

BLAST WRECKS PANHANDLE STORE

New City Ticket in Race ROOSEVELT HAS LEAD

MURRAY MAY RECOVER WHEN VOTE TOTALED

CITY BALLOTS ALMOST TWO TO ONE FOR NEW YORKER

REPUBLICANS SWITCHING

RECORD OUTPOURING IN PRIMARY SEEN IN N. DAKOTA

FARGO, N. D., March 16 (AP)—Governor Franklin D. Roosevelt of New York led Governor William (Alfalfa Bill) Murray by an almost two to one vote in their contest for the Democratic presidential preference vote in yesterday's primary, incomplete returns today showed.

Returns from 230 of 235 precincts in North Dakota give, for Democratic presidential preference: Roosevelt 6,899; Murray 4,214.

Returns from 190 precincts give, for republican presidential preference: France 4,089; Cooney 2,536.

Most of the early returns were from the urban centers of population and Murray supporters expected the Oklahoma governor to draw his greatest support from the rural districts. Returns were slow in coming in, many county auditors deferring continuing the vote count until later today.

Though meagre, the returns indicated a record democratic presidential primary vote for North Dakota. Election judges said the demand for democratic ballots indicated thousands of republicans had switched to the democratic party, at least for the primary. They attributed this to the interest in the Roosevelt-Murray contest.

ARKANSAS CITY, Kas., March 16 (AP)—Taking Kansas members of his party to task, Gov. W. H. (Alfalfa Bill) Murray opened a tour of the Sunflower state here last night in behalf of his campaign for the democratic nomination for president.

The Oklahoman charged that the Kansas delegation to the national democratic convention had "traded" with New York. He inquired if Kansas voters had knowledge of the alleged agreement and added that "it was a fact."

CITY ACCEPTS RESIGNATION

Manager Gwin to Retire As Term of Commissioners Expires April 5.

City commissioners yesterday afternoon accepted the resignation of F. M. Gwin, city manager.

The resignation, in order to prevent the necessity of an extra audit, was made effective with the retirement of the present administration. Since news of his resignation was published in state papers, Mr. Gwin has received a number of communications concerning his future work. The organization of Pampa's city government under his direction has aroused much favorable comment on the part of visitors.

The second reading of the cleaning and pressing ordinance was deferred until a ruling on its effect on the fire rate could be obtained.

Borger Merchant Weds in Kansas

Sam Rahael, prominent Borger merchant, and Miss Lena Taylor of Wichita, Kans., were married in Borger last Sunday.

Friends from Pampa who attended the wedding were: Ernest Fordey, Sam Brady, Mr. and Mrs. Joe Mohrhood, George and Charlie Boozek, J. K. Azzam, Arif Hassen, and Herman Azzam.

Mr. Rahael owns and operates the Dixie store in Borger.

The Pampan is accused of being tired of the Lindbergh case. No, I am not tired of the case; I am disgusted with the necessity of denying every rumor within an hour after it is sent out.

I can recall no case in which newspaper men and police worked so long and so feverishly with such small outcome. Those kidnapers certainly left no trail.

And I can recall no period in which readers were so prone to do more reading between the lines than in the type itself. It does no good to explain—the explanations will be more misunderstood than the original. Personally, the Pampan is not a between-the-line writer, and he resents attempt away from the literal meaning of the King's English.

Taxation in times of stress sometimes causes people to lose their heads. Germany has the world's highest taxes, but the people, to judge by their recent election, are more level-headed than one would expect under the circumstances. The world has not yet gone to the bows.

Political speakers are shouting that money is in the hands of the few. No proof of that statement is needed; we don't see anybody throwing any greenbacks around promiscuously.

Dalhart, with nine men sitting as city councilmen, has been having a stormy government with much inefficiency. A change is imminent. "Too many cooks spoil the broth." Running a city is not a political job. The commission-manager plan is the best way to efficiency if you expect results.

Thanks, Very Much!

The never-failing response of Pampa citizens to appeals sounded by The NEWS is a source of much satisfaction to the Pampan and to the individuals and organizations which ask our publicity. These columns carried a story about an elderly man who, recuperating from an illness, needed a rocking chair. Almost before the ink was dry, a nice chair and rug were given to the old man by

THE WEATHER

WEST TEXAS: Fair, cooler, frost in extreme west portion tonight; Thursday fair.

OKLAHOMA: Partly cloudy, colder tonight; Thursday generally fair.

—AND A SMILE
WILMINGTON, Ill.—Mayor J. C. Thompson believes the town could get along without his mayoral services and save money. To prove his civic-mindedness he started a petition which asks he be removed from office to reduce Wilmington's annual overhead by \$1,000.

LEAGUE PUTS REYNOLDS AT HEAD OF LIST

W. C. de CORDOVA FOR COMMISSIONER NO. 1

WOODWARD ALSO NAMED

TWELVE-PLY PLATFORM IS ADOPTED AT SESSION

About 125 members of the citizens League endorsed E. E. Reynolds for mayor, W. C. de Cordova for commissioner No. 1 and Robert Woodward for commissioner No. 2 at a meeting last night in the Brunow building.

J. W. Murphy, who presided at the meeting, said that each of the three men had accepted the nomination.

Mr. Reynolds was in East Texas this morning transacting business and could not be reached for a statement. Mr. de Cordova and Mr. Woodward signified their acceptance of the nominations.

Mr. Reynolds is a son-in-law of Mrs. Phoebe A. Worley and has extensive interests in Pampa and in various parts of the county, including the Reynolds ranch. He has lived here for many years. Mr. de Cordova is agent for the Sinclair Oil Company. He has been in Pampa five years. He is prominent in American Legion and Forty and Eight activities. During the war and for

(See LEAGUE, Page 8)

J. W. Henry, Long Resident of Gray County, Is Dead

Death claimed one of Pampa's oldest residents this morning in the person of John Wilson Henry, 84 years and two months, who died at his home, 223 East Kingsmill avenue after a long illness. Mr. Henry with his family moved to the Pampa community 18 years ago and settled on a farm. He moved into Pampa several years ago.

Mr. Henry was born in Trousdale county, Tenn. He moved to Oklahoma before coming to Pampa. He was a member of the First Baptist church and an active member of the Masonic lodge until failing health made him cease his work.

Funeral services will be conducted at 2:30 o'clock tomorrow afternoon at the First Baptist church with the Rev. C. E. Lancaster, pastor, officiating. Arrangements will be in charge of the G. C. Malone Funeral home. The choir of the church will sing.

Pallbearers will be members of the Masonic lodge. Services at the grave will be in charge of Pampa Masons. Ladies in charge of flowers will be Mrs. Lew Green, Mrs. John McCamey and Mrs. Hank Ayres.

Mr. Henry is survived by his wife, eight children, 27 grand children and 12 great grand-children. Surviving children are Mrs. Maggie Beddingfield, Mrs. Lucy Flippen, Mrs. Myrtle Line, Mrs. Annie Lee Fletcher, W. B. Henry, D. R. Henry, R. L. Henry, and W. W. Henry.

Good Will Group Plans Activities

Members of the Pampa goodwill committee with Travis Lively as chairman, met yesterday afternoon in the chamber of commerce rooms and discussed activities of the committee. The committee was selected at a meeting of merchants and representatives of the Junior Chamber of Commerce and Board of City Development last week.

Organization of a speaker's bureau will be one of the first undertakings of the committee. An entertainment bureau will also be perfected. Trips to nearby towns and communities will be sponsored in connection with the activities of the Jaycees and B. C. D.

Group meetings among Pampa business men and citizens will be another activity of the committee.

SCENE AT WILCOX REFINERY BLAZE SUNDAY

The above picture, taken late Sunday, shows the tremendous amount of black smoke rising from the wreckage of the H. F. Wilcox refinery just west of Pampa. R. H. Bell, yard foreman, was fatally burned Saturday when an explosion threw burning oil on his clothing. He died Sunday, but five others seriously burned are expected to recover.

IRE AROUSED

T. J. Eldredge, 505 North Frost St., Pampa, Texas.

Tom S. Hollon, Waco city tax collector, above, refused to accept proffered in full payment of \$23,000 in taxes the city of Waco levied on the Texas Cities Gas Company. This precipitated a controversy from which the following resulted:

City Attorney John McGlasson, below, has been instructed to file suit against the Texas Cities Gas Co. for the \$23,000, plus 10 per cent penalty, plus \$290,000 penalty for failure of the gas company to file annual reports of its investment in Waco. McGlasson has also filed suit against the Callahan Construction company and others for \$418,000, alleging the Lake Waco pipeline is deficient; and has been instructed to file suit against the Lone Star Gas company for \$700 back tax on an easement across a Waco cemetery, where, legal papers state, the company ran its lines one dark night, after they city of Waco refused it permission to do so; and he has stated that he will file suit for injunction seeking to prevent the state fire insurance commission from penalizing Waco 3 per cent on insurance rates for ad fire record, asserting the commission has the right to give credits but not to assess penalties. Hollon is temporary chairman of the tax division of the Texas League of Municipalities.

Geo. W. Howton Dies on Tuesday

George W. Howton, 49, died at a local hospital yesterday afternoon following a lengthy illness. Mr. Howton moved here in 1905 from Arkansas, but left Pampa in 1917 to make his home in the Rio Grande valley. He returned to Pampa three years ago.

Funeral services will be conducted at the Stephenson Mortuary chapel at 3 o'clock Friday afternoon with the Rev. C. E. Lancaster, pastor of the First Baptist church, officiating. Burial will follow at Fairview cemetery beside his parents. The Stephenson Mortuary quartet will sing. Pallbearers will be old time friends.

Mr. Howton is survived by his wife, three sisters, Mrs. C. W. Brown, Edinburg, Mrs. Joe Sheddell, St. Joe, La., and Mrs. F. W. Qullian, Charleston, W. Va.; three sons, Arthur Howton, Rio Grande valley, Temple Howton, San Antonio, and John Howton, Pampa, one sister, Mrs. Ida Hood, Wayside and one brother, Andrew Howton, Hoquiam, Wash.

Pallbearers will be Frank Meers, Charlie Tignor, Charlie Seeds, Nels Walberg, Willis and Ed Wright.

VALUABLE DATA ON HISTORY OF FORT ELLIOTT OBTAINED

Military Record of Man For Whom Fort Was Founded Is Compiled by Pampan.

Valuable historical data about Fort Elliott and Major Joel H. Elliott, Indian fighter for whom it was named, by J. J. Eldredge of Pampa, has received two important communications from Washington this morning which follow:

Dear Sir: I have your letter of March 3, 1932 in which you requested certain information relative to old Fort Elliott, near the old town of Mobeetie, Texas.

No history of the fort, scouting expeditions, or the soldiers who operated out of Fort Elliott has been compiled by the department; however, I am enclosing herewith, a memorandum showing a brief history of Fort Elliott, Texas. The young man surnamed Hamilton killed in the Custer battle with Black Kettle's band has not been positively identified. The records show that one Captain Louis M. Hamilton, Troop A, 7th U. S. Cavalry, was killed in the battle on the Washita river, Indian Territory, November 27, 1868.

The records show that Joel H. Elliott was enrolled August 28, 1861, at Richmond, Indiana, and was mustered into the service September 13, 1861 at Indianapolis, Indiana, as a private, Company C, 2nd Indiana Volunteer Cavalry. He was honorably discharged April 23, 1863 as a private to accept a commission in the volunteer regiment. He was mustered into service June 26th, 1863, as 2nd Lieutenant, 7th Indiana Volunteer Cavalry, was assigned to Company E, of that regiment.

(See ELLIOTT Page 6)

Hundred Toads To Line Up For Legion's Derby

Horned toads will line up tonight and compete in the race sponsored by the American Legion in connection with a dance at the Pla-Mo. More than one hundred toads have been entered by local businessmen and individuals. Surprising speed has been shown by the horned lizards in past races.

The dance will start at 9 o'clock and last "until". Andy Andrews and his orchestra will provide the music.

Car Theft Ring Believed Broken

DENVER, March 16 (AP)—Two men, said by state and city police to be members of a Texas-Colorado, automobile syndicate, were in jail here today while officers investigated the extent of the ring. The men, Aubrey Cromer, 22, and Herman Dees, 21, police said, were linked with nine automobile thefts in Denver and four in Amarillo, Texas.

The group, police said, bought wrecked automobiles for which they received regular papers and then stole cars to fit the descriptions. Protected by papers for the wrecked cars they then transported them from Colorado into Texas and vice versa.

AMARILLO, March 16 (AP)—Two men had been arrested here, police sought at least two other persons, and ten stolen cars had been recovered at Panhandle points today in what officers described as an automobile theft ring operated in Texas and Colorado.

Louis Cromer was arrested here. Cromer was taken to Abilene last night where he already faced automobile theft charges. Two stolen cars were found in his possession here officers charged. One was stolen at Houston, the other at Denver.

A representative of a Dallas automobile theft bureau and Texas highway patrolmen were at Hereford today and other arrests were expected in connection with their investigation.

Banquet Not to Be Held Tuesday

The Board of City Development and chamber of commerce banquet scheduled for Tuesday night has been postponed indefinitely, George W. Briggs, manager of the B. C. D., announced this morning. Pre-Easter services are being held in all churches of the city Tuesday night and it has been found impossible to secure a place for the banquet.

Senator Clint C. Small of Amarillo had been secured to be the speaker of the evening. The future date will be set for some time when Senator Small will be able to attend.

The entertainment committee will meet soon and set another date for the meeting, Mr. Briggs said.

When a man's trousers bag at the knees he is usually hard pressed by creditors.

FOUR PERSONS ARE INJURED AND HEAVY DAMAGE RESULTS AS EXPLOSION LEVELS WALLS

NEWS FLASHES AT PRESS TIME

BUFFALO, N. Y., March 16 (AP)—The United States coast guard reported today that 13 fishermen were marooned on a huge ice floe drifting in Lake Erie off Pinehurst, about 14 miles from Buffalo. Coast guard crews were rushed to scene while two airplanes took off from the municipal airport to aid in locating the floe.

LOS ANGELES, March 16 (AP)—Mrs. Aimee Semple McPherson, Hutton, evangelist, was given a blood transfusion today at the Monte Sano hospital in Glendale. Dr. C. Mackenzie Jones said her condition was "fair."

FORT WORTH, March 16 (AP)—William R. Edgington, financial backer of Earl Carroll, New York theatrical producer, was adjudged a bankrupt in federal court here today.

The voluntary petition filed listed liabilities at \$822,891.40 and assets at \$312,889.76. It was asked that property valued at \$19,750 be exempt.

WARREN, O., March 16 (AP)—The "clarine kidnaping" is "one of the most cruel and heartless crimes and is becoming all too prevalent," complained Judge Lynn B. Griffith today sentenced Dowell Harravens, 31, to life imprisonment for the abduction of 11-year-old James DeJute, Jr.

ST. PETERSBURG, Fla., March 16 (AP)—Ray Rutledge signed a contract here today with the New York Yankees for the season of 1932 at a salary of \$75,000.

More Clues Are Vainly Followed Kidnaping Case

ROCHESTER, N. Y., March 16 (AP)—Stanley G. Crandall, paroled convict and central figure in the Alexander kidnaping case in 1923, was freed of all suspicion today in connection with the kidnaping of baby Charles A. Lindbergh Jr.

HOPEWELL, N. J., March 16 (AP)—Police delved still further into the history of kidnaping today in persistent efforts to see if from almost forgotten famous cases they might learn the secret of the theft of the Lindbergh baby.

Yesterday attention of investigators was focussed on the fantastic and frustrated attempt to kidnap Max Phillips, wealthy retired collar maker, seven years ago.

Nothing being learned from study of that case which might help solve the present mystery, police eyes were turned to another famous case which occurred nine years ago.

In 1923 little Verner Alexanderson son of a Schenectady, N. Y., scientist, was kidnaped. There was much public excitement and the search spread across the country. The child was found near the Canadian border.

Gregory C. Henley, 89-year-old strawberry grower and church lawn caretaker of Loudonville, O., hopes to live to 100 by walking five miles daily.

DELIVERY BOY MAY BE FATALLY BURNED AND BRUISED

ROGERS GROCERY RAZED

ACCUMULATED GAS ON SECOND FLOOR BLAMED

PANHANDLE, March 16 (Special)—Accumulated gas in the Rogers grocery store exploded here this morning, wrecking the building and damaging many others, and injuring four persons, one critically.

Roscoe Vance, delivery boy for a grocery across the street, was entering the store at the moment of the blast. Debris and flames hurt him and he was so badly struck that he was rushed to an Amarillo hospital, where it was said his condition was serious.

W. H. Rogers, owner of the store, and J. I. Raines, butcher, were badly cut and burned but were treated locally. Ed Boley, proprietor of the braun and tailor shop next door, was cut on the arms as he dashed through a window as bricks began to shower about him. His son, Escoc, followed him but was not injured.

On the other side of the grocery store, M. L. Purines and Mark Williams of the Panhandle Hardware & Implement company were injured by flying glass. G. A. Hight, the latter the Boy Scout leader, at the moment of the explosion.

BACK HOME

This is Lee Starr, Dallas girl, who has won world wide fame on the stage and in the circus arena for her aerial acrobatics. She can turn more somersaults while hanging by one arm than any other woman on earth. Miss Starr, now billed at Public theatres, was recently back in Dallas.

PROOF CRIME DOESN'T PAY

Here is an unusual camera study of a 17-year-old boy, his mother, sister and brother, as the former was being convicted on a charge of assault to commit robbery. Milton Ellis (left), with two friends about his age, attempted to rob Lieutenant John E. Barr and his woman companion, Jane Cobee, near San Antonio, Barr shot it out with the boys, killing one, Thomas Bemis. Ellis pleaded guilty. He is shown here with his sister, Viola; his mother, Mrs. Nora Ellis, and his little brother, Robert. His father is dead.

Mrs. H. L. Senter, 818 East Browning. The man is greatly pleased, and so are we, Mrs. Senter.

About Gas Rates

Citizens of cities having utility rate disputes should be interested in the Texas railroad commission's decision directing a 20 per cent decrease in Borger's gas rate. The reduction is from 50 to 40 cents per thousand cubic feet.

Hated Discarded

We turn to "Vanity Fair" for a bit about our own profession. May we quote the following? "The great figures in 19th century journalism were editors; today they are publishers. A newspaper is no longer a political adventure, but a business. The change seems to be for the better. Under the new dispensation, the press has discarded much of the evangelical hate and fury which were the major informants of the old organs of opinion... The 19th century newspaper was basically a political pamphlet."

Public Wants News

The old political organs thrived because bitter and biased opinion sold well and was about the only thing the political sheeps had to sell. Today it is different. The modern newspaper has relatively few problems in circulation. Nearly everyone reads the home paper, be it good, bad or indifferent. And the readers expect full coverage of local, county, territorial, state,

national, and international spot news, together with specialized news of sports, society, markets, and trades and professions, with entertainment features added. The public wants its news promptly, accurately, and without deceiving prejudice. Moreover, it wishes pictures of outstanding events.

Opinion Is Cheap

Now opinion is cheap. Hot words cost little, but a detailed account of a war in China, an expedition to the south pole, or a session of the legislature costs many thousands of dollars. And furthermore expenses of publishing a newspaper are to terrific that a newspaper cannot exist on the support of any fact. Hence the decline of organs of opinion, the decline of bitter and prolonged editorial tirades, and hence the rise of marvelous factual news gathering the world over, together with an impartiality which allows the intelligent reader to draw his own conclusions. Yet some people, unenlightened as to trends in journalism, still expect a newspaper to ram opinions down their throat, crucify their enemies, and whitewash the rottenness of their party.

Shares Leadership

A newspaper-ridden town is usually devoid of the leadership of individuals upon which true and permanent progress rests. The new journalism seeks to share leadership, to cooperate, to encourage, rather than to bulldoze.

HAS LINDBERG BABY

That's Right—But Daddy Belongs to Canadian Air Force

WINNIPEG, Man., March 16. (AP)—A man sat in a parked car with a baby on his knee.

"Better be careful or they'll run you in for having the Lindbergh baby," said a smiling policeman.

"This is the Lindbergh baby," the man said.

"Oh, yeah?" said the policeman as he based on.

"But it was the man's name is Charles Lindbergh, and he's a flier in the Royal Canadian air force."

Automobiles entering Manitoba province, Canada, in 1931 from the United States numbered 4,500 more than in 1930.

OUT OUR WAY By WILLIAMS

OPPOSITES

What CONGRESS is doing

WEDNESDAY

SENATE: Continues debate on interior department appropriation bill.

Foreign relations committee again takes up world court proposals.

Bus regulation bill hearings continued by interstate commerce committee.

Public land committee considers bills to transfer public domain to states.

HOUSE: Continues consideration of billion-dollar revenue bill.

Ways and means committee studies amendments to tax bill.

Interstate commerce committee considers railroad holding companies.

An 81-year-old negro has started his 25th term as town clerk at Cadiz, Ohio.

The number of head of livestock on Minnesota Farms increased 200,000 in 1931 over 1930.

BACK TO THE LAW

KILGORE, March 16. (AP)—After nearly seven months as commander of troops in the East Texas oil field, Brig. Gen. Jacob F. Wolters made arrangements to return today to Houston and the private practice of law. Col. L. S. Davidson of Dallas was the new commandant.

STUDIES BIG RULING

AUSTIN, March 16. (AP)—District Judge J. D. Moore has set March 28 to hand down his ruling on constitutionality of the Texas anti-trust laws, attacked as invalid by defendants in the anti-trust oyster suit brought by Attorney General James V. Allred against 15 major oil companies and two petroleum associations.

MAY TRIM SCHOOLS

AUSTIN, March 16. (AP)—Financial retrenchment in operation of state supported schools has been set for discussion at Fort Worth April 21 at a meeting between the state board of education and officials of state institutions of higher learning. The meeting was called yesterday by the board of education.

There were 258,531 officially numbered and recorded motor boats in the United States at the beginning of 1932, a gain in one year of 10,063.

Planters Mutual Hail Insurance Co. Re-elects Directors

The Planters Mutual Hail Insurance company after an annual session has distributed a statement showing a cash surplus of \$133,703.38 and no indebtedness.

The directors, O. P. Russ, E. H. Grimes, J. T. Crawford, C. L. Braudus, and C. L. Thomas, were re-elected, with Mr. Russ continuing as president and Mr. Crawford as secretary-treasurer.

Mr. Russ said that patrons had reduced their insurance to 4 1/2 per cent, making a saving to them of \$825,000 in the last 13 years. This figure is without consideration of the reserve fund. Changes in the by-laws have been made to reduce the value for insurance from \$10 per acre to \$8, and the percentage on premium notes has been cut from 10 to 8 per cent.

NOTICE

All Masons are requested to meet at the Masonic hall at 1:30 p. m. Thursday, March 17, for the purpose of performing the last funeral rites for our deceased brother, J. W. Henry.—C. P. BUCKLER, Sec.

NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION

WHEREAS, by virtue of an order of sale issued out of the District Court of Gray County, Texas, 114th Judicial District, on a judgment rendered in said Court on the 21st day of January, 1932, in favor of N. E. Dunn and against Nina Carpenter, D. C. Carpenter, et al., being Number 2997 on the Docket of said Court, I did on the 8th day of March, 1932, at 1 o'clock p. m. levy upon the following tract or parcel of land located in Gray County Texas, to-wit:

All of Lots 3 and 4 in Block 13, in the Town of McLean, Gray County, Texas.

said property belonging to D. C. Carpenter, et al.; and on the 5th day of April, 1932, being the first Tuesday of said month between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day at Pampa, Texas, at the Courthouse door of Gray County, I will offer for sale and sell at public auction all the right, title and interest of D. EVERYBODY INVITED

LOS ANGELES, March 16. (AP)—A city accustomed to taking its news of film celebrities weddings from anywhere but Hollywood flock to the fashionable town house today to see the marriage of Joan Bennett and actor Gene Markey, writer. Unlike the average Hollywood wedding involving familiar persons of the screen who scurried to Yuma, Ariz., or Las Vegas, Nevada, and came back as Mr. and Mrs. So-and-So, the engagement of Miss Bennett and Markey has been widely broadcast.

ROOKIE FIELDS WELL

GALVESTON, March 16. (AP)—The Galveston Buccaneers played a close 4 to 2 intracub game yesterday with Gene Rye's club the winner. Manager Del Pratt's side was outlit, 7 to 3. Wade Wilson, rookie third sacker, impressed Manager Pratt with his fielding.

BANK ROBBERS CONFESS

Mere Boys Belong to Iowa Squad Just Apprehended

CLINTON, Iowa, March 16. (AP)—Four young men, captured and accused of looting the City National bank of \$106,000, confessed and were expected, authorities said today, to plead guilty when arraigned in court.

The four, who gave their names as Clifford Edwards, 22; Clinton; Lester Stanley, 28; Eddie Morris, 19; and Earl Jeffries, 19, all of Louisville, Ky., were caught by officers near Dawsonport. They said they planned the robbery in Louisville and arrived in Clinton Monday. They waited outside the bank until the arrival of Clyde Willets, janitor, who was forced to admit them. Then as employees and customers, 38 in all, arrived they were bound and placed in a rear room.

Political Announcements

FONSECA HOPES HE CAN FIND PUNCH FOR THIS SEASON

THE PITCHING IS ONE ASSET OF SLOW NINE

UNCERTAIN OUTFIELD WILL REMAIN A PROBLEM

BY BILL PARKER
Associated Press Sports Writer
SAN ANTONIO, March 16. (AP)—Manager Lewis Fonseca hopes to prove magician enough to develop the second division White Sox of 1930-31 into a 1932 first division pennant drama.
His one foundation of hope is erected around the pitching corps. He claims it will compare with the league's best.

Talk pitchers to Fonseca and he points to Ted Lyons, Urban Faber, Alphonse Thomas, Pat Caraway, Victor Frasier, Irving Hadley, Ralph Erickson, Sam Jones and Milton Gaston, and explains he has hurlers to spare.
Mention heavy hitters and the Sox skipper's face turns a blushing crimson. His drastic need is hitters. He is searching for the wallop that was absent in the punchless seventh place Sox of 1930 and the last placers of 1931.

Fonseca expects some excellent pitching from Frasier who won 13 and lost 15 last season. He thinks with the normal amount of improvement, Frasier will win 20 games.
"Ted Lyons," explained Fonseca, "had a sore arm last year. I expect improved pitching from these two. Caraway worked in 51 games last year. He was too much. I plan to pitch him his regular turn and believe he will win around 18 games. Red Faber will be used in spots and may win at least 10 games."

The outstanding rookie pitcher is Ralph Erickson, a big southpaw, who won 15 and lost 10 at Shreveport last year.
The infield shapes up with Lou Blue at first, Minter Hayes at second, Chalmers Cissell at shortstop and Carey Selph at third. Blue and Cissell are regular holdovers. Hayes was obtained from Washington. Selph was drafted from Houston where he played second. Of the four, Selph was last year's hardest hitter. He batted .322.

Joseph Sullivan and Luke Appling, holdovers, and Gregory Mulleavy from Toledo have a chance to stick.
The outfield is a puzzle. Harold Anderson from St. Paul, Melbourne Simons from Toledo and Bruce Campbell from Little Rock are among the promising recruits. John Watwood and Bob Forthright are experienced major leaguers. Watwood is sure to be a regular. Forthright is a heavy hitter but is weak on defense. Fonseca, who hit .312 last year, may play the outfield in a desperate attempt to bolster the Sox offense.

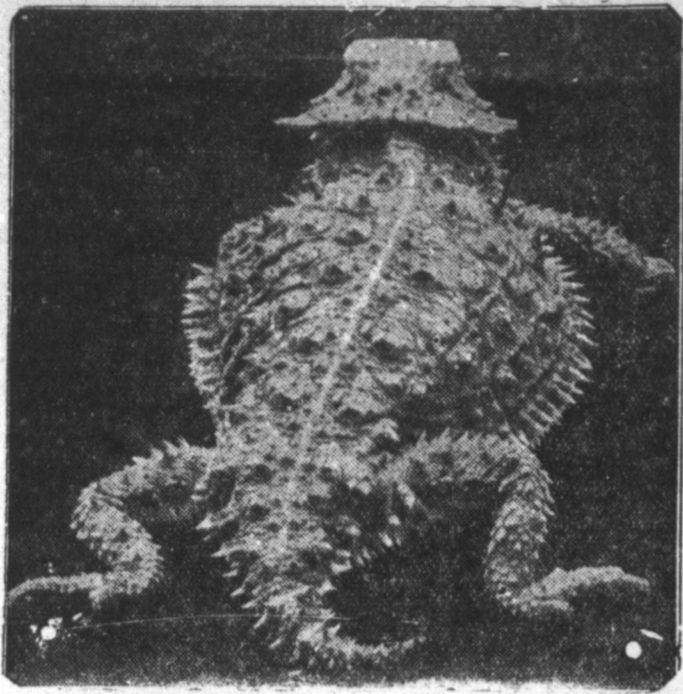

Sneed Jolley, pinch hitting outfielder, is trying to develop into a catcher. If Jolley fails, Frank Grube and Henry Tate, regular maskmen last year, again will share the burden.
A promise of dependable pitching, a fairly good defensive infield seems to be all the Sox manager has to show in spring training. The best that Fonseca can do is hope that an unknown batting punch will be developed before the American league goes south.

FIGHTS LAST NIGHT
By The Associated Press
Grand Rapids, Mich.—Eddie Lord, Cleveland, outpointed Jimmy Dean, Erie, Pa., (10); Harry Robertson, Port Huron, Mich., outpointed Mickey Genaro, Montgomery, Ala., (10); Eddie Felton, Detroit, outpointed Glenn Camp, Chicago, (10); Eddie Krippie, Detroit, outpointed Eddy Black, Milwaukee, (10); (first round matches of National Boxing association's lightweight championship tournament.)
Indianapolis—Tracy Cox, Indianapolis, knocked out Tony Leto, Cleveland, (2).
Lansing, Mich.—Petit Ferrarer, Lansing, stopped Chuck Wiggins, Indianapolis, (6); Ace Martin, Lansing, knocked out Frankie Plinger, Detroit, (3).

Jacksonville, Fla.—Charley Edgren, Cheyenne, Wyo., outpointed Sid Terris, Chapel Hill, N. C., (10).
West Palm Beach, Fla.—Willie Oster, Boston, outpointed Ray Hramble, Rockford, Ill., (10).
Albuquerque, N. M.—Eddie Mack, Denver, knocked out Frankie Fink, Dallas, (3).
Portland Ore.—Ah Wing Lee, Portland, and Benny Peiz, Portland, drew, (6). Roy Ockley, Cloudburst, Mont., outpointed Wildcat Carter, Seattle, Wash., (6).
Los Angeles—Dynamite Jackson, Santa Monica, Calif., stopped royal "Dutch" Elliott, Alhambra, Calif., (8).

Richbourg May Be Clean-up Man
LOS ANGELES, March 16 (AP)—Lance Richbourg, who was obtained from the Boston Braves, may land the cleanup job in the Cub batting order this year.
The ex-Brave was shuffled into that important role yesterday for the seventh exhibition game against the New York Giants and greatly pleased Manager Rogers Hornsby. He banged out two hits and hurried up the attack with his dashes.

BIG TOAD RACE IS TONIGHT

Pictured above is "Carbalac," entry of the Cabot Co., in the American Legion's Horned Toad race. Admission is 25 cents; ladies free.

Tonight is the night of nights when 100 of the fastest toads in the world will face the barrier in the Legion's classic.

There will be conditions, rules, and regulations as well as provisions for the racers. The Legion promises everybody that attends a good time, for there will be entertainment, fun, thrills, and amusement for young and old.

The dance will start at 9 p. m. and continue until 7. The toad race will be held during an intermission of the dance.

Many "dark horses" entered last, and there are some other racing wonders in the lot.

"Carbalac"
This big dark entry of the Cabot Co. is truly a dark horse. His trainer, Russ Allen, says the racer is far superior in grade and quality to any of the other carbon black racers. And he wants you to come out tonight and see for yourself.

Entered by John Bowers, 519 East Kingsmill, who wishes the Legion success and a big crowd at the race and dance tonight. John is doing his own training.
"Nehi"
The Nehi Bottling company, 408 South Cuyler, named its fast stepping entry "Nehi." He seems to be about as popular a toad as the drinks whose name he bears. Training methods are being kept secret and up until this evening has been a dark horse, but he got so good that they had to give him a name and let the world know about him. His trainer is W. H. Thomas. Come out tonight, you are invited to see "Nehi" do his stuff.

"Flying Dutchman"
You know that he's fast, for his trainer is Bugs and his owner is Cal Farley Tire company, located at the corner of Kingsmill & Frost. Bugs has him all washed and greased up with a new U. S. L. battery and new set of Goodrich Silver-down tires. Bugs says that just before the race tonight he is going to change his oil and put in Gulf's Pride and fill him with that good Gulf Gasoline Ethel and he will win in a walk-away.

"Tax Gatherer"
Dog-gone! Tom Barnes, tax collector and the mascot, "Tax Gatherer." This entry runs like good old goey tar in summer.
"Tax Gatherer" is old, very old, in fact, as he was a playmate of Sam's when Sam was fiddling in the good old days. Oh, the tales that "Tax Gatherer" hears. Despite his age, Barnes claims that you should always figure "Tax Gatherer" in on all overhead, and he is one entry that you will have to figure fast to beat.

"Skippy"
The people's choice when it comes to candy has been entered by E. H. Hamlett, wholesale confection and tobacco house. His trainer, Dick Cuiper, has his steed in perfect shape for tonight's race, and claims that just before the race he is going to give "Skippy" his final instructions and the promise of all the Skippy bars he can eat if he will only win. His training quarters is on North Frost.
"Coco Cola"
Entered by the Coca Cola Bottling co is a real dark horse. This bottle toad is sure having a time of his life, never having anything but water to wet his throat with before. He is showing plenty of signs of being the coming world's champion so just step in any place and take a drink of Coco Cola and see for yourself if it won't put speed and pep in you. Elmer is training the dark horse and his stable is 122 South Houston.

"Chop Suey"
The Empire cafe, 115 South Cuyler, is naming its toad after the dish for which the place is so famous, "Chop Suey." He is a long-legged, fast stepping toad and is being fed on a special diet of Chinese food. Miss Emma, his trainer, claims that tonight "Chop Suey" will be "One Long Hop" ahead of the rest.

"Lady Alice Coffee"
This dark entry was announced by his trainer, Carl Boston. He is sending a shudder through the trainers of various toads. It was stated definitely that he was to enter the race tonight, and all trainers know what a run they get for their money when they trade at Piggly Wiggly, located 211 North Cuyler. Carl stated that he has been giving the toad the same careful attention and training that he has been giving

FANS PLEASED BY PLAYERS IN SPRING GAME

SCORELESS TIE AT END OF GAME SHOWS GOOD DEFENSE

More than 200 faithful Harvester football fans blistered in the grandstands at Harvester park yesterday afternoon to see the first football game of the season. Although the game ended in a scoreless tie, fans went away feeling that Pampa will be anything but the underdog in district 1 next season.

The rival coaches, Odus Mitchell and Argus Fox, used all the tricks in the bag but neither side could score. While Coach Mitchell had the advantage of experience in the backfield, Coach Fox had an almost impregnable line. Coach Mitchell was shog of players, having only 14 in uniform. He was without the services of Captain Jim Pool, who is in bed with influenza. Hoot Fullingim went to the center position and played a whale of a game.

Plan Another Game
The big game of the season has been set for March 25 when the Harvesters, united squads, will meet the ex-Harvesters. The ex-students will have one of the greatest teams that has ever worn the green and gold uniform. Available for backfield positions will be Salsbury, Laird, Benton, Chastain, James, Saltzman, and one or two others, while the line will see Poe, Mullin, Groom, Selts, Pafford, Reno, Henry and Jim Ayres, Troy Stalls, and others.

Coaches were well pleased with the showing of last year's Gorillas in yesterday's tilt. The boys, who were the underdogs last season, came through. The Harvesters also showed up like the players of old despite changes in positions. Stars were few because of the lack of practice and condition, but the players showed up strongly enough to hand the coaches an optimistic note.

The work of Hoot Fullingim and Miles Marbaugh was particularly pleasing, although both of them played in new positions, Fullingim worked at center and Marbaugh at line, where he showed up strongest. Marbaugh at tackle was hard to stop and his tackling was all that could be expected.
Hard to Stop
Lloyd Hamilton, Preston Owens, Bert Stevens and Clinton Adair were backfield finds. The kids hit the line without a let up and were hard to stop. The driving of Hamilton was particularly effective. Monroe Owens played his first game at end and with a little experience should be able to give the best in the game plenty of opposition. Walter Sartin played another end position as did Siler Faulkner. Karl Smith, Harry Wilson, and Heard also looked strong as linemen.

The old green and gold boys showed coaches that they need not worry about the nucleus of a football team for 1932. Wayne Kelly changed from an end to a backfield position and called signals for the Mitchell crew. His punting left nothing to be asked and his passing was accurate. He is a strong blocker. Marshall Blackstock, 225, Atlanta, threw Jack Zarnas, 210, St. Louis, 7:15; George McLeod, 208, Boston, 7:30; Bill Luckoff, 205, St. Louis, 13:5.

Rochester, N. Y.—Henri Deglane, Montreal, threw Dan Koloff, Bulgaria, 20; Joe Malcewicz, Utica, N. Y., and George Zarzyoff, Ukraina, drew, 30.
Reading, Pa.—Ed (Don) George, North Java, N. Y., threw Joe Dwyer, St. Louis, 22; Pat McKay, Memphis, Tenn., threw Al Mercer, Montreal, 26; Boris Demitroff, 205, Bulgaria, and Andy Brown, 210, New York, drew; Bob Wilke, 205, Buffalo, outpointed Rudy la Dizzi, Foughkeepsie, N. Y.
New Haven, Conn.—Milo Stein, 225, Germany, threw Frank Speer, 225, Georgia, 11:50; Earl McCready, 227, Oklahoma, threw Cy Williams, 220, Texas, 20:50; Jack Washburn, 224, California, threw Vanka Zelesniak, 216, Russia, 12:10; Joe Komar, 230, Lithuania, drew Tony Rocco, 208, Italy, 6:25; Herman Hickman, 220, Tennessee, threw Bill Middlekauf, 212, Florida, 10:12.

San Francisco—Dr. Karl Sarpolis, 210, Cleveland, defeated John Evko, 210, Cleveland, 2:30.
The public for so many years, watch out for this dark toad tonight.
"Root Beer"
Another dark horse has been entered by the Jitney Jungle, 541 South Cuyler. This little toad is being trained on the best the market can afford. Fancy groceries fresh fruits, he's so well fed and petted that he refuses to stay in training quarters and seems to think that the drug department where they serve that famous drink that he is named after, seems to consider that his losing ground. They invite you down to the toad's training quarters to show you what a wonderful time he's having.

"Hinderliter"
The Hinderliter Tool company, Pampa, Texas, shows his good breeding in every line. Swift? Yes! For years he has been trying to keep up with Frank's talking and thinking. This alone has placed him in fine fettle. Frank had him out in the oil fields a few days ago and he got into a slump pit. Frank never washed the oil off the toad. Figuring that he would be nice and slippery for the race tonight.

Comparatively few girls are lost in Chicago. Of the 6,485 men, women and children reported missing there in 1931 all but 201 were found, and only 49 of those who disappeared were women and girls.
Abodes in Arizona and New Mexico of tribes supposed to have lived between 1800 and 500 B. C., reveal "nests" instead of beds.
220, Chicago, two out of three falls Nick Velocoff, 220, San Francisco, and Joe Savage, 208, Chicago, led police to stop their match (no contest). Tommy Thompson, 205, Oklahoma, threw Manuel Schroff, 208, Omaha, Neb., 31; "Indian" Jack Smith, 220, Oklahoma, and Hal Rumberg, 218, Spokane, Wash., drew 20.
Spokane, Wash.—Joe Stecher, 220 Dodge, Neb., won two falls out of three from Axel Anderson, 230, Seattle. (Australian system).

A STARR ROOKIE

MITCHELL WILL STUDY AT WARNER-JONES GRID SCHOOL

Local Mentor May Introduce New Type of Play in the Coming Engagements.

Coach Odus Mitchell, high school athletic mentor, will journey to California this summer to delve deeper into the mysteries of football. The coach will leave here about July 10 and go to Los Angeles.

Pop Warner, Tad Jones, and Howard Jones, three of the greatest football coaches in America today, will be in charge of a grid school which will last several weeks. Mitchell is especially interested in backfield formation of last season, or may switch to another system.

Soach Mitchell will also see the close of the Olympic games before returning to Pampa.

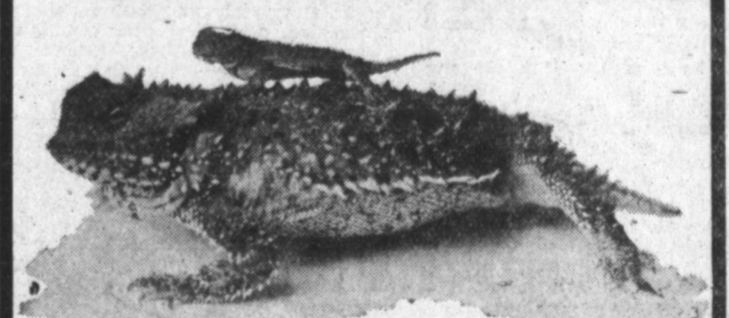

Ex-Dodgers Are to Play Today in Phillies' Line-up

TAMPA, Fla., March 16.—Ernest Lombardi and Wally Gilbert, ex-Dodgers, make their first appearance in uniforms of the Cincinnati Reds today in a examination contest with the Phillies.

Whether "Babe" Herman, acknowledged kingpin of the trade that sent Joey Stripp and Tony Cuccinello to the Brooklyn club, will recede from his holdout demands is uncertain, but the Reds management exuded confidence.

Montana School of Mines gave a six-week "prospectors' course" this winter, that attracted men from many walks of life, including a blacksmith, an embalmer and a clairvoyant.

Browns to Play Second Stringers

WEST PALM BEACH, Fla., March 16 (AP)—Defeated by the Yannigans 5 to 4 in their first clash yesterday, the St. Louis Browns regulars today were to meet the second-stringers in another six-inning game.

"Goose" Goslin, Benny Bengough and Westcott Kingdon made a home run each yesterday. Jimmy McLaughlin's fielding for the Yannigans marked him for a possible transfer to the regular's side. He also made a two-base hit.

AKERS STILL OUT

ST. PETERSBURG, Fla., March 16 (AP)—Bill Akers' charley horse is proving serious and the Braves may be without his services for the rest of the week. Charley horses are his stumbling blocks. Last training session, while with the Tigers, Bill spent the opening days in the same manner. Wes Schulmerich's injured finger, regarded as not serious at first, also has turned out more serious than supposed.

NEWSPAPER IS VICTOR IN SOFT BALL CONTEST

POSTOFFICE MEN LOOK PROMISING IN GAME

Base hits that counted kept the Pampa News team in front of the Postoffice boys in an exhibition softball game yesterday afternoon, the type slingers coming out on the long end of a 16 to 10 score. The workout was the first for the postoffice and the second for The NEWS.

Now that the nice weather has appeared softball teams are getting organized for the season. An organization meeting will be called soon. Seven teams have already signified their intentions of entering and one more is needed.
Hinkle, Ford, Sturgeon, Wagner, and Howe socked the ball hard for The NEWS, while Coffin, Flarty and Sanford did much of the hitting for the mail sorters.
The game was played on the Sam Houston campus.

Indians to Have Good Southpaw

NEW ORLEANS, La., March 16 (AP)—There was rejoicing in the Cleveland Indians camp today over the belief that for the first time in several years the tribe will have a dependable left-handed pitcher.
Thornton (Lefty) Lee held the Toledo Mud Hens hitless and scoreless and only issued one pass in the three innings he worked yesterday. The tribe won the nine-inning exhibition 6 to 2.

Harris Pleased By His Outfit

OAKLAND, Calif., March 16 (AP)—Manager Bucky Harris was delighted today over the showing his Detroit Tigers made in trouncing Oakland 9 to 2 yesterday.
The aroused Tigers bagged a homer, two triples, and two doubles.
Pitcher Art Herring contributed the home run while Jonathan Stone accumulated a triple and a double.

Sport Slants

by ALAN J. GOULD

Reports are coming in furiously that "Flying Frank" Wyckoff will not have everything his way in the hundred-yard dash out on the west coast this year.

A big blond-headed lad by the name of Bob Kiesel seems to have convinced coast critics that he has a very good chance to run shoulder to shoulder with the Trojan flash any time they meet.

Kiesel is the lad, you may recall, who, an awkward appearing 15-year-old high school kid, qualified for the U. S. Olympic team in the Pacific Coast tryouts in 1928, but who was later persuaded by friends to drop out because of his extreme outh.

Now the pride of the University of California track team, in his first tryout this year Kiesel ran 89 yards in 8 1/5 seconds, and running easily, covered the hundred in 9 4/5 seconds. With the characteristic conservatism of a coach speaking of his own product, the veteran Walter Christie limits himself to the prediction that "Kiesel should be good for a point or two in the hundred in the dual meets and in the I. C. 4-A meet."

Templeton Rave

However, it has taken Dink Templeton, Stanford track coach, really to turn on the heat over Kiesel's prospects.

"The good Dink, doubtless pleased at an opportunity to prick his friends at the University of Southern California, wrote a short time ago in the San Francisco Call-Bulletin that when right Kiesel 'should worry about Frankie Wyckoff or any of the rest of them.'"

Dink saw Bob perform in a high school meet shortly before the 1928 Olympic trials, and has been one of his biggest boosters since. He is "the only man I have ever seen who could run faster and in more perfect form simply by trying harder," Templeton writes. "Without a doubt (he) is the greatest natural sprinter the game has produced."

This judgment coming from a track coach of Templeton's astuteness makes it look like we are going to have to keep a rather close check in one Bob Kiesel in our speculation on Olympic prospects.

Magic Name

In London recently Dwight F. Davis, Davis cup donor, told a yarn which will cause tennis stars to have no less an opinion of the international importance of their sport.

Visiting in Paris, Mr. Davis attended a session of the French chamber of deputies. He found himself on a back seat where little could be heard.

A friend from the American embassy suggested to a French official that an American ex-secretary of war might possibly be moved into a better seat. It could not be managed. Nor was a reminder of Mr. Davis' governorship of the Philippines any more effective.

Then it was casually mentioned that the American visitor was the donor of the Davis cup. Immediately he was ushered into the private box of the President of France!

Cage Meet To Start Tonight on Loyola's Court

CHICAGO, March 16. (AP)—A five day and night fight for the ninth national Catholic prep basketball championship opens at Loyola university gymnasium tonight with 32 picked teams from 14 states entered.

The battle will open with De LaSalle high of Minneapolis, the defending champion, arrayed against the strong Catholic high from Washington, Ind., and will continue until Sunday night, zero hour for finalists.

Although De LaSalle has succeeded in capturing the National title the past five years, it had anything but an easy road ahead in the 1932 tournament. Every one of its rivals boasted some title or other and nine were state champions.

Buster Brown and "Tige" Are Coming To Rex Saturday

Buster Brown and his famous dog "Tige" will make another appearance at the Rex theater Saturday morning at 10 o'clock. He is brought here by Joseph R. Lazarus, proprietor of the Brownbilt Shoe store.

All the children of this community are invited to call at the Pampa Shoe store and receive a free ticket to see Buster Brown and his dog. A picture program will be shown in connection with the performance. "Every boy and girl who comes will get a souvenir," says Mr. Lazarus. "It won't cost you a penny, just come and see the show."

ASKS APPLICATIONS

Anyone desiring to take the state teachers examination in Gray county this spring must have their applications in the hand of County Supt. B. Hessey on or before Monday, Mr. Hessey announced this morning. The examination will be held in the courthouse April 1 and 2. Many persons have taken the examination here and Mr. Hessey is sure that he will have some applicants this spring.

Iowa is the nation's leader in popcorn production.

Steers to Play Squad Contest

DALLAS, March 16. (AP)—The first intra-club practice of the season was arranged for the Dallas Steers today. Pitchers had two-inning assignments.

Henry Bonura, regular first baseman, has wired that he will leave New Orleans tonight to start spring training. With Bonura signed, the only holdout is George Loopp, centerfielder. Loopp has been working out with a sandlot nine. Bob Tarleton, business manager of the Steers, said he has made his best and final offer to Loopp and that the centerfielder can accept it or go unsigned.

The Steers went through two long workouts yesterday. Lou Brower, new shortstop, drew applause from the spectators with a number of brilliant stops around midfield.

Human Torch

Howard D. Moore was a good boy, but he refused to go to school. He hadn't been home for more than a month. He made money for food by selling papers, and slept in flop houses and parks. He became so dirty that other Dallas newsmen said he had cooties and didn't want him around. In Dallas' old vacant postoffice he watched three boys shoot dice last Thursday. When Howard wouldn't leave the three boys tied him with canvas and poured coal oil on him to "disinfect him." He rolled on the floor, too near a heater, and his clothes caught fire. The boys cut his bonds and ran. He ran out the door, too, a flaming torch. Howard died in three hours. He was 14 years old. Police are trying to find the boys who caused his death.

LIKE THE CLASSICS

CLEARWATER, Fla., March 16. (AP)—The boys are ringing the classics in on Max Carey's Brooklyn Dodgers but they win just the same. Sunday they played against Cicero of the Reds and yesterday it was Virgil Davis and Homer Dudley of the Phillies.

Smead Jolley Is Good as Catcher

SAN ANTONIO, March 16. (AP)—The experts who laughed in front of Lev Fonseca when the White Sox manager announced plans to convert big Smead Jolley from an outfielder to a catcher, were penning praises for the novel experiment today.

Smead is making good as a backstop much faster and better than even Fonseca expected. In four intra-camp games, Jolley hasn't committed an error or allowed a ball to pass through him while his big stick has been delivering timely hits.

Senators Rest After Victory

BILOXI, Miss., March 16. (AP)—Spurred by a 5 to 4 victory over the Baltimore Orioles in yesterday's opening game of the training season here, the Washington Senators journeyed to nearby Gulfport today for a return contest.

Manager Walter Johnson took mental notes on some promising betting in the opener by such regulars as West and Cronin, and watched three recruits on the mound back them up.

Alanred Farmer Applies For Aid

Henry L. Campbell of Alanred is the first farmer in the seven counties over which G. L. Casey is presiding as loan agents to apply for federal aid, he announced today.

However, Mr. Geesey expects applications to multiply rapidly in the next few weeks. He has established his office in the B. C. D. rooms, but will spend most of his time in the field. He attended a meeting of farmers in Wheeler last night. Information concerning the loans may be obtained from the B. C. D. office.

MAN FOUND DEAD

LULING, March 16. (AP)—The body of Charles W. Needham, 67, former hotel operator, was found last night on the bank of Seal creek, west of Luling. He had been shot in the chest. A pistol and a shotgun were found near the body.

"LOOKS LIKE ME"

"... no we haven't named him yet. Maybe we'll call him Al Smith, or sompin'... sure, looks just like me... lots of hair... going out for football this afternoon. Guess he'll start selling life insurance about the age of 12. Weigh? Why, he weighs 22 pounds and 8 ounces."

And then we learned that baby boy was born to Mr. and Mrs. Frank Hill at the Pampa Hospital at 6 o'clock this morning. More than 400 young men applied to take civil service examinations for jobs as city firemen in Duhurt, Minn.

Where Aged Recluse Burned to Death

Firemen are shown here taking the charred body of Miss Betty Stallworth, 85-year-old Marlin, Texas, recluse from the smoking ruins of her home, in which she burned to death during the cold weather last week. It is believed she set fire to the house by building a big fire in the stove and going back to bed.

Road Body To Meet in Pampa

The Texas association of United States Highway 60 will meet in Pampa March 28. George W. Briggs, manager of the Board of City Development and secretary of the organization, announced this morning. Representatives of towns and cities between Higgins and Farwell via Amarillo and Canyon will attend the meeting.

W. M. Williams of Amarillo is president of the Texas branch of the highway association. F. P. Reid of Pampa is one of the directors. Highway 60 starts in Virginia and goes to Los Angeles and is fast becoming one of the most popular transcontinental highways.

Officers for the next year will be elected at the Pampa meeting. Mr. Briggs says. Delegates for the general meeting in Phoenix, Ariz., next month will also be selected. Sessions will be in the city hall.

GOING TO ALASKA

John Bowers and Homer Wharton have purchased tickets for the trip to Alaska to be made in June by a group of Panhandle residents.

The Royal Danish State railroads have purchased their first Pullman car.

Rookie Is Given Chance to Star

SAVANNAH, Ga., March 16. (AP)—Cyver Szaalen, the rookie pitcher here with the Red Sox to show whether he should be recommended to some minor league team, has plenty of speed and pretty good forked ball.

Added to that nothing scares him but he still needs to acquire some polish and finish. He was the physique of a pitcher and lots of ambition and shone Collins says "you can mark it down—Sya's going to be a big league pitcher before many seasons are gone."

JOHNSON RETURNS

ST. PETERSBURG, Fla., March 16. (AP)—Henry Johnson, New York Yankee right hander, has returned to the training camp after several weeks absence. He recently underwent an appendicitis operation.

He Will Be Wearing Red Pajamas When He Comes.

Graduates of Miami University, Oxford, O., founded or helped found 11 colleges during the generation preceding the Civil war.

Although 97 years old, Edward Stewart of Davis county, N. C., still hunts rabbits and shoots them with deadly accuracy.

The Mississippi river system drains an area of 1,240,000 square miles and affords 15,000 miles of navigable waterways.

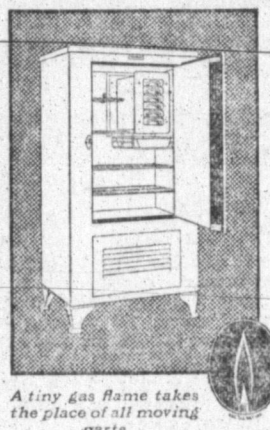

OUR FAMILY and YOURS... Another problem Solved!

THE new idea in automatic refrigeration is this: Electrolux freezes without machinery, without sound.

There is no alternate stopping and starting. A tiny gas flame and a tiny flow of water do all the work. Continuously, they circulate the refrigerant that produces cold... plenty of pure, sparkling ice cubes. That's why food keeps fresh longer in Electrolux!

The cost to operate is probably far less than you now

pay for refrigeration. And should your Electrolux ever require adjustment, you may expect the same prompt and efficient service you are accustomed to receive from your gas company.

So plan to see Electrolux today. Prices are no higher. Terms are generous. A complete line is on display in our showroom now.

SPECIAL TERMS

Only \$50.00 down puts Electrolux in your kitchen right now—months to pay the balance.

Decisions From Appeals Courts

AMARILLO, Tex., March 16 (AP)—Proceedings in the seventh court of civil appeals:
Motions granted: B. Hancock vs. H. H. Stuckey, Sr., to strike record and dismiss appeal; J. L. Fuqua vs. Amarillo National Bank, to affirm certificate; Rollingsford Savings bank vs. Roy J. Wilson, et al., to dismiss; T. Ray Tobin vs. E. L. Walker, et al., and Bankers Lloyds, et al., vs. H. Ray Tobin, to dismiss appeal.
Motions overruled: Continental Supply Co., et al., vs. Forrest E. Gilmore Co., of Texas, et al., to quash writ of supersedeas; Continental Supply Co., et al., vs. Forrest E. Gilmore Co., of Texas, et al., to dismiss motion to quash; H. Ray Tobin vs. E. L. Walker, et al., and Bankers Lloyds, et al., vs. H. Ray Tobin, rehearing (three); Texas Indemnity Insurance Co., vs. A. L. Wingo, rehearing; Smith Umberson, Jr., vs. J. T. Kreuzer, et al., to postpone submission; Annie Pavelski, et al., vs. M. C. Overton, rehearing.
Affirmed: Nicholas G. Heinz vs. J. F. Walde, from Lamb; Mollie D. Abernathy, et al., vs. J. A. Brashear, from Lubbock.
Reversed and remanded: The Commercial Invest Trust Inc. vs. Mrs. W. S. Smart, from Deaf Smith; Bankers Lloyds vs. Robert Henry Seymour, from Wilbarger.
Dismissed: D. E. Holt, et al., vs. Roy Narker, from Gray.

AUSTIN, March 16 (AP)—Proceedings in the court of criminal appeals:
Affirmed: S. M. Manley, from Van Zandt; J. H. Stinson from Grayson; Tim Ingram, Eastland; J. F. Pendergrass, Jefferson; Dock Elliott, Coleman; J. W. Birdner, Smith; George Allen Vance, Smith; James Brightman, Harrison; Jack Cullum, Potter; Thomas Davis, Shackelford; Estanislado Lopez, Pailay.
Appeal dismissed at request of appellant: C. F. Anderson from Smith.
Reversed and remanded: D. L. Burke, Wheeler; Port E. Stages, Palo Pinto; J. H. Knudson, Wheeler; Charles A. Foosee, from Tarrant.
Appellant's motion for rehearing overruled: O. J. Foster from Potter; Ivey Brown, Runnels.
Request for leave to file second motion for rehearing overruled without written opinion: N. E. Perkins from Orange.
Submitted on brief and argument: A. J. Bell, from Hall; John Alsup, Wichita; C. J. Dunn et al from Midland.
Submitted on state's brief: Clem McDow from Van Zandt.

OUT OUR WAY

Congress Argues Important Bills

WASHINGTON, March 16 (AP)—Two prominent pieces of legislation ran into stormy weather in congress today while the house debated the billion dollar tax bill and the senate the interior department appropriation measure.
The senate foreign relations committee became entangled in a dispute over American adherence to the world court. It called Secretary Stimson to give his views next week.
On the other side of the capitol, the house returned the Norris-LaGuardia anti-injunction bill to the conference committee for additional revision. The senate has approved the conference report but

some of the house members raised objections.
The house foreign affairs committee approved 15 to 2 the Fish resolution proposing an agreement at the Geneva arms conference to further the Kellogg-Briand peace pact by renouncing export of arms to foreign countries.
A vote on Philippine independence by the house next month was assured when the democratic leadership decided to call up the Hare bill to provide freedom within eight years.
Representative Rainey of Illinois, democratic leader, said if the anti-manufactures sales tax view expressed last night by William Green, president of the American Federation of Labor, prevailed in congress it would be necessary to decrease materially the salary of government employes.
Senator Bingham (R., Conn.), said he had 43 replies from Governors to a questionnaire he sent

out asking data on distress and unemployment and that only one—Pinchot of Pennsylvania—had reported starvation.
INDIANS TO TESTIFY
GLOBE, Ariz., March 16 (AP)—Fellow tribesmen of Mac Seymour, 21-year-old Apache buck, were marshaled against him today to tell of the death of Miss Henrietta Schenker, Columbia university student, for whose murder the Indian is on trial.
Robert Gatewood, a resident of the White River reservation and, like Seymour, an Indian range rider there, was the chief witness summoned by the prosecution. He was expected to relate an alleged confession of the killing made to him by Seymour.
Police Commission Clifford Davis of Memphis, Tenn., says that of 85 murders in that city last year 33 were due to immorality.

ELLIOTT--

(Continued from page 1)
ment; was mustered in as 1st Lieutenant, same Company, September 3, 1863, and was Captain, Company M, same regiment, October 23, 1863. He was transferred May 9, 1865, to Company B, same regiment, and was mustered out with the company and honorably discharged February 18, 1866, at Austin, Texas, as Captain. At date of enrollment he was 21 years of age.
He was appointed major, United States army May 7, 1867, and was assigned to the 7th U. S. Cavalry. He was killed in action November 27, 1868, on the Washita river, Indian Territory, in the attack on Black Kettle's band.

Information furnished by the Adjutant General's office relating to the old military Post, Fort Elliott, Texas:
Fort Elliott, Texas, was established June 5, 1875, about the close of the extensive Indian campaign of 1874-1875 against the Kiowas, Comanches and Cheyennes, which involved, among other sections, North western Texas. It was near Mobeetie, Wheeler county, about one mile south of the head of Sweetwater creek, and in latitude 35 degrees 31 minutes and longitude 100 degrees 27 minutes. It was a U. S. military reservation on land purchased October 28, 1889 from William Walter Phelps, about 2560 acres. It was named in honor of Major Joel H. Elliott, 7th Cavalry, who was killed in a battle of that regiment with Indians on the Washita river, Indian Territory, November 27, 1868, at the time Black Kettle's village was destroyed. During its existence, Mobeetie was its post office. There was a telegraph station at the post. At one time there was a daily stage or backboard from Dodge City, Kansas, distance about 190 miles. About September, 1878, two companies of the 4th Cavalry went from Fort Elliott to Fort Dodge, Kansas, in pursuit of hostile Northern Cheyennes who had fled northward from Fort Reno. The town was abandoned in October, 1890, when transferred by the War Department for disposition.

WILL REVISE BILL
WASHINGTON, March 16 (AP)—The house today sent the Norris-LaGuardia anti-injunction bill back to the senate-house conference for revision.
Georgia paid \$1,622,266 to Confederate veterans in pensions during 1931.

When Man Killed Lover and Self

Fooshe Murder Conviction Reversed

AUSTIN, March 16 (AP)—Conviction of Charles E. Foosee on a charge of murder in the death of his wife, Billy Foosee, in the Tarrant county Dec. 14, 1930, was reversed today by the court of criminal appeals and the case remanded for a new trial. He had been sentenced to ten years imprisonment. Foosee was alleged to have killed his wife by stabbing her during an altercation near a dance hall. Foosee then fled to Dallas where he turned himself over to the Dallas county jailer.
The reversal was granted because of improper testimony of the Tarrant county Sheriff who testified Foosee told him over the telephone that he had killed his wife. The appeals court held the testimony violative of the statute requiring warning to be given a prisoner before any statements he makes can be used against him. Failure on the Tarrant county sheriff to warn Foosee constituted reversible error, the appeals court stated.
Three milk bottles are made for every inhabitant in the United States.

VEGETABLES DAMAGED

AUSTIN, March 16 (AP)—The cold wave last week did severe damage to spring vegetables and fruit crops. G. D. Clark, truck crop estimator with the federal-state crop and livestock reporting service, said today in a preliminary report. He said reports were that very little if any damage was done the citrus fruit crop. Cabbage and spinach crops were benefited rather than injured, Clark's report said.

FRENCHMAN IS BEATEN

NEW YORK, March 16 (AP)—Gregory Mangin of Newark, eleventh ranking American tennis player, sprang the first important upset of the national indoor tennis tournament today when he defeated Christian Boussus, left-handed French star, in straight sets in a fourth round match. The scores were: 6-3, 6-4.

POWERS TO KNOW FATE

ELKINS, W. Va., March 16 (AP)—Harry P. Powers' fight for life swung back to Clarksburg today and by nightfall decision on a new attempt to stay his execution was expected. His hanging was set for Friday.

Stinnett Bank Robbers Sought Over Panhandle

STINNETT, March 16 (AP)—Officers throughout the Panhandle were on the watch today for a sedan bearing an Oklahoma license and believed to carry two men who robbed the First State bank here of approximately \$5,000 yesterday.
The pair, unmasked, locked the cashier, assistant cashier and five customers in the bank's vault. The band had nearly 7,000 in silver and currency but the robbers took only the currency.
A former employe of the bank entered about five minutes after the pair had fled and released the seven prisoners, who said they could identify the robbers.

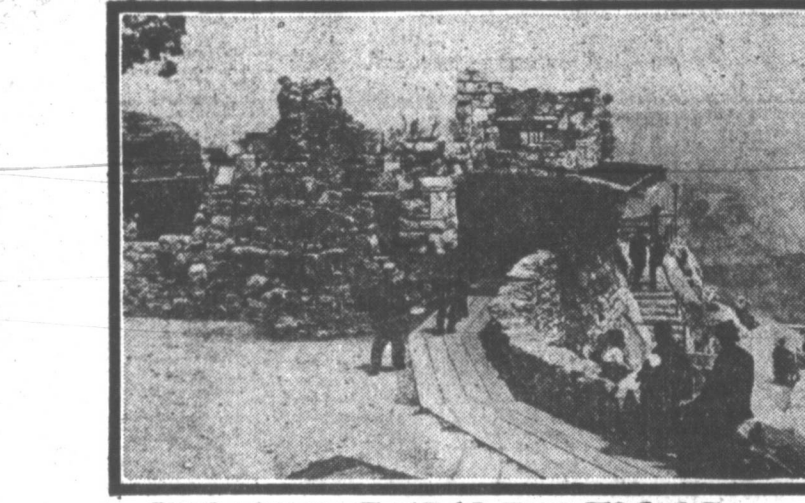

Allowable in East Texas 72 Barrels

AUSTIN, March 16 (AP)—The per well daily allowable in the East Texas oil field was 72 barrels today under a railroad commission order fixing a maximum production of 325,000 barrels daily.
The Oil and Gas division of the commission computed the number of producing wells as of April 1 at 4,656, that number being divided into the top field allowable to fix the per-well allowable. Under the commission's order, the number of wells in the area will be determined at the end of each 15 day period, allowance to be made each time for anticipated completions. Thus the per-well allowable will be fixed automatically.
The new order was fixed to obtain until May 1.

HARNESSING THE AMERICAN NILE

THE LOOKOUT NEAR THE TOP OF BRIGHT ANGEL TRAIL

Wonderful Things Soon To Be Accomplished By Putting the Colorado River To Work—Four Million Acres of Dry Desert To Be Transformed Into a Veritable Garden of Eden—Dam That Will Span the Grand Canyon.
By RENE BACHE

SEVEN States are interested in the project for damming the Colorado River and using its waters for irrigation and power. Their quarrels, which have held the plan up for several years, seem now on the point of settlement, so that Congress will be able to furnish the money for starting the work.
It will be the greatest engineering job of the kind ever undertaken. The dam, built across a part of the canyon where the latter is half a mile deep and only 150 feet wide, will be 731 feet high. It will create a reservoir holding enough water to form a lake 1,000 square miles in surface area and thirty-three feet deep.
The waters thus impounded during the flood season will be used to irrigate 4,000,000 acres of dry desert, transforming that vast area into a veritable garden, and providing homes for 2,000,000 Americans. They will develop 700,000 electric horsepower, transmissible by wire for distances of 800 miles. And incidentally the menace of spring floods will be removed from the Imperial, Coachella, and Palo Verde Valleys, in southern California.
There is no richer land in the world, when watered. The Colorado has been called the American Nile. Like the great river that moistens the desert sands of Egypt, it runs through a semi-tropical region suitable for the production of corresponding crops—citrus fruits, figs, dates, sugar-cane, and the highly valued long-staple Egyptian cotton.
Needs Only Water
Today the area in question is an

THE GRAND CANYON OF THE COLORADO

uninhabitable, worthless waste. When watered, it will have a value of \$200 an acre—an estimate based on the value of similar desert lands already reclaimed in the Southwest. It should yield crops worth \$75 an acre per annum, thus adding \$300,000,000 yearly to the agricultural income of the United States.
When the water is made available, there will be a rush of settlers into the region now so inhospitable, which soon thereafter will be covered with farms and orchards of young fruit trees. Where there is a farming population there must be towns. There will be many towns, thriving and prosperous, affording occupation and support for hundreds of thousands of people.
As a preliminary to planning the huge dam, it was necessary to ascertain the height of the river bed above sea level at various points along its course. This task was undertaken by Government surveyors, who, by running a line of levels, found that the Colorado, 500 miles from its mouth, is 2,142 feet higher than the sea. Whence it appears that the stream, in that distance, descends about three-fifths of a mile.
The dam will be a structure truly titanic, with a thickness of nearly three-quarters of a mile at its bottom. At the top it will have a thickness of thirty feet, which will allow for a roadway across the canyon and make the dam serve incidentally as a bridge to span the tremendous gorge.
Diverting The River's Course
Before starting the job of building it, the river must be turned out of its bed, in order that the

A PICNIC LUNCH HALF WAY BETWEEN THE CANYON RIM AND THE RIVER

A DIFFICULT PORTAGE

into the river bed below. Gunpower is better for the purpose than dynamite or other high explosive because it is not desirable to shatter the rock too much. Chunks are wanted.
Shipping The Granite Mass
After such a blasting operation, the river will be turned back into its bed and allowed to scour out the rock-dust and small stuff, the large blocks being thereby permitted to settle deep and solidly. Then the stream will be turned out

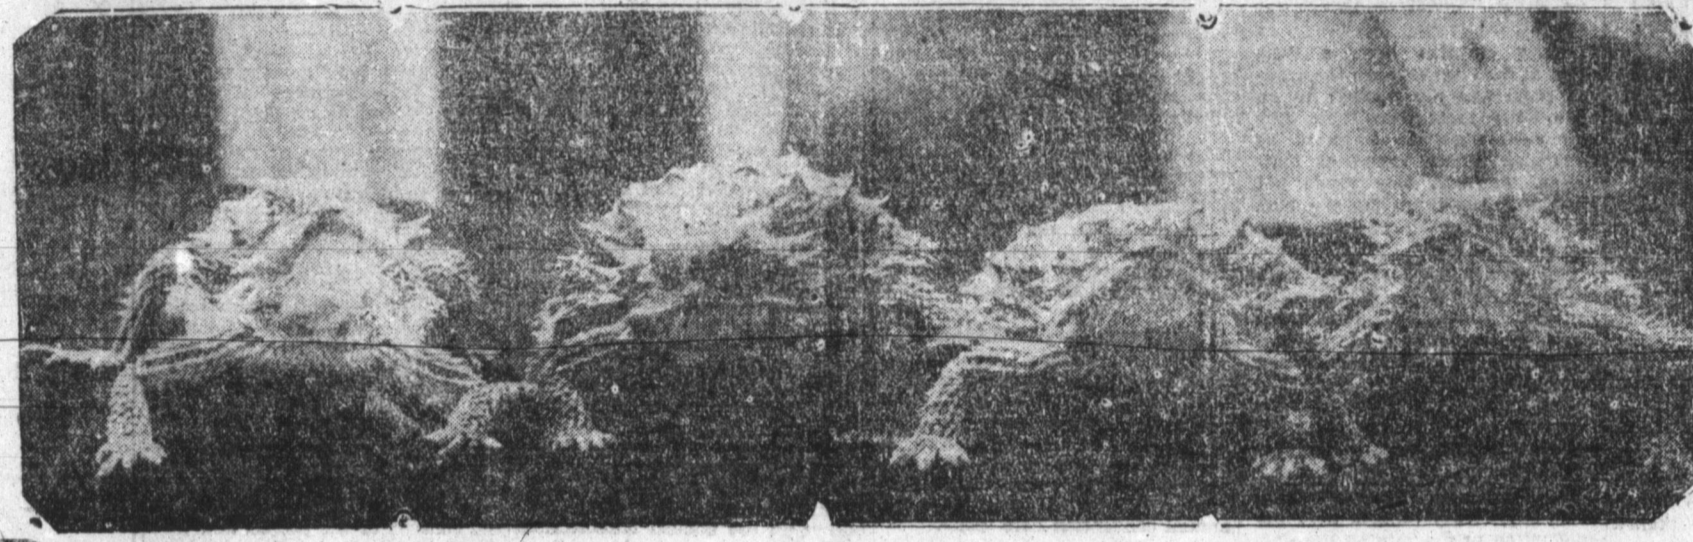

PRELIMINARY SURVEY FOR THE GREAT DAM

to be paved with reinforced concrete. The paving will cover the entire slope from the river bed to the top of the dam face, and will be securely sealed to the cliffs on both sides, to prevent percolation of water.
The cost of the project, it is estimated, will not exceed \$50,000,000. It is not expected that the Federal Government shall pay for it, even in part. Congress will provide funds as a loan, to be eventually returned through taxes levied upon settlers who take up land in the reclaimed region. To finance the scheme, bonds will be issued by districts which that region embraces, each district assuming its pro rata share of the obligation.
The Colorado River carries enormous quantities of silt. Its waters so laden as to be mud-colored in the flood season. According to expert estimate, it transports in the course of a twelvemonth enough of such detritus to cover eighty square miles to a depth of one foot. By this means it has built out its vast delta, filling in the north end of the Gulf of California. The Imperial Valley of southern California, so famous for its fruitfulness since it was watered, which extends southward into the Mexican territory of Lower California, was formerly a part of the Gulf, and along the sides of the hills that flank it may still be seen the ancient beach lines.

EXPLOSION--

LEAGUE--

(Continued from Page 1)

(Continued from Page 1)

explosion. They ran through the rear of the store just before the wall tottered and collapsed, scattering brick over the spot where they had been standing.

the secret service of the U. S. government in several foreign countries. Mr. Woodward is proprietor and manager of the Jitney Jungle grocery store in South Pampa. He has been here about five years.

The grocery store was reduced to piles of brick, plaster, and canned goods. The beauty shop and hardware store were damaged by collapsing walls. Total damage of the blast was roughly estimated at \$50,000. Windows for several blocks were shattered and shelf goods displaced. The fire which was caused by the explosion was quickly controlled and extinguished.

A platform was unanimously adopted by those present before the candidates were named. A committee of six men selected the candidates and another committee drafted the platform. W. H. Lang was chairman of the platform committee.

Rogers and Raines smelled escaping gas when they arrived at the store this morning. Thinking it was about a connection they struck a match for a test. Instantly a flame developed, spread upward, and a tremendous explosion followed. It was presumed that gas had filled the unoccupied second story of the store building. The accumulation along the ceiling of the grocery ignited and spread to the second floor, where the main blast occurred.

Mr. Murphy stated that the League and its candidates would base their plea for votes on the platform and its 12 planks. Reasons for adoption of each plank are contained in the platform.

Theo Tipp, former Pampan but now manager of the Southwestern Public Service company here, narrowly escaped serious injuries in the explosion. He was standing in the foyer of the Panhandle theater when the explosion occurred. The blast blew open the theater doors and a shower of plate glass was hurled across the street and into the foyer. Pieces of glass showered about Mr. Tipp's, sticking in the doors and walls of the foyer, but not a piece of the flying glass touched Mr. Tipp's.

The platform urged the combining of clerical departments of the city government; no salary payment to the building and plumbing inspector, but fixed fees for supporting each office; no salary to the board of health department but fixed fees for supporting the office; reductions in meter deposits and lowering of all rates whether in water, gas, electricity or telephone connection charges and ordinance-governed withdrawal of deposits made.

The friend whom Mrs. Frew had brought in with her—Agatha she called her—evidently had just returned from a trip abroad. They were exchanging experiences, impressions.

"Water at reduced minimum rates, not in quantity of water, but in money," another plank. The platform advocates the investment of surplus water profits if any, in a sinking fund to care for obsolescence of the plant and for the purpose of taking up the bonded indebtedness of the city.

President West vigorously defended capital and denounced communism.

The tenth plank asks for more equitable assessments of property for

NEGRO WOUNDS GUARDS

IONIO, Mich., March 16 (AP)—A negro prisoner in Michigan state reformatory knifed four guards today before he was subdued in an attempt to escape.

One of the officers, M. L. Patrick, 40, also was shot accidentally by a fellow guard who fired at the prisoner, Walter Sanders, who is serving 15 months to ten years for felonious assault.

SANTA ANA, Calif., March 16 (AP)—Imagine the surprise of Mrs. Frances Nye to learn her missing husband was a radio crooner in Texas. The sheriff was interested too. A warrant is out for the arrest of the husband, Charles Harold Nye, on a bigamy charge.

HOUSTON, March 16 (AP)—The state rested this afternoon in Barnet McGanegall's trial for the murder of John Cherris and defense attorneys immediately began preparing a motion for an instructed verdict of not guilty.

TACOMA, Wash., March 16 (AP)—Poison meat dealt heavily with the Eagles lodge members of Southwestern Washington today when 178 of them were reported ill as a result of lunch eaten at the district meeting in Olympia last night. None seemed to be seriously ill.

several years afterward, he was in taxable purposes, and the promulgation of a rule, uniform in scale, for this purpose.

The League approves publication of each month of the financial condition of the city, by departments of revenue and expense and all money received to be turned in to the city treasurer and "stricter and more correct book-keeping."

The twelfth plank asks that "no warrants be issued unless money for them is in hand and that no reimbursement be tolerated without the consent of the people, and that sinking funds for bonds be held inviolate as the city charter demands."

FAKE TIP RECEIVED

SYRACUSE, N. Y., March 16 (AP)—Police today searched the home of Mrs. Calie Folz here today, after receiving a teletype message quoting an anonymous letter as saying the kidnapped Lindbergh baby was there. No basis for the letter was found. The anonymous message had been sent to the Lindbergh home.

ON TRIAL FOR STABBING

FORT STOCKTON, March 14 (AP)—Arguments of attorneys began today in the trial of William Piley, charged with murder for the fatal stabbing of Leigh Harkey at Iraan, in hte west Texas oil fields July 24, 1931. The case was expected to be given to the jury tonight or tomorrow morning.

KITTY FREW by JANE ABBOTT

SYNOPSIS: Kitty Frew, attractive and well-liked in her own home town, finds hostility and scorn when she marries Garfield Frew and comes to live in Winton. His mother resents her, his father ignores her and his sister, Carol, treats her with cold indifference except for one scolding to Kitty that a trap is planned against her. Kitty persuades Gar to ask his father for a job, although he is more satisfied living on his mother's money and working with a little theater group started by Marge Crosby. Marge is trying to gain Gar's interest, and his absorption in the plays helps her game. There seem to be endless committee meetings, and Kitty is left at home alone to make her uncertain plans for a home where she and Gar can be alone. Carol has told her to study Marge's technique, but she has determined not to be jealous.

"I'm so delighted that I ran into you. Your friends see so little of you, Muriel," the strange voice was saying. Heavy curtains hung a little apart at the door between the drawing room and the library; to escape Kitty must pass them. She saw such flight as awkward as remaining within sound of their voices. Anyway, they would not know she was there for the high back of her chair concealed her. She opened her neglected book but even while she read bits of the conversation in the other room sounded across her consciousness.

Chapter 12
PICKING UP A CLUE
"WELL, I've been thinking that myself, Kitty," Gar said. "We ought to have some sort of a place where we could have the bunch come in for supper. It says there's an apartment for rent in the Tudor Arms. Let's take a look at it. We could get most of our meals out—"

"Why, Gar, I'm going to love cooking!" Kitty protested. Tudor Arms—she had to down a little dismay. But not now would she cross Gar— He kissed her nose. "Funny little thing," he laughed. "Have you any idea how funny you are?"

Gar promised, easily. Marge had made an appointment with Decker, the architect, at two. He'd be through in plenty of time. "Gar, I think it'll make your father very happy, having you in with him. He looked that way—pleased, just thinking about it. You ought to be with him more, Gar."

Oh, no, she wasn't thinking that now. They kissed, a little solemnly. Then she sent him away to keep his appointment with Marge. She wasn't afraid of Marge, rather a little proud now that Marge so depended upon Gar's judgment.

"You liked Italy, Muriel? I found the shops all right but the people were robbers! All I did was count my change—"

They would go to Italy, Capri, Naples, Venice. Pictures of vine-clad sunny hills, sapphire bays, sleepy, old piazzas came to Kitty. They'd make it a second honeymoon—

"Muriel, you'll forgive my asking you, but how is Gar's unfortunate marriage coming out?" The book slipped to the rug at Kitty's feet. Her hands caught tightly at the arms of her chair. It seemed an endless interval before Mrs. Frew answered.

"I can tell you that better, Agatha, a few months from now." Mrs. Frew's voice had been even; Kitty could fancy that she was smiling.

"My dear, I was aghast when I heard of it. I think you were wonderful, letting him bring her back here. There are not many mothers who'd do that. Of course I know how proud you've always been of Gar. I can feel what a frightful shock it must have been to you. I said to my husband what are the young people coming to, the way they rush into the most serious things, as if life were some sort of play. The dear boy must have been terribly taken by. What are you going to do about it, Muriel? I know you must have thought it all out carefully. You wouldn't face it any other way. I said that to my husband."

"Thanks, Agatha. I have thought it out. I've had to think it out, for Gar's sake. I am happy to say that the girl hasn't undermined my boy's confidence in me and in my wisdom."

"Muriel, you're a woman in a thousand! And to be so calm about it. I'd have had a nervous breakdown if it'd been my John. Really, we mothers ought to take out some kind of insurance to cover the mistakes our children make. Is she dreadful, the girl? I haven't asked anyone. I didn't want to hear any gossip about anything so close to you. But I've been praying that she isn't too bad; nowadays the worst bussies can dress themselves up to look like our own sweet girls—"

"She's not that sort, Agatha. In fact she's quite simple, unambitious. But I am convinced Gar will tire of her the sooner for that. I know that her limitations are embarrassing him already. All I can do, Agatha, is to stand by my boy. I am keeping him home, with all the time in the world to play about with his old friends, dependent upon me. And then when he sees his mistake I will be ready to help him—"

Kitty heard no more. A hot fury was surging through her, deafening her.

A simple creature! Gar was to discover her mistake, throw her aside! She'd taken Gar in— From the hall a clock chimed. Four o'clock. The strokes vibrated softly through the rooms. And suddenly Kitty laughed, soundlessly, triumphantly. At this minute Gar was with his father, talking about his new job. They'd go away at once, anywhere; she would not stay another night under this roof. She had outwitted his mother.

Tomorrow, Kitty offers Gar his choice between her and being "bought" by his mother.

STOCKS SLUMP

NEW YORK, March 16 (AP)—The stock market was in no mood to overlook further adverse trade and dividend news today and prices slumped rather decidedly, although trading remained quiet. Net losses in the more active issues ranged from 1 to 3 points, with a few wider declines. The closing tone was heavy. Transfers approximated 1,500,000 shares.

MARKETS AT A GLANCE

NEW YORK: Stocks heavy; motors at new 1932 low.
Bonds irregular; international match issues slump.
Curb heavy; oils sag.
Foreign exchanges steady; Scandinavian currencies higher.
Cotton steady; easier stock market, local selling.
Sugar steady; steady spot market.
Coffee barely steady; trade buying.

FIVE KILLED BY GAS

NEWBURGH, N. Y., March 16 (AP)—John Lucas and his family of five persons were killed by gas as they slept in their home at New Windsor, N. Y., near here, early today.

MAY PAINT THE LILY

Science Finds Blush on Apples and Elberta Peaches
NEW YORK, March 16 (AP)—Science can't paint the lily yet, but it is putting the blush on apples and Elberta peaches.

Ultra-violet light does it, but that is only the beginning of the story. Apples and peaches are as choosy about which ray of light they will blush for as a maiden looking over her suitors. Dr. Arthur worked on this technique in fruit for two years.

"I'd hate to be called an Outdoor Girl!"

"THAT usually means a girl's a total loss in a tete-a-tete . . . and takes up 'nature' as a last resort! But I must confess a liking for hills and forest trees . . . and all genuine natural things.

"I like the simple sincerity of Chesterfield's advertising. Have you noticed it? There's no extravagance in the claims. Just everyday facts about the fine tobaccos they select and the painstaking way they develop the flavor and aroma.

"I've never smoked a milder cigarette! And I never tire of the flavor . . . a fine natural tobacco taste. They burn evenly, too. Either they're rolled more carefully . . . or the paper's better. I feel the greatest confidence in Chesterfields. They satisfy me!"

New Radio Program
"Music that Satisfies." Mondays and Thursdays, Boswell Sisters. Wednesdays and Saturdays, Ruth Etting. Tuesdays and Fridays, Alex Gray, Shilkret's Orchestra, every night except Sunday. Columbia Network. 40 p. m. E. S. T. Wednesday and Saturday. Other nights 10:30 E. S. T.

THEY'RE MILDER • THEY'RE PURE • THEY TASTE BETTER • They Satisfy
