Public Is Invited To Attend The Close Of Daily News Contest Tonight

Civic clubs are known for their good fellowship. One usually likes a man he knows well. Brotherhood is emphasized...

Thrown In Jest
Here is the item above mentioned:

Los Angeles—A cube of sugar, assertedly thrown by a fellow member of the San Pedro Lions club, was the basis of a suit for \$103,890 damages against the various members of the club.

Lions, Rotarians, Kiwanians, remember the Alamo if you must but don't throw things at the table.

Gloomy Days

"It is a gloomy moment in history. Not for many years—not in the lifetime of most men who read this paper—has there been so much grave and deep apprehension. In our own country there is universal commercial prostration and panic and thousands of our poorest fellow citizens are turned out against the approaching winter without employment.

"In France the political caldron seethes and bubbles with uncertainty. Russia hangs as usual like a cloud dark and silent upon the horizon of Europe; while all the energies, resources and influences of the British empire are sorely tried, and are yet to be tried more sorely in coping with the vast and deadly Indian insurrection and with disturbed relations in China.

"Of our own troubles no man can see the end. If we are only to lose money and by painful poverty to be taught wisdom no man may seriously despair. Yet the very haste to be rich, which is the occasion of this widespread calamity, has also tended to destroy the moral forces with which we are to resist and subdue this calamity."—From Harper's Weekly, October 10, 1857.

Sounds Familiar

The above paragraphs, written three-quarters of a century ago, prove that history repeats itself. The "good old days" were not so good, and our future may be expected to show spots as bright as many of those between 1857 and now.

ORCHESTRA TO FURNISH MUSIC THRU EVENING

WINNERS TO BE NAMED NOT LONG AFTER RACE ENDS

FINAL HOUR TEN O'CLOCK

MUSICIANS WILL PLAY IN NEWS' VACANT BUILDING

As the last hour looms right in the faces of all contestants, much activity prevails.

Plunging along through the final hours in a furious battle for supremacy while time is ticking off the precious seconds, contestants in The Pampa Daily News far-famed automobile and prize campaign will wind up the greatest newspaper campaign for circulation in the history of the Panhandle. Swiftly drawing to a close, the campaign is hourly growing in force and vigor, voting is assuming almost unbelievable proportions.

Andy Andrews and his eight-piece orchestra will entertain persons who wait for the results of the NEWS contest from 8 o'clock until winners are announced. The vacant store space formerly occupied by the office supply department, those who care to may dance on the big floor. It is expected that winners will be announced around 11 o'clock.

The orchestra furnishes music on Tuesday and Saturday nights for the dances at the Ritz ball room. The personnel of the orchestra includes: Claude Hipps, piano; Bill Jesse, violin; Eldon Lewis, drums; Joe Kahl, saxophone; Red Scott, saxophone; Sloppy Wilks, trumpet; Casey, trumpet, and Andrews, violin and banjo.

Even the wildest predictions as to ultimate winners have been shattered by the avalanche of subscription votes pouring into the locked and sealed ballot box. Like the waves of a charging regiment, on they come, never ceasing, never faltering.

Every contestant, it seems, is fully aroused to the opportunity of winning the \$1200 Buick, purchased from the Tom Rose Buick company, the \$679 Chevrolet, purchased from the Cuberson-Small Chevrolet company, or the trip over the T. W. A. to California and every passing thought is for the prize.

At Wichita Falls a nine-year period was topped with a high of 87. Longview had a record figure of 84. Dallas with 80 was as high as any time in the past five years.

Maximum readings from other points: Austin had 84, Denton 79, Corpus Christi 80, Brownsville 81, Gainesville 80, Abilene 86, Amarillo 76, El Paso 76, Houston 82, Palestine 82, Port Arthur 76, and San Antonio 84.

Skies were cloudy and overcast over practically the entire state today, checking temperature rises. Most sections were in line for rain today or tonight. Tomorrow also was expected to be rainy and unsettled.

BLAZE THAT TRAPPED WOMAN AS SHE PRAYED

Pictured at its height is the fire which swept the evangelistic temple of Raymond T. Richey at Houston last week, costing one life, that of Mrs. Anna Rayburn, inset, and doing damage approximating \$250,000. Four women were praying in the tabernacle's prayer lower, location of which is shown by the arrow, shortly before the fire broke out, and Mrs. Rayburn's body was found below this point, after the building had fallen in. Mrs. Oscar Breeding, one of the women who left the temple just before the fire claims that she received divine warning to quit the building.

Frolic Plans Are Clever

Public Is Urged to Attend Entertainment in School Auditorium Thursday.

Every item on the program of the "Cheer Up Frolic" which will be held Thursday evening at the high school auditorium by the Parent-Teacher association has been polished to a satisfactory state of perfection, according to Mrs. Harry Marbaugh, chairman of the finance committee of the P. T. A. Tickets are on sale.

Anything that resembles pessimism has been squeezed out of every number. The program is long enough, but it is varied and the audience won't have time to become disinterested or bored.

High-lights on the program are as follows: High-powered tumbling by Harry Kelly's tumblers. A one-act play, "Printer's Ink" by a cast coached by Miss Arless O'Keefe.

"Up-roar Grand"
A skit by a group of Miss Iva June Willis' singers. Miss Willis said the act was better than "Up-roar Grand" which drew unanimous approval when it was presented here a half-dozen times last fall.

A number of songs, not too many, by the boys' glee club. Mrs. Marbaugh said the public is invited to attend. Proceeds of the small admission will be used to buy medals for Pampa high school members of the national honor society of this school team. This society was sponsored by the P. T. A. in order to promote scholarship, school spirit, and an entertainment is held each year to raise funds for buying the medals.

"Printer's Ink" the one-act play, was chosen at tryouts Monday night. Miss Fannie May and Miss Josephine Cariker were judges. The three plays in the contest were coached by high school students.

Senator Bankhead Is Cleared of Heflin's Charge of Vote Buying

WASHINGTON, Feb. 10. (P)—Changes of vote buying and efforts by corporations to influence their employees were discounted today in a report to the senate elections subcommittee considering the Heflin-Bankhead contest, but testimony on other law violations was stressed.

Chairman Hastings, in a report on the recent testimony taken for the committee in Alabama, cited charges of 50 varieties of law violation in the election of Senator Bankhead (D., Ala.) which is being contested by former Senator Heflin.

He said there seemed to be no dispute that voters were permitted to cast their ballots without appearing in person at the polling places and reported the testimony showed it was the practice to pay the poll tax for others, though it is forbidden by law.

Hastings said 14 witnesses had testified to the purchase of votes or the offer to purchase. "I do not think," he said, however, "the testimony offered upon this point is sufficiently satisfactory to make it appear that the purchase of votes was carried on to such an extent as to seriously affect the election. There was no testimony connecting Mr. Bankhead with the purchase of votes."

Hastings said 17 witnesses testified that corporations had endeavored to influence votes of their employees, but he added he was "not greatly impressed with these charges."

Eight witnesses testified, Hastings said, that managers in as many different polling places left with blank ballots and returned with them marked, thereby voting persons who did not personally appear. "There seems to be no dispute on behalf of Mr. Bankhead that this method was followed," he commented.

Court Upholds Statute Passed to Prevent Natural Gas Waste

AUSTIN, Feb. 10. (P)—A three judge federal court today upheld the validity of a statute giving the Texas railroad commission power to prevent wastage of natural gas. The court filed its opinion here today in a suit for injunction brought by F. C. Henderson, Inc., against the railroad commission and others.

Henderson operated a plant in the Panhandle field for extraction of gas from natural gas. The opinion denied Henderson's application for a temporary and permanent injunction and granted the state's plea for an injunction restraining Henderson from the wasteful use of natural gas in the plant.

Under the injunction, Henderson, Inc., "must desist from using gas at its plant unless and until provision has been made for the utilization of the residue gas without waste."

The case was brought to test one phase of the Texas conservation statutes passed at the special oil session of the legislature last summer. The railroad commission had complained of inadequacy of the statutes governing wastage of gas and the new statute enlarged their powers.

The state alleged the residue gas was being blown into the air and wasted after the gasoline content had been removed. Millions of cubic feet of gas daily were thus dissipated, the state contended.

While the opinion held the statute valid, the federal court stated the \$1,000 per day penalty is so drastic and so excessive and extreme as that they appear plainly to be designed to affront those subject to the act into abject and incontinent submission. Henderson had sought injunctions restraining the railroad commission from enforcing the statute.

NEXT MEETING TO BE HELD IN PAMPA MARCH 8

Ed. Warren, superintendent of the Continental Oil company, was elected chairman of the Pampa chapter of the American Petroleum Institute organized last night at a meeting of oil men in the city auditorium. More than 300 men interested in oil development in the Panhandle area attended the session.

Other officers elected were: First vice chairman, Ed. Bissett, superintendent of the Skelly Oil company; second vice chairman, Hugh Allspaugh, superintendent of the Dixon Creek Oil company.

H. M. Blakeslee of Dallas was the chief speaker on the program. He outlined the policy of the organization and told of its activities in other fields.

Before the meeting adjourned Mr. Warren appointed H. E. Rogers of the Phillips Petroleum company secretary-treasurer of the Pampa chapter. He also named the following men as a committee to draw up by-laws and constitution to be presented at the next meeting: Max Mahaffey, Empire Gas & Fuel, chairman; Frank Berry, Phillips Petroleum, E. J. Wiss, Prairie Oil & Gas Co., Dan Gibbon, Texas company, and Ed. Dunning, Harrogate Oil Co.

The Pampa chapter will hold its next meeting March 8. The hour and place will be named later.

In explaining the A. P. I. organization Mr. Blakeslee said it was divided into four departments, the engineering, accident prevention, statistics, and public relations. The organization works in three divisions, marketing, refining and producing, with the latter being the most important. He explained that the A. P. I. tries to keep down bootlegging of gasoline, which is becoming a menace to the oil industry.

Several local men who have had experience in A. P. I. work in other fields told of the activity of the organization.

Negroes Attack Houston Woman

HOUSTON, Feb. 10. (P)—Heavily armed posers today sought two negroes who criminally attacked a 22-year-old white woman.

The brutal attack occurred near Buffalo stadium last night. The woman and her escort were forced from their automobile. The negroes bound the woman with a rope and threw him into a ditch. They then carried the woman a half block away and attacked her.

The man worked himself loose after three hours and freed the woman who had been bound and left lying in tall grass. The negroes had shoved her hat over her eyes.

At a hospital, the woman was unable to give a coherent account of the occurrence. Her companion said the negroes, one carrying a pistol and the other a flashlight, approached the automobile from the side of the road and ordered the couple to get out of the car.

NOTED ENGLISH AUTHOR DEAD

Edgar Wallace Dies in Beverly Hills Today of Double Pneumonia.

BEVERLY HILLS, Calif., Feb. 10. (P)—Edgar Wallace, who became one of the world's most prolific and highest-paid writers after starting life as a newsboy in the slums of London, died this morning at 4:45 o'clock. Death was due to double pneumonia. He was 56 years of age.

The noted author of mystery stories was stricken Sunday with influenza. Pneumonia developed Sunday and since yesterday the writer has been in a semi-conscious condition.

At his bedside when he died were his secretary of many years, Robert Curtis; Walter Huston, the actor, and his physician.

Wallace came to Hollywood from his home in England several months ago to write scenarios for the RKO-Radio studios.

Known especially for his mystery novels, which he often wrote as rapidly as two a month, Wallace was one of the most distinguished writers of the day. He, however, laid no claim to literary genius.

Born in the squalor and poverty of London slums, Wallace's parents were so poor they had to leave him.

Approval Sought For 120 Warships

WASHINGTON, Feb. 10. (P)—Chairman Vinson of the house naval committee said today congress will be asked to approve his \$616,250,000 warship construction bill before the present session ends.

The measure, which would authorize 120 new vessels already has been approved by the committee. A request for house action, however, was delayed because of the depleted condition of the treasury.

TWO DIVISIONS BEING RUSHED TO WAR ZONES

BELIEVE JAPANESE ARE READY TO START BIG PUSH

CHINESE LEARNING FAST

JAP HORDES SABERED IN OLD TIME CALVARY RAID

BY JAMES P. HOWE

SHANGHAI, Feb. 11. (Thursday) (P)—The guns of Chapei were silent early this morning but under cover of darkness armies were concentrating at Woosung and the apprehensive international settlement believed the Japanese were ready to start the big push.

Newcomers from Japan arriving late Wednesday night said their steamers had passed a dozen Japanese troop ships loaded with soldiers. A private message in code received from Tokyo said two divisions—about 20,000 men—had embarked in closely-guarded secrecy.

It was known that some Japanese troops had been landed near the mouth of the Yangtze, ready to join the forces either at Woosung or at Hongkew, base of the Chapei operations.

It was learned also that the Chinese had shifted a strong force out of the Chapei trenches to back up the defense of Woosung. Headquarters there have been three or four lines of trenches fully manned behind the North Station sector.

Saber-Raid Fatal
One incident stood out in yesterday's operations. That was when a squadron of Chinese cavalry rode whooping across a section of the Chapei terrain into the very mouths of Japanese machine guns. They were beaten off but not before their swinging sabres had inflicted heavy casualties.

The belief is growing that the Japanese campaign may yet produce a united China.

# WORK NOT WISHING WILL WIN!

# FEMININE FANCIES

By Hollye Sellers Hinkle

From Mrs. Joe Smith, who is in San Antonio, comes a good suggestion for the Pampa Junior chamber of commerce. It is an idea which, she said, is proving successful in San Antonio.

Mrs. Smith suggests that the Junior chamber secure the names of new persons coming to Pampa and have cards printed to welcome them. The cards should be signed by the president of the chamber, as well as by the mayor of the city. The cards should be presented by merchants, together with gifts from their store. A bakery, for instance, would send a loaf of bread or a cake, a dairy would send a bottle of milk, etc. The system not only would be a good-will measure, but it would be helpful to the merchants thru their possibility of securing permanent customers.

"I wasn't here three days," said Mrs. Smith "until I began receiving gifts of all kinds. It certainly makes one feel kindly toward a place and the people."

Thou shalt not be a bore  
Thou shalt not take the joy out of life

Thou shalt not in frequent times, do unto others as others do unto you.

Thou shalt not take thyself too seriously.

Thou shalt not have a one track mind.

The above are "Shall Not's" that constitute commandments of Camp Fire leadership. They are just as practicable for every other individual.

By an optimist: An optimist is one who finds opportunity in every difficulty, said Verana G. Hill, psychologist, in a lecture here, and a pessimist is one who finds difficulty in every opportunity.

She also told the story of two buckets which hung in the well. Said one bucket: "What's the use of living? Ya make how often I come up full, I always go down empty."

Said the other bucket: "I'd never looked at it that way. I'd always thought that no matter how often I went down empty, I always came up full." He was an optimist.

# ART IN BRINGING BACK PROSPERITY DISCUSSED

## Prominent Club Women Are Guests of Honor at Colonial Tea

### PAMPA WOMEN HEAR TALK BY CLUB OFFICER

MRS. J. A. HILL TELLS OF HER AIMS FOR DISTRICT

Depressed conditions are caused not only by slim pocketbooks, but also by the gloomy outlook of the people, it was agreed by Mrs. J. A. Hill of Canyon, president of the seventh district, Texas Federation of Women's clubs, and the Pampa and Miami club women who heard her speak yesterday afternoon at the First Methodist church.

The gathering was made possible through efforts of El Progresso club.

Up To the Women  
"It is the women who must bring the world out of the valley of depression," said Mrs. Hill. "Be cheerful, and interested in things. Be free to discuss your common problems at club meetings. Help relieve unemployment by hiring unemployed persons in your efforts at beautification, such as building out-of-door living rooms and providing other cheer-bringing improvements."

Mrs. Clyde Warwick of Canyon, district secretary, told of one club which took as its project the giving of small amounts of labor to unemployed persons. Mrs. J. W. Sanders of Amarillo, district fine arts chairman, recommended art and beauty to help depression. Mrs. I. D. Cole of Amarillo, state chairman of community music, suggested the formation of "singing mothers" groups. She emphasized the value of music in homes, and asked that the club women furnish music for the Washington bi-centennial celebration and for the district club meeting. "Help make America the musical center of the world," was her plea.

Gives Ideals  
Mrs. Hill presented her administrative ideals as follows:  
Object: Education—Know the Federation work.

Aims: Enlistment, enlightenment, wise economy, helpfulness.  
Motto: "Look upward not downward, outward not inward, forward not backward, and lend a hand."

Plans: 1. Insist that every club member be a subscriber to the Federation News and read it. 2. Every club own the two books, "The Business of Being a Club Woman," (Winters) and "History of the Texas Federation of Women's Clubs," (Christian). 3. Every club member be familiar with your local and state constitutions. 4. Club extension work—a club institute of one session with each county federation. 5. A personal representative of the president in each club of the district. 6. Every district department and division chairman be familiar with the national and state work of some kind and work to carry out their plans. 7. Each chairman bring enthusiasm into each department by using her own initiative to introduce new ideas. 8. Each chairman study the needs of the district and try to serve the same.

The gathering yesterday was opened with a song, "Texas, Our Texas," led by Mrs. Sanders of Amarillo, and prayer by Mrs. P. Ewing Leech of Pampa.

Mrs. C. P. Buckler, president of El Progresso club, introduced Mrs. Hill, who, in turn, introduced the other visitors.

Hollywood isn't much concerned because Congressman Samuel Dickstein seeks a law to bar foreign actors, but it is speculating on what the film capital would have done if alien talent had been banned from the country a few years ago. For one thing the nation's movie fans would have missed Pola Negri (left) Greta Garbo (right) and Marlene Dietrich (above) because they are foreign-born, along with a host of other outstanding stars.

### Washington Is Study of Local Culture Group

Mrs. J. Powell Wehrung was hostess to the Twentieth Century Culture club early yesterday afternoon in the home of Mrs. Marvin Lewis.

Mrs. F. Ewing Leech, who is general chairman of Pampa women's activities in connection with the Washington bi-centennial celebration, directed the program based on Washington. Mrs. A. G. Post gave a discussion of Washington's paternal and maternal ancestry. Mrs. H. Booth used as her subject "Washington, the Man of Sentiment," and Mrs. Leech read a paper prepared by Mrs. C. S. ### EL PROGRESSO CLUB HOSTESS HERE TUESDAY

SIXTY WOMEN ATTEND LOVELY EVENT AT HOBART HOME

Colonial days were revived by about 60 Pampa women last evening at a tea given by El Progresso club in the home of Mrs. T. D. Hobart. Guests of honor were Mrs. J. A. Hill of Canyon, president of the seventh district, Texas Federation of women's clubs, Mrs. Clyde Warwick of Canyon, district secretary, Mrs. J. W. Sanders of Amarillo, district fine arts chairman, and Mrs. I. D. Cole of Amarillo, state chairman of community music.

As guests arrived they were greeted by the guests of honor and by Mrs. Hobart and Mrs. C. P. Buckler. Mrs. Buckler is president of El Progresso club.

Members of the hostess club were lovely in their dainty costumes of long ago, and decorations emphasized the colonial idea. Red flowers were used throughout the entertaining suite.

In Dining Room  
The United States flag was the crowning decoration for the dining room, where Mrs. P. C. Ladrick and Mrs. William M. Craven presided at the tea table, and appropriate refreshments were served. Mt. Vernon in miniature centered the plot of green grass on the table, and lamps furnished the table illumination. Silhouettes of George and Martha Washington were used on the buffet table, while red candles and a large basket of red flowers completed the room's decoration.

Pupils of Mrs. May Foreman Carr played as guests assembled. As she opened the meeting, Mrs. Buckler gave a welcome in poetry to the out-of-town guests and to Mrs. Tom E. Rose, president of the Twentieth Century club; Mrs. Dick Walker, president of the Junior Twentieth Century club; Mrs. A. H. Doucette, president of the Twentieth Century Culture club; Mrs. A. H. Doucette, president of the Child Study club; Mrs. O. H. Booth, president of the Pampa Art club; Mrs. Katie Vincent, president of the Civic Culture club; Miss Clara Lee Shermaker, president of the Business and Professional Women's club; Mrs. J. M. Lybrand, for-

merly of Canyon; Mrs. Olin E. Hinkle, district chairman of the division of urban press; Mrs. May Foreman Carr, pianist. All members then introduced their individual guests.

Mrs. Charlie Thut was in charge of the program, which was opened with songs directed by Mrs. J. M. Dodson, Mrs. Sanders of Amarillo, and Mrs. Cole of Amarillo, with Mrs. Rose at the piano. A new version of the minutet then was danced by Dorothy Jo Moore and Bonnie Lee Rose, pupils of Miss Kathryn Vincent. Mrs. Carr entertained with a piano selection.

Washington, the Man  
Mrs. Hill, who was principal speaker, delighted the guests by discussing Washington not so much from the standpoint of a statesman as from the standpoint of a hospitable gentleman. She brought out the fact that he loved children and dogs. He originated the recipe for ice cream, and he was among the first persons in America to raise carrots and peaches. She said in part:

"Washington had the inheritance, the training, and the inclination of a gentleman. He loved truth, just-

# YARD BEAUTIFICATION STARTED BY WOMEN OF GRAY COUNTY CLUBS

"Better-looking yards for Gray county in 1932" is the slogan of the 4-H and home demonstration clubs for this year, according to Miss Ruby Adams, county home demonstration agent.

During January, 14 special yard demonstrators were busy with yard planning, yard cleaning, collecting material for building walks, studying native plants and other plants that will grow here, Miss Adams said. Each aims to have a more beautiful place but some that will remain somewhat traditional with West Texas are the yucca, the cactus and other native plants that can be used with rocks.

The state landscape gardening specialist, Miss Inez Derryberry will Bankhead (D. Ala.) which is being supervised by an all day yard-planning and planting demonstration at the home of Mr. and Mrs. Leo Paris in the Laketon community on Feb. 19. All club members and other persons are invited.

"We almost forget at times that a beautiful country place really belongs to the American farmer," Miss Adams said. "George Washington was a farmer, a real dirt farmer, yet his home was so beautifully planned, planted and cared for that people came from far and near to see it. The home of Thomas Jefferson, Monticello, was a beauty spot. President Monroe was a farmer and possessed a charming country home.

"It was the usual thing in those days to have a beautiful place but America, rushing to expand and build, rather than to enjoy and live well, has forgotten yard beautifying. It is a pleasure to note again that all over the country, farmers are more interested in well-planted farm places."

The yard demonstrators for the county are as follows: 4-H girls—Eldridge, Juanita Gilbreath; Bell, Pauline Fox; Grandview, Zoah Mae Babcock; Hopkins No. 2, Ruth Garrett; Laketon, Mary Sue White; home demonstration club women—Alanreed, Mrs. J. T. Blakney; Bluebonnet, Mrs. Walker Ollinger; Farrington, Mrs. W. D. Benton; Grandview, Mrs. O. G. Andis; Laketon, Mrs. G. C. Springer; Pampa, Mrs. E. A. Shackleton; cooperators, Mrs. Leo Paris, Laketon.

and charity, and he had definite rules of conduct by which to live. Although not well-educated himself, he did much for education. He was very religious, loved cleanliness, and was an excellent statesman. He left two legacies, policies, which will change, and character which will remain the same forever."

Mrs. Dodson, accompanied at the piano by her daughter, Florence Sue, entertained with a song, "The Second Minute," after which Mrs. James Todd, dressed as George Washington, and Mrs. Carson Loftus, as Martha Washington, gave a skit showing the surprise that the first president and his wife would display at viewing the results of modern invention.

## Chairman Favors Unpledged Party

WASHINGTON, Feb. 10. (AP)—Jouett Shouse, chairman of the democratic national executive committee, favors a party convention unpledged in advance to any candidate, free to make its choice on the basis of conditions at the time it is held.

He disclosed this view in a statement to the Associated Press, made public today. In it he directly denied having combined with former Governor Smith and Chairman Raskob to block the nomination of Franklin D. Roosevelt. Complete impartiality, he insisted, has been maintained both by himself and the national party headquarters. Raskob, in New York, yesterday issued a similar declaration of neutrality.

Shouse was asked his intentions in the light of widespread discussion which has followed the declaration of Smith regarding his availability as a candidate. Shouse made no reference to the Smith statement.

This same statement caused the Louisville Courier-Journal to undertake a poll of democratic national committeemen and women. Replies received by it up to now accounted for about two dozen of the more than 100 members of the committee. Coming from all parts of the country they ranged from: "I do not consider Governor Smith a contender" to "his statements make him a candidate." In this partial list was no outspoken support for Smith, while several of the replies confirmed expected stands for Roosevelt, particularly in the far west and south. Some, on the other hand, foresaw the chance for a compromise candidate, with the Texas committeeman, Jed C. Adams of Dallas, declaring: "The situation seems to make the nomination of John N. Garner, the logical solution."

## Hessey And Thomas Are Studying Loan

Ralph R. Thomas, county agent, and John B. Hessey, county school superintendent, attended a meeting in Amarillo today for the discussion relative to participation in the \$50,000,000 fund created by the reconstruction finance corporation bill for the benefit of farmers. Details including methods to receive prompt benefit for farmers in the Panhandle needing aid will be outlined.

Mr. Thomas or Mr. Hessey will be available after the meeting to inform farmers desiring loans on the procedure necessary. A local committee will probably be selected soon.

## Parent-Teacher Group Will Meet

The Junior high school Parent-teacher association will hold its regular meeting in the Central cafeteria room Thursday afternoon at 3:45 o'clock. All parents of Junior high school pupils are invited.

The Bo-Knot club, which is in charge of the entertainment, has announced the following program: Duet, Betty Jo Townsend and Mary Douglas, accompanied by Emmitt Smith, reading, Ruby Seafair; piano solo, Janice Purviance.

Thrift will be discussed by Mrs. J. B. Townsend, and a founders day tribute will be given by Mrs. V. E. Fatheree.

Gray county bridge-burning is a direct blow at the pocketbook of the taxpayers. It is an affront to democratic self-government. It smacks of anarchy. It reflects a vicious disrespect for property, and public property at that.

FRECKLES AND HIS FRIENDS

THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

BEGIN HERE TODAY ANN and CECILY FEWICK have for years supported themselves by their own hands. ANN, who is 28, is unable to marry PHIL ECKROY, young lawyer to whom she has been engaged for eight years.

CHAPTER XL OPPORTUNITIES for Mary-Frances, for Cissy. Cissy could marry, conscience clear, and be happy. What right did Ann have to refuse all this simply because she did not desire it for herself?

AT two o'clock on this same Wednesday afternoon Mary-Frances and Earl DeArmount met, according to previously made arrangements, at the corner of Spruce Street and Fenwick avenue.

Ermintrude, sitting on the front porch, gloomily and slowly shelling green peas, saw her friend approach, jumped up, spilled a lapful of peas, and rushed to meet her.

## COUNTY RECREATION DAY WILL BE HELD WEDNESDAY IN McLEAN

County recreation day will be held next Wednesday at McLean, Miss Ruby Adams, county home demonstration agent announced this morning. It is being sponsored by home demonstration clubs, and will be held at some community in the county every three months.

Both farm and city people from all over the county are invited to attend. Mrs. A. A. Tampke will supervise activities of the day. In the morning session, home recreation will be demonstrated, and rural recreation in the afternoon.

Mrs. Chas. V. Talley will be in charge of the executive meeting. The prize committee will meet on the same day to name awards and prizes for all contests to be sponsored in 1932. Luncheon will be served at noon at Mrs. Tampke's home.

Recreational activities will be held in both morning and afternoon session at the grammar school. Miss Adams reported that Gray county demonstration club women have both enthusiasm and ability, and that she is delighted with their work. The recreation day program is in complete charge of the club women.

Plans to observe the bi-centennial celebration, Feb. 22, George Washington's birthday, are being made at every community in the county, Miss Adams said.

# Hot Rivets and Cool Smokes

A rivet missed . . .  
And down it hissed  
Red hot . . . a danger and a menace.  
The foreman said  
"Hey, listen, 'Red'—  
This ain't no ping-pong game,  
nor tennis!

"I seen you cough,  
That put you off  
An' got yer throwin' hand to jerkin'—  
OLD GOLD'S your bet.  
A cigarette  
You better learn to smoke  
while workin'.

"You'll like 'em, sure!  
OLD GOLDS are pure  
The natural leaf that's  
smooth as honey.  
A dozen packs  
Won't cause no hacks  
Nor coughs to make yer  
aim go funny!"

**SMOKE PURE-TOBACCO OLD GOLDS**
