HEAVY VOTE IS BEING CAST HERE

Hot Campaigns in Many Cities Causing Voters to Hurry to Polls

There is a possibility that we do not want the best economist, but only the second best, admits Gilbert Seldes in the New York Journal.

Including Us? Perhaps the best economist is your barber, or the street corner diplomat, or maybe your garage man. Certainly these experts have sure-cures enough.

Power Needed Dictatorships have their good points. For one thing, action is quick and easy when one man is powerful enough.

Not So Good Liberty in the abstract is not so good as one might imagine. A Robinson Crusoe has it, but without limiting it he cannot have movies, ice cream served in a corner drugstore, cigars, sermons, and a helpmate.

Not a Headline It's getting fashionable to announce divorces with all the pomp and ceremony of the engagement.

There are a number of ways to hasten prosperity. And holding of five or six warm elections a year is not one of them.

Perhaps your worst enemy—he who makes you feel like thirty cents and won't even take you at that figure. Are you selling your

friends to your acquaintances at par?

**Mr. Bowers Again**  
 Remember Keynoter Claude G. Bowers? Well, Mr. Bowers is very, very much worried. His friend Al is not doing too well politically of late. And the democrats are showing friendship for what Bowers calls the "special privilege" oil tariff. Says Bowers: "From the democratic standpoint, we have never seen anything quite so degrading and destructive as the exhibition of last Saturday. Democrats wrestling for the banner of privilege was a sight for the gods and enough to make the angels weep."

**Terrible**  
 Just when we think we are going, at last, to get one nite of the protection that has so long been afforded the industrial east, Representative Crisp of Georgia burst out with this: "Gentlemen, what are you trying to do? Are you trying to balance a budget deficiency caused by a republican administration? I have no proof of it. But as I watched the vote yesterday afternoon by tellers on the oil proposition I suspected what was going to happen today, and it has been happening—a log rolling tariff is making with embargo rates." Then Bowers added: "What a spectacle!"

**The Smashup**  
 We quote these extracts to show the breaking up of party lines as distinguished from geographical needs. The only hope of party line perpetuation is to compromise both politically and geographically, readjusting party precedent to present-

day needs. Election of John Garner or other western leader would be a step in the direction we mean. Unless this occurs, we predict the decay of party lines within the next decade or so.

**Yum, Yum!**  
 The Pampan certainly likes angel food cake, especially when it's the best he ever tasted. So he hastens to add his thanks to that of Mrs. Pampan to Mrs. A. H. Doucette for the most delicious cake she sent the society editor. Not only was the cake delectable, but it was ornamental like the donor. Many, many thanks.

**Our Thanks**

## Students Told of 5-Year Plan Used in Russia

At the high school chapel exercises Wednesday morning Miss Esther Thompson, teacher of mathematics and a member of the business and Professional Women's club, introduced Mrs. Sam Kruger, who spoke at the annual public relations banquet of the Business and Professional Women's club, Tuesday evening.

Mrs. Kruger, a native Russian and recognized authority on the five year plan, talked to the students on the subject. She said that the plan, which was first discussed in 1927 and begun in October, 1928 to last until October, 1932, is a march toward economic independence for the Russians.

She explained that all Russians are equal and that the ones who do the most for the masses and the least for themselves are the leaders in Russia. It is Mrs. Kruger's belief that the Russians are succeeding in their attempt to find themselves and that their Socialist form of government is really bearing fruit.

Preceding Mrs. Kruger's talk, "The House with Nobody in It" by Joyce Kilmer was given by Ruby Scafe, junior high school girl's declaimer and "Columbus" by Jacquelin Miller was given by J. D. McConnell, junior high school boy declaimer; following the talk, popular selections "Sweet Sue, Just You" and "Lies;" were sung by Dorothy Dodd and Dorothy Doucette, accompanied at the piano and saxophone by Jackie Jones and Joe Kahn.

The extemporaneous speakers, Bessie Stein and Clinton Evans, then talked on "Will Three Per Cent Beer Solve Our Economic Problems?" and "Recent Developments in Germany."

Pampa and McLean were in the A classes and LeFors and Alameda, Hopkins, Grandview and other small schools were in the class B division. Capt. The team is composed of Captain Kahl, Leon Robinson, Arvil Haskell, and Dick Sullins. Robinson won the 220 low hurdles in 28 seconds. This was the first time he had run the hurdles so by the time of the district meet he should give some one a plenty good race. ## EXAMS ARE TO MARK START OF HOME STRETCH

The examinations for the second six weeks of the last semester are being held in the high school this week. The most of the week will be devoted to review and tests. The bright students comment that the revival of Learning took place just before examinations seems true for those who observe students this week. There is more than the usual interest in the results of these tests, for next week begins the 'home stretch'—only one more six weeks period remains for students to make up for wasted time. The following has been submitted as a current student's prayer: Now I start me in to cram, I pray the teacher for an easy exam; And if I should flunk at the bitter end, I pray the folks will comprehend.

## Girls Win Two Debates in Week

The girls' debate team of the high school, composed of Yedda Stein and Opal Denison, met the girls' team from Groom in two debates the last week and came out victorious in both discussions. This is the same team that defeated LeFors and McLean for the championship of Gray county.

## Tennis Players to Enter Tourney

Pampa high school tennis teams will go to Amarillo Saturday morning to take part in an invitation tennis tournament.

## Football Game to Be on Thursday; Boys Work Hard

The football game between the Harvesters and ex-Harvesters will be played next Thursday. A large crowd is expected to be at the game. Fans will have a chance to see how the boys who will play next year stack up against men like Salsbury, Leard, Peffer, and many of the other ex-Harvesters. The Exes will have more experience and weight than the Little Harvesters, but they have not played together while the Harvesters have been practicing together during the spring training. Coach Mitchell thinks many of the boys will be able to hold their own in weight and experience. These boys will put up good games and it will be worth anyone's time to see whether the team next year will be as good as they have been in the past.

## Machinery Firm Guarantees Higher Prices for Wheat

CHICAGO, April 5.—Higher prices for wheat, corn and cotton are guaranteed by the International Harvester company in an offer to this year's purchasers of certain important crop producing and harvesting machines. The higher prices guaranteed are 70 cents a bushel, Chicago, for wheat, 50 cents a bushel, Chicago, for corn and 8 1/2 cents a pound, New Orleans, for cotton.

George A. Ranney, vice president in charge of sales, said today: "We are convinced that the reluctance of farmers to buy implements needed for the economical production and harvesting of their wheat, corn and cotton crops is due to the present unsatisfactory prices of these commodities, and we believe that if they were assured of higher prices for their products they would not hesitate to purchase the new cost-reducing machines that they need."

A., dedicated the third tree, the high school band played a special number. An Arbor Day song to the tune of "America" was sung by a group of junior high students; afterwards Mrs. E. C. ## Tips on CONTRACT

UNWARRANTED FORCING TAKEOUTS BY TOM O'NEIL

Forcing takeouts, that is bids higher than necessary to overall partner, usually require three honor tricks or more. Such a takeout asks that partner keep on bidding at least until a game contract is reached. A forcing takeout on mere length alone, without quick tricks, invites severe penalties. The principle may be illustrated by a hand which, as played by Lieut. Alfred M. Gruenther, well known tournament referee, resulted in a slam through the help of the defense, good distribution and other factors. The lieutenant was a pinch hitter for a competitor who was temporarily absent from the table.

The bidding went: South one spade, west pass, north three hearts, east pass, south three spades, west pass, north four spades, east pass, south six spades.

After the forcing takeout Gruenther led his spades to show strength and when north indicated satisfaction with spades as the make, the lieutenant very properly jumped to a little slam. He had almost an original two-demand bid in his own hand and counted on at least three honor tricks in the north hand.

As a matter of fact under the honor trick system of valuation north had only 1 1/2 honor tricks, warranting only an overall of two hearts. The lieutenant said nothing and went sternly about his duty. West, obliging, led a trump. South won, led the ace of hearts, then led to the queen of spade. East was kind enough to cover the queen of hearts when it was led from dummy. All the trumps were drawn. Luckily the ace of diamonds was in the west hand so that the king afforded a reentry to dummy.

Losing clubs and diamonds in the south hand were discarded on the hearts, the defense making only the ace of diamonds. The absentee returned ere the hand was finished and watched. "You played that in a very dangerous manner," she told the lieutenant. He resumed refereeing with comment.

## McGraw Pleased By His Giants

CARLIN, Nev., April 5. (AP)—Put down Manager John McGraw as well satisfied with his new York Giants. "As a whole," he said as the team made its way eastward yesterday, "it is in condition to open the season right now. If we get an even break from the weather from now on we will be in perfect condition for the start, barring accidents. I'm not predicting any pennants but I'll admit the Giants of 1932 look good to me."

## INTERURB SERIES

PHILADELPHIA, April 5. (AP)—Even in their quest for the mythical championship of the city, the Athletics and the Phillies interrupted their five-game series today for games at Princeton and Reading, respectively. The city series stands at one victory apiece, but over that it stands at 12 runs apiece. The Phils beat the A's 8 to 4 at Shibe park Saturday and the A's licked the Phils 8 to 4 at the Phillies' park yesterday.

# Scanning New Books

BY WARE TORREY

NEW YORK—Tragedy, futility and disappointment stalk through the pages of "Three Lovers" by A. J. Cronin, author of "Hatter's Castle." It is the story of Lucy Moore, a Scottish woman, whose love was so intense that it destroyed her happiness and finally even her life.

Lucy loved her husband to the point of obsession. When she thought he was about to desert her she set out in mad haste to prevent it, and thereby caused his death.

Immediately she transferred her fanatical love to her son. She worked at degrading jobs, lived in abject poverty, eschewed all enjoyment of life to enable a none-too-appreciative son to become educated at a physician. When the goal was in sight, Lucy's son delivered the crowning disappointment to religion for solace.

The prospect of devoting the rest of her life to serving God brought new enthusiasm to Lucy and she entered a nunnery. Here again her consuming emotions would not compromise with temporal exigencies, and Lucy left the convent, a broken, defeated woman.

As A Reporter Sees Life

Georgette Carneal, as a reporter for Baltimore and New York news-papers, studied life in those more realistic of classrooms—the morgue and police court.

A resulting savage and cynical outlook on life is reflected in her first novel, "The Great Day," a character study of a group of men and women who seek fortune through exploiting tabloid and "true story" journalism.

Miss Carneal, who also is the biographer of Lee de Forest in "The Great Day," has written in style almost an American "Point Counter Point."

New York, which furnishes constant challenge to authors who write in the grand scale, is the background of "Passing Strangers," Felix Riesenbergs new novel.

Riesenbergs struggles to present the manifold aspects of metropolitan life by the introduction of a large cast of characters, "the kind of people you meet in the streets."

Story Of Power

How power came to be is described in the term of the long stream of inventions and inventors by Eric Hodgins and F. Alexander Magoun in their book, "Behemoth: The Story of Power." From Meno's toy steam turbine, invented 150 B. C. to the turbines of today that contain hundreds of thousands of "horses," the authors humanize the processes of invention and incidentally explain a lot about power machines in a very simple way.

In "Search of Power," Lincoln Ellsworth, co-partner with the late Roald Amundsen in two arctic exploits, records a ceaseless quest of adventure in the haunts of the buffalo in the Andes and the frozen seas. Once at Teller, Alaska, fresh

### INJURED GIRL DIES

GARNETT, Kans., April 5. (AP)—Injuries suffered when struck accidentally by an automobile were held by a coroner's jury last night to have caused the death of Mamie Evelyn Patterson, 19, of Lawrence, whose case had puzzled authorities and resulted in three arrests. Miss Patterson was found thinly clad and dying on highway south of Garnett Friday night by a passing bus driver.

### Mule Defeats Eagle

ROCK SPRINGS, Wyo. (AP)—An eagle, which invaded the Henry Kappes barnyard in quest of a lamb was set upon by two farm dogs who were getting the worst of the battle when the milling trio rolled close to the hind heels of a mule. A kick from the mule knocked the eagle 15 feet and the dogs killed it while it was still dazed.

### BANKER NEAR DEATH

BEAUMONT, April 5. (AP)—Oliver G. Graham, 29, until yesterday assistant cashier of the City National bank, was near death at a hospital today, after being found near an undertaking establishment with a bullet through the base of his brain. The United States has almost as much invested in the city of Shanghai as in Japan—\$305,000,000 and \$500,000,000 respectively.

# FACULTY, NEWSMEN, AND POSTOFFICE OUTFITS TRIUMPH

## CIVIC CLUBMEN DROP TILTS BY LARGE SCORES

### MORE PRACTICE SURE TO CUT MARGINS OF VICTORY

The Pampa Playround ball league opened its schedule yesterday afternoon with the Pampa NEWS, Faculty, and Postoffice nines on the winning side. The mail boys defeated the Panhandle Insurance 20 to 19, in a nip and tuck affair. The NEWS took a battle from the Kiwanians, 21 to 12. The Faculty swamped the roaring Lions, 36 to 11.

The teams are just getting under way, and before many games will be holding the scores down. The Faculty has had the advantage of more than two months practice, while the other teams have just been organized.

W. C. Hillman, NEWS hitler, kept the Kiwanis club hits well scattered while in the box. He made way for Hoot Fullingim in the sixth, and Wagner went in in the seventh. Buckingham dished up the shots for the Kiwanians and was on the job. His support was weak in places.

Hol "Hans" Wagner, NEWS third baseman, was the big batter of the day with a home run, two doubles, and a single. Myrick, Pond, Dillman and Hoare followed with several base blows. The fielding of Pond, Fullingim, Jones, and Wagner was outstanding. Pond went deep behind second for one play, while Wagner put out five out of the last six players.

Collins, Rayburn Thompson, Grigsby, and Buckingham led the club attack. Grigsby caught a nice game. Collins on first base was strong, as was Ford and Lee Waggoner in the field. Bill Lang cartwheeled around second base.

The Faculty had little difficulty subduing the Lions. Patrick's fast ball was nearly knocking Weathered down. Gordon, Meek, Mitchell and Workman were the big stick wielders. Moore, Workman and Mitchell were the fielding sensations.

Dr. Hicks was the only Lion hurler that could cope with the Faculty sluggers. He went to the mound after Fenberg, Bratton and Kennedy had retired. Wayne Kelly caught a good game. Fenberg and Kennedy were the heavy hitters for the Lions. Sone, Kennedy and Bratton were the pick of the Lions defense.

The mail slingers defeated the insurance men in the last inning when Manager Bob Sanford lifted one for four bases. Flaherty also hit for the circuit. Pitcher Wallace was in form and held his own against Skeet Stewart, hurler for the insurance boys. O'Keefe was behind the bat.

Carter, O'Keefe and Lard were the sluggers for the Panhandle Insurance outfit. They hit the ball far and often. The team was completely organized should be one of the strongest in the league.

The Postoffice boys are also rounding into shape and should be ready for all comers soon.

The games scheduled for tomorrow afternoon follow:  
Lions club versus Panhandle Insurance at Sam Houston school.  
Postoffice versus Kiwanis club at Baker school.  
Pampa NEWS versus Faculty at Woodrow Wilson school.

## BRUSHING UP ON SPORTS . . . . . By LAUFER

## Finland Peeved by Nurmi Status

HELSINGFORS, Finland, April 5 (AP)—The Finnish Athletic association is willing and ready to investigate the amateur status of Paavo Nurmi although astonished at the international amateur athletic federation's "extraordinary if not offensive action" in suspending the famous long distance runner.

A formal statement, issued by the Finnish association last night, criticized the international federation for taking what it termed unconstitutional action against Nurmi but expressed a willingness to investigate the great runner's standing.

Finland officials maintained the international body had no right to take direct action against Nurmi without waiting for the Finnish association's report on the results of its investigation into Nurmi's status.

Such an investigation was ordered made by the Finnish organization some time ago.

The basis for the charges was understood to involve accusations of padded expense accounts in connection with competitive appearances by the distance ace in Poland, Italy, and Germany.

Olympics Just a Breeze  
If our young men in track shorts continue to manifest the zeal which has been knocking old records hater skelter in the last few months, the Olympic games at Los Angeles this summer may as well be called off.

Otherwise, the international contests will take on the nature of a struggle between Primo Carnera and Pat Redmond, with the visitors from abroad assuming the mantle of the setp.

Sexton and Eastman  
Every day you pick up the paper to discover that another record has been cracked wide open. Perhaps the more remarkable among a half dozen recent performances were the feats of Leo Sexton of the New York A. C., and Ben Eastman, Stanford sprinter and middle distance man.

Sexton moved the 15-30mhd who through the air 52 feet 8 3/8 inches. It was nearly two feet better than Ralph Rose's 51-foot mark which stood for 19 years. It was more than half a foot beyond John Kick's unprecedented mark in the last Olympics, 52 feet and 11-16 inches. It was three inches better than the record of 52 feet 5 3/4 inches made by Big Herman Brix of Los Angeles last year. And Sexton, in an exhibition toss, actually has made 54 feet.

A Modern Mercury  
Ted Meredith's record in the quarter-mile endures for 16 years. Then the other day, Smiling Ben Eastman running in such easy form that an observer cracked "he could carry a cup of water on his head and never spill a drop," clipped a full second off Meredith's mark, the timers catching him in 46 2/5 seconds. Stanford's coach says Blazing Ben has not reached the top of his speed.

## PICKED EX-HARVESTERS WILL PROVIDE STRONG OPPOSITION

### Brilliant Stars of Past Years Will Match Wits With Spring Squad.

The football classic of the spring season will be played at 3:30 o'clock Thursday afternoon at Harvester park when the 1932 Harvesters meet a team of picked ex-Harvesters. Coaches Odus Mitchell and Argus Fox are putting their charges through a tough schedule of training for the big encounter.

Although neither team has announced a starting lineup, it is well known that the ex-students will have Saulsbury, Lard, Benton and Chastain ready for action. The Harvesters will probably have two backfields—one for shock troops and the other light and fast. The line will be heavy when the light backfield is in action.

The coaches will also use a combination backfield as an experiment. An effort is being made to secure a couple of strong backfield contenders and experiments will probably be made.

The ex-Harvester line will be composed of "afford, Mullen, Ayres, Seitz, and others. The town coach has not been selected as yet.

## Evan Williams Going to Drake

DES MOINES, Ia., April 5 (AP)—Evan O. (Bill) Williams, who built up a great record as a coach of winning teams at South high school in Minneapolis, will direct Drake university's athletic affairs next year.

His selection as athletic director and head coach in both football and basketball was announced late yesterday by President D. W. Morehouse of Drake. The contract is for one year.

## Hockey Favorites Will Open Series

NEW YORK, April 5 (AP)—Two of major league hockey's most powerful arrays, the New York Rangers, National league champions, and the Toronto Maple Leafs, open their series for the Stanley cup here tonight.

The cup, emblematic of world professional hockey supremacy, will go to the team first winning three games in the five-game series. After the opening game, the Rangers will take their second "home" game to Boston Thursday night since Madison Square Garden will not be available. The third game will be played in Toronto Tuesday and Thursday of next week.

During the regular national hockey league season the Leafs out-scored the Rangers, 155 goals to 124, but the Rangers permitted the opposition only 112 goals compared with 127 scored on the Leafs.

The teams clashed six times during the regular league season and Toronto won four games and the Rangers two.

## Attendance Award Is Widely Sought

WICHITA FALLS, April 5 (AP)—With the Spudders on the road for two days, baseball interest today centered on the start of an intensive campaign to win the opening day attendance award for Class B cities. Activities are in charge of the chamber of commerce and the sale of tickets opened today with more than 50 active solicitors in the field.

The road games are with Des Moines of the Western league at Frederick, Okla., and Manager Hank Severeid announced before the departure of the squad the pitching selections today would be a brace of right-handers, Howard Taylor, and Rebel Byram.

## BIG BOB TO START

NASHVILLE, Tenn., April 5 (AP)—Big Bob Fothergill, despite his fielding faults, probably will start in the outfield for the White Sox when the American League campaign starts. The round outfielder has shown symptoms of going into one of his famous spring hitting spells and the White Sox need base hits.

CINCINNATI, April 5 (AP)—Confident his team is the most powerful it has been in the last two years, Manager Dan Howley will send the Cincinnati Reds against the New York Yankees this afternoon.

## LOTT LIKELY TO RETIRE AND BOOST TEXAN

### ALLISON PROBABLY TO JOIN VAN-RYN IN DOUBLES

PHILADELPHIA, April 5 (AP)—The press of personal affairs on a young Chicago business man may prove a severe blow to the United States in this year's Davis cup competition.

It probably will break up—the Lott-Van Ryn combination which held the Wimbledon doubles title and won the Davis cup doubles against England last year. The team had been counted on to annex the doubles for the United States this year.

George M. Lott disclosed the situation yesterday in a telegram to the sports editor of a Philadelphia newspaper which said: "I am retiring from Davis Cup competition this year for business reasons."

The telegram was sent from Houston, where Lott played in an

## Carey Not To Weaken Defense

MONTGOMERY, Ala., April 5 (AP)—Manager Max Carey of the Brooklyn Dodgers seems to have come to the conclusion it will never do to weaken his infield in two spots by shifting Joe Stripp, a natural third baseman, to first base in place of the ailing Del Bissonette.

Stripp is a fairly capable man at first base but he's a much better player at third. With Stripp at third, Wright at short and Cucinello at second base, the Dodgers have only to worry about first base. Murray Howell is being tried there now but the chances are Carey will obtain an experienced guardian for that sack by trade or purchase before the season opens.

invitation tournament. There are teamed with Ellsworth Vines to cop the doubles but howed in the singles to a University of Texas youngster, Karl Kamrath. This may have been a factor in his decision to retire from Davis Cup play.

With the ranking No. 2 player unavailable, Wilmer Allison appears to be the strongest candidate to support John Van Ryn in the doubles. He recently won the Pan-American championship and probably will be in the running for both singles and doubles berths.

## NATIONALS IN STEADY CLIMB IN EXHIBITIONS

### FEW MORE WEEKS OF PLAY MIGHT EVEN ALL

NEW YORK, April 5 (AP)—Just stretch this spring training season a few more weeks and the National league might pull up on even terms with the American in their inter-league series.

From an impressive 650 two weeks ago, the American league's winning average against the National had shrunk to a modest .581 today, based on 25 victories and 18 defeats.

As a matter of fact had the world champion St. Louis Cardinals upheld their end, the National league might be in the lead. Of six contests with American league rivals the Cardinals won only the first.

Of the American league's victories, the New York Yankees and Philadelphia Athletics have contri-

Against all major league opposition, the Boston Red Sox and Washington Senators each have perfect records. That's not as impressive as it might sound, however, for each has played only one game against a major league team. The real leaders are the New York Giants with ten victories and four defeats.

In games of all descriptions, Washington leads with 14 victories and one defeat. The Chicago White Sox and Cleveland Indians have won 12 and lost 1 each and the Boston Red Sox nine and one.

# KITTY FREW

by JANE ABBOTT

**SYNOPSIS:** Christmas Eve passes slowly while Kitty Frew waits for her husband, Gar. At last he comes home. This is unexpected, although Gar leads a splendid life. While Kitty urges him to be practical, she does not realize that his theater work leads to interest in George Crosby.

### Chapter 29

**"WHAT PRICE CHRISTMAS?"** TUBBY anticipated Kitty's cry of alarm.

"It's nothing, Kit—he took a little too much that's all. This Merry Christmas business, y'know. Just let Red and me put him to bed. He'll be fine and dandy in the morning, you'll see. The stuff was all right, don't worry."

Kitty, wordless, retreated before them, her eyes averted from the sight of their dragging burden. A nausea seized her. She went to the window and hung it up, wildly, staring blindly out into the black and white night.

Oh, that wasn't her Gar—that hanging, shambling figure!

"I say, Kit, Tubby came out of the bedroom and stood beside her, his round face concerned. "Don't take it like that. It doesn't happen to Gar very often. Of all us fellows Gar knows the best when to stop. It got him tonight because he hadn't had any supper. Come

"You'll hate me always. You'll never forgive me. I don't deserve to have you forgive me, spoiling your Christmas. I'm disgusting. I won't ask you to forgive me."

And she'd found that she could forgive him when he clung to her so, and that such forgiving was sweet.

"It won't happen again, sweet, you'll see. You know what I think of men who can make such beasts of themselves."

She did know. She knew Gar's fastidiousness about his personal appearance. She could believe him when he said it never would happen again.

During the days that followed he had been anxiously devoted, loving, humbly appreciative of her forgiving.

The play had run through the holiday week with great success. Kitty had sat with Gar through the first performance, sharing his nervousness and his satisfaction.

"Now we'll have to get busy on the next play," Gar had said, and she had felt no rebellion; his interests were wholly hers.

She frowned down, now, at the envelopes before her, she wouldn't let these bills come between her and Gar.

She knew the exact amount of

"You'll hate me always. You'll never forgive me," Gar told her.

on, Kit, come away from that window." He took her arm urgently.

Kitty shuddered away from his touch.

"I loathe you all!"

"Now, Kit, you don't, not anything of the sort. Tomorrow Gar'll be as sorry as hell, missing the party. Don't be hard on him. It's when a fellow stubs his toe like this he needs his wife. You got a tree all fixed up and everything, haven't you? And a new dress? Kit, come on to the dance with me, I'd like that."

It got through Kitty's distress that Tubby was trying to help her. She smiled, a little wanly. "Oh, no, Tubby, thanks, I couldn't go. But I'm all right." She let him shut the window behind her. She faced Red as he came out of the bedroom.

"Thanks, Red," she said to him, her head up, her eyes proud.

"He's sound asleep now, Kitty. You won't hear a peep out of him until morning."

Tubby lingered after Red had gone out of the door.

"Sure you won't change your mind and come along with me?"

"I couldn't, Tubby."

"Well, then, Merry Christmas, Kit."

The holidays well over, "What price Christmas?" laughed Kitty, dolefully, facing a little accumulation of bills which had come in after the first of January. She had put them unopened into a drawer of the buffet. It had been a childish thing to do.

She'd been afraid of a quarrel. Gar always was so difficult when she touched on their finances. And just now she could not bear that any rift should come into the closeness that had grown out of that horrible midnight of Christmas Eve.

She had lain that night through, uncomfortably curled among the pillows of the divan in the living room, sleepless, wretched, shamed. Long after a thin streak of cold daylight crept across the room she had fallen into a troubled sleep from which she had wakened to find Gar kneeling beside her. His remorse had been heart-breaking. He had been incoherent, fumble, self-debasing, burying his face against her shoulder like a little boy.

**SAYS CONGRESS DECEIVED**

WASHINGTON, April 5. (AP)—A charge that congress has been "deceived" and the country "betrayed" by powerful banking interests working through the reconstruction finance corporation was made today by Senator Capper (R., Kan.) in a radio speech. Capper said the \$12,000,000 loan to the Missouri Pacific railroad was "unjustified, contrary to public policy, and a moral violation of the terms of the act."

**PROFITS VERY SMALL**

HELSINGFORS, Finland, April 5. (AP)—Hundreds of Finland's citizens lined up before Helsingfors liquor shops this morning for the first legal sale of liquor in 13 years. Tables for tonight have been booked at many restaurants for several weeks, but protests by the restaurateurs against the low proportion of their profits, as fixed by the government regulations, may dampen the celebrations somewhat.

H. L. Blake of Bunker was a Pampa visitor yesterday.

L. N. "Irish" Brashears of the White Deer REVIEW transacted business here this morning.

## WINS APOLOGY

"My mistake and here's \$2500 for it" was the substance of an apology given Lewis B. Tebbets, above, St. Louis insurance man, by former President Calvin Coolidge, pictured below. Tebbets had sued Coolidge for \$100,000, claiming that a recent radio address of the former president had injured his business. Coolidge had warned the public against the so-called "twister" who offers to save money by placing life insurance policies in another company.

## School Census To Reach 2800

The scholastic census of the Pampa Independent school district will be around 2,800, it was announced today. This is a decrease of approximately 600 scholastics since last year. It has been a self-evident fact that for some time that the 1932 census would show a decrease.

Mrs. J. H. Blythe, census enumerator, took the census during March. Final figures can not be released for several days. The greatest decrease in scholastics was south of the Santa Fe railroad.

As a consequence of the drop, it will be necessary to reduce the number of school teachers in the system about ten. The scholastic apportionment this year will be \$16.50 per scholar instead of the \$17.50 that was paid by the state last year. This will cut down by \$10,000 the fund that has been available heretofore. Last year the scholastic population of this district was 3,400. At the present time the enrollment in the district is around 2,800. Supt. R. B. Fisher pointed out that the school enrollment is always several hundred less than the census enumeration shows.

The decrease has been in the grade schools. The high school enrollment has increased in the last year. Last year at this time, the

## Darrow Loses in Legal Skirmish

HONOLULU, April 5. (AP)—An early legal skirmish in the trial of the sensational Kahahawai murder case lost to a youthful assistant prosecutor, the veteran Clarence Darrow, noted criminal lawyer, returned today to the task of selecting a jury from panels composed of a medley of races.

A dramatic clash between Darrow, bent with age and slowly patient, and relentless young Barry S. Ulrich ended in victory for the assistant prosecutor and the seating of a juror Darrow tried to show was biased.

Shortly before that court fight, the 74-year-old Chicagoan lost a point to John C. Kelly, newly-appointed public prosecutor, when the court ruled that whether Joseph Kahahawai was innocent or guilty of an assault on Mrs. Thalia Masielle had no bearing on the case.

Mrs. Masielle's mother and husband, with two sailors, are on trial for the lynching of the young Hawaiian. The mother, Mrs. Grandville Fortescue, sat during the first enrollment in the district was around 3,000. The decrease of 600 children represented about 150 families.

## Cabot Co. Has Expensive Fire

Fire of unknown origin destroyed a five-place garage and badly damaged two automobiles at the Kingsmill plant of the Cabot Co. yesterday afternoon. A Pampa fire truck answered a call but by the time it arrived the building was gutted.

Fire Chief Clyde Gold estimated the loss at about \$1,200. He believes the fire started in one corner of the building.

The department answered a call to the corner of South Cuyler and Craven this morning at 7:45 o'clock. A small building had caught fire from a gas stove. The blaze was extinguished with very little loss to property or contents.

Fire loss inside the city limits during March amounted to only \$850.

The average life of a passenger automobile in Austria is estimated at five to six years, with an average mileage of nearly 12,000.

# OIL Gone...

He Drove from Banner to Sheridan on the GERM PROCESSED "Hidden Quart"

The driver for the Sheridan Motor Bus Company was ready to leave Banner, Wyoming, for Sheridan with his big Reo bus loaded with passengers.

Then he made a discovery. The oil line had been accidentally broken, allowing the Conoco Germ Processed Oil to drain out; and the crankcase was empty. With all Banner closed for Thanksgiving, he could not get oil and had to drive the 16 miles to Sheridan without oil. At Sheridan, inspection showed that the "Hidden Quart" of Conoco Germ Processed Oil had saved the motor from damage!

If Conoco Germ Processed Oil can protect a heavy bus with the crankcase empty, it will certainly give you sure, safe lubrication in everyday driving. It is the only oil that actually penetrates and combines with metal surfaces. That's why a "Hidden Quart" stays up in your motor and never drains away. It cuts down wear in the starting period, when other oils drain away and leave parts unprotected. It gives your motor longer life, with fewer repair bills.

Have this extra protection. Change to Conoco Germ Processed Motor Oil at the sign of the Conoco Red Triangle.
