(6 PAGES TODAY) PRICE FIVE CENTS

TWINKLES We wish West Texas officers would hurry up and capture those killers. We are aching to tell how the clues developed here in the Tulsa case but we're not going to handicap the officers by talking too soon.

Most of us would like to catch a burglar, but we don't wish a dead one. Our home talent is responsible for much of the petty thieving in Panhandle towns. A recklessly placed bullet often causes a lifetime of regret.

Percy, the office mouse, peering into our weather records, says that every February of his knowledge has been much rougher than any January of his memory.

Mrs. Gushaw declares that Marlene the cinematist may look O. K. in breeches, but that in her opinion most of the ladies of her age and acquaintance are not even remotely interested. Mrs. Gushaw wore overalls to a picnic once, a group picture was made, and she saw herself as others saw her.

The right to vote is worth \$1.75 if you have the \$1.75. And tonight is the deadline for paying your poll tax at the courthouse.

"THESE FOREIGNERS" A big majority of pupils in one Pampa school indicated former residence in Oklahoma. Oklahomans are good folks, but many of them know little about Texas. Did you know that seven states, part of a foreign country, and the world's largest Gulf are required to bound this state? And that it is 750 miles cross-flight across, that it has 284 counties with a total of 265,896 square miles, or more than the entire area of 13 other states, with a population of more than 6 millions?

ON LITTLE THEATERS I am strongly in favor of Little Theaters. This country needs more interest in things which educate, which enrich the mind and quicken the intelligence, without being based on huge profits and big risks. If more money were put in circulation for things of this kind, the spirit, it would give millions employment without being tied up in brick, mortar, and steel. This country has too much invested in permanent, capital assets and not enough in its people as individuals of mind, body, and spirit.

EXTENDING "THE STREET" Broadway has for generations dominated the theatrical world, but there is a movement under way to carry the New York stage plays to eighteen or more other cities of the nation. This sharing of the stage to the nation culturally, and would tend to revive interest in the legitimate stage—an interest, by the way, which is already showing latent possibilities. It has been shown that new plays, attuned to our times and needs, are being written, and can get favorable reactions from "the people." It is quite possible that America is ready to dramatize the mighty revolutions which have been taking place. Pampa's Little Theater is resourcefulness of modern Americans.

HOW LAWS GROW Sometimes there is a tendency to believe that modern civilization could get along with as few laws as we were used in the "good old days." While there are superfluous laws—thousands of them—it should be realized that most of our present legal fabric is composed not of fundamental laws but of regulations to prevent chaos and misuse of new inventions. We have an example: For several years the police departments of the bigger cities have been using short-wave radio sets to keep cruising cars moving to points where needed. In recent months short-wave radio by the public has become "the rage." Police alarms are public property. Motorists rush to points designated before officers can reach the scene. Traffic congestion results. "There ought to be a law" to prevent installation of low-wave sets in automobiles, at least, say the police, and a bill will be introduced at Austin. That's the

THREE GUESSES WHO BUILT THE FIRST COTTON MILL IN AMERICA AND WHERE? WHO INVENTED THE SAXOPHONE? WHERE IS SING SING PRISON? ANSWERS ON PAGE 2

PLAN TO ISSUE SCRIP MONEY IS PROPOSED

JOHN BOWERS OFFERS TO GUARANTEE REDEMPTION

IS WELFARE MEASURE

MERCHANTS TO STATE ATTITUDE ON PROPOSAL

PAMPA merchants will be consulted as to their attitude on the issuance of scrip money here as a result of action taken by the Junior Chamber of Commerce today. E. M. Conley was appointed chairman of a committee to consult merchants, assisted by H. L. Polley, Marvin Lewis, and Clarence Kennedy. An offer to deposit \$1,500 in the bank to guarantee redemption of the scrip money was made by John Bowers through an assistant, J. M. Dodson. Mr. Dodson said that the plan was for the scrip to be given out first by charitable organizations. It would be a welfare measure. Each transfer of the scrip in trade would require a signature and affixing of a special scrip stamp costing 3 cents. In other words, the scrip would be worth 97 cents to each one receiving a dollar piece of it.

The scrip would be accepted at face value and cashed by the bank when 36 signatures and 36 of the 3-cent special stamp were affixed. Thus the scrip would be self-liquidating through sale of the stamps, which would be sold to merchants from Mr. Bowers' office in the Combs-Worley building. It would mean a turnover of \$54,000 worth of business by the redemption date which would be May 1. Any surplus after redemption of the scrip would be given to charity. Mr. Bowers' contribution would be lending of the initial bank guarantee and issuance of the scrip on order of welfare organizations.

Fifteen Arrested In LeFors "Game"

Deputies of the sheriff's department raided a "game" at LeFors near last midnight, making fifteen arrests. Pleas of guilty were made in Justice W. R. Combs court at LeFors. Three of those arrested paid fines of \$14 for gaming and were released. Of the twelve placed in the county jail, one paid his fine this morning and others were expected to pay their fines during the day. F. C. Jones, one of those arrested, also was named in a complaint charging operation of a gaming house, and was released on \$1,000 bond.

One Man Held in "Burglar Scare"

A "burglar scare" last night resulted in arrest of a man by the constable's department. The alarm was given by Miss Ivan Mayfield, who said she saw the man loitering about the F. E. Leech residence, where she lives, about 9 p. m. The arrest was made as Constable Frank Jordan and Deputy Constable R. H. Mumford found the man en route downtown. Tentatively held on a complaint of vagrancy, the man pleaded not guilty and asked for a trial. The trial was delayed until tomorrow because of the absence of County Attorney Sherman White from the city. The man said he was unemployed because of a war injury, and that he had lived here since the boom. He said he was looking for a doctor and was not attempting to enter the house where he rang the doorbell several times.

FIRE EXTINGUISHED

Fire in a small building at the rear of the Adams Music company on West Foster avenue about 8 o'clock last night was extinguished by the fire department with little difficulty. Water from the booster tank on one of the large fire trucks was used. Cause of the blaze is unknown. Firemen believe that a lighted cigarette had been dropped into some paper near the door or in the building. Little damage resulted. The blaze was the first since early in the month.

I HEARD--

That Elmer Fite was seen on the business end of a fire hose, putting out a fire last night. He looked as much at home as when handling a cash register. Dead-Eye-Dick Donnelly of the Texas company knocking pins for a row at the bowling alley last night. Slim Frair was doing the same thing but getting a bunch of splits. Texas club women and ex-stu-

SLAYERS NAMED

Youth Charged in Slaying of Robert Tharp

AMARILLO MAN NAMED AS KILLER IN STATEMENT

LUBBOCK, Jan. 31 (AP)—A charge of murder was filed against Paul Mitchell, 24, of Amarillo in justice court here this morning in the slaying of Robert Tharp, 25, in an attempt to hold up a grocery store here October 15. Sheff Tom Able said Mitchell was arrested Monday in Kingsville, Kleberg county, by Chief of Police J. S. Scarborough, as a result of a signed statement made last Thursday in Amarillo by a man held as an accomplice in the holdup attempt. A third man is sought.

AMARILLO, Jan. 31 (AP)—Paul Mitchell of Amarillo, who was arrested at Kingsville yesterday for the slaying of Robert Tharp of Lubbock, during a holdup last October 15, was named as the gunman in a signed statement made to Amarillo and Lubbock officers by a man who said he drove the bandit car.

No charges have been filed against the youth who made the statement, and officers refused to divulge his name. The statement was witnessed by Police Chief W. R. McDowell of Amarillo and Sheriff Tom Abel of Lubbock.

The youth held here said Mitchell told him his gun was accidentally discharged during the grocery store holdup. He said the slayer wept over the death of his victim. The three youths were returning from El Paso when Mitchell and the third man decided to obtain money by hijacking, the statement said. One holdup was staged in Big Spring the night of October 14. The gun was operated by Tharp, who was the second the youths held up in Lubbock.

After the shooting of Tharp, the statement said, the youths left Lubbock for Amarillo, taking a circuitous route by way of Bovina. The gun was placed beside a culvert on the highway south of Hale Center, but was later recovered by Mitchell.

Deadline For Payment of Poll Tax Is Tonight

This is taxpaying time in Pampa, but the deadline is but a few hours away. City and school tax collectors will remain in their offices as long as there is a demand, but they expected to be through not long after 6 p. m. The last minute rush was on in all offices, but was most pronounced in the office of County Tax Collector T. W. Barnes. Of the state and county taxes, about 75 per cent had been received at noon. The school tax collector, Joe Smith, had received about 69 per cent. The slowest taxes of all were to the city, which had about 44 per cent.

Poll taxes, too, must be paid by tonight. Mr. Barnes planned to keep his courthouse office open until midnight. There have been no indications of any extension of time for taxpaying in any department of local and state governments, except that car license payments, due tomorrow by 6 p. m., may be extended by the legislature.

EDITOR KILLS SELF

SUMMIT, N. J., Jan. 31 (AP)—George B. Holbert, 65, a former president of Town Topics magazine, died in a hospital at midnight from a bullet wound which police said was self-inflicted. A few minutes before Holbert was found dying with a bullet in his head in his home, he had been served with a warrant in connection with an indictment found against him by a New York grand jury charging the misappropriation of \$26,535 from a trust fund of which he was trustee.

C. I. A. EX-STUDENTS ARE TO OPPOSE MERGER AT DENTON

Proposed consolidation of C. I. A. with the North Texas State Teachers College of Denton "is to be brought before the Texas legislature which is now in session." The merger of C. I. A. and the Teachers college would mean complete undoing of C. I. A. as a woman's college and as a College of Industrial Arts, local exes said today. "It will defeat entirely the purposes for which C. I. A. was established, break faith with its founders, and its students, past and present. C. I. A. should be continued as a state supported college for training our girls just as it is proposed to continue A. & M. college for training our boys." Texas club women and ex-stu-

ESCAPES GUNS

MRS. MAFALDA MARLOTTE, sister of Al Capone, escaped unhurt when several men opened fire from a passing automobile on a Chicago street. Police were unable to learn whether the bullets were intended for her or for another.

LATE NEWS

OKLAHOMA CITY, Jan. 31 (AP)—By a vote of 74 to 39, the Oklahoma house of representatives today rejected an unfavorable minority report on the senate bill designed to oust Lew Wentz, republican highway commissioner, and adopted the favorable majority report.

WASHINGTON, Jan. 31 (AP)—The house labor committee today approved the Connery five day week six hour day bill.

FRIE, Pa., Jan. 31 (AP)—A jury today awarded Zack T. Miller, Oklahoma rancher and showman, \$66,000 damages against Tom Mix, movie camoufeger. Miller alleged Mix broke a contract to appear with Miller's 101 ranch show and sued for \$342,000.

DETROIT, Jan. 31 (AP)—The Briggs Manufacturing Co., whose plants have been tied up for a week by a strike automobile body workers, announced at 2 o'clock today that it had resumed the production of bodies in its Highland Park plant for the new Ford car. The announcement was made by Mirt L. Briggs, second vice president and assistant general manager of the Briggs company.

Cecil Battles Elements While On Oregon Trip

Postmaster D. E. Cecil returned last night from Salem, Wash., after some of the most trying motorcycling experiences of his life. He left Mrs. Cecil in Washington to benefit her health. It took him eight days to make the trip in rain and snow. He tried to cross the Shasta mountain pass but after nearing the top encountered a 41-inch snow that had fallen in one night and had to turn around and go south to California through the Redland Forest park, one of the most beautiful spots in the states, Mr. Cecil said this morning. His experiences included fighting blizzards, rain, hail, landslides, and falling trees and rocks. He wore out a set of chains in less than one day of driving. He drove under and over trees that had fallen across the road and through slips where the road moved down the mountain side. Mr. Cecil fought snow from Atamadogo, N. M., to near Roswell yesterday.

WEST TEXAS: Fair, colder tonight; Wednesday fair, somewhat colder in southeast portions. —AND A SMILE FON DU LAC, Wis. (AP)—A young man with an aching molar had no money to have it fixed, but City Commissioner Dennis F. Blewett agreed to give him a job collecting garbage to earn the necessary funds. The offer was accepted.

WOMAN'S SON IS SOUGHT IN RHOME KILLING

CHARGES TO BE FILED AT FORT WORTH TODAY

TAKE MOTHER TO LAKE

MRS. HUNSUCKER SAYS SON WAS ONE OF TWO MEN

FORT WORTH, Jan. 31 (AP)—Charges of murder will be filed today against Glen Hunsucker and John Perchmouth Stanton, alias Eddie Stanton, sought in the slaying of Deputy Sheriff Joe Brown of Rhome, County Attorney Jennings Brown of Decatur announced. Brown said the charges will be filed in the court of Justice W. H. Stroud.

Names Son.

DALLAS, Jan. 31 (AP)—Officers today took Mrs. Ida Hunsucker to Lake Worth in an effort to have her identify the house where she left her son and another man Friday night after Joe Brown, Wise county deputy sheriff, had been shot and killed at Rhome. Mrs. Hunsucker yesterday told officers, in the presence of a newspaperman, that her son was the slayer of Brown. The deputy was shot after he had arrested Mrs. Hunsucker, Glen Hunsucker, Doyle Meeks and another man for questioning concerning theft of an oil drum.

At first authorities believed Mrs. Hunsucker let the men out of an automobile at Lake Dallas, southeast of Denton, but today said they were of the opinion it was Lake Worth.

She was brought here yesterday from Decatur where she was charged with murder. Complaints charging them with being accessories to the killing were filed against E. C. Hawthorne of Memphis, and Faye Pennington, 16, of Dallas, who were with Mrs. Hunsucker when she was caught near Childress Sunday.

Miss Pennington was brought to Dallas by a Swisher county officer and was questioned concerning where she and Mrs. Hunsucker were going when they were arrested. She made a written statement declaring she did not know anything about the slaying of Brown until she read of it in a newspaper bought at Throckmorton Sunday.

Her father, C. J. Pennington, was with her during the questioning and urged her to tell everything she knew that might aid in apprehension of the slayers. She said Mrs. Hunsucker told her she let the two men out "somewhere near Fort Worth."

Scouts To Run City One Hour On February 11

Boy Scouts of Pampa will take charge of every city department for one hour February 11 during the annual roundup of the Adobe Valley council, it was announced at the closed of the city commission meeting last night. The lads, assisted by Executive C. A. Clark, President A. G. Post of the council, and other leaders, will appoint a complete new set of officials and for an hour will have full charge of local affairs. It is an old Scout custom to take charge of cities on special occasions, often for an entire day. On February 11, however, the boys will have a big parade, followed by a public program in the high school gymnasium. The day will bring many high points in Boy Scout week, which is from February 8 to 14.

JOHN GALSWORTHY, BRITAIN'S GREAT NOVELIST, SUCCUMBS

Nobel Prize Winner of 1932 Dies of Anemia at Age of 65. LONDON, Jan. 31 (AP)—John Galsworthy, British novelist and dramatist, and 1932 Nobel prize winner, died today. He was 65 years old. The famous writer had been suffering from anemia and was in a grave condition for the past week. The illness developed from a severe cold contracted last month. This prevented him from going to Stockholm to receive the Nobel prize award December 10. His certificate was received from King

Bill To Delay Paying Motor Licenses Voted

REPORT OF COMMITTEE FAVORS MEASURE UNANIMOUSLY

EMERGENCY IS CLAIMED

PAYMENT TIME WOULD BE EXTENDED UNTIL MARCH 1

AUSTIN, Jan. 31 (AP)—The committee on highway and motor traffic of the house of the Texas legislature today voted a unanimous favorable report on a bill to extend the time for payment of motor vehicle registration fees until March 1.

The bill originally provided for a 90 day extension during which motor vehicles could be operated on 1932 license plates.

Under the present law, operators of motor vehicles that are not registered before midnight tomorrow night are subject to penalties and interest if they drive their vehicles without new registration plates.

It was pointed out by Rep. E. L. McKee of Fort Arthur, one of the authors of the bill, that the state would receive many times the revenue it would realize from the penalties and interest on delinquent motor vehicle operators through the payment of the state gasoline tax by those who were permitted to operate another 30-days without taking out a license. A movement was on foot to rush the bill through both houses of the legislature. House action will be delayed at least until tomorrow, the house having adjourned for the day.

Students Will Participate In Girl's Funeral

Funeral services for Lola Mae Scott, 19, daughter of Mr. and Mrs. E. B. Scott, who died Saturday night in Albuquerque, N. M., were to be conducted at the First Christian church at 4:15 o'clock this afternoon. The Rev. F. W. O'Malley, pastor, was to officiate. Arrangements were in charge of the Stephenson Mortuary.

The popular Pampa girl had been visiting in Albuquerque for some time. She was a graduate of the Pampa high school, class of 1932. She was a member of the honorary society, played basketball on the high school team for three years, and was a member of the pep squad for two years.

Besides her parents, she is survived by one brother, Otis Scott. Bearers were to be Siler Faulkner, Jr., Ed Lebrick, Henry Will Pullington, Wayne Kelley, Jess Patton, and Robert Woodward. Honorary pallbearers were to be members of the basketball team and members of the pep squad.

Officers Lose Gunfight With 2 Highwaymen

Rendezvous Is Fixed After 10 Holdups Near Lubbock

LUBBOCK, Jan. 31 (AP)—Highwaymen who have been preying on couples parking on lonely roads around Lubbock shot their way out of a trap set by officers last night. At least ten nocturnal holdups were attributed to the two men who exchanged a score or more of shots in officers' three miles southwest of here. Officers considered it likely that one of them might have been hit. Sunday night the highwaymen came upon V. S. Harrington, Idalou Ginnman, and a woman companion. They took Harrington's watch, \$3.05 in cash and a small-caliber rifle. Yesterday Harrington received a note from the men, who apparently had recognized him, telling him they would return the watch if he would meet them at 8 p. m. They would bring \$30. Harrington notified the sheriff's department and three deputies went to the rendezvous. The men arrived earlier than was expected. Officers ordered them to "stick 'em up," but instead they dropped behind a shock of grain and opened fire on the officers with rifles.

The officers fired back but the two men escaped in the darkness. The State of South Carolina netted \$5,897 from taxes on 30 intercollegiate football games last fall.

Police Force Is Back to Normalcy

Burglaries having subsided in the last ten days, the city commission has decided to cut its force back to normal size, or five men. The squad was turned into a department of night watchmen during the "epidemic" of night prowling, and at one time the policemen numbered eleven.

LOTS OF "GUESTS" In Gray County Jail this morning breakfast was served. These included a dozen arrested by the sheriff's department in LeFors last night for gaming.

I SAW--

Parks Brunler back in the city from Fayetteville where he has been attending the University of Arkansas. Mrs. E. M. Conley, Mrs. A. B. Goldston, I. A. Freeman, Mrs. D. J. Paul Camp and Paul M. LeBeau rehearsing "Children of the Moon" and am ready to proclaim that the play is going to be the all-time thriller of the Little Theater, and the play is not going to be weird—just dramatic.

### STATE SCHOOLS

The smaller state schools are going to be forced to fight for their existence at the hands of the legislature. Because of the depression, there is a demand for curbing the activities of many schools and as usual, West Texas is expected to get the brunt of the elimination and consolidation.

West Texas has four state schools in widely separated areas. It is suggested that West Texas State Teachers college, Canyon, be changed to a junior college; that the work of Texas Tech at Lubbock be curtailed; and that radical changes be made in the operation of Sul Ross State Teachers college, Alpine and College of Mines, El Paso.

Naturally, we are most interested in the future of the Canyon college because of the nearness of Panhandle. We believe that the people of the North Panhandle are certainly entitled to a college of four years instruction, and the courses should be liberalized instead of being decreased. In other words, students of the North Panhandle should be able to go to Canyon and get a four years educational course without being forced to carry courses that make them teachers with life certificates for Texas.

Economies should be made in elimination of courses that do not have good sized classes. The Panhandle pours millions of dollars of taxes into the state treasury and our children are entitled to receive a college education in our own section.

Austin is considered the most prosperous city in Texas today and that is because of the taxes turned loose there for the university and the state capitol. It seems that there is a determined effort to keep our school money at Austin and A. & M. college.

Our West Texas land is what has helped to make the University so rich. It is time that our oil lands be taken away from the two main universities and distributed around to the other colleges. That should be the big program ahead for higher education in Texas. We will never have justice until this program is carried out, and we had just as well get ready for the battle—Panhandle Herald.

Folks who started the new year with household budget books know by this time why all that extra space was allowed for "miscellaneous expenses."

You can tell an able business executive today by the company he keeps.

There's nothing that touches the modern girl's heart so deeply as the tender sentiment of a valentine—unless it's the five pounds of assorted bonbons she knows she'll find under the cover.

You can't expect much of the spokesman who won't put his own shoulder to the wheel.

Familiarity may breed contempt, but the fellow who knows his job real well these days is sticking to it.

A whole new race of creatures, tracing their ancestry to man, will populate the earth 500,000,000 years from now, a scientist declares. Well, the pollywogs in the ooze didn't worry, why should we?

## OUT OUR WAY.....By WILLIAMS

### Coke County Is Now Rattlers' 'Blue Heaven'

SAN ANGELO, Jan. 31. (AP)—Coke county, once famed for its many jack rabbits, should be given first rank now as a rattlesnake producing section, in the opinion of George (Rattlesnake) Mohl, San Angelo's snake man. He doesn't bother to go to other counties now for the reptiles. He says he can get all he wants in the neighboring county.

The fact that there are comparatively few sheep and goats within its borders partly explains the presence of the rattlers in Coke in great numbers, Mohl said. The animals kill rattlesnakes on sight, it is explained.

Recently Mohl and a companion killed more than 30 reptiles on a jaunt to Coke, getting a score in one cave, the longest being six feet from fangs to bottom. One was the "meanest" Mohl ever captured, and he has "tamed" hundreds.

**COME ON, REDHEADS!**  
EVANSTON, Ill.—Only red heads need apply. Artist Paul von Klieben made this plain after a host of black-haired girls responded to an advertisement for a model for his portrait of Anne Rutledge. It is to be shown in the world's fair Lincoln exhibition.

Authorities were cited to show that Lincoln's admirer was auburn-haired and blue-eyed, so the artist re-advised, changing his color scheme.

## Buying Barbara

By Julia Cleff-Adams • Author of "YOU CAN'T MARRY"

**SYNOPSIS:** Barbara Quentin has learned that Farrell Armitage is not going to desert. Mark Lody, but is living up to his agreement to touch Mark as an act of return. Barbara's promise to postpone her marriage to Mark for a year. She and Mark quarrel, and Barbara disappears. When Farrell finds her after a month she apologizes for her suspicion. He tells her Mark has been operated upon and will no longer be home. Barbara decides to know exactly when Mark went to the hospital.

### Chapter 41 THE PACT RENEWED

"AT three o'clock in the afternoon," Farrell told Barbara. "The time matters to me," she said, her beautiful voice a little roughened. "Because when I met him at eleven that morning we quarrelled about our different ideas of marriage and he was so angry with me and my ideas that he punished me by not telling me that he had a chance of—a miracle!"

And, as he made no comment: "That doesn't surprise you? You would have expected him to be as indifferent as that?"

He answered her conscientiously. "You know what my theory was, that he was not worthy of you and that a radical change in his circumstances would make you admit it. Well, I don't ask you to admit it

upon the rocks. It showed him the creamy edge of the waters; the waves—he seemed unable to think clearly about them—but the waves were very nearly up to the tide-mark.

"You have done so much for Mark," said her low, unhappy voice in the dark. "You've toiled for him and endured him, and it isn't fair you should have nothing for it. So, if you still—"

A wave, slapping over a ledge, sent stinging spray over them both. Armitage felt as though it had gone right through him, through the heat and fever of him, through the insane, primitive desire to lift and carry her away.

"But I shall have to carry you," he said aloud, the stinging spray on his face, the stinging cold in his brain. "We've been here too long."

"We aren't out off by the tide?" "Not yet, but the sand isn't firm any more. You're almost standing in water, as it is."

He picked her up bodily, and turned back towards the road. A lantern bobbed uncertainly up and down in that direction and he made towards it.

"I'm too heavy," she protested. "I've carried you before," he said, half to himself. Presently he asked, almost casually—"Put your arm

round my neck, will you? You'll feel easier."

She stopped at last and let her slip to the ground. The lantern was bobbing towards them.

"Is the lady there, sir? Tide's comin' in fast."

"Yes, the lady is here. She is all right."

The lantern preceded them to the Devilet, hesitated, bobbed and finally retreated. Armitage switched on the light in the roof of the car and turned, holding out a hand. She took it like a docile child.

"Farrell?" "He stopped and looked up at her. "You haven't answered me. You haven't said whether you—" Her voice failed.

"What are you offering me?" he asked her. She colored deeply.

"Not what I was stupid enough to offer you before," she murmured. "I didn't mean to offer you a bribe."

"What then? And as she was silent, "A consolation prize?" "I suppose—yes, it would be that."

"But I don't need consolation, yet. My year isn't up. At the end of my year I shall claim your love. Why should I be impatient now and take your pity?"

She closed her eyes and he saw the tears slip out from under the lids and lie upon her face.

"I'm not deluding myself," Armitage went on. "As long as Mark doesn't want you, you'll think you love him. Very well; he shall be made to love you."

Before she could speak, he continued. "By the way, I've an emerald of yours. Shall I give it to Mark?" Barbara nodded "yes."

SOCIETY NEWS. Founders Day Is To Be Observed In Local School

The Founders day program of the Horace Mann school will be held Thursday afternoon at 3 o'clock at the school, Horace Mann school. The program will be as follows: Talk by Supt. R. B. Fisher. Leader, Neal Cross. Rhythm band—Members of the second grade. Founders day pageant—Mrs. J. D. Lawson, Mrs. J. V. Patterson, Mrs. Geo. Nix, Mrs. J. E. Cunningham, Mrs. J. M. Turner and Mrs. Mary Lynn Schofield. After the program tea will be served. Mrs. Joe Smith and Mrs. C. G. Atteberry organized the club, and although they are not patrons at this time, they are asked by members of the club to pour the tea. All parents are invited to attend. The executive committee met Tuesday morning at 8 o'clock, when business was transacted.

Costumes To Be Worn By Lions Next Rehearsal

Pampa Lions who are preparing for their annual minstrel show and musical revue for the benefit of the underprivileged, had a satisfactory rehearsal last evening. While much attention has been given thus far to the music, the rehearsal of next Thursday evening at 7:30 o'clock in the city hall will include costumes and stage arrangement. It has been tentatively decided to have the opening overture in a roof garden setting. Costuming will be unusually attractive this year. The dates of the performances are March 2 and 3 at the city hall.

Boknot Club To Meet Thursday

A meeting of the Boknot club will be held in the Junior High cafeteria room Thursday morning at 9 o'clock. Mrs. W. C. Mitchell and Mrs. Walter Purviance will talk on Standards and Ideals of the Club. Mrs. J. B. Townsend will sing. It will be remembered that Mrs. Mitchell sponsored this club in the beginning. Mothers of the members are asked to come.

TIRED AND IRRITABLE?

Take Lydia E. Pinkham's Vegetable Compound. It steadies the nerves and helps to build you up. You will eat better... sleep better... look better. Life will seem worth living again. Remember that 98 out of 100 women say, "It helps me." Let it help you too. Liquid or tablet form, as you prefer.

Former Pampan Is Wed in Louisiana

Friends of Miss Imel Richeson, formerly of Pampa, learned yesterday of her marriage to W. T. Graham of Longview, at Shreveport, La., January 13. Mr. Graham is president of the G. & A. Oil company at Longview, where the couple will make their home. Miss Richeson was well known in Pampa, having been employed for more than a year in the United Goods Stores company store, until a year and a half ago, when she moved to Overton with her parents.

Tips on CONTRACT. A PRINCETON PSYCHIC BY TOM O'NEIL. A psychic original bid of a short suit is made usually with the hope of preventing a lead in the suit and of playing a game contract at some other suit or with the hope of a successful no trump contract in case partner of the original bidder raises the suit bid first. There have been instances where the partner, deceived by the psychic, has insisted on playing the suit bid psychically with disastrous results. But from a start of the new under-graduate intercollegiate bridge league which is in process of formation comes a case where partner's insistence upon the suit bid psychically was turned to good advantage. A redoubled contract in the suit was fulfilled with an overtrick.

Andrew Locke and Abner Kallish were members of the Princeton team which defeated Columbia at Crookford's club, New York, in the first competition of the new League. Here was the hand on which Locke started with a psychic: KANISCH—NORTH AKQJ98652 WEST AKQJ3 SOUTH AKQ764 EAST AJ1097 QJ53 LOCHER—NORTH AK1073 SOUTH AK9654 WEST AKQJ3 EAST AJ1097 QJ53

Locke had an idea that a heart contract might make points if his partner had some assistance and the adversaries should make a favorable lead. He bid one spade, west offered two clubs and north jumped to four spades. East doubled. Locke reasoned that his partner's bid could mean nothing but extraordinary length in spades. Noting his own void in clubs and length in hearts and diamonds, he concluded north, too, must have a void or short suit. So he redoubled. A heart opening enabled Locke to discard a diamond fourth with from dummy and make an overtrick.

Down Comes the Moon. A player who is determined to remain happily married and to continue playing contract with the Mrs. has made his first vulnerable grand slam under the new rules by a little misbidding, which was sound enough from a psychological standpoint, in view of partner's timidity. He dealt himself an unsurpassable array of aces in the following hand: NORTH AK10942 WEST AKQ743 SOUTH AKJ865 EAST AKQ10985 Q10855 AJ753

North and south had one game and a part score of 30. South did not think that north would keep the bidding open for him, if need be. His cards did not justify a two forcing bid. So he bid three spades for game. "Well," said north after west passed, "if you can make three spades, I'll raise to four." She forgot the part score. South jumped to seven spades. South jumped to seven spades. A club finesse put it in the bag. Seven no trump can be made on the hand. MISS HEISKELL IMPROVES. The condition of Miss Winifred Heiskell, who is ill at Worley hospital, was much improved today.

SCOUTS GIVEN ROOM. Boy Scouts who need a meeting place have been granted permission to use the space formerly occupied by the public library. WILL INSPECT POOLS. City Manager C. L. Stine will go to Amarillo this week to inspect swimming pools of that city. He is particularly interested in providing a windbreak of some kind for the new Pampa pool. WE STOP THE WIND. Let us prevent the next sand-storm from entering your home by installing E. Z. TIGHT weather strips to your windows and doors at rock bottom prices. L. K. STOUT & CO. Phone 594W After 5 p. m. STILL TIME FOR TWINS TO REGISTER FOR MATINEE

Big Party Is Assured As Many Pairs Promise To Greet Godino Boys.

The world's best-known twins will come to town tomorrow morning, eager to meet all the twins of Pampa and surrounding towns, at the big party to be held at the La Nora theater Wednesday afternoon. Many pairs of twins have received tickets, and many more free tickets await those who will apply at The NEWS for them and register for the twin party. Both twins must live in this territory. "I want all twins in Gray county to attend our party," said Simplicio to a Daily NEWS reporter this morning in Berger "So do I," echoed Lucio. "We had a great party yesterday at Berger," broke in Simplicio. "Over 25 sets," again echoed Lucio. "Simplicio and Lucio nearly always agree on everything. Those who have not registered had better hurry along, as you must register to attend this party and the reception will be held upon the stage. A flashlight picture will be taken of the entire party, with the Siamese Twins in the middle, and won't that be a thrill to have your picture taken with real Siamese Twins, and then for good measure, Simplicio and Lucio have consented to give each twin a personal autographed photograph. This alone is worth a lot. So hurry along twins, and get your tickets, and remember the party is to be held at the La Nora theater Wednesday afternoon. The Godino Siamese twins are the only boys born joined together twins in the world and will appear in person with their beautiful dancing wives.

COMING EVENTS. WEDNESDAY. Women's council, First Christian church; Group 1, Mrs. Weldon Wilson, 805 N. Somerville; group 2, Mrs. Mel Davis; group 3, Mrs. A. Cole; group 4, Mrs. Ray Anderson, 428 S. Banks. Dorcas class, First Baptist church, executive meeting of officers and group captains, 2 o'clock in classroom. Woman's auxiliary of Episcopal church, in parish house. Presbyterian auxiliary, parish house; Mrs. Charles Mallen and Mrs. T. D. Hobart, hostesses. No-Trump Bridge club, Mrs. L. G. Schroeder. Fideles Matrons, party at 2:30, First Baptist church basement. Silver Spade Bridge, Mrs. Robert Montgomery. Altar society of Holy Souls church, 2:30, home of Mrs. J. W. Garman, Jr., with Mrs. Ed Carrigan as co-hostess. THURSDAY. American Legion auxiliary, 7 o'clock Legion hut, for members and visitors. Sam Houston Parent-Teacher association, 3 o'clock at school. Woodrow Wilson Parent-Teacher association. First grade mothers study club, 4:30, Sam Houston school. Council of Clubs, 9 a. m., city hall club room. Laketon home demonstration club, Mrs. Clyde Gray. Jolly 8 club, Mr. and Mrs. C. O. Drew. Senior Prep B. Y. P. U. party, 7:30, First Baptist church basement. Women of Church of Christ, 3 o'clock, Bible study. Semper Idem Bridge club, Vivian and Hazel Baker. A meeting of the Boknot club will be held in the Junior high school cafeteria Thursday morning at 9 o'clock. Mothers of the members are asked to attend.

Concerning Sales. The government's business with stamp collectors has grown to such proportions that plans for the new post office department building include a room to be devoted to the department's philatelic agency, and the office may be extended to the larger cities. Michael L. Eidsness, Jr., chief of the stamp division, says that sales to collectors for the year closing June, 1932, amounted to \$337,237, an increase of \$83,000 over the previous year. "And indications are that the sum is only about 35 per cent of the sale to collectors," he said, "for many buy straight from their local offices."

Prescott Thorp of the editorial department of Scott Stamp and Coin Co., Ltd., says that in the past year the values of United States stamps have held their own or have gone ahead, while there has been a 15 per cent drop in the value of foreign ones. "The market's stability," he said, "can be laid to the fact that there has been no dumping of large collections during the depression." He believes that on an average a collector will increase in value about six per cent annually, but he says the average collector considers the game as a hobby rather than as an investment.

Mail By Glider. Robert Kronfield, famous glider pilot, is planning a flight about the middle of January from Vienna to the Semmering, a mountain resort about 80 miles away, on which for the first time mail will be carried by glider. Austria intends to issue a special stamp and also a postcard for the occasion. Newspaper Reporters Honored. Henry M. Stanley who was sent out by a New York newspaper to find Livingston is shown on the 1923 issue of stamps of Belgium Congo. Sir Henry is known as the founder of the Congo Free States. Belgium now owns this territory. Bulgaria honors James David Bourchier, a reported of the London Times, who spent many years

The WORLD OF STAMPS. By QUINTON JAMES. That collection which recently brought less than \$1,000 at a London auction although it had cost the late czar of Russia \$250,000 seems to be a unique one. It is a pictorial record of the Russian monarchy, consisting of 300 years, consisting of artist proofs, color trials and essays made in preparation for the issue in 1913 of a set of stamps to mark the tercentenary of the Russian imperial family. Four years were spent in making the collection, which comprises every step in the process of producing a stamp. Each stamp bears the portrait of a monarch, from Michael Theodorovich to Nicholas II, the "Little Father." The original dies and plates were destroyed at the time of the revolution. The czar is said to have valued the collection highly, for he took it with him into exile to Tobolsk and only parted with it when the revolution was made. It was smuggled out of Russia after the revolution by a young Russian flying officer.

Hollywood Sights Sounds. By ROBBIN COONS. HOLLYWOOD—It looks now as if Jessie Ralph's "gamble" will develop happily for her. Jessie Ralph is made a good character comedienne, well known on the stage, whose previous picture experience was limited to one benefit performance in a silent film during the war. She was made an offer of four weeks in Hollywood when she already had an engagement with the Theatre Guild for "The Good Earth." "I knew the woods were full of good character women, many of whom are my friends, like Louise Dresser Hale, Alison Skipworth and May Robson, and I didn't see how there could be room for one more," she says. "But I came—just on the chance." She Wins Success. She played her original role in "Child of Manhattan" and drew as many cheers at the preview that Columbia signed her on contract. A buxom, broad-comedy type, she is due to be seen often, with "Madam La Gump" her probable next assignment. From a long career on the stage she has varied reminiscences to Hollywood, including rapturous accounts of the beauty of Lillian Russell, the idol of another day.

Case For Divorce. Shrews break the domestic camel's back in Hollywood, too. There was the screen writer who after a little tiff at home went to live at a hotel to let the air clear. Sometime later he learned to his astonishment that his library was on sale at a second-hand store. Inquired of the dealer, he found his wife had disposed of certain treasured books of his. Divorce, instead of the intended brief separation, followed. Allen Jenkins, the gangster Lee Tracey, is expected to be effectively "blasted" by a Broadway actor who came to Hollywood seamed, with no more experience on the rolling waves than Allen's—he having been on a run runner worked by rollers on a stage. One yachting cruiser with James Cagney almost changed both their minds about the charms of marine life. Still the two are plotting to acquire a boat of their own.

LEADS IN BISON. STOCKHOLM (INS)—Sweden now has the largest stock in the world of bisons, or European bisons. There are in all 12 animals, of which 5 are kept in the outdoor museum, Skansen, in Stockholm, and 7 in a special park, Angelsberg. In their nation and entered into the native life. Lorn Byron in Greece. There will always be a question mark by the name of Lorn Byron among English speaking people for the type of life he lived. Not so in the nation of Greece where he fought and died for liberty. A splendid likeness appears on a Greek stamp issued in 1924, one hundred years after the battle of Missolonghi. In 1926 Greece issued its first air mail stamps. Two of them appear in six colors, beautifully blended. Bi-colored stamps are in general use but I know of no others issued in so many colors. While Norway has many varieties of designs in its stamps, one design has been issued and reissued for 60 years.—Rev. A. A. Hyde.

STREET LIGHTS OUT. SULLIVAN, Ind. (INS)—With a closed bank holding part of the city's funds, the council has ordered turned out all lights on streets and boulevards except eight in the business center.

School Censures Cartoon in Red Cross Magazine

SOMERVILLE, Mass., Jan. 31. (AP) All Junior Red Cross activities stood discontinued in the public schools of Somerville today by unanimous vote of the Somerville school committee. Distribution of the January issue of "The National Junior Red Cross News," a publication of the American Red Cross, also was ordered suppressed as "sacrilegious," and the bans were placed on the Junior Red Cross activities and the national publication "until an apology from the publishers is forthcoming." The "offensive" drawing, termed by committee men Louis B. Connelly "a cartoon that is an insult to more than 20,000,000 Americans," depicts a priest in vestments administering the sacrament of communion to a donkey held on a string by a small child. The drawing shows the small child, in Spanish costume, and is used to illustrate a children's story of Spain. The story tells the tale of a small boy, whose donkey became ill. The boy loved the donkey dearly, and, fearing the animal would die, took him to the parish priest for communion. The story continues to tell how the sacrament of communion was administered and how the donkey lived. Protests against the drawing were first made to school committee members by parents of public school children.

FREEZE IS FEARED. SAN AUGUSTINE, Jan. 31. (AP)—Stock men are appreciative and fruit meet apprehensive of the unusual spring like weather that has prevailed over this section since the first of January. All pasture grasses and clovers, and even Johnson grass, have made unusual growth, greatly improving pastures. Fruit trees and berry vines have also responded to the warm weather, some peach trees now being in full bloom and berry vines showing half grown foliage. This is an unusual January-end condition, and the fear of late frosts destroying the fruit crop is expressed by fruit and nursery men.

STREET LIGHTS OUT. SULLIVAN, Ind. (INS)—With a closed bank holding part of the city's funds, the council has ordered turned out all lights on streets and boulevards except eight in the business center.

THE TURN OF THE YEAR

THE turn of the year always brings with it a feeling of hopefulness . . . a renewed desire to bring about an improvement. By custom also it is a time of inventory. A year's operations are closed. What was the result? For most of us in Texas, as elsewhere, 1932 was a year of problems. We in the telephone business were no exception. Like everyone else, we had our troubles. Curtailed business activity and necessary retrenchment in homes resulted in serious losses in telephone revenue. Every employee is working part-time. In spite of drastic economies, net telephone earnings fell below the actual cost of money. A difficult situation. This is trying enough to those businesses whose prices were not restricted by regulation in the period of high activity. Consider then the situation of the telephone company. When many businesses might have taken advantage of prosperous times to build up large reserves against the day when prices might drop, the telephone business was restrained by regulation to earning little more than the cost of money. We believe that this situation is fair. For our operating policy publicly announced even before the boom years, is to render telephone service at the lowest cost consistent with financial safety. It does mean, however, that telephone earnings which were restricted at times of peak commodity prices, and are now below the cost of money, cannot in fairness be further reduced. Business recessions — and regulation. Some idea of the peculiar hardships worked by the present business recession upon a regulated business, such as the telephone company, can be gained from this recent ruling by a regulatory commission: "Were the utilities unregulated, as is true of private enterprises; if they were free during prosperous times to fix rates without regulatory control, then they could with justice perhaps be subjected to the price fluctuations suffered by private business during economic depressions. If, however, they have not been permitted to earn more than a fair return during prosperous times, this fact must be given due consideration when we deal with their rates and their rate of return during periods of business depression." Notwithstanding these difficulties and others peculiar to the period, we believe you will agree that your telephone service on the average was good. Interruptions to service were the lowest on record. New telephones were installed on the appointment plan, at a time set by the subscriber. Long distance calls were handled faster than ever before. Telephone lines and switchboards were carefully maintained to insure continued satisfactory service, and the Bell Telephone Laboratories searched on with unabated efforts for ways to effect improvements and economies. Thus, despite the hardships of the year, some progress was made in 1932. We hope that 1933 will see still greater progress, not only in maintaining the quality of your service, but in helping to work a way out of the difficulties that surround us all. During 1933, for example, the thousands of telephone employees will continue to spend their pay in Texas. They will put back into circulation more than a third of the money you pay for your telephone service. The telephone company in Texas will pay out in taxes nearly three million dollars . . . another sizable part of the total sum that you pay us. This will help to defray the expenses of federal, state and local governments. Our plans for 1933. Recognizing the importance of good telephone service to a state with the area of Texas, the telephone company stands ready to spend substantial sums in 1933 to keep in good condition its poles, wires, switchboards and other equipment. For many years we have had high faith in the stability and growth of Texas. We have backed that faith by raising the necessary money to erect the telephone plant which serves 276 communities and provides much of the long distance telephone service which Texans use. The rigorous experiences of the last three years have not shaken our belief in the future of Texas. We intend to go forward, along with other Texans, in the firm conviction that gradually we shall work our way out of the difficulties of these days. E. HOOKS, District Manager SOUTHWESTERN BELL TELEPHONE COMPANY

# LUBBOCK SEEMS INVINCIBLE IN SWEEPING CAGE TOURNEY

### All Opponents Swamped By Team In Sensational Winning Streak.

The Lubbock Westerner basketball team will invade Pampa Friday night for one of the most important games of the season. The Westerners have been on a winning streak that carried them through their invitational tournament without a loss and with wins over the best teams on the South Plains.

Lubbock started the tournament by upsetting the dope and winning a 47 to 26 game from the famous Plainview Bulldogs. Then came a 51 to 23 win over Wolforth. They took the tournament by winning 41 to 18 from Shallowater. Plainview swamped Slaton in the opening game.

Curly Wilkinson, of Lubbock center, was individual scoring ace of the tournament with 75 points to his credit. Stone and Lane also contributed strongly to the cause scores run up by the Westerners. Robert Hale and Blackwell were among the outstanding guards of the tournament.

Lubbock won a 29 to 23 victory over the Harvesters in Lubbock and Coach Odus Mitchell's green and gold clad boys will be fighting for revenge. The Harvesters have been clicking all season and should be ready for the mighty Westerners of Coach Swede McMurry.

Pampa has lost to Plainview, Happy, and Lubbock this season. The team has defeated the Amarillo Sandies twice and also won games from Plainview and Happy. They are leading their sub-section in the Panhandle Basketball league and will meet Hedley in the sectional finals if they win this sub-section. The winner of that series will go to Canyon for the district meet February 17 and 18.

A three game series will be played for the sectional championship.

# Jim Bottomley And Frisch Are Latest Holdouts

NEW YORK, Jan. 31. (AP)—Baseball's winter complaint, holdout fever, has struck in two new quarters.

Frankie Frisch, second baseman of the St. Louis Cardinals, and Jim Bottomley of Cincinnati, have revealed dissatisfaction with terms offered them for 1933.

"I'm not going to sign it," said Frisch, "but neither am I going to sign it. I think it can be straightened out more satisfactorily in a conference with Sam Breadley and Branch Rickey than through the mails."

Frisch declined to say what the contract called for but in view of the Cardinals' announced policy of big salary slices, some baseball observers believed Frisch probably had not been offered more than half the \$18,500 he was reported to have received last season.

Bottomley, sent to the Reds by the Cardinals during the off-season, said he had been offered a contract for \$8,000, a cut of \$5,000, which he maintains was too much.

# Jaysees Lose To Oil Company Team

The Jaysees' bowling team lost two out of three games to the Texas company in a City Bowling league contest last night when they were unable yesterday afternoon to re-dressed alleys with new pins. Low scores were registered in every game and splits were numerous.

Chambers of the Texas company rolled one game of 203 pins. He was high three-game bowler with Fenberg of the Jaysees.

The Texas company's high individual score in the first game was 137 pins. Other scores for the night ranged from 107 to 185 pins.

The losses put the Jaysees back in third place and let the idle Kitchin No. 2 go into second place behind the Voss Cleaners. Kivannis No. 2 and Phillips and Voss Cleaners and Kivannis No. 1 will roll Thursday night.

# ALLISON TILT IS TOMORROW

### Harvesters Hope To Avoid Injuries And Avenge Lubbock Defeat.

After partaking of a steak dinner as guests of Bob Fuller, the Harvesters went through a long workout yesterday afternoon. They will play the game in Allison tomorrow night, but the coming game with the Lubbock Westerners Friday night.

Captain Robert Woodward and his teammates saw the Wichita Henry's team at Canyon. The Harvesters played Saturday night and yesterday afternoon practiced some of the things they witnessed during the game.

Injuries on Allison's concrete floor would play havoc with the Harvesters. Marbaugh's bad leg and Fullington's weak ankle will be watched closely. Allison has showed words of speed and ability on their home floor and Coach Odus Mitchell is not anticipating a walk-away. However, he would like to save his Harvesters as much as possible with a lead and the second strike.

The Allison gymnasium is smaller than the local one and will no doubt bother the Harvesters. The Allison quintet makes the baskets from all directions on their home court according to reports. They said the local floor was too big when they played here.

The Miami Warriors will come to Pampa Thursday night for a league fixture.

### T. C. U. VS DAKOTA FOOTBALL

FOURTH WORTH, Jan. 28. (AP)—With the signing of North Dakota university for a game in Fort Worth on November 11, Texas Christian university has completed its 1933 football schedule. The Frogs are to play 10 games, five at home and five on foreign fields.

### SHOW DATE SET

ABERNATHY, Jan. 28. (AP)—Aber-nathy's fourth annual dairy show will be held Friday and Saturday, April 7 and 8. It was decided at a recent meeting of the chamber of commerce.

# LAUGHING AT DEATH

### WITH SIR MALCOLM CAMPBELL

BACK to the scene of his greatest triumphs, Sir Malcolm Campbell hopes this time to send

his super-powered juggernaut hurtling down the sands at more than 300 miles an hour! The

"Blue Bird" now has 2,500 horsepower and has been slightly re-modded to reduce wind resistance.

(This is the first of a series of six articles on the career of Sir Malcolm Campbell, world's greatest racing car driver.)

By TED GILL DAYTONA BEACH, Fla. (AP)—The lure of speed has called a doughty Britisher back for greater triumphs on the roaring road.

He is Sir Malcolm Campbell of England, whose name and fame fill a large niche in the history of automobile record achievement during the past decade.

Driving a log, trim 2,500 horsepower car, the intrepid veteran comes here seeking to break his own land speed record of 253 miles an hour in what may be his valedictory to the racing world.

He is 48 years old now and, although still in his prime, he may decide after his forthcoming trials that his contribution to the advancement of speed entitles him to a well-deserved retirement from a thrilling career he has followed for nearly a quarter of a century.

"Bluebird's" Record DAYTONA BEACH (AP)—Five years of record-breaking are behind Sir Malcolm Campbell's "Bluebird," which has been re-modded for another assault on time. Its marks are:

- 1927—Pendine Sands—174 mph.
- 1928—Daytona Beach—206 mph.
- 1930—South Africa—212 mph.
- 1931—Daytona Beach—245 mph.
- 1932—Daytona Beach—253 mph.

### GODINO FAMILIES ON COURT

To the world at large, which does not know them, they are "Siamese Twins" but to Victoria and me, they are the dearest and finest boys in the world.

This spoke Natividad Godino, who with her sister, Victoria, was married to Lucio and Simplicio Godino, the only male joined-together twins in the world, on Saturday, July 15th, 1929, in Manila, P. I., their home.

The twins with their brides who together, but during our last years at school we made up our minds never to be apart. "Oh, yes," said Victoria, we expected lots of opposition from our own family, but we had made up our minds to 'Stand Pat,' as you Americans say and we did with the result that we won."

"And why shouldn't we marry?" "Our husbands are educated, cultured, handsome, tender and courteous gentlemen. True in a sense they are deformed, but we long

ago forgot all about the tie that binds them, for they do almost everything that a normal youth can do. They are our ideal—we love them and they love us and there you see, is the reason we are so happy—and always expect to be. You just come over to the theater and see our boys, then you will know why we are so happy and contented.

Mr. and Mrs. L. B. Manley of Wichita, Kansas, arrived in this morning for a brief visit with friends.

### Jealous Spouse Slays Three And Then Kills Self

ARDMORE, Okla., Jan. 31. (AP)—Four persons were dead and a fifth was wounded as a result, officers said today, of a jealousy-motivated husband's murderous outburst.

Jesse Bucklew, 29, unemployed laborer, shot and killed his estranged wife, Flossie Bucklew, her sister, Rica Webb, 22, and Glen Fitzgerald, 41, oil field lease boss, and wounded Perry, Owen, 30, before taking his own life.

The shootings occurred at Pike City in western Carter county Sunday morning.

As officers reconstructed the tragedy Bucklew, described by Pike City acquaintances as extremely jealous of all who knew his wife or her sister, went first to Fitzgerald's home.

Officers still Fitzgerald was called to his door and shot him with a shotgun.

Apparently, Bucklew then took Fitzgerald's automobile and drove to Owen's home.

Owen, suspicious of so early a caller, opened the door cautiously, possibly saving his life by so doing. Owen was wounded about the eye by a shotgun charge that grazed his head.

Then, officers said, Bucklew walked to his wife's home, shooting her as she lay in bed asleep, and then pursued and killed the sister, who fled after the first shot.

Bucklew's body was found at his wife's bedside, two shotguns lying nearby.

# BORGER TAKES SUB-SECTIONAL CAGE BATTLES

### BULLDOGS FAVORED TO BEAT PERRYTON IN SECTION

Borger's Bulldog basketball team has come to the front during the last few weeks to take their sub-section in the Panhandle Basketball league and also to take a game from the team they will play in the sectional finals.

Spearman, Borger's strongest rival, went down before the Borger avalanche Friday night, then Gruber defeated the Lynx last night to drop them from the running and leave Borger untouchable. The Bulldogs took a 37 to 26 tilt from Perryton who has a strange hold on her sub-section. The Rangers will meet Borger for the championship if they win one more game. The Rangers had defeated Borger at Perryton.

Conley was the Borger ace against Perryton. He looped eight field goals and made seven free throws for 24 points. J. Pitts, Conley's running mate on the forward line, and Roos, center, added the other points. The game was one of the fastest seen in Borger this season. A total of 23 fouls were called, 15 on Perryton.

Other coaches in the league have not been considering Borger as a contender until recently but they will probably hear from the Bulldogs in the district meet.

# WEIRD FIGHT WON BY JEBY

### One Punch of Gorilla Jones To The Jaw Conquers Slaughter.

CLEVELAND, Jan. 31. (AP)—One of Willie (Gorilla) Jones' famous punches today had placed him again at the top of the American middleweight boxing heap.

A right to the jaw of Sammy Slaughter that traveled little more than three inches last night returned to the Akron negro the national Boxing association title he lost a year ago.

Scarcely however, had the 8,400 fans concluded one of the wildest evolutions in Cleveland's ring history in tribute to the husky battler than they witnessed a weird finish of another fight that sent them home arguing.

Ben Jebby, recognized in New York state as the middleweight champion, won the unusual battle by decision of the referee but as he climbed out of the ring he left a wildly gesticulating Paul Pirrone urging him to come back and fight some more.

Pirrone had been floored six times in the first five rounds. When the bell clanged for the start of the sixth, he sat unconcerned, obeying the command of his manager, Eddie Mead, to wait for a count of nine. Jebby, floored once himself, stood punching the air above Pirrone's head and begging the Cleveland referee to "come on" as Referee Freddy Block pumped out the count.

When Pirrone's handlers finally gave him the "go on," Block lifted Jebby's hand in token of a technical knockout.

The boxing commission upheld the decision. Jebby's title was not at stake.

# CALF BORN BLIND

ABERNATHY, Jan. 31. (AP)—There is at least one Hale county calf that will never see the light of day. Henry Vineyard, farmer near here, reported finding a new-born calf on his farm recently with no eyes.

The calf was alive when he discovered it and appeared to be perfectly contented regardless of its blindness. There were no sockets for eye-balls, Vineyard said.

Adolf Wolgang and Abner Wolgangs of Dallas were in the city this morning.

# BABE IS FINANCIALLY 'FIXED' AND CUT WORRIES HIM NONE

Bambino Believes Home Run in Third Game Just About Saved His 'Rep.'

(The following sports story, first of series of four on Babe Ruth, is for publication in afternoon papers of Tuesday, Jan. 31, without further notice unless countermanded.)

By ALAN GOULD Associated Press Sports Editor NEW YORK, Jan. 31. (AP)—No one, including Babe Ruth himself, seems to be doing a great deal of worrying about whether the big fellow takes a \$25,000 "cut" in salary this year.

The Babe doesn't need to, although he will be astute enough to effect a compromise, if that is necessary, before he signs his 1933 contract. As we sat down to talk things over, past and present, he dismissed the salary business with this side remark:

"It's a good thing I walloped that home run in the third game of the world series or they might have asked me to take a \$50,000 cut."

Baseball's fair-haired "boy," now nearing forty and about to start his twentieth year in the major leagues, has generally earned what he needed or what he desired. He is "fixed" financially, for life, no matter whether he quit baseball

# SPORTS WRITERS AVER RICE-MUSTANG GAME ENDED IN TIE

### Kitts Expects To Trim All Foes Before End Of Conference.

By BILL PARKER Associated Press Sports Writer Jimmy Kitts, who is coaching the Southwest conference Rice Institute basketball team for the first time, is a young man who can take it on the chin and continue to look ahead.

Jimmy's Rice loopers have suffered five championship defeats this season but that's not enough to dampen his spirit. Nowhere in the conference will Mr. Kitts' Rice Basketball Fan find a better passing team than the Owls of Rice. Their troubles are not in handling the ball but their inability to cash in on free shots. Had they made half of them against Southern Methodist they would have been victorious.

"It is hard to understand," commented Kitts, "for my boys shoot approximately one hundred free shots a day yet they can't make them when needed most. But they are young fellows, willing to keep trying, and by next season they will know a lot about shooting they don't now."

"I've got a couple of freshmen at Rice who will be conference stars next season. They know how to pass and are natural goal shooters. I am counting on them."

"Don't get an idea just because we have dropped five games that we are going to fold up. Not us! No Sir! We're going to get Southern Methodist, Texas Christian, Texas A. and M. and the University of Texas in our backyard before this season is over. When we do we are going to give them trouble. Mind you, I don't say we will beat them all but we will win one or two if I am any judge of what my present team is capable of doing at top speed."

Kitts is not only eager but determined to give Rice a winning basketball team. He believes Houston is a made-to-order basketball town providing the fans have a winning team.

On the Rufflers "The minute I prescribe a winning team at Rice the fans will join our gymnasium and cling to the rafters to watch us play," he said. "They are that ripe for a winner, and I am going to do my level best to see they get what they want."

That 49 to 23 licking Texas Christian inflicted on Rice last night was no surprise to Kitts. He predicted it.

The night before Rice played Texas Christian, the Owls played a thriller against Southern Methodist, that many thought ended in a tie, but one of the official scorers regarded it as a 24 to 23 victory for the Methodist quintet.

After the game Jimmy said: "The word of part of it will be our game tomorrow night against Texas Christian. This middle tonight left my boys down-hearted after such a stout effort to win. It will be almost impossible to steam them up against the Christians because their minds still will be on the Southern Methodist game."

### WINS BY LANDSLIDE

HOUSTON, Jan. 31. (AP)—Joe H. Eagle's overwhelming victory in Saturday's eighth Texas district congressional election was recorded today unofficially as authorities prepared to make an official canvass of the returns.

Mrs. Edna Underwood and son, T. K. Jr., returned yesterday from Chickasha, Okla., where Jackson Underwood underwent an operation Sunday. Physicians re-broke his leg and successfully set it again.

# TOLAN IS BEST SPRINTER SAYS FRANK WYKOFF

### DETROIT NEGRO RATED FASTEST OPPONENT OF RUNNER

By EDWARD J. NEILL Associated Press Sports Writer NEW YORK, Jan. 31. (AP)—Frank Wykoff, the fastest human of them all through 100 yards, has rated against many a speed demon in eight spectacular years on the cinder path.

But at the head of his list of the ten greatest sprinters he has met in competition stands the bespectacled little negro from Detroit, the ebony tundra in Los Angeles last summer to victory in both the 100 and 200-meter dashes—Eddie Tolan.

A year from now, maybe, two, and Wykoff, who set the world record for 100 yards at 9.4 seconds in Los Angeles in 1930, feels he will have to head his list with another name, that of Ralph Metcalfe, Marquette's great negro sprinter, who followed Tolan in both Olympic triumphs.

As he dressed after his first workout on a banked board "indoor" track, Wykoff's mind wandered in his mind the list of those he had raced since the day he leaped to fame as a schoolboy phenomenon by beating Charlie Paddock at 100 and 200 yards on the same afternoon in California eight years ago.

Here's his first ten, with modestly forbidding placing himself: 1. Eddie Tolan, world record 10.3 for 100 meters, and 21.2 for 200 meters.

2. Emmett Toppino, American indoor 60-yard record, 6.2; outdoors, 100 yards, 9.5.

3. Ralph Metcalfe, 10.3 seconds for 100 meters, American record.

4. Charles Paddock, 8.5 for 100 yards, many intermediate records.

5. George Simpson, 9.5 (with starting blocks) for 100 yards; 21.3 for 220 yards.

6. Percy Williams, 10.3 for 100 meters; world record; 21.8 for 200 meters.

7. Bob Kiesel, 9.5 for 100 yards; 10.4 for 100 meters.

8. Charlie Borah, 9.6 for 100 yards; 20.9 for 220 yards.

9. Herb Dwyer, 20.8 for 200 yards.

10. Bob McAlister, 80 meters indoors, 7.2, and 100 meters, indoors, 10.8.

### Relief Problem Serious in New Conroe Fields

CONROE, Jan. 31. (AP)—It's "black gold," but oil has brought something besides money to Conroe.

Thrust into national prominence by the Montgomery county oil field development, Conroe finds itself today with an abnormally heavy load of destitutes to care for.

The town, which has a normal population of around 2,500, has not less than 1,000 jobless men, women, and children, camped in tents, in camp cars and shacks, on its hands, under the estimates of relief workers.

The problem has grown so acute the authorities have issued a public appeal to job-hunters to stay away. City Manager R. H. Minton saying there are "five men for every job," here.

Meanwhile, relief efforts go forward. The citizens have formed the Montgomery county reconstruction finance committee, headed by A. E. Dickerson, administering funds subscribed locally and furnished by the reconstruction finance corporation.

The first instalment of federal funds, \$12,000, has just arrived.

Under the plan, able-bodied men will work eight hours a day, on civic improvement projects, and receive a \$1 check for each eight hours work, to be used in payment for groceries, clothing, medicine and medical attention only.

**VETERANS IN CHINA**  
SHANGHAI (INS)—Shanghai boasts of an active camp of Spanish War Veterans. The annual election resulted in Captain Whitney I. Eisler taking the command for 1933. Six Chinese veterans were elevated to office at the same time.

### THIS CURIOUS WORLD

ALTHOUGH THE WATER BUFFALO IS CONSIDERED THE SECOND MOST DANGEROUS OF ALL THE INDIAN "WILD" ANIMALS, IT IS, NEVERTHELESS, THE DOMESTIC ANIMAL OF MANY REGIONS.

NEAL DOW—THE FATHER OF PROHIBITION!

THROUGH HIS EFFORTS, THE FIRST PROHIBITION BILL EVER PASSED IN THIS COUNTRY WAS PUT THROUGH THE MAINE LEGISLATURE. ... 1846...

**THE RIO GRANDE RIVER CHANGED ITS COURSE SO OFTEN THAT IT BECAME NECESSARY TO APPOINT A COMMISSION TO SETTLE BOUNDARY DISPUTES. IN ONE NIGHT FARMERS FREQUENTLY LOST OR GAINED HUNDREDS OF ACRES OF LAND.**

**THE TREATY OF GUADALUPE HIDALGO, IN 1848, FIXED THE BOUNDARY LINE BETWEEN THE UNITED STATES AND MEXICO AS THE "MIDDLE OF THE RIO GRANDE, FOLLOWING THE DEEPEST CHANNEL."** But the soil through which the river flowed was loose and sandy, and new courses were formed with every flood. Perplexing situations arose. A Mexican rancher would go to bed at night, in his home in Mexico, and wake up the next morning to find himself living in Texas. Disputes became so numerous that a boundary commission was appointed, with members from both countries.

### Japs' Maneuvers Will Place Fleet Between U. S. and Guam-Philippines

TOKYO, Jan. 31. (AP)—Naval Minister Admiral Mineo Osumi has revealed that in its grand maneuvers this year the Japanese navy will operate in the seas "southward of the island composing the territory of the empire," but he would not say whether the operations will extend to the mandated islands in the equatorial Pacific.

The admiral laughed when he was minded that maneuvers in the neighborhood of the mandated islands would put the Japanese navy between the United States and Guam and the Philippines.

The Southern Islands, such as the Bonins and even the mandated groups, are our home coast," he said. "If we maneuver off them we are only doing what the American navy does when it maneuvers off California, Panama or Hawaii. Certainly no gesture of any kind is intended thereby."

His comments strongly implied that the zone of operations would include at least a portion of the mandated islands—the Marianas, Carolines and Marshalls.

"If the fleet should maneuver as far south as the mandated islands," he asserted, "it would be nothing new," as our warships often have been there."

The admiral asserted there was no truth in reports to the effect that the navy was building submarine bases and airfields on the mandated islands. These reports figured in recent inquiries by the mandates commission of the league of nations.

**BITTEN BY FOX**  
WORCESTER, Mass. (INS)—It's an old joke about the smart fellow being smart because "a fox bit him." But Ralph Larson says it is not smart. He caught a fox and wanted him for a pet, but the fox failed to see the point and took a couple of snaps at Larson's hands. Now Larson has no pet.

**HE LIKES TO RIDE**  
SOMERVILLE, Mass. (INS)—Like the school teacher who goes to school during vacation, John P. Shea, 70, who did 53 years of railroad work, plans to do some railroad riding now that he is retired. He plans to visit every state, in the Union by railroad.

**Chimney 'Ice' Made Cheaply In New Method**

NEW YORK, Jan. 30. (AP)—Chimney "ice," a solid carbon dioxide refrigerant, 100 degrees below zero, made from gases going up in smoke, can be manufactured for a cent and a quarter a pound under a process reported by the American Chemical society today.

The method is described by Frank E. E. Germann, director of research and professor of chemistry of the University of Colorado. It was developed, he says, under direction of Professor Hamilton P. Cady of the University of Kansas on a semi-commercial scale. Dr. Germann was one of several university scientists participating.

Despite its chimney origin this snowy refrigerant, he says, is a "fine, odorless product." He predicts that similar gases will be used widely. In its present stage it is specially applicable for natural gas burning communities.

But it can be made from "combustion of liquid or solid fuels" as well. In fact the American chimney is potentially the greatest source for this kind of "ice."

Hitherto most of the refrigerant has been made from natural gas sources containing not less than 17 per cent of carbon dioxide. Chimneys were barred because they exhale an average of only eight to 12 per cent of carbon dioxide. The use of 75 million pounds of this refrigerant in the United States in 1931 prompted efforts to tap the flue gases.

By the new process, Dr. Germann says, all except about one per cent of the carbon dioxide in a chimney is converted into refrigerant. The fumes are compressed at from 1700 to 2000 pound pressure per square inch in heat exchanging apparatus. Then they are permitted to expand, and this cools them so rapidly that a snowstorm of white carbon dioxide crystals flames out of the gas. This snow aids in condensing all except one per cent of the remaining carbon dioxide into "ice."

### This Little Pig Will Not Go To Market So Quick!

COLEMAN, Jan. 31. (AP)—Fishesmen tell fish stories with verisimilitude but a pig story originating with R. B. Archer and vouched for by L. J. Wilson, parallels the best angling fancies.

Archer had ten young pigs and when they were two or three months old one disappeared. Recently the stray reappeared at the farm house and showed familiarity with all the scenes and surroundings of former days. But it was only about a quarter the size of its companions of the litter it had deserted in September.

Archer was not satisfied with the return of the pig. He wanted to know where it had been and, where it came from, so a search of the premise was made. He had heard or read of calves being lost in straw stacks and the stack on the farm was examined. A hole was found from which the pig had emerged.

Further examination of the stack revealed an inner space, several feet in diameter, where the pig had existed during its voluntary exile. It had subsisted from September on straw and the small amount of grain available and water that seeped into the straw stack when it rained.

The pig is now contented and rapidly gaining normal condition.

### Professor Finds Remedy To Kill Heart-Worms, New Canine Disease

By ROBERT BUNELLE  
AUBURN, Ala., Jan. 31. (AP)—Science is conquering an advancing army of rido-filaria-inimicus, a little worm with a big name, that hides in the bloodstream of dogs and causes death.

The invasion of the parasites, commonly known as heartworms, began to develop into epidemic form in the southern coastal states last spring probably, scientists say, as a result of immigration of a tropical mosquito during an unusually mild winter.

A dog lover, Dr. I. M. Hays, professor of small animal practice and therapeutics at the Alabama Polytechnic Institute School of Veterinary Medicine, launched the counter attack when kennel after kennel, particularly those of sporting dogs, reported a new disease.

Meanwhile, the disease spread Florida, Georgia, Texas, Oklahoma, Alabama, the Carolinas and even into the north, and threatened to wipe out thousands of fine hunting dogs.

Using experimental patients, Dr. Hays finally developed a combination injection which, given in series, he says, now will destroy the parasites in one to four treatments over a period of from three to six days. The institute kennel says the cure has been perfected to a point where infected dogs can be rid of the heartworm without ill effect unless the cases are too far advanced.

### House Members Swallow 2,000 Headache Pills

WASHINGTON, Jan. 31. (AP)—House members may not be able to get shaves and haircuts free as do senators, but they did spend \$3,238,000 on a payroll last year—and that doesn't include the more than \$4,000,000 they got themselves.

These figures were included in the annual report of South Trimble, clerk of the house. It showed that last fiscal year had some expenses that might surprise the man who knows nothing about congress.

For example, there was \$19.80 for 2,000 headache tablets, \$13.08 for a carton of fizzy sedative, \$83.18 for water coolers—ice water is supposed to be piped into each member's office—and \$1,288.47 for 446,400 pounds of ice to keep the water coolers cool. The paper cups they drank from cost \$349. The towel bill was \$8,187.98 and the soap purchases amounted to \$524.54.

And, too, the house parliamentarian whose monthly salary is \$375 got an additional \$1,000 for preparing a special digest of house rules. The \$4,000 allowed for the speaker's staff, however, was not spent since Garner said he preferred taxicabs in the interest of economy.

The monthly payroll in Garner's office amounted to about \$1,735. That included the salaries of the

### Woman Fleeced Out of \$500 By 'Herb Doctor'

WAXAHACHIE, Jan. 31. (AP)—Officers have begun a search for a woman "herb doctor" who fleeced Mrs. Ella Gillespie out of \$500.

By working hard and living frugally, Mrs. Gillespie had accumulated a sizeable bank account but was told that between \$200 and \$300 would be necessary for hospital treatment. She decided that would be too expensive, however, and said she would wait.

A woman came to town and heard of Mrs. Gillespie's plight. She went to her humble cottage and suggested that a "money belt" was a sure cure. At the "doctor's" suggestion, Mrs. Gillespie withdrew her money from the bank and left the task of placing it inside a "belt" to her benefactor. She wore the belt around her waist.

"You won't have long to wait," said the visitor. "Just until Saturday; by then your trouble will have gone. When relief was not forthcoming, Mrs. Gillespie took off the belt. In it was an old newspaper instead of money.

chaplain, the parliamentarian and a floor messenger.

On the big payroll for clerk hire there were 86 members who had in their offices drawing money persons with the same surname as their own.

Get Official Entry Blank from Conoco Stations and Dealers.

**7 RULES:**

- Names must be not more than 12 letters; slogans not more than 12 words. Submit either or both on single sheet; plain white paper; one side only; but preferably on official contest information-and-entry blank, free at Conoco dealers and stations. Elaborate presentations receive no extra credit.
- Contest closes midnight, February 23, 1933. Entries must be postmarked before that date and hour.
- Continental employees, members of their families and others connected directly or indirectly cannot compete.
- Should more than one person submit exactly the same name or slogan, each will receive full amount of any prize such entry may win. All entries become Continental Oil Company property, and none will be returned.
- The Company reserves prior rights to phrases and slogans of its own creation, already in prepared advertising. Also it reserves the names "Continental" or "Conoco" gasoline, "Comogas", and "101" gasoline. Whether or not the winning contest name is adopted, prize money will be paid; but the Company reserves the right to use a name of its own creation if decided more suitable and more protectable under trade-mark laws.
- No purchase is required of contestants. Continental Oil Company executives will be the judges and their decisions final. Winners will be announced over radio, and prize money paid as soon as possible after contest closes.

ADDRESS ALL ENTRIES TO "CONTEST OFFICIAL" Continental Oil Company P.O. Box City, Oklahoma

## No Increase in Price!

You'll say: "Whoa, Engine! what's got into you?"

Here's gas to excite motors. It makes them quick on the trigger . . . fast on the move. Choking is hardly required for a quick, snappy start and a take-off like a quail on the wing.

Even old motors . . . wheezy, snorting, complaining motors . . . cut capers you just can't believe. If you doubt it, just try it. It's like rich, racing blood injected into old veins.

This gasoline is so new . . . so "different" . . . so quick, fast, powerful, and economical, it's hard to give it a name. Perhaps YOU can. When you FEEL your motor's response, it may come to you like a flash.

Ask at any Conoco station for the new bronze-colored, high-test gasoline—and an entry blank. Help name it and describe it. You may win a part of \$10,000.00. You are SURE to win a grand, new thrill, and that is worth a heap. Make the test TODAY.

# The Little Harvester

Vol. 2. PAMPA HIGH SCHOOL JANUARY 31, 1933. NO. 17

## Todd To Speak In Chapel Hour Wednesday Morn

Parents and patrons are particularly urged to attend the high school assembly Wednesday morning at 10 o'clock, when Mr. Todd will speak on the subject of "Chasing Mirages."

Mr. Todd has made a long and extensive study of the high school student and his problems—probably more than any other individual in Pampa outside of the school. Contrary to the pessimistic rumor that the young people are "going to the dogs," Mr. Todd upholds the ideals of the youth of today. He will come to present facts, not to criticize. This assembly program will be well worth the while to any one who cares to attend.

## Many Students Taking Courses In 'Life's Work'

Students of P. H. S. seem to be preparing for life's work in a big way. More students are enrolled in vocational training courses than ever before.

Sixty-two are enrolled in the two classes in vocations. The aim of these classes is to acquaint students with the facts about vocations in general. The enrollment of the classes in the commercial department is: typing, 164; commercial law, 27; shorthand, 24; book-keeping, 16; junior business training, 26; advanced arithmetic, 33. Two hundred and twenty-seven girls have enrolled in the vocational home economics department. About ninety boys are studying vocational agriculture. There are twenty-nine boys in mechanical drawing class.

### DECLAMATION

There are twelve students from the Public Speaking and several others outside of this class who are working on declamation. These students will declaim on Monday, February 6 from 3 until 5 p. m. and the best boy and girl will be chosen to represent Pampa high school at the Panhandle Speech Arts Tournament to be held at Amarillo.

A contest will be held that evening to select the characters for the one-act play "The High Heart." A small amount will be charged as admittance. This money will be used to defray expenses to the tournament in Amarillo.

## Jap Ultimatum Sent To League

TOKYO, Jan. 31. (AP)—Foreign Minister Yasuoka Uchida was authoritatively reported today to have sent notice to the league of nations that Japan's decision on whether to withdraw from the league will depend on the character of the proposed league's report on the Manchurian issue.

Count Uchida sent a message to Geneva which these sources said authorized the Japanese delegation to inform league officials that if Paragraph four of article 15 of the league covenant was applied to the Manchurian controversy, Japan's decision on continuing membership depends on the nature of the report called for in that paragraph.

## Jaysee Activities Committee Due To Meet on Thursday

Activities committees of the Junior chamber of commerce and the Board of City Development will meet in joint session Thursday evening at 8:45 o'clock at the city hall. It was announced today.

Dr. C. H. Schulzky is chairman of the Jaysee committee and Jack Cunningham of the B. C. D. group. Visitors at today's Jaysee luncheon included Thomas Clayton, Earl Roff, J. M. Dodson, John Bowers, and Judge E. F. Ritchie.

## Senate Rejects Two Appointees Of Ex-Governor

AUSTIN, Jan. 31. (AP)—Governor Miriam A. Ferguson has emerged from a long controversy with the senate over her right to make certain appointments with a score of two to one in her favor.

The senate ended the controversy last night by voting to confirm seven appointees and reject two. The nominations rejected were those of C. H. Chernosky of Houston and Ben Tisinger of Garland to the board of education.

Former Governor R. S. Sterling, before he relinquished office, reappointed Chernosky, Tisinger, and Tom Garrard of Lubbock to the board of education. Garrard was the only one confirmed. Friends of Mrs. Ferguson contended she should be permitted to appoint the three appointees with persons of her own selection.

The nominations which Mrs. Ferguson makes to the two places might arouse opposition but the senate was finished at least temporarily with the appointments row. The senate confirmed the governor's selections for the University of Texas board of regents and the state livestock sanitary commission.

## GRAY COUNTY INTERSCHOLASTIC LEAGUE TO BE HELD IN PAMPA BETWEEN MARCH 25 AND APRIL 1

The Gray County Interscholastic League Meet will be held in Pampa this year. Preliminaries in volleyball, playground ball, and tennis will be staged March 25. All other events will take place March 31 and April 1.

R. A. Selby, director general, has announced the following list of county directors: Director of debf, Elizabeth Kennedy; McLean; director of three E's, John B. Hessey, Pampa; director of athletics, Oduis Mitchell; Pampa; director of declamation, Josephine Sparks, LeFors; director of spelling, R. E. Paige, Alameda; director of essay writing, Fannie May, Pampa; director of choral singing, M. L. H. Baze, Pampa; route 2; director of arithmetic, Rex Reeves, Groom; route 2; director of story telling, Mrs. J. L. Lester, Pampa; director of music memory, Miss Harrison, Pampa; route 2; director of picture memory, Leota Brown, Donworth; director of extemporaneous speech, Morris Graves, LeFors.

Those in charge of interscholastic league events in the senior high school are as follows: Track and field events, Mitchell, Fox; volleyball, Lester; playground ball, Kelley and Perry; basketball, Godwin, commercial law, McParlin; essay writing, Latimer; spelling, Branom; debate, May; one-act play, extemporaneous speaking, and declamation, O'Keefe.

Directors of events in the junior high are as follows: Track and boys' playground ball, Schroeder and Herod; music memory, Teed; choral singing, Martin; essay writing, Cox; volleyball, Jones; girls' tennis, McChister; boys' tennis, Smith; arithmetic, Selby; spelling, Emery, Terrell; declamation, Pool, Phelps, A. Jones, Riley; girls' playground ball, Rusk and Selby.

### NOTABLE NOTINGS OF P. H. S.

#### By The Nimble Nitwit

Football is a peachish game, needs to be phairly be. Phor phoolish lads phaciously phrom other phois to phlee. To phathom why we pay a phlee. Phor such a phutlity I must phomply it is phor beyond phil-os-ahhity. Buffalo Bison.

The reason phor this phoolish poem is that the English IV class phen spent a phoolish week studying Chaucer.

During science class the other day Mr. Workman stated that he would illustrate what he had in mind, then he proceeded to erase the board.

We wonder why so many of our athletes have wrinkles on their foreheads; surely it doesn't require that much thinking to play basketball.

One of Mr. Kelley's gym boys says he wants to be a boxer, a light heavy. How can he be both?

During history class one day Mr. Moore asked Tuke: Saulstunary to show him his tongue. Tuke stuck out his tongue.

One snopless srooper is back on the job after an enforced vacation and reports that some people think they're being plain spoken when they say, "I'll take vanilla."

### NEW YORK STOCKS

NEW YORK, Jan. 31. (AP)—The stock market held to a narrow range today, as traders curtailed their operations pending action on U. S. Steel preferred dividend, to be announced after the close. The close was irregular, with scattered losses of a point or more. Transfers approximated 700,000 shares.

### NEW ORLEANS COTTON

NEW ORLEANS, Jan. 31. (AP)—Cotton had a steady opening. Liverpool came in much worse than due and one the basis of cables, cotton here showed losses on first trades of 3 to 5 points on old crop months and only one down in new crop October, a small response to the weakness abroad.

Trading was moderate after the first hour and during the rest of the morning with prices easing off on some hedge-selling and selling by ring traders and outside speculators. March eased off to 5.94. May to 6.06 and July to 6.19, or 6 to 7 points below yesterday's close.

Around noon, the market rallied 2 to 3 points from the lows on an improvement on wheat and shorts covering.

### KANSAS CITY LIVESTOCK

KANSAS CITY, Jan. 31. (AP)—U. S. D. A.—Hogs: 6,000; steady to 5 higher; top 2.05 on choice 170-210 lbs.; packing sons 275-550 lbs. 1.90-2.45.

Cattle: 5,500; calves: 1,000; steady; steers 550-1500 lbs. 3.50-6.75; cows, good 2.00-25; vealers, (milk fed), medium to choice 3.00-6.50; stocker and feeder steers, good and choice 4.00-5.75.

### CHICAGO GRAIN

CHICAGO, Jan. 31. (AP)—Down-turns of grain values early today accompanied reports of some moisture relief in dry districts of the domestic winter wheat territory southwest. Liverpool reported wheat buyers had withdrawn from the market.

Opening at 1/4-1/2 decline, wheat futures in Chicago held near 4-cent upward to initial limits. Corn started unchanged to 1/4 off and

### CHICAGO POULTRY

CHICAGO, Jan. 31. (AP)—Poultry, steady; hens 12-13; leghorn hens 10; colored springs 12 1/2; rock springs 13 1/2; roosters 9; turkeys 10-14; ducks 9-10; geese 8; leghorn chickens 9 1/2; butts 13 1/2-14 1/2.

Dressed turkeys, steady; young toms 14-15; young hens 15; old toms and hens 13.

### BUTTER AND EGGS

CHICAGO, Jan. 31. (AP)—Butter, 8,987; weak; creamery specials (92 lbs) 17 1/2; extras (92 lbs) 18 1/2; extra firsts (90-91) 16 1/2; firsts (89-90) 16-16 1/2; seconds (88-87) 15 1/2.

Eggs, 12,114; unsettled; extra firsts 12 1/2; fresh graded firsts 12 1/2; current receipts 11 1/2.

### DIVIDEND SLASHED

NEW YORK, Jan. 31. (AP)—United States Steel corporation today declared a dividend of 50 cents a share on the preferred stock, thus breaking a 32-year string of quarterly payments of \$1.75.

## High School Is Grieved To Hear Of Girl's Death

Students and faculty of Pampa high school were grieved to learn of the death of Lola Mae Scott, 32, in Albuquerque, New Mexico. She had been in ill health since last summer.

Lola Mae was a member of last year's graduating class. She took an active part in school life and was a member of the National Honor society. She was an excellent student, played on the basketball team for three years, and belonged to the pep squad.

## Chile and Argentine Will Bury Hatchet

BUENOS AIRES, Jan. 31. (AP)—The foreign ministers of Argentina and Chile are to meet tomorrow at Mendoza, a provincial capital on the Argentine side of the Andes, for a conference that may be a most important event in the relations of the two countries.

Chancellor Saavedra Lamas, who left for the trying place, predicted a renewal of Argentina's "traditional link with Chile." It will be another step in Argentina's movement for a South American anti-war pact supplementing the Briand-Kellogg treaty already endorsed by Brazil.

Argentina already has arranged a modus vivendi with Chile which ended a tariff war between the countries and permitted reopening of the Trans-Andean railway, closed early in 1932 because Argentine cattle exports to Chile had ceased.

## Briggs Company Will Continue Ford Production

DETROIT, Jan. 31. (AP)—M. L. Briggs, vice-president of the Briggs Manufacturing company, announced this morning that the company would resume production of automobile bodies at the Ford Motor plant in Detroit. He added that a sufficient number of men had been hired to maintain a steady flow of bodies from the plants, tied up for a week by a strike of several thousand workers.

If a steady flow of bodies is achieved by the Briggs company, the plants of the Ford Motor company, shut down last Thursday, are expected to be reopened shortly afterward. The Ford company's shut down when the supply of bodies was cut off affected 100,000 men in Detroit and other cities throughout the country.

## Property Owners Will Meet Here Next Saturday

A meeting of all property owners of Gray county and nearby counties who are in financial distress because of mortgages and other troubles will be held in the county courtroom here next Saturday.

At the request of a committee of farmers, who called the meeting, Roy Bourland will act as chairman. The session will begin at 2 p. m. Speakers will include Gene Howe, Mason King, and Major E. A. Simpson of Amarillo. This meeting will be similar to the one held in Miami Saturday.

subsequently altered little. Wheat closed firm, unchanged to 1/4 higher compared with yesterday's finish, corn 1/4 off to 1/4 up, oats unchanged to 1/4 lower, and provisions varying from 2 cents decline to an equal gain.

### CHICAGO POULTRY

CHICAGO, Jan. 31. (AP)—Poultry, steady; hens 12-13; leghorn hens 10; colored springs 12 1/2; rock springs 13 1/2; roosters 9; turkeys 10-14; ducks 9-10; geese 8; leghorn chickens 9 1/2; butts 13 1/2-14 1/2.

Dressed turkeys, steady; young toms 14-15; young hens 15; old toms and hens 13.

### BUTTER AND EGGS

CHICAGO, Jan. 31. (AP)—Butter, 8,987; weak; creamery specials (92 lbs) 17 1/2; extras (92 lbs) 18 1/2; extra firsts (90-91) 16 1/2; firsts (89-90) 16-16 1/2; seconds (88-87) 15 1/2.

Eggs, 12,114; unsettled; extra firsts 12 1/2; fresh graded firsts 12 1/2; current receipts 11 1/2.

### DIVIDEND SLASHED

NEW YORK, Jan. 31. (AP)—United States Steel corporation today declared a dividend of 50 cents a share on the preferred stock, thus breaking a 32-year string of quarterly payments of \$1.75.

## BUSINESS AND LAW UNITED TO HELP FARMERS

## INSURANCE COMPANIES AGREE NOT TO FORECLOSE

## GOVERNORS IN ACTION FARM HOLIDAY GROUPS PROTEST TAX SALES

DES MOINES, Jan. 31. (AP)—The dirt farmer sat on his mortgage plastered throne today as big business and legislative bodies in seven states and the District of Columbia rushed to his rescue.

A series of events moved swiftly yesterday to turn the spotlight on the farmer. What the farmers may expect in the way of assistance lies in these developments:

Thomas A. Buckner, led insurers in company, through its president, proclaiming a private moratorium on farm foreclosures.

The Aetna, Connecticut Mutual, Phoenix Mutual and Connecticut General Life Insurance companies telegraphed Gov. Clyde Herring of Iowa that they will comply with his proclaimed request to hold up farm foreclosures.

A census led to the belief that the same action may be taken by other companies.

The Iowa Senate committee on emergency legislation approved a proposal to form a statewide organization to assist in mortgages and mortgages. Fifteen senators were assigned extra duty last night to help in drafting a bill which should be ready for consideration today.

### Favors Farm Bill

A South Dakota newspaperman—W. R. Ronald of Mitchell—attempted to override the Institute of American Bankers in a bill at Washington in defending the price fixing measure. He differed with the views held by the meat packers that the bill would be harmful.

The National House of Representatives gave approval to the bankruptcy reform bill which will give the farmer a chance to at least explain his mortgage difficulties to a federal court judge with a possibility of arbitration.

Nebraska's Governor Bryan set to work a conciliation board to iron out disagreement between debtors and creditors to halt demonstrations and smooth the path for legitimate adjustments.

The Chicago Joint Stock Land Bank entered into agreement with an Iowa farmer to withhold foreclosure proceedings for at least one year while the farmer continues to operate the property and pay rent. The action is the same as that taken by a Des Moines land bank for a Wisconsin man who said he was President Hoover's cousin.

### Officers Indicted

In Michigan, Colorado, Minnesota and Nebraska farm holidays crowds joined the sheriff and judges acceding to their demands and helped their troubles with mortgage holders.

At Cherokee, Iowa, a grand jury indicted five men and six "John Does" for the part they played in allegedly firing on holiday farm pickets at the height of the farm strike last fall. A bank president, the sheriff, a doctor and eight others were included in the indictments returned, charging assault with intent to commit murder, "conspiracy to gas, shoot and beat" and perjury.

Interstate Commerce Commission at St. Louis, Mo., and Denver were "shaking their heads over the problem of reduced grain and livestock rates with the question put to them: "Who needs the relief" most—the farmer or the railroad?"

At Bowling Green, O., eight hundred farmers attended a "protest" meeting here at which George White had selected a board of five members to act as mediators between creditors and debtors in six northwestern Ohio agricultural counties.

## Amarillo Man Is Under Bond For Embezzlement

AMARILLO, Jan. 31. (AP)—A man known in Amarillo as A. J. Kelly, who said he had been in business here almost 10 years, was under \$3,000 bond today, following his arrest on a warrant from Clarksburg, West Virginia, charging him with embezzlement in 1925.

The warrant was issued for A. J. Kelly, alias Harry W. Sheets, in connection with an alleged embezzlement from a building and loan company at Bellaire, Ohio. Kelly said he "could not understand the use of his name, Sheets," in the warrant, admitted that he came from Clarksburg, and told Sheriff Bill Adams that he would fight extradition.

Kelly will be given an extradition hearing on February 10.

He said the charges grew out of "an old business deal," and involved "apite and misunderstanding." Kelly was engaged in the investment business here.

### VOING ALSO 'CANNOT'

NEW YORK, Jan. 31. (AP)—Owen D. Young has informed President-elect Roosevelt that he cannot be considered for a place in the new cabinet, associates of the General Electric chairman said today.

way our laws multiply.

### INCORPORATE TAX FACTS

Taxpayers should note that under the revenue act of 1932 the credit for dependents as well as the personal exemption is required to be presented where a change of status occurs during the taxable year. A fractional part of a month is to be disregarded unless it amounts to more than half a month, in which case it is considered a month.

For example, a single man and a single woman who were married on July 20, 1932, and were living together on the last day of the taxable year may file a joint return and would be entitled to a personal exemption of \$2,208.34, which is 7-12 of \$1,000 for the husband while single, plus 7-12 of \$1,000 for the wife while single, plus 5-12 of \$2,500 for the period during which they were married. If separate returns are filed, each is entitled to a personal exemption of \$1,104.17, which is 7-12 of \$1,000, plus 1-2 of 5-12 of \$2,500. If during the year 1932 the husband or the wife had the status of the head of a family prior to their marriage, he or she would be entitled to his or her pro rata share of the personal exemption of \$2,500 allowed the head of a family for the period prior to their marriage instead of merely that allowed a single person. However, for the period of their marriage an exemption to which either might be entitled as the head of a family would be merged in the joint personal exemption for that period. The joint personal exemption allowable in the case of a couple who were married and living together during the entire year may not exceed \$2,500.

If a child under 18 years of age and dependent on the parent for support reaches the age of 18 years during the taxable year, the credit for a dependent is required to be prorated in the same manner as the personal exemption. For example, should the child's eighteenth birthday fall on June 30, the parent would be entitled to claim \$200 credit for the dependent child—that is, 1-3 of \$600. The same rule applies to other dependents where a change of status occurs during the taxable year.

### NOVELIST

(Continued from Page 1)

study of the English upper classes. Most of his writings were concerned with the life of English upper middle class.

His last book was in a way a sequel to "Maid in Waiting" which in mood and subject matter derived from "The Forsyte Saga." It is a further evaluation of the inevitable British loyalty which bobs up in one shape or another in many English novels.

In all, Galsworthy wrote 50 or more short stories and 25 plays, in addition to his novels.

### STUDENT

(Continued from Page 1)

All ex-students are urged to be present at a meeting to be held Thursday evening at 7:30 o'clock in the Women's club room in the city hall.

## Vicks House Has Way of Fighting Mr. Hard Times

GREENSBORO, N. C., Jan. 31.—The House of Vicks—famous for its various household preparations and plan for better control-of-colds—has its own way of overcoming depression. Instead of retrenching, it expands. It employs more people—spends more on its research division in developing new products; more money for advertising them. This, in turn, requires the purchase of more raw materials, and helps other business in allied lines.

Just lately, Vicks introduced a new product—Vicks Vaseline Antiseptic. In its production, and in preparation for its marketing, thousands of people were given new or extra employment. Three weeks ago, 132 carloads of this new mouth-wash and gargle went out through wholesale druggists to America's 60,000 drug stores. In each carload, there was an added slice of prosperity for bottle makers, cap manufacturers, carton makers, glass and paper mills, printers and engravers—to say nothing of the various sources of raw materials for the product itself; and the thousands for whom pay envelopes were created or fattened.

Nor does all this take into account the \$700,000 appropriated for the Vicks Antiseptic introductory advertising campaign—over 85 per cent of which is being spent in newspaper space. It's Vicks answer to the challenge of the times—"Can new business be created in a period of depression?"

Mr. and Mrs. W. H. Davis returned yesterday from Wichita Falls, where they spent the week-end.

Col. Lou Mirsky of Dallas is visiting friends here today.

Frank Breining of LeFors transacted business here this morning.

Joe Chamberlain, new White Sox rookie, may not be the best short-stop in the business, but he's probably the biggest. He stands 6-3 and weighs 185—Gargantuan proportions for a short-fielder.

## 'CORONADO'S CHILDREN' SUFFER DEATH IN NEW MEXICO FOR GOLD THAT EXISTS ONLY IN LEGEND

SANTA FE, N. M., Jan. 31. (AP)—Buried gold abundance in New Mexico—in legend.

The legends of "Coronado's Children" seekers on futile quests that often cost their lives. W. W. Brooks, 65, of Hollywood, Calif., is the latest.

Brooks, who lived in New Mexico as a youth, returned to seek a reputed cache of gold. His body was found by a cowboy. Officers at first expressed the opinion he had been slain for a map he carried showing the hidden wealth but later decided he had fallen and received fatal injuries.

The treasure Brooks sought—one of the many rumored hidden in the mountains, on the plains and in sun-baked haciendas—was reported seven many years ago by a band of Americans who followed Spanish mule train party and, fearing pursuit, buried their loot and never returned.

Over the crumbling adobe home of the late Arthur Manby of Taos there hangs a tale of gold, kept in fruit jars and used as door stops, which was never found after Manby's death, which was in itself a mystery.

His decapitated body was found in a locked room five years ago. The death has been called successively natural, suicide, murder and naturally again with the added belief of a few that he is still alive and the body was that of another. The general belief is that the body was decapitated by his hungry dogs.

### Billy The Kid, Too

In recent weeks Eugene Yrisarri has twice defended his hacienda near Albuquerque from robbers who came in search of a fabulous fortune which legend says is near the ancestral home of the family.

Yrisarri, in modern circumstances, knows of no gold.

The hoard of Billy the Kid, roistering frontier cattle thief who obviously could never have accumulated sufficient money to bury in his short life, is sometimes sought. The crumbled ruins of the castle of Lucien Maxwell, he of the broad acres and huge herds, at Springer, have been combed in vain for a treasure he probably never left.

Careful investigators say there is little possibility that any of the legends are founded on fact.

## Mrs. Nelson's Brother Was A Noted Physician

KR. Caryl Potter, 46, who died at Kansas City, Mo., last week, was one of the outstanding physicians and surgeons
