### School Board At Lazbuddie Sets Election

An election has been scheduled for April 7 to elect three members to the Lazbuddie Independent School District Board of Education. The terms of Marvin Mimms, Jerry Don Glover and Derrell Jennings will expire this year, and final date to file for election will be March 5.

Candidates may file at the administrative offices of the Lazbuddie ISD.

Appointed as election judge was Don McDonald with John McGeehee as alternate. Francil Jennings and Judy Brockman were appointed as clerks and Larry Widner will serve as absentee election clerk.

FARM FAMILY OF THE YEAR...Given honors as the Farm Family of the Year at the annual Muleshoe Chamber of Commerce and Agriculture banquet Thursday night was the Gene Smith family from Lazbuddie. They were honored for their successful farming operation which encompasses more than 4,000 acres in the Lazbuddie Community. Pictured from left, are Mr. and Mrs. Tim Smith, Tammie Smith and Mr. and Mrs. Gene Smith.

## Chamber Of Commerce Gives Awards To Area Citizens

Gentle humor and toe tapping fiddle playing highlighted Judy Mallet's appearance at the Muleshoe Chamber of Commerce and Agriculture banquet in Muleshoe Thursday night.

Acting as mistress of ceremonies was the former Miss Texas, who is now Mrs. Will Cureton of Dallas. She added humor to spice the evening, and accompanied by local citizens, Clifford Watson on the bass and James Meason on the guitar, presented lively renditions.

James Wedel, of the Blackwater Valley Soil and Water Conservation District presented the award to the Conservationist of the Year. He said the family moved to Muleshoe in 1955, and went into private business, and started farming in 1973.

He cited the corn and cotton planting which is done in rotation and addition of pivot sprinklers along with improved conservation methods. Wedel presented the award to Boyd Magby. The award was accepted by Magby and his wife, Wilma.

Presenting the Citizen of the Year Award was Dr. David Hamblin. He presented the award to a member of the Southwestern Public Service Welcome Committee; member of the Fine Arts Booster Club; President of the American Cancer Society; former president of the Bailey County Ministerial Alliance; member of the Muleshoe Youth Activities Committee and minister of the 16th and D. Church of Christ, Terry Bouchelle.

The Gene Smith family from Lazbuddie was presented as the Farm Family of the Year. Gary Shipman, who presented the award, said Smith farmed in excess of 4,000 acres and cited some of his farming practices in the Lazbuddie community.

Also, a special plaque was presented outgoing director, Pat Shafer. She

### Houston Chronicle Discusses Paving 12 Miles From Earth

Allison Sanders of the Houston Chronicle discussed a nearby paving project in the Thursday, February 8 issue of their paper in the following manner:

**12 MILES FROM EARTH**  
"A piece here the other day expressed Jerry P. Anglin's concern (and mine) about a "Contractor's Notice of Texas Highway Construction" that appeared in this paper. The notice was about some proposed road work "From Bailey C/L to West Edge of Earth."

"This is going to cost us a bunch of money," Anglin observed.

"Well, thank goodness! A Motorman's Friend, who signs his letters "Panhandle Slim" has relieved our minds about what appeared to be a truly massive and horrendously expensive highway project, by translating that contractors' notice.

"Bailey C/L refers to the county line of Bailey County, up in the Panhandle," Slim writes, "and from there it's just 12 miles to Earth, in Lamb County. As you say, 'Read in Houston and learn things.'"

"You see what good advice that is?" Mrs. Rudolph Moraw provided the above clipping to the Journal

was presented the plaque as Director of the Year by outgoing CofC president, Gene McGuire, who said she had added a special touch to the CofC Board of Directors.

McGuire also presented a plaque of appreciation to Tommy Black, executive director of the Muleshoe Chamber of Commerce and Agriculture.

R.A. Bradley presented Sheila Hunt, ambassador-ette, with a plaque. Sheila and Lavayne Lloyd will be leaving the CofC as ambassadors at the end of this school year.

### Senior Citizen New Housing Nears Reality

The Muleshoe Housing Authority met Wednesday to start weeding out and eliminating sites for the proposed Senior Citizen Housing Complex which will be constructed in Muleshoe.

Members started eliminating unsuitable sites and said they will be devoting a major part of their time now to get the proposed project on the way to reality.

Chairman Harmon Elliott explained that the Housing Authority has settled on the place to acquire the money for construction and have the architect and engineer employed.

Elliott explained that before too much longer, persons who have signed up to live in the complex will be contacted. They will be asked to fill out an application to reside in the complex. However, Elliott firmly stated that anyone who signs an application will not be bound to the application. He said that the applications will be necessary in order to obtain the money for construction. A person can sign an application and later cancel the application if they decide against living in one of the apartments on completion.

The applications will be available in various locations when they arrive and notification will be given as to where they will be available and persons who can help complete them, according to Elliott.

He also said that several units are still available in the Agricultural Housing Complex in East Muleshoe.

### Weather Extended Harvest To February

Cold, wet weather caused an extended cotton harvest throughout the area and the 1978 cotton harvest is finally nearing the end, according to area ginners. Although cotton production and yield was 'down' from the 1977 figures in a peak production year, the yields were still higher than had been anticipated, according to cotton ginners in southern Bailey County.

For instance, Bennie Claunch at Claunch Gin, Bula, said they ginned 15,000 bales in 1977. This figure fell to 9,500 bales during the current season, a loss of one third for the year.

However, Claunch said the yield was higher than all predictions following a summer of one weather extreme after another. Hail, hot winds and sand all hampered cotton growers, but the yields still exceeded expectations.

The cotton ginner said he had 30 bales left on his yard, which he expected to get ginned on Friday. On the other side of Bailey County, the Clay's Corner Gin just to the north in Parmer County reported 4,250 bales of cotton ginned during the 1978 season.

Don McDonald said this is down 1,650 bales from the 5,900 ginned during 1977, and said his season is virtually finished now. He said his area had some three to four inches of snow last Friday, which helped add some moisture back to the soil prior to spring planting.

At Needmore, Glen Kleasel of the Needmore Co-op Gin said he was almost through ginning, with just a few bales left to go through. He said the Needmore Co-op Gin processed 8,750 bales in 1977 and 6,500 in 1978 for a figure of some 2,250 bales less for a one third loss over the previous year.

Kleasel said the yield was down from the previous year, as weather had affected production. Five inches of snow was welcomed last Friday at Maple, where the Maple Co-op Gin reported production down for 1978 by 2,138 bales from the 1977 figure of 14,775. In 1978, cotton production was 12,637 at the gin in southwestern Bailey County.

In that area, although adverse weather conditions wiped out cotton crops at least one time from hailstorms, the production was still almost up to the 1977 peak season.

Bob Newton at the Enochs Co-op Gin said his production was off by approximately one third, although he said he was very pleased with the number of bales ginned before the end of the season.

In 1977, production was 13,000 and in 1978, the Enochs Co-op Gin processed 9,200 bales, down 3,800 bales from the previous year.

Earl Richards said the Muleshoe Co-op Gin was almost through for the year, and ginned 15,000 bales, down some 2,500 bales from the 1977 figure

### Methodists Launch Pony Express

First United Methodist Church is launching its financial campaign today (Sunday) with a unique idea using the theme of "The Pony Express."

Trail bosses have been assigned several families in the church to see that the Pony Express arrives at each home. The family makes their "estimate of giving" and places it in the saddlebag before relaying the Pony Express saddle bag to the next church family.

Sally Ellis, chairperson of the campaign commented, "The Pony Express theme was chosen because of the example set by the highly dedicated riders of the original Pony Express, in operation over a hundred years ago."

"In addition to the personal commitment of these riders, the secret of their success was in their ability to work as a team -- each rider dependent on the other to make the 'relay system' work and speed the mail on to its final destination."

"Likewise, each family, acting as a rider, carries the bag to another family. In so doing, this makes for the success of the program."

CONSERVATIONIST OF THE YEAR...James Wedel of the Blackwater Valley Soil and Water Conservation District, left, presented Mr. and Mrs. Boyd Magby a plaque after they were chosen Soil Conservationist District's Conservationist of the Year for 1978.

READY TO RIDE...Frank Ellis, finance chairman of the First United Methodist Church, is heading up the Pony Express, by passing a saddle bag to Hal Anderson, a church family member, who will in turn, be passing the bag to another family until the pony express bag makes its rounds.

**Stable Farm Income Foreseen For 1979**

Net income of Texas farmers and ranchers this year is expected to hold near the improved 1978 level, says Dr. Carl Anderson, marketing economist with the Texas Agricultural Extension Service. Anderson also expects income prospects to be brighter for livestock producers than for crop farmers. However, he says rising expenses and insufficient cash flow to support debt loads will continue to plague many agricultural operators. Gross agricultural sales in Texas last year are expected to exceed \$8 billion, or about \$1 billion more than 1977 receipts. After adjustments for inventory, 1978 net income should exceed the \$1.1 billion of 1977. A sharp rise in livestock prices and stronger prices for some crops contributed to the increased sales. However, a poor cotton crop was harvested.

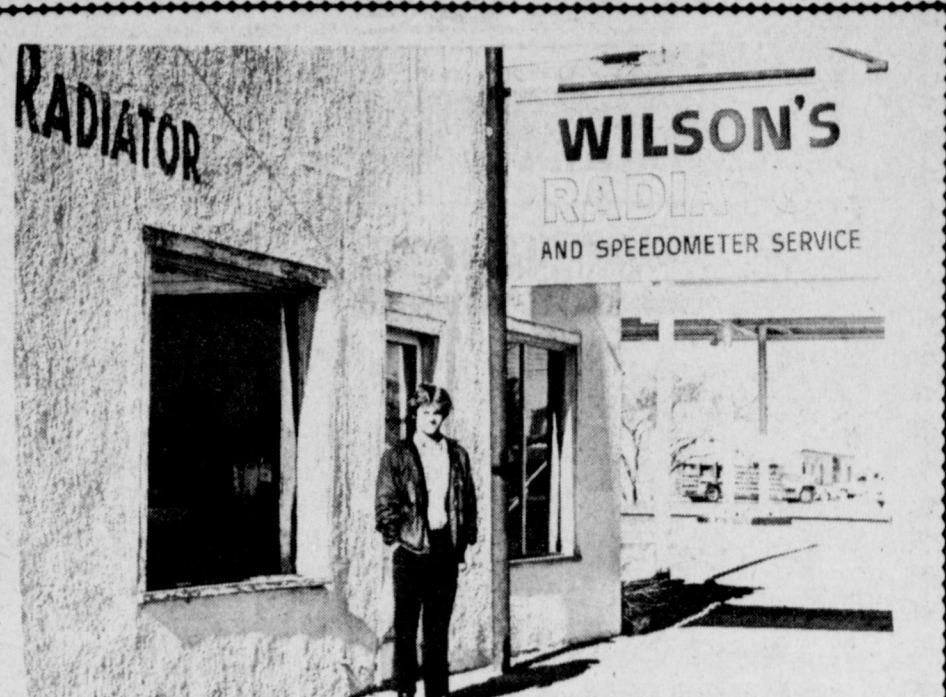

the coming year. Farm exports may total about \$30 billion in 1978-79, up from \$27.3 billion the previous year. Increasing livestock numbers and some rebuilding of grain stocks by foreign countries will likely strengthen export demand. Unlike the weakening trend of the American economy, economic growth is improving in many foreign countries. World use of protein should continue its rapid expansion of recent years, increasing about a tenth in 1979, says Anderson. The economist also foresees a continuing escalation of production and marketing costs of U.S. agricultural commodities. Wage rates, transportation

costs, machinery, fuel, taxes, insurance and interest costs are all expected to increase considerably in 1979. The rising cost of energy has dealt a severe financial blow to all sectors of the agricultural economy, according to Anderson. In particular, production costs of growing irrigated crops has skyrocketed due to higher fuel costs. The resulting setback in Texas agricultural income is sizeable as the value of crop production from irrigated farms represents about 60 percent of total crop sales. \*\*\*\*\*

The index of prices received by Texas farmers for livestock products in December 1978 was 48 percent higher than a year earlier while the crop index was up 19 percent. Commodity prices have been boosted largely by increased feeding of livestock, strong domestic and export demand, heavy placements of grain in the farmer-owned reserve program, and the small cotton crop, notes Anderson. Red meat supplies are expected to decrease again in 1979, following an estimated 3 percent decline last year. With prospects for a continued strong demand, this will likely mean higher livestock prices. Markets for dairy products are also expected to remain strong as the dairy supply-demand balance is tight. Record grain supplies overshadow prospects for much improvement in earnings of crop farmers. Increased cotton and soybean plantings are expected to push prices 10 to 15 percent below current levels by this fall. Prices for wheat, grain sorghum and corn will likely be near CCC loan levels when harvest time rolls around. Performance of major crop prices hinges on developments regarding overseas demand for U.S. farm commodities, believes Anderson. Fortunately, farm exports have been moving at a rapid pace, and prospects for record exports are good for

## Lazbuddie Young Homemakers Tour Art Loft

Members of the Lazbuddie Young Homemakers met Friday afternoon at 4 p.m. in Muleshoe for a tour of the Art Loft. Mrs. Arlene Phelps gave the welcome and told of some of the history of the Loft. Mrs. Marie Lenau talked about Angiques, just what to look for in Antiques and how to use them in your home.

Mrs. Sydna Flowers then guided the group through the wall covering, window covering, bed covering and floor covering Department. She gave several helpful hints on decorating the home. Mrs. Phelps, Mrs. Leneau, and Mrs. Betty Carpenter then guided the group on through the Art Loft.

Some of the different rooms toured were the silk and dried flower room, the candle room, picture framing corner, artist supply room, and the painting gallery. Throughout the Loft were Antiques.

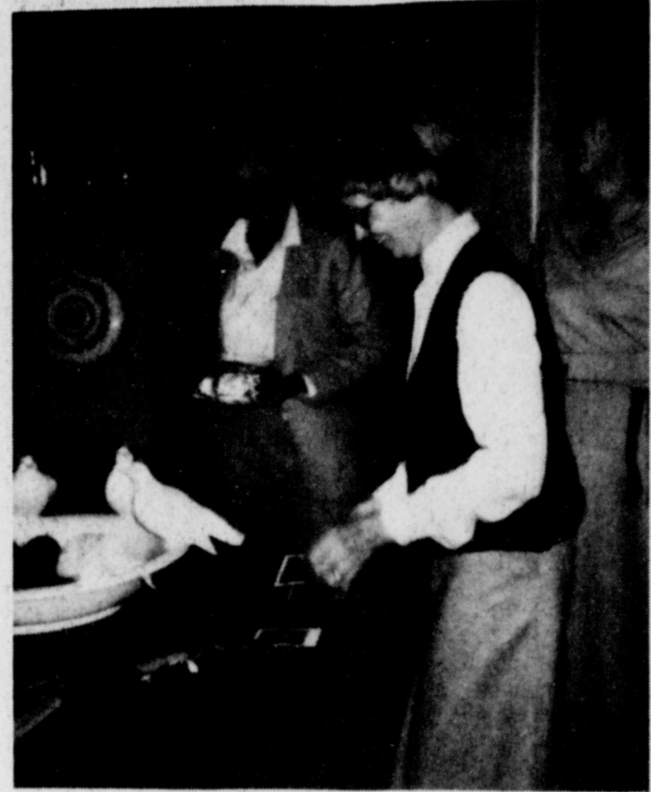

After the tour refreshments of assorted cookies and Spiced Tea were served to the members. Mrs.

Jimmie Dale Seaton and Mrs. Kirby Burch provided baked gifts which were presented to the ladies of the Art Loft in appreciation of their time.

The group then gathered at Leal's Restaurant for supper. After the meal a short business meeting was held. President, Mrs. Clay Mimms presided over the meeting. Those pre-

sent signed Valentine cards to send to the Senior Citizens. Thank You notes were read from Mrs. Tina Sides, of Farwell, Muleshoe Nursing Home, and Mrs. Betty Bewley. Mrs. Mimms said Mrs. Dixie Barnes had given the club another donation.

It was decided, due to conflicts with stock shows, ball games and Spring

### Save Your Old Newspapers

Monday, February 19, Mrs. Gilbert Dale and Mrs. Wayne Holmes took around 350 pounds of paper to be recycled. The Satellite School at Littlefield for special children uses this paper as a means of making money. Next May will be another paper drive. These special children would appreciate it if you would save your old newspapers. If you are interested in donating old papers to this worthy cause, contact Mrs. Gilbert Dale, 925-6694. Please save your old papers til May.

### Booster Club Have Meeting

The Ag Boosters met Monday evening, February 19 at the High School Ag Department. The business meeting was conducted by the president Robert Hunt. Mrs. Eugene Hawkins read the minutes and gave a treasurer statement.

The membership chairman, Mrs. Eugene Shaw, gave a report. All parents of FFA members who have not paid their dues for 1978-79 are urged to do so.

The Ag Boosters voted to buy a camper shell for the new pickup, that was donated by Robert Green Inc. They also voted to buy a CB Radio for the pickup and some calculators for

the Ag Department. The by-laws, presented by the By-Laws Chairman, Howard Watson, were discussed and adopted by the Booster Club.

Bill Harmon reported on the Chemical Conference Supper and Auction held February 6, with a word of success on both.

The FFA members will be traveling to Houston for the Livestock Show and the Booster Club discussed ways to support the group with sponsors and traveling snacks.

The Booster Club will have their next monthly meeting March 19. All parents are urged to attend.

**Muleshoe Homemakers Met Thursday**

The Muleshoe Young Homemakers met Tuesday evening, February 13, at 7 p.m. in the home of Cindy Magby, for a birthday anniversary social. A Mexican food buffet was enjoyed by all before the regular meeting was called to order by the president, Iva Noble.

The treasurer gave reports on all the money making projects that had been held recently.

The Young Homemakers will sponsor bingo at the Nursing Home on Wednesday, February 21, and a story hour at the library on Wednesday, February 21, from 10 - 11 a.m. A letter was read thanking the club for sponsoring the blood drive in January. It was decided to give half of the profit, made from the skating party, to the YAC and donate money raised this year from different projects to the YAC.

Also, it was decided to sponsor a skating party once a month usually on the 2nd Friday through May. The next skating party that the Young Homemakers will sponsor will be March 10, Saturday.

After the meeting was adjourned, everyone exchanged secret pal gifts. Those present were Diana Bock, Cindy Magby, Mary Autry, Judy Davenport, Kaye Elliott, Cherry Estep, Rhonda Hodges, Becky Jones, Dovie Knowles, Rita Lane, Iva Noble, Jean Richardson, Linda Trussell, Jan Springfield, Connie Alanis, Tamie Stochman, Glenda Copley and Margaret Copley.

**Can You Meet New People?**

Meet new people and keep active relationships alive -- to meet your own varied needs, says Jenny Reinhardt, family life education specialist, with the Texas Agricultural Extension Service, The Texas A&M University System.

**PERSONAL NEEDS**  
Every individual has the need for recognition, support, love, understanding, acceptance, challenge, creativity and productivity, the specialist continues. More relationships mean greater chances for fulfilling each of those needs.

**OVERCOME 'PEOPLE FEAR'**  
For many, meeting new people is simple, but others find it frightening. To overcome this fear, work on having some successes in meeting new people -- in spite of feelings that the task is frightening, threatening or uncomfortable.

**IDEAS FOR SUCCESSES**  
Below are ideas for meeting people. Choose the most comfortable ones for you -- and try them:

- Take a class in a subject that interests you.
- Classmates may have the same idea and hope to meet someone with similar interests.
- Volunteer to work at a hospital, school, library or other community facility. Such settings offer many

chances for meeting a variety of people.

--Be interested in other people and be interesting to other people. Comment on their helpfulness, dress, office or their personality. Others become interested in us when we

show interest in them. --Offer to help someone struggling with a child, groceries or laundry.

--Go places where there

are people in a mood for having a good time. Beaches, ski slopes, dude ranches or resort lodges are great places for meeting people who are open to meeting others.

--Learn to go places alone-- people are more likely to notice and single you out.

--Choose people you would like to meet, then introduce yourself.

For example, share cookies with a neighbor or ask for advice on shrub planting.

**Daily Exercise Discussed By Club**

"Daily exercise is one of the most important factors in prolonging your active years" was the topic of discussion of the members of the Dusty Prairie Extension Homemakers Club at their meeting held Wednesday in the 16th and Ave. D Church of Christ. Members were also told that a "Daily program of exercise is as important as a balanced diet and plenty of rest in maintaining optimum physical and mental health."

Mrs. Ray Clark led the group in practicing some exercises designed to tone and strengthen muscles of various parts of the body. She emphasized that exercising should be done slowly at first and increased slowly to prevent excessive soreness. Also she

pointed out that it is a good idea to make sure that one is physically able to do the exercises they are undertaking by seeing the doctor first. This program was a part of the County wide effort to assist individuals in maintaining good health.

Members attending were Mrs. Jackie Blaylock, Mrs. B.A. Dearing, Mrs. Horace Blackburn, Mrs. Vern Taylor, Mrs. Ray Clark, Mrs. F.H. Davis, Mrs. Curtis Wellborn and Linda Mullin, County Extension agent was a guest. Hostesses were Mrs. Ray Clark and Mrs. Horace Blackburn.

The next meeting will be March 21 at the Friendship Room. All interested homemakers are invited.

**Hope So**  
A small boy, visiting New York for the first time, went in an elevator to the top of a skyscraper. As he shot past the 62nd floor at breathtaking speed, he gulped, turned to his father, and asked "Daddy, does God know we're coming?"

**A Steady Job**  
Beggar (at the door)-Please help a blind man.  
Householder--Aren't you the same man who begged a dime off me yesterday?  
Beggar--Impossible, sir! I've been born blind for the last seven years.

of 17,500. Richards was pleased with production, and said the yield also exceeded his expectations. From the six cotton gins checked, a total of 57,087 bales were ginned during 1978, compared to 74,925 for 1977. This is down by 17,838 bales from the 1977 production, but only a one-fourth average loss overall in the area. Even with the extended season due to the bad weather, all the ginners checked indicated their pleasure with the yields reported.

fectious. Spread love in the town and you will find that it is infectious." He told the citizens at the banquet to put down a base, and become a spark as they set the example for the rest of the people to follow. He used much of his own life and experiences as a basis for his talk which was very well received by the people attending the banquet. Coach Yung concluded, "Your best example is Jesus Christ and your best playbook is the Bible."

## County Youth Enter Houston Stock Show

A total of 31 4-H members from Bailey County and 116 FFA members from the area will be participating in the 1979 Houston Livestock Show, just getting underway and concluding March 4. With more than 27,800 expected livestock entries, the Houston Show will once again be the largest in the world. Included among the 4-H members are Mitzi Robertson, Michael Davenport, Sharla Morrison, Preston Scoggin, Jason Scoggin, Greg Young, Danny Seales, Tori Hunt, Curtis Hunt, Sheila Hunt, Wesley Rasco, Ricky Rasco, Glenda Rasco and Greg Harrison.

Also, Michael Angeley, Gina Angeley, Ronnie Angeley, Lisa Black, Starla Black, Curby Brantley, Jacky Burris, Robby Clark, Gary Cox, Annette Crabtree, Bruce Crabtree, Tommy Edmundson, Todd Ellis, Casey Farmer, Donnie Gage, Kim Gatewood, Benton Glaze, Ben Harmon, Beth Harmon, Bryce Holmes and Roby Kelton. For junior exhibitors throughout the state, the

Houston Show is the culmination of a year's hard work of preparing their animals for the toughest of show ring competition. It is hard work that often pays off: open show and junior exhibitors will vie for more than half a million dollars in prize monies and premium auction prices above market value.

From a spectator's point of view, the young exhibitors are center-stage in a two-week extravaganza that begins when Houston, the fastest growing city in the nation, takes a step backwards in time and brings a bit of western heritage to its busy streets.

Horses, buckboards and stagecoaches take to the concrete and businessmen don western hats and boots to welcome the largest civic event in the history of the bustling oil and space flight capital.

Junior show exhibitors take over the 22.3 acre livestock exposition facility for the second week of the livestock show, with judging beginning on March 2.

Each exhibitor knows he is up against the best in livestock, with much riding on the decision of the most experienced livestock judges in the nation.

In addition to the premium awards and trophies, exhibitors of market animals know that a grand championship in their market division at Houston can translate into the stake for a future cattle herd or college diploma.

The Houston Livestock Show and Rodeo holds the world's record for prices paid for three junior market animals -- Grand Champion Lamb, \$19,500; Grand Champion Turkey, \$13,500 and Grand Champion Pen of Broilers, \$18,000.

## Planning Ideas On A New Kitchen

Look at kitchen location when building a home, planning a new or remodeled kitchen, or evaluating the kitchen in an existing home or apartment, Pat Seaman suggests.

Ms. Seaman, a housing and home furnishings specialist, is with the Texas Agricultural Extension Service, The Texas A&M University System.

**BUILDING**  
Consider kitchen location when studying home sites and plans for energy efficiency, she advises.

Today's energy-efficient homes may result in windowless north walls, which may not be a desirable kitchen location unless a pleasant view and natural lighting come through east or south windows.

**PLANNING**  
Keep family living patterns and dining area lo-

cation -- indoor and outdoor, formal or informal -- in mind, the specialist says.

Make sure the kitchen is accessible from both the service and guest entrances -- but preferably out of view of the main living area.

Look for a direct route for bringing in groceries and avoiding having to carry groceries more than 30 feet.

No more than two doors are recommended in a kitchen with one wide enough for moving in appliances.

Place doors so that traffic moves around the meal preparation area.

**EVALUATING**  
Structural changes, such as moving doors and windows in an existing kitchen, are expensive, Ms. Seaman continues.

A less expensive way to

improve the kitchen is to rearrange within the existing structure.

When needed structural changes cannot be made in an existing kitchen, consider relocating the kitchen in added space, providing the new room is convenient to meal serving areas and for bringing in groceries.

**Lucky World**  
The world was created in six days, no Senate confirmation being necessary.

**Just So**  
Propaganda is baloney so artfully disguised that it passes as food for thought.

### Texas Cotton Crop Could Hit 20-Year High

AUSTIN—Texas' farmers are expected to plant the largest cotton crop in over two decades, while acreage for other 1979 crops is predicted to drop, the Texas Department of Agriculture has reported.

Commenting on the latest Texas Crop and Livestock Reporting Service data on 1979 prospective plantings, Agriculture Commissioner Reagan V. Brown said cotton plantings were expected to total 7.2 million acres, up four per cent from last year. This would make this year's acreage the largest since 1954.

"The report also indicates a large reduction in corn acreage this year," Brown continued, "down 16 per cent, and sorghum is to drop to 5.2 million acres, a nine per cent decline."

John C. Stennis, Senate Armed Services Chairman, on draft:

"The only answer is to bring back the draft because the all-volunteer force cannot supply the technicians that the military needs."

# ATTEND THE CHURCH OF YOUR CHOICE

## Make your life have the right... Impact on others

The carpenter knows that there is a proper way to hold the hammer, and that the nail must be hit from the right direction or the nail will bend. As children of God we need to make the right impact on others. When we attend church we learn how to treat others, and at the same time are setting an example for others. If we remain straight as a well hit nail, then others are less likely to bend.

"For I have given you an example, that ye should do as I have done to you."
