

# Pampans Want 'Marvin' to Know They're Proud of Him

(AN EDITORIAL)

Rep. Marvin Jones, friend of the people of the Panhandle, state and nation, will be a guest in Pampa tomorrow.

The Pampa Chamber of Commerce and citizens of the area have asked him to come here that they may honor him and pay tribute to his recent efforts in Congress in behalf of the so-called Dust Bowl area of the Great Plains states.

As head of the all-important House agriculture committee, Congressman Jones brought about enactment of the basic agriculture law and a huge federal allocation of funds to the dust bowl states for water and soil conservation.

Recently at Amarillo, Mr. Jones was mentioned as presidential timber by John McCarty, president of the Panhandle Water Conservation Association. That is no idle suggestion.

The Panhandle congressman not only has worked hard for the people of his own district, but he has had a part in legislation all during the recent session of Congress which vitally has affected the people of the entire nation.

Rep. Marvin Jones is a bigger man than most of us at home suspect. He dislikes having things like that said about him. He prefers to stand, simply, on his record. With Mr. Jones, action is what counts. He is not one to make wild promises. Rather, he is one who modestly

MARVIN JONES

likes to point to something already accomplished.

Somebody once said, in substance, that a great man never is fully recognized in his own home bailiwick.

Every piece of legislation that Mr. Jones introduced in the last Congress was passed. He does not ask his associates to support him on any but worthwhile legislation. He commands the highest respect of both Republican and Democratic congressmen. Many Republicans vote with him on issues which he has convinced them are vital to the country.

Mr. Jones, if you please, is one of the "working congressmen" and nobody knows it

any better than the people of the Panhandle of Texas and of the dust bowl states for whom he has done so much.

Pampa, in a small measure, hopes to let Congressman Jones know tomorrow that it is inclined to agree with Mr. McCarty's presidential timber statement, and that the people of the area are appreciative of his efforts in their behalf.

This section of the country is happy that Congressman Jones belongs to it, and in a series of tribute meetings here and there around the Panhandle, the people of this great area are endeavoring to let the world know that they ARE proud of him.

## Salvation Army Drive Nets \$2,000; Workers Seeking \$1,600 More

## REDUCTION IN OCTOBER CRUDE FLOW SOUGHT

By ALFRED WALL. TULSA, Sept. 15 (AP)—The oil industry took considerable satisfaction today in September's curtailment of crude output already accomplished and pointed toward October allowable meetings with a view to still further reduction.

Unusual interest was attached to the Texas allowable hearing set for Sept. 20 and the Oklahoma meeting Sept. 28.

A close survey of crude requirements was being made, together with a check on storage stock as leaders set themselves to preserve the present balance between supply and demand, thus protecting the price of crude.

Certain prolific fields in the mid-continent were watched carefully because of the possibility that those areas might not build so large in future output.

Reports here that East Texas bottom hole pressure had been dropping at a greater rate than usual.

In Oklahoma the Pitts and Moore pools similarly were watched.

As for September crude and production, the Oil and Gas Journal's summary showed for the week ending Sept. 11 a decrease of 52,123 barrels daily. This added to the 57,141-

Two-score workers today began a personal solicitation drive to raise \$1,600 for the Salvation Army in Pampa, after it was announced at a kick-off breakfast in the Schneider Hotel this morning that \$2,000 of the \$3,600 needed, already has been subscribed.

Arthur Teed, drive chairman, told advisory board members and representatives of civic club committees that the campaign job already is better than half done. However, much work still remains to be done if the fund drive is to be successful.

The \$3,600 has been set up as a goal for Salvation Army needs for the coming year.

"Every cent of this money will be spent in Pampa," Envoy Frederick M. Lange, here to assist in the drive, told the fund workers this morning.

"The Salvation Army is here to do what no other organization has been set up to do in Pampa. Your present relief setup does not include help for any person who has lived in Pampa less than a year, and there are many of them."

It was also stated at the breakfast today that with the balance now on hand in the Pampa Supplementary Relief Fund, and with the new amount being raised for the Salvation Army, it will be unnecessary to conduct a supplementary relief drive this winter.

## CAROLINA GOVERNORS NEVER HAD A DRINK

ATLANTIC CITY, N. J. Sept. 15 (AP)—Goodness, how things have changed!

Governor Olin D. Johnston, attending the annual Governors conference here, remarked last night that he never had a drink in his life.

And what did the governor of North Carolina, Clyde R. Hoey, say to the governor of South Carolina? "I," said he, "never hit the bottle either."

## Trade Straw for Felt and Receive Free Show Ticket

Absolutely, believe it or not, but your old straw hat has value on "fall hat day."

Through special arrangements, every straw hat that is turned in on the purchase of a new fall hat, either today or tomorrow, the purchaser will receive free a ticket to see Stuart Irwin's new picture, "Dance, Charlie Dance," showing at the LaNora theatre, Thursday.

This spells death to the old straw that has protected faithfully the owner, through the summer, from the blistering heat and hot sultry days of September, a man's fancy turns to felt, and this year early advanced showings of styles indicate that selection will be foremost in buying. Regardless of type, style, color or combination, individual choice can be found in Pampa stores this year.

Check the straw for its trade-in value and purchase a new felt hat, start the fall season off with a new clean bright top piece, shop the stores whose ads appear in today's News showing the latest in men's headgear for fall.

## PARSONS BELIEVES HIS MISSING WIFE IS DEAD

NEW YORK, Sept. 15 (AP)—William H. Parsons, the Long Island pigman whose socially prominent wife, Alice McDonnell Parsons, disappeared mysteriously fourteen weeks ago, said today he believes she is dead, but doubts the authenticity of letters reporting her death from pneumonia.

Federal agents, who have been investigating the case since June 9, declined to say whether they believe Mrs. Parsons is dead.

"I don't know whether those letters now in the hands of federal agents are authentic or not," Parsons said. "They may be the work of a crank. I feel, however, that if Alice were alive she would have communicated with me."

Earl Connelley, department of justice agent in charge of the case, declined to say whether his men had intercepted letters from supposed kidnapers stating Mrs. Parsons died of pneumonia July 9. But Benjamin Shivers, attorney for Mrs. Anna Kuznetsov, who lived at the Parsons home, as well as Parsons himself confirmed the report.

Connelley denied reports he had received from kidnapers a brooch worn by Mrs. Parsons the day she disappeared.

## County Sells School Land in Gaines for \$2,737 in Oil Deal

Gray county commissioners have just closed a deal disposing of 348 acres of school lands in Gaines county for nearly \$8 an acre, or a total of \$2,737.

Likewise the county, according to County Attorney Joe Gordon, has contracted to sell an additional 320 acres of the school land at a similar price.

The first sale was negotiated with B. F. Whitefield of Midland, Tex., and the second deal will be closed within a few days with J. B. Williams and J. E. Emanuel, of Rotan.

A stipulation in all sales of the school land is that the county retain an one-half royalty interest in all minerals.

The land just sold is part of several thousands acres which Gray county now owns by virtue of orders having been entered on the minutes of the county court to foreclose all Gray county tracts in Gaines and Dawson counties, sold to individuals many years ago, on which interest payments have been delinquent as much as three to 12 years.

No forfeitures, the county attorney stated, are being made on delinquencies of only one or two years, and these owners are being given an opportunity to pay off.

Interest in the Gray county school lands took added impetus recently

## U. S. Gives Girl Cloth For Peace, Friendship

By EDDIE GILMORE. WASHINGTON, Sept. 15 (AP)—The United States is getting ready to hand over six yards of cloth to Evelyn Pierce in consideration of her peace and friendship.

"It's all because of an old, old treaty with my Indian forefathers," smiled dark-eyed Miss Pierce. "I've been getting the cloth as long as I can remember, and I suppose I always will."

It should be explained that the United States has Miss Pierce's complete support. In fact, she works for the interior department.

Technically, though, if the government didn't come through with the cloth, she could hit the war-path.

## NAVAL CHIEFS AT SHANGHAI SEND DEMAND

By MORRIS J. HARRIS. SHANGHAI, Sept. 15 (AP)—Naval commanders of the United States and four other western powers demanded today that both Chinese and Japanese anti-aircraft gunners take immediate steps to spare the lives of "innocent non-combatants."

The urgent request of American Admiral Harry E. Yarnell and the other neutral naval commanders went forward while Chinese, in the face of wave after wave of Japanese attacks, stood fast on their new inland line stretching 20 miles from Chapel to Luho, north and west of international Shanghai.

Far to the north the whole might of 125,000 Japanese troops and their modern equipment was thrown into the long-bogged offensive against a 100-mile battle front. This campaign, aimed at subjugation of the rich provinces north of the Yellow river, holds the real military importance of the whole undeclared war.

On the altered Shanghai front it became apparent the Chinese had succeeded in three days of orderly withdrawal in establishing well prepared positions that have halted the Japanese advance just inland from the main city.

General Attack Planned. But a Japanese army spokesman announced that his forces now

## New Pastor Honored at Reception

A reception was given Monday evening in the basement of the First Baptist church for the new pastor, the Rev. Gordon Bayless, and family.

A picnic lunch was spread as the feature of the evening. After which a program, directed by Mrs. T. F. Morton, was given. Included on the program was a talk by T. D. Alford, Sunday School superintendent; a skit in which a mock band represented the eight departments of the Sunday School; a reading by Mrs. Perry Gaut; and a song by Mrs. Bob Kilgler.

Other talks were made by Herman Whatley in behalf of the Brotherhood class and the board of deacons; Doc Coffee, representative of the B. T. U.; Tom Rose of the downtown Bible class; R. Earl O'Keefe, church treasurer; and Mrs. J. J. Simmons of the Women's Missionary society.

Harry Miner presented the pastor who gave a short talk in regard to the work planned for the church. More than 300 persons attended.

## Pioneers Guests At Harrah Chapel

More than a score of people past fifty years of age and members who were in the seventies and eighties, were honor guests at the revival in progress at Harrah Chapel on South Barnes. Old time songs were featured in the song service and the pastor paid tribute to the spiritual pioneers of this country.

The Rev. Sharp spoke to the large crowd that filled the church auditorium on "The Motherhood of the Church." Drawing freely from the domestic situation presented in the book of Hosea he pictured graphically and dramatically the effect of sin. "Sin is the only thing in the world that will make a mother leave her baby. You couldn't drive her away with a gun. You couldn't drive her away with a knife. But sin will do it," he said.

Defining the church in broad, universal terms rather than in denominational terms he said: "As a mother is to the home so the church is to the community. The saddest sight in the world is not a home without a father but a home without a mother. And the saddest sight in the eyes of God is a community without a church or individuals who refuse to recognize the values of the church and help to carry it on."

"As we would willingly sacrifice to give our own mothers the best we should give the Church of the Living God the best that we have."

The attendance at the 10 o'clock morning service is growing rapidly. The evening service will begin promptly at 7:30. The public is invited to attend.

## School Favorites Marry on Monday

The marriage of Miss Dorothy Jo Moore, daughter of Mr. and Mrs. Vernon E. Moore, 445 North Hazel street, and Bill Jacks, son of Mrs. H. Jacks of Moore, Oklahoma, was solemnized Monday evening at the home of the bride's parents with the Rev. C. H. Howard uncle of the groom, officiating.

The nuptial vows were spoken before an improvised altar of autumn flowers and silver fern, with tall candelabra holding cathedral tapers at either side of the altar.

The bride, who was given in marriage by her father, wore a floor-length dress of coral moire taffeta with self-pleated ruffles. Her hair was held with a coronet of matching flowers and her bouquet was of coral and white dahlias.

Miss Dorothy Burton, cousin of the groom, attended the bride as maid of honor. She wore a turquoise taffeta frock and carried a bouquet of matching dahlias. The bridesmaid, Miss Betty Curtis, wore a gown of ivory taffeta and her flowers were also matching dahlias.

The bridegroom was attended by Lloyd Taylor as best man.

Howard Zimmerman, accompanied by Miss Katherine Barrett, sang "I Love You Truly." Miss Barrett played the wedding march and contained playing softly during the ceremony.

An informal reception was held after the ceremony at the home of Mr. and Mrs. Moore. The table, which was laid with Maderia linen, was centered with a three tiered wedding cake. Miss Burton presided at the cake, and Misses Margaret Burton and Myra Albersson poured punch which was served with the cake.

Miss Moore, who was graduated from Pampa high school this spring, was selected as the most beautiful girl in high school. She was also a pep squad leader and a member of the dramatics class club.

Mr. Jacks was graduated from Moore high school where he was voted the most handsome boy, and he attended the University of Oklahoma at Norman. The couple will make their home in Moore, where the groom is employed.

Guests at the wedding were Messrs. and Mmes. Charles Burton, R. L. Mossley, J. B. Moore of Electric; C. R. Howard and sons; Mmes. J. H. Jacks of Moore Oklahoma; W. V. McLennan, Oklahoma City; Allan T. Bryce of Wichita Falls, R. T. Moseley, O. Alton Watson, and Lowell T. Moseley all of Oklahoma City; Misses Barrett, Dorothy and Margaret Burton, Curtis, Albersson; Messrs. Taylor and Zimmerman; the honorees and the host and hostess.

Mrs. F. M. Culberson will have charge of the refreshments.

## Women's Classes Show Increase in S. S. Attendance

The women's division of the adult department of the First Baptist church had a large increase in attendance Sunday morning.

The Dorcas class, taught by Mrs. Tom Duvall, had the largest percentage of their members present. The Gleaners class, composed of the older women of the church, remained 100 per cent for the preaching services; and the Bethany class, of which Mrs. T. B. Solomon is teacher, ranked second in the percentage of members present at attending preaching.

Mrs. Harry Miner's class, the Althean, and Mrs. R. E. Gatlin's class, the Faithful Workers, tied for the largest average attendance with 35 women present in each class.

To all women who are not in Sunday school in some other church, an invitation is extended by these classes.

## New President

Pictured above is Mrs. J. W. Garman, who is the new president of the City Council of Clubs. Mrs. Raymond Harrah, who is the retiring president, has had the office for the past two years.

Increase Shown By Reservations Made in Advance

DENTON, Sept. 15 — With advance room reservations amounting to 350 more than in the fall of 1936, authorities at Texas State College for Women estimate approximately a 15 per cent increase in the final enrollment figures. The college was ranked last year as the largest residential woman's college in the United States.

Applications for places in T. S. C. W.'s cooperative system, which offers students a chance to do light housekeeping for their room and board, increased from 447 at this time last year to 650. Fees have been received from girls in Canada, France, China and South America. Matriculation begins Monday, September 21, and classes will be held Thursday.

## Methodist Group Has Bible Study

All of the circles of the Women's Missionary society of the First Methodist church were well attended yesterday.

Mrs. Susie Porter was hostess to the 14 members and one visitor, Mrs. Henry Jordan, who were present when circle one met in her home.

Mrs. Joe Shelton had charge of the business session and led the devotional from the 23rd Psalm. Following the devotional Mrs. Lee Harrah taught the second chapter of the new study book which was "Religion of Rural America."

Refreshments of ice cream and cake were served by the hostess.

The circle will meet next Monday at the home of Mrs. R. B. Fisher.

Circle two met in the home of Mrs. W. V. McArthur with Mrs. C. W. Foote, Jr. who will have charge of the study for the following quarter, teaching the lesson from the home study book on "Re-Building Rural America."

A prayer was led by Mrs. Minnie Price and refreshments were served to the 15 members and one visitor present.

The next meeting will be Monday in the home of Mrs. Russell McConnell.

The lesson study at circle three was taught by Mrs. Will C. House when it met with Mrs. I. W. Howard.

A prayer by Mrs. Horace McBece opened the meeting, and the business session was conducted by Mrs. Luther Pierson.

Refreshments were served, following a round table discussion, to the 22 members, one visitor, Mrs. A. L. Crawford, and one new member, Mrs. Creney.

The circle will meet with Mrs. House at the parsonage next Monday afternoon.

Mrs. Harold Wright was hostess to circle four when it met in the church basement.

Mrs. W. Purviance led the prayer which followed the opening song. The devotional was given by Mrs. Hurst and Mrs. Purviance taught the lesson.

Refreshments were served to Mmes. W. F. Bailey and E. E. Carlton, new members, and Mrs. Harold Foy, a visitor, and 11 members.

Mrs. A. B. McFee will be hostess at the circle meeting Monday.

## HOW OFTEN CAN YOU KISS AND MAKE UP?

NEW husbands can understand why a wife should turn from a pleasant companion into a shrew for one whole week in every month. You can say "I'm sorry" and kiss and make up easier before marriage than after. If you're wise and if you want to hold your husband, you won't be a three-quarter wife.

For three generations one woman has told another how to go "smiling through" with Lydia E. Pinkham's Vegetable Compound. It helps Nature tone up the system, thus lessening the discomforts from the functional disorders which women must endure in the three or four years of life. 1. Turning from girlhood to womanhood. 2. Preparing for motherhood. 3. Approaching "middle age."

Don't be a three-quarter wife. Take LYDIA E. PINKHAM'S VEGETABLE COMPOUND and go "Smiling Through."

Why not enjoy real "eye-comfort" when you settle down to read your evening newspaper or favorite magazine?

Why not have light that falls as pleasantly as soft daylight on the printed page and makes each letter stand out clear and distinct?

Reading and playing games by the light of I. E. S. Better Sight Lamps is real relaxation. They even make study and sewing easier because they make seeing easier.

Why? Because they give much more light than ordinary lamps. The translucent bowl eliminates glare... The lamp gives direct and indirect light and is correctly designed to give you good light where you need it.

It is smart to have a table model and floor model to match. And these prices make it economical. But if you prefer differing lamps, there is a wide variety of attractive styles from which to choose. See them today. Easy terms.

# Italy Asks Right to Help Patrol 'Our Sea' But Russia Objects

LONDON, Sept. 15 (AP)—Russia was reported today to have determined to block Italian demands for parity in the international patrol of the Mediterranean and to force virtual isolation of the nation she has accused of piracy.

Italy's protest that the patrol system "seems unacceptable" was based on the immediate prospect of an Anglo-French war fleet cruising the length and breadth of a body of water Italians call "our sea" and the proposed relegation of Italy to the patrol of a comparatively obscure corner.

To meet the demand for parity "with whatever other nations in whatever zone of the Mediterranean," delivered to the French and British embassies in Rome last night, the nine European powers who mapped the patrol would have to reopen negotiations almost before the ink had dried on the Nyon protocol.

And even if they did, there would stand the Soviet Union, Italy's accuser, almost certain to oppose any enlargement of Italy's patrol beyond the Tyrrhenian sea, off Italy's western coast, as assigned to her yesterday at Nyon, Switzerland.

Russia was one of the nine powers that signed the anti-piracy pact; Italy, with Germany, had stayed at home, angered by Soviet charges that Premier Mussolini's submarines were the pirates that torpedooed two Soviet merchantmen in the Eastern Mediterranean.

Meanwhile, there appeared the threat of even further diplomatic disturbances growing out of the Spanish civil war—a threat, voiced in Rome by some Fascist sources.

Next Steps for Italy

The next logical step, they said, was for Italy to withdraw from the 27-nation London non-intervention committee that for months has tried to keep the Spanish conflict out of the rest of Europe.

Still another suggestion was raised in Rome. Instead of withdrawing from the non-intervention group, it was said, Italy might carry her plea for patrol parity to the London committee.

This was a reiteration of a suggestion already overruled at Nyon. Both Germany and Italy, in refusing the invitation to the anti-piracy conference last week, argued that the non-intervention group, not the gathering at Nyon, was the proper body to deal with the mysterious attacks.

Back of all the speculation, there was but one sure fact: That, pending an indication from the Fascist hierarchy at Rome, Italy's course, in event the Nyon accord goes unmodified, was uncertain.

With a massive concentration of British and French warships already in the Mediterranean, or ordered there, the situation still was loaded with almost as much dynamite as when the Paris and London governments called the Nyon conference in an effort to halt pirate submarines that had attacked about 50 cargo ships and taken nearly 100 lives.

European capitals still felt that their oceanic "backyard" might be the scene of a neighborly quarrel that would touch off the next world war. The situation has welded the friendship accord of the major Fascist states, Italy and Germany, both of whom have sided openly with the insurgent cause in Spain.

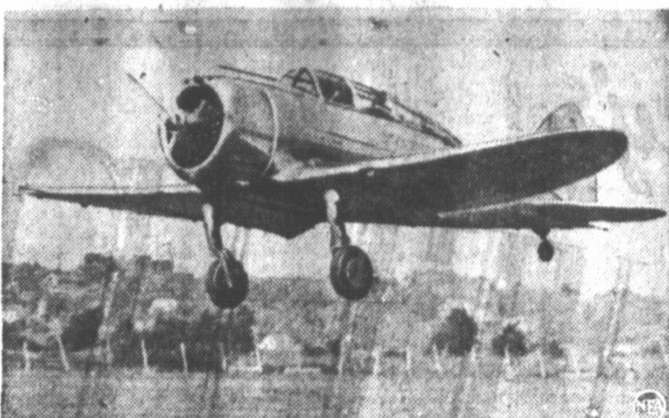

## WHAT TO DO FOR ECZEMA ITCHING AND BURNING

Wash the affected parts with Riedel Soap and warm water to soften scales and crusts. Riedel Soap is suggested because it contains no excess of free alkali, and is especially suited to tender skin. Dry by patting with a soft cloth—do not rub.

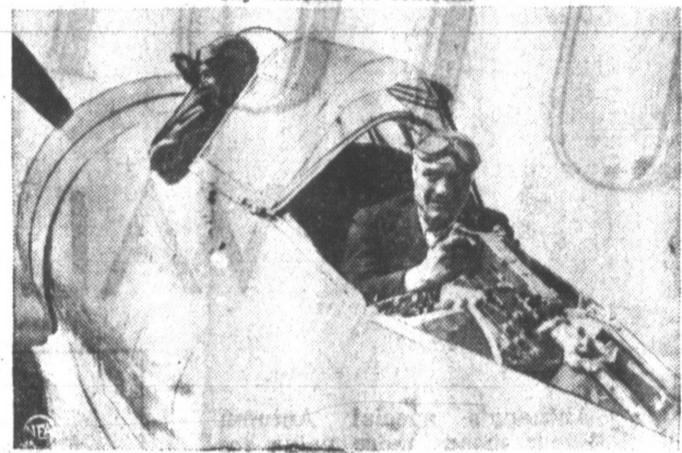

Doctors recommend an oily ointment because it penetrates the outer layers of the skin more effectively. Resinol Ointment meets this requirement, and does even more. For over 40 years it has been—and still is—successfully used to relieve quickly the itching and burning of eczema. It contains soothing ingredients that aid healing. At druggists.

## Made in America for Wars

Out of the factory of Major Alexander de Seversky has emerged a new mystery plane, bristling with machine guns and swift as a bullet itself. When tests are concluded, it is reported, the plane will be shipped abroad to swell the armament of a foreign power. At top, the craft takes off from the airport at Bendix, N. J. Below, a mechanic mans the machine gun in the fuselage, while de Seversky handles the controls.

## CHINA WARNS UNITED STATES AGAINST JAPS

GENEVA, Sept. 15 (AP)—Dr. Wellington Koo, one of China's most illustrious statesmen, warned the United States and Europe today that Japanese guns may menace them some day if they do not support China now.

He made the statement before the League of Nations assembly in a blistering indictment of what he called Japanese "aggression."

The speaker, pleading for urgent league action, asserted that "European and American interests already are feeling the menace from occupation of Tientsin and Peiping by the Japanese army."

"If Japan should succeed in her attempt to dominate Shanghai as well," he continued, "the end of vast commercial interests there of Europe and America could be easily foreseen."

"It is clear that China in vigorously resisting the Japanese armed aggression is not only trying to defend her own territory but in effect also to safeguard the rights and interests of foreign powers within her borders."

He appealed to the enlightened self-interest of foreign nations to bring them to the support of China and argued:

"If the day should come—which God forbid—when Japan would be able to lay her hands on a great part of what China possesses in man power and natural resources, then she would feel herself so much stronger as to challenge the treaty rights of territorial possessions of Europe and America in the South Seas and in the Pacific as well as on the mainland of Asia."

Koo declared that Japan "aims not only at political domination and conquest of China but at also elimination of foreign interests where the Japanese sword holds sway and eventual expulsion of Europe and America from territorial possessions in Asia."

The far eastern situation, Koo asserted, "calls for urgent action by the league."

Speaking from the assembly rostrum, he said it was for the league council to decide—now that China has appealed definitely for action—

## Fleeing Shanghai With Children

His two small children and some of his household goods dangled from the yoke across this Chinese coolie's shoulders as he fled out of the Shanghai war zone. The child in the basket on the right kept hidden most of the time and raised his head only for an instant to take a look at the photographer.

## DEERSKIN CRAFT KEEPS FAMILY BUSY 52 YEARS

CHICAGO (AP)—As long as horses wear collars and fish snap at deer tails, the O'Briens will have business.

Shortly after O'Brien came here from Ireland 52 years ago he heard that the Indians used the hairy side of deerskins for healing and protecting wounds. Collars always were hard on horses, so O'Brien put two and two together. He bought deerskins from Wisconsin Indians, made up pads to strap on horse

collars and—he had a good business for himself.

He figures that he and his son, William, have made things easier for at least a million horses. They still sell pads from Maine to California and expect to carry on until the last horse drops.

The O'Briens got a terrific shock several months ago. William discovered that manufacturers of artificial fishing flies and bugs were paying good prices for deer tails because the soft, waterproof hair is just the things for flashy orange, red, yellow, and blue lures.

The O'Briens groaned. Since 1885, they had been throwing away the tails.

## GEAR SHIFT PIERCES BODY IN CAR WRECK

HEARNE, Sept. 15 (AP)—J. P. Hearne, about 35, of Austin, was injured fatally when his car swerved from the road into a tree five miles west of here this morning.

The shifting lever pierced Hearne's body and he died when an ambulance reached him. A card found on him identified him also as an employe of the Federal Land Bank, of Houston.

The body was held at a funeral home pending communication with relatives.

## Air Raid Defense Practiced by Japs

TOKYO, Sept. 15 (AP)—Commanded by screaming sirens, two million Japanese tonight met a non-existent enemy in pitch darkness.

Japan was practicing air-raid defense in the largest and most realistic exercises in its history. It was the opening of a five-day program of maneuvers.

## TOO THIN?

Two common causes of underweight—(1) Lack of Appetite—(2) Lack of Iron in the Blood. (Nutritional or Simple Anemia). Jayne's Tonic Pills help both conditions. Besides iron for the pale blood cells, they contain special tonic acids that encourage a freer flow of the digestive juices. This results in a better appetite and ingestion of food. That's why so many thin people who take them as a general tonic are happily surprised to see a gain in weight as well as in health. Every druggist knows of such cases. ## DRIVERS LICENSE LAW ENFORCEMENT HALTED

AUSTIN, Sept. 15 (AP)—The public safety department has hung out the "slow" sign in enforcing the chauffeur's provision of the new drivers' license law.

Col. H. H. Carmichael, department director, has asked local officers to follow the lead of his department in not filing charges until further instructions were given.

He explained the department's examining crews would not be ready to function until mid-October and such radical changes were made regarding the licensing of chauffeurs that an educational campaign was necessary before "cracking down."

Drivers of laundry, bread, soft drink and similar trucks who escaped licensing previously on the claim they were salesmen instead of chauffeurs must secure licenses under a broadened definition.

The department plans a "semi-enforcement" campaign in October to warn potential licensees they must meet requirements of the law. Officials estimate the 85,000 commercial drivers' permits issued under the old law will double when enforcement begins.

## To Wed

Although he did not know exactly when or where the ceremony would take place, Harry Grindell-Matthews, above, 57-year-old British "death-ray" inventor, has said he will marry Ganna Walska, 45, Polish opera singer, whose fourth husband was Harold Fowler McCormick, Chicago harvester magnate.

## REBELS TRY NEW SPOT TO GET INTO MADRID

MADRID, Sept. 15 (AP)—The thunder of a fresh insurgent attempt to smash into Madrid, this time through the southwestern suburbs, rolled over this war-torn, war-bored metropolis today.

Defense commanders shrugged and commented: "No substantial gains."

Children played at warfare of their own on the heavy stone street barricades erected for a grimmer purpose—played while men died scarcely a mile away.

A fierce bombardment by trench mortars Monday in the Uxera sector was followed yesterday with open infantry attacks which government officers said had been repulsed. It was the first major combat on the Madrid front in weeks.

## TO OPEN BIDS ON NEW MERCHANT FLAGSHIP

WASHINGTON, Sept. 15 (AP)—The United States arranged to open bids today for a new merchant marine flagship, thereby launching another attempt to recapture its share of world shipping.

The new liner is designed to lead a fleet of 300 to 350 new vessels, 95 of which will be constructed at once.

## BANK ROBBERIES SHOW A DECIDED DECREASE

AUSTIN, Sept. 15 (AP)—A decade ago Texas had three bank robberies a week. This year it has had only two for the year.

Asked "how come?" these officials answered: "Banking Commissioner Zeta Gossett: 'I don't know but I'm certainly glad of it.'"

Col. H. H. Carmichael, chief of the Texas Rangers: "Crime is declining over the nation." He praised the "marvelous work" of J. Edgar Hoover and the G-men.

Gov. James V. Allred: "Juries have been assessing heavy penalties, including death."

Texas Bankers, offering \$5,000 for every "dead" robber ten years ago, paid off frequently.

ORDINANCE NO. 181
AN ORDINANCE prohibiting and regulating the solicitation of money and gifts for relief or for any other charitable purposes

Section 1. It shall be unlawful for any person or persons, firm or association to solicit or obtain money or gifts in money or merchandise directly or indirectly

Section 2. It shall be unlawful to solicit or accept money or gifts, in money or merchandise, directly or indirectly

Section 3. It shall be unlawful for any person, persons, organization or association to hold a benefit dance, rummage, sale, or to sell or offer for sale any property

Section 4. Each applicant for a permit to solicit funds in the City of Pampa, shall submit to the city manager a statement

Section 5. The city secretary shall keep each application on file and a record of the action by the city manager, subject to inspection by any person at any reasonable time

Section 6. Said solicitation permits when granted by the city manager shall be valid for the period specified and no longer, and in no case shall they exceed a period of thirty days after date thereof

Section 7. All applicants receiving permits shall supply their solicitors with proper credentials and the recipient of the permit shall be responsible for the overt acts of his, or its, authorized representatives

Section 8. The solicitation permit here in prescribed shall be non-transferable and may be revoked at any time by the city manager and shall never operate as a grant or a privilege or mature into a right

Section 9. In all cases where the city manager is of the opinion that the funds of any institution or organization operating under a permit from the city have been or are being diverted from the purpose for which they are collected

Section 10. The decision of the city manager shall be final except that an appeal may be taken to the city commission

Section 11. No solicitation or contribution as provided herein shall be asked, demanded or received by the city manager or the representatives of any person, firm, institution, organization or association, until the provisions herein are fully complied with

Section 12. Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction shall be subject to a penalty of not to exceed \$200 for each offense

### Running the Gauntlet of Japanese Guns

It's a different kind of Chinese Army that Japan fights in North China now. Well equipped, high in morale, properly trained, the units that bear the brunt of battle give a far better account of themselves than in 1932. Above a unit of the engineering corps crosses a stream in the war zone under protection of their rifles and a heavy machine gun, example of the daring that stopped the invader's army

### Holiday for 'Anthony' Author

Hervey Allen, much read but seldom photographed author, had something serious on his mind—perhaps a successor to his "Anthony Adverse" (500,000 words)—as he boarded the Normandie bound for a vacation in Europe. Mrs. Allen, a fragrant gardenia corsage on her shoulder, appeared serious, too.

### All Paths Except Road To Riches Open To Boy Of 14 in Soviet Russia

This is the fifth in a series of six articles examining closeup the average boy of 14 around the world today . . . his prospects for the new school term—and for the future—at the age when, in America, he would this month be entering high school.

By RICHARD G. MASSOCK  
AP Foreign Service

MOSCOW—From workers' homes, Russia's 14-year-olds go back to their classes this month to become good toilers and loyal supporters of the Soviet regime—unless war or something else happens to upset the "workers' paradise."

Constant supervision of his life by a communist, one-party government, the assurance of a job without riches if he behaves and perhaps distinction in some field of endeavor honored by the So-

and his parents were willing, he might go to work in a factory. Since he is only 14, he would work only four hours a day. His pay would be small, probably less than 100 rubles a month (\$20 at the official exchange rate, but about \$5 in buying power.) And he would have to learn a trade in the factory school.

It is quite likely, therefore, that Ivan prefers school. His father is able to support him, especially since the government provides many facilities, including free medical service.

Government regulation is on every side of young Ivan. He will feel it more as he grows older and goes to work. He is not compelled to be a Young Pioneer, or member of the communist youth organization for boys up to 16 years old, but most of his playmates—6,000,000 in the Soviet Union—are in it, so Ivan joins. He wears a red necktie as a badge of membership.

Five years from now, when he is 19, Ivan must begin two years of military service in the Red army. As a Young Pioneer he has learned discipline, marching to drumbeats and perhaps rifle-shooting or constructing gliders in a boys' club.

Ivan has been taught that the capitalistic countries surrounding Russia are his enemies. The "fascists" countries, particularly Germany and Japan, are preparing war against his fatherland, he is told.

Ivan, who does not talk to foreigners, probably has little feeling about the United States, knowing it principally as the country to which Soviet aviators have flown by way of the North Pole and as a country noted for labor efficiency, which should be emulated.

### Franc Topples to Its Lowest Depth

PARIS, Sept. 15 (AP)—A heavy selling wave today toppled the French franc to its lowest depth in more than a decade.

At noon the franc was quoted at 28.90 to the dollar, or 3.42 cents, and 143.00 to the pound sterling. The government currency stabilization fund at least temporarily abandoned attempts to bolster it.

Financial experts predicted even lower levels.

The plunge marked a new level in the steady devaluation of the franc, which Premier Raymond Poincaré stabilized in 1928 at 25.51 to the dollar, or 3.91 cents, after a period of severe financial unrest.

### On Capital Hill

By HARRELL E. LEE

AUSTIN, Sept. 15 (AP)—Bob Barker of Fort Worth, who has been an officer of the House or the Senate so many years he has to do a bit of mental arithmetic to obtain the exact number, has his work cut out for most of the next ten months.

The Legislature will be in session for probably 60 days commencing Sept. 27 and Barker will be back at his long-time post of secretary of the Senate. After conclusion of the sessions disposition of odds and ends likely will require considerable time.

Unless he changes his mind he will leave about Jan. 1 on an intensive tour in an effort to use an automobile equipped with a loud speaker and go to each of Texas' 254 counties. He was defeated in two races for Comptroller about a quarter of a century ago.

Through years of practice Barker has developed the faculty of calling the Senate roll in record time. On bills precipitating little controversy Senators seldom bother to answer "Aye." They know the Secretary will so record them. About the only ones answering the fast call are those voting nay.

Barker is accommodating to newspapermen but never reveals what is on in executive sessions other than giving reporters the list of confirmations of governor's appointments. When someone is missing from the list he won't say whether his name was mentioned. If newsmen learn more about the secret meetings they must get it from one of the Senators.

Barker will be confronted by the vote-getting abilities of diminutive Charley Lockhart. The Treasurer scored a smashing victory in his campaign last summer for renomination.

Barker won't be the only person gunning for Lockhart. E. B. Barnes, chief clerk in the Treasury until Sept. 1, likewise intends to be a candidate. He was chief clerk seven years.

When Rep. Jesse James of Cameron was named to succeed Barnes, the Attorney General's department was confronted with a fine point of law. The constitution prohibits a legislator from stepping into an "office" the salary of which he helped increase. The stipend of the chief clerk had been raised approximately \$70 a month, effective Sept. 1.

Attorney-General William McCraw delved into records of court decisions in other states and came to the conclusion the chief clerk was not an "officer" within the meaning of the constitution but an employe. He pointed out James

would have no sovereign powers and his tenure was uncertain.

Turning newspaper columnist for a day, State Tax Commissioner Albert Daniel wrote that "Politics are farther advanced in Texas, conversationally at least, than in many years."

"Old age pensions will be a larger issue than ever before in nearly every state race, and in legislative and congressional races," he said.

"Disatisfaction is rampant and the flames are being fanned daily by business opportunists who are easily effective in preying on these unfortunates."

An appointee of Gov. Allred, Daniel formerly was State Representative from the Crockett district.

IT'S AN ACCIDENT WHEN A RATTLESNAKE BITES. DENVER (AP)—From a Wyoming town, where the sheriff writes in-

surance as a sideline, came this report to the district office of an accident insurance firm:

"A cowpuncher policy holder came in with a bandaged and swollen hand as proof of disability.

"A rattlesnake bit me," he said. "Can't do anything for you," says I. "That wasn't an accident. The snake bit you on purpose."

"Was I right?"

The company overruled the sheriff.

### Students Leave War Zones, Enter Women's College

DENTON, Sept. 15—From Shanghai, the heart of battle-torn China, will come two sixteen-year-old girls to Texas State College for Women this fall. Miss Mary Ellen Kellhofer arrived in this country the early part of the summer, but Miss Alice Bryan is now on her way, traveling alone across the European route.

In writing to the registrar, Miss Bryan's parents expressed the desire that she would be able to adapt herself to living conditions and customs over here. She has lived for a time in Japan, too, and will therefore probably be able to bring to her fellow students in Texas a cross section view of the warring nationalities. Both students attended the Shanghai American School.
