CITY TURNS WESTERN

Pioneer Days Vividly Depicted in Long Parade of Frontier Days

ANCIENT AUTOS AND SETTLERS HOLD INTEREST

HORSES NUMEROUS AS PAMPA REVEALS THE PAST

THOUSANDS ON STREETS

VISITORS IMPRESSED BY FUTURE PROSPECT OF EVENT

Pampa looked truly western this morning as a mile-long parade opened the Frontier Days celebration which will last until Saturday night.

Oldtimers started registering yesterday and the first man to register still holds the honor of being the first into this section of the Panhandle. He is M. A. Green of Electra, who came into the Panhandle with the buffalo train in 1878.

The big parade formed on South Cuyler street under the direction of Dr. R. A. Webb, chairman of the parade committee of the Junior Chamber of Commerce and Board of City Development. Another parade, one of contrasts, will be held Saturday morning at 10 o'clock.

Old Glory led the parade looking back over bands, oldtimers, old vehicles, cowboys, and cow girls and newcomers alike. The Pampa high school band followed the colors. There were oldtimers on horseback and there were others who were born in Gray county, and still make their home here.

LOBBY FILLED WITH PIONEERS THIS MORNING

Pardner, pardner did you ever see as many oldtimers at one place in the Panhandle as there was this morning in the Schneider hotel lobby? Talk about your cowboys' reunion at the old rock house in Crosby county, at the old T-Anchor headquarters in Randall county—why they can't begin to compare with what Pampa's first annual Frontier Days has turned out to be.

Every oldtimer in this section, except Mark Huseby of Mobeetie and Ed Carhart of Panhandle, had registered by noon this morning, and it was reported by their neighbors that Mark and Ed were on their way to Pampa.

Not in years have Judge Ewing, Milo Blodgett of Ochiltree county, Cal Merchant of Panhandle, Sam Issacs of Canadian, T. M. Cunningham of Amarillo, Miles William O'Loughlin of Miami been seen in a huddle talking about what happens in cow country in the old days.

Came in 1875
Now take Mr. O'Loughlin of Miami. He was the old timer of old times at the Schneider this morning. He came to Mobeetie with his parents in 1875, and his parents followed the Fourth Cavalry to old Fort Elliot. Before there was any Fort Elliot, his father was a government teamster. Mr. O'Loughlin

WEATHER

OKLAHOMA: Partly cloudy in west, thundershowers in east portion, cooler except in extreme north. West portion tonight; Friday partly cloudy.

WEST TEXAS: Partly cloudy, cooler in east-central portion tonight; Friday partly cloudy.

Thrice Welcome

Welcome all you oldtimers—thrice welcome are the pioneers, the cow hands, the drugstore cowboys, the parlor heroes of the herd—all of you are welcome today in Pampa. Forget the depression, extend a glad hand, remember the "good old days". Once a year is not too often to remember when men were men and knees were what the physiologists talked about.

Appreciate Them

Real oldtimers—the authentic articles—are in our midst today. As a matter of fact, Pampa is blessed with the presence of many real pioneers, and appreciation of their leadership and their sterling characters make it easy for Pampans to stage Frontier Days in all sincerity. Pampa today lauds the pioneer—not for what they were only, but FOR WHAT THEY ARE TODAY.

Asked No Odds

Real men and real women, adventurous folk seeking individual opportunities and freedom of soul, always move ahead of advancing civilization. They are satisfied to live amid hardships that their children and their children's children may have the advantages of a civilization hewn from frontier country. Today we are the beneficiaries of those sacrifices. That we have not done better with the advantages the pioneers made possible is our fault—not theirs. We have many old-time things—especially prices of farm commodities and foods—but ours is such a complex economic set-up that we cannot all enjoy the blessings that some possess.

Back a Bit

Not even the pioneers would like to turn back the years for five or six decades, yet this country would be vastly improved if we had—in public office and private marts—some of the rugged honesty and frugal economy of the old days. Living too high and too fast, we have dissipated the means to reach the goal, and now that the goal is in sight we have not the means to enjoy it. We have iceless refrigeration, radio, x-ray, aviation, and many other wonders. But there is still need for turning back

FIEND KNIVES TWO CHILDREN IN CLEVELAND

"MYSTERY JAKE" USES WEAPON BECAUSE OF "CALL"

GIRL'S THROAT SLASHED

MOB VIOLENCE NEAR REALITY BUT AVERTED

CLEVELAND, May 26. (AP)—A knife-wielder who called himself "Mystery Jake" turned on a crowd of school children today, stabbed one girl to death and perhaps fatally injured two more.

He was captured a few moments later by Patrolman Charles Mische, on school traffic duty nearby as hundreds of persons on their way to work gathered and threatened mob action.

The man incoherently uttered he "had a call to kill millions" and called on the patrolman to "kill me, kill me, I have not killed enough."

The dead girl was Rose Marie Parker, 8. The critically injured were Lena de Sand, 12, and Elaine Mackin, 8. They were on their way to St. Cecilia's school near where the attack occurred.

The man, who gave his name as Jake Gordon, 40, suddenly plunged into a group of children, brandishing a knife and, without warning, slashed the throat of the Parker girl, witnesses said. Then he turned wildly on the other two girls and cut them about the throat. Scrambling to the child, Patrolman Mische, who pulled his gun and caught the man in the middle of the street. The attacker submitted to arrest without further violence.

Police said he man talked inanely and boasted that "Mystery Jake" had an illusion that he had to kill millions. He told them he had not spoken to anyone for a year and a half.

Registration For Oldtimers Grows Rapidly Today

Up to 1 o'clock this afternoon, 136 oldtimers who had been in the Panhandle of Texas prior to 1890 had registered at the Schneider hotel and more were waiting to register. More than 100 men and women who were in the Panhandle between 1890 and 1900 had also registered.

The number of visitors far exceeded early estimates and ribbons were running short at noon. It is estimated that 250 real oldtime Panhandle citizens will register during the three days. Only those who were here prior to 1890 are receiving ribbons.

Those who had registered up to noon
M. A. Green, Electra, Texas, 1872; Diamond Tail ranch; Mr. and Mrs. F. M. Brooks, Pampa, 1887; A. L. Lard, Pampa, 1881; Mr. and Mrs. H. B. Lovett, Pampa, 1877, and 1886; H. R. Kees, No Man's Land, 1886; J. A. Paris, Pampa, 1889; E. A. Shackleton, Gray county, 1888; J. F.

W. T. Ponder Is Forced To Land His Cargo At San Angelo Airport.

SAN ANGELO, May 26. (AP)—W. T. Ponder, former Fort Worth world war ace, was arrested with an airplane loaded of Mexican beer at San Angelo airport last night by customs officers who had chased him in another airplane from the border.

Ponder was charged with "unlawfully receiving and facilitating in the transportation of certain imported merchandise to wit: 627 bottles of Carta Blanca beer." He waived examining trial this morning and his bond was set at \$1500 which he had not made late this morning. He is charged with the violation of section 593 of the tariff act of 1931.

JUDGE JAMES WILSON DELAYS HIS CHARGE TO JURORS, TO WRITE IT

AMARILLO, May 26. (AP)—Due to the large number of defendants and the number of law points and motions involved, Judge James C. Wilson decided today to abandon his usual policy of charging the jury verbally and recessed court until this afternoon to prepare a written charge in the Pampa liquor conspiracy case which has occupied United States district court here for ten days.

The jury was dismissed until 1:30 p. m. The case, involving ten defendants, unless more of them are eliminated in the charge, will go to the jury at that time.

Revenue Beer Hopeless Idea

WASHINGTON, May 26. (AP)—The beer-for-revenue idea has taken its death blow, for this session of congress at least.

This insistently advocated project—to legalize beer containing 2.75 per cent alcohol so as to swell the nation's coffers without imposing severe taxes—came once again before the senate yesterday and it was voted down 55 to 26.

The proposal came up this time as an amendment, by Senator Bingham (R., Conn.), to substitute a two cents a pint tax on beer for all the excise levies in the billion dollar revenue bill. A few votes were gained by beer advocates above last week's senate vote on an attempt to use

for financing a public construction bond issue. Separated from the latter controverted question, the new vote was regarded by senators on both sides as the last word.

Dedication of Free Bridge Over River To Be Held Near Vernon

VERNON, May 26. (AP)—Formal dedication of the new \$125,000 free bridge crossing the Red river 20 miles north of Vernon was marked today by ceremonies in which Oklahoma and Texas participated jointly.

The 3,900 foot span is an important unit in the Canada-Gulf highway known as U. S. highway No. 238. The bridge links state highways No. 23 of Texas and No. 24 of Oklahoma. It has been open to travel about two weeks.

The program was arranged to begin about 4 p. m. and continue several hours. W. F. Hearne of Marburg, president of the Canada-Gulf Highway association, was master of ceremonies.

"Bar-O-Kid" Is Among Visitors

The "Bar-O-Kid" has arrived in Pampa. He is F. G. Patching of Clarendon and he was accompanied to this city by Mrs. Patching. The nickname was given him back in 1882 when at the age of 16 he arrived in this section and began working on the Bar-O ranch. He was born in London, Eng., and moved to America when he was 5 years old.

Mr. and Mrs. Patching are visiting their daughter, Mrs. C. L. Craig, and are participating in the Frontier Days celebration.

Dr. De Zita Does Blindfold Drive

"It's a gift," said Dr. De Zita when asked how he drove through heavy traffic at noon totally blindfolded.

W. S. Fleetwood, local printer who rode with him, was instructed to think as he would if he were driving himself. He did, and the Moroccan went through without a bobble.

The same stunt will be carried out again at 6 p. m. today.

RODEO HANDS SAID TO BE AS GOOD AS COUNTRY CAN BOAST

Rodeo hands here for the Frontier Days event are as good as any that can be found at the Cheyenne, Wyo., Pendleton, Ore., and Salinas, Calif., events, according to Tex Doyle who arrived here yesterday from Boise, City, Okla., to "bust a few broncs."

Last year, Tex won third money in the bronc-riding at Cheyenne's Frontier Days. According to Tex, Rube Roberts who is here to compete in the bulldogging contests, is an ex-champion bulldogger. He was world's champion bulldogger for several years with a record of four seconds. Bill Till is another bronc rider de luxe, Tex says, and Bill is here. J. Snively is one of the best calf-ropers in the west and he is entered in the competition

here. "I could give you names and records for 30 minutes to prove that this rodeo ain't no second-hand affair," Tex declared. "The boys here are in a class all their own, and competition is going to be plenty stiff."

Incidentally, Tex explained some rodeo terms. "Bedding 'em down," means bulldogging. "Lap and tap" is when the steer and "dogger" leave the chute at the same time. "Sitting above 'em" is being able to ride a bronc. "Lace it on the calves and wrap 'em up" means roping calves. "Tex won two or three rodeo championships riding broncs last season. His mother is Mrs. Estelle Tarrant of Boise City, who used to live here. She is here for the celebration.

Frontier Days Thrill Oldtime Folk and New

Pioneer Spirit Engendered by Parade This Morning—Thongs Fill Streets—Horse Injures Cowboy

Hundreds of early settlers—men and women who knew hardships and dangers of the '70s and '80s in this then barren section—came to this city today to marvel at the NEW PAMPA and through their eager interest, keen gaze, firm clasps, and drawing good humor, make Pampa's first annual Frontier Days truly typical of the period the celebration was founded to commemorate.

Strikingly western, the long parade this morning marked the opening of Frontier Days and fittingly stressed the theme of the three-day celebration.

Shortly after the parade closed, to be seen no more until 10 o'clock Saturday morning in contrast to modern transportation, the miniature rodeo held by the Junior Chamber of Commerce, sponsor of the Frontier Days, was begun on the vacant space just east of the courthouse. This will be continued at 10 a. m. tomorrow and at 9:30 a. m. Saturday.

At noon Dr. DeZita, Moroccan astrologist, demonstrated his versatility by making a blind-fold drive through the business section. This he will repeat at 6 o'clock this evening.

Hourly the visitors became more numerous, and a very big crowd is indicated for the second performance at the Harvester park arena tonight. Ticket sales jumped tremendously yesterday, keeping the Jaycees busy making deliveries.

Bad horses, gyrating, pitching, rolling, side-stepping, and rearing in the big arena this afternoon beat a lively crescendo upon the turf and dealt misery to the lucky he-men upon their "hurricane decks."

The first casualty occurred yesterday afternoon as the punchers were marking the broncs for the rodeo. George Shouse of Pampa, one of the last entrants, was hurled to the ground from the bare back of a wiry horse and slightly trampled by the animal. Shouse was taken to Pampa, hospital by Sheriff Lon L. Blansett, general manager of Frontier Days, Dr. R. A. Webb, and G. C. Hubbard. He spent the night there but was discharged.

Hundreds of persons milling around the streets started trekking toward Harvester stadium early this afternoon, and the stands took on the appearance of a football occasion, though the big hats made a distinction not to be mistaken. Concessions provided "eats" and amusement for young and old.

The biggest attraction is and will

SIDELIGHTS ON FRONTIER DAYS

Frontier Days is going to put Pampa in the movies, Carl Bennefield, camera man for the Pampa Daily News-Universal newsreel—an agreement just perfected—will take many feet of action stuff on the parades and rodeos. Paramount's Mr. Herman will do shots for his service, and other cinema firms are expected to have cameramen here.

For speed, one does not usually look to oxen, but Dick Cann of Higgins says that Amos and Andy can step along quite lively on demand. The oxen, broken by Mr. Cann, six three years old and of Holstein descent. He brought them in trucks, not having the patience to drive them about 90 miles. And we don't blame him!

Mrs. Jim Rider was the first music teacher in Pampa, according to oldtimers, and she was organizer for the first Sunday school in this cowboy town 26 years ago. Mr. Rider owned a livery stable.

A little tent city has sprung up around Harvester park in the last few days. Modern rodeo hands carry their wives, children, tents, bedding and cooking utensils with them. Apparently, Pampa's Frontier Days event has been widely advertised because there were cars bearing licenses from Maryland, New Jersey, Nevada, Kansas, and New Mexico on the camp grounds, this morning.

Hitching posts have been constructed at various places in the city. One of the longest of these hitching racks is on the vacant lot across from the courthouse where part of the rodeo will be held.

about—to regain some of the moral stamina and willingness to earn what we get that characterized the pioneers.

About Deflation. We quote the Claude NEWS on the need of some inflation at this time:

"Before this world wide depression started the News Editor bought a Model 8 Linotype, agreeing to pay something like \$5,000 for it. He is still paying on this Linotype and must pay equivalent of TEN THOUSAND DOLLARS CASH, IN BUYING POWER to get a bill of sale to said Linotype. Since it takes twice as much effort, pushing and pulling to get \$5,000 now and since money is worth TWICE AS MUCH, naturally this editor must dig up \$10,000 in order to pay a \$5,000 debt. Then, some ignorant cusses have the unmitigated gall and brass to say it is all in the mind."

"We are just talking and thinking depression and that is all that is wrong with us." This gush might go with the ignorant and brainless wonders, but the man on the streets begging for a job and needing something to eat and some more clothes on his back, knows that such statements are whole lies from start to finish."

Letter from Lamar, Colo. concerning recent trip to Oilfield Highway 41, meeting from L. M. Markham, secretary of the Chamber of Commerce:

"This office is in receipt of three copies of the Pampa Daily NEWS bearing date of May 18th in which you kindly made reference to your trip to this city in connection with the Convention of the Oil Field

'Key Men' Will Speak To Lions

DALLAS, May 26.—The key of Dallas will be given "key men" in Texas Lionism when the Texas state convention of Lions clubs meets in Dallas, June 6 and 7, declared S. A. Stewart, secretary of Texas Lions.

"A special recognition of these men who have contributed so much to Lionism will be provided for during the two-day convention," Mr. Stewart announced. Plans along this line are now being worked out.

Julian Hyer, of Fort Worth, president of Lions International, will address the Texas convention on the job ahead, June 7. Congressman Martin Dies, Jr., of Orange; Colonel Alvin M. Owsley, Dallas, former national commander of the American Legion; and Dr. Robert A. Clark, of Paducah, Kentucky, ex-officio member of the executive committee and of the Board of Directors of Lions International will be among the speakers.

Dallas is preparing to entertain the largest group of Lions ever to attend a state convention. C. J. Crampton, a past president of the Lions club of Dallas and executive secretary of the Dallas chamber of commerce, is general convention chairman. Among convention features are a "back lot" baseball game between the Oak Cliff Lions team of Dallas and an aggregation of Lions from over the state, governors' banquet, district luncheon, conferences, band concerts, and special musical features.

MISSISSIPPI PROMISED WASHINGTON, May 26. (AP)—Representative Ranking of Mississippi, backer of Franklin D. Roosevelt, said today there "seems to be no doubt now but that we will secure an instructed delegation from Mississippi." "If we do," he added, "it will virtually insure the nomination of Governor Roosevelt on the first ballot in Chicago."

PIONEERS—LOBBY--

(Continued from Page 1) was named for General Nelson A. Miles whom his father accompanied on an expedition against the Indians in the early seventies. Mr. O'Loughlin was born in Ellsworth, Kans. His father was born in Ireland. With Mr. O'Loughlin today were his three sons, Thomas, Miles and William. Mr. O'Loughlin's parents followed the Fourth Cavalry from Fort Dodge to Mobeetie, and they built the first house in Mobeetie. Mr. Huselby also came to Wheeler county in 1875. "Don't let anyone tell you son, that he lived in the Panhandle before 1875 because it wasn't safe. The Indians would have got their scalps in no time. Government troops were sent to Mobeetie because the buffalo hunters were killed over on the river at Adobe Walls," Mr. O'Loughlin said.

Old Foreman Here Cal Merchant of Clarendon, foreman for the Turkey Tracks a long time ago, Mrs. Merchant, and Mrs. Ben Biard of Clarendon, drove up for the celebration. Mr. Merchant is known to cowmen all over the Panhandle. Oldtimers still talk of his romantic marriage to a Panhandle girl. Cal had always been crazy about her and she felt the same way about him, but Cal was busy on the Turkey Tracks, and the girl became engaged to another fellow. Just before the wedding, Cal came down from the ranch and married his true love.

Milo Blodgett, son-in-law of Mrs. Marian Walstead here, recalled that many was the time he came into Canadian from bull-whacking to a dance, and fitted himself out in a "correct" manner with Reece Ewiler's outfit. "And that's just the way I used to do with Sam Isaac's best raiment," recalled Mr. Merchant.

One of Miami's best loved citizens, Newton Franklin Locke and Mrs. Locke were receiving acquaintance with old time friends. Mr. and Mrs. Locke last year celebrated their fiftieth wedding anniversary. Mr. Locke came to Mobeetie in 1879. He was county and district clerk in 1884.

Owens Ranch Yet Mr. Cunningham came to Mobeetie in 1882. He ranched in Roberts county about 38 years before he moved to Amarillo. He still

Former Follies Girl Quits Her Negro Husband

LOS ANGELES, May 26 (AP)—A former follies girl, Helen Lee Worthington, has been granted an interlocutory divorce decree from her negro physician husband, Dr. Eugene C. Nelson.

The actress charged her husband with physical attacks on her and claimed she was so severely injured that she was forced to summon police. On numerous occasions, she said, he had fits of temper and threatened to kill her.

Miss Worthington met the negro physician, in April, 1927, when she was treated by him after an intruder had entered her home and beaten her. They were married in Los Angeles, Mexico, June 28, 1927.

You Can't Marry

by Julia Cleff-Addams

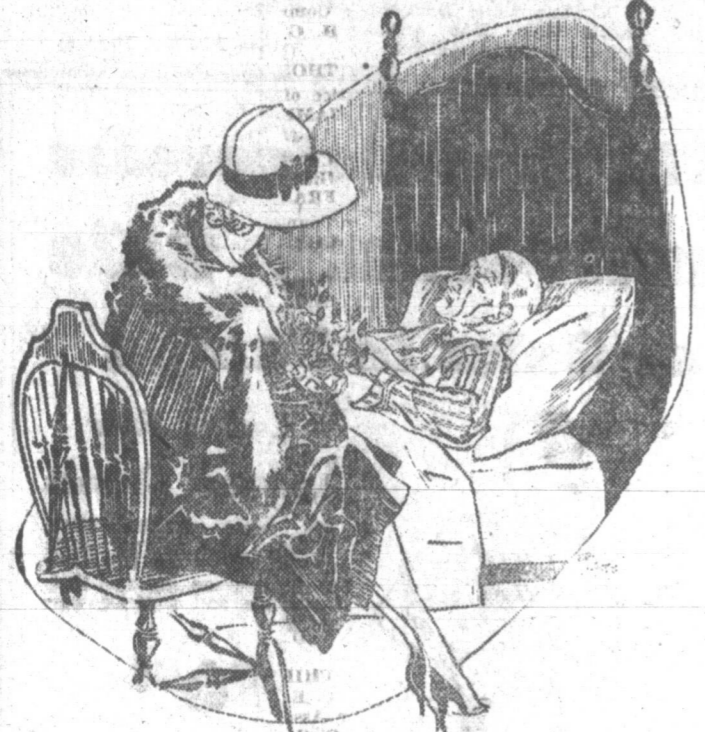

SYNOPSIS: Gratton Matching suspects that Jennie Revell is not married to Eddie Townsend, but that her cousin, George, is the girl's real lover. While the deception lasts, George can keep her position. Jennie's false position as Eddie's supposed wife has caused her to marry a man who is not her own.

Chapter 34
THE STORY OF A BRIDE
"Oh, are they for me?" said Jennie. Gratton Matching nodded.

"All of them? All these heavenly flowers?"
"Every one. Here, pick 'em up. The fools sent me red roses at first, but I sent 'em back. White roses for little Miss Jennie, eh? Fly there aren't blue roses, to match your gown. Blue and white, you're all blue and white today. And last night you were all silver."
Jennie sat again beside the huge bed, but now it was afternoon and she could see her strange old friend more clearly.

nephew he tried to bribe her? It was a business matter? Oh, why didn't I think of that explanation for myself?"
"You modern young people," grumbled the ugly old voice from the bed, "you never think of anything for yourselves that I can discover! You have to be told the simplest truths—and then you don't believe them." He rapped her hand smartly to recall her attention. "You don't believe what I have just said, I suppose, do you now?"

Yes, Jennie believed him. It was already difficult to understand how she had come to believe anything else. She must have what Ryder Vale had called an "inferiority complex." A profound conviction that no one who knew George could ever possibly have eyes for George's cousin. Even now—
"When your nephew spoke to you about me—he did speak to you about me—are you sure that he meant me, really? You see, it's so much more likely that he would be—would be interested in George."
"Much, much more likely!" jeered Gratton Matching. He rapped her hand again. "Now, you'll have to run away; I've got a lot of people coming to see me. Two doctors and a lawyer." The blank eyes that were yet so bright searched hers.

"If there's dirty work to be done at the cross-roads, you should do it yourself."

"I began to be afraid this was the wrong time of day, though. I had such trouble in inducing your servants to let me see you."
The rasping voice rose to a squeal.
"I'll dismiss the lot of them, the idle, incompetent hounds! I'll—no, wait, maybe they didn't get my message that you were to be admitted at any time at once! It was that valet fellow I gave it to, and then later on in the night I sent him packing. You said you didn't trust him. Remember?"
"But you didn't dismiss him because of anything I said?"
"I had my suspicions of him for a long time. It was he, I don't doubt, who sold the Mexican estimates to the Gortzen group. You don't follow that, eh? Never mind; your cousin will, no doubt. You can tell her if you like."

Jennie pondered. All she could gather was that there was something about estimates that he wanted George to know and that he was shirking the job of telling her himself.
She shook her head at him, dimpling. He really was so absurdly like grandfather!
"If there's dirty work to be done at the cross-roads," she declared, "you should do it yourself."
"You pretty, pert thing! There's spirit in you!"
"I'm George's cousin," she reminded him. It had struck her before as inhuman the way he never mentioned George.

"Yes, stuff of a kind in her, too," he agreed. He gave his familiar wriggle and lay flat. He looked more than ever like a long gray slate-pencil. "She showed it all right the other night, didn't she? You know about that, of course, the little trap we laid for her, my young nephew and I?"
"No, I don't know. Mr. Matching, tell me!"
"Nothing very important. Just a little trap we laid to see if she would sell my nephew a business secret. And she wouldn't."
"You mean," stammered Jennie, "that before she knew he was your

Profiteering With Veterans Charged

CHICAGO, May 26 (AP)—Henry L. Stevens, Jr., national commander of the American Legion Tuesday charged the government with "profiteering at the expense of the world war veterans."
Expressing himself before a mass meeting of Legionnaires here, the young Warsaw, N. C., lawyer asserted the government should charge the veterans no more than 2 per cent on bonus certificate loans.
"By charging 4-1-2 per cent and borrowing funds itself at 1 to 2-1-8 per cent interest, he declared, the treasury is making a profit of about 2-1-2 per cent on each loan to a

Abilene Walker Blisters Toes—Walking Forward

ISTANBUL, May 26 (AP)—Udun L. Wingo of Abilene, Texas, who walked backwards nearly 4,000 miles until he bumped into the law in the Balkans, now has blisters on his toes and his feet are tired.
Europe was a nice continent to look back upon, he said, until he backed into the police, had to take off his perspicuous glasses and right about face into jail.
He got the blisters on his toes walking forward several times a day from the jail here to passport headquarters. "If they'd only let me go backwards," he said, "it wouldn't be so bad. But I get all tuckered out now when I have to walk forward. It uses such different muscles."

Trouble began for Wingo in Rumania after he was back-tracking through Germany, Czechoslovakia, Austria, and Hungary. Then when he reached the Bulgarian border King Boris' guardsmen thumbed their regulations, found nothing about people walking backwards and decided to arrest him.
After three days he was sent to Turkey, where police rearrested him. Later he was released, but he could not get out of Turkey, backwards or forwards, with out a new passport.

Revenue Bill In 'Pressure' Zone

WASHINGTON, May 26 (AP)—Out of the tariff storm temporarily with four import duties still intact, the billion revenue bill today moved into a new high pressure area formed about the export debenture farm relief amendment.
Leaders professed to see less trouble ahead, however, with the filibuster against import duties broken.
The tariff coalition swept onward again to give approval to the lumber and copper import taxes after decisively defeating the move for general tariff revision. Previously duties on oil and coal had been retained.
Three of the 500 tariff amendments offered by Senator Tydings (D., Md.), disappointed foe of the oil import tax, were moved down, in rapid order by two to one margins and the Marylander quit his filibuster threat indefinitely.

SHERIFF'S SALE

THE STATE OF TEXAS COUNTY OF GRAY.
NOTICE IS HEREBY GIVEN that by virtue of a certain Order of Sale issued out of the honorable district court 10th judicial district of Texas, in and for Galveston county, state of Texas, on the 18th day of April, A. D. 1932, for the sum of Fifty-seven Hundred and Thirty-two and 10/100 (\$5732.32) Dollars together with interest thereon at the rate of 8 per cent per annum since December 27, 1929, and costs of suit, under a judgment in favor of American National Insurance Company, a corporation, versus J. G. Gantz and Letitia Payne Gantz, his wife, placed in my hands for execution, I, Lon Blanscet, Sheriff of Gray County, Texas, did on the 12th day of May, A. D. 1932, levy on certain real property lying and being situated in said Gray County in the state of Texas, said judgment being a lien upon said real property which is described as follows, to-wit:
All that certain lot, tract or parcel of land lying and being situated in the City of Pampa, Gray County, Texas, known and described as Lot No. 19 and the North 12 1/2 feet of Lot No. 20, in Block No. 36 of the original town of Pampa, fronting 37 1/2 feet on Somerville street; and also, all that certain lot, tract or parcel of land lying and being situated in the City of Pampa, Gray County, Texas, known and described as the South 12 1/2 feet of Lot 20 in Block 36, fronting 12 1/2 feet on Somerville street of the Original Town of Pampa.
That certain lot or tract of land situated in Gray county, State of Texas, more fully described as follows: Being all of Lot numbered Nineteen (19) and the north twelve and one-half (12 1/2) feet of Lot Twenty (20) in Block Thirty-six (36) of the original town of Pampa, in Gray County, Texas, as shown by the recorded map of said town, said property having a frontage of thirty-seven and one half (37 1/2) feet on Somerville street and running 140 feet to alley in said Block numbered 36.
Being the easterly fifty (50) feet of Lots Seven (7) and Eight (8), in Block Thirty-seven (37) of the original town of Pampa, Gray County, Texas, and being a lot 50 x 100 feet, according to the map or plat of said addition or a file in the office of the county clerk of said county, same being levied upon as the property of J. G. Gantz, and Letitia Payne Gantz, and that on the first Tuesday in June, 1932, being the 7th day of said month, at the court house door of Gray County, in the City of Pampa, Texas, between the hours of 10 o'clock a. m. and 4 o'clock p. m., by virtue of said levy and said order of sale, I will sell said above described real estate at public venue, for cash, to the highest bidder, as the property of said J. G. Gantz and Letitia Payne Gantz.

And in compliance with law, I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding the day of sale, in the Pampa Daily News, a newspaper published in said Gray County, Texas.
Witness my hand, on this the 12th day of May, A. D. 1932.
LON L. BLANSCET, Sheriff, Gray County, Texas. By J. P. Archer, Deputy. (May 12 1932)

Sales Tax Much Talked by Press and Mr. Hoover

WASHINGTON, May 26 (AP)—Backed by pledges of aid from leaders of the American press, President Hoover today looked more hopefully toward a speedy slashing of the congressional knots delaying budget-balancing legislation.
The pidgeons came voluntarily from numerous members of a group of 39 American leading newspaper publishers who gathered last night in the president's study for a conference which lasted until after midnight.
The president and his guests talked freely about their views of the country's present needs and about the state of sentiment in congress and in the nation at large. Apparently there was no concerted program of action submitted or agreed to, but from some conferences came conflicting reports as to what had taken place.
The sales tax, spoken of at length both by the president and his guests, caused some of these disagreeing reports. In one quarter the discussion was interpreted as meaning the chief executive considered the general sales tax not only not dead, but available now to clear away delays in congress over balancing next year's budget.
But other conferees denied this strongly. They said a reported shift of sentiment toward the sales tax among these house members who helped kill it had been cited by the president merely as an illustration of rapid changes which the complexion of congress has undergone, pointing, inferentially, to the need for strongly led public opinion.

Luncheon at Schneider Hotel Given For Treble Clef Club on Wednesday

Selections by talented Pampa musicians featured the 1 o'clock luncheon program for the Treble Clef club yesterday at the Schneider hotel.

The luncheon was served at a table beautifully decorated with garden flowers, the flowers and the place cards having been arranged by Mrs. J. W. German, Mrs. M. W. Jones and Mrs. Don Young. Mrs. Philip Wolfe, club president, was toastmaster for the occasion.

Mrs. Garman opened the program by singing in the choruses of Tomorrow (Deppen) and Little Rose of May. She was accompanied at the piano by Miss Irene Willis. Mrs. May Foreman Carr then played two piano selections, Redpoll's Impromptu C-Sharp Minor, and Hopak (Moussorsky). How I Love a Summer Day (Charles Road) was sung as a duet by Mrs. A. H. Doucette and Mrs. M. W. Jones. Mrs. Jones accompanied at the piano by Miss Willis, and as an encore, Mrs. Doucette sang Chase Your Blues Away.

The entire group joined in a sing-song led by Mrs. W. A. Bratton, club director. The club also presented a gift to Mrs. Carr as a token of appreciation for her service to the club during national music week.

Those attending were Miss Iva June Willis, Miss Loma Groom, and Mesdames Philip Wolfe, A. N. Dilley, A. W. Mann, M. W. Jones, Henry Gerhard, Charlie Thut, H. C. Price, W. A. Bratton, Sam Irwin, J. J. "OLD BONES" FAMOUS NEGRO CHARACTER, AT CELEBRATION

"Old Bones" Matthew Hooks, pioneer negro, is one of the most interesting visitors to the Frontier Days' celebration.

Bones has been through the entire category of the development of the Panhandle area. He started as a very small boy as horse wrangler, soon after the railroad arrived at Henrietta.

He got into bad company, an alleged gang of cowboys. The story is told that the gang were captured by rangers and started hanging the thieves. All had been hanged but Bones when "Skillet Bill" Johnson, for many years sheriff of Hemphill county, rode up and talked the cowmen out of their plans to hang the negro boy.

Bones grew famous as a bronco rider. He worked for many years on the famous RO ranch near Clarendon.

For a short time, he worked in the Pecos county, occupying a line camp. Bones has a lot of common horse sense. He is proud of the fact that he lived in this section when no other negroes were allowed.

"I always managed to get along with the white-folks," says Bones. "We never had any trouble."

Of course there were a few who would take advantage of his color occasionally. Down on the Pecos, the boys used to come to camp when I was away stay all night, eat all they wanted and leave their dirty dishes and the beds un-made. I didn't mind them staying—that was the un-written law—but I did resent the fact that they didn't clean up.

"They got so bad that I had to do something, so the next time I left the camp I put up a sign 'Don't kill the rattlesnake. He is a pet.'"

"I am proud to be here and meet these oldtimers," said Bones. "For a long time, I have been sending a white flower to these oldtimers when they die, showing that I think they are the whitest people on earth."

"I would rather have old Bones honor me with a white flower when I die than to have the finest best money could buy," said an oldtimer standing near. "Bones knows his white-folks."

Curtis Hoax Is Being Probed by New Jersey Now

FLEMINGTON, N. J., May 26. (AP)—The Hunterdon county grand jury today began consideration of the gigantic hoax perpetrated by John Hughes Curtis, Norfolk, Va., "negotiator," in the Lindbergh kidnaping case.

Captain J. J. Lamb of the New Jersey state police, who has been active in the police investigation of the kidnaping, was called by Prosecutor Anthony M. Hauck as his first witness.

Lamb was one of the first state police officials to arrive at the Lindbergh home in the Sourland Hills the night of March 1, the night the child was stolen.

Captain Lamb remained before the jury thirty minutes and fairly ran down the stairs leading to a driveway where his automobile was parked.

If the grand jury finds an indictment against Curtis today it will not be officially returned until it is handed to supreme court Justice Trenchard Saturday morning.

Wilkerson Not Confirmed Now

WASHINGTON, May 26 (AP)—For this session at least, it is now unlikely that the senate will confirm the nomination of Judge James H. Wilkerson to the United States circuit court.

Sentencer of Al Capone, the gang lord, Wilkerson has been under fire of labor organizations for past decisions they regard as unfair and oppressive.

The judicial sub-committee which has studied the nomination all through this session finally asked the jurist to appear for a personal statement on his past acts and views.

He advised this group yesterday he will not be able to come for several weeks because of a long and important case now before him.

Members of the committee indicated they would not vote on the nomination before hearing him.

If unconfirmed now, President Hoover will have a chance to give Wilkerson a recess appointment as soon as congress adjourns.

SAN ANTONIO LOSSES BATTLE ON PHONE RATE

SAN ANTONIO, May 26 (AP)—Efforts of the city of San Antonio to restore telephone rates in effect here prior to March, 1928, received a setback yesterday when Judge Joseph B. Dibrell of Seguin, special master in the controversy, filed his report with the United States district clerk.

He upheld the contention of the Southwestern Bell Telephone company that its rate in rates of from 25 to 33 1-3 per cent early in 1928 was justified and that its earnings were fair and reasonable, based on the company's investment here.

The decision is based on testimony brought out in two hearings before him here.

Judge Dibrell recommended that the temporary injunction against the city's interference with rates set by the company be made permanent and carried a reservation "that if existing conditions should change so that the rates prescribed by a city ordinance are no longer confiscatory, the city may apply to the court for a proper modification of the decree."

The ordinance referred to was passed by the city commissioners early in 1928 and would have required the commissioner's approval of any rates set by the company before they could become effective.

This step was taken by the city after the company had made formal application to increase its monthly residential rate from \$3 to \$4 and the business rate from \$7.50 to \$9.

A CUBIC MILE of fog may contain scarcely a gallon of water. The small particles making up a fog are so minute that it takes some 25,000, placed end to end, to make an inch. In May, 1928, dozens of ships were held up for two days in the harbor of New York City, and there was one collision after another. "Silence Zones" sometimes occur in a fog and add to the dangers of navigation. Within these freak zones a foghorn may not be heard only a short distance away, but will be plainly audible at much greater distances. Patches of uneven temperature and humidity are believed to cause this condition.

JAPAN'S MILITARY POLICY IN MANCHURIA STAYS FOR PRESENT

TOKYO, May 26 (AP)—Japan's military policy in Manchuria was more firmly entrenched than ever today when, at the last minute, General Sadao Araki was named to continue in his post of war minister under the new cabinet of Admiral Saito.

The stocky little militarist with the long black mustache accepted a reappointment shortly before noon.

General Araki's acceptance completed the list and enabled Admiral Saito, the new premier-designate, to announce to Emperor Hirohito that the national coalition government to succeed that of the slain Premier Suoyoshi Inukai finally was formed.

Retention of General Araki guarantees the continuation of the present military policies in Manchuria which have been criticized throughout the world and are at present the subject of a special inquiry by the league of nations.

These policies include relentless prosecution of the "pacification" campaign of the Japanese army, support for the new regime of Henry Pu-Yi at Changchun, measures for binding Japan and Manchuria together into a single economic unit and continuation of the dominating part taken in the Pu-Yi government by the Japanese army.

The post of foreign minister was left vacant in the new cabinet list but Admiral Saito said he would assume it himself until he is able to induce one of the empire's senior diplomats to accept.

Farm Board and Board of Trade Now in Dispute

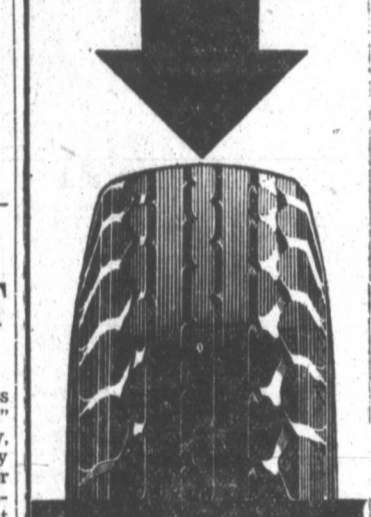

CHICAGO, May 26. (AP)—Friction between the Chicago Board of Trade and the Federal Farm Board forces developed into open hostilities today with the decision of Board of Trade directors to suspend the trading privileges of the government-owned Updike Grain company.

George S. Minor, president of the grain stabilization corporation and general manager of the Farmers' National Grain corporation, said he was sure the government would be asked at once to invoke the grain futures act against the Board of Trade. Secretary of Agriculture Hyde had been urged previously to revoke the exchange's license and said he would withhold consideration until the Updike matter was decided.

The decision reached by the Board of Trade directors last night was based on charges that rules of the exchange were violated in the transfer of the grain company to the government a year and a half ago. The directors also suspended two officers of the Updike company.

"Regardless of the fact that these men were officers of the Farm Board subsidiary, financed by the government, we had no other recourse if the integrity of the exchange is to be maintained," said a statement which accompanied the decision.

FORMER TEAM BOBBIES FEEL MIGHTY ARM

CHICAGO CUBS NEED HIS HELP TO BATTLE BOSTON

By GAYLE TALBOT Associated Press Sports Writer
Burleigh Grimes admitted three days ago he was just about washed up as a big league pitcher, but he would never have gotten away with it had the St. Louis Cardinals been sitting in judgment.
The Red Birds were ready to swear today that the 38-year-old spitballer still has plenty of jolts left in his right arm. All they needed to refresh their minds was a glance at yesterday's box score, in which they encountered their former teammate, who, toiling for the Chicago Cubs, set his old comrades down with seven scattered hits and shut them out, 3 to 0.
The triumph not only was a source of satisfaction to the veteran, but was a help to the Cubs in their neck and neck scrap with Boston for the National league top.
Bobby Brown, the 20-year-old sensation, kept the Braves at the head of the class by defeating Brooklyn, 4 to 2, on four hits. The youngster was invincible in all but two innings.
For the third straight day, the Giants and Phils engaged in an old-fashioned slugfest, and the Giants made it two out of three for the series by winning, 12 to 8.
Fumbles by Heath and Hafey helped Pittsburgh score five runs in the first inning and eventually trim Cincinnati, 9 to 4, for the second straight day.
Only two games were scheduled in the American league. One Chicago was rained out and the other, at Detroit, was washed away in the fourth inning with the St. Louis Browns ahead, 1 to 0.

Phillips Team Still Determined To Defeat Rivals

The Magnolia "Mags" and the Phillips '66' Olers, the team that refuses to stay beaten, will clash for the third time this season at 4:30 o'clock this afternoon at Harvester park. The "Mags" won both the preceding games by one run margins.
To prove that they are never whipped, the Phillips softball team will play THE NEWS for the third time Monday afternoon. The typesetters have beaten the oil boys twice by one run margins.
Fans are expecting to see two youngsters hunt today's game. Casey for the Magnolias and Clemmons for the Phillips are the dope pitchers. Both youngsters are under 20 years. Cason let the Olers down with two hits and one run last Sunday in LeFors.
The "Mags" will be at home to the Skellytowners at 3 o'clock Sunday afternoon. The Pampa nine won a close decision at the Skelly boys two weeks ago.

MORELAND, MEDALIST AND CHAMP, STARTS STRONGLY

Many Confident Youths Are Waiting Chance To Be Finalist With Him.

TEXARKANA, Ark., May 26 (AP)—Gus Moreland of the Dallas country clubs started defense of his Texas golf association championship here today after winning the medalist trophy.
It was a confident champion who teed up in his first match against Neil Smith of Dallas and maybe Moreland should feel that way since his daring round of chance-taking golf yesterday which netted him a 34-37-71 for a 36-hole qualifying score of 75-71-144. In battling Smith, Moreland meets a player who beat him for medalist honors last year in a playoff.
But Moreland wasn't the only confident youth who teed up today. The first flight was full of them plus a few veterans seeking a comeback, such as George V. Rotan of Houston and Roy Cochran of Tyler, both former champions and still playing championship golf.
Moreland is in the upper bracket. In the lower bracket is the husky, long-hitting Louis Nowlin, seeded number two in the drawing, who hopes, if he gets to the finals Saturday, that Moreland will be there ready for a 36-hole championship battle.
The defending champion nosed Nowlin out as medalist by two strokes. Nowlin shot 36 holes in 69-77-46, even par. Nowlin three-putted seven greens.
Nowlin had as his opponent today Dudley Golding, a brilliant match player from Dallas who is thoroughly experienced in state tournament competition.
Byron Nelson, third in the qualifying round with 74-76-150, faced a powerful foe in Rotan who qualified with a 159. Rotan held the state title five times and is a former member of the United States Walker Cup team.
Match competition today and tomorrow requires two matches each day. It required a 36-hole card of 169 to make the championship flight.
Reynolds Smith of Dallas, runner-up last year, qualified with a 158, and was paired against Leland Hamman of Paris in his first match.

Cisco Sues for Grid Opportunity

EASTLAND, May 26 (AP)—As an aftermath of the hightower eligibility dispute, the Cisco school district has filed suit in district court here against the oil belt football district executive committee, the state interscholastic league committee, and John M. Mouser of Eastland.
The petition asked the court to set aside the state committee's action in suspending Cisco high school from the next football race and to restrain the committee from making any football schedule which does not include Cisco. Damages also were asked, \$5,000 as exemplary, and actual damages in whatever amount may be proved to have been suffered.
Fred Hightower, a transfer from Tyler, helped the Cisco football team defeat Breckenridge. The game was ordered forfeited to Breckenridge after that school claimed Hightower had been enrolled at Cisco less than 30 days when the game was played. The state committee later suspended Cisco from the next race.

Few Favorites in Golf Tourney of Southern Women

HOT SPRINGS, Ark., May 26 (AP)—Few of the favorites remained among the quarter-finalists in the women's trans-Mississippi golf tournament today.
Mrs. Leon Solomon of Memphis, one of the south's outstanding golfers who survived the close early competition, was matched with Miss Hilda Urbank of Austin, Tex., surprise victor over the medalist, Mrs. Ben Fitzgugh of Vickburg, Mississippi champion.
Miss Lucille Robinson of Des Moines, one of the younger favorites, earned the right to continue competition by eliminating another ranking youngster, Miss Annela Gorczyca of Fort Worth. She was paired today with Mrs. Tom Wallace of Sapulpa, the Oklahoma champion.
Two of the tournament dark horses, Miss Mary Elizabeth Ford of Kansas City and Mrs. J. L. Walter Beyer of Tulsa, met and in the other quarter-final, Mrs. Stanley Alexander of Little Rock met Miss Anne Webster of Kansas City.

MOTHERS! If Your Child Is Kept Out of the School Swimming Tank Because of Athlete's Foot

What Are You Doing About It?
Are you trusting to the teachers and the school nurse to cure him? Or are you seeing to it yourself that he gets the proper medication? Are you taking measures to safeguard the rest of the family—including yourself—from infection? Athlete's Foot, remember, is very catching.
See that your child soaks his feet thoroughly with Emerald Oil BEFORE and AFTER his bath, and that he treats his feet with it regularly every night and morning.
Don't let him run around barefoot, especially in the bathroom. Sterilize the tub after him, and the bathroom floor. Don't let him put on any one else's shoes or stockings. Boil the sheets from his bed.
Have the best of the family use plenty of Emerald Oil on their feet as a precautionary measure. Use it yourself.
One bottle of Emerald Oil is guaranteed to end every symptom of Athlete's Foot or money back. Richards Drug Co., and all other first-class druggists sell it with that guarantee—adv.

GALLERIES TO BE SMALL IN LADIES' MEET

NATURAL SEASIDE LINKS NOT ADJACENT TO ANY CITY

SAUNTON, North Devonshire, May 26 (AP)—Saunton Sands, where Mrs. Glenna Collett Vane, Helen Hicks and other luminaries of America's golfing contingent will start play tomorrow in the 36-hole qualifying round of the British women's open golf championship, is one of the most isolated spots in golfdom.
It's glorious golfing country but nobody can accuse the ladies of the British L. G. U. of trying to attract a gallery of attempting to commercialize the game.
Saunton isn't a town at all, just a few summer houses and a few permanent village folk. It's seven miles to Barnstaple and eight to Ilfracombe, where the Americans are staying. The Saunton golf club is two miles from the railway station.
But they take their golf links where they find them in these islands. Build the tees and greens, dig a few strategic bunkers—and there you are. Such is Saunton, a purely natural seaside links, admirably suited for women as to length.
In the absence of Joyce Wethered, captain of the British team in last year's international matches and generally regarded as the peer of all women golfers, America is conceded a great chance of producing a champion this time.
The burden of Britain's hopes rest between Enid Wilson, the present champion, and Diana Fishwick, winner in 1930. Both played fine golf in the international test.
American entries:
Mrs. Glenna Collett Vane, Helen Hicks, Marion Hollins, Mrs. Harley Higbie, Maureen Orcutt, Mrs. O. S. Hill, Virginia Van Wier and Mrs. Leona Chesney, all members of the American team that defeated England last week; Virginia Holdersher, Richmond, Va.; rs. L. S. Reed, Pittsburg; Mrs. William Ferris, Newton, Mass., and Ruth Batchelder, Boston.

Walker Favored in UZCUDUN Battle

NEW YORK, May 26 (AP)—Although he will be forced to concede some 25 pounds in weight and six inches in height, Mickey Walker, the modern giant-killer, has been established a 7 to 5 favorite in his 10-round bout with Paulina Uzcudun tonight at Madison Square Garden.
The Rumson bulldog has been training seriously for weeks and is said to be in equally as fine condition as when he held Jack Sharkey to a draw last summer. That, and the fact that Walker always has shown to his best against big men has caused experts to favor him over the basque.
For Walker the bout means a possible chance against Ernie Schaaf, Boston heavyweight, with the winner to challenge next the heavyweight title. For Paulina it means only a chance to upset another ambitious young man, one of the best things he does.

Rayburn passed through here en route to Washington from Houston, where he was keynoter at the state convention.

STEERS OPEN CAMPAIGN TO REGAIN LEAD

LONGVIEW BEATS FORT WORTH IN HOME GAME

By The Associated Press
The Dallas Steers, convinced that the only way to overtake the fast-stepping Beaumont Exporters is to embark on a protracted winning streak of their own are going about the task in earnest. Yesterday they won their fifth straight, 7 to 1, at the expense of Tyler.
The Steers climbed all over Milt Steengrafe at the start, scoring five runs in the first two innings. John Whithead, young Steer right-hander, kept the Trojans' nine hits scattered.
The opening at Longview was a success from every angle. President J. Alvin Gardner of the Texas league was one of some 6,000 persons who attended and the home team defeated Fort Worth, 4 to 2. Longview thereby advanced to a tie with the Panthers for fourth place. Old Tom Estell, starting his first game for the Cats, was knocked from the box. Lester White, Longview pitcher, chalked up his seventh victory of the season.
Beaumont won as usual, Galveston being the victim this time. The Shippers won, 9 to 1, a schoolboy Rowe held the Pirates to five hits and drove in three runs, two with a homer. It was Rowe's fifth victory against no defeats.
Houston smothered San Antonio, 16 to 3. Lee Stebbins, Buff first-baseman, tied the league record of three triples for a single game, setting what was believed to be a new mark by hitting the three-ply swats in successive trips to the plate. He also got a double and a single.

SOUNDS FIERCE

LONGVIEW, May 26 (AP)—"Cannibals" is the official nickname of which the newly-adopted Longview Texas League team will be known henceforth in baseball circles.
A vote of baseball fans showed this name was favored over "Spudgers," the appellation under which the team operated until its recent transfer from Wichita Falls to East Texas.

FIVE McLAUGHLIN CHILDREN AT LAKETON ONLY ONES THAT HAVE PERFECT ATTENDANCE

There is strong competition in the McLaughlin family at Laketon. It expressed itself in a telling manner during the last school term.

Out of 37 children enrolled in the Laketon school, five of the McLaughlin youngsters were the only pupils in the school who made perfect attendance records. This morning Supt. John B. Hessey mailed out certificates certifying the quintet was neither absent nor tardy.

According to Mr. Hessey, the five-McLaughlin children are not all brothers and sisters. Some are cousins, but he does not remember who is who. At the first of the year, one of the McLaughlin children said, "I'm not going to be either absent or tardy this year," and the cousins and brothers and sisters shot back, "well, you can't beat me."

Yesterday the Laketon school closed with a picnic on Marr's ranch. Mr. Hessey who never misses a picnic said there were bushels

"Bonus Brigade" Is Moving Again

WASHINGTON, Indiana, May 26 (AP)—The "bonus brigade" today resumed its advance on Washington, moving out of here at 8:10 a. m. in 26 Indiana National Guard motor trucks.

Lieut. Col. R. H. Stillwell, in charge of the truck convoy, doubted that the "brigade" would reach the Ohio state line before tomorrow. Governor George White has said he will provide transportation across Ohio for the 300 world war veterans who are moving on to Washington to ask cash payment of their adjusted service certificates.

Today, Mr. Hessey and practically the same group of Pampans are attending a school-closing picnic at Zell.

Old Fiddlers To Contest Tonight

Contestants from Pampa, LeFors, and Clarendon entered the old fiddlers contest to be held tonight at the Rex theater, beginning at 11:30 o'clock.

Listeners will hear plenty of old-time music. Each contestant will play several selections. Those who attend the show before the contest will see Helen Twelvrees and Robert Montgomery in "Panama Flo."

The old fiddlers contest was arranged especially for the entertainment of old timers. Only oldtime tunes will be played.

Sharp Debate on Freedom of Air

ROME, May 26 (AP)—The first world congress of trans-oceanic fliers ended early today after an all night battle in which there was a sharp national division over "freedom of the air," with a view to future competition in transatlantic commercial aviation routes.

The lineup in the battle was France and Spain against the world, including fliers from the United States, Great Britain, Italy and Germany. It ended with a vote in favor of the resolution introduced by General Balbo of Italy and Wolfgang von Gronau of Germany demanding that all governments leave their airports open to trans-Atlantic flying, as they leave their seaports.

BARBECUE FOR 15,000 TO BE FEATURE EVENT FOR TOMORROW

Free barbecue beef for everyone will be served west of Harvester park at 12 noon tomorrow. Visitors will pass through the chutes first of course, then will come the "home fiddles," who will be hosts of the occasion. Mel B. Davis put 15 Gray county beavers, given by Gray county ranchers in the pits at 2 o'clock this afternoon.

Mr. Davis, between, veteran at the job, says the barbecuing will be finished at 10 o'clock tomorrow morning when it will be put into a truck and rushed to Pampa for slicing and serving. The meat will

be barbecued on the C. P. and H. L. Ledrick ranch north of Pampa.

The meat will be carved here under the supervision of Earl Talley and an army of butchers. Mr. Talley will also "boss" the serving. Besides barbecue, visitors will be served rolls, pickles, onions, and accessories.

Twelve rows of people will be served at one time. Large chutes have been prepared and one man will serve each item on the "menu". The army of "waiters" will be composed of members of the Junior chamber of commerce and their friends.

Wheat Acreage Found Larger

ROME, May 26 (AP)—The international institute of agriculture estimated today that the 1932 world wheat acreage exceeds that of 1931 by 7,000,000 acres.

The winter wheat area has decreased about 4,000,000 acres but the increase in the acreage of spring wheat was expected to be approximately 11,000,000. This includes an increase in the United States of 7,000,000 acres.

Increases noted in other countries were: Argentina 1,700,000 acres, Australia 1,000,000, Russia 1,000,000. The spring wheat acreage in Canada is expected to show a decrease of nearly 1,000,000.

Italian government restrictions on use of foreign wheat have brought a heavy decline in importations the last 10 months. In that period only 18,008,483 bushels were imported compared with 61,870,394 bushels the corresponding period the previous year.

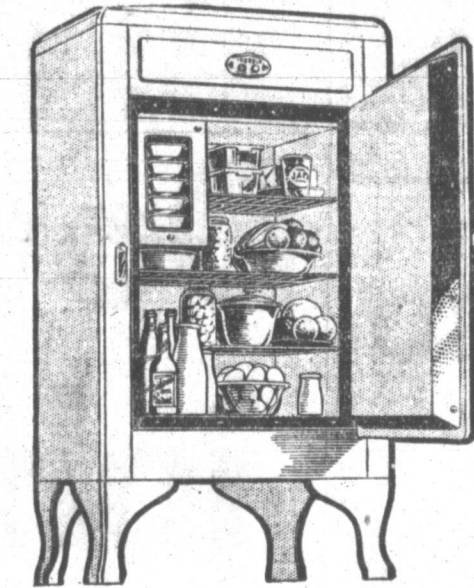

Te restrictions were applied directly to milling, in the form of a fixed percentage of domestic grain which millers were obliged to use in grinding flour. The result was so successful that the home crop ran short this year and a gradual easing of the ban has become necessary.

Richard Wischnemper of Shamrock was visiting here Thursday.

INSUFFICIENT EVIDENCE FOR CONVICTION CITED BY JUDGE IN DISMISSING JACKSON CASE

Insufficient testimony which would warrant or sustain a verdict of guilty was given by Judge W. R. Ewing as his reason for an instructed verdict to the jury to acquit Tom Jackson on trial for false swearing.

The case which held the attention of courts and grand juries in Gray county for a year and a half came to an abrupt conclusion after three witnesses testified and the state rested. A motion for an instructed verdict was presented by Mr. Jackson's attorneys, Chas. C. Cook and John Sturgeon.

The indictment was based upon an affidavit made before R. C. Wilson, county auditor, in which the defendant declared that a bill of \$3,840 for 1,200 yards of gravel spread on the McIlroy refinery road, was true. The grand jury charged that Mr. Jackson swore falsely in making the affidavit.

The state's case was based upon the testimony of County Engineer A. H. Doucette who stated yesterday morning that he measured the gravel placed on the road to be 643.3 yards of gravel instead of 1,200, and of W. B. Hendricks, checker on the job.

In granting the motion for an instructed verdict, Judge Ewing declared that Hendricks made a better witness for the defense than for the state. He pointed out that Mr. Doucette did not figure the amount of gravel placed on the approaches to the railroad crossing and to the McIlroy refinery, and that Mr. Hendricks' books did not include gravel hauled for two and one-half days in three trucks from the Schaefer pit.

GRAINS WEAKEN

CHICAGO, May 26 (AP)—Grain prices receded early today, influenced by fresh heavy downpours both in winter and spring wheat territory. European demand for wheat was reported as of only a half to mouth character. Opening 1/4-1/2 lower, wheat continued to sag. Corn started unchanged to 1/4 off and subsequently declined all around.

SIDELIGHTS

(Continued from Page 1)

Interest in the early life on the plains and Pampa a long time ago is indicated by the large crowds which continuously stand in front of the window of the Father's drug on Kingsmill where old time pictures are on display.

Seen on the rodeo grounds at Harvester park: Two silky haired Chow dogs rushing out of a tent and a woman rodeo hand after them... the Brahma cattle which won't eat while people are looking at them.

Mrs. E. A. Shackleton and Mrs. W. R. Ewing were followed by a large crowd this morning from the courthouse to the Schneider hotel. Mrs. Shackleton was all dressed up in her wedding dress. Mrs. Ewing wore a skirt that belonged to her mother, a white waist, watch and chain.

Photographers and news-reel men took pictures of the parade from the top of the Brunow building and other vantage points.

Rodeo horses are expensive. We saw a beautiful dun-colored horse and thought we'd like to buy it—since everybody in town has a horse and it's not stylish to go anywhere except by horseback any more. Decision not to buy the horse was made after the owner said the animal was priced at \$200.

Hostesses for oldtimers at the Schneider hotel were Mrs. Shackleton, Mrs. Ewing, Mrs. Nels Walbers, Mrs. P. C. Ledrick, Mrs. Katie Vincent, Miss Katherine Vincent and Mrs. Walter Purviance. All were dressed in costumes long since gone out of style. The Schneider hotel lobby was full of old timers.

Henry Ansley, irrepresible staffer of the Amarillo NEWS, gives this as his contribution to these sidelights:

Oldtimers say they could always tell by looking at a campfire whether the travelers were on their way to West Texas or not. If there were a few tin cans around the fire and some oats on the ground where the horses were fed, they were coming to the Panhandle.

If only a few mesquite bears were left where the horses had been fed and some rabbit hair around the campfire, then the travelers were going back to East Texas or Oklahoma, having lacked the intestinal fortitude to weather the storms and trials of the Panhandle of thirty or forty years ago.

Even the youngsters have the "cowboy craze." The young son of R. S. "Bob" Brashears, business manager of THE NEWS and president of the Junior chamber of com-

merce, is sporting a "5-gallon" hat and a big red handkerchief.

Sam Rider owned a drygoods store in Pampa 27 years ago.

And then there's the women's editor of the Pampa NEWS. With her riding trousers, boots, purple handkerchief, and borrowed cowboy hat, it is a difficult task to keep her at her NEWS office desk when there are so many broncs in town that "might" be ridden.

O. W. "Hootie" Harrah of White Deer, first white child born in Gray county, was getting many a thrill out of the celebration today. You'll hear him cheering the horses at the rodeo—and maybe a rider now and then.

Horace Russell of Amarillo, director of the Panhandle-Plains Historical society, and Prof. L. F. Sheffield of Canyon Teachers college, field secretary of the organization, rode in a Ford driven by L. Wirt of Canyon. The car, vintage of 1900, was "some boat." Prominent in the front seat was T. D. Hobart of Pampa, president of the association and one of the most popular cowmen in Texas.

Old boys, small boys, middle-aged boys, recent high school graduates—they made no difference to them that they acted the same age today. You can't be a typical frontiersman in spirit and act old.

Miller-Lybrand company, Ford agents, brought over a model of 1904 from Amarillo—and the thing actually percolated right down the street. The old cars added much to the interest of the parade.

Oldtimers say the Bluebonnet club was the first club for women ever organized in this section. The club was mostly to provide social activities, but some study was done.

An old issue of the Miami CHIEF contains a notice of Miss Vera Lefors' return home from Clarendon college. Miss Lefors is now Mrs. A. H. Doucette of Pampa.

Mrs. J. E. Ward, who is moving from Pampa to Spearman this week, helped organize the First Methodist W. M. S. in Pampa about 21 years ago. The group, which consisted of 12 members, devoted much time to Bible study and to sewing for the needy.

The first women's church organization in Pampa was the Ladies Aid, organized about 24 years ago with the assistance of Mrs. H. F. Barnhart. Three denominations were represented.

Reporters had no success obtaining news by telephone this morning. "Mr. and Mrs. John Doe have not returned from the parade" was the repeated reply.

Raymond Harrah, Jr., age 7, was

LIONS

graded in the last century," said Mrs. Phebe K. Warner, of Claude, candidate for congressman-at-large, in addressing the Pampa Lions club today.

"There have developed certain weak spots in our national life, which we must take steps to remove if we are to continue as a great Nation," said Mrs. Warner. "One of the best ways for Texans to assist in this work is to make it possible for all of our people to be able to see and enjoy our scenic beauties, such as the Palo Duro canyon, the Davis mountains, the Caddo lake and other interesting spots.

"We must not only care for the industrial and commercial welfare of our children but we must see that their leisure hours are made profitable in that they will get a vision of the higher and better things of life."

having the time of his life this morning. In typical cowboy regalia, he rode his frisky pony, Gloria, in the parade this morning. At his side rode his mother, who had wide experience in horsemanship.

A pretty lawn dress, with high collar, elbow length sleeves, and long skirt will be worn by Mrs. A. H. Doucette when she serves as one of the local hostesses at the Schneider hotel this evening. The dress was worn at graduation exercises by Mrs. Doucette's sister years ago.

COTTON OPENS EAST

NEW ORLEANS, May 26 (AP)—The cotton market had an active but easy opening today. Liverpool cable in 10 to 11 penny points lower than due, cables reporting the decline there as due to a large feature in the cotton trade at Liverpool. First trades here showed losses of 6 points. The market continued to ease off after the start, mainly on the Liverpool news, although the stock market also was a shade easier. July dropped to 5.56 and October to 5.76, down 11 points from yesterday's close.

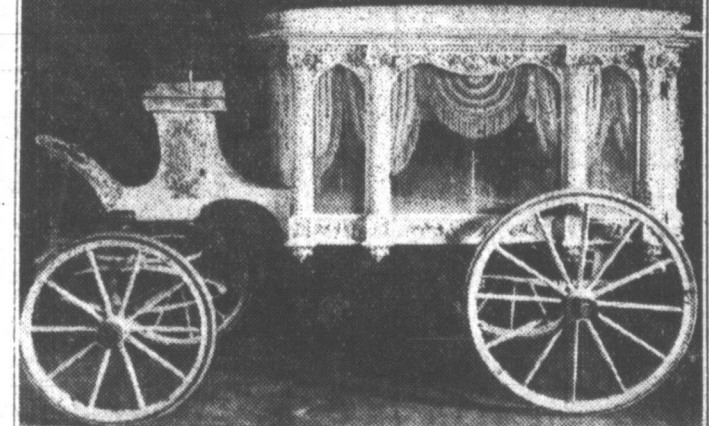

Toward the end of the first hour prices rallied 2 to 3 points on shorts covering.

CORRECTION

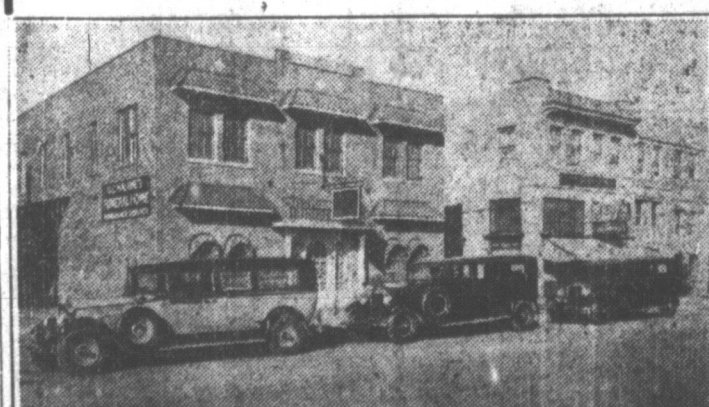

Through a typographical error in the advertisement of Gray County Grocery yesterday M. J. B. Coffey was quoted as 3 lbs. for 60c. It should have been 2 lbs. for 60c.

Do you inhale?

Almost an "untouchable" subject
in cigarette advertising
...yet 7 out of 10 smokers inhale knowingly—
and the other 3 inhale unknowingly!

REALLY now—how often have you wondered why the subject of inhaling has been generally avoided in cigarette advertising?
Why the mystery? Why the silence? We all inhale—knowingly or unknowingly! Each and every one of us breathes in some part of the smoke from our cigarette.
Do you inhale? Lucky Strike has dared to bring up this vital question—
for Luckies have the answer! Luckies assure you the clean, pure cigarette you want...because certain impurities concealed in even the finest, mildest tobacco leaves are removed by Luckies' famous purifying process. Luckies created that process. Only Luckies have it!
