### Scout Headquarters Moved Here As Hyde Heads Big Council

DON'T SHIFT

This is John Strauss, Robinson, Texas, school master, and the originator of the Tax Payers' league in Texas. Now vice president of the organization, he believes the chief aim of this group should be tax reduction, rather than an effort to shift tax burdens by new forms of levies. The league will approve a state ticket of candidates in the democratic primary.

#### BIGGEST YEAR OF COUNCIL IS BEING TALKED

OPTIMISM DOMINATES BORGER MEETING LAST NIGHT

ADULT LEADERS ASKED

REPORTS SHOW MANY WORKED DURING LAST YEAR

Selection of the Rev. A. A. Hyde, Pampa minister, as president and moving of the headquarters organization from Panhandle to Pampa developed last night at the annual Boy Scout council meeting in Borger.

Other officers chosen were: First vice president, Martin T. Pope of Panhandle; second vice president, J. C. Phillips of Borger; third vice president, William McClellan of Spearman; treasurer, J. O. Gilliam of Pampa; scout commissioner, A. W. Nelson of Borger; national representative, M. K. Brown of Pampa. Twenty-eight members at large were selected for 1932.

Sixteen Pampa Scouts and two Eagle Scouts from Pampa attended the dinner and meeting, which lasted until 11 o'clock. The council voted to move the headquarters to Pampa and where expenses would be less. C. A. Clarke, executive, will move to Pampa immediately and

Someone is always asking this columnist tricky questions to settle a distant argument. It is not easy to change from concentrating on Chinese names to remembering who was the running mate of some defeated presidential candidate. And that's where references come in handy. The library has many reference works which should be more used.

#### Use the Library

The Pampa Public library is just a babe, as libraries go, but if the older folk will use it and tell the library board what is most desired, its improvement will be properly guided. The world today—yes, we'll admit it—depends altogether too much on daily papers for its mental food. The papers are forced to skim off the cream of daily happenings, and cannot give the depth of discussion one can get in the better periodicals and books.

#### World Mindedness

There are more people at work in this country right now than ever before. The depression's cause is far more than national. Collapse of world markets and world buying power caused and will continue to cause trouble. The wise American is learning to think in terms of international affairs, and you cannot think without

#### ELEVEN KILLED WHEN TORNADO HITS ALABAMA

TEN NEGROES VICTIMS AS 40 HOUSES ARE RAZED

OVER HUNDRED INJURED

FREAKISH WEATHER IS WIDELY FELT AT NIGHT

BIRMINGHAM, Ala., Jan. 13. (P)—A tornado that dipped into five counties in West Central Alabama and Central Mississippi last night brought death to 11 persons, ten of them negroes, injured more than 150 others and wrought untold property damage. The greatest loss of life was reported at Moundville, Ala., where nine people were killed, all negroes. More than a score others were hurt and more than 40 homes razed by the wind which at times reached 70 miles an hour.

Mrs. Frank Simmons was killed when the storm demolished her home at New Hamilton, Miss. Her 12-year-old daughter, Helen, was taken to an Aberdeen, Miss., hospital where it was said she had small chance to live. More than 125 persons were hurt at New Hamilton. One negro was killed and 12 hurt at Faunsdale, Ala., where many buildings were destroyed and much livestock lost.

Several homes were damaged at Forest, Miss. Damage reported there was between \$15,000 and \$30,000. At Jasper, Ala., the Walker county courthouse burned during the storm with a loss of \$200,000.

#### Many Visitors to Hear Earp Speak on Friday Evening

The citizenship of Pampa and the surrounding territory is invited to be at the city hall auditorium at 8 o'clock Friday night to hear Earp of Sweetwater, commander of the Texas American Legion.

A novel program has been arranged for the evening. Visiting Legionnaires and citizens of Amarillo, Borger, Panhandle, Miami, McLean, and other cities will attend. Commander Earp is a well known figure in Texas. His address will be of wide interest. Legionnaires and war veterans are particularly urged to attend the meeting. No admission will be charged.

The program for the evening will be announced tomorrow. C. M. Carlock, commander of the Kerley-Crossman post, announced this morning.

Mrs. Ernest Thompson (May Peterson) of Amarillo will be unable to be on the program because of a cold. Colonel Thompson, however, will be here.

LIQUOR IN PLANE

EAGLE PASS, Jan. 13. (P)—Customs officers today investigated operations of an airplane seized in a pasture six miles north of Eagle Pass. Fifty gallons of alcohol were found hidden in brush near by. The ship had red wings and a green fuselage and was believed to be owned by persons living in San Antonio.

#### MOST OF RIGHT-OF-WAY FOR RAILROAD OBTAINED BUT NOT ALL PAID FOR—FUNDS SHORT

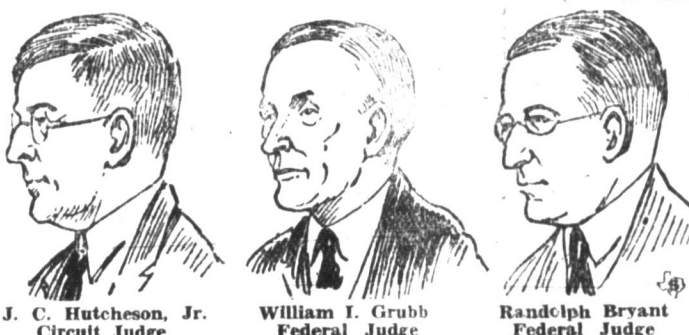

The right-of-way committee of the Board of City Development needs only two pieces of right-of-way to finish the work in rural Gray county for the Fort Worth & Denver railway from Childress to Pampa, Mel B. Davis, chairman, announced this morning. Land owned by R. B. Johnson and J. T. Benton has not definitely been arranged for, Mr. Davis says.

Mr. Johnson's land was condemned but he appealed the decision. The committee in turn appealed the amount allowed Mr. Johnson by a jury in county court and the appeal has not been heard. Mr. Davis believes that the difference in the

Benton land will be amicably settled. Although nearly all the right-of-way has been secured, it has not been paid for. Lack of funds is holding up payment to owners. Many Pampa citizens have failed to honor pledges signed during a drive for funds last spring, and as a result title to some of the land is being delayed.

Practically all the grade from the Magnolia Carbon black plant to LeFors has been completed. Steam shovels are finishing up the work near LeFors despite bad weather. Work is progressing day and night. Work on the plains into Pampa is being delayed by the weather. It is all team work and cannot be done under present conditions.

#### CALL MARTIAL LAW "SUBTERFUGE"

An "armistice" was declared in the East Texas oil field "insurrection" at Houston last week, after a federal court of three judges heard all the argument pro and con concerning martial law as laid down by Governor Ross Sterling and carried out by General Jacob Wolters. The matter hung pending the final decision of the court. Judges Bryant and Hutcheson, however, voiced personal opinions that martial law was a subterfuge to regulate the price of oil. No picture taking was allowed, so the judges were sketched, as above.

#### JURY OF VIEW APPOINTED TO BUY ROUTE FOR NO. 33

Group Will Function After Customary Legal Notice Is Posted.

A jury of view to negotiate for right-of-way for highways Nos. 33 and 152 was appointed by county commissioners yesterday afternoon. The action followed an announcement that W. R. Ely of the state highway commission had approved a road-building program submitted by county commissioners last week. The program was officially adopted by the court. Commissioners H. G. McCleskey, M. M. Newman, and John R. White voted for it, and Commissioner Lewis O. Cox of the Pampa precinct voted against it because of indefiniteness in regard to the route of highway 33.

The jury of view included M. K. Brown, T. E. Rose, J. Evans, G. C. Springer, C. V. Talley. These men will meet after 10-day legal notice is posted.

Right-of-way will be acquired for No. 33 from the city limits of Pampa to the Roberts county line and for 152 from the intersection of the road with No. 33 to the Wheeler county line. The county will pay one-third of the cost of paving No. 33, a federal road, and one-half of the cost of paving 152.

The court also voted to pay J. E. Wright \$525 for right-of-way in section 12, block 3, on the LeFors road.

#### Young Woman Fatally Stabbed by Negro Prisoner

ROCKVIEW PENITENTIARY, Bellefonte, Pa., Jan. 13. (P)—Betty Hickok, 16-year-old daughter of Dr. A. L. Hickok, resident psychiatrist at the Rockview penitentiary, was stabbed to death today by a negro prisoner.

The convict, whose name was withheld by prison authorities, was a patient at the psychopathic ward which Dr. Hickok had charge. He was captured soon after the discovery of the killing.

Due to rigid censorship imposed by prison officials, detailed information regarding the killing could not be obtained.

Warden Stanley P. Ashe was called from Pittsburgh and was joined at the prison by Coroner W. R. Heaton and County Detective Leo Boden of Centre county.

#### Storm Not as Severe as Early Signs Indicated

DENVER, Jan. 13. (P)—Snows of varying depths covered the Rocky Mountain west today and sub zero temperatures were in the offing, but predicted blizzard conditions had failed to materialize.

Wyoming weather bureau officials spoke of a freakish turn of the weather which saved the state from a blizzard. Snow covered all of Wyoming but it was not accompanied by high winds which weather conditions indicated yesterday.

Snow over Wyoming ranged from seven inches in the north section to one inch in the south. Temperatures fell generally to zero. It was eight below at Yellowstone park.

Snow covered most of Colorado. At Denver about two inches fell. In the western part of Colorado minor damage caused by yesterday's high winds was being repaired.

#### PRESIDENT

The Rev. A. A. Hyde, minister of the First Presbyterian church, was elected president of the Adobe Walls Boy Scout council at the annual meeting in Borger last night. He was unopposed for the office left vacant by the Rev. Tom W. Brahnam. Rev. Hyde was chairman of the court of honor and was educational director for the past year.

#### BIG CONTEST GOING STRONG

Hundred Dollar Award To Be Given Soon for Real Achievement.

The NEWS' contest is really putting on steam these last few days, contestants are driving hard with real old horse-power to win the \$100 in gold, which will be awarded in just a few more days.

In fact, in just eight more days, someone will be richer by \$100, and richer by thousands of more votes toward the opportunity of winning the Buick, the Chevrolet, or the trip to California via Transcontinental Western Air.

Will you be like the old windjammer, drifting and drifting along, or will you be like the modern steamship and air plane—setting your goal and making it, when it is worthwhile. Don't be one of the gripping type of contestants who say "It can't be done" and "I don't see how the other contestants can do it," but be one of the workers, one of the winners. When the race is ended be sure that you are ahead on the winning list, and not on the list who will say, "I could have, if I had only tried."

The first formal record in possession of the New York Stock Exchange is dated May 17, 1792.

#### NEWS FLASHES AT PRESS TIME

TULSA, Okla., Jan. 13. (P)—Mrs. R. B. Reed, reported today that her husband was kidnapped by robbers last night at Claremore and forced to accompany them for more than 100 miles southward to the vicinity of Wetumka, before he was released.

WASHINGTON, Jan. 13. (P)—Mrs. Agnes B. Hsley and her maid were found slain at her estate near Middletown, Virginia early today. The house had been robbed.

JOPLIN, Mo., Jan. 13. (P)—The bodies of Harry and Jennings Young, slayers of six Springfield, Mo., officers who died by their own hands at Houston, Texas, to escape capture, were lowered into adjoining graves in a private cemetery this morning. All arrangements had been kept secret to avoid possible mob violence. Only members of the family, police and officers and newspaper men were present.

NEW YORK, Jan. 13. (P)—Lawyers found something wrong with one clause of the contracts for Max Schmeling's heavyweight title defense against Mickey Walker in Miami, Fla., Feb. 25 and the signing of the documents, scheduled for today, was postponed indefinitely.

KAUFMAN, Jan. 13. (P)—Four prisoners escaped from the Kaufman county jail early today after bending the bars of their cell with a pipe wrench smuggled into the jail. Three white men and two negro were involved. The white men, Ed Busby, Nonnie Dobs and Carl Dennis, were awaiting transfer to the state penitentiary to serve prison terms.

NEW YORK, Jan. 13. (P)—Director of the Sinclair Consolidated Oil corporation, Prairie Oil & Gas company, and Prairie Pipeline company today announced that they had approved a plan for merging the properties.

#### Congress Hears New Problems as Mellon Reports

WASHINGTON, Jan. 13. (P)—New problems pressed forward in congress today while the main legislative work remained the program for helping business.

Secretary Mellon and his assistant, Under-Secretary Mill, detailed the administration plan for increasing taxes to the democratic house committee which is going to originate the new revenue law.

The house looked ahead to passage of the reconstruction corporation by tomorrow. The senate again debated the bill for bulwarking the federal land banks.

President Green of the American federation of labor told a house committee congress should look into charges of conditions approaching slavery in southern flood control work camps.

While Mellon sat before one committee, another began hearings on the Patman resolution for impeachment of the treasury executive.

#### City Of Borger's Pipeline Laying Is Stopped By Court

BORGER, Jan. 13. (P)—Laying of pipe for a new gas distributing system in Borger, under a franchise recently granted to I. J. Killion and associates, was held up today under a temporary restraining order granted by District Judge E. J. Pickens.

Work was halted after one and a half miles of trench had been dug and pipe had been unloaded alongside the trench. The application for a permanent injunction was filed by the Panhandle Power and Light company on the grounds that the citizens had not been given an opportunity to vote on the franchise granted to Killion. A petition is being circulated asking that an election be called.

#### REAL STATUS OF SECRETARY IS QUESTIONED

STOCK HOLDING ISSUE IS TECHNICALITY OF OLD LAW

CHARGE STRICKEN OUT

TEXAN HAS PROMISED TO GET MORE PROOF

WASHINGTON, Jan. 13. (P)—A charge the justice department let Secretary Mellon "run rough shod" over federal laws was made before the house judiciary committee today by Representative Patman, Texas, democrat, but was stricken out of the record on the suggestion of Chairman Sumners.

Patman was testifying on his resolution seeking impeachment of the veteran treasury head for "high crimes and misdemeanors." Representative Michener, Michigan, republican, asked at one point why he had not taken his charges to the justice department.

The Texan replied that since the department "has let him run rough shod over laws as I believe, what reason would I have to expect it would make a criminal prosecution?"

Democrat in Request  
Another democrat, Representative Oliver of New York, requested the statement be stricken from the record.

Patman said he expected to show malfeasance on the part of the secretary before he concluded.

Representative Dyer, republican, Missouri, said it was unfair to make inferences of corruption without presenting such proof.

Patman said that during a senate judiciary committee investigation, the secretary said he owned stock in the Aluminum Company of America, the Gulf Oil company and other corporations, but in every case much less than a majority of the voting stocks.

#### —SO WE HEAR.

Ladies and gentlemen... ahem... our subject for today will be poll taxes... And by the way folks, have you paid yours? If you haven't, just run over to TOM BARNES and hand him \$1.00. He will in return give you a little slip... and friends, you will have opportunity to do plenty of damage with that slip... That vote of yours might elect a DEMOCRATIC president, governor, or congressman. First, you with people on the amendment to the city charter... Then you will elect a mayor and a couple of commissioners... The comes the democratic primary may be a republican primary will come in somewhere... Next in line comes the run-off, then re-election... and last the general election... And folks, here is a believe it or not... This Canadian is going to vote this year and he hasn't got his naturalization papers, yet... they are being arranged for, however... Yes, sir, IT is going to try to vote because a poll tax had to be paid with county taxes... SILVER FAULKNER says every person must pay a poll tax regardless of whether he is eligible to vote. Well, if this Canuck spends \$1.75 he is going to have some fun out of the money... Whoops with! Let's pay our poll taxes and vote for our friends and against our enemies. H. E. H.

#### Put Your Rent Property Upon Main Street

That property you have to rent—too bad it can't be downtown on a main street where everybody passing can see it! # BUILDERS of PAMPA

The progress and development of any city is the result of the energy and effort of the business men and firms who make it up. The businesses listed on this page are permanent institutions and have contributed much to the upbuilding of Pampa.

This page will appear in the News one day each week and will contain something new and interesting each time. A study of its stories will give a new knowledge of the reasons for the individual successes. Help these merchants in their program.

## LEVINE'S Is Always Boosting for a Better Pampa

### Levine's Sets The Pace In Pampa For Better Values

Very few stores in the Panhandle have enjoyed the rapid growth and prosperity of Levine's. Opening in 1926 as one of the first pioneers of the "New Pampa", the store at once appealed to the thrifty shoppers throughout this trade territory.

Murray Freundlich joined the organization as manager about three years ago. Before then he operated the K. C. Store, located at the corner of Cuyler and Foster avenue. Murray, as he is known to everyone, is recognized as one of the shrewdest buyers in the retail merchandising business. He works on the theory that any article "bought right" is half sold. The rapid turn-over of the stock proves that he is right.

The ladies' ready-to-wear department brings many women from miles around to see what's newest in women's wearing apparel. Mrs. Freundlich is in charge of this department.

The piece goods department represents one of the largest in the city. Hundreds of bolts of beautiful new materials are carried in stock, and most any cloth from a low priced domestic to the finest imported silks are shown at all times.

### View Showing Interior of Levine's Up-to-Date Store

### Levine's Has Large and Complete Shoe Department

The shoe department of this modern store is practically an entire store within itself. The famous solid leather Peters' shoes for the entire family are featured. In the children's shoe department the famous Peter's Weatherbird shoes are featured. Experts are in charge of this department and everyone is assured a proper fit. The quality of the shoes is unquestionable.

The men's department is complete with quality wearing apparel, work clothing of all kinds, coats, jackets, shirts, hats, caps, underwear, etc.

Murray is the type that does not sit around and wish for business . . . he goes after the business . . . and gets it! Hundreds of people from surrounding towns visit Levine's every week for their needs in dry goods. It is probably the out-of-town trade plus the generous trade of Pampans that has made this "PAMPA'S BUSIEST STORE."

Mr. Freundlich was born and raised in New York City. After completing school he entered the mercantile business and spent many years in New York both in the wholesale and retail markets. His wide acquaintance with the eastern markets is very valuable to him here, for it enables him to get better values for his customers for less money.

NEWEST FEDERATED GROUP ELECTS OFFICERS TUESDAY TO SERVE DURING 1932-33

MRS. F. EWING LEECH NAMED PRESIDENT OF CLUB

Mrs. F. Ewing Leech was made president of the Twentieth Century Club for the year 1932-33 at a meeting of the organization yesterday afternoon in the home of Mrs. H. D. Keys...

Mrs. Leech will take up her new duties next fall, succeeding Mrs. L. N. McCullough. Other officers chosen by the club follow: Vice president, Mrs. E. C. Will; secretary, Mrs. E. M. Conley...

The resignation of Mrs. Will R. Saunders, who has moved to Amarillo, was accepted by the club, and Mrs. Conley was asked to fill her place as secretary for the remainder of the year.

Speech Announced It was announced that Mrs. C. T. Hunkapillar had accepted an invitation to address the club at its next meeting on ways in which club women can aid in relieving unemployment...

The afternoon's program, based on the life and works of Willa Cather, was opened with a short talk by Mrs. Leech, who took part in the graduation exercises at Columbia university at the time Willa Cather was awarded an honorary degree...

Red roses added to the cheer of the hostesses' home. After the program and business session, date pudding topped with whipped cream was served with coffee.

Mrs. J. G. Trezise of Hollywood, mother of Mrs. Keys, was a special guest at the meeting. Members attending were Mesdames E. M. Conley, C. H. Schulke, H. C. Wilson, E. C. Will, J. Powell Wehring, L. E. Sone, Roy Vaughan, A. G. Post, T. F. Morton, L. N. McCullough, Marvin Lewis, F. Ewing Leech, H. D. Keys, Olin E. Hinkle, John Glover, C. S. Boston, O. H. Booth, and R. M. Bellamy.

Country Roads Are Very Rough Pampa streets are gradually losing small mountains of ice left by the storm of last week. The sun is slowly melting the ice and within a few days the streets should be dry enough to be swept. Yesterday's warm sun helped the situation considerably, but today little ice was melting.

Country roads are still in a "terrible" condition. They have dried enough to be sticky and motorists find their car wheels clogged even on short trips. Paved highways are dry and in excellent condition.

Highways, unpaved, are passable but driving is hazardous because of drifts, mud, and small lakes. Colder weather is forecast.

Political Announcements

- The Pampa Daily News is authorized to announce the following candidates, subject to the action of the Democratic primary July 23, 1932. For County Treasurer: MISS MABEL DAVIS (Re-election); For District Clerk: MRS. LOUISE MILLER DUNN (Re-election); For Commissioner Precinct No. 1: JOHN B. WHITE (Re-election); For Commissioner Precinct No. 3: H. G. FEMININE FANCIES

By Hollyce Sellers Hinkle

No one should miss the opportunity to visit a school at least once during the year. Much has been written on the present-day methods in education, but one must actually see what is taking place before he can really appreciate it.

We accepted a luncheon invitation at San Houston school Monday. Who would believe that such luncheons—better than the average meal served at home—could be given each child for 10 or 15 cents? The children like it, too. One little girl frankly admitted: "I had rather eat here than at home because at home I have to help prepare the meal and then help wash dishes."

Cafeteria table manners of the pupils, even of the youngest pupils, are remarkably good. It would not be doing the children justice to say their manners were better than those of average yet has one attempted to hide an empty dish—and claim that he has received no dessert. Orderly conduct prevails in the cafeteria. Each child, standing in line, awaits his turn to be served. There is no loud talking or rowdiness of any kind.

Neatness and attractiveness of the cafeteria have not been neglected. Tables are finished to match the woodwork of the room. Pink curtains have been hung, and a pink tablecloth is used on the tables. Equipment and decoration for the room have been made possible by efforts of the Parent-Teacher association, said Principal A. L. Patrick, and particularly the executive board, composed of Mesdames L. N. McCullough, C. F. Buckley, W. Macklin, E. Baum, C. B. Akers, and Raymond Harrah.

A visit to a classroom will readily reveal new methods in teaching. Primary readers include colored pictures of boys and girls, animals, cowboys, and other things learning and other things of real life. Such material as this is taking the place of the fairy tale so popular a few years ago.

Spelling and arithmetic are taught, but such novel and interesting methods are employed that learning seems more like play. For instance, there is an "electrical teacher" in San Houston school. It is a board with questions written on one half and answers on the other half. One child, using an electrically-wired pointer, touches a question, and another child, also with a pointer, touches the answer. If the answer is correct, a bell is rung automatically and a small light above the board is turned on. Can such a pleasant game teach lessons? It can and does.

Country Has Many Bonds Not Issued

The bonded indebtedness of Gray county at the end of 1931 was \$2,687,000, according to the annual report of Auditor R. C. Wilson. This amount included \$1,324,000 in outstanding bonds, and \$1,363,000 in road bonds authorized but not issued. The outstanding bonds comprised road bonds, courthouse and jail funding bonds, and general fund funding bonds. The latter class totaled \$19,000. The courthouse and jail funding bonds were in the amount of \$330,000.

During the year, commissioners sold \$300,000 worth of road bonds voted in the spring. Receipts to the fund aggregated \$307,000, counting \$6,000 transferred from the road and bridge fund and a \$1,000 premium on the bonds. Disbursements amounted to \$156,718.63, distributed as follows: Engineer pay roll, \$15,347.94; engineering material and supplies, \$1,403.15; advertising for bids, \$15.94; labor, \$402; right-of-way and damage, \$1,463.85; paving, \$93,552.53; dirt work, \$34,748.19; culverts, \$1,277.18; legal expense, \$1,951.69; transfer to road bond bridge fund, \$6,000; bridge work, \$122; traveling expense, \$164.74; 11 telegrams, \$205.31; telegrams, \$14.11. The balance on Dec. 31, 1931, was \$160,281.37.

NEXT: NOVEL CONTEST NEW YORK, Jan. 13. (AP)—Ely Culbertson and Heywood Brown may engage in a novel writing contest. Culbertson is planning a trip abroad in June and has invited Brown to go along, the novels to be written during the journey. The bet would involve two points, the first work of 70,000 words to be completed and the one having the greatest sale.

EL PROGRESSO GROUP NAMES LEADERS

Twentieth Century Club Honors Mrs. Porter Malone

MEETING HELD ON TUESDAY IN HOBART HOME

MRS. J. M. McDONALD IS CHOSEN CLUB PRESIDENT

El Progreso club members met in the home of Mrs. T. D. Hobart yesterday afternoon to choose their leaders for the year 1932-33. Mrs. J. M. McDonald, a highly efficient club worker, was named president.

The other officers elected follow: Vice president, Mrs. Walter Purviance; recording and corresponding secretary, Mrs. S. G. Surratt; treasurer, Mrs. Dave Pope; parliamentary, Mrs. John Andrews; reporter, Mrs. C. T. Hunkapillar.

Roll call was answered by Mesdames S. G. Surratt, Carson Loftus, William M. Craven, C. P. Buckley, Charlie Thut, John V. Andrews, P. C. Ledrick, J. M. Dodson, J. M. McDonald, Walter Purviance, Dave Pope, George Walstead, C. T. Hunkapillar, and James Todd Jr.

Plans were made for an open meeting, a tea, which will be held Feb. 9, in the home of Mrs. Hunkapillar. Mrs. J. A. Hill of Canyon, president of the seventh district, Texas Federation of Women's clubs, will speak at that time.

Mrs. Loftus was in charge of a program with Mrs. Craven and Mrs. F. C. Ledrick as her helpers. The lesson was on "Woman as Domestic Economist," and showed that woman's place in the home has been strengthened, that she is an economic creator. It was brought out that in the early centuries woman was the dominant force and that the duties of a family were considered as an outsider. Then there was a reversal of the plan, and woman dropped into obscurity. Now woman is taking her rightful station in life.

At the close of the study a social half-hour was enjoyed, at which time the hostess served a dainty salad course.

"Rum Session" Is Attacked By Love

DALLAS, Jan. 13. (AP)—Thomas B. Love, former state senator, one of the leaders of the insurgent, "dry" democratic faction which helped carry Texas for Hoover in the last presidential campaign, declared that dry democrats of Texas would support Congressman John Garner for the nomination only if he took a decided stand for prohibition.

"John Garner would make an excellent man," Love explained, "and he stands an excellent chance to be nominated and elected, provided he comes out against repeal of the eighteenth amendment and for its continued enforcement."

Love characterized the Jackson day dinner last Saturday at Washington as a "rum party."

Without committing himself to a preference to any one of the men he believed would be supported by the "dry" democrats, he cited as possible candidates, Cordell Hull, Harry Byrd, William C. McAdoo, Joe Robinson. All of them are against repeal of the eighteenth amendment and for its continued enforcement.

Miss Slade Has Issued An Appeal

AHMEDABAD, India, Jan. 13. (AP)—Miss Madeline Slade, once a belle of London society and daughter of a British admiral, made a plea to the nation today to carry on the civil disobedience campaign of Mahatma Gandhi whose devoted disciple she has been since she devoted herself to the drawing rooms of Mayfair.

"Now that Gandhi's voice is silenced behind prison walls," she said in her message to the people of India, "it is all the more our sacred duty to carry out his dearest wish—spinning and weaving homespun."

If Indians had fulfilled this wish previously, she argued, Gandhi would not now be in prison. "If the whole nation were homespun," she said, "we would have had strength and unity such as would have made it impossible for the British to have piled insults upon our heads."

NOTICE There will be a meeting of the board of officers of the First Christian church Friday, January 15th, at 7 o'clock p. m. IVY E. DUNCAN.

FIGHTS WETS

This is Mrs. Claude de Van Watts, Texas W. C. T. U. president, who plans legal action at Austin to enforce the title "Crusaders," because the name has been used by White Ribbon women for 50 years.

Hollywood Sights

(By ROBBINS COONS) HOLLYWOOD — "Susan Lenox" may have started something in the movie title factories.

Jean Crawford's next vehicle is "Lety Lyon" and the first starring film of Wynne Gibson, the girl who as a feminine heavy has been a picture-thief nearly a year, will be "Clara Deane."

And of course there's "Mata Hari"—but except for this last Garbo film, and title don't matter on those titles probably will be changed.

Marian Marsh was the first player to achieve formal stardom in 1922—her name was over the title in "Under Eighteen," but she is due to leave company in the newly elevated ranks soon.

New Stars Wynne Gibson already is selected, and Joan Blondell, on the strength of her rapid rise last year, is almost a certainty. Among the men, of course, most of the new contenders are far behind Clark Gable, except for James Cagney, the Blondell-team-mate.

Gable, by the way, is not being interviewed any more, except between pictures. Worrying over interviews during lunch and afternoon hours kept him from worrying over his lines, and after an interview he invariably tripped up on his dialog—or so Clark said. And the production office has clamped down on the tabu.

Gene Fowler, colorful newspaperman and lately a best-selling author, now creating movie stories for a while, was presented a bicycle by Robert Woolsey on his arrival. And so the story goes that Gene, ever different, turns it over nightly to the liveried doorman at his swanky apartment, to be placed tenderly in the Fowler garage where it remains in solitary splendor.

Creating Suspense The screen's need for suspense is one reason that leading men once they feel the years beating them, the waisting expanding, the hair greying, still are not entirely desperate for jobs.

An actor who has been a matinee idol is likely to remain in the audience mind, a hero until he proved otherwise. If he is assigned to play a heavy, opposed to the hero but not too obviously so, the audience will not spot him as the villain immediately and suspense is sustained.

SELECTS HER AS PRESIDENT FOR 1932-33

MRS. IVY DUNCAN IS GIVEN OFFICE OF VICE-PRESIDENT

Mrs. J. Porter Malone was the choice of the Twentieth Century club as president for the year 1932-33, according to a vote cast at a meeting in the home of Mrs. W. J. Smith, yesterday.

Other selections were as follows: Vice president, Mrs. Ivy Duncan; secretary, Mrs. William T. Fraser; treasurer, Mrs. Edwin S. Vicars; parliamentary, Mrs. Paul Kasishke.

Mrs. Malone has been a member of the club for the last four years, and has served efficiently during the entire time. She is formerly of Amarillo, where she was employed at the First National bank for four years.

Mrs. W. R. Campbell led an instructive program on social pathology—health and disease. She opened the discussion with the nature and causes of the most prevalent diseases, and methods of dealing with disease. Social waste of disease was the subject discussed by Mrs. Clifford Braly, and Mrs. Ivy Duncan's subject was sex hygiene.

Mother's Christmas pudding was served with coffee during a social period to the following members: Mesdames Lynn Boyd, Clifford Braly, W. A. Bratton, W. R. Campbell, Frank M. Culbertson, A. H. Doucette, Ivy E. Duncan, R. B. Fisher, Raymond W. Harrah, Paul Kasishke, J. Porter Malone, Tom E. Rose, W. J. Smith, John F. Sturgeon, and Edwin S. Vicars.

B'Nai Sisterhood Plays Bridge At Lazarus Residence

Three tables were in progress at a meeting of the B'Nai Sisterhood yesterday afternoon in the home of Mrs. Joseph R. Lazarus. Awards in the games went to Mrs. Ralph Denebalm and Mrs. Murray Freundlich.

Refreshments were served at the close of the afternoon. The organization will have luncheon at 1 o'clock Tuesday, Jan. 26, at the Schneider hotel.

Central Baptist Sunbeams Gather

Tiny tots of the Central Baptist church heard a program on "God's Care" when they attended a Sunbeam meeting Monday afternoon at the church. After helping to make a poster, the children colored paper baskets and decorated them with flowers. Refreshments of grapes and cookies were served in the baskets later.

The children will send written invitations to their mothers to attend a meeting on Jan. 25. Mrs. Ben Seibold was assisted by Mrs. M. S. Benz in making the afternoon profitable for the following children: Scott Douglas Evans, Doris Bengé, Raymond Earl McAlister, Jean White, Bonnie Lynn Hardcastle, Maxine Harrell, Lillie Bob Harrell, Sarah Ellen Seibold, Ila Faye Hardcastle, Myra Maude Rutherford, and Don Harrell.

MESDAMES JULIAN BARRETT AND CHARLES TODD TO HEAD JUNIOR TWENTIETH CENTURY CHURCHES

ELECTION IS HELD AT GATHERING ON TUESDAY

The revival at the Church of Christ continues with interest. A goodly number have been present for each service. The subject discussed last night by Evangelist Jones was "Divine Law." The speaker defined law, and then asserted that law is not creative but everything had its beginning with a miracle. He used man as an example and to this he said that the first man and woman had their origin by a miracle. After this miracle was given a law of procreation and every other person came into the world through that law. The same is true in a spiritual way, the first Christians were made Christians by a miracle and then was given a law, and all others that are Christians became such by having been obedient to that law, said Mr. Jones.

The evangelist next spoke of the simplicity of the divine law, and asserted that by means obedience to it was not only to glorify God but was for man's good also.

The immutability of the law was next suggested by the minister and to this he said that God's laws are absolutely immutable. The immutability of God's temporal law was illustrated by a child. Should a little one take hold of an electric wire charged with a high voltage death would be the result, even though a great number of Christians should be praying for the child to be unharmed because it is according to God's law. The speaker said the same is true in our spiritual life. The Master will not change his law to save any one; therefore, "Blessed are they that do his commandments that they may have a right to the tree of life, and may enter in through the gates into the city."

The subject to be discussed to-night at 7:30 o'clock is "The Divine Origin of Christianity." The day services are also well attended. This service is conducted from 12:15 to 12:50 o'clock.

ELECTION IS HELD AT GATHERING ON TUESDAY

Selection of Mrs. Julian Barrett as president for the year 1932-33 and the choice of other officers featured a meeting of the Junior Twentieth Century club yesterday afternoon in Mrs. Barrett's home.

The president-elect is spending her third year as member of the organization, and this year is recording secretary. Mrs. Barrett, formerly of Georgia, is an efficient club worker. She is also a member of the woman's auxiliary of the Episcopal church and of the London Bridge club and Club Mynfair.

Mrs. Barrett and the following officers will begin a term of service next fall: Vice president, Mrs. Charles Todd; recording secretary, Mrs. Fred Cary; corresponding secretary, Mrs. Margaret Buckley; treasurer, Mrs. Roy Bourland; parliamentary, Mrs. J. E. Dever; reporter, Miss Virginia Faulkner.

The program, directed by Miss Margaret Buckley, was in consideration of personal beauty as an element in personal prayer.

"The expression 'beautiful but dumb' is mis-leading," said Miss Buckley. "Beautiful people are not necessarily stupid; unattractive people are not necessarily intelligent." Mrs. Roy Bourland discussed Dunlap's positive and negative criteria of beauty, after which Mrs. Fred Cary outlined Dunlap's suggestions for racial betterment and discussed them from a practical standpoint. Mrs. Robert W. Chaffin answered the question: "Does Dunlap over-emphasize personal beauty, as he defines it, or is he calling attention to an aspect of personality which has been neglected?"

The hostess served refreshments to the following members: Mesdames Roy S. Bourland, Fred A. Cary, Robert W. Chaffin, Max Mahaffey, J. E. Dever, T. R. Martin, Roy White, Frank Perry, Arthur S. Swanson, Charles Todd, and Dick Walker; Misses Margaret Buckley, Ruth Ann Mitchell, and Virginia Faulkner.

BUYER'S PARADISE

Today is the buyer's paradise. Your dollar of today will purchase as much as \$1.447 in 1926, according to the monthly LABOR REVIEW, published by the United States Department of Labor.

Pampa's stores are today selling merchandise right in line with the decline in prices. The scale of \$1.447 is based from an index number of wholesale prices which included 550 commodities, weighted according to the importance of each article and based on the average prices for 1926 as 100.

The LABOR REVIEW estimates that the September, 1931, dollar in comparison with the September dollar of five years ago is worth as follows in various lines: Farm products, \$1.65; foods, \$1.37; leather products, \$1.18; textile, \$1.59; fuel and lighting materials, \$1.58; building materials, \$1.34; chemicals and drugs, \$1.34; house furnishing goods, \$1.18; miscellaneous, \$1.71.

It is interesting to note here that there has been a large decline in miscellaneous items, so that reduced income really enables one to maintain a good buying power.

# PAMPA BOYS DEFEAT WHITE DEER--GIRLS NOSED OUT

## VISITING GIRL SCORES MOST GAME POINTS

### HARVESTERS APPEAR TO BE IMPROVING IN SCORING

Two teams of Harvesters had little difficulty in defeating a couple of quintets from White Deer by decisive scores at the local gym last night, but Pampa girls lost in a nip and tuck affair.

The score in the girls' game was 38 to 30. White Deer's first team of boys was beaten 45 to 15, and the second team, 47 to 28.

The Pampa girls were never one point behind or ahead of the visitors until the fourth quarter, when they went out on personal fouls. Rose was switched from forward to center, and other changes were made. It was directly after this change that the White Deer girls scored 10 points, taking an eight-point lead which they maintained until the final minute of the game.

**Sensational Scoring**  
McDaniels, White Deer forward, was high scorer of the game with 22 points to her credit. Robinson of Pampa shot nine field goals, and Rose, 12. The rest of the White Deer points were made by Andrews.

White Deer's second string was opposed by E. Kelly, Chastain and Poe at the forward positions; Poole and Brumley at center, and Schmidt and Sullins at guard. Poole, losing six field goals and one free basket, walked off with the scoring honors.

**Enloe Is Good**  
Enloe playing approximately two-thirds of the game against White Deer's first string, ran up a total of 14 points. Midget "Spee" Wilson of White Deer managed to score 14 of his team's 27 points. Both Woodward and Marbaugh were "hot" last night. Marbaugh looped the basket four times and Woodward, six times.

Despite their erratic passing, Pampa's Harvesters looked better last night than they have this season. Coach Mitchell has a supply of capable guards, as well as efficient forwards. White Deer furnished little opposition either on the defense or offense. Woodward seemed to be the best goal-shooting partner that Enloe has had this season.

## Winter Sports To Be Much Reduced

NEW YORK, Jan. 13. (AP)—A shortage of funds has forced a 17 per cent reduction in the size of American winter sports team at the winter olympics at Lake Placid, Feb. 4-13.

The American Olympic committee has decided to shave its winter sports team from an original estimate of 105 members to a minimum of 87.

At the same time the committee announced it will seek \$350,000 by public subscription to cover the cost of equipment, transportation, and maintenance of America's Olympic forces from the time of their selection in the final tryouts until the end of the games.

## James A. Farrell Plans To Retire

NEW YORK, Jan. 13. (AP)—James A. Farrell, whose rise in the world of steel over a period nearly half a century has few equals in fact or fiction, will retire April 18, as president of the United States Steel corporation, a post he has held for 21 years.

Announcement of his retirement was made at his Fifth Avenue home last night. It came in a simple statement in which the 69-year-old man gave frank cognizance to his advanced age and the "inadvisability of establishing the management upon a foundation composed of younger men."

## Negative Results In Baseball Session

LOUISVILLE, Ky., Jan. 13. (AP)—The committee of five appointed to find methods of reviving, invigorating, and rehabilitating minor league baseball has concluded the negative phase of its discussions and hopes to do some real constructive Feb. 21 when it meets at Durham, N. C.

The conference which closed Monday resulted only in announcement of two things the committee will not do. It will not establish a central buying agency to purchase all equipment and supplies by the minor leagues and it will not appoint a field worker to revive disbanded leagues and create new ones.

## Frigidaire Is To Increase Ads

DAYTON, O., Jan. 13.—Frigidaire's advertising and promotional program for 1932 will be directed toward selling 350,000 more household models than during the preceding year, E. G. Blechler, president and general manager, said.

"To attain this still large volume we are increasing the number and type of our sales outlets and introducing new merchandising methods. Our line has been expanded to meet wider market requirements. We are introducing small unit air conditioning plants suitable for either home or office use," he said.

"The economies and conveniences of electric refrigeration equipment constitute a popular and logical buying urge in both the household and commercial fields. Consequently our organization views the outlook with confidence, believing that the coming 12 months will witness a continuance of the encouraging and increasing demand for its products."

## Oxygen Tank Is Delayed En Route

COLUMBUS, O., Jan. 13. (AP)—Rushing west with an oxygen breathing chamber, two fliers from New York, forced down here last night by bad weather, took off for Tucson, Ariz., this morning.

The pilots, Stuart Reiss and Chester Pickup, bumped through thick weather between New York and Columbus all day yesterday. They had planned to go on to St. Louis last night and complete their trip today but the weather west of Columbus was such they could not leave here.

The oxygen chamber was started west when word was received in New York that Alice Hilliard, stepdaughter of Robert Bingham, publisher of the Louisville Courier-Journal, was suffering from pneumonia and could not recover unless placed in the chamber. Word reached Louisville yesterday that she had rallied and that arrival of the chamber no longer was a matter of life and death.

## NOTICE TO BRIDGE CONTRACTORS

Scaled Proposals addressed to R. C. Wilson, County Auditor, for the construction and reconstruction of three bridges across McClellan Creek, on roads in Gray County, Texas, better known as the Fraser, Bohr, and Steed bridges; will be received at the office of the County Auditor, at Pampa, Texas, until 10:00 A. M., January 30th, 1932, at which time the bids will be publicly opened and read in the County Court Room.

Plans and specifications of the work may be seen for examination and blank form of Proposal may be procured at the office of A. H. Doucette, County Engineer, at Pampa, Texas.

A Cashier's Check for five (5%) per cent of the total amount of the bid, drawn on a Gray County bank, and made payable to S. D. Stennis, County Judge, must accompany each proposal as a guarantee that the bidder, if successful, will enter into contract and make bond in accordance with the Proposal.

The right is reserved by the Commissioner's Court to reject any and all bids and to waive technicalities.

Signed: R. C. WILSON, County Auditor. (13-20)

Mrs. E. E. Searle was admitted to Pampa hospital for treatment on Tuesday.

## WATER CHAMP LEADS POLICE MERRY CHASE

### HELENE MADISON HAS MANIA FOR SPEED IN NEW CAR

SEATTLE, Wash., Jan. 13. (AP)—When motorcycle cops in Seattle aren't leading a procession in honor of Helene Madison they are chasing her with official tags.

A brilliant roadster came into her life recently and since then there hasn't been a day when she isn't in the traffic division of the police department. She goes everywhere with the top and the accelerator down.

But speeding slips mean nothing to this 17-year-old girl who ranks as one of the greatest swimmers of all times. Fifty miles an hour thru traffic on the busiest street in town is just a breeze.

**Plays Poker**  
Speed fascinates her. In the water she holds 16 world records and 53 of the 67 American marks in the free style division. She likes to play poker but she tosses the cards around so fast there is nothing but misery in the game for others.

Right now she is beset with all the tremors and excitement of 17 growing up. Only in the past year has she learned to dance. She wants to be a movie actress. She pretends to smoke at parties, likes beer and thinks champagne is grand, particularly when the bubbles get up your nose. And club sandwiches.

Of course there's a boy. And a diamond.

"Puppy love," says her coach, Ray Daughters. "She'll get over it."

**Soon Homesick**  
Daughters says she is the hardest girl to handle he ever met. She has so much pep and vitality she exhausts everyone around her on a trip. But one week away and she's homesick.

Helene has two superstitions about her swimming and she is very serious indeed about them. One is an old gray bathrobe that always accompanies her to the side of the pool. The other is a black silk bathing suit, the one she wore when she broke her first record.

The suit is worn out now and wouldn't pass the censors but it must last until her record breaking career is over. Her compromise with the legal requirements is another suit worn over the old black one.

The coming Olympics in Los Angeles, with the responsibility of carrying America's burden in the women's races, frighten her. And for all her swimming ability, she can't dive a lick.

## OPERATORS HELD

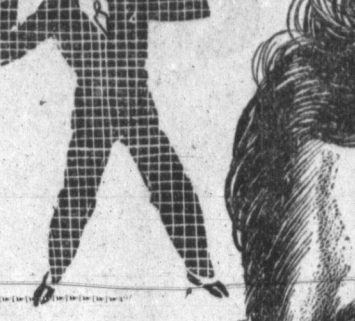

KANSAS CITY, Jan. 13. (AP)—Three motion picture operators and John Edward Gillespie, 32, ex-convict, were held today in connection with an explosion which killed Frank Alexander, negro janitor, in the Midland theater Monday night.

Detectives placed Gillespie as saying he had placed a package under a balcony seat of the theater that night under orders of Eral Jay Lime, 34, president of the Sound Projectionists association.

Mrs. W. B. Tinsley and infant son left Pampa hospital yesterday.

## Mrs. Caraway Is Easily Elected to Follow Husband

LITTLE ROCK, Jan. 13. (AP)—A mother whose life largely was concerned with domestic affairs until two months ago will serve as the first woman ever elected to the United States senate.

Mrs. Hattie W. Caraway, widow of Arkansas' junior senator, Thaddeus H. Caraway, yesterday defeated two "independent" candidates in a special election to achieve the distinction. She will fill out her husband's unexpired term.

Returns from more than two-thirds of the counties gave her 14,121 votes against 436 for Sam D. Carson, self-styled "dirt farmer," and 925 for Rex R. Floyd, son of a former congressman.

Mrs. Caraway made no campaign. She remained in Washington, serving in the senate under a temporary appointment from Gov. Harvey Parnell while women's clubs and democratic leaders worked in her behalf.

## JUSTICE SUCCEUMS

PORTLAND, Ore., Jan. 13. (AP)—Charles A. Johns, 74, associate justice of the supreme court of the Philippine Islands, is dead.

Failing health caused him to return to the United States last May. He succumbed at his home Monday night.

## RED SOX AND SENATORS ARE TO OPEN BALL

NEW YORK, Jan. 13. (AP)—Once more the honor of opening the major league baseball season will fall to the Boston Red Sox and Washington Senators.

These American league clubs will start major league hostilities of 1932 on April 1, a day in advance of the official opening so President Hoover can throw out the first ball.

On April 12, the official opening date, the schedules will be:

National league: Philadelphia at New York; Boston at Brooklyn; Chicago at Cincinnati; Pittsburgh at St. Louis.

American league: Washington at Boston; New York at Philadelphia; St. Louis at Chicago; Cleveland at Detroit.

The complete schedules will be announced Feb. 2 and 3.

District Attorney Raymond Allred left yesterday for Austin where he will visit his brother, Attorney James V. Allred.

## Campbell Craves Higher Car Speed

NEW YORK, Jan. 13. (AP)—Sir Malcolm Campbell still believes an automobile can be made to travel 300 miles an hour and he has hopes of proving it one of these days.

Although his American representative, Bill Strum of Indianapolis, indicated yesterday Campbell is considering a return to Daytona Beach, Fla., within a month for another record attempt, Campbell himself in London intimated his plans still are indefinite.

Strum said here that Campbell was certain his world record of 245.773 miles an hour would not endure very long and probably would be surpassed by the Austrian speed king, Norman (Wizard) Smith.

Smith now is waiting at Ninety-Mile Beach, New Zealand, for favorable beach conditions preparatory to a try at the record.

## TREASURER CHARGED

COLUMBUS, Jan. 13. (AP)—Jesse H. Moore, 35, was suspended temporarily as county treasurer after he had been charged with embezzlement of \$2,750 of county funds.

Charges, filed yesterday, were an aftermath of an audit of the treasurer's books by an auditing firm.

## BORDER GOLF CROWN IS AT STAKE TODAY

### RICHEST PRIZE TO BE GOAL OF YOUNG PLAYERS

AGUA CALIENTE, Mexico, Jan. 13. (AP)—The youthful among golf's grenadiers, turned back in each of California's four tournaments, encamped below the border today seeking to capture Agua Caliente's third annual \$15,000 open.

The rising generation has bowed to the veteran campaigners but to walk off with first prize in this, the largest money tournament in the world despite the cut from \$25,000 would be considered a distinct victory.

But there was to be no marching of the army of 101 professionals and 27 amateurs today if rain fell. Yesterday's shower left the course soft. Officials said added moisture would force a postponement of hostilities until Thursday, bringing the 72-hole affair to a close Sunday.

Gene Sarazen of New York who inaugurated the championship two years ago, showed by his strong finish in the Los Angeles open that he probably will be on his game in the quest of \$5,000 top money.

A Texan and two former Lone Star stagers appear to be the most promising of the more youthful. These are Dick Metz of San Angelo, Texas, who tied for second in the Los Angeles open; Ray Mangrum, now of Los Angeles, but formerly from Waco, Texas, and Ralph Guldahl of Detroit, former Texas amateur.

## AMERICAN HANGED

BELFAST, Northern Ireland, Jan. 13. (AP)—Eddie Cullens, young naturalized United States citizen, was hanged today for the slaying of Achmet Masu, a Turk.

Masu, promoter and companion of Zoro Agha who claims to be the oldest man in the world, was found slain in a field near Carrick-Pergus and Cullen was arrested and convicted of the crime.

J. T. Mice of LeFors was admitted to Worley hospital for treatment on Tuesday.

# THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

## FISHER RENEWS REQUEST FOR THANKSGIVING GAME

### Vote of Other Schools on Proposal Is Asked in Reply to Amarillo.

A suave, unctuous super received this morning from Superintendent McIntosh of Amarillo, urging that Pampa accept Oct. 22 as the date for the Amarillo-Pampa football game draw a plain-spoken ultimatum from Supt. R. B. Fisher.

Briefly, Mr. McIntosh was told that Pampa will go to the bat with Amarillo and Lubbock on the Thanksgiving game question. Mr. Fisher's rejection of the Amarillo superintendent's offer was pointed out. "We are not accepting any sort of compromise," Mr. Fisher declared. "We are going to play Amarillo or Lubbock on Thanksgiving or know the reason why. The other schools in the district are going to get a chance to vote on what teams shall play Thanksgiving and where they shall play. It is ridiculously undemocratic for the district to permit Amarillo and Lubbock to monopolize the Thanksgiving spotlight."

After he had finished writing Mr. McIntosh, Mr. Fisher addressed letters to the superintendents of the Berger, Plainview, and Slaton schools. Those school heads were reminded that Amarillo and Lubbock have in the past met on Thanksgiving; that both schools are now contending that a precedent has been established. Mr. Fisher pointed out that in democratic fairness the Thanksgiving day game with Amarillo should be passed around the district. He urged representatives of those schools to vote for Pampa when the time comes.

Mr. Fisher believes that the only way to solve the problem is to bring it to a vote. He said Pampa would be satisfied with any action the district committee might take when the matter is voted on. Mr. Fisher expects another meeting to be called and that the quarrel will be settled by voting.

Mr. McIntosh hoped in his letter that Pampa would accept Oct. 22 as the date for the game. The Pampa school men rejected the suggestion because it was practically the same as the schedule last year. "We'll play the winner of the Lubbock-Amarillo game on Thanksgiving if nothing else can be arranged," Mr. Fisher declared. "We're going to bring this business to a showdown pretty quick."

## Speaking of the Weather— by Charles Fitzhugh Talman of the U.S. Weather Bureau

### WRITTEN EXCLUSIVELY FOR NINA SERVICE

**SPEAKING OF THE WEATHER—A FEATURE—LEAD NO MATTER WHERE YOU GO, YOU'LL FIND A WEATHER STATION SOMEWHERE NEAR—SEVERAL LOCATED IN ARCTIC**

One of the remarkable products of modern civilization is the vast network of stations for observing and recording the world's weather. It is estimated that there are now in operation more than 35,000 of these stations at fixed locations on land, and several thousand ships conduct regular weather observations regularly by radio for immediate use on land in connection with forecasting.

Of the land stations, some are large observatories fully equipped with elaborate instruments making very detailed records. At the opposite extreme, there are thousands of stations where the observers devote only a few minutes each day to recording one or a few elements of weather.

The only large land area where no permanent stations now exist is Antarctica, where, however, stations have been maintained for considerable periods by exploring expeditions, and where some permanent stations will undoubtedly be established in the future. One of the favorite projects of the United States Navy is the establishment of a weather observatory at the South Pole. At present the southernmost weather station in the world is the one maintained by the Argentine government at Laurie Island in the South Orkneys, about latitude 61 degrees south.

Thus there is no station within the Antarctic Circle, but there are several within the Arctic Circle, the most northerly one, and the most northerly permanently inhabited spot on the globe, being that maintained by the Russians in Franz Josef land. There are half a dozen stations in Greenland, and there are others in Spitzbergen. The United States has a station at Point Barrow, Alaska. All the stations mentioned report the results of their observations by radio. Several other weather stations will be maintained in the Arctic regions for the "International Polar Year" of 1931-32.

Not only is the world not dotted over with weather stations, but the observations made at the more important of these have broadened in scope in recent years. Thus there has been a general increase in the number of observations made each day, and hundreds of stations measure conditions in the upper air with the aid of balloons, kites or airplanes.

## Racketeers Are Menace In Chicago

**CHICAGO, Jan. 13. (AP)—**A warning that racketeers are at the point of taking over millions of dollars worth of legitimate business in Chicago was made today by authorities investigating the killing of Benjamin Rosenberg, owner of a dry cleaning concern. Rosenberg was shot to death Monday night.

Meanwhile belief was expressed by investigators that Capone hoodlums might have been involved in the slaying.

Rosenberg's death, Assistant State's Attorney Edward Duffley declared, was the signal for a new outbreak of warfare in the cleaning and dyeing business. Racketeers and shop owners alike, he said, were involved in the recent wave of bombings, acid-throwing and slayings.

Miss Florence Baer left yesterday for Greeley, Colo., where she entered Colorado Teachers college. She is the daughter of Mr. and Mrs. Chris Baer, residing west of Pampa.

ANNE, Cecily and Mary-Frances Penwick live with their grandparents, once wealthy, now so impoverished that Anne and Cecily's earnings support the household. The sisters have been orphaned since childhood. The grandparents are anxious to see them marry. "RONALD" and "GRAND" had they insist on keeping up pretensions of the past.

Anne, 25, and Cecily, 22, do so. Cecily is still in school. When she is 25, she will be a young lawyer for eight years. They can not marry because Anne knows that she will be a grandparent depending on her to manage their home.

Cecily brings BARRY McKEEL, home to dinner with her. She is falling in love with him. Mary-Frances and her friend, ERIN-THE-TOOTH, are excited about the arrival of a stock company actor known as EARL DE ARMOUNT. They meet him on the street and he speaks to them. Mary-Frances is in love with him. Cecily is in love with him. She tells him she is 18, fails to note the character of her love-making and after that Earl promises to see her again.

Next morning Cecily talks to Anne about Barry.

**NOW GO ON WITH THE STORY CHAPTER XVI**

"I'm more interested," Ann said, "in what Lindbergh thinks about you."

"He likes my looks," Cecily was earnest again. "That is—he always says 'lovely.' That is less than beautiful, I know. And, of course, I'm not beautiful. But I think it is better than 'pretty.' What do you think?"

"I think," Ann answered, as she walked to the door, "that he is in love with you. Isn't that what I'm supposed to think, Cissy?"

"Ann, I don't know. Truly, I can't tell. He says something, and then— Well, I don't know. I'm choking to find out. He likes me a lot, I'm sure of that. But he's sort of—shy of love, or queer about it, I think."

"Most men are," said Ann.

"No, I don't mean that way. Barry's different. He is entirely different from any other man I've ever known. He—"

Ann interrupted. "I must run on down and start breakfast. But I want to tell you something while I have a chance without Mary-Frances around. If you haven't made a dinner engagement with Barry for this evening, perhaps you'd better not. See him after dinner, if you like, but come home for dinner. Grand—"

"But I have made one. And I'm going to 'ep it. Dear heavens, has Grand found his leading strings again? Will he take it out on you, angel, if I go?"

"No—I don't care if he does. This is it: Grand did fuss because you

were gone last evening for dinner—but that didn't matter. After dinner, though, Ermintrude came over, and for some reason that seemed to get both Grand and Rosalie started on that same old stuff about our never having friends here—music and merriment and laughter in our home, you know. They just kept at it, and went from bad to worse, and then Rosalie had to remember your birthday, a week from tomorrow, and they are insisting upon giving you a birthday party. I couldn't stop it nor do a thing about it. Unless you can stop it, I'm afraid they'll make me carry it through. I thought you might say—"

"A party? For me?" questioned Cecily.

"Isn't it dreadful! I brought out every objection I decently could without hurting their feelings, but—"

"But," Cecily interposed, "I'd love it, Ann. I was thinking only last evening that it might seem odd to Barry that we haven't people to play with—a group, you know."

"We haven't, though," Ann said. "Not any more. There'd be no one to invite."

"Fool! We can think of plenty of people if we count them up. There's Barry, and you and Phil, and Marta and Herbert. I said Barry, didn't I? Let's see—"

"Well, we can talk it over later," Ann said, and opened the door.

"Yes," Cecily agreed. "It will be fun!"

Ann closed the door and went down the hall toward the back stairway. "The cat's taken poison, and the baby's gone insane!" she muttered. It was her profoundest oath, significant of her furthest desperation.

"I needn't," were Cecily's first words when she came, wearing her best brown dress with its wide white collar and cuffs, into the kitchen 20 minutes later, "be such a lot of work—the party, I mean, need it, Ann, nor so very expensive?"

Ann, trying to unscrew the lid from a jar of stewed plums, glanced from it to Cecily. "No, dear," she answered. "Of course not," and despised herself. She had planned to restore Cecily's sanity, in part, at least, at any cost. But wiping that expression of wistful, shining bliss from Cissy's face would be, it seemed to Ann, as cruel as rubbing a damp sponge across a picture drawn by a child on a slate and presented for admiration.

"We could have ice cream and cake and coffee, that would be enough. We wouldn't positively have to order brick ice cream—"

"I don't think the Mattason twins are so much."

"Neither do I; but they think so. Anyway, Grand wouldn't let them in if they did come. Don't you remember the time he and Rosalie went with the Carmichaels to the Multnomah for dinner, and he came home and all but got out the grindstone and the knife to have them ready in case we should ever act like that? No. 'The twins are out.'"

"Well," said Ann, but she did not say, "I told you so," as she picked up the loaded tray to carry it through the butler's pantry into the dining room. Grand and Rosalie always hoped and trusted that they had not, as yet, sunk to the level of a society where breakfasting in the

J. M. McDonald, deputy oil & gas commissioner of the railway commission returned this morning from a business trip to Austin.

"Put on a smock, dear. That apron won't cover your sleeves."

"And I could make the cakes on Friday evening, after dinner. We'd have to have two, I suppose—a devil cake and that cheap, easy sponge. That would leave Saturday afternoon free to get the house ready. We'll air the library and have it mostly in there. They wouldn't need to go upstairs, nor all over the house. We'd steer them from one oasis to another. And we wouldn't call it a party, of course. We'd just say that some friends were coming in for the evening. What's the matter, angel?"

"I can not get this lid off."

"Here, I'll pull the rubber out with the icepick. That's the best way to open the old things. I thought we'd ask Marta and Herbert. I'd like to have Gretchen, and I should—I'm in debt to her, and she'd have some man to bring. But she would smoke. She says right out that she won't go places where she can't, and I suppose Grand would lose control."

"My word, yes! We wouldn't dare risk it."

"I know," Cecily sighed. "There—that's the way to get them off. Ann; pull the rubber out first. I'll dish them. No, I can't have Gretchen, I suppose. But if I don't ask her I can't ask Jean nor Dorothy. I thought you could ask Nella and her husband."

"They wouldn't come. Look at the toast in the oven, will you, Cissy? They haven't stepped outside the house in the evening since the baby was born. Nella won't trust him with strangers. I don't blame her a bit. He's a darling. I wish Penn Johns and her husband hadn't moved to Seattle to live—but they have. Could you ask the Mattason twins?"

"I could," Cecily's laugh was not wholly successful, "and I could send a cable over to the Prince of Wales."

"I don't think the Mattason twins are so much."

"Neither do I; but they think so. Anyway, Grand wouldn't let them in if they did come. Don't you remember the time he and Rosalie went with the Carmichaels to the Multnomah for dinner, and he came home and all but got out the grindstone and the knife to have them ready in case we should ever act like that? "Well, but," he mocked. "Have you a date with another man to ride to your office this morning?"

"Phil, dear," she protested, and laughed and almost sang. "I'll love it, of course. How good of you to think of it. How good—"

"Oh—oh!"

When she went into the kitchen again there was something of Cecily's dreamy radiance in her own heart-shaped face.

"I could wear my yellow," she said. "And you could wear your pink."

**Meriwether Sets New High Record**

C. Minor Meriwether, manager of the Pampa Bowling alleys, set the high game record of 1932 last night when he rolled a game of 264 pins. The manager was bowling with Mr. Owens when he made his big score. The previous high game was 254 pins made by Bill Holmes.

Mr. Meriwether, in making the big score, rolled nine strikes but had a split in the fifth frame which wrecked a higher score. He made only eight pins on the last ball.

Last year's high score was 287 pins, rolled by V. D. Frewitt.

**Depositors Oppose Closing Of Bank**

MILLSAP, Parker County, Texas, Jan. 13. (AP)—The First National bank of Millsap wants to quit business but its depositors evidently are not in sympathy.

Directors said Saturday the bank would be closed in 90 days because of the bad health of the operating officer. Depositors were asked to call and get their money.

G. A. Holland of Weatherford, president, said at the close of business yesterday there had been but few withdrawals and the day's deposits were \$2,000 larger than those of Saturday.

F. F. Bennett of Amarillo, Potter county agent, transacted business here this morning.

will occupy offices in the chamber of commerce rooms at the city hall.

**Suggests Remedies**

Lloyd O'Neal, regional executive, was a guest at the meeting. He gave a brief resume of Scouting. He pointed out the weak spots in the Adobe Walls council and suggested remedies. He declared that the executive was kept in his office too much and could not get out and do justice to all troops.

He said that not enough Scouts were being raised from the tenderfoot rank and that only in the latter part of 1931 did active courts of honor function. The Rev. Hyde, assuming local work, increased it favorably. The Rev. James Todd Jr. has been selected to carry on the work during 1932 as Pampa commissioner.

Committees met during the afternoon and made their reports before the banquet hour. The budget for the year has not been definitely decided. Drive dates will be set by the various cities.

**Many At Work**

During 1931, there were 1,143 men and boys actively engaged in Scouting in the council. During the first part of the year, the council ranked No. 1 in the ninth district, composed of 45 councils. However, the record was brought down when it was found necessary to include the Texas Oklahoma council with the Adobe Walls area. Towns in the new council were outlying and non-supporting and as a result several troops had to be dropped.

Lack of leaders also hurt the work. More scoutmasters and leaders are necessary. General schools held during the year produced leaders, but they were not numerous enough. It was voted to make 1932 the greatest year in the history of Scouting. Despite the depression, every town represented sounded a note of optimism. The towns will start out on a three-month basis. They will raise enough money immediately to show that the council can carry on efficiently.

## Bond Market Is Seriously Slack

NEW YORK, Jan. 13. (AP)—Success of the average American politician will be gauged in 1932 by his ability to make one tax dollar do the work of two, executives of large New York banks said today.

During the last boom period ended in 1929, many states, cities and other municipalities not only spent liberally but embarked on costly improvement programs which left debt burdens for future years. These states and cities are now faced with the problem of paying off past commitments at a time when tax receipts are unusually low.

The record of the past three months, bankers said, has shown that a channel ordinarily left open for new money for municipalities has been temporarily blocked because of declining interest in the bond market.

## COTTON QUIET, STEADY

NEW ORLEANS, Jan. 13. (AP)—The cotton market opened very quiet today but prices were steady. First trades showed gains of 2 to 3 points in spite of lower cables.

The market eased off 2 points right after the start, May trading at 6.64, and July at 6.81, about even with yesterday's close.

There was little trading but the market was supported by more favorable European news.

At the end of the first hour the trades showed gains of 2 to 3 points above yesterday's close.

## Trial Is Delayed As Attorneys and Judge Disagree

HOUSTON, Jan. 13. (AP)—The murder trial of Ed Taylor of Shreveport was halted for a time today while Judge Whit Boyd and defense attorney Sam Davis had a heated exchange over whether it should be called the civil war or the war between the states.

Davis termed it the civil war in mentioning the conflict in his jury speech.

"Just a minute, counsel," spoke up Judge Boyd from the bench.

"You're wrong about that being a civil war. It was just a war between the states. No one but a fool would make a statement like that."

"I object to your calling me a fool," retorted Davis.

The judge looked at Davis sternly.

"Why, you are just the same as calling my father a traitor," said Judge Boyd. "He fought in that war."

"Yes, and my grandfather fought in it for four years and he called it a civil war," replied Davis.

"That was different," contended Judge Boyd. "It was the federalists who were executed as a traitor if it had been a civil war," argued the judge. "So would Robert E. Lee and probably my father. No, you are wrong."

"So would George Washington if England had won," Davis said. "That was different," contended Judge Boyd. "It was the federalists who started the war between the states. You are wrong about it being a civil war."

"All right, judge, but I object to being called a fool before this jury," said Davis.

## DOG AWAKENS BOYS AS BLAZE RAZES HOME

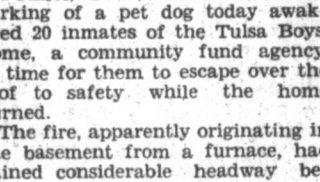

TULSA, Okla., Jan. 13. (AP)—The barking of a pet dog today awakened 20 inmates of the Tulsa Boys' home, a community fund agency, in time for them to escape over the roof to safety while the home burned.

The fire, apparently originating in the basement from a furnace, had gained considerable headway before the dog was roused and ran about the building, barking.

He awakened Mrs. Minnie Mason, matron of the home, and she began assembling the inmates and sending them out. Mrs. Mason rushed the boys out a window onto the roof and they clambered over it to where a ladder had been left standing.

Firemen fought more than an hour before subduing the blaze, which caused damage to the structure estimated at \$5,000.

## Japanese Wreck Chinese Paper in Serious Rioting

TSINGTAO, China, Jan. 13. (AP)—Japanese marines from the warships in the harbor patrolled streets today and thousands of Chinese sought means of leaving the city after a riot yesterday in which Japanese residents attacked and wrecked a Chinese newspaper office and burned headquarters of the Kuomintang.

The Chinese who sought a means of escape to avoid further clashes included many officials.

Yesterday's clash occurred after the Chinese newspaper Ming Kuo Jih Pao had said the recent attempt by a Korean to assassinate the Japanese emperor revealed Korea's desire for independence.

Japanese residents, incensed at reference to the emperor, stormed the building, tried to burn it but failed and attacked a number of Chinese newspaper men. They fired revolvers as they thronged into the building and the Chinese fled.

Last night the Japanese began a more threatening demonstration. After a parade, several hundred Japanese again swooped down on the newspaper's offices, wrecking and burning the building and then burned the Kuomintang headquarters also. The Chinese offered no resistance and fire brigades made no attempt to save either of the buildings.

Japanese marines landed about midnight and dispersed the rioters.

## ARGUMENTS REMAIN

MT. STERLING, Ky., Jan. 13. (AP)—Final arguments by two attorneys were all that remained today before a jury that would start deliberating the fate of William Hightower, 77-year-old president of the Everts local of the United Mine Workers of America.

Two horses were shot under Colonel George Washington, and four bullets went through his clothing at the time of Braddock's defeat.

## City Officials Tell Children Of Their Work

"City employes form a big family, all working for the good of Pampa," said City Manager F. M. Gwin in addressing pupils of Sam Houston school this morning.

His talk was made following three songs by the children, and he introduced the heads of the various city departments.

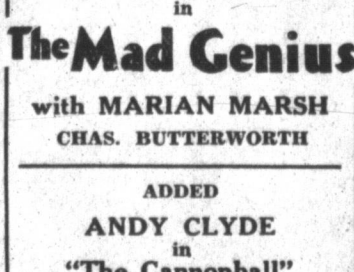

A. J. Crocker told of the activities of the water department and its work of supply water to 2,000 homes. When Police Chief J. I. Downs spoke he introduced the junior policeman, stating that they were a part of his "big family." Fire Chief Clyde Gold told of the duties of the fire department and stated that no large fire and only a few small fires had occurred here since the observance of fire prevention week. Dr. T. J. Worrell said it was the duty of the health department to prevent disease and to isolate contagious and infectious diseases. He urged the children to use soap and water at least twice daily and warned them against drinking from pools of water. Every child should have a pint of milk daily, he said. F. E. Townsend said it was among his duties to see that wiring and plumbing were done properly, and C. S. Stine told of his work as city engineer. J. H. Blythe explained how taxes were assessed and how money went to benefit the city. G. A. Latus of the street department was unable to attend.

Mr. Gwin told of the work of the city commission.

A song was sung by the third grade, and the fifth grade entertained with harmonica selections.

The city officials remained a short time after chapel to visit the school.

## Hawaii Suffers Heavy Losses in Tourist Trade

HONOLULU, Jan. 13. (AP)—A request for a special session of the territorial legislature to consider Honolulu's crime situation and the sensational murder case which culminated it has been decided on by legislative conferees.

While they prepared to present their recommendation to Governor Lawrence M. Judd, cancellations of tourist reservations for the winter social season just starting were received by Honolulu hotel men. Commercial leaders forecast they were forerunners of a flood of cancellations which would result from publicity following the lynching of Joseph Kahahawai, one of five men accused of attacking the wife of a naval officer.

Rumors the navy would refuse to surrender three naval men and a society matron accused of slaying Kahahawai were set at rest by announcement from Washington that they will be turned over to civil courts on demand.

Plans were speeded for the murder trial of the accused, Mrs. Granville Fortescue, society leader and mother of the attacked woman, her son-in-law, Lieut. Thomas H. Massie, and two enlisted men, E. J. Lord and Albert O. Jones.

FORT WORTH, Jan. 13. (AP)—Carter Rollins, negro slayer of a Crowley farmer, was given the death penalty by a jury in criminal district court today.

# Men Want Jobs To Enable Buying Of Poll Taxes

## Jobs to furnish poll tax money for the unemployed were being sought this morning by A. D. Monteth, city employment agent.

Mr. Monteth reported there are about 50 men in the city who paid their poll taxes last year, but will be unable to pay them this year on account of being out of jobs. Unless jobs are provided, he said, the men could not exercise their suffrage rights.

"When it comes to pass in this country that great numbers of men find it impossible to be good citizens, the public conscience should be awakened," he declared.

A poll tax costs \$1.75. Any person in the city who can furnish \$1.75 worth of employment is requested to call Mr. Monteth at the Welfare Board.

Poll taxes are being paid slowly at the tax collector's office. Approximately 650 receipts had been issued yesterday. The deadline for buying the voting privilege is Jan. 30.

Grandfather raised tobacco in his younger days, so he knows what's what. I don't, of course—but I do know that Chesterfields are milder. It's wonderful to be able to smoke whenever you want, with no fear you'll smoke too many. And it doesn't take a tobacco expert to prove that Chesterfield tobaccos are better. They taste better... that's proof enough. Never too sweet. No matter when I smoke them... or how many I smoke... they always taste exactly right.
