

State Wins Judgment in Bridge Contract Suit Against Commission

SESSION ON BANDITRY IS CALLED

Supt. R. B. Fisher has the support of the Lions club in his effort to break up the Amarillo - Lubbock precedent for the Thanksgiving football games. The Inter-scholastic League is based upon equality of opportunity not precedent. It is unfair to the other schools, financially and otherwise, to permit any two big teams to monopolize the day.

About Ad Rates
What is advertising? It is taking a merchant's message, copying it a few thousand times, and delivering it to subscribers or potential customers in a dignified, dependable manner. The cost of that advertising is not properly considered, indicated by the cost per inch, but by circulation. Suppose the inch cost is 50 cents. A parallel example would be to give a persons 50 cents and tell him to mail out letters carrying a business message. It is obvious that the more letters mailed the more value for the 50 cents.

Note this: Every new subscription CUTS ADVERTISING COST. Note we said cost, not rate. The rate is merely a basis for bookkeeping. The cost is properly measured only by the number of copies of the advertisement delivered to prospective buyers. Pampa Daily NEWS advertising costs are COMING DOWN because circulation is GOING UP. The circulation campaign is automatically reducing advertising costs in Pampa and is spreading Pampa business news over a larger territory. When you think of advertising, think of it in terms of cost per message delivered, and delivered by daily salesmen who are never barred from homes in this territory. The NEWS "goes home," and its advertising is welcomed no less than the news and entertainment it contains.

More For Children
Attention for school cafeterias is divided now between Baker school and the Horace Mann (west ward) institution. Both of these are faced with the necessity of feeding children at noons because their parents are not able to provide the funds. The Altar society will feed four Horace Mann children for two months. It is confidently expected that others will aid the Parent-Teacher association of that school.

PAYMENT TO ANOTHER FIRM REVEALED TODAY

AUSTIN, Jan. 15. (AP)—District Judge W. F. Robertson of Travis county district court said today he would enter judgment in favor of the state in the suit brought by the Red River Bridge company against the state highway commission for alleged breach of contract. By such a judgment the bridge company would take nothing by its suit.

The decision had not been entered on the records but Judge Robertson said he had concluded in favor of the state and would enter the judgment before the present term of his court ends tomorrow.

Suit was brought against the commission on two contracts. The commission proposed under one to pay the bridge company \$60,000 for its toll bridge between Denison, Texas, and Durant, Okla., when a parallel free bridge built jointly by Texas and Oklahoma, was opened and under the other agreed to permit the toll bridge to be operated 14 months without competition from the free bridge. For each month short of 14 the state was to pay \$10,000.

Judge Robertson said he decided the \$60,000 contract was not legally executed because of the conditional signature of Gov. R. S. Sterling who, at the time he signed, was chairman of the highway commission.

Sterling testified he signed the contract on condition that other members sign it and that it was understood his signature would be voided in event either of the commissioners refused to sign. W. R. Ely of Abilene, member of the commission, refused to sign.

The commission had no authority to enter into a contract that would permit the bridge company 14 months operation without competition, Judge Robertson held.

M. H. Duncan, superintendent of Lubbock high school and president of District 1 Athletic association, declares that he will not call another meeting of the association to vote on Pampa's protest against the Amarillo-Lubbock monopoly on Thanksgiving day football games. It was learned this morning.

Supt. R. F. Fisher of Pampa, secretary of the association, has written letters to all members asking that they support Pampa in her plea for fair play.

Pampa and Amarillo have not scheduled a game for 1932 because Amarillo wants to play the last game of the season with Lubbock.

Amarillo wants Pampa to play Oct. 22, though Lubbock and Amarillo do not meet until Nov. 24.

Approximately 200 persons bought licenses to vote in those two days, bringing the total number issued to date to 800. There are over 3,500 persons in the county who would be qualified to vote if they paid their poll taxes. Last year, an official year, 3,300 paid taxes.

AMARILLO, Jan. 15. (AP)—S. A. Cislser, superintendent of mails in the southwestern division, came here today from Kansas City to join in an investigation of the forced landing of a Transcontinental and Western Air mail plane near Mobeetie early Wednesday. Seventeen bags of mail were burned when the ship burst into flames.

Cislser, M. E. Dilday, superintendent of mails in Amarillo, and airways officials were in conference over the charred contents of a mail pouch, which represented all that was recovered from more than half of the 32-bag cargo the plane carried.

Dilday said details of the loss might be made public after an exchange of telegrams with higher officials at Washington.

Airways officials said the plane was being crated for shipment to Kansas City. Fire which started from a broken gasoline line, destroyed one wing and part of the cabin. Officials expressed the belief the ship could be rebuilt. Ted Herford, the pilot, escaped unharmed.

ROBBER CHAS. FLOYD SPENDS NIGHT IN WEWOKA

OKLAHOMA CITY, Jan. 15. (AP)—Acting Governor Robert Burns announced today he had called a conference between the sheriffs of four Oklahoma counties, Charles F. Barrett, adjutant general of the Oklahoma National guard, and himself to discuss means for ferreting out banditry.

"The national guard will not be called out unless later developments warrant such action," said Burns, "as there is nothing unusual in the situation." He added that the conferees would take up plans to curb the long wave of bank robberies in Eastern Oklahoma.

He said the sheriffs of Pottawatomie, Seminole, Okfuskee, and Lincoln counties would be here this afternoon for the conference.

"There will be no martial law to meet the situation," Burns said, "but the adjutant general will be asked to cooperate with local authorities."

Burns said he had information that Charles Floyd, leader of the trio which is believed to have robbed the State bank at Castle yesterday, and two companions slept in a negro hotel at Wewoka last night.

A negro employe at the hotel was quoted as revealing to authorities that Floyd disguised his steel vest and "bragged about the robbery."

One of Floyd's groups was believed to have robbed the First National bank at Paden, near Castle, shortly after the Castle bank was looted.

MELLON DENIAL OF CHARGES IS HEARD BY COMMITTEE INVESTIGATING LOANS

State Department Refuses to Turn Over Documents With Columbia Interests.

WASHINGTON, Jan. 15. (AP)—An emphatic denial that Andrew Mellon had any connection with a loan to Colombia was put before a house committee today in his behalf.

It was voiced by Alexander H. Gregg in replying for the secretary to the impeachment proceedings brought by Representative Patman of Texas. Gregg read to the judiciary committee a statement dictated by Mellon.

He defended the treasury official against all Patman's charges. One of these had sought to link Mellon with influencing American bankers to make the loan. The loan went forward to Colombia 10 days after the government of that country had granted a valuable oil concession to the Mellon-controlled Gulf Oil corporation.

The state department has admitted that it helped influence the bankers to make the loan but has denied there was any connection between the loan and the granting of the concession.

Francis White, assistant secretary of state, refused today to turn over to the senate finance committee letters exchanged between the department and its Colombian legation.

"Trade at Home" Is Banquet Theme of Clarendon Men

CLARENDON, Jan. 15.—Clarendon's annual chamber of commerce banquet was attended by over 200 Donley county folks and visitors last night in the basement of the Methodist church.

Reasons why Donley county residents should and are living at home was the theme of the program, and judging from the information revealed, Donley county residents are in a position to do this.

Toastmaster Holman Kennedy presented a program of all local talent, with the exception of short outbursts of oratory from visitors as they were introduced.

First appearing on the program was Fibre Estlack, on "My Home Town," in which he revealed that 70 per cent of the residents of Clarendon are members of some church, compared to 11 per cent in Dallas. He also stated that Clarendon was going into a tree planting campaign, and that the trees would be planted "straight," instead of "crooked" as they were in "the good old days."

Miss Buttrell, home demonstration agent, stated that approximately \$40,000 worth of fruit and vegetables had been canned in Donley (See CLARENDON, Page 8)

that they are—and they've given us love and interest and care all these years. I don't say that we've given them nothing. But they've given us, too. When mother and father died, if it hadn't been for Grand and Rosalie, we three girls would have been reared in an orphan asylum.

friend. Honestly! I didn't think you liked him. But, Hilda, Cissy, I'll tell you now. Don't have a thing to do with him. Give him the air. Cut him out with a knife. He's crazy."

"I CAN'T think about it," said Ann. "I know, and I believe you know, that it would kill Grand and Rosalie. I mean—it would really kill them. They'd die. Think about going to them with such a suggestion! Planning to take them away from their home! It would strip them of their pride, and everything that they believe they have accomplished with their lives, and they are old. If we paid their board it would be charity and nothing else, and they'd know it. As well put them in the poorhouse, so far as the fundamentals are concerned. They couldn't take up their lives in other people's homes. It would be like transplanting old trees into soil they couldn't live in. It would be—murdering them, after we'd broken their hearts."

MARTA was neither gaudy nor loud looking. She was becomingly and suitably dressed for morning in a tweedy suit with a trim little hat and doekskin gloves that wrinkled expensively around her wrists; but all the people in the street car stared, as people always stared at Marta (Ann said it was because she held her head so high and took such long steps) as she came through the door, and flickered her fingers at Cecily, and swung down the aisle to take the seat beside her.

"Won't I? Just won't I? Or else I'll show myself a grand time and tell her what I think of her and stay away from her old party myself. It is an utterly sneaking trick. That's what it is. I knew all along that she was throwing this party to try to grab off Barry McKeel. Well, I just hope she gets him. That's all. She's fixing up a sweet lot of grief for herself. I warned her when I saw she was crazy about him. I told her just what she could expect. But, of course, nobody can tell Gretch Steigerwald anything. I guess I won't go to her old party. I'll bet I can get Dorothy and Bill to cut it. Honestly! I certainly thought Gretch was a better sport than that. Leaving you out! You didn't like Barry anyway, did you?"

"Well, yes," Cecily said. "I—quite liked him." MARTA looked at Cecily. "Oh, my stars and garters!" She clapped her hands to her hat and held them there for an instant. "Wouldn't I? Isn't that just little Marta Baldwin, nee Nutty, all over? Honestly! Oh I want, buzzing straight to Gretch and dishing her all the dirt about Barry, and never saying one word to you—my best

Nature Lovers?

restricted to mountains and such.

Poor Andy

Those who, like Uncle Andrew Mellon, consider the welfare of big business to be identical with that of the country as a whole, can see no wrong in swapping oil concessions for bank loan influence. And the rest of us would prefer that federal officials not carry on private business, and that the law, if it is not clear on the subject, be amended at once. Nor is it hard to see why the administration is so friendly to the foreign oil interests and the domestic corporations which control them. The west is the step-child of federal policy makers, and will continue to be until it rises up in righteous wrath. If you wish to hear more about Mr. Mellon, do not fail to hear our friend Earl Earp, of Sweetwater, Legion state commander, at the city hall this evening.

Loose Credit Is Hit by Speaker

Too much loose credit, too much high-pressure selling without proper investigation of liabilities already assumed by the customers, has had much to do with present business conditions, it was declared yesterday by Frank F. Caldwell of San Antonio in a talk to Pampa Lions.

More attention to credit already granted, together with close co-operation with Merchants' associations, will be necessary in the future, the speaker said. He said there was no such thing as "an honest face," but that association records show a man's credit record. Mr. Caldwell represented the National Retail Credit Association.

The Lions voted to place their Code of Youth in all local schools and to assist the Horace Mann cafeteria financially. Dr. R. A. Webb and Clarence Barrett were appointed to investigate the needs of the school. A. M. Teed reported on the Berger Boy Scout meeting, which many Lions attended. Visitors included Dr. W. C. Mitchell, Ben Ash, Bob McCoy of White Deer, and E. W. Rose.

Mrs. D. H. Coffey is improving rapidly following a minor operation, the first of the week.

HARVESTER LINE-UP MAY BE CHANGED FOR GAME

SCHOOL BAND WILL INSPIRE CAGE PLAYERS

LUBBOCK WESTERNERS EXPECTED TO BE POWERFUL

The pep squad and Pop Frazier and the high school band will be on hand when the Harvesters and the Lubbock Westerners clash at the high school gymnasium tonight. An opening game between the Foxites and the Mobeette Hornets will be called at 7 o'clock.

The Harvester-Westerner game is scheduled for 8 o'clock. The Westerners also will play here tomorrow night at 8 o'clock. That game will be preceded by a game between the Pampa girls and the Miami girls.

Both games may be seen for 35 cents for adults and 25 cents for students. The Westerners are reported strong this year. They have in Swede McMurry of Texas university one of the best basketball coaches in the southwest. McMurry was a great player and as a coach he has few peers. His line-up is not available but he has several lettermen back on the floor, according to information.

Coach Odus Mitchell of the Harvesters says he may have a switched line-up when the green jerseys take the floor tonight. Although he made no statement, the wise birds claim that Midget Woodward will be on the front line with Enloe, the sharpshooting basket thrower.

The Harvesters have a strong pair of guards in Wayne Kelly and Jess Patton, with Hoot Fullington and Gerdis Schmidt as substitutes.

The Mobeette Hornets have been going big down in the sandhills and should give Coach Fox's boys a tussle. Coach Fox has not named his line-up but says fans will get a surprise.

Tomorrow night the games will start at 7 o'clock. The Pampa girls play in Miami tonight.

MUSTANGS TO MEET TEXANS

Southern Methodist Five Has Lost Strength While Longhorns Improve.

DALLAS, Jan. 15. (P)—Ten Southern Methodist basketball players, headed by Coach Jimmy St. Clair, left today for Austin to start their 1932 southwest conference campaign tonight. They will play the Texas Longhorns who split a two-game series with Arkansas last week.

Tomorrow night at Fort Worth, Rice, tied Baylor for first place, will play Texas Christian.

Southern Methodist was runner-up to Texas Christian in last year's race. Texas finished in the cellar. Just what will be the result of losing Bill Skeeters, guard, and Jake Reynolds, elongated center, from the 1931 Southern Methodist team is unknown. All pre-season guesses have placed the Mustangs several notches above Texas but since Texas split a series against Arkansas a Longhorn victory tonight would be no big surprise.

GOLF GENIUS IS HIGH IN HIS COURSES AT COLLEGE

RICHMOND, Va., Jan. 15. (P)—A heavier and more muscular Billy Howell is preparing for the golf wars of 1932. He is hitting the new ball a little farther and a little straighter than ever.

This slim, blond youngster became the "boy wonder" of American amateur golf in 1931 by his exploits, brought to a climax when he went to the semi-finals of the national championship, losing a sensational match to Francis Outmit.

He lost 23 points in six 1931 tournaments but has regained all that lost weight and added about 10 pounds more while concentrating now on his responsibilities as a senior at Washington and Lee university. He is only 19.

Billy plays golf whenever he gets the chance. During the Christmas holiday season, his father says, he shot "great golf." Playing with a 15-year-old brother, Tommy, Billy was eight under par for four rounds.

He likes swimming and dancing. He stands well up in his class as a student. After leaving Washington and Lee he expects to enter business with his father, a hardware merchant in Richmond.

Billy survived his "big year" and all the tumult of home-town enthusiasm for his exploits without having his head turned. He was just as much surprised when he got home to get a tremendous welcome and the gift of a new car as he was to step bashfully into the press tent at Eversly last September and find the experts writing thousands of words about him.

More than 400 cadets took part in the intramural boxing and wrestling tournaments at Virginia Military Institute.

WINTER THAW HINDERS WORK IN ICE SPORTS

JAPAN SENDS SNAPPY TEAM FOR LONG TRAINING

LAKE PLACID, N. Y., Jan. 15. (P)—A plea for snow and cold welled up from this winter sports center today as an almost unprecedented thaw hampered preparations for the winter section of the Olympic games Feb. 4 to 13.

The warm sun and balmy air had stripped the Adirondack mountainsides about Lake Placid of snow. Lake Mirror and Lake Placid were almost bare of ice. There were green spots on brown fields and lawns.

No date for the bob sleigh preliminaries originally scheduled for today and Saturday can be set definitely until cold and snow return. It was estimated that at least four days of freezing weather will be needed to put the slide back in condition.

One four-man bobsled team is headed by Billy Fiske, who captained the winning combination in 1928 at St. Moritz; another by Henry Homberger, who set a world record of one minute 52 seconds for the one and one-half mile run on the slide here last winter.

Thus far the winter Olympics delegation from Japan, a formidable looking outfit and the only nation already at full strength here, has been the center of attraction.

The Japanese brought two figure skaters, four speed skaters, nine skiers and a complete retinue of cooks and attendants, and they were earliest in camp. Each day the skaters work out for hours in the huge Olympic arena on the artificial ice surface and their form has aroused much favorable comment.

SAN ANTONIO, Jan. 15. (P)—Two white youths and a negro arrested after officers heard reports a conspiracy had been formed to kidnap Charles Bellinger, wealthy Nerro real estate operator, were released later. Officers were informed three men had been overheard discussing a plot to kidnap Bellinger and hold him for ransom.

STEVE HAMAS BOXES TONITE

Tommy Loughran Opposes Him at Garden in Major Ring Engagement.

NEW YORK, Jan. 15. (P)—A 10-round bout with Tommy Loughran in Madison Square Garden tonight gives Steve Hamas, all-around athlete at Penn. State a few years ago, his first real chance to crash thru into the top flight of American heavyweights.

The youngster, whose brief professional career of 26 bouts has resulted in 26 victories, 23 of them by knockouts, rules the short-ender in the betting at 8 to 5.

A month ago Loughran would have been favored at 100 to 1 or any odds you liked but his stock has taken a sharp drop since the clouting he suffered at the hands of King Levinsky here recently.

DIEGEL WELL BELOW PAR IN RICH TOURNEY

POSTS TOTAL OF 68 IN LEADING AT AGUA CALIENTE

AGUA CALIENTE, Jan. 15. (P)—Leo Diegel served notice that he contemplated saving the Agua Caliente \$15,000 open championship for Baja California as it passed the halfway mark today.

Admittedly playing the best game

of a title-bedecked career, he posted a course record at 68 yesterday to amass the short total of 138 after 36 holes, six under par.

Behind him were Charles Guest of Deaf, N. J., who cracked out a 69 for a total of 140, and Gene Sarazen of New York, who paced par to take third place at 142.

Harry Cooper of Chicago and Fred Morrison, Culver City mudder who led after the first 18 holes, were close to the top with 143s.

Diegel's was not the only 68 yesterday. Paul Runyon of White Plains, N. Y., one of the rising generation, surprised everyone with two nine-hole cards of 34.

Sixty low professionals and all amateurs will continue through tomorrow's final round.

A. L. Trester, Indiana high school basketball association official, has figured that basketball officials make an average of 200 decisions during a game.

WARD'S
\$5,000,000
NATION-WIDE
PRICE CUT

THE MOST MOMENTOUS PRICE REVISION in the History of American Retailing!

Here are unprecedented saving opportunities brought about by a merchandising master stroke, without precedent anywhere, any time!

Ward's 500 stores mark down their entire stock of quality merchandise, including stocks of new, fresh Spring merchandise—just received, in line with new 1932 lower costs! This is a tremendous thing—a store-wide price adjustment in Ward's stores that brings you new unheard of chances to save money! This bold stroke reflects not only the lowest current commodity price levels but establishes the basis for judging values for months to come. General price reductions were made in all Ward stores several times during 1931. Our prices were always kept in line with the latest manufacturing costs—and now we have reduced prices again from 10 to 30% below our latest 1931 low prices. NEVER WAS IT TRUER—YOU CAN SAVE MORE AT WARD'S.

King Levinsky Will Have Toughest Target in Paulino Uzcudum Tonight

CHICAGO, Jan. 15. (AP)—How much dynamite there is in King Levinsky's right hand will be determined tonight at the Chicago stadium.

The King's biggest test will be supplied in a 10-round battle with Paulino Uzcudum whose cast-iron features and sturdy frame have withstood the blasts of virtually ever real puncher in the boxing business without so much as a knock-down.

Levinsky, whose most recent important achievement was a 10-round decision over Tommy Loughran, who he knocked down four times, can even get the durable basque off his feet, the most doubting will believe he can punch.

Levinsky can't box a lick and his campaign of battle will be the same as usual—climb into the ring and start swinging with his right. The plan has worked so well lately that his rise to prominence among the heavyweight has been amazing.

Breathing Device Is Not Necessary

TUCSON, Ariz., Jan. 15. (AP)—Grounded by bad weather half a dozen times on a flight from New York, the airplane bringing an oxygen "breathing chamber" for treatment of Miss Alice Hilliard, pneumonia sufferer, landed here at 10 o'clock last night.

The pilots, Stuart Reiss and Robert Pickup, immediately delivered their cargo to the hospital where Miss Hilliard, a step-daughter of Robert Bingham, Louisville, Ky., newspaper publisher, is a patient.

Mrs. Jones plans to pack all of her Texas Legion, makes a public address to Kansas City, where her daughter was living the last time she heard from her. But Mrs. Jones believes something has happened to the daughter. She hasn't heard from her in months.

What Mrs. Jones wants is to hook her trailer on behind somebody's truck, automobile or what have you, and ride in it to Kansas City. "Are there any volunteers," Mrs. Jones asked this morning. "Don't all speak up at once."

Bowling Scores

A team of Borger all stars won two out of three games from a pick-up team from Pampa last night at the Pampa Bowling alleys. The Borgerites seemed to like the fast Pampa alleys. Clayton of Borger rolled high game with 188 pins. Moore was high man for Pampa with 183 pins.

Derrell Norge recounted the activities of the West Texas Chamber of Commerce in 1931.

S. W. Lobe spoke on the Clarendon school situation. He stated that the Junior college had shown a gain of 25 per cent over 1930.

Clyde J. Douglass, retiring president of the chamber of commerce, showed a very active year during 1931 for that body.

The Hanna-Pope Dry Goods company was presented a loving cup for having the best dressed show window during the holidays.

The Merry-makers quartette furnished music at intervals throughout the program.

Those attending from Pampa were George Briggs and Bob Brashers.

GRAINS WEAKEN

CHICAGO, Jan. 15. (AP)—Unexpectedly big wheat shipments from Southern Hemisphere sources gave an early downward trend to grain prices today. The week's total of wheat exports by Argentina and Australia was 9,274,000 bushels. Opening at a shade to 1/2 lower, wheat afterward sagged further. Corn started unchanged to 1/4 off and subsequently held near the initial limits.

LAWRENCE TIBBETT in "THE CUBAN LOVE SONG"

A trio of rollicking marines in Cuba—and how they fall for the señoritas! Action and a million laughs!

"Sure, Sailor.. I used to Roll my Own"

© 1932, LIGOTT & MYERS TOBACCO CO.

"I CARRIED the makin's for years. Got so I could roll 'em single-handed. But there's no real economy in it. 'The way I figure is this: A fellow don't spend so much on himself but what he can afford to enjoy the best in smokes."

"Myself... I smoke Chesterfields. They cured me of rollin' my own. First off, you get better tobacco."

"I'm not knockin' the makin's... but it stands to reason Chesterfields wouldn't be where they are today if they didn't give you the finest tobacco. I like their aroma."

"Plenty of Turkish in Chesterfields...and you don't get that in the makin's."

And there must be something about the blend, too... you can't get a milder, better taste... not anywhere!

"Got a right good opinion of myself, but I don't figure I'm as clever as those cigarette-making machines. Every single Chesterfield is round and filled right...beats anything you can roll yourself. Besides, it smokes cooler and lasts longer. I've tried both, so I know."

Nothing amateurish about Chesterfield's Radio Program, either! Nat Shilkret's Orchestra and Alex Gray, popular soloist, entertain you every night—except Sunday, at 10:30 Eastern Standard Time, on the Columbia Coast-to-Coast Network.
