### DREAMS BEST LEFT ALONE

That Missouri gentleman who is trying to put on a regulation African lion hunt on an island in the Mississippi river seems to be getting more razzing than he really deserves.

It looks a bit peculiar, to be sure, this business of buying lions from a circus, turning them loose in a middle western wood lot, and then going forth to slay them with all the ceremony and eclat of a real big-game hunt. But even the man who actually goes to Africa to kill lions is slightly ridiculous, as far as that is concerned; and if a man happens to want to hunt his lions in Missouri, and is able to buy his own lions for the purpose, it is a little bit hard to see why everyone should hand him the Bronx cheer for it.

The chief trouble, of course, is the trouble that comes to almost every man who tries to turn his cherished boyhood dreams into realities.

All of us have, tucked away somewhere, some deep desire that we nourished during childhood and that has never left us. Ordinarily we never dream of trying to realize it. We just keep the dream, and peek in on it once in a while, and let it go at that.

But now and then a man is inspired to go forth and try to make his old dream come true; and when he does he is pretty likely to get sadly disillusioned. Either he finds unexpected obstacles popping up in the way, or he finds that people misunderstand him and laugh at him—or, worst of all, he actually succeeds and then discovers that the expected kick has somehow vanished.

For these old dreams aren't meant to come true. They are worth infinitely more when they remain in the land of shadows. You dream, let us say, of being a great lion hunter; you picture yourself pushing through tangled jungles, fording wild streams, defying the perils of the wilderness and triumphing, at last, over the king of beasts—and you enjoy it. But if you actually go out and do it you're apt to be disappointed.

And that, probably, is where most of the Missourian's trouble lies. It's safer to let an old dream stay a dream. Bring it out into the cold world and you're apt, at the very least, to get the razzberry.

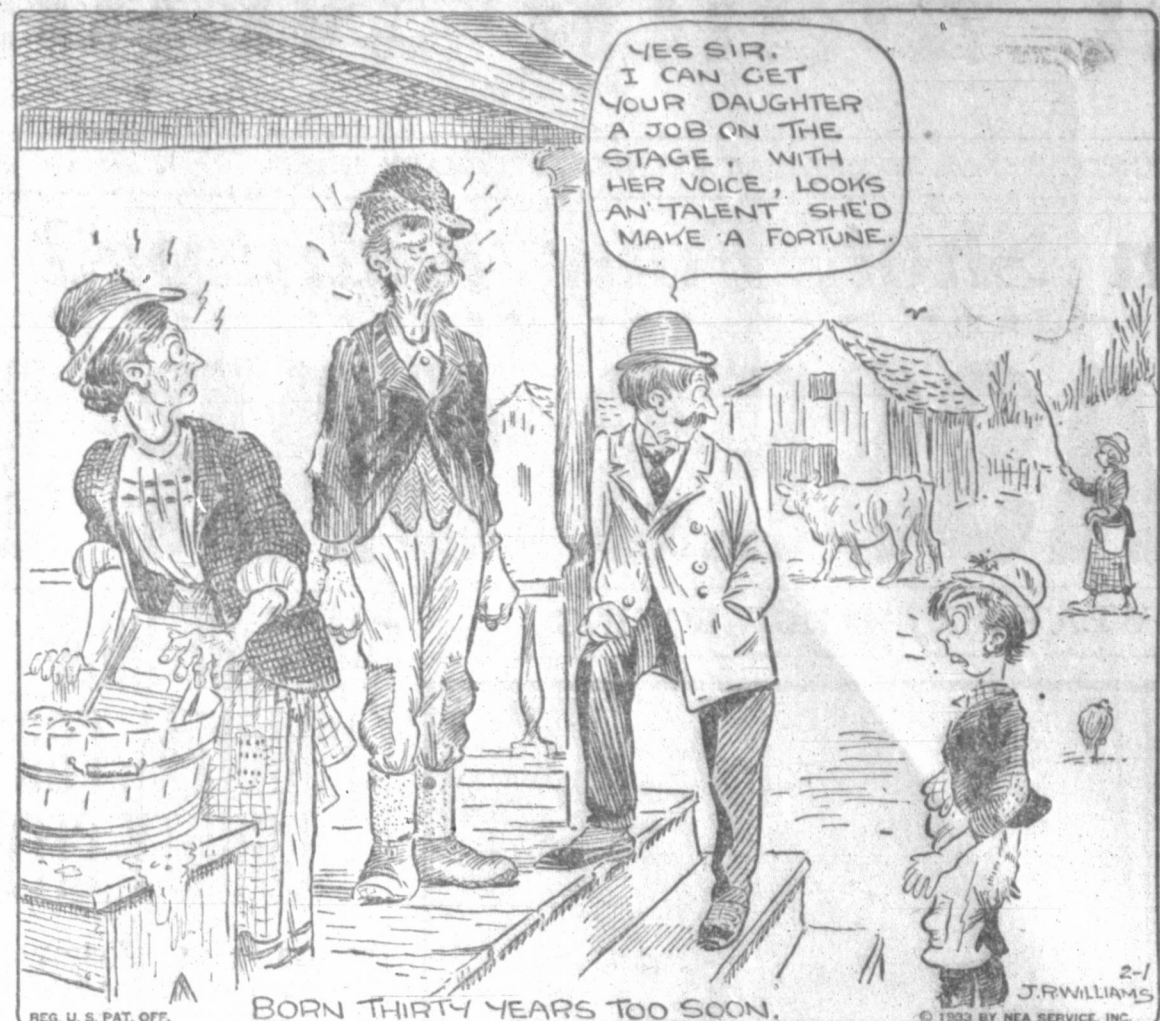

Mary Garden, the opera star, is going to tour a "four-a-day" vaudeville circuit. It's hard to imagine the temperamental diva waiting in the wings for her turn between the jugglers and a jazz band.

The new autos give women protection from purse snatchers and running board jumpers. But all the genius in the industry can't keep her from running out of gas in the good old-fashioned way.

Members of the Japanese Olympic swimming team now admit they took oxygen before the contests, but argue it wasn't unfair—the rules didn't expressly forbid it. The Japanese, it seems, are getting adept at this sort of thing. That wasn't "war" they waged in Manchukuo; you must remember.

Congress seems to be in a stew over prohibition. We were afraid that when the Senate committee added wine to the House beer bill, disregarding the old injunction about mixing drinks.

## Bill To Sue New Mexico In Water Fight Launched

AUSTIN, Feb. 1. (AP)—Senator K. M. Regan of Texas introduced a bill in the senate Tuesday to appropriate \$12,250 for prosecution of a suit against the state of New Mexico.

The neighboring state would be sued for alleged "wrongful and inequitable diversion of the waters of the Pecos river," an interstate stream.

The bill set out that "a deplorable condition exists among Texas farmers who irrigate their fields from the water of the Pecos river, which condition was largely brought about by the inequitable diversion of water by the state of New Mexico."

Regan said that 40,000 acres of land had been abandoned by farmers along the Pecos river in Texas as a result of their inability to obtain water for irrigation. He said this situation was brought about by the building of dams up stream in New Mexico. The dams were built by the federal government while New Mexico was a territory.

L. R. Ford was able to leave Pampa hospital this morning.

## Prize Winning Musical Comedy Has Great Cast

AMARILLO, Feb. 1. (AP)—The only musical comedy in history to win the Pulitzer prize as a stage attraction will be brought to Amarillo the night of Monday, February 13. It is "Of Thee I Sing," a brilliant satire on national politics.

It will be a red letter event for all the Panhandle. Already reservations are pouring into the office of Wilbur C. Hawk, who booked the attraction, and indications are that the audience will represent every section of this area.

Largest Company. Only one performance will be given—the one at night; and those wishing choice locations are urged to apply early.

"Of Thee I Sing" is the largest company on tour today. Although it is a musical comedy and not a revue, as was Earl Carroll's Vanities, there are more people in the company and more technicians are required to handle the show than was the case with the Vanities.

The cast is the same that played several successful weeks in Chicago, then went to Detroit, St. Louis, and other large northern and mid-west cities. Oscar Shaw, celebrated star of the dramatic and musical comedy stage, has the leading role, with Harriette Lake, Donald Meek, and Cecil Lean having other prominent parts.

## Arkansas Ouster Move Is Defeated

LITTLE ROCK, Ark., Feb. 1. (AP)—The Arkansas house today decisively defeated a resolution aimed at ousting President John C. Futrell of the University of Arkansas and criticizing foreign-born members of the faculty.

The resolutions, proposed by Representatives Grant of Jackson and Smith of Randolph, was debated for an hour and on a roll call vote was rejected 31 to 59.

President Futrell and five foreign-born professors were viciously denounced by former students of the university in the house and the language of the resolution branded as "insulting to the intelligence of the house and the people of the country as a whole."

## Burrus Estate Goes To Heirs

ALLAS, Feb. 1. (AP)—J. Perry Burrus, mill operator who died here last week, left an estate of a probable value of \$500,000 to be administered in trust for the benefit of his wife and children.

Baylor hospital and Buckner orphan's home here were named conditional beneficiaries in Burrus' will. They will share in the estate if neither his son nor daughter has heirs.

Until December 1, 1929, the executor of the estate will pay Mrs. Burrus \$15,000 annually and \$5,000 annually each to the two children.

## Crosbyton Youth No-Billed by Jury

CROSBYTON, Feb. 1. (AP)—Nolan Wombles was no-billed by a seventy-second district court jury yesterday on a charge in connection with the fatal wounding of Wilburn Kimble in a fight at a dance in the Farmer community Nov. 17.

Five or more men engaged in the fight in the dark. Ray Moreau, a Floydada mechanic who was called on one arm in the affair, said afterward he did not know who knifed him.

Kimble died of brain concussion in a Plainview hospital last Nov. 29.

W. B. Northcut of Cement, Okla., is visiting friends here for a few days.

The men pitched horseshoes by the barn. Or argued politics. The children played at hide and seek.

Around the ricks of hay No hurry and no worry—when they went to spend the day. The discontent that everywhere The motor age has wrought Could be effaced it seems to me, At least relieved a lot, If folks would take more time to live.

More time to laugh and play, And every now and then take time, To go and spend the day!

INCOME TAX FACTS

A taxpayer, though single, who supports and maintains in one household one or more individuals who are closely connected with him by blood relationship, relationship by marriage, or by adoption, and whose right to exercise family control and provide for these dependent individuals is based upon some moral or legal obligation, is the head of a family, and entitled to the same exemption allowed a married person—\$2,500. Also he may claim a \$400 credit for each dependent. For example, a widow who supports in one household an aged mother and a daughter 17 years old is entitled to an exemption of \$2,500 as the head of a family, plus a credit of \$400 for each dependent, a total of \$3,300.

Fishing Display May Be Seen At Hardware Store

Fishermen, if you want to feast your eyes on the most complete line of fishing paraphernalia ever seen in Pampa, call at the Pampa Hardware company store on West Foster avenue any time up to 9 o'clock tomorrow night. A display that was the talk of the Texas Hardware convention held recently in Dallas will be shown at the local store all day tomorrow.

G. F. Mikesell will be in charge of the display, assisted by Rufe Thompson of the local store, who is also an expert on fishing equipment. The latest and most modern kinds of rods, reels, lines, and hooks will be on display. The exhibit belongs to one of the largest national jobbers in the country and is more complete than a factory line.

Several new kinds of bait, spinners, flies, and hooks will be included in the exhibit. Latest types of poles and reels will be of interest. Everyone is invited regardless of whether they are interested in fishing.

Clues To Riddle Of Life Found By Lean Lipman

BERKELEY, Cal., Feb. 1. (AP)—A possible clue to two of science's oldest riddles—How did life originate and does it exist outside the earth?—was seen today in the report of Dean Charles B. Lipman, University of California plant physiologist, that he had found living bacteria in meteorites.

Professor Lipman said he found microscopic forms of life in the interior substance of aerolites after taking every possible precaution to make certain any life he found came from the outer reaches of space and not from the earth.

HAPPY ENDING FOR HAMLET

CHICAGO—The story of Hamlet, a tragedy, has turned out to be a comedy. Hamlet, Great Dane pup, which vanished from the home of its owner, President Robert Maynard Hutchins of the University of Chicago, was returned safely by two boys. So the ten cents a week "salary" President Hutchins' six-year-old daughter, Franja collected for caring for the animal, will go on.

KIDNAPING

men went to the square, where they found three Tenaha youths, all about 20 years old, with an automobile. They kidnaped this trio, and took them back to the spot where Caswell and the third man had been left and all four were placed in young Parker's automobile, which started north on the Shreveport-Houston highway.

At a point four miles beyond Logansport, in De Soto parish, Louisiana, the car was stopped and the four Tenaha men were compelled to alight. They were tied to trees and robbed of all their possessions, amounting to \$24 in money and Caswell's gun, handcuffs and gold watch. The bandits then took Parker's car and drove toward Shreveport.

All three were described as young men, about 30 years of age.

ONE ANVIL EQUALS ONE KICK

TIPPIN, Ohio—An anvil is good for a pint of whiskey and a blacksmith's vise is worth a dozen bottles of "home brew" in the Tiffin bootleg trade.

Police discovered the barter terms when two men said they traded 13 stolen vises and two anvils for liquor.

Funeral services for John T. Martin, 42, of Skellytown, who died in a local hospital yesterday afternoon, were to be conducted in the chapel of the Stephenson Mortuary at 4:15 o'clock this afternoon. Services were preached by the Rev. A. A. Hyde, pastor of the First Presbyterian church. The Stephenson quartet was to sing.

Mr. Martin had been a barber in Skellytown for a number of years and operated his own shop. He had been ill only a short time. Besides his wife, he is survived by two daughters, Betty Jo and Hazel Nell, both at home, two brothers, Jim and Will, both of Fort Bayard, N. M., a sister, Mrs. Mathis of Hatch, N. M., and one niece, Mrs. Emma Moore of Atoka, Okla., and a nephew, John Martin of Skellytown.

THIS CURIOUS WORLD

Balloons are used all over the world in making weather observations, especially on Wednesdays and Thursdays, which are designated as International Days. On these days special efforts are made to get comparative information throughout the world. On windy days, air currents go over the peak of Mount Washington and down the leeward side with such speed that a released balloon is unable to rise until it has left the side of the mountain.

Officers Have Legal Right To Deputize Aides

With lawlessness increasing recently in West Texas, officers have called attention of citizens to the fact that an officer may summon help at any time, and it is the duty of a person summoned to assist promptly.

It is contempt of court, punishable by fine, to refuse to aid an officer who needs help in making arrests or meeting anticipated resistance. The law provides that whenever a peace officer meets with resistance in discharging any duty imposed upon him by law, he shall summon a sufficient number of citizens of his county to overcome the resistance; and all persons summoned are bound to obey.

Moreover, it provides that the peace officer who has summoned any person to assist him in performing any duty shall report such person, if he refuses to obey, to the proper district or county attorney, in order that he may be prosecuted for the offense.

When any officer authorized to execute a process is resisted, or when he has sufficient reason to believe that he will meet with resistance in executing the same, he may command as many of the citizens of his county as he may think proper; and the sheriff may call any military company in the county to aid him in overcoming the resistance and, if necessary, in seizing and arresting the persons engaged in such resistance.

Dog Catcher To Start 'Pooch' Hunt Thursday

Chief Jno. V. Andrews was considering the applications of several local men for the position of dog catcher on the police force this morning. He expected to make his choice this afternoon so that the new officer could start to work tomorrow morning. War will be declared on untaxed dogs at that time.

A new city ordinance went into effect this morning, and Chief Andrews declared that there would be no quarter given. He has already received complaints from several local citizens that they are against having dogs killed if they are found on the streets without tags. "And they are the very people who will raise the biggest objection if dogs bite their children, destroy their flowers, and otherwise prove nuisances," Chief Andrews declared.

"There are hundreds of dogs roaming the streets of Pampa that are public nuisances and there is only one way we can handle the dog situation," he said. "Vaccinating is the only way to control rabies in the hot weather."

County's Wage Scale Is Fixed

Gray county commissioners, after an extended discussion, have agreed upon a uniform wage scale for work done in the various precincts. This scale includes 30 cents per hour for common labor, \$4 per day for a man and two horses, \$5 for a man and three horses, and \$6 for a man with a four-horse team. All these figures are maximum. The maximum for expert carpenters in bridging will be 50 cents an hour.

Civic club committees will meet soon to plan a group arrangement of highway signs announcing days of their luncheons. Judge Ivy E. Duncan and C. L. Craig were appointed to represent the Lions club.

People know it.. Chesterfields are Milder. WHEN you ask a Chesterfield smoker why that's his brand—he generally comes right out flat-footed and says... "It's because They're Milder!" So we're going to keep on doing everything we know how to keep that way. That's why we look for and buy the mildest and ripest tobaccos we can get. That's why we age them in our warehouses till they're mellow and sweet. We believe that even the shredding of the tobacco... and the quality of the paper it's rolled in, have a lot to do with the even-drawing, mild smoke that people enjoy in Chesterfields. You can bank on this... every method known to science is used to make Chesterfield a milder, better-tasting cigarette that satisfies. # MUSICALE DELIGHTS CLUB WOMEN OF PAMPA TUESDAY

## TREBLE CLEF MEMBERS GREET LARGE GROUP OF GUESTS AT SCHNEIDER HOTEL FUNCTION

OFFICERS, HEADED BY MRS. PHILIP WOLFE, FORM RECEIVING LINE; PROGRAM GIVEN BY TALENTED MUSICIANS OF PAMPA

Clubwomen has for many weeks held the reigns of Pampa society, but one of the largest and loveliest of the functions took place at the Schneider hotel last evening when the Treble Clef club, organization of feminine singers, entertained a musicale for members of all federated clubs in the city.

Officers of the Treble Clef club formed the receiving line. They were: Mrs. Philip Wolfe, president; Mrs. A. N. Dilley, vice-president; Mrs. J. W. Garman, second vice-president; Mrs. Sam Irwin, secretary-treasurer; Mrs. W. A. Bratton, director; Mrs. May P. Carr, pianist; Mrs. J. F. Curtis, assistant pianist. All members of the club were hostesses for the evening, and their attractive evening dresses, pastel shades predominating, added to the beauty of the entertainment.

After passing the receiving line, guests registered at a table presided over by Mrs. Carl Sturgeon. A program of music then was presented, and guests showed by hearty cheers their approval of the numbers. The musicale was the first event of this nature to be given by the club, which is only one year old, but it won the immediate favor of those attending. Many of the performers responded with encores.

**Program Numbers.**  
Numbers included the following: Piano quartet, The Marriage of Figaro (Mozart); Mrs. Carr, Mrs. P. McKimming, Mrs. Curtis and Miss Madeline Tarpley; piano solo, Troisième Ballade (Chopin); Mrs. Carr; duet, Beauteous Night (Jacques Offenbach) or Barcarolle from Tales of Hoffman; Mrs. Alex Schneider and Mrs. L. C. Winters; piano duo, Militaire Polonaise (Chopin) and Valse Brillante (Moszkowsky); Miss Tarpley and Mrs. McKimming; sextet, Pale Moon (Logan); Mesdames A. N. Dilley Jr., Wolfe, R. E. Gatlin, A. H. Doucette, A. W. (See OFFICERS, Page 6.)

## DOGS AND HORSE GO WITH ROOSEVELTS

WHEN President-elect and Mrs. Franklin D. Roosevelt move to Washington, two pet dogs and a saddle horse are going along. "Meggie," a Scottish Terrier, and "Major," a Police dog, will replace the Hoovers dogs as White House pets, while "Dot" Mrs. Roosevelt's saddle horse, will be given a stall in the White House stable. Mrs. Roosevelt intends to take a daily horseback ride.

## FRIENDSHIP TIES OF LOCAL FAMILIES ARE STRENGTHENED—DISCOVER RELATIVES OF ONE LIVE IN OHIO HOUSE ONCE OWNED BY OTHER

They were friends before it happened—the R. E. Smathers and the E. C. Shawyers—but a peculiar incident served to strengthen these ties of friendships, and two families agreed that the world is not so large as it is usually thought to be.

Mr. and Mrs. Shawyer formerly lived in De Graff, Ohio, and was present at the time, remarked that her relatives were from the same place. Then both groups were together one evening exchanging photographs, one of which was a home Mr. and Mrs. Shawyer had once owned. Mrs. Smith declared the place was the home of her parents, and as proof of the statement produced photographs of the same house.

Mr. and Mrs. Shawyer, their son, Stanley, and daughter, Marion, who are to leave soon to make their home in Missouri, were entertained at a 6 o'clock dinner recently by Mr. and Mrs. Smith, who reside at Phillips Petroleum company, south of Pampa. It is expected that the Smith family will stop in the Shawyer home next summer when they make their annual vacation trip to Ohio.

### Founders Day Is To Be Observed By Parents Here

Founders day will be observed tomorrow afternoon at 3 o'clock when a meeting is held by Sam Houston Parent-Teacher association, and a candle-lighting ceremony will be conducted by Mrs. J. E. Townsend, president of the city central of Parent-Teacher associations.

Numbers will be provided by Mrs. John I. Bradley's room, and a sextet arranged by Mrs. L. N. McCullough will sing.

W. D. Waters was admitted to Worley hospital yesterday afternoon with a broken shoulder, suffered when he fell from a truck.

### Mrs. Sturgeon Is Postal Manager

Mrs. Carl Sturgeon took up her duties this morning as manager of the Postal Telegraph company here. She has been employed by the company for some time, and will succeed Manager C. F. Gross, who has been transferred to another city.

### Mothers Club Is To Hear Program

A program of special interest to parents will be presented at a meeting of the first grade mothers club of Sam Houston school tomorrow afternoon at 1:30 o'clock. Mothers are urged to be at the school before this time, however, and to view the classroom work of their children.

Mrs. W. V. Murry will call the meeting to order at 1:30, and Mrs. J. M. Dodson will lead a devotional. A talk on work in the Parent-Teacher course will be given by Mrs. H. G. Myers, who will lead a round-table discussion, Miss Ivan Oakburn, South, at Augustus, Ga., February 7 to 9, by representatives from the central, north, northwest, Texas and West Texas conferences.

This year's meeting of the council will be held in conjunction with the 50th anniversary of the founding of the college, an institution of higher learning for negro men and women founded by Methodists of the south.

HARVESTERS TO PLAY EVERY NIGHT DURING REST OF WEEK

CAMPBELL IS HEADED SOUTH FOR CAR RACE

BRITON CONFIDENT HE WILL SMASH OLD RECORD

NEW YORK, Feb. 1. (AP)—Sir Malcolm Campbell headed for the south and a new world's automobile speed record today.

Stopping at New York only long enough to voice his confidence that he would eclipse his own mark of 253.968 miles per hour, Sir Malcolm boarded a train last night for Daytona Beach where he expects to make his record attempt in about ten days.

The titled sportsman was pale from an attack of influenza that struck him just before he left England but he expected to be fully recovered in a few days.

"I'm ready to drive as soon as beach conditions warrant," he said. "Although he declined to venture any predictions as to what speed he expected to touch, there were indications that he hoped to get his revamped Bluebird up as high as 265 miles an hour.

"I haven't any idea what speed Bluebird can make," he told reporters. "The horsepower has been increased from 1,450 to 2,600, the weight increased, and she has more resistance. I haven't driven her since she was rebuilt. But of course I wouldn't be here if I didn't think I could break the record.

He foresaw, ultimately, the possibility of a speed of 350 miles an hour, with a four-wheel drive car of greater power than his Bluebird "under good weather conditions."

The British pilot tentatively has set February 10 for his record attempt. Beach conditions probably will be at their best then. His car, shipped some time ago, will be waiting for him when he arrives at Daytona Beach.

Welker Cochran Again Favorite In Cue Tourney

CHICAGO, Feb. 1. (AP)—Welker Cochran of 182 bakline fame led the field in the stretch run of the 1933 world's three-cushion billiard championship today, but Johnny Layton, the red head from Sedalia, Mo., was just starting one of his great dashes.

Layton, all but out of the race with two early defeats, rushed back into title contention position last night by defeating Jay Bozeman, of Vallejo, Calif., in one of the most dramatic duels of the tournament, 50 to 49 in 54 innings. The victory sent Layton ahead of Bozeman with a record of six conquests and two setbacks and right behind the fast flying Cochran who defeated Augie Kieckhefer of Chicago, the dethroned champion, in a matinee battle, 50 to 23 in 36 innings.

Bozeman, whose play has been one of the surprise features of the championship battle, that started January 16, was still in the fight, however, with five victories and two defeats. Each of the three leaders must play nine games before the final Friday night.

It was Cochran who stood in the best spot of the title contention today. He still had Bozeman and Layton to play but was a heavy favorite. Bozeman faced stiff opposition from Kieckhefer in the main match tonight.

In his first four Big Ten basketball games this season Joe Reiff, Northwestern sharpshooter, scored 60 points, an average of 15 per game.

Allison, Miami, Lubbock And McLean Scheduled For Games.

Coach Odus Mitchell got his dates mixed along with his games and forgot to go to Allison Monday night for a return game with the fast Wheeler county boys. The difference was ironed out over the telephone and the game will be played tonight.

Date of the game was changed one day and the coach still thought Tuesday was the 30th. Allison is a "home" team, according to scores registered this season, and the Harvesters expect plenty of trouble when they get on the concrete floor tonight.

Miami will be in Pampa for a game tomorrow night. The Lubbock Westerners will be here Friday night for one of the most important tilts of the season. The league season will close Saturday night with the McLean teams coming here.

The Harvesters will play Miami and McLean this week to end the league games. Coach Harry Kelley has been putting his sextet through hard practice sessions since their last game. They won a one-point decision from the Miami Squads in Miami but lost to McLean.

The games will start at 7:30. Season tickets will admit fans to the three home games which will be the last games the tickets will be good for admittance. General admission will be 10 and 25 cents.

BABE RUTH EXPECTS TO PLAY TWO OR THREE MORE YEARS

Bambino Certain He Will Never Play Nor Manage In The Minors.

By ALAN GOULD, Associated Press Sports Writer. NEW YORK, Feb. 1. (AP)—There was a time when Babe Ruth thought he would be quite happy to round out two full decades in major league baseball and then retire to the bench or grandstand, occupying a sort of "emeritus chair" in the national game. He's changed his mind.

The year 1933 will mark his 20th campaign in the American league, for which he is already well prepared, even though unsigned. He has not the slightest idea of making it a farewell tour.

"Say, I couldn't even think of quitting baseball, the way I feel now," the Babe told me. "It's not only money I can make out of it. I wouldn't know what to do with myself if I was out of the game. I ought to be able to play regularly at least two or three years more, maybe longer. Barring accidents, I do not see why I shouldn't be in every game with the Yankees this year."

For the time being, at least, Ruth has cast aside any thought of making a big league club as a climax to his career. The one thing he is dead sure about is that he will never play in the minors, manage or own a minor league club.

"If I ever did manage a big league club, though, I would like the chance to build it up and not take over a ready-made outfit," he added.

The Boston Red Sox would appeal to him, on that account as well as for sentimental reasons. Many big league men would like to have Ruth go back to the Sox, for just that purpose but as he puts it himself: "Where's the money for that now?"

Ruth does not think Jimmy Fox will break the Babe's home run record of 60, though the Athletics' first sacker came within two of equalling the mark last year. Ruth is not so sure he has much chance now to better that mark himself, adding regretfully: "If I was still hitting 'em in the Polo grounds I could get 60 easy."

"Fox is not likely to get so many this year," Ruth continued. "For the reason that with Simmons out of that line-up pitchers will pass Fox more often. Last year they passed Simmons to get at Fox and it did not work. That boy can sure sock 'em. There is never any doubt about it when Jimmie connects. He's a great kid, too."

The only "all-America" football team "made" by Dick Fencil, Northwestern end, was the all-opponents team picked by Notre Dame players—but he made that one three straight years!

Members of the Tampa, Fla. golf association have voted to use Gene Sarazen's suggestion for 8-inch cups in the Gormarilla open tournament February 10-12.

Hanley To Fight For More Passes At Rules Meet

CHICAGO, Feb. 1. (AP)—Coach Dick Hanley of Northwestern today, headed for the football rules meeting in New York with the "live-by-ball" on his mind. "Football needs more thrills just as baseball did before the livelier ball came," Coach Hanley said. "I intend to introduce a change to name the game more wide open and more exciting by permitting forward passes from any point behind the line of scrimmage instead of five yards back as at present."

Hunter Chases Branded Coyote

LAMESA, Feb. 1. (AP)—Bill Creighton, local hunter, reports that while on a bird hunt before the season closed he killed a branded coyote. The animal had a brand U-4 on the right side and a V was cut in the left ear. The right ear was cropped and the tail cut off.

Creighton, who was with E. F. Dickie and D. W. Anderson of the William Dickie Manufacturing Co., of Fort Worth, said the brand was new to him.

Miss Lillie Mae Radchiff was admitted to Pampa hospital yesterday.

TOP FORM BY FRIDAY IS AIM OF CAGE CLUB

TEAM PRACTICING TO ATTAIN DEFINITE OFFENSE.

A frown appeared on Coach Mitchell's face yesterday afternoon soon after he started the Harvester basketball team through the daily practice. As the afternoon wore on the frown deepened. The reason was the unusually erratic showing of the boys. It must have been one of those days when the team was "off" for surely Lubbock would enjoy playing the Harvesters after several workouts like yesterday's.

All season there has been a malady that has attacked the Harvesters periodically. It is the tendency of the boys to disregard plays and signals which they have practiced again and again. Then the ball game becomes a haphazard, helter-skelter, hit-and-miss brawl, with much throwing of the ball.

It now appears certain that the Harvesters are going to have a more than ordinary battle Friday night with Lubbock. The Westerners are at the crest of a sensational winning streak which last week topped over Plainview by a big score. However, the Bulldog cagers were not satisfied and they played Lubbock—again last night, but results have not been learned. The boys will not be feeling so vinegary Friday night after the long trip to Allison tonight. However, the coach expects to save the Harvesters by using his second string during a good part of the game. A definite and settled offense is Coach Mitchell's aim and until the boys develop one that does not lapse into "off" nights he will be uneasy when facing such teams as Hedley, Amarillo, Borger.

The team was informed today that the Esger Bulldogs defeated the Panhandle Panthers 24 to 18 at Panhandle Monday night. The Borger second string played the third quarter of the game.

## LABOR DISPUTE SHUTS DOWN FORD BODY PLANTS

**POLICE** are guarding Detroit plants of the Briggs Manufacturing Co., makers of bodies for the Ford Motor Co., while pickets parade. The labor dispute at the Briggs plant has caused a shutdown of all Ford plants in the Detroit area, throwing 150,000 workers out of employment. Employees and officials of the Briggs company are meeting in an attempt to reach a settlement. The picture shows the main Briggs plant. Pickets are shown in the center with the flag.

## Dissolution Of Reichstag Looms

BERLIN, Feb. 1. (AP)—Chancellor Adolf Hitler called a meeting of his cabinet for tonight, presumably to decide upon immediate dissolution of the Reichstag.

The meeting was set for 7 p. m. after Hitler and Vice Chancellor Franz von Papen jointly visited President Paul von Hindenburg.

The possibility of the Reichstag's dissolution, even before convening, loomed large when it became known that the Centerists and their allies, the Bavarian People's Party, were unwilling to enter the Hitler cabinet.

Hitler strongly favored dissolution of both the Reichstag and the Prussian diet as his followers, in their jubilation over his accession to power, may be counted upon to make a spirited campaign in a new election.

Dr. Alfred Hugenberg, minister of economics and agriculture and leader of the nationalist party which holds the majority of seats in the Hitler cabinet, was less enthusiastic. The nationalistist lost heavily in the recent Lippe state election in which Hitler's national socialists showed gains.

## Farm Price Level Lowest in 23 Years

WASHINGTON, Feb. 1. (AP)—Farm prices reached a new low point at 51 per cent of the pre-war level on January 15.

The bureau of agricultural economics said today the decrease was recorded despite price advances on 15 commodities from December 15 to January 15. The index of farm prices a year ago was 63 per cent of pre-war, showing a decrease of 12 per cent in the last 12 months.

Leaders in the advance the last month were flax, rye, apples, horses, wheat and cotton. Prices of eggs dropped more than seasonally while prices of hay, hogs, cattle and calves fell to a new record-low level in 23 years of statistical records kept by the bureau.

## She Never Left Laredo But Is Going to France

LAREDO, Feb. 1. (AP)—Although she never traveled from Laredo during the more than 70 years of her life, Mrs. Victoria J. Vergara of this city will accept the invitation of the United States government and be one of the Gold Star mothers leaving New York on July 12 aboard the S. S. President Harding for a pilgrimage to the cemeteries of Europe.

She is the mother of Private Jose Vergara of Company G, third division train, who enlisted early in 1918. He was killed in action the same year and buried at sea. The young wife of Vergara died seven years ago, and their son who was given the name of "Victory," or "Victor," makes his home with the

## Mexican Quail To Be Brought To Game Lands

LAREDO, Feb. 1. (AP)—Importation of bob white quail from Mexico to the United States to restock the game preserves in various states of this country is to begin February 15. The first consignment to reach Laredo will be a portion of an order for 25,000 from the state of Kansas, Kentucky and Georgia. The quail will be delivered 25 to each cage and after reaching here will be cared for and sent to their destinations.

There are two concerns in Laredo handling importations of quail and perhaps from 50,000 to 75,000 of the birds will be delivered during the shipping season lasting through February, March and April. All the bob white quail imported are young birds.

Jerry Jontry, University of Chicago quarter-miller, conducts a humor column in the Daily Maroon, campus newspaper.

Dear Sir:—  
We wish to thank you for the privilege of examining the Siamese Twins, Simpicio and Lucio Godino. These boys stripped themselves in our presence and gave us every opportunity to make a thorough physical examination. The twins very willingly answered all of our questions and satisfied our curiosity as well as our professional interest.  
We found these boys to be all that is claimed for them and that they are genuine Siamese twins, joined by a solid fleshy union at the lower portion of the spine. The point of fusion is about twenty inches in circumference and its center is a point of complete anaesthesia. Their circulatory and nervous systems are entirely separate and there is no blood passage from one body to the other.
