

RECORD BEING SET IN RAIL WORK

Britain, United States, and League Are to Press for Quick Peace

Principal J. A. Meek of Baker school reports these additional contributions to the cafeteria fund: Woman's Missionary society of Methodist church, \$10; Mothers' class of Methodist church, \$1 a week; W. A. Scales, \$1; Mr. Reese, \$1.

The Baker cafeteria is feeding 58 pupils each noon in order to keep them in school. Another acute need which has arisen is that for pencils and tablets.

Inevitable
Inter-city rivalry is inevitable when both communities are eagerly going after every advantage which appears. Sweetwater and Abilene furnish a good example. The writer was at Sweetwater when the Trent oil well started a "war." The question was whether it was Abilene's oil field or Sweetwater's. The wells are nearly midway between the two points, and we suppose the issue is still undecided.

Sweetwater Riled
And now the Sweetwater B. C. D. has vigorously denounced action of the Abilene chamber of commerce in its efforts to secure designation of a highway southwestward from that city through Bronte and Robert Lee, a segment of the Butterfield Trail route. Following up this step, the B. C. D. has called upon Sweetwater citizens and merchants frankly to boycott Abilene commercially. And so the battle rages.

Plain-Covered
This column picks no quarrel over the question of what is art and what isn't, but the Pampa is one who would much prefer that musical reviews omit the sexy, obscene stories which parade under the guise of jokes. It is not prudish to say that "Crazy Quilt" contained some features which are best left in the plain-covered magazines which cannot be sent thru the mails.

Unnecessary
With abundant musical and forensic talent and a generous supply of comeliness, Billy Rose needs no vulgarity to appeal to Panhandle audiences. The success of Harley Sadler has long illustrated this fact. There are hundreds who like to hear Phil Baker really play his accordion and see and hear Fannie Brice, and watch Gomez and Winona in their brilliant dancing, and who at the same time object to so-called comedians who, as the Kansas City STAR says, "do not always care what they say." Is it not possible to exercise the same judgment in picking stories that is used in choosing musicians, setting, and other

STOPPING OF VIOLENCE IN WAR AREAS IS ASKED

MANY COUNTRIES ACTING

MEANWHILE, ARTILLERY AT SHANGHAI IS ROARING

BY P. I. LIPSEY JR.
GENEVA, Feb. 2. (AP)—The three great European powers announced in brisk military style at the extraordinary meeting of the League of Nations council today that they had decided on a course of diplomatic cooperation with the United States in an effort to restore peace in the Far East.

J. H. Thomas, a British cabinet member, spoke for his country and expressed the sentiments of the United States as his government understands them. Representatives of France and Italy endorsed the policy of cooperation and the German delegate made a similar cordial statement.

Mr. Thomas finished the German delegate said he was informing his government of developments. Dr. W. W. Yen thanked the council for China, and then Sato of Japan rose to reply.

"Satisfaction"
The Japanese suavely expressed satisfaction at the "important declarations" of the great powers and said the plan they proposed amounted to execution of the procedure already proposed by Japan.

At this there was laughter by some of the spectators not seated at the council table.

Sato ignored the interruption and read a long statement explaining that the bombardment of Nanking was provoked by a Chinese attack on Japanese bluejackets.

WASHINGTON, Feb. 2. (AP)—The United States and Great Britain submitted to the Japanese and Chinese governments today detailed proposals designed to end hostilities.

France and Italy were expected to do likewise.

While gunfire again raked Chinese sections of wealthy Shanghai, President Hoover and his cabinet were anxiously for word whether the peace efforts would have fruition.

The Far Eastern authorities took them under consideration. The proposals were:

Cessation of violence.
No more warlike preparations.
Withdrawal of combatants from points of contact.

Neutral zones to protect the international settlement.
Prompt negotiations for permanent peace.

The text, made public here, did not mention what further steps would be taken if the proposals proved unacceptable.

The American government plainly was avoiding any semblance of a threat, reserving meantime com-

Hi-Y Secretary Is Coming to Pampa

Six Hi-Y boys and Therman Harris, their sponsor, attended the state Hi-Y Conference in Wichita Falls last week-end. More than 600 boys representing 25 high schools in Texas attended. Speeches by prominent boys workers and discussions among the boys featured the meetings.

The adult leaders discussed such important subjects as world brotherhood, the boy's place in the church, social relationship, and other matters confronting boys of today. The boys then went into convalescence and discussed the matters in a business-like manner.

Grover G. Good, state secretary, will be in Pampa soon. He will discuss vocational guidance. The lectures will be open to every student in the high school. The local club is paying its own way and has not asked for assistance in the past. There are 30 members this year.

Those making the trip to Wichita Falls with Mr. Harris were Buck Mundy, Berton Doucette, T. B. Barton, Sam Keith, Paul Schneider, and Howard Lane. Charles Bourland is president of the Pampa club.

Paul Henderson was in the city Monday.

BULLETINS FROM THE 'FRONT'

Japanese Claim Artillery Victory

SHANGHAI, Wednesday, Feb. 3. (AP)—A sullen silence had fallen upon the ruins of Chapel today after a sharp artillery duel on Tuesday during which neither side appeared to have gained any material advance. The Japanese claimed a victory in the artillery exchange but the Chinese command only repeated their blunt statement:

"We intend to drive the enemy out of Chinese territory."

Japan Will Cease Vexing Patrol

WASHINGTON, Feb. 2. (AP)—The navy was advised today that Japanese patrolling of British and American sectors of the international settlement would be discontinued.

Flagship Making Good Time

SHANGHAI, Feb. 2. (AP)—A report to naval officials here today said the United States flagship Houston, with Admiral Taylor aboard, was making fast time on her trip from Manila and would reach Shanghai tomorrow noon.

Disarmament Conference Is Opened

GENEVA, Feb. 2. (AP)—The world disarmament conference, attended by the statesmen of three score nations, opened this evening after having been delayed for an hour while the League of Nations council met to consider the problem in the Far East. Arthur Henderson, the former British cabinet minister who is acting as chairman, began the session with an outline of its problems. "I refuse to contemplate even the possibility of failure," he said, "for if we fail no one can foretell the evil consequences that might ensue."

Castro County Tax Money Stolen Last Night When Sheriff's Office Is Entered—No Arrests Yet Made

DIMMITT, Feb. 2. (AP)—Burglars broke into the office of the Castro county sheriff and tax collector last night and escaped with several thousand dollars worth of checks, \$400 in money orders and an undetermined amount of cash.

More than \$800 in currency was overlooked in an inner drawer of the vault, Sheriff J. H. Flanagan said today.

The money was received in the mail yesterday in payment of taxes. The checks included \$1,000 in small checks from the Texas Utilities company, \$700 from the Fort Worth and Denver railway, and others of lesser amounts. The exact loss was not known.

The burglars entered through a window of the office and pried the vault door from the brick wall.

No suspects had been arrested. Sheriff Flanagan said he had information that two men entered town afoot and left the same way. Leaving their car at the outskirts of town. They drove east, he said.

Junior Chamber Sponsors Tourney Here This Week

The big basketball tournament to be held here Thursday, Friday, and Saturday will be sponsored by the Junior chamber of commerce. It was decided by the directors last evening.

In addition to assisting in the arrangements for the event, the chamber will have charge of finding rooms for the boys and girls of the Panhandle who will be in Pampa Friday night. It is desired that citizens shall call the B. C. D. and volunteer to furnish free lodging Friday night. This is a custom, intended to relieve the student visitors of expense. Just call the B. C. D. and say how many beds you can furnish. The high school cafeteria will feed the athletes for 20 cents per meal. Thirty-five teams are expected to be here.

The Junior chamber also voted to sponsor Frontier day, the date and details of which will be decided by a committee to be appointed by President R. S. (Bob) Brashears. This day is expected to become a spectacular annual event. The chamber will appoint a committee to assist in planning the proposed trade day here.

Change For Road Considered Likely

Because all commissioners were not present yesterday, a vote on the petition of Alaneed citizens to change the route of the LePors-Alaneed road was not taken, but it is believed that the court will approve the change.

The visit to the court yesterday was the second time the residents of Alaneed community have appeared with their request to have the road routed through the Eldridge community instead of through Beaver Dam. If changed, the route will be longer. Those who are anxious to have the route changed argued that many more people live on the Eldridge-Alaneed road than on the Beaver Dam-Alaneed road. The road at present is routed through Beaver Dam.

The late boys' entries were from McLean, Price Memorial at Amarillo, the Amarillo Yanniagnas, and Hedley. The girls' team from Amarillo high school also entered.

John Thompson who has been ill at the home of his parents is able to be back in school.

Cage Tourney To Begin Thursday

With the entry of five more teams in the Pampa invitation basketball tournament at noon today, it was decided to start play Thursday afternoon instead of Friday morning. Thirty teams had already entered and two more were expected before tonight, when drawing for games will take place.

The late boys' entries were from McLean, Price Memorial at Amarillo, the Amarillo Yanniagnas, and Hedley. The girls' team from Amarillo high school also entered.

John Thompson who has been ill at the home of his parents is able to be back in school.

DAMAGE SUIT AGAINST GRAY COUNTY BEGUN

TENANT ON FARM AND OTHER RESIDENTS ARE HEARD

CLAIM LAND IS FLOODED

ALEX SMITH DECLARES HIGHWAY WORK CAUSED IT

The testimony of four witnesses was heard this morning in Alex Smith's \$4,000 damage suit against Gray county, now being tried in 114th district court.

W. H. Flaherty, a tenant on the Smith place, testified that in his opinion, the deepening of barrow ditches by the county on either side of the road adjoining the Smith land, and the removal of a dam, caused lakes nearby to drain and send flood waters over the Smith land.

Mr. Flaherty was on the stand an hour yesterday afternoon. He said that in his opinion the value of the land before flood waters began flowing over it was \$60 per acre, and that the value now was between \$30 and \$40 per acre.

Witnesses claimed that between 15 and 20 acres of land have been ruined for cultivation because the ditches were deepened and the dam removed. Mr. Flaherty also testified that the land was under water part of the time last year, and that it was impossible to cultivate it.

J. M. Saunders, another defense witness, stated that the land was worth \$65 per acre before it was cut by the flood waters. A defense objection against Mr. Saunders' placing of an estimate upon the value of the land at the present time was sustained. Testimony of S. L. Alford and Robert W. Vandover, Mr. Flaherty. The plaintiff expects to complete presentation of testimony early this afternoon. County witnesses will include commissioners of the four precincts and others.

Mr. Smith lives in precinct No. 2. His attorneys are W. M. Lewright and B. L. Parker.

Attorneys for the county are Sherman White and the firm of Willis, Studer & Studer.

Jurors in the case are J. L. Nance, John Tschirhart, A. B. Word, A. H. Blakney, E. M. Harvey, A. C. Thurman, A. Carpenter, W. E. Vandover, D. M. Davis, E. H. Kitchings, Herman Whately, and Art Hurst.

Judge Braly Is Going to Wells

Mr. and Mrs. Clifford Braly left this morning for Mineral Wells, where Judge Braly will be under treatment. They will remain indefinitely at the resort. Mr. and Mrs. Braly are traveling by automobile to Mineral Wells. They will be guests at the Gray Water hotel. Judge Braly has been convalescing for the last two months from a critical attack of illness suffered last fall. He has regained much of his strength in that time.

E. F. Ritchey of Miami is serving as temporary judge in 114th district court here.

ONE MISSING FLIER IS FOUND—HE BAILED OUT

SAN FRANCISCO, Feb. 2. (AP)—Ninth corps area headquarters of the United States army here received word from Sequoia National park today that Lieut. William A. Cooke Jr., of Austin, Texas, one of two army fliers missing since yesterday, had been found in the park alive and well except for exposure to the elements all night.

Cooke was found by park rangers. The flier had "bailed out" with his parachute about 11 a. m. Yesterday when the weather became bad, he said. The other flier, Lieut. Edward D. Hoffman, continued south, Cooke said. The search for him was being intensified and to some extent coordinated with that being made for a missing Century-Pacific plane with eight aboard.

LOS ANGELES SCIENTIST IN SUPPORT OF INSANITY PLEA

Says Mrs. Judd Did Not Know Difference in Right and Wrong.

PHOENIX, Ariz., Feb. 2. (AP)—Dr. Edward Huntington Williams, Los Angeles psychiatrist, testified today that in his opinion, Winnie Ruth Judd, on trial for murder, was insane when she killed Agnes Anne Leroy and Hedvig Samuelson last October.

Paul Schenck, of defense counsel asked, "in your opinion did this defendant know the difference between right and wrong when she committed the crime if she committed it?"

Dr. Williams declared the 27-year-old defendant was not fully developed in a glandular sense, "so as to be a normal person—her arms are too long, her legs are too long—these are indications."

"I believe that the whole picture of her since babyhood, her actions, manner, what she has done and the way she has done it, definitely indicate insanity of the dementia praecox type," Dr. Williams testified.

The NEWS Plans Bulletin Display Of War Dispatches

Because of unprecedented interest in troubles of the Far East, THE NEWS tomorrow will start a bulletin service in its window.

The bulletins will be posted as fast as they arrive, together with interesting and timely pictures. Those citizens who "just can't wait" for the hour of publication are invited to read the Associated Press bulletins each day, starting at 8 o'clock.

PLEAS IN ABATEMENT BEFORE AUSTIN COURT AS OUSTER SUITS BROUGHT BY ALLRED ARE BEGUN

AUSTIN, Feb. 2. (AP)—Motions and pleas in abatement and misjoinder in the anti-trust law ouster suit filed by James V. Allred, Texas attorney general, against 15 major oil companies and corporations, were before the 98th Travis county district court today.

The Texas company had filed a motion to cancel an order of the court directing certain officials of that company to appear, bringing with them specific documents and correspondence, next Monday.

It was probable the court would be asked to appoint a commissioner to sit in various sections to accumulate testimony that would be considered in a final judgment.

Allred seeks not only to forfeit charters of the defendant companies doing business under Texas anti-trust laws under Texas anti-trust laws, but also to impose fines of from \$50 to \$1,500 per day against each defendant for each day the anti-trust statutes were violated. He claims the defendants have been violating the laws since Nov. 20, 1929, approximately 700 days to the filing of the suit.

The case was first called Jan. 4. A continuance was entered when it was found that three of the foreign corporations made defendants had not been properly served.

FIRST TRAINS WILL BE RUN ABOUT JULY 1

BURLINGTON PRESIDENT IS PLEASED BY OUTLOOK

IMPRESSED WITH PAMPA

DENVER OFFICIALS ARE HERE FOR TOUR OF ROUTE

Around July 1 of this year, the Fort Worth & Denver Northern railroad will have two shining ribbons of steel all the way between Childrens and Pampa. Not only that but, on or about the same date, the first train made up of cars filled with wheat from Pampa and Childress will roll south to Fort Worth over the rails.

These optimistic announcements were made here this morning by Ralph Budd of Chicago, president of the Chicago, Burlington & Quincy and Fort Worth & Denver railroads, who with a dozen other high officials of the Denver and Burlington systems are today inspecting the work done on the route between Pampa and Childress. The railroad officials spent last night in Pampa. They arrived here yesterday evening about 8 o'clock and left this morning about 9 o'clock.

Mr. Budd was elected president of the Burlington and Denver systems this year, succeeding President Williamson. He was president of the Northern Pacific when he was elected to his present position.

Very Confident
The new chief expressed absolute confidence that the road would be completed from Childress to Pampa around the first of July. General John A. Hulien of Fort Worth, vice president of the Fort Worth & Denver, in the party inspecting the route and grade, stated that the Denver would be completed in time to move the wheat crop south.

Mr. Budd based his prediction on the fact that at present 70 per cent of grade had been constructed and that 10 miles of track had been laid from Childress north to the Red river bridge.

"I think I am safe in predicting," General Hulien said, "that the Denver Northern between Childress and Pampa will be the most quickly constructed road in Texas. The indications now are that we are going to break all records in rapid railroad construction."

Better Equipment
"We will be able to do this," Mr. Budd explained, "because in the last

"Pete" McKenzie Is Under Arrest

KENNETT, Mo., Feb. 2. (AP)—John M. "Pete" McKenzie, convicted killer of Detective Chief Sam Street of San Antonio, Texas, in 1927, who escaped from the county jail here a week ago, was captured near the home of his father at Malden, Mo., today by Dunklin county officers.

McKenzie made a slight show of resistance when officers arrived at the home of his father, Joe McKenzie, but the slayer was taken without difficulty.

In his pocket was found a portion of a sheet from a detective story magazine, bearing his picture. He was brought to Kennett, county seat of Dunklin county, and placed in jail.

EIGHTY-THREE AT METHODIST SESSIONS HERE

W. M. S. CIRCLES ARE ENTERTAINED BY MEMBERS

Eighty-three persons gathered for circle meetings of the First Methodist Women's Missionary society yesterday in various parts of the city. Devotional and program sessions were held, and social half-hours followed.

Mrs. Joe Hodge featured the Valentine theme when she served heart-shaped sandwiches and cakes with coffee to members of Circle 1 at the close of a meeting in her home.

Opening the meeting was a devotional by Mrs. Fannie Hardin, prayer by Mrs. Stausbus, and a solo by Mrs. Charlie Duemel. Following the presentation of a paper, "How I May Discharge My Citizenship," by Mrs. George Walstad, Mrs. W. Purviance read a poem, "Jesus."

The following members attended: Mesdames W. H. Peters, H. O. Roberts, Lewis Robinson, D. M. Lawrence, Fannie Hardin, B. Culbertson, Tom Cook, Truman Harris, O. H. Booth, Luther Pierson, Stausbus, J. G. Noel, J. H. Marshall, W. M. Castleberry, George Walstad, S. C. Evans, H. R. Thompson, W. Purviance, and Roy Tinsley. Guests were Mesdames M. M. Robinson, Raymond Harrah, Fred Cary, Charles Duenkel, and Thelma.

Mrs. Carl Boston was hostess to Circle 2. Following the devotional by Mrs. Joe Shelton, two papers, "Citizenship," by Mrs. Sherman White and "The Mexican Mother," by Mrs. W. T. Wohlgenuth were read. Two readings were given by Mrs. F. L. Hill.

The hostess served punch and cookies to Mesdames Sherman White, F. L. Hill, C. E. McHenry, H. T. Wohlgenuth, A. W. Babione, C. T. Nicholson, J. M. Saunders, C. T. Hunkapillar, O. W. Ferguson, Hoyt Allen, A. J. Taylor, C. S. Barrett, H. E. Johnson, E. D. Zimmerman, C. E. Waller, Joe Shelton, and Frank.

Meet at Church
Members of Circle 3, meeting at the church, opened their session by singing "I'll Go Where You Want Me to Go." Mrs. J. W. Murphy led in prayer. After a reading by Mrs. Paul Jensen, Mrs. E. N. Mundy spoke on "Woman Citizenship" and Mrs. Horace McBea used "Mexican Mother" as her subject.

Those present were Mesdames Ralph Chism, C. A. Long, Lee Harrah, Chris Baer, Horace McBea, H. L. Wilder, C. E. Ward, E. N. Mundy, Clara Selby, W. B. Hamilton, Sarah Burz, Paul Jensen, F. Gillum, H. E. Barnhart, J. W. Murphy, Lorraine Biddy, and three visitors, Mrs. James, Mrs. A. A. Myers, and Mrs. Gordon.

In Fisher Home
Devotional by Mrs. J. E. Ward opened a meeting of division 4 in the home of Mrs. R. B. Fisher. Papers given were "Mexican Mothers" by Mrs. Albert Wood, "How I May Discharge My Citizenship" by Mrs. Siler Faulkner, and "Rights and Duties of a Citizen" by Mrs. Joe Gordon.

Cake topped with whipped cream and nuts was served with coffee to Mesdames H. B. Carson, Siler Faulkner, J. V. Kidwell, Mary Purvis, J. M. Fitzgerald, J. E. Ward, W. G. Toroup, S. A. Hurs, Albert Wood, W. R. Campbell, Joe Gordon, F. C. Oden, T. L. Certain, R. B. Busbee, Philip Wolfe, two new members, Mrs. E. A. Hankhouse and Mrs. P. Reid, one visitor Mrs. R. D. FEMININE FANCIES

By Hollyee Sellers Hinkle

The goal of many of the socially ambitious (just as of writers and actors) is New York. There are dreams of bright lights, of dancing with royalty, of the social register. These things all are illusions. To prominent New Yorkers they mean little.

To find the real-interests of New York's elite, one has but to read the metropolitan newspapers. Bright lights are dimmed. Expensive entertainments designed solely for amusement are decreasing. Entertainments continue, but they are less dazzling, and their purpose, to a large extent, is to aid in philanthropic causes.

Educational institutions are benefiting much from New York social events. Southerners in New York are showing much interest in the annual Blue Ridge ball, which will take place Friday at the Plaza. The event is in aid of the Blue Ridge industrial school of Greene county, Va. Mrs. Herbert Hoover is interested in the school and has received many home-fashioned gifts from pupils of her Rapidan camp. Another Friday function will be the Century ball at Waldorf-Astoria from which the Leake and Watts Orphan house will benefit. Debutantes are working toward the success of this ball.

Opera Benefit
The Southern Woman's Educational Alliance will raise money for its work among girls by means of a special performance of "Peter Ibbetson" Friday afternoon at the Metropolitan Opera house. Many boxes and seats have been purchased.

A Yorkville Dance
Tonight in the main ballroom of the Ritz-Carlton will be the scene for one of a series of dances given for the benefit of the Yorkville Community association, which does extensive work among needy Italians in the Yorkville district. Many dinners have been given for the same benefit.

Monday Balls
A new dance club known as the Imperial, admission to which is by invitation, will inaugurate a series of Monday night supper dances with a Black and Gold dance Feb. 8, in the Waldorf-Astoria Empire room. From this, the social service department of the Bellevue hospital will be benefited.

Card Parties
Benefit card parties have been planned by the Junior League, the Graham Alumnae association, and the Friends of the Sick Poor.

Benefit Cruise
Numerous attractions of a cruise to the West Indies are being offered as inducement to those who would leave the hustle of city life in the late winter and at the same time bring assistance to a worthy philanthropy—The Frontier Nursing Service. On Feb. 27 the Britannic will sail for a 16-day trip to Cartagena, Port au Prince, Kingston, Nassau, Colon, and Havana, returning to New York March 13.

Vassar Night
Several alumnae of Vassar college are assisting in the sale of boxes and seats for the special performance of "Lucia di Lammermoore" to be given at the Metropolitan Opera house in aid of the scholarship fund of the Vassar club of New York.

Under auspices of the Canadian club of New York in conjunction with the English Speaking Union of the United States an entertainment will be given Feb. 2 at the Metropolitan Opera house for the benefit of the British Great War Veterans of America. Society and political circles were actively interested in the 1932 ball of the Republican club of the Fifteenth Assembly district which was held last evening. A card party was slated for this afternoon under the auspices of the Republican Committee of One Hundred in the Japanese room of St. Regis, in aid of philanthropic activities.

G. A. Receives New Members At Meeting Monday

Two new members, Jeanne Lively and Doris Pollock, were received by the Girls' auxiliary, Central Baptist church, at a business meeting held at the church yesterday. Frances Coffey presided, and roll call was answered with verses of scripture.

Plans were made for a Valentine party to be held Friday evening, Feb. 12 in the home of Mrs. Cecil Lunsford. Royal Ambassadors also will attend. Games will be played, a Valentine box will be provided, and the Anna Bagby and Bethany circles will serve refreshments.

Mrs. E. V. Davis, counselor, and the following girls attended: Helen Chandler, Margie Coffey, Jeanne Lively, Nona Belle McCann, Doris Pollock, Anna Bess Barrett, Ruby Scofield, Ouida Holmes, and Frances Coffey.

Speaker Garner Props Up Chin

WASHINGTON, Feb. 2. (AP)—A secret liking for the stiff high collar of other days, combined with economy reasons, caused Speaker Garner to blossom out today with his chin propped up.

For the past few years he had worn soft ones, yielding to custom and refusal of manufacturers to turn out such things.

"I happened to find about two dozen of these stuck away in an old trunk," he explained, "and told Mrs. Garner that these being hard times I thought I'd just start wearing them until they wear out. I always liked them, anyway."

Young Wife Is Held For Slaying

SAN ANTONIO, Feb. 2. (AP)—Mrs. Vivian Neal, 23, was in jail here after admitting she killed her husband, George D. Neal, 59, yesterday. The young woman was charged with murder and her bail fixed at \$1,500. Mrs. Neal told officers she shot in self defense. She said her husband had threatened to beat her.

KIWANIS CLUB TO ENTERTAIN AT MAJESTIC

NEEDY CHILDREN WILL BE FED AS RESULT OF TOURNAMENT

The Kiwanis bridge tournament for the aid of underprivileged children will take place this evening at the Majestic auditorium, instead of at the Clouston Motor company, as was previously planned, according to announcement this morning by those in charge. The Kiwanis club is assisted in the event by the Business and Professional Women's club, with Glen Pool and Mr. Frank C. Allison in general charge.

Games will begin at 8 o'clock. One hundred tables is the goal, with the public invited to attend. Directors urged that members of the organizations in charge bring tables and cards. The contributions are being made in order that the expense attached to the entertainment may be but slight, and a substantial contribution may be made to the cafeteria on Central campus.

A lamp will be presented to the woman making the most of a game, and a suitable award also will be given for high score among the men.

WORRIED BUSINESS

Most business firms have had plenty of worries the last two years, but two of the largest units of the American Bell Telephone company have been enabled to maintain their earning capacity, due largely to indifference of public officials.

Reports last week showed that the Southwestern Bell Telephone company which operates in Texas, had a net income in 1931, after taxes, of \$18,836,798 compared with \$21,443,316 in 1930.

Or consider the report of the Bell Telephone company of Pennsylvania with a net income of \$10,912,822 for the year ending December 31. We are told that this is equivalent to \$54.56 a share on the 6 1/2 per cent preferred stock compared with a net of \$10,501,810 or \$52.50 a share in 1930.

Although commodity prices have taken a large slump, it is evident that the Southwest has not been receiving any benefit therefrom in their telephone bills. With such unsettled conditions and legitimate business forced to take its losses, it is a wonder that more agitation has not been raised about telephone rates in the various cities of the Panhandle.

(Continued From Page 1) revue material? No, say they who laugh at anything, true art and beauty undefiled will not fill box-offices. And we say, in rebuttal, that Panhandle people do not demand such rot with their entertainment.

There was no deafening applause when the curtain went down on an indifferent finale. And the chorus of criticism which followed next day was no compliment to "Crazy Quilt." Many found that their chief inheritance from the program was the memory of jokes better not heard. Many who went to see things remained to hear them, and to deplore the "entertainment." What was good was pleasing, but the "high class" obscenity was below the level of Panhandle audiences.

TWINKLES

Oh yes, the war. What one thinks depends upon which of the many conflicting stories he believes. Much of the news makes the hair rise on one's head in indignation. How easy it is to feel indignant about an enemy thousands of miles away.

Peace is a flimsy thing when any nation cares to defy obligations and break faith.

Talk of war is a serious thing for wives and mothers to think about, but the young bloods make big talk and brag much.

But a surprisingly large number of prospective soldiers wish to enlist in the army, believing a war in the orient would be fought mainly on the water and in the air.

The importance of a strong navy, of at least parity with the strongest in the world, and a mighty air force is apparent. And note how the airplanes have done most of the damage in Shanghai, with women and children suffering with the rest.

Carl Sharpe, Leon Sharpe, and Wayne Groves of Noletie were in Pampa Saturday night.

Ralph Ogden of LeFors, owner of the Tulsa club, attended to interests here Friday.

PEACE PLAN--

(Continued from Page 1) pleite freedom to act as future events may dictate.

By The Associated Press A fierce battle with promised the most severe fighting since the Japanese invasion of Shanghai began this morning with terrific shelling of the battered Chinese sector by Japanese artillery, in which the guns of the warships on the lower river and air bombers were reported to have joined.

The 15,000 Chinese troops in the Shanghai area staunchly resisted the Japanese attack and retaliated by setting fire to Hongkew, the Japanese section of the international settlement, forcing a withdrawal of the Japanese and preparations for the evacuation of Japanese citizens in vessels on the river.

The menace of serious fighting was a shadow over Nanking where a strong detachment of Japanese Bluejackets was landed under the very eyes of Chinese troops on the Hesikaw water front.

Waiting anxiously in the hope for success, President Hoover and his cabinet went over the situation anew. They stood firmly on the position that all possible will be done to protect American lives and property in Shanghai or wherever threatened in China.

It was stated in a reliable quarter that no stern move was contemplated in the joint representations to Tokyo. At the Japanese capital it was said no offer of Sino-Japanese mediation was included.

State department officials said there probably would be a formal statement by the American government after the cabinet discussion. New representations had been dispatched to Tokyo by Secretary Stimson late last night. He acted in concert with a similar British note after close consultation between the two governments.

Denies Understanding Only a short while before, Ambassador Claudel had brought in person to Secretary Stimson a definite statement that no Franco-Japanese understanding existed. His government and Italy already had joined the United States and Britain against use of the international settlement by Japan as a base from which to attack the Chinese.

The U. S. S. Simpson reported to the navy today that Americans and other foreigners at Nanking are safe for the present and no plans for immediate evacuation have been made.

YOKOHAMA, Japan, Feb. 2. (AP)—The Yokohama raw silk exchange, principal source of the raw silk supply of the United States, suspended operations this afternoon as a result of a drop of almost 20 per cent in quotations during the morning session.

There were indications of further weakening when the suspension order was issued. Fossilism over relations between Japan and the United States was given as the principal factor in the suspension.

RAILROAD-- (Continued From Page 1) few years the science of laying the grade has been revolutionized. It is now possible to construct a grade more quickly than it formerly took the contractors to assemble and move in their equipment. Combustion engines are largely responsible for the improvement.

THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

BEGIN HERE TODAY ANN AND CECILY PENWICK have for years supported themselves by their younger sisters, MARY FRANCES, and their grandparents, known as "R O S A L I E" and "GRAND." Because of this financial responsibility, Ann, who is 25, is unable to marry PHIL ECKHOYD, young lawyer to whom she has been engaged for eight years. Cecily, 22, loves BARRY MCKEEL, an engineer, but when he proposes she refuses to name their wedding date for the same reason.

MARY FRANCES, 15, and still in school, strikes up an acquaintance with EARL DE ARMOULT, vaudeville actor, and meets him secretly. He tries to persuade her to become his stage partner. Ann and Phil quarrel when she hears LETTY KING, who works in Phil's office building, address him with endearments. Then Cecily learns Barry has left town without telling her. She is much disturbed.

The Armoult continues to urge Mary-Frances to join his vaudeville act. NOW GO ON WITH THE STORY CHAPTER XXXIII I CAN'T help it," said Mary-Frances. "My family would never in this world think of letting me."

"Your family? Cripes!" said Earl. "Say, listen, hon. I'd be the last man on earth to influence any girl, let alone you, against her parents' wishes or anything—see? But you ain't got a happy home life nor anything. And you're crazy about me; and I'm crazy about you—see? Now, look at it from that point of view. And leave me tell you this: A girl with your looks and shape could sure go far—travel see the world—"

"And come home," dreamed Mary-Frances, "and be rich and famous, and bring presents to everybody, and all would be forgiven, and—" "Well, yeah, sure. Now, after I got that letter from Butt yesterday I got to thinking—see? I got to take his bus back—see? Well, what was thinking was, why couldn't you and I just skip out, most any night now, in the bus together. No parting, nor keeping in touch through letters, like you said—"

General Hulen said that there are many engineering problems on the Northern line that would interest Mr. Budd. The president of the road said he expected to "find a lot of interesting points about the grade between LeFors and Pampa" where the road climbs the cap rock. He expressed his intention to visit Pampa regularly in the near future, and indicated that he would spend more time here when the first train rolled over the line.

Short-Selling Is Subject Of Debate In Congress Now WASHINGTON, Feb. 2. (AP)—Short-selling in the commodity markets is on trial for its life. No less than six bills before the house agricultural committee are aimed at its destruction or virtual paralysis.

The hearings have resolved themselves into a struggle between two age-old lines of economic thought. Big operators in grain and cotton futures insisted to the committee that free and unhampered speculation makes for a liquid market and keeps open the avenues of trade essential to the disappearance of surpluses.

SENATORS TO PUSH AS FOR NEW PENNANT

BUT ATHLETICS LIKELY TO REPEAT THIS YEAR

NEW YORK, Feb. 2. (AP)—Just as do most of the experts, Walter Johnson thinks the 1932 American league race again will be between the Philadelphia Athletics, New York Yankees, but by no means least, the Washington Senators.

"I'm not predicting any pennant for Washington," says Johnson, "not as long as Connie Mack can toss in Grove, Earnshaw and Wallberg in six out of every eight games, but I do think both the Senators and the Yankees can make things interesting. And with a few breaks I believe either has the stuff to win."

Along with most every other American league manager, Johnson would like to get Tony Lazzeri, veteran second baseman of the New York Yankees, who is on the block but the Senators have no pitchers to give away and that's what the Yankees want.

The problem of Lazzeri's berth this season was one of the outstanding questions being pondered by major league owners and managers as the mid-winter schedule meetings drew toward a close today.

Crude Oil Total Of Nation Larger

TULSA, Okla., Feb. 2. (AP)—A small increase in the flow from East Texas, with upturns in Oklahoma, Kansas and elsewhere, brought about a climb of 11,305 barrels in the daily average oil flow of the United States for the week ended Jan. 29, the Oil and Gas Journal estimates.

The daily average production last week was 2,168,935 barrels as compared with a previous average of 2,157,630 barrels.

East Texas flow increased 12,569 barrels to 849,350 barrels a day.

Total Texas production was 860,572 barrels while the previous week's reading gave a daily average of only 848,464.

Oklahoma production was 412,335 barrels a day as compared with 410,988 the week of Jan. 23.

Total Kansas production was 96,572 barrels, an increase of 525. California production showed a decrease from 506,760 barrels daily to 503,500.

Eastern production was unchanged at 121,000 barrels.

The wells of the Rocky mountain region produced 79,696 barrels daily as compared with a previous production of 81,044 barrels.

Spees Re-Elected By Rifle Group

Alden E. Spees was re-elected president of the Pampa Rifle club for 1932 at a meeting in the Schneider hotel last night. Alex Schneider was re-elected secretary-treasurer. Mark Long was named vice president, and Red Barrow range officer.

The club dues will be \$3 this year or \$1 more than last year. Membership in the National Rifle club will be \$3, the same as formerly. Compulsory membership in the national organization was abolished so that members can shoot with the local club and receive national recognition but not the magazine nor services rendered by that organization.

A range for .22 caliber matches will be installed in the basement of the Brunow building, occupied by the Pampa Volunteer fire department. The range will be open to members for regular matches and to the public at hours to be set. The public will be allowed to shoot for a small fee. This range will be erected this week.

Members were urged to pay their dues immediately so that they would be eligible to receive the free issues of ammunition.

HOUSE BURGLARIZED

The residence of C. L. Woolley at 1001 Fisher street was burglarized Sunday night of valuable clothing and household furnishings, according to a report made to city police yesterday.

Articles taken included a pair of boots, golf shoes, four pairs of trousers, three dresses, two table cloths and meat and vegetables from the refrigerator.

Safeguarding of Transports Now Chief Concern in "Blue" Fleet

By CAPT. C. M. AUSTIN, U. S. Navy Assistant to Chief of Staff.

U. S. S. CALIFORNIA, AT SEA, Feb. 2. (AP)—For more than 24 hours the ships of the "Blue Fleet" have been sea-bound for the army-navy tactical exercises along the shores of Hawaii.

Throughout yesterday ship after ship, single units, or large groups, making more than 60 naval vessels running escort to transports, escorted from the harbors of Los Angeles and San Diego, "formed up" under their commanders and took station for the advance.

The first to leave the base harbors in time of war normally are the mine sweepers, for there always is the chance an alert enemy has mined your doorstep but authoritative reports show the mine layers of the "black fleet," our opponents in these exercises, to be at Pearl harbor, the Hawaiian naval base, so we have no fear of mines off our harbors from this source.

If the threat of mines were present, the fleet's course from the harbor to the safety of deep water would be swept by the mine sweepers of the blue fleet. These vessels, really sturdy ocean going tugs, work in pairs, each with one end of the sweep on board. Sweeper service is hard work, with its full share of dangers.

Equally entitled to a place in the front rank when the fleet puts to sea is the destroyer. Its part has to do with submarines, for it is a favorite plan to station a submarine or two off the enemy's ports to observe his movements and report them.

The transports loaded with soldiers are our treasure trove. We cannot do what we have undertaken if we fail to bring these soldiers, the ultimate factor in the dispute, to the very ground we want to seize.

Therefore our chief concern now that we are at sea is to safeguard our transports.

Corporation Has Begun Its Work

WASHINGTON, Feb. 2. (AP)—The reconstruction finance corporation officially started its duties today with a forecast from one of its officials that loans would be going forward very shortly.

Under the glare of a score of powerful lights, Charles Gages Daves, president of the corporation, Jesse H. Jones of Houston, and Harvey C. Couch of Pine Bluff, Ark., took the oath of office as directors.

Eugene Meyer, chairman of the board of directors, Paul Bestor, member as chairman of the federal farm loan bureau, and Ogden Mills, under secretary of the treasury, did not take the oath as they already were government officials.

Bronx Gangsters Kill Three Persons

NEW YORK, Feb. 2. (AP)—Once more the dogs of gang war are barking in the Bronx.

The screams of children echoed last night as gang gunners, bursting into a Commonwealth four venue apartment, slew a woman and two men, wounded another woman and two men and fled as one of the children was panting her story of murder to the corner policeman.

Police said today it was the "Dutch" Schultz-Vincent Coll gang war again; that Schultz gangsters were hunting Coll and succeeded only in sending death to three others.

Those killed were: Pasquale Del Greco, 32, a Coll confederate who has been arrested five times in as many months; Florio Basil, 40, an ex-convict whose record dates back to 1912; and Mrs. Emily Tarrizello, 35, whose connection with the others was not clear to police today.

The wounded: Mrs. Lena Vinciguerra, 28, mother of four children and sister of the slain Florio; Louis Basil, brother of Florio; and Joseph Parrone, 19. Louis Basil was critically wounded.

U. S. S. CALIFORNIA, AT SEA, Feb. 2. (AP)—For more than 24 hours the ships of the "Blue Fleet" have been sea-bound for the army-navy tactical exercises along the shores of Hawaii.

Throughout yesterday ship after ship, single units, or large groups, making more than 60 naval vessels running escort to transports, escorted from the harbors of Los Angeles and San Diego, "formed up" under their commanders and took station for the advance.

The first to leave the base harbors in time of war normally are the mine sweepers, for there always is the chance an alert enemy has mined your doorstep but authoritative reports show the mine layers of the "black fleet," our opponents in these exercises, to be at Pearl harbor, the Hawaiian naval base, so we have no fear of mines off our harbors from this source.

If the threat of mines were present, the fleet's course from the harbor to the safety of deep water would be swept by the mine sweepers of the blue fleet. These vessels, really sturdy ocean going tugs, work in pairs, each with one end of the sweep on board. Sweeper service is hard work, with its full share of dangers.

Equally entitled to a place in the front rank when the fleet puts to sea is the destroyer. Its part has to do with submarines, for it is a favorite plan to station a submarine or two off the enemy's ports to observe his movements and report them.

The transports loaded with soldiers are our treasure trove. We cannot do what we have undertaken if we fail to bring these soldiers, the ultimate factor in the dispute, to the very ground we want to seize.

Therefore our chief concern now that we are at sea is to safeguard our transports.

Corporation Has Begun Its Work

WASHINGTON, Feb. 2. (AP)—The reconstruction finance corporation officially started its duties today with a forecast from one of its officials that loans would be going forward very shortly.

Under the glare of a score of powerful lights, Charles Gages Daves, president of the corporation, Jesse H. Jones of Houston, and Harvey C. Couch of Pine Bluff, Ark., took the oath of office as directors.

Eugene Meyer, chairman of the board of directors, Paul Bestor, member as chairman of the federal farm loan bureau, and Ogden Mills, under secretary of the treasury, did not take the oath as they already were government officials.

Bronx Gangsters Kill Three Persons

NEW YORK, Feb. 2. (AP)—Once more the dogs of gang war are barking in the Bronx.

The screams of children echoed last night as gang gunners, bursting into a Commonwealth four venue apartment, slew a woman and two men, wounded another woman and two men and fled as one of the children was panting her story of murder to the corner policeman.

Police said today it was the "Dutch" Schultz-Vincent Coll gang war again; that Schultz gangsters were hunting Coll and succeeded only in sending death to three others.

Those killed were: Pasquale Del Greco, 32, a Coll confederate who has been arrested five times in as many months; Florio Basil, 40, an ex-convict whose record dates back to 1912; and Mrs. Emily Tarrizello, 35, whose connection with the others was not clear to police today.

The wounded: Mrs. Lena Vinciguerra, 28, mother of four children and sister of the slain Florio; Louis Basil, brother of Florio; and Joseph Parrone, 19. Louis Basil was critically wounded.

Spees Re-Elected By Rifle Group

Alden E. Spees was re-elected president of the Pampa Rifle club for 1932 at a meeting in the Schneider hotel last night. Alex Schneider was re-elected secretary-treasurer. Mark Long was named vice president, and Red Barrow range officer.

The club dues will be \$3 this year or \$1 more than last year. Membership in the National Rifle club will be \$3, the same as formerly. Compulsory membership in the national organization was abolished so that members can shoot with the local club and receive national recognition but not the magazine nor services rendered by that organization.

A range for .22 caliber matches will be installed in the basement of the Brunow building, occupied by the Pampa Volunteer fire department. The range will be open to members for regular matches and to the public at hours to be set. The public will be allowed to shoot for a small fee. This range will be erected this week.

Members were urged to pay their dues immediately so that they would be eligible to receive the free issues of ammunition.

Crude Oil Total Of Nation Larger

TULSA, Okla., Feb. 2. (AP)—A small increase in the flow from East Texas, with upturns in Oklahoma, Kansas and elsewhere, brought about a climb of 11,305 barrels in the daily average oil flow of the United States for the week ended Jan. 29, the Oil and Gas Journal estimates.

The daily average production last week was 2,168,935 barrels as compared with a previous average of 2,157,630 barrels.

East Texas flow increased 12,569 barrels to 849,350 barrels a day.

Total Texas production was 860,572 barrels while the previous week's reading gave a daily average of only 848,464.

Oklahoma production was 412,335 barrels a day as compared with 410,988 the week of Jan. 23.

Total Kansas production was 96,572 barrels, an increase of 525. California production showed a decrease from 506,760 barrels daily to 503,500.

Eastern production was unchanged at 121,000 barrels.

The wells of the Rocky mountain region produced 79,696 barrels daily as compared with a previous production of 81,044 barrels.

Safeguarding of Transports Now Chief Concern in "Blue" Fleet

TWENTY-EIGHT FIVES ENTERED

Combined Harvesters Favored to Finish High Up in Own Tournament

Some of the best basketball teams in the Panhandle will take part in the Pampa Invitation basketball tournament Friday and Saturday. It may be found necessary to start the tournament Thursday afternoon, since 28 teams had entered up to this morning.

P. R. Kenner of Southwestern Teachers, college, Weatherford, Okla., has been selected as official referee. W. B. Weatherford will assist Kenner.

The two Harvester teams have been combined and will be one of the favorites in the tournament. One and maybe two teams of Gorlins also will be entered from Pampa. Boys' teams from Carson county will not attend the tournament because of county

Sunday School Attendance Being Encouraged—Half of Central High Students Are Attending Regularly

Not quite one-half of Pampa's high school students attend Sunday school regularly, according to a survey just completed by high school teachers under the direction of Supt. R. B. Fisher.

A declaration in a sermon preached at the First Baptist church by the pastor, the Rev. C. E. Lancaster induced Superintendent Fisher to make the survey. Rev. Lancaster said it was his belief that 50 per cent of the students did not attend Sunday school.

The survey represents all of the 650 students in Pampa high school. Reports made by the various teachers disclosed that 268 students attend Sunday school regularly, 124 attend once in a while, 302 belong to a church and 209 attend church services other than Sunday school irregularly.

In commenting upon the survey Superintendent Fisher stated that the school officials and members of the faculty were doing everything in their power to persuade students to attend Sunday school and church, and that if somebody is shirking a duty the offender is in the home. Mr. Fisher said it was his opinion that there are as many high school students attending Sunday school as there are homes represented by parents.

"The church people and the parents can raise this percentage by 25 or even 50 if they will exert the proper persuasion," Mr. Fisher said. "They could do a great work for the high school. Of course, it is not the primary function nor the duty of high school teachers to urge students to attend Sunday school, but they do so anyway. The division of church and state and school is a tradition of our government, but we find that students are better—in brief, more civilized—if they attend Sunday school. I urge parents and church workers to do all they can to increase the Sunday school and church attendance of high school pupils in Pampa."

Yesterday Rev. Lancaster said that Saturday night dances, parties and midnight madings were some of the reasons why high school students, their older brothers and sisters, and their parents do not attend Sunday school. "They just go to bed so late they don't get up in time to go to church," he said.

The minister praised high school school officials and teachers for discouraging dance attendance, and for encouraging pupils to attend church services.

GOLD IS STOLEN
 ATTLEBORO, Mass., Feb. 2. (AP) on yesterday gaged and bound a night watchman and stolen gold materials valued at between \$50,000 and \$60,000 from the Horton Angell company plant yesterday.

The loot was in bullion, wire and rolled stock which the company supplies jewelry firms.

Edmer Watkins left Sunday for Dalhart.

Pampa Singers Are Urged To Organize

Plans to organize a group of singers in Gray county who will be affiliated with the Plateau singing convention, are now underway, according to J. E. Ditch, vice president of the Plateau singers, who is in Pampa today.

Mr. Ditch expressed the hope that Gray county singers would organize and join the Plateau singers. He said that Pampa would be an ideal singing convention city, and that he felt sure if an organization were perfected in the county, a convention would be held here this year. It is planned to hold a general convention in the north Panhandle this year which will draw over 500 delegates from Plains towns and cities.

Pampa was represented by the Plateau singing convention held at Panhandle last Sunday by a male quartet, headed by Charles E. Ward. Other members of the quartet were Bob Stratton, baritone; Ernest Gee, bass; W. E. Pierce, second tenor.

HOOVER KNOWS CHINA TROUBLE

WASHINGTON, Feb. 1. (AP)—Just 32 years ago this summer the United States was forced to send infantrymen to China to protect its nationals in an emergency even more grave than the present one at Shanghai.

It was the Chinese "Boxers" whose uprisings spread death and terror then, besieging Americans in Tientsin and Peking until after a bitter struggle the army won through to free them. None knows better what it means to be in the midst of an Oriental conflict than President Hoover for he and Mrs. Hoover were among those besieged.

Just a young and ambitious engineer, freshly out of college and but recently married, the future president worked desperately with other civilians in Tientsin to defend themselves and their families against the sinister Boxers, whose hatred burned most intensely for all foreigners.

Japan Is Losing Much Friendship

LONDON, Feb. 2. (AP)—Sympathy for Japan in London newspapers cooled considerably today after reports that thousands of foreigners in the international settlement at Shanghai were in danger.

At the same time, arrangements had been made by the government for dispatch of additional troops from HongKong to Shanghai aboard a British warship. The troops were ordered out of the government in response of a request from Brig. Gen. George Fleming, British commander in the international settlement.

The Morning POST, while holding that "anarchy" in China is the real cause of the trouble, and without attacking Japan, said: "The Japanese take their injuries with less meekness than is the modern custom... we could wish they would express their well-justified resentment elsewhere than at Shanghai."

The island of Formosa is estimated to have more than 4,000,000 camphor trees, some being more than 1,000 years old.

COTTON SEASON

NEW ORLEANS, Feb. 2. (AP)—The cotton market here today had a fairly active opening. Although Liverpool was about as due, first trades here showed losses of 2 to 5 points. Prices continued to ease off after the start on rather liberal hedge selling. It also was reported that Japanese interests were selling futures contracts rather freely.

Prices eased off to 6.62 for March, 6.78 for May and 6.96 for July, or down 9 points from yesterday's close. This decline took place in the face of a firmer stock market. Near the end of the first hour, the market was fairly active and at or near the lows.

Occupation of Shanghai Followed Intense Anti-Japanese Activities

By the Associated Press
 The occupation of Shanghai and the onslaught on Nanking—respectively the greatest commercial and governmental cities in China—by Japan's wily bluejackets ostensibly was caused by intense Chinese agitation against Japanese lives and property.

Aroused by the occupation of Manchuria, the Chinese were charged by the Japanese government with attacking their nationals in several cities, boycotting the sale of Japanese goods and disseminating derogatory propaganda regarding Japan and Emperor Hirohito.

Ten days ago the commander of the Japanese fleet regularly stationed in Shanghai waters called on the mayor of the Chinese municipalities to pay reparations for injured Japanese, dissolve anti-Japanese societies and suspend publication of what he considered an offensive vernacular newspaper. The demands ultimately were accepted.

But Admiral Shiosawa, reinforced in the meantime by a dozen or more warships and several thousand sailors, decided Japanese lives were menaced in the Chinese sections of Shanghai and he must preserve "peace and order." Accordingly, at midnight last Thursday (Shanghai time) his forces moved on Chapel and launched a systematic campaign of subjugation.

FEWER TAX PAYMENTS
 WICHITA FALLS, Feb. 2. (AP)—Approximately 11,000 citizens of Wichita county paid a poll tax this year as compared with more than 19,000 four years ago in the last general election. The total last year was 9,475 and the preceding year 15,185.

GRAINS LOWER
 CHICAGO, Feb. 2. (AP)—Grain prices here averaged lower early today, influenced by setbacks in Liverpool wheat quotations and by indications that the recent cold wave did relatively little damage. Liverpool reported wheat demand insufficient to sustain advances. Opening at 1/4 off to 1/4 up, Chicago wheat futures afterward underwent a sag all around and then rallied. Corn started 1/4 down and subsequently turned upward.

CHICAGO GRAIN
 CHICAGO, Feb. 2. (AP)—Wheat: No. 1 red 57; No. 2 mixed 58 1/2; No. 3 mixed 59 1/2.
 Corn: No. 2 mixed (old) 39; No. 3 mixed 36 1/2 to 36 3/4; No. 2 yellow 38 1/2; No. 3 yellow 35 to 37 1/4; No. 3 white 37 to 37 1/2.
 Oats: No. 2 white 25 1/4; No. 3 white 24 1/4, 25 1/4.
 Wheat closed unsettled, 1/4-1/2 down; and oats 1/4-1/2 off. Provisions receded, closing at 10 to 20 cents decline owing largely to prospective increased marketing of hogs.

Ralph R. Thomas, county agent, is in the Eldridge community today. Chester Yankee is ill at the home of his parents at Shell camp west of the city.

City Taxes Are 62 Per Cent Paid

Pampa tax payers paid \$62,788 in to the city coffers up to Saturday night, representing approximately 62 per cent of the tax money due. Tax Collector J. H. Blythe was well pleased with the response, but said he had an idea that the amount would have been more.

City commissioners may decide to lower the penalty this year. The commission was scheduled to discuss the delinquent tax rate this afternoon.

Leon Pierce left Saturday for his home at Borger.

Royal Mountie Is Shot by Fugitive

AKLAVIK, N. W. T., Feb. 2. (AP)—From the cold fastnesses of the north country, by radio, has come word that Albert Johnson, the demented trapper of Rat River, has slain a Royal Northwest Mounted police constable.

Constable E. Millen was shot and killed Saturday, said the message yesterday from a police patrol which sought Johnson for the wounding of another constable who went to his cabin to question him when Indians complained about their trap lines being molested. The patrol carried a portable field radio, its only connection with the outside world when away from its base.

Johnson had slipped away and was not heard of until the "mounties" encountered him Saturday, when Millen was killed. More officers will be sent from here to aid in the manhunt.

Boycott May Be Tried To Force Oil Tariff Help

OKLAHOMA CITY, Feb. 2. (AP)—A conference to propose a four-state boycott of New England manufacturing concerns to force eastern support for an oil tariff was forecast today by J. B. Adams, chairman of the Oklahoma City oil tariff committee.

Adams, who said a definite time and place for the meeting had not been selected, declared representatives of industrial interests in Oklahoma, Louisiana, Texas, and New Mexico would be invited. It was said the meeting might be held next week, possibly in Houston.

Old Murder Now Is Believed Solved

RICHMOND, Feb. 2. (AP)—Authorities believed today that the identity of the killer of Mrs. Lee Sears, wife of an Arcola farmer, has been revealed after 12 years. A 60-year-old negro farmer was held at Arcola.

Sheriff Rusk Roane said the negro admitted firing the shot which killed Mrs. Sears. The negro was quoted by the sheriff as saying he fired a shot from a 30-30 rifle at a target on a post and the bullet went wild, striking Mrs. Sears as she stood in a corn patch.

Minstrel Show To Be Practiced This Evening By Lions

Rehearsal of the Lions club minstrel show will be held in the basement of the city hall this evening with, it is hoped, a full attendance.

On account of conflicting dates, the performance will be given on the evening of March 3, a week later than originally planned. John Sturgeon, local attorney, is directing the production. A rollicking entertainment is indicated.

SCOUT NEWS
 Troop 3, First Baptist church, met Friday night in the basement of the church. After opening the meeting with the Scout oath, games were played. The Rev. C. E. Lancaster, pastor, showed the boys how to play other games and told of their advantages. Scoutmaster A. J. Irwin and 14 scouts and one visitor attended. The meeting closed with the scout benediction.
