#### You Explain It

Yessir, the world's getting smaller every day. Carlsbad was host to 621 foreigners and 79,523 natives in 1931. And we'd say that few readers could tell off-hand the location of all the countries in the above paragraph.... What we wonder is how those

seven Scotchmen ever got over here during times like these. Will some of the punsters explain it. Brownie Akers ventures the opinion that some Scotch newspaper put on a circulation drive and offered the free trips.

**GROUP SERVED** 

PROGRAM FROM "ROYAL SERVICE" GIVEN IN **AFTERNOON** 

The importance of training youth, since "the young people of today will be the church of tomorrow," was stressed in a pro-gram given at a meeting of the First Baptist Woman's Missionary society yesterday afternoon at the church.

The program followed a 1 o'clock luncheon, prepared under the direc-tion of Mrs. G. C. Durham. The menu included roast, gravy, candied sweet potatoes, spinach, lemon pie, coffee, and hot rolls.

A reading by Earline Benton was a special luncheon hour feature. The "Royal Service" program which followed was opened with the singing of last year's official hymn, "Joy to the World" and repeating last year's watchword. "That the last year's watchword, "That the World May Know.' Following a discussion of these, the watchword for the new year, "He Shall Deign," was given, and the hymn for the new year, "Jesus Shall Reign," was

sung. Prayer followed.

Mrs. C. E. Lancaster presented a Bible study of "One Body in Christ, and the group joined in singing "Come Women, Wide Proclaim." Mrs. Lewis Davis discussed "Thinking of Tomorrow," and the talk by Mrs. W. B. Henry which followed was "Our Responsibility for To-morrow." A solo, "Open the Door for the Children," was sung by Miss Ruth Henry, after which Ewing Leech spoke on "Building a Missionary Church for Tomorrow."

In conversational form, Mrs. C. E Lancaster, representing a growing church, and Mrs. T. B. Solomon representing a dying church, dissed "Dying or Growing Tomor-"." Prayer followed this discussion, and then Mrs. J. B. Chisum made a talk using as her subject "On the Road Tomorrow." A hymn, O Zion Hatse," was sung.

How to sponsor W. M. S. organizations in the church was discussed by the group; a song followed, and the meeting was closed with a

prayer.
The following attended: Miss Geneva Groom and Mesdames W. O. Workman, F. W. McAfee, A. C. Shaw, Robert Lee Banks, Everett and Mrs. Leonard Cannon. Kennedy, C. L. Stephens, P. O. Anderson, J. T. #### WOMAN PAPER HANGER PROVES THAT HOME WORK NEED NOT PREVENT CAREERS

BY MRS. CLYDE G. ATTEBERRY

What can a busy wife and mother of six small children do to put more money into the family coffer? Mrs. B. Rye, mother of Mrs. M. H. Clay of Pampa, took up paper hanging.

For 25 years, Mrs. Rye has been hanging paper professionally. She began this work back in Paris, Tenn., where she papered her own home successfully. Soon her work was in demand and she became a "full-fledged" paper hanger.

Mrs. Rye was born Feb. 2, 1872, in the little town of Palmyra, Tenn., at the foot of the Cumberland mountains. Sixty years young, you would say if you saw her at her work. Possessing that determination characteristic of mountain women, she never falters even when the job is hard, but quietly sees it through.

Mrs Rye can paper two rooms a day with ease. If the job is a hurry-up one, she can do even better. She makes her home in Amarillo with a daughter, Mrs. H. I. Pond. She is now visiting her daughter, Mrs. M. H. Clay, whose home she is preparing while here.

## How to Reduce Colds and Their Costs This Winter

One of Family's Biggest Problems Met With Vick "Control-of-Colds" Plan

To most families this winter, the high costs of colds are an extra get beyond the nose and throat-burden. Loss of time, health and where most colds start. noney are involved. To reduce the drain of this burdensome family 'Colds-Tax' is the purpose of the Vick Plan for better "control-of--to lessen their number, everity and duration.

Plan Follows New Discovery The Vick Plan is made possible vith Vicks Nose & Throat Drops. Based on a new idea for "prevent-ing" colds, this new Vick discovery companion to Vicks VapoRub, the modern way of "treating" colds. Each aids and supplements the other for better "Control-of-Colds." Here, briefly, is the Vick Plan:

1.—Before a Cold Starts Watch yourself whenever ave been exposed to anything that you know is apt to give you a cold, ich as-

Contact with others having fresh colds—crowds, stuffy ill-ventilated coms, public places—a night on a Pullman or a dusty automobile ride -sudden changes in temperaturenhaling smoke, dust, gases—excesse in living, such as over-eating, smokng or drinking, which reduce body resistance—after a hard day when you are over tired.

Then—if you feel that stuffy, "Control-of-Colds." Unless y sneezy irritation of the nasal passages, Nature's usual signal that a will be refunded.-adv.

Actual Test of the Plan Is Of- | cold is coming on-use Vicks Nose fered by Pampa Druggists on a Drops at once—just a few drops up Trial Guarantee. Drops at once—just a few drops up each nostril. Repeat every hour or so if needed. This will prevent many colds by stopping them before they

> 2.—After a Cold Starts At night, massage the throat and chest well with Vicks VapoRub (now available in white "stainless" form, if you prefer). Spread on thick and cover with warm flannel. Leave the bed-clothing loose afound the neck so that the medicated vapors arising can be inhaled all night long.

If the air-passages are badly clogged with mucus, melt some Vapo-Rub in a bowl of hot water and inhale the steaming vapors for several minutes. If there is a cough, you will like the new Vick Cough Drop actually medicated with ingredients of Vicks VapoRub.)

# BRONCHOS WILL PLAY HERE TOMORROW

EACH SCHOOL WILL USE TWO FIVES DURING EVENING

basketball in Pampa this week, Coach Odus Mitchell announced this morning. He completed arrangements late yesterday with Clarendon to have the high school Bronchos here tomorrow night with two teams. The Harvesters teams will go to Miami Friday and Saturday for the tournament in that city.

The Bronchos, freshly outfitted in solid purple uniforms with block letters and purple warm-up suits trimmed in white, have been workhard under Coaches Stocking Hull. They have won their first four starts and appear to be on the way to a championship.

The Pampa boys have been step-ping high the last week, assuring two fast games tomorrow night. The first string Harvesters won two overtime games fro mthe Lubbock West-erners last week. They go to Lub-bock for two games Jan. 29 and 30.

The Broncho line-up is not avail-ble, but Coach Mitchell believes that the team is practically intact from last season. Bard is the sharpshooter on the forward line. He is assisted by Nichols of football fame Dillard is an elongated center and Reed has been the stellar guard in past. Hudson, Martin, and Smith may be eligible for service again this season.

The second string quintet that will Coach Argus Fox's boys are shock troops for the Bronchos. They are probably styled as the Colts. Who will start with Enloe on the Harvester forward line is doubtful. Midget Woodward is giving Captain Dinty Moore such a battle for first honors that it is a toss up Marbaugh at center and Kelly and Patton at guard position will be other members of the first string.

HASING YOU

## to tell You You've Lost Your Oil"

Two cars raced along the highway east of Abilene, Texas. The second driver finally overtook the leader and signaled to stop.

"I've been chasing you twelve miles to tell you you've lost your oil," he called to J. W. Bell. Mr. Bell found that a rock in the road had knocked a hole in the crankcase, allowing the Conoco Germ Processed Oil to drain out.

But examination of the motor showed no damage done. The "Hidden Quart" had protected the motor!

Only Conoco Germ Processed Oil offers the extra protection of the "Hidden Quart" that stays up in your motor and never drains away. Only Germ Processed Oil actually penetrates and combines with metal surfaces.

You need that extra protection during the starting period, when almost half your motor wear occurs. Oils not Germ Processed drain away, leaving parts unprotected. Germ Processed Oil stays on the job to cut down starting wear, giving your motor longer life. with fewer repair bills. It is the safest, surest lubrication you can buy.

Change to Germ Processed Oil now at the sign of the Conoco Red Triangle.

> We neither encourage "dry crankcase" experiments nor guarantee success under all conditions. But unsolicited letters from motorists, now in our files, tell of this and hundreds of other runs with empty crankcases but without damage.
