### Many Doctors At Meeting Here

The largest attendance of the Gray County Medical Association since its organization, with the exception of luncheon meetings, was held in the city commission room in the city hall Tuesday night. Two interesting papers were read by Dr. J. B. White of Amarillo and Dr. C. D. Hunter of Pampa.

Dr. White read a paper on tuberculosis, while Dr. Hunter's paper was on summer diarrhoea of children. The doctors then discussed the talks at length.

The next meeting will be held in Wheeler August 16.

Those present were Dr. C. D. Hunter, Dr. H. L. Wilder, Dr. V. E. von Brunow, Dr. C. Wilson, Dr. A. B. Goldstein, Dr. R. M. Bellamy, Dr. Joe House, Dr. M. C. Overton, Dr. W. Purviance, Dr. W. B. Wild, all of Pampa; Dr. J. B. White and Dr. J. H. Vaughn of Amarillo; Dr. J. W. Gooch and Dr. E. T. Norman of Shamrock; Dr. H. W. Finley of McLean; Dr. H. D. Nicholson of Wheeler.

### County Studies Bill Payments

No money is available in the Gray county bond fund to pay the four larger bills. The court will consider means of paying them Monday.

### HOW'S your HEALTH

Edited by the New York Academy of Medicine

#### PREVENTING DEAFNESS

Prevention of deafness in the young follows largely two lines. One is eugenic and the other is prophylactic. Hereditary deafness is due to a genetic defect in the parents. Graham Bell, the inventor of the telephone, fifty years ago pointed out that by the intermarriage of deaf-mutes and by their prolific multiplication, we are in danger of "the formation of a deaf variety of the human race."

Deaf-mutism in parents, however, is not the only cause of congenital deafness. Deaf children may be born to parents showing no auditory defect. The solution of this phase of the problem is essentially eugenic in character.

Acquired deafness in children, however, presents a problem of an entirely different nature.

In studies in England on the causes of acquired deafness, it was found that more than 10 per cent were due to diseases of the nervous system; 28 per cent to infectious diseases, and 60 per cent to primary disease of the ear and injuries.

Among diseases of the nervous system which cause deafness, meningitis is outstanding. Among the infectious diseases, measles and scarlet fever are the most important.

In the third group, representing 60 per cent of all acquired deafness, septic infections of the middle ear are responsible.

Thus, among the causes of acquired deafness, primary infections of the middle ear stand out.

Most of these originate in that portion of the head cavity known as the nasopharynx, the space above the throat and behind the nose.

These disease conditions are secondary to infections in the tonsils and adenoids.

The greater care now given to children with infected tonsils and diseased adenoids is helping to reduce middle ear disease.

### Accused Man Is To Seek Freedom

SWEETWATER, July 21 (AP)—L. M. Parks was held without bond today after a preliminary hearing on a charge of murder for the drowning of his wife at Lake Trammel July 8. Counsel for the accused man said he would institute habeas corpus proceedings at Abilene.

Pay Condit, the woman who was alleged to have encouraged Parks to commit the purported offense, testified at his hearing Monday that he had been paying her bills for months and that they had been intimate.

When asked if she loved Parks, she said, "I suppose so."

The attractive blond was emphatic in her denial she had influenced Parks in any way concerning his alleged scheme to kill his wife.

She told of Parks paying her room rent at a Sweetwater hotel and financing her recent trip to Miami, Okla., where she was arrested. She also admitted Parks had made payments on her car.

Testimony at the hearing showed that insurance policies for the aggregate amount of \$9,000 had been taken out in Mrs. Parks' name recently. Mrs. Condit said she knew of the policies.

John A. Daly of LeFors made a shopping trip to Pampa yesterday.

## Sister MARY'S KITCHEN

BY SISTER MARY

Ice cream is a favorite dessert at any time of year, but we all have a special craving for its cool deliciousness when the hot summer days come. There are many attractive ways of serving it, but none more popular than with a sauce.

A plain vanilla cream is preferred by many mothers for children. If the vanilla cream is served with a sauce for the grown-up members of the family the dessert is suitable for young and old alike.

Another pleasant way to vary an ice cream and cake dessert is to serve it sandwich fashion, putting ice cream between and on top of two thin slices of sponge cake. Cup cakes can be hollowed out and filled with ice cream and a sauce poured over the whole. Cream puff or éclair shells can be filled with ice cream and covered with a sauce. Sauce is also poured over the ice cream sandwich.

#### Chocolate Sauce

Chocolate sauce is popular and the following recipe is excellent:

One and one-half cups milk, 3-4 cup sugar, 2 squares bitter chocolate, 1 tablespoon cornstarch, 1-8 teaspoon salt, 1-2 teaspoon vanilla.

Cut chocolate into small pieces and put in top of double boiler. Put over hot water until melted and stir in sugar mixed and sifted with cornstarch. Be sure the cornstarch and sugar are well mixed. Slowly add milk, stirring constantly. Cook over hot water until thick. When ready to serve, add vanilla and beat well with a Dover beater.

This sauce is not too rich for children.

#### Caramel Sauce

Caramel sauce is rich but delicious. It keeps well in a cold place and can be reheated when wanted.

One cup light brown sugar, 1-3 cup granulated sugar, 4 tablespoons corn syrup, 1 cup heavy cream, few grains salt, 1-3 cup boiling water.

Cook sugar, corn syrup and salt with water over a low fire until a firm but pliable ball is formed when a few drops are tried in cold water.

#### Tomorrow's Menu

**BREAKFAST:** Grape fruit juice, cereal, cooked with dates, cream, crisp oven toast, milk, coffee.

**LUNCHEON:** Tomato croquettes, whole wheat rolls, strawberries with sugar and cream, hermits, milk, tea.

**DINNER:** Vegetable plate of broccoli, buttered leeks on toast, baked Jerusalem artichokes, green beans and carrots in cream, ice cream sandwiches with chocolate sauce, milk, coffee.

#### Strawberry Sauce

Fruit sauces are well liked, and the secret in making them with fresh fruit lies in heating the sugar before adding it to the fruit. For strawberry sauce, use one quart berries, 2-3 cup granulated sugar, 1 tablespoon lemon juice.

Wash and hull berries. Crush with a potato masher and add sugar which has been heated in a cool oven. Add lemon juice and bring to the boiling point. Remove at once from the fire and let cool before serving. The hot sugar dissolves quickly and the fruit retains its fresh flavor. The addition of lemon juice intensifies the red of the fruit.

All small fruits can be treated this way.

Pineapple sauce is made by adding two or three tablespoons sugar to one cup pineapple juice drained from canned crushed pineapple. Cook juice until reduced one-half and add crushed fruit. Let stand until cool before serving.

#### STATE OF SIEGE

LA PAZ, Bolivia, July 21 (AP)—A state of siege was declared today throughout the republic of Bolivia as a result of anti-Paraguay demonstrations arising from popular excitement over the boundary dispute between Paraguay and Bolivia. These demonstrations continued today with increasing fervor.

### Truck and Bus Figures Revealed

Trucks and buses in Texas are claimed to pay \$2,675,787 more in taxes than the gross amount paid by the railroads. Although trucks and buses pay only 18 per cent of the total motor vehicle taxes, they are said to pay 25 per cent of all taxes paid by all motor vehicles in Texas.

These figures were compiled from the records of the state comptroller, state highway department, state treasurer, and railroad commission of Texas for the year 1929. The records for 1930 and 1931 now being compiled are expected to show a decided increase in the taxes of the motor vehicles and a reduction of railroad taxes.

#### Some comparative figures are:

Assessed valuation of railroads \$264,816,769 and assessed valuation of motor vehicles \$129,361,257. Ad valorem taxes received by the state from the railroads was \$1,873,491, and \$915,209 was received by the state from motor vehicles. County ad valorem taxes paid by the railroads totaled \$1,928,758, and \$942,198 from motor vehicles. Cities and towns received \$1,551,475 from the railroads, and \$847,441 from motor vehicles.

Motor vehicle licenses granted by the state brought \$9,016,996 into the county treasuries and \$4,625,517 into the state treasury, or a total revenue of \$13,642,513 for county and state. Gasoline taxes netted \$28,241,190 to the state, three-fourths of which went to the highway department and one-fourth to the available school fund.

Railroads paid a total of \$1,305,843 in taxes for schools of Texas, and motor vehicles paid \$7,698,201. Railroads paid \$1,119,327 for highways, and motor vehicles paid \$35,370,197.

Of the total taxes paid by motor vehicles, \$45,776,973, truck and buses paid \$10,462,382, which was approximately 25 per cent of the total, and was \$2,675,787 more than the gross amount paid by the railroads.

### Veterans at Odds Over Food Supply

WASHINGTON, July 21 (AP)—Who should have the food was beginning today to bother the capital's bonus marchers.

Walter W. Waters, elected commander-in-chief of the chartered bonus expeditionary forces, had charge of the commissary. But he issued orders that no supplies should be issued to groups led by John Pace of Detroit, or Roy W. Robertson of Corsicana. Pace and Robertson had not found anything they could do about it.

The leaders turned down another invitation by Pelham D. Glassford, superintendent of police, to leave town while Pace and two of his aides awaited trial on charges that their attempted march on the White House yesterday constituted "parading without a permit" and "disorderly conduct."

### ASKS NEGRO VOTE

SAN ANTONIO, July 21 (AP)—Carl Wright Johnson prepared today to ask the state courts for an injunction which would allow negroes to vote in the democratic primaries here. United States Judge T. M. Connerly refused such an order yesterday, holding that the federal courts lacked jurisdiction.

### Oklahoma May Get Capone Clan

PONCA CITY, Okla., July 21 (AP)—When Al Capone completes his sentence in the Atlanta federal prison, he may become overlord of Oklahoma's famed 101 ranch, an inland empire of some 17,000 acres.

Capone, last of the plotters, may reach the vast Oklahoma eastern show place, today confirmed reports that negotiations were in progress for sale of the property to Capone. His brother, Ralph, and associates.

Miller said he planned to leave for the south tomorrow but declined to say whether the purpose of the trip was to confer with the imprisoned Chicago gang leader. Two Pawhuska real estate dealers, E. F. Beech and Horace J. Smith, said Miller would accompany Louis (Diamond Jack) Alterie, Capone representative, to Atlanta to hear Capone's offer.

Miller, beset by financial difficulties which started when the ranch's wild west show became stranded in Washington, D. C., last season, added that he had "no idea" the transaction with Capone would be completed. He said another deal for sale of the ranch, now in receiver-

### GIRLS PAL WAY TO CALIFORNIA

Here's a vacation idea that warrants consideration in even depression days.

But first you gotta have a car—if you haven't keep on reading.

Six schoolteachers, pals at the Canyon teachers college, thought it this summer but they didn't have enough of the wherewith to make the trip. So they got together and decided to go in one of the girls' cars. The girls include Miss Bennie Mae Williams of Wheeler, Miss Lavine Lee of Mobeetie, Miss Ruthie Jo Rankin of

Many interesting and instructive talks were given at the Sweetwater meeting, according to the reports given by both Mr. Rose and Mr. Oden.

### Last Man's Club Near Last Man

STILLWATER, Minn., July 21 (AP)—Keeping faith with its tradition, the Last Man's club, reduced by deaths to one survivor, rallied today for probably the last time.

Tonight, in the presence of 33 chairs draped in black set about a table whose centerpiece will be a bottle of rare old burgundy wine, Captain Charles Lockwood of Chamberlain, S. D., the survivor, will call the roll of the 34 members of the club.

Though Lockwood expects to live many more years, he admits the annual visit without the cheering presence of his civil war comrade of company B, first Minnesota infantry, is becoming more of a task each July 21st. So, after he carries out the club ritual tonight, he may close up the records forever.

# THESE PRICES PROVE YOU DON'T HAVE TO BUY LOW QUALITY TIRES TO GET LOW PRICE

HERE'S something to think about if you want the biggest money's worth of comfort, safety and trouble-free mileage when you buy tires.

You don't have to buy low quality tires to get low price.

You don't have to take second-choice tires to save money — because FIRST-CHOICE costs no more.

Here are prices that prove it. Read them and remember, they buy real Goodyears. Big, stout, husky, tough Supertwist balloons with the name Goodyear Speedway on the sidewall, and Goodyear materials through and through.

For 17 years, motorists have voted Goodyear Tires the best on the market—because they have bought more Goodyear Tires than any other kind. Because Goodyear makes millions more tires than any other rubber manufacturer, it stands to reason Goodyear can build them better and better.

Take another look at the prices here, and ask yourself: Why buy any second-choice tire when FIRST-CHOICE costs no more!

# PROGRAM OF SERVICE ARRANGED BY CHRISTIAN WOMEN

## CANNED BEEF TO BE GIVEN FOLK IN NEED

### ALL TEACHERS OF CITY WILL BE HONORED IN SEPTEMBER

Yesterday's business session of the women's council, First Christian church, was devoted chiefly to the council's program of service for the next few months. The gathering was opened with a musical prelude played by Mrs. J. B. Townsend, a song by the assembly, and prayer by Mrs. Roy McMillen.

It was decided to entertain all teachers of the public school system of Pampa some time during September, definite plans to be made later.

To Teach Lessons  
The council voted to sponsor missionary education among young people of the church by giving a missionary lesson once each month at the Endeavor hour. Mrs. C. E. Hutchins was appointed missionary program chairman.

A reading then was given by little Betty Cree.  
The president asked that each member save cans, which will be used in canning a beef for welfare work. The organization last year did a great deal of welfare work, helping where necessary, in both canning and sewing for the needy. It was decided to transfer \$40 of the council's funds into the church building fund.

Missionary Coming  
Announcement was made of an address to be made next Sunday morning at 11 o'clock at the church by Leslie Wolfe, missionary to the Philippines who is home on a furlough. His headquarters is in Cincinnati, Ohio. Mr. Wolfe and his daughter are expected to arrive Saturday afternoon and to be guests in the home of Mr. and Mrs. Ivy E. Duncan.

A violin solo was played by Miss Dorothy Mae Meers, accompanied at the piano by Miss Josephine Lane, before the opening of the study program based on "Christ, the Need of the World." The program was given by group 1, led by Mrs. J. B. Townsend.

Period of Devotion  
Devotion led by Mrs. Bessie Martin was opened with a song by the assembly, and included a scripture reading on Christ as the hope of the world, and a prayer.  
Misses Macie and Hester Ella Lester sang a vocal duet, "Tell Me the Old, Old Story," with Miss Iva June Willis playing piano accompaniment.

## Sewing Club Is Complimented

The Wednesday Sewing club was entertained yesterday afternoon by Mrs. J. F. McClard, 306 North Cuyler street. The home was prettily decorated with cut flowers, orchid and green being the colors emphasized.

At the close of a pleasant hour of quilting, refreshments were served to Mesdames Earl Roof, Paul Martin, L. E. Stone, T. L. Anderson, C. A. Barnes, W. B. Murphy, Smith, J. M. Moore, J. W. Crowder, Oscar Baker, Walter Lytle, Miss Estle Johnson, Miss Vivian Baker, and Miss Florence Stone of St. Louis.  
Mrs. Stone will entertain the club next Wednesday.

## Jack Otterbach Is Given Lively Party

Jack Otterbach, 5-year-old son of Mrs. Lovella Otterbach, was honored on his birthday when Mrs. Walter Shair and Mrs. Lilly McKinney entertained yesterday afternoon in the Otterbach home.  
A pink and white birthday cake topped with five candles was the center of interest on a table prettily decorated with pink crepe paper. The cake was cut and served with ice cream, and candy suckers were given as favors.  
Children attending were Marceline McKinney, Alma Yate, Joella Shelton, Shirley Taylor, Francis Bolander, Raymond Earl, Bobby, and Jimmy McAllister, Bobby Oden, Stanley and Bernard Cannon, Louis Fitzgerald, and the guest of honor.

## Mrs. Crout Will Visit In Pampa

Mrs. E. C. Crout, mother of John W. Crout, 811 W. Francis, arrived Tuesday over the Fort Worth & Denver from Denison to spend two months in Pampa. She came to this city January 1 but was called back to Denison January 17 to be at the bedside of her brother, F. M. Wood, who died a few days later.  
Mrs. Crout and Mr. Wood came to Texas from Illinois in 1846. They were in the ranching business and made many friends in the Panhandle as well as in other parts of western and northern Texas and in Oklahoma.

F. W. Hoffer of Miami was transacting business here yesterday.

## Mrs. A. C. Shaw Is Given Shower by Women of Baptist Church Wednesday

First Baptist church friends of Mrs. A. C. Shaw complimented her at a handkerchief shower yesterday afternoon at the church. Mr. and Mrs. Shaw and their daughters, Carol Lee and Mary Kathryn, are to leave Saturday for Amarillo, where they will make their home.

The shower came as a surprise to Mrs. Shaw. Teachers of the beginners department, of which she is superintendent, were holding a business session at the church when members of Circle 1 of the First Baptist W. M. S. arrived. Mrs. J. P. Wehrung was carrying a barrel filled with handkerchiefs and topped with a bowl of sweet peas. As Mrs. Wehrung made a farewell talk she pinned a corsage of sweet peas on Mrs. Shaw's dress and presented the handkerchiefs to the honoree.

After the gifts were opened, lemonade and cookies were served on the church lawn to the honoree and the following other women:  
Teachers—Mesdames Frank Eastup, C. S. Rice, R. L. Young, J. J. Spangler, A. L. Lee, C. W. Parker, Charles Kentling, and W. A. Keeney. Circle members—Mesdames J. A. Meek, J. Powell Wehrung, Marvin W. ## My Beauty Hint

By JANET GAYNOR

To keep my complexion good I use a honey treatment night and morning.

I cold cream my face, rub it in and remove it with a soft cloth. Next I wash my face with soap and warm water.

Then I apply the honey and pat it in for five minutes. Next I wash it off with cold water and apply an astringent. The honey removes impurities and leaves my skin in excellent condition.

# DON'T BE SLOWED DOWN BY STALE GAS

## YOU PAY FOR POWER . . . GET IT!

Only FRESH gas gives you all the power you pay for. Why? Because as gas gets staler, it gets weaker. Loses volatile "easy starting" elements. Falls victim to a chemical change—and gets sluggish and feeble.

Another thing. The staler the gas, the stickier it is. And the more apt it is to knock.

That's why Gulf is pleased to announce a system that assures you of getting FRESH MADE gasoline. Two things make this possible . . .

First, Gulf refines out of its fine gasoline certain complex elements—the very elements that cause rapid deterioration.

Second, Gulf takes pains to speed this FRESH gas to you in a hurry, before it can get stale.

Huge Gulf refineries are located in many parts of the country—so that every Gulf station is close to a source of FRESH gas. A vast fleet of tank trucks rushes FRESH gas to Gulf pumps every day.

Don't let stale gas deaden your motor! Get FRESH-MADE gas—packed with power. Get Gulf—for a faster, cleaner, quieter motor.

get THAT GOOD **GULF** GASOLINE—it's fresh

### Repeal Plank of Platform Rapped

A resolution condemning the repeal plank in the democratic party platform and submission of the 18th amendment to the vote of the people was passed unanimously by the 19 pastors of the Clarendon district in a meeting held at Clarendon recently, according to the Rev. R. N. Huckabee, pastor of the First Methodist church at Shamrock.

The lengthy resolution follows in part:

"Whereas neither party in the national convention has proposed a test vote of the people of the nation to ascertain the sentiment of the people concerning their attitude on the 18th amendment; but both parties have proposed the submission of an amendment to the constitution which would, if passed by three-fourths of the states, repeal the 18th amendment.

"Whereas it should do as recommended by both parties this would not be 'submitting' the matter to the people of the states, but really the first step in repealing the prohibition amendment.

"Therefore be it resolved by the pastors of the Clarendon district of the M. E. church, south, assembled in Clarendon, July 6, that we hereby petition our congressman, Marvin Jones, and our national senators, Morris Sheppard and Tom Connally, to vote against the proposed wet amendment to the constitution, thus expressing the will of their constituency rather than the dictate of a party convention."

"In protesting against the rising cost of government or demanding application in government of some of the same measures of economy to which we have been obliged to subject ourselves," he said, "we are not weakening in our loyalty."

"Of the particular situation of Standard of Indiana, Seubert asserted: "As stockholders we are still able to receive some return from our investment. As employees we have had to take our reduction in pay, but it came only after nearly two years of depression developments."

### Standard Official Urges Patriotism

CHICAGO, July 21 (AP)—Edward C. Seubert, president of Standard Oil of Indiana, in a message to employees and stockholders, today appealed for a firm and patriotic stand against insidious and destructive influences, believing that constructive thinking and action will hasten the recovery.

Cognizant of talk "that there never will be an economic recovery, that the country is going to the dogs," Seubert said that the professional agitator thrives in such times as these but expressed loyalty of himself and the company to American government and civilization.

### Russian Advocates Hoover's Theory

GENEVA, Switzerland, July 21 (AP)—Maxim Litvinoff, representing Soviet Russia at the world disarmament conference, demanded today that declaration, to be adopted before the conference adjourns until fall, be rewritten to include the specific recommendation for a one-reduction in all armaments.

Thus he attempted to introduce the basic principle of President Hoover's recent arms proposals, substituting it for the "substantial reduction" recommended in the draft of the declaration.

He forced a roll call on the amendment and, with sixteen members abstaining, it was defeated 30 to 5. Hugh Gibson, head of the American delegation, voted against it. Germany and Italy were among the abstainers.

Gibson's negative vote was explained by the fact he already was committed to the text as it stands.

### MARION TALLEY AND HUSBAND

Troop 4, Steve Goodwin, Scribe Troop 4 met in the First Christian church Tuesday night. Games were played before the meeting opened with drill. Following patrol meetings, Scout baseball was played to help second class scouts in their work and to assist boys coming up for that rank.

Those present were Richard Wilks, Junior Goodwin, Mickey Ledrick, Warrent Bowers, Freeman Sullivan, Max Brown, Clarence Arnold, Roger Townsend, John King, Robert Miller, and Steve Goodwin. Also the following visitors: Junior Barrett, Odell Friar, Bobby Sullivan and George Cree, Jr.

James Stroupe, son of Mr. and Mrs. J. G. Stroupe residing south of Pampa, is the first Boy Scout to pay his registry fee for the summer camp which will be held from Aug. 18 to 28. James is a member of troop 80, First Methodist church. It will cost \$10 for each boy to spend ten days in summer camp. Most of the local Scouts are earning their own money. The location of the camp this year has not been definitely decided. A meeting of Adobe Walls officials will be held soon to make the final decision.

The boys are looking forward to the trip, according to C. A. Clark, executive of the Adobe Walls council, who is receiving requests for information daily.

### Garner Thought To Be Fishing

UVALDE, July 21 (AP)—The general presumption here today was that John Garner and Ross Brumfield had gone fishing, locking the pasture gates behind them.

The speaker let it be known yesterday that they were going. Garner to rest from the cares of political life and Brumfield to forget the trouble of the garage business. Beyond saying they would set forth again Sunday, the vice-president and nominee offered no details. He did not even say in what direction these piscatorial pursuits might lead him.

### Star Race Horse Is Fatally Hurt

CHICAGO, July 21 (AP)—Lady Broadacast, one of the star racers of her sex on the American turf, was so badly cut down in a race at Arlington park Tuesday that it was necessary to destroy her.

After the 6-year-old mare was led back to the barn after the race, in which she finished last, it was discovered she had suffered a severe hamstring in her left hind leg.

JUMPS INTO ENGINE  
MIDLAND, July 21 (AP)—A peculiar train accident caused the death of an unidentified youth here early today. He and two companions had been sleeping beside the track. They were awakened by the rumble of the approaching freight train and the youth who lost his life jumped in front of the engine, evidently not knowing what he was doing. His companions knew little about him except he was from Montana. He was about 18.

# CLEVELAND RAPIDLY NEARING CHAMPIONSHIP CONTEST

## OUR LOSSES IN 18 GAMES SETS RECORD

### ATHLETICS POUND OUT SIXTH STRAIGHT VICTORY

By HUGH F. FULLERTON Jr., Associated Press Sports Writer  
It is rather late in the season for Cleveland to start going somewhere in the American league—what with their being 9 1/2 games out of first place and a full game behind Philadelphia, but the results of their recent eastern tour indicate they will make some progress.

The Indians outshone all rivals in both circuits in the interseasonal series which winds up today and with a few good breaks at home they stand a good chance of getting into the fight.

Three interseasonal games today remain before the final records for the series can be compiled, but Cleveland's record of 14 victories to their opponents' 10 defeats can't be beaten. The Indians topped their tour yesterday by trouncing Boston, 8 to 1, as Ted Harder gave only seven hits in his fourth triumph of the trip.

The two teams still ahead of Cleveland, New York and the Athletics, didn't yield an inch yesterday. Johnny Allen gave the Yanks some more first class flinging and they made it five straight over Chicago, 5 to 2.

The Athletics pounded out an 8 to 5 victory over St. Louis for their sixth consecutive victory. Washington salvaged a game, 4 to 1, out of the Detroit series after losing three in going into the second division.

Chuck Klein was the leading figure in the National league. His bat led the way to a 6 to 2 victory over the Pirates.

The Boston Braves, who had a day off bracketed with Cincinnati, were the only ones to profit much from Pittsburgh's defeat. The second place Chicago Cubs took a 9-1 beating from New York and remained two games behind and as far ahead of Boston.

Brooklyn tried five pitchers and didn't find one who could throw past the St. Louis bats with any regularity. The Cards pounded all for 2 hits and a 16 to 5 victory.

## Champion and Strong Man Are Well Matched

A champion of the world and a former blacksmith of tremendous strength will be seen in action at the Tri-State fair grounds in Amarillo this evening.

The champion is Jack Reynolds, king of the world's welter-weights (147 lbs.), who will take on Powerul Pedigo, Kentucky strong man, in the main event; best two falls out of three to a finish, with the world's title at stake.

Pedigo, rated as the world's strongest man for his weight, expects to have strength enough to put-muscle the "Fox of the Mat"—Jack Reynolds, and with it the world's title.

Reynolds has been welterweight champion of the world since 1920 and he shows no signs of losing the title even tho he wrestles anybody, anywhere, anytime. That's the champion, otherwise known as the "Fox of the Mat," who is in Amarillo, ready to defend his title against the famed Kentucky blacksmith.

The dapper Iowan, who has held the championship for 12 years, will have to bear down, for Pedigo is good enough to give anyone an exciting evening.

Go to the Polls Saturday and leave Lon's name on the ballot.

## America's Fine High Hurdlers Best in Olympics

LOS ANGELES, July 21. (AP)—The United States not only should regain the Olympic high hurdles championship this year but finish 1-2-3 in the final, unless some mishap along the timbered 110-meter route befalls Jack Keller, George Saling, and Percy Beard.

The home forces never have had a faster trio for this spectacular event. All have broken world records. Keller may not be the most stylish of our hurdlers but coaches agree he is the fastest man in the world between the barriers.

Not only is the American hurdling delegation stronger than in 1928 but the foreign menace seems weaker.

## Fairway Big Goal In Leaving Rough

### By JOHNNY FARELL (As Told To Artie McGovern)

If you are in the rough get out. Play for the fairway not the green. Flaying from deep rough calls for one of the most difficult shots in golf.

Foolishly enough the majority of golfers consider with dismay the distance from the ball to the green, instead of concentrating upon the selection of the right club that will get him out safe.

The niblick, since it is the most lofted club in the bag, alone should be used in getting out of deep rough.

The most common fault in playing this shot is the attempt to lift the ball up instead of allowing the clubhead to do the work. Moreover, many golfers raise their heads too quickly.

In playing out of the rough, plenty of wrist action, is necessary to carry the clubhead through the deep grass with enough momentum to get the ball on the fairway.

Forty-six persons were killed and 98 injured because of carelessness of hunters in California during the last fiscal year, according to the state division of fish and game.

## STEERS HAVE FLAG MALADY IN THIS HALF

### TAKE THREE CONTESTS FROM BEAUMONT EXPORTERS

By BILL PARKER, Associated Press Sports Writer  
In the words of Manager Morse, the Dallas Steers have smelled Dixie series money and are on their way. John Whitehead worked well last night to give Dallas a 2 to 0 victory over Houston, a four-game lead in the pennant chase, and the Steers' ninth consecutive win.

Evidently the Steers plan to annex the second half by beating second and third place teams. Fresh from taking three consecutive games from the second place Beaumont aggregation, they tore into Houston to take a six-game lead over the third place Buffaloes.

Whitehead held Houston to four hits until the ninth, when he allowed another. Tex James, with a pair of sparkling catches in centerfield, was Dallas' defensive star.

Beaumont, first half pennant winner, lost a hard 11-inning struggle to Longview, 2 to 1. Lester White of Longview opposed Jelly Collier on the mound in as grand a pitching duel as one could wish. Both received sensational support.

The victory left Longview one game behind Houston.  
Scoring 10 runs the first two innings and collecting 17 hits in a night of heavy hitting, Tyler beat San Antonio, 17 to 3.  
Fort Worth and Galveston were rained out.

Mr. and Mrs. S. C. Evans and sons, Allen and Clinton, returned recently from a three-week vacation trip to California. They vacationed at Los Angeles and vicinity and at San Francisco and Catalina Island.

## MCGRAW CITES FINEST PLAY HE EVER SAW

### OLDTIME FIELDER FOR GIANTS STARRED IN STORM

By EDWARD J. NEILL  
Associated Press Sports Writer

NEW YORK, July 21 (AP)—It was late in the National league campaign of 1912 and the Giants, led by a swashbuckling, fighting first baseman named John McGraw, were locked in a bitter stretch duel for the pennant with Pittsburgh.

They warred through a final crucial series in Pittsburgh and the Giants came down to the ninth inning of this final game leading by a single run. Victory there meant enough margin to nurse through the final dash to the flag. Something went wrong.

The Pirates rallied, filled the bases. Two were out. A storm was sweeping in over Forbes field. It was getting dark. Christy Mathewson fiddled in the pitcher's box and waited, three for the play of the storm and the gloom that would make his fade-away slip past the final batter. He wound up. The batter lunged. He met the ball, a screaming liner that flashed to the right of second base and out toward the darkness of right center.

"Matty's head dropped and he turned his back. I started to turn away."

"Suddenly there came the terrific crash of the first bolt of lightning as the storm broke. For the brief flash of a second it lit up the field, and there outlined against the zig-zag flame, his face contorted, leaping high into the air, was our right fielder, Red Murray, the ball just setting into his glove."

And that, signed John McGraw, was the greatest and most dramatic play he ever saw on a baseball diamond.

Wandering back over the years with the most colorful leader in baseball history, you feel nothing but wonder that the white-haired, gentlemanly, soft-spoken man of 60 who sits so contentedly in the business offices now could have generated in his hey-day the truculence and lust of battle for which he was famous.

When the umpire hesitates or ruled against him, there would come that human bolt from the bench, McGraw. But he knew how to avoid banishment, and the threat of suspension, while creating the impression that murder was about to be done.

## Scanning New Books

By JOHN SELBY

NEW YORK—Memories, passions and platitudes divide book headlines with some equality this week. And the first of them shall be memories.

The memories are Compton Mackenzie's, jelled into a novel of the current epidemic of books about streets. Mackenzie calls the book "Our Street."

It is a good one if a person has a taste for quiet reading, its retrospective charm lying partly in a confident evocation of tastes and moods, as well as sights and sounds, and partly in the fact that a book about Beaulecker street in West End London is at the same time a book about Sycamore street in Emporia, Kas.—about all the streets of our memories.

**Mrs. Glyn Returns**

The truth is that Elinor Glyn's mannered writing is a perfect medium in which to embalm the more turgid of our passions, the more turgid of our sentimentalities. Her sense of false values is also deft, and in "Love's Hour" she exercises it among a profusion of Hungarian counts and countesses. The book will fascinate those who yearn for such matters.

It is at this same audience that Hilda Mauck's rather platitudinous "Wings of Hope" is aimed, although it is a very different book, dealing as it does with young and penurious Kansas Citizens. Her understanding of the Great American Moron is so pitifully exact; in her next book she must prove that she understands equally well the things that really move the world.

**Honorable Mention**

The revised edition of William E. Dodd's fine "Woodrow Wilson and His Work," and a new and rewritten edition of John Rathbone Oliver's "The Good Shepherd" stand high among the other books of the week.

The competent performances include also "Excess Baggage," H. M. Raleigh's often funny burlesque of the mystery novel; a study of mother love and more by Nella Gardner White called "Mrs. Greene's Daughter-in-Law"; Gilbert Frankhau's new romance entitled "Christopher Strong," and Fred Rothermell's often interesting novel about tuberculosis and the stars published as "A Preface to Death."

There is, too, a bang-bang-bang book about a "hard-boiled baby," fired at an apathetic world under the title "Sweet Cheat." The gun sergeant is Herbert Crooker.

**VETERAN IS DEFEATED**

HELENA, Mont., July 21 (AP)—John M. Evans, veteran Montana representative in congress, today apparently had lost his bid for the democratic nomination from the first district. With all but 84 precincts reported, John P. Monaghan, youthful Butte attorney, led 19,001 to 17,871.

Mrs. Isaac Wilson, 91, of Clearfield, Pa., still owns a farm that her husband bought 67 years ago for \$1.25 an acre.

## HOOKS and SLIDES

**MANY THINK TITLE STOLEN FROM MAXIE**

In a few days, a fast train will steam into Los Angeles bearing the main body of Germany's delegation to the 1932 Olympics. Let it be pronounced, here and now, that henceforth Germany is to be the favorite enemy of your Uncle Sam in the Olympic games. There are several reasons for this.

One is that Germany is fast recovering the man power she spent in the great war.

Another is that Germany is a nation of athletes. It has always been a country in which a sound body goes farther than a pretty face.

And still a third is that Germany, in 1936, will stage the eleventh Olympiad in Berlin, and Germany this year hope to make a showing second to none but that of their host.

**Fight Pictures Convince Fans That Radio Announcers and Scribes Knew.**

Max Schmeling, heavyweight champion of the world until recently, was robbed of his title when he met Jack Sharkey in Madison Garden recently unless the pictures of the fight shown at the La Nora theater last night give the wrong impression. The picture will continue through today.

The German heavyweight started pushing the fight in the first round and he was still the aggressor in the last one. He hit Sharkey three for one and in more vital spots. It is granted that Sharkey hit the more solid blows when he connected, but he had an advantage of 20 pounds in weight.

Sharkey was doing more missing than the German and his footwork was nil. The fight was so slow that it was dull to watch, but it is always the defender's right to stand back and let his opponent come to him. Sharkey refused every opening and Schmeling had to do all the work, all the hitting, and still lose the title.

The look on Sharkey's face when the announcer and one of the judges announced that Sharkey was the new world's heavyweight champion was one of surprise, according to the picture. He really didn't expect it. The judge who made the opening announcement was against Schmeling in his early remarks.

Even spectators who knew little or nothing about fighting handed Schmeling the decision and they picked the weak spots in the decision. Rounds that were given to Sharkey by the judges and given the opposite by newspaper writers and radio announcers were Schmeling's, with ease if the picture caught every blow and miss.

Even some of the most rabid Sharkey fans who saw the picture yesterday admitted this morning that the German was robbed of his title.

**TO BE AMBASSADOR**

LONDON, July 21. (AP)—Dino Ciampi, who in his capacity as foreign minister came to be a sort of traveling representative of the Italian government, probably will be his country's next ambassador to Great Britain, it appeared today.

Not long ago Stella Walsh, the Cleveland girl sprinter who decided to accept the Polish emblem for the coming games, told me she anticipated the hardest kind of competition from the German girl athletes. "They go in for athletics more than the girls of other countries," she said.

Frau Thimm has done 12 seconds in the 100 meters. That equals world record time. Fraulein Kallner and Fraulein Lorenz have done 12.2 and 12.3 seconds, respectively.

Fraulein Haux, Fraulein Birkholtz and Fraulein Pirch have covered the 80-meter hurdles in 12.3 seconds. That's fancy stepping, only one-tenth of a second over the world record.

Sisters Fraulein Ellen and Inge Braumuller will be at Los Angeles. Ellen holds the world javelin record for women. Inge is Germany's best girl high jumper.

**Pork and Peas**

Probably the most important part of any of the attendants to the German party is that of Herr Boche, chief of the North German Lloyd. He will see that German palates are tickled with delectable foods during the entire stay. Their favorite dish?

"Practically the same as good old American pork and beans," says Dr. Hecht. "It's pork and peas."

**HUMBLE GASSER BURNING**

HOUSTON, July 21. (AP)—The Humble No. 4 Lockwood gasser in Fort Bend county continued burning today despite efforts all day yesterday to extinguish it. The well blew in from about 4,500 feet and took fire by friction.

Feels Stronger Than Ever

Just to prove to any doubtful man or woman that Kruschen Salts is the SAFE way to reduce—let us take the letter of Mr. F. J. Fritz of Cincinnati, Ohio, recently received.

He writes: "I've tried extreme dieting, setting up exercises with very little results—but the results from Kruschen are almost incredible. In 3 months I reduced from 205 to 179 pounds and feel stronger than ever—no more wheezing or gasping for breath—friends say I look 100 per cent better."

"Bear in mind, you fat man, that there is danger in too much fat—fat is the safe way to reduce—one-half teaspoonful Kruschen Salts in a glass of hot water every morning—cut down on fatty meats and sweets—one bottle that lasts 4 weeks costs but a trifle—get it at Richards Drug Co., Inc., or any drugstore in the world."

HENRY MORGAN was the greatest pirate of the western seas. There have been pirates as cruel and brave as Morgan, but none who was so successful in fitting his men with his own indomitable spirit. He was born on a farm in Wales, later became a slave, and finally a pirate. He always maintained a polite disguise of flying English colors. The sacking and burning of Panama was his greatest adventure. Even after he was made a high official he promoted piratical enterprises.

## Auditor's Report On Highway Work Shows Efficiency

AUSTIN, July 21. (AP)—A preliminary report of an audit of the state highway department covering the past two fiscal years was submitted yesterday to W. R. Ely, highway commission chairman, by Moore Lynn, state auditor.

While the report revealed there had been an overcharge of approximately \$30,000 for gravel used on a highway project in Trinity county and \$11,714 was due the state from a county tax collector on motor vehicle registration fees, Lynn stated there was no evidence of shortages on the part of the officials or employees of the department.

Lynn said he expected to file a more detailed report soon. The audit has been in progress more than a year.

"Isolated irregularities in payrolls of minor employees were detected, involving not over \$300 altogether, and the employees were promptly relieved," the report stated. "Considering the size of the organization, the volume of transactions handled, the technical nature of the work and the immense area covered by its operations, the department as a whole was found to have been managed in a businesslike and efficient manner."
