Back home—and isn't this warmth fine, though? Now, folks, don't start throwing things—we mean it.

Cold and High We got back just in time to escape pneumonia. Every morning the thermometer read around 50 degrees at 8,000 feet on the Pecos river in New Mexico. That is a long way below our 100 degrees here in Pampa, where the days are a bit warm but the nights ideal.

As To Fishing

Several have asked if we did any fishing. Since we did not have a New Mexico license, we are not going to tell any fishing lies. We saw a good bit of fishing. We aided and abetted several expert fishermen in a manner which we do not believe could be called fishing in the true sense.

"Pa" Well Known

"Ma" Ferguson is much talked about in New Mexico. In a state where political leaders carry big blocks of votes in their pockets and elections depend much on "hoss trading," the Texas situation is somewhat laughable. If "Ma" is elected our

Forgery Suspects Claim Innocence

Two young men are being held in county jail in connection with the passing of several forged checks. They were arrested late last night by Sheriff Lon L. Blancett and Constable Frank Jordan, who answered a call to a downtown confectionary store.

—AND A SMILE

PHILADELPHIA (AP)—The good old melodrama plea of "fireman, save my child" came bouncing over the telephone wires into the ear of Fireman Connor, truck company No. 1, and he and the boys dashed out to do something about it. They found Mrs. Mary Dove had left her baby playing in the kitchen. The door had blown shut, and she was afraid he might catch fire from the gas stove. The firemen saved the child.

LACK OF MONEY LEADS TO DIFFICULTY AT MIAMI

AVIATOR'S WORRY TOLD AS ATTORNEY READS

MIAMI, Fla., Aug. 5 (AP)—The jury trying Captain W. N. Lancaster on a charge of murdering Haden Clarke heard about the private affairs of the two men as well as those of Mrs. William J. M. Keith-Miller, with whom each was in love, through personal letters and Lancaster's diary read in court today.

State Attorney N. Vernon Hawthorne read the diary written by Lancaster from Jan. 1, 1932 to Sunday, April 18. It told of his financial and domestic troubles in Miami and during his tour of the west in search of employment.

Parts of the diary follow: Friday—Jan. 1, 1932—Miami, Fla.—Chubbie (Mrs. Keith-Miller) and I have moved into a house with Major J. C. French, 2983 S. W. 16th Terrace. It is a small bungalow, but quite convenient. We have with us our gallant old Lincoln car which we drove from Los Angeles to Miami. Taking the house in Chubbie's name for twelve months at \$45 per month. I am to share this with us. We also hope Gentry Shelton will join us in the up-keep. No word from the blighter, though.

Tuesday—January 5th, 1932—Miami Fla.—Some of the crowd arrived for the air races. They are here for a good time and get very tight, so too, does Chubbie. They come out to the house. No news from Chubbie's and my partner. He has failed to bring down the ship for the air races.

Thursday, January 14, 1932—Miami—It's a sort of helpless feeling this utter lack of cash. No sign of work either. Chubbie still the best little sport over matters, but she's blue, too. Still no news from Gentry. Chubbie raises hell about our agreement with the land lady as tomorrow is the 15th. J. F. and I come to the conclusion that a desperate situation calls for desperate measures. I prepare my application for citizenship in the U. S. A.

NEW YORK, Feb. 3, 1932 A and N. Club, New York (midnight)—Am in a cold sweat. Return to Aberdeen hotel to find two telegrams from Chubbie saying that I must call her—important. What can it be? Have just fixed everything up in New York and can leave in the morning for Miami—but this urgent request to telephone Chubbie has knocked me flat. God, if anything has happened to her I shall suffer as I have never suffered in my whole life. It can not be bad, otherwise she would not be out until one. Will complete this day's entry after my call.

A. M.—Just talked to Chubbie. Gee it was wonderful to hear her voice. I love her more than my very life. I think she needs me.

DR. KNAPP IS RFPAL SON OF PLAINS AREA

To Become Head of Texas Tech On Sept. 1

AUBURN, Ala., Aug. 5 (AP)—A strapping six-footer, who wears a ten-gallon hat and wears it like a son of the southwest is to become president of Texas Technological college at Lubbock on September 1. He is Dr. Bradford Knapp, president of Alabama Polytechnic institute. Auburn is what it's popularly called) and long a figure in education in the south and south-at Lubbock, flourishing city of the west. When he steps off the train Texas plains, he might easily be mistaken for a prosperous rancher, rather than as the new college president.

The ten-gallon hat that made him a conspicuous figure at Auburn's football games during his four-year regime here will be there. But that hat is not an affectation. Dr. Knapp spent eight years in the southwest and he came to know and admire the ways of that section, and the folks who live there.

He is an able horseman and he is never happier than when discussing "crops" with a group of farmers. He sometimes amazes them by his knowledge of what farming is all about.

Dr. Knapp keenly enjoys an occasional round of golf but entertains no illusions concerning his ability. He plays bridge but admits he doesn't care for the game.

His philosophy of education is founded on the word "research." He says research is the only real stimulant to valuable and effective teaching—the basis of human development and progress. This belief carried him in 1913 across Europe in an extensive investigational tour of finance and cooperative marketing.

NASHVILLE, Tenn., Aug. 5 (AP)—Unofficial returns today from all but 240 scattered precincts in yesterday's democratic gubernatorial primary gave State Treasurer Hill McAllister the nomination, with Lewis S. Paine second and Judge Malcolm R. Patterson third.

ATHENS GIVES CORDIAL GREETING TO GOVERNOR

By R. W. BARRY Associated Press Staff Writer ATHENS, Aug. 5 (AP)—Governor R. S. Sterling ran into some opposition from partisans of Mrs. Miriam A. Ferguson, his run-off opponent for governor, today at Mabank, where he delivered his third address of the morning. As he concluded his speech, John W. Easterwood of Athens climbed to the stump and started talking for Mrs. Ferguson.

"That was all bunk the governor just told you," Easterwood shouted. "It was a fine line of falsehoods." Governor Sterling, who had stepped down to shake hands with members of the audience, turned and started back toward the stump he had just left, hesitating as if undecided what to do then walked from the crowd. He entered his automobile and drove away.

Previously while Frank Ogilvie of Fort Worth was speaking to the crowd before the governor's arrival, Easterwood challenged statements made in behalf of Sterling. The governor charged in his Mabank speech that James E. Ferguson was on the payroll of major oil companies and utilities. He said Ferguson had lobbied before the legislature against passage of anti-trust laws and fairness of rates charged by utilities. At Athens the governor and greeted by Mayor E. B. Gant and others. He was a guest of the Rotary club for luncheon and later spoke on the courthouse lawn.

NOTED WRITER DIES

NEW YORK, Aug. 5 (AP)—James Oppenheim, 50, writer and founder in 1916 of "The Seven Arts" magazine, died at his home on West End avenue early yesterday after a long illness.

A versatile writer, Oppenheim had a varied literary career. His first book, published in 1909, was a book of short stories, called "Dr. Rast." He was then a leader in the colony of writers and artists in Greenwich Village.

LATE NEWS

NEW YORK, Aug. 5 (AP)—In the face of further profit-taking, the stock market pressed further in the drive to higher prices today, and finished with numerous gains of 1 to about 7 points. The final tone was strong. The turnover of about 2,500,000 shares was about 1,000,000 less than yesterday's.

LOS ANGELES, Aug. 5 (AP)—Lieutenant Richard W. Mayo, United States contender in the modern pentathlon of the Olympic games, maintained his lead in the grueling contest today, despite placing fourth in the 300 meter free style swim. Mayo had low total of 21 1-2 points for the first four events. The 4,000 meter cross country run concludes the test tomorrow.

WASHINGTON, Aug. 5 (AP)—Court attaches believed today that the grand jury now studying the veterans' riot will not express an opinion on the use of regular army troops to halt disorders. It was predicted, though, that several indictments would be returned charging rioting, trespassing and destruction of government property. All evidence has been presented to the jury, which delayed its report until next week.

SEVERAL CHANGES IN BUDGET FOR GENERAL FUND IN 1933 ARE SUGGESTED BY JUDGE

Necessity For Economy Is Explained—Salary Schedule Pointed Out—Stennis

Budgeting of the general fund for 1933 is tentatively suggested by County Judge S. D. Stennis, with explanations of current salaries and sources of revenue.

The general fund budget for 1933 is suggested as follows: General Fund Budget (a) Salary of County Auditor—\$3,500.

The statute provides that the county auditor shall receive \$125 per annum for each one million dollars of assessed valuation or major fraction thereof. During 1931 his salary paid was \$3,500.

(b) Court Reporter 114th District Court—\$1,500.

The statute provides that the court reporter on this court shall receive a salary of \$2,700 and this is apportioned to the different counties in accordance with the number

MEN CAUGHT AFTER SLAYING PEACE OFFICER

Former Convict One Of Fugitives Arrested

HASTINGS, Minn., Aug. 5 (AP)—A posse captured two men shortly after one of them had snatched a deputy sheriff's pistol from his holster in the jail office today and killed the officer. They were chased through cornfields and woods until they gave up. Lawley Sharp, 23, St. Paul, former convict, was captured near Langdon, nearby, after the posse surrounded him. Harold Wilder, 29, St. Paul, was taken about two hours later in a corn field nearby.

Sheriff who, Melvin Passolt, chief of the state crime bureau, said had served time for murder, accused Wilder of killing Rudolph Fischer, Dakota county deputy sheriff, after which the two menaced Larry Dunn, another deputy, in the office, with the gun and fled.

Art Clark of the U. S. department of commerce was a visitor at the Pampa airport this morning. He was flying a taper-wing Waco plane.

WATCHMAN IS KIDNAPED AND TOWN RAIDED

Postoffice Safes Blasted Opened And Robbed—Hardware Firm Loses Tires.

GODLEY, Aug. 5 (AP)—Five unmasked men early today kidnaped Night Watchman W. S. Derr and looted the postoffice and three other places here.

The safes at the postoffice and at a drug company were blown open with an explosive and the contents taken. Several automobile castings were taken from a hardware company. At a grocery store, a safe was entered and the contents taken.

When the robbers arrived here about 3 o'clock in an automobile they accosted Derr and they asked where they could buy some gasoline. When Derr offered assistance in having a filling station opened, one of the men drew a pistol and forced him into the car. Derr was taken about a mile from Godley and guarded by one of the men while the others returned to town. After the stores and postoffice had been robbed, the men returned to their companions and all then bound Derr with heavy twine. Left by the robbers, Derr freed himself and went to a farm house where he summoned aid.

Pistol Is Clue In Wellington Case

FORT WORTH, Aug. 5 (AP)—The pistol with which A. E. Black of San Antonio was killed near Wellington a week ago may have been his own gun.

J. R. McClure of Fort Worth has informed officers that a year ago he sold Black a pistol of the same description as that believed to have been used by the slayer. The weapon was found along a creek where Black and his son, John I. Black of Fort Worth camped on the night when the father was killed. Efforts will be made to complete the identification.

The younger Black has been charged with murder.

Aged Spinster Shot To Death

NATCHEZ, Miss., Aug. 5 (AP)—The body of Miss Jane Merrell, aged reclusive was found in a thicket near her house early today after an all-night search by a sheriff's posse and bloodhounds.

The body bore two bullet wounds in the neck and one in the left side. A coroner's inquest this morning recorded a verdict of death at the hands of a person or persons unknown.

Miss Merrill apparently had been shot in the dining room of her famous old Ante-Bellum plantation home. The room was riddled with bullets and a trail of blood led out onto a balcony and to a spot about 200 feet from the house.

Heavy hail followed the rain between here and LeFors and the ground was covered with hailstones for some time after the rain, motorists said. The downpour did not clear closer than two miles from the city limits.

Scattered Showers Fall In Community

Rain amounting to .18 inches fell here late last night but by morning had dried into the earth as if no moisture had fell. The country south and east of Pampa received a heavy rain yesterday afternoon while a few scattered drops were falling in the city.

GRAND JURORS WILL REVIEW MAN'S CLAIM

POLICE UNABLE TO FIND GUN DISPLAYED BY ROBBERS

AFFAIR IS AT HOUSTON

SECOND HI-JACKER HIT WHILE REACHING FOR PISTOL

HOUSTON, Aug. 5 (AP)—S. E. Webb, 28-year-old bus driver, shot and killed a man and a youth here this morning on a suburban street. Webb said they attempted to rob him.

The slain pair was identified as Elgin Millican, 29, and Willis Henson, 17.

Webb in a statement, said he had reached the end of his line and had turned back toward the city when one of the two boarded his bus.

"He asked me if that was the last bus," said Webb.

"While this boy was asking me this in the doorway, another boy came up on the side of the bus. He had a pistol when he got up on the first step. He said to me: 'Stick 'em up!'"

I said: "What do you mean?" He took another step toward me and leveled the gun. He told me to let him have the money. The other boy was still standing in the same position. I grabbed my pistol. I shot the one that had the pistol. The other boy made a grab at the hijacker's pistol and when he went to grab the pistol I shot him.

"The boy with the pistol, after I shot him, jumped out and ran. After I had shot the second boy, he told me not to shoot any more. I do not know where I hit this boy. The second boy shot walked over near a telephone post but he asked me not to shoot any more—to call an ambulance. The first hijacker was about 3 or 4 feet from me when I shot him. He did not act like he had been drinking at the time."

Henson was Millican's nephew. Relatives said they had gone to the bus line to meet Henson's sister. Detective Lieut. Anthony Margiccia, heading the investigation, said officers had been unable to find the pistol Webb said was used by one of the victims.

No charge was filed against Webb. Justice Campbell R. Overstreet saying the case would be referred directly to the grand jury.

ENCOURAGING EXAMPLE

Recent months have not been a good time for people who like to keep a strong faith in human nature. There has been a good deal of news of stupidity, venality and perversity in high places—almost enough to convince one that the race is a pretty shabby affair.

But now and then there will be a little story about some utterly unknown, perfectly ordinary individual that will turn the tide; a story that helps to restore one's belief that mankind is, after all, capable of very great and noble things.

Such a story got into the papers the other day from Canon City, Colo.

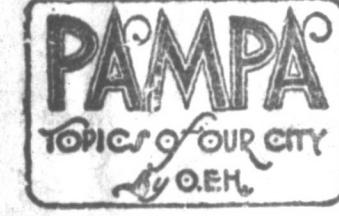

Tom and George Embleton, brothers, were digging a well, assisted by their father. They got the well shaft 60 feet deep, and then George was lowered to the bottom in a bucket to set off a dynamite blast. He lit the fuse and ordered them to hoist him out. They began to do so—and the rope broke. George fell to the bottom, knocked unconscious, and lay right on top of a charge of dynamite that was certain to explode very shortly.

The two men at the top would have been amply justified in staying there, waiting in frozen horror for the tragedy. But Tom, without hesitation, got into the bucket and ordered his father to lower him into the well—into the well where a high explosive was due to go off in a few seconds.

Unfortunately, he was unable to save his brother. The dynamite went off when Tom was only half way down the shaft. He went on to the bottom, picked up his brother's broken body and brought it to the surface, but it was too late. George was fatally injured.

But you will go a long way before you find a finer example of real bravery than Tom displayed.

Physical courage, of course, is common enough. Millions of soldiers displayed it in profusion during the World War. But there is always something immensely heartening about it. To see a man who is ready to act on the belief that there is something immensely more important than saving his own skin restores one's faith in the entire race.

enumeration of duplications in Texas state government shows a keen insight into the political racketeering which has hiked expenditures and appropriations. It has come to a point where the governor of this state is hedged about with department heads who draw much more money in salaries than he does. The state payroll needs drastic pruning. We believe Judge Duncan is well informed on the subject and is capable of helping that growing band of independent thinkers upon which we must depend for any concrete action.

BUDGET--

(Continued from page 1)

before allowed has been \$900 per annum and this has therefore been reduced to \$500.

(g) County Clerk—\$1,500.

The county clerk's compensation is made up of the ex-officio plus the fees of office above the amount necessary to pay deputy hire. Activity in the real estate business is materially less than heretofore and it is not believed that this amount of ex-officio salary is excessive. The amount paid in 1931 was \$1,500.

(h) County Farm Agent—\$1,630.

Made up of salary \$1,600
Expense 30

The county farm agent is paid one-half by the county and the other half from other sources. The present salary arrangement is \$3,260, of which we pay one-half and this includes the agent having to furnish his own transportation and automobile expense, and all traveling expenses. The expense item of \$30 is for half of the telephone charge for the joint office of the county farm agent and the home demonstration agent. The amount paid in 1931 was \$1,630.

(i) Home Demonstration Agent—\$1,630.

The same explanation as to salary and expenses applies here as to the county farm agent, just above. The amount paid in 1931 was \$1,630.

(j) County Health Officer—\$300.

This is compensation for the county health officer for services in case of quarantine and general health matters, together with attendance upon jail patients. It does not cover any services that he may render to charity patients as that is not a part of his official duties. The amount paid for 1931 was \$300.

(k) Four County Commissioners—\$2,250.

Three-fourths of the salaries of the county commissioners may be paid from the road and bridge fund instead of the general fund, provided the maximum levy is made for general fund purposes. It is anticipated that the maximum levy of 25 cents will be made, and for that reason one-fourth of their salaries is budgeted to this fund.

The salary of county commissioners is fixed by law and is based upon the assessed valuation of the county. The salary of \$2,250 per year is provided for commissioners in counties having a valuation in excess of twenty-four million dollars. It is not believed that the assessed valuation of Gray county will be less than 24 million dollars for the year 1932. The amount paid in 1931 was \$2,250.

(l) County Judge—\$2,250.

One-fourth of the salary of the county judge may be paid from the road and bridge fund, and three-fourths from the general fund, provided the circumstances mentioned in the preceding paragraph. The salary of the county judge is made up of the ex-officio salary plus fees of office. The fees of office during 1931 amounted to approximately \$600. The ex-officio salary has heretofore been \$3,000, and three-fourths of it is now budgeted from the general fund; the remaining one-fourth will be budgeted against the road and bridge fund. The amount paid in 1931 was \$2,250.

(m) Feeding Prisoners—\$7,250.

The amount actually paid for feeding prisoners during 1931 was \$7,250. The compensation allowed the sheriff for feeding prisoners is fixed by the commissioners court and shall not be less than 40 cents per day nor more than 75 cents per day. The court has heretofore allowed 75 cents per day, knowing that there was a profit in this, but the sheriff's compensation is meagre and he has to account under fees of office for the difference between signs of better business. Firms with annual business running high in the millions reported orders piling up. . . . Release potential buying power through confidence and you will provide hundreds of thousands of jobs this winter.

the actual cost of feeding prisoners and the amount that he is paid. This is one way we have had of increasing the pay that the sheriff actually receives.

The sheriff is required to make an itemized statement of the actual cost of feeding the prisoners and this is audited by the county auditor, and the difference is compensation received by the sheriff.

I have assumed that the next year will allow the sheriff 75 cents per day for feeding prisoners. While there are fewer cases on the criminal docket from year to year on account of conditions being more settled, it is, nevertheless, true that fewer of them are able to pay fines and more of them are serving time in jail so that I see no reason for this item being decreased during the coming year. On account of the greatly decreased cost of groceries, it might be well to consider lowering this.

(n) Safe-Keeping of Prisoners—\$1,750.

The statute provides that the sheriff shall be paid 15 cents per day for safe-keeping of prisoners. In 1931 this amounted to \$1,750 and I see no reason for a change.

(o) Fees of Sheriff for Waiting on Courts—\$1,100.

The law provides for the sheriff to receive \$4 per day for attendance upon the district and county courts, and these courts in 1931 were in session 318 days. It is thought that they will be in session for 275 days in 1932 and the budget is therefore fixed for 275 days at \$4 per day. The amount paid in 1931 was \$1,175.

(p) Vital Statistics—\$226.

Fees for vital statistics are fixed by statute and in 1931 amounted to \$226. I see no reason to believe there will be any material change in this for the year 1932. However, I believe that history discloses that in periods of depression the birth rate increases.

(q) County School Board—\$50.

The law provides that the general fund bear the expense of all meetings of the county school trustees. This does not have any application to local school boards. The amount paid in 1931 was \$50.

(r) Fees of County Officers in Lunacy and Misdemeanor Cases—\$136.

Lunacy, to County Judge \$24
Lunacy, to County Attorney 80
Lunacy, to County Clerk 32

There has been an average of about eight lunacy cases per year. The county judge has a fee of \$3 in each case; the county attorney \$10; and the clerk's costs average about \$4. In case of indigent lunatics the county has to provide certain clothing for the lunatic before they are admitted to the hospital. This item is included elsewhere in the budget. These fees in 1931 were \$136.

(s) Misdemeanor Cases, Fees of County Judge—\$126.

The county judge is entitled to a fee of \$3 for each misdemeanor case tried and there were 42 tried during 1931. It is not thought that this number will increase. The amount paid in 1931 was \$126.

(t) Conveying Juveniles and Lunatics by Proper Offices—\$75.

The officers are allowed actual expenses in both of these cases for conveying lunatics and juveniles to their respective destinations. The amount paid in 1931 was \$56.47.

(u) Assessing County Taxes—\$4,040.

The amount paid in 1931 was \$4,040.

This is made up of expenses advanced by the commissioners court to the assessor during the year out of the general fund for deputy hire and for his own services. The tax assessor's salary is fixed at the end of the year based upon fees of office for making the assessment on a certain commission per million dollars valuations, payable partly from the road and bridge fund, partly from the school districts, and partly from the state. His salary is limited by the law.

(v) Special Valuation Assessors for Oil and Associated Properties—\$8,900.22.

This is the amount that was paid under contract to Thos. Y. Pickett & Co. for the year 1931. There is no doubt in my mind that in order to equalize the values of oil and associated properties it is necessary

Captain Stewart Defeats Perkins

The biggest upset in the Bean and Turkey tournament over the Red Deer course was sprung yesterday afternoon when Captain Stewart of the Reds defeated Captain Tom Perkins of the Blues, 1 up. The loss was the first Perkins has encountered in some time.

In the foursome, R. H. Swinson shot a 35 to be the best score he has recorded to date. Stewart turned in an 81 for the 18 holes, while Perkins was two over.

Play will continue through Sunday and the winning team will be announced Monday. Tuesday night the winners will eat turkey at the Schneider hotel while the losers are partaking of beans. Both sides are still confident of victory.

Juniors Defeat Cabot's Outfit

Acklam and Casan had the Cabot boys eating out of their hands yesterday afternoon and the Pampa Juniors won a 6 to 4 game. The Cabot boys won the game played last week but a strengthened lineup was too hard for the carbon boys to handle yesterday.

Casan, who pitched the last half of the game, struck out seven of the carbon boys. He fanned three in the last inning. The Pampa boys got off to a slow start in the first inning, when Cabot scored three runs. However, the Juniors came back in the third to send four runs across the plate and added two more in the fourth to win.

Cabot, outbit the Juniors eight to six, but Cotton and Mills with three hits each accounted for the Cabot attack. Acklam got two for the Juniors to be the only player to get more than one hit. Maples scored two runs, one following a double. Acklam also hit a double. Cotton got a triple and double for the only Cabot extra base hits.

Batteries: Juniors, Acklam, Casan and Maples. Cabot, Teat and Mills.

FINLAND LOOKS TO LEHTINEN FOR TRACK MARK TODAY

JAVELIN TOSS BRINGS MANY LONG HEAVES

CARR AND EASTMAN TO RENEW RIVALRY AGAIN

By ALAN GOULD, Associated Press Sports Writer.

LOS ANGELES, Aug. 5 (AP)—Finland's last-ditch fight to save at least one bright jewel out of the wreckage of its foot-racing crown today shared the Olympic spotlight with the third episode of the rivalry between Bill Carr and Ben Eastman, American 400-meter aces.

No slackening of the track and field record-breaking carnival was in sight. For five days the "build-up" for today's two crack climaxes has sounded just like the old family phonograph—one record after another.

The response yesterday could have been heard in four different languages. Luigi Beccali won the classic Olympic 1500 meters in the Olympic record time of 3:51.2.

Matti Jarvinen led the first successful Finnish thrust with an Olympic record javelin throw of 238 feet, 7 inches.

Chushei Nambu of Japan, the world record broad jumper, added the hop, step and jump championship and world crown to his credit with a mark of 51 feet, 7 inches.

Finally, America's own Mildred Babe Didrikson scampered to her second world record victory, in the 50-meter hurdles, in 1:17 seconds.

Finland's first championship, however, in an event which was hers simply for going through the motions of spear-tossing, won't be enough to offset her cup of bitterness, if youthful Lauri Lehtinen falls today to take the 5,000 meters the last flat race title that the Finns have a chance to salvage.

This Olympiad so far has dealt a stunning series of blows to the foot-racing prestige that Finland developed so sensationally after the war.

Meanwhile the Americans had their own private war to settle, between Eastman and Carr, each with a weather eye out, meanwhile for the slim Englishman, Lieutenant Godfrey Lionel Rampling.

Run in lanes from "staggered" starts, the Olympic 400 fars Eastman's striding style but it has yet to be proved he can travel as fast as Carr when the final "kick" is called for. Carr has whipped Eastman twice in world record time this season.

American as well as Finnish hopes were blasted by the withering closing pace of Italy's black-haired little racer, Beccali, in the 1500 final. The United States sent three of her best college milers to the post but they wound up fourth, fifth and eighth, respectively, in a field of twelve.

The Finns finished 1-2-3 in the javelin, in which the leading competitors surpassed the Olympic record exactly seven times.

Despite Babe Didrikson's world record victory over her American rival, Evelyn Hall, in the 80-meter hurdles, the fifth day of the Olympic track and field championships was a big let-down for the United States forces, which had completely dominated the previous day's program.

In the men's team battle, America picked up only eight points and lost one, on the decision putting Finlay of England ahead of Keller, U. S., in the 110-meter high hurdles.

The revised total for the United States, for 16 men's events in five days, was 158 points. Finland moved into second place, with 35.

MOTHER OF NEGRO RUNNER HELPS HIM TO BECOME DOC

Eddie Tolan Will Study in Germany—His Grandfather Born in Slavery.

DETROIT, Aug. 5 (AP)—There will be a reception committee, designated by Mayor Frank Murphy, at the station when Eddie Tolan comes home from his triumphs in the Olympic games in California.

The eyes of the welcoming crowd will be on Eddie, but Eddie's eyes will be on the typical Southern mammy whose toil over the wash tubs made possible his success—his mother.

Mrs. Thomas Tolan is proud of her son's athletic triumphs, but she is prouder still of his determination to be a physician. Recently she has been sole provider for the family. She has worked hard—and happily—and her hope now is to keep it up until Eddie can finish his scientific training in Germany.

"It's worth it," she said of her toil. "If my menfolk could only find jobs I could ease up a bit and Eddie's mind."

Shortly before Eddie ran his greatest race, she sent him a telegram. "I couldn't afford it," she says, "but I had to tell him not to worry his head about my troubles."

Mrs. Tolan was born in San Antonio, Texas, 55 years ago. Her father, born in slavery, was a Union soldier in the civil war. Her husband is a cook.

PIRATES DROP BIG LEAD AND TIGHTEN RACE

PITTSBURGH IS BEATEN TWICE IN DOUBLE PROGRAM

By HERBERT W. BARKER, Associated Press Sports Writer.

The first (night) slump Pittsburgh has experienced since the middle of May had turned the National league pennant race into a dog-fight today.

Beaten in both ends of a double-header by Brooklyn yesterday, the Pirates' lead over Chicago had shrunk to three and a half games.

The Phillies, Boston Braves and Dodgers followed at distances ranging from 5 1/2 to 7 games.

Three home runs by Frank (Lefty) O'Doul beat the Pirates and stretched their losing streak to six games.

The first, with two on, decided the first game in Brooklyn's favor, 7-4. His second, in the eighth inning of the second game, tied the score, and his third won the game in the tenth, 6-5.

The Cubs, playing their first game under their new manager, Charley Grimm, trounced the Phillies, 12-1.

The Braves bunched three of their five hits off St. Johnson in the third inning to score three runs and beat Cincinnati, 3-2. Ott's triple climaxed a three-run eighth-inning rally and gave New York a 4-1 decision over St. Louis.

In the American league, Bill Dickey celebrated his return to the New York lineup after a 30-day suspension by walloping a home run and three singles as the league leaders crushed Chicago, 15-3.

Big George Earnshaw made it 16 for the season as he held St. Louis to eight hits and led Philadelphia to a 6-2 victory. Cleveland picked up half a game on the two leaders by outpointing Boston, 8-2 and 8-7 in 13 innings.

Two triples, two doubles and a single gave Washington five runs in the tenth frame and a 14-11 decision over Detroit.

Miami Warriors To Play Juniors

The Miami Warriors are scheduled to come to Pampa Sunday afternoon to meet the Pampa Junior ball team managed by C. O. Busby.

The game has been set for 3 o'clock at Magnolia park with the admission 25 cents a person.

The local youngsters have been working hard and should give a good account of themselves. They have won two and lost two games. Three of the games were against senior nines.

Manager Busby is trying to get a return game with the Carbon Cubs of Borger, the junior team that

defeated his nine two weeks ago in Borger. White Deer was scheduled to play here last Sunday but failed to appear.

Such well known local youngsters as Lard, Sullins, Heiskell, Acklam, Ragsdale, Adair, Marshall, Saltzman, Wagner, and others are members of the team. Acklam is the star pitcher of the nine.

His performance this year have been remarkable. Sullins, Lard, Adair and the rest of the boys have also turned in great games.

"Turkey-Bean" Matches Must Be Played at Once

Sunday will be the last day for entrants in the Red Deer "bean and turkey" tournament to play matched games. Several matches have been played already and although Mark Heath, sponsor, has refused to release the standing at the present time, it is believed the standings are about even.

Tom Perkins, captain of the blue squad, and Skeet Stewart, captain of the red team, are both getting ready to eat turkey and neither will

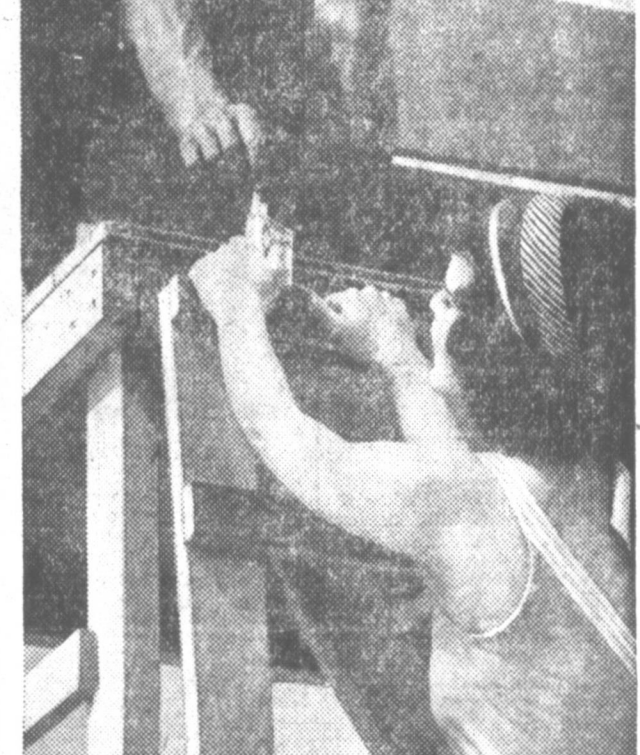

give up the idea that one will have to eat beans.

Although Skeet was injured in an automobile accident Tuesday night, he is going to play Captain Perkins their scheduled match. Forfeited matches are "nil." The winner of a forfeit match must meet the winner of a forfeit match on the other side so that everyone will earn the right to eat.

The "feed will probably be Tuesday night in the Schneider hotel.

VISITORS IN PAMPA ARE HONORED AT SOCIAL EVENTS

BARBECUE IS GIVEN GUESTS OF BLANSCETS

DINNER PARTY GIVEN AS FAREWELL COURTESY

In-honor events for visitors in Pampa have been features of early August society here, and promise already has been made of similar gatherings for next week.

Out-of-door parties have been favored by many of the hostesses, but such events have by no means had a monopoly. Bridge parties and dinners have been given, and guests have been honored at regular meetings of social clubs.

BURKBURNETT GUESTS ARE COMPLETED

Sheriff and Mrs. Lon L. Blanscet entertained Wednesday evening to honor their guests, Mr. and Mrs. Silas Vance and young son, Floyd Austin, of Burkburnett.

A bounteous barbecue supper was served on the Blanscets' ranch near Pampa, and an evening of affable conversation followed.

Those attending were Mr. and Mrs. Silas Vance and Floyd Austin, Mr. and Mrs. G. A. Vance and son, Claude, Mr. and Mrs. Charlie Stitt, Mr. and Mrs. Herbert Blanscet, Mr. and Mrs. Siler Hopkins and Mr. and Mrs. Lon L. Blanscet and little daughter, Lola Faye.

MESDAMES WAECHTER, JORDAN HOSTESSES

Mrs. W. J. Jordan and Mrs. Fritz Waechter entertained a group of friends in Mrs. Waechter's home last evening with a 6 o'clock dinner. Honorees for the occasion were Mr. and Mrs. Lloyd Goodwin, who left last night for Breckenridge. There they and their children, Doris Ann and Barbara Alice, will make their home.

Japanese flowers and ferns formed beautiful decorations for the party last evening. After dinner, games of forty-two were enjoyed.

Those attending were Mr. and Mrs. Allen Lawrence, Mr. and Mrs. Fritz Waechter, Mr. and Mrs. W. E. Jordan, E. F. Ward, Miss Lorene Jordan, Helen Sue Jordan, and Barbara Alice Goodwin, and the guests of honor.

Lola Faye Blanscet Has Birthday Party

Little Miss Lola Faye Blanscet, 2-year-old daughter of Sheriff and Mrs. Lon L. Blanscet, celebrated her birthday by entertaining a group of friends Wednesday afternoon.

At the close of an afternoon of informal play, Lola Faye blew the flame from two candles which topped her birthday cake, and the cake was cut and served with ice cream and grape juice.

Those attending were Floyd Austin Vance of Burkburnett, little cousin of Lola Faye, Phyllis Kuykendall, Kiki Lazarus, Larry Lawrence, Billy White, Mrs. Clay Kuykendall, and Mrs. Silas Vance.

Rev. Smith Home After Month Trip

The Rev. and Mrs. Newton C. Smith and their son, Charles, have returned to Pampa after a month's visit in Colorado. For the first 10 days they made Manitou their headquarters, and the rest of the time they spent in and near Golden. Sight-seeing and camping were their diversions, and they visited a number of fine Colorado churches.

The St. Matthew Episcopal church of which Rev. Smith is rector, discontinued its services during July, but Sunday school, communion, and sermon will be held as usual next Sunday morning.

Mr. and Mrs. Dan McIntosh and children, Isabel and Pauline, left Wednesday on a month's vacation trip to Benton Harbor, Mich., and Marion, Ind. They are making the trip by automobile.

HOW WIVES SETTLED BRITISH TRADE PROBLEMS

Over a cup of tea while their eminent husbands debate trade policies at the British Imperial Economic Conference in Ottawa, Can., wives of the delegates settle the whole problem. They are left to right, Mrs. J. H. Thomas, wife of the British dominions secretary; Mrs. Stanley Baldwin, wife of the head of the British delegation, and Mrs. Walter Runciman, wife of the noted British trade expert. The photo was taken in Chateau Laurier, Ottawa, where delegates and their wives are residing.

RIGHT SPIRIT FOR BIBLE STUDY IS TO BE SUBJECT FOR TONIGHT

The right spirit for Bible study will be discussed by Jesse F. Wiseman, minister of the Church of Christ, this evening at 8:30 o'clock as he begins an open-air revival meeting.

Services will be held each evening at 8:30 o'clock on a lot two blocks north of Red Ball grocery, and will continue through Sunday, August 21. A class for children will be conducted at 8:15 o'clock each evening.

Comfortable seats will be provided and good singing will be furnished by local musicians. The morning service will be held as usual Sunday at the Church of Christ.

Legion Auxiliary Plans Food Sale

Routine business was transacted at a regular meeting of the American Legion auxiliary last evening, and plans were made for the sale of Kellogg products tomorrow. An auxiliary member will be placed in each of about 12 local grocery stores for the sale, and a percentage of the proceeds will go to the auxiliary.

Those at the meeting were Mesdames L. M. Spicer, Katie Vincent, E. S. Hogsett, C. W. Hester, Roy Sewell, A. E. Arnold, Letha Campbell, and Al Lawson.

ROOSEVELT'S WIFE DINES ON 2 CENTS

NEW YORK, Aug. 5. (AP)—Mrs. Franklin Roosevelt who, by the grace of enough votes for her husband, may become first lady of the land, has eaten a two-cent luncheon—and liked it. She sat down yesterday to a bowl of soup (one cent) and topped it off with a piece of pie (one cent). It was at the new "Penny" Lunch on Broadway. Had she felt up to it, Mrs. Roosevelt could have had a five-course dinner for ten cents.

Guest Visits In Finkelstein Home

Mr. and Mrs. D. A. Finkelstein have as their guest Miss Rebecca Finkelstein of Bristol, Okla., a sister of Mr. Finkelstein. She will remain several weeks.

Miss Finkelstein has just come from Amarillo, where she spent several weeks and was honored guest at social events given by Mrs. A. Reese. She will attend the University of Oklahoma in September.

My Beauty Hint

By KAREN MORLEY

The house wife who scoffs at exercises, claiming she gets enough of it in her household duties, should give some sport a trial before she voices her opinion.

While she may get a lot of exercise in carrying out her home duties the results aren't the same as in sport.

An instance is the game of bowling. The keenness of the sport spurs one on, with beneficial results. Body limberness means grace, which is a major element of beauty.

What's In a Name? One Handful of Jumbled Type In Paper's Cognomen

DALLAS, Aug. 5. (AP)—How a handful of jumbled type—a "pl line" in the printer's vernacular—inspired the name of one of the influential newspapers of early East Texas is told by Robert M. Hayes, Dallas newspaperman, in the current issue of "East Texas," official organ of the East Texas chamber of commerce. The incident is one of the highlights of the history of East Texas journalism, which the writer traces back more than a hundred years.

The old "Jefferson Jimplecote," established in 1865 and published until a few years ago, was the journal thus named. According to the article, "Tradition tells us that the publishers had erected their plant and were ready to go to press before they had been able to agree upon a name. Finally one of the partners in the project grabbed a handful of type and scattered it

like during the civil war to keep it from falling in the hands of federal troops. After the danger was over the press was fished out and is still in use.

Three governors of Texas have been recruited from the ranks of East Texas editors. James S. Hogg, whom many Texas historians regard as the ablest statesman who ever sat in the governor's chair, was a printer and editor at Longview before he entered politics. Oscar Colquitt, who served Texas as chief executive from 1910 to 1914, had a colorful newspaper career. William F. Hobby, who rose from office boy on the old Houston Post to the executive mansion in thirty years, gave up a political career to return to newspaper work in 1918.

Several East Texas newspapermen have been "in the harness" for approximately fifty years. Among these are Giles M. Halton of Nacogdoches; E. A. MacDajal of Bonham; Dick R. Harris of Henderson; J. M. Kennedy of Marlin; G. E. Watford of Lukin and others.

Grand Jury In Fast Indictment Of Libby Holman

WINSTON SALEM, N. C., Aug. 5. (AP)—The songbird widow of young Smith Reynolds was a technical fugitive from the law today on a charge of slaying him. His boyhood chum was behind bars on the same charge.

These two—Libby Holman Reynolds, his bride, and Albert (Ab) Walker, his best friend—were singled out in the sharp language of a grand jury indictment yesterday as the "parties unknown" whom a coroner's jury previously had held responsible for his death.

The widow's whereabouts remained unknown. Albert (Ab) Walker, lifelong chum of Reynolds, is held incommunicado at his elaborate mansion here, after a gay liquor party the night of July 5.

TIRES OF LIVING

DALLAS, Aug. 5. (AP)—William H. Schulz, 42, manager of the Binyon-O'Keefe motor freight lines, was found dead today with a bullet wound in his head, at the home of a friend, J. B. Bachman. A pistol lay beside his body. A note found in the room read: "I don't want to live any longer—all my loved ones are gone."

at the home of his father, a retired real estate dealer.

The degree of murder to be charged lies in the discretion of the prosecutor. The language of the indictment indicated to court officers, however, that the grand jury had first degree murder in mind, the penalty of which is death in the electric chair.

After hearing two witnesses, it took the grand jury but half an hour to return the murder indictments. The action came as another climax in the investigation of the shooting of the 20-year-old flier at his elaborate mansion here, after a gay liquor party the night of July 5.

Legion Auxiliary Will Share In Kellogg Products Sale Tomorrow

Plans are complete for the sale of Kellogg products in Pampa stores tomorrow. A special inducement in price has been made and the efforts of the American Legion auxiliary, who will share in the money received for the sale, are turning toward pushing the products.

The following stores are co-operating in the sale with auxiliary members who will be in charge: Standard Food Market, Mrs. A. E. Arnold; C & C System, Mrs. T. B. Rogers; Helpy-Seify, Mrs. O. K. Gaylor; M-System, No. 1, Mrs. Walter Voyles; M-System, No. 2, Mrs. Al Lawson; Hilltop Grocery, Mrs. E. G. Hogsett; Hy-Grade Grocery, Mrs. Coly; Jitney Jungle, Mrs. Marie Clark; City Food Store, Mrs. Roy Anderson; Home Supply, Mrs. D. E. Cecil; Barnes and Hastings, Mrs. S. A. Burns.

The auxiliary will be paid for selling quotas for each store and for all excess sales. Cash prizes will also be given for the member selling the most Kellogg products. Pampa housewives are being urged by the auxiliary members to stock up tomorrow on Kellogg products, thus helping them raise money for their charity work.

Two Negroes Die In Electric Chair

HUNTSVILLE, Aug. 5. (AP)—John L. Green, 26, and Ernest Johnson, 18, negroes, were electrocuted in the state prison here early today for the murder of Frank Kempf, a white man.

Kempf, a Medina county dairyman, was robbed and fatally beaten in June a year ago. Green was tried

selling quotas for each store and for all excess sales. Cash prizes will also be given for the member selling the most Kellogg products. Pampa housewives are being urged by the auxiliary members to stock up tomorrow on Kellogg products, thus helping them raise money for their charity work.

The Faithful Cheat
BY RUBY M. AYLES

SYNOPSIS: John Anderson's wife is dead. Sondra Kent learns suddenly from Stephen Cassidy, his marriage has kept Anderson from telling Sondra he loves her. Sondra finds herself regretting her secret marriage to Mark Merriam, now in the Congo. No longer living with her sister, in luxury, she looks for work.

Chapter 23
"THE USELESS ONES"
SONDRA left the hotel sooner than she had intended, and moved into rooms which she had hunted out in a quiet street.

After her chance encounter with Cass she was seized with a sense of panic.
At all costs she must avoid meeting John Anderson.

If Cass was right in what he had said she felt that she could never face him. It would mean telling him about Mark, and admitting that in a moment of excitement she had made the greatest mistake of her life.

And if Cass was wrong—well, it would be more painful to meet John again, knowing that he was free and that he no longer wanted her.
So she slipped away without leaving an address, telling herself that the old life was over and done with, and that she must start afresh and try to find work.

"I don't believe in love," Mrs. Sears said calmly.
But anyone who is incapable and unused to work knows what an almost impossible proposition it is, and at the end of three days Sondra realized bitterly that her marketable value was something in which only she herself had believed.
Apparently nobody in the whole of New York wanted her, or believed that she was of any use. Agencies took her fees and entered her name in bulky ledgers, and agents stared at her clothes and shook their heads.
The woman in whose house she had found rooms was a kindly sympathetic soul in spite of the fact that she declared she had no belief in anything.
Sometimes when she brought Sondra's meals she would stay and talk to her, always standing in the open doorway as if she had not a moment to spare, and yet delaying her departure sometimes for nearly half an hour.
She had been married she told Sondra, and her husband had left her after two years.
"I don't believe in men," she said calmly.
"But you must have loved him to have married him," Sondra said.
"I don't believe in love," Mrs. Sears replied.
"What do you believe in?" Sondra asked one day, half amused, half depressed by her pessimism.
"I don't know that I believe in anything, except that we all have to stand on our own feet and look after ourselves," was the retort she received. "It would have been a poor look-out for me if I hadn't been able to work and keep myself. What becomes of the useless ones beats me, but I suppose things are always managed so that someone comes along and looks after them."
"I am one of the useless ones," Sondra thought with a pang. "I wonder what will become of me?"
She had begun to be nervously afraid of going out for fear she should meet anyone who had known her in the old days, and Cass was almost the only soul she ever met or spoke to.
Sometimes she had tea with him in the corner tea rooms. She was quite frank with him, feeling that she could trust him.

COTTON IS FIRM
NEW ORLEANS, Aug. 5.—The cotton market had a rather firm opening as Liverpool cables came in rather better than due. First trades showed gains of 3 to 4 points and the market continued to improve after the start, mainly on the firm opening of stocks and before the

end of the first hour October had traded as high as \$6.02 and December at 6.17 of 10 points above yesterday's close.
Trading was somewhat restricted by uncertainty over the government crop report due Monday. There also was some hedge selling at the advance, however, near the end of the first hour the market was steady and at the highs.
A private authority estimated the yield at 12,596,000 bales.

Wheat closed unsettled, 3/4-1% above yesterday's finish, corn unchanged to 3/4 off, oats at 1/4 decline to 1/4 advance and provisions unchanged to a rise of 20 cents.

GRAIN ARE ADVANCING
CHICAGO, Aug. 5.—Grain prices shot upward early today, responsive to New York stock market bulges and to reports of unfavorable harvest weather in Europe. Further talk of a big commodity pool being organized also was a bullish factor, together with burning of 800,000 bushels of wheat in a Chicago elevator fire. Opening 1-1 1/2 higher, wheat afterward rose further. Corn started 1/2-3/4 up and continued firm.

FOUR DIE IN CRASH
FAIRMONT, W. Va., Aug. 5.—One man and three youths, East Fairmont high school athletes, were killed early today when their automobile struck a pole. The dead: Wayne Morgan, 30; Richard Morris, 21; James Schultz, 18; Tony Blotta, 18.

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: THE TEN COMMANDMENTS.

Scripture Lesson: Exodus 20:1-11.

1. And God spake all these words, saying,
2. I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage.
3. Thou shalt have no other gods before me.
4. Thou shalt not make unto thee any graven image, or any likeness of anything that is in heaven above, or that is in the earth beneath, or that is in the water under the earth:
5. Thou shalt not bow down thyself to them, nor serve them: for I the Lord thy God am a jealous God, visiting the iniquity of the fathers upon the children unto the third and fourth generation of them that hate me;
6. And shewing mercy unto thousands of them that love me, and keep my commandments.
7. Thou shalt not take the name of the Lord thy God in vain: for the Lord will hold him guiltless that taketh his name in vain.
8. Remember the sabbath day, to keep it holy.
9. Six days shalt thou labour, and do all thy work:
10. But the seventh day is the sabbath of the Lord thy God: in it thou shalt not do any work, thou, nor thy son, nor thy daughter, nor thy servant, nor thy maid-servant, nor thy cattle, nor thy stranger that is within thy gates.
11. For in six days the Lord made heaven and earth, the sea, and all that is therein, and rested the seventh day: wherefore the Lord blessed the Sabbath day, and hallowed it.

Golden Text: Thou shalt love the Lord thy God with all thine heart, and with all thy soul, and with all thy might.—Deuteronomy 6:5.

Introduction
"The commandments are not out of style . . . because moral history has not changed . . . because people have not changed . . . because God has not changed. And the laws which he gave to man in the dawn of time will be the laws of God when the last day breaks. We speak of having left them behind. Far from that, we have not even caught up with them."—John Alexander Hayes.

Lesson Connection. Ex. 18. From the Wilderness of Sin the Israelites journeyed onward to Rephidim, where three important things happened. (1) The water falling the people were about to stone Moses, whereupon he was commanded by the Lord to obtain water by striking the rock. (2) Israel was attacked by a tribe of Amalekites, who were defeated, Joshua leading the army while Moses, with Aaron and Hur, prayed to God. (3) Moses was joined by his wife and two sons, also by Jethro, his father-in-law, who greatly helped by his suggestions concerning organization. Read Exodus 18 and 19 for the story.

From Rephidim the journey was continued in a southerly direction to Mount Sinai, where, in fulfillment of the promise made to Moses at the burning bush, the Israelites worshipped Jehovah (Ex. 24:2). Moses was told that Jehovah was ready to enter into a sacred covenant with Israel, and for three days they prepared for the meeting with solemn ceremonies of purification. On the third day, as the people stood according to instructions, Jehovah came down in strange and awe-inspiring manifestations of his majesty, and gave to Israel the immortal Ten Commandments, the embodiment of moral conceptions which became the heart of Israel's moral code, and the guide of the ages since. They have never become obsolete, because they deal with matters fundamental, and vital in every age.

Impressive Surroundings
The setting of the momentous revelation was most appropriate. The awe-someness of eternal granite and imposing precipice, and the impressive stillness that one encounters only in such places, give emphasis to the words of the Eternal as he utters them in the thunder's roar and the lightning's flash. Moses there on the mountain top, alone with the Eternal, is elevated into a greatness that is well-nigh superhuman; the tallest figure in history—excepting only the Christ—rising above David and Paul, Plato and Aristotle, Alexander, Caesar, and Napoleon.

The First Commandment
"Thou shalt have no other gods before me." The principle behind this First Commandment is fidelity. It does not recognize the reality of other gods, but it does face the fact that men in their ignorance thought there were other gods and were worshipping them. God had called Israel for the purpose of revealing himself to them and through them to the whole world. Fidelity to Jehovah is absolutely essential. For that our Saviour argues, "Ye cannot serve God and mammon." We need today to recall the spirit and words of Jesus: "Thou shalt worship the Lord thy God, and him only shalt thou serve."—Matt. 4:7.

The Second Commandment
"Thou shalt not make unto thee any graven image." Graven image is material representations of God, were stumbling-blocks then as they are now. Although the golden calf of Aaron was meant to aid in the worship of Jehovah, it was a snare, because God was identified with it and limited by it. "God is a Spirit," said Jesus, "and they that worship him must worship in spirit and in truth."

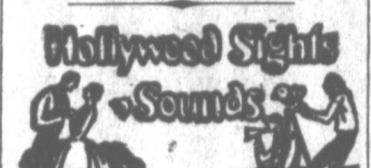

The Third Commandment
"Thou shalt not take the name of Jehovah thy God in vain." 2 Mofatt translates: "You shalt not use the name of the Eternal, your God, profanely." This command forbids all irreverent use of the divine name, all light and trivial use of it, as in swearing. Profanity is so common in America that it has been called "the great American sin." Profanity is a sign of impoverished thought. Lord Byron remarked of an acquaintance, "He knew not

Sayre Cowboy May Get Title

Gene Ross of Sayre and well known in Pampa is within reach of the title of the world's champion cowboy of 1932, according to information from Salinas, Calif., where the headquarters of the Rodeo Association of America is located. Johnnie Schneider of Livermore, Calif., is leading the parade but is closely followed by Smoky Snyder of Kimberley, Kan.

Ross is well in front in the bulldogging. He is the present holder of the world's bulldogging crown. His brother, Herschell Ross, was one of the star performers at the Pampa Frontier Days celebration in May. Gene won the bulldogging and bronc riding events here two years ago.

Other favorites are Pete Knight of Crossfield, Can., and Earl Thode of Belvidere, S. D. Both riders were in Pampa three years ago and competed in the first rodeo performance here.

By ROBBIN COONS
HOLLYWOOD — The elusive Swede at last is on her way to the homeland, with her return fairly certain—and to M-G-M too—but Hollywood meanwhile is not without those who will carry on in the Garbo tradition of seclusion.

Harry Eddington, the astute manager who did more than any one else to create the Garbo legend, now has Ann Harding on his list of clients, and she has "gone Garbo"—or so the report is.

However, Ann appeared the other day with other stars at the industry luncheon for visiting editors, and aside from bawling interviews, makes a poor sphinx, because she chats freely.

Jack Gilbert, also Eddington-trained, for more than a year now has kept tight-lipped, and aloof in the face of an acknowledged declining popularity. He is seen often, however, and lets the "no interview" rule end his practice of silence tactics.

More Silence
For different reasons is the curtain of silence drawn about the foreign newcomers, Gwili Andre and Anna Sten. Gwili (they've finally settled on the pronunciation Jee-lee) wasn't allowed to talk—for publication, anyway—when she arrived, the reason given being that she was too new to pictures to be exposed to interviews. Also there was the matter of her Danish accent, which she studied to overcome.

A similar silence is the decree of Sam Goldwyn for his Russian importation, Anna Sten. Miss Sten's English was so limited when she arrived that she has done little since but study the language preparing for her role opposite Ronald Colman in one of the two pictures the star will make soon.

Such enlightening items as her Goldwyn-enforced abstinence from baumkuchen, a German pastry she imported, and her singularly lonely position in Olympics-mad Los Angeles, since Soviet Russia is not represented, come from Goldwyn's press agent to remind the town that she is still around.

The University of Toledo has a seal which is patterned after the coat of arms of Ferdinand and Isabella of Spain.

More Unity In Voting Is Reported This Year Than In Last Election

By R. W. BARRY

AUSTIN, Aug. 5.—Mrs. Miriam A. Ferguson received approximately 50,000 votes more in the first democratic primary this year than were counted for her in the 1930 initial voting. She received in the July primary some 4,000 votes more than she got in the run-off two years ago. Governor R. S. Sterling received about 115,000 more votes in the elimination contest this time than he got in the 1930 first primary.

There were cast for Tom F. Hunter of Wichita Falls, third high man in the first primary this time, about 75,000 more votes than were marked for Senator Clint C. Small, third high man in the 1930 first primary. In the 1930 first primary approximately 230,000 votes were divided among other candidates, including such well-known public men as Tom Love, Earle Mayfield, Harry Miller and James R. Young.

This time, voters marked for other than the three high candidates aggregated approximately only 50,000. Those are interesting figures for the depoters to contemplate. If there are 1,000,000 votes cast in the run-off, Mrs. Ferguson must retain all the votes she received in July and obtain about 113,000 additional to win. Calculated on the same basis, if Governor Sterling is renominated he must keep the votes registered for him last month and pick up about 215,000 more.

It has been suggested that there may be a shift from Ferguson to Sterling and vice versa in some of the big voting centers in the run-off. It is pointed out that in many of the counties, particularly in the large ones, there were warm controversies.

It has been argued that with the local fights out of the way, especially in Bexar, Harris, Tarrant and Dallas counties, there will be more concentration on the run-off for governor. That campaign will likely be fought over with new blood entering the scramble, from beginning to end.

It was said that the political powers in the large counties, engrossed with their own home affairs were prone to let the governor's campaign drift, fearful that should any special notice be given to them there might be a reflection in the local races. In the run-off there will be a different situation.

Death of John H. Veatch, veteran legislator, brought sorrow to the state capitol, where he had served in the Texas legislature for eighteen years. He died at his home in Joshua. He served in the house longer than any member and his judgment in legislative matters was widely respected.

W. E. Lea of Orange, one of the defeated congressman-at-large candidates, came to town smiling a few days ago. He said he was glad he had made the race because his congressional district voted overwhelmingly for him even if he did not get enough votes in the state at large. Lea served Orange as mayor for several years.

George Moffett of Chillicothe, member of the house of representatives, was renominated in two open seats in the first primary. His achievement was one not many legislators asking re-election could match.

Garner's Gavels Are On Display

UVALDE, Aug. 5.—Speaker John N. Garner's collections of gavels, sent to him from all parts of the United States after his elevation to the speakership, have been put on display in his home town. At the request of a number of friends, the speaker consented to allow the gavels to be placed on exhibition in the lobby of a hotel, where throngs view the collection daily.

Hoover's Speech Eagerly Awaited

By BYRON PRICE

WASHINGTON, Aug. 5. (AP)—Organized wets and drys look for President Hoover's acceptance speech a week hence to complete the evidence needed for their 1932 campaign plans.

For both, the president's official agreement to run again largely will conclude the republican course outlined by the Chicago platform—just as democratic repeal and modification promises have been elaborated by Gov. Franklin D. Roosevelt.

Speculation holds sway meanwhile, with groups on both sides marking time—except for field work in scattered congressional primaries.

With first drafts of Mr. Hoover's speech completed—and closely guarded—some contend the chief executive will confine his remarks to an acknowledgment of the republican plank which declares for submission of repeal in a way intended to prevent the return of the saloon and retain federal control of the liquor traffic.

Others hold the president will discuss the issue at length, defining in detail his own views on the prohibition problem.

But from one outstanding prohibition leader today—Dr. Edwin C. Dinwiddie, executive secretary of the prohibition board of strategy—came the remarks: "Some of us don't think it will change the picture much."

Dinwiddie did not elaborate this statement, made during an interview, but already has said he personally will support the president.

New Method Used By Texas College

By STEPHENVILLE, Aug. 5. (AP)—Bringing the course to the students is the plan being followed this summer by Texas Agricultural and Mechanical college in presenting a graduate course in agricultural education at John Tarleton Agricultural college.

If the experiment in residential teaching is as successful as it promises it may be the basis for a new program of extension education according to J. C. Dykes, professor of agricultural education at A. and M., who is in charge of the course. Similar projects have been carried out in other states, but this is the first attempt of the Texas college to offer a graduate course at another college, giving members of the class a chance to carry out the outlined work in their own communities.

Eleven vocational agriculture teachers, nine from the Stephenville area, and three other students are enrolled. Each one is helping in the organization of an evening school, where possible, in the community where he teaches. Those who teach in other sections of the state will organize their groups after they return home, receiving their credits on the completion of the evening school programs. Farm problems arising from canning to finishing turkeys for market are taken up in the evening schools, according to specific demands of farmers and farm wives in the various communities.

Last year there were 287 evening schools for white persons in Texas, with 5,586 farmers and 567 farm women participating.

NOT METHODISTS

F. W. Jones, pastor of the Negro Methodist church here, said that published reports that his congregation was involved in court cases here were erroneous. He said that neither he nor his members had filed any charges or appeared in court.

Man Followed In Death By Wife

SAN ANTONIO, Aug. 5.—Cecil Wise, 29, of San Antonio was found dead and his wife died a few minutes later in a tourist camp at Seguin early today.

The couple was found, fully clothed lying on a bed in a cottage at the camp. Wise was dead and Mrs. Wise died a few minutes after a physician reached her side, Sheriff A. W. Saegert said.

TRUCE THOUGH NEAR

BUENOS AIRES, Aug. 5.—Belief that a truce between Paraguay and Bolivia in the quarrel over the Gran Chaco is near was expressed semi-officially today.

The truce, it was said, would be pending new negotiations for a complete settlement of the controversy which already has been the subject of intervention by the League of Nations, including the United States.

HINDENBURG MAY ACT

BERLIN, Aug. 5.—The soldier fire of Germany's octogenarian president, Field Marshal Paul von Hindenburg, poised today over Adolf Hitler's national socialist storm troops and other organizations which have participated in the last six weeks of bloody riots.

Newspapers said the aged president, after a long cabinet session yesterday, was prepared to strike with the full force unless the riots stopped immediately.

MAY SING AGAIN

CINCINNATI, Aug. 5.—Libby Holman hopes that the backdrop of tragedy before which she now is called on to appear may be lifted soon, that she may return to the brighter Broadway of her song.

"In fact," said her father and attorney, Alfred Holman, "she has no alternative. She has no money."

Invitations Pour In But Speaker Garner Is To Remain at His Home

UVALDE, Aug. 5 (AP)—If it were possible for Speaker John N. Garner to accept all the invitations extended to him to fish and rest at various places in the United States and Mexico while he is vacationing at his Uvalde home, he would go to a different place every day between now and November, and still not be able to visit all the places to which he has been invited.

The same holds true of speaking engagements. Mrs. Garner, his wife and secretary, stated. From the requests which have come to him from Texas alone, Mr. Garner could speak twice daily from now until election day and still not make the rounds, she declared.

To all of the fishing expeditions, the democratic vice presidential nominee has turned a deaf ear. Not that he does not appreciate them, his wife explained but going from place to place would give him but little opportunity to rest and relax, and these are the things that the speaker craves most. He prefers to remain close to home, taking occasional short trips to the streams nearby with some of his old fishing cronies, often remaining in the woods but a few hours. His daily routine calls for several hours rest each afternoon, and then joins his little granddaughter, Genevieve, in a horseback ride, or perhaps the two attend the theater.

Ballots To Be Printed Soon For Run-Off Primary

Absentee ballots for the second democratic primary August 27 will be ready Monday morning Charlie Thut, county clerk, said this morning. Ballots will be available until three days before the election.

The ballots for the primary have not been printed because the official list of state officers has not been received by the Democratic county chairman, Siler Faulkner. The complete list is expected daily.

Applications for absentee ballots must be in writing. They may be mailed to County Clerk Thut any time and upon receipt of the official ballots, the county clerk will mail them.

Persons who are out of the city or who believe they will be out of the city on election day should make application for an absentee ballot at once. The ballot for the second primary will not be long and results should be available a few hours after the voting ceases.

Scanning New Books

By JOHN SELBY

NEW YORK—"Paraway" is a little as if J. B. Priestly, its author, had appeared between the folds of a black cyclorama up stage, had recast it with magnificently to the footlights in a virtuosic pas seul and there had collapsed in the traditional dancer's cutesy, saying in effect, "Just see what I have done with this outworn device."

For in this latest novel Priestly has taken the hidden treasure plot, recast it with marvelously conceived people, given the action several new twists and left the reader at the end satisfied almost to the point of repletion.

It is genius (as well as life) to have his stainless hero cheat the villain; to give the spoils to the villain and the girl to an interloper. The writing is the familiar Priestley blend of precision, good humor, and satirical observation; it falls below standard only once, in the words put into the mouths of his Americans. Americans simply do not talk that way.

Historic Murder
The events detailed in Joseph Shearing's "Lucile Clerly" occurred in the last years of Louis Philippe's reign in France, but to people with different names.

Shearing has reconstructed an involved crime, painted in an authentic background, and produced a first-class story difficult to classify. Although it describes a murder, it is no more a "murder story" in the accepted sense than "Hamlet."

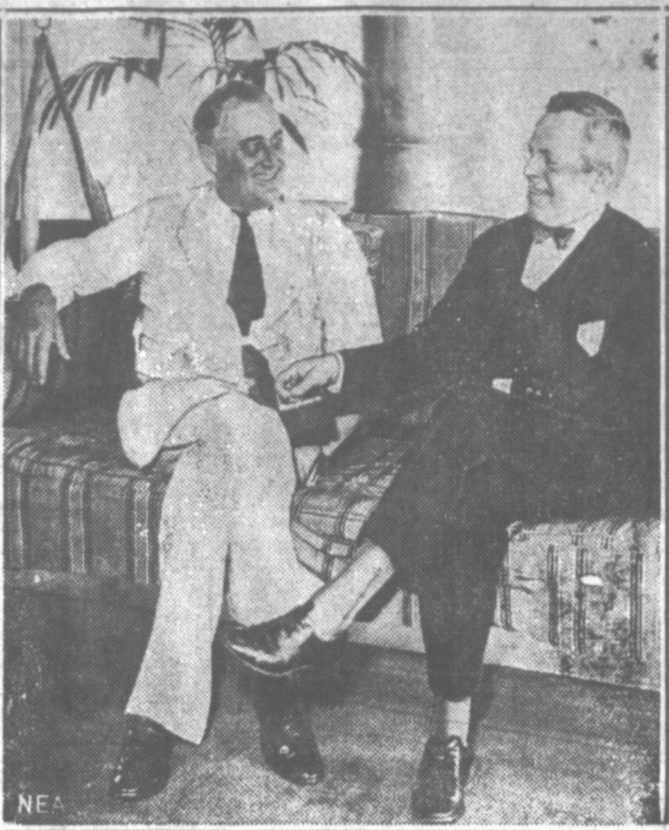

Or, for that matter, than "Old Monna." Glenn Allan's novel of Kentucky, in its more romantic aspects, is a much more successful novel, in its more romantic aspects.

So also is Marlon Scott's "Dead Hands Reaching," which is handsomely done murder mystery that occasionally interjects whiffs of rewarding country life into the trusty old formula.

Near Disaster Is Caused By Sting

BALMORHEA, Aug. 5 (AP)—When a bee stung the driver of a tourist's car en route from Houston to Los Angeles here just at sunset recently, the occupants were thrown into panic, the car turned over three times and then ricocheted into four feet of swift water in an irrigation canal. The upset broke the arm of the driver and lacerated her face. A local surgeon, dressed her wounds, a garage repaired the car, and the party of three women had a boy bent on attending the Olympic games, left for the west coast without even wiring relatives of the mishap.

ROOSEVELT AND ELY AT PEACE

What the governor of New York said to the governor of Massachusetts was not made public. But this picture is evidence that harmony has been established between the presidential candidate and the powerful democratic leader who had fought for Smith at the convention. Shown on the front porch of the executive mansion in Albany are Franklin D. Roosevelt, left, and Governor Joseph Ely as they discussed the coming campaign.

Man Who Built 300 Miles of Paving But Never Drove Mile Is Defeated

BROWNSVILLE, Aug. 5 (AP)—Oscar C. (Concrete) Dancy, the man who as county judge of Cameron county built a system of highways in his county and started the agitation which finally resulted in the state highway department building practically nothing but concrete roads, will go out of office January 1, defeated in the democratic primary.

Judge Dancy, whose defeat ended 14 years of office holding built one of the first concrete highways in the state in 1920. His idea then as it has been since was to "build roads that will still be there while our children are paying for them." He insisted that if 40 year bonds were issued to finance a road, the road should be there when the last bond was paid.

The first concrete roads did some queer tricks, and later became known as Judge Dancy's permanent waves. The waves were as permanent as the road, and just now steps are being taken to smooth them out with special machinery.

Judge Dancy will retire, with the distinction of having built 300 miles of concrete paving in Cameron county but never having driven a motor vehicle over a foot of it—he does not drive.

A hit with husbands

MEN like the crispness and flavor of the new Kellogg's Whole Wheat Flakes. And they are a hearty breakfast treat that stands by you. Nourishing whole wheat.

So economical, too. Just compare the size of the big red-and-green package. Made by Kellogg in Battle Creek.

SAY, BILL, HAVE YOU DANCED WITH SARA YET? TAKE MY ADVICE AND DON'T!

ISN'T THIS MUSIC WONDERFUL! WHAT'S THE MATTER, TOM, AREN'T YOU FEELING WELL?

ISN'T IT A SHAME SOMEONE DOESN'T TELL HER ABOUT KIRK'S COCO CASTILE? IT'S UNSCENTED, YOU KNOW—ENDS BODY ODOR INSTANTLY!

"I'll bet Tom doesn't dance with her again"

Why take chances with offensive body odor when Kirk's Coco Castile removes it instantly? No need to disguise that unpleasant odor with a highly scented soap. Get rid of it with coco castile! Kirk's Coco Castile is 100% pure cocconut oil soap. It makes oceans of lather . . . even in hard, cold water. It goes deep into the pores . . . removes every trace of oily, dirty film . . . then rinses off in a flash. It is mild and agreeable to the skin, yet against several very common bacteria* laboratory tests prove it 5 to 10 times as germicidal as carbolic acid. Best of all, it's unscented! You step out of your bath free from any chemical or heavy perfume odor . . . and as fresh and clean-smelling as a May morning. Try it today—for hands, for bath, for a wonderful shampoo. You'll be amazed at the difference. And at the saving too. Of the four leading toilet soaps, Kirk's is half again larger—yet the price is the same. Avoid imitations. Look for the arrows. Always ask for Kirk's by name.

*Among others: the deadly bacillus diptheriae (diphtheria), meningococcus (meningitis), pneumococcus (pneumonia) and streptococcus hemolyticus.
