

Pep Rally Will Send Football Train Off On Record Trip

Let's give the Harvesters a big send-off at the Santa Fe Station this evening, when their special train leaves for Port Arthur.

The high school special, starting on the longest trip in state history will leave the Santa Fe station here at 6 o'clock tonight for Port Arthur where the Pampa Harvesters meet the Port Arthur Yellow Jackets tomorrow night

at 7:30 o'clock. The trip will be almost as far as to Chicago, more than 800 miles.

Pampa school officials and citizens are to be congratulated for their enterprise in sponsoring a special train which will carry the football team and their coaches, a 50 piece high school band and more than 100 citizens. The train was made up in two days through efforts of the school, team mothers, band members, the

Pampa Daily News and Radio Station KPDM.

The name of Pampa has been spread to all parts of the state and even in other states as the train can accomplish almost unbelievable tasks. The story of Pampa sending the longest high school special train in history has been carried by the Associated Press and metropolitan papers over the state.

Pampans will give the team, band and trippers a

typical sendoff when they join the Pampa high school in a giant pep rally at the station at 5:40 p. m. The band will be on hand to furnish music and the pep squad will be there to give yells.

One change in the train schedule has been announced. Instead of stopping over at Houston until 11:50 Saturday night, the train will leave Houston at 8 o'clock and arrive in Pampa Sunday afternoon at 2:45 o'clock.

FRANCE AGAIN HUMORS ITALY BY GIVING IN

(By The Associated Press)

France lessened European tension to some extent today by agreeing that the Spanish civil war volunteer question be submitted to the non-intervention committee, as demanded by Italy, but on the other side of the world the Sino-Japanese conflict remained as menacing as ever.

While the French council of ministers was approving a plan of isolating the Japanese war so it would not cause a general European disaster, giant projectiles were exploding in the Shanghai international settlement, killing and wounding more than 100 civilians.

In Geneva, China lodged a strong protest with the League of Nations against alleged use of asphyxiating gas and dum-dum bullets by the Japanese army.

The shell explosions in the international settlement were the latest of the incidents in this conflict which have menaced civilians, foreign and native, and aggravated the difficulties of obtaining a peaceable settlement.

The R. R. Gets Crossed Up at Osborne's Sale-- 2 Bulls Sell for \$1,750 and \$250

By THE ROVING REPORTER.
The Roving Reporter may know a lot about bulls, but he knows little about bulls.

For instance, yesterday, at the J. P. Osborne sale the R. R. saw one bull sell for \$1,750, the top price paid for any animal at the auction, and another go under the hammer for \$275, and for the life of him he couldn't see that much difference in the two bulls.

Now Mr. and Mrs. Jimmy Saunders who were sitting to the right of the Roving Reporter seemed to be in on the secret. Everybody was looking wise, even H. L. Polley and Frank Hill. They would look at the bull's pedigree and then put their heads together. Everybody had a bookie, that contained pictures and pedigrees of the animals, most everybody also importantly flourished a pencil.

Answer Stumps R. R.
So the R. R. was nonplussed as to why one bull could sell for so

much, and another that looked enough like him to be his twin brother could sell for so little. So he asked the fellow sitting next to him on the left. That fellow was Ben Talley's herdsman. Mr. Talley also raises Prince Domino Herefords.

"You like the girls?" asked the herdsman.

"Well, sorta," the R. R. admitted.

"Well, did you ever like one more than another? If you can answer that question, I'll tell you why one bull brings more than another."

But the R. R. was not satisfied. The Talley herdsman was a nice fella, so he pressed him with more questions.

"What are the good points a bull should have?"

"Well, his eyes are supposed to be in the middle of his head; equal distance from the top of his head to the end of his nose. Look at the hocks. They shouldn't stick out."

Every once in a while, he would say, "Look at the head; it may be too narrow. You might not like the head if you were going to buy that animal, and then again you might. Also a bull may have too much white on it, especially if the white is on the flank. The back should be straight."

Dr. Harris Waxes Witty.
At one point in the sale the R. R. learned something from bulls about Dr. Harris, noted breeder from Fort Worth. The surgeon rose up in the stands in the big tent where the auction was held, and said, "do you want to know what's the matter with that bull? Well, he's built too low on the ground. You can't see under him!" That was supposed to call the attention of the buyers to the fine qualities of the bull, and the buying immediately became brisk.

Sometimes the people sitting around the R. R., including old man W. P. Dial of Memphis and Barney

Conner of Claude, would say, "that cow is worth more than that bull that is just as good as the other one. You ought to buy it Old Man Dial," and Mr. Dial did buy one. But the 86 head of aristocrats sold for a total of \$33,340—the highest figure set by a private sale in the Panhandle in the last few years.

The most dramatic moment in the sale occurred when they brought out Osborne Prince Domino, listed in the booklet as "for reference only." At the last moment Pope or Polk, the R. R. never did find out which, decided to put him under the hammer. Suddenly Auctioneer Earl Gartin stopped his triple-longing and asked Mr. Osborne to say a word. There was a hush every time Osborne mentioned pedigrees or characteristics of his cattle. The R. R. fancied there was a catch in Mr. Osborne's voice as he

TWO AMERICAN SAILORS HURT IN WAR AREA

SHANGHAI, Oct. 14 (AP)—The worst bombardment in Shanghai's bloody warfare raked the international settlement today, killing or wounding scores of Chinese civilians and wounding a United States marine.

Marines were forced to evacuate two huge cotton mills inside the defense lines where they had been quartered. These structures were hit by shells believed to have been fired from Japanese guns.

None of the marines billeted in the mills was wounded but Milton Hiatt private in fourth regiment was struck in the shoulder by a rifle bullet while on duty inside machine gun defense works.

A sailor aboard the United States flagship Augusta, J. P. McMichael was injured slightly by shrapnel from Japanese shells spraying the cruiser at anchor in the Whang-poo.

For two hours the Japanese Chinese blazed away at each other with the most intensive fire laid down in the Shanghai fighting. Beside artillery batteries, Japanese warships in the river, machine gun and rifle fire, the hail of death dealing missiles and explosives was augmented by aerial bombardment.

American property in this once wealthy commercial city was disclosed to have suffered further damage from Japanese air bombs. It was learned that six foreign homes in the western district of Shanghai which the Japanese destroyed had belonged to an American real estate concern.

100 Chinese Killed
It was estimated that more than 100 Chinese were killed or wounded in the international settlement.

All the Japanese warships all the way down the 12 miles of the Whangpoo river to the Yangtze estuary joined in the air splint crescendo as they attempted to drive off the Chinese raiders.

For a time the Japanese anti-aircraft fire seemed concentrate above the French concession.

At the same time the warship were bombarding the Footong area on the opposite side of the Whang-poo from Shanghai's bund with their heaviest ordnance.

'Why I Go To Church'
Today The NEWS publishes the statement of a Pampa woman who gives the reasons why she attends Holy Souls Catholic church. She is Mrs. Donald A. Powell. Her fervid statement follows:

"The noblest of reasons for going to church is out of a pure love of God, or a love of God for His own sake. But it is not given to many of us to attain that perfection. We must love our God for He has commanded us to do so. If we love some one we are bound to show it, so it should be no hardship for any one to give to God a brief hour of communion with Him as one enjoys doing with a well-loved and understanding friend."

CORNERSTONE OF WHITE HOUSE NOW MISSING

WASHINGTON, Oct. 14 (AP)—That early American mystery—what's become of the White House cornerstone?—cast an historical cloud over the executive mansion today.

It may be 145 years old—and it may not be.

Like the baby who swallowed its birth certificate, the White House seems to have absorbed its cornerstone.

Historians say a group of nation-makers gathered here "on or about October 13, 1792" and shoved into place a slab of what they called the President's palace.

But who was the chief shover, honorary or actual, and what did he do with the cornerstone?

Plagued by the puzzle, Captain Edwin P. Locke of the U. S. engineers scoured paint off suspicious looking White House stones and came to three conclusions:

1. The cornerstone is the second one from the ground on the north-east corner.
2. It bears no inscription nor did it ever.
3. The tell-tale inscription—probably on a metal plate—is stuck away behind it.

MADRID, Oct. 14 (AP)—Insurgent artillery killed or wounded 91 persons in a destructive bombardment last night of this besieged city, once the proud Capital of all Spain.

The number of casualties was given out in an official government report after a night of terror in which approximately 700 shells blasted the heart of the city.

Four of the shells hit Madrid's skyscraper—the telephone building—which since the Civil War started has been struck 136 times.

Nicholson Acquitted In Negro Slaying and Lewis Case Continued

Wayne Nicholson was acquitted of a charge of murder by a 31st district court jury at 12:20 a. m. today.

Nicholson had been indicted in connection with the slaying of Willie Allen negro, on September 16. Jurors who heard the case were J. B. Austin, foreman, J. C. Wells, E. G. Nelson, Jack Campbell, M. C. Doss, Roy Ritter, Carl Bruce, Luther Pierson, J. K. Coates, J. C. Decker, L. S. Soapes, and W. A. Rankin.

A motion for continuance in the case of State of Texas vs. J. C. Curley Lewis was sustained by Judge W. R. Ewing, defense attorney pleading that two of his witnesses were not available. The case will be heard in the next term of district court which opens in January.

Lewis is also under an indictment of murder in connection with the slaying of Allen. His attorneys are John K. and Aaron Sturgeon.

The remainder of the special venire of 125 who were originally called to report Monday, came to court today and were dismissed following the sustaining of the continuance motion.

BANKERS OPEN BUDGET DRIVE

(ADVANCE)—BOSTON, Oct. 14 (AP)—Orval W. Adams, newly-elected President of The American Bankers Association today demanded a balanced Federal Budget and called upon bankers of the nation to make "all of the people deficit conscious."

Adams, who succeeded Tom K. Smith of St. Louis, told the bankers "we should stabilize and re-bank our present banking system. There must be no monopoly—none in banking, in war or in industry."

The new president spoke after Leonard P. Ayres, internationally-known economist, declared there was at present no set of conditions which could result in a credit collapse like that of the great depression.

13th Juror Aids In Helping Men Reach Agreement

A "thirteenth juror" was called into the deliberations last night in the case of Wayne Nicholson who was acquitted of murder charge in connection with the death of Willie Allen, Negro, hotel porter.

The 13th man was none other than Noah Webster, who went into the jury room at the request of jurors who couldn't reach an agreement without Mr. Webster's aid.

Proceedings in the jury room were halted around 9 o'clock last night when jurors sent a note to District Judge W. R. Ewing to request a dictionary so they could determine the exact meaning of the word, "malice," as set forth in the judge's charge to the jury.

The judge forthwith sent out for an "over-sized" dictionary which evidently brought forth the required information to bring an agreement among the jurors.

NO. 1-- (Continued From Page One)

"I always said if a cow ever dropped a calf good enough, I would name it Osborne Prince Domino." Then you should have heard the bidding; those breeders have come to the place in J. P. Osborne. They sold that calf that was born Jan. 18, 1937, for \$1,600. But that didn't seem near enough to make up for the sadness that was in Mr. Osborne's eyes as they led the bull out of the rig. Dr. D. C. Moore of Clifton, Bosque county, bought the bull.

Then the R. R. became worried lest Mr. Osborne sell his cattle so he showed Vance Johnson of the Amarillo News out of the way and leaned over toward Osborne. "Are these all the cattle you have?" he asked consolingly. "No," he laughed, "I have 200 more."

That Man Thornton. There were buyers there from a dozen or more states, including Virginia, New Mexico, Oklahoma, Arizona, Missouri, but there was a bright-eyed young fellow from California who knew exactly what he wanted. He yelled his bids when he made up his mind, and it didn't take much egging on.

His name was Daniel Thornton and he lives at Pasadena and owns the famous MM ranch of Springerville, Ariz. He was the heaviest buyer at the sale, paying \$6,145 for two bulls and 21 females.

Buyers are funny, said a neighbor of the R. R., and a bull is not worth any more than you can get for him; that is, at the time he is sold. Then they brought out a young bull that looked exactly like the \$1,600 bull except that his hair was not curled, and the buyers began yawning. He sold for about \$250.

Oh, yes, the California and Arizona parties, including Mr. Thornton and several cowboys, arrived about 10 minutes before the sale began. Your humble R. R. was hitting 50 in his chivy along in the fog four or five miles from the ranch when he was passed up by the Thornton Rolls Royce which was doing 80 at the least.

Mr. Thornton and his aides were more interested in the color of the animal; whether it had a straight back, a beefy broad back, a good head, filled out loins and shanks. The bulls, heifers, cows and little calves even got to where they would walk to the middle of the ring and pose for Mr. Thornton and his party, moving their heads this way and that, and rolling their eyes.

Somebody said that Jake Osborne, Wiley Reynolds, son-in-law of Mr. Osborne, and that young Osborne lad, were putting those cows up to posing for Mr. Thornton. At any rate, they certainly made a hit with him.

The ladies of the First Baptist church at Miami served lunch in boxes to the visitors and buyers for 35c, and it was a real treat. After lunch they sold coffee and pie all afternoon. The R. R. got one of the best apple pies he ever et for 24 cents. They served about 500 people in 30 minutes.

The cold weather had no effect on bidding fever at Mr. Osborne's sale. Eighty-six head sold for \$33,340—the highest figure set by a private sale in the Panhandle in the last few years.

Nineteen bulls and 20 females were line bred Prince Domino Herefords consigned by Mr. Osborne. The balance were Herefords of virtually

the same breeding consigned by Jake Osborne, his son, and Wiley Reynolds, his son-in-law, who run a separate herd under partnership. The 19 bulls averaged \$428 each and the females sold for an average of \$395. The Osborne-Reynolds cattle sold for an average price of \$201 a head.

Average price for the entire sale was \$271. Two of the youngest bulls in the auction caused the greatest excitement. Bidders quickly pushed Beau Prince Domino 4th—a junior yearling by Jr. Prince Domino 105th and out of Donna Anna 63rd—to \$1,750, and he was hardly out of the ring before Osborne Prince Domino was brought into the ring and sold for \$1,600.

McKinney and McKinney, Corsicans Hereford breeders, bought the \$1,750 bull and the \$1,600 bull went to Dr. C. M. Moore and Son of Clifton, Texas.

Top female of the sale was Donna Anna, 45th, by Young Anxiety 4th and out of Donna Anna 37th, which sold for \$1,175 to D. L. McIntyre of Springfield, Mo.

Several out-of-state cattlemen figured in the bidding. Among them were Oscar Nelson of Lewisburg, Va., who bought 10 females; J. D. Meeks of Logan, N. M.; Herman Litschke of Enid, Okla.; John G. Peters, Enid; George Shultz and Son, Shattuck, Okla.; W. T. Smoot, Feydon, Okla.; J. E. and W. E. Felner, Rogers, Ark.; W. S. Mason, Cordell, Okla.; S. F. Stout, Crawford, Okla.; A. D. Distributor-Theater Contracts Upheld DALLAS, Oct. 14 (AP)—Motion-picture film distributors have the right to contract with exhibitors,

individually, for first-run pictures exclusively and the contract may fix the admission price, it was held here by Federal Judge W. H. Atwell. The court held also that the contract may stipulate the date or lapse of time under which such pictures may be shown in second-run houses. Copyrighted pictures may be held off the market for second runs as long as desired if there is not an agreement through a conspiracy. The decree was entered in the government's suit against the interstate circuit and several major film distributors.

BLOATED UP BY LOADS OF GAS

Kidneys Sluggish; But Now Van-Tage Has Given Her Real Relief

Some of the Best-Known People of This Section are praising and endorsing Van-Tage. The "Am-Tage" new medicine now being introduced in Pampa. Just a few days ago Mrs. Gladys Hardison, of 1641 E. Monroe St., Phoenix, Ariz., made the following statement:

"For many years," says Mrs. Hardison, "my kidneys were sluggish and my digestion was terribly upset from loads of gas that bloated me up. It was bad enough for me to be in this ailing condition, but on top of that I had to take care of my three small children. I heard and read so much about Van-Tage that I decided to try it and, after taking two bottles I can safely say I have been relieved and I feel all right once again. Now I am able to care for my family and to do my work easily and without suffering as I used to. I shall never be able to tell the world how much I owe to Van-Tage."

VAN-TAGE contains 21 Great Herbs and nearly a dozen other splendid ingredients which help cleanse bowels, bring forth gas from stomach and invigorate kidney action so that people say they feel different in GENERAL. Van-Tage is reasonable in price, so don't hesitate. Get it—TODAY—at Cretney Drug Store, next to LaNora Theater.

MOBILIZING AGAINST ACCIDENTS

Ten thousand men and women are mobilizing for war on accidents at the twenty-sixth National Safety Congress and Exposition now in session in Kansas City.

Accidents—which killed 111,000 Americans and injured ten million in 1936—will be given microscopic study. More than 400 speakers will discuss accident prevention in the home, on the farm, on streets and highways, in industry, in schools, in the air and at sea.

The work that is done at this congress can be of immense potential value, if the public will co-operate. But the best plan in the world can do little if the attitude of public indifference toward the hazards that menace life and property continues.

Accident prevention is an individual problem. It is up to each of us to take the simple steps that suffice to prevent the bulk of accidents, minor and major, within the home, in business, on the highways or elsewhere.

This Safety Congress is the largest and most important ever held. Experts and humanitarians are doing everything in their power in the interest of saving us from death and injury, but the final answer must be made by the people.

HIGHWAYS OF TOMORROW

Compared to the roads of a generation ago, modern highways are marvels of excellence. Yet, in spite of this phenomenal development, today's system is woefully inadequate.

"Progressive strides have been taken and must be taken in driver education and in providing safety regulation for vehicles," says Mr. Sheets, "but the ultimate in traffic convenience and safety will not be reached until we actually provide adequate highways and build safety into them."

Today's engineers have designed tomorrows highways. These magnificent roads will include terminal facilities in cities whereby traffic will move to various points with a minimum of congestion; main super highways of many lanes, with divisions in the center to prevent head-on collisions.

This seems a far off ideal, but not long ago the automobile, the radio, the airplane, the telephone seemed so, too. The cost of developing highways and streets of maximum safety on a national scale, will be tremendous—but it will be spent over a long period of time and no form of expenditure by government can better serve the people.

Washington Letter

WASHINGTON—News leads from the Maritime Commission indicate that Chairman Joe Kennedy, before he quits at the end of the year, will hand out a parcel of headaches for various ship operators.

Current subsidies will be whittled or drastically cut in the case of some shipping lines, if anticipated recommendations based on the commission's economic study of the shipping industry are carried out.

About 185 ocean-going ships now enjoy federal subsidies granted for six months in settlement of canceled ocean mail contracts, but Kennedy is trying to figure out how much of the money is justified from economic and military standpoints.

Current temporary subsidies will be replaced after Jan. 1 by long-term subsidy contracts subject to possible annual revision.

Officially the State Department can't do anything when an American serving in a foreign army is said to be threatened with death. Actually it usually does and an American consul secretly reminded Franco that it wasn't a polite practice to execute prisoners of war.

Franco agreed. Reason for the well-publicized court-martial and the death sentence promptly canceled by Franco is not known here. Probably Franco welcomed the chance to suggest to Americans that he was a pretty good fellow after all. Everyone ought to be happy, suggests a State Department official, because newspapers had an excuse to keep printing photographs of the very beautiful Mrs. Dahl.

Just back in civilization after two months in the interior and have managed to survive the impact of luxuries like cigars, porcelain baths, and a spring bed again. We have been so much delayed by rains in Kenya and by grass fires in Tanganyika that we are now cutting all corners, but it has been a grand trip. AUSTIN, Oct. 14 (AP) — House committee meetings were postponed from 2 to 2:30 or 3 p. m. to permit members to listen to the world series games. The House's loud-speaker apparatus was hooked up to a radio, and Representatives heard the play-by-play accounts while seated at their desks.

Some legislators felt there was much more justification for spending time on a liquor sale by the drink proposal at the special session than on a bill relating horse racing under the pari-mutuel betting system.

The new paint job on the home of District Judge J. D. Moore here was by a union workman but the only expense was the cost of the paint.

Attorney General William McCraw's opinion on the sale-by-the-drink bill caused widespread capitol speculation as to what effect, if any, it would have on his support in the race for governor next summer.

Writing an opinion in response to a request from 30 House members, the attorney general held that the bill seeking to legalize the sale of mixed drinks in counties voting for it was within Gov. Allred's special session call because one of the bill's purposes was the raising of revenue.

At least four Pampa officials were in attendance today at the annual convention of the Texas County Judges and Commissioners Association in Amarillo.

County Judge Sherman White, Commissioners John Haggard and Tom Kirby, and City Manager C. L. Stine represented Gray county. Sessions are being held in the Herring hotel and will run through Friday.

France's council of ministers approved a three-point program, drawn up at a preliminary meeting yesterday, to ease the Spanish question. The plan in brief:

France agrees to submit the volunteer question to the non-intervention committee but demands consideration of a definite plan within six or ten days. France and Britain will maintain a common stand on the question. France reserves the privilege, in the event of the 27-national committee fails to agree on a method of getting foreign troops out of Spain, of scrapping the neutrality pact and resuming open munitions shipments to government Spain.

This new program developed from Italy's refusal to participate in a three-nation (France-Britain-Italy) meeting to discuss withdrawal of foreign volunteers from Spain.

France and Britain were understood to be uneasy over the possibilities of a diplomatic clash between Soviet Russia, supporter of the Spanish government, and Italy, supporter of the Spanish insurgents.

In Spain, the insurgents pressed their attacks on the Asturian and Aragon fronts, and continued to bombard Madrid, in an effort to bring the war to a close with the least possible delay.

Count Berni Vici,
Says:
"Coors Export Lager is the one American beer I have tasted which equals the best and most popular Viennese brews of Germany, Austria and Hungary. I know because I am a lover of good beer and, in my travels, I have tried them all."

Count Berni Vici, Hungarian Nobleman, joins the chorus of international celebrities who place COORS EXPORT LAGER in the front rank with the world's finest beers.

Coors Export is distinguished from all other American brews by virtue of its smooth, mellow Vienna flavor; its deep amber color; its firm, creamy head. Drink your next glass of Coors critically. Note its taste-pleasing difference for yourself.

CHICAGO GRAIN

CHICAGO, Oct. 14 (AP)—Late selling to realize profits on price advances virtually wiped out market gains today after a maximum rise of 1 1/2 cents a bushel.

Turnups of wheat values were largely based on estimates that for four successive days the export purchases of United States hard winter wheat had averaged 1,000,000 bushels. Unsold wheat in sections of domestic winter crop territory southwest accounted for some late selling.

At the close, wheat varied from 1 1/2 to 1 3/4 advance, Dec. 97 1/2-98, May 98 1/2-99, Corn 1/4-1/2 down, Dec. 58 1/2-59, May 59 1/2-60, and oats 16 1/2 up.

Lewis' Committee Favors Contracts

ATLANTIC CITY, N. J., Oct. 14 (AP)—John L. Lewis' Committee for Industrial Organization set out today to justify its claim of being the peer of labor by accepting the challenge of opponents to assume "union responsibility."

PORT ARTHUR TEAM EXPECTED TO BE AT PEAK FOR GAME WITH PAMPA

REGULARS DUE TO BE READY FOR CONFLICT

By MAYO WELLS
(Sports Editor, Port Arthur News)

PORT ARTHUR, Oct. 14—Apparently in stride after three rather drab performances, Port Arthur's maroon and gold clad Yellow Jackets, hampered somewhat by injuries, settled down to more hard work this week as they began pointing for their third tough foe in a row—the Pampa Harvesters of District 1.

The Jackets, who seemed to lack their old-time fire in games with Hillsboro, Tyler, and Longview, displayed traditional Yellow Jacket scrap last week as they held Bryd high of Shreveport, a club that outweighed them 10-pounds to the man and one rated three touchdowns better, to a 13-13 tie at Shreveport.

Jacket coaches were pleased with the way their performers fought in the game and expressed the hope they will continue against the Harvesters this week.

First Stringers Injured

However, the Jacket members, Tom L. Dennis and Milton "Pap" Perkins, both University of Texas products, face a Herculean task in getting their club into shape because four first stringers are confined to the sidelines with leg injuries, including Dominic Collida, 166-pound fullback Yellow Jacket main ground gainer; Mike Arisco, 153-pound wing-footed halfback; Charles McGaffey, 175-pound letterman center; and Jack McCann, 150-pound right end.

Arisco, McCann and McGaffey are expected to round into shape in time for the game, but will be unable to take much part in practice. Dennis said, Collida, who started the Shreveport game in spite of a head injury suffered in the Longview game, played only part of the Shreveport contest before a leg injury forced him to the sidelines.

The Jackets, admittedly weaker this season than last year, are built around seven lettermen, five on the line and two in the backfield.

Many Lettermen

Lettermen on the line include Derwood Peveto, 214-pound all-state tackle; Norman Burwick, 187-pound guard; Jesse Hawthorne, 174-pound six-foot, two-inch end; Charles McGaffey, 175-pound center; and Paul Colletti, 175-pound tackle.

Backfield lettermen are Dominic Collida, 166-pounder, and Mike Arisco, 153-pounder.

Others who have seen much service this year include R. L. Broussard, 153-pound back; Louis Colida, 150, back; Billy Steussy, 135-pound regular quarterback; Luther Powell, 150, quarterback; George Landry, 155, halfback; Fred Canada, 144, end; Collins Gilchrist, 170, end; Demetrius Loukas, 200, tackle and guard; and Jack McCann, 150, end.

The Jackets opened their 1937 season with a 39-7 victory over Hillsboro of District 11 in a game that saw Dennis shove 53 pounds into the game; beat Tyler, 26-6; lost to Longview, 12-6; and tied Shreveport, 13-13.

After Pampa, they must face

Reapers and Amarillo Team Play Here Friday

Another tough District 1 foe—the Amarillo Sandies.

Probable starting lineup: Gilchrist, 168, Left End. Peveto, 214, Left Tackle. Loukas, 200, Left Guard. McGaffey, 175, Center. Burwick, 187, Right Guard. Colletti, 175, Right Tackle. Hawthorne, 174, Right End. Steussy, 135, Quarterback. Broussard, 144, Left Half. L. Collida, 150, Right Half. D. Collida, 166, Fullback.

Eleven Junior High Reapers who learned last week that an over-confident team can't go anywhere will face the Sam Houston Junior high team from Amarillo at Harvester field tomorrow afternoon at 3 o'clock. Admission will be 10 and 15 cents.

Coach W. C. Huckeba's youngsters took a bad drubbing from Buchanan in Amarillo last week after opening the season with an impressive win over Borger here. This week the boys worked hours every afternoon, rain or shine.

During Tuesday's heavy rain, they practiced blocking under the stands. When the rain ceased they came out and ran plays. Yesterday, despite a cold north wind and a wet field, the kids worked long and hard handling the ball and running plays.

Sam Houston is reported to have one of the strongest teams in the conference.

Fans are urged to go out to Harvester park and see the future Harvester in action. They will watch a well-trained bunch of youngsters execute Harvester plays behind surprising blocking, pass and punt like veterans with big Clemlike toe doing duty, and tackle like young demons. Some of them will be sure-fire Harvesters next season.

Dow to Captain Buff In Friday Night Grid Game

CANYON, Oct. 14—Lwood Dow, burly fullback of the West Texas State Buffaloes, has been named captain for the season's toughest football assignment here—hat with Hardin-Simmons university of Abilene Friday night.

Coaches Al Baggett and Tony Dougal evidently are looking to Dow for inspired line crashing under the lights. They hope he will offset the work of Ed Cherry, Cowboy backfield ace of similar attributes. Also starting for the locals will be Thomas and Watkins, kicker and passer, whose speed and skill are prime assets on either offense or defense. Either Lyde or Matney can handle the blocking halfback's assignment. Matney is the better line backer.

Hardin-Simmons' famous Cowboy band will accompany the team and give a concert and show between halves. The Cowboys, taking the game seriously despite their record

GUERRILLAS TO PLAY PRICE IN CITY MONDAY

The postponed game between the Pampa high school Guerrillas and the Price Memorial Cardinals of Amarillo will be played Monday afternoon at Harvester field. The game was originally scheduled for Tuesday but was postponed because of the heavy rain.

Practice sessions this week have been long and tough for the Guerrillas. Coach Bob Curry wants to break into the win column again and his boys apparently have gotten the same idea. Rain failed to halt practice sessions.

Last Friday the Guerrillas dropped a 7 to 0 battle to Kelton. The previous week they lost by an 18 to 13 score at Groom, strong class B team. Both games were away from home.

Coach Curry has a classy outfit in action this season and they want to play football.

Didrikson, Hicks In Texas Tourney

PORT WORTH, Oct. 14 (AP)—Spectators at the Texas women's open-golf tournament expected some thrills in today's play with Miss Helen Hicks of New York matched with Mrs. George Thompson, Jr., of Fort Worth. Babe Didrikson of Beaumont and Marie Levi of Dallas, Genevieve Grout of Oklahoma City and Mrs. C. P. McAlliff of Dallas, and two Port Worthians, Mrs. R. E. Winger and Mrs. Frank Goldthwaite.

Miss Grout, feminine champion of the Sooner State, upset Bernice Wall, the Oshkosh, Wis., star, in the opening round, one up.

of 11 consecutive wins, will start virtually the entire team which went to Abilene with Coach Frank Kimbrough from Amarillo Junior college three years ago. Local fans and players know the Cowboys "have everything." Coach Baggett is telling his lads that their only chance is to play inspired ball and turn loose everything. He hopes for a dry field. The game would then be "wide open."

ABOUT 200 TO RIDE TRAIN TO COAST TOWN

The Pampa Harvesters, 31 strong, a 50-piece Harvester band and about 100 fans will leave Pampa at 6 o'clock this evening for Port Arthur where the Little Mitchellmen will face their toughest foe of the season tomorrow night at 7:30 o'clock. For those staying at home, the game will be brought back on the air over radio station KPDR in a remote control broadcast from the field, sponsored by local merchants.

The special will run over the Santa Fe arriving in Port Arthur at 3:20 o'clock tomorrow afternoon. The return will be via Houston where a stop-over will be made Saturday to allow fans to witness the Rice-Tulsa game. Arrival in Pampa will be Sunday afternoon. Tickets on the special will be \$9.65.

Pampans Underdogs

Entering the game the underdogs, the Harvesters will be out to register their fifth consecutive victory of the season. The boys went through a long workout yesterday, despite the cold. They appeared confident but not a bit cocky. Their one desire is to keep their record clean and it will be with that thought in their minds that they will face the giants from the southeast corner of the state, 800 miles from home.

Port Arthur will enter the game with seven veterans from last year in the lineup. The Yellow Jackets will also have a weight advantage of 15 pounds per man. The big weight difference will be in the line where Port Arthur will have a 22-pound-to-the-man edge.

Only in one position in the line will the weights be even, Carl Brown, Pampa's 214-pound freshman tackle, looking across the line at Derwood Peveto, 214-pound all state tackle. At other positions the Yellow Jackets will have wide advantages, especially where little John Henry Nelson, 135, glances up at Colletti, 175-pounder.

For the first time this season the midget Harvester backfield will not have to give away weight. Like the wearers of the green and gold, the Yellow Jackets have a little backfield which so far this season

has looked good behind the giant line.

Each team boasts a pair of fleet little signal blockers in Graham, 130, of the Harvesters and Steussy, Yellow Jacket's 135-pounder. The other three Port Arthur backs will have only a slight advantage in the weight department.

The probable Harvester starting lineup will be:

Reynolds, 156, left end. Coshow, 162, left tackle. Nelson, 145, left guard. Harding, 151, center. Matthews, 160, right guard. Brown, 214, right tackle. McMahan, 157, right end. Graham, 130, quarterback. Heiskell, 139, left half. Smith, 145, right half. Karr, 154, fullback.

LIPSCOMB TO RETURN HERE MONDAY NIGHT

After a week's layoff, Buck Lipscomb will return to the local mat wars, on Monday night, when he tangles with Bill Cazzell in the semi-final match. The main event has been reserved for Frank Wolff, conqueror of Lipscomb, and Vic Webber, the boy who took Cazzell to pieces last week.

Again the preliminary will be staged at 8 o'clock with, yes, it's true, a clean bout between Don Rainey and Bob Cummings. The two matched holds here once before with neither having an advantage.

Although Wolff isn't exactly a favorite around "these here parts" he can pretty near have the town after downing Lipscomb. It will be Webber, however, who will be the favorite in the feature match. The blond young giant from New York showed ring cunning, speed and stamina in winning last week's main event.

Lipscomb raved long and loud when he heard he was to meet Cazzell and in a semi-final. "Me, having to take on that Cazzell fellow is an insult," yelled Lipscomb. "Wolff didn't beat me. It was that referee from down at Lubbock. I should have the main event."

Promoter Chambers informed the roughneck from Indiana that he might get a main event if he behaved himself and won a semi-final.

White Sox Still Chicago Champs

CHICAGO, Oct. 14 (AP)—It took them longer than usual to prove it, but the White Sox of the American League, are still Chicago's city baseball champions, and \$549.54 a piece wealthier.

The Sox yesterday won the seventh game, 6 to 1, behind the sparkling hurling of John Whitehead. Thus, the White Sox made it four City Series in a row, as well as their 15th triumph, against six Cub victories and one tie.

GOLF'S GREAT OPEN FOUR-BALL TOURNEY

OKLAHOMA CITY, Oct. 14 (AP)—Some of the nation's greatest professional golfers today open their campaign to strengthen their bank balances with a share of Oklahoma City's first annual \$5,000 four-ball tournament prize.

Jimmy Thompson and Tommy Armour are paired against local pros.

The national open champion, Ralph Guldahl, and Billie Burke, will team against Ed Dudley of Philadelphia and blond Jimmy Hines of New York.

Harry Cooper, and Horton Smith tangle with fellow Chicagoans, Ky Laffoon and Dick Metz.

Little Paul Runyan and Lawson Little, go against Johnny Revolta of Milwaukee, and a lanky Texan, Ray Mangrum.

The tourney closes Sunday.

JIMMY WILSON SIGNS PHILADELPHIA, Oct. 14 (AP)—Gerry Nugent, President of the Philadelphia National League Baseball Club, today had settled Philadelphia's annual pastime of guessing about the future of Jimmy Wilson as manager of the Phillies.

Rain, Cold Send Geese to Texas

DALLAS, Oct. 14 (AP)—The first wild geese of the season observed here honked over Texas today after a wet norther had swept most of the state, ranging from a light drizzle to three inches.

North winds had penetrated the Rio Grande Valley and cloudy skies promised rains for orchards to mature the fruit.

Precipitation had assured fall ranges in the cattle, sheep and goat areas of West Texas, had expedited fall plowing in the south and central portions of the state where cotton had been gathered, but retarded cotton picking in the northern and eastern portions.

MUNGO AND DIZZY DEAN MAY BE TRADED OFF IN SESSIONS

NEW YORK, Oct. 14 (AP)—The Hot Stove League opened its season today on a situation bearing all the earmarks of one of the busiest trading sessions in years.

From end to end of the Big League, with the possible exception of the World Champion New York Yankees, who are satisfied with things as they are, it looked like the ivory will be moved around in wholesale lots. The dealings in diamond material were touched off last week when the Cardinals gave one-for-four in a highly profitable piece of business with the Brooklyn Dodgers, but that was only the start.

Most talk at the moment revolved around the uniforms Van Lingle Mungo and Dizzy Dean will be wearing next season, as well as the changes rumored in store for the National League Penant winning Giants.

When the Terry Terriers finished getting their ears knocked off by the Yanks in the World Series, there was considerable rumor that several members of the current cast would be hanging their hats in new locker rooms, come 1938. Hank Leiber, the power-hitting center-fielder; Hal Schumacher, the right-hander who hasn't been on too good terms with Boss Bill Terry, and even Melvin Ott, idol of the polo grounds, have been mentioned as trading bait.

Incidentally, if you listen to the chatter, will be Mungo, Brooklyn's temperamental fireballer, who spent most of the 1937 season nursing his rage (and a bankroll sliced by suspension) down in the black hills of South Carolina, after rowing with the Dodgers. There is also rumor that Diz Dean, after his most disastrous season, will move in from St. Louis to Coogan's Bluff.

But the Chicago Cubs may have something to say about that. If you listened to the talk behind the scenes during the series, you could have heard lots of the "experts" telling that the Cubs are ready to lay it on the line for the "Great One."

Certain it is that the Cubs are playing no favorites in making over the team that couldn't hold its lead in the National League race. Shortstop Bill Jurges, pitcher Larry French and walloping outfielder Frank Demaree have been brought up in discussions Cub officials have

had with both the St. Louis Cardinals and Cincinnati Reds. And it is known that the Cubs have had long eyes for some time on Mungo or Dean or both.

The Giants could use more power in their lineup. So could the Brooklyn Dodgers, who were a woeful sight for most of the '37 campaign. The Brooklyn already have put Mungo on the block and will let him go in return for some lads who can flail that apple—as well as a bundle of cash. If they deal with the Cubs, Demaree is a cinch to be included in any negotiations.

Whether the Giants will renew their trade talk of last spring with the Phillies remains to be seen. They liked the looks of both Dolph Camilli, first baseman, and pitcher Claude Passeau at that time. If they open the dealing again, there's a chance Sam Rice or Johnny MacCarty, both first sackers, Leiber and a pitcher will be mentioned.

Up in Boston, the Red Sox are ready to take the lid off again. Owner Tom Yawkey, woefully disappointed that his first three-million didn't produce much in the way of results, is set to remove the Rubber from around his bankroll. The Bees, on the other hand, are willing to trade for a third baseman and a clotting flychaser, and may even toss in one of their classy looking pitchers to produce results. They're also in the market for a manager, whether it's Tony Lazzari, Rabbit Maraville or someone else.

Connie Mack, after several seasons of selling, has been quoted as ready to make some cash outlay to bolster the likely looking youngsters he brought into his Athletics last season. A second baseman is the big need.

The Cardinals, after obtaining Joe Stripp, Johnny Cooney, Jim Bucher and Roy Henshaw from the Dodgers, may use one or all as trading bait, particularly, if you believe the rumor, Stripp in a deal with the Giants.

Cincinnati's Reds needs lots of everything, what with Kiki Cuyler retiring, and may try to trade off some of their up-and-coming rookies. Detroit's Tigers are supposed to be eyeing the Washington Senators to make up for their lack of pitching, particularly those flinging rookies brought up by Washington late this year.

CHAPTER XXVII

Cilly leaned helplessly against the wall while Dolan proceeded to give orders over the telephone to trace Jim's call.

Jim had phoned from the Pennsylvania Hotel. The operator verified that he could get out and disappear into the subway in 30 seconds. She felt a subtle pleasure at having outwitted Dolan. He was so sure of himself, so positive in his theory. What did it matter to him that he was railroad-ing an innocent man to jail; to the electric chair?

For the first time, Cilly caught the full significance of what Jim was facing. She held her breath as a new terror seized her.

Dolan was arresting her. There would be nobody to carry on for Jim... nobody to watch the Hunter man, or Harry Ames, or anybody to check on Carruthers who also came from Utah. Dolan would forget all that.

Suddenly she faced Dolan, her eyes burning with indignation and terror and despair.

"Why are you so determined to accuse Jim? What about Harvey Ames? He had every opportunity and just as good a motive. What about Hunter? There are a dozen angles that you refuse to consider. What about Carruthers upstairs? We have proof that he came from Utah recently. His trip to Bermuda might easily have been a blind, or he might have gone away to let someone else use his apartment. . . . What about the Elliot woman upstairs? Surely she's read about the case in the newspapers. Why don't you check on her?"

Dolan frowned in annoyance. "See here, Miss Perry," he said irritably, "you may be a smart lawyer and all that, but I don't need you to tell me how to do my own work. We've checked every situation thoroughly. We've got the word of a dozen people who saw Carruthers off on the Monarch of Bermuda. I don't go ransacking people's houses unless I've got something on them. Come now, get a hat and coat on; you're going with me."

There were voices in the outer hallway. Cilly recognized them. A second later, her bell rang.

"O. K. Answer it," Dolan ordered.

Cilly opened the door to admit Mr. and Mrs. Perry, who lived next door in Apartment 1.

Mrs. Perry, a plump neighborly little woman, held both hands out to Cilly in a motherly gesture.

"You poor dear!" she murmured. "We only heard about it today. I'm so terribly sorry."

Dolan stood in the living room, taking in the situation.

"Come in, Mrs. Perry," Cilly urged. "Hello, Mr. Perry. This is Sergeant Dolan, from police headquarters. Mr. and Mrs. Perry are my next door neighbors, sergeant."

Dolan acknowledged the introduction with a bare nod.

"Oh, this is just too horrible for you, my dear," Mrs. Perry went on. "And to have it happen the minute your young man was called away. . . ."

Cilly's eyes widened. Dolan turned his shrewd glance on Mrs. Perry instantly.

"How did you know Jim was going away?" Cilly asked her.

"Oh, we met him that evening. Didn't we, John?"

"When was this?" Dolan asked abruptly.

"Just about midnight," Mr. Perry stated mildly. "Yes, it was exactly midnight."

Cilly's heart bounded as a new hope dawned.

"Just how and where did you meet the young man?" Dolan asked quickly.

Mr. Perry seemed a little surprised at the sudden questioning. "We met him two blocks further down on St. Ann's avenue," he related simply. "You see, we'd stopped in here a little after 11, wasn't it, dear? Miss Pierce had offered to look after our fish while we were away. Mr. Kerrigan and another gentleman were here. . . ."

"How did you know which was Kerrigan?" Dolan interrupted.

"Why we had met him before. One Sunday afternoon, we met him with Miss Pierce down at Jones Beach. We all came home together. So of course when I saw him in such a hurry Sunday night, I was glad to offer him a lift. We'd gotten the car, and had a little bite down in the tavern, and then Jim, as we started off, we saw Mr. Kerrigan, running toward the subway. He seemed in such a hurry. . . ."

"What time was this?"

"Exactly midnight. Remember, Mary, you remarked on it?"

"Yes," Mrs. Perry affirmed. "The steeple clock was just striking midnight. I teased Mr. Kerrigan about being in such a hurry to leave Priscilla, and he explained that he had to make a hurried trip west. He didn't want to wait for trains, and there was a friend of his—a private pilot—who was leaving Floyd Bennett Field at 12:30 for Chicago. Mr. Kerrigan wanted to catch him, but of course because he was in such a hurry he couldn't get a taxi. So we drove him down to the flying field."

"You drove him to Floyd Ben-

nett Field Sunday night?" Dolan repeated incredulously. He saw his carefully prepared case crumbling before him.

Mr. and Mrs. Perry nodded simultaneously. "And we got him there in 15 minutes," Mr. Perry said with pride. "Kerrigan's friend had just arrived himself. It was exactly quarter past 12. We waited around until they took off, and then we started for Fall River."

Cilly could have wept for joy. Jim had been down at Floyd Bennett Field at quarter past 12. Amy was killed at 12:20.

There was a lump in her throat as she grabbed Mrs. Perry's hands in both of hers. "Thank you so much for telling us that," she exclaimed. Then, trying to be casual in her explanation, she added: "You know, everybody is under suspicion in a case like this until an alibi is established."

Mrs. Perry nodded smilingly. She did not understand why Mr. Kerrigan, Priscilla's special young man, needed an alibi. But she did not say so.

"Well, we'd better take the goldfish and run along," Mr. Perry suggested. "If there's any way we can help, sergeant, we'll be right next door. . . ."

As the door closed behind the Perrys, Cilly turned to Sergeant Dolan.

"She could not hide the gleam of satisfaction which lighted up her eyes."

"Well, sergeant, do you still want to hold me as an accessory?" Dolan slumped into a chair wearily.

"I guess not. Their story rang

true enough. . . . and we can always check on it." He looked up at Cilly, smiled a little crookedly. "Well, it begins to look as if there might be some grounds for this faith of yours in the young man. . . . Say, tell me the truth now, will you?"

"Of course. I haven't lied to you yet, but you won't believe me."

"Was tonight the first time you'd heard from Kerr—or Kerrigan—since Sunday?"

Cilly hesitated. Should she tell him about the postcard? It didn't matter now, since Jim was cleared.

"No. I received a postcard from him on Monday, saying merely that he'd been called suddenly to Utah. I didn't hear another word from him until he called just now."

"What did he say?"

Cilly smiled. "If you remember, I didn't give him an opportunity to say very much. Only that he'd just got in from Newark Airport and was on his way over here."

Dolan looked at his watch.

"Well, I've got to hustle and check on some of these other angles you've been harping on. If he gets in touch with you again, will you ask him to see me immediately at headquarters? His testimony is still mighty important."

"I'll do that, sergeant."

"Thanks. I hope we'll be working together from now on, Miss Pierce. Sorry about everything. . . ."

After Dolan left, Cilly made up her mind as to what she was going to do. There had been altogether too many stones left unturned in this house since Sunday night.

OIL INDUSTRY DISHEARTENED

By ALFRED WALL.

TULSA, Oct. 14 (AP)—The oil industry was inclined to be a bit gloomy today but far from disheartened.

Of the factors contributing to some pessimism the most pronounced was the condition of the crude market.

Latest estimates showed production curtailment in a period of declining consumption had failed to materialize as expected and around the oil offices today there was unhappy talk that "there is soft crude in the mid-continent."

Another 25-cent reduction in the price of Pennsylvania crude, the second since Sept. 1, certainly didn't help any, even if its effect merely was psychological. Nor yet did the Bureau of Mines report that stocks of crude increased 1,062,000 barrels during the week ending Oct. 2.

The opinion of one authority that mid-continent oil men were "re-signed" to a crude cut was countered by another well-informed source who declared he had "heard nothing at all" to indicate such a possibility.

Most operators taking a long range view of the situation called again for a reduction of production. It generally was agreed the industry had gone into a seasonal slump but there was no real cause for alarm.

Distributors reported a distinct softening of the refined market, particularly for third grade gasoline. It was pointed out this was a natural condition at this time of

year when motorists switch to gasoline of higher volatility. The call for higher grade gasolines was steady.

Psychological factors adding to the gloom were concern over the conspiracy trial in Madison affecting a large section of the industry, the possibility of oil legislation on the depletion allowance and divestment of pipelines in the special session of Congress and the prospect of higher taxes on the industry in Texas.

Executives here—those who weren't at the Madison oil trials or the Houston Oil World Exposition—agreed things could look better but still there was a lot of business for the industry to turn its hand to.

Burning oils and diesel fuels were in good demand.

One official seeking to minimize the effect of the Pennsylvania crude cut declared his belief that oil, once considered the best lubricant material "always has been overpriced. We can put mid-continent crude back there cheaper and we make just as good lubricants from western crude as eastern."

Field work was about the same, with 631 wells brought in compared to 660 the week before, according to the Oil and Gas Journal's chart.

MINNESOTA TO PLAY MICHIGAN IN BIG GAME

By DREW MIDDLETON.

NEW YORK, Oct. 14 (AP)—Talent and tradition, twin geni of football, rub the lamp to produce a national football program for Saturday that includes a dozen games entwined by Ivy and a half-dozen others, inter-sectional and otherwise, with a short but snappy tradition of hard play.

Chief mid-western attraction is the Minnesota-Michigan meeting. The boys have been playing this one since mutton-chop whiskers were a part of the uniform. The Gophers have won only seven times since the series' inception in 1892 but most of the Michigan triumphs came in football's middle-ages when the maize and blue juggernauts were unstoppable.

The prize in this carnage is the little brown jug, a trophy of great veneration in both camps. Battles for its possession have produced some of the nation's best football and some of its greatest players—from Willie Heston to Pug Lund.

Other Big Ten classics bring together Northwestern and Purdue, Wisconsin and Iowa, and Indiana and Illinois. Ancient rivalry in the Corn Belt frequently reaches epic proportions and each of these games should make Waterloo look like your Aunt Agatha's quilting party.

Yale-U. S. Army. Two unbeaten elevens, Yale and Army, clash at New Haven. Each is equipped with a high-powered attack and the game should be a fit successor to the other fabulous duels of this series. The Yales have won 18 games to the Cadets' nine but the Blue hasn't won since 1929, the year Albie Booth made his big time debut and took the play away from Army's Red Cagle.

Fordham and Pitt vie with the New Haven clash for top attention in the east. Not as old, this series has a tradition all its own and one not too enticing. The two elevens have played 120 minutes of scoreless football. Unless Pitt can unearth a passer and Fordham a running attack in the next 48 hours, spectators will again be able to sit on the 10-yard lines in perfect safety.

Cornell, currently the east's hottest eleven despite the loss of the redoubtable George Peck, meets Syracuse in the Orange's first big test under Ossie Solem. Columbia and Penn., each beaten but still
