FUNERAL SERVICE TO BE HELD NEXT THURSDAY

LUBBOCK, April 13 (AP)—Dr. Paul Whitefield Horn, 62, president of Texas Technological college since the school opened in the fall of 1925, died suddenly at 9:10 this morning.

First indications of the doctor's failing health came Sunday, January 17 when he reported for examination at a local sanitarium. Attending physicians pronounced his ailment as acute appendicitis and a day later he submitted to operation.

Gaining rapidly despite his advanced years, he was dismissed from doctors' care and in less than three weeks' time was administering his duties at the college.

Became ill on Train
Late in February he attended a meeting of Tech College regents in Dallas and en route home became ill on the train. He was placed in the sanitarium again on March 10, suffering of a kidney disorder and threatened with a nervous breakdown, but again he rallied, remaining under surveillance of physicians in his home.

The college president was stricken while in his bath this morning and members of his family rushed him to bed and summoned his attending doctor. Before the physician could reach the home, on the college campus, however, the educator was dead.

Doctor Horn is survived by Mrs. Horn and a daughter, Miss Ruth Horn, in the immediate family.

Tentative funeral arrangements call for services at 5 o'clock Thursday.

Rotarians Make Trip to Borger

Fourteen Pampans were guests and some of them were on the program at a meeting of the Borger Rotary club yesterday.

The program was directed by A. N. Dille. Following two piano solos by Mrs. May Foreman Carr, the Rev. C. E. Lancaster spoke on "If Rotary Falls."

A trio composed of Mrs. Lynn Boyd, Mrs. A. N. Dille and Mrs. A. W. Mann, accompanied at the piano by Mrs. Carr, gave two vocal selections.

Those making the trip were C. P. Buckler, M. K. Brown, J. E. Cunningham, Walter Fincher, A. N. Dille, C. E. Lancaster, Tom E. Rose, R. S. Brashers, Travis Lively, M. D. Oden, Mrs. Lynn Boyd, Mrs. A. N. Dille, Mrs. A. W. Mann, and Mrs. May Foreman Carr. The men are members of the local Rotary club.

ORDER NOT GIVEN

AUSTIN, April 13 (AP)—Lon A. Smith, member of the Texas rail-road commission, today said a cut in the per well allowable of the east Texas oil field, reducing production from 71 to 67 barrels daily had not been officially ordered. It had been planned to have the proposed reduction made effective today in order to keep the maximum field allowable under 325,000 barrels daily.

THE WEATHER

WEST TEXAS: Partly cloudy tonight and Thursday; warmer in southeast portion tonight.

AND A SMILE
NEW YORK (AP)—When some one you know dies, don't weep—dance. That's the advice of Florence Rogge, noted ballet mistress. She recalls that the Greeks, instead of weeping during funeral orations, expressed their sadness by dances.

MADE CONTACT FOR LINDY

Dr. John F. Condon Sr., 72-year-old lecturer at Fordham university, was one of the many to offer to deal with the kidnappers of the Lindbergh baby. He was selected as intermediary by supposed members of the gang, and corresponded with them by means of newspaper ad signed "Jafsie." He is still trying to persuade them to make good their promise to deliver the baby upon payment of \$50,000.

Bad Strategy

It was not good politics for Mr. Hoover to offer to work for a dollar a year. Think of the wisecracks that will arouse. Some will say he isn't worth even a dollar. Others will say he wants to get down on the common level for political purposes. The dollar-a-year profiteers of wartime have not been forgotten. His statement looks like an admission. We have had quite enough of deflation.

Warning!
Look out, Faculty ball team—the Pampan is coming! Yessir, and when we hit that ball there's no way of predicting its flight. Five times up, five times on, and four runs. That's our record. It's in the books, and Skeet Stewart will tell you this scribe is hard to pitch to.

An Admission
We will admit, however, that we're so doggoned sore we couldn't do the Faculty much harm right now. Another fly in our ointment is that folks won't quit kidding us about Pepper Martin. How could we know that the man sitting down there was glued? We're so fast on those paths we just naturally can't stop short of two bases. We're not going to bat clean-up any more—we want the whole diamond to cavort in. But we've warned you, Faculty.

How Temporary
Marvin Jones writes that "the policy of making direct government loans is a temporary one." We hope so, but precedent is a great

DEFENDANTS ARE CALM

YOUNG OFFICER SENDS CHEER TO HIS MOTHER

HONOLULU, April 13 (AP)—Re-lying on the eyes and ears of Mrs. Granville Fortescue's neighbors for the final phase of its case, the territory set out today to complete its web of circumstantial evidence against the society woman and three men of the navy accused of lynching Joseph Kahahawai.

Three of the eleven remaining prosecution witnesses were called to tell what they saw and heard at the Fortescue home Jan. 8, the day Kahahawai was abducted and slain.

Woman Unmoved
Mrs. Fortescue sat through the session apparently unmoved, even when the blood-stained sheet that had shrouded Kahahawai's body were unfolded and viewed before the jurors of widely varied racial origin. Occasionally she glanced at Clarence Darrow, leader of the defense, but most of the time she kept her gaze on the back of a chair immediately in front of her.

On today's list of prosecution witnesses was Mrs. Shizuko Yamamoto who lived next door to the Fortescue home. The prosecution expected her to tell how, while sitting alone, she saw Mrs. Fortescue pull down a window shade in the rear of the Fortescue home about 9:30 a. m.

Mrs. Helen Stickney, who was visiting her sister, Mrs. Anne Tarleton, next door to the Fortescue home, was called to repeat her story previously told to Prosecutor John C. Kelley—that she heard what sounded like a muffled pistol shot.

Through the Associated Press, Lieutenant Massie sent a message to his mother, Mrs. W. S. Massie of Winchester, Ky. It said: "Dearest mother—please don't worry. Have courage and everything will be all right. Love, Tommy."

Kahahawai and four other men were awaiting retrial on charges of having attacked Mrs. Massie, daughter of Mrs. Fortescue, when the killing occurred.

WILBUR MOVE ATTACKED

WASHINGTON, April 13 (AP)—A slashing attack upon the recent order of Secretary Wilbur reopening the public domain to oil and gas prospecting was lodged in the senate today by Senator Connally (D., Tex.) who asserted it would depress the domestic industry and retard conservation.

FORMER CONVICT HELD

IDAABEL, Okla., April 13 (AP)—Ben Britton, 30, wanted in Texas for a post office robbery, and formerly a convict in the Texas and New Mexico prisons, was arrested at Broken Bow today. He was jailed here to await arrival of federal officers to return him to Texas.

LIONS BRING BACON HOME

C. Herbert Walker Is New District Governor; Many Attend Convention

Pampa Lions are proud of the fact that C. Herbert Walker, their president, was selected district governor of district T at the convention which closed at Lubbock yesterday afternoon. More than 50 Pampa Lions went to Lubbock to support their chief for office.

Lions around town today were lavish in their praise of Lubbock, the Hub city. The Pampan were met by the fire department, police force, and hundreds of citizens and escorted into the city Monday morning.

The Pampa delegation was the largest at the convention. Members were called on for entertainment, speeches, and advice.

Several Pampa girls, members of the Lions minstrel, accompanied the Lions to Lubbock and presented the first act of the show in the lobby of the Hilton hotel.

Amarillo was selected as the next convention city. Mr. Walker replaces Sam Braswell of Clarendon as governor of this district.

Pampa folk making the trip were Mr. and Mrs. C. Herbert Walker, Clyde Fatheree, Silas Faulker, Herman Kreiger, Arthur Teed, Ivy Duncan, Mr. and Mrs. W. A. Bratton, Mr. and Mrs. George Briggs, Carson Loftis, Bob Thompson, Roger McConnell, Bert Curry, John Sturgeon, John Hessey, Clarence Kennedy, Frank Culbertson, Dr. and Mrs. C. H. WHEN FEDERAL AGENTS' GUNS SPAT DEATH

McGLOTHLIN SER STA. M. M. GLOTHLIN

"I find that a decent and law abiding citizen has been ruthlessly murdered." That is the statement of William McCraw, district attorney in Dallas, following investigation of the shooting to death of Marion McGlothlin, Dallas county grocer, and the wounding of his wife by Federal Prohibition Agents L. C. Smith and N. D. Heaton. McGlothlin's country store was a rendezvous where the officers, posing as customers, were to meet a bootlegger and buy liquor. Mrs. McGlothlin says that their actions led her to suspect they were robbers. When she withdrew her pistol from under the counter, it was shot from her hand, McGlothlin then got his shotgun and was shot to death by the agents. McGlothlin is shown upper left; his wife, head bandaged where one of the officers struck her with his pistol is upper right. Below is the scene of the tragedy.

Officers of the sheriff's department are looking for the man or men who stole 160 small chickens from the brooder house at the John Henry home on the east city limits sometime last night. The officers found where a car had been parked on the road about a quarter of a mile east of the Henry home and tracks leading to and from the brooder house.

One hundred of the chickens had been hatched only a few days. The rest were a few weeks old.

Sheriff Blansett believes that one man "pulled the job." Footprints show that the man made two trips from the car to the brooder house.

CHILD FATALLY HURT

SWEETWATER, April 13 (AP)—Rachel Dooley, 10, died last night of a fractured skull suffered when she jumped from a moving truck upon which she had been riding home from school at Longworth, a town north of Sweetwater.

RANCHER KILLS SELF

SWEETWATER, April 13 (AP)—P. T. Chenault, 50-year-old Seury county rancher, was found shot to death today in his truck. Officers found a note which indicated the bullet wound in his chest was self-inflicted.

DR. MALONE ELECTED

AMARILLO, April 13 (AP)—F. B. Malone of Lubbock today was elected president of the Panhandle district medical society which closes its semi-annual convention here this afternoon.

Anonymous Tip on Where to Find Baby Turns Out To Be Blind Trail.

ST. THOMAS, Ont., April 13 (AP)—A man claiming to be D. D. Dickerson of New York City was arrested here today in connection with the Lindbergh kidnaping. Police said he carried letters addressed to Col. Lindbergh and Mrs. Dwight Morrow.

Officers of the sheriff's department are looking for the man or men who stole 160 small chickens from the brooder house at the John Henry home on the east city limits sometime last night. The officers found where a car had been parked on the road about a quarter of a mile east of the Henry home and tracks leading to and from the brooder house.

MUCH CARBON BLACK RUINED THIS MORNING

PRESS ROOM BLAZE IS DISCOVERED AT 3 A. M.

WAREHOUSES DESTROYED

REPLACEMENT WILL BE DONE AT ONCE BY STAFF

A stubborn fire, originating presumably under the floor of the press room, did damage estimated at more than \$100,000 at the Texas Elf Carbon company about 9 miles south of Pampa early today.

Machinery of the house where the carbon black is compressed was melted and twisted by the intense heat, and 750,000 pounds of the product was either destroyed or badly damaged in a long warehouse adjoining nearly a block of warehousing was destroyed before the company's fire department and the Pampa municipal fire department got the blaze under control.

R. G. Allen, executive in charge of Cabot Co. properties in this section, and of the subsidiary Texas Elf company, said the work of the Pampa firemen was splendid and deserving of highest praise. The fire was stopped by cutting through the warehouse, removing several tiers of carbon black and pouring water on the approaching flames. The Phillips company's water system in the -lowers pool was pressed into service when the Texas Elf camp supply ran low, and four-inch main was being laid today from the Phillips high pressure water line to care for any threat occasioned by a change in wind direction.

Three Overcome
Three employees, overcome by heat and fumes of white-hot carbon black were taken to a local hospital but were not seriously affected. They were George Gray, L. B. Wright, and a man named Dempser. A large force was removing sacks of carbon black from the fire zone this morning and salvaging where possible.

Mr. Allen said his company carried no insurance, but had a reserve for such eventualities. He immediately ordered machinery to replace that destroyed and gave orders to clear the area.

WHEELER ROAD FUNDS REMAIN AFTER PAVING

It is probable that Wheeler county will call an election to decide where excess road funds will be used, according to E. F. Reid, local road enthusiast, who conferred with Wheeler county commissioners yesterday. There are two stretches of highway through Wheeler county that the money could be used to improve.

Wheeler county voted bonds two years ago and since that time road cost has decreased and as a result approximately \$35,000 is available for road construction that was not designated in the bond issue.

It has been suggested that the highway commission be authorized to designate where the money be used. Highway 41 from Wheeler to the Oklahoma line and Highway 4 from Mobeley to the Oklahoma line are in need of improvements.

Houston Lawyer Is Killed

He registered at the hotel at 6:50 o'clock last night with a friend, John H. Shary, of Mission, Texas, who took an adjoining room. The both of them attorneys in Houston.

After Mobeley had retired he was seized by a violent fit of coughing, Shary said. The latter went to the attorney's room and remained with him until the coughing had ceased.

HOUSTON, April 13 (AP)—John A. Mobeley, prominent Houston lawyer and capitalist, who died when he fell or jumped from the ninth floor of the hotel Pennsylvania in New York, was known to his associates as a sleep walker, Palmer Bradley, one of them, said today.

Members of Mobeley's firm were inclined to believe that habit probably was the cause of his death. Two men, Shary said, visited at a local club last night, returning to the hotel early today.

Both retired to their rooms and Shary was in bed when informed of Mobeley's death, which occurred about 3 a. m. He said his friend had seemed in good spirits.

The body was clad only in underwear when found. At the direction of the medical examiner it was removed to a police station. Shary said Mobeley had planned to leave for Washington this morning for a business appointment. Police did not list the cause as a suicide, the record reading "fell or jumped." Mobeley is survived by two sons.

CHERRY BLOSSOMS GIVE REALITY TO JAPANESE EVENT

PARASOLS AND LANTERNS GIVE ADDED BEAUTY

A. A. U. W. FUNCTION IS ATTENDED BY MORE THAN 150

The land of cherry blossoms, lanterns, and parasols was enjoyed, in miniature, through the use of those articles as decorations for the Japanese festival last evening at the Schneider hotel.

In their efforts to enlarge the scholarship fund, members of the American Association of University Women and College Club sponsored the event, entertaining more than one hundred fifty persons.

Bridge Played Arranged in the beautiful setting were tables for bridge. Although no doubling and re-doubling were allowed, Mrs. T. E. Simmons and Ed Damon each made a score of more than 2,300, winning, respectively, Mrs. Simmons was presented a Japanese screen and Mr. Damon a Japanese vase.

During the games a program featuring a Japanese theme was presented. It included a song by Miss Dorothy Dodd, accompanied by the piano by Miss Iva June Willis, a dance by Lela Pearl Baldwin, a dance by Miss Kathryn Vincent, and piano music by Jackie Jones.

Coca Cola and cakes were served after the playing. Mrs. Harry Marbaugh was general chairman for the function and Mrs. Paul Kasishke was general hostess. Other hostesses, most of them frocked to resemble Japanese ladies, were: Miss Esther Thompson, Miss Iva June Willis, and Mesdames E. L. Norman, E. C. Will, A. H. Doucette, E. B. Hughes, Ivy E. Duncan, Honor C. W. Sewell, Lynn Boyd, E. E. Koiner, Frank McNeill, H. A. Heistand, Joseph Lazarus, and C. E. Hutchins.

Assisting the hostesses were three little girls, Mary Virginia Glover and Patty and Sarah Ellen Will, all in dainty Japanese costumes.

Opportunity of Men and Women Should Be Same

The Progress club met in the home of Mrs. J. M. McDonald yesterday afternoon with the following members answering roll call: Mesdames C. F. Bucher, Charles C. Cook, William M. Craven, J. H. Kelley, T. D. Hobart, H. L. Ledrick, P. C. Ledrick, Carson Loftus, Dave Pope, S. G. Surratt, John V. Andrews, James Todd Jr., George Walstad, and the hostess.

Mrs. Kelley was elected delegate to the district convention of federated women's clubs at Canadian and Mrs. William M. Craven was named alternate. The meeting of April 26, was postponed until May 11 in order to avoid conflict with the convention.

Malones Return From Convention

Mr. and Mrs. G. C. Malone and children, Charlotte Rhea and Harold, returned yesterday from Oklahoma City where Mr. Malone attended a meeting of the Casket Manufacturers association organized two years ago. John Byrne, president of the association, was the principal speaker at the meeting, which was attended by salesmen and undertakers.

Local Men Talk Highway Matters

P. P. Reid and George W. Briggs spent today in Amarillo in conference with J. W. Van London, state highway engineer in charge of construction in the Panhandle. The Pampanos discussed road construction in the Panhandle, especially roads in and around Pampa.

MAN'S JOB

This is Miss Elwyn Hatchett, who, faced with the problem of beating four men students in the election of the editor of the Bound Up, student annual at Baylor university, Waco, turned politician and got the job. Few women have ever held this position at Baylor.

JUNIOR GROUP HAS MEETING

AN ALL-DAY SESSION IS PLANNED BY THE MEMBERS

The Junior Twentieth Century club, meeting yesterday afternoon in the home of Miss Ruth Anne Mitchell, made plans for an all-day meeting to be held May 11 in the home of Mrs. R. F. Dirksen. The group will meet at 10:30 o'clock and will spend the day in study and entertainment. A covered dish luncheon will be served at noon.

Miss Mitchell was elected delegate to the club convention to be held in Canadian April 26, 27, and 28. The program, based on Texas, was led by Mrs. Max Mahaffey, and Mrs. Mahaffey began the discussions by telling the story of the battle of San Jacinto. Mrs. Dick Walker discussed "Texas Under Six Flags" and Mrs. Robert W. Chafin told of a number of Texas songs, singing several of them. A general discussion followed.

Those attending were Miss Mitchell and Mesdames Roy S. Bourland, Fred A. Cary, Robert W. Chafin, R. F. Dirksen, A. B. Godston, Max Mahaffey, Arthur S. Swanson, Charles Todd, Dick Walker, and J. E. Dever. Refreshments were served to the group at tea time.

PEACH WINS FLORIDA PLUM

When students of the Florida State College for Women at Tallahassee looked around for the most attractive girl in the senior class, their eyes centered on Miss Eleanor McClearen, shown above. She was elected May Queen to preside over the annual May Court. Curiously enough, Miss McClearen isn't a Florida girl. Her home is in Thomasville, Ga., in the heart of the peach district. Catch on?

Operations Performed at Club Meeting

Members attending the Business and Professional Women's club meeting were benefited more by the laughs that resulted than they were from the so-called "operations" last evening.

EIGHT WOMEN WILL COMPETE IN CONVENTION

TWENTIETH CENTURY CLUB TO BE WELL REPRESENTED

The senior Twentieth Century club of Pampa will be well represented in Canadian when the convention of the Seventh district, Texas Federation of Women's clubs, is held April 26, 27, and 28. It was learned at a meeting yesterday in the home of Mrs. Edwin S. Vicars.

Eight members will enter a vocal contest, singing "Water Lilies" and "Will o' the Wisp." The group will include Mrs. W. R. Chafin, and Mrs. W. A. Bratton, first soprano; Mrs. Lynn Boyd and Mrs. A. H. Doucette, second soprano; Mrs. Raymond W. Harrah and Mrs. Tom E. Rose, first alto; Mrs. A. W. Mann and Mrs. Charlie Thut, second alto. Miss Loma Groom is directing the group and Mrs. May Foreman-Garr will be pianist.

Mrs. J. Porter Malone was elected delegate, and Mrs. Ivy E. Duncan, alternate, for the convention. During the business session it was also voted to hold an open meeting on Thursday, May 5.

O. L. Wilson, manager of Postal Telegraph company, was present and urged the women to register with the company for the benefit of the National Council of Women, which is attempting, through petitions of club women, to have the various countries of the world to send delegates to the next world fair.

The program, led by Mrs. J. M. Fitzgerald, was on race problems of the Indian and Mexican. Mrs. Fitzgerald discussed the origin, number, and distribution of American Indians and told of the prehistoric and historic peoples. Present day policy toward the Indian was discussed by Mrs. Sturgeon, while Mexicans were discussed by Mrs. Paul Kasishke.

Lovely refreshments were served to Mesdames W. R. Campbell, F. M. Cuberson, A. H. Doucette, Ivy E. Duncan, William T. Fraser, Raymond W. Harrah, I. B. Hughey, Paul Kasishke, J. Porter Malone, Tom E. Rose, John Sturgeon, and H. H. Hicks.

Mrs. Sarah Rebecca Curtis, oldest merchant in Rusk, Tex., has completed her fiftieth year in business there.

William A. Horner, 84, class of 1866, is the oldest living graduate of the University of Missouri.

Dr. Paul W. Horn, Poet As Well As Educator, Praised by Local Club; Death Was Not Known To Be Near

Although they did not know the death of Dr. Paul W. Horn was near, members of the Twentieth Century Culture club, meeting in the home of Mrs. O. H. Booth yesterday afternoon, studied the Texas Technological college president as a poet.

The paper including a discussion of Dr. Horn was prepared by Mrs. F. Ewing Leech, former English instructor of Simmons university, Abilene, and was read by Mrs. Carl S. Boston.

Mrs. T. F. Morton, program leader, presented a sketch of David Guion and played two piano selections, composed by him. Frank Doble and "Coronado's Children" were discussed briefly.

During the business session, the club elected Mrs. E. C. Will as delegate and Mrs. Marvin Lewis as alternate for the district club convention to be held in Canadian April 26, 27, and 28.

It was planned to give a tea in the home of Mrs. Marvin Lewis, 909 N. Somerville, on May 13 at 3 o'clock. The event will be attended by members of the two other Twentieth Century clubs. The next regular meeting was set for Friday of next week.

The hostess served refreshments to Mesdames E. C. Will, A. G. Post, L. N. McCullough, T. F. Morton, R. S. Lawrence, John Glover, H. D. Lewis, J. Powell Wehrung, Carl S. Boston, H. D. Keys, E. M. Conley, Benjamin Williams, and Olin E. Hinkle.

Bert Stevens Given Surprise

A group of young people surprised Bert Stevens with a birthday party in the home of Miss Willie Isbell last evening.

The crowd gathered at 8 o'clock and enjoyed a series of games and contests. Later a birthday cake was cut and served with home-made ice cream.

Girls attending were Misses Kathleen Gwin, Christine Hershey, Dorothy Meers, Inez Keys, Norma Jean White, Ethel Hamilton, Waldean Dickinson, Helen Jo Dougherty, and Willie Isbell. The boys were Bert Stevens, Fred Fribble, Alva Stevens, Leon Robinson, Norris Stevens, Miles Marbaugh, Philip Powell, Lloyd Hamilton, Howard Lane, Leslie Sartin, and Max Akers. Mrs. Irene Stevens and children, Don and Floyd, and Mr. and Mrs. Isbell also attended.

Many Oil Men At A. P. I. Session

More than 200 oil men from the Panhandle attended the third meeting of the Panhandle chapter of the American Petroleum Institute in the auditorium of the city hall last night. Ed Warren, superintendent of the Continental Oil company and president of the chapter, presided.

Mr. Martin said that wastes may be classified in four groups—1, waste oil, 2, saline waters, 3, drilling mud, 4, gas and vapors. "The principal source of waste oil is emulsions," Mr. Martin said. "One of the greatest problems is water produced with oil and which contains chemicals necessary to oil and which is lost in separation."

Luncheon Served To Winsome Class

The Winsome Sunday school class, First Baptist church, had a covered dish luncheon Tuesday at 1 o'clock. A number of calls were made in the afternoon.

Electrolux! THE GAS REFRIGERATOR

Will Undergo the Most Severe Operating Test Ever Attempted In Pampa!

Will It Survive 10 Days Unattended?

Test Starts Thursday, 8 A. M. April 14th, 1932

All Meats and Vegetables in This Test Furnished by Standard Food Market

This ELECTROLUX will be dressed for the test by the Standard Food Market. A tested Water Meter and Gas Meter will be furnished by the City Water Department and Central States Power and Light Company, respectively. A committee consisting of Sheriff Lon Blanscet, Rev. C. E. Lancaster, and Mr. L. O. Johnson of The NEWS will inspect the conditions under which the test starts at the time that the window is unveiled. After the inspection of this committee is completed, Sheriff Blanscet will chain and padlock the ELECTROLUX and, also, chain and padlock the window. The keys will then be in charge of the committee until the test closes Saturday 8 p. m., April 23. UNLESS THE ELECTROLUX FAILS TO STAND THE TEST! You are cordially invited to attend the unveiling of this window at 8 a. m., Thursday, April 14.

There seems to be quite a bit of interest and controversy concerning the operation cost of ELECTROLUX in Pampa. We are running this test to prove conclusively what that cost is.

HOUSTON BUFFS AND STEERS FAVORITES OF BALL FANS

STERLING WILL TOSS SPHERE TO OPEN PLAY

PRIZES FOR LARGEST CROWDS WIDELY SOUGHT

By BILL PARKER
 Associated Press Sports Writer
 City, county and state officials will play a few minutes of baseball today to the amusement of the roaring crowds. Then in four cities, umpires will lift their caps and yell "play ball" to start the 40th annual Texas league pennant races.

At Dallas, where the Fort Worth Cats meet the Steers, Governor Ross S. Sterling was nominated to toss the first ball. J. Alvin Gardner, league president, planned to see the game. Today saw the end of opening day drives by the eight Texas league cities, each seeking to win the president's trophy and the cash prize for the largest opening day crowd. Houston won last year.

Other openings will be Galveston at Houston in a night game, San Antonio at Beaumont and Wichita Falls at Shreveport.

At the starting post today, the Houston Buffaloes, 1931 pennant winners but losers in the Dixie series, and the Dallas Steers, were the favorites. Houston was reputed to boast the best balanced team in the league. Dallas was alleged to support one of the hardest hitting aggregations in the league since the pennant days of Jake Atz and his Fort Worth Cats with such hitters as Ziggy Sears, Jack Calvo, Clarence Kraft and the like. Sport editors and writers, in their poll of votes, gave Fort Worth third place and Beaumont fourth in the first division.

At Dallas, the opening day pitchers were expected to be Lili Stoner for the Cats and George Murray for Steers. Stoner was with the Cats for a while last year. Murray won 20 games for the Steers in 1931.

At Houston, Manager Del Pratt has nominated Henry Thormahlen, veteran Texas leaguer, to oppose George Washington Payne of Houston. Payne won over 20 games for the Buffaloes last season.

Either Cy Smith or elongated Tom Estell, a spittball pitcher, was due to face the Beaumont Exporters for San Antonio. Buck Marrow has been announced as Beaumont's starting hurler.

Lester White, a veteran and always difficult to beat, has been announced as Wichita Falls' starting pitcher against Man Shreveport. Manager George Siner of the Sports, making his bow as a Texas league manager, planned to start McPhaul or Beall, two newcomers to the league.

PAMPA HIGH TRACK TEAM HAS DEVELOPED RAPIDLY

Mertel of McLean to Offer Staff Competition for the Local Speed Artists.

Pampa's track and field men will go to the District 1 meet at Canyon April 21, 22, and 23 as well-developed team. The Harvesters won the county meet by nearly doubling the points of McLean. One of the features of the district meet will be the dash events when Joe Kahl of Pampa and Mertel of McLean meet again.

The two dash experts met in the county meet with Kahl winning the 100-yard dash and Mertel the 220-yard dash. Kahl is working on the longer event and is determined to beat Mertel in Canyon. Leon Robinson of Pampa and Mertel will again be opponents in the 440-yard event. Mertel beat Robinson at LeFors in the county meet.

The Pampa relay team of Kahl, Robinson, Orvil Heiskell, and Dick Sullins will be out to break a record. The team lacked only one second of tying the district record at the county meet and they were running without opposition.

Wayne Kelly will be the hope in the javelin event. He hurled the stick 152 feet in the county meet and yesterday in practice sent it an even 160 feet. Kelly will also lead the high jumpers.

Parks Brunley will be an entry in the hurdles event. O'Keefe will look after the broad jump and Woodward the pole vault.

The distance events will probably be the most exciting. Bill Finley, Pampa's entry in the half mile, set a new county record at LeFors. Jack Boyington stepped the mile in almost record time.

Dick Sullins and Robinson will both be in the low hurdles. They are just about even in that event.

Goose Goslin's Trick Bat Gets Umpire's Taboo

CHICAGO, April 13 (AP)—"Goose" Goslin's camouflaged bat was a prisoner of war today.

The black-trip willed club, designed by Secretary Willis Johnson of the St. Louis Browns and enthusiastically endorsed by Goslin in the belief that it can puzzle pitchers and infielders, was banned yesterday by Umpire Harry Geisel when the Brown outfielder attempted to use it in the first inning of the White Sox game.

Goslin insisted he had a right to use it but lost the argument. So he picked up another bat and re-venge himself by hammering out two doubles and one single.

This Game of GOLF

By O.B. KEELER

Dr. Alstair Mackenzie still deeply engrossed with the great course he has designed and is building for the Augusta National Golf club, Augusta, Ga., in his lighter moments will narrate remarkable stories of prowess.

One of his best deals with Judge W. O. Henderson, a distinguished jurist who spends much of the winter in Augusta and plays golf, which as Dr. Mackenzie points out, is amazing and may indeed lead him to one of the oddest records in golf and one as yet unattained.

Judge Henderson, to whom I was duly introduced during a visit to Augusta, is 82 years of age.

"He has twice played the 1811 course at the Augusta Country club in 85, this season," declared Dr. Mackenzie.

Par for the Hill Course is a stiff 72, and the course record is 69. It is regarded as one of the best layouts in America.

Judge Henderson is close to the oddest of records on that tough test—for a golfer to "shoot his age," a stroke for a year, on a standard golf course.

Other Candidates
 Out in Southern California a year ago they were telling me of some chap who had done a 67 at the age of 64; it seems he also has a chance to "be one closer than that," Dr. Mackenzie said.

"When I was in Australia some years ago there was a chap named Ross, of the Royal Melbourne, a very stiff layout. He was then 71 years of age and had done a 72 once and a 73 twice, over this course. It's quite possible he's shot his age by this time, though I do not know it. He seemed to be getting better, and could play 36 holes in a day very handsily, with a lot of bridge in the evenings."

The trick in this proposed record, of course, is that no man possibly has the ghost of a show to set it until he has passed 60. Scores we have heard of, like Braid's 58 and Duncan's 56, were made on short courses—at least George's was. But

BABE RUTH DOMINATES OPENING DAY GAMES WITH MAGNIFICENT DISPLAY OF HIS OLD SLUGGING

HITS TWO HOMERS AND GETS SINGLE TO BEAT A'S

By HERBERT W. BARKER
 Associated Press Sports Writer
 For these many years Babe Ruth has been doing the unexpected, clouting home runs or striking out in his own inimitable fashion, but never before has he so completely dominated the major leagues' "opening day" ceremonies.

There was excellent pitching by Ed Brandt of the Boston Braves, Sam Jones of the Chicago White Sox and Flint Rhem of the world champion St. Louis Cardinals as the National and American Leagues opened the drive that leads to the 1932 pennants yesterday; there was a rousing ninth-inning rally by the rebuilt Cincinnati Reds and a striking demonstration of batting power by the long-suffering Phillies; but over and above all was the Babe's spectacular debut at Philadelphia.

The king-pin of the New York Yankees' devastating attack clouted two home runs and a single against big George Earnshaw and Jimmy Deshong of the Athletics and the Yankees made 12 hits good for as many runs and beat the A's, 12-6. Ruth, who never before had hit two runs in an opening day game, needed some assistance and got it from Sammy Byrd and Lou Gehrig. Among them this trio collected nine hits and accounted for 11 runs. Byrd matched Ruth's feat with two homers and a single; Gehrig, co-champion with Ruth of last year's home-run hitters, drove one ball out of the park and kicked in with a triple and single as well.

In the other American League game the weather permitted the Chicago White Sox pinned a 9-2 beating on St. Louis. Sam Jones held the Browns to eight hits. Carey Selph, rookie third-sacker, drove in three runs with three doubles.

In the National League, the champion Cardinals turned in an easy victory. Flint Rhem held Pittsburgh to seven hits and won, 10-2.

The New York Giants fell victim to the effective pitching of "Fidgety Phil" Collins and a terrific hitting drive by the Phillies. Burt Shotton's men pounded Bill Walker out of the box with none out in the second inning and piled up a total of 17 hits for the game.

The Chicago Cubs led Cincinnati 4-1 going into the last half of the ninth but Charley Root weakened and filled the bases with none out. Cy Bush came in to stop the attack but Red Lucas, a pinch batsman, doubled to drive in two runs and Douthitt later singled to score two more and win the duel, 5-4.

The scores at the 15th were as follows: Armour 1, Kirkwood 2, Nevada 3, Roger Lapham 4, and his son, 5. I do not recall ever having heard of any such set of scores being made anywhere else, on a single hole by the same match.

Neither do I.

Missouri's Grid Squad on Strike

COLUMBIA, Mo., April 13 (AP)—Members of the University of Missouri football squad were on "strike" today as a protest against the resignation of Gwynn Henry, head coach.

The players refused to don their uniforms yesterday for spring practice and signed a petition in which they objected to withdrawal of Henry as coach. Leaders of the movement said there would be no more spring practice until Henry's successor is named and even then they would not return to the field unless the new coach should be acceptable to them.

No explanation of Henry's resignation, which was announced yesterday, has been given either by him or by university officials.

UMPIRES FOR LEAGUE ASKED

Nervy, Competent Arbiters Are Asked to Give Their Services.

WANTED: Umpires in quantity. The Pampa Playground baseball league is in need of competent umpires and the president has issued a call. Anyone having the nerve to take up the duty is asked to get in touch with R. C. Sturgeon at the NEWS office.

Applicants will have to be big and husky and able to take plenty of abuse although officials declare they are going to do away with "ragging" of officials. They declare that in the future the decision of the umpire stands and that if there is any kicking the offender will be banished from the game and if the team continues its ungentlemanly conduct the game will be forfeited to the other team.

Three games are being played this afternoon. A postponed game will be played tomorrow night. The next regular game will be played Monday night and the president is anxious to have all names before then so he can assign his umpires.

In 1886...

The following excerpts from the report of the United States Commissioner of Labor that year make amusing reading in retrospect:

"The rapid development and adaptation of machinery have brought what is commonly called over-production * * * railroads and canals that are really needed have been built * * * harbors and rivers are sufficiently developed * * * water and gas works, tramways, etc., are largely provided for * * * the Alps are tunneled, and the Suez Canal has been built. Terrestrial and trans-oceanic lines of telegraph have been laid and the merchant marine has been transformed from wood to iron. * * * On all sides one sees the accomplished results of the labor of half a century. * * * new processes * * * will act as an ameliorating influence, but it will not leave room for marked extension * * * The day of large profits is probably past."

Where have we heard that before?

1886 was a panic year. Things looked blue-black. The country had "gone to the bow-wows." And then came renewed confidence, better leadership, more enthusiastic building for the future, greater production, greater consumption, shorter working hours, higher wages and a higher American standard of living.

Electricity did its part in bringing those things about; it is doing its part now in again building toward a brighter future.

History repeats itself!

KITTY FREW by JANE ABBOTT

SYNOPSIS: Kitty Frew takes her husband, Gar, on a hospital, guarded by his too-devoted mother, when she is summoned back from a trip. He was hurt in an automobile accident, with Marge Crosby in the hospital, and she is interested and Paul Somerset's whom Gar's sister, Carol, is in love.

Chapter 57
"UNTIL DEATH DO US PART"
GAR was growing more excited. Kitty patted his hand gently. "Don't I know that? Now you mustn't talk. The nurse will send me away if you get tired."

"Well, hold my hand, anyway." He was content with that. She told him of her brief three days' stay in Bridge Water; she saw that her voice quieted him. In his eyes she saw that odd pleading that had been there when she'd accused him of staying in Winton because he did not want to leave Marge.

The nurse tipped in and out. Mr. Frew came in and sat for a little while in Kitty's chair, regarding Gar with an anxious face. He had greeted Kitty warmly, with something like gratitude in his manner. "If you need me, my dear, call me. Will you go to the apartment?" She had not thought of it. She had not thought of leaving Gar for

so much as an hour. But perhaps they would not let her stay here— Her face betrayed her distress and uncertainty. Mr. Frew patted her shoulder. "I'll talk to the superintendent. Perhaps she can arrange for you to have a room here for a night or two."

"Oh, thank you!" Impulsively Kitty lifted her lips and kissed Dalton Frew's strained, lined, tired face. She was established in the room next to Gar's. At nine o'clock she had Gar goodnight and went to it and to bed, at once. She slept soundly, waking to daylight filtering through the drawn shades. She dressed and went back to Gar's room where the night nurse greeted her a little tiredly, indifferently.

Miss Bixby came on duty at eight o'clock, fresh, smiling. "He had a fine night. He'll be out of here in no time," she assured Kitty. She brought Kitty a breakfast tray when she brought Gar's. "You're lucky, Mrs. Frew. There's a girl comes to see the other fellow and she raised all sorts of a row downstairs last night because the nurse made her go at nine o'clock. They don't think he's going to get well—he was hurt internally."

It had been Carol, of course, who'd made the row. Kitty felt a deep compassion for her and at the same moment that disquieting reluctance to admit Somerset's share in Gar's accident into her thoughts. The day passed quietly; the doctor came and went. Gar was more comfortable, more like his old self, demanding that Kitty sit close to him most of the time.

Mr. Frew came again and sat with Gar, talking awkwardly, affectionately for a little while. When he moved to go he beckoned to Kitty to follow him out to the hall. "Has his mother told you, Kitty? Doctor Harrington says that Gar can be moved safely in a few days. She's arranged for a hospital bed at the house and two nurses." He did not look at her. "I'll make things easier for you, my dear, until he's up and around."

She did not utter the quick vehement protest that sprang to her lips. She was not fighting this helpless man. But after he'd gone she leaned for a moment against the gray painted wall of the corridor. She was right-

ened, dismayed. The vicious circle was beginning again and she felt herself slipping helplessly into it.

Another night in the bare, clean room next to Gar's, another morning, the night nurse yawning, Miss Bixby coming in fresh, smiling, to take her place. Breakfast on a little table close to Gar's bed, Doctor Harrington examining his patient, joking with him, teasing Kitty for her pale face. And then alone with Gar, precious sweet moments, too sweet to let in any apprehension—

"Am I better, Kit?" Gar was like a boy, wanting her assurance over the doctor's. "Oh, much."

"Kit, if I'm better I can talk. There's something I want to get off my mind—"

She stroked his hair. "Not now, sweetheart. We'll have hours and hours to talk."

"Do you love me?" "Oh, Gar! Yes, yes."

"Well, I don't know why you should—"

He was frowning. She had to kiss it away, quickly.

He did not ask why his mother did not come. She exulted at that even though she knew well she had soon to reckon with her. She had Gar to herself for a few days, at least.

Miss Bixby came in and touched Kitty on the shoulder. "There's some one outside who wants to speak to you."

David, Kitty thought. She must thank him for meeting her though she begrudged the moments away from Gar. But it was Carol, waiting outside, her eyes strangely gleaming, a little smile twisting her lips. "Kitty, I need you." She spoke quickly. She caught Kitty's arm and drew her toward the opposite door. "It won't take a minute. There's a minister in there—he's going to marry Paul and me." She felt Kitty's shocked withdrawal. "I wouldn't have it any other way!" she said, low, fiercely, tightening her hold on Kitty's arm. "Paul wants it—"

A curious exaltation shone on her face. "Even if he dies—he's mine!" Kitty had no argument against that. She followed Carol into the room behind the closed door. Her glance went slowly from the nurse to a tall, slightly shabby man in a clergyman's robes standing near the window holding a prayer-book in his hand, to an interne, grinning over his part in this strange ceremony, and last, reluctantly, to the figure on the bed. But Paul Somerset's eyes did not meet hers. They were fixed on Carol. A faint smile lifted the corners of his lips. His hand moved a little and Carol took it.

"—Until death do us part." The words took on strange significance, sounding here in these walls that so often housed death. Kitty shivered. But in Carol's firm voice there was no faltering, no note of fear.

The nurse turned them all out a little brusquely. Out in the hall the clergyman put a book into Kitty's hand, bidding her sign her name as a witness of the marriage. The interne, still grinning, signed his. Carol put a bill into the clergyman's hand, muttered a quick thank you and slipped back into the room. She had established her right there. Kitty went back to Gar, shaken, troubled, close to tears.

"Do you think Paul Somerset—the other man—has any chance?" she asked Miss Bixby at her first opportunity. (Copyright, Jane Abbott)

An alarmed call wakes Kitty in the next installment.

Thomas' Job at Dairy Shows Not Very Agreeable

PLAINVIEW, April 13.—Ralph Thomas, Gray county farm agent, has about the most disagreeable job at the Texas Panhandle-Plains Dairy show, as director of the production contest.

It is necessary for Thomas to report for his duties on Sunday, since the first milkings in his contest begin at 2 p. m. the day before the show is officially opened. Entries in the contest are milked two, three and four times a day. These milkings average about four hours apart for 24 hours.

Thomas must attend each milking. During the four hours that elapse between them, all he has to do is to run the tests for each cow, post his tabulations, and catch a nap if he can. And usually he doesn't.

The final milking generally occurs about 6 p. m. Monday. It usually requires all of Monday night and well into the day Tuesday to complete the tabulations and select the winners in the several classes.

His department this year had 30 entries. Seventeen breeders were represented. Only one grade cow was entered.

Officials of the show look upon Thomas as one of the indispensable department heads.

Roosevelt Has More Victories to His Credit Now

LINCOLN, Neb., April 13.—(AP)—Returns from 1,284 of 2,049 precincts in Nebraska for democratic presidential preference gave Roosevelt 56,764; Garner 17,204; Murray 15,096. Returns from 1,054 of 2,049 precincts for republican presidential preference gave France 21,447; Hoover 5,408.

CHICAGO, April 13.—(AP)—The mantles of popular favor for the presidential nominations of the republican and democratic parties apparently rested more snugly today on President Hoover and Gov. Franklin D. Roosevelt.

Illinois surveyed the outcome of yesterday's primary election and found the indicated trend definitely favoring the nation's chief executive and New York's governor.

And from three other states, two in the south and one in the west, came these expressions of political convention favor: Kentucky pledged its entire democratic delegation of 26 to Gov. Roosevelt.

Missouri's slated of 41 republican delegates was instructed by the state G. O. P. meeting for President Hoover.

And to the president went 13 of Florida's republican delegates with four more remaining to be chosen.

Nine of the 13 were instructed for him by the state convention and the remaining four by district meetings.

Governor Roosevelt set the pace in the democratic preference vote in Nebraska and widened the margin he set early over Speaker John N. Garner of Texas and Gov. William H. Murray of Oklahoma.

It was the first test of strength for the three in any one primary.

Magnolia Hikes Gasoline Price

DALLAS, April 13.—(AP)—The Magnolia Petroleum company today boosted its retail gasoline price in Dallas one cent a gallon. The new schedule for regular gasoline was 18 cents a gallon. The higher grade was posted at 21 cents.

Company officials said continued advances in crude oil and tank car prices were responsible for the retail price increase.

Apparently none of the other major companies operating in Dallas had advanced their retail prices to the Magnolia level today.

This Voter Had All Own Way

CHICAGO, April 13.—(AP)—Of all voters in the middle west yesterday, there was one who had everything his own way.

He was Julian Dojmoiech, the only legal voter in the 15th precinct of the township of Worth on Chicago's far south side.

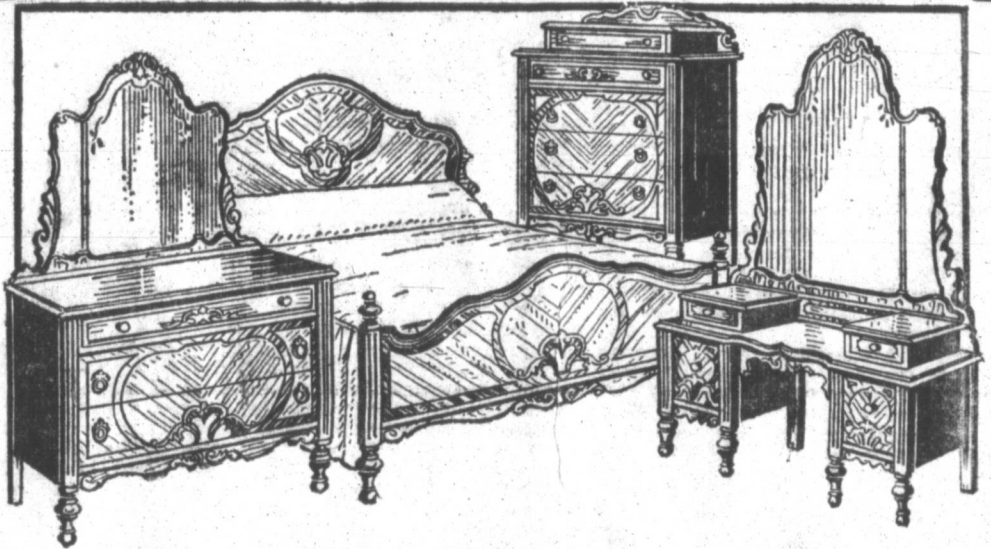

Dojmoiech acted as his own clerk and judge of election, made out his ballot in his home, which was designated as the polling place, and then solemnly reported to election commissioners the outcome of the "struggle" in the good old 15th precinct.

Trace of Poison Found in Horse

SAN FRANCISCO, April 13.—(AP)—Government chemists announced that traces of poison were found in the organs of Phar Lap, noted Australian race horse that died last week, but the source of the poison had not been definitely established today.

The poison resembled that used in a tree spray near the thoroughbred's stable at Menlo park it was announced by W. W. Vincent, chief food and drug administrator of the U. S. department of agriculture.

Veterinarians first attributed the death of the big red gelding to cholera.
