

Eastman ['My work is done; why wait?'] in Suicide

ROCHESTER, N. Y., March 14. (AP)—George Eastman, 77, millionaire manufacturer, philanthropist, and big game hunter, shot himself to death today, his physician

announced, in his East avenue home here. Dr. Audley D. Stewart, announcing that Eastman had shot himself after putting all attendants away from his bedside, said Eastman left this note: "To My Friends:

"My work is done. Why wait?" Dr. Stewart was Eastman's personal physician for many years. Dr. Stewart said that while Eastman, in ill health for many years, apparently had recovered to a degree that

was very encouraging to his friends, he apparently was in such a mental state that he shot himself after sending all his friends from the room. A moment after they departed, said Dr. Stewart, they heard the shot and returned to find him dead.

John J. Sheerin Argues for Separation of Moore County Oil Area

Since it is a popular custom to blame everyone with taking Lindbergh Junior, we suggest that maybe the G. O. P. national committee did it to take people's minds off the price of wheat, cotton and eggs.

Storage concerns say the price of eggs must be driven down to a point where they can compete with cheap fresh eggs. Maybe that's what the hens are cackling about in disgust.

The Claude NEWS says we need a real American president. Yet, considering how we hoard and lose our nerve, maybe we need a president who is not too American.

As we learn it, the Indians who originally settled these plains followed their herds of buffaloes and worried only about warlike neighbors. There might be some reason, after all, for going native.

Political hokum reminds us again that candidates have always promised Utopias then promptly followed the customs of their predecessors.

They still call Al the happy warrior, but about all he's got to be happy about is the scowl on rival Franklin D.'s worried countenance.

Usually newspaper men know when they are well off, but we note two or three of them running for congressman-at-large.

We think they should designate the congressional places at A, B, and C. So many proud candidates will wish to be No. 1 that the ballot will be lopsided.

Governor Bill Murray whoops and raves and threatens to call out his militia when anyone rides him. If all office holders had an army behind them, we would have a repetition of army-ridden Mexico.

About Mr. Traylor Today we present a brief excerpt from our reading. "Even if it were not a presidential year," writes L. W. Burnham in Review of Re-

GEOLOGY SAID TO VARY FROM BORGER POOL

3,000-BARREL CAPACITY VITAL TO SUCCESS OF VENTURE

SAYS OUTLET IS NEEDED

WOULD BUY REFINERY IF A NEW RULING WERE MADE

AUSTIN, March 14. (AP)—The Texas railroad commission today held a hearing on application of the Shamrock Oil and Gas company to designate the Moore county oil pool in the Panhandle district a separate field, detaching it from the area which also includes Hutchinson and Gray counties. John J. Sheerin, president of the Shamrock company, said the pool's pro rata allowable under the commission's proration order in force in the Panhandle district at present was only 600 or 700 barrels daily. The three or four good wells out of the eleven in Moore county are capable of producing about 3,000 barrels daily, Sheerin stated. He said the application for a separation was based on a statute directing that distinct pools should be designated for proration and conservation purposes only where production exceeded 10,000 barrels daily. Sheerin said the Moore county pool was 50 miles northwest of the Borger pool. Testimony was offered to show that the geological findings detached it from the Borger area. He said his company recently had arranged to acquire a refinery and it could not be operated at a profit unless its capacity of 3,000 barrels daily were utilized. To build a pipeline from the Moore county field into the Hutchinson-Gray area or to pay transportation charges on oil from that section to the refinery would be too costly, he stated. To make the refinery pay, it would be necessary to take the oil from the wells of Moore county, he testified. The Bar-Tex Pipe Line company at present affords the only outlet for the Moore county output and the sole ratable purchaser is the Phil-Tex company. Sheerin told the commission. He said that his company, in operation of the refinery, would purchase oil ratably from all other operators in the Moore county field.

Citizens League to Meet Tuesday and Name Ticket

An invitation to attend Tuesday night's meeting of the Citizens League in the Brunow building was extended by officials of the league to citizens this morning. The program will include announcement of the League's candidates for the two commissioners and the mayor's office. It is understood that candidates have accepted a nominating committee's offer to make the race for the offices. A platform containing the League's stand on problems and the policy of the city will be submitted for adoption. The platform will give in detail the League's attitude and reasons for favoring the various planks in the platform, it was said. The program will also include speaking and music.

BANK IS THREATENED

HENDERSON, March 14. (AP)—The First National bank building here was threatened with destruction by fire today but firemen extinguished the blaze after it had done considerable damage to the building and fixtures. A gas heater was believed to have caused the fire, which was discovered by a night watchman at 3 a. m. The loss was covered by insurance.

NEWS FLASHES AT PRESS TIME

DURANT, Okla., March 14. (AP)—Clarence P. McCoy, former treasurer of the Bennington school district, Bryan county, pleaded guilty in district court today to a charge of embezzling approximately \$49,000 in school funds.

WASHINGTON, March 14. (AP)—A resolution to make the entire \$200,000,000 farm loan funds of the reconstruction finance corporation immediately available was adopted today by the senate.

ST. PETERSBURG, Fla., March 14. (AP)—Babe Ruth failed today to reach an agreement with Col. Jacob Kuppert, owner of the New York Yankees, on salary terms for this season. The Babe again rejected the proposal for a one-year contract at \$70,000 and countered with a demand for the same salary he has been getting, \$80,000.

HOUSTON, March 14. (AP)—Only one juror had been selected when court was recessed at 12:25 p. m. today in the murder trial of Barney McGanagay, accused in the slaying of John Chenis, gangster. Sixteen veniremen had been examined.

WASHINGTON, March 14. (AP)—Benjamin Nathan, Cardozo today took the oath which made him an associate justice of the supreme court.

CORSICANA, March 14. (AP)—Henry W. Singletary, 62-year-old insurance agent, was found dead in bed at his home here today. Coroner Sam B. Jordan returned a verdict of suicide. He expressed belief that the death was caused by an overdose of sedative. Singletary had been in ill health.

BEAUMONT, March 14. (AP)—The shot-riddled bodies of Mr. and Mrs. Henry Cotton were found today at their home four miles from Beaumont. A verdict of murder and suicide was returned by Coroner J. A. Cide when the bodies were discovered by the cotton guardmen, Everett, 18, and Eide, 19, when they arose.

Potter Grand Jury to Probe Fatal Accident

AMARILLO, March 14. (AP)—A Potter county grand jury will meet this afternoon to investigate charges filed against Dude Miles, Amarillo cowboy, after his car crashed into three pedestrians near the city limits about 2 a. m. Sunday, killing two and injuring the third. Charges of murder, failure to stop and render aid, and driving while intoxicated were filed against Miles by County Attorney I. Lee C. Meyers, after he was admitted to jail this morning. He is being held in jail in lieu of \$4,750 bond.

District Attorney Edward W. Thomerson said of the three charges filed by the county attorney, the charges of failing to stop and render aid, and negligent homicide would be pushed before the grand jury. Pat Hooker, 56, old time fiddler, and Mrs. Ruby Lawrence, 37, widowed mother of five children, were killed. Mrs. W. M. Seymour, formerly of Lubbock, suffered severe injuries which may prove fatal. The three were walking home from a dance.

Hooker had lived in Amarillo about five years, coming here from Greenville, he body will be sent to Greenville for burial, following services here this afternoon. He was widely known throughout the state as a fiddler of old times.

AMARILLO TILT TO BE PLAYED OCTOBER 29

PLAINVIEW DATE HAS BEEN CHANGED TO ALLOW IT

LUBBOCK COMES NOV. 11

BIG NON-CONFERENCE TEAMS WILL BE BROUGHT

Pampa and Amarillo school officials have settled their football date controversy and set October 29 as the time for the Harvesters' invasion of Amarillo. Coach Odu Mitchell, in announcing the date today, said that Plainview's willingness to vacate her October 29 game with Amarillo made the agreement possible. Although unable to obtain a Thanksgiving day game with either Lubbock or Amarillo, the locals will meet Lubbock in Pampa on Armistice day. Local authorities in Amarillo and Lubbock make a strong showing this year, to schedule either Amarillo or Lubbock for Thanksgiving of 1933. Amarillo had wished an earlier date with Pampa than October 29. Pampa's entry will open the conference schedule here October 1 with Plainview. The Harvesters will invade Borger October 8. Then will follow non-conference games to be scheduled. Negotiations are under way with Abilene, Oklahoma City, and Wichita, Kans. Lubbock will arrive November 11, and Slaton will come here on Thanksgiving.

Rocking Chair Is Needed for Elderly Destitute Citizen

Who has a rocking chair which he would be willing to give to a man 85 years old, who is recuperating from a serious illness. This man, who is destitute, would greatly appreciate the gift, but this request does not come from him. Mrs. T. E. Much Flour to Be Asked of Red Cross by Board

The Welfare Board will make application to the National Red Cross for 18,000 pounds of flour for use in this community during the next few months, it was announced this morning. This amount would total 750 sacks, each weighing 24 pounds. Congress recently decided to make sufficient flour out of Farm Board wheat to feed "needy and distressed" people throughout the nation. The National Red Cross will distribute the flour in the various parts of the nation.

WILCOX YARD FOREMAN DIES BUT OTHERS INJURED IN REFINERY FIRE MAY RECOVER

Supt. John Oakes is Not Yet Recovered Enough to Say How Mishap Occurred.

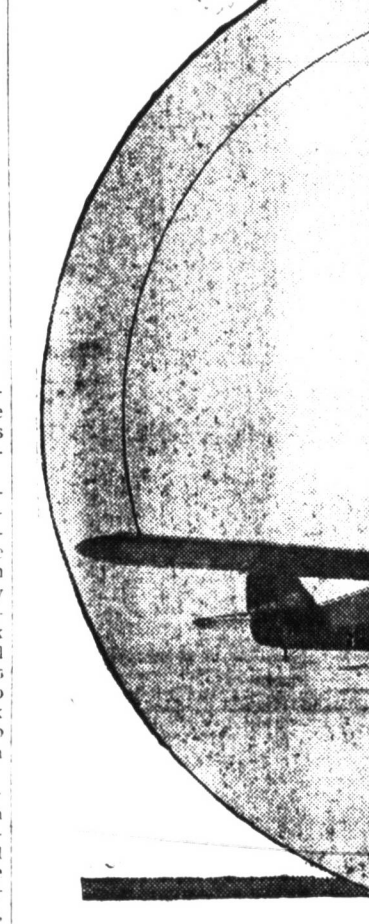

The funeral today for R. H. Bell, yard foreman for the H. F. Wilcox refinery which burned Saturday, followed as an aftermath of the blaze which wrecked the plant and seriously burned five other men.

The condition of W. L. Owens today was still critical, but the others appeared sure of recovery unless there are complications. L. C. Lafferty, Jay Warren, and "Slick" Huskins have deep burns about their bodies, heads, and limbs.

Cashier's Checks on Mythical Bank Are Circulated

Pampa has no Union Trust & Savings bank. Yet cashier's checks neatly printed and numbered and bearing the above name are being circulated in Texas. President B. E. Finley of the First National here today exhibited the forged check, which was issued to a Jim Reider for \$15.

A check protector had been used, and the bank president and cashier were "J. O. Osborn" and "P. E. Myers," respectively. The date was March 2. There was nothing to arouse suspicion in the appearance of the check, which was cashed at Vernon, but the fact is that no such bank exists.

WILL HOLD HEARING

District Attorney Raymond Allred announced this morning that preliminary hearing for Paul Simpson, charged in connection with the robbery of the Shamrock bank last week, will be held tomorrow. Simpson was arrested in San Antonio and was removed to the Wheeler county jail at Wheeler. He was pointed out from among 11 men by a negro who saw bank robbers.

Street Widening To Be Discussed

COUNTY COMMISSIONERS GET PETITION ON PUBLIC WORKS

Taxpayers Urge That Home Men Be Given Jobs When Possible and Needed.

A petition with over 300 signatures attached, urging county commissioners to provide all road work and other forms of public work that is possible, and to employ only home labor on the projects, was presented to the court this morning.

The petition was signed only by business and professional men who are taxpayers and property owners of Gray county. Unemployed persons and salaried citizens who do not pay taxes on real property were not among the signers.

The petition was as follows: "We the undersigned business and professional men, property owners and taxpayers of Gray county, Texas, realizing that there are many bona fide citizens and residents of this county who have been unemployed for a long period of time, do hereby petition this Honorable court to exert every possible effort, in the face of the dire situation, to begin employment in the way of beginning operations for the opening of all proposed new county roads, maintaining and repairing

Hindenburg Will Run on Second Ballot April 10

BERLIN, March 14. (AP)—President Paul Von Hindenburg, who missed re-election yesterday by 169,752 votes, although he ran nearly 7,500,000 ahead of Adolf Hitler, consented today to run again on the second ballot, April 10. His ultimate election was regarded as a certainty.

Hitler polled 11,338,571 votes. He ran behind however, in all but three of the 35 election districts and the reputation of German fascism which he represents.

Hitler said this morning that the outcome was regarded by many as a repudiation of German fascism which he represents.

MEMBERS ON RECORD FIRST TIME IN YEARS

VOTE OF 227 TO 187 IS MORE WET THAN EXPECTED

PARTY LINES DISTURBED

BALLOTING DEVELOPS ON LINES OF NEW RULING

WASHINGTON, March 14. (AP)—The House of Representatives today voted 227 to 187 today against taking up legislation designed to turn back control of liquor to the states.

The vote, putting the members on record for the first time in 12 years on prohibition revision, was on whether to discharge the judiciary committee from jurisdiction over the Beck-Linthicum resolution for amendment of the 18th amendment.

It was forced under the liberalized democratic rules by 145 liberals after the measure, sponsored by both democratic and republican wet blocs, was defeated in committee 14 to 6. The petitioners numbered 78 republicans and 60 democrats.

Two of the foremost democrats, Representatives Rainey of Illinois and McDuffie of Alabama, the party floor leader and whip respectively, voted in favor of the discharge motion.

The 187 votes commanded by the anti-prohibition forces was larger even than that many of them expected. Early estimates of their strength ranged from 160 to 180.

As soon as the house convened, Representative Blanton (D. Texas) raised a point of no quorum but almost immediately withdrew it when it became evident from the members coming in from the cloakrooms that 218 could be counted.

"I just wish the gentleman from Texas is wrong as usual," commented Representative Sabath (D. Ill.), anti-prohibitionist.

As Democrats voting for the bill to take up the 18th amendment, substitute were: Buchanan, Kieberg, Mansfield, Texans voting for included: Briggs, Cross, Dies, Garrett, Johnson, Jones, Lankford, Patman, Rayburn, Sanders, Summers, Thomason, Williams.

The roll call showed 114 Democrats.

Tariff Blamed by Marvin Jones for Wheat Problem

WASHINGTON, March 14 (AP)—Troubles of the wheat farmer were laid largely upon the tariff in a statement by Chairman Jones (D. Texas) of the house agriculture committee, released here through the democratic national committee.

Asserting a substantial portion of the crop has in the past been sold in world markets, Jones said "a situation has been brought about by tariff excesses that make it next to impossible for foreign countries to trade with the United States."

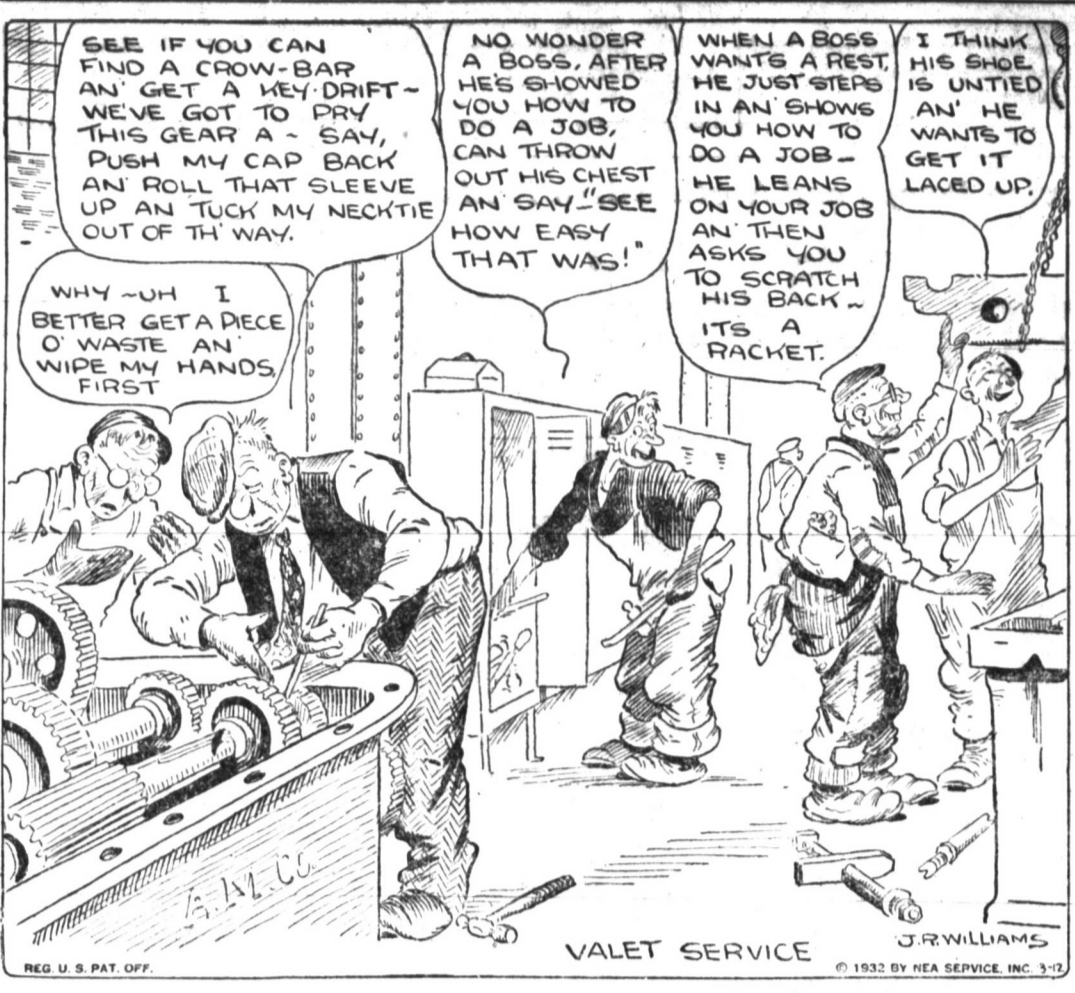

He added that "with high rates on hundreds of articles, it has been natural for a retaliatory tariff to be erected by foreign countries," and that Great Britain and other countries were encouraging domestic production to meet demands.

Proposes New Poll: A nation-wide popular vote, by which the people of each state might express their choice for the presidential nomination in advance of the national political conventions was proposed here in a bill introduced by Senator La Follette.

Encouraging: We hope this will be of some encouragement to those who find their vocations less satisfactory than they hoped, and to those who may find it necessary to take up a new life work.

It is to be regretted that the unemployed millions are not taking greater interest in using their leisure time to prepare themselves for the future. In this age of complexity there can be no such thing as too much education, too much understanding, too many theories.

YANKEES DEPENDING UPON VERY COSTLY INFIELD ACES

VETERANS ARE KEPT IN STOCK FOR ANY NEED

FRANK CROSETTI WILL HAVE TO PLAY HARD

By ALAN GOULD
Associated Press Sports Writer
ST. PETERSBURG, Fla., March 14 (AP)—The New York Yankees must collect big dividends on a \$150,000 investment in youthful infield talent this year if they are to realize their hope of ending the three-year reign of the Athletics in the American league.

The club packs the most paralyzing batting punch in the league or will just as soon as Babe Ruth shakes hands politely with Colonel Ruppert and signs his 1932 contract. It figures to have better pitching, but there is still a big question mark hovering over the infield.

The keystone kids in the latest and most expensive Yankee ensemble are 21-year-old Frank Crosetti, sensational shortstop bought two years ago from San Francisco for 1932 delivery, and Otto "Doc" Salzgasser, a 25-year-old second baseman from St. Paul.

Six years ago the late Miller Huggins conducted just such an experiment and started the Yankees off on their second pennant-winning streak after installing two young men named Koenig and Lazzeri to work around second base.

Joe McCarthy is optimistic history will repeat itself but is by no means burning his bridges behind him. He has in reserve three seasoned infielders in Tony Lazzeri, Joe Sewell, and Eddie Farrell in case the present combination of Salzgasser and Crosetti, flanked at third by Lyn Lary and at first by Larapping Lou Gehring, fails to click within the remaining month of training.

The outfield of Chapman, Combs and Ruth can be counted on to average .335 or better, even though it is true Combs' arm is not among the best and that the Barn is figuratively "on a dime" in the outer patrol. Gehring, Lary and Bill Dickey, the first string backstops, all can be relied on to do their share of slugging.

McCarthy's own pitching hopes are based primarily on the effectiveness by George Pipgras, Charley Ruffing and Vernon Gomez, the artistic and brilliant castilian southpaw. The ace in the new deck appears to be John Allen, a strong right-hander who won 21 games in the International league last year. The veteran pitcher, Herb Pennock and Ed Wells, will be given "spot" assignments.

WILL STUDY BANKING

WASHINGTON, March 14 (AP)—New and permanent remedies for defective banking and money conditions will be sought this week by the house banking committee.

With a bare breathing spell since he wrote the reconstruction corporation, federal reserve credit expansion and \$125,000,000 farm land bank bill, the committee will plunge into intensive study of a triangular program that includes: President Hoover's home-loan bill; Chairman Steagall's plan to guarantee bank deposits, and numerous proposals for monetary stabilization.

Which Will It Be?

Pepper Martin, hero? Or clown? The other day Branch Rickey, master mind of the champion Cardinals, announced that "the wraps" would be taken off the young man whose deeds of derring-do in the last world series earned him the sobriquet of "the Wild Horse of the Oage."

But after critically inspecting the performances of Pepper in training camp, it is almost safe to bet that when "the wraps" are removed, instead of a Wild Horse, there may be just a Shetland pony underneath.

When Pepper first came to bat this year against one of the bumptkins poured into a pitcher's uniform by the whim of Connie Mack, he got a big hand from the crowd assembled at Miami to watch the "spring world series." He struck out, swinging at a third one that he couldn't have hit with an anti-aircraft gun. Some harsh words in the bleachers sounded the bird.

Rookies Enjoyed Pepper

Mr. Mack's recruit pitchers—must have wondered how long this big league business had been going on, and what says they were to have toiled in the minors, for they had an enjoyable afternoon just striking Mr. Martin out. When one of the Mackian batting practice hurlers was removed from the game along about the eighth inning, he pleaded with Head Man Eddie Collins to be left in there just a little while longer so he could strike out Pepper the last time.

Not only did Martin spend the afternoon vainly stabbing at wild pitches, but his antics in the outfield were mindful of anything but Tris Speaker. He fell down chasing several fly balls, which perhaps was just as well, for once he got near one and came within an inch of

BRUSHING UP SPORTS By LAUFER

Chicago Cubs To Change Line-ups

LOS ANGELES, March 14 (AP)—Two beatings by the New York Giants over the week-end promised to be reason for drastic shakeups in the Chicago cub lineup.

Although they are only exhibition games, both clubs are taking the seriously and Rogers Hornsby already is looking about for more batting punch. The battering Burreigh Grimes received yesterday also was a big disappointment, especially following the Giants' treatment of Charles Root and Pat Malone Saturday.

Rookies To Take Mound for Senators

BALTIMORE, Miss., March 14 (AP)—Tuesday now is set as the opening day of the Washington Nationals' exhibition season since inclement weather prevented yesterday's game with Baltimore.

Manager Walter Johnson felt the off day would not hurt his squad as they are well advanced in training. Three rookies will draw the mound work when the Oriole games come off—Frank Raftland, Bob Friedrich and Lynn Griffith.

Dallas Steers Will Work Hard

DALLAS, March 14 (AP)—Manager Hap Morse has outlined a strenuous program of double duty work-out for the Dallas Steers. With all players due today, training in earnest will get under way. Pitchers and catchers have been working out several days.

Full Cat Squad Now in Training

FORT WORTH, March 14 (AP)—With a full squad and favorable weather on hand, Manager Dick McCabe of the Fort Worth Cats inaugurated the two-a-day training program at LaGrave field today.

Fickle Fandom Forgets

Pepper is a fair ball player. He flared into explosive brilliance at a critical period—during a world series. It is becoming more and more apparent that he is on the way back to mediocrity. He has known it feels to be great for an hour or so. Now he has the prospect of becoming ludicrous for a spell.

In trying to look better than he is, Pepper is not only going to look worse, but will become a sorry figure of futility as he goes about the effort. And the dear old fans? Not only will they not feel sorry for the lad, but they will laugh.

NO TROUBLES IN SIGHT YET FOR NET MEN

THREE FRENCH STARS HAVE HARDEST PLAY TODAY

NEW YORK, March 14 (AP)—The National indoor tennis championships moved into the third round of singles play today but trouble still appeared to be another round or two away for the three invading French stars and the ten seeded American players.

The third round matches will reduce the field to 16, all but three of whom were placed on the seeded lists. Theoretically lucky ones who would face unseeded opponents are Sidney Wood, Jr., Berkeley Bell and Frank Bowden, rated third, fourth and eighth among the Americans.

The three French stars who have lifted the tournament from just a fair event to an international battle, Jean Borotra, who is defending the title; Christian Boususs, who has been made one of the favorites to win this year, and young Antoine Gentien, drew some of the hardest of the opposition on today's list.

Borotra was sent against Merritt Cutler, Boususs faced Stanley Hart of New York University and Gentien was paired with Sidney Seligson.

Reds Failing to Place Hold-Outs

TAMPA, Fla., March 14 (AP)—Efforts of the Cincinnati Reds to shunt holdouts Stripp and Cucinello to the Brooklyn Dodgers apparently have failed.

Hopes for a fair infield crew jumped, however, with the arrival in camp of Joe Morrissey, shortstop from the American association, and his acceptance of a salary 40 per cent above that he received in the minors last year.

The Reds tackled the Dodgers in the exhibition circuit yesterday, losing 5 to 3, chiefly on a wallop by Hack Wilson.

Pelican Hurler Allows Two Hits

NEW ORLEANS, La., March 14 (AP)—Although 20 Cleveland players got a chilly work-out in yesterday's 5 to 5 tie with the New Orleans Pelicans, it was one of the Pels who got most of the interest of the "Bird" management.

Steve Sundra, a sandlotter hurling for the Pels, but with a Cleveland string tied to him, allowed only two real hits and one of the scratch variety in three innings. It was his first professional experience.

Yankee Rookies Banish Base Hits

ST. PETERSBURG, Fla., March 14 (AP)—Pitching strength is what the New York Yankees need and perhaps it will be forthcoming from Walter Brown and Johnny Murphy.

These two rookies held the Boston Braves hitless over the last five innings of an exhibition game. Rookies also attended to most of the hitting. Frank Crosetti collected two doubles and a triple and George Selkirk a double, a triple and single.

S. P. Pierce of LeFors was a Pampa shopping visitor Saturday.

FOOTBALL GAME TOMORROW TO UNCOVER FUTURE TALENT

Track Season Is Problem As Bad Weather Prevents Training of Lads.

Football fans who wish to get a glimpse of the material to be available next fall should without fail see the spring practice game at Harvester park tomorrow.

The lads will clash at 3:40 p. m. under the rival leaderships of Coach Odus Mitchell and Assistant Coach Argus M. Fox. Mitchell will use more experienced players, but his men have been giving most of their attention to track and field work. Fox will have youngsters whom he has been training intensively for several weeks.

Bad weather has hindered football practice and practically prevented track work. An announcement concerning the track season probably will be made tomorrow.

The locals face the track and field season with few veterans and virtually no preparation. Football training and unseasonal temperatures have hampered even the tennis, ground-ball, and volley ball practices of school squads.

Wyatt Is Looking Like Best Hurler For Detroit Team

SAN FRANCISCO, Calif., March 14 (AP)—Whitlow Wyatt, who was driven back to the minors temporarily last season by a sore arm, is a strong bidder for the No. 1 pitching job with the Detroit Tigers this year.

He held the Pacific Coast league Seals to one hit in five innings yesterday morning and the Tigers won, 4 to 1. Earl Whitehill didn't look so good against the Missions in the afternoon game which the Tigers lost, 9 to 3.

SELECT CIRCLE OF ANGLERS GIVES ATTENTION TO TACKLE WHEN THE CLOSED SEASON PREVENTS FISHING

BY HENRY C. FULCHER
Written for The Associated Press

Rods and reels tackle boxes, hip boots and other accoutrements of the fisherman have been laid away by Texas anglers for that brief period in which the state allows nature an opportunity to restock fresh water lakes and streams.

The general close season on Texas game fish—bass, crappie (white perch), and beam—is from March 1 to May 1. The exceptions to this general rule are: Diversion Lake, in Wichita, Archer and Baylor counties; all waters in Young and Hays counties; Lake Waco, the Bosque rivers and their tributaries in McLennan, Bosque, Hamilton and Erath counties; and waters in Comal, Guadalupe, Bexar, Kerr, Bandera, and Medina counties.

While the closed season of each year retires the angler from activity, the period is far from a dull one to those fishermen who wish to be in readiness for an opening day in May. If you have the veteran angler, the closed season is as important and busy for the sportsman as any other time. A thorough overhaul and conditioning of tackle during this period will pay dividends during the entire nine or ten months of fishing, these veterans say.

The closed season is the working period of a rather select circle of anglers who like to tie their own flies or bugs, paint their own plugs or varnish and rewind their own rods. If the bamboo bait or fly rod shows cracks in the varnish it should be given the protective coat, and if the windings are frayed, it may need both rewinding and revarnishing. This is rather tedious work, but there are many who enjoy it. By far the majority, however, take their rods to some competent repair man or return them to the factory for reconditioning.

If the rod is in good shape, it may be suspended from its tip from a nail near the ceiling or placed in the aluminum rod case which most tackle houses now provide with the better grade rods. Suspending the rod by its tip with a small weight attached to the butt will aid in correcting slight sets and in keeping it straight and true. No rod should be placed where it will become damp or where subject to heat from fires or furnaces. The four or six ounces of bamboo the angler uses to conquer a three or four pound bass is a delicate instrument; and it should be kept in mind that glue is the principal agent in keeping its six strips of cane aligned into an efficient fishing tool.

At least once a year, reels should be washed in warm, soapy water, thoroughly dried and oiled with a good grade of tin machine oil. Heavy lubricants in the reel will gum up and collect dust or grit and bring all sorts of grief to the owner. Tinkering with the works of an expensive quadruple-multiplying casting reel is usually poor business for the average fisherman. The adjustments of these reels often are as finely gauged as an watch, and it is considered the safer course to

TITLE BATTLE TO BE FRIDAY IN NEW YORK

LIGHT HEAVY CHAMP TO BE NOMINATED THEN

NEW YORK, March 14 (AP)—The National Boxing association's search for a light heavyweight champion will end in the Chicago stadium Friday night when Dave Maier of Milwaukee and George Nichols of Buffalo, southpaws, meet in the final round of the N. B. A.'s elimination tournament.

Whatever the outcome, Maxie Rosenbloom will continue to be recognized as 175-pound title-holder, in all territory not controlled by the N. B. A. Original plans were for Rosenbloom to meet the survivor of the N. B. A. tournament. If he does, the N. B. A. may be right back where it started.

Pitcher Likely to Be an Outfielder

SAN ANTONIO, March 14 (AP)—Bobby Poser, who joined the Chicago White Sox from the University of Wisconsin, as a pitcher, probably will seek a place as an outfielder.

Poser, who played every position except behind the bat at Wisconsin, was used in left field during a practice contest yesterday and did well enough to catch Manager Lew Fonseca's eye.

The regulars defeated the Goofs, 5 to 2, in seven innings, and were scheduled to try to do it again today.

Jack Dempsey Is Ill of Influenza

TOLEDO, O., March 14 (AP)—In the same city where he won the world's heavyweight championship, Jack Dempsey was suffering today from influenza.

Leonard Sacks, the former champion's manager, said however, he believed Jack would be able to keep an exhibition fight engagement at Clarksburg, W. Va., Wednesday night. Dempsey's barnstorming bout at Youngstown, scheduled for tonight, was cancelled.

A sentimental memory of the championship victory in Toledo, July 1, 1919, by a knockout over Jess Willard spurred Dempsey to fight two opponents here Saturday night, although he was already suffering from a fever.

The old Tiger won both fights.

SHERIFF IS SUED

EDINBURGH, March 14 (AP)—W. V. Sheppard's \$20,000 false arrest suit against Sheriff Tom Gill was docketed for trial here today before special Judge Birge Holt of Corpus Christi.

Sheppard alleged Gill's deputies arrested him because he could not tell them where a dozen empty beer bottles lying around his feet in a yard were purchased. He claimed he was mistreated that night at the jail.

HORNED TOAD ENTRIES NEAR 100 MARK NOW

"Mary Lou," entry of M. P. Downs Insurance agency, has been chained to a police patrol wagon for being too speedy.

Over ninety entries already entered in Legion horned toad race and dance with the prospects of many more before the time limit expires Tuesday night for toad training. Giving the desert duster a twenty-four hour rest period before the race Wednesday night. However things are happening around Pampa. Citizens from all walks of life are to witness the great horned toad classic.

Withal, the citizenry is good-natured. A bit rostrous perhaps, but happy. Several new entries have joined the ranks of those who will show their ability to outdistance all others Wednesday night when the starting gun is heard at Pla-Mor auditorium. Among them we find:

"Mary Lou" M. P. Downs Insurance company, Room 504 Combs-Worley Building. The firm has its horned pony stable covered with residence burglary insurance and Mary Lou does not have a worry in the world about her diamonds, silverware and other things of value. This insurance has been a saving to many people. Mary Lou is being trained by M. P. and he states he has her in hand nicely, and is not worrying about her getting held up going from or to the race and having her valuables taken from her for further particulars as to the personal training methods call 368 and ask M. P.

"Jemco" Jones-Everett Machine company has entered "Jemco" to carry the colors of their business in the big race. "Jemco" you will remember always is speedy when it comes to a big repair job. While his competitors hibernate until warm weather, while Joe isn't training Jemco he does a-1 repairing from a nearby to a big boiler. There is nothing they can't fix. Stables for this racer are at the Machine Shop, 319 South Barnes. You can phone Jones for training instructions by calling 243.

"25c Hair Cut" Palace Barber Shop has entered "Hair Cut". A well groomed appearance means a whole lot to a racing toad or a business man, says Bill Hulse, the trainer, and I expect to have my toad looking like a million dollars. Shampoos to help his horns grow so that if any one gets between him and the finish line he may have a little help in persuading them to move. "Hair Cut" has his training quarters at 108 1/2 West Foster. Bill is keeping methods of training a little secret but if you drop in to the training quarters you might get a few pointers on how it's done.

"U. S. Tires" This smooth-running toad entered by the Texas Garage at Cuyler & Francis is sure to be in the race for the money. With a tank of Texaco, a complete lubrication, shod with U. S. tires to prevent him skidding and full of Texaco oil, new U. S. L. Battery, who could expect him to do anything but put a good fight for the money. This will be a toad well prepared for the race as your car will be for a trip if you take it into the Texas Garage. Jerry is the chief trainer. Just call 51, you know.

"Dilley's Big Dandy" This speedster is the property of the Dilley Bakery, 308 South Cuyler and they are giving their racer the training that is lasting. But oh! how they are feeding him. No toad would mind these strenuous workouts if he could feed on the delicious fresh bread and pastries made at his training quarters. His trainer figures on taking a loaf of fresh bread to the derby and placing it just outside the finish line. He figures that Dilley's Big Dandy will leave all others waiting at the post when he spies that loaf of bread.

"Grade A" Entered by the Gray County Creamery, 315 East Atchison, is being trained on dairy products. And everyone knows these produce the best results. They want everyone to come in and take the same training they are giving their toad and see him by the time the race is held if they are not in the pink of condition too. Mr. Smith is the Chief that is training this toad to run in the right direction at the right time. Just call 670 and he will put you on the right track.

"Cool Daddy" Pampa Ice Manufacturing company, 317 West Foster has entered "Cool Daddy". This little toad is a very popular one on hot summer days and when there is a hurry call to make things just a little more appetizing, he is the first to respond. There is a question in some people's minds as to whether he will show out in time to make much showing in the race but his trainer, Walt Liebman is not a bit worried. "Cool Daddy" he assures you will be there when needed and he never fails to be in running order.

"Ambulance" This entry of the Stephenson Mortuary, cor. Ballard & Francis, has been especially busy since training for the race commenced. You see some of the rest are always developing Charley horses or spraining

their ankles when far from town and it's "Ambulance" to the rescue. He doesn't have any time to train himself because the rest keep him so busy. However the speed he makes on these runs is enough to make the rest sit up and take notice. Paul Carmichael is making mighty claims for "Ambulance."

"Fire Insurance" Wm. T. Fraser Co., whose office is located at 117 West Foster have their stables fully covered with "Fire Insurance." This enterprising toad has been the saving of many people. After you have given "Fire Insurance" your worries and your troubles are over. You can go away confident that you are fully protected and that in case of fire you will not be the loser. This racer says speed is his middle name and his backer is taking all bets on him winning the derby.

"Gold Medal" Entered by Stark-McMillen the Schneider Hotel is across the street from their training quarters. Zeb is training his toad very hard to win the big race. He has his toad on a diet of "Gold Medal." Laying much to keep him from being a setter and his stable is being heated with C. F. & I. Coal, the best in the country. After an unusual good work out he gives him a treat of Dr. Hesses Pan-A-Min to give him more pep. Backers of Gold Medal are saying "eventually, why not now?" It's backed by Gold Medal.

"21 Points" Boy, oh boy, what a toad. Twenty-one famous points of superiority. What could be a better racer than a toad with a smooth, six-cylinder, sixty horse power motor? This classy entry is being trained by the Culberson-Smiling Chevrolet company, Pampa, Texas. This racer is known as the economical Six because a few big red ants will satisfy his appetite and efficient wheel brakes make this toad an easy and safe riding one. His easy steering entry shows plenty of signs of becoming a world's champion so keep your eye on him and your pocket book handy. A few well laid bets might not go amiss.

"Royal Typewriter" Pampa Office Supply Co., has a new style racer in Royal. Besides being more beautiful and efficient, this steed is in a class by itself, and responds very readily to the touch of the reins. Faster escapement makes less work for his jockey, yet he can be easily handled by the most in-experienced. "Royal" is the easiest toad on the turf to handle. To learn all the finer points about this racer call at 119 North Frost and L. B. Aubrey will be glad to explain.

"Conoco" Frank Keiry of the Continental Oil Co., East Tyng, is training "Conoco". He says that his toad can already make the twenty-five foot course in eight and three quarter seconds or one and one quarter second faster than the world's record. Therefore he feels that there is no use in training him further. All he intends to do is to fill "Conoco" up with Ethel and a crank case of Germ Processed motor oil before the derby starts and then "watch out," that's a powerful toad.

"Official Brake Tester" Pampa Armature & Brake Service, 113 North Frost, has been appointed the official brake tester for the derby and be sure you get your certificate. When you bring in your desert duster for a brake test he is sure efficient. First, inspection to determine the condition. Second, ciling entire brake mechanism. Third, correcting bands, shoe, rod etc. Fourth equalizing brakes at maximum capacity. Fifth, obtaining proper ratio of front and rear brakes. Sixth, checking for clearance drag. Seventh, predicting stopping distance. Eighth, giving you a brake certificate stating the stopping ability of your toad.

"Three Flowers" There's a toad. Knew nothing but racing ever since she was a little bud. Some say when she passes they think she has been training in a garden of roses. But it's not. It's the cosmetics that she is named after. She is being trained at the fountain by Skeet Sturatt, and after a particularly good run he gives her a box of chocolates. "Three Flowers", as she is known, is claimed to register blood heat around ninety and to be able to out-strip anything on the track. She is truly a dark horse. However her home is at the Harvester Drug Store, 124 West Kingsmill.

"Kelly Tires" H. F. Hampton at the Hampton & Campbell has taken this desert duster to train. He was a little dirty when he first came to the station but after they got through washing and polishing him he looked like new. They have changed him over to Quaker State oil and he is showing marvelous speed. His training quarters are open 24 hours. Just before the derby they are going to shoe him on all four with new "Kelly's", give him a complete lubrication and fill him up with Conoco gas, after that Mr. Hampton says that the rest will be eating his dust. Training stables are at the garage 107 South Frost.

"Hank" The entry of the Taylor Farm Dairy is getting the training of a life time by Shorty Hix. His diet consists of dairy products, which by modern and sanitary methods used at the dairy, his food is free from all germs. Shorty is not worried about the health of his toad, but his over eating and may have to take him off his special diet or he might have him over trained by tomorrow night. Hank will get the treat of his life if he wins the race for they have a big feed of ice cream waiting for him if he does. Just call 788 or come down to 314 East Francis and see a toad that is in the pink of condition.

"G. M. C. Radio" This musical toad is the entry of Davis Electric Co., 119 West Foster and will carry the colors of his radio store. This speedster is so fast that he seems to be equipped with wings. However they claim the equipment of a quick vision dial so he can see if any one is creeping up behind, tone control and an automatic volume control. Of course there is a good deal more but why tell all his secrets. Wednesday night he will be there in person to show you his superiority. He is known as the Improved Superhydrodyne Toad. Sherman Burns is his trainer; just

KITTY FREW by JANE ABBOTT

SYNOPSIS: Dimmy asked Kitty Frew as she watches her mother-in-law encourage Gar, her husband, to go into amateur theatricals instead of getting a job. Kitty has married Gar with many plans of starting a home of her own, but they still are stopping with his family. She cannot get used to the continuous string of parties and other "silly habits" of Gar's crowd. An especial annoyance is the effort of Marge Crosby to attract Gar. Gar's immediate family is of no assistance to Kitty, but she gets friendship and good advice from his half-brother, David, who has been cut off from the family. Carol, Gar's sister, makes no attempt to hide her scorn of Kitty's inexperience. Kitty and Gar get along very well as long as she gives him his own way, but when she grows serious they quarrel.

Chapter 10 CAROL'S WARNING

Kitty scarcely heeded when Gar continued to outline the plans of the Idylers, a club of debutantes to which Marge and Diana both belonged.

But Mrs. Frew listened with a close, affectionate attention, which had the effect of a circle drawn about her and Gar, shutting out everything else. It shut out Kitty. "Tell Margery that I'll be glad to advise her in any way," Mrs. Frew told Gar. "It's a most creditable undertaking."

Along with Kitty, Gar continued to talk about the new plans. Evi-

der. "They'd found the barn exactly what they wanted but they'd got to act quickly to get it—Marge was having the "committee" at her house for dinner, to put it through. "I'll be home early, Kit."

She put the telephone down with a sharp resentment—not so much at Gar as at Margery Crosby. Marge was high-handed, appropriating Gar like this! But Gar would not see it so. Once he had laughed at Kitty when she said Marge didn't seem to realize he was married to her. "Oh, that cleave unto one another is old-fashioned, Kit."

She found that the prospect of an evening alone, shut up in her room, was intolerable. If she could find David! She took up the telephone book to hunt out his name.

While she was fingering the receiver, a knock came at her door. Found, perhaps, with some remedy for her head—

But it was not Found. Carol stood on the threshold. Kitty tried to keep from her welcome any sign of surprise and apprehension. But she knew from the unpleasantness of Carol's expression that this visit was no tardy gesture of sisterliness!

"I'm so glad you came up, Carol. My head ached—I didn't feel like eating any dinner. Found brought

"You're sitting on a trap—and it isn't a pretty one either," Carol told Kitty.

They had been in the making for some time. A committee was going to meet at Marge's house the next afternoon, with Paul Somerset, to look over some plays.

Kitty refrained from the question that was burning on her tongue. Outwardly she shared Gar's enthusiasm. Plays were fun—she'd been in several at the Normal College and she'd help put one on in Bridgewater, last winter. "Uncle Tom's Cabin" Gar laughed and she laughed, too. It had been "The Tempest" but she did not say so, or that it had been very well done.

The next day he suggested, a little doubtfully, that she might go along with him to Marge's. "I don't suppose Marge would mind if you came." But she did not go. She told him she had mending to do. She kissed him and pushed him laughing out of the room.

The "committee" met again the following day and the next.

"I hate like fury leaving you like this, Kit. I'd make you go alone only we agreed that we get more done if no one sits in. Marge even threw Red out, today. After we get started there won't be so much to do." Gar was very important. He told Kitty how rapidly their plans were taking shape. Somerset was just the man—"funny looking duck but all to business. I'm going down with him and Marge tomorrow to look over that barn. You're sure you're not too lonesome, sweet?"

She told him she wasn't too lonesome. Perhaps, when they got into their first play she could help, some way.

But when he left her to go with Marge to look over the barn which they proposed to transform into a little theater she could not make herself take up any of the small occupations with which she had filled her time while Gar was away from her.

Her old bewilderment had come back to her; she had an unhappy prescience of things going wrong, the course of which she could not stay. She was not helping Gar see life with a man's eyes. She thought of David; if she could talk to him he might help her—

At six o'clock Gar telephoned that he would not be home for din-

me a little something. Sit down—" Kitty indicated a chair.

Carol ignored the invitation. She was walking idly about the room looking at Gar's photographs, until her survey reached the picture of Margery Crosby. She picked that up, frowned at it, and put it back with a little bang. Then she swung around to Kitty.

"Gar leaves you alone like this pretty often, doesn't he?"

Kitty shrank inwardly from an inference in Carol's tone but she answered pleasantly, once casually.

"Just now. He's busy with the committee meetings of the Players. When they get started of course I can help, too, in some way. I don't mind for I have ever so many things to do here." But she flushed; she knew her words fell lamentably short of convincing—Carol had found her doing nothing, perhaps Carol had seen that she'd been crying.

Carol laughed. But her eyes as she faced Kitty were hard. "Oh, you're simple! Committee meetings—he's just tagging Marge Crosby! It's always been like that. Let Marge crook her little finger and Gar runs to her. If I were you I'd stick with them if only to study Marge's technique. It'd help you. You've got a lot to learn!"

Kitty recoiled from the other's bluntness though she answered steadily enough, managing even a little smile.

"Don't put it like that, Carol. I'm not afraid of Marge or her technique, or of anyone. It's kind of you to be concerned, but really, I'm not jealous!"

"Oh, kind!" Carol hung out her hands. "I'm not trying to be kind. I don't care what happens to Gar or to you or to anyone, for that matter. I have my own reasons for warning you. And while I'm about it I'll say a little more. You're sitting on a trap and it isn't a pretty one, either. Gar always gets what he wants—if he plays around long enough with Marge he may see that he can have her and her money and position without much trouble."

(Copyright, Jane Abbott)

Out of her "outraged emotions" Kitty forms a plan, on Monday, to gain control of Gar.

Garner Gets Daddy of All Gavels

Here is the massive gavel, more than six feet in length and weighing 250 pounds, which was sent to John N. Garner, Texas speaker of the U. S. House of Representatives by his friend J. E. Fale of McAllen, Texas, J. J. Berens, woodworker who aided in making the gavel is seen on the left, and E. D. Mathis is on the right.

TO FIGHT VIOLATIONS DALLAS, March 14 (AP)—H. L. Hunt of Tyler, chairman of the New East Texas Oil club, today announced plans of the organization for combating violations of production regulations in the East Texas oil field. He said a special committee deal with violations would be named at an early date and experienced investigators would be furnished to find illegal operations.

NOTICE OF SHERIFF'S SALE STATE OF TEXAS COUNTY OF GRAY

By virtue of an order of sale issued out of the 114th District Court of Gray County, Texas, on judgment rendered in said court on the 8th day of December, 1931, in favor of the Stuckey Construction Company, a Corporation, and against Locust Grove Club, Inc. in the case of Stuckey Construction Company vs. Locust Grove Club, et al, No. 2968 in such court, I did on the 9th day of February, 1932, at one o'clock p. m. levy upon the following described tract and parcel of land situated in the County of Gray, State of Texas, as the property of said Locust Grove Club, Inc., to-wit: Lot No. 7 in Block . . . 1 of the Central Addition to the City of Pampas, Gray County, Texas, said lot fronting 50.81 feet on the south side of Francis Street.

PAMPA INSTRUCTORS ATTEND DEMONSTRATION SCHOOL

CANYON HOST TO TEACHERS ON SATURDAY

ARITHMETIC, READING, LANGUAGE TEACHING METHODS SHOWN

CANYON, March 14.—The coldest weather of the winter did not prevent 19 teachers of the Pampa public schools driving 75 miles to visit classes and see demonstration teaching at the West Texas State Teachers college Saturday.

The visitors saw demonstrations of plays and games as a feature of physical education and Arthur K. Goodman, Miss Elva Fromberger and Miss Novella Goodman, members of the faculty, taught lessons in arithmetic, reading and language. The remainder of the time was spent in going over the college plant and visiting other classes.

Among those in the party were Miss Ila Pool, Mrs. George R. Clark, Miss Josephine Thomas, Miss Florence Jones, Mrs. Jno. E. Hensley, Mrs. J. L. Lester, Mrs. L. K. Stout, Miss Sarah Meyer, Miss Lillian Mullinax, Miss Jewel Montague, Mrs. C. W. Stowell, Miss Clara Brown, Miss Marie Dodgen, Mrs. Sam Irvin, Miss Loma Groom, Mrs. John I. Bradley.

Morris Enloe, Hester Ellis Lester, C. W. Stowell, Ralph Irvin, and Lloyd Oldfather were also visitors from Pampa.

A. L. Patrick, principal of the Sam Houston school was unable to make the trip because of illness.

Seeds Exchanged At Gathering of Priscilla Group

The exchange of seeds held interest during the call at a meeting of the Priscilla club Friday afternoon in the home of Mrs. C. V. Fleming, Hoover.

Yard and garden plants were discussed by the group and Mrs. C. A. Tignor reported on the meeting of the Gray county council of home demonstration clubs held recently.

The hostesses used the St. Patrick theme in entertaining the club and served cake, cream, and cocoa to Mesdames Joe Lewis, Guy Farrington, C. R. Stanley, Marvin Daugherty, Herman Jones, C. A. Tignor, W. D. Benton, and W. F. Summers of Amarillo. The club will meet again next Friday.

Intention to Wed Here Is Signified

The second intentions to marry filed this year at the county clerk's office were received this morning. The intentions were made by Dennett Phelps and Miss Amelia Wyatt. A marriage license can be issued in three days.

The license business is even worse this year than last, Charlie Thut, county clerk said. By last March, Mr. Thut had sold five licenses. Sayre, Okla., is still the favorite marriage town for Gray county citizens.

Mr. Thut said "it's just against the traditions of Panhandle people, who in the past enjoyed creating a surprise by announcing their weddings, to file the intentions to wed."

Activities Vary For 4-H Members

The 4-H girls' club of Hopkins Gray county among the clubs of its kind, and is making splendid progress under the direction of Miss Ruby M. Adams, home demonstration agent; Mrs. Elmer Sloan, sponsor; Sybil Ward, president; Ethel Mae McCuller, vice-president; Leona Mount, secretary-treasurer; Mary Katherine Ward, reporter; Eileen Sloan, song leader; Percy Mount, pep leader; Lois Andrews, wardrobe demonstrator; Ruth Garrett, yard demonstrator; Eileen Sloan, poultry demonstrator.

Recent activities have included a talk by Miss Adams on yard work, making of house plans, a visit to the club directed by E. H. Clark and a visit to Hopkins Number 1 club, at which time a stocking-making demonstration was given by Miss Adams.

LIKES YOUNGSTER

SAVANNAH, Ga., March 14 (AP)—Shono Collins, Red Sox manager, is making a sure-fire first baseman out of Johnny Reder of Fall River, Mass., who entered the training camp with the pitcher. Since he has shifted him to first base he has become quite enthusiastic over the rookie's chances for a regular berth.

JAPANESE PUNISHED

SHANGHAI, March 14 (AP)—The Japanese consulate has announced that a 15-day jail sentence had been imposed on a Japanese civilian responsible for the beating administered a week ago to Miss Rose Marlowe, an American missionary teacher.

Tailored Togs To Be Seen Easter

BY JANE EADS

NEW YORK, March 14 (AP)—Easter this year will be tailored, and blue in various tones will color the avenues where fashionable women promenade.

More suits will be seen than in previous years and the Easter bon-

or in wide, detachable and adjustable belts—the prevailing mode. The lines of the skirt are straight and slim with a few soft pleats, boxed or inverted, which give the necessary fullness.

Along the more exclusive thoroughfares Easter Sunday, dressier suits will be seen. Most of these are worn with swathing collars of fur which in most cases are detachable. Fox, blue, beige, gray, silver or black predominates, though Russian or sable-dyed kolinsky is popular.

Jackets on dress suits generally are high waisted and fit snugly to give the effect of a single costume. Usually the blouse matches the suit in color. Lighter weaves and lighter colors, particularly beige and grey, are noted in these more or less formal ensembles.

Coats and suit jackets are nearly all high-waisted and feature high

buttonings. All manner of little capes are worn.

Coats are loose about the shoulders and upper parts of the sleeves, gradually coming in just above the natural waistline, and slender and straight below. Sleeve details are interestingly varied with the general tendency toward fullness above the elbow.

Blue leads. Black is smart. Beige and gray are close runners-up. Some soft shades of green, rose reds and yellow browns also will appear.

The military influence evidenced in red, white and blue color combines, brass buttons and epaulettes, will not be so noticeable by Easter time.

The hallow-crowned, narrow-brimmed hat is particularly favored and shiny straw is the leading fabric. Most hats tilt high on the left side and well down over the right side of the head. But for those

REVIVAL BEGUN BY CHRISTIANS

GOOD MUSIC IS GIVEN AT SERVICES ON SUNDAY

The revival at the First Christian church started favorably yesterday with large audiences both morning and night. Music was given by a large choir, supplemented by several young people of the Christian Endeavor society. A program of music also was rendered by the orchestra under direction of Herman Kreiger, and a special number by a mixed quartet was enjoyed. Wednesday night a men's chorus led by John Sturgeon will be in charge of the music. Everybody is invited to attend the services during the revival, which is to continue over Easter Sunday, March 27.

There were four confessions of faith and one addition by transfer yesterday. The baptismal service at night was most impressive, the window of art glass recently dedicated to the church, making it appear that the candidates were being immersed in the Jordan river.

There will be preaching every night at 8 o'clock. Services will be interesting and will close promptly. "What's Wrong With the World?" will be the sermon topic tonight. This will not be a lecture, but a real sermon going to the root of the question, and giving God's cure for human ills and present distressing conditions. "Everybody should hear this, whether members of any church, or of no church. Invite your friends, and go after them, and bring them," urged the Rev. F. W. O'Malley, minister.

CHRISTIAN SCIENCE CHURCHES

The lesson-sermon subject was "Substance" in all Churches of Christ, Scientist, Sunday, March 13. The golden text was from Hebrew 11:1. "Faith is the substance of things hoped for, the evidence of things not seen."

Included in the service was the following passage from the Bible (James 2:14): "What doth it profit, my brethren, though a man say he hath faith, and have not works? can faith save him?"

The lesson-sermon also embraced the following citations from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (pp. 145, 242):

"Our Master's first article of faith propounded to his students was healing, and he proved his faith by his works. . . . The fingerprints of divine Science show the way our Master trod, and require of Christians the proof he gave, instead of mere profession."

Mrs. Worley Will Pay for Cost of Caring for Baby

Mrs. Phoebe A. Worley announced at the welfare Board this morning she would pay all expenses of keeping an under-nourished baby in Worley hospital. The baby was placed in a local home Saturday. Mrs. Worley said the \$46 paid to the hospital by the Board would be refunded. She suggested that a fund for use in a similar case in the future.

The Board received contributions this morning totaling \$7.50. Of this amount, \$2.50 was anonymous, and \$5 was from the B'Nai Israel Sisterhood of Pampa.

The Welfare Board announced that since the money was not used to pay the hospital, donors could call at the Board office in the basement of the city hall for their money, or they could accept Mrs. Worley's suggestion that the fund be used for needy and distressed children. A spokesman for the Board said that such cases arise at frequent intervals, and that the money would be set aside for the purpose of helping that class of children.

crats and 112 republicans, with Representative Kvale of Minn., the lone farmer-labor member, in opposition to the motion to consider the wet bloc's proposal.
Republicans favoring bringing up the legislation immediately numbered 97 and the democrats 90. The resolution in question, which now must stay rejected in committee, would in effect put up to the states an amendment for replacing national prohibition with a state control plan. Even if today's motion had prevailed, it would be necessary for those favoring the legislation to command a two-thirds majority in both congressional branches before the proposed new amendment could be sent to the states.

JOHN IS WORRIED

LOS ANGELES, March 14 (AP)—The 23-player limit has Manager John McGraw of the New York Giants perturbed.
"I am going to keep three catchers, nine pitchers, five outfielders and six infielders," says John. "Some good men will probably get away no matter what happens."

Denver Gang Is Suspected Now In Kidnaping

HOPEWELL, N. J., March 14 (AP)—A "suspicious gang" has come east from Denver, Colo., and is involved in "mysterious activities" in and around New York, which are being investigated in connection with the kidnaping of the Lindbergh baby. Col. H. Norman Schwarzkopf, head of the New Jersey state police, announced.

DENVER, March 14 (AP)—Three Colorado men who are known police characters were arrested Feb. 16 in Jersey City, N. J., for carrying concealed weapons and were held there while police investigated their presence in the region.
They told Jersey City police they were "waiting for the big boss" and were released after investigation.
They are August Marino, who later was arrested in Denver on a liquor charge; Charles Banda, Pueblo, who was shot in the back several days ago in southern Colorado and refused to name his assailant; and Eugene "Checkers" Smatdome, reputed gangster who was mentioned for a time in the Benjamin P. Lower kidnaping case when he accepted a letter for delivery to the kidnaped man.
and Frank Brown were visitors.

The scouts attended an unusual program on safety sponsored by the Kiwanis club. We are expecting a large crowd of boys at our next meeting, Friday night, 7 o'clock sharp.

All around the CLOCK..

● There's only one thing that will chase a morning grogginess quicker than a warm shower. And that's a cold one. With a Chesterfield to follow. And even if you're rushed... there's time to appreciate Chesterfield's better taste.

● One man likes his coffee weak. Another likes it strong. But it's dollars to doughnuts both want mild cigarettes. And that means Chesterfields. They get you started on the right foot. They're good anywhere. Anytime.

● And later... in the office when the phones begin to buzz and the big boss begins to shout... put Chesterfield on the job. It starts out cool... stays cool... and keeps you cool in a hot spot till the final whistle blows.

● It's going to be a big evening. So change your clothes and step out. And don't forget your Chesterfields. You'll need them. And if it's mixed company you'll want to take an extra pack. Their purity is their password... wherever people are particular.

● Chesterfield has never failed to make its contract. It bids a grand slam for mildness and better taste... and comes through with all the honors every time... Because every shred of Chesterfield leaf is carefully selected... and by men who "know."

● One more Chesterfield and you can call it a day. And notice... the last one tastes just as good as the first. That's no accident. That's the sum and substance of Chesterfield's popularity... told in two words... "They Satisfy."

THEY'RE MILDER... THEY'RE PURE... THEY TASTE BETTER... They Satisfy
