## Ross Sterling Leading "Ma" as Early Returns Arrive

### COL. ERNEST THOMPSON IS SHOWING MUCH STRENGTH AS HE LEADS HATCHER TONIGHT

DALLAS, Aug. 27 (SP)—Returns to the Texas Election bureau tonight from 31 counties, all incomplete, showed Mrs. Ferguson was behind Governor Ross Sterling for the democratic gubernatorial nomination.

The vote was, Ferguson 29,917; Sterling, 31,348.

Other votes:  
For railroad commissioner: Satterwhite 7,049, Terrell 13,610.

For railroad commissioner, 4-year term—Hatcher 9,254, Thompson 10,743.

For supreme court—Hickman 10,141, Pierson 9,517.

For congress, place 1—Farrish 2,658, Terrell 13,107.

For congress, place 2—Bailey 22,400, Davis 10,921.

For congress, place 3—Burkett 21,171, Strong 13,044.

### Death Rays In Sunbeams Found

WASHINGTON, Aug. 27 (AP)—A "death spectrum" has been produced at the Smithsonian institution in experiments on the effects of various light wave lengths on a living organism.

Scientists of the division of radiation and organisms said they found considerable interest in the results of laboratory investigations, and announced today, because of information gleaned about the distribution of the death-dealing wave lengths in the sun's light spectrum.

Dr. Florence E. Meier, Smithsonian biologist, covered glass plates with uniform growths of algae-green, microscopic one-celled plants. She exposed these plates, for varying periods, to different wave lengths lying just beyond the range of visible light. A pattern approaching the familiar spectrum photograph of the physicist resulted.

Some wave lengths left the algae unharmed. Others killed them, marking the areas of exposure.

The experiment indicated to the government light experts that dire effects to life on earth might result from a slight upset in the upper atmosphere's present balance which determine what wave lengths get through, since the lethal wave lengths received by living things on the earth's surface.

### GIVE STERLING SECOND TERM

It is freely predicted that the vote in tomorrow's second democratic primary election will be larger than that of the first primary. If this happens, it will be because the people of Texas recognize certain menaces to responsible government and rise again to keep their government amenable to their desires.

Tomorrow's first duty is TO VOTE. The second duty is to VOTE RIGHT. Passion and reason, prejudice and logic—these are not companion virtues. Let's enthroned REASON, let us dig out the truth from within the maze of propaganda which has engulfed Texas politics. BUT ABOVE ALL, LET US VOTE.

In the previous Sterling-Ferguson contest, The NEWS supported Ross Sterling as the more desirable of the two candidates. Our first choice was Clint Small. The intervening months have revealed Ross Sterling as a better governor than we had dared hope. His record, in fact, justifies his claim to a second term. Texas has always, excepting with the Fergusons, observed the democratic principle that a public servant is entitled to two terms unless his record is bad. On this ground alone, Sterling ranks above Fergusons, who have both an unsavory record and ample honors at the hands of Texas people.

Those of us who feared that Sterling as a big business man would enthrone big business in a still bigger way cannot say that such has been the case. Sterling's appointees have proved to be honest, capable men in most instances. His veto pencil has saved the taxpayers millions of dollars. His martial law in East Texas, while regrettable as to necessity, has saved untold millions for

### MR. "AVERAGE"

Well, here he is — the average American man! A little narrow in the chest, perhaps, and a bit full through the middle—but this plaster model doesn't lie. It represents the composite measurements of 100,000 veterans of all racial stocks after their return from the World War, and it by S. C. Huffman of Cincinnati, O. has been placed on view at the Museum of Natural History in New York. The figure, of slight build, is more suggestive of a sedentary than an athletic life.

### COTTON CROP SHORT

SAN BENITO, Aug. 27 (AP)—Not more than 35,000 bales of cotton are expected to be ginned in the Lower Rio Grande Valley this year with only about 25,000 ginned to date.

It is one of the smallest crops in the history of this section since the beginning of its agricultural development. The record was 161,000 bales in 1926.

### NEWS TO GIVE USUAL PARTY WITH RETURNS

### COMMISSION IS Open Minded On New Gas Plans

The Railroad commission may or may not adopt any of the three plans drafted by petroleum engineers to control the Panhandle gas fields, but in any case an order will be issued following a hearing at Amarillo, September 1, according to representatives of the commission at Austin.

J. M. McDonald, deputy supervisor for the Panhandle, received a telegram from R. D. Parker, supervisor, yesterday, which stated that E. V. Foran, technical adviser for the commission, will leave Austin Monday and arrive here Tuesday, to study the three plans.

He will submit them at the hearing to be held at Amarillo next Thursday. All of the proposals provide for immediate relief of from 50 to 75 unconnected wells and for control of the gas production to prevent waste of gas.

First returns from Gray county voting boxes, given The NEWS after the polls closed, showed early tonight that C. E. Cary was leading his opponent, Philip Wolfe in the sensational race for the office of county judge. The unofficial, incomplete totals were 1,706 votes for Wolfe and 1,773 votes for Cary.

The campaign in this race was climaxed Friday night in a stormy oratorical program at the courthouse, where Cary affirmed and Wolfe heatedly denied and explained charges which were hurled during the drive for votes.

Early returns here also gave C. E. (Tiny) Pipes the initial lead in the race for sheriff. The vote was 1,727 votes for Blancet and 1,993 votes for Pipes, but the bulk of the countywide vote was not then available.

Frank Hill had an early lead over Louise Miller Dunn for county clerk, the vote being 1,984 to 1,684.

For county commissioner of this precinct, John Haggard was ahead of Lewis O. Cox, the incomplete returns giving Haggard 1,501 votes to 1,136 for Cox.

In the constable's race, Jordan was leading Cottrell by a vote of 1,294 to 1,265.

The incomplete totals, including the three Pampa boxes, Kingsmill, McLean, and LeFors, are as follows:

For governor: Sterling 1969, Ferguson 1720.

For rail commissioner (6): Terrell 1928, Satterwhite 1488.

For rail commissioner (4): Hatcher 654, Thompson 2947.

For associate justice: Hickman 1731, Pierson 1392.

For congress, place 1: Parrish 2,394, Terrell 793.

For congress, place 2: Bailey 1602, Davis 1352.

For congress, place 3: Burkett 1,201, Strong 1746.

For representative: Puryear 1033, Duncan 2465.

For district clerk: Dunn 1684, Hill 1984.

For county judge 1773, Wolfe 1706.

For sheriff: Blancet 1727, Pipes 1993.

For commissioner, precinct 2: Cox 1336, Haggard 1501.

For commissioner, precinct 4: Wilson 403, Newman 324.

For constable, precinct 2: Cottrell 1264, Jordan 1294.

GOING TO AUSTIN

CANYON, Aug. 27 (Sp.)—Representative Clyde Warwick will leave Canyon tomorrow for Austin to attend the called session of the legislature.

I SAW--

A highly decorative bouquet of flowers, basket and all, on the desk of a popular member of the Business and Professional Women's club. Nothing strange about that except that the lady was wondering from whom came the flowers. She believes it came from a sister-member of the club; if not then from whom? The card said, "A bit of love with each flower. Your Christmas buddy."

GIVE STERLING SECOND TERM

State and for the landowners of East Texas, while enabling the other fields of the state to keep operating, a proof that Sterling's oil policies have helped the little man, we cite that independent oil men of Wichita Falls and San Angelo are especially active in his behalf.

Not less significant is the fact that among the latest Sterling appointees is Col. Ernest Thompson of Amarillo. Thompson has been the enemy of marauding utilities and we believe he desires to work for the interests of true Texans.

Let's give Texas elections back to the Democrats by voting the Fergusons know that there are other good Texans capable of opposing any incumbent who may be in office. LET'S SWAT FERGUSONISM TOMORROW AND RESTORE RESPONSIBLE, DEMOCRATIC GOVERNMENT TO A PLACE OF DIGNITY IN TEXAS. VOTE AGAINST JIM SATURDAY.

Notice to Voters: I have been unable to see and talk with many of the voters of precincts this week because it was necessary for me to discharge my duties as commissioner in the tax equalization hearings at the courthouse, and in looking after county business. I earnestly solicit your vote at the polls tomorrow.

OUT OUR WAY By WILLIAMS

WHY MOTHERS GET GRAY.

A daughter was born to Mr. and Mrs. W. S. Sullivan at Pampa hospital last night. W. L. Riddle of Miami underwent a major operation at Worley hospital yesterday.

The PEOPLES COLUMN

Editor, The NEWS: As there seems to be a hesitancy on the part of some of our substantial, law-abiding citizens about voting in the primary tomorrow, on account of the pledge at the top of the ballot, for fear their candidate should be defeated in the primary, let me submit the following opinion just received from the Hon. Thos. B. Love:

The supreme court of Texas in the case of Love vs. Wilcox, 28 S. W. 2d, page 525, held that in enacting the law providing for the pledge on the primary election ballot, the Legislature expressly refused to either make the test pledge legally binding by imposing a penalty for its violation or to require the voter to agree not to vote for or support candidates of other parties in the general election after he has participated in the primary, and the court further declared in the same case that in the previous case of Western vs. Mims, 227 S. W. 178, the court declined to construe the statute as invariably requiring the casting of ballots by primary voters for all nominees of the primary.

Now if all the conscientious voters stay away from the polls, we know the enemies of good government will nominate their candidates. Then it will be too late in Texas to remedy the evil. But I am sure in the decision and ruling we can all go to the polls and do our duty as good citizens. Then if the decision goes against us, we have another chance in November and we will have the consciousness of doing what we could. I shall let my conscience be my guide. PAMPA CITIZEN

Your Home County Man

The people of Gray county are much exercised over the state contest in this election.

There is another contest that means more to the people of this county than the Governor's or Railroad Commissioner's race.

Gray county has one, and only one candidate for Representative. This is the office that makes the laws you live under. It is extremely important.

Ivy Duncan is your home county man. He has been reared here, he has given of his time and means to develop Gray county, and we owe him a debt of gratitude. He has the ability, the inclination, the common honesty to make us a good Representative in the Texas legislature.

Duncan can win this race if the Gray county voters give him the support he deserves. Let's make it 100% in Pampa and Gray county.

PICNIC

Grandview: the other said the encounter resulted in a tie. Grady Enochs did the pitching for Grandview, and Baburn Burke for Pampa. Guy Andis caught for Ennochs and Travis Lively for Pampa.

About 275 people attended the picnic. The Grandview community turned out en masse. The ladies brought cake and the Pampans ice cream. Over 250 servings of ice cream were handed out the first round.

Business establishments of Pampa were well represented. Many of the county officers and candidates for offices were present; also professional people of the community. George W. Briggs, Mr. Collins and Mr. Lively said the two chambers of commerce were pleased with the attendance from Pampa.

Mills then outlined the program of action, including a plan for creation of a central business committee to direct united action by the twelve banking and industrial committees of the nation.

The secretary of the treasury emphasized the central committee was not to be an economic council directing the economic policies of the nation but rather an organization to bring about cooperation between the government and private business.

Then one of the heads of the government agencies directly involved in the new economic drive for jobs and credit spoke to the meeting including such financial and business leaders as Myron Taylor of the United States Steel Corporation; Daniel Willard, of the railroad world; Edsel Ford, Detroit automobile manufacturer, and Melvin Traylor, Chicago banker.

Franklin Fort, chairman of the new home loan banking board, explained this setup and announced the decision of Comptroller of the Currency Pole to order abandonment for 60 days of all foreclosures by national bank receivers.

"Organize for Action," the president had explained, "to engage in a day of great economic problems of the future. It is simply proposed that you organize for action in the problems immediately before us."

After the applause that followed his speech, the president took a seat on the platform while Robinson introduced Mills for the next speech. Fort, speaking a little later, appealed for support in putting into operation the new home loan banking system which he promised to be a going function by October 15 with \$134,000,000 available for home builders and owners.

There are two major evils which can be attacked at once," he said. "The first is the foreclosure of existing mortgages—sometimes because of arrearages of interest or taxes, but quite as often because of refusal to renew or continue them. This condition has been accentuated by the tremendous number of receiverships of banks and other lending institutions."

of the world—and that with its respiration confidence and hope have reappeared in the world. We are now able to take further steps in solution of the industrial and agricultural problems with which we are still confronted.

Henry M. Robinson of Los Angeles introduced Mr. Hoover. The general of American business listened intently and gave courteous applause at the finish.

For United Action. Mills then outlined the program of action, including a plan for creation of a central business committee to direct united action by the twelve banking and industrial committees of the nation.

with which to pay out depositors. Therefore, such foreclosures must stop until the home loan banks are functioning and pouring new funds into the mortgage investment fund. "Then somebody must begin loaning now. There are two types of loans which the public must have and which, if made, will speed the general recovery. Recovery from depression begins when things wear out and must be replaced or repaired. Real estate repairs to preserve the value of property will be the first help the building industry can get. The funds must be found."

# MARK KOENIG PROVES VALUABLE INFIELDER FOR CUBS

## VETERAN HAS GOOD EYE AND STEADY FEET

### CHICAGO WINS NINE OF LAST 10 GAMES PLAYED

By GAYLE TALBOT.

Associated Press Sports Writer.

Mark Koenig, veteran shortstop of the Chicago Cubs, reclaimed from his league oblivion three weeks ago to steady their infield, fast in proving himself the biggest chance perfectly yesterday as the Cubs repulsed Brooklyn again, 9 to 3, and extended their lead to five and one-half games.

The Pittsburgh Pirates also dropped further behind when the Phillies bombarded them twice, 11 to 3 and 6 to 5, the latter going 10 innings.

In the only other national league game, the Giants socked Bill Hallahan and two other St. Louis hurlers for 7 hits and a 6 to 5 win.

Lou Gehrig's 28th home run of the year with none on in the ninth inning clipped Cleveland, 4 to 3, and gave Lefty Gomez of the Yankees his 21st victory. Babe Ruth previously had batted his 30th homer with Combs on base.

Another game was decided by a circuit drive at Boston. Benny Tate of the Red Sox pounding one over the fence with one on to beat the Chicago White Sox, 5 to 4.

The Athletics went on a batting rampage behind Tony Freitas to overwhelm the St. Louis Browns, 15 to 5. Jimmie Fox hit his 46th homer to maintain his lead over Ruth and young Eric McNair hit his third round-tripper in as many days.

Washington collected 16 safeties off three Detroit flingers to win handily, 8 to 3.

## HOOKS and SLIDES by WILLIAM BRAUCHER

**Any Tricks, Boys?**

Kaye Don and Gar Wood apparently have shaken hands and made up. Their boats, the Miss England III and Miss America X are screaming across the waters of Lake St. Clair, readying up for another Harmsworth trophy, Sept. 3 to 6.

Villagers from nearby Algona come down to the lake in the early morning to watch the war-bugs go shrieking across the water at speeds of more than 100 miles an hour.

They cannot be excused for wondering if this year's race will be "on the up and up," or fraught with the stratagems that marked the heats last year. In other words, if this is going to be a boat race or a trick?

**A Race? Oh Yes!**

Don has brought a boat from Britain in which he set a world speed record of 119.21 miles an hour. The new Miss America X hasn't been clocked officially but the observant townspeople say it goes faster than Miss America IX, and that animated tub pushed itself around at 111 miles an hour.

From which it might be gathered that this is going to be a race!

**Beating the Gun**

Last year's controversy seems to have been forgotten by the two men. Don took his defeat like a real sportsman. It will be recalled that Wood beat the gun with his Miss America IX, which lured Don's Miss England II across the line some seven seconds ahead of time. Both boats were disqualified, so the race was awarded to George Wood, pilot of Miss America VIII.

Wood both admitted and denied that he had deliberately tricked Don. I think the chairman of the race committee accounted for the unfortunate occurrence by Wood's "patriotic fervor"—anyway, that was that.

**The Time? Who Knows?**

The new Miss America X was built by Nap Lisee, who may know how fast it will go but who will not say. No one at Algona will say, in fact. Wood has sworn to secrecy his mechanic, Orin Johnson, and just about everybody else who might have a hunch on the craft's time.

The tryouts are spectacular enough in themselves. Wood's boat has 48 cylinders—24 in line—that give forth a terrific scream as the thing skims across the water.

The folk of Algona, coming down to watch the boat and hear its ear-splitting yell, cannot be convinced that Miss England III can beat the American entry in a race. Even though they don't know what time she can make!

Mrs. Dred Lee of White Deer was a Pampa shopping visitor yesterday.

## John Hillard Is Hope for Texas U. Next Season

By BILL PARKER.

"Watch for John Hillard this season."

"Hillard will be the greatest conference back of all time!"

"We'll win with Hillard!"

Anyone has the privilege of adding a line of what he has heard, or read, about John Hillard, the thunderbolt fullback who is being schooled to open football lines opposing University of Texas this year. Bohn was a Texas squadman in 1930, but was ineligible last year. A sensation at high and prep schools, this boy Hillard has long been heralded as the most promising piece of human football machinery ever developed on a Texas gridiron.

Many critics and conference followers expect Bohn to accomplish miracles for the Orange and White Longhorns, but Coach Jimmy Kit Longhorns, but Coach Jimmy Kit Longhorns, but Coach Jimmy Kitts of Rice Institute is not one of the many.

Kitts is a basketball mentor, yet he knows plenty about football. He was once a star at Southern Methodist. In a recent fanning bee on conference football prospects, the playing of Hillard at high school and prep was mentioned. Jimmy turned into a thinker, and after everybody had expressed views on Hillard, Kitts said:

"Don't you writers depend too much on Hillard for your headlines. I don't believe he will do Texas much good. He had great promise once, but he has fooled around with his gridiron career until it is also worth out. He may fool me and burn down the conference with his work, but I can't make myself believe he will be able to out-shine a hundred regular conference boys."

But the warning, in spite of all Kitts said, reads:

"Watch for Bohn Hillard this year, prophesied the greatest back of all time in Texas."

**Malone and Pruitt**

The Southwest conference will probably be full of good ends this season, but the "outsiders" will have to play superior football to offset the advance all-conference publicity that Charlie Malone of Texas A. & M., and Madison Pruitt of Texas Christian start with.

Pruitt, if he plays near the way he did last year, is going to make the All-American pickers think long and hard before leaving him off their respective teams. Pruitt not only plays a powerful game physically, but is ranked by Coach Francis Schmidt as the most alert and smartest football player on the Texas Christian squad.

The elongated Malone, over two hundred pounds of Texas bone and muscle, went far last year and should reach the pinnacle this season.

Before the season starts, Malone and Pruitt are all-conference ends, and that's some handicap for other wings with the same ambition to overcom.

**BABE IS RESTING**

For the first time in two months, Mildred Babe Didrikson, Texas superwoman athlete and Olympic star, is resting. Babe started training for the girls' national A. U. track and field meet last May and worked out daily until time to catch a train for Chicago where she won the meet single-handed. From the national she went to the Olympics and established two new world records. After the Olympics she returned to Dallas where she was honor guest at daily social affairs planned for her.

From Dallas she went to Beaumont where she was paraded and lauded. From Beaumont she returned to Chicago for a post-Olympic meet. From Chicago she returned to Dallas.

And today, the Babe is under strict orders from her coach, Col. Melvin J. McCombs, to rest this week and not participate in any kind of athletics.

"All I am doing is eating and sleeping, and what a life for a girl like me," remarked Babe as she hunted a cool spot in her apartment to take another nap.

## SKILLED YOUNGSTERS ENTERING SEPTEMBER GOLF TOURNAMENT

By BILL PARKER.

Associated Press Sports Writer.

**SCHUHMACHER ENTERS**

Pre-tournament indications are that the Texas State Junior Golf championship at San Antonio next month will be a classic. The big shots of junior golf are entering, the latest being Don Schuhmacher, a 16-year-old aspirant from Dallas. Don was runner-up in the Texas municipal championship this year, and an entrant in the recent National Public Links tournament at Louisville, Ky. He failed by two strokes to qualify for the national youth affair.

Fifty-eight of Texas best junior golfers have already entered more than two weeks before play starts. And some people still wonder why the kids are not playing baseball on the corner lots as they did in past years. It is golf on the links now, and if a golfer can thrill over tournament competition, it is the young folks in a tournament of their own.

**FOOTBALL CAPTAINS**

The Southwest Conference training season starts September 10, and six of the seven members have elected captains and are ready for practice call. Baylor university is the only conference team without a captain.

Howard Sprague, giant fullback, will captain the S. M. U. Mustangs; Tom Driscoll, another had plunging fullback, will lead the Rice Owls; Ernest Koy, fullback, and Wilson "Cheese" Cook, guard, will co-captain the University of Texas; J. L. Erwin, tackle, has been elected to lead the University of Arkansas; Jimmy Aston, a fine field general, will captain the Maroon and White of A. & M., and the all-American guard, Johnny Vaught, will wear captain's stripes at Texas Christian.

The boys also tried tackling yesterday. Some of them got their man in the correct fashion some of the time—in fact most of them did at times. But the least that can be said about the tackling and blocking yesterday is the best that can be said. Principal L. S. Some was an interested observer of the work-outs.

It was the first time he had occasion to view the prospects. "They look good, but are they?" was his comment. It was obvious to Mr. Some that the morale of the boys is splendid. They work hard and willingly. There are enough fast big boys and enough boys not so big but who are faster to make a good team. The principal in looking over the field pointed out boys who played with emphasis on the "with" the Harvester squad last year. Schmidt was, the only regular back. He believes Patton, Pool, and Kelly, who played

## Clay Targets In Air at Vandalia

**VANDALIA, Ohio, Aug. 26.** (AP)—Clay targets that cost a cent apiece went whirling through the air here today, carrying a purse of \$11,000 to go with America's greatest trap-shooting honor, the Grand American championship.

A field exceeding 800 marksmen went to the firing line during the day seeking this highly coveted prize. Included in the list were eight former champions but the odds were strongly against them. They've been holding these grand Americans for 32 years and not once has it been won twice by the same shooter.

Yesterday 700 marksmen saw the \$4,000 preliminary handicap go to a 17-year-old Lansing, Mich., farm-boy, Bobbie Olds, who pulled onions and sold vegetables to finance his trip to the tournament.

Olds posted a 99 out of 100 score early in the afternoon and then let veterans blaze away at his mark. Ted Renfro, of Dell, Montana, and George Ransom, of Springfield, Ill., came the closest with 98 each, the Illinois marksman winning second money in a shootoff.

Mrs. Will R. Saunders, formerly of Pampa but now living in Amarillo, is a guest of Mrs. A. B. Goldston. She will return to Amarillo today.

## FOOTBALL MEN HAVE UNIFORM NEED OF WORK

### CHOOSING OF LINE-UP TO BE DELAYED FOR WEEKS

The boys in training at Harvester park still remain an unknown quantity, and there was no indication that any man would win a position for several weeks.

In reality, not much should be written or said about Coach Odus Mitchell's team-in-the-making for an indefinite period, but it is the policy of newspapermen to report great news and small, and certainly 60 boys in Harvester uniforms cannot be ignored.

After the setting-up exercises, Coach Mitchell permitted his pupils to carry the ball. A new figure on the field was that of Phillip Powell, a beefy, brawny fellow who confidently expects to turn the flesh on his body into hard muscle.

The coach divided his squad into two groups. In the most important one of the two, he had Pool as center in an imaginary line passing the ball to Kelley and Marbaugh who took turn about passing and punting it to Patton, Sammy Turner, Sullins, Powell, Schmidt, Sausbury, Ledrick, Walker, Adair, Stevens, the Owens brothers, Hamilton, and others.

Not So Bad

At the other end of the field, big Clovis Green shot, the ball back to Fullingim, who also punted and passed it to more novices. When a boy caught the ball he ran through several men until he was blocked by a shoulder. At times several of the prospective carriers looked fair; more often they didn't. Sammy Turner, a 132-pound dynamo, Rufus Walker, Bert Stevens, Wayne Kelley, Hamilton, Sullins, Powell, were not bad to look at. An encouraging demonstration was the manner in which Miles Marbaugh hurled a pass—the ball goes just like a bullet and its end always stays horizontal, headed toward the receiver. Kelley also revealed yesterday that he could punt creditably. At times, Marbaugh is as good a punter as one could want, but the team needs a consistent punter, and Miles is trying hard to be that.

## JAYSEES GET ONE WIN OUT OF TWO TILTS

### Rose Building's Fast Outfit Looms as Threat in Playground League

The Jaysees won and lost in two playground ball league games yesterday and Wednesday.

In the first game they walloped the Santa Fe 21 to 14 on the new Santa Fe diamond, one of the fastest in the city. The Rose building nine buried the Jaysees under a 36 to 9 score yesterday on the same diamond.

Bonnie Rose, manager of the Rose building squad, had his machine working perfectly. Poe and Lard batted extra well and often for the Rose team. Robert Woodward and Clarence Olsen were star batters for the Jaysees. Woodward made five runs and Olsen three.

The Rose roster included Lard, Green, Williams, Poe, Lawrence, Miller, Stapleton, Hubbard, and Stokes. The Junior chamber of commerce line-up comprised Olsen, Walker, Berry, J. Olsen, Richard, White, Woodward, McFarlin, Henry Berry, and Butler.

## Doubles Team Is Hard Pressed

**BROOKLINE, Mass., Aug. 26.** (AP)—Hair-raising play at the national doubles tennis tournament is becoming a daily occurrence in Longwood.

Wilmer Allison and John Van Ryn defending champions, put on a grueling three-hour five-set match in their semi-final round yesterday before eliminating George Lott and Frank Shields. The scores favored Allison and Van Ryn, 6-3, 2-6, 9-11, 6-4 and 13-11 but they didn't tell half the story.

Twice the defending champions were within two points of being dethroned. Players and gallery alike were all but exhausted.

The other semi-final match, which went over until today brought Henri Cochet and Marcel Bernard, the French team, against Keith Goddard and Ellsworth Vines.

The national mixed doubles quarter-final round was to be concluded today with Mr. and Mrs. Van Ryn opposing Sarah Palfrey and Fred Perry. In the afternoon the mixed doubles semi-final round schedule brought together Helen Jacobs and Ellsworth Vines and Dorrance Chase and Marcel Bernard. The other bracket of the semi-finals found Virginia Rice and Henri Cochet opposing the winner of the Van Ryn-Palfrey and Perry match.

# SOFTBALL GAINING FAVOR AS DIVERSION FOR WOMEN

## Parties Are Given for Noelette Residents

### BUSINESS TEAM AND SKELETON TO PLAY TONIGHT

#### GAMES ARE SCHEDULED FOR MONDAY AND TUESDAY

Softball is holding a new interest for Pampa women. Not only are they among the most enthusiastic rooters on the side-lines, but many of them are taking active part in the sport this season for the first time.

The game is the most popular picnic diversion of the season, and the specially challenged games are well attended.

#### Game Tonight Planned

This evening at 8:10 o'clock the Business and Professional Women's team and the women of Skellytown will vie for honors at Magnolia park here. The game will be the fourth contest between the two teams. Skellytown having won two games out of three. Manager Gus Bellows is the local team to be improved since the last game, however, and a hard fight is expected for this evening.

Monday evening the business women and Ensign J. F. Kirkman's team of girls will play, and on Tuesday evening Kirkman's team of girls will meet Skellytown here.

#### Skellytown Wins

Skellytown girls, who have been hard opponents for the local people, defeated Kirkman's team of Girl Scouts with a score of 30-14 Wednesday evening in Skellytown. Helen Stein was the outstanding local player, having a home run to her credit, and all of the girls showed marked improvement since their last game.

Pampa girls participating were Evelyn Kentling, Winona Davis, Eessie Davis, Mildred Hold, Barbara Kilgore, Johnnie Mae Campbell, Beatrice Stewart, Oma Butler, Amy Haber, Evelyn Ezell, Hazel Killman, Reba Stein, and Luetta Ezell.

### BRIDGE GROUP COMPLIMENTED

#### MRS. I. B. HUGHEY IS HOSTESS TO QUEEN OF CLUBS

The morning hours Thursday were made pleasant ones for members of the Queen of Clubs, who were entertained at bridge in the home of Mrs. I. B. Hughey.

Mrs. T. R. Martin, who scored high among the special guests, was presented a deck of cards, and Mrs. L. N. McCullough, who was high among club members, received a cake.

Mrs. Raymond W. Harrah received a plaque for high cut. Refreshments were served in two courses with a lime drink at the close of the games.

Members and other guests for the party were Mesdames H. D. Keys, Carl Boston, O. H. Booth, R. S. Lawrence, A. B. Goldston, Charles C. Cook, L. W. Kelley, John T. Glover, L. N. McCullough, Sherman White, T. R. Martin, J. M. Saunders of Amarillo, Bert Isbell, Raymond W. Harrah, A. M. Martini, and C. T. Hunkapillar.

### Red Cross Will Furnish Cans On "Halves" Basis

Decision to buy 3,000 cans and offer them to community residents to fill with foodstuffs on the halves was made by the new Red Cross directors and officials at their first meeting yesterday.

The Red Cross will supply the cans and offer them to city as well as farm residents. According to the plan, 50 per cent of the cans that are filled would be returned to the Red Cross for distribution among the destitute families of the community.

This method of obtaining food is being used with success in various parts of the country. The theory is that the farmers and gardeners have the vegetables but are unable to buy cans. Farmers who do not have pressure cookers will be supplied with them.

The meeting was brief because most of those present had to leave early to attend the Grandview picnic. The problem of making the cloth to be sent to the Red Cross here by the government into clothing was discussed but no plan was adopted. B. W. Rose suggested that this problem be taken up with women's organizations of the city.

### My Beauty Hint

By MARIE DRESSLER

If the saying is true that the first hundred years are the hardest—then the 60-year-olds (like myself) are fast coming into their own.

What a relief it is—after years of effort to appear beautiful—to sit back in our mellow age and rest from our labors.

However, some elderly women don't appreciate this period of ease, and continue to struggle with exterior beauty methods—not realizing that our beauty comes from within.

They go about with gayly made-up faces that only emphasize their lost youth. They dash their lips with red and strive to hide their wrinkles by surgical methods.

To them I would suggest a comfy relaxation—a passing on of the paint pots to the younger generation—a relying on good old soap and water with a bit of powder for their beauty needs.

By shedding our old struggles, we have an opportunity of being natural—and naturalness and simplicity are youthful.

### College Girls May Board for \$20 Per Month This Winter

CANYON, Aug. 26. (AP)—The cost of education will be less than \$200 for the entire nine months, or little more than \$20 a month. If the entire amount is paid in advance, board and room for the nine months will be even \$20 a month, or \$180.

Girls caring to do light house-keeping may obtain rooms and kitchen privileges at \$7.50 a month per person.

### No Late Hours to Be Allowed for Boys or Girls

MEMPHIS, Aug. 26 (AP)—When someone recalled recently that Memphis had a curfew law on the records that had been forgotten 10 years, it was arranged to blow a whistle at the old hour of 9:15 p. m. much to the consternation of the city's youngsters.

The curfew ordinance was passed about 10 years ago and immediately forgotten. No attempt was ever made to enforce it. It provided that those under 18, unaccompanied by their parents, should scurry for home, when the whistle blew.

Mr. and Mrs. Clarence Shearer and children, Edyth and Rex, have returned after a vacation trip to Colorado and New Mexico.

### SOCIETY FOLK MOURN DEATH OF DICTATOR

#### MRS. M'CORMICK DIES THURSDAY IN CHICAGO

CHICAGO, Aug. 26 (AP)—Death, near the close of her sixtieth year, has ended the career of Mrs. Edith Rockefeller McCormick—social dictator, linguist, patron of the arts, who once was acclaimed the richest woman in the world.

She died peacefully after a lingering illness with cancer, the end coming in her Drake hotel suite at 3:40 p. m. (CST) yesterday. About here were her reunited family and Edwin Krenn, her faithful friend and business associate who tossed his personal fortune of more than \$1,000,000 into the market in an attempt to bolster the dwindling fortune of John D. Rockefeller's younger daughter.

A brief bulletin from the physicians brought the word of her death, as serene as was her life, filled as it was with romance, social eminence, bitter personal disappointments, business successes, family unhappiness, and, near the end, financial losses.

The bulletin said: "Mrs. McCormick died at 3:40 (CST). Death came peacefully. All members of her family were at her bedside."

In the group as the end came was Harold F. McCormick, whose devotion to the dying woman attested the friendliness he has always shown since their divorce in 1921. There, too, was Mrs. McCormick's only son, Fowler, who alone had never completely broken the family ties.

Present also were her older daughter, Muriel, now Mrs. Elisha Dyer Hubbard of Middletown, Conn.; her third and youngest child, Mrs. Max Oser, the former Mathilde McCormick; Mrs. Fowler McCormick, the former Phil Stillman; Mrs. Stillman's son, Alexander Stillman; and Major Hubbard, Muriel's husband.

Arrangements for Mrs. McCormick's funeral had not been completed today, and it was considered extremely unlikely that John D. Rockefeller, now in his 93rd year, would be able to attend the last rites for his daughter. John D. Rockefeller, Jr., who visited his sister recently, is expected to come from his father's summer estate near Pocantico Hills, N. Y.

Had Mrs. McCormick lived until next Wednesday she would have been 60 years old.

NEW SHADES OF BLUE OFFERED FOR FALL  
PARIS (AP)—Chinese porcelain blue is one couturier's most striking contribution to the fall color card.

The shade, which is an exact copy of that seen in old Chinese processions, is a vibrant blue tinged with green. It is generally used in crinkled silk crepe for afternoon frocks.

Mr. and Mrs. T. E. Simmons are expected home today after a vacation trip. They visited Mr. and Mrs. Paul Shepherd in Casper, Wyo., and made a trip to Yellowstone National park.

### ONCE WAS ROYAL—NOW PEDDLER

Louise of Saxony, once the gay belle shown here, approaching her sixty-second birthday on Sept. 2, reduced to earning her living by selling embroidery in Brussels.

By EDWARD TRAUSS

BRUSSELS (AP)—Louise of Saxony, tragic, madcap princess, living alone in a little house in a humble suburban street, will be 62 on September 2.

Louise may have her bitter-sweet memories of the days when she was the talk of every European court, but not many of the good burghers in her street are likely to remember the date.

The bent, gray-haired woman who can be seen, early mornings, washing her front stoop, or later in the day, trudging down the Avenue de Klauwaerts to peddle embroidery is a too-familiar figure in that neighborhood.

Her crash from world greatness happened so long ago that it is half forgotten.

Once she was a princess imperial of Austria, and her wedding in Vienna in November, 1891, was a social landmark. The waltz-mad capital danced its honor to the big-eyed royal bride.

Her husband, Crown Prince Frederick August, later became king of Saxony. He relinquished his crown to the general Germanic debacle of 1918 and died peacefully six months ago.

In the "gay eighties" Princess Louise, then in her twenties, was a proud and radiant figure. Chronicles of the time describe the beauty of her eyes, her grace, her charm, her wit.

Perhaps it was that very wit, extravagant and impatient, which brought about her catastrophe, so that afterwards she was known by the sad title of "Princess Bizarra," the "madcap princess."

"There was something too proud,"

### GRIMM HEARD BY CROWD OF LOCAL PEOPLE

#### PLAN OF SALVATION IS DISCUSSED BY EVANGELIST

Speaking at the First Baptist church last night before a crowd of about five hundred persons, Evangelist B. B. Grimm told what, in his opinion, was the plan of salvation. The service was the second of a series in a month's revival meeting. Tonight he will speak in a tabernacle which has been erected adjoining the First Baptist church lot.

"The plan of salvation," said the evangelist, "is not conviction for sin. It is not remorse, not fear of death, not quitting one's meanness. It is simply repentance toward God and faith toward the Lord and Savior, Jesus Christ. Not a historical faith but a personal faith in and on Jesus Christ is required."

H. M. Powell, a graduate of the Moody Bible Institute of Chicago, is song leader and director of young people's work. Beginning probably next Monday, he will conduct services for young people beginning at 7 o'clock. He plans to organize an orchestra and to secure other special music for the meeting. Mrs. Grimm, wife of the evangelist, is pianist and often joins Mr. Powell in vocal duets.

The meeting is sponsored by no particular denomination, and Mr. Grimm has asked all churches and all Christian people to cooperate with him. "What is a Revival?" is the subject for tonight.

Miss Arless O'Keefe, Pampa high school instructor, was a visitor in the NEWS office this morning. Miss O'Keefe spent most of the summer in Panhandle and Canyon. She also made a trip during July to a ranch near Clayton, N. M.
