ASSOCIATION AND CLUBS PLEASE SEND CLIPPING PLEASE

IT TOOK AVIATORS 5 YEARS TO WIN THIS PRIZE!

3000 FRANCS

**CADDIS WORMS**  
OBTAIN FOOD BY ERECTING NETS IN THE WATER TO CATCH SMALL ORGANISMS.

JUST 30 YEARS AGO, Ernest Archdeacon put up his offer of 3000 francs (about 20 cents per franc, at that time) to the first aviator who could fly only 25 meters (about 80 feet) with a descent of not more than eight meters in doing so. Not until three years later was the prize won, when Alberto Santos-Dumont, a Brazilian living in Paris, accomplished the then remarkable feat of flying 200 feet at a speed of 25 miles per hour.

**TWINS, TRIPLETS, AND EVEN QUADRUPLETS ARE INVITED TO ATTEND PARTY ON WEDNESDAY**

If you are twins, both of you are in luck. You are invited to a twin party next Wednesday afternoon at the La Nora theater.

It's a twin party and the hosts are the famous Godino Siamese twins, Simplicio and Lucio Godino, who are headliners of the vaudeville show at the La Nora starting next Wednesday. All twins in Pampa and Gray county, or the adjacent counties who will be in Pampa Wednesday afternoon are invited to this big party, and for that matter, triplets, quadruplets, sextets, quintets, or as far as the combination will reach, will be welcomed also.

Most twins are able to go about separately, but the Siamese twins, Simplicio and Lucio Godino, were born joined together. It is impossible to separate them by surgical operation, as it would prove fatal.

The twins present a delightful act of vaudeville. They are anxious to meet all twins in Gray county while in the city, hence they are giving the twin party.

All twins are requested to come to the Daily News office any time before next Wednesday afternoon, register their names and addresses and receive free tickets. After they have enjoyed the show, they will be given a reception upon the stage, and receive autographed pictures of Simplicio and Lucio and their brides.

**Barter Old Game To This Widow**

CHESTERTOWN, Md. (P)—There's nothing new for Mrs. Evelyn Harris, a Kent county widow, in this talk about barter.

For ten years, ever since her husband died, she has supported her family by swapping products from her farms for other necessities.

When the children needed hair-cuts, she swapped a basket of potatoes for the barber's labor. Logs from her walnut forest were exchanged for fertilizer.

She once had a serious operation performed in Baltimore in exchange for a two weeks' vacation on her farm for the surgeon.

Some Southern colleges have turned to "flivver trips" as methods of transportation for their basketball teams.

**Four Counties Hold Horse-Shoe Hurling Tourney**

BRADY, Jan. 27. (AP)—R. L. Newman of Brady emerged as the champion horse shoe twirler in a four-county tournament just closed at Brady.

About 100 aspirants to the horse shoe crown from McCullough, Concho, Mason and San Saba counties were entered in the two-day meet under the direction of W. D. Cargill, chairman of the Brady luncheon club committee.

Some of the most skilled hurlers found themselves somewhat handicapped by having to play on a regulation size court with stakes 40 feet apart, according to Cargill, who has made a study of the latest rules of this game.

A silver trophy was presented the winner who must defend his crown in another tournament three months from now.

ON MOVIES AND DELINQUENCY

Most of us have heard a good deal about the damage that certain types of moving pictures are supposed to do to the minds of children.

The latest is Dr. Frank Astor, field director of the National Child Welfare association, who has just got through studying the reactions of more than 1000 children of all types of movies during a three-month period.

Dr. Astor, for instance, took the time to investigate a number of cases in which juvenile delinquents were supposed to have been led astray by things they had seen in the movies.

Dr. Astor declares that even when a young delinquent himself puts the blame on a film, it doesn't necessarily mean anything.

"Children," he says, "have an almost remarkable capacity for saying what they believe their adults want to hear... On being brought before some judge for committing some crime they begin searching for an excuse—an impressive excuse. The motion picture provides just that."

Newspaper readers whose memories go back 30 or 40 years can remember when the dime novel, instead of the moving picture, was the scapegoat. It used to be said that children who read of the exploits of gunmen in dime novels would grow up to be gunmen themselves; and the current charge against the movies is only an adaptation of that old complaint.

Well, most of us read lots of dime novels, years ago; and somehow we managed to escape the pitfall that was laid for us. The chances are that the same thing is true of children today. They take their lurid movies just as we took those old dime novels—with a grain or two of salt. Children usually have a better balance in such matters than adults are willing to admit.

It's no wonder Babe Ruth objects to a reduction of the \$75,000 salary he drew down last season. If he yields one penny, he'll be making less than the president of the United States!

There's lots to be said for renouncing war as an instrument of national policy, but it makes it tough explaining to Junior the "Spirit of '76."

STORM GOVERNOR'S OFFICE SPRINGFIELD, Ill., Jan. 27. (AP)—Some 300 of the unemployed who staged a near riot in the reception room of Governor Henry Horner's office were back at their homes today, a few with bruised heads, while police organized to guard a parade of about 5,000 women, paraders of the Progressive Miners' Union.

NEW POLICE PLATES NEW YORK (INS)—New York cops won't let a car bearing those tell-tale "4-N" license plates this year. Plates for 1933 have been picked at random.

MOSQUITOES FOOLED ORANGE, Jan. 27. (AP)—The balmy weather of mid-January apparently has fooled the mosquitoes as to the season. One of the worst signs of the pests during winter months in several years has developed. Residents have been forced to provide the same kind of protection from mosquitoes as is necessary in the spring and summer.

THREE CENT ROBBERY SHANGHAI (INS)—Shanghai bad men are desperate. One held up a ricksha boy for twenty-six coppers, the equivalent of about three American pennies.

New York Uses InCome Tax Net To Bag Enemies

NEW YORK, Jan. 27. (AP)—An income tax net, like the one in which the government bagged Al Capone and many of his Chicago colleagues, was spread for three New York gang chieftains—Dutch Schultz and two of his lieutenants.

Bench warrants were issued by United States Commissioner Francis A. O'Neill and an hour later police all over the country were asked to arrest Schultz, alias Arthur Flegenheimer, and his lieutenants, Henry Stevens and Frank Ahearn.

George Z. Medalle, the United States attorney who filed the complaints before Commissioner O'Neill, said he expected indictments to be handed down by a federal grand jury next week. Meanwhile immigration and customs officers, prohibition agents and police throughout the nation have been asked to watch for them.

The specific charge, Medalle said, was that Schultz failed to pay a tax of \$22,366.21 upon a net income of \$130,324.70 in 1929; that Stevens failed to pay a tax of \$1,126.48 on an income of \$25,227.63; and that Ahearn failed to pay a tax of \$39,164.57 on an income of \$193,284.31.

For twenty months federal prosecutors have been presenting evidence to the grand jury, supposedly on these cases. More than 300 witnesses have been examined. Schultz himself has been called several times.

'Spender' Held In Mail Fraud At San Antonio

SAN ANTONIO, Jan. 27. (AP)—William A. Brouse, 51, whose trail federal post office inspectors said they found easy to follow because of his habit of "traveling in style," was held in jail there in default of \$50,000 bond, charged with using the mails to defraud.

Brouse, a former private in the marine corps, was arrested by E. S. Hall and Thomas P. Cronin, post office inspectors, on a federal indictment returned in Suffolk county, Mass., charging him with using the mails to defraud Roswell B. Clark, retired Boston business man, of \$63,636. U. S. Commissioner Paul A. Lockhart set a hearing for tomorrow.

The two inspectors said questioning of railroad employees in St. Louis revealed that a man of Brouse's description, with his wife and two children, ten or fifteen trunks and suit cases and a reputation for dispensing large tips, boarded a train for San Antonio, traveling in a suite of several compartments. The inspectors found Brouse and his family encoined in a seven-room apartment in the first expensive apartment house where they inquired.

Galveston Gets Ready For Mardi Gras In February

GALVESTON, Jan. 27. (AP)—Costumes of a period different from any ever worn before in a Galveston mardi gras will make their appearance when worn by 15 Galveston princesses and a number of young women from other cities at the coronation ball February 28.

"The court of olden times" is the name selected for this annual event, climaxing the general celebration, but the period and the identity of the king and queen are to be kept secret until revealed that night.

Much research work has been done in order to make settings and costumes authentic, and the court, reigned over by King Privolous Kvi, is expected to be a fitting successor to the many brilliant ones that have preceded it.

Duchesses are being selected from the debutante circles of other Texas cities.

The first mardi gras observance in Galveston was in 1871 and there have been few missions since of the formal merrymaking on the days preceding the lenten season.

TEXAN SIGNED

NEW YORK, Jan. 27. (AP)—While activity in the baseball contract market remains slow as the clubs and the holdout brigade remold their firm on their bid and asked prices, the New York Giants continue to provide news. The signing of Joe Moore, left fielder from Texas, was announced by the Giant management and with it went the news that Bill Terry now has enough players under contract to put a full team on the field.

Little Bobby Lee Jones, son of Mrs. Reba Jones, who has been confined to his home for the last ten days, is seriously ill again.

Buying Barbara

By Julia Clift-Addams Author of 'YOU GAVE BABY'

SYNOPSIS: Barbara Quentin, summoned to London by her fiancé Mark Lodely, finds he is giving a party. More, he ignores her, until finally she starts to leave the sound of the music. She finds Mark's mother and indignantly denies her suggestion that Mark and his host, Farrell Armistage, have bet as to whether she will respond to Mark's summons. Armistage is in love with Barbara, and wishes to launch Mark as an artist so that they may compete on even terms for Barbara's love.

Chapter 37 BARBARA IN FLIGHT

"WELL—I'm—dashed!" articulated Mrs. Lodely. "Standin' there tellin' me you think better of a young feller like Farrell Armistage than you do of the man you're goin' to marry!"

Barbara gazed back at her. Her anger, her leaping, living pride, vanished. She felt stricken.

Not because of anything Judy might say or think Judy had never really mattered. But because in that one spurt of indignation her spirit had taken an eager step towards Farrell Armistage and she knew it and was afraid.

"Babs?" Judy's tone had changed. Judy, her cigarette hanging from the corner of her mouth, sounded almost timid.

"There's no need for us to quarrel, Babs, is there? I certainly didn't mean to run Farrell down if you didn't." She appeared to realize the depths of her own muddlement. "What I mean to say is, there's no need for any comparisons as they're always odious."

Barbara walked over to a basin, found a glass and drank some cold water. The shelf above the basin was full of the general mess and stickiness that Mark's mother seemed automatically to create. Her presence lay on the quiet, solidly appointed room like a film of mould.

Barbara had a fleeting memory of her little new house, with its fresh, pale colors. Oh, if only someone would take Judy off her hands forever!

"I'll go up to Mark now," she said, when she had drunk her water. "You must do as you like."

"Just one minute before you go, Babs! Judy had lumbered in front of the door and Barbara had to stop and listen. "I'm sure I don't want to offend you—and everything I do or say seems to offend you, lately." Judy was, for Judy, quite apologetic. "But as Mark's mother, I feel I ought to know how things stand. You are goin' to marry Mark, Babs—surely?"

"Of course, Judy! Why do you doubt it?"

"Well, Farrell's goin' about sayin' he—well, you evidently ain't thinkin' seriously about him, so there's no need for us to go into it. But there's somethin' I'd like to tell you in case you're thinkin' life with Mark—and me might come a bit too hard on you."

"If it's any more about your gettin' a job, we can't discuss it now. Heaven knows what time of night it is!"

"It's nothin' to do with jobs for any of us. It's about an—inheritance."

"Whose?" asked Barbara. She was by now almost desperately fatigued and the cold water, though it had steadied her nerves had brought a feeling of faintness. The sandwiches she had had seemed a matter of days ago, Judy's talk about an inheritance could wait, couldn't it? And whose inheritance?

"As to that, I'm not in a position to say," returned Mrs. Lodely, with unusual precision. "All I want you to know is that when you're married Mark, there'll be a good chance of us all never havin' to do another hand's turn so long as we live."

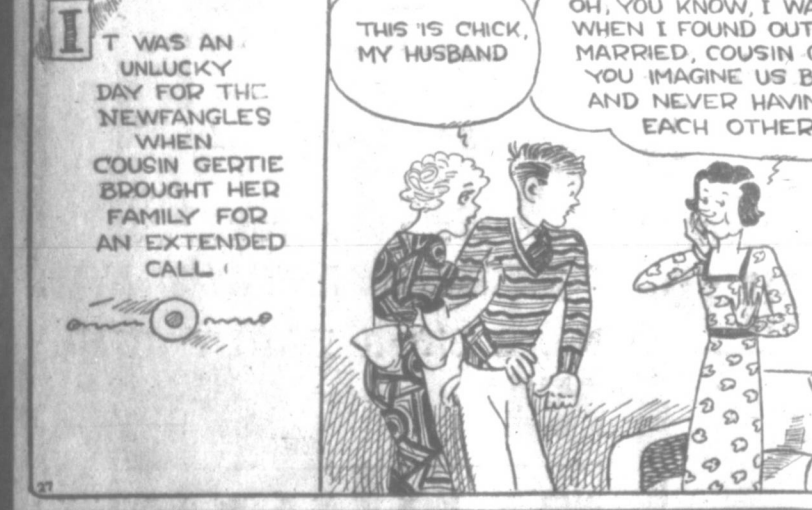

"But whose money will it be—Mark's?" Mrs. Lodely swallowed nervously. "What's Mark's will be yours and what's yours will be Mark's, I suppose, my dear gel."

Not till afterwards did Barbara realize the evasion behind the words. She moved impatiently towards the door and Mrs. Lodely gave way before her.

"I'm going up to Mark," repeated Barbara and stepped out again into the strangeness of the house. She came back to the staircase—it was still deserted—and then a light high up, outside her vision, was turned out and everything beyond the turn of the stairs was in darkness. Involuntarily she paused in her ascent and at once Mrs. Lodely's voice whispered behind her.

Barbara insults one whom she should have thanked, tomorrow.

### International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: Jesus and the Sabbath.

Scripture Lesson: Mark 2:23-3:6. Mark 2:23. And it came to pass, that he was going on the Sabbath day through the grainfields; and his disciples began, as they went, to pluck the ears.

24. And the Pharisees said unto him, Behold, why do they on the Sabbath day that which is not lawful?

25. And he said unto them, Did ye never read what David did, when he had need, and was hungry, he, and they that were with him? 26. How he entered into the house of God when Abiathar was high priest, and ate the showbread, which it is not lawful to eat save for the priests, and gave also to them that were with him?

27. And he said unto them, The Sabbath was made for man, and not man for the Sabbath.

28. So that the Son of man is lord even of the Sabbath. Mark 3:1. And he entered again into the synagogue; and there was a man there who had his hand withered.

2. And they watched him, whether he would heal him on the Sabbath day; that they might accuse him.

3. And he saith unto the man that had his hand withered, Stand forth.

4. And he saith unto them, Is it lawful on the Sabbath day to do good, or to do harm? to save a life, or to kill? But they held their peace.

5. And when he had looked round about on them with anger, being grieved at the hardening of their heart, he saith unto the man, Stretch forth thy hand. And he stretched it forth; and his hand was restored.

6. And the Pharisees went out, and straightway with the Herodians took counsel against him, how they might destroy him.

Golden Text: The Sabbath was made for man, not man for the Sabbath: so that the Son of man is lord of the Sabbath.—Mark 2:27, 28.

#### Lesson Connection

The conflict between Jesus and the religious authorities of his day began early, continued with a succession, waxed more and more intense throughout his ministry, and culminated in his death. In last Sunday's lesson we saw its beginning. The "scribes" (Mark 2:6), the "Pharisees and doctors of the law" (Luke 5:17) were offended and called him "blasphemer" because he claimed to forgive sins. Between that lesson and today's study three other occasions of controversy arose. 1. Jesus called Levi (Matthew) the publican to be one of his followers and went to Levi's house to dine with "publicans and sinners." This was a direct affront to the religious Pharisees and a violation of all the social customs of the times. 2. Very soon another controversy arose over the question of fasting: "Why do the disciples of John (the Baptist) fast often, and likewise the disciples of the Pharisees; but thine eat and drink?" It was a serious charge from their standpoint. 3. The most frequent and bitterest strife and reference to the observance of the Sabbath. Two of these clashes occur in today's lesson.

#### The Call of Matthew

The Romans taxed everything—fruit-trees, houses, doors, columns, all sorts of property, real and personal. Their tax-booths were everywhere—at bridges, on roads, in harbors, Capernaum was a meeting place of great roads leading to Jerusalem, Tyre, Damascus, the East, and a tax-collector there was an important person. The Jews hated these publicans (collectors of public revenue), and it was regarded as especially unpardonable for a Jew to hold such an office. But the Capernaum publican, Levi (Matthew), seems to have been of a far better character than usual. He was moved by Christ's teaching, and Christ knew it; so as he passed his booth on his way from healing the paralytic our Lord simply said to him, "Follow me," and Levi at once closed his books, abandoned his lucrative business, and followed him. Probably he took his new name, Matthew, which means "the Gift of God" (the same as the Greek "Theodore"), when he became a Christian. He celebrated the event with a great feast at his house, to which he invited many of his fellow publicans that they also

might follow the Saviour. Besides that, we know nothing of him except that he wrote the first Gospel, the Gospel containing the Sermon on the Mount and other priceless records.

#### Food On the Sabbath

Now we come to a matter of the greatest importance in Christ's life, his teaching with regard to Sabbath-observance. The Pharisees had exalted Sabbath-keeping till it fairly overshadowed the rest of their religion. They had buried the simple rule of the Fourth Com-

mandment in a vast number of regulations of their own devising—just how far men might walk on the holy day, just how heavy a load might be carried, and the like. So far did they with their fanaticism that if a house took fire on the Sabbath, it was allowed to burn down with everything in it—no water might be carried to put out the fire, none of its contents might be rescued. However sick a person might be, no doctor could attend him on the Sabbath. Christ took a merciful and sensible view of the matter which placed him in sharp opposition to these blind leaders of the blind. We now study two instances of this.

"And it came to pass, that he was going on the Sabbath day through the grainfields," v. 23. Grainfields were not fenced to keep out the

public, but were intersected by frequently used paths, as we note in the parable of the four kinds of soil. "And his disciples began, as they went, to pluck the ears," Matthew tells us that they did this because they were hungry. Luke adds that they rubbed the heads of the wheat in their hands, thus separating the grain from the chaff.

The Pharisees said, "Behold, why do they on the Sabbath day that which is not lawful?" v. 25. Reaping and threshing were forbidden on the Sabbath; and lot of the disciples, by breaking off the heads of grain, had been reaping; and by rubbing them in their hands they had been threshing!

"And he said unto them," Summing up in one of his masterful sentences the entire Sabbath question. "The Sabbath was made for

man," v. 27. For man's use, man's enjoyment, man's growth, man's approach to God, man's communion with man.

#### Healing On the Sabbath

"And he entered again into the synagogue." This was on another Sabbath, as Luke 6:6 tells us; probably the very next Sabbath after the one we have been considering. "And there was a man there who had his hand withered." Luke, the physician, notes with care that it was his right hand, the hand he used most in his work. "And they watched him whether he would heal him on the Sabbath day." Healing on the Sabbath was allowed only when life was in danger.

"And he saith unto them, Is it lawful on the Sabbath day to do good, or to do harm? to save a life, or to kill?" Christ was seeking to do

good, the Pharisees to do harm to Christ. Our Lord was purposing to save a life to usefulness, the Pharisees were plotting to kill the Saviour. "Who is the real Sabbath-breaker, he who performs a work of mercy, thereby doing good, or those who seek to do an injury, and are in fact plotting murder, as you are doing?"—Rev. A. E. J. Rawlinson, D. D. "He saith unto the man, Stretch forth thy hand." Again, as in the case of the paralytic studied last week, a compelling summons to faith, a command to do the apparently impossible. And the man obeyed! "And he stretched it forth; and his hand was restored." "Whole, as the other," says Matt. 12:13.

**How To Use Sunday**  
"Sunday must be observed as a rest day. In our Sunday obser-

vance we must consider as much as possible the claims of others. Our Sunday observance should not rob our country of that high ideal of the rest day which has made Sunday of our forefathers."—Rev. F. B. Meyer, D. D.

"The Sabbath is the day which we fancy we have adopted from expediency, or utility, or on political or sanitary grounds, or the like, but which we really owe to our moral wants, our moral sense guided and directed to a particular issue, by the Holy Spirit, speaking in Scripture and by the apostles."—Archdeacon Henry.

"Rest, quiet, a little prayer, a bit of sermon, a deal of heartfelt worship, a hearty tightening of family ties, some contemplation of man's duty to God and his neighbor and the citizen's duty to his

state, a deed or two of kindness—make a perfect Sunday."—Hon. Alton B. Parker.

"Welcome, delightful morn, Sweet day of sacred rest! We hail thy kind return, Lord, make these moments blest."
