

Lubbock Has 17 Degrees Below Zero

Mr. and Mrs. W. E. Minatre have given the Sam Houston cafeteria chickens for a meal. In behalf of Principal A. L. Patrick, "much obliged"; we'll likely "drop in" and sample the fried chicken.

Hurrah for the incoming city administration!

It will be one administration in which no one, save perhaps the West Foster grouch, can find a fault.

From mayor to dog-catcher, it will be an administration of harmony, efficiency, and economy. Every member of the city staff will be a nothing-a-year man.

For once, there won't be any complaint about there being too many departments.

We speak of the Boy Scout "administration" which will hold office in supreme authority for one hour Saturday. Hall the "new deal!"

We have only commendation for the choice of the city staff—for once. And we warn the politicians that we will be on hand with a battery of cameras to "shoot" up the municipality.

MUCH TO LEARN
The Scouts will go into office with the best intentions. So do most of the office holders of the country. And the boys will not have to investigate far to see that the modern system of government is necessarily complex. We moderns have progressed far mechanically but not so far socially and economically. We have drifted into a morass of customs and laws which bewilder the best minds.

JUST FOR EXAMPLE
Therefore we cannot expect the boy administration to solve all the problems which vex us, locally and nationally. We cannot expect them to understand why we have too few suitable dwellings and yet too many carpenters; too many hungry people, but too much food; too many half-naked, freezing humans, but too many mills and too much cotton and wool; too expensive transportation, but too many railroads and buses; too many sick folks, but too many doctors; too many lambs but inability to reduce the birth rate without violating the Sherman act; as much money as ever, yet 2,300 bank failures in the last few years; lack of nothing, except a fair standard of living for all, yet inability to distribute money that is wanted and needed and which those who possess it are eager to lend under reasonable guarantees—a monetary phenomenon in the face of time-locked beliefs that forced liquidation and suffering alone can bring about normalcy. No, we cannot expect the Boy Scouts to understand all that.

REFRIGERATION
Boys can't understand why demand bank deposits should have dropped 50 per cent, slowing business and making banking hazardous. They can't understand why a democratic government supposed to be operated for the benefit of all the people, hid its head in the sands of false hopes for two years before taking any remedial action, and why that belated action took the form of helping big corporations, and little ones too, to pay off Wall Street but not to keep local businesses solvent. Prosperity is merely an adequate fluidity of purchasing power, which in the gala days of the inflation was grossly overdone through overproduction of credit. Credit, indeed, so outstripped our monetary basis that deflation was forced as a very logical result. An over-production of capital facilities tied up billions. Purchasing power,

Coldest Weather in West Texas in Last Thirty-Years.

By The Associated Press.
RECORD-breaking cold weather in many parts of Texas followed today in the wake of a storm which descended from the Rocky mountains, bringing casualties among cattle, damage to early fruit crops and suffering to the destitute.
Not a section of the state was spared the rigors of the wintry blasts. From the Panhandle to the Rio Grande Valley and the Gulf Coast, thermometers reached a low mark which contrasted vividly with the mild weather of the last week-end.
Clear skies generally indicated that there would be no immediate addition to the light fall of snow or ice which accumulated in the last 36 hours. No serious delay to vehicular traffic developed although many motorists chose to leave their automobiles in the garage.
From the 17-degree-below-zero temperature at Lubbock, the figures ranged upward to 30 above at Brownsville.
Lubbock's reading, taken at 7:30 a. m., was seven degrees below the previous all-time minimum at the state experiment sub-station. In the city proper, it was 12 below, and the snow was shining. Livestock was only slightly hurt since most of the south plains cattle are feeders.
Coldest Since 1898.
At Midland, it was 11 below, the coldest weather since 1898. Only twice in recent years had the mercury dropped below zero. Pampa and Amarillo had 10 and 8 below, respectively.
As the temperature crawled above zero for the first time in 36 hours, Amarillo had reason to believe that the peak of the storm had passed. Cattlemen were checking their losses.

(See 17 BELOW, Page 6.)

Rotarians Have County Farmers As Club Guests

In a talk before the Rotary club today, where farmers were guests, Ralph Thomas, county agent, explained the work of 4-H clubs in Gray county. "The object of the work is to instruct boys in improved methods of farm life. Our work is with farm boys for city boys have the opportunity to get the training through high school courses," he said.
There are more than 900,000 members of 4-H clubs in the United States and more than 75 enrolled in Gray county. The profits of club work must go to the boys before they can enroll. He keeps records of his expenses and the profits are easily determined. He knows when his crop, beef or poultry is sold the amount of money made from it.
"Use two demonstrations in the work method and result. The former is used in showing how things are done and the latter the finished product as beef and poultry shows."
A course in poultry raising is being given 4-H club boys this year, and the literature which the boys study for information and instruction is thoroughly digested, not for any academic credit but for self help.
Other talks were made by Chris Baer and C. S. Barrett, who arranged the program. A. G. Post told of the Boy Scout rally which will be held in Pampa Saturday and urged all the members to attend the Scout father and son banquet Friday night.
Visitors today included J. M. Saunders, Bilb Ridner, Clyde Pathner, Gene Shackleton, Dick Walker, L. L. Sone, and D. G. Clark.

DE VALERA REELECTED

DUBLIN, Irish Free State, Feb. 8. (AP)—Eamon de Valera, head of the Fianna Fail party, was re-elected president of the Irish Free State today by a vote of 82 to 54 as the new Dail Eireann convened for its first meeting.

O. V. Hunt of LeFors was a Pampa visitor yesterday.

I HEARD--

Rufe Thompson declare that "This is better exercise than golf" as he wielded a shovel and scraper on the ice and snow in front of the hardware store this morning.
That Mel B. Davis was the only visitor to the White Deer Land office yesterday.
That the Fort Worth and Denver "Doodle-Bug" got through cuts and curves without any trouble yesterday, but got stuck on the plains. While the crew was debating how to get it out of the drift, the wind blew the snow away and the car came to Pampa.
Charlie Barrett, snowbound for two days, arrived in the city this morning, and was immediately "picked up" for running a "stop" sign.

British Fliers Set New Record

REJECT DENISON

NEW NONSTOP LONG-DISTANCE MARK IS MADE

AMERICANS' FLIGHT IS BESTED BY OVER 300 MILES

SMITH PLANE CRASHES

NEW ATTEMPT TO BE MADE BY POLANDO AND BOARDMAN

CAPE TOWN, Union of South Africa, Feb. 8. (AP)—The British fliers, squadron leader O. R. Gayford and flight lieutenant G. E. Nicholls, landed at Walfish Bay at 4:40 p. m. (10:40 a. m., S. T.) today after setting a new long-distance non-stop record.
They beat the American long distance mark established by Russell Boardman and Jean Polando by more than 300 miles. They were in the air 57 hours and 28 minutes.
Walfish Bay is 800 miles north of here and 5,411 miles from Cranwell, Eng., whence this flight started.
Victor Smith, young South African, failed in his attempt to beat Mrs. Amy Johnson Mollison's record of four days, six hours, 54 minutes, for the England-South Africa flight by stages, when his plane crashed up today in landing at Oran, Algeria. He was injured.
Capt. James A. Mollison, who is attempting a speed flight by stages from England to Brazil, arrived this morning at Thies, near Dakar, Senegal, from where he plans his trans-Atlantic takeoff.
To Try Again.
LYNN, Mass., Feb. 8. (AP)—Lieut. John L. Polando of Lynn Mass., co-holder with Russell T. Boardman of the previous non-stop flight record of 5,012 miles, today praised the new world's record established by Squadron Leader O. R. Gayford and flight lieutenant G. E. Nicholls of the British Royal Air Force.
He said it was probable that he and Boardman would arrange another long distance flight, possibly this year, with the idea of regaining the record for the United States.

BROADWAY, FIFTH AVENUE WED

ANOTHER romance between Fifth Avenue and Broadway came when Gilbert Kahn, eldest son of Otto Kahn, the banker, married Miss Jane Heiker, a dancer. Their romance included her withdrawal from a musical production because Kahn objected to a bit which she was playfully nunchanted. It is Kahn's second marriage. The couple are shown above shortly after the ceremony.

SCOUT WEEK OPENS WITH BOYS OBSERVING ANNIVERSARY AND PLANNING TO ATTEND ROUNDUP

Scouts Give Chapel Program at High School
The biggest week of the year in Scouting—the anniversary period of February 8-11—opened today with boys of the Adobe Walls area observing the week adequately and planning to come to Pampa Saturday for the round-up Saturday.
This morning at high school chapel, Scout Executive C. A. Clark outlined the week and asked the students and teachers to cooperate in evidencing the spirit of the week to the public. He asked help in finding boys reaching the age limit of Scouting—12 years.
President A. G. Post of the council made a brief talk and introduced the Rev. A. A. Hyde, immediate past president, for remarks. A first aid team composed of Eagle Scouts, Edward Scott, Melvin Qualls, Smith Wise, and Life Scouts Otto Rice and John Martin, with Jack Allison as the "victim," demonstrated bandaging of broken things and jaws and treatment of shoulder cuts.
Booths in the Brunow building will not be ready for public inspection before tomorrow evening, since the cold weather delayed their erection. Butchering of calves furnished by the Combs-Worley interests and Lon L. Blansett was to be done today, then Dille bakery was to barbecue the meat for the free barbecue for the Scouts and Scouters at the Junior high school cafeteria Saturday noon.
Chapels in the ward schools, in which Scouting will be stressed, have been postponed to Friday.

Six Proration Orders Granted

KILGORE, Feb. 8. (AP)—Railroad commission officials said today that 38 wells in the East Texas oil field were to be proration ordered by six injunctions granted in Fort Worth yesterday. The orders are to enforce proration orders of the commission.
The judgments were entered against the Central Oil Corporation, Sacco Oil Corporation, Pittman Oil Company of Texas, David M. Reed, Dinham Oil company, and the East Texas Oil and Refining company.

Mercury Dips To 10 Below Again; Pipes Pop Open

King winter last night duplicated the previous night's 10-minut temperature, although there was little wind and many citizens had anticipated no more than zero.
Wheat farmers are fearful that the dry, low temperatures, following spring-like weather, added considerably to the damage already done by continued drought.
Householders were dismayed today to note that water pipes had frozen more than on the previous night. Employees of the city water department are working night and day in answering calls to cut off water connections lest water escape through bursting pipes. Plumbers are similarly overwhelmed by calls. Several days will be required to thaw out all the pipes, repair meters, replace burst sections, and undo other damage done by the hard freeze.

Weather Delays Excavation of Swimming Pool

Pampa's jobless men continued today without work because of the low temperature which prevented work on the municipal swimming pool.
Steel will be moved to the site during the day, but frozen ground prevents completion of excavations and it is too cold to do carpentry work in making forms for the concrete. Since the concrete must be poured continuously when begun, work will be delayed until warmer weather is certain. Pouring will be done day and night when started, and will require three or four days.
TO HAVE PIE SUPPER
Despite the cold weather, the Hopkins Parent-Teacher association is going ahead with plans for its pie supper tomorrow night at 7:30 o'clock.
Jack Raines is doing nicely at Pampa hospital following a serious illness.

APPOINTEE NOT CONFIRMED IN SECRET VOTE

FERGUSON CHOICE FOR COMMISSION HEAD NOT ACCEPTED

'MA' LOSES SKIRMISH

OPPOSITION CENTERED ABOUT FORMER CONTRACTS

AUSTIN, Feb. 8. (AP)—The senate today rejected Governor Miriam Ferguson's appointment of F. L. Denison of Temple as chairman of the state highway commission.
The senate was in secret session less than an hour. Opposition to Denison had centered about some contracts he had with the state highway commission during Mrs. Ferguson's former term as governor.
Vote Not Revealed.
The senate confirmed the appointment of R. L. Daniel of Victoria as state life insurance commissioner. Daniel was a member of the insurance commission during Mrs. Ferguson's previous term.
Two-thirds majority vote was required to confirm. How the vote stood was not revealed.
The senate committee on government's nominations held a public hearing last week on protests against Denison's confirmation. Denison, Temple merchant, banker and contractor, was questioned in detail concerning two construction and four maintenance contracts awarded him several years ago by the state highway commission under Mrs. Ferguson.
Substitute Expected Soon
Denison defended his part in a contract with the state for the building of an "experimental road" between Temple and Belton. He admitted that the contract contained a clause which was "against public policy" but he stated that a contractor should not be blamed for attempting to insert such a clause into an agreement. As a member of the highway commission, he would not sign such a contract, he added. The clause in question released the contractor from liability except for bad faith or lack of ordinary care. The committee voted to recommend Denison's confirmation.
Denison's term would have begun next Wednesday. He had been appointed to succeed Cone Johnson of Taylor, as a member of the commission and W. R. Ely of Abilene as chairman. Mrs. Ferguson likely will send up a substitute appointment within the next few days.

Jaysee Groups To Hold Joint Session Tonight

Activities committees of the B. C. D. and Junior chamber of commerce, headed by Jack Cunningham and Roy Bourland, respectively, will meet at the city hall this evening at 7 o'clock.
Upon these groups is the responsibility of proposing projects for consideration of their organizations during the year. Tentative schedules already have been drawn. In some cases, the activities of the two organizations will necessarily overlap.
On Thursday, the agriculture committee of the B. C. D., headed by G. C. Stark, will meet at 2 p. m. Subjects to be discussed include plans for the spring vocational judging contests and the proposed beef show.
A delegation will go to the community hall in the Hopkins community Thursday evening to attend a pie supper and "broadcast" sponsored by the Hopkins P.-T. A. Because of the conflict of this event with the Lions minstrel practice, the delegation will not be as large as planned. The date was moved to Thursday from Friday to avoid a conflict with the Father and Son banquet here.
CONE JOHNSON WORSE
TYLER, Feb. 8. (AP)—The condition of Cone Johnson, veteran member of the state highway commission, who has been seriously ill at his home here, became slightly worse today.
Mrs. D. A. Finkelstein and son, Hubert, returned home last night after visiting with relatives in Scranton, Pa., for several months.

Garner Hates To Leave His Present Job

Laughter Features Formal Election of Roosevelt And Garner.

WASHINGTON, Feb. 8. (AP)—Just a few minutes after being officially elected vice-president, Speaker Garner told the house "I'd rather remain in the house than go to the senate," over which he must preside after March 4.
The speaker said he did not think "I have said privately" and then made the statement.
"My heart will always be here in the house," he said.
He is just completing 30 years of service.
The speaker's remark was occasioned by Representative Snell's public congratulation on his new office.
The house stood and applauded Garner, obviously moved, replied huskily and extended his appreciation to the minority leader for his cooperation in directing house affairs.
After rapping repeatedly for order, Curtis drew forth from a ballot box an envelope containing Alabama's electoral vote. He opened it with a paper cutter and handed the envelope to Representative Jeffers "D. Ala." one of the tellers.
Jeffers read the report, stating 11 votes had been cast for Roosevelt and Garner and that the "certificate seems to be regular in form and authentic."
The democrats applauded, Curtis pounded for order and the entire assemblage laughed.
After each succeeding announcement of votes for the democratic ticket, the democrats applauded and Curtis banged his gavel.
Democratic applause was especially loud when a vote of a normally republican state was announced.
When Senator Glenn read the Kansas vote of 9 for Roosevelt and Garner vice-president, Curtis turned and shook hands with Speaker Garner as the democrats applauded.
When Senator King read the 23 votes from Texas, both senators and representatives arose and applauded and gave the "rebel" yell.
Curtis stood and Curtis shook his hand.

Last Case Tried In 114th Court

The 114th district court is no more, and the last rites will take place when its more than 100 cases are formally transferred to the 31st district court.
The transfer of transfer will probably be determined by Judge W. R. Ewing when he opens a regular term of his court here in March. It may be possible to avoid much clerical work by retaining the docket numbers of the 114th district court.
The abolished court was almost 4 years old. It was formed in March, 1929, when Clifford Braly was presiding judge. Judge Braly was previously well known as an able prosecutor. During Judge Braly's periods of serious illness, E. F. Ritchie of Miami was made special judge by vote of the local bar.
The court was established to remove congestion of the civil docket in the other court, and its abolishment was speeded as an economy measure.

Swimming Pool Will Be Heated To Right Degree

City Manager C. L. Stine, in v'iting swimming pools in other cities, has learned that most of them are inadequately heated.
He is, therefore, determined to devise an efficient boiler heating system for the local pool. A tentative design provides for heating of the water as it enters the pool and for continuation of application of hot water and steam until the desired temperature is reached. Thereafter, warm water can be added without causing discomfort for those in the pool.
A substantial saving in consumption of the pool will be made by designing and constructing devices which are very expensive to purchase now.

Senate Adopts Small Proposal

AUSTIN, Feb. 9. (AP)—The senate adopted a resolution today to provide for settlement of a boundary dispute between Texas and Oklahoma regarding the southern line of the Oklahoma Panhandle. The resolution now goes to the house.
The resolution asked that legislative committees from the two states meet and draft a compact fixing the boundary line. The compact then would be submitted to the Oklahoma and Texas legislatures and the United States congress.
Texas' expenses in the undertaking would be limited to \$500. The resolution was introduced by Senator Clint Small of Amarillo.

Mail Carriers Are Snowbound For Day

Postmaster D. E. Cecil reported mail carriers out on all rural routes this morning after being snowbound on most of the trips yesterday. Westbound mail from the south was late again this morning and at 11 o'clock a report was received that the westbound passenger due here at 4:44 this afternoon was an hour late at that time.
Mail from Dallas, Fort Worth and points south due here at 9 o'clock yesterday morning arrived here at 8 o'clock this morning. It was only one hour late this morning.
Mail was transferred to the C. & O. W. at Mobeetie yesterday but failed to get through.
Eastbound mail is being received on time.
R. L. Mallory of Tusa is transacting business here this week.

BRITON WOULD PAY WAR DEBT IN LUMP SUM

BORAH OPPOSES PLAN WITHOUT TRADE CONCESSIONS

A FINAL SETTLEMENT

PROPOSES TO PAY TEN PER CENT AND CALL IT SQUARE

WASHINGTON, Feb. 8. (AP)—Chairman Borah of the senate foreign relations committee today threw his influence against a lump sum cash settlement of the European war debts or any other settlement that embraces no trade concessions for this country.
Commenting on dispatches from abroad that the British would propose in the coming negotiations with President-elect Roosevelt a cash settlement of between \$1,250,000,000 and \$2,000,000,000 in payment for the \$11,000,000,000 of Europe's war obligations, the Idaho senator in a statement said:
"I am not interested in any plan which deals with the debts that does not include the adjustment of the currency question and certain other problems which stand in the way of opening up world markets and restoring trade and commerce. A lump sum payment would not do us any good of a permanent nature unless we can find markets and restore the purchasing power of the people."
Ten Per Cent
LONDON, Feb. 8. (AP)—Payment of \$100,000,000, currently about \$339,000,000, in a lump sum to the United States as full and final settlement of Great Britain's war debt was proposed in the house of commons today by Geoffrey Mander, a liberal.
Great Britain's debt to America now stands at approximately \$4,499,520,000. The payment proposed by Mr. Mander, therefore, would affect final settlement on a basis of something less than ten per cent, approximately the scale on which the Lausanne conference settled the German reparations.

Ten Per Cent

LONDON, Feb. 8. (AP)—Payment of \$100,000,000, currently about \$339,000,000, in a lump sum to the United States as full and final settlement of Great Britain's war debt was proposed in the house of commons today by Geoffrey Mander, a liberal.

A substantial saving in consumption of the pool will be made by designing and constructing devices which are very expensive to purchase now.

I SAW--

A rueful look on "Skeet" Stewart's face yesterday while he was reading the streamer headline of THE NEWS, Observed Skeet: "That 'grips' in 'sub-zero weather grips plians' should be 'gripes'."
Neal Bean in the Harvester drug telling snake and bear stories waiting for the car that was to take him out to his home.
Dr. R. A. Webb and he seemed positive that he would not run the risk of becoming stranded in this blizzard-like he was two years ago when the whole town turned out to hunt him.

A number of people who were concerned about a truck driver and a woman and her little girl who were supposed to have frozen to death near Pampa yesterday. The various rumors had the man frozen to death all over this territory. The woman and child were supposed to have died while walking back toward White Deer after their car had broken down. As far as THE NEWS could learn, the rumors were groundless.

ROOSEVELT AND SCOUTING

President-elect Roosevelt, for a decade past, active in the Boy Scout movement as president of the Boy Scout foundation of Greater New York, whose insistence led to the development of the new New York City scout camps, the largest camping group in the world, has this to say about the Boy Scout movement and similar programs of other charter building agencies:

"While my primary concern at the moment is that of the Boy Scouts, and the thousands of volunteers serving it, I want to project a plea in behalf of all character-building and social agencies during this difficult period. These agencies reflect an important phase of our recent progress; they are an integral part of our life of today; they express the hope of the future.

"Never perhaps in our history was the social agency so urgently needed as now. And my plea is that this great service to America be protected from interruption or curtailment. "This is what Scouting achieves: "It inculcates in the boy a definite sense of civic responsibility. "It develops respect for the rights of others. "It places the emphasis on honor and decency. "It is constructive prevention. "But is not prevention rather than correction the solution of the crime problem?"

"We believe that a boy's experience as a Scout in doing the things which the program of Scouting inspires and stimulates, definitely forms desirable habits of conduct reflecting a wholesome attitude towards life and respect for others and to the community; and that when these acts and attitudes are 'worked-at', they result in habits of conduct, and moral fibre, character and a degree of self-control which results in men of character, trained for the responsibilities of citizenship."

DR. JAMES E. WEST, chief scout executive

"It gives me pleasure to again earnestly endorse the Boy Scout movement, which is the safest kind of insurance against unlawful and anti-social vocations that result in tremendous financial burdens to the tax payer.

"Scouting develops character in the boys more surely than any other activity, and the almost complete absence of former members in Sing Sing during recent years is proof sufficient that these boys are not easily tempted into unrighteous paths. Boy Scouts and other similar boys' club membership means protection against delinquency, a reasonable guarantee of honorable manhood, and every parent owes it to his children, if possible, to permit them to take the Scout Oath, which is seldom broken."

LEWIS E. LAWES, warden of Sing Sing prison, N. Y.

Considering the epidemic of bankruptcies, it's refreshing to find merchants here and there still doing business at the same old standstill.

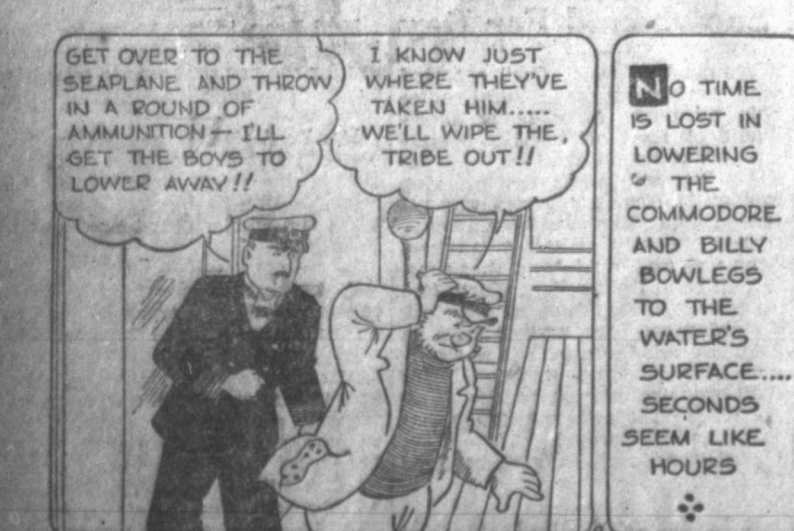

Scientists report that man's jawbones and teeth are deteriorating from the use of soft foods. Just the same it's hard to regard the cook who leaves sand in the spinach as humanity's best friend.

Mechanical bridge players will never be a success unless they respond to a kick on the shins.

Sheriff Flays Ousted Teacher In Eviction Row

RANKIN, Feb. 8. (AP)—Calling allegations of C. V. Compton, deposed of the school here as "maliciously false," Sheriff W. C. Fowler last night denied charges of Compton who filed a petition before Judge John F. Sutton, 51st district court, citing Fowler and Attorney W. Van Sickle of Alpine for contempt of a court order. They have been enjoined to appear in San Angelo Friday to show cause why they should not be punished for contempt.

Surgeon Claims Cure For Goitre

MONTREAL, Feb. 8. (AP)—Sufferers from toxic goitre now have the choice of several methods of treatment, and these include x-rays or radium which show results "approximately equal to those of surgery," the American College of Physicians was told today.

Humble Offers To Buy Oil For 50c Per Barrel

HOUSTON, Feb. 8. (AP)—The Humble Oil & Refining company, in a letter sent to royalty owners and producers has offered to purchase 25 per cent of the East Texas crude oil now in storage with the Humble Pipeline company at the posted field price of 50 cents a barrel.

Old Bones Found On Sonora Ranch

SONORA, Feb. 8. (AP)—Miers Savell, Sutton county ranchman, has discovered human bones thought to be of considerable age on the Hillery Phillips ranch, where he was working on a telephone line.

COLD AT RANCH

EAGLE PASS, Feb. 8. (AP)—It gets cold at the Incantada ranch where H. D. Polay, former chief of police of Eagle Pass, now works. The ranch is located 100 miles from Piedras Negras, Coah., in the Burro mountains, at an altitude of 5,300 feet. When winter comes it stays until summer, Polay said, and it is a rare occasion when the water troughs are not covered with ice.

EXTREMES REACHED

AMARILLO, Feb. 8. (AP)—Weather in Amarillo in January approached two records—as the driest and warmest January in 42 years. The precipitation was .02 of an inch. Only 1919 and 1932 were drier. The mean temperature for the month was 43.8 above zero. Only three Januaries have been warmer.

Buying Barbara

Chapter 49. THE SOLUTION

THERE was a long silence. The vicar's stick leaned idle against his knee. Barbara began to wonder whether the old man had gone to sleep. When he moved, however, and eyed her from under the wide shadow of his hat, she saw that he was very much awake.

"What's in the back of your head, my dear Barbara, is that, in the end, the only reason Farrell has not been able to buy you is that he has too much money."

"I love you—in my own fashion. I can't love otherwise, isn't it enough?"

"No, better get it clear," said Barbara, as though the old vicar were at Farrell's elbow. "Perhaps my kind of love isn't enough for you. I can't pretend, you see, to be other than I am. Farrell, that first night when we found Leila's portrait in the Tucker house you said that when Mark was well and rich and enjoying life I should be free to choose. Spirit-free. That's come true. But you said I'd choose you. That didn't come true either, now that you may have need of me."

"Then it is pity?"

PLAY AS GIVEN IN CHINA TO BE PRESENTED AS FEATURE OF TEA FRIDAY AFTERNOON

UNUSUAL EVENT IS SPONSORED BY TWENTIETH CENTURY CULTURE AND ARNO ART CLUBS; LARGE CROWD IS EXPECTED

The true manner of producing a play in the Orient will be reflected in "The Turtle Dove," a play to be presented as the feature entertainment of the Chinese tea Friday evening in the club room of the city hall.

Sponsored by the Arno Art club and the Twentieth Century Culture club, the function is for the benefit of the club room furnishing fund. Practically all members of the two organizations will have a part in making it a success, and a large crowd is expected to attend.

The tea will be between 5 and 8 o'clock, and the play will be presented twice, once at 5:15 and again at 7.

Mrs. Morton Director. Directed by Mrs. T. P. Morton, characters in the play will include the following: Kwen-Lin, the daughter; Mrs. H. D. Keys; Chang-Sut-Yen; Mrs. R. S. Lawrence; the mandarin, Mrs. T. P. Morton; the chorus, Mrs. F. Ewing Leech; the gong-bearer, Mrs. John T. Glover; property man, Mrs. E. H. Hooper; the god of fate, Mrs. A. M. Martini.

From the American's standpoint, many details of the play are quaint. The property man remains on the stage during the play, and the chorus tells what will happen next. The gong-bearer is another unusual feature.

Mrs. C. L. Craig and Mrs. A. G. Post will have charge of properties for the play.

Chinese Theme Throughout. Chinese costumes, some authentic and others highly suggestive of the orient, will be worn by members of the hostess clubs, and decorations will be in keeping with the chosen theme. Songs by Mrs. J. N. McCullough, accompanied by Mrs. Marvin Lewis, and by Mrs. A. H. Doucette, accompanied by Mrs. R. C. Wilson, and a piano solo by Mrs. Lewis will be included in the program.

Light Chinese refreshments will be served. Mrs. E. M. Conley, Mrs. Philip R. Pond, and Mrs. O. E. Hinkle will be hostesses during the afternoon, and committees include the following:

Committees Named. General arrangements—Mesdames Clyde Gold, A. G. Post, J. Powell Wehning, T. P. Morton, G. C. Malone, E. Hooks. Refreshments—Mesdames G. C. Malone, Carl Boston, L. B. Hughey, and C. E. Lancaster.

Doors—Mrs. Roy Tinsley and Mrs. C. H. Schulkey. Dishes—Mrs. Frank Foster and Mrs. A. M. Martini.

Spoons and napkins—Mrs. Jack Mason and Mrs. L. N. McCullough. Refreshments and properties—G. C. Malone, Carl Boston, L. B. Hughey, and C. E. Lancaster.

Costumes—Mrs. John T. Glover and Mrs. R. B. Fisher. Music—Mesdames Marvin Lewis, H. C. Wilson, A. H. Doucette, John V. Andrews, L. N. McCullough.

Decorations and properties—Mesdames E. M. Conley, G. C. Malone, C. L. Craig, A. G. Post. Kitchen—Mesdames J. Powell Wehning, Clyde Gold, E. Hooks, I. B. Hughey, C. E. Lancaster.

Tea service—Mesdames A. B. Goldston, G. C. Malone, T. P. Sweetman, Jack Mason, Frank Foster, R. M. Bellamy. Invitation and tickets—Mesdames O. H. Booth, F. E. Leech, R. M. Bellamy, R. B. Fisher.

Invitation and tickets—Mesdames O. H. Booth, F. E. Leech, R. M. Bellamy, R. B. Fisher.

More Fun, Less Kitchen Work To Be Demonstrated

Like Napoleon's army, the whole world marches on its stomach—and when there are four or five in the family it's a very hungry stomach, too! But there is no use to bother yourself concerning this. Your kitchen can be the happiest place in the world, and your three meals a day can be cooked so easily that you can hardly believe it. There is more fun and less work in the 1933 kitchen; but meals are better than ever.

This is one of the reasons why this newspaper is bringing the Happy Kitchen to this city. It will be a compliment to the housewives of this vicinity, and they will enjoy every minute of it. The first session of the Happy Kitchen will start February 23 and will continue for 3 days. The sessions will be held each afternoon at the city hall auditorium.

The Happy Kitchen will be under the personal supervision of Mrs. Leona Rusk Thrig. When you see her hear her in her model happy kitchen, you will immediately feel as thousands of other women who have seen her demonstrations that here at last is a woman who "talks" a housewife's language. During her stay here she will bring to housewives only those proved and workable recipes which experience and intelligence would choose for varying conditions.

Mrs. Thrig will show in the most simple manner just how to prepare many of these delightful dishes, how to balance menus, and how to serve the proper thing for the proper occasion. It is no easy task, even for those who have had many years of experience in searching out facts, to sift the useful from the mere novelty, as in cooking as well as in other arts there is a constantly flowing stream of new ideas coming from many directions.

Fun to attend every session of the Happy Kitchen School of Cookery.

Home Study Club Will Meet Friday

The Home Study club, organized in connection with the Woodrow Wilson Parent-Teacher association, will meet Friday afternoon at 3 o'clock at the school. All persons interested in taking the Home Study course are asked to be present.

Men's Bible Class To Be Entertained

Members of the Men's Bible class, First Christian church, are to be entertained by the Loyal Women's class tomorrow evening at 8 o'clock at the church. Those planning to attend are asked to notify Mrs. H. H. Isbell, telephone 856-J.

Earl W. Morris of Wheeler was in the city Tuesday.

Wrought Iron Chairs Serve a Double Purpose

By MARGERY TAYLOR Copyright, 1932. By The McCall Co. For The Pampa Daily News. It is becoming the thing to scatter unusual chairs about rooms furnished more or less conventionally, adding interest as well as comfort.

There are, for example, the low, squat slipper chairs that use no more space than an ottoman, and are immeasurably more kind to the occupant. They may be used for sewing or embroidery, since they are armless, and are found in the most fascinating colors—red, turquoise blue, violet, charruseau. Wrought-iron chairs in the directoire manner are most useful.

INCLEMENT WEATHER CAUSES POSTPONEMENT OF MEETINGS

Numerous parties and meetings formerly scheduled for yesterday afternoon were postponed because of inclement weather. Some of these will be held today and others will be next week.

The Tuesday Afternoon Bridge club was to have met yesterday afternoon in the home of Mrs. Sherman White, but this party was postponed until this afternoon.

Horace Mann Study club did not meet because of the severe cold, and members were to decide this afternoon upon the meeting day.

Rebekah lodge was to have held a meeting in the home of Mrs. W. H. Peters, 560-N. Frost, but this meeting also was postponed.

No-Trump Bridge club decided not to hold its party, which was to have been in the home of Misses Bonnie and Mary Patton. The club will meet on Wednesday evening of next week in the home of Mrs. Ulyss Thorne.

The Livingstone B. Y. P. U. postponed the party which it was to have held at the church.

Mrs. Faulkner Is Doing Nicely Now

Mrs. Siler Faulkner, who underwent an operation in the Dallas Medical and Surgical Clinic, Dallas, last Thursday, was said this morning to be doing nicely. Her daughter, Miss Virginia Faulkner, and Mrs. H. H. Hicks, Mrs. Otto Tiedeman, and Mrs. Charlie Thut and son also are in Dallas.

Texan Claims He Can't Be Moved From Own Beliefs

WASHINGTON, Feb. 8. (AP)—There is one new-old member of congress who says he is going to do what his reasoning dictates instead of just following the leaders. He is Joe H. Eagle, democrat just elected to this and the next Dallas district in the eighth Texas congressional district. Pledged to vote for the bonus and repeal of the eighteenth amendment, he said he would "stick to those pledges" but first making sure the bill brought up on the floor presented the questions in proper form.

Back in 1921 Eagle retired from congress after serving eight years in the house. He had just taken the unpopular side of two big questions, voting against the eighteenth amendment and nineteenth amendment, and now he says: "I didn't back-track on a single thing I did when I was here before, and I don't expect to do it now. Prohibition and woman suffrage infringed upon the rights of the states to run their own affairs, and if I had it to do over I'd vote the same way."

His old friends still remember him—there are about 80 of the 485 members who were in the house the last year he served—and call him "Joe."

Mrs. G. W. Reynolds of LeFors was a Pampa shopper yesterday.

Advertisement for 'Tomorrow's Menu' featuring recipes for 'Breakfast', 'Luncheon', and 'Dinner'. Includes ingredients and instructions for various dishes like 'Chilled apple sauce', 'Oysters and bacon on toast', and 'Fricassee of chicken'.

MARRIAGE OF LOCAL COUPLE SOLEMNIZED

STAGE OF LA NORA IS SCENE OF EVENT ON TUESDAY

Standing under an arch of roses on the La Nora theater stage last evening at 9:10 o'clock, Miss Velma Stanford and J. W. Cole were married before a large number of spectators. The Rev. James Todd Jr., justice of the peace, officiated.

The bride, an attractive blond, was frocked in blue crepe, with black accessories. She has been a Pampa resident for about a year, coming from Oklahoma City, and is employed at Kraft's. Mr. Cole, an employee of Danziger Oil company, has lived in Pampa for seven years.

Many individuals and business firms presented gifts to the couple, among them being the following: Marriage license, Charlie Thut, county clerk; aluminum dripulator, Thompson Hardware; groceries, Standard Food Markets; pajamas, for bride, Gordon's store; wedding announcements, Pampa Publishing company; dress for the wedding, Levine's; 1 year's subscription to Pampa Daily News, The News; living room mirror, Montgomery table lamp, Texas Furniture company; room for the night, Adam's hotel; wedding cake, Dilley's bakery; ring, Diamond Shop.

Sixty Present At Party Monday

A crowd of 60 persons gathered at the Salvation Army hall Monday evening to attend a Young People's Legion party.

Games were directed by Lieut. Truman Cox and Captain Clyde Hollingsworth, songs were sung, and refreshments of hot chocolate, graham crackers, and cakes were served.

Amusu Party Held In Walstad Home

Amusu members and several special guests spent yesterday afternoon playing bridge in the home of Mrs. George Walstad. Mrs. L. N. McCullough scored high in the games.

At the close of the playing, Mrs. Walstad served a salad course to Mesdames C. T. Hunkapillar, W. A. Bratton, J. M. Dodson, Alex Schnell, Ed. E. Rose, J. H. Kelley, L. N. McCullough, Lynn Boyd, Clifford Braly, C. C. Cook and the following special guests: Mesdames John T. Glover, A. B. Goldston, E. M. Conley, W. R. Ewing, Lincoln Ekern, E. C. Will, and Lee Ledrick.

Mrs. Boyd will entertain the club February 21.

Dalhart Citizens Demand And Get Back Old Siren

DALHART, Feb. 8. (AP)—"By public request" the Rock Island has agreed to replace an old whistle which has been used in the shops here for 27 years.

"We learned that the people timed their routine by that whistle," said Rola Smith, stationary boiler foreman at the powerhouse. "They got up by it, went to bed by it, got the children off to school by it, and timed their working hours by it." Smith said the whistle had been heard 15 miles away and even the farmers listened for its regular blasts.

When the old whistle was removed and a new one installed the Dalhart citizenship protested until the whistle with the familiar blasts was back in place.

Freddy Newsome of LeFors was a Pampa visitor last night.

VICKS ANTISEPTIC OPENS A NEW WAY TO ECONOMY

New Mouthwash and Gargle by the Makers of Vicks VapoRub Does Everything An Oral Antiseptic Can and Should Do—At Half the Usual Cost!

Local Druggists Have Special Trial Size—A 25c Value for Only 10c—While Supply Lasts.

To the millions who use a mouthwash or gargle for halitosis (bad breath), oral hygiene, and other antiseptic uses—here is news, indeed, of unusual savings. The makers of Vicks VapoRub have produced a quality oral antiseptic, Vicks Vaseline Antiseptic, at actually less than half retailing prices. The regular size, large 10-ounce bottle—a usual 75c value—is only 35c.

SEA SPRITE

THERE'S vigor in sea air, as Lella Quinn shows you while romping along the sea front at Palm Beach, Fla. She is the daughter of Mr. and Mrs. Edward V. Quinn of Shrewsbury, N. J.

Local Women Have Surprise Meeting At Chicago Depot

No. the world is not so large. Both Mrs. D. A. Finkelstein with her baby, Hubert, and Mrs. Murray Freundlich with her two children, Sylvia and Arthur, had been on extensive trips east. It was entirely an accident—but a pleasant one—when Mrs. Finkelstein saw Mrs. Freundlich at a depot in Chicago, and both were boarding the train for home. What's more, their berths were exactly opposite. They reached Pampa last night.

Mrs. Finkelstein visited her parents in Scranton, Pa., and relatives in New York City. She also went to Atlantic City, Boston, and Providence, R. I., and stopped for a short time in Chicago. She was away from Pampa six weeks.

Mrs. Freundlich, who was ill for some time in New York, was away for seven months.

Texan Advocates Silver In House

WASHINGTON, Feb. 7. (AP)—Making silver a monetary reserve was advocated today by Representative Cross (D., Texas), as something that would "preserve for us huge markets" in the Orient and the Western hemisphere.

"If we but enable them to get a position to buy our products by giving some purchasing power to their money," he said, "our industry and markets will flourish."

A bill by him, pending with many others on silver, would let the secretary of the treasury buy silver at the market price and pay for it with certificates whenever the ratio between gold and silver is less than 14.38 to 1.

Because of statements that the United States might lose money when the price of silver dropped, Howard (D., Neb.), asked: "Might not that loss be infinitesimal by comparison with the gain in trade?" "Unquestionably, yes," Cross replied.

Mrs. Hugh Ellsworth of Skellytown was a Pampa shopper this morning.

Edgar Gray of Miami transacted business here yesterday.

CHOP STICKS HAVE PLACE WHEN ORIENTAL FOOD IS SERVED AT PROGRESSIVE SUPPER MONDAY

GROUP OF WOMEN'S COUNCIL GIVES PARTY

PASSING of powder bowl, puff, and mirror was the closing feature of a typically Chinese progressive supper given Monday evening by group 5 of the Women's Council, First Christian church.

Guests met in the R. C. Wilson home at 7 o'clock, and there were served grapefruit cocktail, representing a Chinese chafing dish, with Chinese flags as favors, and given menus in Chinese symbols. Mrs. J. C. Bullock assisted Mrs. Wilson in serving, and Mary Ellen Cary entertained with a song, "A Chinese Tragedy."

Sitting on the floor of the J. L. Lester home, the favor, and chop sticks in eating rice with which was served fish, oil pickles, lettuce, and whole wheat bread. Fish flags and Chinese proverbs were given as favors. Miss Jewel Montague assisted in serving.

In the home of Mrs. L. K. Stout, with Mrs. B. G. Gordon as co-hostess, the crowd enjoyed creamed bean sprouts, Chinese cabbage, corn cakes, and candied apples, the apples being eaten from sticks. Mrs. Alva Duenkel assisted the hostess. Umbrellas stuck with toothpicks in eggs for assembling richesses were the favors. Soft violin music at this stop was furnished by Miss Dorothy Meers.

Mrs. C. W. Stowell and Mrs. Dick Rhodes were co-hostesses in the home of Mrs. Stowell's sister, Mrs. Ivy E. Duncan. There tea with silver lanterns was served with chocolate cup cakes, and fans of bright colors were the favors.

Mrs. A. H. Doucette, accompanied by Mrs. R. C. Wilson, favored the group with two Chinese vocal numbers, and Clara Marie Hartel entertained with a dance. Large red fire-crackers filled with nuts, candies, and raisins then were given as favors, and to the feminine guests were given little scrolls of Chinese recipes tied with red ribbon. Real fire-crackers were given for the guests to shoot as they left the party.

Finger bowl was passed by Mrs. Stowell, with towel being carried by Evert Duncan, and Mrs. Rhodes passed the powder bowl, puff, and mirror.

Those attending the supper were Mesdames Mesdames L. K. Stout, J. C. Bullock, Dick Rhodes, Ivy E. Duncan, J. L. Lester, C. A. Clark, C. W. Stowell, R. C. Wilson, and R. F. Pauley; Mesdames Ralph Thomas, H. H. Isbell, A. H. Doucette, B. G. Gordon, Alva Duenkel and L. R. Hartel and daughter; Misses Jewel Montague, Ila Poole, Josephine Thomas, Willie Jo Priest, Dorothy May Meers, Mary Ellen Cary, and Kathryn Vincent, and Kirk and Evert Duncan.

Each state in the national council of garden club federations will be represented by a bowl of flowers. Texas plans a miniature hillside of bluebonnets.

COMING EVENTS

A. founders day tea at cafeteria, 3:30 p. m. Loyal Women's class to entertain Men's Bible class, 8 o'clock, Fellowship hall of First Christian church.

"Sport Clothes" May Now Be Out Of Vocabulary

PARIS, Feb. 8.—"No sports clothes" is the spring fashion edict of Chanel, who played a prominent role in the creation of the sports clothes vogue after the world war.

Declaring the sports now are too much a part of daily life for the name to figure in the mode, and believing that women can improvise sport costumes by the addition of sweaters, berets, and belts, Chanel showed quantities of simple wool suits and various wool blouses and hats.

The suits are designed with hip-length jackets. The general silhouette is simple and calculated to allow ease of movement, with the skirt seven to ten inches from the ground.

Outstanding colors were sand beige, yellow, rose, violet, red, and blue-red.

Fine Flowers To Be Displayed At Club Convention

DALLAS, Feb. 8. —The national council of state garden club federations of which Mrs. Fredric Kellogg of New Jersey is president and Mrs. Gross R. Scruggs of Dallas, a vice-president, will hold its fifth annual convention in Miami, Florida, March 29th to April 2nd, during the International Tropical Flower show.

Cooperating with the founder-president of the International Flower show are the United States government, the Pan-American Union, the Pan-American Airways and the Pan-American society of New York, as well as many individuals in both North, South and Central America.

The United States government through Arthur M. Hyde, secretary of agriculture, will send a large display of blooming amaryllis, a plant native to Brazil. Thousands of rare orchids from the headwaters of the Orinoco and the Amazon, the valleys of the Peruvian and Chilean Andes, the jungles of the Caribbean Islands, the forests of Panama and the highlands of Mexico and Central America will be brought in by airplane.

Each state in the national council of garden club federations will be represented by a bowl of flowers. Texas plans a miniature hillside of bluebonnets.

PAMPA TO PLAY HEDLEY FOR TITLE HERE FRIDAY NIGHT

OWLS DEFEAT PANHANDLE IN 33-22 SETUP

WINNER OF SERIES TO REPRESENT SECTION AT DISTRICT

The opening fight to enter the race for district honors will start here Friday night when the Hedley Owls come to Pampa for the first game of the required number to decide the championship. The second game will be played Saturday night, probably in Friday. If a third game is necessary, coaches will toss for the location.

Hedley swooped down on Panhandle last night and whipped the Panthers 33 to 22 for a second victory and the sub-sectional championship. Coach Odus Mitchell witnessed the game and came back to Pampa with a serious look on his face.

Hedley has a basketball team that cannot be ignored, Mitchell declared this morning. If the Owls' star center is back in the fray fans should see some of the best games of the season. The Owls have been playing without him for the past two weeks, and allowed Panhandle to tie the series in an overtime game last week.

The Harvesters were to start hard practice this afternoon in preparation for the important games. The hour of Friday night's game had not been set this morning. Coach Mitchell was waiting to find out how late the Boy Scout Father and Son banquet would continue before announcing the hour.

The girls' champion in this subsection has not been declared yet. Allison in this subsection. It was learned Allison is in Wheeler county and is ineligible to play in this group. The race now stands with LeFors and Canadian tied for first place.

It was expected this morning that a settlement would be made today and that the championship team would be declared in time for the play-off.

That the game was a set-up for the Owls was due chiefly to the condition of the Panhandle boys most of whom were in varying stages of exhaustion. They were up all of Monday night while trying to drive through the blizzard from Hedley to Panhandle. Their pitiful showing last night was no indication of their strength, it was said.

The Harvesters will have an advantage over the Owls in height. The Hedley center is the tallest man on the team and he is about as tall as Wayne Kelley. Other members of the team are shorter. However, the Owl center is a competent jumper, and he may give the Harvesters competition fits in the jumping department. The main spring of the Hedley quintet was the center who is now suffering from smallpox. It is understood that he will not be released from quarantine before the series.

MORE SALARY CUTS COMING

Million and Quarter Already Saved, But Salaries Still Too High.

By HERBERT W. BARKER
Associated Press Sports Writer
NEW YORK, Feb. 8. (AP)—Salary cuts for 1932 and the coming 1933 season represent an aggregate saving of a million and a quarter to harassed major-league club owners and the end is not yet in sight.

Even though they jipped about \$400,000 off player salaries last year and virtually doubled that amount for 1933, the magnates declare that baseball wages, generally speaking, still are higher than in other lines of business.

One club owner, attending the mid-winter meetings here, said he had slashed his salaries 25 per cent in the last two years as compared with the 1931 level, but that the total still was twice what it was when his team won a pennant right after the war.

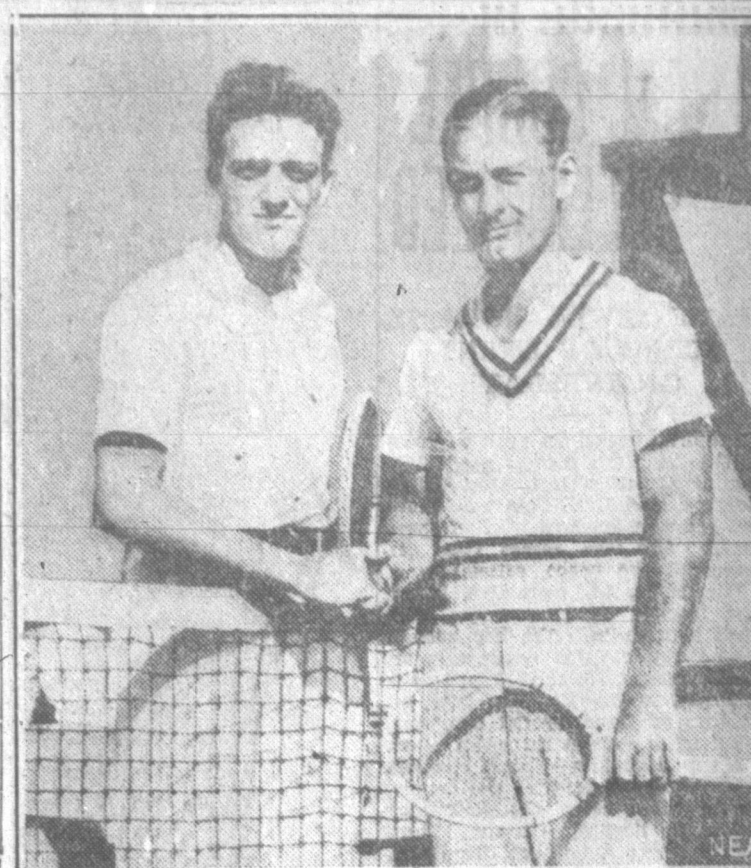

Barring a decisive upturn in receipts and attendance this year, club owners are virtually committed to further retrenchment next season.

National league owners, gathered here in midwinter session yesterday, discussed their most pressing problems for nearly five hours but actually decided definitely upon only two questions:

First, they tightened the regulations against the granting of player bonuses by adopting a rule forbidding any club to deal with its players contingent on where the club finishes in the pennant race.

Second, they laid plans to start east-west competition earlier in the season.

SHOWED 'EM A LOTT OF TENNIS

GEORGE M. LOTT, Jr., of Chicago became the new All-South tennis champion when he defeated Clifford Sutter of New Orleans at Miami, 6-4, 6-2, 3-6, 6-3. Sutter (left) is congratulating Lott after the match.

STEERS' ONLY SERIOUS RIVAL IS FROG FIVE

LONGHORNS WILL PLAY BAYLOR AT WACO TONIGHT

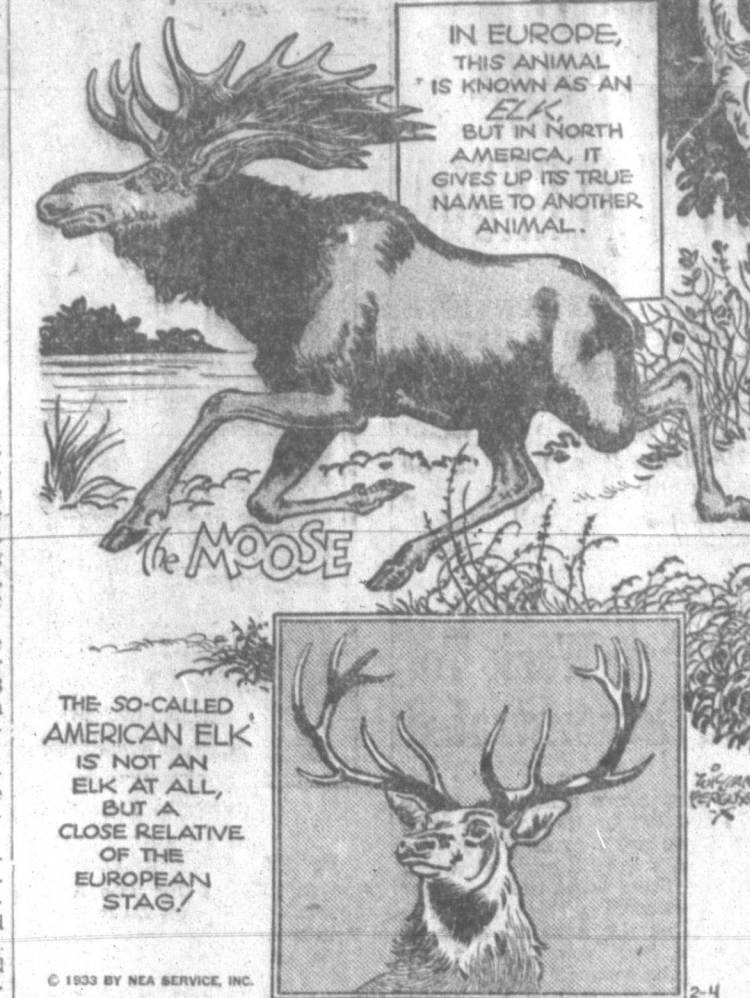

By BILL PARKER
Associated Press Sports Writer
DALLAS, Feb. 8. (AP)—Tonight at Waco the University of Texas basketball team will take the court for the first time in two weeks in defense of their Southwest conference lead. The Longhorns are overwhelming favorites to defeat the Baylor Bears, who haven't won a conference game this season.

When the Longhorns walk on the court, they will know that their only serious rival for the 1933 championship is Texas Christian University. The University of Arkansas Razorbacks made sure of the elimination of Southern Methodist last week by defeating the Mustangs for the second consecutive night, 26 to 25.

The score was 25-all with 50 seconds to play. A foul was committed. Sexton, Arkansas center, stepped up to the free throw line and fired in a pair of free shots. Another foul was committed and Johnson, Southern Methodist forward, looped a free shot, and then the game ended in favor of Arkansas.

It was a bitter defeat for Southern Methodist. With 3 wins and 3 defeats the Mustangs are virtually out of the championship running, leaving the two top places to the University of Texas and Texas Christian. The defeat dropped the Mustangs to a three-way tie with Texas A. and M. and Arkansas for third place.

THIS CURIOUS WORLD

HAD the people of Northern Europe been the first to settle in the United States, the moose would not have been given the name of "elk," by which the Scandinavian cousins are known. The French had seen no such animal before, and gave it the name "orignal." English settlers found the word too hard to say, and adopted the Indian word, moose. Then, to further complicate matters, the name "elk" was given to the large deer known to the Indians as wapiti.

BASKETBALL RESULTS

SOUTHWEST CONFERENCE
By The Associated Press

Team	W	L	Pct.
Texas	5	0	1.000
T. C. U.	4	1	.800

Kendall, Arkansas	18	12

Campbell Waiting For Fair Conditions

DAYTONA BEACH, Fla., Feb. 8. (AP)—Sir Malcolm Campbell is prepared to remain here through March, if necessary, to await favorable beach conditions for his attempt to break his own land speed record.

It is probable racing officials said, that the course will be smoothed and the rugged shoreline curves ironed out by the tides in time. But under present conditions, Campbell declared, "it would be impossible to set a straight course in the Bluebird," his rebuilt racing car.

Kentucky tobacco production this year is estimated at 31 per cent less than last year.

Americans Win Tennis Matches In New Zealand

WELLINGTON, New Zealand, Feb. 8. (AP)—The United States touring tennis team today opened its New Zealand invasion by winning four singles and one doubles match against a New Zealand squad.

Ellsworth Vines, Jr., defeated E. D. Andrews, 6-4, 7-5. Wilmer Allison won from C. E. Malfroy, 10-8, 6-4. Keith Gledhill defeated C. Angus, 5-7, 7-5, 8-6. and John Van Ryn won from D. G. France, 6-2, 3-6, 6-1. Vines and Gledhill, American doubles titleholders, then joined to defeat Malfroy and France at that style of play, 6-4, 6-4.

The lone New Zealand victory went to Andrews and Angus who defeated Allison and Van Ryn, veteran Davis cup pair, 6-4, 6-8, 6-3.

Police Get Their Man But Kill One Person and Injure 4 More To Do It

NEW YORK, Feb. 8. (AP)—A battle in a house of death, where only the blue spurt of bullets lighted the pitch-darkness, won high praise today for two detectives who got their man—and four more.

One man was killed last night and five persons wounded before Detectives George Seelandt and Michael Petruso fighting thru an ambush, dragged Pasquale Russo from a ramshackle house in Brooklyn and charged him with homicide.

They had been seeking him many weeks for the slaying of Anthony d'Antonio whose body was found wrapped in a blanket on a vacant lot. Russo, they said, had paid d'Antonio \$80 to find him a bride and then had killed d'Antonio because the girl wasn't up to specifications.

Last night the detectives went to the third floor of the big house, looking for Russo. They pounced on a man believed to be him, the house echoed with shrieks and angry clamor. In a chair on the third floor, Russo's mother, aged and blind, rocked back and forth, screaming.

"Don't let them take my son!" Then the lights went out. Bullets spat against the walls. Unseen hands lunged with knives at the two policemen. Grasping the prisoner, they fought their way down rickety stairs, their revolvers cutting flaming scars in the darkness.

On the ground floor, amid struggling, gasping foes, the detectives lost their prisoner. Battling slowly forward, they crashed through a window to the street.

There, reinforced by other policemen, they dashed back inside, turning on the lights, and found Russo beneath a bed. His brother, Anthony, also arrested, was charged with homicide, too, and three suspects in the ambush were accused of felonious assault.

In the basement the police found Louis Marciano, a tenant, dead of many bullet wounds. Another man was wounded in the wrist, the two detectives suffered minor injuries and in the street, a 12-year-old boy was found slightly wounded by a bullet.

Bowling Scores

The Schneider hotel and Country club teams in the Commercial league took advantage of their opponents shortage of players and won two out of three games. The hotelmen won from the Thirty Footers while the clubmen won from Cullum Motor. Morton of the Schneidemen rolled high game with 224 pins and high series with 597 pins. Many low scores were returned.

Country Club	Score
Fenberg	171 183 135
Davis	157 200 213
Roff	130 140 159
Fatherer	141 171 174

AMERICAN ON DEPORTATION SHIP BRANDED AS DRAKE 'SWINDLER'

LONDON, Feb. 8. (AP)—Washington authorities are showing a decided interest in Oscar M. Hartzell, who is being deported to America today as an undesirable alien. Allegedly having perpetrated a fraud on persons in the United States, he will be resided in England.

The activities which resulted in his deportation were connected with the prosecution of claims to the so-called Sir Francis Drake estate.

The state department at Washington has inquired of the consulate here which ship he will sail on and when he will arrive in New York, but there was no indication as to why this information was wanted. Hartzell will be taken from Brixton prison to Plymouth tomorrow and placed aboard the steamer Champlain which is due at New York on February 15.

He is leaving behind a life which aroused the envy of many of his acquaintances who thought him fortunate in his fine apartment, his car and chauffeur and his ability to dine in London's best restaurants.

The consulate has been working on the so-called Drake estate affair for years, mainly through Consul N. P. Davis and Vice Consul Guy W. Ray. It was on information provided by the consulate that the British authorities acted.

The consulate is giving its version of the situation in a letter addressed, among others, to American chambers of commerce and to many individuals throughout the United States who have been inquiring about the alleged Drake estate.

The letter follows:

"You will no doubt recall previous correspondence with this office or with Scotland Yard relative to the activities of one Oscar M. Hartzell and his agents in collecting funds for the prosecution of claims to the so-called Sir Francis Drake estate, and will therefore be interested to know that a deportation order has been issued against Hartzell, by the British authorities, as an undesirable alien on the ground that while residing in this country he has perpetrated a fraud on persons in the United States. He will leave England for the United States on February 8.

"For many years this consulate has endeavored to discourage persons in the United States from contributing funds for prosecution of claims to the so-called Sir Francis Drake estate and other alleged old estates in Great Britain and it therefore earnestly hoped that this latest development in the Drake case may be given the fullest possible publicity with the object of preventing other trusting people from being duped as hundreds have been duped already by this and similar frauds.

"There simply are no old unsettled estates in England of any size and there is not the slightest possibility of successfully questioning the settlement of any that was effected a number of years ago.

"Therefore the prima facie presumption is thought to be the oldest city in the world.

Damascus is thought to be the oldest city in the world.

sumption with regard to any person who solicits funds with which to prosecute such cases is that that person is a swindler engaged in operating a confidence game."

Chinese Moving Art Treasures

PEIPING, China, Feb. 8. (AP)—Fearing the much heralded Japanese military campaign in the north this spring would threaten this ancient Manchu capital, Chinese authorities were transferring 3,000 cases of art treasures today to Shanghai and Nanking.

Peiping is only about as far from the Southern Jehol border as is the American capital at Washington from Baltimore. Jehol City, capital of the Chinese-administered province which the Japanese intend to occupy before summer, is only about 100 miles northeast of Peiping.

Police closely guarded streets leading from the Manchu city, containing the forbidden sacred quarters and old imperial palace, thru the streets of the contiguous Chinese city as the valuable objects were transported yesterday to a southbound train.

The shipment consisted of bronzes, porcelains, Manchu dynasty state papers, a monumental encyclopedia and other priceless books. A similar encyclopedia of great value was destroyed last year when the Japanese bombarded Shanghai.

A heavy guard of soldiers accompanied the goods as they sped southward to safety. A considerable amount was to be kept at Nanking, the seat of the present nationalist government.

Cape Cod Lighthouse, familiarly known as the Highlands and marking a prominent point on the Atlantic coast, has had the power of its beam increased to 4,000,000 candlepower.

COMEDY SATIRE ON FOOTBALL CHOSEN AS MOVIE FOR BENEFIT OF THREE CITY ORGANIZATIONS

Interest is growing rapidly in the benefit matinee to be given at the La Nora theater at 11:30 p. m. Friday under the auspices of the NEWS and the theater. The film, "Rackety Rats" is a comedy satire on football which is said to be one of the funniest pictures ever made. The Boy Scouts, the Salvation Army, and the Welfare Board will share equally in the gross proceeds.

Here is the way Director Al Werker cast the stellar array of comedians and comedienne for the film:

Victor McLaglen as a sporting world racketeer who believes there are dollars by the million in college football and sets out to get his representative share.

Greta Nissen as McLaglen's screen sweetie, a blonde in black who wears puce-colored stockings and baby-talks her way into the love life of her associate.

Nell O'Day, musical comedy stage favorite, as a pretty and bright newspaper woman who fears she won't get a husband because her press-agent fiancé is always being put on the spot.

Allan Dinehart as a sanctimonious old faker who is graduated from being a racketeer's smooth-talking lawyer-fixer to the ideal post of chief of Women at Canasville College.

Arthur Pierson as "Speed," a dynamic press agent.

Vince Barnett, Hollywood's original "ribber," as comic bodyguard to a racketeer.

Allen Jenkins as "Mike Dumphy," executive executioner.

Stanley Fields, as a football muscle-inner; Esther Howard as a combination of evangelist and sly fiker for her racketeer boss; Mary Jane Beas as a battling wife who doesn't like "sweets" and Irv Linnow as Tonsillitis, the human steam-roller.

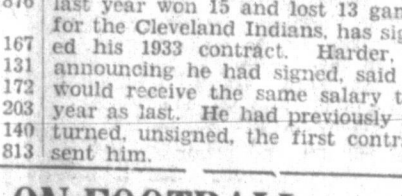

Bowling Games To Be Played Tonight

City league bowling teams will be in action at the Pampa Bowling alley tonight and tomorrow night. The Jaycees and Voss Cleaners will roll their postponed games tonight at 7:45 o'clock.

Tomorrow night will see the Kiwanis No. 1 and the Kiwanis No. 2 teams in action on alleys 3 and 4 and the Texas company rolling the Phillips company on alleys 1 and 2. The league standing will change as the result of the games.

"Voss Cleaners" is clinging to a small lead with the Jaycees and the Kiwanis No. 2 fighting for second place.

made to run on hay. All you need is a simple attachment consisting of two horses. Hans C. Hansen of Andubon, Iowa, proved that when he hitched his team, well-fed on crops he can't sell, to the old "buggy," and snapped the

Woman Applies For License As Horse Trainer

NEW YORK, Feb. 8. (AP)—For the first time in the history of the Jockey club, a woman has applied for a license as trainer. She is Mary Hirsch, 26-year-old daughter of Max Hirsch, widely known as a trainer.

"I want to train only my own horse, or my own horses if I should get others," Miss Hirsch explained. "I know own Tullio, a two-year-old filly by Polymellan out of Tullia, and I would like to start her at Harve de Gracey at the beginning of the eastern season."

Although she is an expert horse-woman, she does not desire to take out a jockey's license.

"I do not believe I would ride at all well in races and such an application does not appear to be appropriate, at least for me."

In the past, several women have applied unsuccessfully for jockey's licenses but none as trainer.

WOMAN APPLIES FOR LICENSE AS HORSE TRAINER

NEW YORK, Feb. 8. (AP)—Latest advice from his sickroom indicated no change in the condition of Jim Corbett today. The former heavyweight champion has been gravely ill from a heart affliction for eight days. His physician, Dr. G. Willard Dickie, has abandoned hope for his recovery.

CONTRACTS MAILED

DALLAS, Feb. 8. (AP)—President Bob Tarleton of the Dallas Steers today mailed 21 contracts to prospective Dallas players for the 1933 season. Bubber Jonnard, catcher, has already signed his contract. Tarleton said that every contract going out to a player on the 1932 Dallas team called for a reduction in salary. The Steer mogul does not expect trouble signing his players.

HOG RAISING POPULAR

SHAMROCK, Feb. 8. (AP)—Balanced farming necessitated by economic conditions has brought registered hogs to Wheeler county. There are 89 registered hogs in the county now, compared with one two years ago. A report by County Agent Jake Tartar shows that 93 farmers raised hogs last year for the first time.

WOULD ORDER SHRINES

AUSTIN, Feb. 8. (AP)—A resolution proposing to make the De Zavalla home and cemetery, located near the San Jacinto battlefield, a state shrine, was introduced in the Texas house of representatives today and referred to the state affairs committee. The De Zavalla family played a prominent part in the Texas war for independence.

Doctors Give Creosote For Dangerous Coughs

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on. Creosote with creosol and six other fully important medicinal elements combined and effectively stops all coughs and colds that otherwise might lead to serious trouble. Creosolism is powerful in the treatment of all colds and coughs no matter how long standing, yet it is absolutely harmless and pleasant to take. Your own druggist guarantees Creosolism by refunding your money if you are not relieved after a trial. Creosolism as directed. Beware the cough or cold that hangs on. Always keep Creosolism on hand for instant use. (adv.)

NEED FOR INTANGIBLES. As we have said before, only release of credit through something like a war, in which the government is the lavish spender, could bring back property in the degree which so many covet.

INCOME TAX FACTS. Of the millions of income-tax returns that are filed annually, the vast majority are from salaried persons and wage earners whose income is derived from personal services.

SYMBOL OF BOY SCOUT WEEK

A CLEAN CUT, alert, respectful and responsive Boy Scout is the conception of the aim and achievement of Boy Scouting as sketched above by Bob Glichert, Pampa school lad, for THE NEWS. Bob drew the picture for Boy Scout week, February 8-14.

At the year 1932, the entire amount is taxable in the year received, or made unqualifiedly subject to demand, when the taxpayer is reporting on the cash receipts and disbursements base, which is the basis used by most persons in reporting net income.

All of the various types of compensation, unless specifically exempt by statute, should be included in the taxpayer's return of gross income, such as salaries, wages, fees, commissions, bonuses, tips, honorariums, prizes, awards, pensions in recognition of past services, etc.

The salaries of federal officers and employees are subject to tax, including the salary of the president of the United States and judges of courts of the United States taking office after the date of the enactment of the revenue act of 1932, which was June 6, 1932.

RECEIPTS UP. COLORADO, Feb. 8. (AP)—Poll tax receipts issued this year numbered 1225, exceeding the 1932 total by eleven. Car registrations for 1933 were 1850, or five less than the registrations for 1932, according to the statement of J. B. Colt, county tax collector.

The per capita consumption of apples in the United States is a half an apple a day for every man, woman and child. Dinka is the largest negro tribe of the Egyptian Sudan, living on both sides of the White Nile.

THE STATE OF TEXAS. To the Sheriff or any Constable of Gray County—Greeting: You are hereby commanded to summon Sarah Alice Ballinger by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to be and appear at the next regular term of the 31st district court of Gray county, to be held at the court house, hereof, in Pampa, Texas, on the first Monday in March, A. D. 1933, the same being the 7th day of March, A. D. 1933, then and there to answer a petition filed in said court on the 20th day of January, A. D. 1933, in a suit, numbered on the docket of said court No. 3368, wherein E. B. Ballinger is defendant, and Sarah Alice Ballinger is plaintiff, and a brief statement of plaintiff's cause of action, being as follows: Plaintiff and defendant were married in San California, Nov. 14, 1912, and continued to live together until the 15th day of September, 1926, at which time defendant herein was forced to leave the plaintiff as hereinafter described, the defendant herein was a woman of violent temper and was a religious fanatic, while the plaintiff herein thought a good and religious man did not go to church except on Sunday, but this defendant attended all the revival meetings and constantly nagged this plaintiff because he would not attend the same and when he would refuse to go she would fly into a rage and abuse and then would spy upon him and not go to church herself, or would go on to church and have someone else spy upon him. This plaintiff would go about his business and when she would return from church and he would return at night she would ask him numerous questions and his answers to such questions were never satisfactory to her and she constantly accused him of infidelity. About this time plaintiff lost his work where they were living but was offered a job in New Mexico, the defendant refused to go to New Mexico with him saying that she would not have religious advantages which she had where she was, whereupon, this plaintiff went to work in New Mexico and sent her money for awhile, then she no longer answered his letters, and since that time until this the plaintiff has been unable to locate her

and at this time does not know where she lives. Wherefore, premises considered, plaintiff prays that defendant be cited by publication and that upon the trial of this cause plaintiff have judgment in all things dissolving the bonds of matrimony and such other and further relief as may be entitled to. Herein fail not but have before said court at its next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN under my hand and seal of said court, at office in Pampa, Texas, on this 20th day of January, A. D. 1933. FRANK HILL, Clerk 31st District Court, Gray County, Texas. By MARIE BASTIN, Deputy. (Jan. 25, Feb. 1-8-15).

STATE OF TEXAS. COUNTY OF GRAY. Stuckey Construction Company vs. Viola Gillis, et vir, in the 31st Judicial District Court in and for Gray County, Texas. WHEREAS, by virtue of an order of sale issued out of the 31st Judicial District Court of Gray County, Texas, on a judgment rendered in the 14th Judicial District Court of Gray County, Texas, on the 19th day of January, A. D. 1933, in favor of the said Stuckey Construction Company and against the said Viola Gillis and her husband, C. C. Gillis, Numbered 3337, on the docket of said court, I did on the 8th day of February, A. D. 1933, at ten o'clock, A. M., levy upon the following described tract and parcels of land situated in the County of Gray, State of Texas, and belonging to the said defendants, Viola Gillis and her husband, C. C. Gillis, to-wit: Lot 11, Block 2, Eller Addition to the City of Pampa, fronting 25 Ft. on the South side of Foster Avenue; Lot 12, Block 2, Eller Addition to the City of Pampa, fronting 25 Ft. on the South side of Foster Avenue; and on the 7th day of March, A. D. 1933, being the First Tuesday of said month, between the hours of 10 o'clock A. M., and 4 o'clock P. M., on said day, at the Court House door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Viola Gillis and her husband, C. C. Gillis in and to said property. DATED AT PAMPA, TEXAS, this 8th day of February, A. D. 1933. C. E. PIPES, Sheriff, Gray County, Texas, Feb. 8-15-22—March 1.

ing 50.81 Ft. on the South side of Francis Avenue; Lot 12, Block 1, Central Addition to the City of Pampa, fronting 33.2 Ft. on the South side of Francis Avenue; And on the 7th day of March, A. D. 1933, being the First Tuesday of said month, between the hours of 10 o'clock A. M., and 4 o'clock P. M., on said day, at the Court House door of said County, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said W. B. Saulsbury, Dunaway Brothers, New Mexico Glycerine Company, and Commercial Standard Insurance Company in and to said property. DATED AT PAMPA, TEXAS, this 8th day of February, A. D. 1933. C. E. PIPES, Sheriff, Gray County, Texas, Feb. 8-15-22—March 1.

NOTICE OF SHERIFF'S SALE

STATE OF TEXAS. COUNTY OF GRAY. NOTICE IS HEREBY GIVEN that by virtue of a certain order of sale issued out of the Honorable 31st Judicial District Court of Gray County, Texas, on the 2nd day of February, 1933, on a judgment rendered in said court on the 11th day of October, 1932, in cause No. 3171 on the docket of said court in favor of First National Bank & Trust Company of Tulsa, a corporation, trustee, against Operators Royalty & Producing Company, Tulsa Rig, Reel & Manufacturing Company, National Tank Company, Frick Reid Supply Corporation, International Supply Company, L. Senators Spend Huge Amounts For Barber Work, Mineral Waters, Pills

WASHINGTON, Feb. 8. (AP)—A senate pledged in campaign utterances to economy in federal costs today had for its study—if members desired—a private report of the senate secretary on its expenditures showing money paid out for everything from aspirin tablets to hair tonic.

The total involved—covering appropriations and expenditures for all the fiscal year 1932 and parts of other periods—was \$4,116,455. Actual expenditures were totaled as of June 30, 1932, at \$128,227 less than that.

"Miscellaneous items"—as tabulated in the report by Edwin P. Thayer, the secretary—involving small sums in the fiscal years 1930 and 1931 and about \$200,000 in 1932, aggregated \$240,846.

Some items contained in this, in approximate amounts, covered such expenditures as about \$8,000 for the barber shop and \$9,000 for mineral waters, the price of the latter ranging from \$7, to \$11.75 a case with hundreds of cases bought. Free barbering has been available to the legislators for years.

Chauffeur's Gloves. Distribution of the report, which is somewhat in the nature of a confidential matter, is limited to two copies per senator, for them to do with as they will.

Here are a few items to be found in it:

- Two bottles of hair tonic, \$1.20.
- One pair of chauffeur's gloves, \$3.45.
- Eight hundred aspirin tablets at 85 cents a hundred.
- Two bottles of bromo seltzer at \$1.25 each.
- Several pounds of soda mints at 60 cents a pound, and several pints of medicated alcohol at around the same figure.
- One rubber lap robe for the senate garage, \$2.25, and four feet of rubber tubing for the library, 72 cents.

Hyde Devising Intricate Regulations To Distribute \$90,000,000 in Loans

WASHINGTON, Feb. 8. (AP)—The department of agriculture went ahead today in preparation for distributing the \$90,000,000 newly made available to finance farmers in producing this year's crops, and in congress action was planned to report the "farm parity" bill to the senate before the week is out.

Following President Hoover's signature of the crop loan bill Saturday, Secretary Hyde and his assistants undertook to draft regulations which will cover issuance of loans through six regional offices. Large stacks of applications already are on hand.

The secretary also has authority to require acreage reductions up to 30 per cent. The loans form a first lien on the crop which the government aids in financing.

Regional offices have been manned throughout the winter at Dallas, Memphis, Minneapolis, Salt Lake City, St. Louis, and Washington, busy trying to collect sums loaned in previous years. Of last year's loans, less than 42 per cent has been repaid and only 57 per cent of \$57,000,000 distributed in 1930 and 1931 has come back.

While the department tentatively has planned to follow much the same plan of distribution used last year, concerted efforts to make certain changes have been undertaken. Among others Georgia peach growers are seeking a maximum loan limit of \$20 an acre for their orchards instead of a flat \$400.

The bill this year specifically provides that loans shall be available for truck farmers and the department expects a great increase in applications from this source.

Applications for loans must give the legal description of the land involved, the crops the farmer intends to grow, the expense he contemplates for labor, seed, equipment, and other facts.

Two Small Fires Are Extinguished

The fire department answered a call yesterday afternoon and another this morning but little fire damage was found. The call this morning was from the Pampa Motor company but the blaze had been extinguished before the truck arrived. There was no damage. Little damage resulted from a blaze in one of the cottages at the Green Top camp yesterday afternoon. A little water extinguished the fire.

Chief Clyde Gold urges citizens to use every precaution in thawing out frozen pipes and frozen cars.

Collegiate Revue To Be Unusual

On Friday and Saturday, the La Nora theater will present James Cagney in his thrilling new picture, "Hard to Handle" and Kathryn Vincent's "Collegiate Revue."

There are many numbers in the revue that have never been presented in this part of Texas. For unique entertainment, there is the endearing acrobatic dance, in which the dancer keeps her balance on a small library table throughout the entire number and then concludes by turning a flip off of the table and landing on the floor. There are many numbers of unusual interest in all types of dancing.

The program will include many numbers, but no delay between scenes. Each dancer has received special training in changing costumes quickly. There will be no advance in prices.

-17 BELOW

(Continued from page 1)

but so far no serious inroads on their herds had been reported.

A Texas & Pacific passenger train was stalled two miles west of Big Spring in a temperature of 74 degrees below zero and had to be brought in by an emergency locomotive from the shops at that city.

It was 5 below zero, only one degree above the all-time low, at Abilene. Livestock was suffering and wheat was injured. The cold aided fruit by retarding budding.

Snow at Vernon.

Two inches of sleet and snow were on the ground at Vernon and the lowest overnight temperature was 2 below. Official thermometers at Denison and Olney registered one degree below zero although those exposed to the north wind at Denison dropped to a minus 7.

With the thermometer standing at zero mark and no indication of rising, Texarkana was gripped in the most severe winter of the past three years. The Sunshine Special of the Texas & Pacific railroad, west-bound, arrived two and a half hours late this morning because of heavy snowdrifts in north Arkansas and Missouri.

Gainesville, Wichita Falls, and Denton suffered at 1 above. The Denton temperature was the lowest February registration since the state experiment farm weather station was established 24 years ago. Some damage to oats was anticipated and early gardens were killed.

At Dallas and Fort Worth the lowest mark was 2 above. San Angelo reported 3 above and a new minimum for the season of 4 1/2 was reported at 3 a. m. at Corsicana.

Stratosphere Will Be Next Scene For Hunting Secrets of Cosmic Ray

PASADENA, Calif., Feb. 8. (AP)—stratosphere above equatorial regions of the earth should be the next scene of exploration in the quest of the secrets of the cosmic ray, Dr. Robert A. Millikan said here today.

Announcing observations of his co-workers at Panama confirmed earlier reports of Dr. Arthur H. Compton, Chicago, that the mystic messengers from interstellar space showed latitude effects, Dr. Millikan disclosed the variance was as high as eight per cent.

This new and important information compiled by Dr. Millikan and Dr. H. Victor Neher, designer of the newest and most effective electroscopes used to trap the rays, indicated a dependence in intensity of the cosmic rays coming to earth on their distance from the magnetic poles.

The closer to the poles the greater are amount of radiation reaching the earth.

This, said Dr. Millikan, suggests the next step in the field studies should be sending up free balloons in equatorial regions to check the intensity of cosmic radiation at high altitudes. These balloons, with electroscopes, have been sent up in the middle latitudes, between pole and equator of the northern hemisphere, to heights of 16 miles.

In addition an extensive and sufficiently complete mapping of radiation intensities at altitudes between 20,000 and 30,000 feet has been made in these regions by airplane surveys conducted last summer by Dr. Millikan and his associates, as well as other American physicists.

Dr. Paul Sophus Epstein, distinguished theoretical physicist, companion of Dr. Einstein here and collaborator of Dr. Millikan, analyzed the recent experimental data obtained by Dr. Millikan. He said:

ROOSEVELT SPEAKS

Quiet and Cold

The city police department reported everything quiet last night. It was apparently too cold for anyone to get out. Only one arrest was made. Occupants of the city jail decreased from 13 to 6 over yesterday when some paid their fines and others were dismissed, having served their time.

Even stray dogs have been keeping under cover and the number of "catches" yesterday and this morning was small. However, Chief Jno. V. Andrews is expecting a big rush when the cold spell abates.

Only 120 owners had had their pets tagged and vaccinated.

John Hankins was dismissed from Worley hospital yesterday afternoon.

INFANT FATALLY SHOT

EDINBURG, Feb. 8. (AP)—A gust of wind which slammed a door was blamed yesterday for the death of Joyce Looney, 7-months-old daughter of Mr. and Mrs. Marion Looney, who was killed when a shotgun fell from its rack over the door and was discharged. The infant's 8-year-old brother, Marion, Jr., was slightly wounded. The parents were not at home when the accident occurred. Justice J. Loy Ramsour returned a coroner's verdict that the infant's death was accidental.

A Little Jumping Goat Gave Its Name To TAXICAB

Taxicab is an abbreviation of *taxi-cab*—a vehicle driving at a constant, automatically regulating speed, the name taken in the miniature of the *taxi-cab*—meaning "a little jump like that of a goat, and was applied to the type of carriage because of its light, bounding motion. *Taxicab* came from the Italian *taxi* meaning "a somersault" from Latin *caere* "a big color" "to go up"; there are thousands of such words about the origins of English words in
