

JUSTICE HOLMES CLOSES CAREER

CHAMP LIAR

Here is Orin W. Butts, 72-year-old champion liar of the world. And if you doubt his title, he has a medal won in the annual liars' contest at Burlington, Wis., to prove it. He lives in Bay City, Mich., and says constant practice was responsible for the victory.

Bellowing Tom Blanton, who is no ornament in congress, succeeds pretty well in attracting attention to himself. In fact, the "Blanton issue" is his chief topic.

Feet Worn Off

Yesterday, trying to interrupt a speaker, he was told that he "had been on his feet so much his legs were worn off at the knees." But this will not curb the Abilene windstorm. Blanton is known as the loudest congressman. Rodney Dutcher, who writes on Capitol happenings for THE NEWS, listed the other day a typical Blanton schedule of bologna. The Texan opened by razzing the republicans, then broke into an eulogy of Speaker Garner, introduced for the RECORD an editorial in praise of himself, another attacking Hoover, then launched into something which sounded like an obituary sketch for Congressman Beedy of Maine.

Tosses Bouquets

Then he threw bouquets of words at "splendid Mr. Mapes from Michigan" and Congressman Frear of Wisconsin, citing at length the records of each. But this was preliminary to a tirade of acclaim for "Mrs. Blanton's bright young son." Always busy investigating something or other, Blanton usually ends by asking publication of matter for the edification of his constituents. Dallas Scarborough is his particular enemy at home, and he likes to talk about it. The Congressional RECORD has learned to reserve space for Mr. Blanton, who also makes sure the home folks learn about his continual activity in Washington.

The Pot Cools

The Austin political pots, boiling merrily a few weeks ago to the tune that Sterling was sure of a second term, are reported to have cooled to a simmer on the issue. Sterling views with rumored disgust the mud-

MISSING AUSTIN SCIENTIST FOUND, DAZED AND ILL

PROFESSOR OF ZOOLOGY TRIES TO FIND QUIET

DR. HERMAN MULLER IS NEARLY VICTIM OF OVERWORK

IS EXPECTED TO RECOVER

INSTRUCTOR IS FOUND LYING IN CLUMP OF BUSHES

AUSTIN, Jan. 12. (P)—Dr. Hermann Joseph Muller, University of Texas zoology professor and widely known scientist, who disappeared from his home Sunday, was found early today by a member of the governor's guards, Texas military group.

Dr. Muller was taken to an infirmary where it was said he was partially delirious. He was found at a point near Mount Bonnell, eminence in the cedar clad hills in the rough country adjacent to the Colorado river.

When he left home after breakfast Sunday he appeared depressed and unusually fatigued, Mrs. Muller said. W. Oille Caffey, a painter, told police this morning that a man resembling Dr. Muller appeared at his home here last night carrying a bundle of books under his arm.

"He asked if we had a room to rent and emphasized that he desired a quiet place," Caffey said. "He appeared nervous, very tired and wore a growth of beard that looked about two days old. I directed him to some rooming houses in the university neighborhood, but he said he could not get rest in that vicinity."

Mrs. Muller was suffering from exposure, his body numb from the cold. He was slightly scratched about the face. When found he was wandering aimlessly and muttering incoherently.

Bill Nichol, who found the missing professor, said he was lying in a clump of weeds and brush on the side of the road, beyond Mount Bonnell, about 5 miles from Austin.

Dr. Muller was taken to the university hospital, where he is recovering from his illness. He is expected to be discharged in a few days.

Dr. Muller was a member of the faculty of the University of Texas at Austin for many years. He was a well-known zoologist and had published many scientific papers.

Pneumonia Takes Another Victim

News of the death of S. E. Fish, 65, father-in-law of Mrs. Pearl Fish at Newkirk, Okla., Sunday, was received here yesterday.

Mr. Fish contracted pneumonia on Jan. 5. A unique circumstance connected with his death was that his son, Ralph A. Fish, contracted pneumonia here last June 5 and died June 10.

Funeral services will be held at Newkirk Wednesday. Mr. Fish is survived by his wife and six children. During Christmas, Ralph Fish Jr., son of Mrs. Pearl Fish, owner of the Pampa Coffee shop, visited his grand parents at Newkirk.

NEWS FLASHES AT PRESS TIME

DENVER, Jan. 12. (P)—Sweeping out of the northwest, winter laid siege to the Rocky mountain region today. A storm that gathered slowly in western Canada struck swiftly into Montana and headed southward. Drops of 40 degrees in 24 hours were registered at Havre and Northeastern Montana points.

TEXARKANA, Jan. 12. (P)—The kick of a mule was fatal today to Earlton Bower, 15. The boy was injured two months ago while playing at his home near Dekalb, Texas.

AUSTIN, Jan. 12. (P)—The state of Texas filed suit in Travis county district court today against Rolph Reed and the Echotex Refining company of Cleo for alleged gasoline taxes claimed due. A judgment for \$1,030 is sought.

COLUMBUS, Miss., Jan. 12. (P)—N. A. Dickson, a theater man of Kilgore, Texas, was under arrest here today on charges in connection with the recent robbery of the Columbia bank here in which two masked men stole \$7,300.

SHANGHAI, Jan. 12. (P)—There is steadily growing impression here that the government established at Nanking New Year's day has not long to live and that Chiang Kai-shek is coming back with the so-called Soong Dynasty, stronger than ever.

WASHINGTON, Jan. 12. (P)—The committee reached this decision today behind closed doors. "We agreed on a public hearing to consider the sufficiency of the charges against Secretary Mellon."

So far, Patman, a Texas democrat, is the only witness who has testified he desired to hear Patman is author of a resolution seeking impeachment of the veteran treasury head.

He charges that Mellon has violated laws prohibiting the secretary of the treasury for engaging in business.

He assembled a large bundle of documents, evidence he believes will substantiate the charges he made on the floor of the house last week. Included, Patman said, was the copy of a business agreement made in 1925 between the Aluminum Company of America, in which the secretary is a stockholder, and the Canadian Manufacturing and Developing company.

"I will give the committee evidence to show," he said, "that preliminary details of this agreement were reached at a conference held in Secretary Mellon's Washington apartment."

It is for the committee to decide whether to ask the house for authority to conduct an impeachment investigation.

The house moved steadily through much debate toward a vote on the measure to set up a \$2,000,000 reconstruction corporation. It expected to pass the bill later in the week but there were differences between the two branches.

The second phase of the president's program was progressing in the senate. This was a measure to add \$100,000,000 to the capitalization of federal land banks. It already has the approval of the house but since then the senate has attached \$25,000,000 more to it to enable the banks to extend the loans of farmers who are unable to pay.

Deputies allowed by the commissioners court yesterday afternoon at the regular session.

Sheriff Lon L. Blansett will have one paid deputy, Floyd Archer, and four unpaid deputies, Harris King, Raymond Harrah, Abe Davis, and Nels Dodson. Mr. Dodson is also a court bailiff.

Tax Collector T. W. Barnes will have one full time deputy, Jack Back, and five part-time deputies. Mrs. Louise Miller Dunn, district clerk, will have one deputy, Miss Marie Bastin. County Clerk Charlie Thut's two deputies are Miss Orla Gregory and Miss Katherine Howell. Tax Assessor F. E. Leech will have one deputy.

Pampans are not paying their taxes early this year, according to J. H. Blythe, city tax collector. Up to last night only \$16,041.20 of the 1931 taxes had been received at the collector's office in the city hall. The amount is little more than half what was paid at the same time last year, Mr. Blythe said.

Taxes due amount to approximately \$90,000. They must be paid by Jan. 30.

WASHINGTON, Jan. 12. (P)—Impeachment charges against Secretary Mellon by Representative Wright Patman will be considered at a public hearing tomorrow by the house judiciary committee.

Odd Job Survey Started

Jaycees Hope to Assist Jobless Men in Winter Season—Members Busy.

Immediate launching of the Junior chamber of commerce odd job survey was decided upon last evening at a membership meeting of the organization.

Frank Hill, secretary of the Junior chamber will direct the survey. Members who will assist in a house-to-house canvass were asked to meet at the city hall at 10 o'clock today where instructions were given and blank forms distributed.

Citizens are asked to make the drive a success by furnishing one or more hours of work for jobless men.

Mrs. W. H. Davis, manager of the Welfare Board, told the chamber that there were 87 men with families absolutely dependent upon the board for the necessities of life and that the list was growing every week.

Five alternate directors were elected last night. They are Dr. C. H. Schukley, Sherman White, Jack Vance, W. T. Fraser, and Arthur Teed.

A general activities committee to cooperate with the similar committee of the senior chamber was appointed by R. S. (Bob) Brashears, president. It composes of C. B. Akers, chairman, R. A. (Bob) Rose, Olin E. Hinkle, Jack Cunningham, Marvin Lewis, Odus Mitchell, and Dr. C. H. Schukley.

The senior chamber's major activities committee drive suspended during the holidays will be resumed. The Junior chamber now has about 160 active members. Enthusiastic talks on future activities were made by members.

Congress Grinds On Important Bills To Help Business

WASHINGTON, Jan. 12. (P)—Congress dug deeper today into President Hoover's program for rehabilitation of business.

The house moved steadily through much debate toward a vote on the measure to set up a \$2,000,000 reconstruction corporation. It expected to pass the bill later in the week but there were differences between the two branches.

SPLIT TAX PAYMENT PLAN KEEPS COUNTY OUT OF RED

About 20 Per Cent of Taxes Already Paid—Funds of Roads Substantial.

On account of the split payment of taxes, there was no overdraft in any of the county funds, Dec. 31, 1931, according to the annual report of Auditor R. C. Wilson, which was submitted to the county commissioners yesterday. A law passed by the last legislature enabled payment of part of the taxes last November and half next June. About 20 percent of the taxes from the 1931 tax rolls have been paid.

In 1930, commissioners had \$143,567.66 in road funds to spend and they spent \$139,460.62 of that amount. In 1931, receipts totaled \$176,053.88, and disbursements, \$151,576.45.

Receipts in the general fund totaled \$93,193.72, and expenditures, \$66,704.91. The balance on the last day of the year was \$3,103.74. There was an overdraft of \$23,385.07 on Jan. 1, 1931.

Status of the other funds in the county Dec. 31, 1931, were as follows: Jury—receipts, \$49,482.41; disbursements, \$26,573; balance, \$36,195.52.

Road and bridge fund—receipts, \$44,742.48; disbursements, \$33,109.21; balance, \$11,273.74.

GREAT JURIST DIMS AS AGE PILES ON HIM

RESIGNATION ACCEPTED BY HOOVER THIS MORNING

FEEBLENESS IS GROWING

LIBERAL OPINIONS OF VETERAN OFTEN IMPORTANT

WASHINGTON, Jan. 12. (P)—Oliver Wendell Holmes has resigned as justice of the United States supreme court.

President Hoover today accepted the resignation. "The justice, in a letter to the president dated Jan. 12, said the condition of his health made the move necessary."

Holmes told the president "the time has come when I must bow to the inevitable." Announcing receipt of the resignation, the president said, "I must of course, accept it."

The veteran justice will be 91 on March 8.

The strength of Mr. Holmes has been markedly lessening in late months.

His step became somewhat enfeebled at times and he has become jumpy. He frequently required the help of court pages or of his fellow justices to take his seat and rise after the session was over, at recent meetings of the court.

It was noticeable on yesterday that Chief Justice Hughes held a firm hand on the aged justice Holmes' arm as he took his seat, been halting and a cough more pronounced. Justice Holmes has delivered his share of opinions in the brief period of this term. He delivered one only yesterday—his last.

Holmes' letter, submitting his resignation to the president said: "In accordance with the provision of the judicial code as amended section 366—title 28 United States code 375, I tender my resignation as justice of the supreme court of the United States of America."

"The condition of my health makes it a duty to break off connections that I cannot leave without deep regret after the affectionate relations of many years and the absorbing interests that have filled my life."

"But the time has come and I bow to the inevitable."

"I have nothing but kindness to remember from you and from my brethren."

The lost may be found, easily, according to a letter received by this column. A farmer residing north of the city writes: "Anyone having a wife or husband, son or daughter, son-in-law or daughter-in-law, father-in-law or mother-in-law, or any other dear relative astray in the evenings, or if they are anxious about the wanderers, probably find them parked in my lane. . . . Those financially or otherwise responsible for these strays, . . . must either pay for parking space, . . . furnish ball, . . . or pay a fine for trespassing. . . . It is true that the statutes of Texas as state that it shall be the duty of the county commissioners to provide for the care of the poor of the county and set out procedure for the establishment of a county hospital, etc., and much discussion between the city and county on this question was had in 1929 and 1930, but no action was ever obtained on the question, the reason given being that the county general fund was not only depleted, but considerably in debt.

THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

BEGIN HERE TODAY ANNE, CECILY AND MARY-FRANCES FENWICK live with their grandparents, once wealthy, now so impoverished that Anne's and Cecily's earnings support the household. The sisters have been orphaned since childhood. The grandparents are known respectively as "ROSALEE" and "GRAND" and they insist on keeping up pretenses of their former wealth.

He kissed her quickly. "I guess," he said, almost at once, "that it all comes from your being of such a good family and like that."

With honesty he answered, "I don't know. 'Say,' he began again, 'are you sure you aren't kidding me about being 18 years old? It don't hardly seem possible.'"

"Well, sure," said Earl, but doubtfully. "And I'm about your wonderful professional career," said Mary-Frances.

"No kidding," he admonished. "It's just absolutely for your own good, little girl. See?"

MARY-FRANCES' feet were two burning lumps of torture. The backdoor was to be made of wide stripes of gold cloth and black velvet, and the partner (feminine) who was to feed Earl in front of it was to be dressed in stripes of gold and black. Finding the partner for his act was going to be most difficult. Sometimes he feared that it was going to be impossible.

"Earl," Mary-Frances interrupted desperately, "it is perfectly fascinating to listen to your professional conversation and everything, but I've got to go in. My sister's waiting with her friend, and she's sure to be coming home now, and if she should find me out here, I—"

CECILY half opened her eyes and said, "Um-um-um—'Smatter?' to Ann, who was stealing across the bedroom toward the bureau."

"Um-um-um, angel," Cecily murmured, severely tempted. Still there was something, wasn't there? Something different and exciting? Something wonderful? Barry! He was alive and here in this city, and there was another engagement, blissfully definite, for this very evening. Brightly, eagerly awake she scrambled out of the deep hollow in the center of her bed and perched on its edge and reached for her slippers.

"Who does?" said Ann. Cecily gasped before she laughed. "Lindbergh," she answered. "Who'd you suppose?" and reached for the old dingy blue bathrobe on the foot of her bed.

COUNTY AUDITOR URGING INSPECTION BY PRECINCTS

Wilson's Annual Report Made to Commissioners, With Analysis of Funds.

Greater coordination of work by Gray county commissioners in 1932 was urged yesterday by County Auditor R. G. Wilson in his annual report.

"It is my earnest conviction that the road program with its attendant problems will require more work and study on the part of the commissioner's court in 1932 than in any like period of time in the history of Gray county," Mr. Wilson stated, "and that proper service to the citizens of the county, makes imperative concerted effort on the part of every official whose duties in any way touch this project."

Mr. Wilson also "earnestly requested that the court give serious consideration of the advisability of purchasing a part of the right-of-way for the present road program out of the road and bridge fund. In view of the fact that the roads bearing heaviest traffic are being surfaced and since so much road has been constructed during the last two years, it seems reasonable to believe that—barring emergencies—expenditures during 1932 will be materially smaller."

The county auditor commended the court "on having governed expenditures in road funds so that all such funds carried balances at the end of the year. It was the first time in a number of years that this condition existed."

"At present the court has but one regular meeting each month, although many special meetings are called. Inasmuch as the regular sessions are filled with routine matters and special meetings necessarily devoted to purposes for which they are called, it is respectfully suggested that one day of the month be set aside for the purpose of inspection by the entire court of work under construction and work contemplated by precincts."

"The third Monday of each month might be designated for this plan with the court devoting the first meeting to one precinct, the second to another and so on around the county. Such action would doubtless prove mutually beneficial as various methods of construction and maintenance are studied and compared. And too, familiarity by the entire court with the needs and problems of each precinct should result in a more equitable division of funds."

By using a portion of the road and bridge fund for buying right-of-way, the bonded indebtedness of the county could be lowered, Mr. Wilson said. If this is done, "a signal service will have been rendered Gray county," he stated. "There is reason to believe that it will not be necessary to use all of the \$2,250,000 authorized for the road program."

"In outlining programs for 1932, it will be well to keep in mind the fact that a portion of the receipts shown in this report are, in reality,

Dawes To Stand By President Hoover

CHICAGO, Jan. 12. (AP)—America's retiring ambassador to Great Britain, Charles G. Dawes, has served notice on the country in general and politicians in particular that he is a loyal supporter of President Hoover, thus eliminating himself as a possibility for the republican presidential nomination.

"Any intimation," he said in a formal statement yesterday, "to the effect that in any possible way or under any possible contingency he (President Hoover) will not have my loyal and entire support is an insult to me."

Ward's Slashing Prices Well Below Quotations Of 1931

A general reduction in selling prices throughout all Montgomery Ward and company stores, totaling \$5,000,000, has just been completed, according to E. M. Conley, Ward's local store manager.

This step, which he considers one of the most momentous in American retailing, has resulted in a general lowering of prices from 10 per cent to as much as 50 per cent below the peak prices of 1931.

Mr. George B. Everitt, president of Montgomery Ward and company, said in a statement to the press: "There are about 123,000,000 people in America to be supplied with the necessities of life. This job will go to the merchants who are in a position to offer the greatest values, and who have the courage to make liberal use of printer's ink in letting the public know about them. Last year we spent approximately \$4,500,000 on newspaper advertising alone. Without attempting any forecast as to the future outlook for business, we look for a revival of good old-fashioned bargain hunting. The drastic price concessions we are making and our recent advertising plans for 1932 reflect our confidence in the future."

"Not a shelf, not a counter at the Pampa store has been overlooked," said Mr. Conley, "and in many instances prices are the lowest we've ever offered in our 60 years of merchandising." The opening announcement of this event appears in THE NEWS today.

"advances" on receipts of 1932. In other words, the split payments of taxes have brought into the treasury approximately 20 per cent of the taxes from the 1931 tax rolls—money which would not have been received until 1932 under the system of collections used until this year. The same "advances" may be received in the late months of this year, but such revenue is entirely problematical and should be so considered."

JANET GAYNOR KEEPING FAITH WITH "DIANE"

Janet Gaynor has a constant companion wherever she goes. The film colony suspected it; but none of them has stumbled onto the truth.

The public knows it; but only intuitively, vaguely, in their hearts. Janet knows that the public who loves her knows, it is a secret which explains many things about the Janet Gaynor one never sees except on the screen.

The unseen companion is Diane. She is Judy Abbot. She is Merely Mary Ann. She is Heather Gordon.

Janet Gaynor was once a little girl who went to the movies to cry and laugh with her favorite screen players. She felt their heartaches, shared their joys—on the screen. She took them seriously.

And then she found Diane. No sooner did Diane transform the tiny figure of Janet Gaynor into one of the world's most loved heroines than the great and near-great of Hollywood became her daily companions.

Janet created Diane in "7th Heaven," just as Diane created Janet. They have much in common. Janet will fight for Diane over things she would not mind for herself alone. In her work she takes direction with every ounce of her interest at her command. She assimilates her business, her lines and her role with great rapidity. She is never a minute late, when her company is working. She will repeat scenes, time without number, without a murmur, until the director is satisfied. Often such repetitions are caused by an inexperienced player in the cast.

Janet has a companion. She lives in her heart. And her name is Diane, although she is called "Heather" in "Delicious," Janet's latest picture, now at La Nora theater.

"CRAZY QUILT" COMING SOON

Coming directly from its Chicago triumphs, Bill Rose's "Crazy Quilt" with Fannie Brice, Phil Baker and Ted Healy, will be the attraction at city auditorium in Amarillo for one night, Jan. 28.

"Crazy Quilt," Chicago edition, is an amplification and consolidation of "Sweet and Low" and the New York version of "Crazy Quilt." Rose, whose fame until last season consisted of being a successful songsmith with such hits as "Barnes' Google" and "There's a Rainbow 'Round My Shoulder" to his credit, blossomed out with a revue called "Sweet and Low," starring Miss Brice and Mr. Baker. For twenty-eight weeks the show was among the box office leaders of Broadway.

SEEK VENUE CHANGE

BEAUMONT, Jan. 12. (AP)—Attorneys for Mayor J. P. Logan, of Port Arthur planned to call more witnesses today to testify that in their opinion Logan could not receive a fair trial in this county. The mayor, slated to go to trial on the first of 26 charges of paying poll taxes of others, asked for a change of venue.

SHE PLAYS WITH 160 MICE

Women who scream and leap on table tops at sight of a mouse are old-fashioned! That's what Miss Katherine Gertrude Watson of Rossville, Ill., thinks of the timid members of her sex, and she has a right to speak. For she actually plays with 160 white mice. Through mice, and the way they behave when inoculated with the pneumococci germ, Miss Watson hopes to make an important scientific discovery—and incidentally to prepare her thesis for a Ph. D. degree at New York university. She expects to demonstrate that colds can be eliminated in humans by proper exercise.

Cousin Of Local Woman To Open Amarillo Studio

Miss Elsie Little, a cousin of Mrs. David M. Warren, will open a dance studio in Amarillo this week at the Palo Duro hotel. The Amarillo Sunday NEWS-GLOBE carried the following story about the opening:

Miss Little has recently returned from New York City, where she has been since Aug. 1, under intensive training in some of the country's best dance studios. When but a child of three years, she definitely chose dancing as her outstanding accomplishment and began at that age to take an active interest in everything pertaining to the profession. Later, Miss Little studied under private teachers from Horner Institute, where she received much of her early training.

"After her graduation from the Amarillo high school two years ago she went to California, where she enrolled with Theodore Kosloff for ballet and foundational training and later went to Dallas with Mr. Kosloff and his corps of instructors to continue her work with him.

"In New York, Miss Little devoted her entire time to study and entered the Albertina Rasch School of Dancing. Later she studied with Constantin Kobleff and Yakovlev in ballet instruction at the Chalf Studios, and with Tashamira, from whom she received special training in modern German technique.

"Miss Little also specialized in modern tap in New York with John Mattson and in Hollywood with Eddie Prinz, two of America's foremost modern tap instructors.

"Mrs. Becky Reeder Arnold will assist as accompanist, and Miss

Many at Opening of Training Class

Sixty-four persons, some of the Central Baptist church and some of the First Baptist, gathered at the First church building last evening for the opening of a Sunday school training school. The school will continue each evening through Friday.

Three courses are offered. Andrew Allen of Dallas, field secretary of the state Sunday school department, is teaching the book, "Building a Sunday School." Mrs. Annie G. Taylor of Fort Worth, also representing the state Sunday school department, is teaching the Sunday school manual. The Rev. C. E. Lancaster, pastor of the First Baptist church, is teaching "Studies in the Old Testament."

The first class each evening is held from 7 to 7:50 o'clock, and an assembly period is conducted from that time until 8:15. Various features are prepared for the assembly. This evening, for instance, 51 questions about Sunday school absences will be asked by Mr. Allen and answered by Mrs. Taylor. The second class is held from 8:15 to 9:05.

Prophet Thinks Snow Is Unlikely

A. G. (Friday) Brandon was unperturbed this morning by reports that a Rocky mountain snow storm and blizzard was sweeping over Wyoming, and that cattlemen were being warned.

"This country isn't Wyoming," "Friday" said. "The courthouse weather prophet and old timer of Gray county pointed out that such reports have been confusing Panhandle citizens for 20 years. 'In winter time,' he said, 'there's always a blizzard sweeping out of the Rockies into the Panhandle. Sometimes they arrive but most of the time they never get as far as Dalhart.'"

"Friday" continued to assert that Gray county will have a major blizzard until "along in February" and that "we might not have one then."

Osborne Stock in Perfect Condition

A Santa Fe freight train was delayed two hours at Miami yesterday afternoon while Dr. T. J. Worrell, local veterinarian, fought mud going to that city. The delay was necessary because T. J. Osborne of Miami was shipping 39 registered cattle to the Denver fat stock show and it was necessary to have the report of Dr. Worrell's blood test of the show cattle before they could be shipped.

It took Dr. Worrell more than two hours to drive the 28 miles. He was two hours returning last night. The doctor reported that the Osborne herd was in excellent condition. The animals are perfect from every standpoint and should carry off many prizes, Dr. Worrell believes.

The Pampa doctor made the trip to the Osborne ranch to take the tests after the last storm. From Denver the Osborne cattle will be shipped to Amarillo. They will go to the Fort Worth Fat Stock show from Amarillo.

THREE WHITE DEER TEAMS COMING FOR GAMES TONIGHT

SPECK WILSON WILL BE SEEN IN MAIN EVENT

GIRLS' SEXTETS WILL OPEN PROGRAM AT 7:30 P. M.

White Deer will send three basketball teams to Pampa to meet the Harvesters tonight. The first game, between two girls' teams, will be called at 7 o'clock. Coach Argus Fox and his second string quintet will play at 8 o'clock. The green and gold under Coach Odus Mitchell will battle the Bucks at 9 o'clock. Admission will be 15 and 25 cents.

Speck Wilson, the fly in the Pampa ointment when it comes to basketball, will lead the Buck attack against the Harvesters. The flash is less than 5 feet tall, but he can loop baskets from any angle on the floor. He will be assisted in the good work by Erath Grimes. The Bucks went into Goodnight last week and defeated that team for the first time on its home floor.

The combination of Enloe and Moore will have to function well to beat Wilson in making points. The little fellow nearly defeated the green and gold in White Deer two weeks ago.

The second string team will have Poe and Chastain on the shooting end. Other members of the squad are uncertain. Jim Pool, the boy who beat the Canyon Eagle second team last week, will probably get the call for center.

Coach Harry Kelley will use his best sextet against the White Deer girls. The Pampa girls have not lost a game this season.

On Friday and Saturday nights the Harvesters will play the Lubbock Westerners.

SALARY CUTS ARE TO CAUSE UPROAR SOON

HUGE REDUCTIONS FOR SOME PLAYERS OFFERED

NEW YORK, Jan. 12. (AP)—Basing judgment on the first slashes at the major league payrolls for 1932, the shrill cry of the holdout will be heard from coast to coast.

The full extent of the "bad news" arising from the sharp retrenchment program of club owners, has just begun to circulate. Hack Wilson, the 1930 home run king who was paid \$33,000 last year by the Cubs, has been offered a cut in excess of 75 per cent. Bill Terry, who was the 1930 National league batting champion and runner-up in 1931, has been asked to accept a 40 per cent reduction.

It is figured the major league clubs will slash \$1,000,000 or more from their salary list. Amounts per club may vary from \$40,000 to \$100,000. Reduction of the player limit from 25 to 23 will help.

Only one Washington player, outfielder Dave Harris, has been reported as signing for 1932. He said he accepted the same salary as last year.

Brooklyn probably will do its slashing on a wholesale basis. Included in the process will be Dazzy Vance, who got \$23,000 for winning only 11 games last year; Babe Herman, who received \$19,000 for hitting .313; Glenn Wright, out of much of the year; Johnny Frederick, Babe Phelps and Lefty O'Doul.

Among the Giants, expectations are that Frank Hogan, Freddie Lindstrom, and Hughie Critz, in addition to Terry, will be asked to take big cuts.

The Yankees have not yet aired any contract difficulties. Babe Ruth will put up an argument before he accepts less than \$80,000 for this year.

With Burleigh Grimes traded and Hack Wilson's figures whittled down, the world champion Cardinals have only one really high-salaried star left. He is Captain Frankie Frisch, reputed to get between \$17,000 and \$20,000. Pepper Martin, Paul Derringer and Bill

Caustic Remarks Made on Tournament—"Kibitzer" Word is Elevated.

NEW YORK, Jan. 12. (AP)—The bridge battle of the century is over—but the melody lingers on. Or the dissonance.

In the month that Lenz and Culbertson and their various partners pitted systems across the bridge table, thousands of words were carried on a play by play basis to every quarter of the globe to meet the intense interest of millions of readers in one of the most incredible news events of the year.

In newspapers of the land the Lenz-Culbertson war shouldered the Sino-Japanese conflict on first pages and the papers themselves added to the conflict by independent comment, editorial and cartoon.

Examination of newspaper files reveals a wide difference of opinion over the contest, ranging from serious dissertations on the game to caustic comment on the players and their systems.

The Omaha BEE-NEWS maintained that "one great and probably lasting good has so far come out of the contest—the elevation of the word 'Kibitzer'."

A number of papers strike the note of the Omaha WORLD-HERALD, which declared "the professionals play pretty much as amateurs do. We have seen them forget to trump, we have seen them inattentive to the bidding. We have seen them bid and lead and play out of turn and make common errors of judgment."

BACK TO WORK

SHAWNEE, Okla., Jan. 12. (AP)—Three hundred Rock Island railroad employes, laid off Dec. 21, will return to work Jan. 18 on a five-day week schedule. The local order follows an announcement made from the road's headquarters in Chicago yesterday that 1,700 shopmen would return to work in the passenger and locomotive car shops at Shawnee, Okla., Cedar Rapids, Ia., and Horton, Kansas.

Hallahallan all appear due for boosts on the basis of 1931 performances. Around Pittsburgh the reports are that the salary axe may fall on Paul Waner who got approximately \$15,000 last year; Remy Kremer, paid around \$12,000; and Ervin Brame, pitcher, who drew \$9,000.

GET OIL INJECTION

AUSTIN, Jan. 12. (AP)—The Texas Railroad commission was granted an injunction today, under the new oil and gas conservation statute, in the 43rd Travis county district court, restraining the Dixon Creek Oil and Refining company of Amarillo from violating the commission's production orders in the Panhandle field. The application for the injunction alleged the company was disregarding the allowable set by the commission for the field.

DICK METZ IS GOING STRONG IN GOLF TILTS

YOUTHFUL TEXAN HAS HIGH RANKING IN CALIFORNIA

LOS ANGELES, Jan. 12. (AP)—MacDonald Smith had followers of golf shaking their heads today.

The stoical Scot yesterday terminated a one-man parade over the Hillcrest Country club course to win his third Los Angeles \$7,500 open in the seven years it has run. Methodical Mac opened the proceedings with a 69 Saturday, accelerated with a 68 Sunday, then clung to his advantage with two rounds of 72 yesterday to score a 281 total, three strokes below par for the course. He won \$2,000.

A mixed quartet pulled up in second place tied at 285, one over par, and 1937.50 each in earnings. This included Leo Diegel, over whose home course the Agua Caliente, Mexico, \$10,000 tourney opens tomorrow; another veteran campaigner, Joe Kirkwood, who enjoyed better success at making a golf ball do tricks than has been his in recent years; Dick Metz, youthful pro from San Angelo, Texas, and Olin Dutra of Santa Monica.

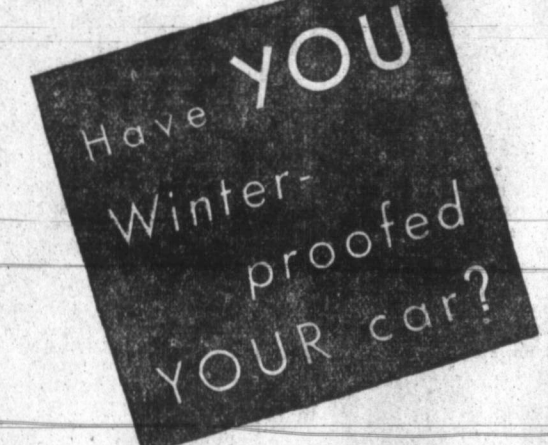

C. H. Walker made a business trip to Dalhart today. He drove to Amarillo where he left his car and took the train to Dalhart.

Chicago Cleaner Shot to Death

CHICAGO, Jan. 12. (AP)—A new war in Chicago's turbulent cleaning and dyeing industry was believed by police today to have been responsible for the killing of Benjamin Rosenberg, 46, manager of a dry cleaning concern and campaigner against racketeering.

Rosenberg was slugged near his home in suburban Maywood last night and shot six times by three assassins while he was helping to inspect the first incident of its kind since the bloody warfare between Al Capone and George "Bugs" Moran over control of the "cleaning racket."

Thompson Attends Insurance Meeting

Frank D. Thompson is in Dallas attending the annual meeting of the American Life Insurance company representatives of Texas. The convention is being held in the home office building of the O. Sam Cummings agency, state managers for the Kansas City Life. The O. Sam Cummings agency, during December wrote more life insurance than it has ever written during any other December in its 27 years' experience. This company also made the record of doing during 1931 10 per cent more business than it did during 1930.

O. Sam Cummings, head of the agency, believes that this growth of business during a so-called poor year is in line with the fact that life insurance is the bright spot in a depression period. "Never in history," said Mr. Cummings, "has there been a greater appreciation on the part of the public for the protective value of life insurance. The heavy responsibilities of these times make it necessary for every man to see that his dependents are completely and adequately protected."

COTTON OPENS STEADY
NEW ORLEANS, Jan. 12. (AP)—The cotton market today had a steady opening. Although Liverpool cables were hardly as good as due first trades here showed gains of 1 to 2 points.

Prices continued to improve, stimulated by the passage by the senate of President Hoover's reconstruction finance bill and also by a firmer opening of stocks.

March traded up to 5.53, May to 5.70, and July to 5.87, or 3 to 5 points above yesterday's close.

Near the end of the first hour the market was very steady and at the highs.

GRAIN EXPORTS
WASHINGTON, Jan. 12. (AP)—Grain exports last week from the United States amounted to 949,000 bushels against 1,078,000 bushels the previous week and 238,000 bushels during the corresponding week of last year.

Scout Leaders in Borger Sessions

Boy Scout leaders from the north Panhandle will gather in Borger tonight for the annual meeting of the Adobe Walls council. A banquet served by women of the First Baptist church will be served at 7:15 o'clock. Lloyd O'Neil of Dallas, regional executive, will be a guest at the banquet and the meeting to follow.

Chairmen of various committees were to meet this afternoon and prepare reports to be presented at the general meeting preceding the dinner. The four Pampa Eagle Scouts, Claude Sullins, Wilks Chapman, Buck Mundy, and Berton Doucette, will be guests of honor at the meeting.

Judge Norman Coffee will make the welcoming address. The response will be made by the Rev. Martin T. Pope of Panhandle, acting president of the council.

C. A. Clarke, executive, will present the annual report. Officers for the year will be elected. The name of the Rev. A. A. Hyde of Pampa is being mentioned for president. Rev. Hyde has been chairman of the court of honor during the past year.

WHITE DEER'S POULTRY SHOW WILL BE LARGE

The third annual poultry and livestock show being sponsored by the White Deer vocational agricultural department Thursday, Friday, and Saturday will attract entries from the entire North Panhandle. Several Pampa poultry raisers will place exhibits. Some cattle raisers plan to take some stock to the fair.

Stalls for 100 head of livestock have been arranged and coops for more than 500 birds have been constructed. T. M. Moore, professor of agriculture at Canyon, will be poultry judge. Vocational classes from various high schools in this section will enter judging teams in both poultry and livestock.

F. J. Ford of Amarillo will be livestock judge. Baby beaves will be strong. J. E. Hewitt, vocational agricultural instructor, believes. Some riding and driving horses are expected.

No entry fee will be charged. All birds must be entered by 5 o'clock Thursday. Entries for the stock show will be accepted until Friday noon.

Speaking of the Weather--

by Charles Fitzhugh Talman of the U.S. Weather Bureau
WRITTEN EXCLUSIVELY FOR N.E.A. SERVICE

YOUR GUESS IS AS GOOD AS THE ALMANAC'S WHEN IT COMES TO FORECASTING THE WEATHER—JUST TRY IT AND SEE

No farm home seems complete without an almanac, and no farmer's almanac is quite complete without a series of weather predictions. The farmer's foreknowledge of the weather is as old as agriculture itself.

Unfortunately this demand can be satisfied in only a limited way by accurate scientific methods, and the almanac maker either employs some nonsensical process of prediction based on the moon, stars, or what not, or simply sets down whatever his imagination suggests.

Almanac weather predictions are worthless, but they have acquired a considerable reputation. The reason is two-fold: In the first place, we live in a very changeable climate, and almost any prediction that is not absolutely out of keeping with the season—such, for example, as the announcement of a snowstorm in August, or a hot wave in February—is pretty sure to be verified within a specified period of three or four days, or within a few days before or after such a period, in which case the slight error in time is regarded indulgently by the public; in the second place, the successful predictions, which, as just explained, must be numerous, produce a more lasting impression than those that are unsuccessful.

The only possible check upon self-delusion in this respect is to write down day by day the prediction and the actual weather and at the end of a month or a year to count the number of successes. This process is earnestly recommended to persons who still retain more or less faith in the almanacs.

It might be well enough to leave in the almanacs the weather forecasts, provided every almanac maker would have the grace to append to his pages the following frank avowal, which appeared in Gabriel Frende's Almanack and Prognostication for 1899: "Thou hast my guess at daily weather."

Here present in this view. My credit shall not lie thereon. That every word is true: Yet some to please I thought it best To show my mynde among the reste."

Theater Bombed At Kansas City

KANSAS CITY, Jan. 12. (AP)—An explosion which arson experts attributed to a dynamite bomb killed a negro janitor and damaged the lobby of the Midland theater, one of the city's largest motion picture houses, after the final show last night.

The victim was Frank Alexander, 24. No one else was injured. Police said they believed the janitor had found the bomb on an upper floor and, mistaking it for trash or a package lost by a patron, was carrying it to the lobby when the explosion occurred.

Heavy rains caused earth slides in Idaho, Washington, and British Columbia. Dust clouds impeded traffic in Great Falls, Mont.

The chinook winds melted snow blankets in Idaho and Montana. In Helena, Mont., the temperature rose to 55 degrees above zero, making it the warmest Jan. 11 on record there.

Meanwhile, a blizzard whipped up snow drifts six feet deep in the streets of Raton, N. M.

Effort to Free Gandhi Delayed

BOMBAY, Jan. 12. (AP)—Attorneys interested in obtaining the release from prison of Mahatma Gandhi decided today to postpone their application for a writ of habeas corpus until they have had an opportunity to make a further study of the statute of 1827 under which the Mahatma was committed to jail. This, they said, would require about a week longer.

The attorneys contend the statute is no longer valid and, besides, it applied only to subjects of a foreign state or those whose relations with a foreign state were hostile. Gandhi, they contend, comes under neither of these classifications.

They also claim the statute was automatically repealed by Queen Victoria's proclamation of 1858 and by the government of India, act of 1915.

\$750.00 Cash Offered For Name of Movie Actress

Reward Will Be Paid Everyone Who Submits Most Suitable Name

From Hollywood comes an extraordinary announcement. A movie actress is in need of a name, and \$750.00 in cash will be paid for the best suggestion. You can give her yours, or any other name you think of, it may mean \$750.00 to you.

This movie actress, whom you have probably seen on the screen of your favorite motion picture theater, is the beautiful Helen Mann. Like most of the stars, she prefers to use a name other than her own, and in order to help her obtain it, \$750.00 in cash is offered to anyone who is quick in sending in the name selected. Miss Mann's publicity director says, "Most any name may win." It may be your very own, a name of a friend or relative, or a fictitious name made up by you. Readers of this announcement are urged to send their suggestions for a name at once, because \$250.00 extra will be given the winner if name is mailed and postmarked before January 17, 1932. Just make it easy to pronounce and easy to remember. But send it right away, or you may be late for the promptness price.

All entries must be sent to the Publicity Director's office. E. A. Williams, Studio AA-274, 1023 N. Sycamore Ave., Hollywood, California. Only one suggestion for a name should be submitted by each contestant. Everyone is invited to submit a name, and in case of ties, duplicate awards will be given. Officials say that any name may win the \$750.00, even if submitted on a post card or scrap of paper. If you can use \$750.00, here is an opportunity to get it. Send your suggestion at once.—Adv.

Winter Tornado Kills 2 Persons

KANSAS CITY, Jan. 12. (AP)—It's a winter of surprises. High winds and heavy rainfall scrawled complications into the seasonal plot in the west yesterday.

A tornado killed a Mexican woman and her baby on a plantation south of Eagle Lake, Texas. Nine persons were injured by that tornado and another which struck west of Hockley, Texas.

Winds which reached a velocity of more than 60 miles an hour swept the northwest. They broke windows, and sign boards made hill roads and sing boards and made hill roads dangerous.
