

COUNTY BRIDGE BURNS

Chinese Troops Gain Slight Advantage in Last 24 Hours PLANS FOR FEDERAL BUILDING TO BE DRAWN SOON

Get ready for something good. We speak of the Lions club minstrel show and musical revue of 1932 to be presented publicly March 3.

We're White

The main reason that it will be good is not that the Pampa is in it. Not only that, but we will not be in black face make-up. We belong to the "white" sector, and one of our pleasant duties will be to laugh at John Hessey in a green dress suit, Bert Curry in a yellow one, Dr. Roy Webb in another shade, and on down the line. Those darkies are going to crack some swell stuff if they can get the old joints loosened up in time.

See the Doc

And you must see Dr. Wilder to appreciate his song with the refrain: "Mamma's just blooming—Papa's just fading away." Lion Neath has presented the doctor a cigar to use—as a walking cane if needed—during the song. Otto Studer and Dr. H. H. Hicks haven't showed up at practices, but are rumored to be working on something they bought in New York. This writer will spy on them shortly and report his findings.

Just Roaring

Really, the Pampa is on the front row to be heard, and not seen—he hopes. The audience can look at Pauline Barnard on the left, and Marjorie Buckler on the right, and these young ladies can sing too. In fact, it is charged that the Lions cannot sing and are not worth looking at, hence the need for support from the young women. We can vouch for the latter, but as to singing—you might be surprised.

Or Ride a Bike?

Director John Sturgeon is optimistic. He expects us to walk standing still. He warns against walking off the stage while concentrating on the music. Or perhaps he meant the warning for Supt. Fisher, who as a school teacher is perhaps absent minded. . . . The purpose of this harrangue, however, is to inform you that the minstrel-revue is going to be clean, sparkling, and wholly enjoyable. You can laugh with those who are good and laugh at the rest of us. What more do you want for your depression money?

Retrospective

After lengthy investigation, we arrived at the conclusion that the one-year transfer rule applying to athletes will leave Pampa high status quo as of last Sept. 1. That means that when school opens every athlete must have been in school a year to participate in athletics. In a sense, the rule is retrospective, and we hereby raise a complaint about the lack of a year's notice.

Not Enforced

Down deep in our conscience we have a feeling that the intention of the rule is commendable. What we

(Continued on Page 2)

THE WEATHER

WEST TEXAS: Fair, warmer tonight; Saturday partly cloudy.
OKLAHOMA: Fair, warmer tonight; Saturday partly cloudy, warmer in extreme east portion.

ARCHITECT FOR STRUCTURE ON MISSION HERE

GROUND BREAKING TO BE IN MAY OR EARLY JUNE

CONTRACT NEAR APRIL 1 MONTH IS REQUIRED TO PREPARE DATA ON PROJECT

A question that has worried Pampans for many a month, "when will the government start building the new post office?" was answered rather definitely today by R. P. DeWitt of Dallas, member of the firm of DeWitt, Washburn and Lippincott, which has the contract to draw plans for the building.

DeWitt stopped in Pampa three hours this afternoon on his way to Washington. While here he said that he expected ground would be broken for the \$155,000 structure in the early summer, sometime between May 1 and June 1.

As soon as Mr. DeWitt arrives in Washington, he will draw preliminary plans for the building and submit them to the fourth assistant postmaster general, Mr. Phelps, formerly postmaster at Dallas. He will spend a month completing architect's plans in order that the government may let the contract about April 1.

The new postoffice will be erected at the corner of Foster avenue and Ballard street, facing east. It will be about 100 feet wide and 105 feet long. It will comprise one floor and a basement. The lot on which it will be built is 140 feet wide and 225 feet long.

Mr. DeWitt's firm was given the contract to furnish architect's plans for the building in January.

The architect and Postmaster David E. Cecil were the luncheon guests of Dr. V. E. von Brunow today.

Wilbur Proposes Oil Tariff to Be Pertion of Plan

WASHINGTON, Feb. 5. (AP)—Secretary Wilbur today informed Senator Johnson, of California, that he would favor a tariff on oil if it were made part of a general plan to assist the petroleum industry out of its present state of overproduction.

The secretary of the interior has for many months maintained that merely placing a tariff on oil would not solve the petroleum industry's problems. His statement to Senator Johnson was contained in a report requested on a bill designed to place a tariff on crude oil.

Speaking Club's Members Planning to Hear Debates

A number of Pampa Public Speaking club members probably will go to McLean tomorrow afternoon to attend a high school debating tournament, and some of the local members are to serve as judges. The high schools competing will be Pampa, McLean, Childress, Quanah, Wellington, Shamrock, and others.

Those planning to attend are asked to telephone J. E. Cunningham, 695. Transportation will be provided.

SCHOONER SUNK

NEW YORK, Feb. 5. (AP)—Twenty-one members of the crew of the fishing schooner Eleanor Nickerson of Boston were reported missing following a collision with the steamer Jean Jolot 365 miles east of Halifax today.

IN HARBIN ROW

Leo Karakhan, above, assistant commissar of foreign affairs for the Soviet government, is in charge of negotiations with the Japanese government in regard to the seizure of a train on the Chinese Eastern railway by Jap troops. The line is owned jointly by Russia and China.

HARBIN FALLS TO JAPANESE

Hub of Russian Influence in Hands of Jiro Tamon and His Columns.

HARBIN, Manchuria, Feb. 4. (AP)—General Jiro Tamon finally achieved the occupation of Harbin, last important stand of the Chinese in Manchuria, today after almost a week of sanguinary battles with the troops of General Ting Chao.

Although the Chinese stubbornly resisted the advance of General Tamon's brigade up to the last minute, the headquarters of General Ting were deserted when the Japanese finally occupied the city. Harbin is the headquarters of the Chinese Eastern railway, jointly owned by Russia and China.

The last stage of the Japanese attack was a terrific artillery bombardment last night in which several Japanese shells exploded near the headquarters building of the Chinese Eastern and caused Soviet Russian officials of the railroad to hold an emergency meeting to consider the situation.

The Chinese placed two field guns in an open area directly in front of the railway headquarters and opened fire in reply to Japanese attacks. Japanese authorities said they thought the Chinese placed the guns there in the hope of embroiling Japan with Soviet Russia.

Mellon Is Passed Thru Committee

WASHINGTON, Feb. 5. (AP)—The senate foreign relations committee unanimously approved the nomination of Andrew Mellon to be ambassador to Great Britain today within an hour after President Hoover forwarded the name to the senate.

The committee, out of deference to the veteran secretary of the treasury, held a special meeting to report his name.

Senator Reed (R. Pa.) immediately brought the nomination back to the senate and confirmation of Mr. Mellon as ambassador to the court of St. James was expected before tonight.

GAR WOOD FLASHES OVER MILE OF WATER TO CLAIM RECORD

MIAMI BEACH, Fla., Feb. 5. (AP)—Gar Wood claimed a new world's speed boat record today with a two-way average of 111.712 miles an hour on the Indian creek course here with his Miss America IX.

He was clocked at 112.434 miles an hour on a southward run over the national mile and 110.989 miles an hour on a northward run. The average of the two runs, as required by National Yachtsman's association rules, gave him the average of 111.712, as compared with the old record of 110.223 held by Kaye Don of England.

BUT JAPANESE BLAST TROOPS NEAR SHANGHAI

TRAIN IS BOMBED AS IT CARRIES NEW FIGHTERS

JAP PLANE SHOT DOWN

BIG PUSH IS EXPECTED FROM REGULARS OF TOKYO

SHANGHAI, Feb. 6. (Saturday)—Stunning up the results of the last 24 hours' fighting, foreign military observers agreed today that the Chinese holding Chapel had pushed back the Japanese a little, improving their position slightly.

The furious bombardment with machine guns and heavy artillery went on without interruption early this morning on a front which stretched from the North Station in Chapel along the Whangpoo river clear down to the Woosung forts, 16 miles from town.

Airplanes were playing an important part in the engagement. One Japanese ship bombed a Chinese troop train moving into Chapel, killing an undetermined number of men. One bomb wrecked a steel car scattering the bodies of Chinese soldiers along the track. Before that they had bombed Chendu university, wrecking one large building and setting fire to two others.

The master of a British steamer which came in Friday evening, said he had seen a Japanese plane down in the Yangtze river, beyond the Woosung forts. The pilot was in the cockpit badly wounded.

Chinese Planes Active
Chinese airplanes have gone into action on the Shanghai front and in the first aerial engagement of the campaign shot down one Japanese plane and forced two others to land inside the Japanese lines.

It was only an incident in the fighting which still was going on in Chapel and about the forts at Woosung. Japanese planes bomber the forts again but the Chinese still were holding on when the air squadron withdrew.

Japanese ships landed 1,000 Blue-jackets to reinforce the men bombed. (See FIGHTING, Page 6)

Jury Is Hung in Damage Suit of Smith vs. County

After deliberating one day, the 11th district court jury in Alex Smith's suit against Gray county for \$4,000 damages, had not agreed on a verdict early this afternoon. The jury reported to Judge E. F. Ritchey early this morning that it could not agree, but when the court learned that the 12 men stood nine to three he sent them back to the jury room, urging them to agree on a verdict.

It was not learned whether the vote was in favor of the plaintiff or the defendant. Many interested in the case were predicting that the jury would be dismissed on account of being unable to reach a verdict.

Wife Held After Husband Is Shot

CLEBURNE, Feb. 5. (AP)—Hugh "Jake" Sanders, 35, died early today of bullet wounds suffered last night in a shooting affray at his home.

His wife, Mrs. Lillian Sanders, was charged with murder. Her examining trial was set for today.

CLEBURNE, Feb. 5. (AP)—Hugh "Jake" Sanders, 35, was in a grave condition at a hospital after a shooting last night in his home.

NOT SO TOUGH

The first Japanese naval commander at Shanghai was too hard-boiled to suit Tokyo after untoward world reaction resulted. (at least, that's the report), so the government has sent Admiral Kiohisaburo Nomura, above, to take over the job. He is famous in Japan as a naval officer and statesman.

ROTARIANS IN BANQUET HERE

Good Will Engendered by Gay Occasion Held at Baptist Church.

Citizens of Pampa and Amarillo, rival Panhandle cities, figuratively buried the hatchet here last night when the Rotarians and ladies of the two cities banqueted at the First Baptist church dining room in one of the gayest occasions of recent months.

From Amarillo came 120 persons, including the excellent orchestra directed by Rotarian Irving Tolzien and composed entirely of members of the club. President C. P. Buckler of the local club was master of ceremonies, with President C. S. Lambie of the visiting group as chairman of the program presented by the Amarillo club.

Lots of Noise
The huge audience was seated amid a profusion of balloons, red paper hearts, and novelties, with the waitresses carrying out the red and white theme in their costumes. There was a riot of noise during the meal and the well known razz broke out frequently as Bill and Jim and Joe yelled good-natured cracks at each other.

Rotarian C. E. Lancaster gave the invocation and Frank Foster the eloquent welcome address. Mayor Ernest Thompson of Amarillo responded for the visitors and later (See ROTARIANS, Page 6)

BORGER MAYOR AND STAFF TO FACE RECALL

PETITION CIRCULATED BY BUSINESS MEN OF TOWN

UTILITY FIGHT INVOLVED

COMMISSION PLANS TO COMPROMISE ON RATES

BORGER, Feb. 5. (AP)—Petitions asking the recall of Mayor John R. Miller and the city commission were being circulated today.

A group of 35 business and professional men who met Wednesday to discuss affairs of the city voted to circulate the petitions, which were being presented for signatures to Borger citizens today. The city charter required that 30 per cent of the qualified voters petition the commission before an election is called.

"Any of Them"
Besides the mayor, the petitions named Commissioners Knight, Keith, McClelland, and Bowers, "or any of them."

"It is a move on the part of the part of the Panhandle Power and Light company to win its fight against lower utility rates," Miller said. The meeting of citizens was held in the company's offices, but company employees were not circulating the petitions.

The city commission will meet in called session this afternoon to set new light and power rates, an effort to compromise with the utility company. It was announced that a mass meeting scheduled for tonight would not be held.

Heated Battle
The city's utility rate fight has been a heated one. The commission first reduced rates by city ordinance and the power company appealed to the railroad commission.

The city countered by granting franchises for competing service, and the utility company left the city in darkness by cutting off lights because of unpaid bills, then challenged the legality of the competing franchises and circulated a petition demanding that the city commission submit the matter of new franchises to a vote of the people. The commission held that the petition was (See BORGER, Page 6)

Dr. Hicks Called to Lad's Funeral

Dr. H. H. Hicks returned today from Stamford, where yesterday he attended funeral services for Earl Rowntree, Jr., his 8-year-old nephew.

The lad was killed Wednesday evening when struck by an automobile on a Stamford street.

FINAL EXTRA VOTE PERIOD IN BIG DRIVE FINDS ALL WORKING

The swell is coming! Again and for the last time, the gap is closing in THE NEWS' circulation drive like a mighty ocean wave that laughs at obstacles and sweep everything before it as it nears the shore, the movement of contestants in The Daily NEWS' campaign is growing ever larger as the finish grows closer and closer. Every thing is votes, votes, votes in the mad rush of contestants to out-do the others while the last chance for extra votes and extensions lasts.

Only till Monday night will candidates be given bonus extension, and extra club votes. After then the votes drop to the lowest schedule of the campaign and that will be about one-third or more votes less than now. In fact, only the final schedule as announced in the beginning will prevail.

The volume of subscriptions is gradually growing and the many, many subscribers that have been holding back are waking up to the need of entering their votes and exercising their rights to be a part of the most sensational money-distribution campaign ever known to Pampa. In fact, to date, only about one-third of the local people have subscribed through the campaign, which indicates that there will be a great mad rush from now on and long hours of hard work. Those who subscribe by the week are subscribing by the year or more.

The struggling finish is but a few days off. Will you be prepared? The prevailing opinion seems to be that this last club and extension offer is a splendid chance to strengthen one's reserve votes against the surging battle of final days. Foresighted candidates are taking advantage of the opportunity to amass greater and greater reserve. Do all you can now! The final day dawns—Wednesday, Feb. 10.

The final day to get extra votes and extensions—Monday, Feb. 8.

IN COMEBACK

After several years' retirement following success in silent flapper roles, Madeleine Bellamy, above, is back in Hollywood and is reported to be attempting a comeback in the movies.

A.P.I. SESSION WILL BE HELD

Organization of Chapter to Be Undertaken at City Hall Tuesday.

An organization meeting of the American Petroleum Institute will be held in Pampa Tuesday night, according to Max M. Mahaffey of the Empire company.

The meeting has been called for 7 o'clock in the city auditorium. Chief speaker will be C. A. Young of Dallas, secretary of the Mid-continent section, and H. N. Blakeslee of Dallas, safety engineer of the A. P. I. Other officials are expected.

Officers will be elected and plans for making the Pampa branch permanent will be discussed. The meeting will be open to every man in this section of the Panhandle field interested in the oil or gas industry. Mr. Mahaffey said.

Topics of vital interest to oil and gas producers will be discussed at the opening meeting.

GETS 20 YEARS

WHEELER, Feb. 5. (AP)—Twenty years in the penitentiary today was assessed against Joe Eastman, 49, of Shamrock, for criminal assault of a 10-year-old girl. The child's mother is facing charges in connection with the alleged attack.

TWO MEN ARE IN JAIL AFTER COSTLY BLAZE

NORTH FORK SPAN AT LEFORS NEARLY RUINED

OTHER ATTEMPTS FAIL

INSURANCE TO COVER PART OF LOSS SUSTAINED

One of three bridges mysteriously fired in Central Gray county early last night in what Sheriff Lon Blanton declared today were clear cases of incendiary was two-thirds destroyed by the blaze before it could be reached by Pampa firemen.

Two other spans were only slightly damaged. The firemen pumped water from the shallow stream to extinguish the fire.

The Pampa fire department extinguished a raging blaze on the bridge across the North Fork of the Red river about three miles east of LeFors after three-fourths of the bridge had burned. The bridge was constructed at a cost of \$21,000, according to Commissioner John R. White, who was investigating the disastrous fire this morning. The bridge was insured for \$15,000. It was practically new.

All traffic between the south part of the county and LeFors and Pampa was being routed over the Mel Davis crossing on Red river a half-mile above the bridge.

Fires Three Times
A small bridge over Cabin creek, one mile east of the Colteco plant, was ignited three times but in each instance oil workers extinguished the blaze. The last time the bridge was set afire, two men were seen running from the vicinity. Sheriff Blanton had the structure guarded by men armed with shotguns for several hours last night. The other attempt was made to burn a small (See BRIDGE, Page 6)

-SO WE HEAR

Let us discuss the one-year residence and eight semester rules without any pauses. . . . We don't deny that there has been professional-ism in high school athletics and that it should be remedied, but—the one-year residence rule is not the solution in our opinion.

Just because that great Mr. Duncan down at Lubbock and Jim Tucker and a few more at Waco were looking out for themselves, a majority of the little fellows were induced to vote for the rule. Now that they have it, what will they do with it? It will kill the few legitimate transfers they will have had and will leave them with crippled teams. Fans just won't follow a losing team, and outside of Amarillo, Lubbock, Waco, Beaumont, and one of two more of the big cities with only one high school, where will there be any football team in a few years?

Gus Coleman down at Eastland proposed an outlaw league of real Class A teams—and it might not be a bad idea. Leave Roy Henderson at Austin holding the sack with a few class A pets and the class B teams and see how he will like it. And while we are at it, how about a square rule regarding scheduling of games? Pampa and Amarillo have not scheduled a game for 1932 just because there is no decent system of rules regulating the matching of games. It is a case of you play my way because I am stronger.

Pampa may be an outlaw team this year through these circumstances. Pampa is NOT going to be bullied into playing Amarillo just whenever it suits Amarillo, and as a result Pampa may not be able to fill out a complete schedule. If a few more superintendents and coaches would stand upon their hind legs and tell the big boys where to head in, we would have better and more honest football in Texas.

Colleges will be injured by both new rules. Boys will not be as experienced in shorter high school careers. Think it over, HEEH.

THAT MEXICAN TOMB

Necklaces and breast plates of solid gold, pearls as big as doves' eggs, jade ornaments that are beyond price, carvings of alabaster and amethyst, vases of gold and onyx—the treasures of the ancient tomb recently opened on Monte Alban, in old Mexico, seem to be the sort of thing archaeologists dream about but seldom see.

Undoubtedly the discovery will be one of great importance for the light it will shed on civilization in Mexico before the Spanish conquest. Even better, however, is the fact that its dazzling richness will lead many Americans to a new interest in that civilization.

One of the most romantic and colorful tales in all history is the tale of ancient Mexican civilization. Yet, most of us never bother to find out about it. We know that Montezuma ruled the Aztecs when Cortez came, and that the Spaniards took many a shipload of gold out of his realm—but that's about all.

If ever men stumbled into an enchanted land, those conquering Spaniards did. Small wonder that Bernal Diaz, their historian, wrote wildly and left all power of criticism behind him! Enlightened and superstitious, rich and half-naked, polished and crude, refined and cruel—the Mexican civilization was a bundle of riddles, a mass of contradictions that are not even yet entirely unraveled.

Where did they come from, those ancient Indian civilizations? Where did they learn the arts and sciences that made their cities dazzle their conquerors? Where did they get that startling legend of a white god who came out of the Atlantic, taught them for a time and then sailed away into the east? Whence came their ornaments of jade—found nowhere else in the new world? Where did they get that old world emblem, the swastika? Why did they have a cross in so many of their sacred carvings?

DRY DEMOCRATS HAVE LITTLE HOPE

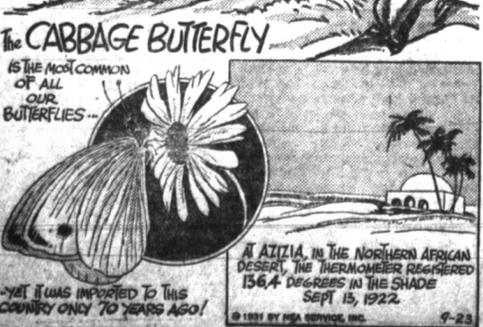

Dry democrats of the south can have little hope for party success, with the leadership of the party in the hands of the Raskobs, Smiths, Roosevelts, Ritchies. Successive statements of Raskob, and the inane "bull" of the Jackson day dinner from defeated standard bearers, give added reason to the position of southern drys who see the democratic party hopelessly split by the wet hydrophobists of the north and east, and an opportunity lost for a party victory.

Raskob's latest declaration that he stands against a platform stand either wet or dry, but that he believes the party should demand a resubmission of prohibition to the people, is so thin that nobody is fooled even a split second. It is just another wet stand dressed up in sheer immodesty, and all the world can see.

The democratic steed in the south is going one way and the democratic steed in the north is going the other. Nobody can ride it going both ways, and the name has been so bespurred by the leaders in liquor and license, that it no longer holds reverence. Defeat and disintegration seems the only result.

The Chicago convention of the democrats this year will be another wet parade with drys foolish enough to attend and participate, getting what is coming to them suddenly and often.—NEWS, Clarendon.

THIS CURIOUS WORLD

(Continued From Page 1)

don't like its impracticality in growing cities. It places a penalty upon boys who move with their parents in connection with oilfield work. The league admitted it could not enforce the rule against "importing" players. Under the new rule, men like Merrill could not move to Lubbock and play the same year. That is good, but if Mr. and Mrs. Blank move to Lubbock to engage in business permanently the same rule applies to their son as in the case of Merrill, or any other athlete. To many families of the oil fields, it will mean that their sons are barred from football, for it is not unusual for a family to move every year or so.

Neither national party cares enough, apparently, about the southwest to grant protection from imported crude oil and refined products. Before this writer lies a page advertisement from the Detroit TIMES of recent date. There is a photograph of a giant tanker, about which are these words in large type: "Another Great Tanker Reaches Port With Three Million Gallons of Detroit's Favorite Gasoline."

"Taken By Storm" The advertisement adds: "Imported ZIP (gasoline) has taken Detroit by storm. Over three million gallons of this premium motor fuel has been sold to Detroit motorists since its introduction by Sunny Service Oil company... enough gasoline to drive Detroit automobiles 45 million miles... and has saved Detroit motorists over \$125,000 on their gasoline expenditures. Imported Zip will always be available to fill the needs of Detroit motorists. Arrangements have been made for regular sailings of our tank steamers from far-off Rumania, so that there will be no interruption in the supply of this superb motor fuel. During the winter months imported Zip reaches Detroit from eastern ocean

ports in tank cars, shipped at express speed to our mammoth storage tanks in Detroit."

Enough Proof Rumanian gasoline sells in Detroit at the low figure of 8 gallons for \$1, despite the long haul by water and then by rail. And if this price can be quoted under these conditions, what more argument is needed for tariff protection for the home industry?

But speaking of red, don't compliment the real Reds by giving them credit for every piece of agitation which springs up in this country.

You can't get out of a rut by pawing sand, but you can get in one that way. It pays to stop and think—there may be an economic rope ladder somewhere about.

Disarmament leaves one pretty helpless. The League of Nations, which depends on words, finds that bullets are much more potent in a dispute.

TO SEND 10,000 MEN WASHINGTON, Feb. 5. (AP)—The United States was advised by Japan today of its intention to send to Shanghai one army division probably totaling 10,000 men.

Shell Union Is Exempted in Suit AUSTIN, Feb. 5. (AP)—The Shell Oil corporation was temporarily removed today from Attorney General James V. Allred's motion to obtain judgment by default against defendants who did not file answers in his ouster suit against oil corporations.

Arizona Man Is Thrown in Well TUCSON, Ariz., Feb. 5. (AP)—Gordon H. Sawyer, Tucson banker kidnaped last night, was found at the bottom of a 75-foot well four miles from Tucson today. He was weak but physicians said he would recover.

Sawyer was found by Dallas Ford, Tucson detective, and Earl Rogers after a fight between officers and three men and a woman who had barricaded themselves in an abandoned house near the well. The four, after exchanging shots with the officers, fled from the house in an automobile, heading toward Casa Grande.

Ford and Rogers said when they finally located Sawyer in the well he was so frightened he did not want to be brought to the surface for fear he would be shot. The well was dry and the bank official had been wrapped in blankets.

them an opportunity to file answers.

Do biscuits burn when the telephone rings? If you have to run to another part of the house when the telephone rings, dinner may scorch while you're gone!

Order groceries, answer calls, talk to friends... without leaving your workshop.

Answer the telephone without getting up. Adds distinction to the room. Handy if you get calls at night.

An extension by an easy chair saves running to the main telephone when you're resting, when you sew in the afternoons, when you're relaxed with the evening paper.

An extension telephone costs only 75 cents a month additional. Small installation charge. Handset extra.

THREE KINDS OF LOVE

BY KAY CLEAVER STRAHAN

BEGIN HERE TODAY

ANN and CECILY FENWICK have for years supported themselves by their younger sister, MARY-FRANCES, and their grandparents, known as "MRS. A. L. P." and "MRS. B. L. P." because of their financial responsibility. Ann tries to be able to marry PHIL ECKHARD, young lawyer, whom she has been engaged for eight years. Cecily, 22, loves BARRY MCKEEL, engineer, but when he proposes she refuses to name their wedding date for the same reason.

Mary-Frances is 15 and still in school, strikes up an acquaintance with EARL DE ARMOUNT, vandyke actor, and meets his secretary. He tries to persuade her to become his stage partner.

Ann and Phil quarrel when she hears LETTY KING, who works in Phil's office building, address him with endearments. Ann tries to forget Phil by going around with KENNETH SMITH, rich and attentive. Cecily is disturbed when she learns Barry has left town without telling her about it.

Mary-Frances sends a note to De Armount to arrange a meeting with him next day.

NOW GO ON WITH THE STORY CHAPTER XXXVI

"WELL, but that isn't fair, is it?" said Mary-Frances.

"No, it's not. Only when Daddy said he'd rent the ponies for us you were doing lots better than I was in algebra, and I guess he thought we'd help each other and all. I guess Daddy thought we'd each work for the other, like true friends should. I guess he never even dreamed that you'd go and flunk."

"It wasn't my fault I flunked, was it? We can swim, anyway."

"No, we can't," said Ermintrude.

"Daddy and Mother were up there yesterday tending to final arrangements and all, and they watched them empty the pool, and they say there is a foot, anyway, of stagnant water that won't empty, and they won't let me swim for fear of infection, and they are going to advise against it to everybody, and Mother says she won't be responsible for the girls that do, and the tournament is out of the question."

"Well," accused Mary-Frances, "I must say! That's nice, isn't it? If we can't ride and can't swim, what can we do?"

"Nothing. Everything is ruined. Just ruined. Unless, maybe, you didn't flunk in algebra after all." Their sighs joined and sank in the sunshine.

"I'll tell you one thing I won't do," said Ermintrude. "I won't sit around and read poetry all the time. I won't do it, Mary-Frances. And I won't let on to the other girls, like you said, about you and Earl, either. Suppose I did, and one of the girls—Barbara Flaxton for instance, it would be just exactly like her—should go and tell her mother, and Mrs. Flaxton would tell Mother, and it would all come back on me!"

"Ermintrude," said Mary-Frances,

wisely patient, "is that very sensible? It would come back on me, wouldn't it? It wouldn't come back on you, would it?"

"Well, I won't do it, anyway," declared Ermintrude. "I just have one of those strong psychic hunches of mine that I'd better not. You know how I am—when I have one of those—"

Mary-Frances said, "All right, darling," hurriedly. The fire house was just around the corner. "I always trust your psychic hunches, and you know I do. I expect, maybe, we can coax your mother into letting us swim."

"Nobody," said Ermintrude, from the depths of sad experience, "can coax either my mother or my daddy into anything."

"They'll mellow, I expect," prophesied Mary-Frances. "Grand and Rosalie say that age mellow everybody like everything. They," boasted Mary-Frances, "can be coaxed into anything. Ann and Clisy aren't so good. They're like your mother and daddy—they've got to mellow. I'll wait right here for you, darling."

Ermintrude took the letter, written on Rosalie's orchid notepaper, looked at it for an instant, put it to her nose. But, "I think you've got too much perfume on it," was her only voiced objection. She went. Mary-Frances waited.

"ERMINTRUDE! I thought you were never coming back. Did you find him?"

"Course I found him. He was right in his room, and he opened the door when I knocked."

"What'd he say when he saw you?"

"He just said, 'Hello,' kind of funny."

"What'd you say?"

"I said, 'Here.'"

"Did you give him the letter?"

"Yes. That's what I did when I said, 'Here.'"

"What'd he say then?"

"Nothing. He just looked funny and put it in his pocket."

"Did you tell him that you brought it 'cause there wasn't time to mail it?"

"No, I forgot. He'll know, anyway, won't he, when he reads the letter?"

"What'd you say he said after you said, 'Here'?"

"Nothing. He just looked funny and put it in his pocket."

"Which pocket, Ermintrude?"

"His outside coat pocket."

"Did he start, or pale, or tremble, or anything?"

"No. He just looked funny."

Conceded, then, that he looked funny. Perhaps he felt funny, for his reply to Mary-Frances' letter was an amusing, almost humorous affair.

"Dear Sweetie. Y'r received. So

how about tomorrow Tues. afternoon at 4, at the chop suey joint upstairs over Palmer's and Co. I will be waiting there for my sweeties. Y'r, E. P. S. If you can not make it give me a buzz or drop me a line by male saying when and where date would be convenient. X X X X X"

The crosses, as anyone knows, stood for kisses pledged. But Hung Chin See's Chop Suey Parlor (Chinese and American Cooking, 35c Merchants' Lunch, Dinner 50c), at four o'clock on Tuesday afternoon, was no place for candid, straightforward things like kisses. It was, rather, a place for wit and fancy, flattery and artifice and intrigue. Great colorful fly-specked lanterns were hooked up on the ceiling, and wind bells, though broken, would have tinkled had there been a stirring of air in the deep stillness of the dim soiled room that smelled of old, old chop sueys and dead dear chow meins, with such sauce, too. The tablecloths were spotted, and the dishes were chipped, and all the glorious Orient would have glowed, more than likely, if the lights had been turned on; and a close-eyed boy in coat and apron, which had once been white, stole around through all this glamorous glamour and stopped tea and scantily fulfilled their neager wants.

EARL would have only green tea, and that not strong. Earl was off his feed: stumeeek trouble, he said, which got worse on him if he didn't watch it. Which, anyway, was almost sure to get worse on him until he could get to Mendel Springs and stay overnight, at least, and drink of its mineral waters. So Mary-Frances, who did not care for tea, ordered nothing but a glass of milk and a slice of custard pie, and she finished them up quickly, and after that she ate nothing except small soup crackers from the smudged bowl on the table. But these she ate with such an air, picking each one daintily from the dish and poisoning it near her lips for a moment or two before she popped it in, that it seemed almost as if she were smoking cigars and not eating anything at all.

Conversation had lapsed. Earl reopened it. "Excuse me, Frankie, he said, "but you got kind of a mustache of milk on your mouth."

Mary-Frances blushed and applied a paper napkin.

"You're pretty," he said. "Cripes! You're awful pretty. But aren't you afraid of getting fat, drinking milk and eating such heavy food between meals?"

"Fat!" protested Mary-Frances. He qualified, "Well, plump—anyways."

"I certainly am not. I'm away under weight, and my sister Ann and everybody worries about my being so—well, slender. My constant

fight—just fight, fight all the time to keep from being right down skinny."

"Sure, I know. Just the same, you can't always tell. You got a swell little shape, and if I was you I wouldn't take chances with it."

Mary-Frances swallowed a cracker and pouted. "I'd took a lot better if I weighed five or 10 pounds more. Everybody says so."

"YOU look good enough for me right now," Earl redeemed himself. "There ain't a girl on big time today as good-looking as you are—and that's saying a mouthful. Perfect ideal awn-jew-nay type, like I've been telling you all along. Now, listen, hon: the trouble with you is that in a way you're your own worst enemy—see? You don't look into the future—see? What's it going to get you, sticking around in this one-horse burg? You don't have any fun—you don't have anything, sticking around here—"

"I know I don't," said Mary-Frances. The algebra examination marks had been given out that morning. Ermintrude, with a B—, had been neither agreeable nor comforting concerning Mary-Frances' F. Ann and Cecily would fuss about it. It would be just like them to insist on summer tutoring and an examination in the fall. The girls' camp, by this time, was promising little of real worth. "Just a drab, dreary, misunderstood life," finished Mary-Frances.

"You said it, hon. Now I'm telling you. Look at it from a broader point of view—see? The world's waiting for us, Frankie. Waiting with open arms—see? Give the world something it wants, and there ain't anything the world won't do for you. I'm not stringing you along, honest I'm not, hon. We could number our public from coast to coast, and with any kind of break, on over to the European countries and all. I'm not saying you'd be so hot by yourself—see? Or that you could start out alone, with no experience nor nobody to protect and steer you right and make good."

"I'm not saying that—see? I'm telling you that with the act this guy in Denver would fix up for you and I we could knock 'em cold! Cold! We'd have to start in a small way, maybe. Not the swell drops nor all that we'd get later—but look at the future. I'm telling you, Frankie, there's no limit to where a couple can go, once they got popularity. Thousands of dollars in radio auditions. Vitaphone acts. Testimonials—cigarettes, mattresses, pills—everything. Look at Lindbergh and what he turned down. Look at Rudy—"

"Orations?" questioned Mary-Frances.

"I'll tell the world."

(To Be Continued)

Drive Against Unlicensed Cars Will Start Monday in County as State Highway Patrol Gets Busy

Three state highway patrolmen from Amarillo arrived in Pampa early yesterday afternoon determined to arrest all drivers whose cars bore 1931 licenses.

They made two arrests before Tax Collector T. W. Barnes could persuade them to "lay off" Gray county this week. The trio of officers—comprising Sergeant R. H. Routh, L. T. Kegger and Boyce Long, announced they would be back in Pampa Monday to carry out orders received from the state highway department. These contained instructions to arrest all drivers whose motor vehicles do not bear 1932 licenses.

Lad. Monday, Mr. Barnes announced that he would not charge the 20 per cent penalty during this week. Local motorists formed the impression that because no penalty would be charged they would not be subject to arrest for driving without 1932 licenses. Mr. Barnes emphasized that he has nothing to do with the functions of state highway patrolmen, and can not prevent them from arresting violators of state motor vehicle and traffic laws.

He urged the patrolmen to not make any arrests in Gray county until this week because local citizens seemed to be under the impression that they would not be subject to arrest this week for the reason that

McIntosh Suit Is Begun Here Today

Trial of Dan McIntosh's suit for damages against August Gordon was started this morning in 114th district court. A jury was selected in the morning and taking of testimony was begun before noon.

McIntosh alleged in his pleadings that Mrs. McIntosh sustained permanent injuries when she fell on the tile entrance to Gordon's store. She claimed the tile was wet with water which had drained to the floor when the windows were washed.

W. M. Lewright and B. L. Parker are attorneys for the plaintiff. The firm of Cook, Smith, Teed, Sturgeon,

and Wade is representing the defendant. Mr. Gordon is now living in Wichita, Kans. He arrived in Pampa yesterday to be here for the trial.

Tom Catlin of LeFors was a visitor in Pampa on Thursday.

A. H. Brewer of Nolette was a business visitor in the city yesterday.

Twelve Planes Are Destroyed

CHICAGO, Feb. 5. (AP)—Twelve airplanes were destroyed today in a fire that leveled a \$5,000 hangar of the Continental Airways, Inc. at the municipal airport. Officials estimated damage at \$175,000.

A series of gasoline explosions as the flames reached the tanks of the planes made it difficult for firemen to get near the blazing structure but an adjoining hangar of the American Airways, seriously threatened for a time, was saved.

Harry Rogers to Leave Banking

TULSA, Okla., Feb. 5. (AP)—One of the southwest's best known oil and banking leaders, Harry H. Rogers, announced today his retirement from chairmanship of the board of the Exchange National Bank and Trust company. He stepped down because of failing health.

John H. Markham Jr. succeeds him. Horace G. Barnard will head the executive committee.

Interest in oil and gas mineral lease, northeast quarter of section 28, block B-2.

J. M. Marchbank to Citizens State bank, warranty deed, two acres lot 3, block 3, McLean.

A. J. Graham to F. P. Graham, warranty deed to all interests in Graham, Cree & Hoover partnership, all real property and all interests in all real property, including oil and gas leases, \$1,000.

Air-Bus Express Will Be Begun

KANSAS CITY, Feb. 5. (AP)—Officials of Transcontinental and Western Air, Inc., and the Greyhound lines today announced an air-bus express service on a nationwide basis to start Feb. 4.

Through a coordinated service, arranged with the Greyhound lines, the announcement said, the day and night express service maintained by the air line will become available to 171 cities and towns within 200 miles of the Transcontinental route, between New York, Los Angeles, and San Francisco.

Transcontinental and Western Air station stops affected by the new service include Kansas City, Springfield, Mo., Tulsa, Oklahoma City, Wichita, Amarillo, Albuquerque, and Winslow, Ariz.

Cotton fibre is intended by nature to enable the wind to carry and scatter the seeds.

HARVESTERS ARE SENT INTO SEMI-FINALS OF TOURNAMENT

LOCALS BEAT M'LEAN TEAM BY BIG SCORE

PAMPA AND AMARILLO GIRLS IN CRUCIAL TILT TONIGHT

The Pampa Harvesters went into the semi-finals in their own invitation basketball tournament this morning when White Deer defaulted because of illness in the ranks. The Bucks won the right to meet the Harvesters with a win over LeFors yesterday afternoon. The Harvesters swamped the McLean quintet last night.

Several teams will not be able to attend because of illness. A change in the schedule will be necessary, but all hours tonight and tomorrow will be filled. It is impossible to do a winner this early in the tournament because several black horses have yet to play. Memphis is considered one of the strongest contenders, along with the Harvesters. Canadian is also to be watched.

The girls' division will practically be decided after Amarillo and Pampa play off tonight at 7 o'clock. The winner of that game should go to the top unless stopped by Canadian or Tell, who are yet to play. Panhandle will also be considered as a contender in the other bracket.

The schedule for tonight follows:
7 p. m.—Pampa and Amarillo girls.
8 p. m.—Canadian and Memphis boys.

9 p. m.—Hedley and Pampa Girls boys.
The Harvesters played an exhibition game with the officials and ex-Harvesters this morning to replace the White Deer-Harvester tilt. The Harvesters came out on top, 20 to 16. Captain Enloe was high scorer with 20 points. Marbaugh and Brumley came next with four each. Kelly and Patton starred at guards.

The substitutes were used during the last half to lead theexes down. Kenner, head official, Fuller, his assistant, Albert Lard, Don Salsbury and Harry Kelley were the offensive strength of the opposition. Sharpe, Keith, Schmidt, and Patford provided the guarding ability.

Influenza in their ranks will keep several teams from participating in the Pampa invitation tournament. However, there will be no break in the schedule, and the pick of the teams will be here.
The tournament opened with the Pampa girls winning by default from the Mobeetie girls. The White Deer girls then came along and annexed a thriller from the LeFors ladies, 17 to 16. The White Deer boys defeated the LeFors boys, 31 to 12.

Last night's schedule started with the Amarillo girls defeating the Miami girls 36 to 17. The Pampa boys followed with a 50 to 9 win over McLean. Mobeetie closed the program by winning from the Amarillo Yanniigans 19 to 18.

I. Potter of White Deer looped a free throw in the last minute of play to defeat the LeFors girls.

There was never more than two points difference in the score from the opening whistle. The quarter, half and three-quarter marks were reached the score deadlocked. Potter was high scorer with 10 points. P. Heiduk, substitute, was second high with 5 points.

E. Atherton led the LeFors scoring with 8 points. A. Baker, LeFors flashy forward, was ill but entered the game for a while and looped 4 points. Haralson scored a like number.

Teams: White Deer—O. Davis, A. Overton, I. Potter, B. Nichols, E. Heiduk, O. Williams, and P. Heiduk; LeFors—E. Atherton, A. Baker, M. Carruth, Haralson, H. Hankins, E. Baumgardner, J. Watson, Crouch, Stewart.

Second Game
A team of over-confident LeFors boys went down to defeat before Speck Wilson and company, 21 to 12, after defeating White Deer in the Canadian tournament last week. Little Speck and his diminutive running mate, Herod, looped baskets from every known direction. Wilson made 14 points while Herod was making 11 points. Kroner, center, followed with 4.

Mathis with eight points, led the LeFors offense. He tried hard but had to be content with long shots. Stewart and Schooley added two each.

Teams: LeFors—Mathis, Stewart, Schooley, Moore, Watson, Eckart, and Cumberland; White Deer—Wilson, Herod, Kroner, Williams, Tribble, C. Williams, Hilborn, White, and Stiger.

Third Game
The Amarillo girls, playing the prettiest combination ever seen on the Pampa floor, and shooting baskets from any position, easily defeated the crippled Miami Squaws 26 to 17. I. Gibson, Amarillo, forward, was the sensation of the day, making 26 points. Her running mate, J. Hamilton, looped 10 points. However, it was the great playing of M. Davis at jump center which was the big factor in the amarillo win. She went high after the ball and passed with speed and accuracy. The Amarillo guards also played great games.

H. Cantrel was the only member of the Miami squad who could get going. She made 14 of her team points. Crowson made the other two. Inability to make free throws cost Miami at least 10 points.

Teams: Amarillo—J. Hamilton, I. Gibson, M. Davis, P. Hill, S. Dees, H. Dumbek, and M. Buckingham; Miami—H. Cantrel, Crowson, Williams, Presley, Leffin, Moore, Bond, Ramsey, and Artub.

Fourth Game
The Pampa Harvesters swamped McLean under a barrage of field goals to win 50 to 9. Captain "Flash" Enloe was in front of the scoring with 20 points. Marbaugh followed with 8, while Kelly was making 6. The Harvesters subs also played strong ball. Wayne Kelly was really the outstanding player on the floor. His guarding was sensational and he broke through for three long trips down the floor to score. Patton, his mate, also played hard ball. Fullingim's floor work and passing were instrumental in many baskets.

Hunt with 4 points was high scorer for McLean. McCarty made 2. The McLean boys fought to the last whistle but couldn't seem to get going.

Teams: Pampa—Fullingim, Enloe, Marbaugh, Kelly, Patton, Brumley, Poe, Pool, Sullins, Brown, and Faulkner; McLean—Hunt, Robert-

BRUSHING UP ON SPORTS

By Laufer

THEY ALL LAUGHED WHEN FLINT RHEM vowed that his affection for a teammate caused him to break training rules. Old Grover Alexander, star pitcher of the Cardinals, had the habit of nightly meandering and Rhem always kept him company. Alex evidently could stand up under more pressure than Flint—and when Flint came to the park in no condition to pitch, he said he had kept temptation from Alex by consuming it all himself. An even louder laugh was afforded by Flint, when shortly before the 1930 world series, it was reported he had been kidnaped by mysterious strangers and forced, at the point of a revolver, to imbibe that which does a noble athlete no good. The Cardinals were in the stretch drive for the pennant and it cost Manager Gabby Street restless hours. It cost Flint a stiff fine, but he got a chance to pitch in a world series game.

BASKETBALL IS BACK IN FRONT OF ALL SPORTS

BAYLOR AND ARKANSAS ARE TO BATTLE FOR LEAD

DALLAS, Feb. 5. (AP)—Southwest conference basketball returns to the spotlight this week-end after being shelved last week to allow the mid-term examinations.

The important series tonight and tomorrow night will be the Baylor-Arkansas games at Waco. Baylor, with four victories, is the only undefeated team in the conference. Arkansas holds three wins and one defeat. Should the Bears win the series, they will have the inside track to the championship with Texas Christian the only obstacle.

One of the interesting Saturday night games will be between Texas and Texas Christian at Fort Worth. The Longhorns are almost out of the conference running with two victories and three defeats. The Frogs, 1931 champions, have retained a title chance by winning two out of three conference starts. In their last meeting, Texas Christian won from Texas, 52 to 22.

At Dallas tomorrow night, Texas A. and M., and Southern Methodist will stage a cellar fight. Neither has won a conference game.

Baseball Tickets Will Be Cheaper

FORT WORTH, Feb. 5. (AP)—A 25 per cent reduction in the price of season box and reserve seat prices was announced by the Fort Worth baseball club today through Business Manager Roy Meehan.

It was the second slash in prices in less than a year. General admission prices for women were cut in half last season.

Season reserved seats this year will cost \$15. They were \$20. Boxes with six seats, have been cut from \$135 to \$100.

C. L. Lance of LeFors was a courteous business visitor yesterday.

BELL VISITING AT IOWA NOW

But Texas Aggie Coach Is Not Serious About Taking New Job.

IOWA CITY, Ia., Feb. 5. (AP)—Madison Bell, head football coach at Texas A. and M., conferred with University of Iowa athletic officials today concerning the head coaching position open here. Bell is the sixth prospect to visit the school at the invitation of the athletic board.

He made it plain, however, he has no serious thoughts of leaving the school and is interested chiefly in looking over the Hawkeye athletic plant.

Oeste Selem, head grid coach at Drake university, visited the campus Thursday but declared upon leaving that he is not considering leaving Drake.

Jack Shea Adds to Skating Honors by Beating Canada

OLYMPIC STADIUM, LAKE PLACID, Feb. 5. (AP)—Jack Shea, Lake Placid boy, flashed home five yards ahead of the field to add the 1500 meters Olympic speed skating championship to the 500 meters title he won yesterday.

Shea came to his double triumph in 2 minutes, 57 1/2 seconds, five yards in front of Alex Hurd, the speediest of the three Canadians who wiped out all foreign opposition in preliminary heats to qualify with three members of the United States team.

Two Canadians followed Hurd across the line, Bill Logan and Frank Stack, dominion speed champion in that order. Ray Murray of New York was fifth and Herb Taylor, also of New York, was sixth.

HONORS FOR CADET

SAN ANTONIO, Feb. 5. (AP)—Military honors for Cadet Leonard F. Rice, 24, student aviator killed in a plane crash, were planned for this afternoon in Kelly field chapel.

After the service Rice's body will be returned to Denton, his home, for burial. Cadet Joshua W. Rowe will accompany the body.

GREAT PLAYS AT BRIDGE TO BE DESCRIBED

ASSOCIATED PRESS TO PRESENT SERIES ON SUBJECT

NEW YORK, Feb. 5. (AP)—A triple squeeze in his match with Sidney Lenz is regarded by Ely Culbertson as the greatest contract bridge hand he ever has played.

Mrs. Culbertson's greatest card thrill was in making a four heart contract while holding only four trumps to the Queen-ten against five trumps of the king-tenave held by her opponent on the left.

Mr. Lenz recalls with zest the time he defeated a contract through precise knowledge of the value of a three spot over a deuce.

These and other bridge experts will reveal their greatest hands in a series of daily stories by Tom O'Neil which will be transmitted in the evening service report of the Associated Press, starting Monday, Feb. 8.

Among the hands described will be one in which, from the bidding, first lead and dummy, an expert deduced at once and correctly every card held by his partner.

Fay Coleman to Be Golfing Pro

CULVER CITY, Calif., Feb. 5. (AP)—One of America's best amateur golfers, Fay Coleman, is turning to the professional ranks March 1. On that date he will become professional at the California Country club here, according to announcement today.

Coleman is a former Southern California amateur champion and for the last two years has reached the quarter-finals of the national amateur championships. He was the low amateur in the recent Agua Caliente open.

Bill Wood of Canadian was visiting in Pampa yesterday.

"War Game" Rapidly Approaching Zero Hour, When Blue and Black Forces Are to Clash at Islands

TENNIS POLICY TO BE ARGUED

Standard Hard Surface Is To Be Considered at New Orleans Meeting.

NEW ORLEANS, Feb. 5. (AP)—The United States Lawn Tennis association's executive committee will meet tonight behind closed doors in an effort to settle admitted differences of opinion in the association on policies and procedure.

There appeared, however, to be little hope of averting a wide open discussion on the floor of the convention tomorrow over recommended rankings for 1931.

Additional fuel for debate loomed in notice served by the western branch of the association that it would like to see a standard hard surface court approved for all national title tournaments. This proposal is certain to draw fire from the east where a "grass court circuit" has traditionally led up to grass court title play, excluding the hard courts of the west and middle states.

Officers here: H. H. Alexander of Fort Worth, chief special agent for the Fort Worth & Denver railroad, and A. D. Barkley of Childress, special officer for the Denver there, were in Pampa today conferring with Sheriff Lon L. Blansett.

Ira Vanarsdale made a business trip to the city Thursday.

ABOARD U. S. S. CALIFORNIA. Somewhere at Sea, Feb. 5. (AP)—In less than a day the zero hour will be upon us.
The terms of our military-naval exercises set the two forces down well apart in the beginning and also drawn a dead-line between them that may not be crossed until the zero hour.
Admiral Richard Leigh's Blue forces, ships of the battle force plus army and marines under Major General Craig, put to sea from the ports of Southern California Feb. 1. Major Genhauppcobis, commanding the Black army and navy defending the Hawaiian Islands against our attack, is informed fully of the speed of our ships and knows to the hour when we can reach the deadline, 1,778 miles from our starting point, cross it and traversing the intervening 500 miles, deliver the first blow of our campaign. Acts of hostility are in order tomorrow, but the physical limitations of the two forces still serve to keep them apart.
Some losses must be met by any force seeking to take the Hawaiian islands. Our present movement is only an exercise, a game. Suppose it were actual war. What would be done that we, the Blue players, do not plan to undertake?
I venture to say that one agency of war examined thoroughly would be chemical warfare. I do not want to be understood as advocating the use of chemical agents, nor of suggesting that our nation or any other would employ them in the situation that is stimulated in this exercise. However, it would be futile to deny that under the real or seeming law of necessity chemical agents will be employed in future wars as in past ones.

RUSSIA'S "FIRST LADY" MANAGES LARGE GRAIN FARM

MUST DIRECT ONE THOUSAND IN ENTERPRISE

STALIN'S WIFE IS TO HAVE TEXTILE POSITION

BY STANLEY P. RICHARDSON
Copyright, 1932, by the Associated Press
MOSCOW, Feb. 5. (AP)—Russia's "first lady," the wife of Michael Kalina, president of the Soviets, plays her part in building socialism in Russia not as the country's official hostess but as the active man-

SPEAKER COMING HERE

Much first-hand information regarding conditions in Russia will be given here Friday evening at next week at the annual founders' day banquet for the American Association of University Women and the College Club. The banquet will be held at 8 o'clock at the Schneider hotel.

Dr. I. N. McCash, president of Phillips university, Enid, will be principal speaker. He was one of 15 men chosen by the United States government to study conditions in Russia last summer.

Plates for members of the local organization and their guests will be \$1 each, and reservations must be made not later than next Monday. It was stated that all others especially interested in hearing Dr. McCash might receive information by telephoning Mrs. W. R. Campbell.

Manager of a big state grain farm in Siberia.

She is not known as Madame Kalina, but simply as Comrade Kalina, or by her maiden name, Katerina Ivanovna. She has done what many others of her sisters in high places in the Soviet state have done and entered the ranks of the workers in the peasant's republic.

Madame Stalin, for example, wife of Josef Stalin, secretary of the communist party and sometimes called Russia's "dictator," is completing a course in advanced chemistry to take an executive place in the textile trust.

As a party member, Madame Kalina adheres rigidly to the communist code, which does not countenance unproductiveness. She is 48 years old and the mother of four children but she scorns even plain comforts afforded by her small apartment for the hardships and rigors of a great communal agricultural enterprise in Siberia, the region of perhaps the most severe

AIDS ALAMO SECOND TIME

In 1903, Mrs. Clara Driscoll Sevier made a state-wide campaign for funds to buy the Alamo, historic place of the last stand of William B. Travis against Santa Anna. She obtained part of the funds and donated the necessary \$65,000 herself. Recently, to keep private, enterprising Mrs. Sevier added another \$65,000 to \$150,000 appropriated by the state for purchase of the park site next to the building. Mrs. Sevier is shown in the inset. The Alamo, with the Medical Arts building in the background, is shown.

extremes of climate in the world. Few of her countrymen know of her work. These who do refuse to talk about it, considering it nothing unusual. To them she is just one of millions of women in the Soviet state who are contributing their share to the building of a new society.

Comrade Kalina left Moscow, two weeks ago to take up her post at a small village not far from Novosibirsk. It is her second position of this kind in as many years. As director of a farm comprising several thousand acres and employing nearly 1,000 workers, she is responsible for the entire enterprise. The state farms are vast land areas operated by the government. In this respect they differ from the collective farms which are joining enterprises of the communists and peasants.

Comrade Kalina, who is described as stocky, of medium height, with light hair, clear blue eyes and a middle-aged appearance, is a descendant of poorer classes of old Russia which furnished the true proletarian revolutionary stock. She had few educational opportunities and before the revolution she was a worker in a bottle factory. She studied by herself and those who know her well say she has a bright mind as well as abundant energy.

HORACE MANN ASSOCIATION HAS PROGRAM

EIGHTY-FIVE PRESENT FOR FOUNDERS' DAY EVENT

Eighty-five persons gathered for a meeting of the Horace Mann Parent-Teacher association yesterday afternoon at the school. The occasion was for an observance of founders' day.

Mrs. V. E. Fatheree led in the state Parent-Teacher association prayer following the singing of "Eyes of Texas" by the entire group under the direction of Miss Loma Groom.

Mrs. Joe Lewis read the history of Parent-Teacher work and introduced Joyce Elaine Turner, who, representing the school children, lighted a white candle. Mrs. V. E. Fatheree lighted a candle for the national organization, and Mrs. T. A. Cox lighted a candle in behalf of state Parent-Teacher work. Miss Josephine Thomas lighted one in the name of education. Mrs. N. F. Maddux, president, and Mesdames W. Purviance, J. F. Curtis, and W. R. Ferguson, past presidents, also lighted candles. "America" was sung at the close of the ceremony.

A picture was awarded Mrs. George R. Clark's room for having the largest number of mothers in attendance.

A report on the recent meeting of the county council of Parent-Teacher associations was given by Mrs. V. E. Fatheree, after which Supt. R. B. Fisher spoke briefly.

Two Parties Are Given Pupils of Kathryn Vincent

Miss Kathryn Vincent entertained with two Valentine parties Wednesday for her dancing pupils. The younger children were entertained in the afternoon after school, and the older classes in the evening.

Valentine games were played at the afternoon party, and the children "fished" Valentines from a miniature pond. Red crepe paper baskets filled with nuts and red hearts were given as favors.

Refreshments were served to Majorie Mae Hill, Lela Pearl Baldwin, Sylvia Freundlich, Arthur Freulich, Bobbie Lynn Robinson, Frankie Lou, Keshu, Neva Lou Woodhouse, Bonnie Lee Rose, Mary Jean Hill, Kiki Lazarus, Patsy Ann Kelly, Dorothy Mae Cliff, Vendell Regier, Beverly Crail, Miss Louise Emith assisted the hostess.

In the evening, the girls first went to La Nora theater to see "The Guardsman." Games later were played at the studio and a plate lunch was served. Valentines and nut cups were given as favors.

The following were invited: Joyce Smith, Rosemary and Frances Hampton, Betty Ann McTaggart, Eula Mae Meador, Betty Curtis, Clara Marie Hartell, Betty Jo Thurman, Dorothy Jo Moore, Rose La Nelle Williams, and Mrs. L. E. Hartell.

HONORED

Mrs. W. Purviance, above, and Mrs. W. R. Ferguson, past presidents of the Horace Mann Parent-Teacher association, were among those honored by the association in the founders' day program yesterday at the school. Accomplishments during their terms were summarized.

NEED OF FOOD IS GREAT BY MERTEN P-TA

CAFETERIAS SERVING MEALS DAILY AT SCHOOL

Food, especially staple food, is needed badly by the Merten Parent-Teacher association as it attempts to provide lunches daily for pupils of the school, and Mrs. John Browning, president, is making a public call for aid. The organization only recently began its work of serving meals, and it is working with very little money and equipment. Mrs. Browning has asked that those willing to contribute any food whatsoever telephone her at 9026F12 in order that the donation may be called for.

Plate lunches with cocoa are being offered the children daily for 15 cents a meal, and seven needy children are being fed without cost.

This evening at 7:30 o'clock a sing-song and lively party are to be held at the school for the benefit of the cafeteria, the admission being a soup dish, a cup towel, a fork, or a spoon. Songs will be led by Tom Alford, and "parlor games" will be played.

Mrs. Dilley Is New President of Association

Two vacancies in office were filled at a meeting of the Woodrow Wilson Parent-Teacher association yesterday afternoon at the school. Mrs. A. N. Dilley was named president, and Mrs. V. L. Dickinson, reporter. They were nominated by a committee for which Mrs. Paul Hill reported.

Opening the meeting, which was presided over by the vice president, Mrs. Frank Murry, was the singing of "America." The Lord's prayer and a Parent-Teacher association song followed, and Mrs. E. A. Hampton's room gave a speed test in multiplication, division, and addition.

A report of the last sandwich sale was given by Mrs. Pollard and it was decided to have another sale on Feb. 12. Mrs. J. B. Townsend, president of the city council of Parent-Teacher associations, then gave an outline of the action taken at a recent district board meeting in Amarillo.

About 20 persons attended.

Shower Is Held at Rutherford Home Thursday

Mrs. Frank Hopkins and Mrs. R. L. Kendrick were honored at a miscellaneous shower yesterday afternoon in the home of Mrs. M. M. Rutherford, 1015 E. Francis. Mrs. Hopkins' gifts were presented to her at the shower, and those for Mrs. Kendrick were sent to her at her new home, Breckenridge.

Rooms of the Rutherford home were decorated in pink and white, and the same colors were stressed in refreshments of Bavarian cream with whipped cream, cake, and hot chocolate.

Gifts were presented in a small decorated wagon by Ila Fay Hardcastle and Mary Maud Rutherford. The little girls were dressed in white crepe paper and their hair was tied

with pink bows.

Mrs. J. C. Walker directed the games. Those attending were Miss Mary Burks and Mesdames Frank Hopkins, L. H. Anderson, E. E. Chapman, George Berlin, Tarpley, W. Hughes, J. C. Walker, D. M. Scafe, Cecil Lunsford, G. D. Holmes, O. J. McAlister, D. L. Lunsford, C. F. Naylor, W. O. Cooley, E. V. Davis, and M. M. Rutherford.

Tracy Willis who lives north of town was transacting business in Pampa yesterday.

FOR SHOE MEN

The shoe dealers of Texas and Oklahoma forgot about shoes for a while at their convention in Dallas last week, and attended a big show at the Livestock arena, staged especially for their benefit by E. F. Anderson, manager of the Dallas Wholesale Merchants association, Miss Jackie Martin, pictured above, was one of the feature performers.

Opening the meeting, which was presided over by the vice president, Mrs. Frank Murry, was the singing of "America." The Lord's prayer and a Parent-Teacher association song followed, and Mrs. E. A. Hampton's room gave a speed test in multiplication, division, and addition.

A report of the last sandwich sale was given by Mrs. Pollard and it was decided to have another sale on Feb. 12. Mrs. J. B. Townsend, president of the city council of Parent-Teacher associations, then gave an outline of the action taken at a recent district board meeting in Amarillo.

About 20 persons attended.

TEA ARRANGED BY PARENTS AT BAKER SCHOOL

ALL ASSOCIATION IN COUNTY TO BE INVITED

Fifty members of the Baker Parent-Teacher association yesterday made plans for a silver tea to be given in connection with the observance of "founders' day," Feb. 17. The event will be held at the school, and the program will include a pageant under the direction of Mrs. W. B. Murphy. Written invitations to the tea will be sent to each Parent-Teacher association in Gray county.

Mrs. Hoyt Allen and Mrs. Roy Holt were appointed as study club leaders for March and April.

Yesterday's program included the following: Talk by Mrs. E. B. Fisher on the White House conference; reading, Paul Jones; play, "February's Famous Days," by pupils of Miss Euritha Henry; reading, May Night; song, pupils of Mrs. B. H. McFarling; reading, George Small; two numbers by Miss Iva June Willis' high school boys' quartet.

ASKS INVESTIGATION

WASHINGTON, Feb. 5. (AP)—Representative McFadden (R. Penn.) today introduced a resolution calling for a congressional investigation of the Carnegie Foundation, which he charged is dominated by "internationalists."

Fidelis Officers Hold Gathering

Officers of the Fidelis Matrons class, First Baptist church, held a business meeting at the church Tuesday afternoon.

Those attending were Mrs. R. W. Tucker, teacher, and Mesdames R. E. Galtin, R. E. Campbell, J. T. Morrow, Joe Foster, James Williams, J. P. Grigsby, Roy Conner, Dodd, and Hart.

Sheriff Claude McKinney of Wellington was attending to legal business for Collingsworth county here Thursday.

Woman to Seek "Ghost" Vessel

PORTLAND, Ore., Feb. 5. (AP)—Crowning a life of thrills with an adventurous and hazardous flight into the northland in quest of a "ghost" ship laden with rich furs, Mrs. Edna E. Christofferson of Portland has set off for the uncharted Arctic highways.

The sportswoman is accompanying William H. Gasham, veteran Alaskan pilot, on a search for the Baychimo, abandoned Hudson's Bay company fur ship, which last fall was caught in ice drifts in the Arctic. They arranged to leave Seattle today for Yakima, in Central Washington, where skis will be attached to their plane.

Comprehensive Program Outlined by Kiwanis International Speaker

More activity in various community services, for undisturbed child work and in vocational guidance was urged by the Kiwanis club today by J. E. Van Benschot, international representative, who visited the local club.

Over 300 clubs out of the 1,900 organizations in Kiwanis are driving forward with a definite program in mind; that of becoming better acquainted with the farmers and the trade territory taken in by their town, said the speaker. "In many of these instances the cities in which these clubs are situated have been cut off suddenly from resources which have for years sustained them and placed them in a 'boom town' position. These cities with their Kiwanis clubs behind the move are now fighting back to the development of their trade territory and bringing out the productivity of the soil which their farmers have failed to utilize during easy periods of prosperity."

"Every member must work to keep his club progressing," said Mr. Van Benschot. "He must work with unselfishness and with community service in mind." The speaker urged the Pampa Kiwanis club to carry through its program of closer contact with the farmers of this territory, a move which has been inaugurated by the organization already to form one of the main objectives of Kiwanis work now, the speaker told the club. Mr. Van Benschot pointed out briefly the effects of continued hard work with the underprivileged child objectives and that of the vocational guidance question.

The program today was in charge of James Collins. Miss Inez Barrett was at the piano for the club. Two vocal solos were rendered by Millard Humphrey, new member.

A special sum of \$19.50 was raised during the club meeting to be given to the Baker school for feeding of children in that institution. The club has just completed a cooperative movement with the Business and Professional Women's club of the city in which approximately \$100 was raised to be used for feeding children in the Junior high school cafeteria.

Guests of the club today were: Hamp Waddell, Miss Lonna Willis of Canadian, sweetheart of the Canadian Kiwanis club, and Mr. Van Benschot. Howard Buckingham was admitted to the club as a new member. He is manager of the wholesale distribution of Magnolia Petroleum products here.

Negro Slayer Is Jailed at Dallas

DALLAS, Feb. 5. (AP)—A widespread search for a negro accused of killing Mrs. W. S. Gray, 60, and wounding her husband seriously was rewarded late last night with the capture of Jake "Rockwall Slim" White. Authorities said the negro confessed.

White was found at a negro farm home about five miles from Grand Prairie. He was surprised by officers and did not have a chance to resist. A negro who had traded White a ride to the place for a watch stolen from Gray gave the tip which led to the arrest. White was placed in the county jail.

The attack occurred Wednesday night. A negro appeared at the Gray home three miles from Garland and asked for a cup of coffee. Mrs. Gray replied they were not having coffee with their meal. Gray stepped past her and, seeing a former employe, asked "what is it you want, Slim?"

FIGHTING— (Continued from Page 1)

harding Chapel from the Hongkong district and it was reported a brigade of Japanese infantry would arrive tomorrow.

The U. S. S. Chaumont reached Shanghai with 1,200 American infantrymen and about 100 marines, bringing the total American force to about 6,000 men.

France Has Idea GENEVA, Switzerland, Feb. 5. (AP)—Concrete proposals for establishment of an international police force to guarantee the security of the world were presented formally to the world disarmament conference today by Andre Tardieu, French minister of war and head of his country's delegation to the conference.

Although today's meeting was called originally solely for the election of officers, President Arthur Henderson did not stand on technicalities. He accepted deposition of the French document as "in order," although general debate was not scheduled before the conference until next week.

TOKYO, Feb. 5. (AP)—Japanese official quarters here indicated today that if there are to be any further negotiations between the powers and Japan on proposals for mediation in the Shanghai controversy, the next move is up to the powers.

Doubt was expressed, however, whether anything more would be done.

PARIS, Feb. 5. (AP)—The foreign office said today that the French government considered Japan's answer to the five-point proposal unsatisfactory, and that it was ready to throw full support to further efforts by the United States to solve Sino-Japanese difficulties.

WASHINGTON, Feb. 5. (AP)—Consultation with Great Britain and other powers and a thorough analysis of Japan's reply to American-British peace plans were expected today to precede further overtures to the Tokyo government from Washington.

ROTARIANS— (Continued from Page 1)

made a brief address. "Let those who demand protection for their foreign interests be the first to fight for them," he admonished in the latter talk. Speaking of how acquaintance prevents hatreds, he said that while with the army of occupation in Germany he learned to appreciate the virtues of that people. He told an incident in which an old German mother put hot rocks in his bed each day so it would be comfortable for him on retiring.

All-Rotary Orchestra The orchestra featured Jess Rogers, Bill Smith, and Bill Day as a vocal trio and Mr. Day as tenor soloist. The most impressive part of the program was a Rotary skit showing in playlet form how a hard-boiled heartless business man was turned into a kindly man putting "service above self" because of membership in a Rotary club. Jimmie Farwell had the leading role. Other members of the cast were Mrs. Farwell, Miss Marie Rose, Charlie Crow, Stanley Crow, and Jess Smith.

With Mrs. Tom Rose at the piano, DeLes Vicars of the Pampa club led the group in singing patriotic and popular songs. Rotarian Buckler summed up the inter-city session in these words: "Let us unite in building the Panhandle and in making it a better place in which to live."

POSTERS STIRRED STRIFE

Posters proclaiming a boycott of Japanese goods were displayed in the Chinese section of the International settlement at Shanghai. Here you see natives reading the notices, which were the principal reason for Japan's military operations in the city.

KANSAS CITY LIVESTOCK

KANSAS CITY, Feb. 5. (AP)—(U. S. D. A.)—Hogs: 3,000; uneven 5-15 higher; top 4.00 on choice 180 to 210 pounds; good and choice 140 to 160 pounds 3.50 to 3.90; packing sows 2.75 to 5.00 pounds 2.90 to 3.40; stock pigs 70 to 130 pounds 2.75 to 3.25.

CHICAGO GRAIN

CHICAGO, Feb. 5. (AP)—Wheat: No. 2 hard 58; No. 3 hard 57 1/2; No. 2 yellow 57. Corn—No. 2 yellow (old) 38 1/2; No. 3 mixed 34 1/2; No. 2 yellow 36 1/2; No. 2 white 32 1/2-35 1/2; No. 2 white 38 1/2; No. 3 white 35 1/2-36.

COTTON QUIET

NEW ORLEANS, Feb. 5. (AP)—The cotton market experienced a quiet but steady opening. Liverpool cables were better than due and first trades here showed gains of 2 to 3 points. The market later eased off 1 to 3 points with May at 6.78 and July at 6.93, or 1 to 3 points down from the opening, owing to easier stocks and to hesitation on the part of traders due to the falling off in the demand for spot cotton.

WHEAT FOLLOWS STOCKS

CHICAGO, Feb. 5. (AP)—Fresh downturns in grain values early today accompanied New York stock market declines. Another bearish influence was a setback in wheat quotations at Liverpool where demand for wheat was reported as smaller. Opening 1-8 to 3-4 lower, wheat afterward sagged further. Corn started unchanged to 1-4 off and continued to decline.

Gruver Yeggmen Rob State Bank

GRUVER, Feb. 5. (AP)—Yegg last night wrecked a safe in the Gruver Hardware company's store and broke into the vault of the First State bank, escaping with approximately \$600.

Between \$300 and \$400 in silver was taken from the bank vault and \$200 in money was taken from the hardware store.

A charge of explosives shattered the store's safe. Entrance to the bank was made through a door connecting with the hardware store. The door of the bank vault was torn away, but the safe was not opened.

BRIDGE— (Continued from Page 1)

bridge over Cantonment creek about seven miles east of LeFors. It also failed. The blaze charred timbers but failed to gain headway and burned itself out without damaging the structure.

About an hour after the fire was discovered at the big bridge across the river, Sheriff Blancet arrested two men 15 miles east of LeFors. The men denied any connection with the incendiarism. They were being held in county jail this morning on charges of transporting and possessing intoxicating liquor, carrying a gun, and being intoxicated. A quantity of liquor was found in the car, also a 30-gallon barrel containing gasoline. An empty five-gallon can was also in the car.

Men Are Transients Both men said they were transients, en route to Oklahoma. They said they came from Boise City, Okla., yesterday. The sheriff is investigating their statements.

Kerosene was poured over a portion of the bridge across Cabin creek, and the smell of kerosene was strong at the river bridge while it was in flames, Sheriff Blancet said. Kerosene was also used at the other bridge fire.

State Interested AUSTIN, Feb. 5. (AP)—Texas state highway department officials had not been officially advised today of the burning of one bridge and attempts to destroy two others in Gray county.

G. O. Wickline, state bridge engineer, said an inquiry would be made to determine the cause for the destruction.

MARKETS AT A GLANCE

New York—Stocks weak; rails under pressure. Bonds irregular; U. S. Government firm. Curb heavy; leaders sag. Foreign exchanges firm; Spanish peseta lower. Cotton dull; awaiting developments in far east. Sugar easy; heavy Cuban selling. Coffee steady; Brazilian buying. Chicago—Wheat easy; bearish weather all belts; larger southern hemisphere exports. Corn easy; bearish Argentine crop reports; unsettled cash market. Cattle steady. Hogs active and higher.

U. S. BEATS POLAND

OLYMPIC STADIUM, Lake Placid, N. Y., Feb. 5. (AP)—The United States team swamped Poland 4 to 1 today in its second appearance in the Olympic hockey series.

Two Girls Felled by Pistol Bullets

WASHINGTON, February 5. (AP)—Fusillades of revolver shots, fired gangster fashion from a moving automobile, last night felled two high school girls and a government clerk in far apart sections of the city.

Helen Andrews, 18, and Doris Beall, 16, were struck by several bullets as they walked to a public library in Takoma park, an outlying suburb. Miss Andrews was struck twice in the left hand. Miss Beall was hit in the ankle.

Gordon T. Backus, 51, employe of the forest service, was shot in the back as he walked to his home in the Mt. Pleasant section, closer to the center of the city. His condition was pronounced grave after the bullet was recovered from his stomach.

Police were proceeding on the theory the two attacks were unrelated because although both shootings were said to have been done from a "big black sedan," descriptions did not tally. The car in Backus' shooting bore a Maryland number plate, partially identified, while the other had a District of Columbia license tag.

Canadian Girls Defeat Groom in Thrilling Game

The most thrilling game of the invitational basketball tournament saw the Canadian girls defeat Groom 28 to 26 in three overtime periods this morning. Pillingim, Canadian forward, shot the winning goal after one minute of play in the last overtime. Captains and coaches of both teams agreed that the team scoring the first two points in the third overtime period would win the game.

The furious battle ended 22 to 22. Both teams made 2 points in the first overtime and the same number in the second period. It was a battle of guards versus forwards with the centers playing little part. Caldwell, Canadian forward, scored 16 points, to be high for her team. Pillingim added 10 more. Krisan of Groom was high scorer of the game with 17 points. Clark, the other forward, scored 9.

The guarding of Fletcher for Canadian and Farley of Groom was outstanding. Halsey for Canadian and Britton for Groom at center positions played steady ball. Canadian will meet the winner of the Amalillo-Pampa game and that one should be another thriller.

DISLIKE OUR RACING

OLYMPIC STADIUM, LAKE PLACID, N. Y., Feb. 5. (AP)—Despite a feeling of bitterness toward the American speed skating system, with its man against man competition and possibilities for jockeying, the foreign champions who threatened to withdraw from further Olympic competitions after the 1,500 meter finals this afternoon, appeared at the starting line for the 10,000 meter heats this afternoon.

MELLON CONFIRMED

WASHINGTON, Feb. 5. (AP)—Andrew Mellon was confirmed today as ambassador to England.

COMING DOCTOR REA OF MINNESOTA

Associate of Dr. Littler, Fort Worth. To Pampa Schneider Hotel Thursday, Feb. 18th. ONE DAY ONLY Hours—10 A. M. to 4 P. M.

DR. REA, well known American Physician, specialist in the science of internal medicine, licensed by the State, visiting many important places in the state. Treating diseases without surgical operation.

Specialist in stomach, liver, and bowel diseases, as complicated with blood, skin, lungs, nerves, heart, kidneys, bladder, nose, throat, rheumatism, neuritis, bedwetting, pelagra, blood pressure, leg ulcers, slow growth, and deformities in children.

He does not operate for chronic appendicitis, gall-stones, ulcers of stomach, goiter. Small tumors, skin cancer, tubercular glands, moles, warts, facial blemishes, piles, fistula, varicose veins, treated with the hypodermic injection method.

DR. REA is an experienced practitioner in chronic diseases, he also has a special diploma in diseases of children, and applies his efforts in the interest of these diseases that he is best qualified to treat, so if ailing, and not getting any better, see him, at this time, as delays just prolong your illness.

He will give free consultation and examination. Services and medicines at reasonable cost, where there is need of treatment. Remember the date, and bear in mind that his treatment is different.

Married women should come with their husbands, and children with parents. DR. REA BROS. Laboratory, Minneapolis, Minn. Since 1898.—Adv.

New Treasurer Is Quite an Athlete And Well to Do

WASHINGTON, Feb. 5. (AP)—The truth of that comment on successful American families—from shirt sleeves to shirt sleeves in three generations—is exemplified in the case of Ogden L. Mills, for he takes off his coat often as he works at his treasury desk.

The much-used phrase, indefatigable worker, really applies to the man named to succeed Andrew W. Mellon and with Mills the case is clearly one of choice.

Mills' grandfather, Darius Ogden Mills, prepared the way for an immense fortune by organizing a bank in the 1840's to receive the gold dust which other men found glittering in California streams. Mills' father, Ogden Mills, added to the money Darius Ogden made and whatever worries young Ogden Livingston had on getting out of Harvard in 1894, they weren't financial.

Young Ogden, like many an ambitious but poorer man, inclined to his hasty-burly of politics and later to governmental service where criticism is equally free but the opportunities for replying to it are somewhat limited.

Mills was licked in his first attempt to become a house member in 1912. He started a little lower down, serving two terms in the New York state senate and then going to war before he gained a house seat in his second attempt in 1921. He was still there in 1927 when he was named undersecretary of the treasury.

He is a good-natured man and is aided in being so by a reputation for being able to use his fists forcefully and scientifically.

Mills is 48 but looks 38, a testimonial to excellent physical condition. Five feet nine, compactly built, he probably will be the most accomplished athlete of the Hoover cabinet.

Picture Leads To Arrest Of Slayer

HOUSTON, Feb. 5. (AP)—A picture in a detective story magazine led to the capture here yesterday of Sam F. Alken, 48, wanted in Georgia on a charge of murder of his wife and Boyce Hunter. Alken, 18 months ago sawed his way out of the Fulton county jail at Atlanta, Ga.

Alken was arrested at a house where he was living with a woman to whom he was married about a year ago under the name of Sam Shaw. W. B. McClain, 33, who knew Alken as Shaw and recognized the picture in a published story, informed police.

Fred Fair, under death sentence for murder of J. E. McDaniel, policeman, escaped with Alken. Alken said he had not seen Fair since the break.

Jim Darnell of Alameda visited friends at the courthouse today.

Horse Fry of Canadian made a business trip to the city Thursday.

Move to Save Buffaloes Begun

CLAUDE, Feb. 5. (AP)—Citizens of Armstrong county, where the famous Goodnight ranch is located, are working on plans of their own to save for the people of Texas the historic ranch and its herd of 245 buffaloes.

At a recent mass meeting in this city a committee was appointed to make plans for a Panhandle district meeting to be held as soon as possible, to be followed by a meeting with state officials in April. H. M. Tims of Goodnight was appointed chairman. He will be assisted by L. S. Newberry of Goodnight and J. M. Crain of Claude.

It was agreed that the Armstrong county organization cooperate in every way with plans of any other groups working to convert the ranch into a state game preserve where the buffaloes might be left in their native canyons on the 11,500-acre ranch.

Slogans suggested for a campaign to raise funds to buy the ranch included "Every citizen buy an acre" and "Every man, woman and child pay a dollar." The meeting was called by Mrs. Phebe K. Warner

Newton D. Baker Is Not Welcome

MEXICO CITY, Feb. 5. (AP)—The student federation of the federal district of Mexico yesterday passed a resolution declaring that Newton D. Baker, former United States secretary of war who is visiting here, is an unwelcome guest.

The students' attack on former President Wilson's cabinet member recalled that it was during Baker's tenure of the war secretaryship that General Pershing made his expedition into Mexico in 1916. His visit, the students said, created ill will in Mexico "where vivid memories of that great attack on our sovereignty still exist."

and Dr. Lillian Newberry of Claude. The Goodnight ranch was recently acquired by an insurance company that held a mortgage on the property. A Dallas syndicate raised enough money to pay off a mortgage against the buffalo herd so the animals might be kept on the ranch.

The Texas game, fish and oyster commission has agreed to buy the buffalo herd if Texas citizens will buy the ranch. The ranch, under a plan, would be converted into a game preserve, and it would become the permanent home of the last remaining herd of native bison.

WHEELER JURY OUT

The jury in the case of Joe Eastman, tried this week at Wheeler on

a statutory charge, was deliberating upon a verdict today, according to District Attorney Raymond Alred

who returned from Wheeler this morning. The case went to the jury last night.

Mr. and Mrs. G. C. Malone are ill at their home. They are suffering from a mild attack of influenza.

R. F. Romack of Roxana was looking after interests in the city Thursday.

John Garner Is Not Affected by Political Talk

By R. W. BARRY
AUSTIN, Feb. 5. (AP)—Texas' John N. Garner, speaker of the national house of representatives, has not been "touched" by all this presidential talk.
Lon A. Smith, member of the Texas railroad commission, called on his friend, Jack, Uvalde congressman for three decades, while on a recent visit to Washington.
"John was just the same John I have known for 25 years; wearing his usual brown suit, brown tie and brown hat, as affable and unassuming as ever," Smith said. "He merely grins at all the talk about Garner for President. He does not seem to be taking it seriously at all."
"His close friends say he does not care about being president. They think he is supremely happy with the speakership, an honor he has sought for many years."
Smith said he was surprised to find that sentiment for Franklin D. Roosevelt, governor of New York for the democratic presidential nomination was not very solid in Washington environs.
"My conclusion was, after listening and observing, that the democrats would come just as far west as possible, without coming too far west, for a candidate," Smith said.

Prison System Is Given Praise On Its Progress

AUSTIN, Feb. 5. (AP)—Attorney General James V. Alfred has returned from an inspection trip of the Texas penitentiary system full of enthusiastic praise for Lee Simmons, general manager of the properties and director of activities of the prisoners.
"It was the first time I had seen the prison at Huntsville in six years," General Alfred said. "The transformation from a desolate, unsanitary institution to one of orderly, clean set-up is remarkable."
General Alfred said that fresh vegetables from the prison farms furnished most of the mid-winter menu for the prisoners. The sanitation hardly could be improved, he said. The printing and shoe manufacturing plants were busy and the prison in tip-top shape throughout, he reported.
Stanhope Henry, member of the state board of pardons and paroles, is one of the best quail hunters in Texas. Pat Dougherty, secretary to Gov. R. S. Sterling, believes Dougherty spent a day or two with Henry on the latter's Atascosa county ranch during the quail hunting season.
The votes of all four elements and be elected president of the United States."

Prison System Is Given Praise On Its Progress

AUSTIN, Feb. 5. (AP)—Attorney General James V. Alfred has returned from an inspection trip of the Texas penitentiary system full of enthusiastic praise for Lee Simmons, general manager of the properties and director of activities of the prisoners.
"It was the first time I had seen the prison at Huntsville in six years," General Alfred said. "The transformation from a desolate, unsanitary institution to one of orderly, clean set-up is remarkable."
General Alfred said that fresh vegetables from the prison farms furnished most of the mid-winter menu for the prisoners. The sanitation hardly could be improved, he said. The printing and shoe manufacturing plants were busy and the prison in tip-top shape throughout, he reported.
Stanhope Henry, member of the state board of pardons and paroles, is one of the best quail hunters in Texas. Pat Dougherty, secretary to Gov. R. S. Sterling, believes Dougherty spent a day or two with Henry on the latter's Atascosa county ranch during the quail hunting season.
The votes of all four elements and be elected president of the United States."

son. He returned marveling at the sure sight of the 79-year-old descendant of Patrick Henry.
"Judge Henry knocked 'em down in pairs; bang, bang, two quail shot dead on the wing, just like that," Dougherty demonstrated.

Frank Hamer, captain of Texas rangers, believes that all peace officers should familiarize themselves with descriptions of desperate outlaws at large.
He said if officers gave more thought to a study of features and physical characteristics of wanted men there would not be so many of them killed.
"A wanted criminal usually has the advantage of a peace officer in that he readily recognizes the law, while an officer who does not make

a study of descriptions of desperadoes often walks up to an automobile occupied by one of those fellows and gets shot without warning," Captain Hamer mused.
He had expressed a desire to see a picture and read a description of "Pretty Boy" Floyd, Oklahoma criminal, widely sought and reported at large in Texas. He said Oklahoma authorities had neglected to furnish Texas rangers with the "bad man's" description.

Walter Gerron, traveling inspector for the Texas railroad commission, has been riding railway trains constantly for many years and never has his hat blown out a window. Recently, while he was walking leisurely between the Travis county courthouse and the capitol, a motor-

ing friend invited him to ride. He stepped on the running board of the roadster. As he was riding along at a pretty fair clip a gust of wind picked Gerron's big black hat from his head and whirled it through the window of a passing sedan driven by a woman. It landed safely in the rear compartment of the sedan. The woman driver never slowed down, being oblivious to the trick played by the wind. The sedan disappeared around a corner and was lost in the traffic. Gerron never did retrieve his hat.

Mrs. G. C. Stark is ill of influenza.
Miss Claudine Lawrence has been ill of influenza for the last week at her home, 421 North Gray.

Oldham County to Vote on Bonds

VEGA, Feb. 5. (AP)—Oldham county citizens will have an opportunity to vote March 5 on a \$135,000 highway bond issue which would provide for the paving of the last gap on U. S. highway 66 between Chicago and the Pacific coast.
The bond issue was called after highway officials had advised Oldham county commissioners that the road would be paved if the county would provide the right-of-way and \$100,000 for construction. Of the total issue, \$115,000 would be set aside for this route, and the re-

mainder would go for the improvement of the Atascosa Trail, a road that cuts across the northeast corner of the county by way of Old Tascosa, early trading post.
A committee of citizens who petitioned the court to call an election said there would be opposition to the issue. A mass meeting has been called for Feb. 6 to discuss the bonds and to launch a campaign in favor of the bond issue.

EXPORTS ARE LARGE
HOUSTON, Feb. 5. (AP)—The export movement of petroleum products from the Houston ship channel in December was 4,015,646 barrels, current figures showed. The value of the exports totaled \$10,002,856.

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: The Slavery of Sin. (Temperature Lesson).
 Scripture Lesson: John 8:13-36.
 31. Jesus therefore said to those Jews that had believed him, If ye abide in my word, then are ye truly my disciples;
 32. And ye shall know the truth, and the truth shall make you free.
 33. They answered unto him, We are Abraham's seed, and have never been in bondage to any man: how sayest thou, Ye shall be made free?
 34. Jesus answered them, Verily, verily, I say unto you, Every one

that committeth sin is the bond-servant of sin.
 35. And the bond-servant abideth not in the house for ever: the Son abideth there.
 36. If therefore the Son shall make you free, ye shall be free indeed.
 Golden Text: Every one that committeth sin is the bond-servant of sin.—John 8:34.
 Time: The feast of tabernacles, Oct. 11-18, A. D. 29, the third year of Christ's public ministry.
 Place: Jerusalem.

INTRODUCTION

This lesson, consisting of only six verses, is one of the shortest ever given us by the Lesson Committee. After Christ's discourse on the bread of life, which we studied last week, occurred a number of important events in our Lord's life which John omitted because they were narrated by Matthew, Mark, and Luke. These were the journey toward Sidon with the healing of the daughter of the Syrophenian woman, the feeding of the four thousand, the giving of sight to the blind man at Bethsaida, Peter's confession of faith, the transfiguration, the healing of the demoniac boy, and several discourses. Now we find Jesus at the feast of tabernacles in Jerusalem, where he delivered several glorious discourses, which John has recorded. One of these, on the Water of Life, in chapter 7, which we are omitting, is in Chapter 8, from which our six verses are taken, discusses the great topics of Christian truth, light and liberty.

Lesson Connection

Six months have passed since the events of our last lesson. Then Jesus was in Galilee; now he is in Jerusalem at the Feast of Tabernacles. In those six months the hostility of the Jews greatly increased following the crisis at Capernaum just after the feeding of the five thousand, when many of his disciples turned away from him. This lesson is taken from that marvelous address spoken to the Jews at the Feast of Tabernacles, which begins with "I am the light of the world," John 8:12-47, and in which he claims to be the eternal Son of God.

"The Bond-servant of Sin," v. 34.
 "Every one that committeth sin is the bond-servant of sin." "He who unwittingly grasps the handles of an electrifying-machine soon writes in pain and shrieks for deliverance. Why does he not let go the torturing thing? He cannot; he is at the mercy of the operator, and is the butt of the crowd. It is thus with multitudes who have committed sin; they are its slaves; they are astonished at themselves, ashamed of themselves, filled with grief and remorse, yet utterly unable to break the infernal spell. There is often more hope for the poor wretch agonizing in the tentacles of the devil-fish than there is for some of these victims of vice."—Rev. William L. Watkinson, D. D., L. L. D.

"The Slave of Strong Drink"
 "Take the slave of strong drink. Does he now take any pleasure in his sin? He did once, but does he still? It has ceased even to promise him pleasure. He knows, even while he lifts the cup to his lips, that it will clothe him with rags, that it has ruined his name and fame, clouded his intellect, given him the bearded eye and the shaking hand, with the promise of an early grave, or if not that, of a feeble old age, and the loss of his everlasting soul; and yet he cannot put that fatal cup from him. Once ye was a free man, but now he is a slave, the slave of his sin, bound with chains which he is altogether impotent to break."—Archbishop R. C. Trench.

Christian Freedom, v. 36.
 "If therefore the Son shall make you free, ye shall be free indeed." The slave of sin thinks that he is free because he is at liberty to follow his bas impulses and gratify his bestial desires; but by every such act

he rivets the more unbreakably the chains that bind his soul. There is no freedom in the service of self, but only in Christlike service of others. "Dearly did Christ purchase with his own bondage the liberty which he so freely gives."—C. H. Spurgeon.

Paul and Martin Luther
 Paul regarded a Christian as a new man, freshly created in the image of his Redeemer. "So vividly and strongly did this conception of Paul's take hold of Martin Luther that he used to say, 'When any one comes and knocks at the door of my heart and asks, 'Who lives here?' I reply: 'Martin Luther used to, but he has moved out, and Jesus Christ now lives here.' May there be many that shall thus go free!"—Rev. Louis Albert Banks, D. D. Christ gave himself for our ransom that he might redeem us from the power and penalty of our transgressions. And now he gives to us his wisdom, his Spirit, and his grace that we may know the freedom which comes from glad obedience, the liberty which for man is found only in cheerful service to him who made him.

The Eighteenth Amendment
 In the light of Christ's teachings the cause of civil liberty as well as personal liberty is seen to be enormously advanced by our national laws forbidding the manufacture and sale of intoxicants. The "wets" charge that these laws are an infringement of "personal liberty," and ring the changes on those words ad nauseam. They have no conception of true freedom, which consists in pure and strong lives devoted to the service of God and man. Nothing that has come about in the world's history has contributed more gloriously to that freedom than the adoption of the Eighteenth amendment to the constitution of the United States. Sir Wilfrid T. Grenfell says: "The reasons why I have no use for alcoholic beverages on sea or on shore are so numerous that it would be impossible to detail them all. My standpoint is simply that liquor is unnecessary and bad. It is a help only to thieves and robbers. I have seen men robbed in many ways, but they have been able by the help of God to wipe out any lasting results of such transient losses. But the robberies of alcohol are irremediable."

Total Abstainers
 "Total abstainers are the true apostles and advocates of 'personal liberty' in its highest and noblest form; friends of the only freedom that is genuine and important. Total abstinence from intoxicating and injurious liquors is the only true realization and complete consummation of human freedom. Indulgence in what is harmful to one's self and others is an abridgment of liberty. Those who seek to redeem the race from the curse of drink are the greatest emancipators of mankind."—Joseph Henry Crooker.

Alcohol a Poison
 "Alcohol is always included among the 'poisons,' and it is invariably placed side by side with chloroform and ether and described as a narcotic."

THIS BODY RACKET!
 ... is not illegal, but annoying. Mice SQUEAK, and so do auto bodies—Pies SQUEAL, so do window lifts—Hens SQUAWK, so do loose body sills—Monkeys CHATTER, so do loose bolts—Owls SCREECH, so do dry door hinges—Dogs HOWL, so do rusty hood hinges—Turtles SNAP, so do loose hood fasteners—Snakes BITE, so do auto doors.

otic poison. When taken as a daily drink, alcohol causes sensations and effects which are soon imagined to be a necessary part of life. The stomach becomes dependent on the daily dose and disinclined to work without it. It is, indeed, not a matter of mere personal import but a national concern that we should reckon with this factor of habit before encouraging ourselves or others to do or take what may prove to be injurious both to the individual and to the future generations of our race. The user of alcohol is a slave to a habit-forming, narcotic drug.

Drink Prohibition
 "Drink prohibition is a very real step towards freedom—because it sets free human personality—personality previously degraded by drink, personality that never had opportunity to know itself. The millions of children, doomed to drinking homes from birth, never were able to realize themselves; too often they grew to manhood dwarfed in mind, lacking opportunity and health; they were kept from school to earn support for the family or themselves." The better home, the larger available supply of money, the necessities met, the comforts and recreations acquired, are very real liberating forces to the man who has given up his dependence on alcohol.

The Main Question
 "The question before the country today is whether or not a free people can pass laws and enforce them; whether the will of the majority in law or the will of minorities in rebellion is to prevail." (Earl L. Douglass).

The Treble Clef club will meet Saturday afternoon at 4 o'clock at the First Methodist church.
 Mrs. S. L. Anderson is quite ill. She has influenza.

NOTICE OF SALE OF REAL ESTATE

Under Order of Sale of Court THE STATE OF TEXAS, COUNTY OF GRAY.

In the 114th District Court of Gray County, Texas:
 A. R. Randolph, Plaintiff
 Vs. No. 2980
 J. E. Chambers, and His Wife, Mrs. J. E. Chambers, Defendants
 Whereas, by virtue of an order of sale, issued out of the 114th District Court of Gray County, Texas, on a judgment rendered in said court on the 8th day of January, 1932, A. D., in favor of A. R. Randolph, plaintiff and against the said J. E. Chambers and Mrs. J. E. Chambers, husband and wife, No. 2980 on the docket of said court, I did, on the 4th day of February, A. D. 1932, at 11 o'clock A. M., levy upon the following described tract, lot, or parcel of land situated in the County of Gray, State of Texas, and belonging to the said J. E. Chambers and wife, defendants, to-wit:

All of Lot Number Two (2), in Block Number Twenty-three (23) of the "Talley" addition to the City of Pampa, Gray County, Texas, according to the duly recorded map or plat of said addition; together with all improvements, and all appurtenances thereto in anywise belonging; subject to the Oil and Gas mineral reservations and other incumbrances of record; and on the 1st day of March, A. D. 1932, being the first Tuesday of said month, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the courthouse door of said county, I will offer for sale and sell at public auction for cash, all the right, title and interest of the said defendants, J. E. Chambers, and his wife, in and to said property.

Getting Married Attempt Exciting

OKMULGEE, Okla., Feb. 5. (AP)—This business of getting married just about landed an Okmulgee county swain in jail.

When he drove in from the country to get the license, he ran afoul of Okmulgee's traffic laws and was haled before Police Sergeant Fred Cassel, who's a married man himself.

The charges: No muffler, running a stop sign, no license tag, driving with one arm around a girl.

The offender turned a pleading look at Cassel, drew a deep breath and explained:

"Sergeant, my girl and I came here from over near Bald Hill to get married, but she's too young

and we couldn't get a marriage license. My auto license tag came off and it's under the seat. My muffler broke and I was too excited over getting married to fix it. I couldn't stop at the stop sign because my brakes wouldn't hold and I was too excited to fix them. A fender came off the car, too, and I put it with the license plate under the seat."

"Sonny," Cassel advised, "you go get the girl's mother to consent to your marriage. You tie that license plate on your car right now. Stop when you get to the girl's house and fix your muffler and your brakes. Get your girl but wait until the car stops again to lug her. That's all. Now beat it and get married."

Mr. and Mrs. G. L. Moore have gone to Royce City to visit Mrs. Moore's parents for two weeks.

Mrs. L. W. Hardcastle is ill in her home here.

NEW FARES—NEW SCHEDULES

Effective FEBRUARY 8 the Eastbound bus will leave Pampa at 12:30 P. M.

for Oklahoma City, Tulsa, Muskogee, and points East, cutting 3 hours from the present running time to points east of Oklahoma City.

New low fares effective same date:

Jamouz FAST STARTERS

2 MILES A MINUTE

IS THE WORLD'S SHORT-RUN LOCOMOTIVE RECORD, MADE IN MARCH 1901, FROM FLEMING TO JACKSONVILLE, FLORIDA. DISTANCE 5 MILES. TIME 2 MINUTES 30 SECONDS FLAT. MAN, THAT'S THE NEXT THING TO A STREAK OF LIGHTNING ON RAILS! AND THE NEXT THING TO A STREAK OF LIGHTNING IN YOUR GAS TANK IS PHILLIPS 66. ITS SENSATIONAL HIGH TEST STARTS COLD MOTORS INSTANTLY—EVEN IN FREEZING WEATHER, BECAUSE ITS GRAVITY NOW RANGES FROM 65° TO 71.4°.

"HIGHEST TEST" at the price of ordinary gasoline

Phillips 66 volatility is 69.6 per cent higher than the average of 28 competitive gasolines. Proved by unbiased laboratory tests based on distillation at 212 degrees.

When we say that this motor fuel is a remarkable performer and starts cold motors with split-second speed—please remember that we have too much at stake to make any claims on which Phillips 66... the greater gasoline... will not deliver 100%.

If you fail to feel the difference—if you don't get more pep and power, faster get-away, and longer mileage—if your motor does not start promptly in freezing weather—we not only lose you as a customer! We lose your confidence in our statements and in all our products.

That explains why we make Phillips 66 extra high test. And we charge not a penny extra, because Phillips is the world's largest producer of natural high gravity gasoline. In fairness to your motor and your pocketbook, stop for a trial tankful tomorrow at any Orange and Black 66 shield.

For those who prefer it... Phillips 66 Ethyl... at the regular price of Ethyl Gasoline

A New OIL of ZERO Cold Test at 30¢ a Quart

Even in freezing weather, this scientific lubricant flows instantly to cold cylinder walls and bearings, long after ordinary oils are sluggish and stiff in the crankcase. It is 100% paraffin base. Minus wax, water, and carbon. A grade for every car. The service man will gladly drain your crankcase and refill it with this world's finest oil for your motor.

Means and Methods of Planting Roses Has Changed Much Lately

By V. S. MILLOCK
Written for Pampa Daily News
Inasmuch as we are now in the midst of the winter planting season, it would appear to be advisable that the introductory articles of this series be devoted to planting methods because of their immediate importance.

During the last two decades, means and methods of planting roses have become of great and increased importance. Such increased importance has been the direct result of new and changed characteristics within a great portion of the varieties of roses now in commerce.

The varieties whose characteristics have been changed so materially are of the race called Perpetua. The Perpetua race is a division of the hybrid-tea. The race was originated by the great French hybridizer, Mons. Pernet-Ducher, when he introduced the blood of the Austrian Briar into the garden rose.

In such hybridization, the great Pernet sought a new source of yellow coloration for the rose, in which the rose had been lamentably deficient. He established a race of extreme brilliancy such as had never theretofore been known in roses. The race was named in his honor. The world proclaimed the brilliancy of the first great Perpetua, Mme. Edouard Herriot, Mrs. Aaron Ward, and Los Angeles. Yet these varieties were sadly deficient. From the hands of the great hybridizers has come a great flood of easily improved varieties; the gorgeous golden-yellow, Mrs. Pierre S. du Pont; the large and brilliant Impress; Charles P. Kilham, to displace Herriot; the exquisite lemon-yellow, Mrs. E. P. Thom; Talsman and Hoover; George Pernet and Autumn, a never ending galaxy of brilliancy and beauty, things greatly to be desired.

But the new race brought with it new characteristic and, in result, new questions to be answered.

Soon after the advent of the Perpetua race it became apparent that something was amiss with man's roses. In seeking to ascertain the nature and cause of that which was amiss, the more or less haphazard planting methods of the period were called in question. In common accord, amateur and professional rosarians in all of the rose growing sections of the earth began to experiment most earnestly with sundry methods of planting. Such experiments had mainly to do with depth.

In all climates and in all types and kinds of soils, one common result was attained. In all instances it was found that the rose was more

vigorous, retained its foliage with greater persistency and bloomed with greater freedom when it was planted shallow than when it stood with roots springing from a point deep beneath the surface of the soil.

FREE TRADE ENDS

LONDON, Feb. 5. (P)—Neville Chamberlain, chancellor of the exchequer, has put an end to a hundred years of British free trade by announcing in the house of commons that the government proposed to levy a 10 per cent duty on almost the entire range of the country's imports, effective March 1.

Exemptions will include wheat in grain, meat, fish or British tanning, raw cotton, raw wool, and tea.

NEW DISCOVERIES CONFIRM VIRTUES OF BRAN IN DIET

Supplies "Bulk" and Vitamin B for Constipation; Also Iron for Blood

For ten years, now, millions have found Kellogg's ALL-BRAN a safe, pleasant way to overcome common constipation—with the headaches, loss of appetite and energy that so often result from this condition.

Recent laboratory tests show that ALL-BRAN supplies "bulk" to exercise the intestines, and Vitamin B to help tone the intestinal tract. In addition, ALL-BRAN contains twice as much blood-building iron, by weight, as beef liver.

This "bulk" in ALL-BRAN is much like the "bulk" in lettuce. Inside the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes.

Special cooking processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming.

Think how much better it is to enjoy this delicious cereal than to take endless pills and drugs, which often lead to harmful habits.

Two tablespoons daily—in serious cases with every meal—are usually sufficient. If your intestinal trouble is not relieved this way, see your doctor.

Serve ALL-BRAN as a cereal with milk or cream, or use in cooking. Appetizing recipes on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

Tammany Hall Schemer Is Dead

NEW YORK, Feb. 5. (AP)—John R. Voorhis, 102-year-old grand schemer of Tammany hall, died today at his home.

Despite his advanced age, Voorhis had continued his work as president of the city board of elections until Oct. 20 of last year when he was retired by the board of estimates at his full salary of \$8,000 a year. He made his request for retirement Oct. 8, the legislature last September having enacted a law permitting his retirement on full salary for life.

Voorhis had been grand schemer of Tammany hall for 20 years despite the fact the rules of the society provide that a man in this office may not be re-elected. The Tammany braves, wishing to retain Voorhis in that position, got around the rules by merely failing to elect a successor to the post of grand schemer at each annual election.

CHURCH RULE TIGHTENED
 VATICAN CITY, Feb. 5. (AP)—Marriage between Catholics and non-Catholics hereafter will be considered illegal by the church unless the children actually are educated as Catholics, a new and stricter ruling issued today by the congregation of the sacred office declares.

The ruling, tightening fixed marriage restrictions, was issued because of a belief that parties to such marriages often have disregarded promises that the children should be reared as Catholics.

MELLON WELCOMED
 WASHINGTON, Feb. 5. (AP)—The nomination of Andrew W. Mellon as ambassador to Great Britain probably will go to the senate soon after formal notification of his acceptability comes from London.

Missing Air Liner Found On Ranch; Passengers Dead

LOS ANGELES, Feb. 5. (AP)—Missing nearly one week on a flight from Bakersfield to Los Angeles, a Century Pacific Air liner was found late yesterday in the mountains on Tejon ranch, a mass of wreckage holding the bodies of its pilot and seven passengers.

The wrecked and burned plane was located by Paul Apodaca, an Indian rider on the ranch, three miles west of Fort Tejon and almost at the summit of the Ridge route, approximately 80 miles northwest of Los Angeles.

Those aboard the plane which disappeared in a raging mountain snowstorm last Friday were the pilot, J. V. Sandblom; Frank Dewar, chief deputy sheriff of Los Angeles county; J. H. Polhemus, coffee importer of San Francisco; W. H. Smith, retired business man, San Francisco; Miss Nita McGrath, Berkeley, Calif.; Mrs. Margaret Pickelsen, San Diego; Miss Marie Combs, Hollywood; Spencer Swan, retired business man, of Pomona, Calif.

The bodies, mangled and burned, were in or near the wreckage.

Apodaca found the wreckage on a "hunch" arising from years of experience in the mountains.

He sighted the wreckage from a canyon ridge but did not go near because he "didn't want to see any dead people." He returned to Fort Tejon and notified officers, who returned with him to the wreck.

Aviators who visited the wreck expressed belief all eight died before flames from igniting gasoline reached them.

According to international usage, such assurance has been sought by cable, although there is no doubt of his cordial reception at the court of St. James.

Direct Relief Is Sure of Defeat

WASHINGTON, Feb. 5. (AP)—Confidence that the LaFollette-Costigan direct relief bill would be defeated was read today into the acquiescence of the administration's forces in the senate's order taking up the measure for a vote.

Since early in the week, Senators LaFollette, republican, Wisconsin, and Costigan, democrat, Colorado, have been speaking for the project which would involve a federal expenditure of \$375,000,000 in contributions to states caring for unemployed.

JUDGMENT BY DEFAULT ASKED

AUSTIN, Feb. 5. (AP)—Efforts of the state to obtain default judgment against the Standard Oil company of California continued today in Texas' suit to oust 15 major oil companies from doing business in Texas for alleged violation of the anti-trust laws.

Default judgment was asked because of failure of the defendant company to answer the suit.

The state also will ask default judgment for failure to answer against the Standard Oil company of New Jersey, the Socony-Vacuum oil company of New York, and the Shell Union Oil corporation.

Forecasts On Farm Prices Are Taboo

WASHINGTON, Feb. 5. (AP)—The agriculture department will make no more public forecasts on the probable course of prices for farm products.

This decision was reached because of pronounced differences among its experts on the 1932 farm outlook and in the light of inaccuracy in past predictions. The only announcement of the new policy has come from the bureau of agricultural economics.

"The bureau, under its present policy, makes no public forecast of the probable course of the farm situation."

ACTRESS IS INJURED

ALTADENA, Calif., Feb. 6. (AP)—Injured in an automobile accident, Lucille La Verne, stage and screen actress, was confined to her home today. Her chauffeur, in attempting to avoid collision with another automobile, struck a telephone pole. Miss La Verne received five dislocated vertebrae.

OUT OUR WAY

THE SAFE SIDE

BAN ON CRUISES

WASHINGTON, Feb. 5. (AP)—Bans on "cruises to nowhere" by foreign vessels operating out of United States ports would be established under legislation introduced today in the senate and house. The so-called "cruises to nowhere" take passengers from one port on a voy-

age and return to discharge the passengers at the same port from which they embarked.

J. C. Harris of McLean was transacting business here Thursday.

W. M. Sartin of Roxana was a Pampa visitor in Pampa Thursday.

Ben Lockhart of Laketon made a shopping trip to the city yesterday.

Jack Jagers of LeFors was a Pampa shopping visitor yesterday.

WANTS WET PLANK

WASHINGTON, Feb. 5. (AP)—Senator W. Warren Barbour of New Jersey announced today he would urge the republican national convention to adopt a wet plank in its 1932 platform.

Barbour, who succeeded the late Dwight W. Morrow in the senate, made public his stand in a telegram addressed to Edgar A. Knapp of Red Bank, N. J., who had asked for his position.

WILL BURY BANKER

EDGEWOOD, Feb. 5. (AP)—Joe P. Downs, 52, official of the First National bank here, will be buried to-

day. Downs died in a Dallas hospital Wednesday after being shot by kidnapers. He is survived by his widow, two sons, and three daughters.

Mitchell's
 "Apparel for Women"

"Choosey" People like the way they TASTE..

IT'S just what you'd expect. People who enjoy the good things of life...are constantly looking for something better to eat and drink...and smoke. Something that's out of the ordinary.

In cigarettes this better taste can come only from finer ingredients. Chesterfields are more satisfying to the cultivated palate...because there's never any attempt to skimp on Turkish leaf.

These more expensive...more richly flavored Turkish tobaccos are added with a generous hand...and "choosey" people...everywhere...like the result.

In fact Chesterfield's new way of min-

gling tobacco flavors and aromas is really equivalent to creating an entirely new kind of tobacco...one that combines the best qualities of Turkish and fine Domestic leaf.

Perhaps you've noticed that the paper in Chesterfields is whiter...purer. Thousands of dollars were spent on research to perfect this paper. It burns without any taste or odor of its own. A detail, of course. But it adds immeasurably to your enjoyment.

Smoke Chesterfields whenever you like... They're mild and pure. They'll never tire you as an over-sweetened cigarette might easily do. Day in...day out...Chesterfields taste right. Light up and see for yourself. They satisfy!

● Listen in... Hear the Chesterfield Radio Program. Nat Shilkret's brilliant orchestra and Alex Gray, popular baritone. Every night, except Sunday... Columbia Broadcasting System... 10:30 E. S. T.

THEY'RE MILDER • THEY'RE PURE • THEY TASTE BETTER • They Satisfy
