## Severe 'Quake Shakes Fifth Of Nation From Nevada To Coast

## BANDITS LOOT 2 BANKS AND KIDNAP SIX PERSONS

**TWINKLES**  
A state primary law is advocated for New Mexico. And we thought politicians in that state had all the trouble they needed without hunting for it.

The West Foster grouch is one fellow who grows about flooded curbs without advocating a bond issue for storm sewers. "Buy over-shoes and help the merchants, and remember that the few times we need storm sewers does not justify the expenditure of \$75,000 or more to keep our low-cuts dry," he says.

Most of us have debt plans, but Mr. Hoover and other real and synthetic statesmen do not seem much concerned about them.

We're not so old, and we can remember that Pampa Harvester basketball teams used to try to play basketball in weather almost as cold as some days we have had recently—outdoors.

There are last-minute shoppers, and there are last-penny shoppers. This is, of all years, the time for the spirit of the thing to govern, rather than the size of the gift.

Much has been said of Texas' "two governors for the price of one." The following is typical, and clever:

**THE GOVERNOR OF TEXAS**  
The Governor of Texas,  
A dauntless one are they.  
Though frenzied foes assail her,  
He never shows dismay.

For erring folk in prison  
Her tender spirit grieves,  
But let them go to college,  
Then see him roll his sleeves!

When rivalry malicious  
Would hurl him on the shelf,  
She bravely do their duty,  
Regardless of their self.

The Klan may plot and bluster,  
The Legislature blame,  
But the Governor of Texas  
They get there just the same.  
—New York Times (Anonymous).

**THE COUNTY PROBLEM**  
Much is being written about county organization and the need for changes therein. There is much to be said against present organization; much against some of the proposed remedies. Concerning this pro and con discussion, here is what one writer, C. A. Jay of Dallas, has to say about it:

The picture of local government in Texas is a disturbing one from the viewpoint of the taxpayer. County government is a government without a head, and generally without a plan. Picture 22 different county officers, each elected by the people, each operating on his own initiative, employing unlimited numbers of deputies and clerks, often being required to spend thousands in a political campaign to be elected to a purely clerical office which probably should not pay a salary of more than \$3,000 or \$4,000—and still we wonder why county employees are selected on a basis of the need of the politician for patronage rather than the need of the taxpayer for service. As now set up, county government is not

(Continued on Page 2.)

### Christmas Customs From Foreign Lands

In the frozen far north, where—t may surprise you—Christmas trees aren't to be found, the Eskimos imitate the white man's custom by building trees with sticks and decorating them with whatever trinkets they can find.

**SHOPPING DAYS UNTIL CHRISTMAS**

### POSSE HUNTS PAIR IN WOOD CLOSE TO CITY

**BANKERS JUMP FROM CAR AS BULLETS RIDDLE IT**

**NEITHER OF TWO HURT**

**OKLAHOMA HAS 57TH ROBBERY DURING THIS YEAR**

**INDIAHOMA, Okla., Dec. 21.**—Two men robbed the First State bank here today of between \$750 and \$1,000, kidnaped A. B. Moore, cashier, and A. F. Hagle, bookkeeper, and escaped in an automobile with a posse in hot pursuit.

The robbers took to the woods about one mile and a half east of town after the bank officers had jumped from the car as the posse riddled it with bullets. Neither was hurt.

The bank was robbed of \$1,941 on April 27 by three men who kidnaped employees of the institution. Today's robbery was the 56th bank looting in Oklahoma this year.

**LINDSAY, Okla., Dec. 21.**—A gang of five robbers looted the First National bank of \$6,000 here today, kidnaping four persons.

The robbers sped southward and released their captives several miles from town unharmed. Those kidnaped were James Charles, bookkeeper; John Costello, teller, and O. M. McKoskey and Roy Cochran, adding machine repair men from Chickasha.

No shots were fired during the robbery. Four of the gang entered the bank shortly after 1 o'clock and ordered occupants to lie down, except Costello, who was forced to take the money from the vault. Some of the cash was scooped up from the tills.

### Jaysees' Dance Due To Net Many Grocery Baskets

Grocery stores were busy this morning preparing baskets to admit Pampans to the Junior chamber of commerce-Veterans of Foreign Wars dance in the Wynne-Merten building at 9 o'clock tonight. Music will be furnished by Merton's Texas.

A couple will be admitted for a basket of groceries, enough for a balanced meal, and the baskets will be delivered to the poor of the city who will not be served through the Welfare Board and other organizations.

Everything is being donated for the dance so that there will be no expense and everything can go to the needy.

### Jayses Medal to Be Given Citizen

Some civic worker under 35 years of age will receive a medal from the National Junior chamber of commerce on January 20, when the local Junior chamber will have a ladies' night banquet.

Presentation of the medal will be by radio from the national headquarters. Selection of the citizen who will be given the award will be made by a committee of business men appointed by President W. T. Fraser of the local Jaysees. These men will be beyond the age limit of eligibility for the award.

### I HEARD--

Harry Nelson says that there were two reasons why he wasn't playing basketball this year—Coach Mitchell and Coach Fox. It seems they think he is built for football but not for basketball.

The Shamrock basketball boys yelling "Horay, we won't get home 'till morning," when they learned that somebody had stolen their coaches' car while the basketball game was in progress at the gymnasium last night. And they didn't get home 'till this a. m.

### 'PRIMARY' IN ELECTION OF PAMPA ALL-STAR FIVE WILL BEGIN--BALLOT IS PROVIDED

**Outstanding Citizens To Be Selected--Announcement Is To Be Made Jan. 1.**

The custom of The Pampa Daily NEWS to call attention to the fact that Pampa is fortunate in having citizens willing to sacrifice their time in the public welfare will be observed again through selection of the PAMPA ALL-STAR FIVE of 1932.

The first step will be the "primary", which will close December 24. Ranking nominees will then be printed on the ballots for the "general" election, which will close Dec. 31 at 6 p. m. The ALL-STAR FIVE will be announced in THE NEWS on Sunday, January 1.

This is one election in which no poll tax is required. All ballots will be confidential, and all ballots to be counted must be signed as an evidence of good faith. All over the nation, citizens are choosing their outstanding citizens and calling attention to the dependency of a community on its leaders for much of its most worthwhile work.

Any consistent reader of THE NEWS, and that includes just about everybody in this community, knows the names of men who have given unsparingly of their time in helping to make a better city. Some of these men have been in the public limelight; others have worked quietly but earnestly. It is important that Pampans give thought to their leaders, and it is the intention of THE NEWS to focus attention on the subject through election of the ALL-STAR FIVE.

Nominations will be limited to those who have not received full remuneration for their services in public work. The balloting deadlines must be strictly observed in order that announcement of the ALL-STAR FIVE be made on January 1. A blank ballot is presented here for your convenience. Fill it out and bring or mail it to the Contest Editor today.

### ALL-STAR BALLOT

Editor, THE NEWS:  
After thinking over the work of outstanding citizens not receiving full public salaries during the last year, I wish to nominate the following for places on the PAMPA ALL-STARS OF 1932:

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_
4. \_\_\_\_\_
5. \_\_\_\_\_

Signed, \_\_\_\_\_  
Address, \_\_\_\_\_  
(Mail or bring this "primary" ballot to Contest Editor, Pampa Daily NEWS by or before December 24.)

### Reports Wanted By Officers Of Salvation Army

A call for all workers in the Salvation Army home service appeal to report on their progress so that a close check can be made was issued this morning from the headquarters office in the city hall.

At the same time, business executives having lists of employees who were to be solicited, and school heads who have lists of teachers, were asked to get in touch with the Army by telephones 628 or 573 or mail their reports direct. It is hoped to boost the campaign figures as much as possible before the holidays.

A. G. Post, chairman of the drive, said that contributions were slow because of the fact that flu and that many solicitors could give but a little of their time because of the rush of business. He requested that citizens not wait to be solicited, but check their checks directly to J. O. Kilham, treasurer of the organization. Or they may be left at headquarters in the city hall.

Mr. Post said he was pleased with the public's response insofar as solicitors had gone, and that he believed the appeal would ultimately succeed.

**WASHINGTON, Dec. 21.**—The house agriculture committee failed to reach a decision today on the domestic allotment relief plan sponsored by farm leaders, but committee discussion indicated a sentiment to apply that method to wheat and cotton only on a strictly emergency basis.

**WASHINGTON, Dec. 21.**—Approval of the bill of Senator Smith (D., S. C.), for 1933 crop production loans from unexpended balances now held by the agricultural department was voted today by the senate agriculture committee.

**AMARILLO, Dec. 21.**—A verdict of acquittal was returned this afternoon for Mrs. Edna Myers, charged with the slaying of Mrs. Mae Stewart on December 5. Mrs. Mack Wimberly, daughter of the defendant, fainted when the verdict was read, but Mrs. Myers remained calm.

**NEW YORK, Dec. 21.**—Selling subsided in today's stock market, after yesterday's setback, but the list was unable to rally appreciably. Net changes at the close were mixed, and mostly fractional. The tone was steady. Transactions aggregated 700,000 shares.

### Denver To Take Off Passenger Coach Service

Members of the 1932 and 1933 Boards of City Development and a few additional business men this morning decided not to protest before the Texas Railroad commission a proposal of the Fort Worth & Denver Northern railroad to suspend operation of the present passenger train service between here and Childress.

Permission to remove the passenger coach will likely be asked soon at Austin, but no definite time for suspension of the service has been set. Neither was it known whether express service from Fort Worth, Dallas and other downstate points would be continued. The coach has been arriving here 10 a. m., where the local freight arrives in late afternoon.

It was brought out that the present passenger service is not being patronized, hence suspension of it and placing of a passenger coach on the freight would have no special significance. The main issue is how extensive will be the inconvenience of delaying or discontinuing express shipments.

The subject was raised by H. H. Durston, executive general agent of the railroad, who in a letter said that the passenger coach service was a losing proposition. He added that when conditions improved and more patronage was in sight, the railroad would replace the train. While no statistics were available at today's meeting, it was unofficially stated that the monthly loss in operation of the train was \$1,500. Freight shipments were said to be much more satisfactory.

It also was stated that the Pampa right-of-way committee is still short by more than \$8,000 in the collection of pledges necessary to furnish the right-of-way which 22 Pampa citizens agreed to provide when the Fort Worth & Denver proposed to build the line was made.

Because of a desire of a number of citizens to learn more about the railroad's proposition, the notice of the B. C. D. action will include a request that the Denver line send a representative here to discuss the proposition with shippers before going further.

**STRANGE DEATH**  
OLNEY, Tex., Dec. 21. (AP)—S. D. Kemp, 59, dropped dead yesterday after returning from the funeral of his wife who had died from influenza. He was survived by two children here.

Miss Amy Jo Pilcher of Denworth is a shopper in the city today.

### SHOCK SWAYS CALIFORNIA'S STATE HOUSE

**TEMBLORS CENTER IN NEVADA FOR OVER AN HOUR**

**WINDOWS SHATTERED**

**SIXTEEN-STORY OFFICE BUILDING SWAYS IN SACRAMENTO**

**SAN FRANCISCO, Dec. 21.**—A strong earthquake shook virtually the entire western United States, embracing about a fifth of the nation last night. Seismologists said it was the most severe in the area since 1925.

No serious damage was reported from the series of shocks which began at 10:10 p. m. Pacific Standard Time and continued with diminishing intensity until 11:15 o'clock. The quake centered in Nevada where windows were shattered.

Clocks were stopped in cities as widely separated as Salt Lake City, Utah, and Fresno, Calif. Chandeliers swayed, pictures were thrown away and some crockery broken.

At 10:10 p. m. Western America, bounded roughly by the Canadian and Mexican borders and extending from the Pacific coast to Salt Lake City, U., and beyond, trembled under the series of shocks. Quakes were hurled from seismographs in Spokane, Wash., Berkeley, Calif., and at the University of Santa Clara in San Jose, Calif.

Minutes later newspapers in the area were subjected to hundreds of telephone calls asking the source of the shocks. Most of the queries came from persons reporting swaying chandeliers or stopped clocks. Rumors of severe damage in remote areas was quickly investigated and discredited.

Seismologists agreed the quake centered in Nevada, where several minor temblors have been recorded in the last few years. Professor California computed the epicenter or seismic vertical as "probably somewhere in Nevada."

At Sacramento, Calif., police on duty in the state capitol building said the structure swayed and creaked. The tallest building in the city, a 16-story office building, swayed noticeably. Many persons in office buildings, hotels and apartments rushed into the streets.

### Scout Banquet To Be Held Jan. 10

The annual meeting and banquet of the Adobe Wells Boy Scout council will be held in Pampa January 10, it was decided at a meeting of the executive committee in Panhandle last night.

The business session will open at 3 o'clock and the banquet will be at 7 o'clock, followed by a program and the election of officers for the year. The meeting place has not been decided.

A nominating committee composed of Chris B. Martin of Pampa, M. B. Welsh of Panhandle and C. I. Laurance of Borger was appointed at the meeting.

The Rev. A. A. Hyde, president of the council, C. A. Clark, executive and Dr. C. H. Schulke attended from Pampa.

W. W. Black of Skellytown made a business trip here yesterday.

**WEST TEXAS:** Generally fair to night, slightly colder in extreme southeast portion; Thursday, increasing cloudiness, rising temperature in west portion.

**—AND A SMILE—**  
CHICAGO (AP)—If you wish to accomplish many things by daylight today you'll have to work just a little faster than usual. It's the shortest day of the year in the northern hemisphere. Winter, despite recent signs to the contrary, officially arrives at 7:15 o'clock central standard time, tonight.

### HERE'S A B C OF LATEST 'ALLOTMENT PLAN' FOR AID OF FARMERS OF COUNTRY

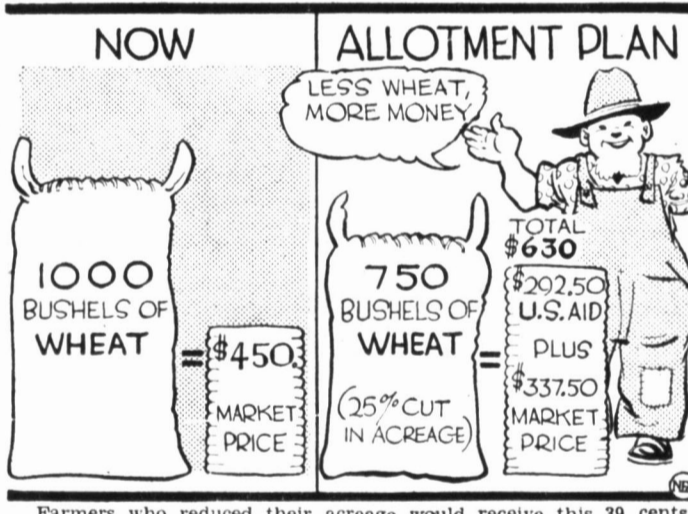

HERE'S the ABC of the "voluntary allotment plan" now before Congress, newest and most discussed proposal for farm relief. It would raise farm prices by the payment of an "adjustment fee" sometimes called a bonus—on crops grown for domestic consumption, the fee being equal to the import tariff charged against similar food-stuffs imported from abroad.

By vote of 60 per cent of the farms producing a given crop, the federal government would declare the plan operative. The government would then determine the amount of production required for domestic needs, and apportion this figure among the states and counties. Farmers who joined the plan would agree to reduce their acreage proportionately.

Money for the payment of the "adjustment fee" would be collected by the government by means of special taxes on food processors. In the case of wheat, for example, the miller would pay a tax of 42 cents a bushel (equal to the tariff) on all the wheat he used. Three cents of this would be charged off to administrative expense, leaving 39 cents for the fund, to be distributed among farmers who joined the plan.

Farmers who reduced their acreage would receive this 39 cents a bushel for their wheat, in addition to the market price. Farmers who did not join the plan and reduce acreage would receive the market price only. It is estimated that in the case of wheat an annual fund of \$250,000,000 could be built up for distribution among the farmers. Advocates of the plan declare it would increase the price of bread less than one cent on the loaf and solve the problem of overproduction of farm products.

Farmers who reduced their acreage would receive this 39 cents a bushel for their wheat, in addition to the market price. Farmers who did not join the plan and reduce acreage would receive the market price only. It is estimated that in the case of wheat an annual fund of \$250,000,000 could be built up for distribution among the farmers. Advocates of the plan declare it would increase the price of bread less than one cent on the loaf and solve the problem of overproduction of farm products.

### CAPONE LEADER RALLIES; FACES ASSAULT COUNT

**Policeman's Family Is Threatened By Gangsters**

**CHICAGO, Dec. 21.**—Police today took action to prevent gangland from attempting a reprisal for the recent wounding of Frank Nitti, reputed "boss" of the somewhat decimated gang of Al Capone. A guard was established at the home of Detective Harry Lang, who shot Nitti when police raided a

(See CAPONE, Page 8.)

### PRIZES AWAIT WINNERS OF HOME DECORATION CONTEST

**Striking Effects Possible In Expenditure of Small Sum This Season.**

Pampa citizens intending to decorate the exteriors of their homes for the holidays have the added incentive of prizes offered by the Pampa Junior chamber of commerce.

First prize will be \$5, and appropriate ribbons will be awarded for second and third prizes. The judging will be done either just before or just after Christmas day. Rough weather has caused many

### LAST BALLOT HAS 230 FOR; 165 AGAINST

**ALCOHOLIC CONTENT OF 3.2 PERCENT RETAINED**

**HOUSE VOTE IMMINENT**

**ATTEMPT TO DESTROY MEASURE IS DEFEATED**

**WASHINGTON, Dec. 21.**—The Collier beer bill legalizing 3.2 per cent beer was passed today by the house. It will go next to the senate. The vote was 230 for; 165 against.

**WASHINGTON, Dec. 21.**—The 3.2 per cent beer bill sailed blithely toward passage in the house of representatives late today, judging from the vigor with which the members shouted down amendments to lighten both its alcoholic content and the tax to be imposed.

One attempt after another to alter the measure as approved by committee, carrying as it does a five-dollar a barrel tax, was frustrated by legislators on edge from the strain of hours of dispute.

Watched by galleries in which women predominated, the democratic leadership succeeded in having turned aside efforts both by dregs and wets to rewrite various clauses. An amendment by Representative Mchenry (R., Mich.) to cut the alcoholic content to 2.75 per cent by weight was rejected by 124 to 75.

Motion Voted Down. Representative Palmisano (D., Md.), failed when he sought to have the tax cut to three dollars a barrel, on the contention that this would make a nickel glass of beer possible where a \$5 tax would prohibit it.

A perfunctory motion to strike out the enacting clause of the measure, one which automatically would have killed it, was forced to a vote by opponents of the bill and rejected by a teller vote of 163 to 118.

The motion had been made by Representative Sirovich (D., N. Y.), in order to gain the floor to take part in the debate. When after speaking he sought to withdraw his motion, opponents of the bill objected and forced a vote. Sirovich favored the measure.

The vote was the first taken as the house swept through another tangled legislative debate, toward a final balloting on passage. A moment later an amendment by Representative O'Connor (D., N. Y.), to declare 3.2 beer was not intoxicating was rejected.

### Forty and Eight Members to Meet

Members of the Pampa voltore of 40-8 have asked to meet at the Legion hut at 8 o'clock Thursday evening to discuss plans for next year.

Dr. R. A. Webb, chef de gare, will be in charge of the session. All members are urged to attend, whether their dues are paid in full or not.

D. O. Ingram of McLean was in the city today.

### I SAW--

In 'The Prairie', student paper at the teachers college at Canyon, that 'Pest' Martindale presented Miss Yvonne Thomas to the student body as his candidate for college beauty honors. All the Pampa students are backing Yvonne to win.

Anagram addicts trying to purchase sets at various stores. The new craze has many victims. One happy acquaintance said, "I like anagrams—it's the only game I can play when I'm drunk."

Mr. and Mrs. Jack Back at the basketball game again last night. That wouldn't be news if they had not missed a major Harvester athletic battle in a couple years. They have occupied the same seats at the gym so long that most people think they have leased them.

WHAT MARVELS WE BE!

It is a fascinating picture of the human body which Dr. George W. Crile of the Cleveland Clinic has drawn up.

An almost infinite number of tiny suns, intensely hot and glowing like distant star-points, forming minute solar systems "created in its own image by the sun's radiance" —this is the set-up in our bodies as Dr. Crile sees it.

All of this, whatever else it may mean to research workers, seems to prove nothing so much as that when you extend science and poetry far enough they meet, like parallel lines pulled out to infinity.

This work that Dr. Crile has been doing is a matter of laboratories, charts and mathematical calculations—seemingly as dry and prosaic a business as could be imagined.

But his conclusion, however it may rank as science, is that very stuff of which poetry is made. The high sense of wonder, of great marvels, of profound and breath-taking mystery which the artist finds when he looks into the riddle of human existence is expressed here just as an artist might express it.

Beneath the palm of your hand or the skin on your shoulder there lies a glowing, incandescent duplication of the wheeling sun and the golden stars. You cannot see it, you cannot detect it by any combination of microscope and dissecting scalpel—but it is there, an amazingly tiny microcosm, existing alike in saint and criminal in old man and newborn baby.

That is Dr. Crile's picture. It comes out of a medical laboratory, which is modern skeptical materialism incarnate; but it is a picture that only a great artist could have conceived or expressed.

Ethel Barrymore was sitting backstage when a couple of youngsters came prancing in for rehearsal. "Hello, Ethel," one nonchalantly called.

"Don't be so formal," was the withering retort of Her Majesty: "Call me kid."

Some years back a great deal of deference was shown to stars by the young people of the theater. With such people as the Barrymores, for instance, it was always "Miss Barrymore" or "Mr. Barrymore" from the fledglings.

But youth in the theater, like youth outside, has been shunting aside conventions.

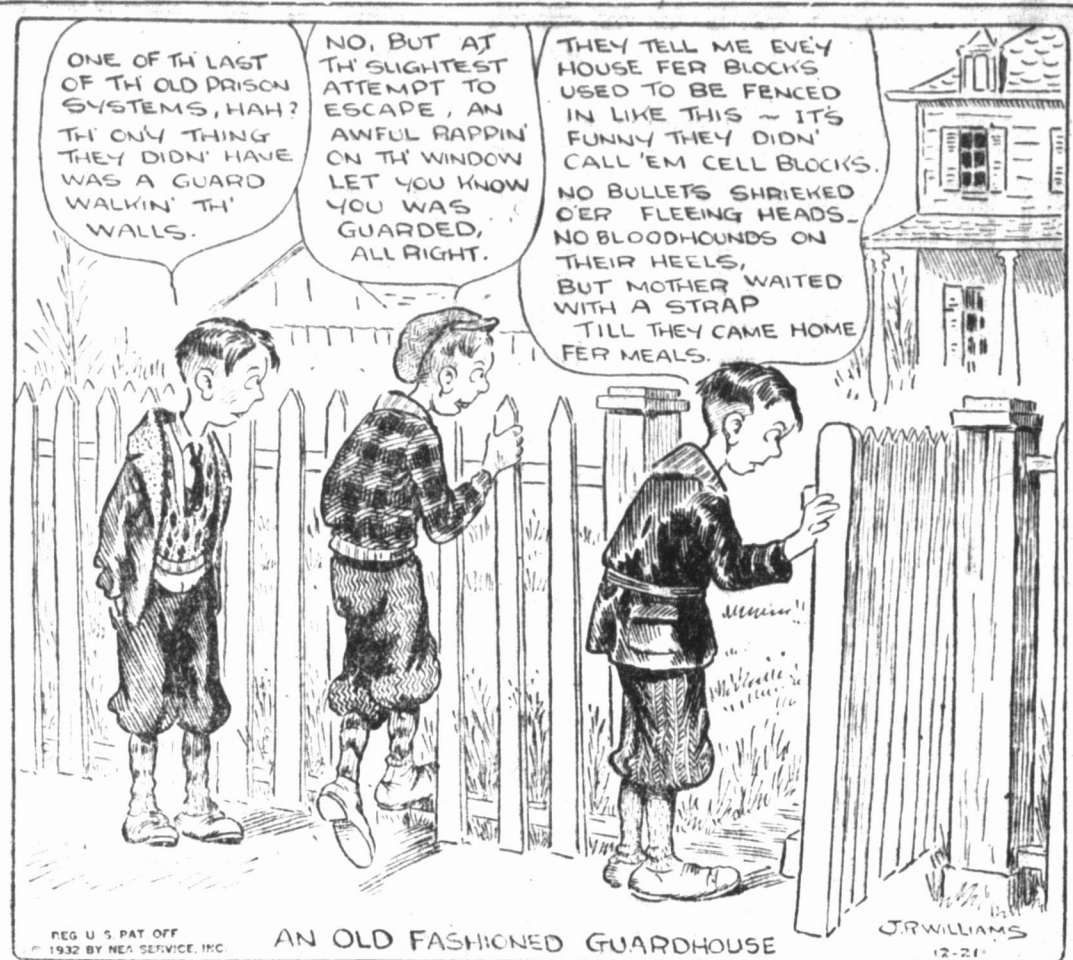

"After all, horse sense is only stable thinking," observes an industrialist. Yes, but it's the lack of it that keeps Congress stalled.

A man should marry the girl who choose him, says a Northwestern university professor. We'd like to see him get out of it!

Well, there's one hopeful thing about the depression anyway. As long as the economists try to cure it the patient must still be alive.

One way to spread the influence of Christmas is to let the tree stand until the needles are dry and then drag it out through the kitchen.

OUT OUR WAY . . . . . By WILLIAMS

Amendment Question

Amendment Question section containing a crossword puzzle grid with clues and a 'PAMPA TOPICS OF OUR CITY' logo.

plans are paid by the Architects Emergency Relief committee of New York. The whole plan was recently described in Al Smith's New Outlook. Technologists claim they could produce manufactured articles so permanent that production schedules would be disrupted. The perfection of machinery, they declare, has barely been touched. The ratio of production and consumption is changing so rapidly and is capable of such change that the present order of employment and social and industrial organization cannot sustain modern civilization—that is the statement of technologists.

AN OLD PROBLEM Technocracy is a new and supposedly scientific treatment of man's long desire for a Utopian civilization. In the presence of current economic troubles, the theory naturally has a wide appeal. The mere fact that it states the problem rather well should not distract attention from the real problem—the solution. Business men who have been apprehensive of the working of applied technocracy took the trouble to check on its leading exponent, Howard Scott. Scott is said to be a former I. W. W. chieftain whose attempts to help build Muscle Shoals during the war were discredited by congressional investigation. He poured concrete, and was not, as reported, a "chief technician."

STOP, LOOK, THINK It will be wise to differentiate between what is the truth about scientific studies of our dilemmas and what is unadulterated press agency. It is a new name, with a not very new way of studying an old problem. In the hands of the right men, it might result in laudable experiments. Before you go too far in accepting technocracy as a good thing, consider that your job might not even exist under its plan. There would be no newspapers, and reduction of competition would decimate commercial organization. Did you ever stop and think with what few stores a city could exist if competition were eliminated—how few doctors, how few lawyers, how few filling stations, etc.?

YOUTH IS SLASHED Will Wright, negro, and a local youth will probably go to trial Tuesday on charges of assault and battery. The white youth was badly slashed Monday during the encounter.

Technologists claim they could produce manufactured articles so permanent that production schedules would be disrupted. The perfection of machinery, they declare, has barely been touched. The ratio of production and consumption is changing so rapidly and is capable of such change that the present order of employment and social and industrial organization cannot sustain modern civilization—that is the statement of technologists.

Without mentioning the word, this column has been saying a great deal related to technocracy. Get acquainted with this new term—you'll hear a lot about it. Statisticians claim that if the 1928 peak of production of goods were restored today, more than 5,000,000 men would still be unemployed and with no jobs in sight.

A group of engineers worked for several years in charting energy resources and industrial production of America. The public knew nothing of their graphs, their charts, their purpose. The depression illustrated their point, but otherwise had little to do with their studies. They figured and figured and deducted the idea that the "price system" under which this nation has existed is no longer adequate. They saw a collapse of the business structure unless radical changes were made.

They called their new theory of planned society technocracy. There are about 350 members of the organization. Engineers active in drawing organization in various parts of the

NO. 145. An Ordinance repealing Ordinance No. 97 of the City of Pampa, Passed and Approved on May 7, 1928, for the Examination, Qualification and Licensing of Plumbers in the City of Pampa, Texas; Providing a Penalty and Declaring an Emergency.

BE IT ORDAINED BY THE CITY OF PAMPA, TEXAS: Section 1. As used in this ordinance:

(a) The term "Person" means and includes individuals, partnerships, associations, firms, and corporations, however formed.

(b) The term "Master Plumber" (or "Employing Plumber") means one who is expert in the knowledge of the strength, durability and quality of the material and devices for perfect work in tanks, pipes, traps, fittings, and fixtures, making taps and connections in such manner as will prevent the escaping of noxious vapors, gases, odors, etc. for the conveyance of gas, water, and steam, and who does not hold himself out as intending to actually do the work of such installations, but proposes to make and carry out contracts for, and to properly and carefully supervise the work of such installations. Provided, that if a Master (or Employing) Plumber as herein defined, shall intend to personally do the work of plumbing, on contracts made by him, or others, he shall also pass the examination as Journeyman Plumber, as herein defined.

(c) The term "Journeyman Plumber" means one whose principal work is manual; one skilled and experienced in the actual physical labor of installing tanks, pipes, traps, fittings, and fixtures, making taps, and connections in such manner as will prevent the escaping of noxious vapors, gases, etc. in all building and in making proper and sanitary connections for same; and who holds himself out as intending to actually do such work under the employment and supervision of a Master (or Employing) Plumber, as herein defined, but not as intending to contract for and cause to be done such work as a Master (or Employing) Plumber as herein defined.

Section II. There is hereby created and established a Board to be known as The Examining and Supervising Board of Plumbers of the City of Pampa, Texas.

The Board shall consist of five members, to-wit: One member of the City Board of Health, if there be such a Board of Health, and if not, then the City Physician or the City Health Officer; the City Engineer of the City of Pampa; the Inspector of Plumbing of the City of Pampa; a Master Plumber of not less than ten years active and continuous experience as a plumber; and one Journeyman Plumber of not less than five years of such active and continuous experience.

The first three members above named shall be ex-officio members of said Board and shall continue as such members, subject to the provisions of this Ordinance, while holding their respective offices. The member of the legal Board of Health, if such exists, the Master Plumber, and the Journeyman Plumber, members of said Board, shall be selected by the City Commission of said City and shall hold office at the will of said Commission.

If any of the five members of the Board, above provided for, shall die or become unable to act for any reason, or shall resign from their respective positions, or shall be removed for any cause, as herein provided, then the City Commission of said City shall appoint a successor or successors, who shall fill out the unexpired term and hold office until their respective successors shall be duly appointed.

Section III. It shall be the duty of the Examining Board herein provided for, to meet as soon after their appointment as is practicable, and organize by the election of one of their members as Chairman and another as secretary, who shall keep full record of the proceedings of said Board.

It shall be the further duty of said Board to provide itself with proper books of record, blank forms, stationery, and supplies, proper and adequate for the conduct of its business, which supplies shall be paid for by the City of Pampa.

It shall be the further duty of said Board, from time to time, as it may deem proper, to submit to the City Commission of said City its written suggestions and recommendations for the improvement of the plumbing ordinances of the City of Pampa.

plumbing ordinances of the City of Pampa. Section IV. All members of the Board herein provided for shall serve the City of Pampa without compensation.

Section V. The examining and Supervising Board of Plumbers, herein provided for, shall have granted them, as follows:

(a) To adopt rules and regulations for the conduct of the business of the examination of applicants and for their own government in carrying out its duties under this ordinance, provided the same shall not be inconsistent with any laws of the State of Texas, or the ordinances of the City of Pampa, Texas. (b) To provide forms, in its discretion, for applicants for examination as Master Plumbers, Inspectors of Plumbing, or Journeyman Plumbers, and to require all applicants to properly fill out and file same with said Board.

(c) To fix reasonable times for the examination of applicants under the terms of this ordinance, and to specify the hours thereof, and the place where such examination shall be held.

(d) To provide suitable examinations for Master Plumbers, Inspectors of Plumbing, and for Journeyman Plumbers, and to determine whether they shall be all oral, or all written, or partly oral and partly written, and to make all rules necessary for the fair, speedy and sufficient examination of applicants under the provisions of this ordinance.

(e) To make rules and regulations for a re-examination, and the nature and extent thereof, provided, however, that where an applicant has failed it shall be the duty of the Board to point out to said applicant wherein he is deficient and to render him all reasonable assistance within their power to overcome such deficiency.

(f) To make rules and regulations providing for an appeal from the decision of the Board, to the Mayor and Commissioners, if the candidate shall feel that he has not been fairly dealt with and shall be able to establish to the satisfaction of the Board of Commissioners of the City of Pampa, that he should have a still further re-examination touching his fitness and qualifications as a plumber, either Master or Journeyman, as herein defined, and the Mayor and the City Commission, if they think proper and request that the Examining Board shall give to the applicant a further examination, the Board shall, within the reasonable time, comply with said request.

Section VI. The City Commission of said city may remove any member of the Board herein provided for, for sufficient cause. If any charge or charges shall be filed against said Board member, either by the City Commission on its own motion, or by any member thereof, or by any person residing in the City of Pampa, the person or persons making such charges shall present and file with the City Secretary a petition for such removal, under oath, in which such person or persons shall set forth in detail the charges against said Board member or members, and the City Commission shall, upon presentation of said charges in proper form, fix a time and place for the hearing of said charges therein set forth, notifying the person charged, and afford him a full opportunity to be heard concerning all charges, and said Commission shall, after hearing, make such order relative thereto as in the opinion of the Commission shall be proper. The action of the City Commission in such matter shall be final.

Section VII. All persons desiring to engage in work at, or conduct the business of plumbing in the City of Pampa, whether as Master Plumber or Journeyman Plumber, shall make application to the said Examining Board as Master Plumber or Journeyman Plumber or both, as the case may be, as herein defined.

This section shall not apply to those persons who have heretofore successfully passed such an examination under the provisions of Ordinance No. 97 of said City, herein repealed. Such persons shall be entitled to the license provided for in Section IX hereof, as a Master Plumber or a Journeyman Plumber, or both, as the case may be, as herein defined, and renewals thereof, according to the examination

which they have passed under the provisions of said Ordinance No. 97, by making application therefor to the Examining Board herein created and by paying the fee provided in said Section IX hereof.

Section XIII. Each applicant for examination as Master Plumber, or Inspector of Plumbing, as defined herein, shall at the time of filing his application pay to the Secretary of the Examining Board the sum of \$2.00; which said fee shall be paid by the Secretary of said Board to the Treasurer of the City of Pampa.

Section IX. The Examining Board shall issue to each successful applicant a license, certifying that the applicant has been found competent as a Master Plumber, or Journeyman Plumber as the case may be, as defined herein, which said license shall entitle said applicant to engage in, work at, or conduct the business of plumbing, as the license may recite, in the City of Pampa.

Said license shall be signed by the Chairman and Secretary of the Examining Board, and shall continue in full force and effect for a period of one year from the date thereof, and shall be renewable on application by the holder at any time. Said renewal may be by endorsement of the fact on the original license, which endorsement shall be signed by the Secretary of the Examining Board. A charge of fifty cents shall be made for each renewal; provided, however, that the renewal shall not be granted if, in the opinion of the Examining Board, the business or moral integrity of the holder of said license is not such as would entitle him to such renewal.

Said licenses are personal only to the holder and are not in any manner transferable, and are issued subject to the provisions of this and any other ordinance of the City of Pampa regulating plumbers and the plumbing business. Such licenses are revocable according to the provisions of such ordinances, and also for sufficient cause shown, on charges filed by the Examining Board, or any member thereof, or any person feeling himself aggrieved, upon the filing of written charges under oath, notice and hearing in the same manner as provided herein for the renewal of the license by the Examining Board.

Provided, however, that the hearing in the case of the license holder shall be before the Examining Board, and its finding shall be certified to the City Commission, together with its recommendations, which, if adopted by the Commission, shall be final.

The Examining Board, through its Secretary, shall keep a record and a well bound book, showing the names, residences, and dates of issuance of licenses, and such other facts as will fully inform all parties desiring to know the qualifications of holders of said licenses. Said book to be prepared with proper columns, showing the facts, by the Secretary of the Examining Board, and to be a permanent record of the City of Pampa.

Section X. All persons desiring to apply to the City Commission for said city for the position of Inspector of Plumbing, as provided by the laws of the State of Texas, shall file with the Examining Board, in proper form, and obtain a license to act as such inspector from said Examining Board, by passing successfully the examination required for Master Plumbers under the terms of this ordinance.

Said applicants for the position of Inspector of Plumbing of the City of Pampa shall file with their applications their said license as license and presents same to the City Secretary.

Section XI. This ordinance shall be considered as cumulative to all other ordinances now in force regarding plumbers and plumbing business in the City of Pampa, provided, however, that all ordinances or parts of ordinances in conflict herewith are hereby repealed.

Ordinance No. 97, passed and approved by the City Commission of said city on May 7, 1928, with reference to the examination and qualification of plumbers, is hereby expressly repealed.

Section XII. If any section or any part of a section of this ordinance, shall, by any court of competent jurisdiction, be held to be invalid the same shall not affect any other part of said section, or any other section of this ordinance, but the said part of a section and other sections not affected thereby shall remain in full force and effect.

Section XIII. Any person who shall violate this ordinance, or any section thereof, or who shall engage in work at, or conduct the business of plumbing, either as a Master or Journeyman Plumber, as herein defined, without first having obtained the license as herein provided for, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not less than \$25.00 nor more than \$200.

Each day said violation continues shall be considered as a separate violation of this ordinance and the penalty shall be applied accordingly.

Section IV. Emergency: It appearing that the laws of the State of Texas require the passage of an ordinance of this character, and it appearing further that the public safety and health require that this ordinance be immediately effective, an emergency is hereby declared and the rules prescribing three separate readings of an ordinance are hereby suspended, and this ordinance shall become in full force and effect on and after its passage and publication as required by law.

judgment rendered in said court on the 30th day of September, 1932, in favor of the White House Lumber Company, a corporation, and against C. R. Nowlin and Frankie E. Nowlin, for the sum of \$4,275.84, besides interest and costs of suit, together with the foreclosure of a vendor's lien on the hereinafter described property as against C. R. Nowlin, Frankie E. Nowlin, Roy Taylor and Roy Albritton, suit being numbered 2110 on the docket of said court. I did, on the 6th day of December, 1932, at 10 o'clock a. m., levy upon the following described tracts or parcels of land described in said order of sale, to-wit: All of lot No. five (5) in block No. one (1), in the White House addition to the town of Pampa, in Gray county, Texas; and on the 8th day of January, 1933, being the 3rd day of January, 1933, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day at

the court house door of said county, I will offer for sale, and sell, at public auction, for cash, all of the right, title and interest of said C. R. Nowlin, Frankie E. Nowlin, Roy Taylor, and Roy Albritton in and to said property in accordance with said order of sale.

Dated at Pampa, this 6th day of December, 1932.

### Buying Barbara

By Julia Clift-Addams • Author of "YOU CAN'T MARRY"

SYNOPSIS: The strange tangle of events that have surrounded the case, Quentin, Lody and Armitage and Barbara. Quentin, Lody and Armitage and Barbara. Quentin, Lody and Armitage and Barbara. Quentin, Lody and Armitage and Barbara.

#### Chapter 6 THE CANES AGAIN

BARBARA reflected for a moment while Farrell watched her. His thoughts were building a home for her. White stone and fountains and magnolia buds under a kinder sky than this.

Or a house of logs, low-eaved, red-thatched, lit and warmed and gay amidst northern forests. Or a clean-lined schooner, riding the seas, carrying them west. "This is she, O fortunate and predestined—this is she!"

She was finding something difficult to say. "You saved my life," she brought out at last. "Thank you!"

"May I come and ask how your brother is?"

"The radio developed a hiccup," Farrell said to Lella.

"Thank you," she said again. "Lella will tell you where to find him. But he is my future, not my brother. We are to be married on Thursday."

She made him a little bow and again left him. He stood watching her go. "This is she..." "Oh, no!" he said aloud, when the corner hid her. "Oh, no! Not on Thursday or ever. You are not going to marry Mark."

And he was still repeating his formula when he reached South-West Water and was accosted by its owner, Sir James Cane.

"Well, Armitage, how's the vicar?" "All smiles, sir." "Surprised to see you. I don't doubt."

Sir James Cane smirked and sat back in his chair. It was his smirk, together with something ingratiating in his manner, that had made him "Sugar" Cane to Kings Mallard. He could be extraordinarily naive sometimes, as now, when he was showing transparent triumph at Armitage's despair at South-West Water, instead of at the vicarage.

It had been given on the Fluvic, England bound from New York, where the Cane had been pleasure-seeking and Farrell, almost unwillingly, had gone to make yet more money. In a moment of boredom, he had persuaded himself that he would like to re-explore Kings Mallard and that the vicar's frugal run-house would not be equipped for a guest. So he had come to South-West Water and dabbled in Lella's cool yet glittering company for a week or so. Lella was peeling a peach. She murmured—

"I hardly remember you as a boy at all, Farrell."

"The moon sees many brooks, the brook sees but one moon," quoted Armitage. "We met at a garden-party given on a very hot August day by Mrs.—Mrs.—no, the name's gone. You were dressed in a blue cash—"

"Surely the day wasn't as hot as that?" "—and a dress with jiggles all over it and a hat with a sort of thimble on the side. And I re-

Hey, You Dropped Something PORTLAND, Ore., Dec. 21. (AP)—A young and would-be robber who confronted A. Coby, apartment house manager, with an order to "stick 'em up" found banditry a losing game. When Coby gave battle the bandit fled leaving behind—

His shoes, his hat and revolver.

the court house door of said county, I will offer for sale, and sell, at public auction, for cash, all of the right, title and interest of said C. R. Nowlin, Frankie E. Nowlin, Roy Taylor, and Roy Albritton in and to said property in accordance with said order of sale.

### Texas Sand Hills Resound With Fiddling, Dancing at Christmas

#### Grant's Cigar Also Had Power

By The Associated Press. CHICAGO—The cigar that Gen. Ulysses S. Grant is supposed to have given to Horace Norton, founder of Norton College of Williams Point, was like the general's military thrusts. It had power.

For years it had been kept in the college museum, but after it was decided that the school should discontinue, the alumni concluded that nothing could be more fit and proper than to have the cigar smoked at their annual reunion.

And so it was that Winston Norton, grandson of the college's founder, was selected to do the honors, which were appropriately done in a loop hotel.

"And when," said Norton, "I light this cigar with trembling hand, it is not alone a tribute to the spirit of him whom you call founder, but also to that Titan among statesmen who was never too exalted to be a friend."

It was a touching scene, as Norton lifted his cigar lighter. It was more so when he began to puff. The first puff was satisfactory. Then the cigar exploded.

#### 'Franklin's Book' Prized Possession

NEW YORK, Dec. 21. (AP)—The Roosevelt, occupants of the executive mansion at Albany for the last four years, are moving out next week and taking with them:

Five big boxes of books; One Scottish terrier named "Megs"; Some family photographs and trinkets;

Several dozen old naval prints and some ship models. Among the books are several anthologies of verse belonging to Mrs. Roosevelt and a volume on old Dutch houses which goes everywhere the Roosevelts go.

"It's Franklin's," Mrs. Roosevelt explained today, "and, wherever we live, he always wants it about somewhere so that when he has a moment to himself—which he very seldom has any more—he can pick it up and look at it."

#### Well, What Did She Do With All That \$50,000?

NEW YORK, Dec. 21. (AP)—One hundred million persons have said, sometime or another: "I'd be fixed for life if I had \$50,000."

Anne Caldwell had \$50,000. Today she's a theatre ushersette at \$12 a week.

The \$50,000 came to her as settlement in a breach of promise suit she brought several years ago against a wealthy Pittsburgh man, Miss Caldwell before that had appeared in Broadway theatrical productions.

She met inquiries concerning her financial status today by saying: "Of course, nobody really has money to spare nowadays. Let's say that what I have is tied up rather tightly."

Ron Salsbury, who is a student at SMU, Dallas, arrives tomorrow to spend the holidays.

### UNITON VALLEY, Dec. 21. (AP)—The cheer of another yuletide season is sweeping through the "sand hills."

To the north, east, and west of this once center of pioneer population—a village between Red hills now as it was in the years of the war between the states—stretch the "sand hills." They are low, undulating white ridges, sparsely populated, forested by scraggy hickory and oaks, the home land for several decades of a happy people. They have always lived at home. Their forefathers came from Mississippi, Georgia, Alabama, the Carolinas, some from Virginia, others from Kentucky.

Christmas comes to the section with parties, dances, Christmas trees and little programs at the school houses. In their living, especially in their making of Christmas, the people cheer, their method of intermingling their loyalty to the sick of their communities, something closely akin to the primitive still dwells among these people.

Parties and dances without the old fiddler and his accompanist, the guitar picker, or some young under-study to one of these rural masters, would be as incomplete as a metropolitan ball without its orchestra.

These parties and dances are without formality. The word just gets out that so-and-so's home will be the community social center for an evening and the folk go, old and young. The old fiddler slouches his fiddle and bow and rides 5, 10, 12 even 20 miles or more to the dance. Ring games, snap, par-

ticularly the former, are livelier to the flourish of the fiddler's bow and the slap of his feet as hickory and oak logs, piled high in generous quantity, throw heat from the yawning mouth of an old fashioned fireplace.

NEW COLOR VOGUE SUGGESTED

New and old are being combined nowadays.

By MARGERY TAYLOR. (Copyright, 1932, by the McCall Company for The Pampa News.

The sensible modern idea for those tired of both period and modern rooms, is to compromise.

The two are combined. The trick is in the color and simplicity of the background.

Clear, vivid, strong colors, often contrasted with white, make even the most carved-to-death Victorian furniture look alive—almost sophisticated.

Smartest of the new combinations with white are chocolate

brown, deep French blue, and deep watermelon. The color is used on the walls and the white on the foreground effects in furnishings.

The new wallpapers are quite in the vogue. There are charming designs of white lilies or snowflakes on blue.

The new vogue goes best in smaller rooms with lower and less elaborate ceilings; it is surprising how things you may not like about your furniture can be made to disappear with it.

BEREAN CLASS PARTY GIVEN LARGE GROUP

GIFTS FOR POOR GIVEN AT SUNDAY SCHOOL GATHERING

Gifts for the poor were brought by young people of the Berean class, First Christian church, when they attended a party at the church Monday evening.

The class is taught by Mrs. F. W. O'Malley. Appropriate games were played under the direction of Hester Ella Lester, and refreshments were served.

The following attended: W. J. Brown, C. A. Clark, Vendelle Keys, Blanche Wentworth, Mary Ellen Cary, Loraine Turman, Billy Hawkins, Claudia Atteberry, Ivan Kennedy, Frances Talley, Leslie Sartin, Madge Tiemann, Mary Lee Records, Mildred Cook, Arline Herring, Anita King, Sam Keith, Nellie Meers, Hester Ella Lester, Lorene Swafford, Tom Greenway, Scott, Mullins, Larry Trenary, James King, Emmett Lane, Roy Bialock, Miles Marbaugh, Robert Woodward, Virginia Roberts, Eugene Bogue, Wayne Hutchins, Rosaville Reed, Virginia Patton, Willie Isbell, Bert Stevens, Alvis Stevens, Lloyd Hamilton, Jack Stevens, Charles Frost, Ethel Hamilton, Walden Dickinson, Lorene Kieth, Helen Joan Woodrum, Mildred Beckies, and Thelma Sartin.

Sister MARY'S KITCHEN

By SISTER MARY NEA Service Writer

The latest reports by food chemists tell us that "six medium sized dates furnish as much working force as a large baked potato or three half-inch slices from a baker's loaf of bread."

Cooked breakfast cereal gains interest and nourishment if a few chopped dates are added. Three dates add approximately 100 calories to a dish of cereal.

Sandwiches are good and of great food value made with a filling of dates and nuts chopped together and made moist with cream.

Try dates rather than raisins in the next rice pudding you make. Flavor it delicately with cinnamon and vanilla.

Several salads use dates effectively. Chopped apple, nut and date salad with French dressing made with lemon juice is splendid on crisp, finely shredded cabbage.

Two cups stoned and coarsely chopped dates, 2 tablespoons sugar, 1 egg, 1 cup milk, 1 tablespoon flour, 1/4 teaspoon salt, 1/2 teaspoon vanilla.

Pour boiling water over dates. Drain, dip in cold water and remove stones if necessary. Chop coarsely and stew in a very little water until soft.

A very simple pie filling is made by cooking 1/2 pound stoned dates with 1 cup water until the mixture thickens. Turn into a baked pie shell and cover with 1 cup cream whipped until firm and sweetened with 3 tablespoons powdered sugar and flavored with a few drops of vanilla.

One cup coarsely chopped dates, 1 cup chopped nut meats, 2 tablespoons flour, 1 teaspoon baking powder, 1/4 teaspoon salt, 1/2 cup powdered sugar, 2 eggs, 1/2 teaspoon vanilla.

Beat whites and yolks of eggs separately, beating whites until stiff and almost dry. Beat in sugar and add yolks of eggs beaten until thick and lemon colored. Mix and sift flour, baking powder and salt and combine with dates and nuts.

Lightly and turn into an oiled floured cake pan and bake 50 minutes in a slow oven. Serve cold with whipped cream. This pudding can be baked the day before it is wanted for use.

THE STORY OF TWO WOMEN

Expectant Mother Seeks Freedom; Widowed Mother Of Four Believes She Should Die For Killing.

By WHITNEY THARIN.

ROCK HILL, S. C., Dec. 21. (AP)—This is the story of two women, one an expectant mother condemned to die for murder, the other a widow with four small children, facing a life of labor to rear them.

The first is Mrs. Beatrice Ferguson Snipes, who shot to death Rural Poultryman Elliot Harris. The other is Mrs. Eula Harris, widow of the slain York county officer, who believes Mrs. Snipes should die for killing her husband.

Makes Baby Clothes. Mrs. Snipes, 29, the mother of one child, expects the birth of another next month. While women plead with Governor Blackwood to save her from death in the electric chair next April 7, she is sewing baby clothes in the state penitentiary.

Mrs. Harris, left with \$1,000 insurance money and \$300 raised by a subscription fund by newspapers when her husband was shot, is studying shorthand and stenotyping in the hope that she may be able to support her children, the oldest of whom is six.

"I feel no relation over Mrs. Snipes' conviction and sentence," Mrs. Harris said, "but feel if we are to have capital punishment that it should be administered to any deserving it—man or woman. She had time to consider—she took all we had."

"I don't feel that if it were left to me that I would change her sentence. I do not think she regrets it. I don't see that her becoming a mother should alter the case. I have been a mother four times.

"She Slipped Up." "They say it was not murder. I don't know what it was then. He tried to keep her back eight or ten minutes and then she slipped up and grabbed his gun. She is the only one who said she slapped her."

"I know he couldn't have struck her, knowing as I do how kind and generous he was. He would have found some other means of carrying her in."

"She shot him twice and while he lay on the ground helpless, she shot him two more times with the bullets which killed him."

Mrs. Snipes contended she shot the officer in self-defense. "I don't think I should die this way," she said as she sat in her cell. "I am not prepared to go this way."

Harris stopped the Snipes' automobile to search it for whiskey. Finding none, he sought to arrest the Columbia man on charges of reckless driving and driving without a license. Mrs. Snipes testified Harris struck her and she grappled with him for his gun. When the first shot was fired, she said, both held the weapon. She fired the other shots because "I was nervous and excited," she testified.

Herbert M. Campbell of White Deer was in the city last night.

L. D. Gill of Groom was a Pampa visitor this morning.

Miss Iva Cary of Paducah is visiting friends here for a few days.

Christmas Party Held For London Bridge Members

The colors red and green were employed, and the Christmas theme was used throughout a party given by Mrs. Arthur S. Swanson yesterday afternoon for the London Bridge club.

At the close of the bridge games, Miss Marjorie Buckler, was favored for high score among guests. Mrs. P. O. Sanders for high among club members, and Mrs. Roy Wight for low. Refreshment plates of salad, sandwiches, cake, and coffee were passed.

Special guests for the afternoon were Mrs. Lynn Boyd, Mrs. Clyde Fatheree, Mrs. Harry Burr, Mrs. A. B. Goldston, and Miss Marjorie Buckler. Members attending were Mesdames Julian Barrett, Clarence Barrett, H. Otto Studer, P. O. Sanders, John Sturgeon, W. J. Smith, Roy Wight, J. M. Lybrand, William T. Fraser, and H. C. Charliss, and Miss Margaret Buckler.

Woodrow Wilson School To Hear Varied Program

The Christmas program which was to be given by the rooms of Miss Willena May and Mrs. R. E. Koiner, Woodrow Wilson school, has been postponed until after Christmas because of Miss May's illness.

A varied program, however, will be given at 10 o'clock tomorrow morning as follows: Flag salute and prayer; music by the Woodrow Wilson band; talks by the Rev. A. A. Hyde and Supt. R. B. Fisher; song "Silent Night," by all, with Dorothy Ann Dilley accompanying; Christmas reading, Mary Ann Roberts; rhythm band number directed by Miss Vida Cox; carols by the girls glee club; Christmas reading, Mary Jean Hill; rhythm band number directed by Mrs. Teresa Humphreys; carols by the boys glee club.

Mrs. J. T. Manson of LeFors shopped here yesterday afternoon.

L. D. Gill of Groom was a Pampa visitor this morning.

Miss Iva Cary of Paducah is visiting friends here for a few days.

PARENTS WILL AID NEEDY OF LOCAL SCHOOL

Plans to distribute gifts among less fortunate families this Christmas were made by room mothers of Junior high school when they met Monday afternoon in the home of Mrs. W. Purviance.

Mrs. Purviance served refreshments to Mesdames W. L. Davis, C. T. Hunkapillar, Vernon Moore, W. O. Wright, C. A. Tignor, L. O. Johnson, Dee Campbell, I. W. Spangler, J. H. Hulme, S. O. Garner, J. E. Gilbert, and J. F. Curtis. Mrs. Curtis is chairman of the membership committee, of which the room mothers are a part.

JUNIOR HIGH SCHOOL ROOM MOTHERS GATHER

Children of Woodrow Wilson school are doing their part to aid other boys and girls less fortunate than they.

In the hall of the school was placed a decorated box into which the children dropped clothing and toys, prettily wrapped. The gifts—between 75 and 100 of them—will be taken to the Welfare Board tomorrow morning. Many of the articles of clothing are of considerable value. A pair of boots, for instance, had been half-soled, polished, and made to look like new.

# SANTA'S PACK HAS MANY DROLLERIES AND ODDITIES

## CHILD ADMITS TO SANTA SHE IS VERY BAD

### THIEF CATCHES SPIRIT OF CHRISTMAS AND RETURNS MONEY

By The Associated Press.  
**HARD-BOILED BEATRICE.**  
**SAULT STE. MARIE, Mich.**—Beatrice believes in laying her cards on the table. She wrote a letter to Santa Claus and it found its way to a relief organization here.

"Dear Santa," it said, "I'm only 12 years old and very hard-boiled, skip school when I get a chance and get a strappin' most every day at school, but just the same I'd like a \$2 wrist watch and a doll and wardrobe, please. You won't turn me down for a little thing like this for Christmas. I'm as ever, just plain BEATRICE."

### PERILS OF CHRISTMAS

**VALENCIA, Spain**—Christmas joy is often tempered by tragedy in this Mediterranean town.

Fishermen venture farther in the uncertain winter weather anticipating a rich Christmas week from the catch and also because legend has it that the greatest hour of trial for fishermen comes during Christmas week.

If they are successful, they believe, they have been especially protected by divine grace.

### LIFE-TIME GIFTS

**POTTSVILLE, Pa.**—Christmas presents that may last a life time have been given 20 prisoners in the county jail. They were paroled and may keep their freedom as long as they behave themselves, officials said.

### THIEF CATCHES THE SPIRIT

**HUBBARD, Neb.**—"Merry Christmas" said an envelope received through the mail by W. C. Condit, who forwarded it to a bank. It contained \$2,500 worth of bonds stolen from the bank. Apparently they had been sent to Condit, a former state sheriff, by a thief made conscious-stricken by holiday times.

### THE MYSTERIOUS TAPPING

**PORTLAND, Ore.**—If police would hurry to a drugstore in an outlying district, said an excited voice on the phone, they would find burglars at work attempting to break in. The caller could hear a tapping of a cold chisel or hammer at work somewhere over the store. Police cars rushed to the scene.

They found Dr. Robert Greene making Christmas cards from wood cuts; a hobby that requires persistent pounding.

## Attorneys Know Runge Is Judge Down at Austin

By CHARLES E. SIMONS.  
**AUSTIN, Dec. 21.**—A country judge, who claims no other distinction, has caused quite a stir in the capital's legal circles where judges, because of the numerous courts having their seats in Travis county, literally abound.

The judge in point is District Judge Carl Runge of Mason, ordinarily who holds court in the Hill Country district of Central Texas. Judge Runge was assigned the bothersome and arduous task of sitting for District Judge J. D. Moore in the suit brought by Ex-Governor James E. Ferguson and others, challenging the right of the Texas highway commission to award contracts for highway construction in excess of the cash on hand.

Judge Runge is the fellow who wrestled it out to a finish with a deer that had become entangled in a wire fence along the highway. When one sees the height and brawn of "his honor" from Mason, it is easily understood why the judge was returned the victor in the unusual combat.

The visiting judge was the butt of some humorous quips when it became known that he was the one who had battled the deer barehanded. During a recess in the trial of the Ferguson case he entertained the lawyers and newspapermen with details of his feat.

One of the things that made favorable impression on the spectators was the manner in which Judge Runge conducted his court. When he was on the bench there was no doubt who was judge. His caution to attorneys in the highway suit to avoid personalities and keep their feet on the floor, was studiously complied with, despite the development of tense situations inherent in a suit of this nature.

## HOW'S your HEALTH

Some patients are much mystified by doctors' prescriptions. Others are amused by what they call the "hocus-mocus of a piece of paper."

The fact is that a prescription is a physician's written order for one or more medicinal agents, together with his directions to the pharmacist for their preparation, and to the patient for their use.

Even today, depending upon how

## Puppet Shows Will Be Given At Two Schools—Horace Mann, Sam Houston

Puppet shows will be features of two school programs tomorrow, one at Horace Mann and the other at Sam Houston.

The Horace Mann program which will take place at 10 a. m., promises to be of interest to the general public as well as to the school children. The puppet show will give the story of the birth of Christ, and other numbers will include group singing of Christmas carols, the reading of an original poem by R. T. Seeds, and the reading of "Christmas Gift" by Imogene Stewart.

## Rotarians Take Toys To Session

More than fifty toys were added to those to be given to underprivileged children this Christmas today when members of the Rotary club brought the gifts to the regular luncheon. A Christmas tree, with Santa Claus in person, completed the arrangements.

Charlie Barrett told of the development of the grain business and some of the future prospects for the wheat raiser.

J. O. Gillham and John Sturgeon were visitors.

## Nothing Novel

That ten-author story, "A Passage to Paradise," that Paramount is planning to give the screen is really not so novel as it would seem. Many Hollywood stories have that many writers, and more, working on them, and sometimes battling for credit.

See the Want Ads today.

## HUSBANDS ARE PARTY GUESTS TUESDAY NIGHT

### MEMBER - COUPLES OF CIVIC CULTURE CLUB MEET

A Christmas tree was provided and the Yule season was suggested throughout the party given for members of the Civic Culture club and their husbands last evening in the home of Mr. and Mrs. Ralph Thomas.

Games and contests were enjoyed, and an "auction sale" of Christmas gifts was held. Refreshments of coffee, mince pie, and whipped cream were served.

New members and their husbands who attended were Mr. and Mrs. Hugh Ellis, Mr. and Mrs. Paul Huges, and Mr. and Mrs. John B. Hesse. Others present were Mrs. Katie Vincent and Messrs. and Mesdames A. L. Patrick, E. A. Shackleton, H. H. Isbell, W. O. Workman, and C. E. Hutchins.

## My Dear Old Santa Claus:

Dear Santa: I am a little boy 7 years old. I go to North Ward school. I like my teachers. I have been a good boy honest. Please bring a tricycle and a kiddie car. Thank you, CHARLIE VANDOVER.

Dear Santa Claus: My mother is busy all the time. I want an electric stove. I want a set of dishes and a little car to ride in, and that is all. I want to thank you. Your own ELEANOR ANN MARTIN.

Dear Santa: I want a blackboard, doll clothes, a desk and a purse. Also a tricycle. Goodbye, BETTIE SUE JOHNSON. P.S.—I am in the first grade, at Horace Mann school. Don't forget Miss Chapman.

Dear Santa: I am 7 years old. And I want you to bring me a football. Policeman's club, star and handcuffs, some candy and nuts, JOHNNY MILLER.

Dear Santa: I am 3 years old and a good boy. I want a pair of boots, a football, and a train. JIMMY MILLER.

Dear Santa: I would like for you to bring me a girl's bicycle, a pair of roller skates and a little stove. Also some dishes. Do not forget me please. Your little friend, JULIA MARIE BELL.

Dear Santa: I am 5 years old. I want a nice big mamma doll, set of dishes and a trunk. ETHEL MILLER.

Dear Santa: I am a little boy 2 years old. I want you to bring me a ball and gun and scabbard. Lots of fruit and candy. Yours, JACK DURWOOD MERITT.

Dear Santa: Please bring me a cowboy suit and a scooter and a gun. Your cowboy friend, KENNETH HARLON DWIGHT. Age 5.

Dear Santa: I am a boy 6 years old. I want you to bring me a gun and a scabbard, and a bugle. Yours truly, JOHN FOSTER MERITT, Jr.

Dear Santa: I want you to bring me a gun and scabbard, a little truck and little train. I also want some fruit and candy. Yours, DONALD LEROY MERITT.

Dear Old Santa Claus: I am a little boy 4 years old and I have a sister 9 years old and two brothers, Delbert, 7 years old, and LeRoy, 2 years old. I want a tricycle, a little car, and a pop gun, some candy, nuts, and a picture book. Your little boy, ELMER WAYNE MATTHEWS.

Dear Santa Claus: Please don't forget to come to Pampa. I am 2 years old. Would you please bring me a little doll and a doll buggy, and don't forget to visit the poor children. Love, CAROL MARGON CULBERSON.

Dear Santa Claus: I am a boy 7 years old and I want a football, sack of marbles, a popgun, a dump truck, and also a red wagon and box of carpenter tools, some candy, and nuts. Your boy, good bye, DELBERT MATTHEWS, route 2.

Dear Santa Claus, North Pole: Please bring me a large cedar chest, a little baby doll, and a table and chairs, and spoons, knives, forks, and a picture book. Please don't forget any little boys and girls. CLARA MAY MATTHEWS.

Dear Old Santa Claus: I am a little boy 2 years old and I want a tricycle, pop gun, and a little truck, and don't forget any little girls and boys. Bring me a picture book, too. Your baby, LEROY MATTHEWS.

Dear Santa: I am a little boy 5

## MISS VINCENT FAVORS PUPILS AT GAY PARTY

### SANTA VISITS ABOUT THIRTY CHILDREN TUESDAY

About 30 children gathered in the home of their dancing teacher, Miss Kathryn Vincent, yesterday afternoon for a party and Christmas tree.

Christmas games were played, and as the children were waiting for Santa Claus, Virginia Hester entertained with a reading. Names were drawn for gifts, and Santa passed sacks of candy, popcorn, cookies, and nuts.

The hostess was assisted in entertaining by her mother, Mrs. Katie Vincent, Miss Susie Belle Smaling, and Jim Bunting of Shattuck, Okla.

Richardson Rites Conducted Today

Funeral service for S. L. Richardson, 49, were to be conducted in the chapel of the Stephenson Mortuary at 2 o'clock this afternoon with the Rev. C. E. Lancaster, pastor of the First Baptist church, officiating. Burial was to follow at Fairview cemetery.

SANTA

(Continued from page 4.)

with their hard little heads. They pushed and pushed, and suddenly the rock moved an inch. Then it moved another inch. Then "crash!" and it went rolling down the hill and ended up "smack!" against the dwarf's door. There was not an inch for him to squeeze through.

LETTERS

(Continued from Page 5.)

years old. I live at Bowers City. I can't write but I'll tell you what I want for Christmas. I want a toy pistol, caps, firecrackers, airplane, scabbard, belt, nuts, candy, and fruits. I don't think I am asking too much as I am a pretty good

boy. Thanking you, HOWARD JUALLS, JR. 2.

Dear Santa Claus: I am a little boy 7 years old. I go to school at Hopkins No. 2. I am in the second grade. I want a toy pistol, caps, belt, scabbard, gloves, nuts, fruits, candy. I have been a good boy. Thanks, D. WAYNE JUALLS, Route 2.

Dear Santa: I want a cowboy suit, football train and small bicycle. I am seven years old and in the second grade. BILLY BOY ABERNATHY.

Dear Old Santa: Please come and see us. My name is Geneva Dittmeyer. I would like to have a doll and a dresser, powder puff and some powder that is all I want for times are hard and my daddy doesn't get much work. My little sister, Juanita, wants a doll and a stove and some dishes. My brother wants a scooter and a ball. Yours truly, GENEVA and JUANITA DITTMAYER. P. S. We will leave you some money at J. C. Penney's.

Dear Old Santa: I want some tinier toys and a double barrel gun with two triggers, airplane flashlight like Brent, Jr. Remember the poor children and bring me some candy. Love, JACK EARL VANCE, age 4.

ORDINANCE NO. 146

AN ORDINANCE AMENDING SECTIONS NOS. 2, 3, 4, 6, 15, 18, 23, 24, 25, 29, 40 and 41, AND REPEALING SECTIONS NOS. 26 AND 27, OF ORDINANCE NO. 98, PASSED AND APPROVED BY THE CITY COMMISSION OF THE CITY OF PAMPA ON MAY 7, 1928, GOVERNING THE INSTALLATION AND MAINTENANCE OF THE SANITARY SEWER SYSTEM IN SAID CITY, PRESCRIBING THE MANNER OF MAKING CONNECTIONS THERE TO, AND GOVERNING THE DUTIES OF PLUMBERS IN SAID CITY; AND DECLARING AN EMERGENCY. BE IT ORDAINED BY THE CITY OF PAMPA, TEXAS: SECTION 1: Section No. 2, of Ordinance No. 98, passed and approved by the City Commission of said city on May 7, 1928, governing the installation and maintenance of the sanitary sewer system in said city, prescribing the manner of making connections thereto, and governing the duties of plumbers in said city, is hereby amended so that hereafter said section shall read as follows: "As used in this ordinance, the

term "person" means and includes individuals, partnerships, associations, firms, corporations, however formed.

All persons engaged in the plumbing business in the City of Pampa shall pay to the City Secretary of said city an occupation tax of \$50.00, which said tax shall cover the privilege of engaging in such business in said city, subject to the provisions of this and other ordinances of said city relating to plumbers and said business, until the first day of September next, succeeding its payment. Thereafter there shall become due and payable from such persons to said City Secretary an annual occupation tax of \$50.00 on the first day of September of each year; provided, that all persons who are not now engaged in such business in said city, and who have not heretofore passed successfully the examination of the Examining and Supervising Board of Plumbers of said city, and who shall hereafter establish such business in said city, shall pay to said City Secretary an occupation tax of \$100.00, which said tax shall cover the privilege of engaging in such business in said city, subject to the provisions of this and other ordinances of said city relating to plumbers and said business, until the first day of September next, succeeding its payment. Thereafter there shall become due and payable from such persons to said City Secretary the annual occupation tax of \$50.00 as above provided.

SECTION II: Section No. 3, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "All work done upon any sanitary sewer, or any connection therewith, or work done upon any of the mains, pipes, or connections of the Water Department of said city, or any other plumbing work of whatever character, whether installation or repair, and regardless of what drainage system such work is or is to be connected to, shall be done in a good and workmanlike manner, and in accordance with the plumbing specifications and regulations now in existence in said city, or that may hereafter be passed by said city, and such plumbing specifications as are prescribed by this ordinance. Whenever any person engaged in the plumbing business shall have paid the occupation tax as provided in Section 2 hereof, a city meter box key may be secured subject to such regulations as the City Water Department may adopt. In the use of such key the water shall be left on or off on completion of work as found when meter box was opened, and such meter box shall be left

locked. In no event shall the meter be interfered with and such person shall be held responsible for any damage to meter, meter box, or connection.

SECTION III: Section No. 4, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "No person shall make any connection with the sanitary sewer system, or any of the mains or pipes of the City Water Department of said city, or make any opening in any drainage or ventilation system in any house or upon any premises in said city for the purpose of making repairs or any other purposes, without having first secured from the Plumbing Inspector of said city a permit so to do. Application for such permit must be made in writing by the owner of the property to be drained, furnished water, or repaired, as the case may be, or by his authorized agent. Such applications shall give the precise location of the property, the name of the owner, and the name of the person employed to do the work, and shall be made on blanks furnished for the purpose. No permit shall be deemed to authorize anything not stated in the application, and not authorized by the Plumbing Inspector. For the issuance and filing of such applications for permits, a fee of 50 cents shall be charged, and such fees shall be deposited to the General Fund of the city.

Permits to make connections with the sanitary sewer system, or with the mains of the City Water Department, and permits to make any opening in any drainage or ventilation system in any house or upon any premises in said city for the purpose of making repairs or for any other purpose, shall be issued only when the plumbing in the house or building or upon the premises to be connected, or which has been repaired, is in accordance with the plumbing specifications of said city, and has been inspected and approved by the Plumbing Inspector. Said Plumbing Inspector will designate the position of the "Y" branch in the street or alley, as shown by the records of the City of Pampa. All connections made with the sanitary sewer, and all plumbing connected therewith, and all connections made with the mains of the City Water Department, and all plumbing connected therewith, and all plumbing work to be connected with a drainage system of any kind, shall be done under the direction of the Plumbing Inspector or his authorized agent. In the event any plumbing in any house or building or upon any premises in said city which has not been installed or re-

paired according to the provisions of this or any other ordinance of the City of Pampa governing plumbing and plumbing specifications, has been connected to the sanitary sewer system or the mains of the City Water Department without a permit having been secured as required by this section, the Plumbing Inspector may cause such plumbing to be disconnected therefrom and such title as it conforms to such ordinance and a permit has been secured as required herein.

No person carrying on the plumbing business shall allow his or her name to be used by any person directly or indirectly to obtain permits."

SECTION IV: Section No. 6, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "Bad faith or unreasonable delay in the performance of plumbing work shall be deemed a sufficient reason for subjecting the plumber so offending to a suspension of his license and of the privilege granted in Section 2 hereof and every plumber shall be held responsible for the violation of these regulations and for laborers and help employed by him."

SECTION V: Section No. 16, of said Ordinance No. 98, is hereby amended so that hereafter there shall be added to said section the following: "It shall be the duty of every plumber to replace in a good and workmanlike manner any portion of any street or alley which may be opened for the purpose of making connections with any sewer or water pipes, or for any other reason; and all such openings or excavations shall be refilled and restored, and the street or alley placed in as good condition as existed before any such excavation was made."

SECTION VI: Section No. 18, of said Ordinance No. 98, is hereby amended so that hereafter said section shall have added to it the following: "All water pipes installed in houses or buildings, or upon any premises must be of galvanized iron, or of a material equal to or superior to galvanized iron in quality, and must be well supported and installed so that when the water is cut off all pipes will drain out thoroughly. No black pipe shall be used in the installation of water pipes to be connected with the city water mains.

All range boilers must have vent flues connected to chimneys or run directly through the roof."

SECTION VII: Section No. 23, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "Before fixtures are placed in

connection with the plumbing of any house or building and before the soil pipe is connected with the sewer, the outlet of the soil pipe and openings into it below the top shall be hermetically sealed; the pipe shall be filled with water to its top and every joint shall be carefully examined for leaks. Defective pipes discovered must be removed or replaced with sound ones and all defective joints made tight, and every part of the work made to conform to these rules and regulations, and subject to the approval of the inspector.

In cases where plumbing work has been completed in a building before these rules came into force, if the plumbing has been done in accordance with these rules, permits will be granted for making connections with the sewer or water mains in new work, but in case such plumbing work does not meet these requirements alterations shall be made as the Plumbing Inspector may direct to make the plumbing safe to the persons in the house or building, and such as to be no source of injury or stoppage to the sewer. In all cases the soil pipe shall pass through and above the roof. Traps are to be ventilated, fixtures and pipes clean, waste and soil pipes to have sufficient fall. All cleanouts on drainage systems shall be in a convenient place and easily accessible."

SECTION VIII: Section No. 24, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "Every water closet, urinal sink, wash trap, bath tub or set of tubs must be separated and effectively trapped and vented, and bath tubs must be trapped with at least a 4x8 drum trap, and the outlet waste must be connected onto the side of said trap near the top to form a waste seal of not less than two and one-half inches (2 1/2) in trap, and traps must be placed as near the fixtures as practicable. The trap screw must be wiped with solder.

"All sinks in packing houses, butcher shops, lard rendering establishments, hotels, restaurants, board ing houses, laundries, and garages shall be provided with suitable brick or vitrified grease trap. The size, kind, and number of said traps will be required according to the circumstances of the case before any water from any such sinks or receptacle of water containing grease shall discharge into the house drain or sewer. When placed above the floor or ground they shall be of (cast iron) brass or six pound lead, the size of which shall be at least twelve inches (12) by twelve inches (12), or larger as necessary; when placed in the ground, they shall be built of brick and cement mortar,

to be plastered inside and out with three-fourths inches (3/4) of cement and sand of equal parts. For ordinary dwellings, grease traps are not compulsory. Where there are no grease traps the waste must be connected with a pipe no less than two inches (2) in diameter for horizontal runs or vertical lines over eight feet (8) in length with a cleanout plug in all horizontal changes of direction. All grease traps provided for in this section shall be cleaned at least twice each week and oftener if necessary."

SECTION IX: Section No. 25, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "VENT TRAPS. Traps must be protected from siphonage, or the waste leading from the ventilated by a special air pipe connected to waste pipe known as continuous waste, in no less than four inches (4) in diameter for the water closet traps, and one inch and a quarter (1 1/4) for lavatory traps, and one and one-half inches (1 1/2) for other traps, except when more than fifteen feet in length when it shall be not less than one and one-half inches (1 1/2) in diameter. All sinks shall have cleanouts accessible from the outside. The vertical vent pipes for traps of water closets in building more than four stories in height must be at least three inches in diameter, with two inch branches to each trap and for traps of other fixtures not less than two inches in diameter.

No trap or vent pipe shall be used as a waste or soil pipe. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, nor to ventilate any trap, drain, soil, or waste pipe. Each fixture must have a separate vent, except when one closet or two closets back to back is within three feet of the four inch soil pipe stack; and except when floor drain and bath trap are within three feet of lead bend or soil pipe stack."

SECTION X: Sections Nos. 26 and 27, of said Ordinance No. 98 are hereby expressly repealed.

SECTION XI: Section No. 29, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "All vent pipes passing through the roof shall be flashed with two and one-half (2 1/2) pound lead, beaded over top and inside of vent pipe at least one-half (1/2) inch."

SECTION XII: Section No. 40, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "PENALTIES. Any person who shall engage in, pursue, or carry on the occupation or business of plumbing in the City of Pampa without first paying to said city the

taxes due thereon as provided in Section 2 hereof, shall be fined in any sum not less than the amount of the taxes due, and not more than double that sum; provided, that no such fine shall ever exceed \$300.00. This section shall not affect any civil remedy that the city may have to enforce the collection of such taxes.

Any person prosecuted under this part of this section shall have the right at any time before conviction to have such prosecution dismissed upon payment of the tax and all costs of prosecution, and no prosecution shall be commenced against any person for that particular offense after the payment of said tax notwithstanding they have followed such occupation or business within the city limits before such payment; provided, said payment shall cover the time said person has pursued or carried on said business within said city.

Any person who shall fail or refuse to comply with, or who violates, any section of this ordinance, other than Section 2, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any sum not less than \$5.00 nor more than \$200.00 for each offense; and each day that such violation shall exist shall constitute a separate offense."

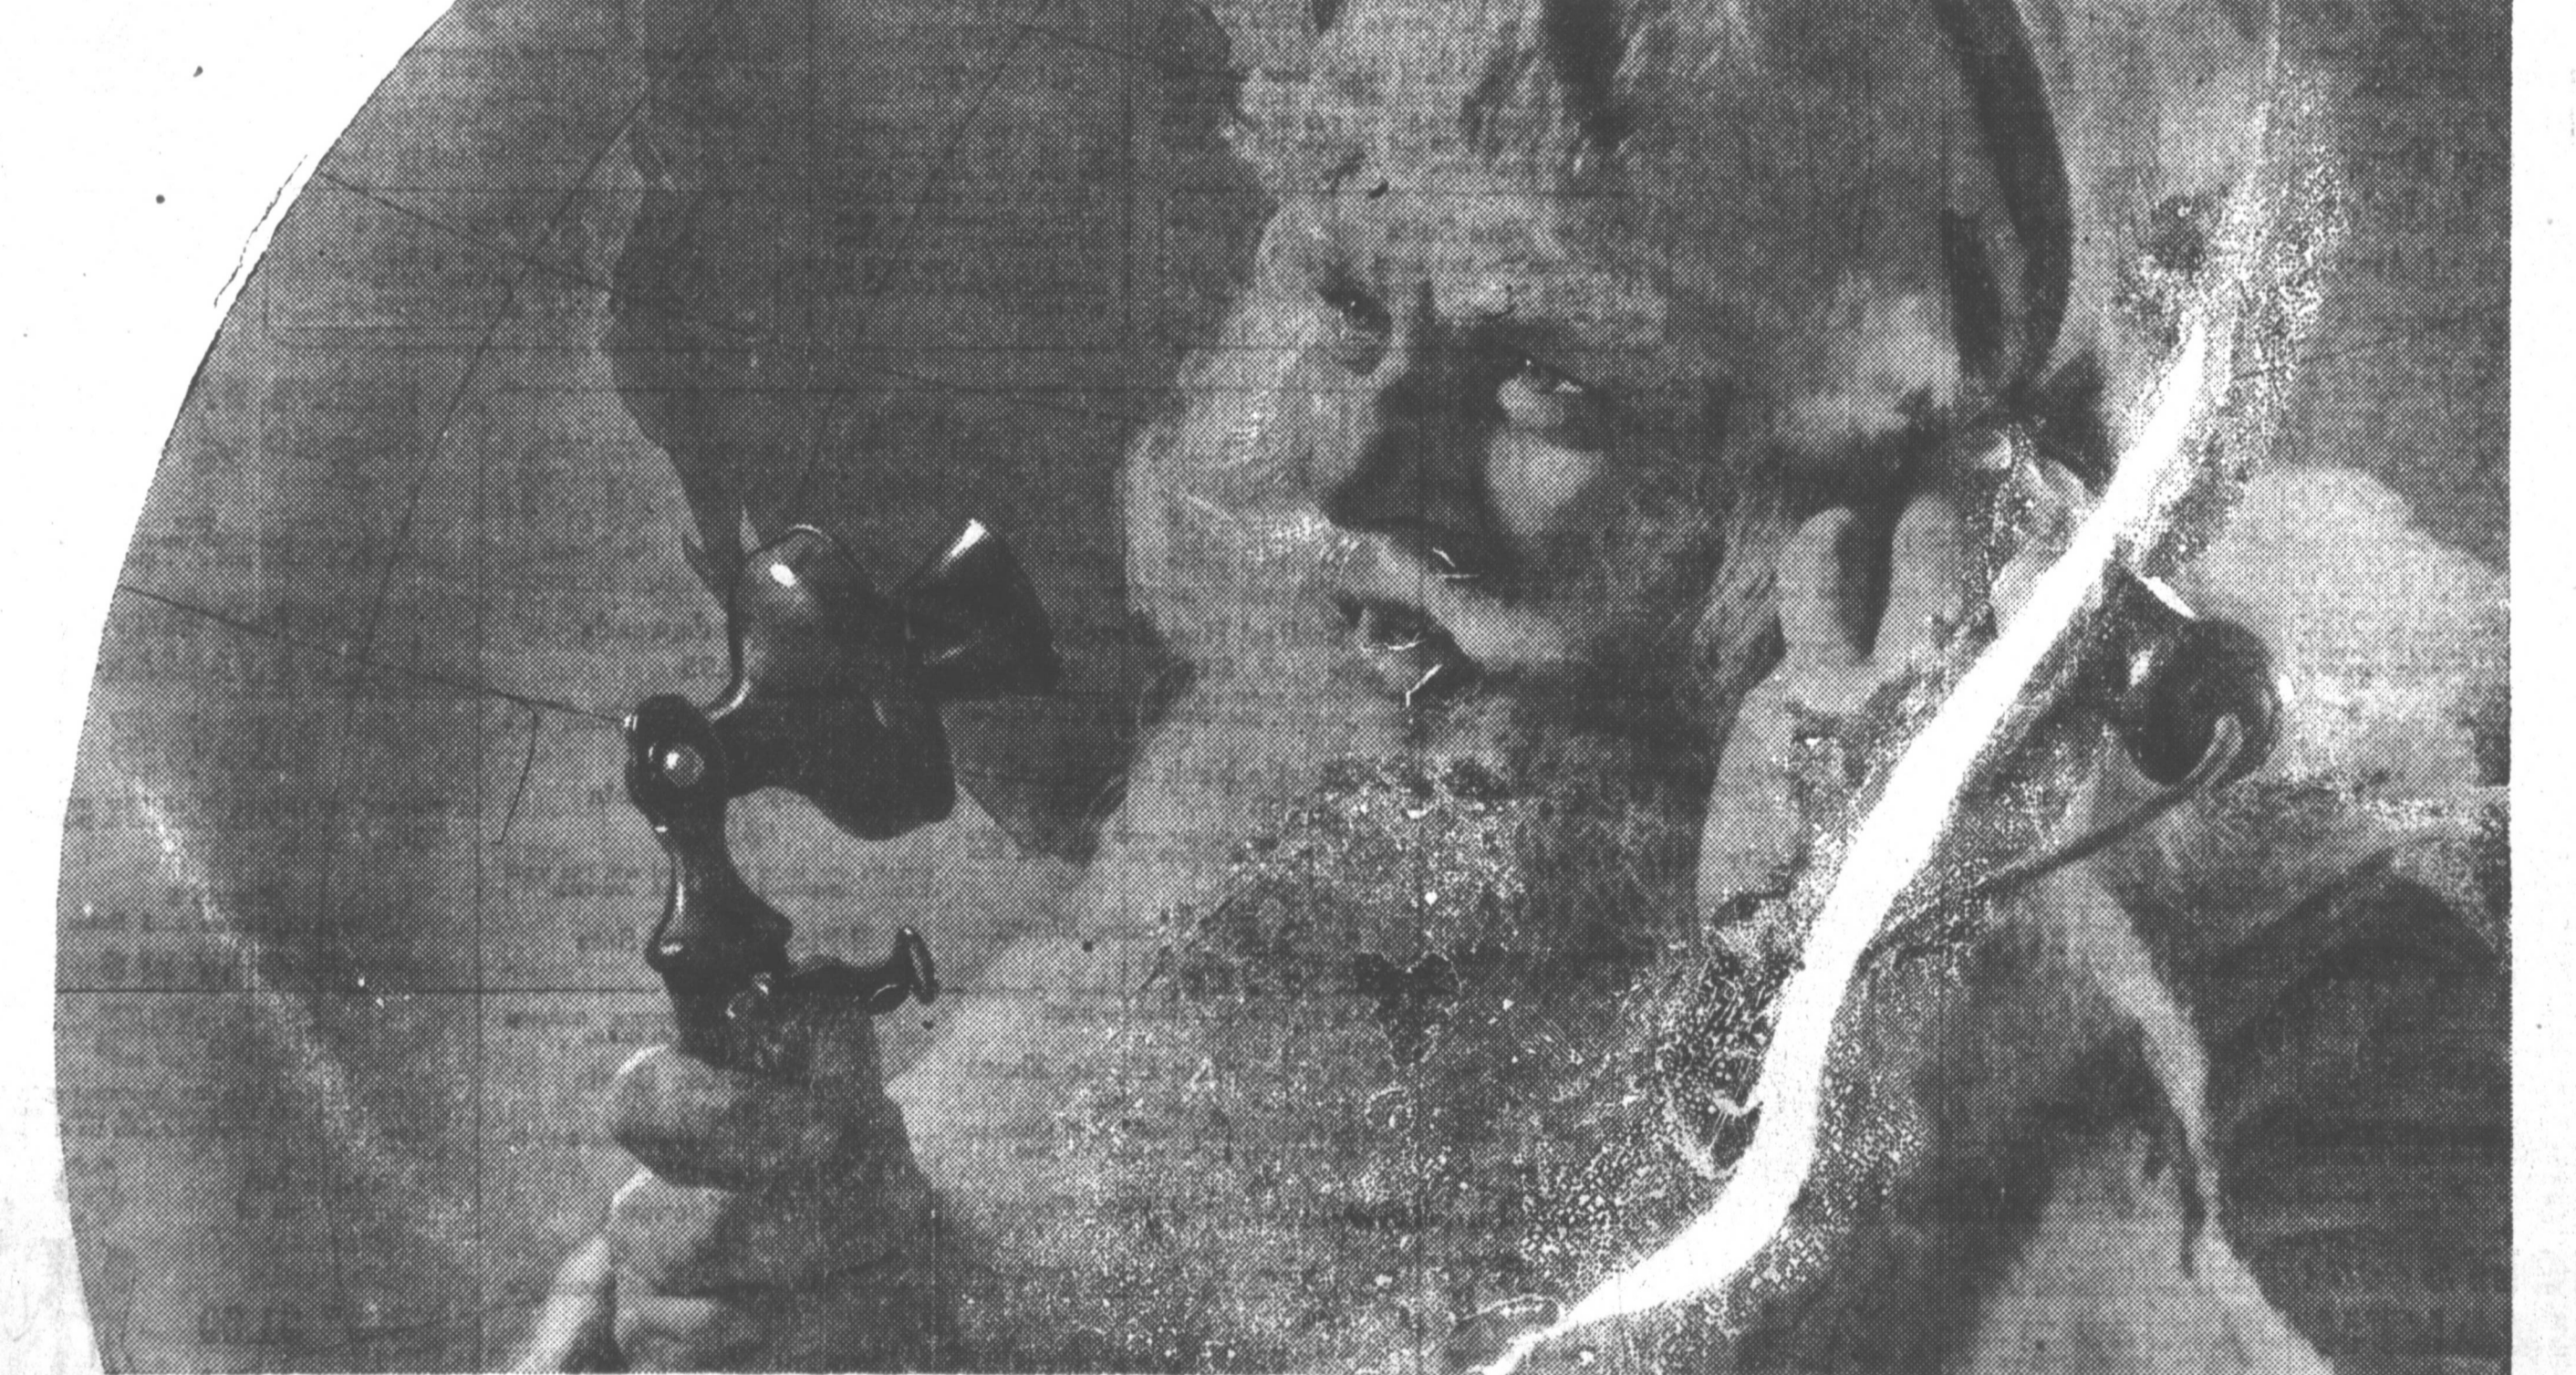

SECTION XIII: Section No. 41, of said Ordinance No. 98, is hereby amended so that hereafter said section shall read as follows: "All ordinances or parts of ordinances in conflict herewith are hereby repealed and shall be of no further force and effect.

If any section or any part of a section of this ordinance shall, by any court of competent jurisdiction, be held to be invalid, the same shall not affect any other part of said section, or any other section of this ordinance, but the said part of a section and other sections not affected thereby shall remain in full force and effect."

SECTION XIV: EMERGENCY. It appearing that said Ordinance No. 98 requires amending as herein set out, and it further appearing that the public health and welfare requires the immediate enforcement of such amendments, an emergency is hereby declared and the rules prescribing three separate readings of an ordinance are hereby suspended, and this ordinance shall be in full force and effect on and after its passage and publication as prescribed by law.

Passed and approved this 19th day of December, 1932. (Seal) W. A. BRATTON, Mayor. ATTEST: J. H. BLYTHE, City Secretary. (Dec. 21-29)

LOCAL CAGERS TROUNCE IRISH 46-15 TILT

PASSING ATTACK AGAIN WINS GAME FOR HARVESTERS

The Harvesters played some of their best basketball of the season at the high school gymnasium last night when they swamped the fast Shamrock Irishmen 46 to 15.

Every member of the team played good ball, passing often and accurately and guarding close.

Wills made four points to be high for Shamrock. The Irishmen appeared lost on the large playing space and couldn't work the ball under the basket.

The Harvesters will play the fast Hedey Owls here tomorrow night. The game will start at 7:30 o'clock.

Table with 4 columns: Player Name, FG, FT, REB. Lists players like Marbaugh, Woodward, Sartin, Sullivan, B. Kelley, Pullington, W. Kelley, Patton, Heiskell, and totals for Shamrock (15) and Harvesters (46).

Senators' New Pilot Sits At Feet of Mack

PHILADELPHIA, Dec. 21. (AP)—Just how successful Joe Cronin will be as the new skipper of the Washington Senators remains to be seen, but he certainly knows at whose feet to sit.

Cronin Mack who was managing the Philadelphia Athletics before Cronin was born, reveals that on many of his visits to Washington during the last several seasons, the young shortstop unobtrusively sought him out in hotel lobbies and other gathering places and quietly plied him with questions.

"I don't know if I could tell him anything he didn't know," the veteran tactician said modestly, "but he used to ask all kinds of questions and I'd answer him. Finally I began to think to myself: why he'd be using what I told him against my own club?"

Mack will be 70 years old next Friday and has been managing the A's since they were organized in 1901. Cronin is 26.

Haskell Embroiled In Political Row

LAWRENCE, Kas., Dec. 21. (AP)—Contradictory explanations have been advanced for the refusal of the Haskell Institute Athletic Board to renew the contract of Frank W. McDonald as athletic director, now under private investigation by Senator Cutting of New Mexico.

Dr. R. D. Baldwin, superintendent of the Indian school, and his assistant, Paul L. Pickinier, who voted an end to McDonald's services with the Indian school after thirteen years, described their action as a move for economy.

McDonald declared the resolution refusing to renew his contract when it expires December 31 was tantamount to dismissal and was in retaliation for his political activities as president of the young men's democratic club of Kansas.

Frank O. Jones, a director and past president of the alumni association, issued a statement in which he charged the dismissal of McDonald was a step in a deliberate plan of the Baldwin administration to "kill" athletics at Haskell.

THEY ATE HEARTILY CAMBRIDGE Mass. — Football crowds at the Harvard stadium were small this year but apparently they were heavy eaters. Proceeds at the lunch stands were so heavy that more than \$2,500 was distributed among the 50 students who worked at the counters. The money was given as a bonus in addition to regular wages.

ARGUMENTS FOR REPEAL OF RULES GIVEN BY TEACHERS

Coaches And School Heads Cite Reasons Why Rules Are Unfair.

Proposed changes in athletic rules and regulations pertaining to high school football and basketball centered around the eight semester rule and the one-year transfer rule at the Interscholastic League meet in Fort Worth last month.

The eight semester rule which would become effective next September unless changed would not allow a student to compete in athletics if he had been in high school more than eight semesters.

Many interesting talks were made by those present, giving reasons for the proposed changes in general.

A statement by Coach Odus Mitchell of the Pampa Harvesters and remarks by well known superintendents from the minutes of the meeting in Fort Worth are quoted:

"The eight semester rule was tried in Oklahoma and was abandoned after the first year as impractical, so why should we in Texas go over the same thing?" Odus Mitchell said when asked about the rule.

Emmett Brown, Cleburne, spoke as follows: "It has been a great joy that I have seen a development of a community interest. Before the Intercollegiate League had any existence, in Central Texas a few of us got together and formulated some rules that we might compete in friendly rivalry, and I believe it was the beginning or seed that came forth with the Interscholastic League. I believe in play; I believe in manhood and womanhood. We are in a financial difficulty, but that difficulty is going to be solved as we bring to the people the sanity of what the schools exist for. We are in the schools to develop the students into the finest men or women they are capable of being developed into, and a girl who has been in school longer than the required time. For more than a decade it has required an average of five years for more than eighty per cent of the girls to get the training we believe they need before they step out with a diploma. A few years ago we thought what they needed was to keep them in school instead of kicking them out. We had about thirty per cent of the boys in school, and we should seek and employ more men in the grades so that a boy will be associated with a warm, broad, sympathetic man in the grades. We have been trying to carry out this idea in Cleburne for a great many years, and there has not been a day since 1916 that we have not had more boys than girls in the schools of Cleburne. There are more boys than girls in Cleburne today. More than eighty per cent of our graduates require five years or more. It is so hard for a boy to finish in four years that when such cases do occur, I make special mention of them at the graduation exercises. I believe that we are living in a machine age in which we must go backwards to make progress in the right direction."

F. E. Norton, Dallas, said: "As far as wanting clean athletics is concerned, I have done as much as anybody here. One of the difficulties that seemed to be in the way of clean athletics was keeping people in high school a little too long, but after I looked back over all the difficulties that I encountered, there was only one case of a player staying in school to play football. I have seen a lot in my experience who graduated in high school too soon. A player puts in a lot of time that other boys do not use or take away from their literary studies. I believe he ought to have a little more time."

The Voss Cleaners team jumped into a firm hold on third place Monday night with two wins out of three from the Texas company. Both teams rolled with three players and two dummy scores because of illness of other members.

The league race has been tightening up during the past few weeks when better scores have been rolled.

Shamrock Coach's Automobile Stolen Shamrock's basketball coach reported to officers last night that his newly new Chevrolet coupe had been stolen while he was attending the Pampa-Shamrock basketball game.

The car was parked in the first block on North Cuyler street. The license plate, issued in Walker county, were number K74-107.

From Wheeler this morning came the information that a 1928 model Chevrolet was stolen from Virgil Agan. The thieves were believed headed toward Pampa.

Mrs. E. F. Hutto of Skellytown shopped in Pampa yesterday afternoon.

ODDS AND ENDS

Wesley Ferrel of the Cleveland Indians insists upon having a room all to himself when the club is on the road. And it's not, as some was suggested, because they wouldn't let him room with Manager Roger Peckinpaugh.

Jack Britton and Ted Kid Lewis fought 22 times, the last bout being the best and drawing the biggest crowd.

Cricketers, officially, are not "distinguished persons" in England. A decision was given by the Ministry of Health and presumably settled no end of arguments.

John McGraw, never known to flinch at expressing an honest opinion, declares major league ball players have been more money-wise than "too much money—soft money—automobiles."

Polo, about the only sport at which La Didrikson has not excelled, likewise is the only one left open to the suspended Babe. "They don't care if you're amateur, professional or Abyssinian, just so you can swing a mallet. She'll have to take off some week-end and master the game."

Rival club owners and managers already are moaning low at the thought of Pittsburgh's new outfield, "Freddie Lindstrom and the Waner boys" mused one pilot. "It's a frame-up."

Centenary Gents Quit In Disgust

By The Associated Press. There is a chance that Centenary college of Shreveport will soon forget about the Southwest conference and become a member of the newly organized Southeastern conference.

For several years Centenary has endeavored to become a member of the Southwest conference. Each annual meeting, the application is considered and shelved. When Centenary failed to gain admittance this year, it just about disgusted the Gentlemen of Shreveport.

The Southeastern is a fine conference and Centenary is extremely anxious to become a member of a ranking organization.

Flu Strikes At Masonic Eleven

FORT WORTH, Dec. 21. (AP)—Illness prevented several members of the Masonic Home football team from attending the first practice session for the Corsicana game yesterday. However, Coach H. N. Russell reported hope of his boys sustained serious injuries in the Amarillo game and a full squad was expected to report this afternoon.

The Masons will leave Sunday for Corsicana and will spend night in the Navarro county city. They will be followed on Monday by several hundred local fans who will ride a special train or drive through.

Coach Russell is planning to give his aerial tactics a thorough polishing this week.

Bowling Scores

The Culum Motor bowling team went into second place in the Commercial league race last night by making two out of three games from the Country Club team which was rolled into third place. The Thirty Footers took three in a row from the Schneider hotel. Roff of the Country club rolled high series with 820 pins. Culium of the Motor boys was second high with 692 pins.

Table with 4 columns: Player Name, Pins, Points. Lists scores for Murphy, Chambers, Lawson, Culium, Landry, Country Club, Fenberg, Allen, Roff, Fathere, Swanson, and totals for Thirty Footers, Schneider Hotel, and Country Club.

Girls Box To Draw Minus Fight Scars

ST. LOUIS, Dec. 21. (AP)—Evelyn Norris and "Bobby" Brewer, St. Louis girl boxers, fought to a draw here last night in a match that was the first feminine pugilistic contest ever sanctioned by the Missouri Athletic commission for a major arena.

The bout was part of a boxing-wrestling program for charity—a great deal of which the girl pugilists exhibited in their three-round bout, and neither suffered any battle scars.

YANK VICTORY VOTED SPORT FEAT OF YEAR

WRITERS IGNORE GRID IN FAVOR OF BASEBALL

NEW YORK, Dec. 21. (AP)—By an overwhelming margin, the nation's sports experts have decided that the New York Yankees' feat of winning the American league championship and the world series was the greatest achievement of the year.

Exactly 100 out of the 302 votes cast in the second annual Associated Press poll of sports writers and editors went to the Yankees. The college football teams of Colgate and Southern California, the pro outfit of the Green Bay Packers, the United States Olympic track and field squad, and California's all-conquering crew, finished badly displaced also-ran to the Yankees.

Colgate's football array, undefeated and untied, was unscoring, won finished in second place with 33 votes, six more than Southern California's mole-skin warriors.

Apparently it was the Yankee's consistent performance over the long stretch from April to October that turned the tide of ballots toward them rather than to any one football team. The Yankees played 160 games where football elevens are asked to play nine or ten at the most.

Here is how the leaders finished in the balloting: N. Y. Yankees, baseball, 100; Colgate, football, 33; Southern California, 23; U. S. Olympic track team, 26; Green Bay Pro football team, 19; University California crew, 15; U. S. Olympic team (all sports), 11; Pittsburgh, football, 8; Michigan, football, 7; Notre Dame, football, 7; Jap Olympic swimming team, 7.

Passes Likely To Decide Rose Bowl Encounter

CHICAGO, Dec. 21. (AP)—It was beginning to look today as though the best team that Grove, winner of the Rose Bowl, would have to wait until the veteran, Robert Moses Grove, retired to gain his championship standing.

Or, it was suggested, they might become left handed. Grove, who was scouted up of the Philadelphia Athletics, yesterday was named champion of the league for the fourth consecutive year.

Grove's low earned run average for the 1932 season was officially set at 2.84 in 44 games and 292 innings during which he allowed only 269 hits, 79 bases on balls, one hit batsman and no wild pitches. His percentage for four years in the American league and a full season was expected to report this afternoon.

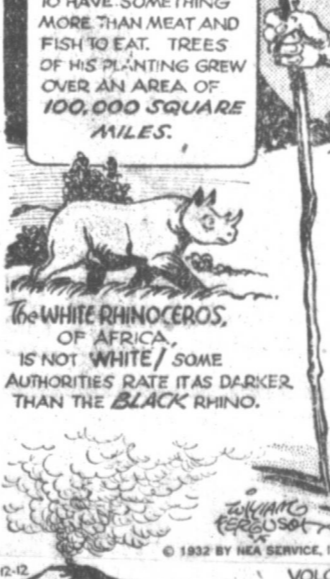

Standings of other leaders were: Charlie Ruffing, New York Yankees, 3.10; Ted Lyons, Chicago White Sox, 3.28; Alvin Crowder, Washington, 3.32; and Tom Bridges, Detroit, 3.36.

However, in winning percentage Grove is the champion of the Yankees with 17 victories and four losses in 33 games. Grove was fifth with a score of 25 victories and 10 defeats.

CHILD DIES HERE

Loys Wilson, infant son of Mr. and Mrs. Ben Wilson, was to be buried at Fairview cemetery this afternoon. Arrangements were in charge of the Stephenson Mortuary. The child died in a local hospital this morning. The family resided at 107 West Brown street.

THIS CURIOUS WORLD

JOHNNY APPLESEED WHOSE REAL NAME WAS JONATHAN CHAPMAN TRAVELED THROUGH THE COUNTRY IN THE EARLY PIONEER DAYS AND PLANTED APPLE SEEDS WHEREVER HE WENT. HE WANTED SETTLERS TO PLANT TREES MORE THAN MEAT AND FISH TO EAT. TREES OF HIS PLANTING GREW OVER AN AREA OF 100,000 SQUARE MILES.

WHEN THE ICELANDIC VOLCANO SKAPTAR-JOKULL ERUPTED IN 1783, THE DUST AND FUMES RUINED CROPS IN SCOTLAND, 600 MILES AWAY.

HOOKS AND SLIDES BY WILLIAM BRAUCHER

Associated Notes

Slip Madigan, coach at St. Mary's, tips us off that Southern California will beat Pittsburgh in the Rose Bowl. His reason for thinking so is that Howard Jones and his Trojans have not been defeated by a double wingback system in at least the last five years.

Mr. Jones has the system well defended, and Slip continues: I base my prediction on the assumption that the material at Stanford and Pitt are about on a par, which was proved by the game between these two teams.

Johnny Has Nerve "Two years ago, when Jockey Johnny Gilbert started riding at Emerald Park, near St. Louis, his mount fell with him. . . he received bruises and cuts. . . but he came back to ride a winner the same day. . . he fell again at Hawthorne. . . but came back to win seven races in eight days. . . he fell at Bowie in eight days. . . now it appears he is going on to win the year's jockey championship. . . his mount has a number of winning mounts beyond 200. . . the record is 207."

Cash Does Help Sidney Weil, president of the Cincinnati Reds, says that the deal whereby Babe Herman went to the Cubs, and Richbourg, Hemsley, Bob Smith and Johnny Moore came to the Reds, involved some cash. . . enough cash, says he, to re-establish the Cincinnati club's credit, and it was highly important that we did not let them have plenty of money of cash at that.

Tears Help, Too They say that Funk Anderson was overcome by his emotions in his pre-Army game pep talk to the boys of old Notre Dame. When he reached the point of saying, "This is the game where you guys either prove you are a Notre Dame football team or just a bunch of 'stuffed suits,'" tears as large as footballs rolled from his eyes. Hunk said he had cried a little before the Pitt game, but saved his lamentations until afterward.

Hunk, the Big Old Bear Anderson has decided against the optimism he radiated last year when he took over the coaching job at Notre Dame. He said he would not be in the game. The lesson was bitterly learned at Pittsburgh.

The newspapers carried stories to the effect that betting odds on Notre Dame to beat Pitt were 6 to 1. A long list of Pitt players who wouldn't be able to play because of illness and injuries also was published. Hunk says his Ramblers refused to take the game seriously. In fact, they laughed and joshed all through the first two periods.

So, before the game with Southern California, Hunk gave off clouds on gloom. He said he would win with Pitt. An ambulance would be needed to carry Brancheau from the train to the hospital. Howard Jones called together his Trojans and told them not to take the stories seriously. And that Notre Dame would have its full strength on the field Dec. 19.

By the way, some sort of prize should go to the copywriter who wrote the headline over the flu story: "Trojans Sniff as Notre Lams Sneezes." It seemed to me the year's best football headline.

East Hits Back The east, taken here to define that small part of the country between the Rockies and the Atlantic ocean, has had lots of fun this year with Pacific coast ball clubs. Oregon State lost to Fordham and Detroit; St. Mary's lost to Fordham and Alabama and Stanford lost to Pitt. How quaint and unusual!

GIRLS TAKE GAME 32-29

Harvesterettes Win First Battle, Nosing Out Fast Panhandle Sextet.

Coming from behind, the Pampa girls won their first basketball game of the season last night by defeating the fast Panhandle team, 32 to 29. Minnie Neal entered the game late in the last quarter to score four points and put the Pampa girls ahead. Captain Louise Walsad added a free throw to make things easier for the locals.

The half ended with Panhandle leading, 17 to 13, largely due to the steady shooting of Hawkins, who made 12 points. However, Louise Walsad of the Pampa team got her shooting eye in the first half to add 13 points to the list. She made in the first half for a high total of 22 points, three more than Hawkins of Panhandle.

Upham, the other Panhandle forward, scored 10 points. Helen Murphy of Pampa made four points in the first half and Minnie Neal added the other six in the last quarter.

The passing of the Pampa girls was erratic and enabled Panhandle to score many extra points. However, the team is inexperienced but learning fast under Coach Harry Kelley. The work of DeAnne Heiskell as running center of the Pampa girls was outstanding.

Both teams played hard basketball from the first whistle and fouls were numerous. The line-ups: Pampa: Walsad, Murphy, Shields, Neal, Heiskell, Lard, Fraser, Hunkapillar, Willis, Robinson, Gray. Panhandle: Hawkins, Upham, Barry, Shepherd, Mullins, Powell, Young. Referee, Enloe.

Grove Is Named League Champion

LOS ANGELES, Dec. 21. (AP)—Whatever takes place the next 12 days within the locked gates of the field where Southern California prepares for its Rose Bowl football game with Pitt January 2, there is certain to be much ado about passes—receivable and interceptable.

The only opponents to score on the Trojans this year threw passes for touchdowns. Almost half of Southern California's 23 touchdowns in nine games were made directly on successful aerial attempts.

Coach Howard Jones' team scored eight touchdowns directly on passes, intercepted two of its opponents' tosses for touchdowns, and otherwise advanced the ball via the ozone to make possible at least a part of the 11 touchdowns which came from running plays. Two scoring thrusts resulted from blocked kicks while the other one was paved by a penalty which placed the ball a couple of yards short of the goal line.

There is no question but what the 1932 edition of the Trojan war horse has traveled by air a greater distance than in any one season before. The main reason appears to be that the driving backs of other years such as Gaus Shaver, Morley Drury, Russ Saunders, and Jim Musick, have had no successor in the squad this fall.

REPORT BABE IS PLANNING TO TURN PRO

DIDRIKSON QUILTS HER JOB; OBJECT MAY BE MATRIMONY

DALLAS, Dec. 21. (AP)—The redoubtable Mildred Babe Didrikson resigned her job and drove south last night, leaving sports followers to puzzle over reports that the Olympic champion planned to turn professional and that she was considering matrimony.

Miss Didrikson apparently was on her way to her Beaumont home to spend the holidays with her family. Mrs. C. Didrikson said she understood that her daughter, who recently was suspended by the Amateur Athletic Union because she allegedly endorsed a make of automobile, expected to turn professional soon.

At Houston the athlete's sister, Mrs. Esther Elam, lauded at reports that Babe was to be married. She said there was "absolutely nothing to it."

A typewritten statement was issued to Houston papers as coming from Miss Didrikson. It was confirmed by Mrs. Elam as authentic. One paragraph read: "This is my last word concerning my suspension. So far as I am concerned, it is a closed incident. Newspapers and the public must be tired of the whole business. I know I am."

PECAN THIEVES CAUGHT

HOUSTON, Dec. 21. (AP)—Pelix Garcia, pecan dealer, is by way of being familiar with the lore of the woodman.

Quite a number of sacks of pecans had been stolen from him lately, and last night he suspected there would be another visit of thieves, so he put small holes in the bottom of the sacks.

Detectives found a trail of pecans leading to the house of three Mexicans. They were charged with misdemeanor theft.

REPORT BABE IS PLANNING TO TURN PRO

DIDRIKSON QUILTS HER JOB; OBJECT MAY BE MATRIMONY

DALLAS, Dec. 21. (AP)—The redoubtable Mildred Babe Didrikson resigned her job and drove south last night, leaving sports followers to puzzle over reports that the Olympic champion planned to turn professional and that she was considering matrimony.

Miss Didrikson apparently was on her way to her Beaumont home to spend the holidays with her family. Mrs. C. Didrikson said she understood that her daughter, who recently was suspended by the Amateur Athletic Union because she allegedly endorsed a make of automobile, expected to turn professional soon.

At Houston the athlete's sister, Mrs. Esther Elam, lauded at reports that Babe was to be married. She said there was "absolutely nothing to it."

A typewritten statement was issued to Houston papers as coming from Miss Didrikson. It was confirmed by Mrs. Elam as authentic. One paragraph read: "This is my last word concerning my suspension. The "GIFT" PROBLEM

This is the time of year when one begins to wonder "What shall I give?"

Let us make some suggestions. Give Time, Comfort, Convenience. Nothing could be more personal and at the same time more acceptable. ELECTRICAL APPLIANCES ARE THE ANSWER. They are time savers—energy savers. They make the work of the house easier. No home should be without them.

Their cost of operation is negligible—a few cents a day—and they more than pay for themselves in time saved, energy saved.

**NEW ORLEANS COTTON**  
 NEW ORLEANS, Dec. 21. (AP)—Cotton opened easier today with trading slightly more active. Liverpool came in lower than due and first trades here showed losses of 2 to 3 points.  
 Trading continued moderate in cotton all morning and prices eased off slowly due mainly to pre-holiday liquidation and to some final liquidation of the January position in advance of notice day on Friday. There was also a little hedging. January traded down to 5.85, March to 5.98 and May to 6.10, or 7 to 8 points under the early highs and 4 to 5 points under yesterday's close.

**CHICAGO GRAIN**  
 CHICAGO, Dec. 21. (AP)—An upward trend showed itself in wheat prices early today. A bullish construction was generally placed on the Washington official crop report emphasizing the low condition of new domestic winter wheat. Many traders, however, challenged the accuracy of the government estimate of 1.3 per cent reduction in acreage. Wheat closed unsettled at the same as yesterday's finish to 3% higher, corn a shade to 1/2% down, oats 1/4 off to 1/2 up, and provisions unchanged to 15 cents lower.

## MARRY CHRISTMAS, THIS?

The world's most famous stowaways at present are Marilyn Miller, musical comedy star, and Don Alvarado, pictured here just after their recent arrival on English soil. They climaxed a sudden voyage on the Bremen—an enforced stowaway trip brought about when they overstayed a sailing party on the liner — by announcing plans to marry. They hope for a London Christmas ceremony, but British authorities may force them to leave before that time because they have no passports. They went to England after France had refused them entrance.

## PERSONALS

Miss Elizabeth Farley of Memphis, Tenn., was to arrive this afternoon to spend the Christmas holidays with her aunt, Mrs. John Peake. Mr. Peake was also expected from Fort Worth.
