PAMPA
TOPICS OF OUR CITY
By O.E.H.

Heard: Many persons expressing regret that Brownie Akers was transferred to Lubbock. Brownie was cheerful, energetic, always willing to give generously of his time or facilities to a public cause, humorous, influential. Those qualities are valuable, not only to an individual, but to a city.

"Dutch" Limerick, who succeeds Brownie, has been interested in Pampa for a long time. He furnished information on which the Junior chamber of commerce was organized. He is another young man who is taking an interest in public affairs. . . . It is no longer a crime to be young . . . and interested in affairs of your city . . . and inclined to express an opinion.

Divergent
Dallas furnishes an example of divergent views about city government, and how much we should have of it. Since January 1, Dallas blazes have taken 17 lives and injured many times that many persons. Hazards are blamed for most of these deaths - old ramshackle buildings without adequate fire protection. Such buildings are menaces to life and surrounding property. Dallas may have them improved or razed. . . . Eradication of hazards, however, costs much money. Has a city the right to order a property owner to spend money or raze a building? In modern legal procedure, a city has a right to prescribe construction and alteration of buildings from a safety standpoint. A citizen is not wholly an individual, but a part of a whole in which he must yield to the desires of that whole. But the line between personal liberty and mass responsibility is very thin. And "that government is best which governs least."

Another "Cat Fight"
There is evidence that Texas people are going to be very tired of the biennial "cat fight" between Ma Ferguson and Ross Sterling. It is deplorable that an "ism" should again be injected into selection of the state's chief executive. Sterling was elected as the lesser of two evils. The Ferguson evidently think that he is regarded now as the greater of two evils. Certain it is that Jim would never put Ma into a race against Clint Small, Edgar Witt, Jimmie Allred, or similar candidates. Isn't it about time Texans were ridding themselves of "evils" and "isms"?

State Loyalty
A local pastor writes: "It seems to me one of your duties should be to teach this cosmopolitan community something about our own

WINDSOR. Ont. (P)—Frank Winters is 72 years old. He visited the city clerk's office yesterday to transact two matters of business. First, he registered the birth of a nine pound boy, his fourth child. Second, he petitioned for an old age pension.

WOMAN APPOINTED
AUSTIN, March 24. (P)—The board of control today appointed Mrs. Violet Greenhill of Houston head of the Texas Child Welfare department.

I HEARD--
Noise enough to make me think of a ladies' aid meeting in the Schneider hotel lobby this morning when the news was flashed that oil in the Midwest field had gone to \$1 a barrel. Everyone was optimistic that the raise would eventually reach the Panhandle field.

But someone took the joy out of the situation by remarking that the price of gasoline would go up. "Yep, it is always the case—when oil goes up so does gasoline, but when oil goes down gasoline stays up," somebody remarked.

Joe Kuhl Sr. and Sam Fenberg raving football this morning but not saying anything about track and field work. Sam said he used to be quite an athlete himself.

That Supt. R. B. Fisher used to be a coach.

EXEMPTIONS IN MEASURE PASS BEFORE VOTE

SHIPBUILDING, FARMING POWER REMOVED EARLY

BYRNS SWITCHES VOTE

ACTION HALTS WEEKS OF BITTER ARGUMENT

WASHINGTON, March 24. (P)—The sales tax was rejected by the house today after fierce debate which split both parties and brought an open dispute on the floor between democratic leaders. The vote, on a count by tellers, was 223 to 153.

As the house was in committee of the whole, no roll call vote was taken.

In the closing moments of debate two of the democratic leaders, both house veterans—Rainey of Illinois and Byrns of Tennessee—arrayed themselves on opposing sides with Rainey advocating and Byrns opposing the tax. The republican leadership held firmly for the tax.

The action removes the 2.25 percent levy that originally was slated to yield \$595,000,000. The provision formed the base of the measure designed to return sufficient revenue to balance the 1933 federal budget. Now another search for revenue to balance the budget will begin.

Action came after nearly three weeks of bitter debate and spectacular scenes in a strife-torn house. Bi-partisan opponents ran rough shod over their party leaders.

WASHINGTON, March 24. (P)—Many millions of dollars in revenue were trimmed out of the new tax bill today by the acceptance in the house of a growing list of exemptions from the sales levy as a vote approached on that controverted issue.

That it exempted materials for the construction of ships with government-loaned money. Next came electric power used for agricultural purposes and malt syrup for making malted milks.

Other exemptions were parts for farm machinery and crate, box and bag containers of fruits and vegetables.

It refused to exempt containers for fruits and vegetables, including cans, turpentine and resin and all electrical power.

These decisions were reached in quick succession as the house approached a vote on another broad amendment by the ways and means committee to exclude from the tax all foods, medicines, clothing, farm implements, insecticides, and malt syrup used in bread making.

WASHINGTON, March 24. (P)—Frank P. Walsh, president of the Missouri-Kansas pipeline company, and three other officers were indicted today by a federal grand jury today on charges of using the mails in a scheme to defraud.

"TINY" WEDS

Dreamy waltz music played by Wayne King, orchestra leader and radio performer, helped win the heart of Dorothy Janis, tiniest satellite in the constellation of Hollywood, who rose to fame overnight in 1928 when chosen as Eamon Navarro's leading lady. Mr. and Mrs. King, shown above, were married recently in Highland Park, Chicago's North Shore suburb.

Egg Hunt to Thrill Children

MANY PRIZES ARE OFFERED TO CHILDREN

KIWANIS CLUB INVITES YOUNGSTERS OF ALL COUNTY

MOVIES WILL BE MADE

SAFETY PRECAUTIONS WILL BE TAKEN BY CLUB

One of the largest crowds ever assembled in Pampa is expected when the children of Gray county gather at Harvesters Park Saturday afternoon at 3 o'clock for the second annual Kiwanis Easter egg hunt.

More than 1,200 prizes will be awarded to the children following the hunt. Practically every merchant in Pampa has contributed to the large prize list. A total of 12,500 eggs will be hidden in the park. Immediately preceding the hunt, ten special prizes will be given to the children. Pop Frazier and his high school band will be on the grounds. Judge Newton P. Willis will address the children and give them instructions before the starting signal is given.

A parade will be staged while representatives of Universal News reel service will make motion pictures of the children. A special motion picture will be made by the Kiwanis club.

Boy Scouts and the Junior police will patrol the grounds and see that every precaution for safety is observed. The younger children will be separated from the others so that they can hunt the eggs without danger of accident. Even the smallest children are invited to participate in the event.

Every child in Gray county and surrounding territory 12 years old or under, is invited to be at Harvesters Park at 3 o'clock. The prize list of 1,200 is expected to be increased by Saturday.

Andy Andrews and his orchestra will parade the streets of Pampa for an hour or two preceding 3 o'clock to give final notice that the greatest Easter egg hunt ever staged in this section of the country is about to begin.

M. P. Downs is general chairman of the committee in charge of the hunt. He is assisted by R. W. Lane, J. M. Cline, Lee Waggoner, Max Mahaffey, Paul Hill, and J. H. Hulme as sub-chairmen. Practically every member in the club has taken part in preparing for the hunt.

ALLRED WILL ARRIVE TODAY

Young Attorney General To Be Honored Tonight in Local Banquet.

Attorney General James V. Allred will arrive in Pampa about 4 o'clock this afternoon for a two-day visit with friends and with his brother, District Attorney Raymond Allred.

Mr. Allred will be guest of honor at a banquet tonight beginning at 8 o'clock at the Schneider hotel. About 35 local men will attend, according to Otto Studer, who is sponsoring the banquet. Chas. C. Cook, local attorney, will be toastmaster. Among those who will make short addresses are L. M. Fischer, Amarillo attorney, and John Sturgeon, local attorney. The attorney general is scheduled to make an address.

Mr. Allred was a guest of the Amarillo Rotary club at Amarillo last night. Mrs. Allred and son, James, Jr., will accompany him to Pampa. The three will be guests at the home of Mr. and Mrs. Raymond Allred.

The visit to Pampa will be the first since Mr. Allred became attorney general, although he has been in Pampa several times in the past.

Mr. Allred is the youngest attorney general Texas has ever had. He was born in Montague county 32 years ago, and practiced law at Wichita Falls before he was elected to the office.

Shamrock Oil Plea Denied

Commission Rules Area Is Not Separate Pool of Panhandle Field.

AUSTIN, March 24. (P)—The State Railroad Commission has denied the application of the Shamrock Oil & Gas Company to have the Shamrock oil pool in Moore County defined as a separate and distinct area from the Panhandle field.

The company contended that the Moore county area constituted a field that was not connected by geological formations with the Hutchinson and Gray county field. The petition stated that the pool was producing less than 10,000 barrels daily and hence was not subject to proration.

Rifle Match to Be Held Tomorrow

Another open match for 22 caliber rifles will be held by the Pampa Rifle club in the basement of the Brunow building at 8 o'clock tomorrow night. The Thompson Hardware company will donate prizes for high scores.

Woman Believed To Be Kidnaped

LINCOLN, Neb., March 24. (P)—Miss Laurel Morrison, 30, Aurora, Neb., beauty parlor operator, was missing today. Police expressed belief she had been kidnaped for \$1,000 ransom.

A letter demanding that amount was received at Aurora yesterday by Miss Morrison's partner in business but while neither its contents nor the address on the envelope was in the missing woman's handwriting, the writer explained the substance was "dictated" by another individual.

Six Names Will Be on Ballots at Coming Election

A mayor and two city commissioners will be elected here April 5. The election will be held in the city hall with Charles I. Hughes as election judge. The polls will open at 8 o'clock in the morning and close at 7 o'clock.

Six names will appear on the ballot unless other are filed with Mayor Dave Osborne before midnight tomorrow. W. H. Bratton and E. E. Reynolds are the candidates up for the mayorality office. Clyde Path-ers, Earl O'Keefe, W. C. de Cordova and Robert Woodward are in the race for commissioners.

Qualified voters within the city will be eligible to participate. The University of North Carolina awarded 10 monograms to basketball players, nine in wrestling and eight in boxing.

"JUNGLE" FOLK GIVEN THIRTY MINUTES TO LEAVE; NO CHARITY

The Welfare Board and Chief J. I. Downs emerged victors in an encounter yesterday with a half-dozen "bums" at a hobo "jungle" near the outskirts of the city. Early yesterday morning, Mrs. W. H. Davis, board manager, was besieged with requests for gasoline at various times by three men and two women. The usual hard-luck stories were told. One of the women wanted clothes, the other, groceries; the men wanted gasoline. Each of the men said

he had a wife and two children and the women said they had two children each. One of the women said her husband deserted her. Mrs. Davis decided to investigate and she followed one of the women to the "jungle camp" where were all of her visitors and three children. She took in the situation at a glance and went back after Chief Downs. Then much denying and more explanations took place. The chief gave them 30 minutes to get out of town, and Mrs. Davis gave them nothing.

CONTINENTAL INITIATES MOVE; SINCLAIR FOLLOWS

TULSA, Okla., March 24. (P)—Dollar oil, the unrecalled goal of Governor William H. Murray's military-clamped oil field lid last summer and fall, again will flow in the midcontinent area next week.

The Continental Oil company announced last night it would post a top price of \$1 a barrel for midcontinent crude petroleum, effective April 1. The prevailing top price is 85 cents.

D. J. Moran, Continental president, said his company's new schedule would begin with 76-cents for oil of 29-degrees gravity or below and range upward 2-cents for each higher degree, making the highest price \$1 for oil of 40 gravity or above.

Oil men here predicted the move would follow the Continental advance, were awaited today. The Continental company led the last price hike, a 15-cent increase last fall.

Oil men here predicted the move increase, if generally followed, would boost retail gasoline prices. Sinclair to Follow

TULSA, Okla., March 24. (P)—H. L. Phillips, president of the Sinclair Oil and Gas company, subsidiary of the newly merged Sinclair and Prairie companies, said today his company would meet the 15 cent price increase announced by Continental Oil company, effective April 1.

Midcontinent oil men said the most significant feature of the Continental announcement was the time element involved.

If, ever before, an oil company gave a week's notice or longer on a scheduled increase.

NEW ORLEANS, March 24. (P)—Elmore McKinney of Tampa, Fla., was missing after an explosion today aboard the oil barge Lubewell, owned by the Sabine Towing company, while tied up at St. Rose, on the Mississippi river 18 miles above New Orleans.

GLADEWATER, March 24. (P)—A piece of timber falling from the top of an oil derrick today fatally injured Jack L. E. Stadler, 40, of Tyler. It struck him on the head, rendering him unconscious. He died at a hospital here. He had been working at the well but two days.

BROWNWOOD, March 24. (P)—F. E. Watson, special night watchman, was no-billed by the grand jury today for the fatal shooting of Cicero Garrett, national guard bugler, in a disturbance at a cafe Tuesday night. Watson said Garrett struck him when he tried to arrest him for fighting.

TWO DIE AS PLANE FALLS IN OHIO RIVER

Caught in an ice storm while flying over the Ohio river near Steubenville, O., on a trip from Columbus to McKeesport, Pa., a Transcontinental and Western Air Mail plane crashed into the water and dragged the pilot, Hal George of Columbus, to his death.

His passenger, Mrs. Carl Cole, St. Louis physician, was not located at first by searches, although her body was believed carried down the river. Photo shows wreckage of plane dragged ashore by boats. The mail floated in waterproof bags.

I SAW--

Constable Frank Jordan escorting eleven negroes to the court-house where they were promptly charged with gaming. The game they were playing is called "ketch" and is the latest fad in the "state." The eleven negroes, though, were not playing in the flats, but in the north part of town.

Fancily the!

Mrs. Henry Gerhard's hands the other day, and then questioned her concerning a report I heard about them. She admitted that John Singer Sargent, America's greatest painter of all time, did paint her hands. Their shape is proof that he had ample grounds for wanting to paint them. Results Important

We think the Texas law is a good law. But we hastily add that the way it works out is worse than futile. It actually encourages disrespect for Texas statutes...

By Definition

We have far, far too many laws and too many criminals by legal definition. Why should we prescribe a rule for every move a person makes?

Where's the Fault?

The answer may be that the average person sees little relation between Texas patriotism and the place of matrimony. Maybe this is the fault of the schools, the newspapers, or even the Sunday schools...

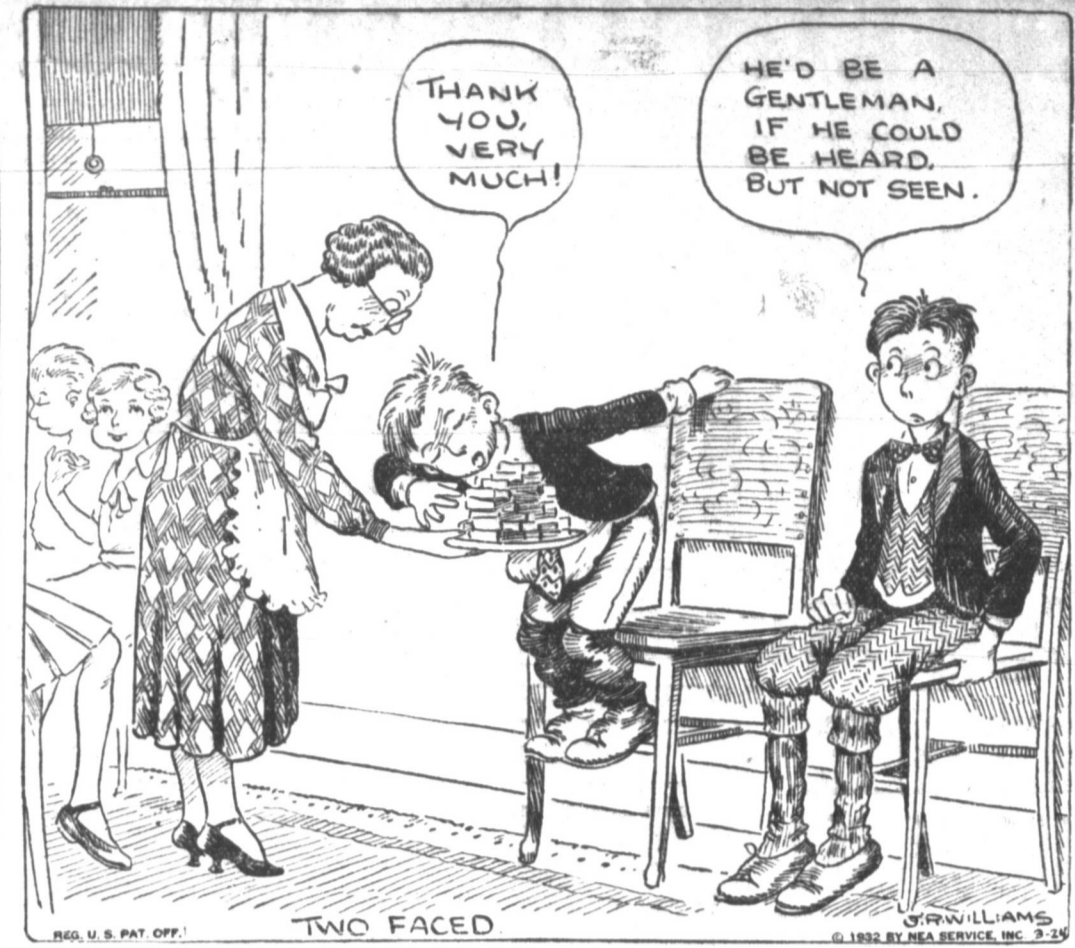

Too Many Lines

Perhaps something should be done about it. We are quite sure that preachments alone will be ineffective. We even doubt the efficacy of education in this regard. It is our candid opinion that we have too many state lines.

About Braces

If we were preaching—and we have filled a few pulpits as a lay speaker—we would urge more attention to ten well known but very old moral laws, and would not call upon the government to "pass a law" to back up the Bible. Braces are all right for those who are temporarily disabled, but able-bodied, thinking adults familiar with the Scriptures and with the moral and civil codes of this age should not be caught in a web of don'ts.

PHILADELPHIA NATIONALS LOOK GOOD FOR THIS SEASON

PITCHING HAS MORE PROMISE THAN IS USUAL

MANAGER SHOTTON TO BOLSTER WEAK OUTFIELD

By ALAN GOULD
Associated Press Sports Editor

WINTER HAVEN, Fla., March 24.—Far from appearing a futile factor in the National League picture this spring, the Philadelphia Nationals look strong enough to figure in a prospective five-club scramble for fourth place.

The do not hear the pennant bee buzzing nor does Manager Burt Shotton dream of miracles in this age of enforced realities, but he most decidedly thinks his club will show improvement, for at least three seasons.

First and foremost is the Phil's outlook for much better pitching, with some adequate talent for the all-important "in-pitch" work, as well as a "big four" consisting of Phil Collins, Jim Elliott, Ray Benge, and Clise Dudley.

More Aggression
Second, there is more speed and aggressive spirit manifest. The team is varying the sluggish monotony by bunting and base-running. Finally, Shotton has real hopes of bolstering an outfield that for the past few seasons has consisted of Klein, Klein, and Klein.

Personally Shotton does not think there is another outfielder in the league as good as Charles Herbert (Chuck) Klein of Indianapolis, the broad-shouldered law who pestered Grover Alexander for a double the first time he batted in the big show and who has thumped out a four-year average of .80.

To strengthen the outer patrol Shotton has confidence in Hal Lee for left field and a new comer, George Davis, from St. Paul, for the middle garden.

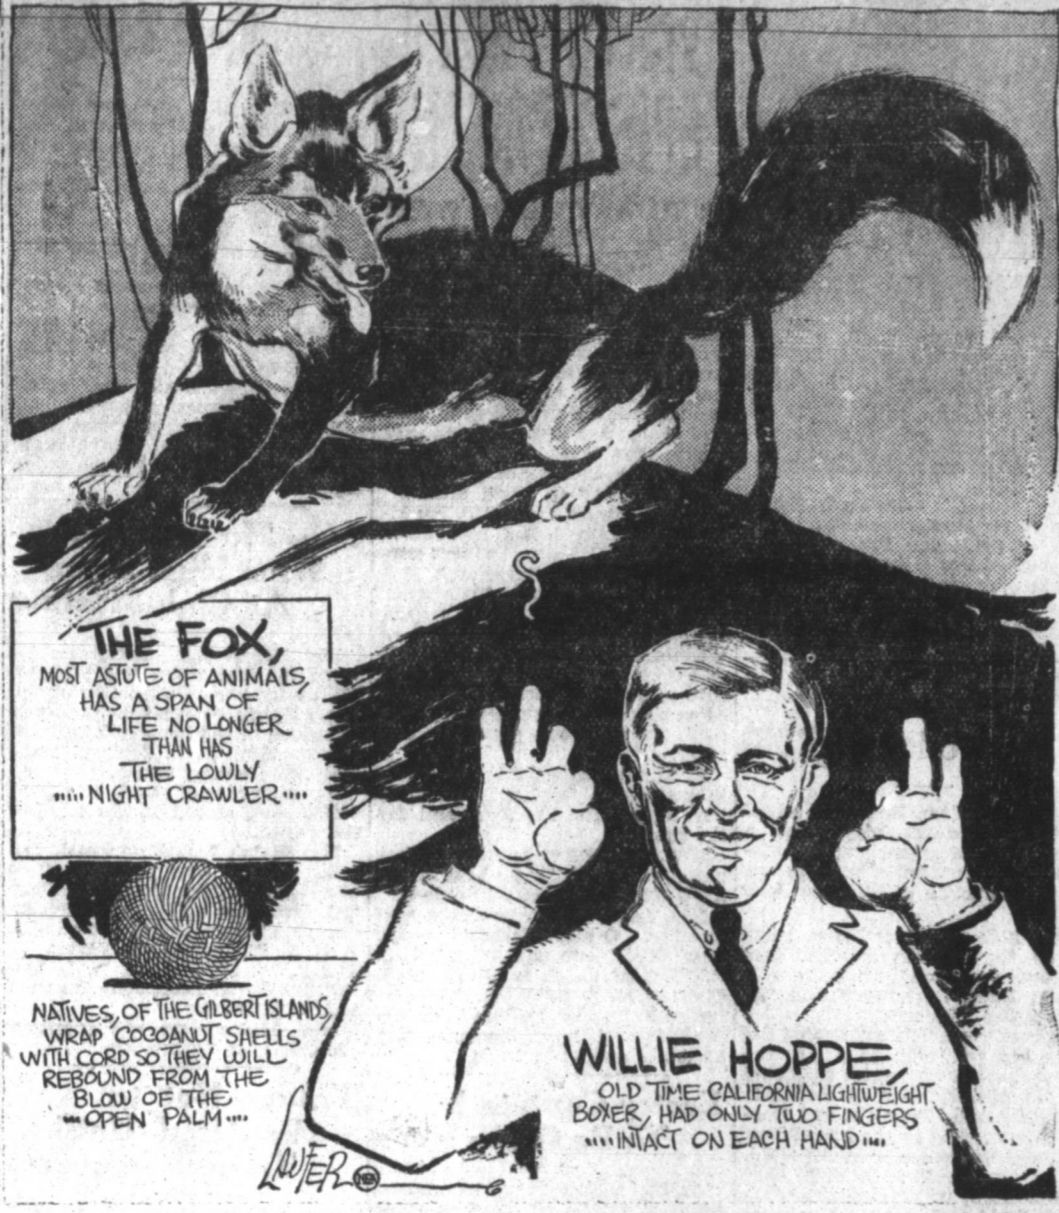

Have Substitutes
If they do not measure up, the Phils have the veteran Babe Bressler or the choice of Russ Scarritt, ex-Red Sox, or Fred Brickell, a speed merchant but weak sticker.

Aside from Benge, Dudley, Collins and Elliott, the big southpaw who won 19 games for a sixth place club last year, Shotton bases his anticipation of better pitching upon the showing of a trio of newcomers—Ray Hanson, tall southpaw from Dallas, Reg Grabowski, signed as a free agent and Edgar Holley, right hander from Kansas City.

Al Todd from Dallas is one of the best looking backstops on view in any Florida camp. He seems certain to make himself useful, in support of Virgil Davis, Number 1 receiver, and Harry McCurdy.

With Captain Arthur (Pinkey) Whitney in improved health, for his work at third, and Les Mallon a much-improved second baseman, the infield appears the backbone of the club's defensive strength. Dick Bartell is at short and Don Hurst, a slugger, on first.

BACKFIELDS WILL GET ATTENTION FROM MANY FANS

Trips are expected tomorrow afternoon at Harvester park. A divided Harvester squad will battle at 3 o'clock. Linemen will be in backfield positions on at least one squad.

Coach Argus Fox will have in his starting backfield, Gerdis Schmidt, Captain Jim Pool, H. L. Ledrick and Rufus Walker. That combination will be opposed by Joe Kahn, Claude Sullins, Sam Turner, and Bert Stevens.

The Mitchell line will be heavy in front of the fleet backfield. Both elevens have been training hard for the encounter. It is hoped that a couple of new backfield acts will be found in the game. Neither coach has released the names of his line. Captain Pool has been looking

VITELA GIVEN MATCH WHEN WELCH LEADS WITH RIGHT

Red Michael and Japanese Draw in Hour's Tussle on Pla-Mor Wrestling Mat.

A right to the jaw ended last night's wrestling match at the Pla-Mor auditorium disastrously for Roy Welch of Borger, who was disqualified after winning one of two falls from Pancho Vitela, Mexican champion.

Vitela came out of a punishing toe-hold by using a little jiu jitsu on the Bergerite, only to meet the right which landed him on the mat. The referee immediately banished Welch from the ring and gave the Mexican the winning fall.

Welch won the opening fall in 39 minutes with a leg Nelson. Both maulens were in difficulty before the final hold was applied. Nearly ev-good in practice. He has picked up speed since last season and carries the ball like a veteran. Schmidt as the short man is also looking good.

Walker hits hard but lacks experience. He will probably be found to be valuable to take from the line. Ledrick is even more headier than last season at the quarter position. His blocking is much improved.

ery hold in the wrestling game was used with little effect.

The second fall went to Vitela in 11 minutes with a drop toe hold. A few socks were mingled with the holds during the second fall and the fans began to sense some additional action not scheduled on the card.

The got their wish in the third and deciding fall which saw both wrestlers working at top speed. They would forget to wrestle for a while and exchange a dailop or two. When the Mexican got in a tight place, he used Japanese specials on Welch, who would almost leave the ring. The end came when Vitela applied a thumb to Welch's back to get out of a painful hold after 15 minutes in the third fall.

Red Michael, Pampa boy, and Togo Soto, Japanese flash, drew in an hour time limit match. The red-headed Pampan won the opening fall in 26 minutes with a beautifully executed flying dutchman. Soto took the second fall in the same time with a Japanese crab hold. The final five minutes of action failed to produce another fall. Both boys showed action and speed. Michael has developed wonderfully during the past three months.

FIRST LEAGUE GAMES TO BE ON SATURDAY

PLAYGROUND BALL TO BE PLAYED; TENNIS ALSO

The first section of the Gray county interscholastic meet will be held Saturday in LeFors. Playground ball, volley ball, and tennis will be played. Teams from Pampa high school and Pampa junior high will participate.

There will be four playground ball teams, two volley ball teams and tennis teams go from here. The junior high boys team will be under W. B. Weathered. The junior girls team will be directed by R. A. Selby. A junior boys team from the high school will be in charge of Harry Kelley. The girls' team from the same school will have Miss To Perry in charge. J. L. Lester will take the volley ball teams. He will endeavor to win the third straight championship with the girls team from the high school.

Central Campus Is a Busy Place

The campus of the high school is without a doubt the busiest place in the city. Boys and girls softball teams practice every afternoon whenever space is available. Tennis takes up another section of the campus. Volley ball has a place on the outside as well as in the gymnasium.

And something else is unusual—there is only one woman coach. The men teachers are taking a keen interest in the development of athletics. That kind of work is usually left to the lady teachers.

Harry Kelley, W. B. Weathered, and R. A. Selby have charge of three softball teams. Wallace O'Keefe coaches tennis, while J. L. Lester is in charge of volley ball. And another oddity is that there isn't a blade of grass on the playing campus.

U. S. TAKES NET TITLE BUT BOROTRA CAPTURES SINGLES

Gallery Cheers Frechman as He Defeats Shields by Marvelous Stroking.

NEW YORK, March 24 (P)—The United States captured the title and the trophy in the international indoor tennis team matches with France but once more it was Jean Borotra, the bounding basque, who showed himself to be the idol of the fans as well as a player who must still be reckoned with in any kind of competition.

American won by the margin of three matches to two and it was the 34-year-old Borotra who won both of France's victories. He defeated Frank Shields handily in one singles match Monday then concluded the series last night by trouncing Gregory Mangin, the national indoor champion from Newark in four sets last night after Shields had clinched the American victory by beating Christian Boususs.

Borotra failed Tuesday night to overcome the weakness of his young partner, Antoine Godinien, in the doubles, and lost to George Lott and Johnny Van Ryn. And it was that victory that gave America the series.

After the match had been settled by Shields' straight-set triumph over Boususs by scores of 6-1, 6-4, 10-8 last night, the gallery of 2,500 turned almost to a man into a cheering section for Borotra. The basque responded after being down 1-4 in the first set by winning five straight games and then running out the match 6-4, 3-6, 6-4, 6-1.

Real Hero

Every year the Latham foundation selects the outstanding dog hero of each state, and presents a medal for heroism to each. The reward for Texas in 1931 has just been made. It goes to Happy, stray dog who was adopted by B. J. Clark, of Galveston. Happy saved four persons from burning to death when he tore into a burning dwelling at night and bodily dragged them from their beds. He has no pedigree, just a plain ordinary dog.

Mrs. E. F. Tubb of Miami made a trip to Pampa yesterday.

Obeda Guber of Mobeetie was a shopping visitor in the city Wednesday.

CUB HURLERS READY

SAN FRANCISCO, March 24 (P)—First string pitchers of the Cubs are ready for the full nine innings. Pat Malone and Guy Bush have come through for the route and Manager Rogers Hornsby has decided all of them must do the same thing before the eastward trek. Bush was hammered for nine hits yesterday but mostly after a Cub four-run splash in the first inning which won them a 6 to 5 decision over San Francisco.

CAN FEAR LYONS

SAN ANTONIO, March 24 (P)—American League batters can start fearing Ted Lyons right now. The White Sox star made his pitching debut yesterday and held San Antonio of the Texas League hitless and scoreless for the three innings he worked. The team started breaking camp today for the exhibition tour that ends in Chicago, April 11.

Sister MARY'S KITCHEN

By SISTER MARY
NEA Service Writer

Ordinarily the housewife supplies her family with its protein food by serving meat in some form, but during Lent, when meat is off the menu occasionally during the week, she must look elsewhere for her source of protein.

Protein is found in meat, fish, milk, the legumes (dried beans, peas, lentils), milk and milk products, and eggs. Of these eggs are regarded as one of the best sources of protein. They are actually "full of meat" and contain innumerable elements the body needs for its development.

Since eggs are a concentrated food in that there is no bulk in the way of connecting tissue, they must be properly combined with other foods if a well-balanced meal is provided.

Milk and fresh vegetables combined with eggs to make a perfect meal. Milk supplies the lime lacking in eggs, and fresh vegetables furnish bulk as well as their mineral content. However, the mineral content of eggs is fairly high so vegetables should be chosen chiefly for their "roughage."

Much has been learned in the last few years about the vitamin content of eggs, particularly the egg yolk, and they come under the list of "protective" foods along with spinach, orange juice and cod liver oil.

Eggs Suitable for Children

Properly cooked eggs are easily digested and can be served to an entire family from the two-year-old up. This does not mean that a small child may eat "devil'd" eggs, nor fried eggs nor eggs served in any of the highly seasoned sauces. But it does mean that he may have poached eggs, eggs soft cooked in the shell, carefully scrambled eggs, baked omelets and shirred eggs.

Keep in mind that eggs are always cooked at a low temperature.

To soft cook an egg in the shell, lower it carefully into enough boiling water to completely cover it, reduce heat and let stand for five minutes. Do not let the water bubble. To hard cook an egg, let it stand in hot water just at the boiling point, but not bubbling, for 30 minutes. The yolk of the egg cooked in this fashion is dry, crumbly and mealy and easily digested, and the white firm and tender.

In planning meals in which eggs figure as the main dish, do not serve a dessert rich in eggs, such as custard or soufflé. If a custard dessert is used, it should be regarded as the main dish and the rest of the meal built around it.

Many grown-ups welcome eggs if

Lone Robber Gets \$1,500 at LaPorte Bank

A lone bandit held up the First National bank of La Porte, Texas, last Thursday and walked out, unnoticed and unseen, with \$1,500. It was during the noon hour and the bank was closed. The cashier admitted a man who knocked on the door. The man pulled a gun, invited the two officials into the vault, then walked out the door. No one saw him leave and no car awaited him.

Mushrooms and Eggs

Six eggs, 1/2 pound mushrooms, 3 tablespoons butter, 1 1/2 tablespoons flour, 1/2 teaspoon salt, 1/2 cup milk, squares or rounds of hot, slightly buttered toast.

Cook eggs hard. Wipe or peel mushrooms and break in pieces. Melt butter, add mushrooms and cook over a low fire for five or ten minutes. Sprinkle with flour and stir with a fork until perfectly blended. Add salt and pepper and milk. Stir until thick and smooth. Add eggs cut in thick slices and make very hot. Serve on toast arranged on a hot platter. Garnish with sprigs of parsley.

Surety Company May Be Ousted

AUSTIN, March 24—Sidney Benbow, assistant attorney general, filed quo warranto proceedings in district court here today asking cancellation of a permit of the Southern surety company, a New York corporation, to do business in Texas.

Benbow said action was taken after the attorney general's department had been advised by the supreme court of New York county that that court had dissolved the company and ordered the New York state insurance commission to liquidate it. The court wired the Texas insurance commissioner to have a receiver appointed in Texas to administer affairs of the company here.

Benbow said he had learned that J. T. Suggs Sr., Texas agent of the company, in court action at Sherman had succeeded in having himself appointed receiver of the company. Benbow said the attorney general's department would inquire into Suggs' appointment and probably take action to vacate that order.

KITTY FREW by JANE ABBOTT

SYNOPSIS: Gar will write to her, Kitty Frew thinks, although she left him after a quarrel that upset their brief married life. She is determined that he support her, she wants to live on his mother's money. Kitty is working in Stratton's store while Gar helps Margie Crosby stage amateur theatricals.

wanted to—most of them don't do that. Why you want to, of course, is your business but it's mine to know that you are in earnest, not just taking a try at it." Her tone was questioning and Kitty answered: "I am in earnest, truly."

Chapter 20 SECURITY TUMBLES JOSIE noticed her radiance. "You look as if something nice had happened to you, Miss Brandon. Did you have a date with your boy friend last night?" Kitty shook her head. But she laughed. "Something nice has happened."

"It was love at first sight."

But today she felt a zest that was not borrowed from Josie. It was a busy day. Blouses? She had patience for the most exacting shopper. A jersey dress copied from an imported model? was the joke of the department, to everyone but Miss Lee, the buyer. It had hung in the case since spring.

"No, I don't want a suit—I want a dress of some kind, something that's a little different," a customer told Kitty this morning. And Kitty took the jersey dress out of the case. "It's a Patou copy," she said, as she had said before, but there was a difference in her voice this morning and in the way she smiled over the garment as she held it out. "Don't you want to try it on?"

At Stratton's Kitty knew Miss Lee as an efficient manager, with a brittle manner that made the girls in her department a little afraid of her. But as they sat down at a small table in the Hoffman dining room she seemed to soften, grow younger, more animated, as if she threw off a self she kept for business just as she slipped out of her smart coat and let the waiter fold it over the chair back.

Secretaries Are Critical of Relief Plan at Meeting AMARILLO, March 24. (P)—General dissatisfaction on operations of the government reconstruction finance corporation was expressed by Panhandle chamber of commerce secretaries in session here today.

20 Votes May Decide The vital point about all this is whether Roosevelt can take a majority of the 114 delegates along to the convention. A majority will be 57 and if he can't come very close to that at the outset it probably will be just too bad.

CHOOSES VETERANS FORT WORTH, March 24. (P)—Veteran hurlers have been named by Manager Dick McCabe to toll for Fort Worth against the Chicago White Sox in the two-game series here tomorrow and Saturday.

BATTALINO TO FACE PROBLEM THIS EVENING

HOW TO DEFEAT BILLY PETROLLE WORRIES YOUNGSTER

NEW YORK, March 24 (AP)—Bat Battalino, the boy who had the fight faithful wondering a couple of years ago how he ever became a champion, offers the fans a new puzzle tonight. That's, can he get past the barrier of Old Bill Petrolle has put in front of so many hopeful young boxers.

Since he captured the featherweight championship from Andre Routs, Battalino has shown great improvement as well as a sudden increase in weight, but the confidence of the fans seem to have been with him. They made Petrolle an 8 to 5 favorite tonight, then promptly raised the question whether Bat can be beaten when he is the underdog. He hasn't been yet.

Petrolle also looks like one of the ring's unbeatables. He came out of retirement a year and a half ago and has been carrying on a great comeback campaign ever since.

Taking in everything, Battalino appears to be about the toughest customer Petrolle has met in his 18 months of triumphant warfare.

RUNS ARE JUSTICE

FORT WORTH, March 24 (AP)—G. C. Gunn, Fort Worth attorney, educator and civic worker, today announced his candidacy for a place as associate justice of the second court of civil appeals on a platform advocating simplification of judicial procedure and a drastic reduction in the cost litigation.

SIGNS LABOR BILL

WASHINGTON, March 24 (AP)—Without comment, President Hoover has signed and made law the Norris-Laguardla bill to limit use of injunctions against labor and to outlaw the "yellow dog" contracts by which workers are prevented from organizing.

OFFICERS CHARGED

SAN ANTONIO, March 24 (AP)—Constable Will W. Wood and Special Deputies, M. C. Roberts and Sam Hale, were under charges here today as an aftermath to complaints by negroes that they had been terrorized.

Wood was charged with unlawfully issuing a commission to Roberts. Roberts and Hale were charged with aggravated assault, and Roberts also was charged with unlawfully serving as a deputy constable.

CATTLE MAN ILL

ARCHER CITY, March 24 (AP)—Claude Cowan, cattlemann, was in a hospital here today suffering from spinal meningitis. He operates ranches in Baylor and Archer counties. He is the son of the late Sam M. Cowan, pioneer cattlemann.

MOTHER DENIES MARRIAGE

SAN ANTONIO, March 24 (AP)—Mrs. A. E. Dietzel, mother of "Too Tall" Dietzel, T. C. U. cage star, emphatically denied today that her son had been secretly married. Other relatives, including his cousin, Carl Geyer, stated that Dietzel personally denied the story from Fort Worth. Efforts to reach Dietzel proved unavailing.

BURNS ARE FATAL

DALLAS, March 24 (AP)—Henry Winn of Grand Saline died in a hospital here today from burns received a week ago in a fire which proved fatal to his four children. Mrs. Winn was injured while carrying the children from their burning home.

Mrs. J. W. McBayer of White Deer was a Pampa shopping visitor yesterday.

With him is Chief Justice Charles Evans Hughes. Justice Cardozo succeeded to the post vacated by the retirement of Oliver Wendell Holmes.

HASKELL WOMAN KILLED

Haskell, March 24 (AP)—Returning home from a visit with a son in Lubbock, Mrs. R. A. Stone, 64, was killed and Stone was injured near Aspermont yesterday when their automobile overturned. The son, Haskell Stone, and his wife are students in Texas Tech.

L. R. Jones of Skellytown was shopping here on Wednesday.

Bruce L. Parker, local attorney, is seriously ill of influenza at his home here.

Mrs. H. B. Parker of Skellytown was in the city on Wednesday.

Claude Williams, McLean attorney, is here today.

Arrives Too Late

While her son, U. S. Senator Tom Connolly, rushed to her bedside from Washington, Mrs. Mary Ellen Terry Connolly of Eddy, Texas, died Saturday in the home where she had lived 50 years. Mrs. Connolly spent her honeymoon in 1887, riding in a covered wagon from Georgia to Texas. She is survived by seven children.

Gehringer Back in Tigers' Fold

SAN DIEGO, Calif., March 24 (AP)—Charlie Gehringer is back in the game. That was the big news as the Detroit Tigers arrived to open a two-game series with Hollywood here this afternoon and the victory here this afternoon.

Having conquered a stubborn and belated case of oak poisoning, Gehringer was in the line-up yesterday for the first time since the training schedule opened, but even his presence at second couldn't stave off a 6 to 1 defeat at Los Angeles, the third in four starts against the New York Giants.

PRIDE IS SWELLED

TAMPA, Fla., March 24 (AP)—Cincinnati's pride in acquisition of Ernest Lombardi and Wally Gilbert from the Brooklyn Dodgers was swelled further today. Though the scorer marked the contest with the Dodgers a 3-3 tie when rain grounded out the last three innings yesterday, the Reds confidently held it should have been 1 to 0 in Cincinnati's favor, and the victory chalked up to the excellent work of those two ex-Dodgers behind the plate and at third.

BRAVES GO FISHING

ST. PETERSBURG, Fla., March 24 (AP)—The Braves are out to catch fish today instead of baseballs. As no game is scheduled for today, many of the Boston team are going out on the water to try their luck. The others are going to watch the game between the Yanks and the Cardinals.

GIANTS HAVE CASUALTY

LOS ANGELES, March 24 (AP)—The New York Giants have their first casualty of the training season since Frank Hogan came out second best in a collision with the Wringley field grandstand. Fredrick Lindstrom has a strained muscle in his right thigh. It kept him out of yesterday's game with Detroit, giving Chick Fullis a chance to play.

TO PLAY UNIVERSITY

SAN ANTONIO, March 24 (AP)—Nineteen San Antonio Indian players left in a bus this morning for Austin, to play the University of Texas Longhorns this afternoon. Manager Robertson was in charge, having returned from the Orange camp of the Kansas City Blues early this morning. Kowalik, Smith and Moore were expected to pitch today. The Longhorns play here Saturday.

CLEARWATER, Fla., March 24

(AP)—Waite Hoyt may be of more use to the Brooklyn Dodgers this season as a pitcher than as a dietician. Hoyt showed mid-season pitching form in the five innings he worked against Cincinnati yesterday but two players who have tried to follow his reducing methods, Hack Wilson and Dazzy Vance, have made very little progress along those lines.

The "Young Fellers" More than 200 young men called rookies are in the spring training camps of the major league teams this spring. Officially the figure is something like 160, but a great many have driven their own "jalopies" or hitch-hiked their way to the camps to volunteer their professional services.

The camp of the Cincinnati Reds at Tampa, and the Browns' headquarters at West Palm Beach were overrun with these volunteers.

"Something will have to be done about these guys," said Dan Howley, foreman of the Reds. "Three or four come driving up to the hotel every day, introducing themselves as the pitchers or outfielders you have been looking for. And most of the time they arrive here dead broke and we have 'em on our hands."

Last year we had five Ty Cobbs sleeping in the clubhouse. I think they live on the oranges they can swing with." (Editor's Note: To "swing with" something means to snatch it—thus: "Pepper Martin sure can swing with those bases.")

The Least of These The young men who can talk fast enough to crash their way to a cot in the clubhouse constitute the lowest class of baseball rookies. Most of them are very willing, and very dumb.

They toil feverishly in the outfield, or on the mound pitching to batters, and when they achieve any notice from the manager they write long letters home to the family or the sweetheart, announcing they now have reasons to believe they will make good.

Often their effort are awkward to the point of comedy. Hardly ever does one of these ambitious recruits make the grade.

You Can't Miss 'Em Then there is another class of rookie—the young man who scored the most doubles in the Three-Bears or the Piedmont League last year, or the pitchers who struck out the most batters in the Southern. For scores of these chaps, this is the first trip to the majors, and you can see it sticking out all over them. They converse in little groups. They wear expressions of anxiety, as though waiting for the bad news. Some of them, who have made a

Spudder Hitting Is Not So Good

WICHITA FALLS, March 24 (AP)—The Spudders were back to routine practice today after a nine-inning intra-squad game yesterday had produced a 6 to 2 victory for the Walker Taylors over the Tommy Heaths. Manager Hank Severid put most of his regulars to work for the first time, but they failed to do much hitting against the rookie pitchers representing the Taylor team. Exceptions however were Ollie Berna, Debs Garms, and Bob Fuss, each with two hits.

MAY LOSE OUT

Galveston, March 24 (AP)—Galveston fans are beginning to fear that Jackie Wilson, sensational fielding third sacker, will lose out as a regular with the Buccaneers. In the seventh inter-squad game yesterday, Wilson was shifted to the side of Pratt on which rookies predominate. Harvey Ballew played third for the Ryes, formed by the regulars. The Ryes won their sixth of seven games, 6-0.

bad impression and are aware of it, know they could do better if given another chance, but realize that it's back to Beaumont, or Peoria, or Hartford."

The Big Shots

Then there is the third class, the expensive talent, purchased for fancy prices from AA clubs in the American Association or Pacific Coast League. As a rule the bearing of these "ne plus ultra" rookies is responsibility. They are going to be freighted with the burden of their help some big league team win a pennant.

How would you feel yourself if a major league ball team paid all the way from \$25,000 to \$75,000 just for the privilege of hiring you?

Well, that's the way they feel—and even some of these last will be going back to the farm teams for more schooling. For these the awakening will be rudest.

Four Sextets to Fight for Title

SHREVEPORT, La., March 24 (AP)—Four of America's outstanding sextets will compete tonight in the semi-final round of the annual national A. A. U. girls' basketball tournament.

With one exception, they are the same semi-finalists as last year at Dallas:

The Golden Cyclones of Dallas, defending champions; Crescent College Comets of Eureka Springs, Ark.; Southern Stage Line of Wichita, Kans.; and Oklahoma Wesleyan College of Durant. Durant replaces the Dallas Sunoco Oilers who did not organize this year after winning three consecutive national titles.

Fred Stone and "Smiling Faces" to Draw Big Crowd

AMARILLO, March 24—Fred Stone, for years one of the most brilliant of musical comedy stars, is bringing his brand new show, "Smiling Faces," to Amarillo for matinee and night performances on Saturday, April 16.

This announcement was made yesterday by Wilbur C. Hawk, who booked the attraction. "Smiling Faces" is touring under the direction of the Messrs. Shubert.

Stone rose to prominence as a member of the famous team, Montgomery and Stone, appearing in "The Wizard of Oz," "Jack O'Lantern" and other successes. When Dave Montgomery died, Stone struck out for himself.

Stone is noted for his insistence that not a single line go into any of his shows that is in the least "shady" or risqué. He is devoutly religious, and even blase New York respects him for a first class performer who can pack his houses without offering anything smutty.

In "Smiling Faces", one of Stone's laughers, Pauline, will be seen. There are other noted principals in the cast, and a big company of 75 pretty girls.

Ailie Byrum of Kingsmill was attending to business matters here Wednesday.

L. A. Maddox of Miami was in the city yesterday.

Amateurs Are to Try for Olympics

HOUSTON, March 24 (AP)—Eight Texas men will compete in the national amateur athletic union meet for the right to represent the United States in boxing at the Olympic games.

They won state amateur titles with victories here last night after a series of elimination fights.

The winners were: heavyweight, Jimmy Dee of Houston and Rice Institute; light heavyweight, Harry of the University of Texas; middleweight, Emanuel Dee of Houston; welterweight, Ralph Sikes of San Antonio; lightweight, Tony Pala of Beaumont; featherweight, Domingo Martinez of Houston; Bantamweight, Nick Peters of San Antonio; fly weight, Bonny De Leon of Houston.

Legionnaires To Hear Address on Russia Tonight

A number of local Legionnaires will go to Amarillo tonight to attend a meeting of the Amarillo Forty and Eight and to hear Frank Buckingham, De Molay speaker, in an address on Russia.

The meeting will open at 7:30 o'clock. Dr. R. A. Webb, local Legion member who heard Mr. Buckingham recently at Brownwood, termed his address "marvelous."

Mrs. W. E. Connell of Miami made a shopping trip to the city yesterday.

W. M. Simmons of LeFors was a Pampa business visitor on Wednesday.

MARKETS AT A GLANCE

NEW YORK: Stocks easy; General Motors at new low. Bonds irregular; U. S. government easy. Curb easy; utilities sag. Foreign exchanges firm; Sterling soars.

CHICAGO: Cotton higher; steady cables, steady buying. Sugar lower; Cuban selling. Coffee quiet; Brazilian buying.

STOCKS WEAK: NEW YORK, March 24 (AP)—A barely perceptible downward drift developed in today's session of the stock market, which was marked primarily by pre-holiday apathy. A few issues lost as much as a point, but most declines were fractional. The closing tone was easy. The turnover was under a million shares.

CHICAGO, March 24 (AP)—Influenced by prospects of only light world shipments of wheat this week, grain values averaged higher early today. The Liverpool wheat market made a full response to yesterday's advance here and sterling exchange was stronger. Opening at 1-8 3-8 up and subsequently reacted.

REVOLT ROCKS THRONE

Even while cheering throngs celebrated establishment of the new Manchurian republic under the dictatorship of Henry Pu-Yi, a descendant of Manchu dynasty who now is allied with Japan, guerilla rebels struck at two towns near Mukden and revolt simmered throughout the country. The new Manchurian flag, combining elements of the Chinese and Japanese banners, is shown in this new picture from the Orient being paraded through Mukden during one of the celebrations.

OIL PRICE--

(Continued from page 1)

The refining and sales departments of the company a full week's time in which to prepare its books and inventories for the price hike.

Heretofore, it was pointed out, oil companies actually had posted retroactive price increases.

It was recalled also that virtually all gasoline is purchased on a rising market instead of a falling one, the reason being that jobbers wish to take advantage of the ultimate decrease and thus purchase only actual needs, but which to lay in an ample supply if there is current a general increase.

With the crude price up, it was considered virtually a certainty that the gasoline price would rise.

The quarter cent advance of yesterday in tank car prices was expected. Oil men explained that a quarter cent increase in tank car price of gasoline was the equivalent of a 15-cent hike in crude prices in its application to the business.

Man Jailed on Charge of Fraud

FORT WORTH, March 24 (AP)—W. A. "Billy" Soucy was in jail here today charged by a federal indictment with using the mails to defraud Miss Marguerite Becker of Chicago of \$14,000.

Soucy was arrested late yesterday. The indictment alleged that on April 20, 1931, Soucy obtained an introduction to Miss Becker, representing himself as an expert in wheat, "one of the smartest dealers" and the representative of a large grain brokerage. He was charged with using her to deposit sums of money with him for trading in commodity futures which he promised would earn 100 per cent on the investment before July 1.

Tariff Bill Is Senate Subject

WASHINGTON, March 24 (AP)—The senate began work today on the democratic tariff bill passed by the house with an argument by Senator Harrison (D., Miss.) that its enactment would go far to stabilize tariff legislation here after.

Harrison, who is leading the drive for the measure transferring from the president to congress the right to pass on rate changes recommended by the tariff commission, was confident of senate approval.

The same proposition was advanced by the senate coalition of democrats and republican independents during consideration of the Smoot-Hawley act. A presidential veto is ahead, however.

COTTON IS FIRM

NEW ORLEANS, March 24 (AP)—The cotton market today experienced a firm and active opening. Liverpool cables came in much better than due and May here opened 12 points up. Late months showed gains of 5 to 6 points.

The market continued firm in sympathy with a favorable opening of the stock market and May traded at 6.60, July at 6.71 and October at 6.91, or 7 to 12 points above yesterday's close.

Two Kidnapers Now Sought in Lindbergh Case

HOPEWELL, N. J., March 24 (AP)—Police investigating the kidnaping of the baby son of Col. Charles A. Lindbergh concentrated their efforts today in a search for two "known kidnapers" who have disappeared since the child was stolen.

The pair are Harry Flescher, Detroit purple gangster and Able Wagner (an alleged associate. Raids in New York City and Long Island failed to trap them but the hunt has only been intensified by their elusiveness.

HOPEWELL, N. J., March 24 (AP)—The great Lindbergh baby hunt, unsuccessful after 23 days, threatening to leave the state police broke. Unprecedented expense involved in trying to find kidnaper Charles A. Lindbergh Jr., amounting in its

Hoover Is Said to Oppose Bill He Signed Yesterday

WASHINGTON, March 24 (AP)—Senator Norris maintained in a statement today that President Hoover was "in reality" opposed to the anti-injunction bill which he signed yesterday.

The Nebraska, senate author of the bill, said the statement by Attorney General Mitchell casting doubt on the constitutionality of the law "does not add much credit to the great office he holds" and would be used by corporations to invalidate the act.

nation-wide phase to probably hundreds of thousands of dollars, has hit the law enforcement facilities of New Jersey particularly hard. Scores of troopers went on night and day duty, eating in restaurants. Thousands of costly messages were sent. Here and elsewhere police took many trips of investigation. The total cost of the search quickly mounted far beyond the sum of the \$50,000 ransom demand said to have been made.

Peace Parley in China Is Hopeful

SHANGHAI, March 24 (AP)—The Chinese and Japanese armies went methodically to work about the business of grooming their "trappings of war" outside Shanghai today as formal peace negotiations finally got under way in the international settlement.

China was represented by General Tai Chi, Shanghai's military garrison commander, succeeding General Chiang Kuang Nai. Chiang walked out on the opening session yesterday, declaring he could not sit as military delegate unless Japan named a full-ranking general to sit opposite him.

The first session started at noon and was brief. When the delegates filed out of the British consulate both Chinese and Japanese were gloomy, but the neutral observers were in a hopeful mood.

Meanwhile, the military forces of General Yenhsiun Si rakawa continued to strengthen their positions along the 12 ½-mile ultimatum limit.

Drilling Costs Vital in Industry

OKLAHOMA CITY, March 24 (AP)—The costs of bringing oil from under the ground sands to the surface are becoming of more vital interest to the industry than ever before, L. P. Garrett of Houston, Tex., president of the American association of petroleum geologists, told delegates assembled here at the opening session of the three-day annual convention today.

Garrett's remarks, in the nature of an outline of the association's work during the past year, extended a brief discussion of current problems of the oil industry and the responsibility falling upon geologists.

"During the last 15 years, it has been the association's function to aid in production of oil," he declared. "As the oil industry has grown, additional demands have been made on us by the industry. The value of oil properties is coming to depend around the city, likewise the Chinese are digging in busily opposite them."

more on the economical production of oil over a period of time than upon the potential production.

He indicated that although the industry still is interested in pool potentialities, there is an increasing interest in methods of obtaining a steady flow over an extended period at the most economical lifting cost.
