NEED OF GASOLINE IS ACUTE—GOVERNOR MAY HELP

By LEO W. SHERIDAN  
Associated Press Staff Writer  
JOHNSTOWN, Pa., Aug. 4. (AP)—Shouting "goodbye" and "so long," a second trainload of bonus marchers left today in an "evacuation special" for the west and southwest. About 1,000 men and a few women and children marched in ragged lines from the squalid camp on the outskirts of Johnstown to Ferndale near the Baltimore & Ohio railroad, where the special train was made up.

The first train, with several hundred on board, left late last night for Illinois and the west coast.

Railroad officials are speeding preparations to evacuate the others at the camp and they expect the demobilization to be about 75 per cent completed by tonight.

The veterans seemed good-natured and willing to get out of Johnstown.

Twenty-five railroad policemen and city and state police assisted in the evacuation. There was no disorder.

While the bulk of the army will be sent to home states by train, there are several hundred who have their own cars and trucks and the problem of their evacuation was worrying Mayor Eddie McCluskey and B. E. F. staff officials.

The greatest need is for gasoline or money with which to buy it and McCluskey is attempting to communicate with Governor Clifford Pinchot to ask for help.

Most of the cars are so battered that it was suggested their owners leave them here and accept the state highway department's offer to take the owners a week ago truck.

Johnstown, apprehensive from the day the veterans began pouring into the city after being routed at Washington, showed much interest in the evacuation. Crowds lined the streets as the tattered columns marched trainward behind a band that blared martial music.

WASHINGTON, Aug. 4. (AP)—Officials of the District of Columbia today laid before a grand jury their account of incidents leading up to bonus army riots a week ago which were finally ended by eviction of the veterans by federal troops.

Two commissioners of the district, Luther Reichelderfer and Herbert Crosby, and the secretary of the commissioners, David E. Gargas, appeared personally before the jury bringing with them all records concerning their dealings with the bonus seekers.

The jury, ordered to make a thorough investigation of the trouble which cost two veterans their lives, already had in its records the story of Belham D. Glassford, superintendent of Washington police.

Meanwhile, arrangements were made at the war department for a military funeral for Eric Carlson of Oakland, Cal., with burial in Arlington National cemetery tomorrow afternoon. Carlson, a bonus marcher, died Tuesday as a result of wounds received last week in the rioting with police.

Guy A. Smith and son of Albuquerque, N. M., are visiting friends here this week.

**IRVIN'S ON THE PE-COS**—See Texas first, if you have the time and the means, but if you wish mountain scenery, the lofty elevation of 8,000 feet, accessibility to the Panhandle and to interesting old historic places, then choose a spot in nearby New Mexico. This column has described other parts of New Mexico previously—Carlsbad caverns, Santa Fe, Taos, Red river—but today this is written at Irvin's on the Pecos, the enchanting ranch resort place high in the Sangre de Cristo mountains. The Irvin's group of rustic cottages combines the finest scenery of the Pecos country with modern conveniences.

Here for an editorial "school" with a group of New Mexico editors, the Pampan watches the thermometer range from 50 degrees to 80, shivers a bit in shirt sleeves, and wonders how the folk back in Pampa, and especially Dallas, are standing the midday heat. Like a truant school boy, this "professor" finds overpowering the urge to explore challenging peaks, to climb to the light green patches of aspens whose ghostlike white trunks stand out in bold relief as one approaches, to wander up Holy Ghost canyon.

For those who know their rods and reels, the fighting trout in the Pecos offer the greatest attraction. Our luck was never very good around the white water—we prefer the dark, cool shade at the foot of a big tree in a Missouri creek. But the trout, fresh from stream to frying pan, are indescribable in their tickling of the appetite.

Time passes all too rapidly on the Pecos. From early morning when the stately pines and spruce trees are mirrored in the crystal lake at Irvin's until the early setting sun casts a golden halo over the peaks of Sangre de Cristo

**Excursion Rates To Chicago Offered**

The Santa Fe has announced that special excursion rates to Chicago will be available for August 12 and 13. First class round-trip tickets, with a 15-day limit, will be sold for \$25.95. Stops will be allowed at all points except in Texas.

The offer is being made because of the large number of persons wishing to visit Chicago as a summer resort and to see the progress made in preparation for the world's fair. Some of the fair buildings have been completed and others are near completion. Much entertainment is taking place in connection with the completion of the buildings, most of which are open for inspection.

**SOVIET RUSSIA ENTERS OIL MARKET IN NEW ZEALAND AND CUTS UNDER AMERICAN PRICE**

Quotations Now Five Cents Under Old Figure

OTTAWA, Ont., Aug. 4. (AP)—The hand of Soviet Russia was injected today in New Zealand's market for oil from the United States. It was reported that the Associated Motorists' Petroleum company of New Zealand, which heretofore has bought its gasoline, kerosene and lubricating oils from the United States and from the Netherlands Indies, had obtained an exclusive monopoly on the importation, distribution and sale of these products from Russia.

The Russian oil, the reports said, is to be sold in New Zealand at about 5 cents less a gallon than the price now paid for United States oil. Australia and Great Britain continued discussion of an agreement which would divert much of Australia's motorcar buying from the United States to Britain in return for British preferences on fruits, butter, wines, grain and dairy products.

These discussions gave rise to reports that the recently-reported steel accord between the united kingdom and the dominion of Canada was being extended to Australia. Various bi-lateral agreements in process of negotiation were seen as direct threats to many important American export products, including steel, textiles, oil, automobiles, fruits, farm products and farm machinery.

The effect of all these proposed agreements, however, even if they should be made, might not be what the makers intended. All of them would have to be submitted to the parliament, the participating countries for approval.

The planes were the advance guard of the infantry companies ordered here by Governor Harry G. Irlie after repeated urgent requests from Sheriff Joe Dreher, whose force of deputies was helpless to combat the well-manned picket line.

Acting on behalf of Governor Leslie, Adjutant General Paul E. Tembaugh proclaimed the Dixie Bee mine and adjacent territory under military control effective at 9:30 p.m. last night. At that time, however, the full strength of the guardsmen, under command of Col. Paul Seiberling of Jonesboro, Ind., had not arrived.

Late last night the governor, at Indianapolis, announced the negotiation of a virtual truce of hostilities at the embattled mine. He said after operators of the mine agreed to discontinue efforts to work the shaft with non-union labor pending a general wage settlement in the Indiana field, union representatives telephoned orders to disband the pickets.

Immediate denial came from officials of the Dixie Bee Coal Mining corporation at Terre Haute, who said no officer of the mine had conferred with the governor.

Mine officials said today they planned to resume hoisting of coal at the mine as soon as their employees recovered from effects of the long siege.

Stencils for re-marking the names of Pampa streets on the curbs started this morning. The street department will start work soon. It is also planned to mark outlying streets.

The names will be in letter three inches tall. The number of the block and the direction of the street will also be on the curb.

The convicts seized what guns and ammunition they could carry and disabled all other arms at the camp before fleeing on horses. Cecil Allen, another trusty guard, was struck over the head with a gun and slightly wounded when he also sought to prevent the escape, the first organized break from an Arkansas penal institution in ten years.

First reports from the fifty or more officers who were engaged in the search, part of whom took part in the gun fight, did not state which convicts were killed.

**GUARDSMEN IN TROUBLE ZONE OF MINE WAR**

DETACHMENT RESCUES INJURED WORKERS LAST NIGHT

UNION DROPS ITS SIEGE

WAGE AGREEMENT HAS BEEN URGED BY GOVERNOR

TERRE HAUTE, Ind., Aug. 4. (AP)—Union pickets early today abandoned their two-day siege of 65 workmen at the Dixie Bee coal mine as 820 Indiana National Guardsmen moved in to establish military control over the district.

Four wounded miners, without medical attention since Tuesday when they fought a pitched rifle battle in which one picket was killed and four injured, were brought to a Terre Haute hospital.

The picket line, its strength variously estimated at from five hundred to three thousand men, faded into the night as a detachment of 500 guardsmen rushed to the mine at midnight to remove the injured.

Four of the workmen were struck by four bullets.

Haggard from their vigil against possible attacks by the riflemen encamped about the mine shaft, the non-union workmen said they believed arrival of six national guard divisions late yesterday saved their lives.

Pickets appeared to be preparing to rush the mine, they said, when the first plane swooped over the battle line.

**BANK ROBBERY SUSPECT IS AMUSED AS ACCUSERS POINT TO WOMAN'S DRESS AS CLUE**

Kirkland Loot Is Still Missing Despite Arrests

CHILDRESS, Aug. 4. (AP)—A woman's dress figured largely today in efforts to solve the \$15,000 robbery of the First State bank of Kirkland. Officers said it had led them to Wade Stepp, about 30.

Wade laughed at the accusation. After the bank had been robbed Tuesday by a man, who bank officials said was garbed as a woman, a woman's dress was found in a corn patch, near the place where the robber's automobile had run out of gasoline.

By means of a peculiar trade mark, investigators traced the dress to a store in Quanah, where an employe remembered selling it. Stepp was taken into custody at the home of a sister near Quanah.

Two other men were held for questioning. None of the money was recovered.

SALEEN, N. C., Aug. 4. (AP)—Robbers broke into the Maiden bank early today, skidded the safe containing \$4,000 in cash and \$15,000 in securities into the street and escaped with it in a truck.

**Foreign Fans Expect To Cheer Their Athletes**

LOS ANGELES, Aug. 4. (AP)—The Olympic stadium was open today for the first morning show of the 1932 world sport classic.

India and Japan went out to play the first of a series of games of field hockey, the championship Indian eleven entering the contest an odds-on favorite.

While the hockey game was getting under way, the cyclists, representing a dozen countries, were pedaling furiously over Los Angeles county highways in the leading road race and the pistol shooting of the pentathlon was whooping things up at a rifle range well out of earshot of the bike riders.

Japanese were in good voice for track and field events of the afternoon, the men and women from Finland confidently expecting to have a chance to cheer the javelin thrower and the bare Tokyo delegation, supported by a local group of Japanese, was set to yell when the hop, step and jump is launched.

**Lions Will Join In Huge Banquet**

Pampa Lions today voted to join a civic club-farmer banquet plan to be executed next fall. The plan is to have a joint meeting of local civic clubs, with each member inviting a farmer-guest.

President John Sturgeon appointed a committee composed of Dr. H. L. Wilder, John B. Hessey, and Judge Ivy E. Duncan to assist in planning the farmer banquet.

A number of Joe Lyons will attend a zone session in Clarendon August 9, although Pampa is not in that district. District Governor C. H. Walker of Pampa will be among the clubmen who will attend.

**NEGRO IS CHARGED**

VERNON, Aug. 4. (AP)—Negligent homicide charges were filed today against Will Thrapp, Amarillo negro, and M. Ellis of Fort Worth, in connection with a collision on the highway near Vernon last night in which Edwin McMath, an attorney, and W. E. Settoon, a hardware dealer, were killed. Both of the men killed were from Plainview. The car, in which they rode crashed into a truck parked on the highway.

But when officers arrived at the scene of the shooting, they could find no trace of the wounded robber. It was assumed that his confederate had carried him away.

**CLUB FORMED TO AID LOCAL MAN IN RACE**

THOROUGH CAMPAIGNS IN COMMUNITIES PLANNED

CANDIDATE IN ADDRESS

GIVES MASTERFUL REVIEW OF STATE PROBLEMS

C. Herbert Walker was selected campaign manager of the Duncan-for-Representative club organized at a mass meeting in the district courtroom last night. J.O. Gillham was elected secretary-treasurer.

Mayor W. A. Bratton presided and opened the rally by introducing Mr. Walker, who stated that it was time Gray county had a representative in the Legislature at Austin and that friends Ivy E. Duncan had persuaded him to run for the last day allowed by law for filing intentions. He discussed the qualifications of Mr. Duncan and then called on him to discuss with the large gathering the stupendous expense of government operations and the duplications of expenses and exorbitant salaries.

"The club will wage a strong campaign for Mr. Duncan by organizing clubs in other towns and cities in the district and by talking 'Duncan for Representative'."

The issue in this race for state representative of the 122nd district is not whether the candidate is a farmer, a lawyer, a banker, or engaged in some other line of business. But the issue most paramount in the minds of the taxpayers and voters is one of "Governmental economy," the reduction in the cost thereof, the resultant benefits received thereby in the way of tax reduction, the knowledge of respective candidates of such governmental departments and departmental functioning, his ability to ferret out the unnecessary extravagance of departmental operations and the elimination thereof without impairing its efficiency, and the willingness and knowledge of the candidate as to how to erase from the taxpayers' burden the cost of unnecessary bureaus and commissions.

My profession as a lawyer has given me a knowledge of all of the governmental departments, their constituencies, the duties they are to perform, their capacity to perform them, the help they require and need.

My being a taxpayer has taught me of the cost of such departments, bureaus and commissions and the burden of needless waste and extravagance.

The amount of money expended in maintaining our several branches of government, our state institutions, our schools, and other boards or commissions is known to the average layman because it pertains to matters of law, a subject that is complicated and one in which a layman is not well-versed.

I am going to give you an itemized expense account for money appropriated for governmental costs and the maintaining of other state institutions for the year commencing August 1, 1932 and ending August 1, 1933, and while the account is not complete in every detail, yet it is so nearly complete

**ROBBER SHOT WHILE TRYING TO ROB MAN**

Dallas Attorney In Report on Road Affair

NACOGDOCHES, Aug. 4. (AP)—T. K. Irwin, Dallas attorney, shot and critically wounded one of two robbers who tried to hold him up on the highway 7 miles west of Nacogdoches early today.

Irwin was en route to Nacogdoches to try a lawsuit, traveling alone. The two robbers stepped in front of his car and waved flashlights. As he came to a stop, one came up on each side of his car, covering him with pistols. They were masked.

Grabbing the pistol which lay in the seat beside him, Irwin fired at the nearest robber. The man staggered back and fell in the road. The other ran back to a clump of bushes beside the road and fired several times at Irwin.

Irwin started his car again and after firing at the man in the bushes, drove to Nacogdoches, where he reported the attempted hold up. Officers went out to investigate and bring the wounded robber to a hospital.

But when officers arrived at the scene of the shooting, they could find no trace of the wounded robber. It was assumed that his confederate had carried him away.

TRAGEDY OF TYPHOID MARY

To most of us, "Typhoid Mary" is just a name out of medical history. It was a little bit surprising, the other day, to read that the woman on whom a generation of medicos have fastened that name is still alive, an inmate of a cottage on North Brother Island, New York City.

Typhoid Mary has been there more than 17 years. She is in perfect health and she has committed no crime, but she is under detention and she probably will be to the end of her days.

She works in the laboratories of a city hospital on the island, takes all her meals by herself in her little cottage, and while she is not strictly a prisoner she is never allowed to get very far from the watchful eye of the city health department.

There is something unspookably tragic about this woman's case. Mary Mellon—that is her real name—has the misfortune to carry the germs of typhoid fever in her system, and although she has never had the disease herself at least 57 cases of it, several of them fatal, have been traced to her.

To permit her to have her liberty would be to lose a certain, devastating source of infection upon everyone with whom she came in contact.

This case, somehow, seems to symbolize the way in which the modern world has erected restrictions on individual liberty for the sake of the common good.

Mary Mellon is the victim, not of willful injustice, but of the new order of society which must, now and then, sacrifice one for the sake of many.

Highway Work Will Be Begun

AUSTIN, Aug. 4 (AP)—New highway construction costing \$2,506,421 will get under way in Texas at once under contracts awarded by the state highway commission at its regular monthly meeting.

At yesterday's closing session, contracts for improvements in 16 counties were let at a cost of \$945,789. The day before contracts awarded aggregated \$1,560,632.

Fifty-two miles of concrete pavement were included in the construction authorized. One hundred and sixty three miles of grading and drainage structures were contracted.

More than four hundred miles of all types of construction and nineteen bridges were provided for.

Counties and highways sharing in yesterday's awards were San Jacinto, highway 150 and 156; Archer, highway 66; Jack, highway 66; Palo Pinto, highway 66; Hall, highway 18; Val Verde, highway 3; Fayette, highway 44; Crockett, highway 163; Irion, highway 163; Carson, highway 117; Presidio, highway 17; Lipscomb, highway 117; Garza,

Hitler And Papen Near Bad Break

BERLIN, Aug. 4 (AP)—The prospect of a serious break between Chancellor von Papen's government and Adolf Hitler, national socialist Chancellor Von Papen's government leader, over the recent riots in Germany was intimated in the Rightist press today.

This was coupled with evidence that Hitler was spreading his organization efforts into other European countries and planning a powerful nordic European alliance.

The ultra-Rightist Boersen-Zeitung said the government is considering a smashing emergency decree to end the rioting, in practically all of which Hitler's Nazis and his storm troops had a part.

That the decree would meet a protest from Hitler's forces was indicated by William Jube, head of the powerful Nazi delegation in the Prussian diet, Herr Kube severely criticized Chancellor von Papen, minister of interior Baron von Gayl and Franz Bracht, Prussian

dictator, for what he said was an attempt "to sabotage the Nazi election victory."

As a result of Hitler's international negotiations, Nazi parties, fashioned after his, have been founded already in Norway, Sweden, Denmark and Holland.

Reports of his emissaries indicate the Nazis are laying the foundations of a future foreign policy intended to result in a bloc of racially related nations to pursue a common policy in relations with the Slav and Latin nations.

The Berliner Tagblatt, a powerful liberal paper, said today the Reichstag would not be called in session until Aug. 30, the end of the 30-day period allowed by the constitution after the election.

Alfred Hugenberg's nationalistic newspaper, Lokal Anzeiger, generally well-informed on Nazi affairs, said Hitler was willing to share governmental responsibility in a new cabinet, but will make his demands high.

President von Hindenburg, however, and the members of the present cabinet, it said, intend to keep the cabinet functioning without any outspoken partisan character.

Sister Mary's Kitchen

BY SISTER MARY NEA Service Writer

The mission of the first course in any meal is to stimulate and whet the appetite. In summer, particularly, such a course is needed because the heat tends to take away our desire for food.

Ice cold bouillon of jelly-like consistency is a welcome dish on a hot day. Fruit in the form of a cocktail, soup or appetizer also is popular for summer meals.

Chilled fish cocktails, vegetable juice cocktails all make inviting beginnings for hot weather menus.

Carefully seasoned and thoroughly chilled, these first courses invite one to forget the weather.

Whenever it is possible to serve a cold concoction in a well of ice, so much the better. But if this form of service is not convenient, keep the food on ice until ready to serve.

Always chill the service container before filling it with the mixture.

Fruit is refreshing and zestful served in one of its many forms. In making a fruit cocktail be sure to cut fruit neatly in small pieces.

Crushed or broken fruit is much less inviting than firm, perfect sections. If melon is served as an appetizer do not cover it with crushed ice. This harms the flavor and is not a really effectual method of chilling.

Chill the fruit thoroughly before cutting and serve at once.

Jellied consommé is delicate for hot summer noons or evenings. Highly seasoned, it stimulates the appetite much as the hot soup does.

Jellied tomato bouillon is appealing with its tart piquancy. It should be quivering firm but not stiff enough to hold its shape.

A too-stiff jelly is unappetizing. Crisp wafers are a good accompaniment for any jellied soup.

Tomorrow's Menu

BREAKFAST: Baked apples, cereal, cream, minced ham on toast, milk, coffee.

LUNCHEON: Ice bouillon, salted crackers, macaroni baked with cheese and tomatoes, brown bread, berries with sugar and cream, milk, tea.

DINNER: Fruit cocktail, broiled flounder with tartar sauce, shadow potatoes, ring mold of beef greens with buttered beets, rice pudding, milk, coffee.

And radishes and celery can be served with anything but a mixed vegetable soup.

Canned soups, bouillon cubes or freshly made stock can be used for jellied soups. Instead of long cooking and fussing over meat bones, try using gelatine for the thickening agent. This makes a jellied soup very easy to prepare.

Extra salt and pepper are needed for iced bouillon, since very cold foods have a tendency to dull the taste.

In the case of fruit cocktails, use care in sweetening, for a too sweet concoction defeats its purpose and cloy rather than invigorates the appetite.

A macedoine of fruit combines several kinds of fruit, each in a separate layer, in a tart fruit flavored jelly. This is molded in brick form and cut in slices to serve.

mountains, there is much to do, although there is excitement in simply basking in the crisp air under a welcome sun, the while letting the eyes flirt with peaks, patches of bright cumulus clouds set in the bluest of blue skies, or watching for signs of flashing fins along the leaping waters of the rapidly falling Pecos. For the horseman or horsewoman, there are steep mountain trails leading to magnificent views. And in the dusk of the evening, when the dense mountain shadows obscure the great towering canyon walls, there are the warm showers, entrancing dining room, and electric lights to humor those of us who like a bit of city lux-

ury mixed with our short sojourns away from the plains. Nice place, the Irvin's.

Only about 350 miles from Pampa, the Pecos country is easily within a day's travel, with good roads through Amarillo, Tucumcari, Santa Rosa, Romoerillo, and Pecos town. The oldtimers out here are Mexicans and Spanish, many holding land by grants inherited through many generations. Tourist camps are few, but good summer hotels built on the rustic plan are available in addition to camping sites. Zinc and copper mining bigh along the Pecos show that industry in its romance and its squalor, while the well built roads end abruptly where horse and burro trails lead to the best and most inaccessible fishing.

The oldtimers will tell you that old Santa Fe "gone artistic" and no longer holds appeal for the real frontiersman. Doubtless, but

**STORK VISITS BONUS CAMP—WASH DAY**

Here's the youngest member of the bonus army, young Mister Herendeen, snug in the arms of Nurse Isabelle Riddler at Johnston, Pa. He was born to Mrs. Louise Herendeen of Jackson, Mich., shortly after the Herendeens arrived at the new B. E. F. encampment and is the first baby born in the bonus army.

This is laundry work in a B. E. F., for Mrs. F. E. Coe of Detroit, Mich., whose husband is a member of the veteran army, is taking care of hubby's shirt. The creek that flows through Ideal Park, Johnston, Pa., where the bonus army is encamped, serves as a laundry tub for the 1800 wives now with the veterans.

**Borah Declares Reparations And Debts Are Mixed**

MINNEAPOLIS, Aug. 4 (P)—Senator William E. Borah says he believes the government's insistence on barring reparations and war debts from the proposed international economic conference will be certain to retard world recovery from its business slump.

Bluntly, the chairman of the senate foreign relations committee declared for opening up every question whose answer goes back to the world war in an address at the University of Minnesota last night.

He likened elimination of the two "questions with presentation of a 'Hamletless Hamlet,'" and then outlined terms of a trade proposing cancellation of allied debts owing the United States in return for a permanent policy of disarmament by European nations.

Striking at limitation of conference subject matter, Senator Borah

said existing international problems can not be solved "by piecemeal work."

"I can not agree that the United States should be in part of the time and out part of the time," he said. "I prefer seeing the United States take a firm position and then go boldly forth to its task."

Senator Borah called attention to figures he said had been given him a few hours before by Frank B. Kellogg, former secretary of state, who sat on the stage. These showed, he said, that Europe has more than 4,500,000 men in its standing armies. Replying to a question, he said that dismissing these men would turn them into productive channels.

Disarmament would result in relieving heavily taxed European citizens and return them to buyers of American goods, the senator said in the address. American foreign trade has declined to about one-third of what it was in 1929 and its fall account, for many millions of this nation's unemployed, he said.

There will not be any restoration

**Woman Testifies Of Suggestion To Commit Suicide**

MIAMI, Fla., Aug. 4 (P)—Mrs. Jessie M. Keith-Miller testified today at the murder trial of Captain W. N. Lancaster that she proposed suicide to Haden Clarke, her fiancé, only a few hours before he was found fatally shot in her home.

Her statement was contradictory to her testimony of yesterday when she said she and Clarke discussed

mutual suicide several nights before the shooting but did not mention the subject again.

She said her suicide suggestion was made after Clarke told her of a conversation he had with Lancaster, her former fiancé, regarding their proposed marriage. She quoted Clarke as saying "I can't stand it any longer. I am going crazy."

They had agreed, she said in a conversation earlier in the evening,

**Roosevelt Has Outlined Program In Utility Control**

By FRANK H. McConnell  
 Associated Press Financial Writer  
 Copyright, 1932, by the Associated Press

ALBANY, N. Y., Aug. 4 (AP)—Governor Franklin D. Roosevelt outlined informally today the broad general principles which will serve as guide posts in forming his recommendations for regulation of the nation's public utility industry.

He said he would set forth specific recommendations in a reasonably early campaign speech.

He remarked that his principles today are unchanged from those which he has followed in his duties as governor of New York state.

Broadly, they may be outlined as follows:

1.—The governor condemns as indefensible the financing methods employed by some large utility holding corporations which are now in financial difficulty, but he draws a sharp distinction between these companies which are, as he feels, soundly financed and those which create top-heavy capitalization.

2.—The governor holds as a primary principle the belief that all utility companies whose securities are publicly owned must be compelled to make public detailed statements as to their earnings, their capitalizations, and the inter-relationship of the holding companies with the operating companies. He contends that this general rule should be made to apply to all corporations which list their securities on public markets. Full publicity, he insists, should be furnished in important transactions of barter of trade which have a vital public interest. Horse trading, in his opinion, might be exempted, because it is so firmly rooted in American tradition, from this general rule.

3.—Governor Roosevelt insists on the right of government to own power sites and to produce electric power but does not envisage public ownership of all utilities. He explains that such a thought, which has been reported fairly widespread in Wall Street circles, is a misapprehension. The governor's position on a national basis was described as unchanged from his stand in New York state government—namely, that the mere power of the state to produce electricity and to regulate the profits which privately owned companies might derive from the sale of this power at retail would serve to forestall the temptation of raising rates unduly high.

4.—He regards as a step in the right direction the recently announced policy of the National Electric Light association to confine its activities solely to the field of statistics and to remove itself from lobbying or propaganda. The utility companies in the governor's opinion, would do well to keep religiously clear of politics.

5.—While the governor is committed to a policy of stricter regulation of the utility industry, he feels that his party's campaign will not impose hardships on the so-called directed companies, although it may direct considerable fire upon those companies which, because of financial transactions or allegations of excessive rates have aroused protests from consumers or investors.

6.—A return of 7 to 8 per cent on its investment is held by the governor to be a reasonable expectation by any power company. Consequently, he holds to the view that his program of closer regulation, by keeping this principle uppermost, will do nothing to disturb the present high investment rating of the higher grade public utility securities which in recent years have replaced railroad liens as an investment favorite.

**Negro Woman's Conviction To Be Carried To Appeal**

A jury in justice court yesterday decided that Olivia Jackson, negro, was intoxicated and disturbing the peace the night of July 27 and set her fine at \$10 and costs, or a total of \$33.15. She tried in justice court Monday but the jury failed to agree.

John Sturges, attorney for the defense, announced that he would appeal. County Attorney Sherman White was assisted in the trial by John Sturgeson.

Nine other negroes stand charged with the same offense and their trials will be set for next week. The wholesale arrests followed com-

plaints filed by the pastor of the negro Methodist church and several members of his congregation who claimed that the band of negroes was "keeping the good negroes away from the church."

The county courtroom was filled to capacity from 10 o'clock yesterday morning until the decision was

returned yesterday afternoon. Justice of the Peace James Todd Ja., occupied the judge's chair.

# JUDGE DUNCAN TELLS HOW TO LOWER GOVERNING COST

(Continued from page 1)

that, as a taxpayer, you should file this statement away that you might have it for future reference to know just what becomes of your tax dollar at least for the ensuing year.

We will expand on our judiciary, that is, our district courts, courts of civil appeals, courts of criminal appeals, courts of commission of appeals, and the supreme court, the sum of \$2,669,384.

Our educational budget, that is, the cost of the A. & M. college, the A. & M. Experiment State system, the A. & M. Extension Service, the A. & M. Rodent Control Service, the A. & M. Forestry Service, the John Tarleton Agricultural college, the North Texas Junior Agricultural college, the Prairie View Normal & Industrial college, the University of Texas, the University Extra Murals division, the University School of Medicine, the University School of Mines, the College of Industrial Arts, the Texas College of Arts and Industries, the Texas Technological college, the East Texas State Teachers college, the North Texas State Teachers college, the Sam Houston State Teachers college, the Southwest Texas State Teachers college, the Stephen F. Austin State Teachers college, the Sul Ross State Teachers college, the West Texas State Teachers college, the Texas School for Blind, and the Texas School for the Deaf, reaches the sum of \$8,184,901.57.

Our expenditures for state, eleemosynary institutions, that is, for Abilene State Hospital, Alabama & Coshatt Indian Institute, Austin State hospital, Austin State School, Colored Orphans Home, Men's Confederate home, Women's Confederate home, Deaf Dumb and Blind Institute for the Colored, Galveston State Psychopathic hospital, Girl's Training school, Home for Dependents and Neglected Children, Hospital for Cripple and Deformed Children, Juvenile Training School, Orphans Home, Rusk State hospital, San Antonio State hospital, Terrell State hospital, Tuberculosis Sanatorium, Wichita Falls State hospital, and the Dallas State hospital, will be the sum of \$4,975,160.

Our departmental budget, that is, for the several departments, boards, bureaus and commissions is as follows:

- Adjutant general's department \$466,780.
  - Agricultural department \$165,570.
  - Attorney general's department \$140,470.
  - State auditor's department \$97,200.
  - Banking department \$157,670.
  - Barbers examining board \$39,150.
  - Board of control \$189,020.
  - Health department \$243,300.
  - Insurance commission, life division \$45,745.
  - Insurance commission, fire division \$196,140.
  - Insurance commission, casualty division \$60,610.
  - Board of pardons and paroles \$16,300.
  - Board of water engineers \$70,900.
  - Bureau of labor statistics \$33,800.
  - Comptroller's department \$378,625.
  - Comptroller's judiciary department \$20,582.26.
  - Cigarette tax enforcement department \$23,000.
  - Cigarette tax enforcement department \$23,000.
  - Educational department \$85,120.
  - Educational department, vocational division \$372,409.38.
  - Executive department \$37,155.
  - Game, Fish & Oyster commission \$62,130.
  - General land office \$115,850.
  - Highway department \$584,670. (This does not include money spent on highways, nor one-half million dollars appropriated for new highway building, nor \$75,000 appropriated for salaries for eighteen division engineers, nor \$86,000 appropriated for thirty-six maintenance engineers, nor \$240,000 appropriated for one hundred and twenty highway patrolmen.)
  - Industrial accident board \$59,790.
  - Library and historical commission \$35,830.
  - Livestock and sanitary commission \$550,120.
  - Prison system \$1,866,190.
  - Railroad commission \$313,370.
  - Reclamation department \$40,350.
  - Secretary of state \$48,360.
  - State tax board \$5,589.
  - State parks board \$18,490.
  - Treasury department \$44,390.
  - Cigarette stamp division \$77,120.
  - Total—\$6,691,986.64.
- In addition to the above expenditures, there will be distributed approximately \$24,000,000 among one and a half million school children. The highway department will expend between thirty and forty million dollars received from gasoline sales tax and car registration license tax.
- Our state ad valorem rate will be this year 69 cents on the \$100 valuation; of this amount 35 cents, or \$13,720,000, will go into the common school fund; the remaining 34 cents will be used for general fund purposes.
- Our county taxes for the four counties in this district are about as follows: General fund 25 cents on the \$100 valuation; jury fund 15

cents on the \$100 valuation; road & bridge constitutional fund 15 cents on the \$100 valuation; road & bridge special fund 15 cents on the \$100 valuation; courthouse and jail fund 25 cents on the \$100 valuation.

Road bond in Gray county 60 cents on the \$100 valuation; road bond in Wheeler county 71 cents on the \$100 valuation. There are no road bonds, that I know of, in either Donley or Collingsworth county.

School tax common school district, generally \$1 on the \$100 valuation.

The question now arises: What can I do as representative to lower the expenditures as outlined above, thereby reducing the cost of government and consequently reducing taxes? That all depends upon my willingness to reduce these governmental costs; my ability to get other members of the legislature to see as I see and do as I do, my willingness to co-operate with them, my knowledge and understanding of the detailed cost of each department, board, bureau or commission, and my judgment as to whether or not such board, bureau or commission is a necessary adjunct to our governmental machinery and state institutions.

While time will not permit me to go into detail in naming each department or bureau, the number of employees of such departments, the traveling expenses, and other costs, yet I will discuss one or two of such departments that you may know what to expect of me from this standpoint in the event I should be your representative.

The first item of expenses of the above statement is the one of judiciary costs. We have eleven courts of civil appeals in this state, each court consisting of one chief justice and two associate justices, one clerk, one deputy clerk, one stenographer, a porter and such like. Each of the justice's salary of this court has been raised to \$7,000 per annum; the clerk receives \$3,000; the deputy clerk \$1,500; and the stenographer \$1,500. I think we could safely reduce these costs to ten without impairing our appellate system. I feel that these judges are not so important but what we could reduce each of their salaries to \$4,000 per annum. I would make a deputy clerk out of the stenographer, and let the deputy clerk go.

We would save \$30,000 by eliminating one court; \$90,000 by reducing the judges' salaries; and \$15,000 by letting the ten deputy clerks go, making a total of \$135,000 saved in this item of costs.

Again, we have 112 district courts in the state, and the judges thereof draw \$5,000 each per year. We can safely reduce this number by 25, thereby reducing this cost \$125,000. I think \$4,000 per annum is enough salary for each of these judges to law. This will entail a further saving of \$87,000, making a total saving in this one department of \$212,000.

Again, we spend \$1,395,625 to maintain the University of Texas. I believe that we pay too much salary to the several hundred teachers in this institution. For instance, we pay nine law teachers a salary of \$6,500 each per annum. Then too, it might be good business on the part of the taxpayers of the State of Texas to consolidate the A. & M. college and Texas university, thereby eliminating much duplication and much overhead expense.

I doubt the value of some of our many departments, boards, bureaus and commissions as listed above. For instance, the banking department. Are the examiners there sent out to examine the various state banks worth to the taxpayers of Texas \$75,000 per annum in traveling expenses? Most state banks are members of the Federal Reserve system which does its own examining, and my experience teaches me that the examiners lack the door of the defunct institution only after the "horse has been stolen."

Again, the industrial accident board has become only a mail clearing house.

The board of pardons is of little value.

The highway department has too many employees. The highway patrol is not needed, at least, on such an extensive scale.

There is another branch of our government that needs some overhauling, and I speak of our county government should be placed squarely upon the shoulders of the cost of county government. I believe the responsibility of the cost of county government should be given a free hand in these matters and not restrained by restrictions placed upon them down at Austin.

I feel that the number of representatives in the lower house, who total 150, should be reduced to half of that number. I believe that legislative efforts from a house of 75 members would be more constructive and we would have better results, besides reducing the cost of

## Texas Still Sees Temperature Climb

By The Associated Press  
Despite slightly unsettled weather in parts of Texas, most of the state today continued to swelter under blazing temperatures. Prospects of relief in the next 24 hours were not good.

However, the forecast of partly cloudy weather tonight, and Friday in the eastern half of the state indicated the heat wave might be broken soon.

Yesterday the mercury climbed to 102 degrees at Abilene and Austin, it was 100 at Dallas, De Rio, El Paso, Houston and San Antonio. Grainesville had a top reading of 105 and Corsicana 103.

Scattered showers and gusts of wind provided temporary relief last night in parts of north and south-east Texas.

Wm. R. Reeves of Dallas is here on business this week.

Harry Smith of Fort Worth was here yesterday.

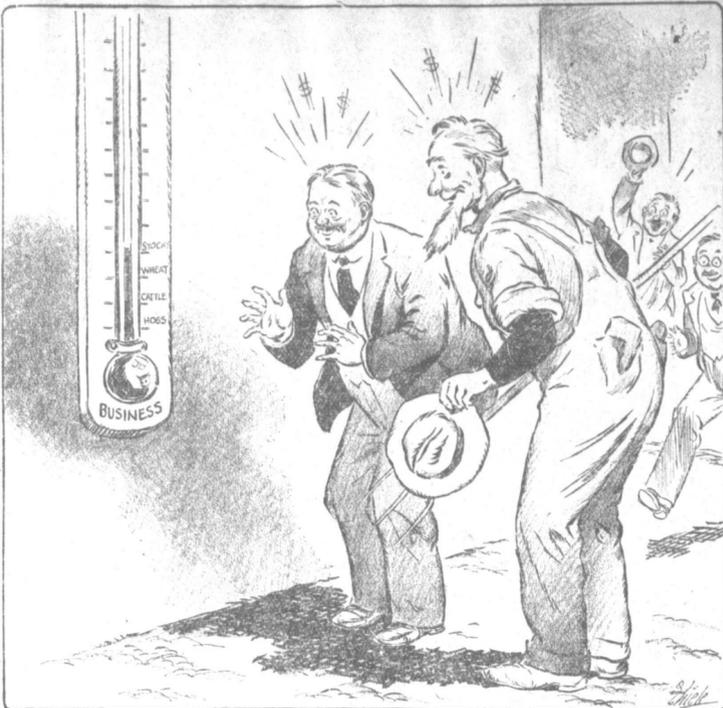

this branch of the government by probably a quarter of a million dollars.

I believe that if the next legislature will do its duty, as the crying public is demanding of it, the times will be such from a tax standpoint that it will not be cheaper to rent homes than to own them.

There are many other things that I would like to discuss if time permitted, but one thing sure, the present state highways and future state highways must be built out of the gasoline sales tax and not out of a property tax.

The law requiring a farmer and his employes to buy a license to drive their own truck, must go, and a land owner should have a reasonable length of time for which to redeem his land after foreclosure of mortgage.

# ONLY fresh GAS PACKS FULL POWER!

The longer gas is stored, the weaker it gets. Volatile "easy starting" elements evaporate. In addition, a definite chemical change takes place—so that as gas gets staler, it gets feebler and feebler!

Stale gas is stickier, too—and is more apt to knock.

The entire petroleum industry has long sought a way to halt gasoline deterioration.

Now, by radical advances in refining and distributing, Gulf assures you of getting FRESH, full-powered gasoline. In this way...

By making the finest possible gasoline and by refining out of that gas complex elements which cause fast deterioration—"staleness."

And by rushing you this FRESH-MADE, FULL-POWERED gas like some perishable food.

Careful location of Gulf refineries has made this possible. So wisely are these refineries placed that every Gulf station is close to a source of FRESH-MADE gas. A huge fleet of tank trucks rushes FRESH gas to Gulf pumps every day.

Get FRESH-MADE, power-packed gasoline. Get Gulf—and nothing else. Your motor will be cleaner. Quieter. Faster.

## Secret Pipeline Is Reported Found

OKLAHOMA CITY, Aug. 4 (AP)—Declaring they had unearthed a secret 4-inch pipeline through which an estimated 100,000 barrels of oil had flowed, the Oklahoma City field military detachment today shut down the Ed S. Holman, IFC, No. 1 Floral Hills well.

Lieut. Col. Cl. I. Murray said the line had been in operation about six months, connecting the well with a leased tank at the Champlin Refining Co. pump station on its pipeline northeast of the field. A case will be filed with the corporation commission late in the week, Col. Murray indicated.

LAREDO, Aug. 4 (AP)—District Attorney Emilio de La Garza of Nuevo Laredo, Mexico, has recommended that a 20-year prison sentence be given Alberto Sanchez Jr., charged with the murder of Edna Marie Springer, 11, in Alamosa county April 22, 1931. The recommendation was being considered by District Judge Olvera, who was expected to hand down a decision soon.

## Reynolds Employe Now Before Jury

WINSTON SALEM, N. C., Aug. 4 (AP)—Stewart Warken, manager of Reynolds, palatial estate of the millionaire Reynolds family near here, was summoned before the Forsythe county grand jury today.

Warken entered the grand jury room carrying a large roll of drawing paper, presumably a chart of the premises on which young Smith Reynolds, one of the heirs to the tobacco fortune and husband of Libby Holman, former Broadway torch singer, was shot to death about a month ago.

After his arrest in Nuevo Laredo, Sanchez confessed killing the girl because he took a liking for her and realized he could not have her. He admitted stabbing her eleven times and then hiding her body under a pile of brush beside a road.

# CLUBS OF DISTRICT AID MUSEUM FUND

## Local Women Get Revenge in Game With Skellytown

### FEW SESSIONS HELD DURING THIS SUMMER

### PRESIDENT RETURNS TO HOME AFTER TRIP IN EAST

The seventh district, Texas Federation of Women's clubs, seems to be having a genuine vacation period, said Mrs. T. V. Reeves of Canyon, press and publicity chairman. "Few clubs are carrying on any activities further than those of a few committees engaged either in working out the year books for the coming club period or those cooperating with other community agencies in work which must be cared for."

News articles pertaining to the seventh district appear in the July issue of Texas Federation News, the official club magazine of Texas.

### Give To Museum Fund

Clubs of the seventh district are assisting in the building of the Panhandle-Plains Historical society museum, on which construction is expected to begin within the next two months.

Among the clubs which have contributed are the Athenaeum club, Amarillo; Le Beau Arts club, Clarendon; 1913 Study club, McPhis; Arno Art club, Pampa; Pathfinder club, Clarendon; Home Economics club, the Woman's Book club, Canyon; the Junior Woman's club, Canyon; the Travel Study club, Plainview; and the Woman's club, Canadian.

When completed, the museum will house what is reputed to be the largest historical collection in Texas. Notable is its collection of rare records, declared to be the best in the world.

The seventh district indorsed the museum project five years ago and member clubs have done much to interest the region in carrying the building plan to a successful termination.

### Mrs. Hill Returns

Mrs. J. A. Hill, seventh district president, is again at home after a very profitable trip through the east by motor. Mrs. Hill visited many shrines, dear to every American citizen. Included were the homes of Jackson, Monroe, Patrick Henry, Jefferson and Washington, the lovely capitol city, and several important battlefields. With Dr. Hill and her daughter, Marion, Mrs. Hill found the trip a perfect vacation.

### County Federation Meets

The Donley County Federation of Women's club met in Clarendon recently for a program and social hour. Clubs represented were: Lela Lake, Mrs. E. H. King, Mother's club, Mrs. Ralph Porter, MacDowell club, Mrs. Tom Goldston; Pathfinder club, Mrs. J. L. McMurry, delegate; Martin Home Demonstration club, Mrs. Turnbow; Chamberlain club, Mrs. Huffstiler; Clarendon, Mrs. Brown and Mrs. McDaniels.

### Library Work Done

The Dimmitt Culture club submitted the following report of its work for the last year.

"This past year we have worked hard and long in trying to get a public library started, and we are now realizing that our efforts have not been in vain. We have over a hundred twenty-three books on our shelves. The people are using the library more and more and we order from six to twenty new books according to our bank statement each month. The members work alphabetically in keeping the library open from one to six o'clock each Wednesday and Saturday afternoon. You understand that we have not purchased all these books—many have been donated by the people of the town and of Castro county. We have books donated every few days.

## PAMPA BEAUTY WILL COMPETE

### LEAVES ON THURSDAY FOR CONTEST IN ROSWELL

Miss Jacquie Downs, Pampa beauty, left this city yesterday afternoon for Roswell, where she will represent the north plains this evening in the "Queen of the West" beauty contest.

Seen shortly before time for her departure, Miss Downs was indeed charming in a white sport suit with black accessories. Blue was her final color choice in a bathing suit for the revue. The back was low-cut and left the appearance of being a one-piece suit. The front had the effect of a two-piece suit, however. Miss Downs' evening dress, which she will wear in the contest before the bathing suit, is of pale green. It is of floor length, has close fitting hip lines, and a full skirt.

### MODEL GIRL

Her face and figure have appeared on artist's drawings in hundreds of national advertisements. And here you see pretty Janet Hutchison, well known model, as she appeared before the camera's eye at the Gipsy Trail club, Carmel, N. Y.

## O. E. S. Members Will Make Plans For Instruction

An important meeting of the Order of the Eastern Star will be held tomorrow evening at 8 o'clock at the Masonic hall. Mrs. Roy Sewell, general chairman of the school of instruction which will be held here August 10, expressed the desire that all members and officers, especially those on committees, be present. The entire work will be rehearsed.

About eighteen members of the organization gathered in the high school gymnasium last evening to practice the marches for the school of instruction.

## Sister MARY'S KITCHEN

By SISTER MARY, NEA Service Writer

Eggs are so cheap this year that they make an excellent meat substitute for August meals. They may be prepared in an infinite variety of appetizing ways and are acceptable for any meal of the day.

Eggs, Chilean style, are piquant and appetizing.

### Eggs, Chilean Style

Two cups chopped fresh tomatoes, 1-2 cup grated cheese, 1-2 cup chipped dried beef, 1 teaspoon grated onion, 2 tablespoons shredded green pepper, 1 tablespoon paprika, 1 tablespoon butter, 4 eggs, 4 squares hot buttered toast, fresh cress.

Press tomatoes through a coarse sieve to remove seeds. Add cheese, dried beef finely chopped, onion, pepper and paprika. Cook over a slow fire until cheese is melted. Add butter and eggs slightly beaten. Stir and cook until eggs are just set. Serve on toast and surround with watercress. The tang of the cress is perfect with the egg and cheese combination.

### Masked Eggs

Hard cooked eggs are used in a cheese sauce in a rather unusual way in this recipe.

Four hard-cooked eggs, 8 slices of tomato, 8 small rounds of bread, 3 tablespoons butter, 1 1-2 tablespoons flour, 1 1-2 cups milk, 1-2 cup finely chopped cheese, 1-2 teaspoon salt, paprika, parsley.

Saute bread in butter. Cut tomatoes in slices about one-half inch thick, dip in butter and broil. Place a slice of tomato on each round of bread and on the tomato put half an egg, cut side down. Put into a shallow, baking dish and pour over the cheese sauce made by melting

### Tomorrow's Menu

#### BREAKFAST:

Orange juice, cereal, cream, creamed codfish, combination muffins, milk, coffee.

#### LUNCHEON:

Masked eggs, salad chiffonade, peach gingerbread, milk, tea.

#### DINNER:

Veal cutlets with milk gravy, rice, potatoes, spinach (with onion, butter), stuffed cucumber, salad, blueberry cottage pudding, milk, coffee.

butter, stirring in flour and slowly adding milk, stirring instantly. Add cheese, salt and paprika and stir and cook until cheese is melted. Put baking dish in oven long enough

## MISS HEISKELL SCORING STAR ON WEDNESDAY

### RETURN GAME WILL BE PLAYED NEXT MID-WEEK

The Pampa Business and Professional Women's club got revenge from the Skellytown ladies in a playground ball game at Magnolia park last night. The Pampans scored the winning run in the last inning for a 20 to 19 win.

Pitchers for both teams were hit freely but came back to hold the opposition each time. Both teams scored eight runs in the fifth inning to keep things even.

D. Heiskell, Pampa pitcher, was the scoring star of the game. She went to bat five times and crossed the plate on each occasion. Good hitting by W. Heiskell, Gee and McNutt added her scoring.

Kentling at first base for Pampa was the defensive star of the game. Her ability to take everything and touch the bag was uncanny.

A. Lard scored the winning run in the last inning after two were out. Kentling hit the ball that scored the winning run. She also scored three runs.

H. Cornutt was Skellytown's big threat. She hit safely four times and scored twice. B. Cornett scored three runs on three safe hits. Tarrant and Weaver were other strong hitters. Weaver scored twice in the eventful fifth inning. Smart pitched good ball in the pinches.

A return game will be played in Skellytown Wednesday night at 6:30 o'clock.

### The lineup last night:

Pampa—Kentling, lb; D. Heiskell, p; W. Heiskell, c; McNutt, rf; Gee, 2b; Dunn, 3b; D. Gee, ls; A. Lard, rs; Tarpley, cf; Robinson, lf; Skellytown—Reamsnyder, c; Smart, p; Weaver, lb; Batson, 2b; Ellsworth, 3b; Johnson, rs; B. Cornett, ls; H. Cornett, lf; Andrews, cf; Tarrant, rf.

### IN STYLE GAME

## PRINTED PAGE IS DISCUSSED

### MEETING IS CONDUCTED BY BAPTIST W. M. S. MEMBERS

The power of the printed page was emphasized in a meeting held by the Central Baptist, W. M. S. yesterday afternoon at the church. It was pointed out that pamphlets and other printed matter were used extensively by missionaries, and that publishing houses had been established in practically all countries where missionaries were at work.

"I Love to Tell the Story" was sung by the group in opening the meeting, and Mrs. W. B. Barton led in prayer.

Following the Bible study led by Mrs. S. L. Anderson, Mrs. G. C. Stark took charge of the program from Royal Service. Those assisting her were Mesdames G. L. Moore, W. O. Cooley, D. L. Lunsford, and Cecil Lunsford.

Refreshments were served at the close of the study to Mesdames W. B. Barton, W. O. Cooley, R. M. Mitchell, G. D. Holmes, Cecil Lunsford, S. L. Anderson, G. C. Stark, D. L. Lunsford, G. L. Moore, Miss Rita Holmes, and Miss Florence Cooley.

## YOUNG PAMPAN THRILLS WITH FIRST FLIGHT

"Up, mother, up," pleaded little Billie Martin, 14-month-old son of Mr. and Mrs. Bill Alexander, whenever he saw an airplane overhead.

So yesterday he had the greatest thrill of his young life. He and his mother made an airplane flight in Boyd Kennedy's plane while Mrs. M. E. Hale of Dallas, mother of Mrs. Alexander, watched from below. When the plane landed, Billie Martin protested in no mild fashion.

Mr. and Mrs. C. E. Ashton and daughters, Doris and Mildred Brittain of Denver are visiting Mrs. Ashton's sister, Mrs. Jack Kellams.

to make very hot and serve garnished with parsley.

### Egg and Ham Timbales

Four eggs, 1-2 teaspoon salt, few grains pepper, 1-4 teaspoon onion juice, 1 cup finely chopped ham, 1 cup milk, 6 rounds of toast.

Beat eggs until light. Add remaining ingredients and mix thoroughly. Turn into individual, well buttered timbale molds and place on many thicknesses of paper in a pan of hot water. Bake in a moderate oven for 45 minutes or until firm to the touch. Turn each timbale onto a round of toast and surround with creamed peas. Garnish with parsley and serve at once.

## Open-Air Revival Meeting Will Be Conducted by Jesse F. Wiseman In Talley Addition Beginning Tomorrow

Open-air revival services will be conducted two blocks north of Red Ball grocery, Talley addition, beginning tomorrow evening at 8:30 o'clock. Jesse F. Wiseman, minister of the Church of Christ, will do the preaching, and singing will be conducted by local musicians.

Comfortable seats will be provided for the meeting, which is to continue each evening through Sunday, Aug. 21.

Services will be held as usual at the Church of Christ next Sunday morning, but in the evening preaching will be done in the open. There will be no open-air morning gatherings.

## PERSONAL PARAGRAPHS

V. S. "Jack" Keahy and children Mary and George will leave tomorrow from McKinney on a vacation trip.

Miss Ola Gregory left this morning for Carterville, Mo., where she will spend her vacation.

Mrs. R. B. Haynes of Miami was a Pampa visitor yesterday.

W. H. Brown of Houston looked after interests here yesterday.

Mr. and Mrs. Elias Vance and son Floyd Austin of Burkburnett are visiting with Mr. and Mrs. George Vance and Sheriff and Mrs. Lon L. Blansett.

Archer Fullingim and Dee Blythe left this morning for Paducah and other points.

Clyde Matthews of White Deer was a Pampa visitor yesterday.

Mrs. T. S. Skibinski of White Deer was a Pampa shopper yesterday.

Mrs. Martha Walker was taken home Tuesday from the Worley hospital. She is doing nicely.

L. R. Hill of White Deer was in Pampa this morning.

## My Beauty Hint

By CONSTANCE BENNETT  
I believe repose to be the source of all beauty.

Restlessness is at the bottom of all feminine unloveliness, and it saps the sureness of spirit without which no woman can be truly captivating. The fine art of repose, both physical and spiritual, will give that poise and ease which is woman's most charming quality.

A useful occupation is the most effective cure for unrest, coupled with a conscious learning to relax during leisure moments.

## Quilting Done by Club Wednesday

Pleasant conversation was enjoyed by Wednesday Sewing club members during their quilting hour yesterday afternoon in the home of Mrs. Oscar Baker.

At the close of the afternoon Mrs. Baker served refreshments to Mesdames L. E. Stone, Walter Lytle, J. S. McClard, G. D. Lynch, J. W. Crowder, W. B. Murphy, T. L. Anderson, Effie Smith, and Paul Martin; Misses Elsie Johnson, Vivian Baker, and Hazel Baker.

Mrs. Paul Martin will entertain the club next Wednesday in her home, 940 S. Reid.

Mr. and Mrs. Tom Jackson was at their guests Mr. and Mrs. Clint Arnold and sons Charles and Paul and granddaughter Lois Marie Adams, all of Ardmore, Okla.

L. R. Hill of White Deer was in Pampa this morning.

## PRESBYTERIAN WOMEN GATHER IN LEECH HOME

### FEMININE CHARACTERS OF BIBLE ARE STUDIED

Mrs. F. Ewing Leech was hostess to the Presbyterian auxiliary Wednesday afternoon at her home, 1009 Christine St.

The devotional period was led by Mrs. George Friauf using the nineteenth chapter of Luke. Mrs. Dick Walker presided at the business meeting in which the report of the flower show was given. The report was so favorable that the society plans to put on another such show in October.

The Bible lesson was directed by Mrs. V. E. Fathere, who gave a very interesting talk on "The Mission of Women." She was assisted by Mrs. Friauf who gave the life of Salome, mother of James and John, the apostles. Mrs. John Andrews read an interesting paper on Mary Magdalene and Mrs. P. C. Ledrick used her as her theme, "Women Who Aided the Master."

The hostess served refreshments to the following members: Mesdames Katie Vincent, Harry E. Lyman, John Andrews, T. D. Hobart, R. F. Dirksen, Dave Pope, E. O. Sneed, C. T. Mullen, W. A. Tacker, G. A. Smith, Frank Foster, Dick Walker, P. C. Ledrick, George Briggs, Roy Vaughn, George Friauf, Chas. Todd, Ted Scott, T. W. Sweatman, Tom Clayton, A. A. Hyde, J. E. Dever, J. M. McDonald, and V. E. Fathere.

# GREATEST SPORTS CROWD THRILLED BY YANKEE VICTORIES

## MANY TITLES ARE TAKEN IN GREAT EVENT

### EDDIE TOLAN GETS TWO MAJOR OLYMPIC MARKS

By ALAN GOULD  
Associated Press Sports Editor

LOS ANGELES, Aug. 4. (AP)—They have been waiting a long while, as Olympians go, to wave the old flag so briskly but today these Americans can go the patriotic limit, with the Star-Spangled Banner draped all over the Olympic track and field band wagon.

With the big show only half-completed, the United States has already dominated the greatest outbreak of Olympic record-smashing of all time, romped off with nine of the 16 track and field events for men and women, including highly-cherished sprint titles, and rolled up a staggering margin on points.

After politely watching the flags of Ireland, Poland, Britain and Canada wave victoriously in the breeze, the Americans yesterday swept all four of the men's track and field finals conducted in the stadium.

A crowd estimated at nearly 85,000, the greatest in track history, went wild. The record turnout sent the total attendance for four days beyond 225,000 for the stadium alone.

The crowd saw bespectacled little Eddie Tolan, American negro, lead a sweep of the 200 meters final, to become the first double Olympic sprint champion the United States has had in 20 years.

They thrilled as sandy-haired Bill Miller of San Diego, a product of Stanford university, outvaulted the sensational Japanese boy, Shuhei Nishida, in the first 14-foot duel in Olympic history. The American boy finally won at 14 feet, 1 7/8 inches.

They roared again as three yankee topplers, led by George Saling of Iowa, swept the final of the spectacular 110 meter high hurdles race.

They volleyed cheers for their favorite feminine star, "Babe" Didrikson of Texas, who broke her second world record in as many events by racing over the 80 meter high hurdles in the stunning time of 11.8 seconds, to lead three American girl qualifiers for today's final.

Finally, to saturate this homebred "field day," the crowd watched two mighty Americans six times excel at Olympic discus tossing record.

John Anderson, former Cornell university star, finally beat Henri Laborde of Stanford with a final heave of 162 feet, 4 7/8 inches.

Far from the stadium's tumult and shouting, Great Britain's game and gallant pedestrian, Thomas William Green, huffed his way to victory in the 50,000 meter walk. He had to wait until today, however, to step up on the Olympic pedestal and hear "God Save the King" played in honor of his achievement.

Today, too, Finland and Japan may take their turn in the spotlight, with favorites in the javelin and triple jump, while Americans have their eyes focused on the chances of "Pete" Hollowell, Glenn Cunningham and Frank Crowley in the classic 1500 meter final, feature of this afternoon's program.

Meanwhile, and for the next four years, the United States can bask in the outstanding achievement of its "Star Spangled Day"—the triumphs of Tolan.

Tolan couldn't make the American team four years ago. He was hard pressed for funds this year and needed the aid of a friend to get to California by automobile for the final American tryouts. At Palo Alto, Tolan twice trailed the great Ralph Metcalfe of Marquette to the tape in the combined race for places on the American team as well as national championships.

The experts thought Metcalfe won from Tolan Monday in the 100 meter Olympic final and it took the official motion pictures to convince Tolan was victorious by the shadowy margin of two inches in world record time.

They said Metcalfe would run away from little Eddie in the 200, because he was bigger and stronger, but Tolan came back to win hands down. He beat George Saling, the third American sprint ace, by a good two yards in the Olympic record time of 21.3 seconds, while Metcalfe came in third, handicapped by a poor start and ragged work on the turn.

## Yesterdays STARS

By The Associated Press  
Vic Sorrell, Tigers—Outpitched Al Thomas and Fred Marberry, giving only six hits to win 2-1.

Ted Lyons and Blue, White Sox—Furmer held Yankees to six hits in ten innings and scored victory run in eighth; later doubled and crossed with winning run in tenth.

TALK NEW BRIDGE  
OKLAHOMA CITY, Aug. 4. (AP)—Two members of the Oklahoma highway commission had expressed their willingness today to join Texas in negotiations for construction of a free bridge across Red River between Idabel and Clarksville.

## Qualifying For Tourney Starts

FORT WORTH, Aug. 4. (AP)—A major portion of the entrants in the combined Glen Garden and all-southwestern golf tournament started qualifying rounds today. A few while the 18-hole round yesterday while the east-west team match was in progress.

The entry list stood at 150 today and many of the southwest's greatest shotmakers were included.

Gus Moreland, Dallas star and state amateur champion, was expected to appear during the day. He was ill yesterday and was unable to lead the east team.

The team matches were captured by the west group, headed by Byron Nelson of Fort Worth, 11 to 10. Dennis Lavender led the eastern group.

Stars expected to be in the medalist battle were Nelson, Lavender, Louis Nowlin of Dallas; Elliott Hatch of Amarillo; Jimmy Phillips and Jimmy Smith of Ranger; Roy Farrell of Vernon; Jack Parr of Electra; Moreland; Charlie Quail of Post; Bill Barton of Austin; Jack Jackson of Dallas, and several others.

## Chaco Quiet As Peace Is Urged

By The Associated Press  
Bolivia and Paraguay gave their approval today to international moves for peaceful settlement of the Chaco controversy but they prepared for war.

Dispatches from Perico, Argentina, a town on the Bolivian border, quoted a Bolivian commander as saying 11,000 troops would be in the Chaco in the next few days. Bolivia now has 6,000 men there, he said.

In Lepaz it was said the government would raise serious objections to several clauses of the note sent by the United States and eighteen South and Central American nations yesterday, in which a warning was given that any territorial gains made by armed force would not be recognized.

Paraguay informed the League of Nations it was willing to arbitrate and Bolivia, in its note to the league, said it did not decline offers of peaceful settlement.

The Chaco itself was reported quiet.

**VERDICT IS SUICIDE**  
HOUSTON, Aug. 4. (AP)—J. L. Workman, president of the Worsham Brothers Motor company, was found dead in the gas-lined bath room of his home today. Justice Campbell R. Overstreet returned a verdict of suicide.

## SPEEDSTER BESTS NURMI'S MARK

Poland's sensational distance runner, Janusz Kusocinski, is shown in this telephoto picture as he sprinted to the tape in Olympic stadium, Los Angeles, for a new record in the 10,000 meters. In the time of 30 minutes, 11.4 seconds, he shattered the mark of Paavo Nurmi and led by ten yards the best of the two Finnish runners who here are shown trailing him.

## CHILDRESS TO COME SUNDAY TO PLAY GOLF

### Pampa Country Club Hopes To Repeat Trouncing Given Weeks Ago.

The Childrens Country club golf team will come to Pampa Sunday for a return game with the Pampa Country club in the Cap Rock League. The Pampans won the game played in Childress and hope to duplicate the win over the local country club course.

Despite the fact that no rain has fallen in several weeks, the fairways are in good condition although hard. The green and tee boxes have been worked over recently and the course is in excellent playing shape.

The following Sunday will be open and it may be that the postponed game with Clarendon will be played. Shamrock will be played later.

## WRESTLING LAST NIGHT

By The Associated Press  
Toronto—Charley Strack, Boston, defeated Joe Malczewicz, Utica, N. Y., two out of three falls.

## NURMI

Here's Paavo Nurmi, one of the world's greatest long distance runners, sitting up with a sick record. Barred by officials, Nurmi is shown sitting in the stands at the Olympic games as Janusz Kusocinski smashed Paavo's world mark for the 10,000 meter run.

## HOOKS and SLIDES

by WILLIAM BRAUCHER

**Lost—One Job And One Girl Sprinter**  
Amateurism is a queer thing. About the only time it means anything is when somebody disturbs it. Then there's likely to be an awful row.

Take the Stella Walsh case. The last time I talked to Stella, she was happy with her plans to win the 100-meter dash assignment on the United States women's Olympic team, and then to go on and try for honors in the 80-meter hurdles and the discus throw.

Then she lost her job. It must have been a good job, for right away she decided she couldn't become an American citizen and compete for the United States in the Olympics without it.

Her home city of Cleveland offered her a position as instructor in the recreation department. She rejected it. Poland, the land of her birth, made an offer. She accepted.

**Pro or Amateur?**  
Does this make her a professional athlete? Applying the rules of the national A. A. U. governing body of the amateur sports in this country, she is no longer an amateur. Financial benefits influenced her decision to reject the American shield for the Polish emblem.

Not so, declares J. S. Edstrom of Sweden, who presides over the International Amateur Athletic Federation. She acted entirely within her rights. The fact that she was influenced by the New York Polish consulate's offer doesn't enter into it.

Mr. Avery Brundage, national president of the A. A. U., hasn't said anything. However, he once interpreted amateurism as "that precious something that exists in the heart of the athlete and not in the rule book."

This puts another light on the case. If Miss Walsh's heart is pure she's still an amateur.

**Home Town Opinions**  
Anyway, Stella's decision created a stir in Cleveland, her home from the time she was a year old. Local papers, in the sections reserved for "the voice of the people" and "letters to the editor," contained many opinions, some very pointed.

A Polish woman took pen in hand to inform the readers of one paper that she was ashamed to hear that one of her nationality rejected United States citizenship unless offered a job. The lady declared in no uncertain terms that Uncle Sam ought to deport Stella. She even expressed the desire that some American girl with only a little bit of training (probably to make it all the more humiliating) would outrun Stella in the Olympic races. Concluding her letter, she called upon the words of the old song, "Don't Bite the Hand That's Feeding You."

Another woman published her disgust with Cleveland's mayor for offering Stella a city job as an inducement to become a citizen. "What about those who supported you at election and are now out of work?" she wrote.

But a man stood up for Stella. Ah, there's chivalry. Citing Miss Walsh's statement that she couldn't take the city job because she knew nothing about it, he urged the girl sprinter to accept.

"You surely can get by," he wrote, "for nobody in any of the city departments knows anything about his job."

## HISTORIC NEW DOCTRINE IS VOICED BY AMERICAN NATIONS IN BOLIVIA—PARAGUAY FIGHT

WASHINGTON, Aug. 4. (AP)—A new enunciation, promising to be historically as prominent as the Monroe doctrine, today warned Bolivia and Paraguay that unless they arbitrate their dispute over the ed in expressing the attitude new to gains will not be recognized as having changed hands legally.

Nineteen American nations moved in expressing the attitude new to Western hemisphere diplomacy. They hope replies to their note will prevent further hostilities in the Long dispute.

The situation has many earmarks of the Sino-Japanese difficulties in Manchuria. But the note dispatched Paraguay and Bolivia is considered couched in stronger terms than any sent to China or Japan.

The message follows the principles of the Kellogg-Briand pact to outlaw war as an instrument of national policy, applying them for the first time to this part of the world. It says, in part, that "the American nations will not recognize any territorial arrangement of this controversy which has not been obtained by peaceful means."

Thus should either Paraguay or Bolivia gain by use of arms, the fruits of conquest would be non-existent to the 19 neutrals.

The note was signed here by representatives of the United States, Colombia, Uruguay, Cuba, Peru, Brazil, Argentina, Chile, Guatemala, Venezuela, Haiti, Dominican Republic, Honduras, Ecuador, Panama, Nicaragua, Costa Rica, El Salvador.

## STEERS HOLD ON TO FIRST PLACE BARELY

### ONCE STRONG LEAD IS LOST AS TEAM FALTERS

By BILL PARKER  
Associated Press Sports Writer

Happ Morse's Dallas Steers are the "who's who" in the Texas league's second half race but their separation from second place is a half breath and nothing more.

A five-game lead several days ago has dwindled to a half game. A confident, unbeatable baseball steam roller through mid-July is now a hit and miss combination striving desperately to retain first place.

On the heels of the Steers are Del Baker's Beaumont Exporters who, for five hours yesterday, were in a tie for first place but fell a half game below when Dallas won a 2 to 0 victory last night from San Antonio.

Hits by Brower and Holman, two erratic throws, a sacrifice by Radcliff and a walk to Zeke Bonura gave two runs and another 24-hours as pennant parade master. Oscar Fuhr, southpaw, out-dueted Ketch walk.

Lefty Johns and Roy Appleton, big shots years ago when Atz's Cats won six consecutive pennants at Fort Worth, came out for a fling at Beaumont. They found the modern young Exporters double tough, Beaumont winning, 7 to 4. Easterling, who leads the league in runs batted in, hit his twenty-third home run this season to help the Exporters.

Galveston scored five runs in the final five innings to beat Longview, 7 to 2. Darrow bested Witte in a duel of hits, Galveston getting 8 to Longview's 7. It was Galveston's fifth straight win.

Tyler's bid for a third place tie with Houston failed last night when the Buffaloes won, 4 to 3. George Payne won his fifteenth game this season. Hollerson, Tyler pitcher, lost his thirteenth. Joe Medwick, the league's leading hitter, went hitless in four times at bat.

## Doubles Share Tennis Interest

**SOUTHAMPTON, N. Y., Aug. 4.** (AP)—The start of the doubles tournament shared the interest with the quarter-final round singles matches in the Meadow club men's invitation tennis tournament today after a day of inaction, due to rain, had forced a doubling-up in the program.

Berkeley Bell of Texas and New York and Gregory Mangin of Newark, N. J., twice winners of the doubles title, led a field of 32 teams.

**DEAD NEGRO FOUND**  
GAINESVILLE, Aug. 4. (AP)—An unidentified negro's body was found today in Elm creek near the Leonard park dam by two boys who were swimming in the stream. Sheriff Bert Browning said the negro apparently had been struck on the head and his body thrown in the creek. He had been dead about two days.

## Lew Fonseca To Remain Manager

CHICAGO, Aug. 4. (AP)—In the midst of the noise caused by the dismissal of Rogers Hornsby as pitcher of the Cubs, Owner J. Louis Comiskey has come forward with the announcement that Lew Fonseca would continue as manager of the White Sox in 1933.

"We haven't made much headway this year but Fonseca will manage the White Sox against next season," Owner Comiskey said.

**DEATH INVESTIGATED**  
ENID, Okla., Aug. 4. (AP)—G. A. Roberts of Deer Creek, chairman of the board of directors of the Oklahoma Wheat Growers' association and prominently known in farmers' co-operative circle was found dead at his home today. He had been in poor health. An investigation was in progress.

## Wait on Tee for Slow Foursomes

By JOHNNY FARRELL  
(As Told to Artie McGovern)

You can save yourself much fretting and probably several bad shots, if you wait until the foursome ahead is on the green before you drive off. Do all your hesitating on the tee, not on the fairway.

The success of your golf game depends largely upon your mental attitude, and with a slow foursome ahead, it is irritating to have to stand on the fairway behind your ball before you can play.

However, this is not true at the tee. Your foursome can chat there in a relaxed manner, so that by the time the match ahead has reached the green, you can play right through without waiting for your second shot.

Naturally, with the increasing popularity of the game courses are crowded during the week-end, but if your foursome will wait as I suggest, you can get much more enjoyment out of your game.

## FIGHTS LAST NIGHT

By The Associated Press  
Indianapolis—Eddie Anderson, Cody, Wyo., outpointed Allen Whitlow, Phoenix, Ariz., (10).  
Boise, Idaho—Joe Cortez, Boise, knocked out Al Wilson, Albany, N. Y., (4).  
Medford, Ore.—Loe Lomsy, Aberdeen, Wash., outpointed Jack McCarthy, San Francisco, (6).  
Oakland, Calif.—Midget Wolgast, Philadelphia, won decision from Young Tommy, Manila, (10).  
Seattle—Speedy Dado, Los Angeles, outpointed Canto Robledo, Pasadena, (8).

## MARCHER IS HURT

COLUMBUS, O., Aug. 4. (AP)—Imprisoned three days in a box car, Francis Hubert, 47, of Hillsboro, Texas, was removed today to the city jail for treatment of a foot injury he claimed to have received when stepped on by a cavalry horse when Washington troops routed the bonus seekers. Hubert claimed he was shoved in the box car by troops and the door slammed. He said he had been there since Sunday without food or water.

## NEWS To Play Phillips Outfit To Open Season

The softball season will be unofficially opened tomorrow afternoon when THE NEWS goes to Phillips Camp in the South Pampa field for an exhibition game with the fast Phillips "66" aggregation. The game will be called at 5 o'clock.

The type boys will be strengthened with some new players who are expected to give the now well-known Phillips nine a tough battle. Phillips lost two scoreless games Sunday afternoon while Phillips of Berger could only score one run in the first game and three runs in the second game.

Batteries for the big game will probably be Dillman and Ruddy for The NEWS and Horne Parker for Phillips. Both nines have announced a few changes in positions for the game.

A return game will be played next week. Later the newly organized Skellytown nine will be engaged in home and home games.

Mr. and Mrs. John Puryear and daughter of Collingsworth county were in Pampa yesterday.

## THANKS FRIENDS

I wish to thank my friends in Gray county who voted for me in the primary July 23. I certainly appreciated your vote. I would like to further impress you that I am for economy and tax reduction. Now that I am in the run-off, if you can see fit to support me I assure you I will greatly appreciate your vote.

## JOHN PURYEAR

Collinsworth County Farmer for Representative

I want to thank each one of you who supported me in the recent primary, thus making it possible for me to be nominated to the office of District Attorney.

I count this the greatest honor of my life, and I assure you that it is my intention to so conduct myself in office that no one shall ever regret having supported me and that none, who did not do so shall ever feel that I am not worthy of their support, friendship and confidence in the future.

Sincerely Yours,

### SEABURY UNCORKS VERY SHARP ATTACK ON JIMMIE'S CLAIMS

ALBANY, N. Y., Aug. 4. (AP)—An attack on Mayor James J. Walker's credibility lay on Gov. Franklin D. Roosevelt's desk today as the case of New York's "Jimmy" pushed to the forefront of gubernatorial problems.

The documentary strife between Walker and Samuel Seabury, counsel to a legislative committee of investigation, reached a new climax when Seabury filed late yesterday 20,000 words calling Walker evasive and "unworthy of belief." It was a reply to Walker's defense against accusations of unfitness, on which the mayor's removal is sought.

Soon Gov. Roosevelt is expected to make a decision public. He may give Walker a hearing. It also was considered possible he might remove or exonerate him on the basis of documents on file.

Seabury, whose tone has hitherto been coldly legal, uncorked sharp language. Alluding to the mayor's contention that 10 of 15 removal counts are outlawed because they refer to a previous administration, Seabury said it was "a sorry sight indeed" to see a public officer contending he must be allowed to continue in office "because he was fortunate enough not to be caught in time."

**Double Execution To Take Place**

HUNTSVILLE, Aug. 4. (AP)—The first double execution in several months will occur early tomorrow morning at the state prison here, barring executive intervention.

John L. Green and Ernest Johnson, both negroes, will be electrocuted for the murder of Frank Kampf, a white dairy farmer, in Medina county in June of last year.

The prosecution in the trial assigned robbery as the motive. Kampf was beaten to death.

Warden W. W. Waid of the prison said Green was tried in Medina county, where the crime was committed, but Johnson's case was transferred to Caldwell county for trial.

### FUNERAL WILL BE ON FRIDAY

Funeral services for Mrs. Mary Condo, 30, wife of J. W. Condo, who died at a local hospital Tuesday afternoon, will be conducted in the chapel of the Stephenson Mortuary at 10 o'clock tomorrow morning. The Rev. James Todd Jr., will officiate. Music will be by the Stephenson quartet.

Following services here the body will be taken overland to Cheyenne, Okla., for burial.

Mrs. Condo died following a brief illness. She had been a resident of this community for the past seven years. She had operated the Permanent Wave Beauty shop until recently.

Survivors are her husband and one son Billy Shay, six brothers, one sister and an uncle.

### Recluse Confesses In Girl's Death

LUDINGTON, Mich., Aug. 4. (AP)—Francis (Rusty) Nash, strange recluse, covered in a police cell today after confessing he strangled pretty 17-year-old Evelyn Sanford.

Stirred by the discovery of the girl's bruised body in a shallow cellar grave in Friesland yesterday, residents voiced threats to lynch Nash. He was spirited from Friesland to Traverse City yesterday and today police waited for hostile feeling to subside before arraigning him on a murder charge. The maximum penalty is life imprisonment.

Tell-tale scratches on the 31-year-old recluse's face led to his arrest, police said. His confession declared he waylaid the young farm girl Saturday night along a lonely road leading to her home and killed her in anger when she repulsed his advances. He denied assaulting her.

### Oil Thefts Are Being Traced By A.P.I. Officials

DALLAS, Aug. 4. (AP)—An investigation of oil thefts in the East Texas field was under way today, directed by a committee of the American Petroleum Institute.

Planning to meet frequently for the next two months, the committee laid preliminary plans here yesterday, studying forms on which pipeline companies will be asked to make reports.

Jack Few, chairman, said the committee faced much work, if evidence submitted to it were true.

The committee recently was appointed by Amos L. Beaty of New York, president of the institute. In addition to Few, members are Capt. J. F. Lucas of Dallas and Col. Louis S. Davidson, commander of state militia in East Texas.

### MISSOURI NOMINEES WET

ST. LOUIS, Aug. 4. (AP)—Missouri will elect a wet United States senator next November.

Both Bennett C. Clark, who won the democratic nomination, and Henry W. Kiel, selected by the republicans in Tuesday's primary, are outspoken opponents of prohibition.

Clark, son of the late Champ Clark, speaker of the house, maintained a plurality of 40,000 or more over his nearest opponent, Charles M. Howell.

### PRECEDENTS BROKEN

WASHINGTON, Aug. 4. (AP)—The clatter of broken precedents in the present campaign is being increased by the race between Charles Curtis and John N. Garner for the vice-presidency.

This is the first time in American history that both the vice-president and speaker have been candidates for the same office.

Regardless of the outcome, they will preside jointly over the senate and house during the counting of the electoral college votes that will formally elect the next president and vice-president.

### Skeet Stewart In Bad Car Wreck

How Skeet Stewart escaped death Tuesday night is unknown to his friends, but Skeet came out of the car wreck with his face badly skinned and an arm bruised. His car was demolished.

The Pampa man was returning from Amarillo late Tuesday night when a truck loomed up ahead of him, parked on the highway without lights, according to Skeet. He turned his car to the other side of the highway but the rear wheel locked on a corner of the truck and his car rolled over several times.

Stewart was found unconscious by Bob McCoy of White Deer, who rushed him to a doctor. He was later brought to Pampa and it was yesterday afternoon before it became generally known that he had been injured.

Chevrolet garagemen say that the car is the most damaged that they have ever seen not to have killed anyone. Luckily the driver's side received the least part of the impact. The engine was also partially undamaged.

Mrs. R. L. Warren, Mrs. M. W. Wortman, and Miss Audrey Sheldon are expected to arrive here from Waco this afternoon at 4 o'clock to visit Mrs. Bess Baldrige for a few days. Mrs. Warren is the mother of Mrs. Baldrige, who is the former Mrs. Robert Warren.

Mrs. Paul Heath is ill.

### Methodist Choir To Meet Tonight

The choir of the First Methodist church will have rehearsal this evening at 8 o'clock at the church. Mrs. Philip Wolfe, director, is asking all those interested in singing with the choir during the revival meeting to be present. The revival will begin Sunday, with the Rev. Ray N. Johnson, former pastor here, doing the preaching.

### Meetings of Club Are Discontinued Until September

The Treble Clef club held rehearsal yesterday morning at the First Baptist church. As a number of members are out of the city, it was voted to discontinue club meetings until September.

Mrs. R. C. Watson of Skellytown was in Pampa this morning.

BY RUBY M. AYRES

**SYNOPSIS:** Sandra Kent's money is vanishing—and for the first time in her life, she realizes she must support herself. Since her sister Flora left her husband, Sandra has had no home. Mark Merrimon, in secret her husband, is in the Congo. John Anderson, who has secured a guardianship, appears distant.

## Chapter 22 SUDDEN DEATH

HOW could people without money manage to live? Sandra asked herself.

People like Cass for instance; it was a generally accepted fact that he was eternally broke, and yet he managed to live and to enjoy himself. Of course a man was different, and yet she felt a great curiosity to know how Cass existed.

Perhaps Anderson really helped him after all—he was the sort of generosity and Sandra knew that the two were friends. Six weeks—two months ago she would have gone to Anderson unhesitatingly and told him of her position, but not now; she knew that in the light of their new and changed relationship she would rather die than let him know.

"I've no longer any friends to lose, so what does it matter what I do?" she asked herself ruefully, and with fresh courage and determination she went downstairs, paid her hotel bill and told the desk clerk that she would be leaving at the end of the week.

Then she put on her hat and coat and went out to look for a cheaper abode.

It was a beautiful morning, and Sandra's spirits rose as she walked along. She avoided the park, which she knew might be full of people she knew, and at the end of the street she climbed on to a bus that was going northwards.

She had heard vaguely that hard up people often found inexpensive havens in Cass's neighborhood and at any rate it would be a new and amusing experience after the life of luxury and gaiety she had been accustomed to lead.

She wondered where Flora was, and felt a sharp longing to see her. It would have been fun if they could have shared their new independence together.

"When one door shuts, another always opens"—the words seemed to follow her through the sunshine and she found them comforting.

"After all, I'm young and fairly strong—there must be some sort of work I can do."

How concerned Mark would be when he got her letter telling him of this new, strange upheaval in her life.

It would worry him to know that she was alone, even though she had not let him know the true facts of her position—Mark had always taken it for granted that she had plenty of money.

Well, she would let him think so for the time being at all events—and then if things got too utterly hopeless, she could always go to him.

She left the bus and walked along, lost in thought.

It would be amusing not to tell anyone of her new address—she wondered what Anderson would think when he discovered that she had vanished; possibly he would not care, or would merely feel relieved.

Her thoughts soared ahead into a fantastic future. She might possibly make money some day and be able to repay him all that he had lent her; things like that did happen in life in the most surprising fashion—oh, it would be a great triumph if she could ever show him that she was not so mercenary as he must have believed her to be.

Did other girls take money from men?—She had never troubled to ask herself the question before, and it vaguely troubled her.

But Anderson had always been so delicate about it all—she had never once felt under any obligation to him until she realized that his devotion to her had changed.

It made her wince now to think of his sudden coldness; why was it? Why was it, she asked herself restlessly.

She turned a corner hurriedly and cannoned into a man approaching from the opposite direction; it was Cass.

He pulled up with swift apology, then chuckled delightedly.

"Good Lord!—Miss Kent! And what in the world are you doing in this neighborhood? I was only thinking of you a moment ago."

"I was thinking of you, too," Sandra said laughing. "And I'm not doing anything very alarming—just looking around. How are you?"

"All thanks—always A. I. Glorious morning, eh? Makes you feel glad to be alive." He broke off, to ask more soberly. "You've heard about Anderson, of course?"

## GRAIN RATES IN TEXAS UNREASONABLE

WASHINGTON, Aug. 4 (AP)—The interstate commerce commission today found that rates on grain products in carloads from Texas and Oklahoma points to New Mexico were unreasonable.

It did not fix rates for the future, however, because they are being handled in the western grain rate case now in course of hearings.

The rates were attacked by the Great West Mill and Elevator company of Amarillo, Texas. The report found they were unreasonable insofar as they exceeded a schedule ranging upward from 2 and 10 cents per 100 pounds for wheat and flour for 10 miles or less; 6 to 9 cents for coarse grains, and 8 to 11 cents for hay.

### COTTON IRREGULAR

NEW ORLEANS, Aug. 4 (AP)—The cotton market had a somewhat irregular opening, although Liverpool cables came in better than due. While October traded one point down at the start, December showed gains of five points. The markets started to improve right after the start, however, owing to a firm opening of stocks and October traded up to 6.02 and December to 6.15. Humble led 4 48% and 48 cents. Trading was somewhat more active.

### GRAINS ADVANCE

CHICAGO, Aug. 4 (AP)—Material new upturns in grain values here took place early today, influenced by the Liverpool wheat market responding fairly well to yesterday's price advances this side of the Atlantic. Talk persisted that an organization would be formed, properly capitalized, to aid commodity prices. Opening 1-2 to 1-3-8 higher, wheat afterward held near the initial range. Corn started at 1-8 to 1-2 advance and subsequently kept firm.

### TENNESSEE IN PRIMARY

NASHVILLE, Tenn., Aug. 4 (AP)—Tennessee democrats and republicans in primaries today selected candidates for the battle of politics this fall. Principal interest focused on the democratic nomination for governor.

A resolution condemning the president for ordering the army "to forcibly eject" veterans seeking "to lobby" in favor of the bonus was adopted.

Another resolution advocated repeal of the eighteenth amendment and turning the liquor question back to the states.

Wm. Hall of Noelette was a Pampa visitor this morning.

Carl Horner of Skellytown was in Pampa last night.

## Joan Blondell Weds Cameraman

GOLD BEACH, Ore., Aug. 4 (AP)—The secret marriage of Joan Blondell, moving picture actress, and George S. Barnes, Hollywood cameraman, has come to light with their announcement that they are here on a honeymoon.

Clad in overalls, they are enjoying an interval of fishing in the Rogue river and are living in a small cabin.

At Hollywood, Miss Blondell's studio, Warner Brother-First National, disclaimed any knowledge she had wed and others who might be expected to know about it said they didn't.

Barnes, a cameraman at United Artists studio, had been seen frequently in Miss Blondell's company.

Miss Blondell is scheduled to start a new picture in Hollywood about Aug. 15.

## Toledo Bootlegger Is Shot To Death

TOLEDO, O., Aug. 4 (AP)—One man was killed and another wounded probably fatally today in what police believed was another gangland war between rival bootleggers of Toledo and Monroe, Mich.

His head nearly shot off and his automobile full of holes from machine gun bullets, the body of Sam Armetto, 30, was found near the Toledo state hospital.

## LEHMAN ANNOUNCES

ALEANY, N. Y., Aug. 4 (AP)—Lieutenant Governor Herbert L. Lehman, saying he felt assured of the support of "vast majority," today formally announced his candidacy for the democratic gubernatorial nomination.

# The Policeman Said "Move On" THE LANDLORD SAID "Move Out"

We're gonna listen to the landlord. In a earnest effort to remain in Pampa with the Hayter Bros. stock, our plans have been disrupted to such an extent that we are forced to vacate the building formerly occupied by Hayter Bros.

We have only a limited time to remain, and for this reason we are going to slaughter and close out every dollars' worth of goods now on hand.

Planning to remain here indefinitely with Hayter Bros. stock, we had gone into the markets and sweetened all lines of merchandise, Manhattan Shirts, and many other well known products. These late arrivals of merchandise will be placed together with Hayter Bros. stock for quick selling, which the following prices will indicate:
