Testimony of Admitted Bear Traders May Mean Calling of Raskob

SURPRISES IN HEARING GIVEN ON SATURDAY

POLITICIANS ARE SAID TO HAVE LOST HEAVILY

HUGE POOL IS REVEALED

THOMAS A. BRAGG HAS DENIAL OF RAIDS IN MARKET

WASHINGTON, April 23 (AP)—The object for days of an unavailing search, two of Wall Street's big bear traders—Thomas E. Bragg and Bernard E. Smith—calmly walked into a committee room today and proceeded to tell a story packed with startling surprises for their eager listeners.

John J. Raskob, chairman of the democratic national committee, Fred J. Fisher, W. C. Durant and W. F. Kenny, they testified, had been associated with them in a gigantic \$32,000,000 pool on Anaconda copper in 1929. They lost heavily.

In addition, they said Mrs. Michael J. Meehan, whose husband was specialist radio on the floor of the stock exchange, engaged in a pool on that stock in 1928 and 1929. A subpoena has been issued for Meehan.

William Gray, counsel for the committee, announced that if the committee approved, Raskob and others mentioned by the two would be called up for testimony.

Braggs was the first to testify. Senator Counce of Michigan drew from him the story of the Anaconda pool.

Has No Business

After being sworn in, Bragg was asked his business. Bragg was asked his business. Bragg was asked his business.

"I have no business," he replied. "I am a speculator." He added that he had played the "bull" side of the market up until 1929, and in September of that year went short.

He said he went into the Anaconda pool and lost about \$400,000. He denied, under persistent questioning, that the pool was formed to manipulate the stock.

When Smith took the stand he was asked if he was known as a "big short operator."

"Yes sir," he replied. "You have been known as a big bear raider."

"Not To My Face" "No one has called me a raider to my face, and I don't know what is meant by raider," he reported. He agreed without any show of resentment, however, that he had heard he had that reputation.

He denied any knowledge of pools operating with the aid of a specialist who knew the pending orders of the stock in question.

"Anybody who would do that" (See BEARS, page 8.)

Boys Confess to Thefts in Pampa

Three boys are being held in the Corsicana jail for Gray county officers on charges of thefts alleged to have been committed here, Sheriff Lon L. Blansett said yesterday.

A purported confession received by the sheriff yesterday gave details of theft of gasoline, an automobile horn, and a pistol in this community. The boys were never residents of Pampa.

If the boys are indicted by the Gray county jury, the sheriff will transport the trio back to Gray county. Otherwise, the law does not provide any funds for bringing them back here.

DALLAS, April 23 (AP)—Serial numbers of the \$30,000 in currency stolen by an unidentified robber eight days ago from a messenger of the Mercantile Bank & Trust company here have been procured and broadcast throughout the country to banks and peace officers.

STRONG WILL TALK HERE ON FRONTIER DAY

Plainview Reunion Is To Be Attended Soon

Sterling P. Strong, candidate for congressman-at-large, writes Sheriff Lon L. Blansett that he will be in Pampa May 26, 27, and 28 for the Pampa Frontier Days celebration.

Mr. Strong, now a resident of Dallas, writes Sheriff Blansett that he will have all the relics of early days in Plainview for the celebration and that Pampa may have anything she wants for her time. Several trucks will be taken to Plainview to bring back the antiques.

One of the first stage coaches that was used in this section of the country will be one of the relics to be brought to Pampa. The Pampa delegation will mingle with the old timers and invite them personally.

Approximately 1,000 letters of invitation have been mailed to old timers. Hundreds of window cards have been set up in surrounding towns and cities and thousands of small cards have been handed out.

I HEARD--

D. E. Cecil telling the boys over at the postoffice all about the show, "The Man Who Played God." D. E. attended the pre-showing last week. "Boys, that is without doubt, one of the greatest pictures I have ever seen," the postmaster said.

Ex-Students Will Have Banquet at Canadian Soon

Dr. J. A. Hill, president of West Texas Teachers college, will stop in Pampa Wednesday en route to Canadian, where he will attend an ex-student banquet and speak at the women's club convention.

He will be joined here by a number of ex-students of the Canyon institution. He will be accompanied by L. N. George, ex-student chairman. Local exes who would like to make the trip are asked to confer with Olin E. Hinkle of THE NEWS or Principal L. L. Sone.

The first aviation course offered in a southern woman's college has been instituted at Brenau, Gainesville, Ga.

TOM LOVE WILL SIGN PLEDGE

DRY LEADER'S ACCEPTANCE IS ON CONSCIENCE

REPEATS BELIEF THAT REQUIREMENT IS UNWISE

'IS REBUKE TO VOTERS'

FORMER SENATOR HAS GIVEN SUPPORT TO GARNER

DALLAS, April 23 (AP)—Former State Senator Thomas B. Love, militant leader of the "ultra dry" faction in Texas, announced today he would participate in the democratic precinct presidential primary May 7, and sign the loyalty pledge prescribed by the state executive committee. He said he would comply with the pledge in the November election to the "utmost limits of conscience and good faith."

"I shall, in no event, go beyond those limits," he declared. "As, under the holding of the state supreme court, I am sure the pledge does not bind me to do so."

"It would scandalize the democratic party to say that it requires that its presidential precinct primary conventions and county conventions shall be composed exclusively of men and women who have bound themselves in writing to put party above principle in casting their ballots in the November election."

Love reiterated his belief that the pledge ought not have been required of Texas Democratic voters. The supreme court has ruled that the executive committee had the power to impose the pledge. Love sued to have use of the pledge restrained by law.

"Let us hope that such a pledge will never be imposed again, as it never was imposed in presidential primaries prior to the first effort to liquorize the democratic party in 1928," he said. "It was designed to rebuke and humiliate some hundreds of thousands of Texas democrats, the courage of whose convictions as to their duty led them to vote against Al Smith and his liquor program in 1928, and to drive them out of the democratic conventions and make it easy for the wet minority to control them."

"Speaking for myself alone, I am convinced that it is my duty not to be driven out. There never was a" (See PLEDGE, Page 8)

Messenger Boy Has "High Time"

J. B. Caldwell, 11-year-old Western Union messenger boy had a "high" time of it yesterday. It began early in the morning when the wind-blown up a sandstorm.

J. B. was returning from the Cook-Adams addition with a check for an appreciable sum in two figures. Just as he got in front of the Worley building an unusually frantic gust of wind whisked off his cap and took the check that was in it to the top of the Worley building where J. B. finally regained possession of it. Some wind, J. B., some wind.

AN APRIL MORNING BRINGS OUT NATURE'S BEAUTY—BUT THAT WAS BEFORE SANDSTORM

By ARCHER FULLINGIM yearly down this hill, April come like an idiot, babbling and strewing flowers.—Edna Millay.

Before the sandstorm blew up yesterday morning, Pampa had its first real spring morning, because it takes tulips, a rain-laudered sky and atmosphere, a wet earth and green grass to complete the impression of spring—of April. And early yesterday had all the prerequisites of spring.

That being so we drove out to Aunt Sue Henry's to find the tulips, and we did. Not only tu-

SPLASH DAY PRIZES WINNERS

These costumes won the prizes when Galveston Beach was officially opened last Sunday at the annual "Splash Day" festivities. The contest was to select the most uniquely attired bathers. The girl with the brassiere suit won first, which indicates there is no ban on scant beach attire at this Texas resort. It was estimated that 25,000 people visited Galveston for the opening day of the season.

TERRIFIC WIND FOLLOWS RAIN IN THIS AREA

INCH DOWNPOUR WILL SUSTAIN WHEAT FOR WEEKS

LARGE HAILSTONES FALL

FEARS OF DROUGHT IN SOME SECTIONS DISPELLED

Eccentricities of Panhandle weather developed in abundance Friday and Saturday, climaxing precipitation of about an inch with a severe dust storm in which the wind reached a velocity of 55 miles per hour.

Late Friday afternoon, a driving rain accompanied by a little hail fell in Pampa. In west Pampa and on the northwest the hailstones were as large as hen eggs, but luckily there were not many of them. During Friday night a thunderstorm brought more rainfall to raise the total for the 24 hours to 97 inches. Saturday was exceptionally disagreeable and newcomers marveled that the air could be filled with dust and sand so soon after the rain.

The downpour was heavier in most directions from Pampa than in the city proper. Farmers north and east of the city reported heavy rain and hail, but no serious damage. The rain prevented damage by the high wind and will "hold" the wheat for several weeks, it is believed.

By The Associated Press Prospects for farm crops and range grass were improved Saturday as rains fell in West, East, and Central Texas. Little precipitation was reported from South Texas.

The rains fell after an interval that had caused fears of drought in some sections. At Wellington a dry period ended that had begun early in February.

Speedwater and Shafter reported 3 inches of rain. Snyder, 1 inch; Shamrock, a heavy rain; Lovelock, a hard rain; Denton near an inch; Dallas, 29 inch; Sherman, 5; San Antonio, 78; Austin, 7; Palestine 12; El Paso, Del Rio, Corpus Christi and Brownsville, traces.

Plan for Sale of Road Bonds Is Halted for Time

Negotiations to dispose of Gray county road bonds to the State Board of Education were temporarily halted last week by the death of S. M. Marrs, state superintendent of public instruction, it was learned during the latter part of last week.

The board was due to meet last Wednesday in Fort Worth, and a representative of the county commissioners was scheduled to meet with it. Negotiations to dispose of the bonds have been made by C. M. Smith of the Brown-Crummer Investment company and members of the commissioners court. The Brown-Crummer company purchased the first issue of the bonds, \$300,000 worth.

No bids were received a week ago on another issue of \$300,000. Some members of the court believe that the bonds should not be sold unless par is obtained. Others feel that no sacrifice would be made if they were sold below par on account of decreases in the cost of road building materials and labor in the last year.

The money is needed to pay for right of way on highways Nos. 33 and 152 and on grading and drainage projects.

LOSES HAT IN GALE

AMARILLO, April 23 (AP)—State Senator Ned A. Stewart of Lovelock, Ark., who visited in Amarillo today between trains, will leave for home tonight wearing a new hat. His old one was caught by a 55-mile gale and sent sailing down the city's main thoroughfare soon after he alighted from the train. "Does it blow this way in your city all the time?" the senator asked.

NOTICE—It is not the intention of this newspaper to cast reflection upon the character of anyone...

PAMPA IS OCCUPYING AN IMPORTANT PLACE in the convention spotlight. And for this the city should feel grateful to its energetic leaders.

Congratulations multiplied when C. H. Walker was elected district governor of West Texas Lions. Modest Mr. Walker quickly passed the credit on to members of his club...

T. D. Hobart, again honored with the presidency of the Panhandle-Plains Historical society, has another honor. He has been elected president of the Texas Society of the Sons of the American Revolution.

The Rev. A. A. Hyde has been elected moderator of the Amarillo Presbytery, bringing another honor to Pampa. Travis Lively is vice-president of the Panhandle Hardware association...

The city itself has had many conventions. Next June 13, 14 the Panhandle Bankers association will assemble here. Pampa must be a good host to this large gathering.

When this column urges citizens to study international relations and learn to think in terms of distant events, it was not encouraging meddling. California independent oil men, listening to broadcasts by Texas and Oklahoma governors on Pacific Coast oil problems, sent this message to the meddling governors.

"What must the voters of California think of the spectacle of the governors of two outside states so gratuitously interfering in a strictly California election on a strictly California issue?"

Bootlegging promises to remain a serious question, quite apart from the prohibition question. Bootlegging of cigarettes to escape the tax is costing the state hundreds, probably thousands of dollars daily.

General Wolters claims that gasoline bootleggers are costing Texas two millions or more annually. Although this may be an exaggeration, the situation is extremely serious.

Dr. Clarence E. Smith, milk specialist of the United States health service, initiated the Texas standard milk ordinance in 1925.

MOONEY WILL CONTINUE FIGHT WITH LABOR ISSUE ADVANCED

SACRAMENTO, April 22 (AP)—As supporters of Tom Mooney gave notice his account with justice was not yet closed, filing clerks here shut the covers on another chapter of the convicted dynamiter's struggle for freedom—the refusal of Governor James Rolph Jr., to grant a pardon.

The governor of California declared in a 700-word decision announced at the state capitol yesterday he was convinced Mooney and Warren K. Billings, convicted accomplices, were guilty.

Mooney, in a statement released by the mouldeers defense committee over his name, declared the struggle had gained added significance, with the assertion: "This makes me the outstanding figure in the world's labor movement and a symbol of the struggle of labor for its rights."

Another declaration in the statement was: "The decision of Governor Rolph is a class decision with a class motive and along these lines it shall be fought out in the future."

The governor's decision was based on a report given him by legal advisors appointed last December after consideration of the case had been urged by a group of attorneys led by Mayor James J. Walker of New York.

Panhandle Oil Production Up

Oil production in the Panhandle field continues to increase. The recent hike in crude price has been instrumental in keeping production up. Panhandle production last week amounted to 52,636 barrels daily, or an increase of 535 barrels over the previous week.

Gray county's production showed a slight decrease but it was offset by Hutchinson county, which showed an increase of more than 1,300 barrels. Gray county production was 33,105 barrels daily.

Only one completion was reported in Gray county during the week. It was Standolind's No. 2 Wagoner in the northwest corner of section 173, block 3, 1. & G. N. survey, west of Pampa.

SHORT BALLOT TO BE TESTED

DALLAS, April 23 (AP)—Thomas B. Love said here today he would comply with the request of Secretary of State Jane Y. McCallum to bring mandamus suit in the state supreme court to test the short ballot law enacted by the last legislature.

"I have no doubt the law is constitutional and is a good law," Love said. "I shall file to comply with Mrs. McCallum's request. The suit will not have to be brought until this fall when the ballot is being made up. Electors are not chosen until the state convention next month."

CAPONE MENTIONED AGAIN AS KIDNAPING. NEGOTIATIONS ARE MOVING TOWARD A CLIMAX

NORFOLK, Va., April 23 (AP)—Maneuvers by three Norfolk men seeking to bring about the return of Charles Augustus Lindbergh Jr., were accelerated tonight as at least one of the principals indicated their negotiations were moving towards a climax.

While maintaining his usual silence regarding details, the very Rev. H. Dobson-Peacock intimated that some important development was expected soon as a culmination of three secret missions undertaken this week.

Meanwhile, at Washington, Senator Hiram Bingham, (R., Conn.), declared the fact that Al Capone twice has offered to find the Lindbergh baby if released from custody, lends support to the belief the kidnaping "has been done by friends of Capone for this very purpose."

He based his opinion on the renewed offer of Capone to effect the return of the baby if Colonel Lindbergh would obtain for him a temporary absence from his prison cell. Capone at Chicago denied making such an offer but reiterated his statement of weeks ago that he would do everything he could to restore the child to his parents if he were liberated.

"The government has lost hundreds of millions of dollars in revenue which has gone into bootlegger's pockets as profit," Bingham said. "These profits have enabled them to finance crime on an hitherto unparalleled scale."

DOWINGTON, Pa., April 23 (AP)—Repeated questioning of a man and woman, who wrote Colonel Charles A. Lindbergh they might know the whereabouts of his kidnapped son, elicited many contradictory stories from them, the Rev. G. Paul Muselman, pastor of St. James Episcopal church, said tonight.

Timoteo Gatica of Temuco, Chile, will receive a degree at Furman university in June. He traveled 6,500 miles to attend school.

Rancher Charged in Murder Mystery

LAS CRUCES, N. M., April 23 (AP)—Melquiades Espinosa, Berino, N. M., rancher, was charged today with the murder of his wife, in a complaint filed by Sheriff Dick Triviz on the order of District Attorney J. Benson Newell. The action came after three weeks' investigation into the slayings of seven members of the Espinosa family on the night of April 1.

After the slaying, Espinosa told officers three bandits entered his home, demanded \$5,000 and when he was unable to pay, shot at him and then murdered his family.

GAS LAND OWNERS ARE STILL DISSATISFIED WITH OFFERS FROM BIG PIPELINE FIRMS

Local gas land owners said yesterday in connection with the controversy between the large gas pipeline companies and the land owners in this area, that the gas royalty division orders which the Texoma Natural Gas company has prepared and is endeavoring to have signed constitute an interesting move on the part of gas companies, which are still trying to induce people in this community to accept payment for their gas at the rate and on the terms that they see fit to pay, and not on the actual value of this gas, which should constitute the basis for royalty payments.

The Texoma company first attempted to set an arbitrary rate of 2c per thousand cubic feet and checks on this basis have been repeatedly refused by practically all of the land owners. This company now presents a prepared agreement which provides that royalty shall be paid amounting to 1-8 of 3 1/2c until 1935, then on a basis of 4c for the next succeeding five years, 4 1/2c for the next succeeding five years, and thereafter on a basis of 5c per thousand cubic feet. The measurement, however, would be computed on a basis of two pounds above an assumed atmospheric pressure of 14.4 pounds absolute. This division order also provides that men claim to be made, but is canceled by the landowner during the life of the lease but the company has the option of withdrawing from it at any time it shall be required to purchase gas from any wells not owned or controlled by themselves. This clause is obviously for the purpose of forcing the cooperation of the land owners against an present or future law designed to bring about ratable taking of gas. The division order further provides that if at any time the buyers are compelled to pay in excess of the amount of their present production tax that the land owners shall be compelled to pay 1-8th of such increase, and provides that at any time gas containing a trace of sulphur is produced from the area, that they may refuse to take such gas, but that the lease will be subject to abandonment until such time as treating plants or other necessary facilities and a new agreement has been reached covering such sulphur gas. It is also as a large proportion of the area now contains a trace of sulphur and the sulphur is constantly increasing, this gives the company practically the sole right to decide what it wishes to pay for this gas.

Local gas land owners claim the pipeline owners have repeatedly tried to get them to sign agreements detrimental to this section, and that the latest offer is no exception. The attack on the common purchaser act is cited as proof of their desire to avoid ratable takings from independent producers.

Chairman C. V. Terrell of the railroad commission recently indicated that he would favor a rule to permit operators to strip their gas for gasoline content should there be no other fair market provided.

HERO WORSHIP SHOWN TO BE HARD ON HERO

"It's Tough To Be Famous," the first National picture starring Douglas Fairbanks Jr., opens at the Rex theater with a notable cast of talented players.

"It's Tough To Be Famous" numbers such established and well-known performers as Mary Brian, Walter Catlett, Oscar Apfel, Emma Dunn, David Landau, and Lillian Bond in support of young Fairbanks.

The story, from an original by Mary McAuliffe, who also assisted in the adaptation and dialoging for the screen, concerns a young naval officer lifted from obscurity to the glaring limelight of public favor as the result of an unusual act of heroism performed in line of duty. The subsequent trials and tribulations of the youth who modestly prefers comparative oblivion to public acclaim and the consequent dislocation of his marriage because of prying eyes and interference constitute the story, which is said to be the fastest moving screen drama of the year. The story covered a variety of locales in a short time and moves with the rapidity of machine-gun fire. Many of the scenes are unusual and present thrills uncommon to even the most thrilling action picture.

"It's Tough To Be Famous" was directed by Alfred E. Green, who directed the previous Fairbanks Jr. picture, "Union Depot," as well as "Israel!" and "Smart Money," favorite pictures of their years.

No Strikes and Every Man Works In This Place

GILMAN, Vt., April 22 (AP)—Prosperity stands firmly entrenched on a corner of Gilman's main street. Back in the hills of Vermont near the headwaters of the Connecticut river, Gilman has enjoyed two years of peace and prosperity.

Its leading mill, the Gilman Paper company, is working 24 hours a day, six days a week. Newsprint is being shipped out by the carload. The mill's gum tape department can not fill all its orders and plans are underway to extend its facilities.

The Miller corporation, manufacturers of fibre material and onion bags, is working double shifts full time, and the craft bag corporation, a new industry, plans to locate in Gilman shortly and turn out 60 tons of paper cement bags a day.

There's not a man in town out of work. There are no paupers and a strike never has interrupted the town's industrial activities.

Young Woman Is Governor But States Moves On

BATON ROUGE, La., April 23 (AP)—The State of Louisiana was run by a woman today for the first time in its history — and a young woman at that — and never knew the difference.

Attractive Miss Alice Lee Grosjean, 25-year-old secretary of state, took charge of government affairs as acting chief executive for the duration of Governor Alvin O. King's ten-day absence at the governors' conference in Richmond, Va., and handled all business that came to her desk as if she had been used to it all her life.

Governor Grosjean and her mother, while living in the executive mansion, are protected by armed guards, who have been watching the property since the dispute last fall between Governor Huey P. Long and Dr. Paul N. Cyr, lieutenant governor.

Refrigerator on Test Impresses Local Residents

Believe it or not Ripley should have been at the Thompson Hardware store at 8 o'clock last night when the Electrolux Refrigerator was opened after having been sealed for 10 days. The food placed in the box by the Standard Food Market 10 days ago was removed in perfect condition. The temperature in the box when opened by Sheriff Lon L. Blanscet, Rev. C. E. Lancaster, Bert Pritchett and Harry E. Hoare of The NEWS, was 37 degrees.

The first item removed was a roast of meat which was in perfect condition. A quart of sweet milk followed. It was tasted by the judges and found cold and sweet. A pan of vegetables was removed and the celery found crisp, tomatoes tolid and lettuce crisp. Oranges, apples, and other fruit was just as they were when put in the refrigerator.

The Electrolux is run by gas and water. The gas meter installed by J. W. Garman of the Central States Power and Light company was read. It showed that 470 cubic feet of gas had been burned in the 10 days. The water meter installed by Andy Creeker superintendent of the city water works, read 453 gallons. The total cost of operation for the 10 days was announced as 32 1/2 cents.

Ellsworth Vines Turns on Allison To Get Revenge

WHITE SULPHUR SPRINGS, N. Y. (AP)—Ellsworth Vines Jr., slim youngster who bulks large in the United States Davis Cup plans, set at rest fears that he might not regain his national championship form by trouncing Wilmer Allison in straight sets, 4-6, 6-1, 6-4, today in the singles final of the Mason and Dixon tennis championship.

Vines gained ample revenge for defeats by Allison within the last two weeks in the finals at Pinehurst, and New Orleans. He played fast aggressive tennis, and after the first set had the Texan under complete control.

Allison faded after contesting the first set stubbornly and his shots lacked the extra punch that marked his steady play for the past six weeks on the southern tournament circuit. He doubled to suffer a letdown, although Vines aggressive attack never gave him a chance to organize.

Miss Virginia Hilleary, of Philadelphia, and Miss Virginia Rice, of Boston, had little difficulty winning the women's doubles championship final, defeating Mrs. John Van Ryn, of Philadelphia, and Miss Florence Leboutillier, of Westbury, N. Y., in straight sets, 6-2, 6-2.

After winning the singles, Vines came back with Frank X. Shields of New York to annex the men's doubles title in straight sets from Marcel Rainville of Montreal Canadian Davis Cup star, and Eugene McCauliff of Yonkers, N. Y.

Vines and Shields won the encounter 6-1, 8-7, 6-3.

Mr. and Mrs. Van Ryn, Philadelphia, won the mixed doubles title defeating Virginia Rice of Boston and Frederick C. Baggs of New York in the final round. The score was 6-3, 6-3.

Allred Is Rapped in Calhoun's Talk

BORGER, April 23 (AP)—Inefficiency, extravagance, and personal exploitation in office were charged against Attorney General James V. Allred by Clem Calhoun, candidate for attorney general, in a campaign speech prepared for delivery here tonight.

Calhoun claimed Allred had increased the cost of operating the attorney general's office and had increased the personnel over that of his predecessor from 30 to 41 persons. Calhoun said Allred was "the most expensive attorney general Texas ever elected."

Calhoun criticized Allred's efficiency in regard to prosecution of anti-trust suits against oil companies.

Tiny Citizens

May Day is Child Health day, proclaimed so by President Herbert Hoover. "In the children of the nation," the chief executive said, "we have the constant and unfailing source of vitality, wealth, and leadership, the future benefits of which to the nation depend upon the health and protection of children today."

Mrs. Alda de Acosta Breckenridge of the American Child Health association was primarily responsible nine years ago for establishing May Day as a time for special consideration of the needs of children. "The general purpose of May Day this year," she adds, "is to focus the spirit of sharing and of responsibility toward one's neighbors, on such points as the need of every child to be sheltered in its own home and share secure family life; to have the essential food elements in each day's diet; to have an adequate amount of clean and safe milk; to have plenty of sunshine, sleep, rest, and recreation; and the need of every infant to be born healthy, of a healthy mother, who will live to love her child and take care of her family. It is also the aim of May Day committees to put into practice in every community the nineteen points of The Children's Charter — the Magna Carta of childhood."

In shopping the last few days, I observed several things that will interest mothers who are interested in healthy children and happy families.

PARIS (P)—Tailored wear is the spring style rule for girls and boys as well as their mothers. Ruffles and ribbons are gone from the juvenile mode. Coats and frocks for youngsters from 6 to 12 are trim, tailored and neat, and the shades in which they are made reflect the grown-ups' color card.

Register your baby at MITCHELL'S and it will get a hundred free votes to start it on the way

to a winner in the contest for popular babies which closes May 4.

Ask your friends to vote for your baby. Every dollar purchase entitles you to 10 votes.

May 3, trained nurses will examine all babies free. Be sure to bring your baby in. It might save you many dollars and lots of worry.

MITCHELL'S line of "everything for the baby" is complete. Dainty little dresses, precious booties, lovely little caps and everything. A layette that mother would waste days and days of energy to prepare can be bought for a nominal cost.

Don't forget to call and ask about the "popular baby contest." \$5 in gold will be presented the winner and it might just as well be YOUR BABY.

The design of children's frocks follow the simplicity mode. Sleeves are generally short, falling midway between shoulder and elbow, skirts are full, and waistlines are high.

Protect Tiny Feet Do you know how many bones in your baby's foot? Twenty-six. Think of it! And they must be kept in their natural places if the baby

is to be free from diseases developing from improperly fitted shoes. After the bootie age is past it is absolutely necessary that the little feet have plenty of room to lie flat in the shoes.

MURFEE'S shoe department makes a specialty of proper fits in shoes for both children and grown-ups.

And Mr. Neal Smith wants you to consult him about the kind of shoes every member of the family should have. He will give you expert advice on the kind of shoes your baby should wear to insure a straight body with good posture. Don't let the little feet become distorted! MURFEE'S, Inc. will help you.

Mother's Beauty

It is the duty of every young mother to protect her youth and beauty; but "tragedy" is too often the unspoken cry of the hearts of most women after a few months of doing the duties imposed upon them as mothers.

No need for hands that are soft and tender to become coarse and rough. No need for the lovely face to show lines under pressure of exerting duties, loss of sleep and worry.

At the FATHEREE DRUG you can get DUBARRY HOME METHOD BEAUTY treatments in exactly the kind of preparations suited to your particular skin.

FATHEREE DRUG has just the lotion, lip stick, lash beauty, powder rouge, and perfume that you've been looking for.

There's "everything for the baby" also, and the prices are always right at FATHEREE DRUG STORES.

Many of the new children's coats are finished with short capes, others button close to the throat with a roll over collar, and a third is finished with scarf collars tying on the left side.

Buy Clothes Carefully Happy is the child that the sun shines on.

Yes sir... and happy is the little girl or boy — whose mother shops at GORDON STORE.

This store has a complete line of everything baby will ever need, and only the best is good enough.

GORDON STORE has everything for live, red-blooded active boys and girls. S h o e s, s o c k s, dresses, suits, hats, caps and everything.

Every child will want a few of the play suits that cost only 29c cents each.

For the little baby you can use a lot of dimity and batiste that sell at this store for 10 and 15 cents.

Then there's everything for mothers and dad and don't forget... huge savings are possible on everything to wear.

Boys' clothes are as trimmed as a soldier's. A suit of knitted wool or linen with short trunk trousers and a short sleeved shirt which buttons to it are his favorite togs for every day.

Wholesome Food At one time mother was faced with the problems of having fresh foods always available for her small child. Canned foods were to be

had, but it was necessary to open large cans and much was wasted.

While shopping at HELPY-SELY GROCERY I found the tiniest cans of tomatoes, peas, carrots, green beans, spinach, soups and fruits of various kinds.

Proper food to build sturdy, strong young bodies can be found at this store at prices amazingly low.

RAY McNEILL IS GUEST OF HONOR FRIDAY

The eighteenth birthday of Ray McNeill, Pampa, was celebrated by a number of young Pampa residents when Mr. and Mrs. W. M. Agey entertained with an artistically arranged party Friday evening in their Amarillo home.

Late Spring Garments Flaunt Spotted Designs

SPOTTED effects smartly accent the late spring styles. In the suit at left the spotted motif is carried out with a sheer polka dot cotton print which makes the blouse and lines the jacket. In the coat a bright polka dot material is used for lining. Matching scarfs lend chic to both outfits. The spotted effect in the hat above worn by Adrienne Ames, actress, is obtained by drawing a brown velvet ribbon through the weave of the rough beige straw.

Many who wish information are embarrassed because of their lack of knowledge, she said. Hence they pledge their instructors to secrecy. SONGS FIT IN LaNORA FILM

Making songs and musical score rise out of the action and belong to the story being told is the basis of the new technique of screen music inaugurated by "The Smiling Lieutenant" and being followed today in Maurice Chevalier's new picture.

This is the explanation given by Oscar Straus, composer of "The Chocolate Soldier." Straus wrote the music for Maurice Chevalier's "The Smiling Lieutenant" and is the composer of the musical score for that star's new Paramount production, "One Hour With You."

The songs Maurice Chevalier sings in his recent pictures all fit into the structure of the play, just as a cut-out section fits into a picture puzzle.

"The Smiling Lieutenant" and "Paris" aptly illustrates the point in question, as does also the one so effectively sung by Claudette Colbert in "The Smiling Lieutenant," "Pep Pop Your Lingerie."

This structural synchronization of songs with story of the play has been carefully observed in Chevalier's new picture, "One Hour With You," which comes to the La Nora theater today. In this picture Jeanette MacDonald again plays the leading feminine role, as she did in "The Love Parade."

C. H. Broadbudd of Miami was looking after interests here yesterday.

Hugh L. Johnson of LeFors made a business trip to the city yesterday.

MITE MAY MEND LOVE

National attention was attracted a year ago when Miss Mavis Lane of Memphis, Tenn., of normal height, became the bride of Joseph (Baron) Paucel, circus midjet, under the "big top" while the show was in Charleroi, Pa. The romance faded, according to Mrs. Paucel, because of jealousy. "So many women would pick him up and exclaim he was cute," she said. But now Mrs. Paucel, who is five feet three inches tall, is the mother of a baby girl, born in a Memphis hospital and weighing 5 pounds and 11 ounces, only 32 pounds less than her father. Paucel is 36 inches tall. "For the baby's sake I think we will go back together," Mrs. Paucel says. "I still love him." Circus friends who attended the wedding are endeavoring to reunite the couple. The mother and baby are shown above.

You Can't Marry

by Julia Cleft-Adams

SYNOPSIS: A plot against Georgia Revell, to discover whether she is the person through which secret information has "leaked" about the overseas department of her employer's business has been arranged by her employer, Matchup. He tells his manager, Cross, that he has planned a snare, which will prove her guilt or innocence. This test mysteriously concerns Matchup's nephew, who, it is implied, is the strange man, Garth Avenue, whom Georgia has just met through Eddy Vale. Georgia has come to Matchup's home from Vale's dinner to her and her cousin Jenny and Avenue has said he would drive her back to the party afterwards. She is doing a rush night job for Matchup and is waiting for his ring when Eddy Townsend comes in. He says she must marry him immediately as he is going to Mexico to fly for Matchup. But if she marries, Matchup will fire her.

Chapter 6
WORTH A FELONY

A FULL, deep tide of color came flushing back to Georgia's face. "I'll marry you before you go, Ed Tomorrow if you like."

"Girl!"

"But there's a condition. You must keep our marriage secret so that I can hold this job."

There was a pause. Eddy pushed back the leather helmet and rubbed his head violently.

"How're you going to keep ten days' honeymoon a secret?" he asked.

Matching glared up at his secretary—his face contorted, his throat working.

again. Her lips tightened. Three years ago she had vowed to herself that never, whatever he did or said should the Old Man make her temper control had become habit now but occasionally—as it might, after a long, hard day and an emotional evening—it was a habit that were thin.

"Good-night, Miss Revell."

The general manager was making his way to the stairs.

"Oh, I didn't see you, Mr. Cross-Good-night!"

She turned down the side corridor and heard the sound of yet another bell. This one was rung by her own hurrying feet as she pressed on the mechanism set in the corridor floor and it warned the Old Man of her approach. All the same by the time she entered the enormous bed-chamber he was ringing for her for the fourth time.

She came imperturbably across to the four-poster and tendered the typescript. Already his withered hand was waiting, twitching and fluttering, to snatch the papers from her.

"For perhaps thirty seconds I blessed calm prevailed. Then—"

"Provisionally"—I said "provisionally!" His falsetto broke in a jangle of excitement. He glared up at his secretary, his face contorted his throat working.

"This is no good, any of it. It's an imbecile invention on your part. I never dictated any of this. If I weren't surrounded by incompetent, impertinent—"

"I think if you read on, sir, you'll find you used the word in the third paragraph." She pointed—and her chief, in an access of exasperation, slapped her finger aside. "A provisional loan for which the collateral security—"

"That'll do! That'll do! Shouting out an important negotiation like this—do you realize that there are three men within a mile of us who'd gladly commit a felony to know what's on this piece of paper?"

HARVESTERS PLACE THIRD IN WIND-BUFFETED EVENTS

SMALL LEADS WIN PRAISE IN CANYON MEET

FARWELL SPEEDSTER LEADS TEAM TO RUNNER-UP

CANYON, April 23 (AP)—Paced by Les Cazell who matched his ability with wind and sand to capture three first places, the Amarillo Golden Sandies won the district one track and field meet here this afternoon, scoring 37 points.

The Pampa Harvesters, defending champions, ran up 19 points to go into third place. They were led by Farwell, whose thincleads scored 20 points.

Cazell took first places in both the high and low hurdles and the high jump, totaling 15 points.

Caldwell of Farwell took first in the 100-yard dash and 440 and ran a lap for the winning relay team to score second high point honors with 1 1/4 tallies.

Kahl of Pampa was third with 7 1/2 points.

The Clarendon Bronchos, one of the strong pre-tourney favorites, came in fourth in scoring with 13 1/2 points.

Pampa's thincleads were small and were buffeted unmercifully by the strong wind. The boys made a fine showing under handicaps that could not be surmounted. Kahl, in winning third place in total points, gave a remarkable performance.

The little fellow had to run five preliminary and three semi-final events Friday afternoon.

Pampa lost points in the 880-yard race when Bill Finley was disqualified. He took third place and should have had second, but the judges disqualified him for running into another runner. After the race, the other runner reported to judges that he had fouled Finley but the explanation was brushed aside and Amarillo given the extra points. Brumley was disqualified when he passed another high hurdle. He knocked down one hurdle which should not have disqualified him.

Kahl took second in the 100-yard dash and second in the 220 yard dash. O'Keefe won the broad jump with 20 feet 2 1/2 inches. Woodward took second place and Kahl third. Wayne Kelly took a third in the javelin and Woodward tied for third place in the pole vault.

Sullins and O'Keefe ran great races in the 100 and 200 yard dashes. Every member of the Pampa track squad weighed less than 150 pounds and yesterday was the day for big men.

"The boys are small, young and inexperienced," Coach Odus Mitchell said last night. "Give them another year and they will be hard to beat. I am well pleased with the showing they made against such terrific odds. It took a gallant heart to stand up under the buffeting those boys took. If I could have had my way there wouldn't have been a race run."

San Antonio in Batting Rampage to Trounce Buffs

HOUSTON, April 23 (AP)—San Antonio's Indians wielded their war clubs in hostile fashion here Saturday, pounding out 16 hits to trounce the Houston Buffs, 7 to 2 in the opener of a two game series. While the Buff hurlers were being badly maltreated, Herb Sanders, hurler, recently acquired from Kansas City, scattered 12 Houston bingles effectively. Houston used for pitchers with Mike Cvenegos, the starter, being charged with the defeat. Lee Stebbins of the Buffs continued his terrific hitting, collecting four hits for a perfect day at bat.

Fort Worth scored four in the ninth to tie it up and the Spudders won in the last half on singles by Exler and Carr.

FIRST BOXING EXHIBITION IN TWO YEARS SCHEDULED

Missouri Pugilist to Battle Fort Worth Man Friday Night at Pla-Mor.

Pampa's first boxing exhibition in more than two years will be held in the Pla-Mor auditorium Friday night starting at 8:15 o'clock. The match will be under the auspices of the local American Legion and proceeds will go to the Legion service fund. Matchmaker C. A. Heath has lined up one of the best boys in this term for the opening card.

Mr. Heath has gone to considerable expense to bring such good men as Sandy Robinson, 146 pounds, of Joplin, Mo., and George Wyndham, 147 pounds, of Fort Worth, here for the main event which is scheduled to go eight rounds. Although these two boxers have never appeared in Pampa before, they come with records that will insure Pampa boxing fans a real match.

Robinson will come to Pampa fresh from a victory over Sonny Boy McGilbre whom he kayoed in the sixth round of a match in Fort Worth last week. McGuire is well known to local boxing fans. He also holds a draw with Roy Stevens of Springfield, Mo. Wyndham won a recent decision over Duke Trammell of Fort Worth and defeated Chick Ranes, a middleweight.

Ball Tickets Slashed FORT WORTH, April 23 (AP)—Reduced prices will prevail at La Grava field Monday, when the Cubs come home to open a 16-day stand. Roy Meehan, business manager of the Fort Worth baseball club, said today.

Prevented by league rules from lowering the general admission or grandstand prices, the club is going as far as possible to give the fans more for their money.

The new prices will go into effect Monday and stand for all games.

Pampa Netters Lose at Tourney Yesterday's high wind sent Pampa high school tennis teams home from the district meet in Amarillo. Both boys and girls doubles teams had victory in their grasp only to see it disappear when the high wind carried balls away.

Robert Brown and Thomas Kitchens won their opening match from Bushland 6-1, 6-1, then had to meet Canadian, who had drawn a bye. The Pampa boys won the first set 6-2, and had the second game won if Kitchens' last return had not gone haywire. Canadian then rallied and won the set 9-7. The Pampans were played out from the two strenuous games and lost the deciding match 6-4.

Louis Walston and Eura Rose also won their first match by defeating Canyon 6-3, 4-6, 6-2. Panhandle then eliminated the Pampa girls 6-3, 6-0.

Rifle Club to Meet on Monday to Talk Rules

Recommendations of a committee appointed at a meeting of the Rifle club last Monday night, for handling an issue of government ammunition will be heard at a called meeting tomorrow night in the Bruno building, it was announced yesterday by Alden E. Spees. All members of the Rifle club, prospective members and sportsmen should be present, it was said. The shooting program for the year will be outlined.

The committee making the report includes V. F. Hobart, Kendall, Smith and Turpin. The Rifle club has been conducting indoor shoots, but plans to change to an outdoor shoot right away will be discussed.

A new location is available that will be more serviceable and less expensive than the one used last year. Mr. Spees said a class A range can be laid out on the new location, and the targets can be placed at 200, 300, 500, and 600 yards. A small bore range can be built at the same location, it was said. Pistol enthusiasts are planning to build a range on the same plot.

In connection with the expected ammunition issue, Mr. Spees pointed out that war department regulations require all men who draw government ammunition to submit records of their shooting.

Negroes Protected in Murder Case

LEESVILLE, La., April 23 (AP)—Three negroes, arrested in connection with the slaying of George Stephens, whose decomposed body was found this week buried in a ditch on his farm, were spirited to an unnamed jail late today after reports were received that a mob was forming. Clarence Dixon, tenant on Stephens' farm, was charged with the slaying, and his brother, Bill, and brother-in-law, Arthur Harris, with being accomplices. Sheriff D. F. Turner said Clarence Dixon confessed the slaying after a long grilling and implicated the other two negroes. Sheriff Turner said Dixon stated Stephens had made threats against him.

This Game of GOLF

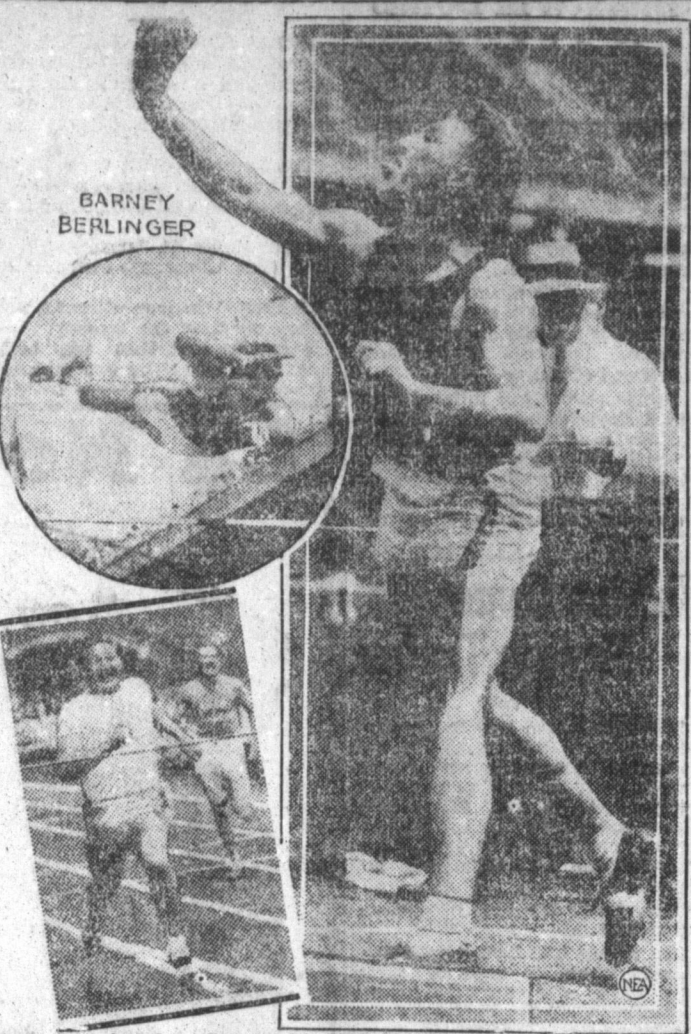

By O.B. KEELER

Ever see a cross-section of a close finish in an open golf tournament? It's a somewhat interesting set of figures. I learned how to do it a dozen years ago, from Little Fowler, at the United States open championship of 1920, at Inverness, which, heaven knows, was a close enough finish, with Ted Ray winning and Harry Vardon, Jock Hutchison, Leo Diegel and Jack Burke tied for second place, a single stroke behind.

Usual Thing The usual score of a round by several competitors, listed against, is interesting enough, but commonplace. Everybody shows it, usually. In this instance, Wood started the fourth round with a lead of five strokes on Golden and six on Kirkwood. There were several other combatants along with Golden and Kirkwood—Sarazen, Runyan, Farrell, Hagen, Cox and Kinder—but none of these latter was able to crowd the fair-haired boy from Deal, N. J.

This is the usual score of the final round, with par 72. Par (out) 444 345 354-36 Wood 454 544 354-38 Golden 444 344 354-35 Kirkwood 443 345 364-36 Par (in) 444 443 534-35-71 Wood 554 443 438-38-76 Golden 454 453 335-36-71 Kirkwood 344 444 444-35-71 You may see from this that all Wood needed in the last round was a 75 to win, granting the same performance in par by Golden and Kirkwood, who were playing 20 minutes ahead of him. Indeed, after a struggle in which Golden and Kirkwood nearly colored him twice, Wood needed only a moderate 5 at the last hole to win. But his drive was trapped, his third far over; his chip far short; he

OLYMPIC HOPES

Uncle Sam found a place on his 1928 Olympic track team for Bernard (Barney) Berlinger, and he'll probably make room for the big Pennsylvanian again this summer at Los Angeles. Berlinger is this country's outstanding hope for decathlon honors. Berlinger graduated from Pennsylvania last June and is now engaged in the manufacturing business with his father. Last year as captain of the Penn track team he scored 10 points in the I. C. 4-H indoor games, won the Illinois Relay septathlon, the Norwegian pentathlon and the Penn Relays decathlon championships and scored nine points in the intercollegiate outdoor games.

GET WHAT YOU ASK FOR

when you shop?

When you shop, do you always get your favorite packaged products—the ones you ask for?

Or do you sometimes yield to the persuasion of insistent clerks and let them sell you, instead, other products which they claim are "just as good?"

If you have ever purchased these "just as good" brands, you know how frequently such unfamiliar products disappoint you. Compared with the brands you know and like and ask for, these others often fail to give you the money's worth which you have every right to expect.

Why, then, should any clerk ever urge you to buy them? Usually there is only one reason. But for your own protection, bear it constantly in mind. Whenever you find any store

continually urging you to buy strange products in place of the dependable brands you ask for, this is generally true: The merchant reaps an extra profit, or his clerk a commission, by switching you to the unknown, often inferior merchandise!

Many of the best stores everywhere forbid this practise. When you buy from them you are always sure of getting exactly what you ask for, with full value in the merchandise you want for every penny you spend.

But if you are urged to buy something "just as good" as the thing you ask for, refuse it! Insist on products you know by experience, or by reputation. Such products are often advertised in this newspaper. Get the brands you ask for, and you'll avoid many a disappointment!

BILL'S FOE

The old adage of "while the cat's away, the mice will play" has a modern setting in Oklahoma where Lieutenant Governor Robert Burns, shown above, threw a monkey wrench into Governor William H. (Alfalfa Bill) Murray's gubernatorial machine. Governor Murray, barnstorming the middle west as a presidential aspirant, cut short his speechmaking and hurried home to revamp a three million dollar highway construction program and a sub-penitentiary project, which were halted by Burns with a bitter attack on his superior.

DEBATERS---

The boys' debating team went into the semi-finals by defeating Friona and Claremont. It is composed of Fred Johnson and Ivy Berry. The girls' team, composed of Opal Denison and Yedda Stein, went to the semi-finals by winning over Goodnight and Silvertown.

In music memory, the Pampa team took second place, with Dalhart first by a small margin. Members of this junior high team were Pauline Baker, Barbara Downs, Betty Horner, Mickey Ledrick (who won a medal for an individual record of 100), DeAnn Heiskell, Jessa Mendoza, and Vivian Campbell.

time when the votes of dry democrats were so badly needed in democratic primaries, both the presidential primaries and the July nominating primaries, as in this year 1932.

Here in Texas we are threatened with modifiers, compromisers and various other booze-siders whose purpose is to nominate wet congressmen-at-large and wet district congressmen and senators and representatives in the state legislature in every possible district.

Love asserted he was backing Speaker John N. Garner for the presidency.

"Of the seven or eight candidates for the democratic presidential nomination who are mentioned, he is one of the only two of them in the running who are not avowedly in favor of repealing the eighteenth amendment. While Garner voted against the amendment, he has uniformly and dependably supported all appropriations and other measures for strict enforcement, by his votes in congress."

FLOWERS---

duced blooms. They are all double tulips and each bulb has produced or will produce several blooms. The red and yellow tulips are particularly shapely, large and voluptuous.

Many Have Tulips

At the B. C. Priest home, 603 North Faulkner, were baskets of tulips Friday. They wore a brilliant shroud of color for the yard. For positive color there is nothing like tulips. Mrs. C. W. Lawrence on North Gray has a plot of tulips in bloom. Mrs. Lawrence always has some sort of flower appropriate to the season blooming in her yard and garden. Mrs. Mel B. Davis' lovely yard was graced with yellow, purple and red tulips.

Tulip beds were also green at the homes of Mr. and Mrs. H. E. Saunders on Christine, Siler Faulkner on Mary Ellen, Mrs. Inez Carter on the same street. A hundred or more tulips were blooming around the edge of the C. L. Todd home on Christine. Another tulip-lover is Mrs. R. E. Sewell on Wynne street, and she had many growing in her yard yesterday. So did Mrs. DeLea Vicars and Mrs. J. S. Wynne on Frost street.

There are many unusually beautiful lawns in Pampa. One of these is R. B. Thompson's. Recent rains gave the grass a sheen and a gloss and enthusiasm. After a needed rain it always seems that trees and grass show human exuberance (nature has a voice for beauty-starting man).

City Park Beautiful

Despite its embryonic state, there is an infant beauty in the city park. The contours and terraces, clothed in green grass and young trees, are beginning to display the symmetry of their forms. When and if the park is ever covered with green grass it will be a delight to the eye of the most exacting aesthete. This is because it resembles a sunken garden and can be seen in all its details from streets nearby. It won't take 20 years to make the city park a beauty spot, nor until the trees are large. It already is.

AGENT WILL RETURN

County Agent and Mrs. Ralph R. Thomas and children are expected to arrive in Pampa this afternoon from a 10-day visit in California where they were guests of relatives and friends. They lived in California a number of years. They left for California after attending the Panhandle-Plains Dairy show at Plainview where Mr. Thomas was superintendent of the production department.

Mrs. Carl Sturgeon is spending the week-end in Amarillo visiting Mrs. Ralph Hincap.

TWO STATE ALIENISTS SAY LIEUT. MASSIE WAS SANE AS HE SLEW OFFENDING NATIVE

HONOLULU, April 23 (AP)—Against the defense contention that Lieutenant Thomas H. Massie was mentally deranged when he fired the shot that killed Joseph Kahahawai, the prosecution in the lynching case fought its way into the record today with testimony of two alienists that the navy officer was sane at the time.

Denied the privilege of examining Massie because of objections by Clarence Darrow, leader of the defense, Dr. Paul Bowers, Los Angeles psychiatrist, expressed his opinion on the stand after studying the record in the case and after several defense objections had been overruled.

Dr. Bowers expressed belief the whole affair had been premeditated by Massie and the other defendants. Mrs. Granville Portescue, his mother-in-law; Albert O. Jones, and E. J. Lord, as it turned out.

Dr. Robert Paris city and county physician who previously had testified for the prosecution, said in his opinion Massie was sane.

The prosecution rebuttal then came to a temporary halt because Dr. Joseph Catton, San Francisco alienist, had not finished studying the testimony and hence was not ready to testify. Judge Charles S. Davis adjourned court until Monday and asked attorneys for both sides to be ready with their proposed instructions to the jury at that time. Dr. Catton will be the state's final witness.

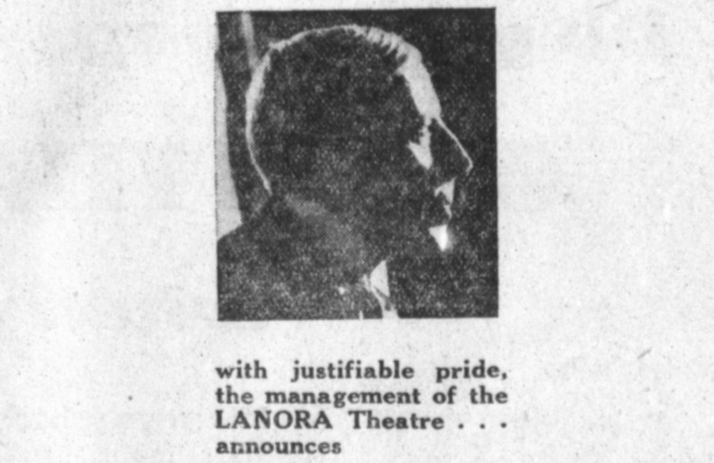

STANDS BY DECISION

April 23 (AP)—The Southern Pacific railroad today stood by its decision to consolidate two of its fast passenger trains, effective tomorrow, in spite of a state railroad commission order denying permission for such a step. The railroad made arrangements, however, for the indefinite continuation of what was described by A. D. Mims, assistant general manager, as essentially the existing train service for the New Orleans-El Paso section.

Wall Street Is Blamed in Bonus Fight by Texan

WASHINGTON, April 23 (AP)—A charge that "Wall Street international bankers" are inspiring nationwide propaganda to kill the cash-bonus movement was made in a statement today by Representative Patman (D., Texas).

"I have in my possession evidence to show that the big firms of the nation have put at the disposal of our opponents hundreds of thousands of dollars to fight us.

"People cannot pay inflated debts with deflated dollars. That is what Wall Street wants done—the holders of bonds the people voted on themselves to make public improvements when their commodities would pay two or three times as much as they will today."

Fishing Comes First in 'Doches

It is well-known that Ben Tucker wouldn't leave the Panhandle and go back to Nacogdoches his old home town, even if he could retire with a million, but yesterday Ben pointed with pardonable pride to the most recent issue of the 'Doches paper, The Redland HERALD with this remark:

"Now that's the kind of a country to live in!"

The article told how a golf tournament would be postponed from May 1 to a later date in order not to conflict with the opening of the fishing season. Commented Ben, "If it had been a football game, a circus a prize fight, a revival meeting, it would have been all the same."

APPLE SPRINGS MEN SHOOT TO CLOSE QUARREL

APPLE SPRINGS, April 23 (AP)—Fellow townsmen since childhood, a farmer and a constable killed the other here this afternoon in a duel precipitated when the two men met on the street.

The constable, Walt Crow, 55, was shot three times with a small caliber pistol. He died within 15 minutes.

Brent Hollis, 44, farmer, also was shot three times. He died instantly.

Neither of the men uttered a word before or after the tragedy. Witnesses said that the battle took place when the two men, between whom ill feeling is known to have existed for the last three years, met face to face in front of a drug store.

Troops Are Close After Communists

AMOY, China, April 24 (Sunday) (AP)—The Chinese communist army threat against Amoy was believed to be less dangerous today when airplane scouts reported 8,000 Cantonese troops were within 30 miles of the communists south of Chaohow.

The advancing troops were expected to cause the communists to fall back to protect the rear.

ELECTROLUX COMES THRU!

Perfect Refrigeration For 10 Days For Only 32 1-5c

Think of it! An Electrolux in your home for less than a dollar a month operating cost. And remember, too, the test was conducted under unusual circumstances, in a larger box than most homes purchase.

The refrigeration was perfect. Luscious and crisp vegetables were as fresh and crisp as ever after the test. The milk in the Electrolux was as sweet as when put in 10 days ago. The meat was in perfect condition. In fact every item in the Electrolux, which was donated for the test by the new Standard Food Store of Pampa, was in perfect condition. It's proved itself. Met every refrigeration need; froze ice rapidly; operated most economically.

Test Began April 14, 9:45 a. m. Test Closed April 23, 8 p. m.

I do hereby affirm and declare as correct that the Electrolux Refrigerator, which closed a 10-day test, Saturday, April 23, at 8 p. m., in the window of the Thompson Hardware Company under sealed water and gas meters, registered the following gallonage during the test:

Gallons of water used during test, 453.

A. J. CROCKER, Manager Pampa Water Dept.

I, the undersigned, being the manager of the Central States Power and Light Company of Pampa, Texas, affirm and declare as correct that the Electrolux Refrigerator which closed a 10-day test in the window of the Thompson Hardware Company, Saturday April 23 at 8 o'clock p. m., under sealed and tested water and gas meters, registered the following in cubic feet of gas used during the test:

The committee made no attempt to delve into the short operations of the witness, leaving that for future investigation after studying their records.

Smith, a member of the exchange, said he had used his wife's name in the radio pool. He testified that Rockefeller, Mrs. Elizabeth Meehan, Bragg and W. F. Kenny participated but in this instance was not sure about Raskob and Fisher.

The committee will meet Monday to determine its future course.
