

2 YOUNG BROTHERS KILL SELVES

Touches the Heart

Of the touching mind pictures which might be presented through this column, that of a hungry child should be one of the most forceful. Over at Baker school the Parent-Teacher association is making an effort, with the aid of contributions from citizens, to enable more than a score of children of destitute parents to remain in school. The list of children having necessity of assistance is growing.

Dollars At Work
Principal J. A. Meek told the Pampan yesterday that one child could be fed an appetizing noon meal for two weeks for \$1 under the system being used. The question, however, is where to get the dollars. Mr. Meek appealed to the readers of this column, believing many of them would give a dollar each to feed the destitute pupils at noon to enable them to go to school.

Appealing To You
The Pampan and Mrs. Pampan are starting the list of dollar donors. You are invited to add your dollar to the fund by turning it in to this column or mailing a dollar bill with this coupon:

Mr. J. A. Meek,
Principal, Baker School.
Allow me to help keep those children in school.
I am enclosing a dollar for your cafeteria fund.
(Signed): _____

Names of all who give one dollar will be printed in this column. The problem is more acute at Baker than at any other school.

Educational?
Limitation of surplus time prevents this columnist from delving deeply into the intricacies of contract bridge. He is, therefore unable to pass very accurate judgment upon the claim of Charles Shaw (professor) that bridge is a sorry method of obtaining cerebral exercise and social relaxation.

"The worst feature of bridge," chirps Shaw, "is its tendency to weaken the function of natural emotion; it is anemic in its general effect. It takes the devotee out of life and keeps him, both while at the card table and long after the game is over, from participating in experiences of the actual world of men and women."

Most Peculiar!
Could it be possible that peculiar traits in C. H. Walker, Ivy Duncan, John B. Hesse, and others on the hill are attributable to affairs of the cards? It is a proper question for the Lions club, which suffers the presence of many of the hillites each Thursday.

Adjusting the Dollar
Reduction in public expenditure.

SNOW DRIFTS BLOCK TRAFFIC ON NORTH PLAINS PAVING PROGRAM FOR COUNTY IS DRAFTED

APPROVAL FOR PLANS SOUGHT FROM AUSTIN

ROUTE OF 88 WILL BE MAIN FACTOR FOR ARGUMENT

TWO ENTRIES POSSIBLE

COMMISSIONER COX IS FAVORING OLD ROAD

A highway building program for Gray county was sent to the state highway department for approval yesterday afternoon after it had been officially adopted by county commissioners in a called session. The vote on the program was three to one, Commissioner Lewis O. Cox of the Pampa precinct dissenting.

It is understood that the main program was acceptable to state highway commissioners when Gray county commissioners outlined it to them at a recent meeting held at Abilene.

The proposals submitted to the department were as follows:

Highway No. 33
"Pampa east and northeast to Roberts county line. Gray county will furnish right-of-way for this road and pay one-third of the cost, dispatch to obtain the right-of-way."

Highway No. 152
"Beginning about mid-way of the north line of survey 19, block 3, extending in an easterly direction to the Wheeler county line. Gray county will furnish right-of-way for this road as located by the state and pay one-half of the cost and will proceed forthwith to procure right-of-way."

Highway No. 88
"This road is to be located by the state department to south of Pampa so as to connect with Highway 66. Gray county will furnish the right-of-way for this road as located by the state highway department and will pay one-half of the construction thereof from the city limits of Pampa to the Donley county line. If the road is located along the paved road leading south out of Pampa, the county is to be given credit for the cost of work heretofore done on said highway after deducting 25 per cent per yard paid as royalty on the pavement now in place."

Highway No. 66
"Gray county will furnish right-of-way 100 feet wide for that portion of this highway now located in Gray county and will pay one-third of the cost of said highway as now in place."

Chamber to Be Host to Visitors

The Pampa chamber of commerce will be host to visiting Texas A. & M. officials, county agents and home demonstration agents of the Panhandle at a luncheon when they attend the cutting and canning demonstration here Jan. 11 and 12. C. B. "Brownie" Akers, manager of the LaNora theater, will give a theater party on the night of Dec. 12.

The luncheon was announced last night at a meeting of directors of the Board of City Development. The demonstration will be given at the Irvin Cole farm half a mile south of Pampa.

County Agent Ralph Thomas told board members about a four-day recreational school being conducted in Amarillo. Several members of the board plan to attend tomorrow and Thursday. Games and entertainment suitable in rural work will be stressed, Mr. Thomas said.

MEETING POSTPONED

Because of the inclement weather, the annual congregational business meeting of the First Christian church which was to have been held this evening has been postponed indefinitely. The announcement was made this morning by Ivy E. Duncan, board chairman, and by the Rev. F. W. O'Malley, minister.

A 17-year-old girl was the millionth person to board the old frigate Constitution since the vessel left Boston July 1, on a cruise of coastal cities.

Prohibition Has Come Up Again

Raskob Is Expected to Hurl Subject at His Party Colleagues.

WASHINGTON, Jan. 5. (P)—Democratic leaders converging here showed a certain today that prohibition discussion will be injected into the national committee conferences over the week-end, despite determined efforts to avoid it.

Running a close second to that question is speculation on the possibility of an out-and-out Ritchie for president headquarters during the meeting.

Howard Bruce, of Baltimore, supporter of the Maryland governor, for presidential nomination, has reserved 10 rooms at the Mayflower hotel for Friday and Saturday.

Chairman Raskob, who turned the last national committee meeting into an uproar with certain prohibition proposals, arrives in Washington late today. He is expected again to bring up prohibition.

Martha Hopkins First Child of Current Year

The first child reported as having been born in Gray county in 1932 was Martha Ann Hopkins, daughter of Mr. and Mrs. James A. Hopkins, according to Chas. O. Duenkel, registrar of births. The child was born at Pampa hospital at 1:05 p. m.

Little Martha Ann is a granddaughter of Mrs. Maggie Hopkins. Her father, 20 years old, was born in Gray county. The Hopkins is a well-known pioneer family in this section.

The first boy born in 1932 was the son of Mr. and Mrs. J. W. Davis. He was also born at Pampa hospital.

Grading Delayed by Bad Weather

Grade and drainage work on the LeFors-McLean road is progressing slowly because of bad weather. Although it has been in progress several weeks, less than one mile has been completed. Rain, snow, and mud have delayed the men each week since H. Lott & Co. started the project.

Eighty per cent of the workmen are Gray county men. Ninety-six head of stock are being used on the work. Most of them have been supplied from Gray county. Work is progressing in three places along the 9-mile project.

The first crew is near the east end of the North Fork bridge. Two crews are working around the Chapman lease, and another is working both ways from Red Mud creek.

Dr. and Mrs. R. M. Bellamy and son Bill returned last night from Dallas where they visited relatives and friends during the holidays.

EXTRA PRIZE OFFERS OF CAMPAIGN SPUR WORKERS

Big Votes and \$100 in Gold Are Incentives for Much Work During Week.

Every possible vote! The crucial period of the Daily NEWS circulation campaign sees candidates putting every effort into the right to run up a big score of final dash to victory. With only three weeks of the big special offer of 100,000 extra votes on \$30 clubs of subscriptions, and an additional prize of \$100 in gold, and with the end of the campaign already in sight, contestants should realize that effort and time count more now than possibly any time during the race.

Every subscription now performs triple duty by applying on the gold offer, the 100,000 extra vote offer, and on winning the final BIG PRIZES, the automobiles, trip, or wheelbarrow.

Reports continue to come to the campaign office telling how candidates who thought that a certain field had been completely covered had been mistaken—that these fields are yielding thousands of votes, not only on second and third payments but also on new subscriptions. Remittances and reports from the district No. 2 candidates substantiate this fact.

The work done, and the results procured by candidates, on a day such as yesterday give every evidence of the fact that the race is drawing to a hot finish. Many changes are noticed; candidates in many cases took big jumps, and late starters are much in evidence around the top of the list. It all goes to prove that you never can tell just what will happen next.

This uncertainty as to the outcome is all the more reason why candidates should make this club and gold offer their sure way to success. Remember, this is the biggest extra prize offer of the entire campaign, so do your best NOW.

Harry Young (above) killed no more officers when he and his brother Jennings were located in a Houston house today. After firing a few shots, they committed suicide.

MRS. DAVIS TO BE RETAINED

Salary Placed at \$120 Per Month With Worker to Furnish Own Car.

Mrs. W. H. Davis was reappointed secretary-manager of the Pampa Welfare Board at a salary of \$120 a month, at a meeting of the board this morning. Alex Schneider, president, was in charge of the meeting. Mrs. Davis received \$150 a month last year. Mrs. Davis has done wonderful work during the last year, board members declared.

Members of the board and a few other citizens have undertaken to finish the drive for funds. Only half the quota has been raised. The committee will start work as soon as weather permits. Bad weather caused the drive to lag in December.

Naval Row May Not Open Again

WASHINGTON, Jan. 5. (P)—The house naval committee today let pass an opportunity to reopen the district No. 2 controversy between the White House and the Navy league.

It called many witnesses to discuss the Vinson bill to build the navy up to treaty strength but despite urging by some members, the committee chairman, Vinson of the district, persuaded the group to leave out William Howard Gardiner, president of the league.

Mr. Jackson was brought to Texas by the extension service of A. and M. college. His motive is to train people in recreation. Seven types of recreation are emphasized. They are as follows: Picnic organization, organization for hikes, old folk games with music, folk songs, Indian party programs, pantomimes and stunts for 4-H club boys and girls.

Fair and Pretty Is Friday's Guess

Tomorrow will be a "fair and pretty day," according to A. G. (Friday) Brandon, courthouse weather prophet. Friday intimated that the snow would start melting, but that there would be some wind.

At noon today, the weather had progressed exactly as Friday prophesied yesterday. He said there would be snow last night, and that the cold spell would begin to clear up this afternoon. At noon, there was every indication that it would clear up.

SCHOOLS STOP WHEN CLASSES ARE REDUCED

SIX-INCH FALL HERE IS LESS THAN MOST PLACES

AMARILLO IS HARD HIT

LIVESTOCK DAMAGE IS NOT LIKELY THIS TIME

Highways of the Panhandle were blocked with snowdrifts today after a hard north wind had tossed about a fall of from 6 to 12 inches—heaviest of the winter season. Tonight is scheduled to be frosty, with tomorrow fair.

Pampa received about 6 inches of snow which, blown into 2-foot drifts impeded traffic and stalled many cars. The white blanket was deeper east and west of here, but lighter southeast over the C. & O. W. The minimum temperature last night was 26 degrees at 6 a. m. Stockmen were apprehensive, but moderating weather is expected to remove danger of cattle losses.

Dig Cars Out
All highways out of Pampa were blocked early today, but attempts were made to open the highway to Amarillo. Reports from Amarillo said 12-inch fall there blocked early morning traffic, making it necessary to dig cars out of snowdrifts in front of residences. There was no road traffic, bus schedules were canceled and midnight meals were unable to get through. Snow plows were attached to engines to keep trains on schedules. It was colder in Amarillo than here.

Recreation Being Studied by Two Pampa Women

Miss Ruby Adams, county home demonstration agent, and Mrs. E. A. Shackleton, club woman, are attending a school of instruction being conducted this week in Amarillo by W. P. Jackson of the National Recreation association. The school will continue through Friday.

County agents, demonstration agents, and rural leaders are attending the school. Mr. Jackson is a nationally known expert on recreational activities. Tomorrow, Mrs. Adams and Mrs. E. A. Thomas, Mrs. A. L. Patrick and Mrs. John B. Hesse plan to attend. Members of the Board of City Development have arranged a schedule whereby at least two members will be present at the meeting all the time. It is believed that suggestions will be received which will aid local civic leaders in establishing closer relations with rural people of this section.

Mr. Jackson was brought to Texas by the extension service of A. and M. college. His motive is to train people in recreation. Seven types of recreation are emphasized. They are as follows: Picnic organization, organization for hikes, old folk games with music, folk songs, Indian party programs, pantomimes and stunts for 4-H club boys and girls.

Slayer Is Held

SAN SABA, Jan. 5. (P)—Aubrey Hopson was bound over to the grand jury yesterday on a charge of murder in the shooting of his father-in-law, Will Edmondson. His bond was set at \$1,250. Edmondson was killed Dec. 30.

Jack Taylor, seven-year-old son of Mr. and Mrs. L. W. Taylor, 310 East Wynne street, was admitted to Wesley hospital yesterday for treatment.

Japan Extends Zone of Troops

MUKDEN, Manchuria, Jan. 5. (P) General Honjo's forces began repositioning today designed to extend Japan's military control to all South Manchuria as far as San-haiwan on the great wall.

Simultaneously, Japanese troops in the Hsinmintun area initiated a cleanup drive against Chinese irregulars after several severe clashes with minor casualties.

A brigade under Major-General Yorita, belonging to the General Muro's division, began occupying

WASHINGTON, Jan. 5. (P)—Japan formally apologized to the United States today for the attack on American Consul Culver B. Chamberlain by three Japanese at Mukden.

The American acknowledgment of the apology was deferred.

Mrs. C. P. Buckler Heads Library Board as Institution Passes Into City's Hands for Future Direction

The Pampa Library association, which conceived, supported, and managed the public library under great difficulties for more than two years, passed out of existence last night.

The institution, with its assets of hundreds of good books, passed into the hands of the library board appointed by the city commission. Mrs. C. P. Buckler was elected president of the board, with Mrs. B. E. Finley as vice-president and Miss Bernice Whiteley as secretary. Other members are A. M. Teed, Mrs. A. A.

Hyde, D. E. Cecil, and Olin E. Hinkle.

Under the tax-support plan, the library will have about \$2,100 on which to operate this year. Disbursements are to be made through the city commission. Mrs. James Todd Jr., librarian, will submit to the city commission today a complete invoice of library properties.

Miss Tennessee Malone, librarian at West Texas State Teachers college, has been invited to come to Pampa some time this week to assist in installing new rules and regulations for the municipal library.

Lubbock Woman and Two Children Spend Cold Night in Their Car

LUBBOCK, Jan. 5. (P)—A 2-year-old boy, his 4-year-old sister, and their mother, Mrs. Herman Seeds, hovered around a fire at home this morning after an overnight stay in a stalled automobile just south of Abernathy, 18 miles north of here.

An unidentified man living at Abernathy loaded them into his car after daybreak, on being hailed by a hitch-hiker who had joined the woman and children, and brought them to Lubbock.

Seeds said his wife and children appeared recovering rapidly, although the youngsters particularly were suffering from exposure.

The automobile driven by Mrs. Seeds became stalled after the clutch had been burned out as a result of slow driving behind a truck which had broken down and later resumed its crawl through snow and mud.

To aid in keeping warm, the travelers kept the motor running until the gasoline supply was exhausted.

Commander Earl Earp of Legion to Visit Pampa Post January 15

Earl Earp of Sweetwater, state commander of the American Legion, will visit Pampa Jan. 15 and will be the guest of the Kerley-Crossman post of the American Legion, it was announced today.

Mr. Earp's visit will be his first to Pampa since he was elected last year. He will visit other Panhandle posts while on the trip. The local post is planning a round of functions for his entertainment. Mr. Earp will be the special speaker at several meetings.

Plans for welcoming the state commander will be discussed tonight at the regular meeting at 8 o'clock at the Legion hut. The Rev. C. E. Lancaster, chaplain of the post, will talk on the subject, "Where Do We Go From Here, Boys?" The "Lunsford boys" string band will furnish music. All members are urged to be present.

SUICIDE PACT IS USED WHEN HIDING FOUND

JENNINGS FOUND DEAD BUT HARRY PASSES AT HOSPITAL

RENTED HOUSTON ROOM

LANLORD RECOGNIZES THEM BECAUSE OF PICTURE

HOUSTON, Jan. 5. (P)—Their place of refuge surrounded by officers and both probably wounded, Jennings and Harry Young, Missouri slayers of six officers, asserted their mother's advice and shot themselves here today rather than submit to capture.

Jennings Young was dead when officers broke into the house in the Houston east end and Harry, his younger brother, had two bullet wounds and was near death. He was taken to a hospital, where he died at 11 a. m.

The police received a tip early today that the Youngs would be found in the house, where they had rented a room, after they had been trailed across Texas.

Nine officers went to the place. Claude Beverly, police lieutenant, advanced with a shotgun. He was fired on and returned the fire.

"We're dead, come and get us," one of the men called out.

Gas bombs had been used and after an interval Perry Beard, chief of police, donned a mask and entered the house. He identified the body of Jennings Young, lying on the floor with two big pistols under his head, and Harry Young, whom he ordered removed to a hospital.

In their final act, the Missouri desperadoes followed the advice of their mother which was printed in the Houston morning paper. She said she hoped they would end their lives rather than submit to arrest.

The fugitives' trail was picked up Sunday at Streetman, Texas, when the overturned automobile in which they had fled from Springfield, Mo., was found beside a highway. In it were a rifle and a shotgun.

Removed Prisoner
Two men who crawled from the wreck accepted a farmer's offer to right their car, but while he was going for a team of mules, they deserted the car and continued their flight south. Before leaving they took the Missouri license plates from the car and hurried them into a field.

Officers learned the fugitives were picked up by the driver of a roadster. The car passed the men as they stood beside the road, then turned back and after a brief conversation, the men boarded the car and were driven away.

Suspicions that the men were the slayers sought in the Springfield massacre, resulted in officers throughout Texas organizing a manhunt.

Sought His Wife
The search turned to Houston yesterday when police learned that

penditures is in line with the deflation. Failure to reduce expenses is equivalent to raising them. The cry for maintaining all kind of expenses is what we have termed, in other periods, as extravagance. Governmental expenditures have been increasing far out of proportion to population growth. An artificial prosperity was created for a time, but the people pay the bill with an ultimate painful reaction. Public extravagance is not less damaging than that in private life. Adjustments in public salaries are logical.

Normalcy Is Need

This is not a time, however, to bury the public pocketbook in the sand and take a municipal vacation. It is time to invest wisely—as citizens in private life should invest. Normalcy is the need, not extravagance in expenditures nor in retrenchment. It is possible to make mistakes in economy. Amarrillo has replaced policemen to stop an epidemic of robberies. There are some services which are essential at all times. . . . The point in this discourse is that municipal expenses should be as economical as possible as a regular policy, not as a depression move. Pampa's municipal expenses naturally mounted in keeping with the necessity of building, in a few years, a city of 12,000 population. And because of this sudden burden, expenses for the next few years should be closely watched.

Speaking of Songs

Julian Barrett, noting the rising tide of discontent and communistic talk, wonders why some of the local bolsheviks do not learn the Internationale, or Soviet song. But he points out that if the worst comes to the worst, Eddie Cantor will probably introduce a new hit and sell a million copies.

Worth His Salt

But speaking of economy in government, Moore Lynn as state auditor has rendered brilliant service. He has pointed out economy moves which will close the pork barrel a little tighter without impairing governmental processes. That is the kind of economy we need. Lynn is unpopular, and his life is probably short, but Austin has too long been a hotbed

a man answering the description of Harry Young had visited the home of his mother-in-law to see his wife. Young took a bus to the suburban ship channel after being informed that his wife was not at the house. Police combed the Houston under-way and all hideouts in the vicinity of the ship channel without being able to apprehend either of the Young brothers. It was feared they had stowed away on a ship and slipped through the drag net.

Feared to Leave Officers believed the hunted men remained in the cottage, a one-story small green structure, throughout the night, considering it would have been impossible for them to have left it for any length of time without being recognized. It was learned the brothers were in the bathroom when the officers came. Heard and Beverly fired about 12 pistol shots through the closed door, the bullets lodging in the casing of the bathroom door. Within before officers heard the call: "We are dead; come and get us." A pause and then there were three more shots.

BOYS LOOT BANK

DESHLER, O., Jan. 5. (AP)—Four youths held up and robbed the Deshler bank of \$4,000 today, fired a shot at the cashier and escaped toward Port Wayne, Ind.

The three oldest boys, ranging in age from 16 to 20, went into the bank firing in the air as they leaped from their roadster.

WOULD USE WHEAT WASHINGTON, Jan. 5. (AP)—John Barton Payne, national chairman of the Red Cross, told a house committee today that if congress makes available government owned wheat the Red Cross will undertake its distribution to the needy. Payne was testifying before the agriculture committee which is considering measures similar to that passed by the senate yesterday to release 40,000,000 bushels of farm board wheat for relief.

TWINKLES

It is a privilege to live in Pampa—just imagine the hazards of living in bandit-ridden Amarillo!

Latest reports indicate that those fiendish Ozark sharpshooters killed more persons than the Japanese did in the siege of Chinchow.

Fortunately, Japan apologized for that attack upon our consul. We were all "het up" about it, and war was in the offing. What a relief!

Tis a strange world when the wheat farmer, watching the rain, knows not whether to celebrate or groan.

Al Smith is going to wait until just before convention time to make up his mind on political questions this year. And just think of the millions of democrats and republicans who will be waiting on Al. And a lot of Texans will just Traylor along.

New Demonstrator Fond Of Anecdotes

The new county home (demonstration agent, Miss Ruby Adams, likes a joke. She likes to hear them and she likes to tell them. She believes she and Judge Ewing would get along well. Miss Adams says that down in Hall county where she was agent for three years before coming to Pampa, there is a breed of chicken called the Hoot Orpington. This fowl, she said, is a cross between a Buff Orpington and a hoot owl. It is desirable in several ways. It sleeps in trees and cuts down on the housing problem. It lays during both the day and night, doubling the egg production. "But," advised Miss Adams, "don't ask me whether it hoots or cackles, because I don't know."

Eggs Are Used as School Tuition

ST. JOE, Ark., Jan. 5. (AP)—Pupils who used to take apples to school to please their teachers now are taking them eggs to pay their salaries. When the school here faced closing because of bank failures and depleted school funds, the children volunteered to do without eggs at their meals and give them to the school in lieu of tuition in an effort to keep the institution open. A case of 30 dozen was contributed yesterday and will be sold to pay teachers.

Hoover Pleased By New Congress

WASHINGTON, Jan. 5. (AP)—President Hoover felt confident today that the whole disposition of congress is to devote itself to emergency legislation.

While he expects rapid action on his proposals designed to give business a lift, he has decided on a veto that—due to the deep ramifications of some of the measures—investigation and enactment of them can not be expected within a figurative 48 hours.

Even as the word came today that leaders on Capitol Hill had given him assurances of cooperation, progress on the half billion dollar reconstruction corporation bill was had in the form of its approval by a committee of senators. Endorsement by the full banking committee is expected before long. The senate was told this afternoon by Senator Walcott, republican, Connecticut, that he expected to have the corporation bill before it tomorrow. Speedy house action seems in line.

The senate sub-committee decided not to amend the bill to permit loans to closed banks.

the minimum being 22 degrees. The heaviest snowfall, Santa Fe employees said, was between Canadian and Clovis, N. M. The blanket extended deeply from Claude on the south to Colorado on the north, but Cleveland and Plainview received only 2 and 5 inches, respectively.

Schools in many towns were dismissed and pupils advised to stay at home. Pampa schools closed this afternoon when it was apparent that attendance was so short that the work would have to be repeated. Soft, muddy roads under the snow prevented use of school buses. The snowstorm swept down from the Rockies across the Oklahoma and Texas panhandles and the plains of Kansas, leaving from 1 to 14 inches of snow in its wake. Comparatively moderate temperatures prevented the suffering usually accompanying such storms.

Fliers "Crash" As Elevator Falls

WASHINGTON, Jan. 5. (AP)—Fifty or more amateur fliers landed safely here yesterday and then 15 of them crashed. After attending a banquet given them by the government's ranking aviation officials they entered an elevator which proceeded to dive six stories. It made a perfect 14-point landing on the basement shock absorbers, a maneuver not recognized by guides to flying technique. Nobody was hurt. The aviators cheered. In the elevator were Clarence Chamberlin, Ruth Nichols, Rear Admiral Moffett, Major-General James T. Pechet, retired, and two other noted figures of the air. The entire flying party, on a national tour, had a luncheon engagement in Richmond today, proceeding then towards Miami.

A seven and one-half pound daughter was born to Mr. and Mrs. J. L. Allison of the Shell Petroleum company camp, at Worley hospital last night.

Heflin Says Dead Men Cast Votes For His Opponent

BIRMINGHAM, Ala., Jan. 5. (AP)—Charges that ballots bore names of dead men, and of misconduct by election officials and attempted coercion of employes have been laid before the senate subcommittee's commissioner hearing former Senator Heflin's contest of the election of Senator Bankhead of Alabama. More than 200 additional witnesses remained to be questioned at the beginning of the second day of the hearing today. Commissioner A. W. Brazelton heard charges of various irregularities in the 1930 general election in Alabama from more than 20 witnesses at the opening of the hearing yesterday.

WOMAN BADLY BURNED

TULSA, Okla., Jan. 5. (AP)—City and county officers joined here today in an attempt to solve an apparent attempt to burn to death Mrs. Herbert Mauney, 24, wife of a caretaker on a stock farm northeast of Tulsa. Glenn E. Larkin, deputy sheriff, said he was told the bed in which she slept with her husband was saturated with gasoline and lighted.

FEMININE FANCIES

By Hollyee Sellers, Hinkie

"What the country seems to need is rigid economy coupled with free spending," said the Boston TRANSCRIPT. We believe there is a happy medium which, if it is used, would aid in the return of normalcy. It is keeping up the high standard of living as nearly as possible and doing it as economically as possible.

Women who are home-makers seldom think of themselves as directly aiding in bringing about depression or prosperity. Yet the fact remains that women are the country's chief spenders. They are the ones who secure the family's needs and decide whether or not the desires of the family shall be fulfilled.

A practical knowledge of economy practiced by every home-maker, means should be acquired and she should, among other things, see the value of buying real estate, furniture, and other major family needs at a time when prices are at their lowest mark, just as surely as she sees the advisability of making angel food cakes when eggs are cheap.

"Buy a Home" "One of the many ways in which women could be helpful would be to foster home purchasing, because the ultimate decision to buy a home, rather than to rent one, usually rests with women," said Geline MacDonalld Bowman, president of the National Federation of Business and Professional Women's clubs.

Or Repair the Old Ruth Bryan Owen, member of congress from Florida, tells of her small repair program in Florida which "like a stone dropped into a pool, sent out ever-widening waves of employment and encouragement to workmen, business men, and farmers, who would have been deprived of that much more if she had curtailed expenditures due to fear."

Many Will See "The Apple Cart" At Amarillo Soon

Many Pampa people are preparing to attend George Bernard Shaw's "The Apple Cart," a comedy at the Amarillo auditorium on Jan. 10.

It will be the first presentation of a Shaw play in the Pacific. "The Apple Cart" is representative of the Shavian wit and satire. It had a successful two-year run on Broadway as a Theater Guild production. The play deals with the economic and political situation of today. In it, the famed Irish wit smears the great nations with satire, especially England. The drama contains many barbs directed at the U. S., but on the whole deals more kindly with American than with any European country.

Several Pampa devotees of Bernard Shaw have already purchased tickets.

BUSINESS MEN ARE CARELESS

Pampa business men are careless, according to H. S. Shannon and Weldon Wilson, night watchmen. Seldom does a night pass that the watchmen do not find a back door left unlocked. In one week during December they found one door unlocked each night.

Several merchants do not take advantage of the services of the night watchmen and they may suffer losses some of these nights, Mr. Shannon says. In the past, the watchmen have been trying all doors, regardless of whether the owner paid for the service or not. The work has become so heavy that in the future only paying merchants will receive full protection.

The alleys and streets of the business section are patrolled every 15 or 20 minutes. The city police assist in the work.

Fewer, Less Severe Colds With "Cold-Control" Plan

Discovery By Makers of Vicks VaporRub Makes Possible Better "Control-of-Cold" in the Home.

FEWER LESS—Vicks reader Relief from much of the burden imposed by colds is now available in every home. The Vicks Plan for better "Control-of-Colds" lessens the number, the severity and the duration of colds. It reduces the family "Cold-Tax" in money, loss of time and health.

A New Vicks Discovery This plan has been perfected by the makers of Vicks VaporRub—made possible by Vicks Nose & Throat Drops. Based on a new idea for "preventing" colds, this new Vicks formula is an ideal companion to VaporRub. The modern way of "treating" colds. Used together, they aid and supplement each other in the Vicks Plan for better "Control-of-Colds" which follows:

1—Before a Cold Starts. Watch yourself whenever you have been exposed to anything that you know is apt to give you a cold, such as— Contact with others having fresh colds—crowds, stuffy ill-ventilated rooms, public places—a night on a Pullman or a dusty automobile ride—sudden changes in temperature—inhaling smoke, dust, gases—excesses in living, such as over-eating, smoking or drinking, which reduce body resistance—after a hard day when you are over-tired. Then—if you feel that stuffy,

HUNDREDS OF VISITS MADE BY BAPTIST WOMEN

MUCH SERVICE EVIDENCED BY REPORT GIVEN

BUSINESS MEETING IS HELD BY LOCAL W. M. S.

December was a month of unusual service on the part of First Baptist W. M. S. members, according to reports at a business meeting held at the church at 2:30 o'clock yesterday afternoon. Mrs. P. E. Hoffman presided and led the opening devotional.

All committees made reports, but the following December service report was of unusual interest: Bists to sick, 147; visits to shut-ins, 24; visits to bereaved, 17; religious visits, 383; visits to strangers, 13; visits to poor, 28; visits to hospital, 35; trays, 31; visit to unattended Baptist, 1; contribution of literature, 1; baskets given needy, 11; hours spent in nursing, 16; contribution of flowers, 3; assistance to those in need, 2; boxes of clothing given, 2.

Those attending were Mesdames F. E. Hoffman, C. E. Lancaster, E. Mitchell, Buster Bailey, G. J. Tpps, J. J. Spangler, G. C. Durham, J. A. Oakes, L. H. Greene, Dan McIntosh, A. C. Shaw, Kitchens, F. Ewing Leech, J. L. Clark, and J. Powell Wehrung.

Francis Coffey To Head Baptist Girls' Auxiliary

Francis Coffey was elected president of the Central Baptist Girls' auxiliary at a combined business and social meeting held yesterday afternoon at the church. Rita Holmes was named vice president; Edith Beckham, secretary-treasurer; Nonn Bell McCann, and Ruby Scalet, group captains.

It was decided to meet at 4:15 o'clock on the first and third Mondays of each month, the next meeting to be held on Jan. 18.

Games were played under the direction of Miss Mary Burks, educational director, and Mrs. E. V. Davis, counselor, and refreshments were served to the following girls: Nona Bell McCann, Margie Coffey, Anna Taylor, Edith Beckham, Frances Coffey, and Rita Holmes.

COMING EVENTS

WEDNESDAY Silver Spade Bridge club will meet in the home of Mrs. Dewey Voyles.

Central Baptist W. M. S. will hold a business meeting at 2 o'clock at the church.

Women's council of the First Christian church will not meet this week, the meeting having been postponed until Wednesday evening of next week.

Woman's Auxiliary of the Episcopal church will meet at 3 o'clock in the home of Mrs. S. G. Surratt.

Women's Auxiliary of the Presbyterian church will meet at 3 o'clock at the church. Mrs. George Briggs and Mrs. J. E. Dever will be hostesses and Mrs. V. E. Fathereed will be leader.

When Prince, a shaggy-haired dog, saw a man hold up a Chicago animal chased the man and held him by the trouser leg until police arrived.

At night, massage the throat and chest with Vicks VaporRub (now available in white "Stainless" form, if you prefer). Spread on thick and cover with warm flannel. Leave the bed-clothing loose around the neck so that the medicated vapors arising can be inhaled all night long.

If the air-passages are badly clogged with mucus, melt some VaporRub in a bowl of hot water and inhale the steaming vapors for several minutes. If there is a cough, you will like the new Vicks Cough Drop—actually medicated with ingredients of Vicks VaporRub.

During the day—any time, any place—use Vicks Nose Drops every few hours as needed. This gives you full 24-hour treatment and without the risks of too much internal "dosing" which often upsets digestion—especially of children.

Use together as directed in the Vicks Plan for better "Control-of-Colds." Unless you are delighted with results, your druggist is authorized to refund your money—Adv.

Every druggist in the United States is offering Vicks Nose & Throat Drops and Vicks VaporRub on the following trial guarantee: Use together as directed in the Vicks Plan for better "Control-of-Colds." Unless you are delighted with results, your druggist is authorized to refund your money—Adv.

PAMPA MUST WAIT 'TIL JUNE

Here is what the well-dressed bather is wearing this winter at southern resorts. Nell Hughes (left) of Memphis, Tenn., prefers the bandanna "jacket" for lounging at Miami beach. At right is a brassiere and trunk suit, one of the smartest and newest styles.

MIAMI BEACH, Fla., Jan. 5. (AP)—Novelty back and trunks mark the new day in bathing suit costumes for southern beach wear this winter. From square "decolletage" backs to highly abbreviated bloomer trunks, this year's tank suits for the resort style seeker carry a further departure from the styles of the past.

One fashionable garment is of white wool, with shoulder straps giving accent through bright colors—red, yellow and brown.

Another "water frock" has a smart cross-back with narrow supporting straps and a high waist line, with a crystal ring belt buckle as a novelty.

Then there is the nubby-like-wool, with bathing suit. The creation, of sponge, is in wool with intermingling colors. It fits the body closely but is of elastic nature.

From the beaches of France comes the "maillor"—pronounced "ma-lay"—tank suit for the discerning miss. Style displays show the maillor of new wide wale rib bordered in white.

One of the latest, and also the scantiest, of fashionable suits is the full-fledged brassiere model. While last winter's styles included a suggested brassiere-and-trunk effect, with a thin strip connecting the two pieces, the 1932 date is for a simple, snugly-fitting two-piece suit of brassiere and trunks.

The suits are popular in bright colors and many are of the new wide wale knit.

Another chic beach outfit is the combination tank and beach suit. A detachable skirt, short and flared, lends a striking fashion for beach or boardwalk. With the ties loosened and the skirt removed the suit is for swimming.

Bandanna Jackets Popular Brightly colored bandannas were entirely a masculine accessory years ago, but after an intermediary stage in the role of informal head-dress, they now appear on the beaches in jacket form.

Worn with mannish pajama trousers, the bandanna jacket makes a complete and comfortable costume, with ample protection in the front and maximum exposure of the back, the latter feature complying with latest style edicts.

Linens is fashionable again this year for lounging costumes. One model which has a bright red jacket, with large white buttons almost to the throat, is cut to fit the waistline loosely, while wide white linen trousers contrast with the brilliant color.

Decorations of red and green were used for the home of Mr. and Mrs. Fred C. Fischer, Mr. and Mrs. Robert Montgomery, Mr. and Mrs. W. J. Bartz and children of LeFors were Sunday guests in the home of Mr. and Mrs. Albert Bartz.

Mr. and Mrs. Paul M. LeBeuf visited Mr. and Mrs. John Salyers in Sayre and Cheyenne, Okla., during the week-end. A new boiler has been placed in Horace Mann school.

MARRIAGE OF BORGER GIRL IS ANNOUNCED

BRIDE'S FRIENDS ARE NUMEROUS IN PAMPA

Announcement has been made of the marriage of Miss Lena Mary Price of Borger to Kermit Schram of Amarillo. The ceremony was performed Friday morning, Jan. 1, at 10 o'clock in the Folk street Methodist parsonage, Amarillo. Rev. Ira F. Key, pastor, performed the impressive rite ceremony in the presence of relatives and close friends.

Immediately after the ceremony, the young couple left for a honeymoon trip to California, their itinerary to include Los Angeles, San Francisco, Sacramento, and other points of interest. They will be at home in Amarillo on the first of February.

The bride is the daughter of Mr. and Mrs. C. W. Price of Borger and has been assistant to Mrs. Bess Orr, head of the business department of Amarillo Junior college, since her graduation from Panhandle high school in 1929. Her many friends in Pampa will be interested to learn of her marriage. The groom is part owner and manager of the Johnson and Schram filling station in Amarillo.

COTTON LAW TESTED

FRANKLIN, Jan. 5. (AP)—The first test case brought under the new Texas cotton acreage reduction law was filed here by T. L. Tyson, Robertson county attorney, who sought an injunction against Fred L. Smith, farmer, alleging Smith was making arrangements to plant more cotton this year than the statute permitted.

CAFETERIA AT HORACE MANN SCHOOL OPENS

INCLEMENT WEATHER GIVES IT ADDED POPULARITY

With this week's inclement weather, the opening of the new cafeteria at Horace Mann school Monday was especially welcomed by pupils. Many meals were served before Christmas, although parents donated all of the food in order that money might be saved to buy new cabinets and other cafeteria equipment, as well as library books. The amount cleared was \$125.

Mrs. C. R. Price, who is in charge of the cafeteria, announced today's menu as follows: Meat and vegetable stew, carrot salad, milk, and baked apples. Meals will be served at noon each school day at a small cost.

No chapel will be held this week at Horace Mann school.

THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

BEGIN HERE TODAY ANNE, CECILY AND MARY-FRANCES FEENWICK live with their grandparents, once wealthy, now so impoverished that Anne's Amariillo college support is the household. The sisters have been orphaned since childhood. The grandmothers react differently as "ROSA LIE" and "GRAND" and they insist on keeping up the pretense of a former wealth.

Now go on with the story CHAPTER IX

ERMINTRUDE, plumper and less favored with positive gentleness than was Mary-Frances, and hence her satellite, received the accusation at least indifferently. Since nine o'clock the previous evening, omitting only the few grudging hours given to sleep towards dawn, and the stupid interval spent in the high-school classrooms, Mary-Frances had talked unceasingly of her approaching romance. That she herself was slightly bored with the affair Ermintrude would not have admitted. That she was fearful of proceeding further into it Ermintrude had been admitting repeatedly and more and more urgently for 18 hours.

"Yes," said Mary-Frances, "that is the trouble with you, Ermintrude."

"What is?" asked Ermintrude. "That you're like my sisters, Ann and Cecily, I told you. They think any old thing like their jobs, or keeping that old house of ours for Grand and Raulie, or my education, even, is more important than love."

"Everybody says," contributed Ermintrude, "that your sisters are awfully good girls."

"Well," said Mary-Frances, as if the discussion had been one of racial characteristics and Ermintrude had remarked that Ann and Cecily were white, "of course they're good. Why shouldn't they be good?"

"Anyway," said Ermintrude, "I don't think you'd better, Mary-Frances, I don't, honestly."

This tendency on the part of her friend for taking long backward conversational leaps instead of advancing in order had even been, for Mary-Frances, a trying tenacity. At the moment, it was more exasperating than usual, because Ermintrude knew since she had been thoroughly informed that Mary-Frances' whole life's happiness depended upon successfully carrying through this coming venture.

"Ermintrude Hill," said Mary-Frances, "sometimes you make me just sick and disgusted."

It was mean of him not to telephone today. Waiting for a message—waiting for anything was hard.

importance of love and everything. I don't know what's got into you today. I guess you just don't care about my life's happiness being fulfilled nor anything."

"I do too," said Ermintrude. "But just the same I don't think you should go and pick up strange men on the street."

"That's nice, isn't it?" reproved Mary-Frances bitterly. "And it was you your own self, over the phone last night, that said all about soul crying to soul and everything."

"Well," Ermintrude gloomily admitted, "maybe I did. But just the same, if Mother and Daddy should find out that I picked up a strange man on the street they'd kill me—that's all."

"I suppose," said Mary-Frances, spurningly matching Ermintrude's gloom, "that you expect to get a long way with your stage career, and receive ovations and everything, without a bit of bravery. Not even a teeny bit of bravery?"

"Today, during algebra," said Ermintrude, "I kind of got to thinking about Peter, and I just almost decided to give up the stage for a career."

for once in her life, she was going to look decent. The lipstick, which had done double duty for cheeks and lips, had been purloined from Cecily, as had the clown-white powder, undimmed by the tan and the pink powders with which Cecily carefully blended it.

There could be no doubt as to the altered appearance of Mary-Frances Ermintrude, looking again at her friend as they left the gravel and gained the sidewalk, declared, "You're a perfectly ravishing beauty, Mary-Frances, darling. And, my, but you look old! Honest, no fooling, you look almost—jaded." Which was delivered as high homage, and which was so received.

The girls went on, past Roymade's Development and Realty Company, down Tanner street, past Ike Cromley's New and Second-Hand Furniture Company, past the Sans Souci Apartments, past the post showing the sign, "Fenwick avenue"; and if the old street, dappled with sunshine through its spreading locust trees, attempted enticements or invocations they were neither seen nor heard.

A rounded-corner brought Mary-Frances and Ermintrude to Mrs. Van Slyke's Delicatessen Shop, and automatically they stopped before its windows: fascinating salads, golden with mayonnaise; bowls of creamy cottage cheese; cakes towering luscious layers of cocoanut and chocolate; hams, cut to pink's own perfection; olives oily green, and pungent dill pickles, and pies, and little rolls—all only a glass window away at four o'clock on a warm spring hungry afternoon.

"I'm starved," stated Ermintrude. "I'm just naturally starved. Let's hurry right back to our house and get something to eat. We went to your house yesterday."

Mary-Frances, too, was torn by the teeth of hunger, but path and purpose lay clear before her, and, though she turned from the window with a heart-heavy sigh, she took Ermintrude's arm and pulled it and said, "Oh for pity's sake! Come on, can't you?"

Ermintrude's opposition, which, possibly because of the amazing success attending the venture for beauty, had been constrained since the girls had left the service station, now gushed forth, surcharged with feeling.

"Yes, but, Mary-Frances Fenwick, I don't think you ought to. I think you'd better give it all up right now and go to a college career."

ANN, at her desk in the office of the Redfern Plumbing and Heating Company, looked again at the clock on the wall. Twenty-five minutes past four, and Phil had not telephoned to her all day long. Usually, at least, when things went wrong in the evening, Phil telephoned to her early the next day—not to make love; Phil did not approve of love-making over the telephone—but to reassure her, to let her know that he was not angry, to make an engagement for the evening. It was mean of him not to telephone today. She would have called him gladly, but Phil thought it not quite nice for girls to telephone to men. It was mean of him. Getting a number was so easy. Waiting for a message—waiting for anything was hard.

LENZ AND LIGGETT WIN 6 OF 9 RUBBERS FOR ADVANCE

DOUBLING HAS DIG BEARING IN NIGHT'S PLAY

CULBERTSON'S LEAD IS BELIEVED FULLY SAFE

By TOM O'NEIL
 NEW YORK, Jan. 5. (AP)—Ely Culbertson's side was 16,835 points ahead in the great contract bridge match today with only 21 rubbers remaining of the 150 rubber series.

Sidney S. Lenz, Culbertson's chief opponent in a test of bidding systems which began Dec. 7 and which will end next Friday night, said he still had a bare chance to win. Most trial experts regarded it as virtually impossible.

Lenz and Commander Winfield Liggett Jr. gained 3,385 points in the seventeenth session ending early today. They won six of nine rubbers. Mrs. Culbertson completed her stipulated quota of the match—75 rubbers—last night but intends to resume her place opposite her husband at the final session Friday night. Tonight Michael Gottlieb will be Culbertson's partner and Howard Schenken Thursday night.

Much Doubling
 Lenz and Liggett held the tickets at the seventeenth session and their gain was increased by Culbertson's doubling. In one rubber there was a double on every one of the six hands. Lenz and Liggett each made one doubled contract and each was set one. Each of the Culbertsons was set when doubled.

On hand 747 there was one of the many doubles of the session by Culbertson. Liggett was set one vulnerable when trying to make two spades. Culbertson said that his was a weak penalty double but it was retrieved by brilliant defensive play. Mrs. Culbertson on the ninth trick led the queen of clubs which took the trick. Culbertson discarded his ace of diamonds which prevented him being put in to lead up to Liggett.

Toledo Club to Be Sold Soon to Highest Bidder

CHICAGO, Jan. 5. (AP)—The bankrupt Toledo club of the American association, purchased six years ago for \$175,000, will be sold tomorrow to the highest bidder.

Thomas J. Hickey, president of the league, was advised today that bids were being received by the United States district court at Toledo and would be opened tomorrow.

The Toledo club was thrown into the hands of receivers last season, and several efforts to sell it, at a figure somewhere near the original cost, failed.

Non-Conference Games Scheduled

DALLAS, Jan. 5. (AP)—Southwest conference basketball teams won two out of three contests with non-conference foes last night.

Rice was the only loser, dropping a 28-26 tilt to the East Texas Teachers at Commerce. Kenneth Mills made a last-minute field goal to give Southern Methodist a 32-21 victory over the North Texas Teachers at Denton. Baylor walloped the Oklahoma Baptists at Shawnee, Okla., 49 to 30.

Reckless Drivers Watch Cripples As Part Punishment

CHICAGO, Jan. 5. (AP)—Six men, under police guard, stood at the hallway of a school for crippled children yesterday and surveyed the maimed youngsters, many of whom were victims of careless automobile driving.

It was part of the punishment they are to receive from Judge Frank M. Padden, before whom they are to appear later for sentencing. Five of them were charged with reckless driving while the sixth was alleged to have been the intoxicated companion of one of the drivers.

"Perhaps this will bring home to these men the seriousness of their offenses in endangering the lives of other youngsters," the judge said.

DODGERS ARE CHANGED FOR 1932 SEASON

MANY MEN RECALLED TO BROOKLYN BY OWNERS

By GAYLE TALBOT
 Associated Press Sports Writer
 NEW YORK, Jan. 5. (AP)—You'll scarcely recognize the Brooklyn Dodgers, erstwhile "happiness boys of baseball," when the 1932 season rolls around.

Max Carey is authority for the statement it will be a different looking ball club.

The club owners have provided Carey with 12 "new" players. Of eleven recalled from Hartford, Dodger farm, all but one were with the parent team at one time or another in 1931. The only bonafide new Dodger is Arthur Jones, a pitcher.

The outstanding prospects among the Hartford contingent are four young pitchers, Phil Gallivan, Van Mungo, John Kridler and Earl Mattingly.

Frank O'Doul, Floyd (Babe) Her-man and Johnny Frederick are to return to the outfield.

Del Bissonette, who recently underwent a successful operation on his throwing arm, faces no real competition at first and Walter Gilbert will return to his post at third.

Captain Glenn Wright, whose ankles falled him last season, has announced he'll be in shape again and expects to reclaim his job at short-stop. Presco Thompson may lose out to Young Mickey Finn at second.

Duzzy Vance is expected to head the pitching staff. Watson Clark, Ray Phelps, Adolfo Luque, Lefty Heimach, Clyde Day, Austin Moore, Hollis Thurston, Joe Shaute and John Quinn are other veteran hurlers.

Lopez and Lombardi will be back to divide the catching.

George Von Elm on Winning Team

SANTA MONICA, Calif., Jan. 5. (AP)—George (Big) Von Elm, Los Angeles money-golfer, who enjoyed such a prosperous year in 1931, is one tournament up on the professional pack.

Teaming up with Stanley Turner, Los Angeles amateur, Von Elm yesterday won their second annual Santa Monica amateur-pro tournament and \$300 first place money.

The team posted a best-ball card of 31-35-66, five under par, to lead 65 qualifiers by a stroke after all but falling to get into the final round of 18 holes with a 71 Sunday.

Blackerby Will Be Oakland Player

CHICAGO, Jan. 5. (AP)—Outfielder George Blackerby, who had three trials with the White Sox and one with the Cleveland Indians, has been unconditionally released to Oakland of the Pacific coast league.

Blackerby has been a great hitter in the minors but lack of confidence apparently ruined his chances of making good in the majors. He first came to Chicago with Charles Arthur (the great) Shires.

TWENTY-NINE GRIDDEES ON LETTER ROLE

But They Must Pass in Exams to Be Eligible for Football Awards.

Twenty-nine members of the Harvester football squad of 1931 will receive letters at the close of the first semester if they are successful in passing final examinations. The sweaters will probably be given to the boys eligible at chapel exercises June 20.

Some of the squad will "fall by the wayside" according to school officials. Some of the boys will be given regular sweaters while the others will receive reserve awards. The division of awards has not been completed.

Boys who will receive letters if they pass final examinations are: Joe Kahl, Durwood Martindale, Paul Hill, Captain Ray Chastain, Red Bost, Sam Turner, H. L. Ledrick, Bill Ragsdale, Claude Sullins, Lloyd Moore, Jim Pool, Wayne Kelly, Parks Brumley, Jess Patton, Leo Saulsbury, Morris Enloe, Ray McNeil, Don Reno, Joe Freeman, John Pafford, Rufus Walker, Ivy Berry, Jim Groom, Ed Burch, Gerdis Schmidt, Paul Camp, Charles Hewitt, Captain Ralph Poe, and Clovis Green.

LeFors Paving Job Lacks Little But Detour Is Slippery

Old Man Weather played a nasty trick on the Stucky Construction company and motorists who desire to go or come from LeFors. The rain and snow of yesterday started with only 300 feet of concrete to be laid on the LeFors road project.

The detour is almost impassable today and traffic between Pampa and LeFors is mostly through the oilfield. It will be several days before construction work can be resumed if the weather clears immediately. The delay will also cause the opening of the road to be held up. The miles is being paved.

GERMAN MAY RECEIVE MILLION IN NINE MONTHS

NEW YORK, Jan. 5. (AP)—Max Schmeling is back again to undertake a fight program he hopes will earn him \$1,000,000 in the next nine months.

It's a far cry to that day, late in 1928, when Schmeling then an unknown German box fighter, first arrived in New York. Since then he has won the world's heavyweight championship and successfully defended it against Young Stribling.

He already has made a fortune. Der Maxie has three title defenses in mind for this season, against Mickey Walker, Jack Dempsey, and Jack Sharkey but the chances are he will find the game will not be able to support more than two.

Schmeling's first defense will be against Walker at Miami, Fla., late in February, probably Feb. 26. He is looking ahead toward a possible meeting with Dempsey in June, probably in the Yankee stadium.

Schmeling, now weighing 192 pounds, appears in excellent condition.

THREE BASKETBALL GAMES TO BE PLAYED SATURDAY NIGHT --PERRYTON GIRLS TO COME

AMARILLO SANDIES ON PROGRAM FOR TWO CONTESTS

Three basketball games may be played at the Pampa high school gymnasium Saturday night. Amarillo is scheduled to bring two teams of Sandies over and the Perryton girls may be brought to meet the Pampa girls.

Thursday night the Harvesters go to Canyon to meet the fast Eagles. The Canyon team is one of the strongest yet developed. It is claimed Panhandle's Panthers defeated Canyon two points in an over-

time game last week. It was the Panther squad which eliminated the Harvesters from the Panhandle basketball tournament two weeks ago. The green and gold clad boys have improved much since they lost to the Panthers, hence the Eagles will have a tough time flying off with the Pampa harvest. The Eagles are reported to have a veteran team while the Mitchellites are new.

Amarillo also has a veteran team with the addition of LaBarge, last year's center for the Borger Bulldogs. Mr. Hill, the Sandie mentor, has a fast aggregation and he ad-

SHARPE GETS NEW DATA ON HIS OWN AGE

Wrong Lad Believed Told About in Data Sent From Old School.

Paul Sharpe, local high school basketball player, almost believes that he is an old man, or at least getting up in years. There has been some doubt as to Paul's eligibility. Kansas was asked to furnish in-

formation to Texas and the local high school as to Sharpe's status where he started to school and played basketball before moving to Borger. He came to Pampa more than a year ago.

The communication from Kansas was received yesterday afternoon and it informed school authorities that Paul Sharpe was born in 1907, that he entered high school while the guns were still roaring in France, and that he had played four years of basketball. With the two years played in Borger, Sharpe must be a veteran cageman and about 25 years old.

Coach Odus Mitchell started asking questions, but Sharpe stuck to the story that he is only 18 years old and played only one year in Kansas.

It was finally decided that another Paul Sharpe had been a basketball star in Kansas and that his record had been sent to Texas. A letter has been sent to Kansas asking that the right Sharpe be found.

Leech to Take Census of Farms

Ewing Leech, tax assessor, has been handed another job by the 42nd legislature. He won't be the only tax assessor to get the extra duties, since the taking of the farm census will be in charge of tax assessors in the future.

Mr. Leech received the necessary books and papers yesterday. In the past, the farm census has been taken by specially appointed persons.

The report will be confidential and will have nothing to do with the assessment of property. Farmers are urged to make accurate reports, because it will be to their benefit. The fine for giving false information is from \$25 to \$100.

Mr. Leech will start his assessment and farm census work immediately, he said. He would appreciate farmers having all information available when he calls. It will take nearly an hour to copy the data.

Much information is necessary on the farm census. The report calls for acreage in every kind of crop, harvest of 1931, and crops already planted for 1932, the amount of livestock, poultry, implements, buildings, etc.

Outside of Armour's or Swift's at Fort Worth it would be hard to find a meat cutter who is as dexterous with a knife as Roy W. Snyder, state meat specialist who will assist in conducting a meat cutting demonstration at the farm of Irvin Cole Jan. 11-12, according to County Agent Ralph R. Thomas.

The county agent said that Snyder is a wizard with the knife, and that whether anyone knows or cares anything about meat-cutting or not, it will be a treat to watch him. Many Bombings Are Investigated

CHICAGO, Jan. 5. (AP)—Police of four cities have sought perpetrators of three bombings and an attempt to dynamite the St. Louis mart, a 20-story structure in the heart of the industrial district of the Missouri metropolis. No one was killed or injured.

None of the bombings, however, had any apparent connection with the recent wide-spread plot directed against Italian citizens and officials.

The bombs were exploded in Coeur d'Alene, Idaho, Trenton, N. J., and Chicago yesterday and last night. At Coeur d'Alene, two dynamite bombs were thrown at the home of County Commissioner Emmet M. Barnes. The first one failed to explode and the second struck a small tree and exploded with terrific force. Barnes could give no explanation of the motive.

Democrats Are To Place Issues Before Country

WASHINGTON, Jan. 5. (AP)—This week ushered in a period of fundamental decisions for the Democratic party.

With the Jackson day dinner Friday and the spring meeting of the national committee Saturday, signs point to an ending of that jockeying for the starting line which so far has marked activities of leading prospects for the presidential nomination.

About the same time a clarification of party policy may begin. In congress the Democratic elders are showing signs of getting their feet squarely on the ground, preparing to offer legislation bearing so indelibly the party trade mark as to force it on the country's attention as campaign material. Tariff and tax plans seem the leaders.

The Jackson day dinner brings back to the arena, as a political speaker at least, Alfred E. Smith, about whose potential candidacy once again speculation has been exceedingly busy. Disciples of such leading prospective candidates as Governor Roosevelt of New York and Governor Ritchie of Maryland are intensifying their consultations.

DEFICIT ANNOUNCED

WASHINGTON, Jan. 5. (AP)—A \$1,385,449,487 deficit faced the government on Jan. 1 when it started the last half of the 1932 fiscal year. The treasury statement for Dec. 31 showed receipts from all sources had amounted to \$1,148,779,808, while expenditures had climbed to \$2,534,229,296.

At the end of the calendar year the public debt was \$17,525,449,753, an increase of nearly \$2,000,000,000 compared with Dec. 31, 1930, when it amounted to \$16,026,087,087.

Traylor Forces To Organize Soon

FORT WORTH, Jan. 5. (AP)—State-wide organization of the forces urging Melvin A. Traylor, Chicago banker and former Texas, for the democratic, presidential nomination will begin with a meeting here Friday of the central executive committee named Saturday to head the movement.

From the meeting will come announcement of a general committee with a member in each senatorial district of the state. These committees, in turn, are expected in the near future to designate committeemen to head the Traylor-for-president activities in each county in Texas. The county committeemen will supervise formation of clubs to carry on the work in their respective counties.

Frank Scofield of Hillsboro, former president of the American Short-horn Cattle Breeders' association, and life-long friend of Traylor, assumed the management of the movement today and opened state headquarters here.

All members of the central executive committee, whose names were announced Saturday, have notified Scofield of their acceptance of the appointment. They include: John Lee of San Angelo; Tarlton Morrow of Wichita Falls, and Lloyd Wheelock of Corsicana.

Borah Asks Cut In Federal Salaries

WASHINGTON, Jan. 5. (AP)—Salary reductions for members of congress, the cabinet and the farm board were proposed in measures introduced by Senator Borah, republican, Idaho.

Borah also introduced a bill taking away from members of congress allowance for mileage on their trips to and from congressional sessions.

He proposed to cut the salaries of the vice president, the speaker and members of the cabinet from \$15,000 to \$12,000. He would slash salaries of members of congress from \$10,000 to \$8,600.

Another bill would reduce salaries of members of the farm board from \$12,000 to \$9,800.

He also proposed a \$15,000 limit on any salary paid under the administration of the farm board.

More Divorces Than Marriages in Gray County

Divorce decrees granted in Gray county district courts during 1931 outnumbered marriage licenses issued by 18. This does not mean that more couples were divorced than were married. It means that persons bent on matrimony went to Sayre to get the knot tied.

Judge W. R. Ewing of the 31st district court and Judges Clifford Braly and W. I. Gamewell of 114th district court granted a total of 73 divorces during the year. County Clerk Charlie Thut issued 55 licenses to wed.

Obviously, the small number of licenses was due to the law which compels nuptially disposed persons to file intentions to wed three days before the license can be issued. Rather than let their friends and neighbors know their intentions, the majority of couples decide to marry in Sayre, Okla.

Judge Ewing in a recent term of court upheld the marriage law, but served notice that marrying in Sayre and getting a divorce in Pampa would not go with him any longer. He put his foot down with a smack upon the divorce petition of a woman who married in Sayre and repented in Pampa. Judge Ewing believes in the efficacy of the marriage law. It prevents hasty marriages, he declared.

In Texas, there can be only four grounds for divorce—cruel treatment ("he struck me in the face with his fist"), non-support ("I had to sweat in a laundry while he laid up in bed"), abandonment and adultery. The petition for a divorce usually includes all these four grounds and their synonyms. When the plaintiff has quit charging, there is usually nothing left in the category of marital abuses that has not been written in the petition.

In a large per cent of the cases no children were involved. Only a few of the cases were contested. Most of the suits were filed by the wives.

Gandhi Seeks Aid of Christians in India's Fight for Freedom

BOMBAY, Jan. 5. (P)—Mahatma Gandhi sought today to enlist Christians in India in his fight against the British government, calling it a Christian "struggle of peace."

In the meantime, the battle will be begun with Nationalists and their followers pressing a strict boycott on British and foreign goods and the government retreating with more group arrests.

With one blow, 45 organizations affiliated with the nationalist congress in Calcutta and its suburbs were declared unlawful by the government. In a farewell telegram to Lord Irwin, former viceroy with whom he concluded the Delhi pact last year, bringing temporary peace in the conflict, he said: "Pray believe me, I tried my best, but failed. Nevertheless, I do not lose hope and, God willing, I shall retain the same spirit you believe actuated me during that sacred week in Delhi. I shall not beseech your certificate."

Police took possession of the headquarters of the congress committee at Patna after arresting Rajendra Prasad, president of the Nationalist congress, and six leaders of the provincial congress. Prasad had just been appointed to succeed Vallabhbhai Patel as president of the national body when Paten was taken to jail with Gandhi yesterday.

Alarm Clock Idea In Poker Unpopular

CHICAGO, Jan. 5. (P)—Peter Dowd's stock of domestic happiness has gone up but his social standing among his "buddies" seems to have suffered ever since a judge told him he might take one night out a week, provided he took an alarm clock with him and started for home at 11:45, regardless of whether he was winning or losing at poker.

Judge Joseph Sabath suggested Peter try out the alarm clock idea a month ago when he delayed action on Mrs. Dowd's petition for a divorce.

Yesterday her attorney, W. W. O'Brien, appeared before the court and told the judge that the plan had been so successful that she wanted to drop her suit.

Postal Building Site Title Being Cleared Up Now

Postmaster D. E. Cecil and Pampa citizens are impatiently waiting word from Washington regarding the construction of Pampa's new \$180,000 federal building. Some difficulty has been encountered in securing title to the plot purchased for the building, but it has almost been cleared.

Platview has been assured early construction of her federal buildings, according to word received there from Congressman Martin Jones. Mr. Jones says that treasury officials have promised to get the Plainview postoffice project on the market before the end of January.

Pampans are hoping that the Pampa building will be started soon.

Chicago To Cut Employes' Salaries

CHICAGO, Jan. 5. (P)—Chicago today began to tighten its purse strings.

The city council was responsible for the action, having adopted a recommendation of Mayor Anton J. Cermak for a six-hour day for all municipal employes except policemen and firemen during the months of January and February, as a means of helping the city out of the financial mire in which it has found itself in recent months.

Mayor Cermak's monthly check is cut from \$1,500 to \$1,140.

The plan, adopted by the council yesterday, amounted to a wage cut of 20 per cent for employes paid by the month and 27 per cent for those paid by the day. The purpose is to establish a six-hour day with six-hour pay to take the place of an eight or eight and one-half hour day.

Mayor Cermak said if the scheme was successful it might be applied for the entire year, in which event it was estimated a saving of \$11,000,000 could be made.

located. In the event the state highway department changes the location of this road, Gray county is not to pay any more than it would have had to pay had the change of location not been made.

"This program is submitted as a whole and with the understanding that it will be completed as outlined, the intention being to complete as rapidly as possible.

"It is contemplated that the City of Pampa will furnish right-of-way through the city to connect highway No. 33 without expense to the county along a route satisfactory to the state highway department and that the road will be built through the city without expense to the city."

The county will pay only one-third of building No. 33 because this highway will be a federal project. The county will pay half of building 88 and 152. Both of these are state roads. Mr. Cox favors retaining the present location of 88 after it leaves Pampa; that is, from the Hobart street crossing of the Santa Fe south. According to the program approved by the other commissioners, the state has the right to locate the road where it pleases. The attitude of Judge S. D. Stennis and the other commissioners, as expressed in their action on the proposals, was that routing the highway over the pavement south of Pampa would result in considerable saving to the county. Commissioner Cox contended that the petition calling the bond election specified that the present route of No. 88 would be hard-surfaced. Observers believe it is unlikely that the state will pave two routes of entry into the city, however.

Engineer Missing Following Wreck

SALLISAW, Okla., Jan. 5. (P)—An engineer of the Kansas City Southern's "No. 16 Flying Crow", northbound to Kansas City, was believed to have been killed, the fireman slightly injured, but all passengers unharmed when the train struck an earthside near here early today. The train was derailed, part of it plunging into a river.

Engineer Benjamin was missing and it was believed his body was buried beneath the wreckage in the Sallisaw river, into which the engine, baggage car and a passenger coach plunged.

Promoter Again In Shadow Of Prison

OKLAHOMA CITY, Jan. 5. (P)—For the third time, S. E. J. Cox faces imprisonment for mail fraud. Cox, his wife, and three others were convicted yesterday by a federal jury. The charges grew out of stock selling operations of the Universal Oil and Gas company.

Sentences, which may range up to 42 years, and fines up to \$10,000, will be pronounced Saturday by Judge Edgar S. Vaughn.

Convicted with the Coxes were H. A. Kroeger, executive vice president; T. A. White, geologist, and W. W. Edwards, former Oklahoma City bank director, each on a single count. Cox was found guilty on nine counts, his wife on two.

Burton Christmas, securities salesman, who pleaded guilty; L. A. McKercher, salesman, and J. Garfield Crawford, executive vice president, who entered pleas of not contented; in effect pleas of guilty, also will be sentenced Saturday. John Standish and F. J. Lingsmann, salesman, and James Woolson, office worker, were acquitted.

WOMAN QUITS BOAT

CAIRO, Ill., Jan. 5. (P)—Having traveled more than half the 2,100-miles down the Mississippi river in her flat-bottomed rowboat, Randi Leroh, 48-year-old Superior, Wis., scrub woman, abandoned her voyage today. The rest of the trip would be much more hazardous, advisors here said. She probably will go on to New Orleans by steamer.

Oil Production in Another Decline

TULSA, Okla., Jan. 5. (P)—Another tremendous reduction in the daily average crude oil production of the United States, concentrated in Texas and Oklahoma, was reported in the Oil and Gas Journal's weekly table compiled today, which indicated a drop of 87,879 barrels daily.

Total production for the week ending Jan. 2 was fixed at 2,201,111 barrels a day, as compared with 2,288,990 barrels daily the preceding week. This, with a reduction of 130,117 barrels in the daily average the week ending Dec. 26, brought the daily average down 217,996 barrels in two weeks.

W. M. Lewright returned yesterday from a business trip to El Paso, Texas.
