## SENATOR BLAINE MAKES FUTILE ATTACK ON BIG BILL

The hearts of Pampans are large. Contributions to help keep underprivileged children in Baker school continued to arrive yesterday to this column and to Principal J. A. Meek. They included: Judge Ivy Duncan, another \$5 gift; Alex Schneider, \$1; E. G. Barrett, \$5; Gordon store, \$8.36 in shoes; Dr. V. E. von Brunow, \$1 and \$2 every two weeks; Presbyterian auxiliary, \$10.

**Our Thanks!**  
The Pampan, in behalf of himself, Principal Meek, and the children, extends sincere appreciation of these gifts. It is hoped that the donations will continue until every child is assured of good food at noon, if he is hungry. The need is great. Fill in this coupon today, folks:

Mr. J. A. Meek,  
Principal, Baker School.  
Allow me to help keep those children in school.  
I am enclosing a dollar for your cafeteria fund.  
(Signed):

**Neighborliness**  
Back in pioneer days, Pampans were generous and neighborly. The onrush of progress has not diminished that generosity, but it has made it impossible for most of us to know how great is suffering within our midst. Some people believe charity here is over-emphasized. Our answer is this: Go and see.

**For Example**  
There is a mother, with 10 children, sick, and the husband away in another part of the state, lying helpless in a hospital. What can this mother do, except rely upon the Good Samaritans of this community? There are dozens of other cases equally deserving. Unemployment is bad enough, but coupled with sickness it is a problem which should rend the hearts of fellow humans. There are obstetric cases in which the little ones arrive in quarters not suitable for a Hereford. Then steps in the welfare workers, with clean bedding, a layette, medicine, doctor, and food. Those who have must share with those who have not.

**But Be Careful**  
But it must be said, to complete the story, that welfare agencies simply must investigate while they help. To some, asking charity is a racket. Some persons go from agency to agency, making false claims and seeking a living without work. It is unfair to those who are deserving to have to share with such individuals. Handling charity work is not a job for those with weak hearts and

### THE WEATHER

WEST TEXAS: Fair, frost in the southeast portion tonight; Saturday fair.  
OKLAHOMA: Generally fair tonight and Saturday; not much change in temperature.  
—AND A SMILE  
LOS ANGELES (AP)—Pats of the late Mrs. Sarah C. Lincoln gnawed bone and lapped milk contentedly today as though they understood all about the provision, their mistress had made in her will, setting \$5,000 aside as a "pet" fund for them.

### HIS SUPPORT IS LACKING AS VOTE NEARED

HOUSE APPROVAL FOR MEASURE SEEMS CERTAIN

### TARIFF ISSUE IS RAISED

BREWING OF BEER IS URGED IN BOTH HOUSES

WASHINGTON, Jan. 8. (AP)—The reconstruction corporation and the democratic tariff bill engaged the senate and house today in debate that was expected to end by tomorrow with passage of the proposals.  
From ranks of republican independents, Senator Blaine directed an assault on the proposal to give federal backing to a huge corporation for spreading credit. His objections did not command such support as to threaten the legislation, however. House approval next week also is looked on as certain.  
Republicans condemned and democrats sanctioned the tariff bill, the prospect being for a straight party vote on it. How the senate will receive the measure remained to be seen.  
Committees of both branches accumulated reams of testimony on proposals to allow brewing of beer to build up the navy and for federal relief of the unemployed, along with other topics.

### Many Agents Are Coming Tuesday to Big Demonstration

All farm and home demonstration agents seen by Ralph R. Thomas, county agent, at Amarillo Wednesday and Thursday at the recreation school, announced they would attend the meat cutting demonstration and curing demonstration to be held Monday and Tuesday at the Irvin Cole farm one and one-half miles south of town.  
On Monday night, the chamber of commerce will entertain the visitors at a chamber of commerce banquet in the Schneider hotel, beginning at 6:30 o'clock. Later during the same evening, C. B. "Brownie" Akers will be host to the visiting officials and agents at a theater party at the La Nora theater where Janet Gaynor and Charles Farrell will be shown in "Delicious."  
Monday afternoon the visitors and several local citizens will drive to the Cole farm where hog-killing will begin at 1 o'clock. There will be one hog for two agents. Mr. Snyder will demonstrate the proper way to kill a hog, and the agents will then butcher their hogs. On Tuesday, beginning at 9 a. m., Mr. Snyder will cut the meat, and will give a curing demonstration. He will be assisted by Mr. Regenbrecht. Mr. Snyder is famed throughout the southwest for his skill with a butcher knife.

### Lions Talk About Major Activities

Major activities of the Lions club for 1932 were discussed in lively fashion at yesterday's luncheon. From the suggestions made, the club will draft its program for the year.  
The clubmen enjoyed piano solos by Hugh McSkimming, who played "Twinkles," his own composition, and another number upon which he is working.  
Speakers yesterday included W. H. Curry, Rev. A. A. Hyde, Howard Neath, Dr. R. A. Webb, Dr. H. L. Wilder, and R. B. Fisher. Bill Castleberry was a visitor.

### Library Board To Convene Tonight

Members of the Pampa Library board will meet at 7:30 o'clock this evening to consider regulations for management of the institution under municipal control.  
Miss Tennessee Malone, librarian at West Texas Teachers college, was to meet with the board to advise the members.

**"FATS" HENRY ELEVATED**  
WASHINGTON, Jan. 8. (AP)—Executive control of Washington & Jefferson college athletics today was in the hands of Wilbur "Fats" Henry, all-American football tackle of a decade ago.

### ASKS MILLION

Here is Mrs. Sol Elisha with material evidence in the form of baseballs that she should sue the owners of the Beaumont baseball club for \$1,000,000 because her house was a target for wildly hit balls and her ears were struck by profane words that came from the field where the Beaumont Exporters practiced. May or Emmet Fletcher of Beaumont is one of the owners of the club and one of the six business men against whom the suit is filed.

### PLANE TRIP IS MUCH TALKED

Many Would Like to Be Shown Hollywood by Bill Jackson of Pampa.

The NEWS' circulation campaign manager was in the Harvester Drug store yesterday afternoon and while there overheard much talk between the various men about the fortunate candidate who will fly over the Transcontinental Western Airline from Amarillo to Los Angeles immediately after the contest is over, and how they would like to meet Bill Jackson and see the City of Los Angeles as he can show it.  
Believe me, those boys can learn lots from Mr. Jackson. He was telling Mr. Akers and the campaign manager how the people in Japan and China sometimes pay their taxes.  
In fact, that fellow Jackson can wise one up on many happenings throughout the world.  
And I for one am going to be present at the La Nora to see "Burnin' Ghats" when it is presented next week.  
The Buick automobile, purchased from Tom Rose Buick company, and the Chevrolet automobile purchased from Culbertson-Smalling Chevrolet company, are ready and waiting for

### Citizen's League Formed in City

A Citizens' league was organized last night at the Schneider hotel for the expressed purpose of "effecting more economy in the management of the city's financial affairs, and to interest local citizens in good government," it was announced this morning.  
About 25 men representing several professions, trades, and business establishments were present, it was said. A plan of procedure will be discussed at the next meeting of the league. Henceforth, meetings will be held each second and fourth Tuesday of each month at the La-bor temple. Officers will be chosen in the near future, it was said.  
The League expects to take an active interest in the city charter election to be held in March and in the city election to be held in April, it was indicated.

### MUCH BRIBERY OF GUARDSMEN IS UNCOVERED

LIQUOR RUNNERS GIVE MONEY SO THEY MAY LAND

### COURT MARTIALS LOOM

TWENTY MEN TO FACE TRIAL FOR TAKING BRIBES

NEW YORK, Jan. 8. (AP)—Wholesale bribery of coast guardsmen by liquor runners in the New York area, the total running to an estimated million dollars, was revealed today by Federal District Attorney Howard W. Amell. Twenty coast guardsmen, he said, have been arrested, and some had confessed complicity.  
Amell said: "Coast guardsmen have admitted complicity in conniving to allow smuggling. We are going to the bottom and unearth every bit of evidence, no matter how high it may reach, before we go to the grand jury for indictments. You may infer that commissioned officers are involved."

WASHINGTON, Jan. 8. (AP)—Charged with having accepted bribes from rum runners, about 20 enlisted men of the United States coast guard today faced a court martial which already had passed sentence on four enlisted men accused of accepting money from liquor smugglers.

### Commission Urged to Take Over Oil Proration Control

AUSTIN, Jan. 8. (AP)—Senator Tomas Pollard of Tyler today requested the Texas Railroad Commission to take steps to resume administration of oil production in the East Texas field. The field has operated under martial law since Aug. 17 when Gov. R. S. Sterling took over personal charge of the area and sent national guardsmen to enforce his orders.

### Yale Professors Approve of Beer

WASHINGTON, Jan. 8. (AP)—Opening hearings on legislation to amend the Volstead act, a senate committee today received the opinion of two college professors that beer drinking among students generally is harmless.  
Professor Yandell Henderson of Yale university testified that three or four per cent of alcohol by volume is not intoxicating and that "student beer drinking is harmless physically and advantageous socially."  
In a letter read to the committee by Senator Bingham, republican, Connecticut, Clarence W. Mandell, dean at Yale college, said he believed "the effects of beer in such quantities as any normal boy would consume is harmless."

### ASKING NEW ROADS

LITTLEFIELD, Jan. 8. (AP)—Good roads enthusiasts in this section are sponsoring a movement to have state highway No. 7 paved from Lubbock to the New Mexico line at Farwell.

The road is being paved through Lubbock county, and efforts will be made to provide funds for hard-surfacing it across the corner of Hockley county and through Lamb and Bailey to Farwell.

### KONAWA, OKLA. BANK ROBBERS LOOK FAMILIAR TO CITIZENS

KONAWA, Okla., Jan. 8. (AP)—Two men robbed the Oklahoma State bank here shortly after it opened this morning and escaped in a coupe which appeared to be the same as driven by two men who robbed the Farmers' National bank, across the street, about two months ago.  
The robbers lined 12 customers and the cashier, O. T. Damron, against the wall, scooped between \$500 and \$1,000 into a sack and backed out of the building while one of them pointed a pistol at the group.

### 105 YEARS OLD

Grandma Sarah Jane Gillis, who passed her 105th birthday Christmas day, celebrated New Year's by helping herself at a second helping of turkey at the Harris county home for aged, near Houston, where she lives. "We've been through a lot of hard time," said Grandma Gillis, "and the signs are right for the return of prosperity in 1932. You just watch!"

### SON-IN-LAW IS SHOT BY MAN

Prominent Bryan Dairyman Surrenders, Blaming It on Family Troubles.

BRYAN, Jan. 8. (AP)—Willie Lovell, about 22, was shot and killed in his father-in-law's yard near here last night. Wayne Davis, 50, prominent dairyman and Lovell's father-in-law, surrendered, and a murder charge was filed against him.  
Officers stated the shooting was an aftermath of family difficulties. Davis' daughter and Lovell were married about six months ago.

### Hitler's Truce Is Much Opposed by Bruening Faction

BERLIN, Jan. 8. (AP)—A possibility that large groups of Chancellor Heinrich Bruening's present followers may balk at any proposal to "deal" with Adolf Hitler or give the National Socialists posts in the cabinet was predicted in political circles and by some Berlin newspapers today.  
The Socialist paper VORWAERTS said that while the Socialists favor retaining the veteran Paul von Hindenburg as president they will not permit a "bargain" between the government and the Rightists to keep him there.  
The MORNING POST said it learned the Nazis had demanded two cabinet posts as the price for harmony.

### San Angelo Man Beaten to Death

SAN ANGELO, Jan. 8. (AP)—J. T. Calhoun, 50, was found dead by the roadside, about four miles north of San Angelo this morning. His face was badly battered and apparently he had been beaten to death.  
Physicians, testifying at an inquest here said he had been murdered, the nature of his injuries showing conclusively that he had not been struck by an automobile, as was at first thought.  
Officers had no clues. Calhoun last was seen alive about dusk Thursday. He formerly lived in San Marcos and had been engaged here in loading cotton trucks.

### PAUL YOUNG IN APPEARANCE IN POLICE OFFICE

NOT CHARGED, HE HAS DENIAL OF ANY GUILT

### HIS NAME ON THREAT

BODIES OF BROTHERS IN HEARSE EN ROUTE TO MISSOURI

HOUSTON, Jan. 8. (AP)—Paul Young, brother of Harry and Jennings Young, Missouri killers who killed themselves here rather than be captured, was held by police this afternoon at the request of Springfield, Mo., authorities.  
There was no explanation of the Springfield request.  
HOUSTON, Jan. 8. (AP)—Paul Young appeared today at the police station with his attorney and denied he had made any threats in connection with the trapping by police of his two desperado brothers, Harry and Jennings Young, here.  
The denial was made through the attorney, Arthur Heidingsfelder, who did the talking for the younger brother of Harry and Jennings, who killed themselves Tuesday in the home of J. F. Tomlinson here rather than submit to arrest. They were sought for the murder of six peace officers in Missouri.  
The name "Paul Young" was signed to a letter threatening Tomlinson with death because he had "tipped" police to the whereabouts of the killers, according to well-founded reports which, however, were without official confirmation or denial.  
"Paul Young denies that he knew anything whatever about the letter," said Heidingsfelder, "or has done anything at all in violation of the law."  
Young had been sought by police here since early yesterday when Detective Chief Kirk Irwin sent a notice to policemen to pick him up. Irwin said Young was arrested about ten days ago by officers working out of the west end substation and charged at that time with operating an automobile with the

### Jaysees Change Time of Meeting

The regular meeting of the Pampa Junior Chamber of Commerce will be Monday night instead of Tuesday night as previously announced. The meeting will be held in the city hall auditorium at 7:30 o'clock.  
R. S. "Bob" Brashears, new president, will preside. He replaces C. B. "Brownie" Akers, who resigned this week. Plans for 1932 will be discussed. An activities committee to work with a similar committee from the senior organization will be appointed.  
Five alternate directors will be chosen at the meeting.

### Church of Christ Will Have Revival

A revival meeting will begin at the Church of Christ, Francis and Warren streets, next Sunday and will continue through Sunday, Jan. 24. Evangelist Robert C. Jones of Amarillo has been selected to do the preaching. Besides being minister of the Church of Christ in Amarillo for the last four years, he conducts gospel broadcasting programs over station WDAG each week.  
There will be two services daily. Noon services will begin at 12:15 o'clock on week days, and will close promptly at 12:30. This arrangement is being made in order that business men and school children may attend. Evening services will begin at 7:30.

### Infant's Funeral Is Held Thursday

Funeral services for Danlee Moore, infant daughter of Mr. and Mrs. A. P. Moore residing north of Pampa, were conducted yesterday afternoon in the chapel of the Stephenson Mortuary. The Rev. Jesse F. ### FOUND DEAD

Found dead in bed at his home in Baltimore, 19-year-old John A. Cyron, above, whose electrical experiments at the Annapolis Naval Academy led to his resignation from the institution last year, had taken his own life with a tube of deadly gas, according to a coroner's verdict. When he resigned, Annapolis officials told how the youth had established remote control of the elevator, clocks and lighting systems of Bancroft hall.

### IRA M'KEE IS PUT TO DEATH

Slayer of W. R. Billingsley Precedes Negro Killer of Woman in Bexar.

HUNTSVILLE, Jan. 8. (AP)—Ira McKee, 32, was executed early today for the murder of W. R. Billingsley during a robbery at Sparrenberg, Dawson county, in 1930. A few minutes later Alfred Jackson, 50, negro, was electrocuted for murder of a negro woman in Bexar county.  
McKee walked into the death chamber one minute past midnight. He asked the warden how long he would be permitted to talk. The official told him to take as much time as he wanted.  
Well, the longer I talk the longer I'll stay out of that chair," the Palo Pinto county farmer whispered hoarsely.  
In a short speech he asked forgiveness and then called for a drink of water. Next he asked the prison chaplain to pray for him. After the prayer, he was strapped into the chair. The current was applied at 12:30 and McKee was pronounced dead at 12:17.

### Many Scouters To Attend Big Session

Pampa Scouters will be numerous when they attend the annual meeting of the Adobe Walls council in Borger Tuesday night. Twenty local men met in the chamber of commerce rooms last night and discussed plans for 1932. The Rev. A. A. Hyde, local chairman, presided.  
The Pampa men will leave from the city hall. The hour of departure has not been set because of arrangements necessary in the program. The banquet will be served at 7:15 o'clock.  
Pampans who plan to attend the meeting are the Rev. A. A. Hyde, J. I. Bradley, R. B. Fisher, George Briggs, Dr. C. H. Schulky, F. E. Leach, Ernest Gee, R. E. Watson, E. B. Clay, Arthur Teed, R. S. ### It's News With Border Around It

Today's issue of The NEWS, like every Friday's, is particularly popular with the women of this territory.  
For not only do they get the usual local, state, and world news, but the news from the grocery stores as well. And if you think the grocery ads are not news to the women of Pampa, just watch them scanning the prices Saturday and Monday.  
Friday's newspapers are vital to every buyer of food. Pampa foods lead the whole territory for freshness, variety, and cheapness. That's why Pampa is a recognized shopping center, and why The NEWS' grocery store ads serve the buyers and attract business.

### CABINET QUILTS AFTER AFFAIR

CHINA AND JAPAN ARE GIVEN NOTES OF U. S. TODAY

### NEXT STEP IS UNCERTAIN

OTHER NATIONS LIKELY TO ADD THEIR CLAIMS

TOKYO, Jan. 8. (AP)—The Japanese government of Premier Inukai, less than a month old, handed its resignation to Emperor Hirohito late today shortly after the emperor had narrowly missed becoming the victim of a bomb.  
The premier was instructed by the emperor to continue in office until further orders. The actions of the cabinet in resigning was based on the precedent of the resignation of the "earthquake" cabinet of Premier Yamamoto, which resigned in 1923, after Emperor Hirohito, then Prince Regent, was fired upon while on his way to open the Japanese parliament.  
The bomb exploded immediately in front of the emperor's state carriage as he went home from the annual military review. It fell under the carriage of Count Mekino, minister of the imperial household, but injured no one.  
A young Korean named Rihoho was arrested. A second bomb was found in his pocket.  
The resignation was believed to be merely formal and accord with the dictates of Japanese custom. Premier Inukai visited the palace, made inquiries regarding the emperor's condition and offered the government's apologies.

### PROTEIN TESTS MAY BE MADE AVAILABLE HERE

Pampa may have a laboratory for testing protein in wheat, according to George W. Briggs, manager of the Board of City Development, who says that the installation of such a place is one of the projects to be undertaken by the board.  
The placing of such a laboratory in Pampa would mean much to farmers in this section of the Panhandle. Wheat of high protein content brings higher prices on the market.  
At present, a farmer must send samples of wheat to Amarillo to be tested for protein. Members of the B. C. D. agricultural committee are working on the project and hope to have an announcement ready soon.

Fed 28 Children

While we were writing this, Principal Meek called up to report on feeding of the underprivileged children yesterday. Twenty-eight were fed. Their meal consisted of these major items: Good soup, beans, bread, and cabbage. The children, to say the least, ate as if they appreciated the food. They will be given meal tickets good for two weeks. Another list of donors will be printed tomorrow.

THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

BEGIN HERE TODAY

ANNIE CECILY and MARY-FRANCES FEENWICK live with their grandparents, once wealthy, now so impoverished that Annie and Cecily's earnings support the household. The sisters have been orphaned since childhood. The grandparents are known respectively as "ROSALIE" and "GRAND" and they insist on keeping up pretenses of their former wealth.

NOW GO ON WITH THE STORY

CHAPTER XII

PHIL loved her. She knew it. Their structure had been built, swiftly and beautifully, years ago—had been built and completed. And yet Ann wished to keep him incessantly laboring at it: pounding away at old promises and making new, unnecessary ones; creating sentimental situations; tinkering with flattery; piling proof upon proof, until he was tired—tired to death. He pulled himself up sharply. He had been right: he needed the woods, and the rest and sanity—needed them at once.

"Proof upon proof!" It carried over in his mind as he rode down in the elevator. Proof. Had he not been true to her, with never a thought of another woman (the persons of stanch, invulnerable feelings and fathomless understanding had been women, not a woman) for eight years? Knowing this she could still demand—did still demand—proof of his love for her.

He had reached to push open the door in the foyer when Letty King hailed him in her shallow, childish voice. She was standing by the counter where magazines and tobacco were sold, holding a small brown object in her hand and laughing and crowing at the same time. The heel of her shoe, the foul thing, had come off just here. She did not know what on earth to do. She had been trying to charm Emery—the clerk grinning behind the counter—into skipping around the block to the shoemaker's, but Emery dared not leave his place. The boss had bawled him out for stepping over next door to oblige a customer last Tuesday. Letty inquired again, including the love of Mike, as to what she was going to do. She couldn't go limping like a wooden leg all over town.

There was a touch of adventure in chasing around the block with Letty King's smallest pump and its high heel in his pocket. Letty was a filling clerk in the office across the hall from Philip's office. She was a slight, semi-sensible little thing, with reddish gold hair, baby-blue eyes, and a frankly soluble complexion. She carried her shoulders too high; but she dressed smartly and seemed always to be high-spirited, good-humored, and happy. Philip's and her acquaintanceship had begun with remarks, made in the hall or in the elevator, concerning the weather; and through more than a year it progressed only to the point of an occasional formal familiarity—pretty new dress someone has today—lacked on to the weather opinions.

Three quick taps wedded heel to slipper again. Letty's gratitude was lavish, and Philip, put gratitude along with understanding and invulnerable feelings in his roster of favorite virtues for women.

In the restaurant Philip ordered box lunches for two. All afternoon M. Sacht had been holding cardboard boxes across his counter to customers in haste to respond to the wooing of hills and woods and streams. M. Sacht had met their pother and stew with tolerance and sympathy. But suffering was difficult for this tall, turbulent man with his white face and fidgety eyes, who said not once but thrice, "Make it snappy!"

"He acts," mused M. Sacht, as his customer went rushing away. "I hope they get him—him and his hy-stair-icks."

GRAND, his head bowed so that his top scalp shows nearly pink through the white silky fringes of his hair, went seriously on and on asking the blessing in long, carefully arranged clauses, while Ann worried about the macaroni and cheese cooling in the dish, and wished that Mary-Frances would stop squirming, and was slightly sorry, at last, that Phil had been disappointed about the picnic supper in the woods.

He was, she supposed, eating his dinner alone as usual in the dining room of his boarding house, Philip lived at the Dameron Apartment Hotel; but it was his mood, always, to call it a boarding house, as if he was his fancy never to mention the dining room without prefixing the word basement. Ann thought the Dameron Hotel, with its deep carpets and big chairs and mirrors and its orderly air of quiet comfort, a wholly desirable place in which to live. This opinion, Philip told her, was possible because she was not forced to live there year in and year out. Long ago she had

stopped urging him to look for a place he liked better, because to that there was but one answer. For the money he was paying he could not do better.

Always, when the subject of Philip's living arrangements was introduced, Ann felt feloniously guilty because she could not feel guilty at all. Granted that a man did need a real home. So did a woman. She desired that real home more strongly than Phil possibly could desire it, and it was not her fault that she couldn't make it for him. Nor was it her fault that Phil had to economize because he sent \$50 each month to his mother, who lived with his rich sister Elise and Elise's husband in Oakland. The fact that Mr. Ainslie (Phil always called Elise's husband "Mr. Ainslie"—odd, Ann thought) was very wealthy was all the more reason that Phil should contribute to Mrs. Eero's support. That part never made sense to Ann, though Phil explained it with almost pompous references to pride.

GRAND said, "Ajien, and raised blinking blue eyes and a benign expression to his family. The benignity faded to sorrow when he noticed Cecily's empty chair.

"Ann, my dear, was it necessary to sit down to our evening meal before Cecily arrived to take her place with us?"

"Cecily isn't coming, Grand. The spoon for the macaroni is right beside it. Mary-Frances, don't eat your salad like that."

"I can't help it if it strings, can I?"

"Of course you can. Cut it with your fork."

"Stoo tough. It won't—"

"Darlings, darlings," Rosalie inserted. "Bide in their little nests love one another." (Qisy, the mean thing, said that Rosalie was bird minded.)

"And where," Grand demanded, not even looking for the spoon, "is our Cecily, may I ask?"

Ann said, "She has gone out with Mr. McKeel, Grand. You liked him, didn't you?"

"I do not know that I did. I do not form my opinions of any person from one short interview. The fact that Cecily grants to a comparative stranger all of her spare time, disregarding her home ties, disregarding, almost, I might say, the conventions of polite society, I do not like. No—" Grand shook his head and began to serve the macaroni as if he had no idea as to what he was doing—"that I do not like. Merely because a young gentleman is attracted to a young lady is insufficient reason for the lady to grant him the pleasure of her company whenever and wherever he may choose to seek it. She does not gain his respect thereby.

She may—I say only 'may'—gain his disrespect. It is not wise. It is not—and this may appeal more strongly to youth than the issues of convention and wisdom—it is not expedient. It is not—"

Mary-Frances asked, "What lent what?" and took another bite of bread and butter.

GRAND frowned. "Interruptions," he said, "are not, my darling, in the best of taste. However, since you have interrupted, you may now make your question more clear."

"What question?" said Mary-Frances.

Grand brought his white eyebrows closer together and turned the watchful expression so attained not on Mary-Frances but hard on Ann.

"Courtship," Rosalie's sweet voice arrived in the nick of time. "Is not the same today as it was in our day, Jonathan dear."

"It is not," said Grand. "It is not indeed. Nor does it," he proceeded, still frowning straight at Ann, "apparently culminate as it was wont to culminate in our day."

"How?" said Mary-Frances.

"In marriage, my darling," said Grand, choosing to understand the question so. "In marriage."

"All of them?" questioned Mary-Frances intently.

Grand, who prided himself upon having a sense of humor, though for long stretches of time he forgot all about having it, remembered it now and laughed heartily. (Grand always laughed heartily if he laughed at all, except the times when he "chuckled.")

Rosalie laughed with him. She had found one of the successes of married life in always laughing with her husband. Mary-Frances, at an age when laughter at her expense was the iron, squirmed and sulked, and Ann could smile but faintly. It was sort of mean to laugh at the precious baby, and besides, Ann was still disturbed by the notion that Grand was blaming her for something, and she had no way of discovering what it could be.

The telephone bell rang. The Fenwick family declined, along with several million other families in the United States, that their telephone never rang except at meal times. Mary-Frances jumped to answer it. "Maybe it's Ermintrude," she said.

"If it is," Ann warned, "don't make any plans for this evening. Phil has an engagement, and I will want you to help me clean the front hall."

"Oh, Ermintrude!" said Mary-Frances, who was not one to hold a grudge against her best friend and sole confidant. "Yes, I have my algebra."

Season's Reunion Is Happy Occasion At Hobart Home

Mr. and Mrs. Guy Hutchinson and child recently left for their home at Arkansas City, Kans., after spending the holiday season with Mrs. Hutchinson's parents, Mr. and Mrs. T. D. Hobart.

The 1931 Christmas will be remembered a long time by the Hobarts, their children and grandchildren. All were present at the big house on Hobart street on Christmas eve and on Christmas day. The two other children at the house were Mrs. Clyde Fatheree and Fred Hobart.

A Christmas tree, beautifully lighted and decorated, brought delight to the two children of Mr. and Mrs. Fatheree, the two children of Mr. and Mrs. Fred Hobart of Hemphill county and Mr. and Mrs. Hutchinson's child. All rooms and windows in the big house were decorated in the Christmas manner. On Christmas day, the children and

their families were guests at a turkey dinner.

Before going back to Arkansas City, the Hutchinsons visited at the JA ranch.

Jinky Brashears and Archer Fullington attended "Henry's Wedding," a musical comedy, at White Deer last night.

## PLANS FORMED AT MEETING OF BAKER PARENT-TEACHER ASSOCIATION ON THURSDAY

### MRS. FATHEREE TALKS ON WISE USE OF LEISURE

Plans for fathers night, which will be observed by the Baker Parent-Teacher association on Jan. 26, were made at a meeting of the association yesterday afternoon at the school. A varied program, including a talk by Supt. H. E. Fisher and musical selections by Leroy Henderson, will be given. The meeting yesterday was opened with prayer by Mrs. V. E. Fatherree, and the singing of "America" by the entire group.

Baker pupils' contribution to the program included the following numbers: Reading, Richard Altman; song, pupils of Mrs. John G. Gant's room; reading, Edna Brown; exercise, "Where Do You Live?" Miss Clarice Fuller's room; reading, "My Grapefruit," Mary Lou Douglas.

Two readings were given by Miss Catherine Vincent, local entertainer and instructor.

The main address was made by Mrs. V. E. Fatherree, who stressed the wise use of leisure time. The Rev. C. E. Lancaster, who was to have spoken, was called from the city.

Leroy Henderson, playing his own accompaniment on the guitar, entertained with two songs.

During the business session, presided over by Mrs. Claude Lord, Principal J. A. Meek reported on donations which have been made by Pampans to the cafeteria. He stated that much generosity was shown in efforts to keep needy children in school by giving them free lunches.

Refreshments were served by the hospitality committee, composed of Mrs. J. W. Crowder, Mrs. A. J. Jones, and Mrs. Roy Kilgore. There were 35 persons present.

## FEMININE FANCIES

By Hollyee Sellers Hinkle

The fact that the best educated women have had few children has long—and rightfully—been deplored. But only recently have the real causes of this condition been investigated, and still more recently has anything been done to remedy it.

Heretofore, (and, in most instances even now,) a woman who had a child found that she had lost a foothold in her profession, even though she might have spent many years in preparing for that profession. Such a realization is discouraging in any case and, in many instances, has caused women to postpone having children. Sometimes this postponement is for a few years, sometimes it is forever.

Barnard college, New York, has recognized the evil and has remedied it, so far as its own faculty is concerned. Any woman on the administrative or teaching staff who is expecting a child is given a half year leave of absence with full pay or a year's leave with half pay.

The policy adopted by Barnard college is not an experiment. During the last six years the college has granted leaves of absence to four women who were expecting children. During those six years, a special committee of trustees made a thorough study of the matter, and the new policy resulted. Alice Duer Miller, author, who is a member of the board of trustees, said the decision made it seem "as if one era in academic thought had definitely closed and a saner one had opened."

The policy is a boon for married women teachers. Are not marriage and parenthood rightful blessings for every person? Should they be granted a man instructor yet denied a woman in the same profession?

Order of the Eastern Star will hold initiation this evening at 7:30 o'clock at the Masonic hall.

## School to Need Aid in Serving Meals to Needy

Needs of the Horace Mann cafeteria were discussed at a meeting of Horace Mann teachers this morning at the school. It was pointed out by Miss Josephine Thomas, principal, that between 15 and 20 pupils would be unable to buy their own lunches and that it would be necessary to ask for outside aid. Thus far, teachers have been buying lunches for needy pupils.

Tickets are being sold at the school for \$1 each. A ticket is good for seven 15-cent lunches, or will feed a child for two weeks on the 10-cent lunches. The meals are well-balanced and contain hot dishes.

W. H. Vanderburg announced that he would give free hair cuts to boys and girls not able to buy their own if they would secure recommendations from their teachers and call at Van's barber shop any day except Saturday.

Plans for taking the Parent-Teacher association correspondence course were discussed.

## Twenty-Eight Free Lunches Served

Forty paid lunches and 28 free lunches were served pupils of Baker school yesterday at the Baker cafeteria. Pampans have been generous in their contributions to the cafeteria, thus making the free lunches possible.

The menu served to the 28 needy children yesterday included soup, cabbage slaw, beans, bread, and milk.

## "HENRY'S WEDDING" PLEASES BIG AUDIENCE IN WHITE DEER

A home talent production can't be a poor show when the players don't take themselves too seriously, and for that reason "Henry's Wedding," presented at the high school in White Deer last night was good enough for any Pampans to go 15 miles to see. The 125 people in the cast, bent upon dropping every shred of their dignity, determined to appear as ridiculous and ludicrous as possible, amused the packed auditorium for two hours.

The show will be presented again tonight at 8:15 o'clock.

White Deer citizens and Pampans also, got an old-fashioned "kick" out of seeing their usually staid and dignified civic and business leaders in slapstick comedy roles. For instance in the beaus and belles revue of the 1890's, Commissioner Roy Tribble was a "high stepping Johnnie," Bob McCoy was a "pantalette girl," W. J. Stubblefield was "daisy bell." Every costume in the show was appropriate.

Mrs. Bob McCoy and Mrs. A. Matheson probably drew more laughs than any other characters in the play. Mrs. McCoy, as Susan, an old maid now but Henry's boyhood sweetheart, was funny in everything that she did. Mrs. Matheson as Henry's bride was a comedy in make-up. It was amazing how she managed to make herself so comical in appearance.

The three-act play might properly be called a musical comedy, and the dozen or more songs that were sung and danced, including four negro spirituals dispelled any monotony that might have bored the audience—but didn't. Never for a minute did the show lag, and the two hours that took to present it were gone before the most sophisticated could have looked at his watch three times.

The players were as follows: Uncle Henry, bachelor bridegroom Dick Higgins; Jack, his nephew, a bridegroom, Charles Copeland; Samantha Green, Mrs. A. Matheson;

## DR. WOOLLEY SAYS DEFINITE RESULT IS AIM

### "PRACTICAL PACIFIST" IS DEFINED BY DELEGATE

WASHINGTON, Jan. 7. (AP)—Delegate Mary Emma Woolley maintains the American representatives are going to the general disarmament conference in Geneva "thinking peace" and expecting to accomplish something definite.

The first woman member of a major world conference today smilingly accepted—for herself and her masculine colleagues—Secretary Stimson's designation of "practical pacifist." She even defined the phrase.

"That term 'pacifist' has been maligned. I hesitate to explain another's terms, but I suppose a pacifist must be one who would substitute peaceful for belligerent means of settling disputes. A practical pacifist would be one of eminent common sense. One who could adhere to an ideal, yet yield a point rather than lose something already gained."

Fausing amid receiving instructions and pondering disarmament technicalities, the impressive president of Mt. Holyoke college remarked with satisfaction that this far she has been treated "as a human being instead of as a woman." An inquiry whether she would be a working delegate drew a quite assurance.

## Gathering of Principals Is Held Thursday

Principals of Pampa public schools gathered in the home of Mrs. Annie Daniels, who is recuperating after an illness, yesterday morning to plan school activities. Those attending the meeting were Supt. R. B. Fisher, Mrs. J. L. Lester, L. L. Stone, R. A. Selby, J. A. Meek, Miss Josephine Thomas, A. L. Patrick and Mrs. Daniels.

Mr. Fisher urged that all teachers take the Parent-Teacher association correspondence course. He and Mrs. Fisher took the course during the Christmas holidays.

Plans were made to base a number of school projects on the bicentennial anniversary of George Washington's birthday, which will be observed under the sponsorship of the United States government. Such projects are to teach truthfulness, courage, patriotism, and loyalty.

Initial arrangements were made to hold school contests in debating, extemporaneous speaking, declamations, arithmetic, reading, and other subjects this spring. This matter will be taken up more fully at a later date.

## GRAINS WEAKER

CHICAGO, Jan. 8. (AP)—Grain prices underwent an early setback today, affected by stock market downturns and by wheat selling on the part of houses with eastern connections. Liverpool reported free offerings of Argentine wheat and increased Australian shipments to Great Britain. Opening 1-4 to 3-4 off, wheat afterward sagged further. Corn started 1-8 to 1-2 lower and continued to recede.

## DUCKS DESTROY FEED

TABOKA, Jan. 8. (AP)—Farmers in Lynn county, especially those located near lakes, are complaining that wild ducks are destroying tons of their feed.

The ducks are more numerous, the farmers report, because of the short hunting season, which was limited by President Hoover to one month, Nov. 14 to Dec. 15.

# Famous FAST-STARTERS

**OVER 4 MILES A MINUTE**  
IS THE WORLD'S RECORD ESTABLISHED BY THE "BLUEBIRD II" AT DAYTONA BEACH, FLORIDA, FEBRUARY 8, 1931. NOTHING ON WHEELS HAS EVER GONE FASTER THAN THAT—245.75 MILES PER HOUR. BUT EXPERIENCED DRIVERS GET A GREATER THRILL OUT OF THE LIGHTNING SPEED WITH WHICH PHILLIPS 66 GASOLINE STARTS MOTORS ON COLDEST WINTER DAYS. IT IS HIGH TEST, AND HOW! ITS WINTER GRAVITY NOW, RANGES FROM 65° TO 71.4°.

PHILL-UP WITH PHILLIPS • THE GASOLINE OF CONTROLLED VOLATILITY

## "HIGHEST TEST" at the price of ordinary gasoline

Actual laboratory tests prove that the volatility of Phillips 66 Gasoline is 69.6 per cent higher than the average of 28 competitive gasolines—based on distillation at 212 degrees.

If you are in danger of getting fallen arches from stepping on the starter these cold mornings, while your engine merely spits back without action—the remedy is Phillips 66... the greater gasoline.

It is a motor medicine without equal, good for what ails muscle-bound engines. Its extra high test snaps cold motors into life instantly. Warms them up quickly. Makes them run smoothly. Gives longer mileage.

All this is an old story to every user of Phillips 66 gasoline. But it is as new as the rising sun, and just as welcome, to those who haven't yet tried it. Get your trial tankful tomorrow. Fill up with Phillips at the Orange and Black 66 shield, where it costs nothing extra for extra high test gasoline.

For those who prefer it... Phillips 66 Ethyl... at the regular price of Ethyl Gasoline

**THE WORLD'S FINEST OIL for your motor**

Here is an oil that doesn't get thick and sluggish when the temperature drops. It is zero cold test. Remains fluid even at 32° below freezing. Scientific refining removes the water, wax, and carbon. It is the world's finest oil for your motor. Priced to give greater value, at 30¢ a quart.

# Speaking of the Weather--

by Charles Fitzhugh Talman  
of the U.S. Weather Bureau

ABOUT THE ONLY THING THAT A "RAIN MAKER" CAN REALLY MAKE IS MONEY FROM GULLIBLE FARMERS

The "rain maker" has hitherto enjoyed a singular immunity from the operation of laws designed to protect gullible citizens from being bamboozled. The federal food and drugs act has conspicuously restricted the sale of fake nostrums; the postoffice department has warned on worthless stock, but nothing has yet been done about the charlatan who, with the aid of a few mysterious chemicals and a plausible tongue beguiles money out of farmers' pockets in payment for showers that are the work of unaided Nature.

The rain-maker enters a community where crops are perishing. He promises to produce rain within a specified time after the signing of a contract, according to which he is to receive, say, a thousand dollars an inch for whatever rainfall occurs. "No rain, no pay," he says. If the showers do not arrive on time, the farmer loses nothing. If they do, the salvation of his crops puts him in such a happy frame of mind that he cheerfully pays the bill without inquiring too narrowly into the method.

Sometimes the rain comes as promised, and sometimes not. The shrewd rain-maker will score a pretty large percentage of successes, for two reasons. In the first place, as a rule his services are not engaged until the drought has prevailed so long that its termination in the near future has become highly probable. In the second place, by keeping watch of local indications, and also, perhaps, by taking a sly look at the official weather map, the rain-maker often can time his operations so that they will coincide with changes in atmospheric conditions upon which the occurrence of rain depends.

By virtue of his one-sided contract, the rain-maker has everything to gain and nothing to lose. The business is about the safest gamble going, and several American citizens have amassed considerable fortunes and have acquired wide celebrity by pretending to conjure water out of the clouds.

Some years ago the owner of a big California farm offered to pay \$3000 for two inches of rain in three days, provide the rain-maker would put up \$200 to be forfeited in case of failure.

of three (3) years and until his successor is elected and qualified, unless sooner removed from office as herein provided. At the regular municipal election of the City of Pampa, to be held on the first Tuesday in April in the year 1932, the Mayor shall be elected and shall serve for a term of one (1) year, Commissioner No. 1 shall be elected and shall serve for a term of two (2) years, and Commissioner No. 2 shall be elected and shall serve for a term of three (3) years, and until their successors are elected and qualified, unless sooner removed under the provisions of this charter.

All voters shall vote on each of the said amendments separately, and the ballot for said election shall be prepared in such manner that the voter may vote "yes" or "no" on said amendments separately.

The manner of holding said election shall be governed by the laws of the State of Texas regulating general elections, and the Special Charter of the City of Pampa, Texas.

A copy of this ordinance, signed by the Mayor of the City of Pampa and attested by the City Secretary of said City, shall be published in the Pampa Daily News, a newspaper published in the City of Pampa, Texas.

The City Secretary is hereby authorized and directed to mail a copy of each said proposed amendment to every qualified voter in the City of Pampa, Texas, as appears from the Tax Collector's rolls for the year ending January 31 preceding said election.

### School Men at Class A Meeting

Supt. R. B. Fisher and Coach Odus Mitchell were representing Pampa high school at an athletic meeting in Plainview today. The football schedule for district 1 was to be drawn at the meeting. Schools to be represented were Pampa, Amarillo, Lubbock, Plainview, and Slaton. It had been rumored that Slaton would withdraw from Class A competition for this year.

Pampa was to attempt to have the Thanksgiving day game played here this year. In the past, Amarillo and Lubbock alternated on the big day. Pampa delegates planned a fight to keep Amarillo from being the last team to complete the schedule, which makes Pampa first team to finish.

Plainview and Lubbock are scheduled to play at Harvester park next fall. Pampa will go to Amarillo in an attempt to break the Butler field jinx. Slaton is scheduled to entertain the Harvesters if they stay in Class A competition. The Harvesters were supposed to play in Lubbock this fall, but because of the second game necessary last year Lubbock should come to Pampa again. It was expected that the Westerners would seek to have this season's game played at home, declaring that the play-off was a toss-up and shouldn't count in this year's schedule.

### International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: THE FIRST DISCIPLES.

Scripture Lesson: John 1:35-49.

35. Again on the morning John was standing, and two of his disciples;

36. And he looked upon Jesus as he walked, and said, Behold, the Lamb of God!

37. And the two disciples heard him speak, and they followed Jesus.

38. And Jesus turned, and beheld them following, and saith unto them, What seek ye? And they said unto him, Rabbi (which is to say, being interpreted, Teacher), where abidest thou?

39. He saith unto them, Come, and ye shall see. They came therefore and saw where he abode; and they abode with him that day; it was about the tenth hour.

40. One of the two that heard John speak, and followed him, was Andrew, Simon Peter's brother.

41. He findeth first his own brother, Simon, and saith unto him, We have found the Messiah (which is, being interpreted, Christ).

42. He brought him unto Jesus. Jesus looked upon him, and said, Thou art Simon the son of John; thou shalt be called Cephas (which is by interpretation, Peter).

43. On the morrow he was minded to go forth into Galilee, and he findeth Philip; and Jesus saith unto him, Follow me.

44. Now Philip was from Bethsaida, of the city of Andrew and Peter.

45. Philip findeth Nathanael, and saith unto him, We have found him, of whom Moses in the law, and the prophets, wrote, Jesus of Nazareth, the son of Joseph.

46. And Nathanael said unto him, Can any good thing come out of Nazareth? Philip saith unto him, Come and see.

47. Jesus saw Nathanael coming to him, and saith of him, Behold, an Israelite indeed, in whom is no guile.

48. Nathanael saith unto him, Whence knowest thou me? Jesus answered and said unto him, Before Philip called thee, when thou wast under the fig tree, I saw thee.

49. Nathanael answered him, Rabbi, thou art the Son of God; thou art King of Israel.

Golden Text: Behold, the Lamb of God that taketh away the sin of the world.—John 1:29.

Time: February, A. D. 27, at the beginning of the first year of Christ's public ministry.

Place: Bethabara (Bethany), on the east bank of the Jordan, probably opposite Jericho.

Introduction

We note at once the supplementary character of John's gospel. Written long after the other three, it takes them for granted, knowing that they are well known to all Christians, and, while it has a grand theological purpose of its own, as to the biography of Christ it merely fills out some important details omitted by the synoptical Gospels. Thus here at the outset the first twenty-six years of Christ's short life on earth are omitted. There is on genealogy of Jesus, no account of the annunciation to Mary, of the birth of John the Baptist, of the birth of Jesus, the visit of the wise men, the flight into Egypt, the childhood and youth at Nazareth, the visit to the boy to Jesus to Jerusalem at the age of twelve to attend his first passover, the ministry of John the Baptist, the baptism of Jesus, and our Lord's temptation in the wilderness. Strange omissions, surely, if the first three Gospels were not in existence! On the other hand, all that John relates in his first five chapters is peculiar to his Gospel, and of pro-

found interest in significance.

Emissaries from the Pharisees went to John the Baptist as he was baptizing at Bethany (Bethabara), one of the fords of the Jordan convenient for his purpose, the traditional location being east of Jericho; it was on the eastern bank, for that is the meaning of "beyond the Jordan." These messengers went to John in the spirit of judgment, haughtily bidding him give an account of himself, and declare by what authority he was baptizing the throngs of penitents. John's answer was humble yet confident; he was not the Messiah, but he was the herald of the Messiah whose coming was foretold in Isa. 40:3, "I am not worthy," said John, "even to unfasten the shoe laces of this coming Messiah."

John the Baptist and Jesus Probably John had never seen Jesus; who was his cousin according to the flesh, until our Lord, coming from Galilee with a party of friends, presented himself to him for baptism. At once, however, John recognized him as the Messiah, and protested that he should rather himself receive baptism from Jesus; but Christ insisted, and the descent of the Holy Spirit upon Him while he was being baptized, with the voice from heaven declaring him to be God's beloved Son, confirmed John's insight, giving him from that moment his great theme for witness-bearing, namely, that Jesus was the Son of God, the long-promised Messiah.

The Call of John and Andrew vs. 35-39

"Again on the morrow John was standing and two of his disciples."

One of these (v. 40) was Andrew; the other, who modestly avoids any mention of himself or his relatives by name in his Gospel—a fact impossible of explanation unless John wrote the Fourth Gospel. "And saith, Behold, the Lamb of God." "The day before, in a public address, John had similarly pointed out Jesus as the Lamb of God (v. 29), adding, 'That taketh away the sin of the world.' John speaking out of the great prophetic use of the lamb in Hebrew history, beginning with the sprinkling of the blood of the passover lamb on lintel and doorpost, that the death angel might spare the first-born of the Israelites, and running through the annual sacrifice of lambs at the passover celebrations in the temple; remembering also the comparison of the Messiah to a lamb in Isa. 53:7. "Behold, the Lamb of God." Come and see." v. 39

"He saith unto them, Come, and ye shall see." "It is not only our privilege to know where Christ is, but to be where he is. He is in a place, and he designs that that place shall be our place also. 'I go to prepare a place for you . . . that where I am, there ye may be also.'—Rev. A. J. Gordon. "They came therefore and saw where he abode." Our Lord was doubtless lodging in

a small and mean house, but "the outward setting of any man's life is of small amount." "And they abode with him that day." "The outcome of that afternoon was thousands of converted souls, thousands of transformed lives, thousands of heroic deaths, and thousands of songs in heaven. See what even one short day or hour with Christ may do."—Rev. G. H. Knight.

The Call of Peter and James vs. 40-42

"One of the two that heard John speak, and followed him (that is, Jesus), was Andrew, Simon Peter's brother." "Andrew" is a name derived from the Greek word meaning, "man," "manly." Andrew and Peter were fishermen from the town of Capernaum, on the northwest shore of the Sea of Galilee. Andrew was the "finder" among the twelve disciples. "We see that fine quality shown in this event, and also when he found the lad with the lunch (John 12:20-22). "Andrew was commonly known as Peter's brother. He was the relative of a great man. Peter was a leader, Andrew a follower. Peter often stood alone. Andrew was independent, Andrew dependent."—Edward Augustus George.

"He findeth first his own brother" clearly implies that next John also found his own brother, James. "And saith unto him, We have found the Messiah (which is, being interpreted, Christ)." "This is the grand test of a truly evangelical spirit. It is unselfish. It is communicative."—Elishop Charles Wordsworth. "Andrew was the first home missionary. Those who by God's grace can say, 'We have found the Christ, a Savior from sin and death, an almighty and All-merciful Brother and Friend,' these know that life is worth living."—Rev. John Ker, D. D.

Andrew Brings Peter to Jesus

"He brought him unto Jesus." "This is the kindest and best service that any human being can do to another." Andrew never did a better day's work in his life than when he brought Peter to Jesus.

"We are not told that Andrew ever preached a sermon in his life; but this brother, whom he brought to Jesus, preached a sermon that led three thousand people to Jesus in one day."—Rev. R. A. Torrey, D. D. "There is nothing we can do so great, so far-reaching in its influence, so blessed in its results, so immortal, so divine, as bringing a soul to Christ."—Rev. Warren Hathaway.

"Philip Findeth Nathanael" v. 45

"Philip findeth Nathanael." Philip may have had a slow mind, but he had a prompt heart. He was quicker than most Christians are to act on the Christian principle of evangelism. "And saith unto him, We have found him, of whom Moses in the law, and the prophets, wrote." "Whom have they found? Evidently they had found him for whom their hearts had longed, about whose coming they had conversed in their fraternal conferences, at the meetings of that primitive brotherhood of six, out of which came the Christian church." Dean George Hodges. "They were earnest Bible students, and knew the prophecies of the Messiah all through the Old Testament."

"Can Good Come Out of Nazareth" v. 46

"And Nathanael said unto him, Can any good thing come out of Nazareth?" "All Galileans were despised for their want of culture, their rude dialect, and contact with Gentiles. "There is not a place, wherever it be, that has not amazing possibilities of influencing human life. A man may dwell in the remotest wilderness, but if he is a great thinker, there will be a beaten pathway to his door." "Philip saith unto him, Come and see." In that call Christianity strikes the keynote of intelligent and so of truly devout religion."—Philip Brooks. "And to his everlasting credit and to his eternal salvation, Nathanael went and saw."—Rev. J. D. Jones.

"Nathanael the doubter became Bartholomew the apostle."—Rev. Frederick Lynch, D. D. There can be little doubt that this Nathanael appears in the lists of the twelve apostles under the name of Bartholomew.

The incident closes with Christ's promise to Nathanael that, becoming his disciple, he would experience greater marvels than this example of his prophetic vision: he would see the heavens opened, and the angels coming from heaven upon the Son of man, and returning again to the skies. "The Son of man is the perfect ladder joining earth to heaven."—Rev. G. H. Knight.

A Special Thought

In our lesson we are to "note to what different nature Jesus appeals, in what different ways men are led to Jesus, and by what different methods Jesus deals with new comers." The Kingdom begins in personal acquaintance. As it began, so his it continued. The mark of citizenship is personal knowledge still. "Strangers and aliens may say, 'I know about him.' But the true citizen can say, 'I know him.'"—Rev. George H. Morrison, D. D.

JOSEPH FORDNEY DIES

WILL PAY WELLS

HOUSTON, Jan. 8. (AP)—Harris county will pay a minimum wage of 40 cents an hour to unskilled labor on public projects, the commissioners have decided. The decision ended a fight of several weeks by the Home Workers' association, which wanted the limit set at 50 cents. Representatives of the association expressed gratification, however, the scale had been put as high as it had.

### Biggest County Cuts Its Costs

HOUSTON, Jan. 8. (AP)—This, the biggest county in Texas, is operating on a cash basis and goes into the new year with a record of having reduced its operating expense in 1931 ten per cent.

County Auditor W. Washburn made the statements in a report. In 1931, Harris county paid \$1,719,100 to operate and maintain its institutions, roads and governmental functions, as contrasted with \$1,881,515 for 1930.

And this record was in the face of the fact that total expenditures in 1931 were larger than the previous year, while the cash receipts

### Red Cross Cases Are Multiplying

Eighteen cases being handled by the Red Cross were described by Mrs. W. H. Davis at the chapter's meeting yesterday afternoon.

Of these, a number are heartrending in their nature. They in-

clude obstetric cases in homes hard hit by poverty. There is a keen demand for bedding and shoes, and there are indications that the fare work north of the North Fork will increase steadily during the next few weeks.

Those present at the meeting were President W. A. Bratton, Secretary Olin E. Hinkle, George Briggs, Mrs. Davis, Mrs. W. C. de Cordova, John I. Bradley, R. A. Selby, and Rev. A. A. Hyde.

Pampa high school basketball teams won two out of three games from Canyon teams in Canyon last night. Coach Odus Mitchell's first string aggregation lost by a one point margin when the Eagles won 25 to 24. The second string under Coach Argus Fox won 25 to 20. Coach Harry Kelley's girls defeated the Eagles 22 to 10.

On tomorrow evening, three games will be played at the Pampa gymnasium. Two teams from Amarillo high school will meet the Harvesters while the Pampa girls will be hosts to the Perryton girls. The first game is scheduled for 7 o'clock.

The Harvester first stringers lost when Enloe, star forward, failed to make several setup field goals. He was high point man of the game, however, making 10 points. Wayne Kelly, Harvester guard, was the best man on the floor. His guarding was air tight and his passing deadly. Marbaugh played a strong game at center, but his shooting eye had been left in Pampa. Captain Dirty Moore passed well and made eight points. Fullingim, substitute guard, also played a hard game while in the line-up.

Cabe is the master shot of the Eagles. His ability to shoot from outside the defense was the deciding factor. Some of his shots were made from near center and they were anything but flukes. Coach Pampa boy, was the Canyon star guard. He has developed much since leaving here and his long arms stopped many deadly shots. Jim Pool was the master shot of the second string win. Unable to get going all season, Pool came through last night and sank 13 points. He played center most of the game. Ralph Poe, forward, also played his best game, adding six points to the Harvester score. Chastain and Woodward added the rest.

Mona Robinson practically single handed won the girls' game. The little front line star scored 16 points. Eura Rose added five points. Pauline Barnard played another good game at center. She is playing her first year of basketball. The girls are developing fast and before the first tournament of the season, should be strong contenders. Coach Kelley started Robinson, Rose, Barnard, Coleman, Lard, and Waletad, Heiskell, Murphy, Neal and Scott were substitutes. Cars to take the teams to Canyon were supplied by Mrs. Tom Rose, Mr. Murphy, C. T. Hunkapillar, J. L. Lester, Joe Smith and Bob Fuller.

### Minnesota Winner In Hockey Matches

MINNEAPOLIS, Jan. 8. (P)—The University of Minnesota today held the right to play in the finals to determine the United States hockey representative for the Olympic games, but the Gophers were undecided whether to compete further for the honor. Minnesota entered the finals last night by defeating the upper peninsula team of Michigan, five goals to four. Fritz Crisler, athletic director at Minnesota, planned to negotiate today with Olympic hockey authorities at New York regarding the final playoff.

## CULBERTSON'S TRIUMPH WILL COME TONIGHT

### LIGGETT WILL EMERGE AS PINCH HITTER OF VALUE

NEW YORK, Jan. 8. (P)—Sensational spurt in the home stretch by Sidney S. Lenz and Commander Winfield Liggett Jr., left Ely Culbertson's side only 8,770 points ahead today in the contract bridge match. It will end tonight with the playing of the last six of 150 rubbers.

By the largest gain of any session by either side—5,405 points—Lenz and Liggett reduced Culbertson's plus last night to the lowest figure it has been since before Christmas. Culbertson and a new partner of one night, Howard Schenken, a New York importer, won only one of seven rubbers and netted only 60 points in that. They failed to score in two rubbers.

There remained no doubt with neutral experts that Culbertson would collect his long-end bets tonight. Out of the match will emerge the genial commander as a great pinch hitter. For 41 rubbers in which Liggett has played, the plus of Lenz's side is 8,070 points, making it virtually impossible for Liggett to have a deficit as for Lenz to win the match.

Mrs. Culbertson will be opposite her husband again tonight. For the 82 rubbers in which she has taken part the plus of Culbertson's side is only 155 points. Lenz and Liggett had a far better run of hands and might have gained more points by a few doubles. One hand slowing Culbertson's dissatisfaction with Schenken was 824, on which the contract was three spades. Culbertson made four. He commented: "Game laid down. H. S. should double, not overcall, to give a proper inference of strength."

## NET RANKINGS ARE DEBATED

### But Vines and Mrs. Moody Earned Placements as No. 1 Tennis Stars.

NEW YORK, Jan. 8. (P)—The selection committee of the United States Lawn Tennis Association has announced a ranking list for 1931 that may provide material for plenty of verbal fireworks when the association holds its annual meeting in New Orleans next month.

There can be no quarrel with the selection of Ellsworth Vines for the No. 1 place in men's singles, nor with the choice of Mrs. Helen Willis Moody for a similar spot on the women's division, but other rankings are open to dispute.

Behind Vines the committee has placed George Lott at No. 2; Frank Shields at No. 3; John Van Ryn, No. 4; Johnny Doeg, No. 5; Cliff Sutter, No. 6; Sidney Wood, No. 7; Keith Gledhill, No. 8; Wilmer Allison, No. 9; and Berkeley Bell, No. 10.

The one really disputable point seems to be the ranking of Van Ryn at No. 4 in preference to Doeg, national champion and No. 1 player in 1930. Ranking behind Mrs. Moody in the women's singles are Helen Jacobs, Mrs. L. A. Harper, Mrs. Marion Zindstein Jessup, Mary Greer, Marjorie Morrill, Sarah Palfrey, Mrs. Marjorie Van Ryn, Virginia Hill-Cray and Mrs. Dorothy Andrus Burke.

### DEMANDS SUIT

AUSTIN, Jan. 8. (P)—William Jeffrey served his penitentiary term in the Travis county jail but left the custody of officers in ill humor. Jeffrey claimed the state owed him a new suit of clothes and \$50 on his release, contending this was the custom on releasing prisoners from the penitentiary. He argued it was not his fault that he didn't serve out his time in the big house instead of in the Travis county jail. He was sentenced to six months on a minor offense and was kept in jail because of lack of facilities at the penitentiary.

## ARKANSAS WILL MAKE BID FOR CAGE TITLE IN OPENING WITH CAPABLE TEXAS LONGHORN FIVE

### FORMER CHAMPS ARE COMING BACK STRONG

DALLAS, Jan. 8. (P)—The comeback trail will start tonight for the ex-champion University of Arkansas Razorbacks. Having held a monopoly on the Southwest conference basketball championship five of the last six years, the Porkers will start the 1932 conference campaign tonight at Fayetteville against the Texas Longhorns. The Razorbacks, whose five-year reign was ended last season when they relinquished the title to Texas Christian, will start against the one school in the conference which holds an all-time margin of victories over them. Arkansas has won seven times and Texas nine.

The combat will be the only conference affair tonight but tomorrow night Texas Christian takes on Baylor at Waco and Texas A. and M. invades Houston to place Rice. A second game will be played tomorrow night between Texas and Arkansas.

Coach Bassett's Razorbacks are favored tonight. The Longhorns finished in the cellar last season and their prospects are only a bit brighter this year. They have a new coach in Ed Cole. They will play a man-for-man defense and rely on a speedy attack built around Captain "Bull" Elkins and John Tullis, forwards; Bill Kubricht, center, with Wyatt Taylor and Ed Price as guards.

The Razorbacks get a goot break in their comeback effort by opening at the conference race on their own court but are more fortunate in having proven players in "Doc" Sexton, center; Tom Murphy and Brasfield, guards, with sharpshooters such as Gibson, Kendall, and

## BATTALINO IS TOO WEIGHTY

### Must Soon Step Up to the Lightweight Class of Leather Welders.

NEW YORK, Jan. 8. (P)—Christopher (Bat) Battalino has had so much trouble making the class limit of 126 pounds for his 15-round featherweight title defense against Lew Feldman tonight that there are indications he soon will step up a notch and confine his activities to the lightweights.

Forced to cut down from 140 to 126 pounds in less than two weeks, Battalino has managed to lose the excess poundage but not without difficulty.

He weighed 135 1-2 pounds for his last bout here a couple of weeks ago and knocked out Al Singer in two rounds.

## American League To Operate Toledo

CHICAGO, Jan. 8. (P)—Toledo of the American association, which finished last season in receivership, is reasonably certain of getting thru the 1932 campaign on its feet financially.

The Mud Hens yesterday were taken over by Cleveland of the American league which will operate the minor league franchise as a farm.

Toledo will be the third club in the league to be controlled by a major league organization. The St. Louis Browns control Milwaukee and Columbus is a member of the great St. Louis Cardinal system.

## CONNIE MACK SATISFIED BY OWN FINE A'S

### WILL OPEN SESSION IN SAME CONDITION AS 1931

NEW YORK, Jan. 8. (P)—Satisfied his Philadelphia Athletics still are the class of the American league, Connie Mack has decided to stand by his guns in 1932.

A survey by the Associated Press indicates the A's alone of eight league contenders will face the wire in April with exactly the same lineup that closed the 1931 race.

New York purchased Jack Saltgaver and Frank Crosetti, to plug up Manager Joe McCarthy's infield.

Washington obtained Earl Reynolds from the White Sox. He is expected to prove the answer to

Walt Johnson's plea for a slugging, right-handed outfielder. Despite their best efforts, the five other clubs apparently have not been able to acquire what it takes. Three of them—Cleveland, Detroit, and St. Louis—promise to be little, if any, stouter than last year.

The Browns did not make a single trade. Cleveland is thinking of shifting Eddie Morgan to the outfield and putting Bruce Canaster from New Orleans at first. Detroit hopes to find a .300 hitter among its newcomers.

The winter's biggest upheaval occurred at Chicago, after the death of the "Old Roman," Charles Comiskey, and elevation of his son, Louis, to the club presidency. Donie Bush has been replaced by Lew Fonseca as manager.

Under Fonseca's influence, the club did some fancy trading at the annual meeting, and, in the opinion of many observers did itself some good. In addition to Sad Sam Jones and Irving (Bumps) Hadley, obtained from Washington, the Sox got another veteran curver in Milton Gaston for whom Young Lefty Bob Welland went to Boston.

Should Boston continue to improve as they did under John Collins last season, they might very well prove a sensation.

# Scientifically Purer..

## Something every smoker wants to know!

• Absolutely pure... that's what you expect in the things you eat and drink... and in the cigarettes you smoke.

"Chesterfields are as pure as the water you drink," a noted scientist writes. There's no way to make a purer cigarette.

Starting with tobaccos... the ripest, finest, purest leaf that grows is selected for Chesterfields. Mild to start with... Cross-Blending makes it milder still. Then it's wrapped in paper that is so pure it burns without any taste or odor.

The phrase "Scientifically Purer" is entirely justified. By our use of a highly scientific process which was worked out by Dr. Paul Gross, the Head Chemist of our Research Department, Chesterfield reaches a state of purity unmatched, to our knowledge, by any other cigarette.

In addition, scientists check every ingredient, every method. Even the factory air is washed, and changed every 4½ minutes. More purity!

Notice, too, the clean, white, attractive package... moisture-proof. Chesterfields come to you as good and as pure as they're made. Good... they've got to be good! Change to Chesterfields and see.

**A WONDERFUL NEW RADIO PROGRAM!** Tonight... at 10:30... Chesterfield's Radio Program. Light a Chesterfield... lean back... and relax while Nat Shilkret's Orchestra and Alex Gray, soloist, charm away your cares. It's on the entire Columbia Network... broadcast from coast to coast... every night except Sunday. And the hour's 10:30 E. S. T.
