PRICE FIVE CENTS

TWINKLES

Spring is here.

We oldtimers are feeling a lot better—the weather is acting more normally, and we are getting our bearings.

That thunder was a welcome sound, wasn't it? When it thunders, nature is relaxing again and loosening old Jupe Pluvius, who was kidnapped by Old King Drought. But Jupe is out again and thundering as of yore.

Nature is smelling more natural. We went home late the other night (from work) and en route our nostrils caught a familiar smell, a humidity, if you please. Our sinuses, dry and dusty, quit aching.

We woke up Mrs. Pampan, who has been, and is, ill, and told her it would rain before morning. She could see no signs, but along about 5 a. m. she heard a big noise and it wasn't snoring. Shortly it began to pour. Our standing in the household as a prophet is up a notch.

Another reason we know that spring is her is that we no longer need an alarm clock to awaken at 6 a. m. During the winter, we awoke at 7 a. m. just as regular as the cock crows. But in true spring and summer we automatically open our eyes an hour earlier. We need no birds singing on the window ledge to remind us of the dawning of a new day.

Dirt is a chemical—in fact a combination of chemical elements. We are being robbed by these dust storms. A Nebraska professor has estimated that the Texas and Oklahoma dust which hit in Nebraska was worth \$25,000,000. Now we will have another reason to fret when our dust soars up 10,000 feet and wings off to the middle west.

There's one consolation—we are getting a lot of dust from New Mexico. We'd like to know how much we are losing in exchange—we fear the dust we are losing is better than that we are getting. . . . And the West Foster grouch says he has a lot of dust caught in fresh paint which isn't worth anything.

Reports from Austin indicate that several Panhandle politicians are in something resembling a feud. The oil commission bill brought to light a number of personal ambitions which couldn't wait until the next election time. . . . That is if a nearby city isn't big enough for two potential governors, it will be by the time they mutually arrange each other's political funerals. At any rate, it begins to appear that it is impossible to adjourn politics in this state.

Among the meanest tricksters in the world are those who operate fly-by-night "bucket shops" thru which, by claiming to give tips on rise and fall of stocks, they swindle persons whose credulity or vanity leads them to take a risk in an unknown firm. . . . Pampans now realize that they were duped at a time when they could least afford to lose. Any one who risks large sums with strangers, without the advice of honest brokers or bankers, is aiding an old racket, and one recently entered by Chicago's own tribe of muscle-men. A clever letter, a flattering telephone call from an out-of-town trader have paved the way for far too many losses. Safety is better than sorrow, especially at this time.

### Officers Arrest 100 During April

City police officers made 110 arrests during April, according to the monthly report to \$466.50 to the city coffers. Fines assessed totaled \$790, but the difference was worked out of "paid out."

### THREE GUESSES

Who wrote "The Raven"?  
What is the chief metal used in making newspaper engravings?  
Who invented the moving picture projector?  
(See ANSWERS on Page 2.)

# ROOSEVELT ASKS RAIL CZAR

## CROP SUCCESS BEFORE LABOR BECAME HIGH

### QUICKEST METHOD FOR OBTAINING QUICK CASH

### GOOD SEED IMPORTANT

### LOCAL AGENCIES WILL HELP TO REMOVE OBSTACLES

### PAMPA, where cotton went out as oil and high wages came in, may again be surrounded by small fields of the white boll.

With wheat acreage abandonment huge because the rains came too late and the winds too early, many farmers are looking to cotton to provide needed cash next fall.

Assistance to farmers in securing acclimated, dependable seed will be given by the B. C. D. Junior chamber of commerce. County Agent Ralph Thomas, THE NEWS, and interested citizens. Farmers may leave their names with the B. C. D. at the city hall and state their problems.

It is believed that not less than 8,000 acres of blown-out wheat land will be planted above the "breaks" within the next few weeks. Since there are about 400 wheat farms, the number of acres of cotton in each field will be small, ranging from 20 to 300 acres.

Those encouraging the planting of small fields of cotton are not advocating any change from wheat to cotton as a principal crop. They do not like the conditions which go with the one-crop cotton country.

They recognize that cheap labor is both usually scarce here and at the same time undesirable.

But conditions now are different and of an emergency character. Wheat farmers, unless they have diversified with livestock, will have no cash income for more than a year. There is no ready market for

(See COTTON, Page 6.)

## Bill To Reduce Officials' Fees Passed By House

AUSTIN, May 4. (AP)—Passage of a bill to reduce county fees allowed county, district, and precinct officials was effected in the house of the legislature today.

The house substituted a bill by Rep. W. T. Savage of Dallas for one passed by the senate. It was probable the senate would vote to concur in the house substitute and the final draft written in a free conference committee.

A maximum of \$6,500 was placed on compensation to be paid district and county officials and \$4,500 for precinct officers.

The senate bill carried a maximum of \$4,000.

The present maximum allowance is \$12,500 for all officials.

Both the house and senate bills were based on population of the respective counties. Numerous exceptions to care for unusual conditions, such as might exist in oil boom counties where the work of officials is heavy, were made in the house bill.

Provision was made to give the county commissioners courts limited supervision over fee offices. The commissioners could determine the number of employees and their salaries, if their compensation was to be paid of a county's general funds.

## I HEARD--

John Hessey has a sore arm from casting a fly rod off the North Cuyler street bridge into the swollen Red Deer creek which was several feet deep enough "to swim a horse" this morning.

That R. B. Fisher, L. L. Sone, and J. L. Lester spent part of the morning digging an irrigation ditch at the rear of the high school. Several of the students wanted them to leave the lake as it was and issue bathing suits.

Bert Curry and Gilmore Nunn being selected as the pick of the young speakers in Pampa by a bunch of Fatherree Drug this morning. Travis Lively and Frank Foster were the selections among the older men. Lawyers and preachers were barred from the list.

## Drought Definitely Broken As Over Inch and One-Half Of Rain Falls Over County

### Lakes and Creeks Full of Water; Farmers May Now Plant Row Crops.

RAINFALL such as farmers had hoped for many months fell in Pampa and most of Gray county last night, the total here since yesterday noon amounting to 1.45 inches.

This morning all "draws" and Red Deer creek were roaring with water as wide as 40 feet and deep enough "to swim a horse." Country roads were almost impassable with mud for a few hours.

Buses from Childress were 2 hours late, but on time from Amarillo. The Amarillo detour was so muddy and water covered late yesterday that cars needed as much as 2 hours to negotiate it. It was reported to be passable today, although other detours back to highway 33 were being opened by persons familiar with country roads.

To farmers, the rains means that their lands would be ready for row crops, or cotton, and that some wheat fields would either produce small crops or enough wheat for seed. City dwellers hoped that it had rained enough west of here to stop the dust storms, which have carried dirt for several hundred miles to and from Pampa.

GUYMON, Okla., May 4. (AP)—The Oklahoma Panhandle was soaked today by the heaviest rain fall within the last 11 months. A total of 3.35 inches had fallen in the Guymon section.

The rain, coming after a series of devastating sandstorms, gave new hope to farmers and stockraisers who saw row crops and ranges revived. Although wheat had been damaged seriously by drought and wind, farmers now predict the best row crops in years.

## Vernon Poe Is Given 12 Years In 3 Burglaries

Three sentences totaling 12 years in the Texas penitentiary were given Vernon L. Poe, local youth by Judge W. R. Ewing yesterday on pleas of guilty to burglaries of the Brown-McLain store and the Furr Food store, the latter having been looted twice.

The sentences were 5 years in two cases and 2 years in the other. The judge today was hearing the civil suit of M. W. Kimbrough against John T. Glover.

## Pampa Pythians Attend District Meet at Lubbock

Pampa Pythians, home from the district convention in Lubbock report an excellent meeting and courteous treatment. Members of the local lodge who attended the convention were Tracy Cary, Kirt Chester, Ernest Gee, Morris Johnson, Ray Barnard, and Dr. C. H. Schulkey.

The report on activities of the Pampa lodge was made by E. J. Gee and was well received. The lodge was found to be one of the most active in the district in activities and members.

John Lee Smith of Thockmorton, grand chancellor for Texas, headed a group of state officials who attended the convention. Many interesting addresses were heard and degree work was given by crack teams.

## Water Consumption Totals 21 Million Gallons in April

Pampans used 21,105,000 gallons of water in April, according to the report of the water works department received by City Manager C. L. Stine this morning. The average daily consumption was 709,500 gallons.

May started out better, lawns and gardens taking large quantities. The heavy rain will tend to cut the amount this month.

## HELD FOR MULESHOT

DALLAS, May 4. (AP)—A man who officers said was wanted at Muleshoe, Texas, for questioning concerning a bank robbery was arrested here yesterday.

## After Rain and Hail in Texas

HAIL AND RAIN in gigantic proportions, which hit Dallas and surrounding territory left hundreds homeless, killed three and injured many more. More than \$2,000,000 in property damage was done in Dallas alone. Above, R. F. C. workers gather in the meagre belongings of tent house dwellers in the lowlands. The immense amount of water swept everything before it. Below are three little girls, homeless, but welcoming the sand man just the same on a cot in a relief station.

## POLICE FOLLOW FRESH CLUES IN KIDNAPING; RANSOM AGENT HINTS CHILD'S RECOVERY IS EXPECTED

Negro and White Girl Reported Seen In Settlement

HARWICHPORT, Mass., May 4. (AP)—A report that a negro had been seen with a white girl in his automobile in Mashpee, an Indian settlement about 20 miles from here, today caused the hurried ordering to that town of 20 state troopers engaged in tracking the kidnapers of 10-year-old Margaret McMath.

The troopers were dispatched to search the vicinity of Mashpee in a wireless message from the temporary state police headquarters established here to the score of police cruising cars which, earlier in the day, had been sent out to pour every by path in the vicinity and make inquiries at every likely place.

Meanwhile, William Lee, business associate of Nell C. McMath, who has acted as liaison for the father of the child, who was enticed from her school by a negro in an automobile Tuesday, said that he expected to have an announcement of importance to make "in a little while." He added that, in the belief that organized gangsters from a large city might have been responsible for the abduction, the family had named Aaron Davis, of New York, as a contact for any negotiations that might be necessary in that city.

## OIL PRICE POSTED

ELECTRA, May 4. (AP)—The Waggoner Pipe Line company, effective at 7 a. m. today, posted a price of 25 cents a barrel on all grades of crude oil run by it in Wichita and Wilbarger counties.

## Water Consumption Totals 21 Million Gallons in April

Pampans used 21,105,000 gallons of water in April, according to the report of the water works department received by City Manager C. L. Stine this morning. The average daily consumption was 709,500 gallons.

## HELD FOR MULESHOT

DALLAS, May 4. (AP)—A man who officers said was wanted at Muleshoe, Texas, for questioning concerning a bank robbery was arrested here yesterday.

## AND A SMILE

BORGER, May 4. (AP)—Borger, the "wild" town of the Panhandle oil fields which was placed under martial law by Governor Dan Moody in 1929, now is facing a curfew law.

The city commission voted this week to have the fire whistle blown every night at 9 o'clock, at which time children under 15 must desert the streets and scurry homeward. The ordinance is being prepared.

## TARIFF TRUCE ACCEPTED BY GREAT BRITAIN

### AGREEMENT ON DEBTS NOT REACHED AT WASHINGTON

### ACTION IS CONDITIONAL

### McDONALD SETS FORTH HAPPENINGS AT CONFERENCE

LONDON, May 4. (AP)—Prime Minister Ramsay MacDonald announced Britain's conditional acceptance of the tariff truce proposed by the United States when he reported today to an intensely interested House of Commons on his momentous mission to Washington, where he discussed with President Roosevelt methods of lifting the world from its economic distress.

There were three main points in the prime minister's account of his journey to Washington:

1. He revealed that his stipulations for "safeguards" for Great Britain in effecting the tariff truce had been considered "reasonable" by the United States.

2. He announced that the war debts had been "frankly examined in all their aspects" although no agreement was reached.

3. He informed the house that on the problem of disarmament he and President Roosevelt achieved "common views" which already had had effect at the disarmament negotiations now going forward at Geneva.

LONDON, May 4. (AP)—Neville Chamberlain, chancellor of the Exchequer, moving a resolution in the House of Commons today to increase the exchange equalization account from £150,000,000 to £300,000,000, declared that the proposed increase had "nothing whatever to do with the" circumstance that America has gone off gold.

"I am sorry to see in spite of my emphatic statement in my budget speech," the chancellor said, "that some American journals have represented this addition to the exchange equalization account as being in some way directed against that country."

WASHINGTON, May 4. (AP)—The senate granted broad power to its banking committee today to investigate loans by the reconstruction finance corporation.

PARIS, May 4. (AP)—Ex-Premier Herriot failed to get any definite indications on the war debt settlement in his Washington conversations. Joseph Paul-Boncour, foreign minister told the French senate today, adding that negotiations on this question would be long and difficult.

AUSTIN, May 4. (AP)—A free conference committee of the legislature today agreed to a bill to provide for submission of the question of repeal of the 18th amendment to the electorate on next August 26.

## Milk Test Started Today By Officer

The semi-annual milk test for Pampa and surrounding territory will start this week, Dr. T. J. Worrell announced this morning. He will make four tests of milk handled by local dairies and of milk supplied to the dairies delivering milk in the city.

The tests will be made on 25 separate sanitary items which will include the condition of the buildings, cleanliness, equipment, and other items set by regulations. Pampa milk grades have been high in past tests.

## SUICIDE FUNERAL HELD

ELECTRA, May 4. (AP)—Funeral services were arranged for today for Greta Anna Rowe, 11-year-old Kilgore school girl, who took her life Tuesday because she feared she would be reprimanded for spending money for candy instead of paying her music teacher. The girl's family moved to Kilgore a year ago.

## House, Bridges, Pipe Lines Washed Away Near Moberg; Plants Isolated.

BORGER, May 4. (AP)—One house and several bridges were washed away last night when the Rock and Dixon creeks went on a rampage after a cloudburst.

Three carbon plants were isolated when the bridges went out and pipe lines were broken. The Canadian river was bankfull, cutting off traffic between Borger and Stinnett.

Telephone service to the north also was interrupted and school buses were halted. The rain began yesterday and developed into a down-pour for four hours early today.

## "The Prince"

J. C. LINE of Hereford, above, is leading man in "The Prince of Larks," stage comedy drama which will be brought to Pampa tomorrow. A matinee for students will be given at La Nora theater at 4:30 p. m. Friday with admission 10 and 20 cents for those under and over 12. The evening public performance, with black-comedy and cord tap-dance chorus, will begin at 8:30 p. m. with admission 20 and 40 cents.

## ANN HARDING'S BOAT CAPSIZES IN SHARK AREA

Shark Eats Cuban As Movie Actress Escapes

HAVANA, Cuba, May 4. (AP)—Ann Harding, blonde star of film romance, was shaken today by a scene of horror enacted before her eyes.

Clinging to a capsized sailboat with two companions, yesterday, Miss Harding saw sharks kill an aged Cuban sailor who was swimming to shore for aid.

"The sharks ate him!" That was the cry which Marie Lombard, the actress' secretary, greeted rescuers who finally saved her, the actress and Alexander Kirkland, another luminary of the films.

All three who clung to the 20-foot craft for three hours, three miles off the Jaimanitas Yacht club, suffered from shock and exposure.

"We decided to go sailing yesterday afternoon," said Miss Lombard.

"We got a small boat from the Jaimanitas club, manned by a lovely old Cuban, Manu Alvarez Torres. Three miles off Jaimanitas a sudden, strong wind opened the boat. Miss Harding fell into the water."

"The sailor cried, 'don't be afraid; stay in the boat.' We hung on. He pulled Miss Harding in. After five or ten minutes the Cuban said he would try to make land and bring help."

"He had not gone far before he disappeared. After three or four hours we sighted a motor launch in which Capt. Leslie Waggett and George Andrews, third secretary of the American embassy, were coming ashore."

Kirkland, who had been waving his shirt, said it was not big enough and asked for Miss Harding's skirt. He placed it on an oar and succeeded in attracting attention.

"They brought us to Jaimanitas and thence to the hotel, where doctors attended us. The shock and exposure were terrible."

Miss Harding, former wife of Harry Bamister, has denied reports she and Kirkland will marry.

## 'COORDINATOR' OF RAILROADS IS REQUESTED

### WANTS AUTHORITY TO REORGANIZE ALL SYSTEMS

### BILL TO BE PRESENTED

### RAILROADS WOULD BE DIVIDED INTO 4 GROUPS

WASHINGTON, May 4. (AP)—President Roosevelt sent to congress today his emergency proposal for appointment of "a federal coordinator" to guide railroads through a reorganization.

Congressional advocates of the legislation had it ready at the capital, and planned to expedite it thru committee to the senate and house for debate and passage.

The president also asked for immediate repeal of the recapture of profits clause in the interstate commerce commission act and for federal regulation of railway holding companies.

He said he would submit later a "comprehensive plan for permanent legislation."

He outlined the duties of the coordinator "to encourage, promote or require action on the part of carriers, in order to avoid duplication of service, prevent waste and encourage financial organizations."

Copies of the bill were not available at the capital, a final draft having just been sent to the printing office.

The president's text follows: "To the congress: "The steam railways still constitute the main arteries of commerce in the United States."

"At this time, however, available traffic is not sufficient profitably to utilize existing railway facilities and the supplementary facilities provided by new forms of transportation."

"Our broad problem is so to coordinate all agencies of transportation as to maintain adequate service."

"I am not yet ready to submit to the congress a comprehensive plan for permanent legislation."

"I do believe, however, that three emergency steps can and should be taken at this special session of the congress: "

"First, I recommend the repeal of the recapture provisions of the interstate commerce commission act."

"The commission has pointed out that existing provisions are unworkable and impracticable."

"Second, railway holding companies should be placed definitely under the regulation and control of the interstate commerce commission in like manner as the railways themselves."

"Third, as a temporary emergency measure, I suggest the creation of a federal coordinator of the transportation who, working with groups of railroads, will be able to encourage, promote or require action on the part of carriers, in order to avoid duplication of service, prevent waste, and encourage financial reorganizations."

"Such a coordinator should also, in carrying out this policy, render useful service in maintaining railroad employment at a fair wage."

"The experience gained during the balance of this year will greatly assist the government and the carriers in preparation for a more permanent and a more comprehensive national transportation policy at the regular session of the congress in 1934."

Headquarters of the coordinator are to be in Washington. He is authorized to "divide the lines of the 25 carriers into three groups, to wit, an eastern group, a southern group, and a western group, and may from time to time make such changes or subdivisions in such groups as he may deem to be necessary or desirable."

## Fire Loss Last Month Was \$500

Fire loss in Pampa last month was only \$500. Chief Clyde Gold's monthly report shows. The department answered only five alarms during the month. Four resulted in slight damage. The other call was to a trash fire.

An alarm was received from 801 West Foster avenue this morning but before the truck had left the station the call was cancelled.

R. B. Saxe of Borger was a Pampa visitor yesterday.

SCIENCE DISCARDS 'CERTAINTIES'

A bright young man of today who set out to get a good grounding in the sciences could easily be forgiven for concluding that he was being asked to discard all of his certainties and substitute a somewhat jumbled mess of probabilities, near-probabilities and wild guesses.

A decade or two ago science was dogmatic and positive. It set up certain 'natural laws' and they were like the laws of the Medes and the Persians. Certain things were thus and so and no one need argue about it.

To appreciate how the picture has changed you need only consider a speech made in New York the other evening by Dr. Irving Langmuir, the 1932 Nobel Prize winner in chemistry.

During the last 20 years, he said, science has come to believe that "no natural law has absolute validity" and that "in no absolute sense can anything ever be predicted accurately." The law of cause and effect is no longer with us, and nothing in the universe is securely hitched.

"Some things may be more probable than other," he added, "but you can't say that anything is absolutely true."

It would be hard to overestimate the importance of this changed attitude, for it carries with it one of the profoundest revolutions that the human mind has ever been compelled to pass through. We are not through with that revolution yet; indeed, we hardly passed its first phase; and before we complete it some of our concepts of man and nature and life and the universe are likely to be altered almost beyond recognition.

Nor is there anything in all of this to depress the speculative soul who likes to feel that there are values which material standards cannot assess and realities which human eyes cannot see. Indeed, the exact opposite is true. It is the ultramaterialist who is confounded by this change. How are you going to be dogmatic about the absolute domain of material things when you cannot have one single certainty about them?

In its long climb up from darkness mankind has passed a great rise, and stands now facing limitless horizons. It has lost its old landmarks—but it has a marvelous chance for adventurous exploration.

Considerable bootlegging of gasoline reported in Pennsylvania. Bootleggers are probably selling it as whisky with nobody the wiser.

Ramsay MacDonald says the man who coined the phrase, "A war to end war," was a fool. Maybe. But what about us folks that believed it?

The baseball season up to this time has certainly been conducted on the cold standard.

Camera expert says movie actresses are really not as thin as camera trickery makes them look. But are they as dumb?

Couple of New York bandits stole two coffins from an undertaker's shop. Racket business must be pretty dead these days.

THE PEOPLES COLUMN

Editor, The NEWS:

So many people have been swindled of late by the operations of what is commonly known as "bucket shops" that I answer the Pampa Daily NEWS request that I explain my experience with the shops in assisting several local people in recovering part of their funds.

Tracing through an actual and typical case will I think illustrate most clearly the operation of these crooks. A Pampa citizen, some time ago received a so-called "market letter" from a firm with a Colorado address. Enclosed was a reply card requesting a list of his stock holdings, or stocks he was interested in, and his telephone number.

This card was filled out and returned to the firm, with a request for information on several stocks, which was immediately forthcoming. Later he received a telephone call from Colorado, advising him to buy General Motors. He purchased some of the stock, or thought he did. Later and more careful examination of the written confirmation of the purchase and the impossible price at which the stock was bought had been made, showed that the purchase had not been made at all.

Meanwhile, the would-be purchaser was requested to send four hundred dollars margin, which he sent in the form of a check. Upon my advice, when I learned of the circumstances, the purchaser stopped payment on the check and investigated the firm and was immediately convinced that he had narrowly escaped being defrauded of both the money he had sent and the substantial profit which had in the meantime accrued.

Immediate and aggressive action through a local attorney and a Colorado attorney recovered a large part of the funds due, although the Colorado firm claimed to have sold the General Motors at 16 1/2% at the same time it was quoted in my office at 17%. I said this was a typical case, which is true up to a certain point. But this person recovered some of his money, which is not at all typical.

If the firm had not aroused this client's suspicion he would have later been advised to buy some obscure issue, easily manipulated on some of the smaller and less reputable stock exchanges. They might have sold him this issue at a ridiculously high figure, and then claiming that it had declined in price could have called on him for more money as long as such was forthcoming and when he was unable to send more funds they would have claimed to have sold his stock, retaining all the money he had sent.

Detailed description of the more cunning tricks played on an organized gang of swindlers would involve too much space and more knowledge of the technical machinery of manipulation, than the average person possesses. This client should be remembered, the brokerage charges of legitimate firms run very small, averaging less than one and one-half per cent. No honest, legitimate broker can afford to make hundreds of expensive long-distance calls in soliciting business. Unless your business

amounts to many hundreds of shares per month, the alleged broker who calls you from Kansas City, Oklahoma City, Dallas, Fort, Salt Lake City, Houston and such places, is a cunning, smooth-talking swindler, with an efficient working knowledge of high-pressure salesmanship and human psychology. He flatters your ego, appeals to your vanity, stimulates your greed and appeals to your human distaste for labor with glittering promises of huge fortunes in return for no effort.

COLTEXO NEWS

Camp No. 77. Mr. and Mrs. Holland Clem have returned from Berger, where they have been visiting during the past week.

Mr. and Mrs. S. V. Reeder have returned from a visit in West Virginia.

Mrs. M. A. Scott visited her granddaughter, Mrs. Bob Florence, and spent a day and night the last week.

J. D. McClung and Elmer Kirker, Patrick who are working in Berger, for the present, spent Saturday night and Sunday with home folk.

here that those to whom President Roosevelt has entrusted administration of the economy act "have gone far beyond what his spokesman in congress promised would be the extreme limit of the burden to be imposed upon the veterans."

The White Cockatoo

by Mignon G. Eberhart

Chapter 2: THE SHOT. "FIRST" Marcel said—he would not be hurried, and I thought he had rehearsed the whole telling of his tale, and his bright eyes were sparkling—"First, the towels, "There were used towels in an unused room the morning after the murder. There was also a round—"

he described it with his lively little hands—"hollow on the elderdown as if someone had sat there for a moment. I ask you—who was that?" I started to speak and checked myself for fear he would stop if I interrupted.

"Then," he held up two fingers. "Second. Father Robart was not sick during the night. I was not with him. I slept. Wait—you will ask why I permit the police to think I was with him. But what would you?"

"He, a holy father, to ask such a small favor of me and me refuse. Never! And for the police—" He shrugged his shoulders in a manner which left little doubt as to the opinion he held of the police.

"Then, third—" He paused and then went on slowly: "It is of Miss Tally, and you will know what to do. There is danger. Danger of the gravest."

Afterward it seemed to me I had been faintly conscious of some sort of murmuring sound, but I actually heard only the words coming from the little porter's mouth.

"Third," he said, "I saw that night—" And then it happened.

Though I didn't know at once what had happened I was only conscious of a sharply spitting sound and a smell, and of Marcel's face, which sagged and was surprised and held wide black eyes and an open mouth. Both his hands went to his back, and he tried to speak, and moaned and fell forward against me.

I caught him. He'd been shot. There was no one in the lounge—no one on the galleries, no one anywhere.

I eased him downward onto a chair; and then I knew that the gurgur was the elevator. The shot had come from there, and the elevator was crawling upward toward the first gallery.

I stepped backward until I could see the entrance from the elevator to the first gallery, and the entrance to the second gallery.

The thing crawled upward. The case was dark. The two little doors blank.

I heard the first gallery. Would it stop there or go on?

The elevator slowly came to a stop. There was for a moment nothing but silence; then the doors trembled.

The narrow black space between them widened almost imperceptibly.

Curiously, I heard the shot and felt the hot sting in my shoulder before I saw the muzzle of the revolver. Then things happened all at once.

I SAW the short nose of a revolver poking out from behind one of the little doors. I was conscious of a furiously sharp pain in my shoulder somewhere, I was dodging instinctively, and there was the sound of another shot. The door to the lobby was just behind me, and I had leaped to shelter behind the wall and, using the key board for a shield, was peering around it, determined to see who was in the elevator.

I saw the gleam of the revolver flying through the air downward, but not the arm that had thrown it. It fell with a clatter on the floor of the lounge, and at the very instant that I was leaning forward, sure now of seeing the murderer, someone seized me from behind; I struggled, twisting, straining my eyes toward the doors of the elevator.

But I was jerked aside. There were two policemen hanging to my arms and my waist, and the more furiously I struggled and tried to make them understand that the murderer was in the elevator and that he was even now escaping, the more energetically they pulled me away from where I could see.

My shoulder hurt like hell, I was cursing with rage and pain and baffled fury, another policeman was running into the lobby from out-

side, and a woman was screaming from somewhere in the wail of the lounge.

It was the screaming that drew one of the policemen into the lounge; at his about the two holding me dragged me after them to the door again and then into the lounge, Mrs. Byng, hanging over the gallery rail, stopped screaming to stare, and then suddenly people were coming. Lovsclim and Grethe and Little Sue with her face like chalk were running along the gallery and down the stairs and into the floor of the lounge.

All at once the lounge was crowded. Even the priest he turned up, panting, his red beard agitated, and Lorn breathless, was hurrying through the lobby and was at my side, and the little maid, Marianne, was kneeling and sobbing, and the center of it all was the small white-approved figure sprawling in the frivolous wicker chair.

In all the commotion and hubbub and torrents of French and Marianne's sobs, it was Lorn who remained fairly cool, and I'm sure it was Lorn who kept them from dragging me immediately to jail. I don't know what he said, though I guessed, from the way he pointed at my shoulder, and the blood that was soaking my coat, and the lack of powder burns.

One of the policemen had picked up the gun and was holding it gingerly by the tips of his fingers when Lorn suddenly turned toward me.

"Have you touched the gun?" he barked sharply. He was, under fire, like another man, quick, sharp, decisive, his eyes no longer dull.

"No." That much I was sure of. "Whoever was in the elevator threw it on the floor."

"In the elevator? The elevator mean? Tell me quickly."

I TOLD him quickly, and one of the policemen ran upstairs to the elevator. The two remaining still held me tightly, as if that were the only thing they understood must be done.

And just then Sue perceived my wounded shoulder (she'd been stooping over Marianne, and there were tears on her white face when she turned). She came swiftly to me and put her hands on my arms and said something quickly to the police and I thought pleadingly. But they would not relinquish their hold.

I was beginning by that time to feel a little giddy and sick. Lorn said:

"Leave it to me. I may be able to get you off. Your fingerprints can't be on the revolver, and there are no powder burns so you couldn't have done it yourself. Your being wounded may help."

It must have been only a few moments before more policemen arrived, and all at once policemen were searching the hotel, and I was being questioned at length.

It developed there were no fingerprints to be found on the revolver at all. Thus it argued that the murderer had worn gloves. It was at this point that I and my clothes and the lobby and the lounge and finally even the elevator were thoroughly searched for gloves, and to my great relief no gloves were found.

They seemed to be talking of it heatedly when the doctor arrived. He examined the little huddle on the chair first and very swiftly; ordered Marianne to a chair in the corner, where she sat sobbing helplessly while the slender body of the little porter was carried away. Then at Sue's request he turned his attention toward me.

Sue helped him; I remember the set look about her white face and the darkness of her eyes and the firm touch of her fingers. I think she was relieved at the doctor's muttered comments; and I'm sure I felt better when she said that the doctor had said it would be painful and I had lost a lot of blood but that there was no reason why it should not heal perfectly.

"What have they decided to do?" I asked her, glancing toward the police.

"I don't know," she said. "You see the police ran to the door of the lobby and caught you apparently escaping. They both launched themselves at you."

"And kept me from discovering the murderer," I said bitterly.

The police were coming toward me again. I said rapidly:

"Sue, you must take no chances. Marcel was telling me that you are in danger, when he was shot."

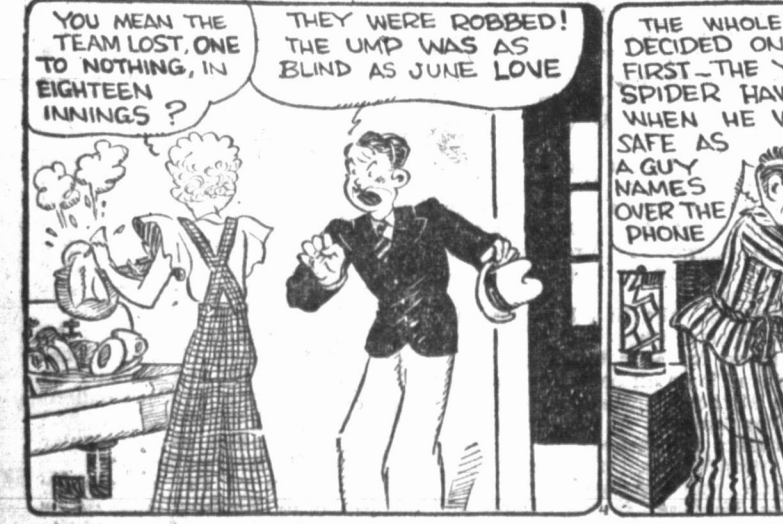

Before she could speak, they were questioning me again.

What turn will this fantastic tragedy take Monday?

MOTHER'S DAY TO BE MAY 14

URGES EXPRESSION OF REVERENCE FOR MOTHERHOOD

WASHINGTON, May 4. (AP)—President Roosevelt by proclamation today called for observance of Mothers' Day on May 14, urging that everything be done this year "for the relief and welfare of mothers and children who may be in need of the necessities of life."

In doing this he followed the special request of the senate, expressed in a recent resolution. The proclamation follows: "Whereas by house joint resolution 263, approved and signed by President Wilson on May 8, 1914, the second Sunday in May each year has been designated as Mothers' Day for the expression of our love and reverence for the mothers of our country; and

"Whereas senate resolution 16, adopted May 1, 1932, states that 'there are throughout our land today an unprecedentedly large number of mothers and dependent children who, because unemployment or loss of their bread earners, are lacking many of the necessities of life, and the president of the United States is herein authorized and requested to issue a proclamation calling the attention of our citizens on Mothers' Day this year; and

"Now, therefore, I, Franklin D. Roosevelt, president of the United States of America, by virtue of the authority vested in me, do hereby issue my proclamation upon our citizens to express on Mothers' Day, Sunday, May 14, 1933, our love and reverence for motherhood:

"(A) By the customary display of the United States flag on all government buildings, homes and other

Shoe Store To Add Department Of Ladies' Wear

A ladies' ready to wear and millinery department has been opened in the Brown Shoe store, owned by Joe Lazarus. W. R. Diamond, formerly of Chicago, is in complete charge of the new department.

The store has been remodeled and new fixtures added. Mrs. Annie Mae West and Mrs. Carl Brashears will assist Mr. Diamond in operating the ready to wear and millinery department.

Debate Contests To Begin Tonight

AUSTIN, May 4. (AP)—School children from over Texas were arriving here today for the University of Texas' 23rd annual interscholastic league meeting.

There were more than 700 athletes entered in the track and field meet which starts tomorrow.

First rounds in boys' doubles and singles tennis were set to start this afternoon. Boys and girls debate divisions planned to begin eliminations tonight.

A journalism conference was scheduled for tomorrow afternoon. There also will be three-R contests and typewriting contests.

Girl debaters of Pampa high school, Opal Denson and Yedda Stein, district champions, are entered in the debate contests.

suitable places; "(B) By the usual token and messages of affection to our mothers; and

"(C) By doing all that we can through our churches, fraternal and welfare agencies, for the relief and welfare of mothers and children who may be in need of the necessities of life."

Bell Meets 20c Cut of Humble

The Bell Oil & Gas company this morning posted a flat price of 20 cents a barrel for Gray county crude, meeting the cut set by Humble and met by Texas and Sinclair-Prairie, Phillips and Magnolia had not met the price decrease this morning.

In a letter to producers, the president of the Bell company explains the action of the company in cutting the price and asks for their co-operation in correcting the cause.

Due to the unrestrained production of oil in East Texas by a minority which has no wish or desire for the best interests of the general industry, the market for petroleum products has reached the point where we find it necessary to reduce the price we will pay for Gray county, Texas, oil to 20 cents per barrel. This new price to be effective at 7 a. m. this date.

Your expressed disapproval of those who have by litigation or otherwise consistently combated the constructive efforts of the men who desire reasonable and equitable production, will help to restore the price of your oil to levels at which you can profitably produce it.

Government Ready To Move Against Hoarders of Gold

WASHINGTON, May 4. (AP)—The government intends to move swiftly and surely against hoarders of large sums of gold.

Attorney General Cummings and Secretary Woodin have decided to act first against the most flagrant violator shown on the treasury's records just as soon as the case can be prepared.

Experts now at work in the treasury are to be joined at once by

Scout Deputy Fire Marshals Seek Equipment

The deputy fire marshals of Pampa held their regular meeting at the fire station last night to make plans for the coming month. The meeting was called to order by Deputy Chief Harlan Martin and the roll was called. The marshals have been busy this week locating a headquarters.

A finance plan was introduced by Roger Townsend, secretary, that was adopted by the marshals. This plan will enable us to raise the funds for the purchase of the fire marshal's equipment.

Plans were made for the future work of the fire marshals.

The deputy fire marshals were organized three weeks ago under the supervision of the fire chief, Clyde Gold, and under the local scout executive, C. A. Clark. They have been working very diligently in aiding Pampa, and they hope to do more after they are better organized. The next meeting will be held at the fire station on May 9. All members are urged to be present at this meeting as very important work will be studied.

The meeting adjourned with the following present: Harlan Martin, deputy fire marshal chief, Steve Goodwin, assistant, John Martin, captain, Roger Townsend, secretary, Travis Gee, James Herring, Micky Ledrick.

trained department of justice men who will go into the field also to prepare the first test case.

Cummings and Woodin studied the situation yesterday and drafted a definite plan of action to be taken under President Roosevelt's proclamation which has been challenged by some, including Senator Borah of Idaho, as unconstitutional.

Brunk's Company Is Coming Soon

On Monday, May 8, Fred G. Brunk's comedians will open a week's engagement in Pampa under the auspices of the Pampa fire department.

This popular company comes direct from a long stock engagement in Tucson, Ariz., and recently began its road tour for 1933.

All new plays are being presented this season with high class vaudeville between acts. A feature orchestra offers a fifteen minute musical presentation before each performance.

Plays, vaudeville and music are changed each night. According to Joseph L. Turner, publicity man for the company, they are offering local show goers prosperity entertainment at depression prices.

C. of C. Will Hear President Tonight

WASHINGTON, May 4. (AP)—Business leaders looked today to an address by President Roosevelt for definite indications as to how far the government is willing to go in an effort to speed the wheels of industry and put men back to work.

That address will be made tonight before the Chamber of Commerce of the United States at a time when both business and congressional leaders are advocating self-regulation of industry in the matter of hours, wages, and production as the right step.

# EVERY CLUB WOMAN IS INVITED TO OPEN HOUSE THIS EVENING

### NEW QUARTERS ARE FURNISHED VERY NEATLY

### CITY SET ASIDE THIS SPACE FOR USE OF CLUBS

A DOUBLE purpose will be served at 8 o'clock this evening, when every club woman in Pampa is invited to attend open house in the newly furnished club quarters in the city hall. The women will become better acquainted and will, in addition, see the furnished club rooms.

The occasion will be sponsored by the Council of Clubs. All of the furnishings have been placed since February. Formerly, the space was seldom used, then the Little Theater demonstrated that the room was valuable, and changes were made to improve the acoustical properties of the quarters. The room was provided especially for the use to which it is now dedicated.

Committees in charge of the function are as follows: Gift—Mesdames F. E. Leech, Frank Foster, J. M. McDonald. Program—Mesdames E. M. Conley, Philip Wolfe, and R. Earl O'Keefe.

Refreshments—Mesdames Howard Buckingham, Katie Vincent, Roger McConnell. Decorations and hospitality—Mesdames Frank Lard, A. B. Goldston, Ed Fowler, and Raymond W. Harrah.

The furnishing of the room has meant much work, both in sponsoring benefit entertainments and in caring for the details of furnishing the rooms. The committee in charge headed by Mrs. J. M. Dodson includes Mesdames W. R. Campbell, J. Powell Wehring, J. W. Garman, Jr., B. W. Ferris, T. C. Shaw, Max Mahaffey, Frank Foster, J. C. Carroll, Howard Buckingham, Ralph Thomas.

## Billy Alexander Is Given Party On 2nd Birthday

Mr. and Mrs. Bob Deason, friends of Mrs. Gladys Alexander formerly of Pampa entertained in their home in Dallas for Master Billy Martin, son of Mrs. Gladys Alexander, with a party on his second birthday, April 29.

A color scheme was carried out in blue and white. Games were played and refreshments of pineapple cream and cake were served to a few friends of Mrs. Alexander and little friends of Billy Martin. Those attending were Muriel Leone Deason, Billy Max Deason, Charles Ray Cearley, Charles Smith, Ronnie Wright Jr., George Gilkerson Jr., Yada Leona Ward, Dorothy Nell Bakely, Maxine Painter, Durine Anderson, Mr. and Mrs. Emerson Hale, grandparents of Billy Martin, Mr. and Mrs. Roscoe Blakeley, Mr. and Mrs. C. W. Cearley, Mrs. Elizabeth Fox, Mrs. Hatlie Smith, Mrs. Bud Malone, Mr. and Mrs. O. V. Payne, Mrs. Gladys Wraynt, Mr. and Mrs. George Gilkerson, Mrs. Gladys Alexander, Mr. and Mrs. Luther Anderson, and Mr. and Mrs. Bob Deason. Billy Martin received many lovely gifts.

## Patriotic Spirit Shown in Wearing Of Little Poppies

"The patriotic spirit of America which enabled the nation to put forth its great World War effort is symbolized in the little red memorial poppy," Mrs. W. C. de Cordova, president of the Pampa unit of the American Legion auxiliary, declared today as the unit members continue preparations for the observance of Poppy day here Saturday, May 27. She expressed belief that the wearing of the poppy in honor of the war dead would help reawaken a strong spirit of patriotism for the nation's peace efforts.

"The poppy is the badge of remembrance for those who sacrificed their lives in the country's service," Mrs. de Cordova said. "It stands for the highest type of patriotism that we can conceive. It recalls the spirit of those days when every American was dedicating his energies and resources to the national cause and when life itself was not too much to give for the country. Remembering those days, it is difficult to understand how Americans can be daunted by the country's difficulties. A people who only fifteen short years ago united with such devotion and energy to meet a war emergency, most certainly have the power to meet any emergencies of peace. The poppy, that symbol of patriotic sacrifice, should awaken in all our hearts a deeper conception of our own duties to our country today and inspire us to give in peace the type of service the men who died among the poppies in France gave in time of war."

Volunteer workers from the American Legion auxiliary will offer poppies on the streets all day Saturday. The poppies have been made by disabled veterans and all contributions received will be used for the auxiliary's relief and rehabilitation work among the disabled men and their families.

Harry Dutton of Wichita Falls is visiting in Pampa for a few days.

Mrs. Clint Mashom of Amarillo was a Pampa shopper yesterday.

Mrs. John McClure of Claude shopped in the city Wednesday afternoon.

## SHE HAS VOICE, YOUTH, LOOKS

BERLIN (AP)—Her father didn't like singers, but that didn't stop pretty Renate Mueller from wheedling vocal lessons out of him. Now at 23 she's both singer and actress; also the newest of German's motion picture stars.

Born in Munich where her father was editor-in-chief of the largest paper in the famous Bavarian beer town, Renate was reared in Danzig where she was educated and studied singing.

"Naturally, if you want to," Herr Mueller told his daughter, "but no good will ever come of it."

At the recommendation of her voice instructor Renate applied for admission to the Reinhardt school of acting in Berlin and was admitted to the select circle. Admittance at that time virtually guaranteed future stardom under Max Reinhardt.

Her debut was as Helene in "A Summer Night's Dream" in the Harz Mountain town of Thale where she was "farmed out" to get experience. She was a success there and was brought back to Berlin.

Ufa, the big German film concern, drafted her from the legitimate stage for the movies, giving her the lead in "Love in the Ring" with Max Schmeling furnishing the other heart flutters.

Her success in this film prompted Ufa to sign her as a star. She recently returned from Egypt, where her troupe was "on location."

PULCHRITUDE, aided by vocal and dramatic talents, qualified Renate Mueller for stardom in German films.

## C. I. A. EXES TO HAVE DINNER FOR FORMER STATE PRESIDENT AT SCHNEIDER HOTEL FRIDAY

Visitor Will Talk To School Girls Of Pampa

The C. I. A. Ex-student Club will have as its guest Miss Temple Davis Andrew of Fort Worth, ex-president of the C. I. A. Ex-student association.

Her visit to Pampa is mainly to see the senior girls of the Pampa high school. Miss Andrew will make a very interesting talk tomorrow afternoon to the senior girls. All mothers are invited to attend. Tomorrow evening at 7 o'clock the Ex-student club members will give a dinner in honor of Miss Andrew at the Schneider Hotel. All C. I. A. ex-students who have not joined the club here and who wish to attend the entertainment tomorrow night are asked to get in touch with Mrs. J. B. Massa.

## Bethany Class Is To Meet Tomorrow

The Bethany Sunday school class of the First Baptist church will hold a social and business meeting in the home of Mrs. Tom Rose at 2:30 tomorrow afternoon.

All members, members in service and prospective members are invited to attend.

## HOW SHE LOST 18 POUNDS OF FAT

For Less Than \$1.00

"Will say in regards to Kruschen: I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought one more bottle today and expect to lose 18 more pounds. I now weigh 148 and feel fine." Mrs. Harry Robinson, Akron, Ohio (Jan. 6, 1933).

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at Richards Drug Co., Inc., or any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back. (Adv.)

## OFFICERS ARE RETAINED AND REPORTS MADE

## BAPTIST WOMEN HAVE INSPIRING TWO-DAY EVENT

AFTER having two days of inspiration and business, delegates to the 23rd annual meeting of the tenth district of the Woman's Missionary Union adjourned here yesterday by re-electing Mrs. D. A. Grundy of Memphis president and Mrs. J. W. Sanders of Canadian secretary. The meeting place for next year will be decided by the executive committee.

Absence of some speakers and entertainers from out-of-town necessitated last-minute changes in yesterday's program, but the time was well filled. More than one hundred visitors from other towns were registered.

The opening devotional yesterday morning was led by Mrs. J. H. Cureton of Amarillo. Mrs. J. A. Meek made the welcome address and Mrs. Chas. Williams of Dalhart responded. Mrs. Grundy made an inspiring talk on keeping the work going with opportunities greater than ever. Mrs. W. R. Chaffin sang a vocal solo, then Mrs. Sanders talked on finances. Mrs. Wesley Davis of Miami sang, as also did the Pampa Treble Clef club.

Talks by associational presidents included those of Mrs. F. E. Leech of Pampa, Mrs. M. E. Wells of Hedley, and Mrs. Royal Pendleton of Stratford. Visiting pastors made 2-minute talks. Mrs. Cecil Goff of McLean sang, Mrs. E. Leigh of Dallas made a talk, Mrs. E. H. Mason of Amarillo gave "lauding in song," and Mrs. John Cureton of Amarillo a talk, "In Memoriam." Mrs. J. W. Sanders of Amarillo sang a vocal solo just before luncheon in the basement, where 200 were served at the First Baptist church. In the afternoon, Mrs. Leck Goldston of Clarendon had charge of the devotional. Christian education was discussed by Mrs. A. F. Johnson of Berger, Mrs. T. J. Gambrell of Stratford, Mrs. C. E. Lancaster of Pampa, Mrs. J. M. Weathers of Panhandle, and Miss Mary Hope Wells of Hedley.

Adjournment followed reports of committees. Visitors and home folk called it a very fine meeting.

## Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10 ets. and 35 ets. packages. All dealers. (Adv.)

## MENUS of the DAY

By SISTER MARY NEA Service Writer

Rhubarb pie and rhubarb sauce are excellent ways to use this early garden plant but they become monotonous if repeated too often. Try something different for the sake of variety and see if the whole meal prosaic though it may be, isn't enjoyed.

**Rhubarb and Raisin Pie**  
The addition of raisins increases the food value of this dessert materially.

Two cups rhubarb cut in inch pieces, 1 cup seeded raisins, 2 tablespoons flour, 2 tablespoons butter, 1/2 cup sugar, 1 egg.

Combine rhubarb and raisins and let simmer in water to cover until rhubarb is tender and raisins are plump. Strain and thicken the liquid with flour and butter blend. Cook and stir a few minutes after mixture boils. Add sugar and egg well beaten. Mix well and add cooked raisins and rhubarb. Pour into a baked pie shell and serve when cold.

**Rhubarb with Dumplings**  
One pound rhubarb, 1 cup flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1 tablespoon melted butter, 2 tablespoons sugar, 1 egg, 2 to 4 tablespoons milk.

Wash rhubarb and peel if necessary. Cut in inch lengths and put into a covered casserole. Add a few tablespoons water or fruit juice from any kind of canned fruit. Make the dumplings by mixing and sifting flour, salt and baking powder and sugar. Add melted butter. Beat egg until light and add to dry ingredients with enough milk to make a stiff drop dough. Drop spoonful over the rhubarb, cover casserole and bake in a hot oven for 20 minutes. Serve warm with sugar to slightly sweeten rhubarb.

**Rhubarb Float**  
This is a truly delicious chilled dessert that will be relished with any spring meal.

Two cups stewed and sweetened rhubarb, 4 tablespoons flour, 3 egg whites, 1/2 teaspoon salt.

Stir flour into one-half cup rhubarb. When perfectly smooth add to rest of rhubarb and cook, stirring constantly until mixture boils. Remove from fire and cool slightly. Beat in the whites of eggs beaten until still. Continue to heat until mixture stands up in peaks. Chill in refrigerator for several hours and serve with a custard made with the yolks of the eggs.

**Monday's Menu**  
BREAKFAST: Stewed dried apricots, cereal, cream, hash, graham muffins, milk, coffee.  
LUNCHEON: Parsnip and tomato ring, toasted muffins, rhubarb float, milk, tea.  
DINNER: Planked calf's liver with vegetables, spring salad, coconut pudding, milk, coffee.

## SAM HOUSTON PUPILS ARE TO GIVE PROGRAM

## SPRING REVIEW WILL BE PRESENTED AT AUDITORIUM

PAMPA parents and friends of pupils are due an evening's entertainment by the Sam Houston school give a spring review Friday evening at 8 o'clock. The city hall auditorium has been chosen for the event.

Principal A. L. Patrick will present the following program: Miss Virginia Beckelheimer will play several piano selections. A cantata, "A Swallow" will be featured by fourth, fifth and sixth grades with Mrs. Sam Irwin as director; The Flower Party, by Miss Lillian Mullinax's room; play, The Fairy and the Doll, by Mrs. L. C. Peddicord's room; talk by Supt. R. B. Fisher. Some New Tendencies in School Methods; Dance and Song by Mrs. J. I. Bradley's room; a negro play by Mrs. Irwin's room, directed by Miss Jones; Scottish dance by Mrs. C. W. Stowell's room; a ballroom dance by Miss Jewell Montague's room; song and dance by Mrs. L. K. Stout's room; clown stunts by Mrs. J. L. Lester's room; Tap Dance by pupils of Mrs. L. K. Stout's room; a "society wedding" by Miss Violet Burnett's pupils.

Both teachers and pupils have worked enthusiastically to provide an enjoyable program. A cordial invitation is extended to all. There will be a small admission charge of 10 cents.

**REBEKAHS MAKE QUILT**  
The Rebekahs met at the I. O. O. F. Hall Tuesday and quilted for the orphanage at Corsicana. The Rebekah group has quilted three quilts during the month. A covered dish luncheon was served and enjoyed by all.

# CANYON COLLEGE WANTS TO SEVER ATHLETIC RELATIONS WITH TECH

## TECH COUNCIL IS OPPOSED TO FUTURE SPLIT

### LUBBOCK SCHOOL WILL TAKE NO PART IN CONTROVERSY

CANYON, May 4 (AP)—A breach of athletic relations between Texas Technological college and West Texas State Teachers college was threatened today as a result of ill feeling arising from a spring football game between the schools at Lubbock last Friday night. Tech won, 21 to 0.

The impending split was revealed in a letter from Coach S. D. Burton of the Teachers college to Coach Pete Cawthon of Tech, in which Burton expressed the sentiment that athletic relations should be severed "as long as the schools retain their present coaching staffs."

In commenting on the letter, W. L. Stangel, chairman of the Tech athletic council, said, "we don't want to sever relations with them and we will take no active part in the controversy."

## 'ALL THOSE WHO LIKE A GOOD FOOTBALL GAME WILL VOTE 'NO', ADVISES SPEAKER C. STEVENSON

By R. W. BAARY

AUSTIN, May 4 (AP)—Coke Stevenson, speaker of the Texas house of representatives, apparently has never evinced irritation from the tedium of the task. His unruffled good humor has been shown in witty remarks that relieved some of the dullness attendant upon legislative sessions as they grow old. He has refrained from being too serious. As a result he has withstood the perplexities of his position and emerged with the friendship and respect of the entire house.

While the house was considering the educational appropriation bill a member wanted to strike out the allotment to football coaches at universities of higher learning.

When the time came to put the question Speaker Stevenson dryly remarked:

"The question is, shall the appropriation be stricken out; all those who like a good football game will vote 'No'."

Another time:

A member submitted a long point of order against a piece of legislation, setting forth many "ifs" based on what might happen and what might not happen.

"The point of order is overruled,"

said Speaker Stevenson, "because for that matter, lightning might strike all of us before we recess this house tonight."

Representative J. L. Goodman of Franklin, veteran of the house in point of years, once was a judge. While presiding as chairman over a committee investigating a fight between a legislator and a non-member he noticed that Representative Albert K. Daniel of Crockett had his feet on the table.

"Members of the committee must refrain from putting their feet on the table; I didn't allow that when I presided over my court and I cannot tolerate it now," the venerable legislator said.

ROSWELL, N. M., May 4 (AP)—H. M. Brown left one foot sticking out "just a little" when he crawled beneath his tractor for protection from a dynamite blast. The tractor was quite a distance from the "shot," but one rock went higher and traveled farther than the others. It fell on Brown's protruding foot. Brown, a highway worker, was sent to the hospital.

J. G. Comer of Perryton visited friends here yesterday.

## BOSTON NINES ARE VICTORS

### Red Sox Beat Browns, And Braves Wallop Reds of Cincinnati.

By HUGH S. FULLERTON JR. Associated Press Sports Writer

Two of the least important factors in one of the biggest of last winter's baseball trades, Fred Schulte and Sam West, have blossomed as leading figures of the American league with their new teams. Schulte went from the St. Louis Browns to the Washington Senators and West reversed the route. Now Schulte is the leading batter of the league with a .397 average for 16 games while West is ranked as his leading rival, batting .388 in 20 games.

West lost a good chance to gain on his rival yesterday as rain and cold weather forced the postponement of all but two major league games, including the Senators' clash with Detroit. He yielded with the rest of the Browns to the pitching skill of Ivy Paul Andrews, who hurled the Boston Red Sox to a 6 to 1 triumph to break a six-game losing streak.

Boston also came out on top in the only National league game of the day as the Braves came from underneath to down the Cincinnati Reds 6 to 4.

## VERNON WINS 4 ROUNDS AND QUILTS BATTLE

### ASTHMATIC CONDITION FORCES PAMPAN TO HURL IN TOWEL

James Bradley, sensational Fort Worth middleweight, carried his string of consecutive knockouts to 23 last night at the Pla-Mor auditorium when Joe Vernon's seconds called the towel into the ring at the close of the fifth round. It was the first time, however, that a fight had been carried more than four rounds against the hard-hitting Bradley.

Apparently over-confident from his string of knockouts and believing Vernon was a "small-time" boy, Bradley took a right cross to the chin in the first round and went down for a count of eight. Vernon continued to carry the fight and also won the next three rounds, shooting solid blows to the body and lefts and rights to the head that almost closed Bradley's left eye.

The Fort Worth boy connected with a few solid blows and every one of them counted. Vernon started to weaken in the last of the third round but carried the fight in the fourth. The fifth saw Bradley come out strong, take considerable punishment to get in close, and then he landed his famous right jolt to Vernon's chin. The Pampa boy took a count of nine, but came back fighting only to be met by a barrage of gloves. He slumped in his corner at the bell and his seconds called the towel into the ring.

Not at His Best

Vernon did not look like the boy who won his last four fights here. He labored all the time and his wind gave completely away. He had been raining hard and last week could easily have gone 10 rounds at top speed. His handlers said after the fight that they were afraid he was suffering from asthma.

Frankie Carr, Fort Worth lightweight, took a decision from Duff Stanley of Amarillo in the six-round semi-final. Carr was the aggressor from the first round and landed about three to one blows. However, Stanley showed up well on several occasions and especially in the last round, when he staged a rally that battered Carr around the ring.

The Fort Worth boy took considerable punishment through Stanley's counter fighting. Stanley opened fast but faded as Carr got the range with his long swings. Both boys used a nice defense.

Young Stanley, Amarillo, and Rip Collins, Childress, two 135-pounders, slugged as long as their wind lasted, then rested, and went back again. Collins was the aggressor in the first few rounds while Stanley finished the fight. They were closely matched but Stanley did the more fighting and landed the more effective blows. Collins showed a new type of fighting to Pampa fans as he hopped about the ring with a left arm working like a pump handle.

Lefty Hawkins lost so much blood in his bout with Harold Phillips that his seconds threw the towel in the ring near the end of the second

## MAGS TO PLAY COLTEXO NINE NEXT SUNDAY

### PRACTICE CALLED FOR FRIDAY; UNIFORMS ORDERED

The baseball season will be ushered into Pampa Sunday afternoon when the newly organized "Magnolia Mags" meet the Coltexo nine from Hoover in an exhibition tilt. No admission will be charged and Pampa fans are urged to attend the game and see the team in action for the first time this season.

Manager J. H. Buckingham has been putting his team through some stiff workouts and will polish off practice Friday afternoon. A big practice was called for this afternoon at 5 o'clock. The starting lineup has not been announced but Mr. Buckingham said he would probably name his starters after the practice Friday.

New uniforms have been ordered and will be issued before the game Sunday. The team has been entered in the Gray-Wheeler-Coltexo league which will start one week from Sunday. One of the opening games will probably be played in Pampa.

The Coltexo boys have been playing for the last month and will have the edge of training on the "Mags." They are reported to have a snappy organization of veterans. The game with the Magnolia nine will start at 2:30 o'clock.

## Hildebrand Has Worked Games For Over Twenty Years

ST. LOUIS, May 4 (AP)—Meet Mr. George Hildebrand, American league umpire, who admits working 3,098 consecutive games in his more than 20 years as a ball-and-strike dictator in the circuit.

"In 20 years I've never missed a single inning of a single game," quip Mr. Hildebrand. "I've never missed a train. Every game I was assigned to, I went through with."

With these words "Hilde" disposed of the record of Pflirman, a brother big league arbitrator. Tuesday Pflirman became ill before the Giant-Club battle in New York, to which he was assigned, and was unable to appear.

# JAPAN'S SPOKESMAN IS READY TO DEFEND CHINESE POLICIES

## RECOGNITION OF MANCHUKUO TO BE URGED

### JAPAN'S DELEGATE ON WAY TO TALK WITH ROOSEVELT

TOKYO, May 4. (AP)—Viscount Kukiyo Ishii left today for his conferences with President Roosevelt to defend Japan's role as a "primary defender of the peace of the Orient," and to urge American recognition of Manchukuo.

Also, if the American president offers an opening for such arrangements, the 67-year-old statesman is prepared to defend the Japanese conquest of Manchuria and the establishment therein of the Manchukuo government.

Accompanying the viscount are Elgo Fukai, vice governor of the bank of Japan, and seven advisers and secretaries.

Before leaving, Viscount Ishii told a representative of the Associated Press that his role at the White House talks and later at the world economic conference in London would be primarily political.

The economic aspects of the mission, he added, will be left to Fukai, a leading Japanese business man who attended the peace conference in 1918 and who was a Japanese delegate to the Washington arms conference in 1921.

Probably the first and most-vital task he will have in Washington, Mr. Ishii said, will be to learn from President Roosevelt just how far and in what directions the idea of a consultative pact to implement the Kellogg-Briand peace treaty developed in the president's talks with Prime Minister MacDonald of Great Britain and former Premier Herriot of France.

"This is of the utmost importance to Japan, and we are still ignorant about what has been done," said Viscount Ishii regarding the latest peace proposal.

Other officials confirmed that Japan could accept a consultative pact involving the defining of aggressor nations only with the strongest reservations concerning Japan's right to adequate self-defense forces.

## Markets

### New York Stocks

NEW YORK, May 4. (AP)—The stock market simmered and boiled today, displaying mixtures of hope and fear, and finally steamed upward to a strong finish with the rails leading the advance, gains ranged from 1 to 3 or more points. Transfers approximated 4,800,000 shares.

**CHICAGO GRAIN**  
CHICAGO, May 4. (AP)—Grains quickly advanced today after a wavering start that was associated with lower wheat quotations at Liverpool and rains in domestic winter crop territory southwest. New speculative buying appeared in volume of price declines, but slackened on upturns. Opening unchanged to 1/4 off, wheat subsequently averaged higher. Corn started at 1/2 decline to 1/2 gain, and later steadied at around yesterday's finish.

Wheat closed strong, 1/2-1 1/2 above yesterday's finish, corn 1/4-1 1/2 advanced, oats 1/2 off to 1/2 up, and provisions varying from 2 cents declined to a rise of 15 cents.

## Young Woman Of Pampa Succumbs

Miss Thelma Hughes, 21, died at the home of her parents, Mr. and Mrs. Ira Hughes, 210 East Brown street, early this morning. She had been in ill health for more than a year. The family have been residents of Pampa for a number of years.

The body lies at rest in the G. C. Malone Funeral home. Funeral arrangements have not been completed. Miss Hughes attended school here and more recently was connected with the Southwestern Bell Telephone company.

Besides her parents, she is survived by two sisters, Grace and Pearl, at home.

CHICAGO, May 4. (AP)—Poultry steady to firm; hens 11 1/2-12; leghorn hens 10 1/2; roosters 8 1/2. No. 2, 6; turkeys 11-15; spring ducks 11-12; old ducks 10-12; geese 7; leghorn broilers 17; rock broilers 20-25; colored 18-23.

## KANSAS CITY LIVESTOCK

KANSAS CITY, May 4. (AP)—(U. S. D. A.)—Hogs: 5,000; 5 higher; top 3.75 on 130-250 lbs; packing sows 275-550 lbs 3.10-45. Cattle: 2,000; calves: 500; fully steers: good and choice 550-1500 lbs 4.35-6.75; cows, good 3.00-5.00; vealers, (milk fed), medium to choice 3.00-6.00; stocker and feeder steers, good and choice 4.75-6.25.

## NEW ORLEANS COTTON

NEW ORLEANS, May 4. (AP)—Cotton opened quiet and easier today. Cables were lower than due and first trades here showed losses of 10 to 14 points. Prices eased slightly further after the start with July at 8.07 and October at 8.32, down 12 to 14 points from yesterday's close. After the early offerings had been absorbed, the market rallied on buying by commission houses, recovering all the early loss. July, snapping back to 8.21 and October to 8.44, even with the close of yesterday.

Trading in cotton was very moderate during the morning and prices fluctuated within the range. At one time, October eased to \$8.55, or 8 points net, largely due to reports of beneficial rains in Texas, which induced sales to take profits.

Toward mid-session, however, the market rallied in sympathy with firmer stocks, October trading up to \$8.43 and December to \$8.56, or 8 points up from the morning's lowest and within one to two points of the highs.

At mid-session the market was steady, ruling one to four points under yesterday's close.

## Roosevelt Will Open Chicago's Fair on May 27

WASHINGTON, May 4. (AP)—President Roosevelt today tentatively accepted invitations to open the Chicago exposition on May 27 and to dedicate on the same day the formal opening of the Great Lakes to the Gulf waterway.

The waterway dedication also will be held in Chicago. The latter invitation was delivered by a congressional committee headed by Speaker Rainey, at the time a Chicago delegation with Rufus C. Dawes as its spokesman, asked the president to formally open the exposition.

The date for the opening of the exposition was advanced from June 1 to May 27 to permit the president to attend. Earlier he had accepted an invitation to deliver the diplomas to the graduating class at the naval academy in Annapolis on June 1.

## YOUTH AND OLD AGT

GAINESVILLE, Fla., May 4. (AP)—Dr. Albert Shaw, 75-year-old New York publisher and editor of the Review of Reviews, and Miss Virginia McCall of Gainesville, his 22-year-old secretary, were issued a marriage license with the wedding arranged for noon today in Holy Trinity Episcopal church.

Robert Parks of St. Louis is in the city this week.

C. C. Wynn of Electra is visiting friends in Pampa for a few days.

J. D. Hill of Amarillo spent yesterday in Pampa.

E. C. Everett of Amarillo spent the day in Pampa.

AUSTIN, May 4. (AP)—Operators in the East Texas oil field have been called to meet here May 15 with the railroad commission for discussion of problems having to do with prorating production.

## COTTON

(Continued from Page 1)

row crops except through feeding, while cotton is always saleable for something.

Cotton can be successfully grown here if good seed is planted, as was demonstrated a few years ago. Less than a decade ago, Pampa had a gin. If acreage enough is planted to indicate ginning of as much as 2,000 bales this year, a gin will likely be built. The south part of the county gins from 5,000 to 9,000 bales annually.

Some Obstacles. There are several obstacles to cotton culture. One is a shortage of seed and funds to buy it. Another is scarcity of horse and mules to plow the cotton. A third is lack of cotton farming machinery, a fourth a disinclination of the "high class" wheat farmer to bend his back over a hoe. Dire necessity and resourcefulness may remove most of these obstacles.

Not infrequently, cotton pays off more notes than wheat in sections where both crops are grown. H. P. Larsh, experienced cotton merchant and ginner, points out that when cotton was grown here previously, labor became high and hard to get. Wheat sold at a price which discouraged cotton. Now all these conditions have changed. The yield

was generally satisfactory and the quality excellent.

Expect 4000 Bales.

Mr. Larsh told The NEWS that 8,000 acres of cotton planned in early maturing varieties and properly cultivated could be expected to produce 4,000 standard bales of 500 pounds each. Based upon an average price of \$5.85 for line and \$8 per ton for cotton seed, the income would aggregate \$13,000 to be distributed to relieve indebtedness, plus \$12,800 for the seed. The picking would represent a labor output of around \$36,000 and a valuable contribution toward relief of the unemployed.

The sudden trend to cotton is largely for this year only, because of the wheat drought. Not many farmers care to equip themselves to cultivate both wheat and cotton extensively. Moreover, County Agent Ralph Thomas recommends diversification with row crops and livestock rather than cotton. But cotton seems to fit the present emergency best for those who can equip themselves quickly to plant and harvest small fields.

County Agent Thomas will assist any farmer who calls upon him for advice or other help. He has already assisted a number of farmers who are turning to cotton to prevent wheat acreage from lying idle.

J. W. Flint of Bartlesville is here on business for a few days.

## Park Officials Of State Visit Palo Duro Canyon

AMARILLO, May 4. (AP)—State park officials and engineers were being escorted through Palo Duro canyon Wednesday by delegations from Amarillo and neighboring cities who are interested in developing the canyon for a state park.

The inspection primarily was for the purpose of looking over probable locations for proposed scenic highways which may be built by government reforestation recruits. Government authorities have been petitioned to establish two camps in the canyon, provided landowner will donate land for park and highway projects.

It has been proposed that a scenic highway to be known as the Goodnight Trail, honoring the late Col. Charles C. Goodnight, be built from the town of Goodnight thru

TWINKLES  
Spring is here.

We oldtimers are feeling a lot better—the weather is acting more normally, and we are getting our bearings.

That thunder was a welcome sound, wasn't it? When it thunders, nature is relaxing again and loosening old Jupe Pluvius, who was kidnapped by Old King Drought. But Jupe is out again and thundering as of yore.

Nature is smelling more natural. We need no birds singing on the roof (from work) and en route, our nostrils caught a familiar smell, a humidity, if you please. Our sinuses, dry and dusty, quit aching.

Another reason we know that spring is her is that we no longer need an alarm clock to awaken at 6 a. m. During the winter, we wake up at 7 a. m. just as regular as the cock crow. But in true spring and summer we automatically open our eyes an hour earlier. We need no birds singing on the window ledge to remind us of the dawning of a new day.

There's one consolation—we are getting a lot of dust from Mexico. We'd like to know how much we are losing in exchange—*we fear the dust we are losing is better than that we are getting.* And the West Foster grouse says he has a lot of dust caught in fresh paint which isn't worth anything.

Reports from Austin indicate that several Panhandle politicians are in something resembling a feud. The oil commission bill brought to light a number of personal ambitions which couldn't wait until election time. It is nearly a certainty that if two potential governors, it will be by the time they mutually arrange each other's political funerals. At any rate, it begins to appear that it is impossible to adjourn politics in this state.

Among the meanest tricksters in the world are those who operate fly-by-night "bucket shops" through which, by claiming to give tips on rise and fall of stocks, they swindle persons whose credulity or vanity leads them to take a risk in an unknown firm. Sev-Fampans now realize that they were duped at a time when they could least afford to lose. Any one who risks large sums with strangers, without the advice of honest brokers or bankers, is adding an old racket, and one recently exposed by Chicago's own tribe of muscle-men. A clever letter, a flattering telephone call from an out-of-town trader have paved the way for far too many losses. Safety is better than sorrow, especially at this time.

### Officers Arrest 100 During April

City police officers made 110 arrests during April, according to the monthly report to add \$466.50 to the city coffers. Fines assessed totaled \$790, but the difference was worked out of "laid out."

### THREE GUESSES

### CROP SUCCESS BEFORE LABOR BECAME HIGH

### QUICKEST METHOD FOR OBTAINING QUICK CASH

### GOOD SEED IMPORTANT

### LOCAL AGENCIES WILL HELP TO REMOVE OBSTACLES

PAMPA, where cotton went out as oil and high wages came in, may again be surrounded by small fields of the white bolls.

With wheat acreage abandonment huge because the rains came too late and the winds too early, many farmers are looking to cotton to provide needed cash next fall.

Assistance to farmers in securing acclimated, dependable seed will be given by the B. C. D. Junior chamber of commerce. County Agent Ralph Thomas, The NEWS, and interested citizens. Farmers may leave their names with the B. C. D. at the city hall and state their problems.

It is believed that not less than 8,000 acres of blown-out wheat land will be planted above the "breaks" within the next few weeks. Since there are about 400 wheat farms, the number of acres of cotton in each field will be small, ranging from 20 to 300 acres.

No Radical Change. Those encouraging the planting of small fields of cotton are not advocating any change from wheat to cotton as a principal crop. They do not like the conditions which go with the one-crop cotton country. They recognize that cheap labor is both usually scarce here and at the same time undesirable.

But conditions now are different and of an emergency character. Wheat farmers, unless they have diversified with livestock, will have no cash income for more than a year. There is no ready market for

(See COTTON, Page 6.)

### Bill To Reduce Officials' Fees Passed By House

AUSTIN, May 4. (AP)—Passage of a bill to lower the maximum fees allowed county, district, and precinct officials was effected in the house of the legislature today.

The house substituted a bill by Rep. W. T. Savage of Dallas for one passed by the senate. It was probable the senate would refuse to concur in the house substitute and the final draft written in a free conference committee.

A maximum of \$6,500 was placed on compensation to be paid district and county officials and \$4,500 for precinct officials.

The senate bill carried a maximum of \$4,000. The present maximum allowance is \$12,500 for all officials.

Both the house and senate bills were based on population of the respective counties. Numerous exceptions to care for unusual conditions, such as might exist in oil boom counties where the work of officials is heavy, were made in the house bill.

Provision was made to give the county commissioners courts limited supervision over fee officials. The commissioners could determine the number of employees and their salaries, if their compensation was to be paid of a county's general funds.

### I HEARD--

John Hessey has a sore arm from casting a fly rod off the North Cuyler street bridge into the swollen Red Deer creek which was wide and deep enough "to swim a horse" this morning.

That R. B. Fisher, L. L. Sone, and J. L. Lester spent part of the morning digging an irrigation ditch at the rear of the high school. Several of the students wanted them to leave the lake as it was and issue bathing suits.

Bert Curry and Gilmore Kunn being selected as the pick of the younger speakers in Pampa by a bunch in Father's Drug this morning. Travis Lively and Frank Foster were the selections among the older men. Lawyers and preachers were barred from the list.

## Drought Definitely Broken As Over Inch and One-Half Of Rain Falls Over County

### Lakes and Creeks Full of Water; Farmers May Now Plant Row Crops.

RAINFALL such as farmers had hoped for many months fell in Pampa and most of Gray county last night, the total here since yesterday noon amounting to 1.45 inches.

This morning all "draws" and Red Deer creek were roaring with water as wide as 40 feet and deep enough "to swim a horse." Country roads were almost impassable with mud for a few hours.

Buses from Childress were 2 hours late, but on time from Amarillo. The Amarillo detour was so muddy and water covered late yesterday that cars needed as much as 2 hours to negotiate it. It was reported to be passable today, although other detours back to highway 33 were being opened by persons familiar with country roads.

To farmers, the rains means that their lands would be ready for row crops or cotton, and that some wheat fields would either produce small crops or enough wheat for seed. City dwellers hoped that it had rained enough west of here to stop the dust storms, which have carried dirt for several hundred miles to and from Pampa.

GUYPON, Okla., May 4. (AP)—The Oklahoma Panhandle was soaked today by the heaviest rainfall within the last 11 months. A total of 2.35 inches had fallen in the Guypon section.

The rain, coming after a series of devastating sandstorms, gave new hope to farmers and stockraisers who saw row crops and ranges revived. Although wheat had been damaged seriously by drought and wind, farmers now predict the best row crops in years.

### Vernon Poe Is Given 12 Years In 3 Burglaries

Three sentences totaling 12 years in the Texas penitentiary were given Vernon L. Poe, local youth by Judge W. R. Ewing yesterday on pleas of guilty to burglaries of the Brown-McLain store and the Furr Food store, the latter having been looted twice.

The sentences were 5 years in two cases and 2 years in the other. The judge today was hearing the civil suit of M. W. Kimbrough against John T. Glover.

### Pampa Pythians Attend District Meet at Lubbock

Pampa Pythians, home from the district convention in Lubbock report an excellent meeting and courteous treatment. Members of the local lodge who attended the convention were Tracy Cary, Kirt Chester, Ernest Gee, Morris Johnson, Ray Barnard, and Dr. C. H. Schulzky.

The report on activities of the district lodge was made by Ernest Gee and was well received. The lodge was found to be one of the most active in the district in activities and members.

John Lee Smith of Thackmorton, grand chancellor for Texas, headed a group of state officials who attended the convention. Many interesting addresses were heard and degree work was given by crack teams.

### Water Consumption Totals 21 Million Gallons in April

Pampans used 21,105,000 gallons of water in April, according to the report of the water works department received by City Manager C. L. Sline this morning. The average daily consumption was 703,500 gallons.

May started out better, lawns and gardens taking large quantities. The heavy rain will tend to cut the amount this month.

### HELD FOR MULESHOT

DALLAS, May 4. (AP)—A man who officers said was wanted at Muleshoe, Texas, for questioning concerning a bank robbery was arrested here yesterday.

### After Rain and Hail in Texas

HAIL AND RAIN in gigantic proportions, which hit Dallas and surrounding territory left hundreds homeless, killed three and injured many more. More than \$2,000,000 in property damage was done in Dallas alone. Above, R. F. C. workers gather in the meagre belongings of tent house dwellers in the lowlands. The immense amount of water swept everything before it. Below are three little girls, homeless, but welcoming the sand man just the same on a cot in a relief station.

### POLICE FOLLOW FRESH CLUES IN KIDNAPING; RANSOM AGENT HINTS CHILD'S RECOVERY IS EXPECTED

### Negro and White Girl Reported Seen In Settlement

HARWICHPORT, Mass., May 4. (AP)—A report that a negro had been seen with a white girl in his automobile in Mashpee, an Indian settlement, about 20 miles from here, today caused the hurried ordering to that town of 20 state troopers engaged in tracking the kidnapers of 10-year-old Margaret McMath.

The troopers were dispatched to search the vicinity of Mashpee in a wireless message from the temporary state police headquarters established here to the score of police cruising cars which, earlier in the day, had been sent out to four every by path in the vicinity and make inquiries at every likely place.

Meanwhile, William Lee, business associate of Neil C. McMath, who has acted as liaison for the father of the child, who was enticed from her school by a negro in an automobile Tuesday, said that he expects to have an announcement of importance to make "in a little while." He added that, in the belief that organized gangsters from a large city might have been responsible for the abduction, the family had named Aaron Davis, of New York, as a contact for any negotiations that might be necessary in that city.

### OIL PRICE POSTED

ELECTRA, May 4. (AP)—The Waggoner Pipe Line company, effective at 7 a. m. today, posted a price of 25 cents a barrel on all grades of crude oil run by it in Wichita and Wilbarger counties.

### Water Consumption Totals 21 Million Gallons in April

Pampans used 21,105,000 gallons of water in April, according to the report of the water works department received by City Manager C. L. Sline this morning. The average daily consumption was 703,500 gallons.

### HELD FOR MULESHOT

DALLAS, May 4. (AP)—A man who officers said was wanted at Muleshoe, Texas, for questioning concerning a bank robbery was arrested here yesterday.

### Canadian River On Rampage

AMARILLO, May 4. (AP)—Torrential rains tied up traffic throughout the North Plains and the Oklahoma Panhandle last night and today.

Morse, Texas, was cut off by highway to the north and east, and it was doubtful if the Santa Fe train from Shattuck, Okla., would be able to cross the Palo Duro creek, which was out of bounds. The county highway bridge over the creek had washed out and was lodged against the Santa Fe trestle. School buses were unable to make their routes and the schools were dismissed for the day.

The rains had caused a break in the 22-inch line of the Panhandle Eastern Gas company, a short distance north of Gruver. Unable to cross the flooding Palo Duro creek to the nearest gate, B. Brumley, a lineman, had to walk three miles to another gate near Morse to cut off the flow. No estimate of the damage was available.

Snow ranging from three to seven inches fell from Texline to Trinidad, Colorado, with a seven-inch fall at Des Moines, N. M. The temperature dropped to freezing at Texline.

### LATE NEWS

WASHINGTON, May 4. (AP)—The senate granted broad power to its banking committee today to investigate loans by the reconstruction finance corporation.

PARIS, May 4. (AP)—Ex-Premier Herriot failed to get any definite indications on the war debt settlement in his Washington conversations, Joseph Paul-Boncour, foreign minister told the French senate today, adding that negotiations on this question would be long and difficult.

AUSTIN, May 4. (AP)—A free conference committee of the legislature today agreed to a bill to provide for submission of the question of repeal of the 18th amendment to the electorate on next August 26.

### Milk Test Started Today By Officer

The semi-annual milk test for Pampa and surrounding territory will start this week, Dr. T. J. Worrell announced this morning. He will make four tests of milk handled by local dairies and of milk supplied to the dairies delivering milk in the city.

The tests will be made on 25 separate sanitary items which will include the condition of the buildings, cleanliness, equipment, and other items set by regulations. Pampa milk grades have been high in past tests.

### SUICIDE FUNERAL HELD

ELECTRA, May 4. (AP)—Funeral services were arranged for today for Greta Anna Rowe, 11-year-old Kilgore school girl, who took her life Tuesday because she feared she would be reprimanded for spending money for candy instead of paying her music teacher. The girl's family moved to Kilgore a year ago.

### House, Bridges, Pipe Lines Washed Away Near Moberly; Plants Isolated.

BORGER, May 4. (AP)—One house and several bridges were washed away last night when the Rock and Dixon creeks went on a rampage after a cloudburst.

Three carbon plants were isolated when the bridges went out and pipe lines were broken. The Canadian river was bankfull, cutting off traffic between Borger and Blinnett. Telephone service to the north also was interrupted and school buses were halted. The rain began yesterday and developed into a down-pour for four hours early today.

### TARIFF TRUCE ACCEPTED BY GREAT BRITAIN

### AGREEMENT ON DEBTS NOT REACHED AT WASHINGTON

### ACTION IS CONDITIONAL

### MCDONALD SETS FORTH HAPPENINGS AT CONFERENCE

LONDON, May 4. (AP)—Prime Minister Ramsay MacDonald announced Britain's conditional acceptance of the tariff truce proposed by the United States when he reported today to an intensely interested House of Commons, on his momentous mission to Washington, where he discussed with President Roosevelt methods of lifting the world from its economic distress.

There were three main points in the prime minister's account of his journey to Washington:

1. He revealed that his stipulation for "safeguards" for Great Britain in effecting the tariff truce had been considered "reasonable" by the United States.

2. He announced that the war debts had been "frankly examined in all their aspects" although no agreement was reached.

3. He informed the house that the problem of disarmament had been discussed and that President Roosevelt achieved "common views" which already have had effect at the disarmament negotiations now going forward at Geneva.

### Rumors Hint Al Smith Will Run For Mayor's Job

NEW YORK, May 4. (AP)—Joseph V. McKee's farewell to politics gave increased currency today to talk that Alfred E. Smith may run for mayor this fall.

There was one report that the former governor and the Borough leader of the democratic party had reached an understanding expected to result in Smith's candidacy.

No confirmation came from any of the principals involved, but the report said that news to this effect had reached McKee and had influenced his decision to abandon politics and become president of the Title Guarantee and Trust company.

Some political observers said that Edward J. Flynn, Bronx democratic leader and friend of McKee, would not have been expected to support him against Smith, nor would McKee have wanted to oppose the former governor.

The action of McKee, advocate of rigid economy, in resigning his \$200,000 job as sclerotic president and "eliminating" himself from politics was a shock to many foes of Tammany. Many anti-Tammanyites had looked to him to wrest the morality from the organization incumbent, John P. O'Brien. McKee is a resident of the Bronx and a non-Tammany democrat.

### Blanks for Crop Loans Expected To Arrive Soon

Application blanks for crop loans are expected at the Board of City Development this week. The loans will be for farmers who will be unable to plant crops this fall without aid. It will allow them to prepare the ground during the summer and sow their crop. It is expected that reduced acreage and diversification will be asked.

County Agent Ralph Thomas will check the applications and then hand them to the Pampa committee of B. E. Finley, Roy Boardland and himself. They in turn will send them to the county committee at McLean.

### PRISONERS ESCAPE

FREDERICK, Okla., May 4. (AP)—Four white men and two negroes fled from the county jail here at breakfast time this morning and escaped in a stolen automobile. The prisoners lowered themselves three stories by means of improvised ropes. All were accused of burglary.

### BRATTON OFFERED POST

WASHINGTON, May 4. (AP)—President Roosevelt today offered to Senator Bratton of New Mexico an appointment to the tenth circuit court bench. The tenth circuit court of appeals includes the states of New Mexico, Colorado, Oklahoma, Kansas, Wyoming, and Utah.

## Robber Slain In Gun Fight—Man, Woman Escape

### Pair Leave in Hail of Lead; Man Wounded; \$1,200 Taken in Car With Gray County License; Dead Man Unidentified

MOBEETTIE, May 4.—One bandit was killed and another wounded as they held up the First State bank here this afternoon at closing time. The wounded robber got away with a sum estimated at \$1,200.

The two bandits, who had been in and out of the bank and around it for two days, entered at closing time and displayed pistols, ordering H. H. Flanagan and E. L. Key, cashier, and assistant cashier, respectively, to put up their hands. In reply, the bankers opened fire at the first opportunity, but meantime one of the bandits had raked up the money.

One bandit was killed, but the other ran down the street and was pulled into a car, apparently badly hurt, by a woman driver. The car moved off in a hail of lead and was abandoned in about half mile, disabled, as the fleeing pair apparently changed cars.

The man who was killed was about 27 years old, small, and roughly dressed. The one who escaped was swarthy, about 5 feet 8 1-2 inches tall, and weighed about 155 pounds.

J. W. Henderson, a farmer, was in the bank at the time. He too was told to put up his hands.

The car left behind was a Ford coupe with a Gray county license.

### ANN HARDING'S BOAT CAPSIZES IN SHARK AREA

### Shark Eats Cuban As Movie Actress Escapes

HAVANA, Cuba, May 4. (AP)—Ann Harding, blonde star of film romances, was shaken today by a scene of horror enacted before her eyes.

Clinging to a capsized sailboat with two companions yesterday, Miss Harding saw sharks kill an aged Cuban sailor who was swimming to shore for aid.

"The sharks ate him," that was the cry with which Marie Lombard, the actress' secretary, greeted rescuers who finally saved her, the actress and Alexander Kirkland, another luminary of the films.

All three, who clung to the 20-foot craft for three hours, three miles off the Jaimanitas Yacht club, suffered from shock and exposure.

"We decided to go sailing yesterday afternoon," said Miss Lombard.

"We got a small boat from the Jaimanitas club, manned by a lovely old Cuban, Majin Alvarez Tuero. Three miles off Jaimanitas a sudden, strong wind capsize the boat. Miss Harding fell into the water.

"The sailor cried, 'don't be afraid; stay in the boat.' We clung on. He pulled Miss Harding in. After five or ten minutes the Cuban said he would try to make land and bring help.

"He had not gone far before he disappeared. After three or four hours we sighted Miami beach, in which Capt. Leslie Waggett and George Andrews (third secretary of the American embassy) were going fishing.

"Kirkland, who had been waving his shirt, said it was not big enough and asked for Miss Harding's skirt. He placed it on an oar and succeeded in attracting attention.

"They brought us to Jaimanitas and thence to the hotel, where doctors attended us. The shock and exposure were terrible."

Miss Harding, former wife of Harry Bannister, has denied reports she and Kirkland will marry.

### Fire Loss Last Month Was \$500

Fire loss in Pampa last month was only \$500, Chief Clyde Gold's monthly report shows. The department answered only five alarms during the month. Four resulted in slight damage. The other call was to a trash fire.

An alarm was received from 601 West Foster avenue this morning but before the truck had left the station the call was cancelled.

R. B. Saxe of Borger was a Pampa visitor yesterday.

The PEOPLES COLUMN

Editor, THE NEWS:

So many people have been swindled of late by the operations of what is commonly known as "bucket shops" that I answer the Pampa Daily NEWS request that I explain my experience with the shops in assisting several local people in recovering part of their funds.

Tracing through an actual and typical case, will I think, illustrate most clearly the operation of these crooks. A Pampa citizen, some time ago received a so-called "market letter" from a firm with a Colorado address.

There is no such thing as an investment in stocks, common or preferred. It is speculation at its best, pure gambling by most people.

Among those shopping in Pampa Saturday night were Mr. and Mrs. Earl Patrick, Mr. and Mrs. Jim Raulings, Mr. and Mrs. C. M. Hays, Mr. and Mrs. J. B. Hill and Merle Hill, Mr. and Mrs. Clyde Ozuin, Terrell Cobb, Mr. and Mrs. Tink Hughes, Mr. and Mrs. Elick Watkins.

Miss Margaret Sargent is visiting Mrs. C. L. Sublett. Mrs. Nelson Larkin and children have recently returned from a visit with her relatives in Rising Star.

Miss Modelle Carruth of LeFors spent Saturday night with Merle Hill. Mr. and Mrs. J. M. Johnson and Mr. and Mrs. Preston Hutton were in Dalhart Saturday attending the district meeting of the American Legion.

Mr. and Mrs. E. K. Thurmond of Oklahoma City were in town Saturday. Mrs. Monty Goodman from the Nottis neighborhood was here shopping Saturday.

COLTEXO NEWS

Camp No. 77 Mr. and Mrs. Holland Clem have returned from Borger, where they have been visiting during the past week.

Mr. and Mrs. S. V. Reeder have returned from a visit in West Virginia.

Mrs. M. A. Scott visited her granddaughter, Mrs. Bob Florence, and spent a day and night the last week.

J. D. McClung and Elmer Kirk, Patrick who are working in Borger for the present, spent Saturday night and Sunday with home folk.

Mrs. Claude Barnes is ill.

Mr. and Mrs. T. L. Ellis and children of the Shoemaker Plant visited her brother, Nelson Larkin and family, Saturday.

Among those shopping in Pampa Saturday night were Mr. and Mrs. Earl Patrick, Mr. and Mrs. Jim Raulings, Mr. and Mrs. C. M. Hays, Mr. and Mrs. J. B. Hill and Merle Hill, Mr. and Mrs. Clyde Ozuin, Terrell Cobb, Mr. and Mrs. Tink Hughes, Mr. and Mrs. Elick Watkins.

Miss Margaret Sargent is visiting Mrs. C. L. Sublett.

Mrs. Nelson Larkin and children have recently returned from a visit with her relatives in Rising Star.

Miss Modelle Carruth of LeFors spent Saturday night with Merle Hill.

Mr. and Mrs. J. M. Johnson and Mr. and Mrs. Preston Hutton were in Dalhart Saturday attending the district meeting of the American Legion.

Mr. and Mrs. E. K. Thurmond of Oklahoma City were in town Saturday.

Mrs. Monty Goodman from the Nottis neighborhood was here shopping Saturday.

CANADIAN NEWS

Mr. and Mrs. E. R. Johnson and daughter, Dorothy, left Sunday for Montreal to attend the O. R. T. convention.

Walter Buckles of Trenton, Miss., has been visiting his sister, Mrs. Wilma Churchill, Mr. and Mrs. Eunice Jones of Laketon.

Frank Jackson, son of Coleman Jackson, had the bad luck to fall from a tree and break his arm a few days ago.

A concert here by the Perryton male chorus was well attended and well received.

Mrs. Otis Clark and daughter, Marion, of Amarillo were in town recently.

Lawrence Teague seriously sprained his arm while on a picnic. He fell out of a tree.

Gene Howe and a party from Amarillo have been fishing at the Castis ranch.

W. D. Christopher of Perryton was in town Tuesday.

Mr. and Mrs. B. F. Tepe have returned home from Oklahoma City.

The G. C. club had its annual banquet Monday evening, followed by a bridge party at the home of Mrs. C. Halsey.

Mrs. Reid won high prize for members and Mrs. Lindley for guests. There were five tables of bridge.

Mrs. Grace Spiller was hostess to the P. E. O. Monday afternoon.

Mrs. Charles Smith, Carrie Page, and Mrs. O. C. Cowan went to Shamrock Thursday evening to attend a Rebekah lodge meeting.

Sam Isaacs, Yokley Bros., and Bruce Waterfield are shipping cattle to Kansas for grass.

Mr. and Mrs. F. E. Warren of Shattuck were in Canadian Saturday.

Mr. and Mrs. J. M. Johnson and Mr. and Mrs. Preston Hutton were in Dalhart Saturday attending the district meeting of the American Legion.

Mr. and Mrs. E. K. Thurmond of Oklahoma City were in town Saturday.

Mrs. Monty Goodman from the Nottis neighborhood was here shopping Saturday.

THE SHOT

"FIRST," Marcel said—he would not be hurried, and I thought he had rehearsed the whole telling of his tale, and his bright eyes were sparkling—"first, the towels.

"There were used towels in an unused room the morning after the murder. There was also a round—"

he described it with his lively little hands—"hollow on the elderwood as if someone had sat there for a moment. I ask you—who was that?"

I started to speak and checked myself for fear he would stop if I interrupted.

"Then," he held up two fingers. "Second. Father Robert was not sick during the night. I was not with him. I slept. Wait—you will ask why I permit the police to think I was with him. But what would you?"

"He, a holy father, to ask such a small favor of me and me refuse. Never! And for the police—"

He shrugged his shoulders in a manner which left little doubt as to the opinion he held of the police.

"Then, third—" He paused and then went on slowly: "It is of Miss Tally, and you will know what to do. There is danger. Danger of the gravest."

Afterward it seemed to me I had been faintly conscious of some sort of murmuring sound, but I actually heard only the words coming from the little porter's mouth.

"Third," he said, "I saw that night—"

And then it happened. Though I didn't know at once what had happened, I was only conscious of a sharply spitting sound and a smell, and of Marcel's face, which sagged and was surprised and held wide black eyes and an open mouth.

Both his hands went to his back, and he tried to speak, and moaned and fell forward against me.

I caught him. He'd been shot. There was no one in the lounge—no one on the galleries, no one anywhere.

I eased him downward onto a chair, and then I knew that the murmur was the elevator. The shot had come from there, and the elevator was crawling upward toward the first gallery.

I stepped backward until I could see the entrance from the elevator to the first gallery, and the entrance to the second gallery.

The thing crawled upward. The cage was dark. The two little doors blank.

It neared the first gallery. Would it stop there or go on?

The elevator slowly came to a stop. There was for a moment nothing but silence; then the doors trembled.

The narrow black space between them widened almost imperceptibly.

Curiously, I heard the shot and felt the hot sting in my shoulder before I saw the muzzle of the revolver. Then things happened all at once.

I SAW the short nose of a revolver poking out from behind one of the little doors, I was conscious of a furiously sharp pain in my shoulder somewhere, I was dodging instinctively, and there was the sound of another shot. The door to the lobby was just behind me, and I had leaped to shelter behind the wall and, using the key board for a shield, was peering around it, determined to see who was in the elevator.

I saw the gleam of the revolver flying through the air downward, but not the arm that had thrown it. It fell with a clatter on the floor of the lounge, and at the very instant that I was leaning forward, sure now of seeing the murderer, someone seized me from behind; I struggled, twisting, straining my eyes toward the doors of the elevator.

But I was jerked aside. There were two policemen hanging to my arms and my waist, and the more furiously I struggled and tried to make them understand that the murderer was in the elevator and that he was even now escaping, the more energetically they pulled me away from where I could see.

My shoulder hurt like hell, I was cursing with rage and pain and baffled fury, another policeman was running into the lobby from out-

The White Cockatoo

By Mignon G. Eberhart

SYNOPSIS: Eug Tully, Jim Dundon and the detective David Lora have decided that the murder of the woman, the attempt on Dundon's life, and the attempted abduction of Sue all are part of a plot to secure the tokens by means of which Sue must prove title to her share of her father's millions.

Chapter 25 THE SHOT

"FIRST," Marcel said—he would not be hurried, and I thought he had rehearsed the whole telling of his tale, and his bright eyes were sparkling—"first, the towels.

"There were used towels in an unused room the morning after the murder. There was also a round—"

he described it with his lively little hands—"hollow on the elderwood as if someone had sat there for a moment. I ask you—who was that?"

I started to speak and checked myself for fear he would stop if I interrupted.

"Then," he held up two fingers. "Second. Father Robert was not sick during the night. I was not with him. I slept. Wait—you will ask why I permit the police to think I was with him. But what would you?"

"He, a holy father, to ask such a small favor of me and me refuse. Never! And for the police—"

He shrugged his shoulders in a manner which left little doubt as to the opinion he held of the police.

"Then, third—" He paused and then went on slowly: "It is of Miss Tally, and you will know what to do. There is danger. Danger of the gravest."

Afterward it seemed to me I had been faintly conscious of some sort of murmuring sound, but I actually heard only the words coming from the little porter's mouth.

"Third," he said, "I saw that night—"

And then it happened. Though I didn't know at once what had happened, I was only conscious of a sharply spitting sound and a smell, and of Marcel's face, which sagged and was surprised and held wide black eyes and an open mouth.

Both his hands went to his back, and he tried to speak, and moaned and fell forward against me.

I caught him. He'd been shot. There was no one in the lounge—no one on the galleries, no one anywhere.

I eased him downward onto a chair, and then I knew that the murmur was the elevator. The shot had come from there, and the elevator was crawling upward toward the first gallery.

I stepped backward until I could see the entrance from the elevator to the first gallery, and the entrance to the second gallery.

The thing crawled upward. The cage was dark. The two little doors blank.

It neared the first gallery. Would it stop there or go on?

The elevator slowly came to a stop. There was for a moment nothing but silence; then the doors trembled.

The narrow black space between them widened almost imperceptibly.

Curiously, I heard the shot and felt the hot sting in my shoulder before I saw the muzzle of the revolver. Then things happened all at once.

I SAW the short nose of a revolver poking out from behind one of the little doors, I was conscious of a furiously sharp pain in my shoulder somewhere, I was dodging instinctively, and there was the sound of another shot. SCIENCE DISCARDS 'CERTAINTIES'

A bright young man of today who set out to get a good grounding in the sciences could easily be forgiven for concluding that he was being asked to discard all of his certainties and substitute a somewhat jumbled mess of probabilities, near-probabilities and wild guesses.

A decade or two ago science was dogmatic and positive. It set up certain 'natural laws' and they were like the laws of the Medes and the Persians. Certain things were thus and so and no one need argue about it.

To appreciate how the picture has changed you need only consider a speech made in New York the other evening by Dr. Irving Langmuir, the 1932 Nobel Prize winner in chemistry.

During the last 20 years, he said, science has come to believe that "no natural law has absolute validity" and that "in no absolute sense can anything ever be predicted accurately." The law of cause and effect is no longer with us, and nothing in the universe is securely hitched.

"Some things may be more probable than other," he added, "but you can't say that anything is absolutely true."

It would be hard to overestimate the importance of this changed attitude, for it carries with it one of the profoundest revolutions that the human mind has ever been compelled to pass through. We are not through with that revolution yet; indeed, we hardly passed its first phase; and before we complete it some of our concepts of man and nature and life and the universe are likely to be altered almost beyond recognition.

Not is there anything in all of this to depress the speculative soul who likes to feel that there are values which material standards cannot assess and realities which human eyes cannot see. Indeed, the exact opposite is true. It is the ultramaterialist who is confounded by this change. How are you going to be dogmatic about the absolute domain of material things when you cannot have one single certainty about them?

In its long climb up from darkness mankind has passed a great rise, and stands now facing limitless horizons. It has lost its old landmarks—but it has a marvelous chance for adventurous exploration.

Considerable bootlegging of gasoline reported in Pennsylvania. Bootleggers are probably selling it as whisky with nobody the wiser.

Ramsay MacDonald says the man who coined the phrase, "A war to end war," was a fool. Maybe. But what about us folks that believed it?

The baseball season up to this time has certainly been conducted on the cold standard.

Camera expert says movie actresses are really not as thin as camera trickery makes them look. But are they as dumb?

Couple of New York bandits stole two coffins from an undertaker's shop. Racket business must be pretty dead these days.

BOYS AND GIRLS EVEN

TULSA, May 4. (AP)—Scholastics recorded in the 18 rural districts of Swiss county are evenly divided between the boys and girls—446 of each.

With the census completed in all the districts except one, and the approximate number known there, it was announced that the number of scholastics probably would be the same as last year, or 1,922 for the county.

**MOTHER'S DAY TO BE MAY 14**

**URGES EXPRESSION OF REVERENCE FOR MOTHERHOOD**

WASHINGTON, May 4. (P)—President Roosevelt, by proclamation today called for observance of Mothers' Day on May 14, urging that everything be done this year "for the relief and welfare of mothers and children who may be in need of the necessities of life."

In doing this he followed the special request of the senate, expressed in a recent resolution. The proclamation follows:

"Whereas by house joint resolution 263, approved and signed by President Wilson on May 8, 1914, the second Sunday in May each year has been designated as Mothers' Day for the expression of our love and reverence for the mothers of our country; and

"Whereas senate resolution 16, adopted May 1, 1933, states that 'there are throughout our land today an unprecedentedly large number of mothers and dependent children who, because of unemployment or loss of their bread earners, are lacking many of the necessities of life, and the president of the United States is herein authorized and requested to issue a proclamation calling the attention of our citizens on Mothers' Day this year;

"Now, therefore, I, Franklin D. Roosevelt, president of the United States of America, by virtue of the authority vested in me, do hereby issue my proclamation upon our citizens to express on Mothers' Day, Sunday, May 14, 1933, our love and reverence for motherhood:

"(A) By the customary display of the United States flag on all government buildings, homes and other suitable places;

"(B) By the usual token and messages of affection to our mothers; and

"(C) By doing all that we can through our churches, fraternal and welfare agencies, for the relief and welfare of mothers and children who may be in need of the necessities of life."

**Shoe Store To Add Department Of Ladies' Wear**

A ladies' ready to wear and millinery department has been opened in the Brown Shoe store, owned by Joe Lazarus. W. R. Diamond, formerly of Chicago, is in complete charge of the new department.

The store has been remodeled and new fixtures added. Mrs. Anne Mae West and Mrs. Carl Brahears will assist Mr. Diamond in operating the ready to wear and millinery department.

**Bell Meets 20c Cut of Humble**

The Bell Oil & Gas company this morning posted a flat price of 20 cents a barrel for Gray county crude, meeting the cut set by Humble and met by Texas and Sinclair-Frairie, Phillips and Magnolia had not met the price decrease this morning.

In a letter to producers, the president of the Bell company explains the action of the company in cutting the price and asks for their co-operation in correcting the cause.

The letter follows:

Due to the unrestrained production of oil in East Texas by a minority which has no wish or desire for the best interests of the general industry, the market for petroleum products has reached the point where we find it necessary to reduce the price we will pay for Gray county, Texas, oil to 20 cents per barrel. This new price to be effective at 7 a. m. this date.

Your expressed disapproval of those who have by litigation or otherwise consistently combated the constructive efforts of the men who desire reasonable and equitable production, will help to restore the price of your oil to levels at which you can profitably produce it.

**Scout Deputy Fire Marshals Seek Equipment**

The deputy fire marshals of Pampa held their regular meeting at the fire station last night to make plans for the coming month. The meeting was called to order by Deputy Chief Harlan Martin and the roll was called. The marshals have been busy this week locating a headquarters.

A finance plan was introduced by Roger Townsend, secretary, that was adopted by the marshals. This plan will enable us to raise the funds for the purchase of the fire marshals' equipment.

Plans were made for the future work of the fire marshals.

The deputy fire marshals were organized three weeks ago under the supervision of the fire chief, Clyde Gold, and under the local scout executive, C. A. Clark. They have been working very diligently in aiding Pampa, and they hope to do more after they are better organized. The next meeting will be held at the fire station on May 9. All members are urged to be present at this meeting as very important work will be studied.

The meeting adjourned with the following present: Harlan Martin, deputy fire marshal chief, Steve Goodwin, assistant, John Martin, captain, Roger Townsend, secretary, Travis Gee, James Herring, Micky Ledrick.

**Brunk's Company Is Coming Soon**

On Monday, May 8, Fred G. Brunk's comedians will open a week's engagement in Pampa under the auspices of the Pampa fire department.

This popular company comes direct from a long stock engagement in Tucson, Ariz., and recently began its road tour for 1933.

All new plays are being presented this season with high class vaudeville between acts. A feature orchestra offers a fifteen minute musical presentation before each performance.

Plays, vaudeville and music are changed each night. According to Joseph L. Turner, publicity man for the company, they are offering local show goes prosperity entertainment at depression prices.

**C. of C. Will Hear President Tonight**

WASHINGTON, May 4. (P)—Business leaders looked today to an address by President Roosevelt for definite indications as to how far the government is willing to go in an effort to speed the wheels of industry and put men back to work.

That address will be made tonight before the Chamber of Commerce of the United States at a time when both business and congressional leaders are advocating self-regulation of industry in the matter of hours, wages, and production as the right step.

**Debate Contests To Begin Tonight**

AUSTIN, May 4. (P)—School children from over Texas were arriving here today for the University of Texas' 23rd annual interscholastic league meeting.

There were more than 700 athletes entered in the track and field meet which starts tomorrow.

First rounds in boys' doubles and singles tennis were set to start this afternoon. Boys and girls debate divisions, planned to begin eliminations tonight.

A journalism conference was scheduled for tomorrow afternoon. There also will be three-R contests and typewriting contests.

Girl debaters of Pampa high school, Opal Denson and Yedda Stein, district champions, are entered in the debate contests.

**Government Ready To Move Against Hoarders of Gold**

WASHINGTON, May 4. (P)—The government intends to move swiftly and surely against hoarders of large sums of gold.

Attorney General Cummings and Secretary Woodin have decided to act first against the most flagrant violator shown on the treasury's records just as soon as the case can be prepared.

Experts now at work in the treasury are to be joined at once by

**Government Ready To Move Against Hoarders of Gold**

WASHINGTON, May 4. (P)—The government intends to move swiftly and surely against hoarders of large sums of gold.

Attorney General Cummings and Secretary Woodin have decided to act first against the most flagrant violator shown on the treasury's records just as soon as the case can be prepared.

Experts now at work in the treasury are to be joined at once by

trained department of justice men who will go into the field also to prepare the first test case.

Cummings and Woodin studied the situation yesterday and drafted a definite plan of action to be taken under President Roosevelt's proclamation which has been challenged by some, including Senator Borah of Idaho, as unconstitutional.

# EVERY CLUB WOMAN IS INVITED TO OPEN HOUSE THIS EVENING

### NEW QUARTERS ARE FURNISHED VERY NEATLY

### CITY SET ASIDE THIS SPACE FOR USE OF CLUBS

A DOUBLE purpose will be served at 8 o'clock this evening, when every club woman in Pampa is invited to attend open house in the newly furnished club quarters in the city hall. The women will become better acquainted and will, in addition, see the furnished club rooms.

The occasion will be sponsored by the Council of Clubs. All of the furnishings have been placed since February. Formerly, the space was seldom used, then the Little Theater demonstrated that the room was valuable, and changes were made to improve the acoustical properties of the quarters. The room was provided especially for the use to which it is now dedicated.

Committees in charge of the function are as follows: Gift—Mesdames F. E. Leech, Frank Foster, J. M. McDonald. Program—Mesdames E. M. Conley, Philip Wolfe, and R. Earl O'Keefe.

Refreshments—Mesdames Howard Buckingham, Katie Vincent, Roger McConnell. Decorations and hospitality—Mesdames Frank Lard, A. B. Goldstein, Ed Fowler, and Raymond W. Harrah.

The furnishing of the room has meant much work, both in sponsoring benefit entertainments and in caring for the details of furnishing the rooms. The committee in charge, headed by Mrs. J. M. Dodson, includes Mesdames W. R. Campbell, J. Powell Wehrung, J. W. Garman, Jr., E. W. Ferris, T. C. Shaw, Max Mahaffey, Frank Foster, J. C. Carroll, Howard Buckingham, Ralph Thomas.

### PROGRAM DELAYED

The Treble Clef club members did not sing for the high school chapel yesterday, due to weather conditions, but will sing Friday morning at 10 o'clock.

## Billy Alexander Is Given Party On 2nd Birthday

Mr. and Mrs. Bob Deason, friends of Mrs. Gladys Alexander formerly of Pampa entertained in their home in Dallas for Master Billy Martin, son of Mrs. Gladys Alexander, with a party on his second birthday, April 29.

A color scheme was carried out in blue and white. Games were played and refreshments of pineapple cream and cake were served to a few friends of Mrs. Alexander and little friends of Billy Martin.

Those attending were Muriel LeOne Deason, Billy Max Deason, Charles Ray Cearley, Charles Smith, Ronnie Wright Jr., George Gilker, Mrs. J. Vada Leona Ward, Dorothy Nell Blakeley, Maxine Paynter, Durine Anderson, Mr. and Mrs. Emerson Hale, grandparents of Billy Martin, Mr. and Mrs. Rosece Blakeley, Mr. and Mrs. C. W. Cearley, Mrs. Elizabeth Fox, Mrs. Hattie Smith, Mrs. Bud Malone, Mr. and Mrs. O. V. Paynter, Mrs. Cloise Wright, Mr. and Mrs. George C. Kerkson, Mrs. Gladys Alexander, Mr. and Mrs. Luther Anderson, and Mr. and Mrs. Bob Deason. Billy Martin received many lovely gifts.

## Patriotic Spirit Shown in Wearing Of Little Poppies

"The patriotic spirit of America which enabled the nation to put forth its great World War effort is symbolized in the little red memorial poppy," Mrs. W. C. de Cordova, president of the Pampa unit of the American Legion auxiliary, declared today as the unit members continue preparations for the observance of Poppy day here Saturday, May 27. She expressed belief that the wearing of the poppy in honor of the war dead would help reawaken a strong spirit of patriotism for the nation's peace-time efforts.

The poppy is the badge of remembrance for those who sacrificed their lives in the country's service. Mrs. de Cordova said, "It stands for the highest type of patriotism that we can conceive. It recalls the spirit of those days when every American was dedicating his energies and resources to the national cause and when life itself was not too much to give for the country. Remembering those days, it is difficult to understand how Americans can be daunted by the country's present difficulties. A people who only fifteen short years ago united with such devotion and energy to meet a dire emergency, most certainly have the power to meet any emergencies of peace. The poppy, that symbol of patriotic sacrifice, should awaken in all our hearts a deeper conception of our own duties to our country today and inspire us to give in peace the type of service the men who die among the poppies in France gave in time of war."

Volunteer workers from the American Legion auxiliary will offer poppies on the streets all day Saturday. The poppies have been made by disabled veterans and a contribution received will be used for the auxiliary's relief and rehabilitation work among the disabled men and their families.

Harry Dutton of Wichita Falls is visiting in Pampa for a few days. Mrs. Clint Maahom of Amarillo was a Pampa shopper yesterday. Mrs. John McClure of Claude shopped in the city Wednesday afternoon.

## SHE HAS VOICE, YOUTH, LOOKS

BERLIN (AP)—Her father didn't like singers, but that didn't stop pretty Renate Mueller from wheedling vocal lessons out of him. Now at 23 she's both singer and actress; also the newest of German's motion picture stars.

Born in Munich where her father was editor-in-chief of the largest paper in the famous Bavarian beer town, Renate was reared in Danzig where she was educated and studied singing.

"Naturally, if you want to," Herr Mueller told his daughter, "but no good will ever come of it."

At the recommendation of her voice instructor Renate applied for admission to the Reinhardt school of acting in Berlin and was admitted to the select circle. Admittance at that time virtually guaranteed future stardom under Max Reinhardt.

Her debut was as Helene in "A Summer Night's Dream" in the Harz Mountain town of Thale where she was "farmed out" to get experience. She was a success there and was brought back to Berlin.

Ufa, the big German film concern, drafted her for the legitimate stage for the movies, giving her the lead in "Love in the Ring" with Max Schmeling furnishing the other heart flutters.

Her success in this film prompted Ufa to sign her as a star. She recently returned from Egypt, where her troupe was "on location."

PULCHRITUDE, aided by vocal and dramatic talents, qualified Renate Mueller for stardom in German films.

## C. I. A. EXES TO HAVE DINNER FOR FORMER STATE PRESIDENT AT SCHNEIDER HOTEL FRIDAY

### Visitor Will Talk To School Girls Of Pampa

### Birthday Party Is Surprise Event For Pampa Girl

The C. I. A. Ex-student Club will have as its guest Miss Temple Davis Andrew, Fort Worth, ex-president of the C. I. A. Ex-Student association.

Her visit to Pampa is mainly to see the senior girls of the Pampa high school. Miss Andrew will make a very interesting talk tomorrow afternoon to the senior girls. All mothers are invited to attend. Tomorrow evening at 7 o'clock the Ex-Student club members will give a dinner in honor of Miss Andrew at the Schneider hotel.

All C. I. A. ex-students who have not joined the club here and who wish to attend the entertainment tomorrow night are asked to get in touch with Mrs. J. B. Massa.

### Bethany Class Is To Meet Tomorrow

The Bethany Sunday school class of the First Baptist church will hold a social and business meeting in the home of Mrs. Tom Rose at 2:30 tomorrow afternoon.

All members, members in service and prospective members are invited to attend.

### HOW SHE LOST 18 POUNDS OF FAT

For Less Than \$1.00

"Will say in regards to Kruschen: I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought one more bottle today and expect to lose 18 more pounds. I now weigh 148 and feel fine." Mrs. Harry Robinson, Akron, Ohio (Jan. 6, 1933).

Once a day take Kruschen Salls—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at Richards Drug Co., Inc., or any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back. (Adv.)

## OFFICERS ARE RETAINED AND REPORTS MADE

### BAPTIST WOMEN HAVE INSPIRING TWO-DAY EVENT

AFTER having two days of inspiration and business, delegates to the 23rd annual meeting of the tenth district of the Woman's Missionary Union adjourned here yesterday by re-electing Mrs. D. A. Grundy of Memphis president and Mrs. J. W. Sanders of Canadian secretary. The meeting place for next year will be decided by the executive committee.

Absence of some speakers and entertainers from out-of-town necessitated last-minute changes in yesterday's program, but the time was well filled. More than one hundred visitors from other towns were registered.

The opening devotional yesterday morning was led by Mrs. J. H. Cureton of Amarillo. Mrs. J. A. Meek made the welcome address and Mrs. Chas. Williams of Dalhart responded. Mrs. Grundy made an inspiring talk on keeping the work going with opportunities greater than ever. Mrs. W. R. Chafin sang a vocal solo, then Mrs. Sanders talked on finances. Mrs. Wesley Davis of Miami sang, as also did the Pampa Treble Clef club.

Talks by associational presidents included those of Mrs. F. E. Leech of Pampa, Mrs. M. E. Wells of Hedley, and Mrs. Royal Pendleton of Stratford. Visiting pastors made 2-minute talks. Mrs. Cecil Geiff of McLean sang, Mrs. J. E. Leigh of Dallas made a talk, Mrs. C. H. Mason of Amarillo gave "lauding in song," and Mrs. John Cureton of Amarillo a talk, "In Memoriam." Mrs. J. W. Sanders of Amarillo sang a vocal solo just before luncheon in the basement, where 200 were served at the First Baptist church.

In the afternoon, Mrs. C. H. Goldson of Clarendon had charge of the devotional. Christian education was discussed by Mrs. A. F. Johnson of Borger, Mrs. T. J. Gambrell of Stratford, Mrs. C. E. Lancaster of Pampa, Mrs. J. M. Weathers of Panhandle, and Miss Mary Hope Wells of Hedley.

Adjournment followed reports of committees. Visitors and home folk called it a very fine meeting.

### Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. In 10, 20, and 35 ct. packages. All dealers. (Adv.)

### REMAINING HERE! ALL THIS WEEK WORTHAM SHOWS CARNIVAL GROUNDS HARVESTER PARK

## MENUS of the DAY

By SISTER MARY, NEA Service Writer

Rhubarb pie and rhubarb sauce are excellent ways to use this early garden plant but they become monotonous if repeated too often. Try something different for the sake of variety and see if the whole meal, prosaic though it may be, isn't enjoyed.

### Rhubarb and Raisin Pie

The addition of raisins increases the food value of this dessert materially.

Two cups rhubarb cut in inch pieces, 1 cup seeded raisins, 2 tablespoons flour, 2 tablespoons butter, 3/4 cup sugar, 1 egg.

Combine rhubarb and raisins and let simmer in water to cover until rhubarb is tender and raisins are plump. Strain and thicken the liquid with flour and butter blended. Cook and stir a few minutes after mixture boils. Add sugar and egg well beaten. Mix well and add cooked raisins and rhubarb. Pour into a baked pie shell and serve when cold.

### Rhubarb With Dumplings

One pound rhubarb, 1 cup flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1 tablespoon melted butter, 2 tablespoons sugar, 1 egg, 2 to 4 tablespoons milk.

Wash rhubarb and peel if necessary. Cut in inch lengths and put into a covered casserole. Add a few tablespoons water or fruit juice from any kind of canned fruit. Make the dumplings by mixing and sifting flour, salt and baking powder and sugar. Add melted butter. Beat egg until light and add to dry ingredients with enough milk to make a stiff drop dough. Drop in spoonful over the rhubarb, cover casserole and bake in a hot oven for 20 minutes. Serve warm with sugar to slight sweeten rhubarb.

### Rhubarb Float

This is a truly delicious chilled dessert that will be relished with any spring meal.

Two cups stewed and sweetened rhubarb, 4 tablespoons flour, 3 egg whites, 1/4 teaspoon cream of tartar.

Stir flour into one-half cup rhubarb. When perfectly smooth add to rest of rhubarb and cook, stirring constantly until mixture boils. Remove from fire and cool slightly. Beat in the whites of eggs beaten until stiff. Continue to beat until mixture stands up in peaks. Chill in refrigerator for several hours and serve with a custard made with the yolks of the eggs.

### Monday's Menu

BREAKFAST: Stewed dried apricots, cereal, cream, hash, graham muffins, milk, coffee.

LUNCHEON: Parsnip and tomato ring, toasted muffins, rhubarb float, milk, tea.

DINNER: Planked calf's liver with vegetables, spring salad, coconut pudding, milk, coffee.

## Circles To Have Picnic and Silver Tea This Month

Despite the rain yesterday, circles of the First Christian church met as usual.

Circle No. 1 met at the church with 14 members present. The lesson was led by Mrs. Speed of Circle 3. Mrs. Willis led the devotional. Mrs. J. B. Townsend and Mrs. Anderson Jones were hosts.

Circle 2 met at the home of Mrs. J. H. Jones, 811 North Yager. Mrs. H. H. Isbell directed the lesson after Mrs. Robert Woodward led the devotional. Plans were made for a picnic at the next meeting. Those present included Mesdames Ethel West, H. H. Isbell, E. L. Reese, Robert Woodward, Bert Isbell, Sarah Farley, E. P. Whipple, J. E. Gillbert, Tom Echerd, J. H. Jones.

Circle 3 met at the church with ten members present with Mrs. Speed leading the lesson. Those present were Mesdames C. E. Carlson, Paul Rusk, John Tate, DeLea Vickers, A. Cole, W. E. Kinzer, Clyde Oswald, Mundy, and Paul Hill.

Plans for a silver tea May 12 were made by Circle 4 when it met at the home of Mrs. H. C. Schoolfield, with Mrs. Emory Noblett as co-hostess. Mrs. B. C. Faye led the devotional and Mrs. J. Fred Curry directed the lesson. Those present included Mesdames B. C. Faye, C. E. Hutchins, Emory Noblett, J. Fred Curry, H. F. Maddux, and H. C. Schoolfield.

Mrs. Charlie Dye of Claude was a Pampa visitor yesterday.

Mrs. Howard Davis of LeFors was a shopper here this morning.

Mrs. R. L. Russell shopped in the city yesterday afternoon.

Mrs. I. H. Gambrell of LeFors was a Pampa visitor Wednesday.

## SAM HOUSTON PUPILS ARE TO GIVE PROGRAM

### SPRING REVIEW WILL BE PRESENTED AT AUDITORIUM

PAMPA parents and friends of pupils are due an evening's entertainment by their own little folk when the pupils of Sam Houston school give a spring review Friday evening at 8 o'clock. The city hall auditorium has been chosen for the event.

Principal A. L. Patrick will present the following program: Miss Virginia Bechtelheimer will play several piano selections. A quartet, "A Swallow" will be featured by fourth, fifth and sixth grades, with Mrs. Sam Irwin as director; The Flower Party, by Miss Lillian Mullinax's room; play, The Fairy and the Doll, by Mrs. L. C. Peddicord's room; talk by Supt. R. B. Fisher, Some New Tendencies in School Methods; Dance and Song by Mrs. J. I. Bradley's room; a negro play by Mrs. Irwin's room, directed by Miss Jones; Scottish dance by Mrs. C. W. Stowell's room; a balloon dance by Miss Jewell Montague's room; song and dance by Mrs. L. K. Stout's room; clown antics by Mrs. J. L. Lester's room; Tap Dance by pupils of Mrs. L. K. Stout's room; a "social wedding" by Miss Violet Burrett's pupils.

Both teachers and pupils have worked enthusiastically to provide an enjoyable program. A cordial invitation is extended to all.

There will be a small admission charge of 10 cents.

### REBEKAHS MAKE QUILT

The Rebekahs met at the I. O. O. F. Hall Tuesday and quilted for the orphanage at Corsicana. The Rebekah group has quilted three quilts during the month. A covered dish luncheon was served and enjoyed by all.

# CANYON COLLEGE WANTS TO SEVER ATHLETIC RELATIONS WITH TECH

## TECH COUNCIL IS OPPOSED TO FUTURE SPLIT

### LUBBOCK SCHOOL WILL TAKE NO PART IN CONTROVERSY

CANYON, May 4 (AP)—A breach of athletic relations between Texas Technological college and West Texas State Teachers college was threatened today as a result of ill feeling arising from a spring football game between the schools at Lubbock last Friday night. Tech won, 21 to 0.

The impending split was revealed in a letter from Coach S. D. Burton of the Teachers college to Coach Pete Cawthon of Tech, in which Burton expressed the sentiment that athletic relations should be severed "as long as the schools retain their present coaching staffs."

In commenting on the letter, W. L. Stangel, chairman of the Tech athletic council, said, "we don't want to sever relations with them and we will take no active part in the controversy."

## 'ALL THOSE WHO LIKE A GOOD FOOTBALL GAME WILL VOTE 'NO', ADVISES SPEAKER C. STEVENSON

By E. W. BAARY

AUSTIN, May 4 (AP)—Coke Stevenson, speaker of the Texas house of representatives, apparently has never evinced irritation from the tedium of the task. His unruffled good humor has been shown in witty remarks that relieved some of the dullness attendant upon legislative sessions as they grow old. He has refrained from being too serious. As a result he has withstood the perplexities of his position and emerged with the friendship and respect of the entire house.

While the house was considering the educational appropriation bill a member wanted to strike out the allotment to football coaches at universities of higher learning.

When the time came to put the question Speaker Stevenson dryly remarked:

"The question is, shall the appropriation be stricken out; all those who like a good football game will vote 'No'."

Another time:

A member submitted a long point of order against a piece of legislation, setting forth many "ifs" based on what might happen and what might not happen.

"The point of order is overruled,"

said Speaker Stevenson, "because for that matter, lightning might strike all of us before we recess this house tonight."

Representative J. L. Goodman of Franklin, veteran of the house in point of years, once was a judge. While presiding as chairman over a committee investigating a fight between a legislator and a non-member he noticed that Representative Albert K. Daniel of Crockett had his feet on the table.

"Members of the committee must refrain from putting their feet on the table; I didn't allow that when I presided over my court and I cannot tolerate it now," the venerable legislator said.

ROSWELL, N. M., May 4 (AP)—H. M. Brown left one foot sticking out "just a little" when he crawled beneath his tractor for protection from a dynamite blast. The tractor was quite a distance from the "shot," but one rock went higher and traveled farther than the others. It fell on Brown's protruding foot. Brown, a highway worker, was sent to the hospital.

J. G. Comer of Perryton visited friends here yesterday.

## BOSTON NINES ARE VICTORS

### Red Sox Beat Browns, And Braves Wallop Reds of Cincinnati.

By HUGH S. FULLERTON JR., Associated Press Sports Writer

Two of the least important factors in one of the biggest of last winter's baseball trades, Fred Schulte and Sam West, have blossomed as leading figures of the American league with their new teams. Schulte went from the St. Louis Browns to the Washington Senators and West reversed the route. Now Schulte is the leading batter of the league with a .397 average for 16 games while West is ranked as his leading rival, batting .388 in 20 games.

West lost a good chance to gain on his rival yesterday as rain and bad weather forced the postponement of all but two major league games, including the Senators' clash with Detroit. He yielded with the rest of the Browns to the pitching skill of Ivy Paul Andrews, who hurled the Boston Red Sox to a 6 to 1 triumph to break a six-game losing streak.

Boston also came out on top in the only National league game of the day as the Braves came from underneath to down the Cincinnati Reds 6 to 4.

## VERNON WINS 4 ROUNDS AND QUILTS BATTLE

### ASTHMATIC CONDITION FORCES PAMPAN TO HURL IN TOWEL

James Bradley, sensational Fort Worth middleweight, carried his string of consecutive knockouts to 23 last night at the Pla-Mor auditorium when Joe Vernon's seconds called the towel into the ring at the close of the fifth round. It was the first time, however, that a fight had been carried more than four rounds against the hard-hitting Bradley.

Apparently over-confident from his string of knockouts and believing Vernon was a "small-town" boy, Bradley took a right cross to the chin in the first round and went down for a count of eight. Vernon continued to carry the fight and also won the next three rounds, shooting solid blows to the body and lefts and rights to the head that almost closed Bradley's left eye.

The Fort Worth boy connected with a few solid blows and every one of them counted. Vernon started to weaken in the last of the third round but carried the fight in the fourth. The fifth saw Bradley come out strong, take considerable punishment to get in close, and then he landed his famous right jolt to Vernon's chin. The Pampa boy took a count of nine, but came back fighting only to be met by a barrage of gloves. He slumped in his corner at the bell and his seconds called the towel into the ring.

Not at His Best

Vernon did not look like the boy who won his last four fights here. He labored all the time and his wind gave completely away. He had been training hard and last week could easily have gone 10 rounds at top speed. His handlers said after the fight that they were afraid he was suffering from asthma.

Frankie Carr, Fort Worth lightweight, took a decision from Dudley Stanley at Beaumont in the six-round semi-final. Carr was the aggressor from the first round and landed about three to one blows. However, Stanley showed up well on several occasions and especially in the last round, when he staged a rally that breaked Carr around the ring.

The Fort Worth boy took considerable punishment through Stanley's counter fighting. Stanley opened fast but faded as Carr got the range with his long swings. Both boys used a nice defense.

Couple of Sluggers

Young Stanley, Amarillo, and Rip Collins, Childress, two 135-pounders, slugged as long as their wind lasted, then rested, and went back again. Collins was the aggressor in the first few rounds while Stanley finished the fight. They were closely matched but Stanley did the more fighting and landed the more effective blows. Collins showed a new type of fighting to Pampa fans as he hopped about the ring with a left arm working like a pump handle.

Lefty Hawkins lost so much blood in his bout with Harold Phillips that his seconds threw the towel in the ring near the end of the second

DIXIE LEAGUE

Tyler	J. Batten Rouge	13
Henderson	C. Shreveport	13
Waco	at Jackson	night

Ivan Cole of Wichita Falls is looking after business here this week.

Phillips stood up and slugged, connecting often to Hawkins nose which was apparently not meant for that purpose.

Tuffy Simmons, Borger boy, and Eddie Daniels, Stinnett, went four rounds to a draw. Daniels had the reach and kept a fist in Simmons' face most of the bout, but that little fighter ducked and weaved inside to get in telling blows.

Next week the main event will be between Thurman Murdock, Oklahoma City, and Jay Ward, Borger. Both boys will weigh 118 pounds. Murdock is a real contender while Ward won the amateur championship in a tournament in Oklahoma last week. Good supporting bouts are being arranged by Matchmaker Andy Andrews.

## MAGS TO PLAY COLTEXO NINE NEXT SUNDAY

### PRACTICE CALLED FOR FRIDAY; UNIFORMS ORDERED

The baseball season will be ushered into Pampa Sunday afternoon when the newly organized Magnolia "Mags" meet the Coltexo nine from Hoover in an exhibition tilt. No admission will be charged and Pampa fans are urged to attend the game and see the team in action for the first time this season.

Manager J. H. Buckingham has been putting his team through some stiff workouts and will polish off practice Friday afternoon. A big practice was called for this afternoon at 5 o'clock. The starting lineup has not been announced but Mr. Buckingham said he would probably name his starters after the practice Friday.

New uniforms have been ordered and will be issued before the game Sunday. The team has been entered in the Gray-Wheeler-Colingsworth league which will start one week from Sunday. One of the opening games will probably be played in Pampa.

The Coltexo boys have been playing for the last month and will have the edge of training on the "Mags." They are reported to have a snappy organization of veterans. The game with the Magnolia nine will start at 2:30 o'clock.

## Second Series Of Games Will Be On Friday

The second series of games in the City Playground ball league are scheduled to be played tomorrow afternoon at 5:30 o'clock, weather permitting. The league race opened Monday afternoon. A schedule for the first half of the season is being prepared and will be published in The NEWS this week.

Games set for Friday afternoon has the Danclger Olters meeting the Diamond Shoppers at the Fort Worth and Denver diamond. The Davis Plumbers will go to Phillips for a tilt. The Faculty and the Double Dippers will meet on Sam Houston diamond.

Plans for night ball are being worked out by a committee and an important announcement is expected soon.

## Helen Vasco To Go Home Friday; But Minus Eye

NEW YORK, May 4 (AP)—Little Helen Vasco will go home Friday to a mother who now is convinced the operation which removed the child's left eye was "all for the best."

Mrs. John Vasco of Hasting-on-Hudson, who had opposed the operation so bitterly that a high court had to order it, visited the little girl at a hospital here.

## Hildebrand Has Worked Games For Over Twenty Years

ST. LOUIS, May 4 (AP)—Meet Mr. George Hildebrand, American league umpire, who admits working 3,098 consecutive games in his more than 20 years as a ball and strike dictator in the circuit.

"In 20 years I've never missed a single inning of a single game," quip Mr. Hildebrand. "I've never missed a train. Every game I was assigned to, I went through with."

With these words "Hilde" disposed of the record of Pfrman, a brother big league arbitrator. Tuesday Pfrman became ill before the Giant-Cub battle in New York, to which he was assigned, and was unable to appear.

# JAPAN'S SPOKESMAN IS READY TO DEFEND CHINESE POLICIES

## RECOGNITION OF MANCHUKUO TO BE URGED

### JAPAN'S DELEGATE ON WAY TO TALK WITH ROOSEVELT

TOKYO, May 4. (AP)—Viscount Kukihiro Ishii left today for his conferences with President Roosevelt to defend Japan's role as a "primary defender of the peace of the Orient," and to urge American recognition of Manchukuo.

Also, if the American president offers an opening for such arguments, the 67-year-old statesman is prepared to defend the Japanese conquest of Manchuria and the establishment therein of the Manchukuo government.

Accompanying the viscount are Eligo Fukai, vice governor of the bank of Japan, and seven advisers and secretaries.

Before leaving, Viscount Ishii told a representative of the Associated Press that his role at the White House talks and later at the world economic conference in London would be primarily political.

The economic aspects of the mission, he added, will be left to Fukai, a leading Japanese business man who attended the peace conference in 1918 and who was a Japanese delegate to the Washington arms conference in 1921.

Probably the first and most vital task he will have in Washington, Mr. Ishii said, will be to learn from President Roosevelt just how far and in what directions the idea of a consultative pact to implement the Kellogg-Briand peace treaty developed in the president's talks with Prime Minister MacDonald of Great Britain and former Premier Herriot of France.

"This is of the utmost importance to Japan, and we are still ignorant about what has been done," said Viscount Ishii regarding the latest peace proposal.

Other officials confirmed that Japan could accept a consultative pact involving the defining of aggressor nations only with the strongest reservations concerning Japan's right to adequate self-defense forces.

## Markets

### New York Stocks

NEW YORK, May 4. (AP)—The stock market shimmered and boiled today, displaying mixtures of hope and fear, and finally steamed upward to a strong finish with the rails leading the advance, gains ranged from 1 to 3 or more points. Transfers approximated 4,800,000 shares.

### CHICAGO GRAIN

CHICAGO, May 4. (AP)—Grains quickly advanced today after a wavering start that was associated with lower wheat quotations at Liverpool and rains in domestic winter crop territory southwest. New speculative buying appeared in volume of price declines, but slackened on upturns. Opening unchanged to 1/2 off wheat subsequently averaged higher. Corn started at 1/2 decline to 1/4 gain, and later steadied at around yesterday's finish.

## Young Woman Of Pampa Succumbs

Miss Thelma Hughes, 21, died at the home of her parents, Mr. and Mrs. Ira Hughes, 210 East Brown street, early this morning. She had been in ill health for more than a year. The family have been residents of Pampa for a number of years.

The body lies at rest in the G. C. Malone Funeral home. Funeral arrangements have not been completed. Miss Hughes attended school here and more recently was connected with the Southwestern Bell Telephone company.

Besides her parents, she is survived by two sisters, Grace and Pearl, at home.

### NEW ORLEANS COTTON

NEW ORLEANS, May 4. (AP)—Cotton opened quiet and easier today. Cables were lower than due to first reports here showed losses of 10 to 14 points. Prices eased slightly further after the start with July at 8.07 and October at 8.32, down 12 to 14 points from yesterday's close. After the early offerings had been absorbed, the market rallied on buying by commission-houses, recovering all the losses. July snapped back to 8.21 and October to 8.44, even with the close of yesterday.

Trading in cotton was very moderate during the morning and prices fluctuated within the range. At one time, October eased to \$8.35, down 9 points net, largely due to reports of beneficial rains in Texas, which induced sales to take profits.

Toward mid-session, however, the market rallied in sympathy with firmer stocks, October trading up to \$8.43 and December to \$8.56, or 8 points up from the morning's lowest and within one to two points of the highs.

At mid-session the market was steady, ruling one to four points under yesterday's close.

## Roosevelt Will Open Chicago's Fair on May 27

WASHINGTON, May 4. (AP)—President Roosevelt today tentatively accepted invitations to open the Chicago exposition on May 27 and to dedicate on the same day the formal opening of the Great Lakes to the Gulf waterway.

The waterway dedication also will be held in Chicago. The latter invitation was delivered by a congressional committee headed by Speaker Rainey, at the time a Chicago delegation with Rufus C. Dawes as its spokesman, asked the president to formally open the exposition.

The date for the opening of the exposition was advanced from June 1 to May 27 to permit the president to attend. Earlier he had accepted an invitation to deliver the diplomas to the graduating class at the naval academy in Annapolis on June 1.

### YOUTH AND OLD AGT

GAINESVILLE, Fla., May 4. (AP)—Dr. Albert Shaw, 75-year-old New York publisher and editor of the Review of Reviews, and Miss Virginia McCleary, 22-year-old secretary, were issued a marriage license with the wedding arranged for noon today in Holy Trinity Episcopal church.

Robert Parks of St. Louis is in the city this week.

C. C. Wynn of Electra is visiting friends in Pampa for a few days.

J. D. Hill of Amarillo spent yesterday in Pampa.

AUSTIN, May 4. (AP)—Operators in the East Texas oil field have been called to meet here May 15 with the railroad commission for discussion of problems having to do with prorating production.

## TRY THE WORTH NEXT TIME YOU'RE IN FT. WORTH

... "a gol darn good hotel, Bo! Kind of food you want with service fit for any rancher" ... "you said a jaw full, and right on '80' too."

Yes, sir, no mistake about the convenience and solid comfort in living at the Worth. There is a soft downy mattress on every bed that insures a night of restful sleep. Every room has spacious windows for perfect ventilation, ceiling fan and circulating ice water. Then there's a private bath for every room, too. Here is a hotel that is convenient to the shopping and theatre center with accessibility to all parts of the city. Rates at the Worth are as low as \$2 a day for room with bath.

### The WORTH HOTEL

ON HIGHWAY '80' FT. WORTH ... W. 7th. Street & Taylor

## COTTON

(Continued from Page 1)

row crops except through feeding, while cotton is always saleable for something.

Cotton can be successfully grown here if good seed is planted, as was demonstrated a few years ago. Less than a decade ago, Pampa had a gin. If acreage enough is planted to indicate ginning of as much as 2,000 bales this year, a gin will likely be built. The south part of the county gins from 5,000 to 9,000 bales annually.

Some Obstacles. There are several obstacles to cotton culture. One is a shortage of seed and funds to buy it. Another is scarcity of horse and mules to plow the cotton. A third is lack of cotton farming machinery, a fourth a disinclination of the "high class" wheat farmer to bend his back over a hoe. Dirt, necessity and resourcefulness may remove most of these obstacles.

Not infrequently, cotton pays off more notes than wheat in sections where both crops are grown. H. P. Larsh, experienced cotton merchant and ginner, points out that when cotton was grown here previously, labor became high and hard to get. Wheat sold at a price which discouraged cotton. Now all these conditions have changed. The yield

was generally satisfactory and the quality excellent.

Expect 4000 Bales. Mr. Larsh told THE NEWS that 8,000 acres of cotton planted in early maturing varieties and properly cultivated could be expected to produce 4,000 standard bales of 500 pounds each. Based upon an average price of \$5.65 for line and \$8 per ton for cotton seed, the income would aggregate \$118,000 to be distributed to relieve indebtedness, plus \$12,800 for the seed. The picking would represent a labor output of around \$36,000 and a valuable contribution toward relief of the unemployed.

The sudden trend to cotton is largely for this year only, because of the wheat drought. Not many farmers care to equip themselves to cultivate both wheat and cotton extensively. Moreover, County Agent Ralph Thomas recommends diversification with row crops and livestock rather than cotton. But cotton seems to fit the present emergency best for those who can equip themselves quickly to plant and harvest small fields.

County Agent Thomas will assist any farmer who calls upon him for advice or other help. He has already assisted a number of farmers who are turning to cotton to prevent wheat acreage from lying idle.

J. W. Flint of Bartlesville is here on business for a few days.

## Park Officials Of State Visit Palo Duro Canyon

AMARILLO, May 4. (AP)—State park officials and engineers were being escorted through Palo Duro canyon Wednesday by delegations from Amarillo and neighboring cities who are interested in developing the canyon for a state park.

The inspection primarily was for the purpose of looking over probable locations for proposed scenic highways which may be built by government reforestation recruits. Government authorities have been petitioned to establish two camps in the canyon, provided landowners will donate land for park and highway projects.

It has been proposed that a scenic highway to be known as the Goodnight Trail, honoring the late Col. Charles C. Goodnight, be built from the town of Goodnight thru
