

# U.S. PROTESTING TO JAPAN AGAIN

## C. V. Terrell Opens What Will Be Lengthy Hearing on Gas Waste

Atheism is an inflammatory subject. This the Lubbock newspapermen have discovered since they took notice of the charges that atheism was being taught at Texas Tech. It is hard to drop a subject of this kind because it involves basic prejudices.

**NORRIS BOBS UP**  
Another reason is that J. Frank Norris still likes his publicity. As long as anyone will take Norris seriously newspapers will not lack for something to fill up the paper. And then there are mine Norrises, who, if encouraged, will be good for a headline or two.

**EXAGGERATED**  
Several pertinent aspects have appeared in the discussion. One is that the original charge was, as might have been expected, greatly exaggerated and full of inaccuracies. In the second place, the public lost no time in jumping to unverified but very strong conclusions. And in the third place, many persons hastened to interest themselves in order to profit from the discussions which arose.

**NOT EXCITING**  
There is nothing new, of course, in the situation. Norris and other theological sleuths have before made such charges against both state and church schools. Since there are several hundred denominations who cannot agree on church doctrine and Bible interpretations, it is unreasonable to expect all educators, particularly those of institutions of higher education where independent thinking and scholarship are emphasized, to accept Norrisism or the creed of any denomination without reservation.

**PLACING THE BLAME**  
If an advanced student cannot study in the library of the world's facts, thoughts, and opinions without going mentally hay-wire, his previous training has been faulty, and the home, the church, and the public schools must share the blame. Many of the most sincere Christians we have ever known have been the most scholarly. The greater the knowledge, the more humble the experimenter. True learning is self-correcting. And a little learning released under pressure of

### MCDONALD ON STAND CITING SYSTEM USED

**MANY OFFICIALS ARE HERE TO WATCH INTERESTS**  
**FRED UPCHURCH IS HERE**  
**AMERICAN REFINING CO. WELLS FIRST ON LIST**

Testimony concerning alleged waste of oil and gas in about 165 wells in the Panhandle field was started this morning in the hearing being conducted by chairman C. V. Terrell of the Texas Railroad Commission in the city hall. It was estimated that the hearing would continue two or three more days, and that no decision regarding drafting of measures to prevent waste would be made until after the hearing closed.

Approximately 175 representatives of oil and gas companies involved in the order were present to show cause why an order should not be made by the commission to stop waste. The first company on the list was the American Refining Company. Testimony concerning the oil and gas production of a half dozen of the company's wells on the Burk-Burnett ranch in North Carson county was introduced. Company officials were questioned before J. M. McDonald, deputy oil and gas supervisor for the Panhandle field, was called to the stand. The railroad commission is being represented by Fred Upchurch, assistant attorney general. Mr. Terrell was accompanied to Pampa by Mr. Upchurch and R. D. Parker, chairman of the oil and gas division.

Representatives of companies which operate 165 wells mentioned on the list will be called to the stand in alphabetical order. All of the testimony this morning was of a technical nature, but centered upon the waste problem. Mr. McDonald was longest upon the stand. He was questioned lengthily by attorneys for the American Continental, and other companies. Mr. Upchurch brought out the inquiry by attorneys for the American, wells on Burnett lease where producing 1,400,000 feet of casinghead gas and less than 25 barrels of oil daily.

Mr. Terrell and other members of his party will be guests at a chamber of commerce dinner to be given tonight at the Schneider hotel.

### Kidnaper's Trial Now Under Way

**KANSAS CITY, Feb. 15 (AP)—** Losing a fight for a continuance, Paul Scheidt, a dairy employe, went to trial today on charges of kidnaping in the abduction of Mrs. Nell Donnelly, millionaire garment manufacturer.

The state alleges Scheidt permitted the actual kidnapers to use his cabin as a place to hold their captive while they negotiated with relatives and attorneys of Mrs. Donnelly for \$75,000 ransom.

### THAT'S DADDY

Hunting Charles Arthur (Pr. 11y) Floyd, Oklahoma bank robber and gunman, police held woman and boy shown above for questioning. Only when her son cried, "That's daddy!" at Floyd's picture did woman admit she was bandit's wife.

### INFLUENZA IS STILL STRONG

**Many Students of High School Are Absent Because of Illness.**  
A survey made this morning after it was reported that one student died of pneumonia during the week-end showed that influenza is still maintained epidemic proportions among school children and students of the schools. A week ago the epidemic ebbed somewhat and it was estimated that the peak of illness had passed.

This morning more high school students were out of school in account of illness than at any time this term. Absences in Junior high numbered 73, and in Baker school 68. The sickness in these two schools were representative of the other ward schools in the city.

School teachers were cheered this morning by the arrival of Miss Ivan Mayfield, new health supervisor, who immediately assumed her duties. Teachers and children were being cautioned today regarding measures to prevent contracting bad colds, sore throats, and other forms of the "flu" that are afflicting the students.

After being sick a week, Walter Lary, 18, son of Mrs. A. E. Lary, Wilcox camp, succumbed to pneumonia yesterday. Funeral arrangements have not been announced by the G. C. Malone funeral home where the body was taken. Walter was a student of Junior high school 68. His several brothers and sisters who are ill with the "flu".

**FILES EXCEPTION**  
**LAKE CHARLES, La., Feb. 15 (AP)—** Alvin O. King, who succeeded Huey P. Long as governor of Louisiana, filed exceptions today to the ouster suit brought against him by Paul N. Cyr and asked one court to dismiss the suit for lack of jurisdiction.

### NEW YORKER IS SUCCESSOR TO HIGHEST COURT

**BENJAMIN N. CARDOZO TO FOLLOW OLIVER W. HOLMES**  
**CONFIRMATION IS SURE**  
**LIBERALS ARE BEHIND JEWISH MEMBER OF BAR**

WASHINGTON, Feb. 15 (AP)—President Hoover has determined upon Judge Benjamin N. Cardozo, of New York, as successor to Justice Oliver Wendell Holmes of the supreme court.

Benjamin Nathan Cardozo now is Chief Justice of New York state court of criminal appeals. He has been recommended strongly by various elements describing themselves as liberals. He is a Democrat and a Jew. The name was to be forwarded to the Senate some time today. Confirmation is assured.

Cardozo has the backing of New York's two senators and also is known to be favored by Senator Borah of Idaho, who opposed confirmation of Chief Justice Hughes and Judge John J. Parker.

The president conferred with Senator Watson of Indiana, the Republican leader, and other administration set-aside before making known his choice finally. Appointment of Cardozo makes the political line up of the supreme court five republicans and four democrats.

### Police Official At Tulsa Under Liquor Charge

**TULSA, OKLA., Feb. 15 (AP)—** Officers from the United States marshal's office set out today with a warrant for the arrest of Thomas I. Munroe, Tulsa police commissioner, on liquor conspiracy charges.

Failing to locate Munroe at the county court house, where he was a witness during the morning, the officers went to police headquarters and found that again they were just too late.

A few minutes later the officers told newspapermen that, accompanied by his father, Munroe planned to go to the marshal's office to surrender.

### BEFORE STORM BROKE AT SENATE HEARING

Calm before the storm. Secretary of War Patrick J. Hurley (standing, center) and members of the Senate Committee on Territories and Insular Affairs, as they posed at the national capitol. The peaceful scene was broken when Secretary Hurley and Senators Harry B. Hawes of Missouri and William H. King of Utah engaged in bitter controversy over the former's denunciation of bills providing for early Philippine independence. Left to right, seated, are Senators Arthur Vandenberg of Michigan, Hiram Bingham of Connecticut, King, and Edwin S. Broussard of Louisiana. Standing, at left, is Senator Sergio Osmeña acting President of the Philippine Senate, and at right, Manuel Roxas, Speaker of the House of the Philippine legislature.

### Blackmer Loses His Appeal

**Had Sought to Escape \$6,000 Fine Imposed in Conspiracy Trial.**  
WASHINGTON, Feb. 15 (AP)—Harry M. Blackmer, former Colorado oil operator, today lost his fight in the supreme court to set aside fines totaling \$6,000 for his failure to return to this country to testify in the Fall-Sinclair prosecution arising out of the Teapot Dome Oil Scandal.

By its action the court upheld the contention of government lawyers that the Federal courts have the authority to carry witnesses to return to this country.

Blackmer went to France in 1924, just a year before Sinclair and Fall were indicted by a grand jury on charges growing out of the Teapot Dome oil lease.

### New Workmen in News Force As Changes Made

Today the Pampa Daily News, taking recognition of the changed business conditions in this city, is publishing under other arrangements. Because of inability to get together on a wage scale, several of our mechanical employes have quit and they are being replaced with other workers. So far as possible the new employes will be heads of families, held between the former employes.

Occasional meetings have been held between the former employes and the News management for several months in an effort to adjust conditions. Special meetings were held Saturday and Sunday, and at 5 o'clock Sunday afternoon negotiations were finally terminated. Before that hour no effort had been made by the News to replace the former workers.

Probably no line of business in Pampa, the last year and one-half has undergone more hardships than the newspaper. Two daily newspapers have been forced to cease operating within the last five months. One paper was closed up with a complete loss, and many employes were not paid their wages.

### LORADO TAFT, SCULPTOR, AT WORK FEVERISHLY ON FIGURES

**CHICAGO, Feb. 15 (AP)—** A few months ago Lorado Taft lingered for days near death. Today the eminent sculptor, near 72, but possessing once more his old-time zest of youth, zealously works on the Zanth - piece of his career - the fountain of the creation of life.

Last summer physicians abandoned hope for Taft's life. But the Dean of American Art fought off the assault of acute indigestion and a weakened heart. Then he rested.

With the first week of winter, Taft again climbed the stairs to his studio. Still weak, he rushed in to the work of the mammoth doorway sentinels for the new Louisiana State capitol at Baton Rouge.

### Potter County Prisoners Nearly Escape From Fine Quarters

**AMARILLO, Feb. 15 (AP)—** Whole-sale escape from Potter county's jail atop its new eight story courthouse was frustrated late last night after the prison had sawed their way to apparent freedom.

Six blankets had been tied together and looped at the end so that each floor to the roof of the fourth and then to the ground, approximately 50 feet below.

### District Judge in Snyder Succumbs

**SNYDER, Feb. 15 (AP)—** The funeral services for Fritz R. Smith, 57, District Judge, was planned for today. Smith died here yesterday. He was chairman of the State Prison Board under Governor Hobby. He also served as mayor of a Snyder and as a member of the legislature.

### Assistant Attorney General Gets Information on Marketing of Gas

**AUSTIN, Feb. 15 (AP)—** Maurice Cheek, assistant attorney general, returned today from an investigation of prices charged domestic consumers in other states for natural gas piped from the Panhandle fields of Texas.

He said he found that Panhandle gas purchased at two cents per 1,000 feet at the wells was sold to Chicago users for \$1.50 per 1,000 feet. The investigation is to determine if Texas is receiving an adequate price at two per cent as the price paid at the wells.

### Battle of Proxies Over Bank Begins

**WILMINGTON, Del., Feb. 15 (AP)—** The founder and present chairman of the great Transamerica corporation squared off today to battle with proxies for control of the bank holding company. The arena is a hotel where the annual stockholders' meeting will open.

"We don't want to grow until the battle is over, but I believe we have a commanding margin of proxies," said A. P. Giannini, who founded Transamerica in 1928 and retired two years later.

### HEAVY DELUGES OF RAINFALL IN EAST TEXAS CONTINUING

**DALLAS, Feb. 15 (AP)—** Rains which almost amounted to cloud bursts yesterday at Dallas and Fort Worth continued today in scattered sections of Texas.

The United States weather bureau forecast cloudy weather and local rains tonight in East Texas and partly cloudy weather for West Texas.

### BRITAIN ALSO DISPLEASED BY LATE EVENTS

**USE OF SETTLEMENT AS BASE STIRS NEUTRALS**  
**FIRING IS BRIEF NOW**  
**HUGE ARMIES READY TO OPEN BLOODY BATTLE**

WASHINGTON, Feb. 15 (AP)—The United States and Great Britain have again protested against Japan's use of the international settlement in Shanghai as a military base for attacking the Chinese outside the settlement.

By The Associated Press  
These were the day's developments in the Far East:  
At nightfall Monday the artillery duel across Chapel was resumed but the engagement was brief and early Tuesday morning there was only scattered firing.

Many Men Waiting  
Official estimates said the Chinese had 50,000 men ready for action in the Shanghai area and the Japanese 25,000. The Japanese government was considering sending additional reinforcements.

American consular authorities advised all Americans in outlying places in the lower Yangtze valley to come to Shanghai and a number left Soochow for this city. Several ships dropped in the international settlement area patrolled by United States marines but they did not explode. The Japanese command apologized for the gunners' bad aim and the range was corrected.

In Tokyo, the American, British and French ambassadors were acquainted with the government's reasons for sending heavy detachments of troops to Shanghai and at Geneva the League of Nations Council deferred consideration of China's demand for a meeting of the League assembly.

At Washington it was announced that another joint protest had been Great Britain against Japan's use of the Shanghai international settlement as a military base.

**SHANGHAI, Feb. 15 (AP)—** Peace-making efforts of the ministers of the United States, Great Britain and France have been so smitten with the din of preparations for war under their windows that they were considering moving their quarters today.  
The three envoys are Nelson T. Johnson of the United States, Sir Miles W. Lamson of Great Britain and Henri A. Wilden of France. Their conferences have been held in the office of Mr. Johnson in the American legation, two blocks from the center of the business section. The office overlooks property of the English church which municipal authorities were using today as a place to construct barbed wire entanglements.

**GENEVA, Switzerland, Feb. 15 (AP)—** China prepared today to call on the League of Nations to authorize an economic boycott against Japan, the most drastic action provided for in the covenant of the League of Nations, unless redress is obtained through a special meeting of the League assembly, under Article XV of the covenant, which it has invoked officially.

A H. Mabry of Plainview spent the week end visiting in Pampa.

### THE WEATHER

**WEST TEXAS:** Partly cloudy to cloudy tonight and Tuesday.  
**OKLAHOMA:** Cloudy, rain in East portion tonight; Tuesday cloudy.

**AND A SMILE**  
**KANSAS CITY—**Kermit Roosevelt enjoys being the exception to what has become almost an invariable rule in his family. No politics for him, he stoutly asserts. He'd rather run steamships than governments.

TO BE EXPECTED

We have separation of church and state. We rightly expect state institutions to preserve liberty of thought in religions as in politics. But on the other hand, we may expect also that there shall be no deliberate teachings of atheism, agnosticism, or other "unreligion."

ORDINANCE NUMBER 136

AN ORDINANCE PRESCRIBING A LICENSE FEE, PERMIT FEE AND FILING OF A BOND WITH THE MOVING OF BUILDINGS OVER OR ALONG ANY STREET OR HIGHWAY WITHIN THE CITY OF PAMPA; PRESCRIBING RULES AND REGULATIONS FOR THE MOVING OF SAID BUILDINGS; AND PROVIDING A PENALTY. BE IT ORDAINED BY THE CITY OF PAMPA:

SECTION I: No person, firm or corporation shall move, or cause to be moved, over and along any street or highway within the City of Pampa, any house or other building, unless such person, firm or corporation is duly qualified to engage in such occupation, and shall have obtained from the City Secretary a license therefor, the fee for which license shall be the sum of \$5.00 annually; and such license shall not be granted until such person, firm or corporation applying for same shall first file with the City Secretary a bond in the penal sum of \$5,000.00 payable to the City of Pampa, made by an approved bonding or surety company doing business in the State of Texas, conditioned, among other things, that the said bounden party will pay any and all damages accruing to any tree, pavement, sewage line, water main, sidewalk, awning, wire, fire alarm, telegraph, telephone, power, or other pole (providing such awnings, wires or poles are in place according to the ordinance governing the same), or to any other thing injured or damaged by said person, firm or corporation, whether such injury or damage shall be inflicted by said party, or his agents, employees or workmen; and conditioned, also, that the said party will save, indemnify, and keep harmless the City of Pampa against all liabilities, judgments, costs and expenses which may in any wise accrue against said city in consequence of the granting of such permit or license, and that the said party will, in all things, strictly comply with the conditions of his permit.

SECTION II: Upon the execution of said bond, and its approval by the City Manager, and the payment of the license fee, a license shall issue to the person, firm or corporation applying therefor, but such licensed person, firm or corporation shall, in each case and every instance before moving any building, apply for and secure from the Building Inspector of the City of Pampa, a permit in writing, which permit shall be approved by the City Manager or his authorized agent. A fee of \$3.00 shall be charged for each permit, which fee shall be paid to the Building Inspector before it is issued. The application for said permit shall describe the building or buildings to be moved; shall state the time required for such removal, together with a description of the street or streets, or other public or private property over which it is proposed to move said building. The permit issued shall state specifically all conditions to be complied with by the mover, shall designate the route to be taken and limit the time for removal, and in no case shall paved streets, alleys, avenues, or public grounds be used for that purpose unless same are on the route designated by the permit.

SECTION III: The said Building Inspector may refuse to issue a removal permit as required in the preceding section, in a case where such work will necessitate the removal or cutting of any wires belonging to a public utility company, or to the City, until such time as the party making application for such permit shall have made satisfactory arrangements with the party or parties owning or controlling such wires, either by written agreement or depositing with said company a sufficient amount of money to cover the costs of cutting and re-placing the wires so moved or cut, to the satisfaction of the parties owning or controlling same.

SECTION IV: It shall be unlawful for any person, firm or corporation, other than the parties owning or controlling same, to at any time cut any wire across or along any street of the City of Pampa carrying an electric current, or used for the purpose of carrying an electric current, and in the event of any such person or firm cutting the same, or permitting the same to be cut by anyone of their employees, such person shall be amenable to the penalties provided herein.

SECTION V: Whenever the agent or employee of any company, using or operating wires for the conduct of electricity, shall cut any wire for the purpose of allowing the building which is being moved to pass along the street, shall fail to carefully repair such wire, or shall repair the same in such manner that it shall become unsafe for persons using the street, such agent or employee shall be amenable to the penalties provided herein.

SECTION VI: The removal of a building under the permit herein provided for, when commenced, shall be continuous during all the hours of the day, and day by day, and at night, if required by the Building Inspector, until completed, and shall be carried on with the least possible obstruction to the thoroughfares occupied. No building shall be allowed to remain overnight upon any street—crossing, or intersection, or in such position as to prevent easy access to any fire hydrant. Red lighted lanterns shall be kept in a conspicuous place at each end of said building during the night.

SECTION VII: No person, firm or corporation shall move any frame building from without to within the designated fire limits of the City of Pampa as prescribed by the ordinances of said city. If the Building Inspector deems it unsafe or dangerous to the public to move any said structure or building over public roads or grounds on account of the condition of said building or structure, no permit shall be issued for the moving of said structure or building.

SECTION VIII: Every person, firm or corporation receiving a permit from the Building Inspector to move a building shall, within one day after said building reaches its destination, report that fact to the Building Inspector, who shall thereupon inspect the streets, alleys, avenues, or public grounds over which said building has been moved and ascertain the condition thereof. If the removal of said building has caused damage to the streets, alleys, avenues, or public grounds, the said house mover shall forthwith place the same in as good repair as they were before the permit was granted. The Building Inspector shall hold the sureties of the bond given by said house mover responsible for the payment of same.

Child Welfare Day Is to Be Observed Soon

Mrs. J. M. Crain, Claude Many Parents' Teacher associations in Texas will observe Child Welfare day, Feb. 17, with an educational program which will arouse a greater interest in the child and his relation to the home, the school and the community.

A fitting annual celebration of this birthday of the national Congress of Parents and Teachers will give to the local members a closer touch with the great national organization. These programs will give much needed information regarding the origin, the purpose, and the significance of this educational movement.

The following pageants are quite helpful for the celebration of this important birthday: The Gift Bearers, Pageant for Founders Day, To Live Most and Serve Best, The Oracle Speaks, Child Four Square, The Seven Cardinal Principles of Education, Past Presidents Candle Lighting Ceremony and Founders Day Acrostic.

This birthday gives us the privilege of honoring two great women, Mrs. Ebenezer Apperson Hearse and Mrs. Alice McLellan Brant, who founded this congress. It was Mrs. David O. Mears who originated the idea of the observance of Founders day. Let us light candles on this birthday cake in honor of these three women who had a true vision of the future.

On Feb. 17 let us think what home has meant to us and while our hearts are stirred with love and gratitude, make it express this appreciation with a gift to the national Congress of Parents and Teachers. The only source of income for extension work the national congress has are the five cents of the individual membership dues, the interest from the Endowment Fund and the contributions from the locals to child welfare day.

Let us remember this statement of our beloved state chairman of birthdays, Mrs. C. J. Farrell, Vernon: "Our birthday celebration for 1932 should be more inspiring, instructive and fruitful than ever before and the ideas of our founders more familiar to all through song, story, pageant, picture, radio, and puppet."

JAPANESE DENIES THAT GREAT BATTLE IS NEAR

SHANGHAI, Feb. 14 (Sunday)—(AP)—Lieut. Gen. Kenkichi Uyeda, commander of an Japanese land operations here, indicated today that Japan's fresh troop reinforcements would mark time for a day or two before they saw action.

"Any apprehension that the arrival of new troops here means the launching of a Japanese offensive is without basis of fact," he told newspaper men while the thousands of soldiers were coming ashore.

"Our sole object is coming to Shanghai to make the place safe for the Japanese and others. We hope this will be accomplished through peaceful means, through a voluntary withdrawal of the Chinese from the Shanghai area to a safe distance from the international settlement.

ACTIVITY EMPHASIZES WORK DONE IN CLASSROOM

Pampa Junior High school is well "clubbed". Pupils are encouraged to organize material particularly related to their studies and interests. But club-membership is regarded as educational and as something to be followed seriously.

Some of the clubs are the following: Art club, Miss Roy Riley, sponsor—This is a special class for talented pupils who are interested in art and who wish to work out problems not suited to regular classroom lessons.

Athletic club, W. B. Weathered, sponsor—The purpose of this club is to aid students in mastering the fundamental processes in arithmetic and to enable them to compute quickly and accurately simple problems.

History club, Miss McAllister, sponsor—Local history gets special attention in the history club. Projects concerning community development also are studied, and students are given definite responsibilities.

Arithmetic club, Mrs. N. B. Ellis, sponsor—The purpose of this club is to aid students in mastering the fundamental processes in arithmetic and to enable them to compute quickly and accurately simple problems.

Boys' Glee club, Mrs. Arthur M. Teed and Emmitt Smith, sponsors—The Glee club stimulates the boy's interest in music and helps him carry his childhood love of singing over into maturity.

Girls' Glee club, Miss Stallings, sponsor—This club teaches the girls to appear before audiences with confidence and poise, and it also teaches rudiments and appreciation of music.

Essay club, Miss Byrd Whiteley, sponsor—How to organize material and write themes is taught informally.

Handicraft, Mrs. Phelps and Mrs. Miller, sponsors. Training of the hands in useful habits is stressed. Students get pleasure in developing their ability to plan and make useful articles.

Leaders club, Miss Ila Pool, sponsor. Aim: To learn the worth of recreation as a worthwhile leisure time activity; to learn to direct games; to teach sportsmanship.

Dramatic 6, Miss Jones, sponsor. This club creates poise and ease in public appearances and trains pupils to enter Interscholastic League contests.

WISE SPENDING IS EMPHASIZED BY CLUB FOLK

SURVEY IS TAKEN OF SPENDING HABITS OF WOMEN

CANYON, Feb. 15 (Special)—The General Federation of Women's clubs is carrying on a project called a "Wise Spending Study Program" through which it hopes to teach thousands of women, not only to spend more wisely, but also how to do their spending in such a way that the prices of commodities will not be increased, nor an injustice done to merchants through their demands.

The study hopes to bring about the elimination of much abuse of credit and of the delivery service offered by many stores.

This study is being carried on by a committee on economic adjustment, one member of which is Mrs. Phoebe K. Warner of Claude; Mrs. W. T. Minter is chairman of the committee; clubs everywhere in the United States are uniting to make a survey of the spending habits of their members during the month of February.

"The Clubwoman" in which the February activities are outlined, will contain further articles on the same subject, and every club is urged to subscribe to this which may be had for \$1 for two years; it is published 1724 N. St., N. W. Washington, D. C.

The Twentieth Century Club of Amarillo has "adopted" a Potter county 4-H club girl and is adding to her happiness and their own thereby.

MTETING CHANGED The Civic Culture club, which was to meet tomorrow afternoon in the home of Mrs. Katie Vincent, will meet instead at the home of Mrs. H. H. Isbell, 211 N. Houston, with Mrs. Vincent, as hostess.

Cannon Decision Is to Be Appealed

WASHINGTON, Feb. 15.—(AP)—The government today notified the District of Columbia Supreme Court it would appeal from the last Saturday's decision which invalidated corrupt practices act indictments. Against Bishop James Cannon, Jr., and Miss Ada L. Burroughs. John J. Wilson, assistant district attorney, who acted for the government, said the appeal might be ready for the district court of appeals "within a week." Sixty days are allowed for perfecting it. Justice James M. Proctor in sustaining a demurrer to the Cannon-Burroughs indictment held it was invalid because it did not allege

Kidnaping Will Be Solved Soon

LAKE PLACID, N. Y., Feb. 15.—Harry H. Blagden, wealthy sportsman reported kidnaped, was still missing today, but his family had announced the case would be cleared up before nightfall. Th relatives of the man, missing since Thursday night, appeared determined to make the case strictly a family affair, after blaming publicity for the failure of the kidnapers to keep a rendezvous at Tupper Lake yesterday at which the \$1,000 ransom was to have been paid for Blagden's release. They clamped

THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

Ann thought, "Now, isn't that odd? That pretty, fat little Mrs. Hill is crying, and I'm not crying at all."

"Hello. Hello. Walnut 5845? Hold the line, please. Long Distance is calling Miss Fenwick from Cutter."

"Hello. Hello. Oh, that you Miss Fenwick? This is Hostetter speaking—Chaney Hostetter. I'm out here at a place named Fenwick—no, Cutter, I mean. Well, the constable says that a couple passed through here this evening going lickety-cut in a car as described."

"Not as important as getting her home again. No. Not nearly."

"Well, dear—yes. More important, in some ways. It isn't as if she didn't have to go on with her life, and her school and so on, right here in Portland."

"But she doesn't. She wouldn't, at all. I could take her away anywhere. I've had an opportunity lately—I've decided, positively, this evening to accept it. I can take her some place where it has never been heard of. We can live there—always, Switzerland—anywhere. I can take good care of her. Give her things—"

# PAMPA BOYS AND GIRLS ARE TO PLAY IN LEFORS TONIGHT

## HARVESTERS IN TRAINING FOR CANYON MEET

### GIRLS TO CLOSE MOST SUCCESSFUL OF SEASONS

The Pampa harvesters and the Pampa girls will play basketball in Lefors tonight in the last games before the boys are expected to enter the district meet in Canyon Thursday, Friday and Saturday. The boys will meet the winner of the Mexican-stops game.

The girls will play the Lefors girls in an exhibition game at 7 o'clock.

The Harvesters may be without the services of their star guard, Wayne Kelly. Kelly suffered an injured leg Thursday night in Amarillo when a Sandie guard "hipped" him. The game was the roughest of the season.

Tomorrow night's game will close the season for the Pampa girls. Coach Harry Kelley said yesterday. Other games are available, but the coach says he will decline them. The girls' team has lost only three games this season. They are undefeated on the Pampa floor. The boys have lost only two games on their home floor. The Panhandle Panthers and the Amarillo Sandies were the victors. However, the Harvesters got even on return games.

## Missouri Facing Heavy Schedule in Closing Campaign

KANSAS CITY, Feb. 15. (AP)—A strenuous road campaign, calling for four games in eight days, stands before Missouri and the Big Six basketball championship of 1932.

George R. Edwards, the tiger mentor, has, however, until next Saturday night to prepare for the final drive that may regain for the Tigers the title they relinquished to Kansas last year.

Missouri and Kansas clash at Lawrence Saturday night. Then the Tigers play Oklahoma, Nebraska, and Kansas State the following week to wind up their court activity for the season.

Last week Oklahoma lost to Iowa State, 22 to 29, and won from Nebraska, 46 to 32, in a rough game at Norman. Kansas rang up its fourth victory, over Kansas State, 30 to 22, and Missouri beat Iowa State, 31 to 25.

## BRUSHING UP SPORTS . . . . . By LAUFER

THEY ALL LAUGHED WHEN Connie Mack, desperate for pitchers, sent Adolph Rettig to the mound. Just three hours before, Rettig had walked into Shibe Park, told them he was a pitcher and got the job. To the amazement of Mack, baseball writers and fans, Rettig pitched a two-hit shutout over the Browns. But the tragic echo of this laugh was that, in his next six starts, Adolph never got past the fifth inning, drew his release and slipped back into oblivion.

**Reg Pardon, My Error.**  
Several moons ago, about the time Old Will Dempsey was starting on Comeback Tour No. 3A, this department ventured the guess that perhaps after all Old Will merely was spoofing the folks, that he didn't mean to come back very far at all.

While that guess still may turn out to be correct in some particulars, the important part of it has to be changed. Old Will is not spoofing the customers. He is spoofing himself.

It was my pleasure to meet Old Will the other day and to see him in the ring, to observe the mob he is traveling with, and all that. He hasn't changed much in some ways. He is the same restless bundle of nervous energy as the pre-September Man Mauler. He weighs around 195 and is a surprisingly good physical shape, lean and hard. He still has his little joke, such as the nickname he fastened on trainer Jerry-the-Greek Luvadis—Old Will affectionately calls the grizzled monster "Sex Appeal."

**He's Taking It.**  
But the Dempsey I saw box never will come back. By that I mean he never will win anything from a first-rate heavyweight again. He hasn't got it.

He had a black eye and a cut in his forehead when I talked to him, souvenirs of a couple of bouts in Milwaukee, in one of which Buck Everet of Gary, Ind., nailed him just about when ever he cared to. It strikes me that Old Will is taking a terrific amount of punishment on this third comeback tour. He has moved up a notch in the quality of his opponents and is being dunned around by strong young men who would have been setups for him a few years ago.

That, of course, again is a mark of his sincerity of intention. I don't think he would go in there and take a beating around the head such as he is getting these days unless he really had his heart set upon a real comeback.

I asked him about Schmeigel or Sharkey.

"That's what I'm trying to find out now," said Old Will. "I know I'm a short-distance fighter now. I couldn't go in there for ten rounds against guys like that. But after this trip is over I will know."

**Sacks Gives Views.**  
Here's how his business manager, Leonard Sacks, puts it: "Jack's not trying to kid himself—or anybody else. He's out to learn just where he stands in this game today and to satisfy the pub-

## Jack Dempsey to Have Huge Test Thursday Night

NEW YORK, Feb. 15. (AP)—Jack Dempsey steps into the ring at the Chicago stadium Thursday night for the most important battle of his long exhibition tour.

The former heavyweight champion has been playing around with unknowns in smaller towns of the far west and mid west but Thursday he will be called on to meet one of the most dangerous of the younger heavyweights, King Levinsky of Chicago.

Levinsky should give Dempsey a brisk workout in the four-round affair and the result may give some indication of how far Dempsey can travel on the come-back trail.

Dempsey will start off the week at Flint, Mich., tonight, boxing two rounds each against Pat McLaughlin of Racine, Wis., and George Koeller, Chicago.

He's curiously at the same time. But he WILL come through. I'm sure of that."

But he won't, Mr. Sacks. He would if he could; he has the heart all right.

But, whether he's trying to kid himself or not, actually he is tossing a fat spoof at himself, without a doubt. He never was a great defensive fighter. He never did mind taking a couple to get that left in there, or that right. But these days he is taking more than a couple. He's taking more than plenty, wherever that little old three-ring fistic circus pitches its tent.

## MAJOR GAMES IN BASKETBALL ARE SCHEDULED

### BAYLOR BEARS ARE TO MEET T. C. U. ON TUESDAY

BY BILL PARKER  
Associated Press Writer  
DALLAS, Feb. 15. (AP)—Of the six southwest conference basketball games scheduled this week, three can easily be termed major championship combats.

The standout game on this week's program will be Tuesday night at Fort Worth between the leading Baylor Bears and the second place Texas Christian Frogs. Others will be Saturday night when Texas meets Baylor at Austin and Rice plays Texas Christian at Houston.

These combats ranked above others because Rice is expected to beat Texas A. and M. Tuesday at College Station and Southern Methodist Wednesday at Houston. The Thursday meeting between Southern Methodist and Texas Aggies at College Station will be just a game since both are out of the championship running.

It is the consensus that a Baylor victory tomorrow night will virtually win the championship. The Bears have a one-game margin thanks to Arkansas' victory over Texas Christian Saturday night. The Razorback triumph prevented the Frogs from going into tie with Baylor for first place.

Rice, retaining a chance at the title, will have to come through against the Aggies, Mustangs and Frogs to remain in the running. A review of last week games shows Texas Christian had three hard fights, winning two and losing one. They beat A. and M., 38 to 26, and divided two games with Arkansas. They won the first, 31 to 27, but dropped the second, 37 to 24.

Baylor revealed a smooth working offense and a powerful defense to stop Southern Methodist, 38 to 26, in the only other important game last week.

## GENE SARAZEN AGAIN CHAMP

Wins New Orleans Open To Take \$1,000 — Shute Has Great Round.

NEW ORLEANS, Feb. 15. (AP)—Gene Sarazen, the veteran Long Island campaigner, had a check for \$1,000 and another tournament victory to his credit today after leading a stellar field in the \$5,000 New Orleans open.

Gene put together four rounds for a 290 which just shaded Harry Cooper of Chicago for first money yesterday. Cooper finished second with 291 and collected \$750.

The best round of the tournament was played yesterday by Denny Shute of Cleveland, who turned in a morning card of 67, five under par, to match the course record and tie Sarazen at the 54-hole turn. It was a real comeback after a first 36-hole total of 151 and added to his Sunday afternoon's 74 gave him 292 for third money.

## San Angelo Polo Team Is Winner

SAN ANTONIO, Feb. 15. (AP)—The San Angelo Rainbows overwhelmed the air corps 14 to 1 yesterday to capture the 12-goal elimination championship of the Ninth Annual Southwestern Midwinter polo tournament.

The 3,000 spectators were agreed that the hard-riding West Texans composed the best team that had Park field. Alford House led in scoring with eight goals and Tom Mather, riding at number 3, teamed to precision with him.

## GRID RULINGS ARE TO MAKE GAME SAFER

### FLYING TACKLES WILL BE BARRED FROM SPORT

HANOVER, N. H., Feb. 15. (AP)—The national football rules committee announced six drastic modifications of the playing code today.

In an effort to check the "tendency toward increasing injuries" the committee decided:

- 1—to restrict the formation of the team receiving the kickoff by requiring that five players of the receiving team remain on their 45-yard line until the ball is kicked; and to allow the kickoff to be made either by place-kick, punt, or drop-kick.

2—to forbid players on the defense to strike an opponent on the head, neck or face with hand, wrist, forearm, or elbow.

3—to liberalize the substitutions rule to allow a player withdrawn from the game to re-enter once in any subsequent period.

4—to forbid use of the flying block or tackle.

5—to make the ball "dead" when any part of the ball carrier's body except his hands or feet touches the ground.

6—to amplify the rule regarding equipment so as to require padding of hard and unyielding substances with felt, foam rubber or other soft padding at least three-eighths of an inch thick.

These changes were termed by Chairman E. K. Hall the "most important, in making the game safe for the players, since the modifications of 1906 and 1907."

## SLOW MOTION IS PROTESTED

Sled Run in Olympics Again Is Point of Controversy; Changes to Be Demanded

LAKE PLACID, N. Y., Feb. 15. —The third winter Olympics, officially closed Saturday, bid fair today to wind up in the same sort of bitter controversy that marked the days before their opening, with the Mr. Van Hovenberg sled run again the bone of contention.

Disgusted with the condition of the run yesterday, when it was transformed under an official ruling from a slide fast enough to test the nerve and skill of the most daring to a sluggish descent that would hardly baffle a kid on a sleigh, seven teams of five nations indicated they would insist on some changes today before racing the third and fourth heats of the postponed four-man bob sled races.

"We came down so slowly," said Paul Stevens, referring to the embarrassingly slow times turned in yesterday, "that I had time to get off in a shady corner and get a drink."

Billy Fiske, defending the Olympic title he won for the United States four years ago, made runs in 2:52 and 1:59:16, a lot slower than the two-man sled time of 1:57 set by Hubert Stevens last week, whereas the four-man teams should go down from 15 to 20 seconds faster.

## Joe Morrissey Is Power for Cincinnati

By The Associated Press  
The Cincinnati Reds need hitting power. Perhaps Joe Morrissey, late of St. Paul, may furnish a few batting fireworks.

Morrissey, who was born in Warren, R. I., in 1905, started out as an outfielder but he has been playing the infield the last few years. He signed with Hartford in 1926 and after a term with that club and with Clarksville, W. Va., and Evansville he went to St. Paul as a shortstop. He batted .331 last season.

A right hander, Morrissey is six feet one inch tall.

Mrs. Charles S. Barrett is able to be up after a long illness.

## HOW UNCLE SAM LANDS BATTLE FORCES

Why old Uncle Sam has a bag of tricks up his sleeve and he reveals some of them in landing an armed force, equipped with everything from field pieces to rolling kitchens, at Hawaii in the annual army and navy maneuvers. These pictures show how he did it. "Heave, ho," shouted sailors from the U. S. S. Nevada, and soldiers from the 30th Infantry as they unloaded an escort wagon on the beach at the upper left. If anybody rocks the boat, a wet time will be had by the infantrymen shown in the lower picture going ashore in a barge from the U. S. S. Tennessee. And those aren't the horse marines you see at the right, but horses and mules being transported to land on a navy barge. The animals are taught to swim, if it becomes necessary. The pictures were taken by the U. S. Army Signal Corps.

## A Champion's Right

Of these the public is curious. The public wants to see Old Will again, and you can't blame people for paying for that. And a whole lot of the folks who have seen him like to think that maybe he can come back, at that.

Well, as Socker Coe points out, a champion has a right to be knocked out. Odd about that story of Coe's in the Post, about it being a champion's prerogative to be knocked out, just as much as it is a champion's right to win by the same way. That story coming out while Gene Tunney's story is running in Collier's. You wouldn't think Old Will's pal, Mr. Coe, would be taking a literary hook at Mr. Tunney, would you?

Maybe Dempsey himself believes it is a champion's right to be knocked out. If he does, I think he is going to be accommodated.

EXCITEMENT IS THRILLING  
but ACCURACY is Fundamental

When aroused human emotions play an important part in a vital event, the excitement surrounding it is an interesting angle of news. The confusion of such an occasion makes the assignment doubly difficult for the conscientious reporter, who must convey to his readers a true picture of the situation. He may not allow momentary hysteria to overshadow its true significance in his dispatches.

The Associated Press staff, through experience and background, is trained to cope with these emergencies. This association's editors and reporters are experts in distinguishing between the material and immaterial, rumors and realities, biased propaganda and substantiated truths. Their stories present every significant angle in its proper light.

The Associated Press serves no interests of economics, politics or religion. Its scrupulous observance of the founders' mandate of unvarying fairness has won universal confidence and respect.

"The West Texas Chamber of Commerce is the best organization of its kind in the country, and all West Texans should be proud of it and support it in every way possible at all times."

**WILBUR C. HAWK**

Publisher, Amarillo News-Globe, Amarillo, Texas

"The work program of the West Texas Chamber of Commerce alone is worth all the money the organization costs to maintain."

**O. B. MARTIN**

Director, Texas Agricultural Extension Service, College Station

"The West Texas Chamber of Commerce initiated the movement for drought relief in Texas, and also rendered great service in securing aid from Washington, as well as similar helpfulness in getting it to the people. I doubt very much whether the funds for the drought work would have been applied to Texas to any considerable extent but for the activity of the organization."

**J. S. BRIDWELL**

Oil Producer, Wichita Falls, Texas

"The West Texas Chamber of Commerce has done a great deal towards the development of West Texas, and has brought about a better understanding among the citizenship of the different communities in West Texas to help West Texas get recognition that otherwise it would not have received. The organization is entitled to the support and confidence of the citizenship of this vast empire in West Texas."

**C. N. BASSETT**

President State National Bank, El Paso

"It is just dawning upon me that we have in the West Texas Chamber of Commerce the best possible agency through which to solve our state and regional problems."

**R. L. MALONE**

Merchant, Roswell, N. M.

"Eastern New Mexico has received much help from the West Texas Chamber of Commerce in the promotion of tourist travel to our scenic attractions. Each community in New Mexico has received adequate dividends on its memberships. This cooperation has been of value also to the people of West Texas in bringing to their very door these great recreational opportunities."

**W. H. BOWMAN**

Macmillan Publishing Company, Dallas, Texas

"From a publicity standpoint, the work done by the West Texas Chamber of Commerce in correcting the geographies was worth many times any one year's budget."

**H. S. HILBURN**

Publisher, Plainview Evening Herald, Plainview, Texas

"The savings to cotton shippers because of reduced freight rates brought about through the efforts of the West Texas Chamber of Commerce amount to many, many times the money the affected territory pays into the organization's treasury in several years. Other reductions followed, but shippers must realize the immense savings early in the season, the direct result of West Texas Chamber of Commerce activities."

--and so say scores of other West Texas business leaders who are affiliated with this organization. And so you will say!

**ANNUAL MEMBERSHIP DRIVE**

*Your help is needed to make 1932 the Banner year for West Texas*

Tomorrow, January 18th, the West Texas Chamber of Commerce will launch its 1932 Membership Campaign, simultaneously in the 130 towns affiliated with it:

The sum of \$60,000 is needed and asked for, to carry on the Work Program.

This organization is 13 years old. It is one of the oldest and is the largest organization of its kind in the country. From the 130 affiliated towns it draws a democratic directorate of 113 members, an executive board of 14 members, 18 committees with definite work programs, and four headquarters and branch offices. Its magazine, WEST TEXAS TODAY, is an old, well-established, powerful medium for the promotion of the territory served.

The West Texas Chamber of Commerce is NOT an opportunist type of organization. Its work is done according to a plan, the policies of which are determined by its annual conventions, which are the largest of their kind in the United States. Its directorate is completely representative and democratic. There are no paid membership solicitors . . . EVERY DOLLAR RAISED GOES TO CARRY ON THE WORK PROGRAM.

The West Texas Chamber of Commerce has no debts, but is on a "Pay as you go" basis.

Every West Texas town should be affiliated with the West Texas Chamber of Commerce. An affiliation gives your town the benefit of the force of all other West Texas towns behind your regional problems. The cost of affiliation is small, the procedure simple. All that is required is that your town meet its prorata part of our budget; and that from our membership in your town, you yourself elect your director.

**CONSOLIDATED BALANCE SHEET  
West Texas Chamber of Commerce**

The assets of this organization are in its WORK PROGRAM; its liabilities, the cost of putting over the program.

Within the past biennium the accomplishments of the West Texas Chamber of Commerce, measured in dollars and cents, would, according to the most reasonable figuring, amount to \$23,824,782. They would include, to take a few at random, the following whose cash returns can be exactly stated:

- The Chamber fathered, and was the agency contacted by the U. S. Department of Agriculture, in production and food loans, enabling the farming of 1,500,000 acres of Texas land not otherwise possible. Amount loaned by government to 15,000 farmers in 67 West Texas counties was: \$2,403,360
- Secured \$7.50 exemption per bale from government mortgage—150,000 bales of West Texas cotton at \$7.50 per bale, amounts to: \$1,125,000
- Secured consent of government to collateralize production loans on basis of 8-cent cotton. Saving on 75,000 bales at 3 cents over the market was: \$1,125,000
- First to solicit Red Cross aid, resulting in securing assistance for drought defined area of West Texas. Cash allotment made, \$45,000; food and clothing, \$59,422, making a total of: \$104,422

In the way of estimated, deferred and intangible assets, completing the total of \$23,824,782, the Chamber secured equalization of cotton rates, overcoming differential in South Plains area; secured cotton rate reductions for same territory; forced corrections in geographies used in 38 states which now, for first time, are giving West Texas a "break"; pioneered and championed conservation of natural resources, validation of land titles, needed constitutional amendments; passage of relinquishment act; split tax bill; reduced public expenditures with a view of tax reduction, etc., etc.

Liabilities for 1932 are \$60,000. This is the budget, the sum required in the Work Program, to be carried on by the following committees, already organized and functioning: Officers, Agricultural, Livestock, Mineral Survey, Industrial, National Affairs, Oil and Gas, Land, Educational, Tax, Traffic, Publicity and World's Fair Exhibit, Parks, Railway, Highway, Legislative Bureau and Committee, Speakers Bureau, Industrial Opportunities Bureau, and Beautification Committee.

A small investment in the West Texas Chamber of Commerce will pay greatest dividends.

(Signed) Houston Harte, President      A. J. Swenson, Treasurer

## Cotton Is Active

NEW ORLEANS, Feb. 15.—(AP)—The cotton market today had an active opening and prices were firmer in sympathy with better Liverpool cables. First trades here showed a gain of 3 to 4 points and the market continued to improve after the start. May advanced to 6.97 and July to 7.13, or 5 points above Saturday's close.

## CHURCHES

### CHRISTIAN SCIENCE CHURCH

"Soul" was the lesson-sermon subject in all churches of Christ Scientist, Sunday, February 14.

The golden text was the Lamentations 3:25, 26. "The Lord is good unto them that wait for Him, to the soul that seeketh Him. It is good that a man should both hope and quietly wait for the salvation of the Lord."

Passages from the Bible included these from Psalms 63: 1, 2: "O God, thou art my God; early will I seek thee: my flesh longeth for thee, my flesh longeth for thee in a dry and thirsty land, where no water is: O see thy power and thy glory, so as I have seen them in the sanctuary."

The services also included the following from "Science and Health with Key the scriptures", by Mary Baker Eddy (p. 390):

"It is our ignorance of God, the divine Principle, which produces apparent discord, and the right understanding of Him restores harmony. Truth will at length compel us all to exchange the pleasures and pains of sense for the joy of Soul."

### ARE THE DAYS OF MIRACLES OVER?

Come and hear Evangelist Clyde C. Gore at the Assembly of God church, corner Brown and South Cuyler streets. The full gospel is preached in power. What is the place in America in the prophecy of the Bible? What are the signs of the present days? Of the com-

ing of the Lord. These and other great Bible subjects are discussed and backed up by scriptures. The Pampa church is fortunate in securing Brother Gore, as he is district superintendent of the Christ's Ambassador of the Texico district and has had wide experience in the ministry both in the Christian church and in the Assembly of God. He recently closed a meeting in Borger and Panhandle which resulted in many acknowledgements of the "Man of Calvary" as their Savior. If you enjoy hearing the old time gospel, come and hear this man who has been wonderfully used by God. You are welcome no matter what your creed may be. Special music under the direction of Pastor M. C. Mitchell. Services nightly.

## IRELAND'S BLOODY ELECTION RAGES OVER BRITISH LOYALTY

DUBLIN, Feb. 15.—(AP)—The Irish election campaign, one of the chief issues in which is the question of closer or more distinct relations with Great Britain, entered into its last day today with the blood of two citizens, one of them a candidate, across its trail.

Patrick Reynolds, a member of the government party in the Dail Eireann and candidate for reelection, and a detective named McGeehan testified Vaughn had been treated

in the kindest manner. President Cosgrove, who after ten years in office is making his fifth appeal to the country in tomorrow's voting, argues that Great Britain is Ireland's best market and that the Saorstát will benefit tremendously through empire preference tariff treaties which the present government should be able to negotiate with Westminster.

Eamonn de Valera, leader of the Fianna Fail, principal opposition candidate holds on the contrary, that Ireland can never prosper until she has severed all the links that bind her to the British Empire and makes herself independent and self-contained.

A SECTION OF A LIGGETT & MYERS TOBACCO WAREHOUSE WHERE TOBACCOS ARE STORED TO AGE AND MELLOW

*why Chesterfields are Better!*

Just think what this means for Chesterfield smokers. It means that the larger part of 90 million dollars is invested in Domestic and Turkish tobaccos that are being properly aged in Nature's way, and cured so as to make them sweeter and milder.

CHESTERFIELD tobacco is packed in wooden casks, each containing about 1,000 pounds, and stored for two years in modern, up-to-date warehouses.

These warehouses, if placed end-to-end, would be about four miles in length. From floor to ceiling they are filled with these casks of fine tobacco, ageing in Nature's slow but sure way.

It takes a lot of money to make a good cigarette—money to buy good tobaccos and money to age them properly.

CHESTERFIELDS are milder, and taste better... there's a 90 million dollar reason why! Just try them!

"Music that Satisfies." Hear Nat Shilkret's 35-piece orchestra and Alex Gray, soloist, every night except Sunday—entire Columbia Network—10:30 Eastern Standard Time.
