PRICE 5 CENTS

FULL PARDON IS URGED FOR MASSIE GROUP

LOSS OF CITIZENSHIP IS DISPLEASING TO SOLONS

SPECIAL LAW IS PLANNED

CONVICTED FOUR SPEND HOUR IN CUSTODY OF NAVY

WASHINGTON, May 5, (AP)—The Navy department, on the recommendation of Rear Admiral Yates Stirling, commandant of the Hawaiian naval district, today ordered Lieutenant Thomas H. Massie to duty in the San Francisco naval district.

A recommendation was awaited for Stirling regarding the transfer of the two enlisted men, A. O. Jones and Edward J. Lord, also convicted in the slaying of Joseph Kahawai.

WASHINGTON, May 5, (AP)—Insistent demands that full pardons be granted Lieutenant Thomas H. Massie and his co-defendants in the Honolulu killing of an alleged attacker, rose up in congress at news that governor Judd had commuted their sentences.

While generally believed that the four Americans had not been subjected to imprisonment, many Senators and representatives showed by comments they felt the stigma of conviction and the consequent loss of citizenship rights should be lifted immediately. A few dissented, some were satisfied as matters stood, but attempts for legislation to give President Hoover pardoning power were pushed.

HONOLULU, May 5, (AP)—A move for an outright pardon for Mrs. Granville Fortescue and three naval men convicted of lynchings Joseph Kahawai was pressed today after the quartet had fully satisfied the law by spending one hour in custody of the territorial high sheriff.

Sentenced yesterday in a surprise court session to ten years in prison for manslaughter, they were immediately granted a commutation of sentence to one hour by Governor Lawrence M. Judd.

With the case closed, the New society woman was expected to leave Hawaii soon to join her author husband in the east. Her son-in-law Lieut. Thomas H. Massie, and two enlisted men, Albert O. Jones and E. J. Lord, probably will be transferred to other posts.

The governor's order also apparently paved the way to dropping retrial of the four surviving men accused of assaulting Mrs. Thalia Massie last September.

Hats Exchanged at Recent Event

Pete Post has a big hat belonging to someone and that someone has a big hat belonging to Pete. The Magnolia superintendent would appreciate a trade, because the hat in his possession is too small for him.

The exchange was made at the Junior chamber of commerce "big hat" banquet in the Schneider hotel Monday night. Pete's hat was one of a bunch on top of the piano and when he got to the piano there was only one hat left and it was a 7 1-8.

As Pete wears a 7 1-4, the hat in his possession is of no use to him and he imagines the hat taken by mistake is no good to the possessor.

Mr. Post may be reached at the Magnolia Petroleum company's office on East Foster avenue.

TORNADO KILLS TWENTY CALCUTTA, India, May 5 (AP)—Twenty persons were reported to have been killed and more than 100 injured today when a tornado swept through east Bengal, wiping out whole villages and leveling acres of forests.

SHANGHAI "WAR" IS CLOSED WITH ARMISTICE CLAIMED TO BE COMPROMISE OF COUNTRIES

Informality Prevails As Papers Are Signed

SHANGHAI, China, May 5, (AP)—Four months of open warfare between China and Japan in the area about this city ended today when representatives of both sides signed an armistice.

The manner of it was as unusual as was the fighting itself. Although thousands of lives were sacrificed and millions of dollars worth of property was destroyed, the conflict about Shanghai never was officially a war, because neither side declared war.

So today there was no ceremonial gathering of statesmen to sign the treaty. Instead, the signatures of neutral representatives were affixed to the British consulate and then the document was taken to the hospital where Japan's representatives are recovering from wounds inflicted last week by an assassin.

The Chinese spokesman signed at his home.

Terms of the peace were not immediately made public, but an unofficial version indicated it was a (See SHANGHAI, Page 6)

Straw Hats—Big Hats

This is a well-hatted city. The romances who are wont to go bare-headed are out of step entirely. Next Saturday is straw hat day for those who do not have big hats.

BOTH MEN ARE HURT AND ROBBED BY PAIR

ONE VICTIM IS CLUBBED

BANDITS GET \$8 BUT OVERLOOK \$15 IN HASTE

FORT WORTH, May 5, (AP)—A Proctor farmer was shot in the back and another slugged by robbers on the Fort Worth-Dallas pike near Chalk Hill at daybreak today.

C. R. Timmons, 42, was placed in a hospital, suffering with gun shot wounds. Olen Pell, 43, his brother-in-law, was treated for head injuries. The robbers took about \$8 from the men.

Timmons said he and Pell were driving toward Fort Worth and noticed an automobile stopped on the highway. Presuming the occupants were having car trouble, Timmons, who was driving, stopped the car. He and Pell got out. A man with a shotgun fired and Timmons fell. At the same time a man with a pistol attacked Pell and struck him on the head. Then the robbers took \$8 from Timmons, overlooking \$15 hidden in his clothing. They got a small amount of change from Pell.

Recovering consciousness, the Proctor men drove to the home of Timmons' cousin, Mrs. D. S. Moore, here, and then to a doctor's office from which place they later were taken to a hospital.

BEAUTIES WILL PARADE

CAPONE TAKES UP DUTIES AND DOFFS FINERY

With Good Behavior He May Secure Easy Job

ATLANTA, May 5, (AP)—"Scarface Al" Capone began a new life today as convict No. 40886 in the Atlanta federal penitentiary.

The Chicago gang leader was just one of 3100 as he was put through examinations to see where he would fit.

As Capone began serving his eleven-year sentence for income tax evasion, his story became the story of all the other prisoners.

It starts with first call at 4:45 o'clock in the morning and ends with "light out" at 9 p. m. It includes meals at about 22 cents per prisoner per day, work in the carceral prison shops or at odd jobs and possibly an evening's entertainment of moving pictures, boxing or amateur theatricals.

Capone checked in his flashy and expensive clothing and was given a uniform of cotton shirt, trousers and packet, all grayish blue. He must submit to a prison haircut and remain in quarantine three or four weeks.

He can expect an assignment at the end of that period to enter the laundry or the tailor shop. If he leaves himself and shows ability, he can look forward to a clerical job or work in the library with opportunities for study and reading.

High School to Present Evening Program Here

Directed by Miss Iva June Willis and R. E. "Pop" Frazier, a well-arranged program will be presented in the city auditorium this evening at 8:15 o'clock by the high school music department.

The entertainment will be a feature of national music week.

Supt. E. B. Fisher will give the introduction, after which selections will be given by the high school orchestra, the Junior girls' glee club, the girls' quartet, the boys' quartet, and two individual students, Edmund Whittenburg, who will sing, and Eloise Lane, who will play a piano solo.

Climaxing the entertainment will be cantata, Mid-Summer Night (Paul Bliss).

Tomorrow evening an elementary school program will be given under the direction of Miss Willis, assisted by pupils and teachers and Mrs. J. L. Lester, elementary supervisor.

Oldtimers Strong For Frontier Days

Two oldtimers of Miami, H. E. Baird and B. F. Talley, visitors in Pampa today, endorsed the Frontier Days celebration to be held here May 26-28, and said they would attend.

It should bring together the biggest group of pioneers ever assembled in the Panhandle, Baird said. The celebration is well-advertised in Miami and most of the old timers in that section are planning to attend.

Mr. Talley is president of the bank at Miami and Mr. Baird is cashier. Mrs. Baird came to Roberts county in 1889. He was a Santa Fe agent when he first moved to Miami. Mr. Talley came to this section in 1897. He is a cousin of Earl Talley of this city.

FIFTEEN GIRLS ENTER ANNUAL PAMPA EVENT

SIX WILL COMPETE IN REGIONAL REVUE FRIDAY

PERSONALITY IMPORTANT

CHILDREN'S CONTEST IS TO BE TOMORROW NIGHT

Fifteen charming girls will compete this evening in the annual Pampa beauty pageant to determine which shall enter the "Miss North Plains" contest Friday evening at the La Nora theater.

The winner of tomorrow's contest will receive a free trip to Roswell, N. M., where the "Queen of the West" will be chosen, according to David Dallas, director of the beauty revue contests.

Five out-of-town judges will be instructed to select six of tonight's entries for competition in the territorial eliminations of Friday evening. They will make their selections on the basis of beauty, poise, figure, and personality.

Tonight's bathing girls entrants will include "Miss Fred's Studio," Dorothy Barnes, "Miss Vincent Studio of Dancing," Faye Merrill.

Bids on Station Being Tabulated

Fort Worth and Denver railway officials today were tabulating bids for construction of the Fort Worth and Denver depot at Pampa.

The bids were opened in Fort Worth at 10 o'clock this morning but this afternoon the contract had not been let. Among the bids were four by Pampa construction companies.

The depot will be built in the Tennesse addition in South Pampa. Construction will start soon after the contract is let, railway officials say. The station will be of brick construction.

Rapid progress is being made laying steel and it is believed the line will be completed by June 1.

WASHINGTON, May 5, (AP)—Gaston B. Means was formally charged today with having embezzled \$100,000 given to him by Mrs. Evalyn Walsh McLean, wife of the publisher of the Washington POST, for payment to the kidnapers of the infant Lindbergh for return of the child.

Health Nurse Talks to Lions

Miss Celia Moore, state itinerant health nurse stationed here temporarily, was an entertaining speaker at the Lions club luncheon today.

Miss Moore talked on child hygiene and healthful living, using as examples to illustrate her points. She said it would not be long until society considers it a reflection on an individual to have a preventable disease.

The club also was entertained by H. E. Kreiger's excellent orchestra. Mr. Kreiger was musical director of the recent Lions minstrel.

Visitors today included Newt Dilley, B. Rose, D. A. Davis of McLean, Lion Landers of McLean, and Miss Moore, Dr. H. L. Wilder was program chairman.

One-Year Sentence Is Assessed Ingram

Finn Ingram was given a one-year sentence in the penitentiary on a charge of possessing intoxicating liquor for the purpose of sale by a state district court jury yesterday. He was already under a three-year suspended sentence for burglary at Amarillo, and could not ask for a suspended sentence.

The state introduced testimony intended to show that on Jan. 22, 1932, Ingram was arrested by Deputy Harris King with three other defendants on a highway near McLean. A large quantity of whiskey was seized by the officer. The other three defendants were given suspended sentences.

Members of the jury were Leo Paris, J. L. Bennett, L. L. Brewer, D. L. Lunsford, C. B. Stallings, B. A. Davis, C. V. Talley, W. H. Peters, Ernest McKnight, Jim Sackett, and E. H. Baird.

PUBLIC FORUM

I wish the public to know that I did not mean to throw any reflection on the school cafeteria in the Forum that appeared in Tuesday's paper where the word "lunch" appeared. It should have been "supper" as I was trying to state what they ate at home. Furthermore, I made a statement that a number of children were whipped. I find that most of the children's parents think they deserved all the punishment.

Wants Hoover to Talk on Booze

WASHINGTON, May 5 (AP)—President Hoover was called upon in the Senate today by Senator Tydings (D, Md.) to state his views on prohibition before the tax bill is passed and it is too late to tax beer. He said Secretary Harely and Ernest Lee Jahncke, assistant secretary of the navy, had indicated President Hoover would agree to "some sort of wet or modification" plan, while Chairman Fess of the Republican national committee had said the party would remain dry.

FOREIGN AIR TRANSPORT IS GIVEN FAVOR

WASHINGTON, May 5 (AP)—A favorable report on the McNary bill to establish and develop a foreign air transport service was voted today by the Senate Commerce committee. Under the bill a board of four cabinet officers would develop foreign commerce by air and the postmaster general would grant mail contracts for two-way routes in foreign commerce. The contracts, for ten years, would be awarded to the lowest bidder with the stipulation on that American built ships be used. One of the committee amendments revised the rate of payment from the \$20 per mile for craft capable of carrying 10,000 pounds of mail and a suitable commercial load at least 2,000 miles without refueling, as proposed in the bill, and added: "Ten dollars per mile for 5,000 pounds; five dollars per mile for 2,500 pounds."

STANDARD OIL PROFITS LESS

CHICAGO, May 5 (AP)—Standard Oil company of Indiana and its subsidiary companies made a net profit in 1931 of \$17,596,396.

The annual report, released today just prior to the meeting in Whiting, Ind., showed earnings of \$104 a share compared with \$2.73 in 1930.

In 1931, 86,971,621 50-gallon barrels of oil were marketed. In comparison with 113,999,784 in 1930. The sales of gasoline this year fell off 9 per cent from those of 1930.

Edward G. Seubert, president, said this resulted "because we wouldn't take business under cost. That's why our business shrank. We wouldn't pay the tribute to get it."

DIE TOGETHER

PINE BLUFF, Ark., May 5 (AP)—Former Circuit Judge W. B. Sorrells and his wife who had been married 40 years and had expressed the wish not to outlive each other, died a few minutes apart at their home here today.

Jesse Woodward of White Deer transacted business here yesterday.

WINSTON O'KEEFE, STUDENT NOW AT EVANSTON, SINGS COWBOY SONGS TO HELP PAY PART OF EXPENSES

Winston O'Keefe, son of Mr. and Mrs. R. C. O'Keefe of Pampa, is having a great time as "The Texas Cowboy" at Northwestern university, Evanston, Ill. In the last six months, Winston, a senior at the University, has given cowboys programs in Evanston, Chicago, and in Indiana, and has had his picture and long stories about him published in Chicago, Evanston, and Indiana papers.

He is in demand as a singer of cowboy ballads. Last summer, while at his father's farm west of White Deer, Winston decided that he could earn part of his expenses at Northwestern university if he knew how and wear the traditional garb of the puncher. These he acquired, and when he got back to Evanston he found his audience waiting and eager.

Question of Labor

It is conceded by some observers that an oil tariff would not cause a very appreciable rise in the price of crude oil, owing to the large potential supply available at this time in this country. If so, the alarm of eastern seaboard interests over the proposed oil tariff or excise tax is not as justifiable as they would have us believe.

Rising Costs

"The people support the government and the government does not support the people. The rising cost of our governmental units has been an important factor in creating the depression, which is only another name for unemployment. No nation in this world pays so much taxes as we do in America. Our government has gone far afield in interference with trade and commerce in the name of progress and prosperity, and the mistakes and blunders are paid for by additional tax levies. One thing that seems to have been proven is that the simplest government is the best."

Cruel Shock

Recently discharged employees of the Prairie companies will tell you that curtailment of activities and the Prairie-Sinclair merger have been cruel shocks to them. Some employees have nothing now to show for their long years of loyalty. That is the result of current tendencies in the oil industry—world control, merged and curtailed activities, federal regulation, importing. Who can blame the "little fellows" for demanding maintenance of competition?

Confiscatory

"Less Government" is the title of a pertinent little pamphlet found at the First National bank here. We quote some of it:

"We have too much government. We should separate the things that are not essentially governmental from the things that are not. And all things not essen-

Lost Buying Power

As Mr. Finley pointed out to a member of THE NEWS staff in discussing the above statements, unemployment and lost buying power have been the major factors in the depression, and these cannot be righted by simply raising taxes and increasing the burden of business. The government is furnishing all the employment it can—if not too much—and we must look to private business to end the depression by gradually removing unemployment. But this recovery cannot take place as long as governmental expenditures are not reduced to conform with the ability of business to pay.

WALFATHY MAN THREATENED

CLEVELAND, May 5 (AP)—An attempt to extort \$25,000 from Ellisworth H. Augustus, wealthy real estate man and nationally known golf star, under penalty of death was revealed today. The 80-year-old Augustus estate has been placed under heavy guard.

FRECKLES AND HIS FRIENDS

### Only Vicksburg Is Not Defeated

By The Associated Press  
Vicksburg alone kept a clean slate in the cotton states league following yesterday's second day games taking a second victory over Monroe 9 to 6. Hitting honors were even, but the Blues had every hit a run.  
At Baton Rouge, the Senators avenged an opening day defeat at the hands of Port Arthur, by turning on the Texans and nosing out a 3-2 victory. The Baton Rougeans gave Pitcher Guy Paul good support and went out in front after Manager Myers of Port Arthur scored Blues with a single in the seventh to tie the score temporarily.  
In spite of the spectacular ten-run rally in the ninth, El Dorado was unable to overtake the early lead of Pine Bluff and Pine Bluff won 16-14 in a free scoring tilt at the latter city.

### Postal Handles Air Line Tickets

United Airlines has appointed the Postal Telegraph-Cable company as its official agent here in handling passenger reservations. It was announced today by O. L. Wilson, local manager.  
The Postal airplane reservation service includes delivery of tickets to homes or offices. The United Airlines planes fly a million miles a month and have connections in 137 cities in 37 states. Postal also has similar arrangements with 32 other air lines of this and foreign countries.

### DEFENSE IS PLANNED

MIAMI, Fla., May 5 (AP)—Mrs. Jessie M. Keith-Miller, Australian aviator, has joined in planning a defense for Captain W. N. Lancaster, her British flying partner, in event he is indicted for murder of her young fiancé, Haden Clarke. "Everything brought out in the case has made Bill (Lancaster) look badly," the woman flier said yesterday as she worked with Lancaster's attorney on preliminary defense plans. "There are a thousand things to be brought out in fairness to him that are yet undisclosed."

### BLAZE VERY COSTLY

QUILICET, Miss., May 5 (AP)—Port activities centered at the east steamship pier and the municipal pier today while fire officials investigated the blaze yesterday which destroyed the port's other major dock, the west steamship pier. The eight-hour fire damage was estimated at \$350,000.

### Music Week Is Observed Here by Rotary Group

In observance of national music week the Rotary club was entertained Wednesday by an all-music program arranged by Dan Gribbon. Pampa's Little Symphony Orchestra, directed by H. E. Kreiger, entertained with several selections. Miss Iva June Willis accompanied at the piano.  
Mrs. J. W. Garman sang a solo and Mrs. Raymond Harrah gave two musical readings accompanied by Mrs. May Foreman Carr. Mrs. Carr also played a piano solo.  
Visitors included W. H. Curry, H. H. Durston, Hal Grady, Mrs. Lynn Boyd, David Dallas of Lubbock, Al Boyd, Mrs. Frank Elliott of Amarillo and L. W. Davidson, Ada, Okla.

WASHINGTON, May 5 (AP)—Attorney General Mitchell said today he would order New Mexico state penitentiary authorities to release Albert B. Fall on Sunday.

Mitchell said Warden Swope of the penitentiary—who announced he would hold Fall for payment of the fine or to serve an extra thirty days and take the pauper's oath—might not understand the situation and therefore he would be instructed.  
The fine is collectable, Mitchell explained, whenever Fall is able to pay it, and the judgment "stands as a legal charge."

OTHER TIRES have sled-runner ribs in the tread-center

GOODYEAR puts traction HERE where it belongs

# "DON'T LET 'EM KID YOU"

ONE of the two main reasons why more people ride on Goodyear Tires than on any other kind has always been safety.

Other tire-makers know this. They know it so well that in their natural eagerness for sales they are tempted to claim safety too.

But there's a long jump between claiming safety on paper and building it into rubber.

Ridges, grooves, knobs on the side of a tire may be ornamental, but they're about as useful as the buttons on a coat sleeve.

IF YOU want grip instead of slip in the tire you buy, there's just one place to look for it.

Look at the center of the tread, where it contacts the road.

That is where other tires put continuous sled-runner ribs of rubber. That is where

Goodyear puts the big, thick, deep-cut, sure-gripping blocks of the All-Weather Tread.

MARK this difference well—for it can mean to you the choice between coasting helplessly into an accident—or stopping safely when you want brakes and tires to grip tight and hold fast.

This year, Goodyear has made the world's best known safety tread even better, by combining safety and silence in the new Noiseless Non-Skid All-Weather Tread.

Don't let anybody kid you. If you want safety in the tires you buy, get safety you can see.

Buy Goodyear Tires with the All-Weather Tread—they have traction in the tread-center, where it belongs!

What tire is best?  
A nation-wide vote covering every state, shows a preference for Goodyears 2 1/4 times that of the second tire, and five times the average preference for all other makes

Why buy a second-choice tire when FIRST-choice costs no more?

**KIDNAPING CASE STILL MYSTERY**  
 NORFOLK, Va., May 5 (P)—With the negotiators "hoping for the best" another cruise was planned today by John Hughes Curtis, principal of three Norfolk intermediaries, in his effort to recover the kidnaped Lindbergh baby.  
 Curtis returned last night from a trip aboard the yacht Marson and early today Lieutenant George L. Richard, naval officer working with Curtis, conferred with the very Rev. H. Dobson Peacock, another intermediary.  
 After the visit, which Dean Dobson Peacock said was made to give him a report of the work, the clergyman said another cruise would probably be made today. He would not divulge any information concerning the progress of their work. "We are still hoping for the best," he replied when asked if they were encouraged.  
 It was reported that Colonel Charles A. Lindbergh, absent from his New Jersey home for a number of days, is here aiding in the negotiations.

 Justice agent has served a term in the Atlanta penitentiary for accepting a bribe and for conspiracy to violate the prohibition laws.  
 District Attorney Leo A. Rorer said the warrant on which he was arrested charged that shortly the abduction of Charles A. Lindbergh, Jr., on March 1 Means represented to Mrs. McLean he was in contact with the kidnapers and received \$100,000 from her on his assurance that could bring about the infant's return.  
 Means first was taken to the Department of Justice for questioning of J. Edgar Hoover of the Bureau of Navigation. He was to be taken later before a United States commissioner. Rorer said he would ask that he post a bond.

**Borah Presents World Program**  
 WASHINGTON, May 5 (P)—A three-fold program for world economic recovery, disarmament, settlement of reparations and restoration of silver was presented to the senate today by Senator Borah (R., Idaho).  
 Addressing a crowded senate chamber, Borah discussed world affairs, stressing particularly the "gold mentality" which he said had been in force since 1925.  
 "I venture this opinion," he said "that unless armaments are reduced so that burden is lifted, unless reparations are settled so that Europe can start on economic recovery, and unless silver is restored to the place it occupied prior to 1925, to restore to some extent the purchasing power of one half the world, there will not, in my judgment, be any ready return to prosperity."  
 The Idaho senator, chairman of the foreign relations committee, referred to what he described as gloomy reports coming from the Geneva disarmament conference and warned that unless an agreement to cut armaments is reached the effect will be felt throughout the world and investors would be wary.

 The Chinese were understood to have won their demand that Japanese troops retire from their present positions into the international settlement. The Japanese obtained an agreement that some of their soldiers remain in the vicinity of Hongkong and Woosung.  
 It appeared also that Japan had succeeded in avoiding a definite time limit for withdrawal of her troops.  
 At the same time, however, it was understood the retirement would begin within a week and would be completed within a month.  
 Fred Enfield of Woodward, Okla., transacted business here today.
