Bill To Give Roosevelt Control Over Industry To Be Presented Monday

PROPOSE TAX ON OUTPUT OF ALL PRODUCTS

LARGE PUBLIC WORKS PLANS MUST BE FINANCED

LAST EMERGENCY ACT

DEBT POLICY IS STILL UNDECIDED BY PRESIDENT

Associated Press Staff Writer.

WASHINGTON, May 13 (AP)—President Roosevelt centered attention today on the emergency attack on the emergency at home and abroad.

The bill that will extend his management over industry neared completion and will be presented Monday to a willing congress that has just given him unprecedented supervision over agriculture, banking, and currency.

A tax of between 1 and 1 1/2 percent on the output of all industry was proposed to the president tonight by a special committee of advisors as a means of underwriting the \$3,300,000,000 job-giving public works plan that will be coupled with the industrial "partnership" measure.

With this legislation President Roosevelt will conclude his emergency program and administration of the special session of congress.

Two days later the world economic conference opens in London and five days later the next installments of war debts are due from the European debtors. The president is still undecided what action, if any, he will ask from congress on debts. He has reached no agreement with the debtors so far.

Responding to the presidential desire for a quick cleanup of the emergency domestic program, congressional conferees reached agreement today on the Tennessee valley development bill providing for government operation of the Idle Mule Shoals, Ala., power and irrigate plant. This measure by which the administration hopes to put hundreds of men immediately to work will go to the White House early in the week and will be signed promptly. It is in form acceptable to the president.

Whittenberg And Buckler to Play In Chess Finals

C. P. Buckler and Dr. Whittenberg will play in the finals of the Pampa Daily NEWS chess tournament this week. Final play will be five games or until one player has won three games. It will probably take two nights to complete play.

Dr. Whittenberg defeated N. W. Gaut in two spirited games Friday night in the chamber of commerce rooms after the two men had played a tie game and Dr. Whittenberg had won one game Wednesday night. Games played Friday night were of a sensational nature with both men making brilliant moves.

Mr. Buckler entered the finals during play Wednesday night when he won two out of three games from R. G. Allen. Play throughout the tournament was close and interesting.

The winner of the final round will be awarded a chess board and a set of men.

MORGAN'S, AMERICAN CITADEL OF MONEY IS VERY ORDINARY FIRM AS TO FURNISHINGS

"Bank on the Corner" Seeks To Be Inconspicuous—Congress Will Inquire.

Editor's Note: Who and what is Morgan's? To most people it is the name of the biggest private bank in the nation, suggesting the epitome of financial power. This is the first of three articles answering these and other questions.

NEW YORK, May 13 (AP)—There are no great, soft, luxurious chairs in the banking house of J. P. Morgan, nor any inch-thick rugs. Some of the furniture actually is tattered.

In the office of Junius Morgan, the eldest son, you can see the stuffing in the long leather davenport.

All of Morgan's is plain. There are plenty of straight chairs. The floor is stone, the wall simply decorated. There is no ostentation.

Morgan's, in a word, is Morgan's; no special dress is needed.

The parade of prospective witnesses includes J. P. Morgan himself, and probably 10 of his partners. Others to testify include representatives of Kuhn, Loeb & Company, Brown Brothers-Harriman, and many more.

In harmony with the character of their offices, Morgan and his partners seek to be inconspicuous. Whatever their power is, and whatever may be disclosed by the coming congressional investigation, the externals of the firm show very little.

The House of Morgan is at 23 Wall Street. (Incidentally, the same number of the address of the firm in London.) It is a three-story building, built of huge blocks of Tennessee marble, seemingly as thick as they are wide.

Partners in Plain View.

The main story is a huge vaulted room. Its windows are perhaps 20 feet high, reinforced with a network of metal. The dome-like ceiling is molded in geometric designs. To the right as you enter this large room, and behind a plain glass grill, are rows of desks where the partners sit, easily visible to callers. Banking names to conjure with are there—Thomas Lamont, member of the firm for 23 years, who generally makes the few public appearances for the firm, and Russell Leffingwell, former assistant secretary of the treasury and leading economist.

To the rear of the room are the banking windows. No one enters here except for business, and most of Morgan's business is done not at banking windows but across desks and tables.

THE FOOL: The fool hath said in his heart, There is no God. Corrupt are they, and have done admissible iniquity: God looked down from heaven to see if there were any that did understand.—Psalm 53:1, 2.

Remember the War?
Time flies, and it has moved especially fast since the world war. It would be educational to turn through the files of a daily newspaper printed during the war. Mrs. R. L. Senter thought as much as she found a November 14, 1917 copy of the Daily Oklahoman. The headlines on that date included these:

"French Ministry Resigns in Debate of Royalist Plot; Italians Holding Teutonic Invaders."
American Army Fliers Take Part in Bombing Raids Over Germany and Pass Foe's Gunfire Safely; Do Observation Duty Above Teuton Lines With Their French Comrades; Allied Instructors Unanimous in Praise."
And this wisecrack: "Nobody worries much about one wheatless day a week but we'd like to see a torrential finish to this protracted wheatless weather."
"Mince Pie Barred on Meatless Day"—Herbert Hoover had a big campaign launched to conserve meat. And this is significant: "Next Draft to Open Many Jobs for Women in all Trades and Industries."
In those trying days, the allied nations were much more popular in this country than now. Billions were raised to help the allies fight the entente. Food was conserved to ship abroad. The thing that mattered was victory. And today while we have as a nation forgotten the war, but not the war debts, the European nations—in a hotbed of military preparation—have not forgotten our somewhat unguarded statements about victory being vital at any price to make the world safe, Europe and America do not remember the same things, nor do many Europeans choose to remember.

French Propaganda
Recently we mentioned that the French government was going to spend millions in this country to influence American public opinion in her favor. To this campaign we suppose we are indebted for a free subscription to *Courier Des Etats-Unis*, organe des populations de langue française. Although our French is adequate to scan the headlines and a substantial part of the text, we find no need for the paper. Here is a sample headline:
"LE CONTROLE DE L'ECONOMIE NATIONALE: Le president Roosevelt recommande le controle de la production et l'augmentation des salaires correspondant a la hausse des matieres de premiere necessite—Pour 'sortir du chaos,' la cooperation est necessaire."

We're "Again" Corn
Fire water or buggy water, we're opposed to forced use of liquid corn. We refer to a proposal to force use of corn alcohol with our gasoline to help the corn industry. It looks unconstitutional, illogical, and an infringement of our freedom of choice. We admit that the corn farmer needs help, so does the oil man. But freedom is a goal apart from relief. We like light bread and biscuit, and darned if we'll mix meal with our biscuits

or flour with our cornbread.
Motorists' Viewpoint
Similarly, we don't wish corn alcohol mixed with the ration we feed our car. For every 25 cents per bushel increase in the cost of corn, the motorist would be required to pay 3 cents more per gallon for fuel, figuring that the minimum price for corn alcohol would be 30 cents a gallon and the proposed requirement would be 10 per cent of the alcohol. Last year, 15,455,000,000 gallons of motor fuel was used in this country. Multiply that number of gallons by 3 cents and you get an added fuel bill, or diverted bill, of \$463,650,000, lost to the oil industry. Moreover, it is estimated after road tests that 6.5 per cent more of this blended fuel would be necessary to go any given number of miles. This added fuel would cost us \$146,250,000. Thus the increase in the cost of going about our business and pleasure would be increased \$609,900,000, not to mention the cost of administration and supervision of the plan.

All Too Illustrative
Such proposals are common in this transition era when cranks and minorities are willing to try anything at the expense of anybody but themselves. There are 24,136,879 registered motor vehicles in this country. This added fuel cost would be equivalent to an additional tax of 55.8 per cent, which is evidently unfair. The tax per average vehicle would be \$25.26. We are already paying an average gasoline and license tax of \$45.28, in addition to taxes absorbed in the purchase price of the vehicle. Tax hunters have already gone too far with the transportation industry.

Total of 3,225 Books Checked Out of Library

Pampa public library checked out 3,225 books in April, or a total of 129 for each patron, according to the report of Mrs. James Todd Jr., librarian.
Catalogued books numbered 102, forty-three books were added, and 37 volumes were donated. Eleven letters were written for patrons.
More than 100 new books were recently placed on the shelves, including several on current economics and government. Children's books are being purchased to meet the summer demand for reading by the youngsters.

Brunk's to Stay Another Week

Brunk's comedians will remain in Pampa another week with the first show scheduled for Monday night. The company will present the play, "Spite Bride." No show will be given today, it being the policy of Mr. Brunk not to show on Sundays.
The big tent will be at the same location as last week, and the same popular prices will prevail. Mr. Brunk has several well known plays which he plans to present during the week.

Chicago Pilot Is Killed in Crash

OKLAHOMA CITY, May 13. (AP)—Art Kippis, Chicago pilot, was fatally injured at the municipal airport here today when his airplane crashed into the ground while he was stunting at the Charity Benefit Air Races here. Taken unconscious from his plane, he died ten minutes after reaching a hospital.
The accident occurred when Kippis' plane failed to come out of a "snap roll." Flying at an altitude of about 50 feet above the main runway, he did two "snap rolls." He apparently lost air speed as he came out of the last one and the plane fell, crashing on its nose. A wing was torn from the ship.

The White Cockatoo

by Mignon G. Eberhart

SYNOPSIS: Jim Sunden and the detective, David Lorn, have convinced themselves that an attempt to secure the token by means of which Sue Tully must prove her right to a share of her father's millions lies at the bottom of the two murders and two attempts on Sunden's life that have shattered the peace of a small French hotel. Sunden searches the hotel and finds only five finger prints on a window. But as he passes Sue's room he hears movement inside—and he can see Sue in the lobby!

The priest's coat and hat were gone from his room, but nothing else. The obvious inference was that he had managed to escape—exactly how, no one knew, for the police said no one had passed that way, and Paul, in the kitchen, with another policeman, was equally sure he'd not gone that way.
He had glided past me in the corridor and turned the corner and vanished from the haunts of men.

BLACK SHADOW

Chapter 32
BLACK SHADOW
T WAS perhaps the maid, on a legitimate errand. It could only be Marianne or the priest or Lorn; all others were accounted for. But I must know who was moving about in that room.
A little back toward the north corridor again was the small niche where I'd seen Lorn and Sue talking that first day of his arrival. I quietly retraced my steps toward it.
The place was silent and deserted; the red carpet looked dim and faded in the half light; the heavy curtain near me smelled of just.
I scarcely shifted my eyes from the spot where, if the door opened, I must swing outward. It opened only a little at first, as if to permit a reconnoitering glance along the corridor, then more fully. Something slid out and obscured my view of the closing door. I had no time to make sure I was concealed by the curtain, for the swift black shadow tore swiftly down upon me—and in another second it had glided silently past me.
It was Father Robert, of course. He did not see me, and I remember what Lorn had said and did not intercept him as I longed to do.
He was walking swiftly, silently, his head bent and his red beard laming. Afterwards I tried to think whether he'd carried anything in

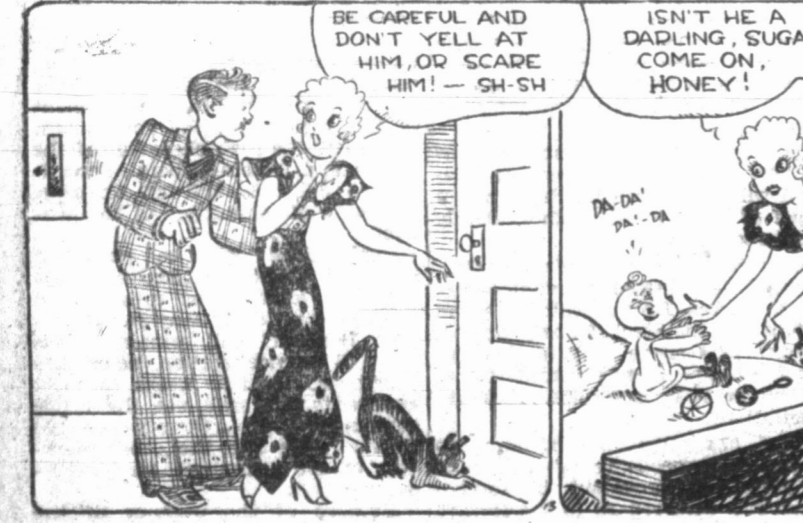

My notes fell into brown flakes.

his hands, but I could not be sure. Then he slipped around the corridor of the intersecting passage which led to his own room, and I emerged.
There had been something terribly furtive about him. I wished Lorn had been with me and realized suddenly that here was what amounted to convincing evidence against the priest.
Lorn arrived perhaps two hours later, and I told him of the convincing evidence against the priest. His dark eyes brightened a little, but otherwise he was not much affected.

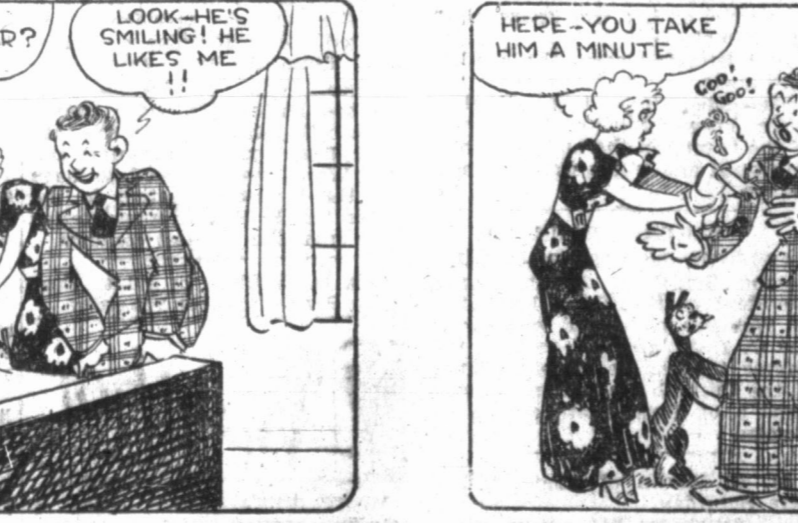

"YOU think I'm slow and too cautious," he finally said. "Well, that's true; but I'm inclined to think my mistakes would hurt you more than anyone else."
"I'm not worrying about myself, but I don't want that devil to get his hands on Miss Tully!"
Lorn's eyebrows went up a little. "He won't," he said quietly. "Immediately after dinner we'll have Miss Tully go to her room, lock the door, and one of us can guard her door while the other goes to the police. Does that suit you?"
"Yes," I said, not liking the impression he gave of indulging a childish notion of my own. "I'll watch her door," I added stubbornly.
"That's good," said Lorn dryly. "Then I'd better inform the police. Let me see—just what shall I tell them? That Father Robert arranged a false alibi; that you saw him leaving Miss Tully's room surreptitiously—and that you are convinced, in spite of his papers and claims being under investigation by the police, that he is not what he seems, being, in fact, no priest at all."

Thus it was something of a shock when the priest did not appear at dinner. When we discovered that he was not in the lounge, not in his own room, not anywhere about the hotel. With Sue safe in her room and promising to remain there we went together to the courtyard and told the police what had happened.

Paper on Helium Will Be Read at A. P. I. Meeting

Papers that will be of interest to everyone in this section will be read at the regular meeting of the Panhandle chapter of the American Petroleum Institute in the city auditorium Tuesday night. The meeting will be called to order at 7:30 p. m. by Chairman J. H. Moyar.

A paper on helium, its uses and manufacture, will be read by a representative of the United States helium plant in Amarillo. The topic should be most interesting, chapter officials believe. Several thrilling demonstrations will be given.

Paul Stone and G. C. McSwain of Amarillo will talk on refineries and refinery methods as applied to the oil industry. A miniature refinery will be set up and put in operation to show the actual workings of an up-to-date plant.

The speakers are experts in their line. An interesting program will also be given.

SCOUT NEWS

Troop 15, Billie Bratten, scribe.

The troop practiced for the Camp-o-Ral at the regular meeting at the First Presbyterian church Friday night. Trials for the field day were held. The meeting opened with the salute to the flag and songs and closed with the Scout benediction.

Those present were Melvin Qualls, Jack Allison, Tommy Becknell, Holt Hamlett, Bob Surratt, Skeet Wise, Otto Rice, Glen Jordan, W. L. Davis, Homer Jordan, George Nix, Edward Scott, Tom Sweetman, Lawrence McBee, Don Foster and Billie Bratten, Scouts, and Jay Plank, Joe Isbell, and Harold Holmes, visitors.

Troop 4, Harlan Martin, scribe.

Plans for the Scout Camp-o-Ral were made at the regular meeting in the First Christian church Friday night. A lengthy drill followed reveille and then the troops went into their meeting rooms.

A special meeting for boys who will attend the camporee will be held Thursday night at 7:30 o'clock at the church. Instructions for the year were given officers of the troop. Games followed. There were 27 Scouts and two visitors present.

Troop 2.

About 18 boys will attend the Camp-o-Ral. It was announced at a meeting in the First Baptist church Thursday night. Practice was held at the meeting. Boys of the troop will sell pop at the ball game at Magnolia park Sunday afternoon. The meeting closed with taps.

F. E. Martin, C. Hieronimus, and John E. Shannon raised the flag pole at the new Scout hall this week end and cemented it. The patrol acquiring the highest number of points in scouting each week will be allowed to fly their patrol flag just below the America flag.

The ground has all been leveled up around the new hall and it is planned to sow clover this week some time. Five new Scouts were taken into the troop the past week. They were Melvin Turner, Floyd Brown, Ray Enoch, Robert Yordy, and Laverne Courson. Several of the boys have already purchased pup tents in connection with our trip to Near to Nature park north of Borger the 26th of May. Intensive study has been going on the past week, covering all points of the Camp-o-Ral program. The boys are going to attend with the expectation of being among the best troops there.

Kansas City Boy Places First In Oratory Contest

KANSAS CITY, Mo., May 13.—John Milton Phillips, Southwest high school, Kansas City, won the right to represent the midwest in the national oratorical contest for high school students in Washington May 20, by defeating seven other contestants here tonight.

Chester M. Goggin, Classen high school, Oklahoma City, was second, and Roy F. Zess, West Allis high school, West Allis, Wis., was third.

Phillips in addition to representing the midwest, in the national finals, will be given a trip to Europe this summer as a result of his victory tonight.

Other contestants were Robert Zepp, Billings, Mont.; James Moran, Chicago; Henry Will Fulgin, Pampa, Tex.; George Ball, El Paso, Tex.; and Miss Rose Visona, Nason, Ill.

The title of Phillips' oration was "The Living Constitution." Goggin spoke on "Lincoln and the Spirit of the Constitution," and Zess' oration was on "Character and the Constitution."

Approximately 5,000 persons heard the youthful orators.

Kiwanis Golfers To Play Club at Amarillo Monday

Golfers from the local Kiwanis club will go to Amarillo Monday to attend the Amarillo Kiwanis club luncheon and later play golf with the Amarilloans, who played here a few weeks ago. The Pampa golfers will be playing to get even for a 20 to 16 defeat at the local Country club.

Such stars as Dan McGrew, Bill Lane, Edwin Vicars, Ernie Voss, Fred Thompson, Jimmie Weir, Ben Reno, and others will be members of the Pampa team which will make the trip. Edwin Vicars, who will be in charge, has not definitely decided on his starting line-up. He intimated yesterday that he would make several changes which he hoped would be for the best.

The Kiwanis club team will also participate in a three-way golf match with the Rotarians and Lions later in the month.

FARMER HUNTED

BIG SPRING, May 13.—A search was under way in the eastern part of Howard county today for J. M. Murray, middle-aged Vealmoor farmer, who wandered away from his home Thursday night. Relatives attributed his straying to a prolonged illness which they believed affected his mind.

ALRED TO SPEAK

WICHITA FALLS, May 13.—Attorney General James V. Alred wired the Wichita Falls Daily Times and Record News tonight that he would appear in Wichita Falls one night next week to answer those who criticized his official acts in connection with legislation for and administration of oil proration laws. The criticisms were voiced at a mass meeting here last Wednesday night.

FIGHT IMPENDING

DALLAS, May 13.—Dissenstion was smouldering tonight in the ranks of the Texas democratic state executive committee, as its members began arriving here for a meeting Monday to choose a successor to Jed C. Adams as national committeeman. Maury Hughes, chairman said he would present the name of Vice-President John N. Garner to the committee and would urge his election if Garner really desired the post.

Pictures of eight generals who served in the civil war were not available a few years ago when a collection was assembled.

New Kind of Tire Gives Blow-Out Protection Free

TODAY'S high speeds—40, 50, 60 and 70—generate terrific heat inside your tires. As a result, rubber and fabric begin to separate. A blister starts... and grows... bigger and bigger... until BANG! A blow-out. And you're headed for trouble or worse!

But now Goodrich has perfected the amazing Life-Saver Golden Ply. This new invention—an exclusive feature of the new Goodrich Safety Silvertown Tire—resists the most intense heat. Rubber and fabric don't separate.

Thus blisters don't form inside the tire. The cause of blow-outs is eliminated beforehand.

The tread, too, is safer from skidding. Its famous squeegee drying action gives your car extra road grip and reduces danger of skidding to a minimum.

Best of all, the new Goodrich Silvertown, with the Life-Saver Golden Ply, costs not a single penny more than standard tires. So why take chances? Put a set on your car NOW!

MARITIME TEA WILL HONOR GIRLS OF '32-'33 GRADUATING CLASS Churches Will Lead In Observance of Mother's Day Throughout Gray County

A. A. U. W. WILL ENTERTAIN AT ANNUAL EVENT

MOTHERS TO BE GUESTS WITH GRADUATES TUESDAY

Girls graduates and their mothers will be entertained at a maritime tea by the Pampa branch of the American Association of University Women Tuesday evening. This annual courtesy to senior girls will be the last meeting this season of the A. A. U. W.

Presentation of the club scholarship to a senior girl will be a high spot of the program, which features Mrs. Ruth Delliel of Amarillo as a speaker.

Entertainment Committees Committees to care for every phase of the entertainment have been named from the club membership. Mrs. C. T. Hunkapillar, courtesy chairman, has asked the following women to assist her as hostesses at the city club rooms: Mesdames Lou Roberts, R. Earl O'Keefe, Harry Marbaugh, W. R. Campbell, Ben Ferris, T. E. Simmons.

Mrs. E. C. Will, club president, and Mrs. J. B. Massa, president-elect, will head the receiving line. Others in the line will be Miss Louise Walstad, senior class representative; Miss Alma Ruth Scott, faculty advisor; Misses Fannie May and Zenobia McFarlin, senior sponsors; and Mrs. Delliel. Miss Kathryn Vincent is chairman of the entertainment committee, with Mrs. Bruce Pratt, Miss Wilma Chapman, Miss Violet Durrett, and Mrs. Sam Irwin as members.

Mrs. Paul Kasahke and Mrs. Earl O'Keefe have been named as a committee on refreshment service, and Misses Charlotte Embry and Louise Durrett on special arrangements.

Program Announced Program numbers are announced as follows by Mrs. Massa, program chairman, and her committee, Mrs. H. H. Hicks and Mrs. T. E. Rose: Violin music, Willie Reece Taylor, accompanied by Mrs. Frank Keenn. Welcome address, Mrs. Will. Response, Miss Walstad. A Bon Voyage, talk by Mrs. Delliel.

Installation of officers for the coming year. Awarding of A. A. U. W. scholarship. In addition to committee members, members of the hostess club are Mesdames M. C. Overton, Ben Stovener, Bruce Pratt, Arthur Teed, Thomas A. Cox, T. E. Simmons, C. C. Cokerlik, W. Purviance, J. H. Moyer, A. N. Dille Jr., H. V. Patterson, C. D. Hunter, George Walstad, L. S. Sone, Henry Thut, R. E. Koerner, L. K. Stout, Lynn Boyd, C. A. Clark, R. B. Fisher, A. Cole, C. W. Stowell, I. B. Hughey.

Misses Josephine Thomas, Mary Idelle Cox, Josephine Cariker, Flora Perry, Ruth Siddons, John Kelly Hohsels, Helen Martin, Madge Rusk, Arless O'Keefe, Marie Carter.

Graduates Will Be Honor Guests Christian Church

The 28 high school seniors who are members of regular attendants of First Christian church will be honored with a special service this morning, the minister, John S. Mulen, has announced.

Seats will be reserved for the graduates to whom the sermon will be directed. The subject will be "Have You Learned to Read?"

Young people will take part in the service. A vocal solo, "That Wonderful Mother of Mine," by Mary Ellen Cary, will be a part of the musical program arranged for the hour.

The evening worship hour at the Christian church will include a reading by Mrs. Helen Turner as a feature.

Jolly Eight In Score Contest

Women in the Jolly Eight bridge club continue to gain score on the men in a contest which will close after two more meetings. Scores in games at the home of Mr. and Mrs. Finis Jordan Thursday evening aided the women's total.

Six games were played, with C. O. Drew winning the traveling prize for the evening.

The hostess served strawberry shortcake and iced tea to Mr. and Mrs. Glen Pool, who were special guests, Mr. and Mrs. Frank Yealy, Mr. and Mrs. Jim Collins, C. O. Drew, and Mr. Jordan.

Mr. and Mrs. Collins will be hosts next, on the evening of May 25.

NOTICE OF TRIP

Women of the Altar Society of Holy Souls Catholic church will plan to attend the all-day meeting at the home of Mrs. M. S. Roche, near Panhandle, Wednesday, are requested to notify Mrs. Grady before tonight. Those who make the trip will meet at the rectory at 10:30 Wednesday morning.

Parents Hosts To Teachers as School Closes

Teachers of Baker school will be guests of the Parent-Teacher association and room mothers at a wicker roast Monday evening. They will meet at the school at 6 and drive to the picnic spot near Hoover.

Parent groups in city schools are giving teachers a part in close-or-school festivities with various entertainments. Horace Mann parents were hosts to teachers at a picnic Wednesday, and Woodrow Wilson teachers were entertained with a party Friday evening.

CHILDREN HEARD IN MCSKIMMING CLASS RECITAL

Miss Dodd, Vocalist, Helps Entertain Mothers

Mothers of pupils were honor guests when Mrs. Forrest P. McSkimming's piano class presented their Music week program at a tea at the Presbyterian church Friday afternoon.

Church parlors were turned into a recital room with ferns and flowers banked around the piano. Tapers burned on the piano and table during the program.

A reading, Grandmother's Patchwork Quilt, was given in colonial costume by Arlene Saunders, and vocal solos, Ah Love But a Day (Gilbert) and Will-o-the-wisp, sung by Miss Dorothy Dodd, varied the piano numbers.

Piano Selections The piano program follows: Cradle Song (Scott), Harriett Price. Little Betty Blue (Peery), Bertha Maye Willis. Jolly Jugglers (Kern), Dorothy Ann Dille. Summer Tryst (Leonard), Wilma Willis. Pull of Fun (Johnson), Martha Price. Hill Trails (Koelling), Arlene Saunders. The Skaters (Renk), Frances Thompson. Andantino (Hayden), Mildred Martin. In a Hammock (Hodson), Mary Price. Valse Militaire (Eisler), Sylvia Weatherford. Little Lane Lucky (Kerr), Betty Saunders. Idylle (MacDowell), Marie Tinsley. First Nocturne (Eanna), Pauline Stewart. Con Amore (Beaumont), Leona Hurst.

Guests for the tea, including the mothers, were Mesdames C. W. Coffin, Edwin S. Vears, C. C. Dodd, Roy Tinsley, M. W. Hanna, S. N. Ribens, Tracy Willis, J. T. Sells, J. C. Vollmert, Lewis Robinson, A. N. Dille Jr., A. A. Stewart, Rufe Thompson, D. D. McSkimming, S. A. Hurst, M. J. Cash, Saunders, W. A. Price, M. A. Martin, Bass Clay, Miss Jewel Montague, Jeanne Edelen, Antoinette Hanna, Ruth and Mattie Lee Clay, Erma and Pearl Bibens.

Mrs. Harry Marbaugh left Saturday for Lawton, Okla., where she will attend the graduation exercises of Cameron college. Her son, Max Marbaugh, is a member of the graduating class there this year.

SAFE MOTHERHOOD EMPHASIZED BY P-T. A ON MOTHER'S DAY

By MRS. J. M. CRAIN, Claude

Mother's day, which has been observed regularly the second Sunday in May since 1914, is celebrated today with the sending of flowers, telegrams, letters and gifts. The rose, the queen of flowers, is worn by all of the family for mother, the queen of the home. The red rose is for the living mothers while the white rose is for the mothers in heaven.

The challenge to make motherhood safe comes this year from the Maternity Center association of New York. In the name of every mother, this day should be made a much more important occasion than it is usually considered.

Every year 16,000 mothers in the United States die in childbirth, and 10,000 of these deaths could and should be prevented. America loses more women in childbirth than any other country does. The dangers of childbirth in this country are as great as they were twenty years ago.

How can the hazards of motherhood be reduced? By improving maternity care and giving the mother proper medical supervision, many dangers could be averted.

Who can assist in the reduction of such hazards? The wife, the husband, the physician, the nurse, the public—all can help.

To make motherhood safe for mothers should be the slogan of each individual for this Mother's day and every day thereafter.

Round-Up Registration Mrs. L. E. Ledbetter, state chairman of summer round-up, announces that registrations for the summer round-up may be made this year as late as May 15 in conjunction.

COUNTY CLUBS WORK TOWARD END CONTESTS

WOMEN AND GIRLS GO TO SHORT COURSE AT CANYON

WOMEN and girls of county home demonstration clubs are preparing for a busy season the next month, with ending of annual bedroom improvement and clothing contests scheduled for both demonstration clubs and girls' 4-H groups.

A trip to the short course at West Texas Teachers college, Canyon, was the high spot of last week's program. A large delegation from Gray county, headed by Miss Ruby Adams, county agent, was among the 450 women from 20 Panhandle counties at the meet.

Meet Interesting. An interesting program, a luncheon at the college cafeteria, and a trip through the Panhandle-Plains Historical Society museum were reported as features carried out under joint sponsorship of the college home economics department and the extension division of A. & M. college.

Among the visitors from Gray county clubs were Mrs. John Peacock, Mrs. A. R. Walberg, Vera Ivey, Mrs. E. J. Gething, Mrs. C. N. O'Neal, Mrs. G. P. Bradbury, Mrs. O. G. Smith, Mrs. V. J. Castka, Mrs. N. B. Cude, Mrs. Hubert Keahey, Mrs. J. A. Jackson, Mrs. R. E. Dauer, Mrs. M. Doss, Mrs. T. S. Skibinski, Mrs. E. E. Reapstone, Lucile O'Neal, and Miss Adams.

Contests which will engage the attraction of club women for several weeks end early in June. Miss Joeline Van Noy of MeLean will score bedrooms in the girls' contests June 3, and rooms in the women's contests will be judged June 14 by a state judge.

Achievement day programs for contestants will begin June 6. The annual clothing contest for women is scheduled for June 16.

Mrs. Shroeder Is Honoree of Club Before Leaving

Mrs. Lucile Shroeder, who will leave soon for Lubbock, was guest of honor when the No-Trump bridge club was entertained Friday evening with Miss Bonnie Pajton as hostess.

Mrs. Fred Bozeman was awarded high score prize and Miss Ouida Brannon the traveler. Both presented their packages to Mrs. Shroeder, who received low score prize.

A dainty refreshment course was served to Mrs. Shroeder, Mrs. D. C. Caldwell, Mrs. Charles Ford, Miss George Sanders, and Miss Helen Sullins, club guests, and the following members: Misses Mary Patton, Mary K. Martin, Evelyn Swafford, Marie Gillispie, Brandon; Mrs. Ray Chastain and Mrs. Bozeman.

WEEK-END AT RANCH Mr. and Mrs. John B. Frey and daughter, Miss Eleanor, Joseph Vincent, and T. Duncan Stewart left yesterday to spend the week-end at the Hoover ranch near Canadian, where they expect to enjoy fishing, riding, and other sports.

Table of Guests At Club's Party

Gay Friday bridge club members were guests of Mrs. Paul Caylor this week, with a table of special guests.

Mrs. Skeet Roberts won high score for guests, and Mrs. Bob Montgomery low. Mrs. Hugh Isbell scored high and Mrs. Robert Woodward low for club members. Mrs. T. A. Robinson held the traveler prize.

A salad course, cake and coffee were served after the games to Mesdames E. W. Hogan and Bill Husley, guests, and Mesdames Cora Kolb, Bert Isbell, Carl Dunlap, E. Riddle, and the prize winners.

Barbecued Chicken Served to Priscilla Members and Guests

A plate lunch in which barbecued chicken was a delicacy was served to members of the Priscilla club Friday at the home of Mrs. Joe Lewis.

Mrs. C. A. Tignor presided during the business session and program. The roll call was answered by having members tell about their gardens.

Dick Benton rendered the group valuable assistance by killing the chickens in approved fashion.

These present included Mr. and Mrs. E. A. Shackleton, Mrs. Minnie Jackson, Miss Irene Jackson, Mrs. Jack Spearman, Mrs. Ira Spearman, Mrs. Clyde Carruth, Mr. and Mrs. Guy Farrington, Mr. and Mrs. Herman James, Mrs. C. A. Tignor, Mr. and Mrs. W. D. Benton, and several guests. Mrs. A. J. Jarrell, Mrs. E. C. Will, and Mr. and Mrs. J. C. Farrington.

The Spirit of Mother's Day

THIS famous painting by James McNeill Whistler has an appeal in harmony with the observance of Mother's Day. The original hangs in the Louvre in Paris, evidencing the sublimity and serenity that the eminent painter saw in motherhood.

Summer Garden Plans Made

A flower show, a garden tour, and planting of flower beds in the city park were summer plans outlined in committee reports when the Pampa Garden club met in the city club rooms Friday morning.

Dates for the flower show and tour have not been set. The show will be held when flowers here are blooming to the best advantage. The tour will carry members on an inspection of beautiful gardens and flower beds of the city, and end with a picnic lunch.

These events were announced in the report of Mrs. C. P. Buckler, program chairman, who outlined the program for the next three months.

To Beautify Park. Park beautification plans were presented by Mrs. Ewing Leech, chairman of a park committee.

Approval was voted by the members when Mrs. Earl O'Keefe read the revised club constitution, prepared by a committee which she headed. The club also voted that each member may invite two guests to programs during the year.

Timely suggestions for flower cultivation were given on the program. Mrs. Tom Clayton discussed window box planting, and suggested pansies, phlox, petunias, geraniums, and nasturtiums as suitable for boxes.

Flower Cultivation. Mrs. R. S. Lawrence had Cultivation of Delphiniums as her subject. Seed should be planted in midsummer, she said, and the plants transplanted in the fall. Second blooming may be secured by preventing formation of seed, and lime should be used to keep the soil sweet.

Proper use of sprays for insects was discussed by Mrs. Lynn Boyd, who warned against use of too much spray, and urged thoroughness in reaching every part of the plant.

Bouquets of lovely yellow iris were brought to the meeting by Mrs. M. A. Graham, and afterward taken to the homes of Mrs. C. H. Walker and Mrs. Olin E. Hinkle, members who are ill.

MRS. MITCHELL IS HONORED AS PAMPA VISITOR

Former Resident Is House Guest of Mrs. Bratton

Mrs. R. W. Mitchell of Roswell, formerly of Pampa, the house guest of Mrs. W. A. Bratton this week-end, is being honored with a series of informal entertainments by friends here.

Mrs. Bratton held open house from four to six Friday afternoon, inviting members of the Amus bridge club and the Twentieth Century club to be with Mrs. Mitchell in an informal hour. The visitor was formerly a member of both clubs, and is a past president of the Twentieth Century.

Funch was served to the callers. Mrs. Mitchell was a luncheon guest of Mrs. H. H. Hicks Saturday, and last evening was guest of honor at an informal party at the home of Mrs. T. E. Rose with Mrs. C. T. Hunkapillar and Mrs. Rose. Festivities. She will be a guest for dinner at the Rose home at noon today.

Contract Played At Club Meeting

Mrs. A. B. Zahn entertained the Contract bridge club and special guests at her home Friday afternoon. Three tables of players enjoyed the games, in which Mrs. A. B. Goldston made high score.

Centerpieces of pansies made the tables attractive when the delicious plate lunch was served.

Mesdames Roy Miller, Gribben, and Hollein were club guests. Members playing were Mesdames Frank Keim, Henry Thut, J. M. Lybrand, L. O. Johnson, Clifford Brady, Siler Faulkner, J. H. Kelley, Philip R. Pond, Goldston.

McDonald-Carter Marriage of Last Week Announced

Announcement is made of the marriage of Kenneth G. McDonald of Pampa and Mrs. Nell Carter of Goodnight, Okla., May 9.

Mr. McDonald is an employe of the Bell telephone company here. The couple will make their home in Pampa.

SHOWER IN ROSE MOTIF GIVEN FOR MISS HENRY, BRIDE-ELECT

Roses, traditional flower of the bride, supplied the motif for a shower honoring Miss Virginia Henry, whose marriage to Virgil Castle of Perryton has been announced for the near future.

Misses Bernice Larsh, Ruth Henry, and Clarice Fuller were hostesses at the home of Mrs. W. B. Henry, where roses stressed a pink and white color scheme in the rooms and on tables arranged for bridge and forty-two.

Bouquets of rosebuds were cream favors at each table. Ice cream molded in rose shape was served with rose-topped cakes after the games.

Roses were used in wrapping the prize packages, won by Mrs. J. A. Breek in forty-two and Miss Leona Kinard in bridge, and presented to the Baker school, where Miss Henry is a teacher.

CLUB REVIEWS ANNUAL MUSIC WEEK SUCCESS

Band and Orchestra Night Friday Is End Program

TREBLE CLEF club members are reviewing with satisfaction a solid week of musical programs which they sponsored in observance of National Music week. An effort was made to include every type of musical organization in the city.

Ending the series, a program was played by the American Legion band and the Hawaiian orchestra directed by Vern Springer, Friday evening. Typical Hawaiian numbers by the girls varied a program of marches and overtures by the uniformed band.

Programs Varied. Church, school, and club musicians preceded the band and orchestra night performers on daily programs. In addition, the Treble Clef club sponsored and assisted in programs at each city school, and sponsored the inclusion of music on various club programs.

Although the week is officially ended, the club is in charge of music in the vesper program for high school graduates at First Methodist church this afternoon.

Evening programs have been given at the city hall auditorium by the sponsoring club on Tuesday, by the piano symphony and local artists Wednesday, and by the high school Thursday. A vesper service by church musicians was the opening program last Sunday, and grade school children gave their program Monday afternoon.

Legion Auxiliary Completes Plans For Poppy Sale

Enrollment of an army of 100,000 women to carry memorial poppies to the American people on Poppy Day, May 27, is proceeding rapidly as American Legion Auxiliary units throughout the United States are completing preparations for their Poppy Day activities. The local contingent of this army is being formed under the direction of Mrs. W. C. de Cordova, president of the Pampa unit of the Auxiliary, and will be made up of approximately 30 workers from the Auxiliary and other women's organizations of the city.

"All members of the Auxiliary's poppy forces will work as volunteers," Mrs. de Cordova said. "The distribution of the poppies will be carried out without overhead expenses in order that all money contributed for the United States may be devoted to relief work among the disabled veterans and their families. Because of sweeping reductions in veterans' benefits which will become effective July 1, a sharp increase in the need for this relief work is expected."

While the Auxiliary women are mustering their forces for Poppy day, disabled veterans in government hospitals and Auxiliary workrooms are completing the manufacture of the little red flowers which the women will distribute. Hundreds of these disabled men have produced their own poppies during the winter and spring, and have produced nearly ten million poppies to be worn in honor of their fallen comrades.

Hopkins Sunday School Will Pay Mother Tribute

Tribute to mother will be paid in Hopkins Sunday school this morning, in a program presented under direction of Miss Nan Crouch, Mrs. Guill, L. T. Jones, and Ben Guill.

Numbers to be given in the regular service follow:

Readings, The bravest Battle, Willetta Partridge; Mother, Jerry Cooper; My Mother, Sally Church; Mother's Day (presented in lettering), Six little girls.

Vocal selections, Six little girls, Reading, Mother, Herman Hooper.

Vocal solos, Little Mother of Mine, M. L. H. Baze; Mother Mathres, Mrs. R. E. Smith.

Violin solo, Meditation, W. E. Weible Jr.

Vocal duo, Mother's Song, L. T. Jones and M. L. H. Baze.

Quartet of mixed voices, Mother's Bible, Mrs. E. T. Boyd.

Reading, The Old Wash Place, Norman Cox.

Duet, Mother's Prayer, Miss Harrison and Mrs. Pace.

Party Given For Chatterbox Club

Chatterbox bridge club members were entertained Thursday afternoon by Mrs. C. W. Walters at her home on the Wright lease. Three tables of players enjoyed the games and an attractive refreshment plate.

High score prize went to Mrs. Watson, second to Mrs. Frank Roach, and low to Mrs. E. T. Boyd. Other players were Mesdames D. C. Caldwell, M. S. Fager, Ray Chastain, W. D. Champion, Turner, and Fred Bozeman, club members, and a single guest, Miss Leona Stokes.

Farewell Shower Given Mrs. Fager

A farewell shower for Mrs. M. S. Fager was given Friday afternoon at the home of her daughter, Mrs. Fred Bozeman.

Gifts from the friends present, and from a number who were unable to attend, were presented to the honoree after three games of bridge. Mrs. Louella Osterbach scored high at bridge, and Mrs. W. D. Champion low.

Other players were Mesdames Ray Chastain, D. C. Caldwell, S. T. Boyd, Fred Evans, W. M. Holmes, Frank Roach, Arthur Lyon, Fox, W. C. Walters. They were served delicious refreshments by the hostesses.

HEAD PLAY EASILY WINS PREAKNESS CLASSIC; BROKER'S TIP FINISHES LAST

Magnolias To Play Shamrock In First Game Of Cotton-Oil League Today

LADYSMAN IS FOUR LENGTHS BEHIND COLT

UTOPIAN TAKES THIRD PLACE IN PIMLICO TURF EVENT

BALTIMORE, May 13 (AP)—Leaving no doubt as to his ability, Mrs. Silas B. Mason's Head Play, beaten by inches in the Kentucky Derby, today clearly outran nine class three-year-olds, including his Derby conqueror, Broker's Tip, to win the forty-third running of the Preakness at Pimlico.

Purchased on the eve of the Derby for \$30,000 from Willie Crump, who had paid \$50 for him as a yearling, the great son of My Play merely toyed with his rivals, finishing four lengths in front of W. R. Coats' Ladysman, the champion juvenile of 1932 which ran his greatest race since winning the Hopeful at Saratoga. The Wheatley Stable's Utopian, the supposedly lesser half of the Trainer James Fitzsimmons' entry, finished in the third hole, a head of the fast traveling Coe speedster and three spans in front of Ladysman's stablemate, Pomponius.

Broker's Tip, the pride of the blue grass from E. R. Bradley's Idle Hour farm, was so lightly regarded by the crowd of 40,000 that he went to the post quoted at the surprising long odds of 13 to 2. And he ran like a 100 to 1 shot, finishing last in the field of ten, a badly beaten horse.

In the mutuels, Head Play paid \$5.80, \$3.60 and \$2.60 across the board while his owner from Dodd county, Kentucky, received the purse of \$26,850, a mighty good dividend on her investment. Ladysman returned \$4.00 to place and \$2.80 to show while a \$2 show ticket on Utopian brought \$3.00.

MORGAN'S

(Continued from Page 1)

Private Offices Upstairs.

In the second story are the private offices of the partners. You are shown to a small elevator and your mission is described to the elevator man who in turn hands you over to a boy who waits in the outer hall.

Scattered here is the office of J. F. Morgan. While he is generally supposed not to be accessible to reporters, the fact is that he sees those he knows readily when any question of large general importance is on the carpet.

Morgan's partners are readily available to reporters, although they may never be quoted without permission, which is not often given.

Outside again, across Broad street to the west is the columned Stock Exchange, another comparatively small building, and across Wall street to the north is the United States sub-treasury of similar size.

These three buildings nestle at the corner of Wall and Broad in a mass of skyscrapers. Right back of Morgan's the skyline jumps 30 stories.

There probably is no more valuable property in New York than Morgan's. It is not for sale.

The diligent effort toward inconspicuous breaks another Wall street custom. There are no uniformed attendants, armed or otherwise.

Four to six guards in civilian clothes stand casually outside the building. Another guard, similarly attired, is just inside the entrance hallway. Inside the inner door stand two men who ask your business, notify the person whom you wish to see and otherwise expedite your visit.

All is perfectly informal. Reporters calls late in the afternoon to see Lamont, especially when news is breaking. They crowd into a small reception room on the left of the entrance. Lamont, smartly dressed, smiling, answers questions carefully.

He "must not be quoted" but many a time his anonymous remarks have made first page news. (Lamont once was a newspaperman.)

Giants Threaten

NEW YORK, May 13 (AP)—The Giants reduced the lead of the Pittsburgh Pirates in the National league race to a single game today as they scored a 2 to 1 eleven inning victory without earning a run.

Five errors, three by Floyd Vaughan, brought about the undoing of the Bucs and their star southpaw, Larry French. Going into the ninth inning, French had given only three hits and was leading 1-0 through Vaughan's second inning home run.

Two Out of Three

BOSTON, May 13 (AP)—St. Louis jumped on Pitcher Sock Seibold and relief pitcher Ed Falkenstein for five runs and six hits in the first inning and eventually beat the Boston Braves 8-2 today.

The victory gave St. Louis two out of three games in the series which will terminate with a double-header tomorrow.

Dodgers Tie Reds

BROOKLYN, May 13 (AP)—The Dodgers and the Cincinnati Reds struggled through ten innings of a tight game today and wound up in a 1-1 tie when the game was called at the end of the tenth to allow the visitors to catch a train for home, where they play Chicago tomorrow.

Phillies, Cubs Split

PHILADELPHIA, May 13 (AP)—The Phillies and Cubs split a double-header here today, Chicago winning the opener 7-5, and the Phils taking the night cap, 7-1.

To win their game the Grims men pounded Flint Rhem off the slab in the sixth inning. The Phils returned the compliment in the second game, chasing Guy Bush from the slab with a 7-run rally in the fifth.

TEXAS TAKES TRACK-FIELD MEET EASILY

AUSTIN, May 13 (AP)—The University of Texas Longhorns demonstrated marked superiority in the track events and made a surprisingly good showing in the field events to win the 38th annual Southwest conference track and field meet here today.

ONLY 2 RECORDS ARE BROKEN—SHOT AND DISCUS

The Texas Aggies' well-balanced aggregation placed second and Rice Institute of Houston was third. Texas scored 57 1/2 points, A. & M. 49 5/8 and Baylor 37 5/8.

The Texas Christian university Frogs of Fort Worth, featuring their star hurdler, Charlie Casper, were fourth with 14 points. Southern Methodist university of Dallas placed fifth with nine, Baylor of Waco sixth with seven, and Arkansas seventh with two points.

Only two records were broken. "Honk" Irwin of A. and M. heaved the shot 49 feet 7 3/4 inches to beat the former record by about a foot and a half. Burk of Rice, who established the previous record of 48 feet, 1 1/4 inches, could do no better than third in today's competition.

Jim Petty of Rice hurried the discus 154 feet, 2 3/4 inches to establish a record in that event. The old mark of 153 feet, 4 inches was set by Leo Baldwin, of Texas, in 1929.

The Longhorns placed first in five of the eight track events and won both the mile and 440-yard relays. In addition Sewell, of Texas, tied for first in the pole vault.

Ed Meyer of Texas was the 220-yard dash winner with 12 1/2 points. Meyer won both the 100- and 200-yard dashes and ran on the winning quarter-mile and mile relay teams.

This was the second championship in succession for Texas. The Longhorns had won ten of the 18 meets.

CONVICTS ACCUSED

RICHMOND, May 13 (AP)—Testimony that R. L. Ewing, Gregg county convict, was beaten and stabbed by a fellow inmate at the prison at the Harlem farm prison barracks was on record here at the trial of four convicts accused of his murder.

FATALITY INJURED

LAWTON, Okla., May 13 (AP)—Mr. and Mrs. L. P. Tyler of Norman were fatally injured today when their automobile overturned on U. S. highway No. 62, two miles west of Idalia, Okla., as they attempted to pass another car. Tyler was a Norman grocer.

BAND CONTEST

CORPUS CHRISTI, May 13 (AP)—Wealco won the sweepstakes in the state music meet held here today and is entitled to enter the national band contest at Chicago in June. Eight high schools participated in the meet.

IT'S BOULDER DAM

WASHINGTON, May 13 (AP)—It's Boulder dam from now on—the name "Hoover" having been eliminated by officials here from the world's largest water barrier on the Colorado river project. Secretary Ickes sent instructions today to the bureau of reclamation in charge of the \$165,000,000 construction work, inaugurated under the Coolidge administration, that hereafter the big project is to be known by its original title.

in the American

CHICAGO, May 13. (AP)—Bob Boken, Washington's sensational re-cruit infielder, again played the major part in boosting the Senators to a 5-4 victory in ten innings over the Chicago Sox today in the delayed series opener.

Boken, who broke up two games with his bat at St. Louis last week when he was called in to substitute for Buddy Myer, injured regular shortstop, produced a home run in the eighth today to tie the score at 4-4.

Score by innings: R H E Washington . . . 000 101 110 1-5 11 1 Chicago . . . 200 101 090 0-4 10 2 Crowder and Sewell; Gregory and Berry.

BYRON NELSON SIGNS AS PRO AT TEXARKANA COUNTRY CLUB

Course Is One of Highest-Ranking in Country And Is Construction Marvel.

By BILL PARKER, Associated Press Sports Writer.

Byron Nelson, the crack Fort Worth golfer who turned professional last winter, has signed as professional at the beautiful Texarkana Country club. He succeeds his friends and advisor, Ted Longworth, who has accepted a job in another state.

This bit of good fortune makes Nelson professional at one of the highest ranking courses in the United States, a course that is a marvel of construction.

Nelson is a serious minded young fellow who wants to work and get somewhere in golf. No doubt he will find the Texarkana Country club membership one of the most congenial in Texas. He will have the advice and backing of such members as Robert Hawley, J. K. Wadley, Arthur Temple, J. T. Binford, George Bell, and William Clark.

No stranger. The Texarkana course is not strange to Nelson. He played it in the 1922 Texas Golf association state amateur championship. He was third in the qualifying round with 74-76-150, being nosed out for the medalist prize by Gus Moreland and Louis Nowlin.

He played the Texarkana course in his bow as a professional. It was the Texarkana open and he finished in the money with a subpar final round.

Last year as an amateur Nelson won the Mineral Wells invitation by beating Gordon Young of Dallas, 6 and 5 after Young had won the medalist round with a 65.

He defeated Bobby Burns of Wichita for the Fort Worth River Crest invitation championship. He also was medalist in this tournament. He won the Eastland invitation, and in the ranking of the 1932 Texas amateurs was placed third, being topped by Gus Moreland and David "Spec" Goldman.

Playing Pro. By employing Nelson Texarkana gets a playing professional who promises to go far with his assortment of par and subpar shots.

Nelson plans to compete in the sectional qualifying round for the national open. He also plans to play in a number of tournaments and the city of Texarkana always will be registered after his name.

FAST GAME IS IN PROSPECT AT MAG PARK

IRISH NINE REPORTED TO BE STRONGEST IN LOOP

The baseball season will be under way this afternoon at Magan's park when the Magnolia "Mags" and the Shamrock Irishmen meet in the first game in the Cotton-Oil league which the Pampa nine entered two weeks ago.

The Irish nine, reportedly selected by the loop and Manager Howard Buckingham of the "Mags" is anticipated a tough battle.

Tickets for the opening game have been going fast at 25 cents, and a large opening game crowd is expected. The Shamrock line-up has not been received here.

Manager Buckingham has tentatively selected his starting line-up, but may make a few changes. He will probably start big Rodgers in the box with "Boss" Wagner behind the bat. Raeburn Burke and Simmons will be available for relief hurlers and Schroeder for relief catcher.

The game is scheduled to start promptly at 3 o'clock. Officials have not been named. The "Mags" will meet the fast McLean team in McLean next Sunday. The other Gray county entry in the league has a strong team. They defeated Clarendon last Sunday in a thrilling encounter.

Manager Buckingham will present such well known players as Pockets Flynn, Jimmie Coburn, Jimmie Baldwin, Rusty Cahill, Leo Shriver, Freddy Newsome, Warren, and others in the game. The team will appear on the field wearing new green and grey uniforms which have just been received.

'GRAND HOTEL' HAS RETURNED BY REQUEST

MAGICAL NAMES WILL APPEAR TO GAIN NEW FANS

Greta Garbo, John Barrymore, Joan Crawford, Wallace Beery, Lionel Barrymore, Lewis Stone, Jean Hersholt.

What magic those names have wrought in the pietization of Vicki Baum's sensational novel and play, "Grand Hotel," unraveled today at the Rex theater.

Here is a picture that will make history. Not only at the box office where its appeal is obvious. But as a picture upon which the screen may step forward to a new era of artistry and worthiness.

Exceptional Acting. Of course the central characters, played by such seasoned experts, bring into the story characterizations profoundly impressive. It is probable that no other dramatic piece, on stage or screen, has been so admirably acted. Edmund Goulding, in directing the Baum story, combined the theater play with the novel and the results prove he took the best of each for his camera material.

As in book and play, the hotel itself is the outstanding character, taking its place in story interest as importantly as any of the human players. The settings are wonderfully executed and the photography is equally noteworthy.

KANSAS CITY LIVESTOCK

KANSAS CITY, May 13. (AP)—(U. S. D. A.)—General price advance was put into effect on all classes of livestock this week at midwestern markets. Killing classes of cattle were strong to unevenly higher with several points showing gains of 25-40. Strong weight steers and the lower grades of light weight steers so. 1 to an especially good advance. Majority of desirable quality feed steers and yearlings ranged upward from 4.75 and comparatively few exceeded 6.25. Chicago had a top of 7.15 on choice yearlings. Country demand for stock and feeder classes was broad at firm to 25 higher prices. The average cost of steers slipped out of Kansas City was 5.40 while steer and heifer stock calves averaged 5.62. Aggregate receipts at eleven markets this week totaled 164,700, as compared with 161,879 last week and 140,844 the corresponding period a year ago.

Hog prices worked higher on most all sessions and current quotations are from 65-100 over a week ago. Chicago had a late top of 5.00, the highest in nine months. Total offerings were around 440,000, an increase of 5,900 over last week and 7,500 short a year ago. Killing classes of sheep are firm to unevenly higher for the week, several markets showing upticks of 50-75 on fat lambs. The weekly supply approximated 328,500 against 307,362 last week and 259,402 a year ago.

NEW ORLEANS COTTON

NEW ORLEANS, May 13. (AP)—Today's short session in the cotton market was extremely active, with prices developing frequent and erratic fluctuations due to alternate waves of profit taking and covering for over the week-end. The close was steady at net declines of 9 to 14 points. The opening was the easy although Liverpool cables were better than due. Private cables said that market felt speculative, continental and trade buying. During the early part of the second hour prices rallied sharply on week end covering and fresh trade buying, July advancing to 8.90, October to 9.16 and cable to 9.30 or 16 to 17 points up from the earlier lows, October reaching 3 points above the previous close. Nearly all of this gain was later lost however, on week end realizing and July closed at 8.76 or 14 points net lower, October at 9.03 down 10 points net, and December at 9.21 down 9 points net. Port receipts 13,542, for season 8,033,349, last season 9,683,000; ports 11,522, for season 6,749,225, last season 7,545,407. Port stock 653,161, last year 4,001,085. Combined shipboard stock at New Orleans, Galveston and Houston 97,184, last year 96,743. Spot sales at southern markets 9,801 last year 4,316.

5 Noted Stars

GRET GARBO, John Barrymore, Joan Crawford, Wallace Beery, and Lionel Barrymore in "Grand Hotel" have returned to the Rex theater today and Monday by popular request.

GRAINS ARE WEAKER

CHICAGO, May 13. (AP)—Downturns in grain prices today went hand in hand with a notable decrease of general speculative buying. Indications of clearing weather and the passing of the record period of rainfall led to sudden reversal of an advancing trend in the moon market. Wheat traders especially showed themselves inclined to withhold purchasing until more was definitely known in regard to the administration agricultural programme and the outcome of conferences going on between producers and processors of the basic commodities affected by the Roosevelt farm bill. Wheat closed unstable, 1/4-1/2 under yesterday's finish, corn at 1/2 decline to 1/2 advance, oats 1/4 off, and provisions 2 cents to 20 cents up. Corn jumped briskly at the start, and equaled the season's top price record, but quickly tumbled about 1 1/2 cents as a result of aggressive selling. Rallies which ensued were associated with statements from trade authorities that speculative purchasing had by no means been

UNBELIEVABLE SCENES HAVE BEEN FILMED

TODAY'S HEROES OF AIR IN "CENTRAL AIRPORT"

HERALDED as the "Dawn Patrol" of 1933, Richard Barthelmess' newest picture, "Central Airport," comes to the La Nora theater today. The super air-thriller glorifies the flying heroes of peace — not war — and is said to exceed anything that the talented star has ever done. The powerful story deals with the hazardous lives and the exciting loves of these hardy navigators of the stormy air-lines. Richard Barthelmess plays the part of a returned war hero who pilots trans-continental passenger planes. He crashes his ship, with a heavy toll of lives, and is "grounded." Discredited in the game he loves and the only one he knows, he goes barn-storming with a traveling air-circus, and falls in love with Sally Eilers, a parachute jumper. Their glamorous love affair and the many thrilling plane crashes build "Central Airport" into a mighty drama. The principals are as reckless with their loves as they are with their lives. But Barthelmess believes that a flyer, with his life always in the hands of fate, is a coward to marry. Broken and filled with a savage recklessness when he learns that he has lost his girl forever, Barthelmess turns to any flying job that offers enough danger, whether it's fighting in the Orient, or leading a South American insurrection. He becomes famous even to the far corners of the earth as a pilot who laughs at death, and even goes out of his way to tempt it. The ending of this throbbing First National spectacle is one of the most spectacular and thrilling scenes ever filmed as it presents a phase of peace time aviation's work. Barthelmess as the pilot rescues the passengers from a sinking plane in the storm swept Caribbean sea. Wellman, former war aviator who directed "Wings" and "Young Eagles," outdid himself in "Central Airport" with his unbelievable sky scenes.

Pirates Parade At 1933 Junior-Senior Banquet

HUGE CROWD IN FINE HUMOR FRIDAY NIGHT

"LONG JOHN SILVER" IS TOASTMASTER OF ABILITY

LONG JOHN SILVER and his pirates had a big time at the junior-senior banquet at the Schneider hotel Friday evening, in a setting of skull and bones masted schooners, Pampa high school colors of green and gold, and balloons hanging from the ceiling.

The dining room was literally filled with nearly 250 juniors, seniors, and their guests. There were pirates on the napkins, pirate flags flew from atop the salad, the mints were in two-masted sailing vessels, and Joe Stephens of the junior class, the wise-cracking toastmaster, towered over a 7-masted vessel as he rose frequently to tell jokes on students and faculty members, particularly the latter.

Joe was in a humorous mood from the start. So were the students, and the merriment was riotous when a green parrot made comments about various goings-on. Battered pirates and "Saltine crackers" wandered about to add realism.

Miss Lorraine Noel, president of the juniors, gave a well-worded salute to the pilots, and an appropriate response was made by the senior president, Berton Doucette. LaVerne McLendon and Lola Hill "walked the plank" in fast tap-dance numbers. They were in pirate costumes.

"Barnacle Bill, the Sailor" was sung by Bill Hawkins, accompanied by Josephine Lane. One of the most comical program features was the impersonation by Sue Dodson, who gave a character reading with the refrain, "Is I in Love? I Is." Frank Faulk read clippings of 1943, purportedly taken from the Pampa Daily NEWS and telling of doings of the students. A recent "accident" at the senior picnic was re-enacted.

After the banquet, many remained for a dance arranged by some of the mothers of the students. The Thrill Harmony orchestra played.

A delightful menu, which baffled the seniors with its bewildering array of pirate foods, kept the attendants busy feeding the hungry crew. The menu included Shark Jawbone, Postoozooles (?), Jewell Africa, Shipper's Alibi, Long Jonn's Favorite, and Skeleton Hops.

'Frosh' Friskings

The activities of the freshman class this year were few. Among the important ones were the class elections, the popularity contest, and a picnic.

In a heated election, Scott Mullins was made president and Carl Watts vice president. Wah Him Quam was elected to the office of secretary-treasurer.

Scott Mullins was again elected, but this time as the most popular boy in the freshman class, and Evelyn Nash was chosen as the most popular girl. Since the freshman class is the largest ever to have entered P. H. S., its members gave ample support to their candidates.

The class picnic was the last event of the year for the freshmen Hoover was picked as the site for the picnic. Naturally there was a large attendance and every one seemed to have a good time.

Sponsors for the class were Mr. Moore, Miss Perry, Mr. Lester, Miss Rice, and Miss Branom.

Mrs. Dick Walker has returned from a month's stay in Fort Worth, where she underwent an operation.

HISTORY MADE BY '33 CAGERS TO WIN TITLE

First District Crown Won By Intrepid Harvesters

Our basketball season, one of the best in the history of P. H. S., was one of spirit throughout the entire year. The Harvesters defeated Amarillo, Lubbock, Plainview, Hedley, and Happy, only to fall before the Lamesa Tornados in two successive games for the bi-district championship. Scoring a total of 1,163 points to 596 opponents, the Harvesters doubled the opposition's scores; and losing only three games in the regular and three in advanced competition out of a total of 34 games will be a record for next year's team to aim for as their goal. No one player could be declared the star of the season, as every man was at one time or another the idol in Pampa's eyes.

The season's scores were as follows:

- Pampa 52, Clarendon 13.
- Pampa 26, Panhandle 9.
- Pampa 19, Canyon 16.
- Pampa 46, Shamrock 15.
- Pampa 46, Canyon 15.
- Pampa 32, Plainview 34.
- Pampa 43, Plainview 17.
- Pampa 21, Happy 20.
- Pampa 18, Happy 21.
- Pampa 30, McLean 17.
- Pampa 43, Allison 7.
- Pampa 32, Amarillo 29.
- Pampa 53, Canadian 10.
- Pampa 56, Miami 4.
- Pampa 58, Canadian 20.
- Pampa 23, Lubbock 29.
- Pampa 45, LeFors 19.
- Pampa 29, Amarillo 26.
- Pampa 53, LeFors 13.
- Pampa 40, Allison 14.
- Pampa 51, Miami 12.
- Pampa 27, Lubbock 17.
- Pampa 40, McLean 19.
- Pampa 34, Borger 10.
- Pampa 37, Hedley 21.
- Pampa 40, Hedley 20.
- Pampa 24, Borger 20.

1,002 points before Borger game. 1,026 points before district games. Pampa 10, Amarillo 12. Pampa 33, Borger 30. Pampa 28, Amarillo 21. Pampa 31, Quitaque 26. Pampa 17, Lamesa 19.

The track season uncovered stars from all activities, but never seemed to get going. Losing to Amarillo in a dual meet 59 to 50, placing second in a triangular meet with Amarillo and Lubbock, and winning first in county and a Class A meets held here were excellent signs of improvement. Second in the Clarendon meet showed the general strength of the Harvesters' squad. Journeying to district with high expectations, the Harvesters came home in third place without having won a first place in track or field. Three of the boys went to state and gave good performances for themselves.

Girls' basketball was unsuccessful, as they won only five games, three of them in the last few weeks of the season. Tennis showed brilliant in county, but dimmed at district by losing in first round competition. Gorilla football was rather successful, as they won from some of the leading Class B teams in the section. The Gorilla basketball team was highly successful, losing only a few games during the year. The volley ball team lost to LeFors in county, but LeFors placed second in district.

"Dear old Pampa High School, We're in love with you. Dear Old Pampa High School, We will be true blue. Keep your colors flying As we stand by you. Dear Old Pampa High School, We're in love with you."

SENIOR DIARY FOR 1932-33 SCHOOL TERM

ACTIVITIES BEGIN ON SEPT. 1 AND END ON MAY 18

Sept. 1—School seems inevitable with all the teachers showing up again.

Sept. 5—Well, it is grand to let the world know you're a senior.

Sept. 6—Nearly 250 freshmen stormed the old fort today—but 50,000,000 freshmen—

Sept. 7—First classes. Sounds like the teachers mean business.

Sept. 12—Some of these football fellows sure look good.

Sept. 17—Miss May says this is the most important day in the year—her birthday.

Sept. 23—Alta boy! The Harvesters beat Clarendon 7-6.

Sept. 26—Class officers were nominated today. This is getting to be a democratic place. We're going to have regular elections with a runoff n' everything.

Sept. 27—The first Little Harvester of the year came out today.

Sept. 29—Primary election day. Does P. H. S. have pep? The gym was crowded for the first football rally tonight. The band was keen, and it looked like every girl in school belonged to the pep squad. Louise Walstad is head yell leader; others are Jackie Downs, Lorraine Noel, and Jo Gantz.

Sept. 28—The new librarian organized a library club today. Hope we have lots of clubs.

Sept. 30—Whatta game! We beat Clovis 26-0.

Oct. 5—Assembly was keen today. Sergeant Leonard talked on Peace. He was plenty interesting. Say, there aren't but 760 kids up here—looked like a million in chapel.

Oct. 7—Football under the bright lights in Borger—their first Class A game and our first conference one. The whole pep squad and band went in school buses and half the town. Of course we won, 19-0.

Oct. 10—Miss May organized a journalism club to publish the Little Harvester and learn all about newspapers. Wilks Chapman is the new editor-in-chief.

Oct. 11—Run-off in class elections today. Jim Poole, football captain, is president of the seniors; Lorraine Noel, pep leader, of the junior; Otto Rice of the sophomores, and Scott Mullen of the freshmen.

Oct. 14—The Gorillas beat Groom 12-6.

Oct. 15—Boy, howdy! We won our second conference game today from Plainview, 19-0.

Oct. 17—The seniors selected their rings today. They're the prettiest P. H. S. has ever had!

Oct. 21—We had two cute one-act plays at assembly today—"The Pot Boiler" and "The Bathroom Door." We lost to the Canyon freshmen tonight, but it took some ex-Harvesters to beat us.

Oct. 24—Beat Amarillo!

Oct. 25—We've gotta beat Amarillo!

Oct. 26—Everybody in Pampa is determined to Beat Amarillo!

Oct. 27—If we only can—Beat Amarillo!

Oct. 28—It's going to be done!

Oct. 29—We lost, 7-0, but it was the best game of football I ever saw. Most of Pampa went.

Nov. 1—A stray snake from the biology lab liked to have scared Miss McFarlin to death today.

Nov. 2—The band had new uniforms for assembly today—green trousers and green capes, lined with gold.

Nov. 3—Pep squad girls had their pictures made today.

GRADS RECALL SUCCESSES OF LAST 4 YEARS

1929 Freshman Class Was Largest In History

In the fall of 1929 the largest class to enter P. H. S. at that time enrolled as freshmen. Our initiation was about the stiffest on record—out at Harvester Park with bonfires and boards and belts the night before the first football game.

Margaret Bryson was president; Reede Clarke, vice-president; Berton Doucette, secretary; and Oliver Calhoun, treasurer. Our sponsors were Miss Goerner and Mr. Tedford.

Our biggest victory of the year was winning the Harvester Queen contest by an overwhelming majority, with the result that Marjorie Buckler had a full page picture in the "Harvester," a thing that never happened before to a freshman in P. H. S. For our class chapel program we presented the one act play "Not Quite Such a Goose." We had the most fun of the year at our picnic in the spring.

As sophomores we were equally as successful. Charles Frost was our president; George Keahey, vice-president; Berton Doucette, secretary; and Bob Langdon, treasurer. Our sponsors were Mrs. Alexander and Mr. Gordon.

Our biggest achievement that year was to win a half holiday for having made the most money at the School Carnival. We did this by selling hamburgers. Our candidate for carnival queen, Ruth Reynolds, won second.

So capable had we proved the year before that we started our junior year by re-electing Charles Frost president. George Keahey was again named vice-president. Other officers were Louise Walstad, secretary; Clinton Evans, treasurer; and Clovis Green, sergeant-of-arms. The class sponsors were Miss McFarlin, Mr. Moore, and Mrs. Massa.

The first entertainment was a theater party and a treat at the Crystal Palace afterwards. We felt that a great responsibility lay on our shoulders in putting on the annual junior play; so preparations were started early. Many tried out for the various parts in "Forty Miles from Nowhere," the play that was chosen. The cast included Edmund Whittenberg, Opal Denson, Clotilde McCallister, Vendell Kees, Jim Stone, Clinton Evans, David Whittenberg, Mildred Marshall, Loretta Fletcher, Earline Peters, Charles Bourland, and Wayne Hutchens. The next class affair we had was a Trip Around the World in the form of a progressive party. The money derived from tickets sold to this party and the junior play were to go to finance the big Junior-Senior spread. We worked hard to put over the annual banquet, and it proved to be a success with a clever circus scheme. Clinton Evans was master of ceremonies. We closed the year with another theater party.

The entertainments were not the only events of importance in our junior year, however for there were eight members of the class who made the National Honor Society, which is a large number for the junior class. These were Opal Denson, Yedda Stein, Myrtle Faye Gilbert, Charles Frost, George Keahey, Reed Clarke, Clinton Evans, H. L. Ledrick, and Berton Doucette. A number of juniors scored high in the interscholastic events, and much new material was discovered in this class.

We began this our last year by electing Jim Poole president; Berton Doucette, vice-president; and Robert Woodward, secretary-treasurer. Miss May, Miss McFarlin, and Mr. Workman were named sponsors. Jim finished his work at mid-term; so Berton has been ac-

VESPER EVENT WILL BE HELD IN AFTERNOON

GRADUATES TO RECEIVE DIPLOMAS THURSDAY EVENING

COMMENCEMENT! Literal interpretation of that word which has a magic sound to graduates everywhere, means that 115 seniors of Pampa high school will commence the art of serious living at the graduation program Thursday evening, beginning at 8:30 o'clock, when high school diplomas will be presented to the graduates at the First Baptist church.

But another, an almost equally important function, must take place before the diplomas are distributed. This will be the vesper service which will be held at the First Methodist church this afternoon, beginning at 5 o'clock.

The vesper service program follows:

Invocation, Rev. Newton C. Smith; Sweet Is Thy Mercy (Barby, Treble Clef club, Mrs. W. A. Bratton, director); Scripture reading, the Rev. James Todd; organ solo, Finale to the Unfinished Symphony (Schubert), Mrs. May Foreman Carr; sermon, the Rev. C. E. Lancaster; A Vesper Hymn (Prothera), Treble Clef club; benediction, the Rev. John S. Mullen; recessional.

The graduation program:

Processional; invocation, the Rev. C. A. Long; vocal solo, Yesterday and Today (Spross), Charles Frost; Facing Facts in Education Today, Myrtle Faye Gilbert, salutatorian; piano solo, Tanzweise (Meyer-Helmund) Clotilde McCallister; The Widening Curriculum, Opal Denson, salutatorian; quartet, Hold Thou My Hand (Briggs) Charles Frost, Clotilde McCallister, Howard Zimmerman, Marjorie Enloe; The New Individualism, George Keahey, valedictorian; presentation of diplomas and conferring of honors, L. L. Sohe, C. P. Buckler, R. B. Fisher; benediction, the Rev. A. A. Hyde.

Power of Music Was Notable In 1932-33 Session

Music has played a very important part in the activities of the school this year. The "Pop" Frazier's band has offered pep for athletics, and the orchestra has offered its services in the way of playing for many affairs. The quartet under Harry Kelley's guidance has sung for chapel and almost everything in town, and the glee club, directed by Miss Cariker, climaxed its year's work with an operetta. Miss Branom's violin class, though organized only a few months, has made much progress.

The band made several trips with the pep squad and football team; also they offered entertainment at the basketball games. The band also played at chapel many times. The organization was founded three years ago with a fair membership, but during this time it has grown to a 35 or 40 piece band.

At the junior play, "The Prince of Liars," and during Music week besides a number of times at chapel, the orchestra has played and shown its ability to play difficult music.

Perhaps the group that received the most applause this year was the quartet composed of Dorothy Dodd alternating with Clotilde McCallister, soprano; Marjorie Enloe, alto; Charles Frost, tenor; Howard Zimmerman, bass. This musical

LIFE OF MARY KINGSLEY, by Stephen Gwynn: MacMillan Co. This book of the life of Mary Kingsley received the British award, James Tait Black Memorial prize, as the best biography of 1932.

Miss Kingsley, niece of Charles Kingsley, assisted her father, Geo. Kingsley, to prepare a book on primitive religion and law. After her father's death, the work unfinished, Miss Kingsley went to Africa to study native customs, traveled extensively as a trader and lived frequently among cannibals. Unafraid of danger, she had many unique and unusual experiences during her jaunt thru West Africa which are interestingly recorded in this biography.

GAS-HOUSE MCGINTY, by James T. Marrell: Vanguard (\$2.50).

The talent of the author in writing convincing and effective dialogue is demonstrated almost without the use of description in this confusing, at times, but remarkably effective account of disjointed conversations, shouts, and exclamations of an office full of men.

McGinty, at the opening of the story is the Chief Wagon Dispatcher for the Continental Express company, Chicago; by the end of the book, he has been demoted to dispatcher. The novel is full of vivid and vigorous impressions, one of defeat, and failure, and frustration. The coarseness of the men's conversations are not softened, and many expressions are ugly and obscene. All in all, a book for reflection.

STUDIES OF YOUTH SHE LOVES ME, by Norman Klein: Farrar and Rinehart (\$2.00).

This is more or less a series of character studies of the youth of today. The heroine is very impressive as the record of her growth from girlhood to matronly maturity is the backbone of the book.

All the persons are drawn with clever insight and completeness, including even the rather weak second husband of the heroine.

The story opens in Mexico and proceeds thence to Hollywood, Los Angeles, and so to New York.

HELENE, by Vicki Baum: Doubleday Doran and Co. (\$2.00).

Most strictly patterned, most ambitious, and the least original of Miss Baum's book as the impulse is romantic and there is an affectation of austerity is HELENE.

Helene is a student of chemistry at a German university. She is an orphan and has only fifteen hundred marks on which to live until she obtains her degree. She has a lover . . . marriage is out of the question—and undesirable. A suicide pact causes Helene to be sent to prison. Released, she enrolls at another university where she becomes a mother and a doctor. Penniless, she is in desperate straits, and her child, whom she adores, is starving.

WORTH THE READING

At the end, she obtains her one ambition to go back to chemical research, and her one love, an old professor, a tragic figure, at her old university.

Melodramatic, theatrical, everything happening at the crucial moment for the best, or worst, however the author wishes her characters to become entangled—well constructed and worth reading.

FAMILY REUNION, by Janet Curran Owen: Harper (\$2.00).

For Christmas, old Mrs. Brinton's family returns to the ugly old house

in Jersey City. Opal, who married a chauffeur, Sylvia, widow of the only son, returns from her secret life in Baltimore to encounter the two daughters she had deserted years before. Harriet, married to a painter, Rosamund, separated from her wealthy husband, and Beryl, who disapproves of everything and everybody. Mrs. Werner, the old lady's star boarder, is the only other one present.

Many complications are handled with easy narrative talent by Mrs. Owen. Undercurrents of emotion, hatred, jealousy dominate the FAMILY REUNION. At length, Rosamund rejoins her husband, Sylvia returns to her illegitimate son and married lover, the future is cleared for Mrs. Brinton's fourth romantic venture into matrimony with Mr. Werner, and Beryl receives a momentary setback. It would make a good movie.

SOUTHERNER RECOGNIZED THE STORE, by T. S. Stribling: Literary Guild selection for July, 1932.

The southern school of American letters has again been recognized by the awarding of T. S. Stribling with the Pulitzer prize, because THE STORE is a story about Alabama and could not have been written about any other locality in the world. The story concerns the period of Cleveland's first administration and biography has been given Allan Nevins the Pulitzer award for the best

ins for his "Grover Cleveland," a complete survey of the president's career.

Colonel Miltiades Valden is the domineering character one follows through one episode after another in this brilliant novel. His life is tinged with disgrace and glorified by his standing in the little community of Florence, Ala.

The problem of the negro question is outstanding, and the plotting is so involved at times one comes to the momentary conclusion that the entire village is just one big happy family.

J. Handback, long time enemy of Colonel Valden, forgot himself in a period of drunken confidence so far as to tell the Colonel he was just returning from a rendezvous with Gracie—in Handback's own words "Lady fren' . . . damn near white, too . . . ver' nice woman . . . kep' her for years. Clean . . . discreet, an' . . . an' obligin'." Armed with this information, Colonel Valden forced Handback to take him into partnership as an owner of THE STORE.

COMPLEXITY GROWS

The story becomes more and more complicated. Sydna, the daughter of Drusilla, the Colonel's one-time sweetheart, falls in love with the Colonel, himself. Toussaint, a mulatto, plays an interesting role in the chain of events. Colonel Valden steals 500 bales of cotton from Handback to avenge a shady business transaction between the two in years past.

Toussaint is lynched by an angry mob along with two captured bank robbers for no legitimate reason whatsoever and the Colonel learns too late to save the negro that Toussaint is his own son.

Boy, 7, Causes \$100,000 Wreck

Junior Cardwell, 7, above, wanted to see what would happen when he put a spike on a rail at Stacey, N. C. A fast freight train was wrecked, its engineer killed, damage of \$100,000 done. Punishment for Junior was a spanking.

George Keahey's Average 4-Year Grade Was 95.4

George Keahey, valedictorian, has made an average of 95.4 for all four years in high school. Besides that, he has taken active part in many school activities. Probably no other student has rendered the school finer service than he. During both his sophomore and junior years he served as vice president of his class. He proved especially able as stage manager for the junior play last year. He was elected to the National Honor Society while still a junior. This year he has been unusually efficient as general news editor of the Little Harvester.

Myrtle Faye Gilbert and Opal Denson tied for the place of salutatorian with an average of 94.7 for all four years. Both girls were elected to the National Honor Society as juniors and have proved themselves not only excellent scholars but all round students. Myrtle Faye represented Pampa high in the Latin tournament in both her sophomore and junior years. She debated in the Panhandle Speech Arts tournament last year. This year she made both the typing and shorthand teams and represented the school at the Quannah tournament and the district meet. She has worked faithfully on the staff of the Little Harvester both as class editor and typist.

Opal has been outstanding in debate and commercial work. The past two years she was a member of the debate team which won county and district and went to Austin, this year placing third at state. Last year, she was a member of the typing team that won first at the Childress commercial tournament, and also placed second as an individual. She was also a member of the winning shorthand team. This year she won second place in shorthand in the state meet at Austin and also in the Quannah tournament.

Juniors Staged Play, Banquet; Named Favorites

The juniors began the year by electing Loraine Noel for president, Harold Gregory for vice-president, and Eleanor Frey for secretary-treasurer. Miss Durrenberger, Coach Mitchell, and Mr. Gordon were named sponsors.

The first class affair was the theater party of December 15. After the show everyone went to the cafeteria where pie and chocolate were served.

Through concentrated class effort, the junior candidates, Miles Marbaugh and Loraine Noel, won the heated popularity contest. This let the school know the juniors were on the map.

By this time work had been begun on the junior play "No Trespassing," which was presented at the city auditorium on April 18 before a large audience. The cast was as follows: Lisle Irving, Josephine Lane; Herbert Edmund Raynor, Richmond Eastup, Peggy Palmer, Sue Dodson, Cleveland Tower, Odell Walker; Mrs. Palmer, Helen Joe Daugherty; Mr. Palmer, Autry Holmes; Barbara Palmer, Dorothy Harris; Almeda Meador, Lorene Turman; Bill Meador, John Moyer; Jim Meador, Burnett Lunsford; and Mr. Irving, Walter Moss.

A successful picnic was held by the class at the Mel Davis ranch on May 1. Baseball and wading in the creek were the chief diversions. Everyone went to see "King Kong" after the picnic.

The Junior-Senior Banquet Friday evening, May 12, climaxed the program of the year. A pirate scheme was followed, and Joe Stevens acted as toastmaster.

BOOK NEWS

H. G. Wells has succeeded John Galsworthy as president of the P. E. N. club, an international organization of writers. His latest novel, "The Bulpington of Bulp" (\$2.50), has been described by William Phelps as "best book Wells has written in some years."

The Hawthornden prize for 1932 has been awarded to Charles Morgan, author of "The Fountain." Mr. Morgan's next novel will be published early in 1934 by Macmillan.

"Gloria Goddard had tea with the President and Mrs. Roosevelt in the White House the other day and gave her hostess a copy of her latest novel, "If You Can Wait," just published by Lippincott. The president read the title and smiled. "Most appropriate to the times," he said.

"Early Steps in Human Progress" (Lippincott) is the May choice of the Scientific Book club. The author, Harold J. Peake, is a former president of the Royal Anthropological Institute and of the Anthropological Section of the British association.

MANY PLAYS PRESENTED IN LAST YEAR BY SPEECH DEPARTMENT OF SCHOOL; DEBATERS WIN DISTRICT

All Speech Students Engaged in Various Contests

Activities of the speech department of the high school were opened with the presentation of a play, "The Bathroom Door" by the dramatics class for the A. A. U. W. meeting on Nov. 17. The next day, Nov. 18, the class gave two one-act plays in chapel—"The Bathroom Door" and "The Pot Boiler." These two plays were presented to both junior and senior high school assemblies. A small admission was charged on this occasion to help pay for volley ball sweaters.

On Dec. 7 the dramatics class gave a review of all former plays presented by the dramatics classes of other years. During the next two weeks five plays were chosen to contest against each other in order to determine the contest play for the year. There were approximately 50 persons who tried out for the parts in these plays. Student directors were chosen for each play and each cast was allowed an equal amount of work and was given an equal amount of time by Miss O'Keefe. On January 13 these five plays were presented by their casts at the City Hall auditorium, where they were judged by Mrs. C. W. Schelder of the public speaking department of W. T. S. T. C. Mr. Schelder selected "The High Heart" as the play most likely to succeed, and this became the contest play. Other plays presented were "Sounding Brass," "The Girl's Stairs," "He," "Thursday Evening." On January 25 "Sounding Brass" was presented in chapel during the early part of February contest was held to select the final cast for "The High Heart." Five casts were chosen then and these casts competed on February 25. The following people were seen on that date: Berton Douglas, Dorothy Harris, Henry Cullen, Jim Stone, Roy Blaylock, Norman Carr, Joe Stephens, Clinton Mans, Richmond Eastup. This cast was the one that presented the

play at the Panhandle Speech Art tournament, where it was second, missing first place by only one point. The play was next presented at the district meet in Canyon, where it was defeated by Panhandle. Panhandle won second place in the district; so that defeat was not bad.

On March 1 the second semester class presented a one-act play "Teddy's First Dress Suit" in assembly. The next play given by this class was "The Red Lamp," at which a small admission was charged to help defray the expenses of the contest entries. On April 17 "Teddy's First Dress Suit" was presented by the class at the Rotary club luncheon, where the cast and their director were guests.

A list of productions by the class during the year would not be complete without mentioning those that were given in class. These include "Joint Owners in Spain," "The Brink of Silence," "The Turtle Dove," "Jungle Lynch," "The Finger of God," "Thursday Evening," and "Two Crooks and a Lady."

The public speaking division of the department opened its school year by sending its members to the ward schools to tell stories. The purpose of this was to get experience. Miss O'Keefe tells us that all members of the class were entered in a contest some time during the year. The first contest held was to determine the boy and girl to represent the school at the Panhandle Speech Arts Tournament. This contest was held February 17 and 18, and Adale Smith and Roy Webb were chosen winners. The next contest was held to decide the representatives of the school in the county meet. Sue Dodson and Clovis Green won this contest. In a new division, the junior section, created this year, Ella Faye O'Keefe and J. G. McConnell were chosen to represent the school. Sue Dodson, J. G. McConnell, and Ella Faye O'Keefe won their sections of the county meet. In the district meet held at Canyon Sue Dodson and J. G. McConnell won second place, and Ella Faye O'Keefe was eliminated in the semi-finals.

The debate teams, coached by

Miss May, have certainly carried the school colors high this year. The girls' team, composed of Yedda Stein and Opal Denson, have indeed done well. Of a total of some thirty debates before the state meet the girls lost only three. They won the county and district meets easily

and went to State where they tied for third place. This is the second time that Opal Denson and Yedda Stein have had the honor of carrying their school's colors to State and we feel very proud of them. The boys were not quite so lucky in their contests, but they won a

good number of their twenty debates. There was no single team in any of these contests, as the boys were alternated in teams of two. The boys won the county meet but failed to place at district. Charles Frost, Reed Clarke, and Fred Johnson were the boys who debated.

Students Praise 'Our Teachers' Of High School

Mr. R. B. Fisher, superintendent of Pampa Public schools, has made this year one of leadership and service.

Mr. L. L. Sone, principal of our high school, has kept school activities running smoothly and has held the respect and love of every student.

Miss Fannie May, head of the English department and head sponsor of the senior class, has coached a debate team that won third place at State this year and supervised the publication of the Little Harvester.

Miss Zenobia McFarlin, head of the commercial department and a senior class sponsor, has taught students who have won high honors in every commercial contest.

Mr. W. O. Workman, head of the science department, is sponsor of

the senior class and we really appreciate his splendid cooperation.

Mr. Odus Mitchell, supervisor of the physical training department and head coach for the Harvesters, has coached a football team that was plenty good, to say nothing of the basketball team that won the district championship and the boys that represented us at State in athletics. We are proud of his fruitful efforts and his determination and encouragement that have helped to keep up the school spirit. He is also one of the junior sponsors.

Mr. Argus M. Fox, history teacher, is line coach for the Harvesters. The boys wanted spring football under him all summer, and the girls all like him too.

Miss Louise Durrenberger, head of the history department, is head sponsor of the junior class and proved an able director of the junior play and other activities this year.

Miss Mary Idelle Cox, head of the foreign language department, has successfully taught students that have won places for the high school in Latin activities this year.

Miss Florence Perry, who teaches physical education, has developed a girl's tumbling team that is worthy of its name. She is also a sponsor of the freshmen.

Miss Josephine Cariker, English teacher, is director of the girls' glee club which presented the operetta, "Lady Frances" at the City Hall Thursday night.

Miss Clorine Branom, teacher of English II, has efficiently directed the beginners' violin class, which also took part in the music program at the City Hall last Thursday night. She is one of the freshmen sponsors.

Miss Angela Strnad is teacher of the foods division of the home economics department, and she was also sponsor of the high school Pep Squad this year.

Mrs. Lou Roberts has proved to be a capable registrar and has won the friendship of every student.

Mrs. J. B. Massa is head of the home economics department and is the thorough teacher of the clothing division.

Miss John Kelley Houssels teaches typewriting and business science. Her pupils certainly prove her ability as a teacher.

Mrs. Frances Alexander teaches chemistry and biology, and her classes are interesting as well as instructive.

Mrs. J. B. Austin teaches general science in the afternoons only, but is well known and liked by many students.

Miss Arless O'Keefe, teacher of English, dramatics, and public speaking, has presented numerous plays with her classes. Her students' ability as declaimers prove her efficiency as a teacher.

Singing Convention Will Be Held Here

Preparations are being made for the first semi-annual convention of the Gray county singing convention at the First Baptist church, June 4. John F. Taylor, president of the Plateau Singing Convention, will come from Clovis and the vice-president, J. E. Disch of Borger, will attend. Mr. Disch was in Pampa yesterday. C. E. Ward is secretary of the county group.

The twelfth annual Plateau convention will be held in Plainview June 17-18.

Rains Put Gray County Links In Good Condition

The Gray county golf course is in excellent condition following recent rains. The greens have been worked over recently. Putting surfaces are even and fast.

Fairways have been rolled and the grass is growing rapidly. The change caused by the installment of the airport has made the course even more sporty than it was. Several good scores have been registered lately and players are loud in their praise of the condition of the course.

Country Club's Golf Course Is In Good Shape

Greens at the Pampa Country club have been re-sanded and are in the best condition in more than a year. A new kind of coarse sand was used and it appears to be extremely satisfactory. It makes an even putting surface and drags nicely under any condition.

Fairways have improved wonderfully since the recent heavy rains and will soon be ready for the mowing machine. The rough is beginning to be rough again and the golfer who can't stay in the fairway will soon find that his score has gone back to normal. During the dry season the rough was about as good as the fairway.

Tea boxes are being leveled and the course is ready for tournament play. The first tournament of the season is being planned by Dr. H. H. Hicks and his tournament committee.

Mr. and Mrs. Queersberry of New Mexico are visitors at the home of Mr. and Mrs. L. E. Church this week.

Several tournaments are being planned for the summer months. The first tournament will probably be announced soon.

Mrs. E. L. Norman, who teaches algebra, is also a sponsor of the Pep Squad, and her enthusiasm and leadership helped to make the Pep Squad what it was.

Miss Ethel Rice, math teacher, is quiet and demure, but her students all recognize her superior ability in mathematics. She is a sponsor of the sophomore class.

Mr. B. G. Gordon, math teacher and a junior sponsor is coach of the tennis teams that won places in the county meet this year.

Miss Gracie Fern Latimer, English teacher, is the capable coach of our essay writer who won first place in the district this year. She is one of the sophomore sponsors.

Mr. J. L. Lester, the jolly agriculture teacher, has also coached a good volley ball team this year. He is one of the freshmen sponsors.

Mr. Warren Moore, history teacher, is coach of the Gorillas, and the grim determination and fighting spirit of the team speak well for him. He is also head freshman sponsor.

Mr. T. H. McDonald, math and general science teacher, has stimulated a new interest in Hi-Y work here, and also served as head sponsor of the sophomore class.

Mr. R. E. "Pop" Frazier, our jovial band and orchestra leader, with his slow southern drawl, is one we are mighty sorry to lose. He has developed a good band and orchestra, and his music has helped to cheer our teams on to victory.

Wheat Crop To Be Smallest In Last 29 Years

WASHINGTON, May 13 (AP)—The smallest wheat crop since 1904 and the first this century below domestic consumption needs was in prospect today as nature's hand in cutting down the nation's wheat surplus was registered in government statistics.

The crop reporting board's estimate of winter wheat production was 337,485,000 bushels. The estimated production—which compares with an average of 589,436,000 bushels for the period 1929-1930 of winter wheat—is the result of the heaviest abandonment of acreage ever recorded in this country, 32.2 per cent due to bad weather conditions.

Spring wheat production estimates have not been made by the board but in March it reported that farmers intended to plant 20,986,000 acres, or 2.5 per cent less than last year. The average spring wheat yield for ten years has been 12.75 bushels per acre which, if averaged this year with no appreciable change in farm planting plans, would result in production of 267,571,000 bushels, and a total crop of all wheat of 605,000,000 bushels.

In Kansas, the biggest producer of winter wheat, farmers have abandoned 48 per cent of the area sown to the crop last fall.

Oregon has the highest percentage of abandonment 75; Colorado and Washington 70; Wyoming 50; New Mexico and Texas 45; Montana 35; South Dakota 32; Oklahoma and Nebraska 30, and California 23.

THOMPSON NAMED PRESIDENT OF MEDICAL ASSOCIATION OF TEXAS

FORT WORTH, May 13. (AP)—Dr. S. E. Thompson of Kerrville was named president-elect of the state medical association Thursday and San Antonio was selected as the meeting place for the 1934 convention to begin on May 8 of next year.

Dr. Thompson, who will retain his status of president-elect until he assumes his executive duties at the close of next year's convention, was chosen by acclamation after Dr. John H. Bursleson of San Antonio had asked that his nomination be withdrawn.

The house of delegates, governing body of the association, closed the year's business session by the election also of three vice-presidents, one trustee, five councilors, two delegates and two alternates to the American Medical association, and members of standing councils and committees.

The end of the work of the house of delegates left only the day's scientific section meetings and a general session to close the program.

The three new vice-presidents selected were Dr. R. H. McLeod of Palestine, Dr. B. C. Smith of Hillsboro and Dr. N. D. Buie of Marlin.

Dr. John W. Burns of Cuero was named trustee to succeed Dr. John S. Turner of Dallas, who had served for 20 years.

Councilors were named as follows: District 1, Dr. J. W. Laws of El Paso, re-elected; district 4, Dr. T. Richard Sealy of Santa Anna, re-elected; district 11, Dr. E. H. Vaughan of Tyler, re-elected; district 8, Dr. O. S. McMullen to succeed Dr. Burns, elected trustee; district 13, Dr. W. L. Parker of Wichita Falls, re-elected; district 14, Dr. M. L. Wilbanks of Greenville, re-elected.

Dr. Holman Taylor of Fort Worth and Dr. Felix Miller of El Paso were re-elected delegates to the American Medical association, and Dr. R. B. Anderson of Fort Worth, re-elected, Dr. John H. Foster of Houston, succeeding Dr. C. A. Gray of Bonham, and Dr. A. I. Folsom of Dallas, succeeding Dr. Bursleson,

Road Meetings To Be Held In Amarillo Soon

AMARILLO, May 13. (AP)—Two national highway associations will hold their annual conventions in Amarillo during the week of May 22 to 27.

The U. S. 66 highway association will meet May 22 and 23, and the U. S. highway 60 enthusiasts will follow on May 26 and 27. Charles Tompkins, El Reno, Okla., is president of the 66 group. He will be accompanied by the convention by the El Reno concert band. J. W. Knorpp, Groom, Texas, vice-president of the association, will be host. He, too, will bring a band—the widely known Groom boys' band.

Cities along the advertised "Main Street of America," from Chicago to Los Angeles, will attend.

Another Oklahoman, Harry McClintock of Bartlesville, is president of the highway 60 group. Prominent speakers will appear on both programs.

Painter Loses Mural Contract At World's Fair

NEW YORK, May 13. (AP)—Diego Rivera, whose portrait of Nicholas Lenin in a mural on the walls of the RCA building in Rockefeller center caused the Rockefeller family to terminate his contract and cover up the work, was today faced with the loss of another important commission because of the notoriety.

The Mexican painter was to leave in a few days to begin work on a mural to portray the developments of machinery on the walls of the General Motors building at the 1933 Chicago World's Fair.

Last night he received this telegram from Albert Kahn, architect for General Motors corporation:

"I have instructions from General Motors executives to discontinue with the Chicago mural. This undoubtedly due to the notoriety created by the Radio City situation. Am terribly disappointed and will still do my best to get permission for you to proceed."

LOTIEF SLAYS BAT AND BECOMES SOLONS' CHAMPION GAME HUNTER

AUSTIN, May 13. —Rep. Cecil A. Lotief of Cross Plains has been awarded the title of "champion game hunter" of the 43rd legislature.

Lotief upon returning to the house from lunch one day, found the pages endeavoring to get a bat out of the hall. The pages were using an air gun to rout the bat that had perched on a chandelier.

The would-be marksman were having little success. Several members, including Rep. Joe A. Great-house of Fort Worth and Rep. Sarah T. Hughes, joined the hunt but were unable to dislodge the creature.

Lotief, however, took one shot and hit the bat.

Rep. T. H. McGregor of Austin, who holds the title of "the silver-tongued orator of the house," will retire after his service with the 43rd legislature.

McGregor recently said in a speech on the house floor that he did not contemplate seeking election to another term. He has never been defeated from public office, although he won the last time by less than 100 votes.

He is one of the administration's floor leaders in the lower branch and a powerful speaker. He is especially adept at applying mythological and historical incidents in

Berry Season Is Time For Varied Springtime Menu

DENTON, May 13.—Generous use should be made of the berries which are in season during the month of May. There are many ways to serve them in both the raw and cooked state, and they can play various roles in menu making. When home-grown strawberries are available and can be used at exactly the right state of ripeness, they may be served with the stems on, dipped in sugar and eaten with bran muffins.

Menus

Breakfast: Stewed prunes, toasted corn flakes and milk, fried white perch, toast, coffee.

Lunch: Waffles and brookfield sausage, vegetable salad, strawberries and cream, tea.

Dinner: Veal birds and dressing, mashed potatoes and gravy, steamed cabbage with vinegar, apple and raisin salad, hot bran muffins, strawberry preserves, boiled custard, cookies, coffee.

Breakfast: Stewed rhubarb, cream of wheat with top milk, poached eggs, bran muffins, coffee.

Lunch: Liver and bacon, buttered steamed rice, pineapple salad, wilted leaf lettuce, biscuit short cake with whipped cream.

Dinner: Baked fish with tatar sauce, buttered parsley, potatoes, browned parsnips, head lettuce salad, biscuit, butter, steamed berry pudding, coffee.

Recipes

Steamed Berry Pudding: 2 c flour, 1/2 t salt, 1 pt fruit (without juice), 4 t baking powder, 1 c milk. Use 1 pound baking powder cans with lids. Grease cans and fill 3/4 full, put lids on tight and stand cans in kettle of boiling water or steam in open pudding pan placed in steamer.

Biscuit Shortcake: 2 c flour, 4 t sugar, 6 t fat, 4 t baking powder, 1/2 t salt, 1/2 c milk. Sift flour and add all dry ingredients. Add melted fat to milk and combine with dry ingredients, beat thoroughly and spread in shallow baking pan, should be 3/4 inch thick in pan. Bake in quick oven 20 minutes. Split cake with sharp knife; spread generously with butter and strawberry filling. Pie two pieces together with the crust of the top layer down, spread with butter and strawberries same as bottom layer. Cut washed and stemmed strawberries in half and add sugar according to taste. Spread fruit on cake at last moment before serving.

Strawberry Preserves for immediate use may be prepared in oven with a minimum of work and danger of burning is thus avoided. Select fully ripe, red berries, wash by placing in a collander and spraying with cold water; hull berries,

use huller or sharp knife; wash and sugar allowing 1 1/2 qts sugar, 2 qts berries. Use large casserole or medium sized milk crock, fill by alternating layers of fruit and sugar. Cover; place in moderate oven and cook for 3 hours without stirring.

Bran Muffins: 2 c buttermilk, 1 c bran, 1 c whole wheat flour, 1 t soda, 1 t salt, 3 t baking powder, 1 t sugar. Add egg, soda to liquid, mix without stirring dry ingredients. Combine. Bake in quick oven.

Mrs. Al Lawson has as her mother, Mrs. James of Rockwell. Mrs. James is en route here after a visit with another daughter in Breckenridge.

LEGISLATURE HAS DECLINED TO JUMP AT FERGUSON'S BECK AND CALL ON ANY IMPORTANT ISSUES

AUSTIN, May 13 (AP)—Administration supporters believe the Ferguson administration will be as happy as anyone when the legislature leaves. Gov. Miriam A. Ferguson and her husband former Governor James E. Ferguson, have not had the luck they are said to have expected four months ago when the new legislature came into existence with Mrs. Ferguson's inauguration.

It was generally believed at that time the administration would have comparatively "easy sailing" with any program it proposed.

The administration proposed an elective highway commission and a sales tax as its especially prized pieces of legislation. Neither proved to be popular with the legislature.

The governor and her husband-advisor have not said so, but it has been apparent to unbiased observers they have not been pleased with the work of the legislature. That is to say, they have lauded the members for their good work, but they also have shown keen disappointment at failure of some of the legislative program to go over.

The governor sent a message to the legislature just before the senate was to vote on a bill creating an oil and gas conservation commission to replace the railroad commission's administration urging its adoption. The upper branch killed the bill.

The senate had consistently refused to confirm her appointment of Frank L. Denison of Temple to be chairman of the Texas highway commission. The governor insisted that he ought to have that place even though he did not receive a two thirds majority affirmative vote.

Governor Ferguson's experience with the legislature was not exactly what she expected, nor what most Texans believed would be the lawmakers' attitude toward the administration.

STEER MANAGER BELIEVES CLUB WILL BEGIN IMPROVING

Watch Us Do Some Climbing During Our Long Home Stay, Says Morse.

By BILL PARKER, Associated Press Sports Writer. Manager Happ Morse of the Dallas Steers is now a business executive. His bowling alley opened in Dallas Saturday night.

His partners are George and Julius Schepps, directors in the Dallas baseball club.

Happ claims he doesn't expect to make a cent of profit for the next two years.

"If I just make my money back I will be satisfied for the next five years," said Happ in his opening night speech.

The southern road jaunt that recorded the Steers' slip from first to a second division berth, failed to daunt Happ.

The Dallas skipper can still smile and talk of the future.

"We've got a swell ball club, and we'll prove it before time for the pennant play-off," he said. "We've been on the road most of the time. Watch us do some climbing during our long home stay."

Jinx Tucker, who is having a terrible time writing optimistically about a last place ball club in the Dixie league, reveals his resourcefulness in the following paragraph: "You will have to give the Waco Cubs credit for improving. Over in Jackson Tuesday, the Senators managed to score 24 runs on the Cubs. Wednesday, however, the Cubs held 'em down to 23 runs."

George Loepp, one of the best fielding outfielders to grace a Texas league diamond, is again operating his filling station at Dallas. George started with the Steers last year before being traded to Fort Worth for Tex Jeanes. Loepp reported to the Cats but was released before spring training ended. He has received several offers but club owners will not meet his salary request.

Oscar Selmer, the catcher Manager Walter Holke retained, has been released and has returned home where he will work at the undertaking trade.

Selmer was never a consistent hitter and only a fair receiver.

The Bobby Goff who is playing third base for the Fort Worth Cats is a Dallas sandlot graduate. He has played professional baseball several years in leagues ranking from the old East Texas to the American association.

He was a second baseman on the Dallas sandlots and once played on the city championship team.

Brazil expects to harvest a bumper crop of at least 26,000,000 or 27,000,000 bags of coffee in the 1933-34 season.

Stamford Man Gives Keynote Talk at Meeting

BIG SPRING, May 13. (AP)—Charles E. Coombes of Stamford in the keynote address at the West Texas chamber of commerce convention here said the western part of the state stood ready to fight its own battles through the chamber. "We have never got anything we didn't fight for," Coombes said, "and we are going to keep on fighting. In the early history of Texas, West Texas land was taken to build a state capitol and to get railroads for East Texas but settlers out here had to fight their own battles and

they learned early to be independent." Coombes flailed what he termed as "tax dodgers" and said the fact that citizens who could but would not pay made tax reductions ineffective. A resolution favoring elimination of the postal savings system from competition with banks drew applause from the general assembly. The resolution said small banks were being rendered impotent and credit was being smothered because money needed in circulation was flowing into postal savings.

Wildcat Well To Be Drilled Soon Near Potter Line

AMARILLO, May 13 (AP)—A wildcat test well will be drilled four miles southeast of Amarillo, across the Randall county line, and about 50 miles from the heart of the proven Panhandle field. W. W. Woolsey, who will have charge of drilling operations, said equipment was on the ground and that drilling would begin probably by May 20. He said a test hole to 4,500 feet had been financed. Woolsey and his associates hold leases on a 20,000-acre tract, which extends into the Palo Duro canyon.

SOPHOMORE EVENTS
Mr. McDonald, Miss Latimer, and Miss Siddons were appointed to the sponsorship of the sophomore class of 1932-1933. In the class elections Otto Rice was chosen president; Harry Barnett, vice-president; and Oneta Fashier, secretary-treasurer. The sophomore class put forth strong candidates for the popularity contest. They were Alene Gregory and Harry Barnett. Later Alene was chosen Miss Pampa.

The social events this year were limited. Plans for a party near Christmas time were abandoned for several reasons. The picnic near Hoover on April 28, however, turned out to be a big success and was a fitting climax to the year.

He said four geologists, representing major companies in the Panhandle field, made the location.

PAMPA ATHLETES MAKE FINE RECORDS DURING LAST YEAR

Harvester Grid and Basketball Teams Uphold Reputation of School.

The sports review for the entire year for Pampa high school would indeed be a varying one. Favorable football material fared only moderately with bad luck on their trail. One of the best basketball teams the Harvesters ever put on a court showed a highly finished offense and defense to better most of the teams in all West Texas. Girls' basketball was very unsuccessful until near the end of the season when the material showed the qualities they wished for all season. Track material was promising, yet never seemed to get going well enough to show the stuff that they had. Tennis, boys and girls, passed county successfully but lost in district competition. In golf, Buck Talley and Grover Austin placed second and third, respectively, in district. Volley ball placed second in county under the strong LeFors team.

In the football season the Harvesters started by winning from Clovis, N. M., in a sea of mud. Looking rather babyish, the Harvesters had barely nosed out Clarendon, 7 to 6, in a practice game the week before. Continuing on into the season, the Harvesters seemingly redeemed themselves by victories over Borger and Plainview, although by only small scores. With the big day around the corner, a loss to the Canyon freshmen, 13 to 2, placed Amarillo as a sure winner by dope, but odds were held low because of the famous fighting spirit of the Harvesters. In the battle Pampa scored twice on passes, both ruled illegal, and finally in the last quarter, weakened by lack of reserves, fell before the Sandies to allow one touchdown, which proved the margin of victory. Again on the next Friday night the Harvesters lost, this time to the hard-hitting Oklahoma City Capitol Hill Indians. The next Saturday to Lubbock, in a slow fought game of 6 to 0, the Harvesters seemed only half the team they were in the Amarillo game. Finishing the season with a victory over Quanah, the Harvesters stored their suits and waited for the all-district team, which four of our boys places: Wayne Kelley, end; Jim Poole, tackle (our fullback

Tips on CONTRACT

ALL RED
By TOM O'NEIL

A strong two-suiter at times offers a problem as to the best original bid. If responding hand has support for either suit game seems certain; if he can support both there is likely to be better than game in the hand.

John Murphy of Forest Hills, N. Y., dealt himself a hand consisting of seven hearts and six diamonds, which is in-point. Here it is:

—INSERT CUT HERE—
The strong North hand warranted reflection before bidding as to the possible losers.

There could be one loser in hearts, unless partner should support the suit or a successful finesse should be taken against the king. If partner should support diamonds, there might be only one loser in that suit; otherwise several.

Murphy is a follower of a system which reserves opening bids of three for hands in which there are only three probable losers, if the suit first offered is a major, and only two losers if the suit is a minor.

Possibly the North hand would come within the scope of an opening three bid, but Murphy reasoned such a bid would be futile.

Only aces, or lack of them, are shown in responding hand's answers to the three bid. Aces in the South hand would do North little or no good. The dealer wished to know if South could support either of his suits.

An opening bid of one might permit overcalls that would prevent responses by South. Indeed, as the cards lie, East and West would bid plenty in clubs if North started the auction with a one bid.

Two Bid Does It
The original forcing bid of two solved the problem. North offered two hearts. East naturally passed to await developments. South bid two spades. West passed, North offered three diamonds. East maintained silence and South bid four diamonds.

That was information enough for North. With South's diamond raise indicating he had at least three to an honor or four small, North leaped to six hearts, the contract.

East led the king of clubs. North ruffed, led the ace and queen of hearts, then spread. He lost only to the king of hearts.

Grand Slam Dangerous
A grand slam bid by North was tempting, but surely would have been dangerous.

Transpose the East and West hands a bit so that East had four diamonds and West none, and it would have been a good play by East to open a diamond, in view of the bidding of diamonds by North and supported by South. West would have ruffed and East would have made a heart trick.

Then again if the declarer elected to take the risk of finessing to capture the heart king he would have had to put himself in the dummy with a diamond, and the danger of an immediate diamond ruff by the adversaries was apparent. Any initial lead except a diamond makes a little slam safe.

Mr. Murphy was well content both with his venture and his discretion.

Radiotelephone service has been established between Germany and Slam and a similar service is planned between Germany and Egypt.

HARVARD'S NEW 'PREXY' WORKED OUT METHODS OF MAKING MOST DEADLY GAS IN HUGE QUANTITY

By MELVIN E. COLEMAN
Associated Press Staff Writer

A slim, quick thinking, quick acting chemist, endowed with patience and courage, honest, frank and straightforward is the picture of Dr. James Bryant Conant, president-elect of Harvard university, presented by his life-long mentor N. Henry Black.

The two have been associated since 1903 when a thin 10-year-old boy with a precocious talent for laboratory research entered the Roxbury Latin school in Boston and came under the ken of Black, then an instructor in chemistry. Shortly there was consultation between the instructor and the father of the boy, and the youngster acquired a laboratory in a lean-to at his home and \$5 a month for materials.

But there was plenty of boy in the budding genius. His ability to cause mysterious changes in the colors of liquids and perform other feats of seeming magic attracted the other youngsters of his neighborhood to "shows" which brought many a nickel to his pockets.

Also there was a tennis court in his front yard and at Roxbury the football field, although young Conant was too light to go higher than the second eleven.

Came Harvard and graduation with honors, a brief turn as an industrial chemist, more research and the world war. He wanted to shoulder a rifle but Black persuaded him his place was in the chemical service. In Cleveland with the rank of major the 24-year-old youth was in charge of 1,000 workers and put into quantity production one of the most deadly gasses known in warfare.

After the war the government had to get rid of this mysterious gas. They decided to sink it in mid-Atlantic and sent it to the coast

on a string of three trains with the tank in the middle of the second one. This was to prevent a wreck and the probable destruction of life in any adjacent area.

Conant did not invent this gas. He only worked out methods of producing it in quantity.

Life-saving, rather than destruction, is more in his line. He gave the best example of this 10 years ago.

Walking near the historic Charles river, Prof. Conant heard screams, ran to the bank, plunged in fully clothed and swam to near mid-stream where he clutched a drowning girl, towed her to shore and sent for a police ambulance.

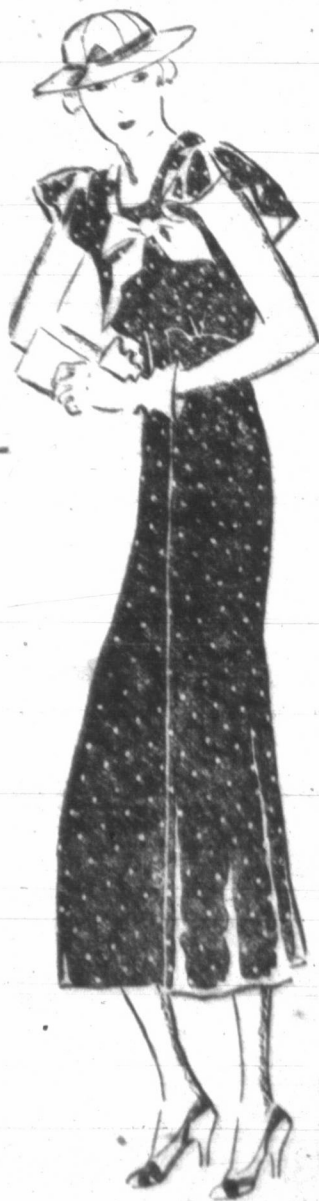

Professionally he has reached top rank. Besides Harvard he is connected with the Rockefeller Institute and he has been at the University of California and the California Institute of Technology as lecturer and research associate.

He has done this in forty years. That fact makes him the third youngest prexy in Harvard's long history. Charles William Elliot was 35 when he became president in 1869. Henry Dunster was 30 when he became first president of the school in 1640.

J. B. Shewmaker of Pampa and son, Charles Shewmaker, and Mrs. Young of Borger, were dinner guests of Mrs. Evie Arend at her home on East Francis street Thursday evening.

**VARIETY OF SPRING FLOWERS
AVAILABLE FOR MOTHER'S DAY**

By **BERT SCHILLER McDONALD**,
(International Flower Stylist)
Mothers' day is here again and
many sons and daughters are plan-
ning a fitting floral remembrance
for the one who has made countless
sacrifices for them.
For this day, there are numerous
blooms—a wide selection of them—
which will bring joy and gladness
to Mother's heart.
It occurs to me that potted blooms
which, with care, last over a period
of time, are most appropriate for
Mother's Day. For, through the days
that follow, she will have constant
reminder of her children's love and
thoughtfulness.
Potted Plants Blooming.
Some of the potted blooms that are
in abundance at this time of year
are hydrangeas, rambler roses, lilies-

of-the-valley, and begonias.
Baskets and bouquets of cut flow-
ers, are quite appropriate, too.
Among the spring flowers that will
please Mother are roses, snapdrag-
ons, carnations, larkspur, sweet peas,
lilies-of-the-valley, orchids and
gardenias.
Now here's a Mothers' Day thought
for young fathers. The mothers of
your children are just as eligible for
remembrance on this day as are the
little old ladies with grown-up chil-
dren. There has been a growing
tendency on this day to remember
all mothers, whether young or old.
It will be most appreciated, even
though the children are young.
Suit Mother's Type.
And here's still another thought.
It is smart to make the choice of
flowers suit the mother. Can't you
just picture a little old lady, with

lace-trimmed gown, enjoying a
basket that has sweet peas as its
central motif? Or one of today's
smartly-dressed middle-aged moth-
ers, sporting a snappy corsage? Or
an exultantly young and attractive
mother, drinking in the fragrance
of a gaily-colored centerpiece of
spring flowers.
No matter where Mother is, it is
possible to make certain that she
will be supplied with appropriate
flowers within a very few hours.
The sending of flower orders by wire
has developed to such a point that
it is now possible to insure their
speedy delivery at any point in the
civilized world.
With this in view, no Mother any-
where should go unremembered on
what should be her greatest day of
the year.
An Englishman has invented

table to give the game some of the
features of miniature golf.

Eleven Negroes Still in Jail

Eleven of the 14 negroes arrested in a big card game in the "flats" last Sunday night, are still in the city jail. When arraigned before City Judge J. H. Blythe they entered pleas of not guilty, so the judge set their bond at \$50 each and remanded them for trial.

Since that time, several have changed their plea of guilty, but only two have raised the necessary \$13.50. One of the negroes was to be tried this afternoon, following a postponement from yesterday, when attorneys were unable to get together on time.

Surprise Party Is Given For Girl On Fourth Birthday

Guinett Killingsworth was surprised with a birthday party at the home of her parents, Mr. and Mrs. Killingsworth, Friday when she was four years old.

Guests greeted her with the "happy birthday" song, then presented gifts and joined in games under the direction of Mrs. M. E. DeTar and Mrs. Ralph Chisum.

They were shown to the dining room, where the decorated birthday cake was served with ice cream. Favors of balloons and candy bars were given.

Those present were Joe Ella Shelton, Sue Bell Nelson, Jerrie Hamilton, Willadean Ellis, Nell Walters, Bettie Jean Parry, Verda Ruth Elkins, Bobby Roy Dyson, Euanell Johnson, and Guinett.

R. B. FISHER

To the class of 1933 I bring greetings. You have just completed graduation about one-half of the curriculum that has been established by the Board of Education of the Pampa School System. That portion you have chosen has given you the beginning of a preparation for the activities of life and a mental drill which is not complete and only suggests the wide fields of study

ahead of you. In the eleven years of your life just past in the public schools it is our hope that you have caught the vision of a great and happier life.

To know how to live and what to live for is the most important knowledge to be acquired by mankind. Therefore your search for knowledge should not end with the completion of a high school course, college course, or university. It should end when all of this life is gone. We hope you have strengthened the most fundamental and basic factor of your life, Character. We are all agreed that character is more precious than gold, yet one can interpret life in terms of dollars and become rich; one can interpret life in terms of heart and get joy and exultation; one can interpret life in terms of conscience and get righteousness and duty; one can interpret life in terms of the aesthetic and get beauty and appreciation. Each of these results in something far beyond wealth.

Higher education tends to lift one out of his own individuality into the sphere of reason. It helps one to know what he is, where he is, whence he came, whether he is going, and what he should do. It trains one to set a just value on all possessions and to estimate movements and conditions. True education helps one to think truthfully; to choose righteousness and wisdom; to appreciate beauty; to gain self-control, self-knowledge, self-development, self-enrichment. It will promote reverence to God and to man; it will give graciousness without weakness and strength without severity. It will extend the boundaries of human knowledge to make the thinker, the scholar, the great doer, the great life. To lose one's-self in service is to find the true life. If you expect to find yourself, you must lose yourself to others.

"Four things a man must learn to do
If he would make his record true:
To think without confusion clearly;
To love his fellow-men sincerely;
To act from honest motives purely;
To trust in God and Heaven securely."

Camp Fire Girls Weave at Meeting

Camp Fire Girls spent an hour weaving bead headbands when they held a regular business meeting Friday afternoon.

Each girl gave the hand sign as she entered, and answered a roll call of Indian names with the Indian word meaning "friend."

Prayer was offered in unison and "America the Beautiful," the national Camp Fire song, was sung.

Plans were made to meet at 712 West Francis Friday at 5 o'clock, and go on a hike.

Miss May Will Attend National A. A. U. W. Meet

College women all over the nation are turning their attention toward Minneapolis, where the eighth national convention of the American Association of University Women will be held May 17-20, with Dr. Mary E. Woolley presiding. The Texas division, like other states, will have two voting delegates, Miss Gladys E. Morgan, president, of San Antonio, and Miss Fannie May, secretary, of Pampa. Each of the 29 branches in Texas is entitled to a delegate for every 25 members.

The program will center around two phases of the A. A. U. W.'s work, education and international relations. The first day will be devoted to conferences of officers and chairmen of state and national committees. The opening session of the convention and the address of the president will be the evening of May 17.

Educational Conferences

The second day will be spent in educational conferences, the general topics being "Some Social-Economic Educational Considerations," "New Adventures in Education," and "The College and Alumnae in Contemporary Life." Leading educators of the country will conduct these conferences.

At the education dinner that evening Dr. W. H. Hamilton, professor of law, Yale university, will speak on "Economic Planning in Communities," and Dr. Sophonisba Breckinridge, professor of social economy, Grade School of Social Service Administration, University of Chicago, will discuss "Social Planning in Communities."

The third day will be given over to a consideration of international relations. A model world economic conference will be conducted, the topics under discussion to be tariff policies and war debts. Dr. Florence E. Barns of Baylor College for Women at Belton will take part in the symposium on The International Mind. At the international dinner that evening President Mary E. Woolley, member of the United States delegation at the conference for the reduction and limitation of armaments, will speak on "The Outlook for Disarmament." The last day will be devoted to convention business.

Special Texas Train

Mrs. Earl G. Wyatt of Amarillo, immediate past president of the Texas division and member of the national committee on the choice of the next meeting place, is in charge of arrangements for the Texas delegation. A special pullman carrying the Texas delegation will leave Fort Worth May 15 via the Santa Fe and will be joined en route by the Oklahoma, Kansas, and Missouri delegations.

One of the features of the convention, for Texas women, will be the Texas breakfast at the Hotel Nicollet on May 19 honoring Dr.

Kathryn McHals, national director, and Miss Grace Wilkie, director of the southwest central section, at which Mrs. Earl G. Wyatt will preside. Decorations depicting early Texas history are being made for this occasion by San Antonio school children especially gifted in art. Mrs. I. M. Alexander of Corpus Christi is in charge of the Texas exhibits.

Social Events

Many social affairs are being planned in addition to business. Texas women will attend the reception to delegates by the Minneapolis branch at the Minneapolis art museum, the southwest central section luncheon, the education and international dinners, the million dollar fellowship fund luncheon, the legislative luncheon, the state breakfast, and the reception to delegates given by Mrs. Lotus D. Coffman, wife of the president of the University of Minnesota.

In addition there will be special receptions, luncheons, and dinners for the national board of directors and state presidents and for state and national committee chairmen. Sight seeing tours throughout the city of Minneapolis have been arranged for the first day of the convention. Headquarters for the con-

vention will be the Nicollet hotel. Among the Texas women planning to attend are Miss Gladys Morgan, San Antonio; Miss Fannie May, Pampa; Mrs. Earl G. Wyatt, Amarillo; Dr. Florence E. Barns, Belton; Mrs. George K. McLendon, Waco; and others whose reservations have not yet been sent in. Among those from other states who will join the Texas delegation en route are Mrs. A. N. Phillips, president of the Oklahoma division, Mrs. Roy Dillon, president of the Kansas division; and Mrs. David Hoover, president of the Missouri division. Most of the delegates will return by way of the World Fair.

Ray Crumpacker of White Deer was in the city last night.

Favorites Elected By Three Classes

THESE students were elected by the senior, sophomore, and freshman classes to enter the high school popularity contest won by Miles Marbaugh and Loraine Noel. The students above are, upper row, left to right, Marjorie Butler, senior; Henry Will Fullingim, senior; Alene Gregory, sophomore; Harry Barnett, sophomore; Evelyn Nash, freshman; Scott Mullins, freshman.

School Golfers Tie Sandies In Match In Pampa

The Pampa high school golf team tied the crack Amarillo team in the first match of the season yesterday afternoon over the Gray County club course. Johnnie Munn, Amarillo No. 1 player, shot a 69, or three

strokes under par. Grover Austin, shot low score for the Pampa team with 74 or two strokes over par. Most of the games were close affairs and decided on the last few holes. Munn defeated Buck Talley, 6 and 5. Mack Brown, Pampa, lost to Sumner Phillips, 3 and 2. Grover Austin, Pampa, defeated James Erhart, 4 and 3. Harry Rockwell of Pampa beat Bill Livingston, 2 up. It was the last match of the year. Three members of the Pampa team will graduate, leaving only Buck Talley and Elmer Irving of the regu-

lars back next year. There are several promising boys on hand for next season, however.

Whitlow Leaves For Eastern City

Allen Whitlow, one of the best lightweight boxers in the country, and his manager, J. W. Rittenhouse, who have been making Pampa their home for the last two months, left yesterday morning for Indianapolis, Ind., where Whitlow will box either Tracy Cox or Pete Nebo in the near future.

While in Pampa they made their home with Paul Rittenhouse who was instrumental in getting the well known boxer to come to Pampa. Whitlow met six of the best boys in this section of the country without losing a decision. He is one of the cleanest boys that ever stepped in a local ring.

Whitlow expects to come back to Pampa next fall.

Mrs. Arthur Ward of Skellytown was a shopper in the city yesterday.

Chet Atkins To Box Kitchens On Wednesday Night

Woodward, Okla., will send a delegation of first class boxers to Pampa Wednesday night for the regular weekly boxing show at the Pla-Mor auditorium. They will be headed by Chet Atkins, 132 pounds, who will meet K. O. Kitchens, Fort Worth boy, in the 10-round main event. Atkins is the boy who won a judges' decision from Pug Grubbs here early in the season.

The 6-round semi-final will see Floyd Guthrie, also of Woodward, weighing 118 pounds, meeting the well known Bobby "Kid" Reid, of Wichita Falls. Reid is a protege of Frankie Farrell's. Farrell will also bring his kid brother, Young O'Farrell, from Wichita Falls to meet Gerald Berry of Woodward in a special 4-round event. Both youngsters will weigh 126 pounds.

Kid Stamper, Macon, Ga., middle-weight, will meet Dick O'Neal of Oklahoma City in another 4-round bout. It will be O'Neal's first appearance in a local ring but he comes to Pampa well recommended. Stamper has been training hard and will be ready for the Oklahoma boy.

Two opening four rounders will see Pampa boys in the ring. Claud Cash, 153, will meet Earl Weddle, 152, in one of the 4-rounders and

Longview Forms Vigilance Corps

LONGVIEW, May 13. (P)—Organization of a "vigilance association," to maintain a corps of field men and office clerks so state oil proration enforcement officials in the East Texas field may have any needed assistance, was announced today by W. R. Nicholson, heading a group of oil land and royalty owners.

Nicholson said more than 100 volunteer workers had agreed to make a complete check of all oil production in Gregg and Upshur counties. Records of these findings will be kept on file in offices of the association which have been established here.

He said information obtained against proration violators would be turned over to railroad commission officials and representatives of the attorney general's department.

John Crout, 140, will battle Virgil Scott in the other.

Matchmaker Andy Andrews likes his card and believes some of the best fights of the season will be witnessed. The main event should be the big bout on the card. Kitchens has been coming to the front rapidly and Friday night in Berger he won a decision from Allen Whitlow, Indianapolis lightweight. Atkins is known throughout the southwest as a fighter of ability, and he writes that he is in good condition.

YEAR'S WORK OF W. T. C. C. IS REVIEWED

Organization Has Demanded And Obtained West Texas' Share of R. F. C. Aid.

YEAR'S WORK—30

BIG SPRING, May 12. (AP)—Willbur C. Hawk of Amarillo said today in delivering the president's annual address that the West Texas chamber of commerce was "moving ahead under full steam" in a solvent condition and with a "substantial cash balance on hand."

"This is no compliment to me, nor to the officials or members of our staff," Mr. Hawk said. "Rather it is a compliment to the splendid spirit and fortitude of the people of West Texas, who so actively have carried on under the banner of this organization."

"The West Texas chamber of commerce is merely a piece of machinery through which the cooperation and driving power of the 132 counties may exert themselves on regional problems."

"Our regional chamber has kept pace with the change. Its program is adapted to the needs of West Texas perhaps better today than during more prosperous times."

Mr. Hawk reviewed the accomplishments of the regional organization during the past year, especially stressing the distribution of government relief funds, the reduction in expenditures by local governments, and beautification.

"Our most popular and foremost activity during the year was obtaining for West Texas cities and counties \$2,026,675 in relief funds from the reconstruction finance corporation," he said. "Had it not been for the existence of an organization such as ours it would have taken months and thousands of dollars to set up a piece of machinery capable of doing what we were able to do within a few hours and without cost to the government."

"We took the position and maintained it throughout that every dollar that was allotted to West Texas should go for the purpose of relieving destitution, and we met the expense of administration. I sincerely doubt that West Texas would have obtained any sizeable amount of the relief funds had it not been for the regional chamber."

Mr. Hawk pointed out that West Texas applied for only 56 cents per capita compared with 67 cents for Texas as a whole and \$1.67 average for the nation.

Sister MARY'S KITCHEN

By SISTER MARY, NEA Service Writer.

MOST of us associate mint with lamb, but it can be used in many other combinations with equal success. It long has been regarded in England as helpful in correcting flatulence and the English people use it with new peas and new potatoes for this purpose.

You will find mint useful in several combinations to give variety to old standbys. One of the least used and one of the best combinations is that of mint and new cabbage. One tablespoon minced mint leaves added to one whole dressed with oil and lemon juice makes a zestful and delicious salad. Tomatoes stuffed with this combination will be sure to please. Sliced cucumbers sprinkled with fresh minced mint leaves is another appetizing combination.

Gives Seasonal Touch.

The use of mint with fruits is legion. All fruit cups are given an alluring and seasonal touch when mint is included among their ingredients. Grapefruit gains new interest when mint is sprinkled over it. Bananas used in any way are vastly improved when given a generous sprinkling of minced mint. Sprigs of mint served in iced tea and chilled fruit drinks add a decidedly refreshing flavor to the beverage.

Sometimes merely bruising mint leaves in the bowl in which a fruit cup or fruit salad is to be mixed imparts sufficient mint flavor. At other times the minced mint leaves are wanted for a definite mint flavor.

Mint comes early in the spring and lasts all summer, making it

possible to use this most refreshing herb during the hottest months when cooling concoctions are most wanted. Fruits molded in mint jelly in place of the usual lemon jelly are inviting. Mint sherbet is an ideal dessert for warm weather dinners.

Mint Sirup

Two fresh cups of mint leaves (minced), 2 cups sugar, 1 cup lemon juice, 1 1/2 cups water, one-half teaspoon salt.

Cover leaves with sugar and pound

with a wooden potato masher. Add salt, lemon juice and water and bring to the boiling point. Let simmer about 15 minutes until the mixture is sirupy. Pour into sterilized jars and seal.

One or two tablespoonfuls of this sirup can be poured over vanilla ice cream and the whole topped with whipped cream to make an impromptu mint "parfait."

DIARY

Nov. 4—The Harvesters sent a little black cat to Lubbock. I hope it works! Everybody in school was excited today over going to Oklahoma City.

Nov. 5—Saw Carideo himself today. Ever so many Pampanos saw the Missouri-Oklahoma game at Norman this afternoon. Capitol Hill beat us tonight, but it was their turn. Everybody had a grand time in Oklahoma City.

Nov. 11—A holiday. Lubbock beat us this afternoon, 6-0. The pep squad's flag formation was pretty.

Nov. 14—You surely can tell this is National Book Week from the posters around school.

Nov. 19—Harvesters beat Quannah, 6-0.

Nov. 21—Mr. Sone announced class sponsors today. We seniors got the ones we asked for—Miss May, Miss McFarlin, and Mr. Workman. Maybe we can do something now.

Nov. 23—The Journalism club had a party tonight. Four whole holidays!

Nov. 24—Turkey Day. Everybody went to Amarillo to see the Sandy-Westerner game.

Dec. 2—Basketball is started. We beat Clarendon 52-13.

Dec. 6—The glee club has a new room fixed up attractively in the basement.

Dec. 9—All the seniors wrote to Santa Claus today—we asked him to be good to our English teacher, since she's going to grade them.

Dec. 12—Doesn't somebody else want to enter the one-act play contest? That's all we hear. The basketball girls have named themselves the Harvestettes. They beat Panhandle the other night—as also did the Harvesters.

Dec. 13—Junior theater party.

Dec. 14—Senior theater party with games at the cafeteria afterwards. The punch was awful.

Dec. 15—Jess Patton is football captain for next year.

Dec. 23—Christmas holidays are here. Hurray!

Dec. 27—Holidays haven't kept us from having plenty of basketball. We beat Hedley twice last week, and made up tonight for having lost to Plainview last night.

Jan. 2—Back to school again—sort of dull after all the parties and dances we've been having—and exams just a week off!

Jan. 13—Exams are over at last. Just one more round of them! The Harvestettes won a game! They beat Miami, 21-20 on Friday, 13!

Jan. 16—Tryouts for "The High Hat" were held.

Jan. 27—The Harvesters beat Amarillo tonight.

Jan. 28—Ditto. We getting good!

Feb. 4—The Harvestettes beat Miami again. They're coming out of it!

Feb. 6—Henry Cullum and Adale Smith won in the declamation contests today.

Feb. 10—The Harvestettes off to Canadian to the tournament. The boys played Hedley for the sectional title.

Feb. 11—Tonight's second victory over Hedley got the job done.

Feb. 14—1,000 points or bust—the Harvesters say.

Feb. 17—One-act play, declaimers, and debaters went to the Panhandle Speech Arts tournament. The play lost in the finals tonight. Amarillo beat the Harvesters in the district contest this afternoon—but we're not out and will show them tomorrow.

Feb. 18—We won the district championship in basketball! Are we happy! The debate girls tied with Amarillo for second.

Feb. 20—Coach Fox issued a call for spring football today.

Feb. 24—The Harvesters lost to Lamesa by 2 points in the first of the bi-district games. We've got to win the other two. Both boys and girls defeated Canyon in debates tonight.

March 4—We lost to Lamesa again, thereby losing our chance to go to state. The debate girls won second place in the Lions club tournament.

March 6—Marbaughs gave the basketball boys a feed tonight. Miles is captain for next year. The Little Harvester announced a popularity contest today and the classes nominated candidates.

March 13—Class candidates for the popularity contest were elected today—Hoot Fullingim and Marjorie Butler for the seniors, Miles Marbaugh and Loraine Noel for the junior, Harry Barnett and Alene Gregory for the sophomores, and Scott Mullen and Evelyn Nash for the freshmen.

March 14—First anniversary of the Little Harvester.

March 15—Such campaigning as is going on for the popularity contest! Chapel was fun.

March 18—Opal Denson and Yedda Stein won first place in the West Texas debate tournament at Chil-

dress; Reed Clarke and Fred Johnson were eliminated in the third round by Wichita Falls. We lost our track meet to Amarillo this afternoon. The wind and dust were awful. Each class is trying to see who can get up the most clever posters for its candidates.

March 20—Final elections in the popularity contest. The juniors won with Miles Marbaugh and Loraine.

March 21—Senior weiner roast.

March 22—"The Red Lamp" was presented in chapel.

March 24—Amarillo won the News-Globe track meet today. Open house for P.-T. A. at school. Everybody whose mother visited his home room got a hundred. Wish I had several moms!

March 25—Tennis, volley ball, and playground ball contests. Pampa won three out of four first places.

March 29—The sophomores took off the faculty at chapel this morning. It was good, especially Mr. Fox.

March 31—County meet. Pampa won first in the track and field meet, both boys' and girls' debates, essay, both junior declamations and the girls' senior declamation; second in extemporaneous speaking; and third in spelling and senior boys' declamation.

April 1—Clarendon track meet.

April 3—Senior Sneak Day! An all day picnic at Dripping Springs and a theater party afterwards.

April 7—Gym boys and mechanical drawing class have over-night camping party.

April 8—We won the invitation track meet for all the class A schools in this district today.

April 10—Senior girls heard talks about college life by A. A. U. W. members today.

April 12—George Keahey, valedictorian; Myrtle Faye Gilbert and Opal Denson, tied for salutatorian.

April 18—The junior play, "No Trespassing." And was it a wow! Looks as if the seniors will have plenty to eat at the banquet after all. Harry Kelley's quartet is getting hot.

April 21—Opal Denson and Yedda Stein won district in debate for the second time. Sue Dodson and Roger McConnell got seconds in declamation, and the typing team and Rachel Cross also got second. Jim Bob Johnson won the essay. We were third in track and field events.

April 26—Marionette show.

April 27—Sophomore picnic.

May 1—Josephine Lane, Dorothy Harris, Loraine Noel, Sue Dodson, Samuel Stennis, Anna Mae Flesher, Margaret Beck, Vondell Kees, Clotille McCallister, Louise Walstad, Fred Johnson, Wayne Hutchens, Mildred Holt, and Iris Gillis were announced as new members of the National Honor Society.

May 2—Contestants left for the state meet—Yedda Stein, Opal Denson, Rachel Cross, Bob Woodward, Ralph O'Keefe, and Edgar Rockwell. The juniors had a picnic at Mel Davis' ranch and a theater party afterwards.

May 3—Picnics are the style. It was the fish this time.

May 6—The debate girls went into the semi-finals at state, making them either third or fourth in Texas. Opal Denson also won second in state in shorthand.

May 9—Senior class day—a special chapel program featuring every graduate in a take-off on a senior day at school. New members of the National Honor Society installed. The boxing match between Sammy and Clovis was best.

May 10—Seniors exams began at noon. 116 are trying to make the grade. They've finally all had their pictures made.

May 11—Girls glee club gives "Lady Frances."

May 12—Junior-Senior banquet at the Schneider hotel—a clever pirate banquet. Some of the mothers sponsored a dance afterwards at the Schneider and all the two classes were invited. Was it grand? May 13—A cap and gown at last! Gee, but it feels funny!

May 14—Senior Vesper service.

May 16—A. A. U. W. tea honoring senior girls and their mothers at the woman's club rooms, city hall.

May 18—Graduation.

CLASS

Our first social affair was a theater party December 15 with games and refreshments afterwards at the cafeteria. On March 22 we had a weiner roast. Our Sneak Day was observed April 3 with an all day picnic at Dripping Springs, south of Claude and a theater party afterwards. The amount of food devoured was astounding. Everyone agreed it was the biggest day thus far in our school career. The Junior-Senior banquet was a real treat, after having labored on last year's, and the dance sponsored by some of the mothers afterwards

was the best affair of the year. The accomplishments of the seniors in every line of school activities have been too numerous to name here. Suffice it to say that our class has won more high honors than any other in school—athletic, literary, commercial, or any way you care to take it. Ten more seniors were elected to membership in the National Honor Society: Anna Mae Flesher, Margaret Beck, Vondell Kees, Louise Walstad, Clotille McCallister, Iris Gillis, Mildred Holt, Leo Stark, Fred Johnson, and Wayne Hutchens. We hope that as we the largest graduating class in the history of our school, go out from Pampa high, we may make as fine a record in the world.

MUSIC

group has sung many request numbers at chapel and also sang between acts at the junior play. In addition the quartet has sung for many clubs and entertainments in town and has broadcast several times. As a fitting climax to the year's work, the glee club presented the operetta, "Lady Frances," last Thurs-

Phillips Beats Dippers 7 to 1 In Clean Game

The Phillips "66" playground ball team won a well played ball game from the Double Dippers at Phillips 7 to 1 Friday afternoon. The game was much closer than the score indicates. The youngsters had a bad third inning when Phillips slipped across four runs. Heard pitched great ball for the Dippers and Pierson caught another of his good games. Hieronemus was in the box for Phillips with Red Weathered behind the bat. Hits were well scattered, excepting the Phillips third inning. Fielding was exceptionally sparkling with each team making only one error.

day evening as a part of the observance of National Music week. The nineteen girls who composed the glee club made up the cast. These girls, directed by Miss Cariker, have sung frequently for P.-T. A. and chapel programs.

A. C. C. STAR WINS
ABILENE, May 13 (AP)—Francis Moore, who Friday teamed with Charles Reynolds to win the Texas conference tennis doubles for Abilene Christian college, today captured the singles titles by the defeat of Paul Smith, McMurry, 4-6, 6-4, 6-1, 6-4.

FROGS WIN TITLE
COLLEGE STATION, May 13 (AP)—Texas Christian university today won the Southwest conference baseball championship by virtue of the Texas Aggies defeating the University of Texas Longhorns, 7-3.

The game was clean from first to last with no "gripping" which has featured all games played this season. The players appear to be getting the idea that the game is played for fun and not for blood. Several players on at least four of the teams were on the point of being banished from the league because of unsportsmanship tactics.

Games scheduled for Tuesday afternoon are: Davis Plumbers vs. Danciger at Danciger, Diamond Shop vs. Double Dip at F. W. & D. Phillips "66" vs. Faculty at Sam Houston.

GOOFY-GINKS

A FUNNY, NEW WASH TUBBS FEATURE, BY ROY CRANE.

CUT OUT THE LEGS, HEADS, BODY, AND TAIL. THEN ARRANGE THEM SO AS TO MAKE A GOOFYGINK.

THERE ARE DOZENS OF GOOFY COMBINATIONS. SEE HOW MANY GOOFYGINKS YOU CAN MAKE.

CUT 'EM OUT, FOLKS; IT'S FUN!

USE THESE FOR EXAMPLES!

SAVE THE PIECES EACH WEEK AND YOU'LL SOON HAVE A GOOFYGINKS CIRCUS, GIVING YOU HUNDREDS OF FUNNY COMBINATIONS.
