PAMPA, GRAY COUNTY, TEXAS, TUESDAY EVENING, JULY 11, 1933.

(SIX PAGES TODAY)

PRICE FIVE CENTS

**TWINKLES**  
Those Oklahoma officers shoot straight, and Pampans who went to Lawton Sunday said they were royally treated. Maybe "Pretty Boy" Floyd, the ex-plumber, will stay away from Lawton.

The new deal ought to mean cooperation without over-organization. For several years, we Americans have been unable to do anything without calling a meeting, electing officers, appointing committees, ordering investigations, adjourning, and forgetting it all.

Al Smith sneers at the new deal as entirely unworkable and visionary. Maybe he's right, but we're glad Roosevelt has a program, even if an experimental one, rather than to let things "be that will be."

Correcting a misconception: The skeleton in the NEWS window viewed by thousands, isn't a customer who failed to pay his account.

Even the oldtimers are admitting that this is the hottest, driest year they ever saw. And when oldtimers admit anything is unusual and never happened before, that's most unusual.

**NOTICE TO PUBLIC**  
To members of CATCH PRETTY BOY FLOYD CLUB and good citizens everywhere:

The National Sheriffs and Police association, knowing that any casual or intentional attempt to apprehend Charles Arthur Floyd is fraught with gravest danger, is appealing to members to capture Floyd dead or alive—more likely the former—as soon as possible. Good citizens everywhere should assist in removing this menace to human lives and the peace and dignity of organized society.

**A RARE RED ROSE**  
Orchids are rare and costly, but there is a reward of \$4,200 for the presentation to any peace officer of a certain red rose which is somewhere in the southwest.

It is a dangerous quest, for that rose is tattooed on the arm of Charles Arthur (Pretty Boy) Floyd, thief, killer, bank robber, and philanthropist—the latter a title of mounting fiction because he has been known to tip liberally any host who shows him courtesy and refrains from advertising the visit.

Just above the tattooed red rose is the head of a Red Cross nurse. An emblem of mercy, that, but Floyd has never shown any when cornered and is regarded as a deadly menace to any officer who tries to arrest him. The danger is that some officer, not knowing Floyd but suspecting him, will attempt an arrest without drawing first.

Floyd is a crack shot with a pistol, rifle or machine gun. He is known to have killed six men. He wears a bullet-proof vest and is blessed with an unusual share of luck. Once a boxer of ability, he has no marks. His face is square, his complexion ruddy enough to get him the name of "Pretty Boy." His eyes are grayish-blue and bold.

Besides numerous bank robberies to his credit, he is wanted for the slaying of William and Wallace Ash in 1931. Patrolman Ralph Castner of Bowling Green, Ohio, April 16, 1931. Sheriff E. A. Kelley of McIntosh county, Okla., in April of 1932; Otto Reed of McAlester, Okla., and C. C. Burks, prohibition agent at Kansas City, in July of 1931.

**HIS OFFICIAL RECORD**

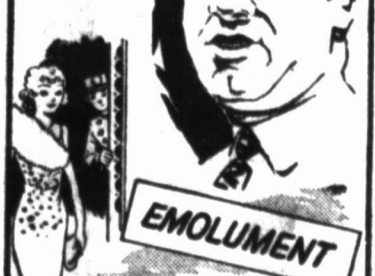

Charles Arthur (Pretty Boy) Floyd is listed with the United States Bureau of Investigation under identification No. 1194 and under fingerprint classification 23 L 1 U 000 19.

Description: Age 27; height 5 feet 8 1/2 inches; weight 158 pounds; dark hair; grayish-blue eyes; medium complexion; 1 vaccination mark; 1 tattoo mark of red rose and Red Cross nurse on inner side of his right arm.

### THREE GUESSES

GIVE THIS MAN'S NAME AND PROFESSION.

WHAT IS THE MEANING OF THIS WORD?

(SEE ANSWERS, PAGE 3.)

# UNIDENTIFIED YOUTH KILLED

## Kidnapers Hold Aged Banker And Nephew Of Political Leaders

### YOUNG WOMAN AND TWO MEN TAKE CITIZEN

### BELIEVE ATHLETE WAS ABDUCTED AS ACT OF REVENGE

ALBANY, N. Y., July 11 (AP)—Breaking a three-day silence, the kidnapers of "Young John" O'Connell, 24-year-old nephew of the up-state democratic leaders, Dan and Ed O'Connell, today sent Dan O'Connell a new note calling for a new coded list of men who might serve as go-between for them and the O'Connell family.

ALTON, Ill., July 11 (AP)—August Luer, 77, semi-invalid banker, seized in his home as he rested in bedroom slippers before retiring, is the latest victim of middlewestern kidnapers.

Luer, who combines banking with meat packing interests, and is a wealthy, prominent citizen of Alton, was abducted last night by a comely young woman and two men. No word of his whereabouts has been received since his disappearance in the abductors' motor car.

Relatives today anxiously awaited receipt of ransom demands. They feared for the captive's life, even if money payment is arranged. He has been in partial retirement.

(See KIDNAPERS, Page 6.)

### Scholarship at Texas Awarded To Yedda Stein

Miss Yedda Stein, well known Pampa high school graduate by reason of her successful debating and general scholarship has been awarded the 1933-34 Prather scholarship by the University of Texas.

She will leave for Austin near the middle of September to make use of the scholarship at the university. The award was based on her scholarship, leadership, and high recommendations of citizens. Miss Stein asked THE NEWS to express her gratitude for the help citizens gave her in seeking the award.

### Sheriff Pipes' Wife Injured on Vacation Trip

Sheriff C. E. Pipes and Mrs. Pipes are back home and feeling more than ordinarily happy to be back safely.

En route to visit relatives at Ruston, La., on July 1, they were struck by another car at night near Gladewater and Mrs. Pipes was so badly bruised that she spent two days in a Gladewater hospital. She was bruised in 27 places but no bones were broken. The sheriff suffered minor bruises and left arm strains.

A Houston attorney drove head-on into Mr. Pipes' car to avoid striking a wagon loaded with negroes. Neither Mr. Pipes nor the attorney saw the wagon until they were right upon it. Dust and headlight glare made vision difficult.

The attorney, a Shell employee arranged for repair of Mr. Pipes' car and payment of the hospital bills. Mr. and Mrs. Pipes then continued on to Ruston, Monroe, Jonesboro, and other points to visit relatives. They visited a son, S. E. Pipes, at Monroe.

Mr. Pipes was well pleased by the treatment given by the Shell company officials after the accident.

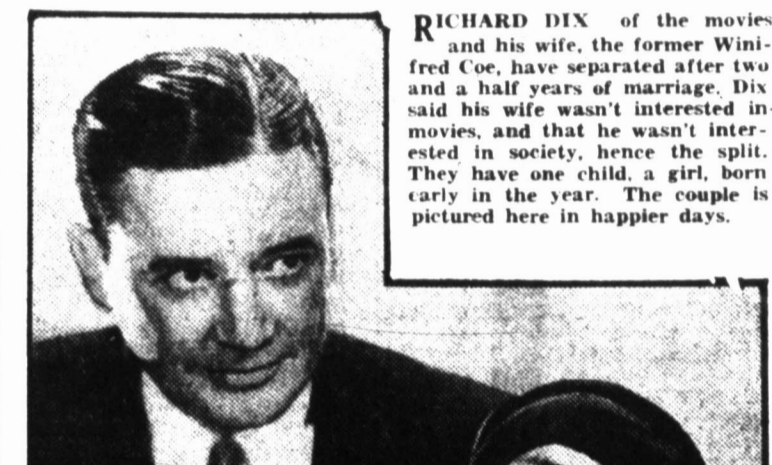

### I HEARD—

Walter Sikes, golf professional, loudly praising his pupil, Paul Gore, who won the Indian Hills open golf tournament last week. The pro said that Gore completely changed his style of play in February.

Ewing Leech, Frank Foster, and the Rev. A. A. Hyde smacking their lips over the lemonade and cats at the city-rural frolic at the Mel Davis ranch last night.

### Vicinity Searched For Trio

### Richard Dix' Marriage Fails

RICHARD DIX of the movies and his wife, the former Winifred Coe, have separated after two and a half years of marriage. Dix said his wife wasn't interested in society, hence the split. They have one child, a girl, born early in the year. The couple is pictured here in happier days.

### ORDINANCE TO KEEP DOGS FROM RUNNING AT LARGE ON STREETS PROBABLY WILL BE VOTED SOON

Petition Bearing 600 Names Presented Commission

PAMPA citizens are, evidently, anti-dog. Petitions bearing 600 names were given the city commission last evening asking passage of an ordinance to prohibit dogs from "running at large on the streets." The ordinance will likely be voted soon. Dogs are damaging gardens and lawns and otherwise conducting themselves in a very dog-like manner, according to the petitioners, without supervision of the owners, if any.

The commission will ask bids for lighting of the North Cuyler street bridge. Several matters were passed to next week, when Commissioner Clyde Fatheree will have returned from the Lions International convention at St. Louis.

LUBBOCK GIRLS SOUGHT CHICAGO, July 11 (AP)—Police have been asked to search for Eloise Smith and Frances Campbell of Lubbock, Texas, who failed to return to a tourist camp after a visit to the world's fair Sunday. They were with William Mawr of Ralls, Texas.

Mrs. R. M. Johnson and son, Bobbie, and Mrs. Johnson's mother of Kingsmill left yesterday for Carlsbad and other points in New Mexico.

PAMPA WHEAT MARKET No. 1 wheat was bringing 88 cents on the local market today.

Frontier Days Is Next Jaycee Work

Having completed all plans for the Marvin Jones banquet, members of the Junior chamber of commerce are turning to the Frontier Days celebration August 10, 11, and 12.

With the celebration only a month away, a tremendous amount of work must be done. The Jaycees will have a membership barbecue July 25. It was announced that members wishing reservations for the Jones banquet would have to make them by next Thursday.

JONES TO BE SOLE SPEAKER AT BANQUET—170 RESERVATIONS IN

AN excellent entertainment program, though brief, was arranged by the executive board of the Junior chamber of commerce last evening for the All-Panhandle Reception banquet here soon for Congressman Marvin Jones.

It will be an occasion of fellowship and not politics, and Mr. Jones will be the only speaker. The banquet will be held at the Schneider hotel at a date to be set within the next two or three days.

With 170 reservations already made and others being received hourly, the list of ticket buyers will be closed soon. The Jaycee officials are sparing nothing which would make the oc-

### DISPOSAL OF LOOT TRACED BY OFFICIALS

MISSING THREE WERE DOUBLE-CROSSED BY GANG

FORT WORTH, July 11 (AP)—Officers searching the O. D. Stevens home north of Handley today found a bushel basket of narcotics, hidden behind a secret panel in a closet. They estimated its value at \$500,000. Bodies of three men believed to have been slain had not been found.

FORT WORTH, July 11 (AP)—The man behind the scene in a \$71,000 mail truck robbery here February 21—the "master mind" who flew to New York to convert the loot and then reappeared at Handley and spent money like water—was O. D. Stevens, officers declared today.

Stevens, 38, is under charges of robbery in connection with the holdup, which occurred near the Texas and Pacific station. He also is linked by murder charges with the disappearance of Jack Sturdivant and Harry and J. B. Rutherford, whose blood-stained clothing was found in the Trinity river Sunday.

Details of the holdup and the disposal of the loot, mostly in bills of large denominations, were revealed by State's District Attorney Jesse E. Martin, who has been working with federal investigators on the case. They have had Stevens under surveillance since he made the hasty trip to New York and came back to Handley, spending money freely and depositing two \$1,000 New York bills in a Handley bank.

Lavish Spending

Martin said the robbery was committed by Jack Sturdivant and W. D. May, and a third man, without a previous record. May is under a robbery charge in connection with the robbery. Both men have criminal records—Sturdivant from federal court in Abilene when he was convicted in 1931 of counterfeiting; and May, 37, from Waco, in connection with the shooting of a federal officer. Stevens, alleged master mind, is an ex-convict himself. He was sent to the federal penitentiary in 1928 for two years on a narcotic charge.

(See SEARCH, Page 6.)

### Cotton Leasing Period To End On Wednesday

Tomorrow evening will close the period for signing agreements with the government to retire a portion of cotton acreage.

County Agent Ralph Thomas and George Briggs of the B. C. D. are devoting nearly all their time to aiding the farmers this week. Eleven applications were signed by Laketon farmers yesterday and others were to complete agreements today.

### Limerick Will Talk At Scout Court of Honor

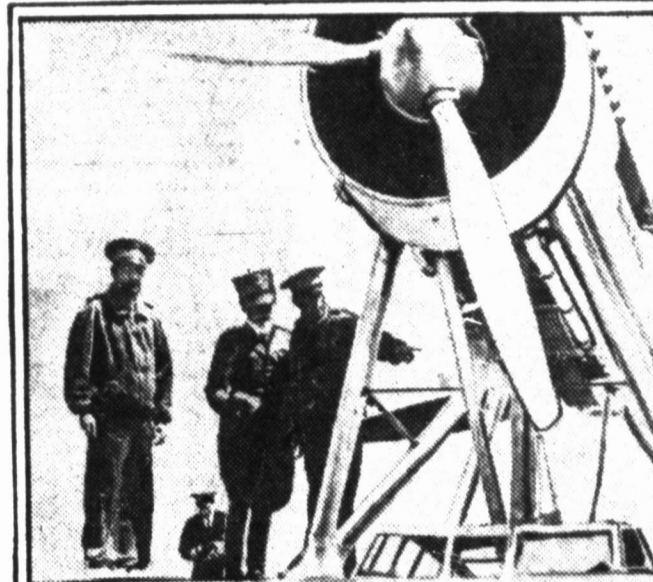

How Boy Scouts are assisting in daily work at the world's fair in Chicago will be told at a court of honor this evening at the district courtroom at 8:30 o'clock.

The speaker will be George Limerick, who recently attended the fair. Parents are especially invited to hear this talk and see the brief ceremony to follow.

A Wheeler Scout, Wendell Meek, will come here tonight to be made an Eagle Scout. He complied with all requirements some time ago. His father is C. J. Meek. Other Scouts also will be advanced.

The entire program will not require more than 45 minutes.

### As Balbo Gave "Go" Signal

The curtain was ready to rise on the greatest air show in Italian aviation history when General Italo Balbo, above, center, made a final inspection at Orbetello before leading his seaplane armada across the Atlantic to Chicago. In the closeup below you see him in the cockpit of his plane.

### ATTEMPTS TO CLIMB ABOARD MOVING TRUCK

### HEAD HITS PAVEMENT ON MAIN STREET IN WHITE DEER

A man accidentally killed at White Deer this noon and brought here by Malone Funeral home was tentatively identified as named Davis, a brother of "Shorty" Davis who is believed to live here now.

WHITE DEER, July 11 (Special)—Attempting to board a Farmers Oil company (Hereford) truck without knowledge of Frank Huckert, the driver, an as yet unidentified young man was almost instantly killed near noon today at the intersection of Main street and highway 33.

The victim of the accident, about 25 years old, was killed when his head hit the pavement. It was not believed that the wheels passed entirely over him, but probably dragged him a few feet.

The body bore no marks of identification except the fact that he wore a size 15 shirt purchased from Murfee's Inc. The man was neatly dressed in black vest and pants, and wore a red tie. He had dark brown hair and was of medium complexion.

Sheriff J. W. McCormick of Panhandle was investigating the accident this afternoon and an inquest was to be held. The body was to be brought to Pampa.

The loaded gasoline truck had stopped at the sign on the east side of the street and was just picking up momentum a few feet beyond the stop-sign on the west side of the street when the mishap occurred. The truck driver did not know the man had leaped for the cab and missed it until some by-stander shouted.

The body, weighting about 150 pounds, was quickly examined, but death was immediate.

BREAD PRICE RAISED PLAINVIEW, July 11 (AP)—The retail price of bread here advanced to ten cents today, wholesalers having increased the price two cents and the retailers three cents.

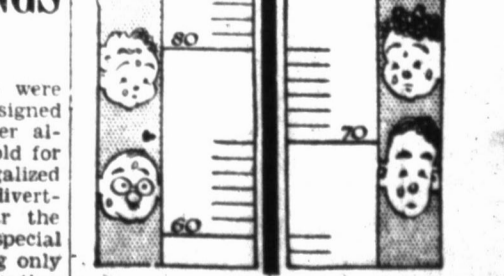

BICYCLE RECOVERED Chief of Police Jno. V. Andrews recovered a stolen bicycle yesterday afternoon. The bicycle had been hidden in a thick pile of weeds in the east part of the city.

The bicycle, belonging to one of the Ivy E. Duncan children, was stolen at the Christian church Sunday night.

F. A. Drake of Amarillo spent the day in the city.

### Heat-o-Graph

NEW HEAT RECORD A new maximum for Pampa—108 1/2 degrees—was recorded at 1:30 p. m. today. This was 2 degrees hotter than yesterday. Last night's temperature set a new record for the night minimum, at 81 degrees.

The forecast: WEST TEXAS: Partly cloudy tonight and Wednesday, cooler in north portion; possibly thunder-showers in the Panhandle.

### DANCIGER WELLS AND OFFSETS PRORATED BY COMMISSION FOR FIRST TIME IN THREE YEARS

Production From 55 Wells, Including 22 Owned By Danciger and 23 By Other Companies Slashed 7,000 Barrels

FOR THE first time in three years, since prorotation was started in the Panhandle oil field, Danciger Oil & Refining company wells and their offsets were shut in to prorotation allowances this morning. A three-judge federal court ruling went into effect at 7 o'clock this morning when the Danciger and other interests in the field were notified by the local office of the Texas railroad commission.

The ruling which finally closed the wells in to prorotation figures was made by Federal Judges Wilkerson, Wilson, and West in Fort Worth yesterday. The case was tried on its merits in March but the ruling was not given until yesterday.

In their ruling, the three federal judges said in part, "we find nothing unreasonable in prorotation as practiced in the Panhandle field—prorotation is based on well potential, since Aug. 27, 1932 when the prorotation advisory commission was organized under the Railroad commission. In Nov. 1931, the railroad commission took over prorotation duties and that body has been fighting for prorotation since that time. The question of legality of prorotation was taken through all the courts in the state. Only the supreme court of the United States remains for the question to come before."

### OKLAHOMA IS VOTING ON '3.2' TODAY—BEER CARS ON SIDINGS

OKLAHOMA CITY, July 11 (AP)—Oklahoma, entrenched since statehood behind a "bone dry" barrier, decides today whether it will admit 3.2 beer.

Despite withering temperatures, there were predictions that between 500,000 and 600,000 voters would set a special election record.

If the most ballots say "yes," beer likely will be available tomorrow for consumption "off the premises" on which it is sold, although those who desire permits to serve the brew to drinkers at tables and counters must wait 5 days before they may obtain their licenses.

Scores of loaded beer cars were reported on sidings here, consigned to points in states where beer already is legal, but tagged "Hold for diversion." Should beer be legalized here, the shipments could be diverted to local consignees. Near the state border in Missouri, special trains and trucks were waiting only to speed into Oklahoma.

It likely will be up to Attorney General J. Berry King tonight to obtain their licenses.

(See BEER VOTING, Page 6.)

A CONFLICT OF PURPOSES

The break-up at London seems to have come chiefly because of a general recognition that no very genuine cooperation is possible between a nation which is following a definite policy and nations which are drifting.

Back of President Roosevelt's flat refusal to consider currency stabilization at this time there is one fact that cannot be overlooked.

The United States has thought out and adopted a very clear-cut and far-reaching domestic program. It intends to raise prices, control production, boost wages and decrease unemployment, and it proposes to do these things by means of certain concrete actions.

The other nations at the conference—with the exception of Russia, which is in a class by itself—have no such program, seem to be committed to a policy of watchful waiting, and at times they have a striking resemblance to Mr. Micawber, being hopeful that something will turn up.

That being the case, how can we logically expect that this nation can easily find a common program of concerted action with the others?

Furthermore, for what reason does the chief responsibility for finding such a program rest upon the rulers of this nation?

The United States has at least made a determined and heroic effort to put its own house in order. It has embarked on a tremendous experiment, and while we have no guarantee today that the experiment will not fail, at least the country has had the courage and the vitality to make it. Right or wrong, win or lose, the nation has got away from the policy of drift.

There is no reason on earth why this country should run the risk of ruining that experiment before it gets well under way, simply in order to arrive at currency stabilization agreements with nations which have yet to enunciate a clear policy of their own.

Correspondents at London are reporting that the European statesmen are saying many harsh things about us these days because we have "wrecked" the conference. That, of course, is too bad. But considering the fact that that has been one of the chief diversions of European statesmen ever since the war, Americans probably will be able to bear up under it. And it is a trifle difficult to see why the ultimate responsibility for lack of accomplishment at London rests with us.

Judging by those reports from Hollywood, "America's Sweetheart" is no longer Doug's.

Ohio summer resort featured 50 girls in bathing beauty contest as part of gala July 4 celebration. Doubtless, the cheering was "Hippo-hips, hoo-ray!"

Englishmen have invented practice golf ball, attached to sort of parachute, that is guaranteed not to travel more than 10 yards. We find that an ordinary golf ball answers our purpose equally well.

Al Capone's successor in Chicago has been indicted for dodging his income tax. Too bad that he didn't have Banker Mitchell's attorney to advise him that it wasn't against the law.

OUT OUR WAY..... By WILLIAMS

PAMPA HAS AN OPPORTUNITY TO HAVE EXHIBIT AT WORLD'S FAIR

Pampa has an opportunity through the West Texas chamber of commerce to have direct representation at A Century of Progress with literature, a miniature exhibit, and its name on a large relief map of West Texas—all at a very nominal cost.

Gilmore N. Nunn, local WTCO director, has received from Spencer A. Wells, vice president of the regional chamber, the details of the offer to the affiliated towns, and has been urged to get Pampa's subscription to the plan at once.

Wells points out that towns affiliated with the regional chamber are the only towns in Texas that will be given direct representation in the Texas exhibit, and that it is available at a ridiculously low price.

For \$40 an affiliated town will get a fourth page write-up in the 150,000 West Texas booklets to be distributed at the fair, and will have its name prominently shown on the 15-foot square relief map of West Texas which will form the main part of the West Texas display.

The big relief map has been constructed by students in the engineering department of Texas Tech-

Buick Sales Break Record During June

Retail sales by Buick dealers in June broke the earlier high record established in May and in addition marked a gain of more than 14 per cent over June, 1932.

"Our sales record in June," Mr. Hufstader said, "distinctly reversed the usual trend at this season of the year. Ordinarily we look for the beginning of a seasonal drop by the end of June, but this year this has not developed. On the contrary, our sales, by 10-day periods, were progressively larger."

DRIES IN ENGLAND
England, July 11 (AP)—Sir Reginald BERRY HARBOR, Devonshire, England, July 10 (AP)—Sir Reginald Beatty Wolsey, who worked for 12 years in the United States as an elevator operator, is dead here.

MERCURY AT 100
VERNON, July 11 (AP)—The temperature reached 100 degrees on a hot, white day here today. Vernon recorded 100-degree weather for the twentieth consecutive day.

SO MORE IT BE!
HOLLISTER, Calif.—Bill Martin prided himself on being a barber who never cut a chin until he attempted to shave Stanley Marcheski, on a bet, while they were riding in an airplane. Marcheski's chin was nicked. Now, he gets free shaves for a month.

INDIANS FOR INDIANS
PORT WINGATE, N. M., July 11 (AP)—Red man to govern red man is the goal of John Collier, Indian commissioner. Collier, attending the Navajo tribal council sessions here last week-end, told the Indians he hoped to see the time when all employees of the Indian service even to the Indian commissioner would be composed of red men.

Mrs. Sam Cubine of McLean entered Worley hospital last night for a minor operation.

STATES MUST MATCH MONEY TO GET FUND

HALF BILLION WILL BE GIVEN ON BASIS OF \$1 FOR \$3

WASHINGTON, July 11 (AP)—One distinct departure from practices of the immediate past made by the last session of congress was the government's handling of unemployment relief.

Despite all the steps being taken to restore employment, the necessity of caring for the millions still without jobs was apparent. The administration had congress pass a law making available \$500,000,000 to be distributed for this purpose among the states of the union.

Similar funds had been available before but this money is given to the states outright and need not be repaid. The treasury and the national taxpayer just contribute the sum.

To stimulate the states and communities to do their share, one half of the total half billion available is dealt out now only on a basis of \$1 for each \$3 of public money contributed locally. Private charity funds are not counted.

The other quarter billion has no restrictions on it, except that before getting any the states must show definite and urgent need. After October 1, this year, all remaining of the entire fund may be disbursed without matching. In any case no state may receive more than 15 per cent of the total.

Mrs. Sam Cubine of McLean entered Worley hospital last night for a minor operation.

Mr. and Mrs. P. A. Wampler returned to Pampa Sunday after attending the World's Fair at Chicago, and visiting friends in Texas, Arkansas and Missouri for the last month.

By the World FORGOT A New Serial by Ruby M. Ayres

SYNOPSIS: The fact that she has met the light-minded Bertie Boyd in the big London hotel where she is staying with her mother and father, makes Georgie Bancroft think all the more of Bertie's husband Nicholas. She before Nicholas left for Germany and an operation that may cure the scarred face that has ended his career as a movie star, he let Georgie know that he cared for her. Georgie obtains for Bertie a job as maid to Mrs. Nicholas' address in Germany, and she down to write him a letter.

Chapter 22 LOVE LETTER

Georgie had never written a love letter in her life, and she did not know that she was writing one now as she carefully dipped her pen in the ink and began her letter to Nicholas Boyd with the very circumspect words "Dear Mr. Boyd."

Perhaps he would understand that in her heart she was really saying "Darling Nicholas," she thought hopefully as she held her charming head a little on one side and stared down at the words.

"Never show your true feelings to a man," Evelyn had said. "And if you want to be happy, never love a man as well as he loves you."

Georgie sighed and went on with her task. "I thought perhaps you would write to me. As you haven't, I am writing a little note to say that I hope you are quite well. Mrs. Boyd is staying in this hotel, and I think she is beautiful. She is very nice to me, but when Evelyn introduced us, she came over on the wrong side of me. I did not tell her I knew you as I was not sure if you would like me to."

"Germany seems a long way off, and if you feel a little lonely, perhaps this letter will cheer you up. I think about you a great deal, and wonder how you are. I suppose I am having a good time. I go about a great deal to dinners, and lunch parties and theaters. I haven't been to the pictures at all since you went away."

"I've got lots of new frocks and I am much better looking than I used to be, though Evelyn says it is the clothes and not me at all. Tonight I am going to a dance with Clifford Asher, the man I told you about. He is very kind and I think he rather likes me, but I don't care for him at all; not in that way. I suppose I am a little kind, but I don't mean to be. If you would send a postcard and give me some idea, I should be very pleased. I hope you are not tired of reading this letter; perhaps I had better stop, but I wanted you to know that I have not changed because you are so far away. Love from Robin."

She read through what she had written with a sense of deep dissatisfaction, and added an impulsive postscript.

"P. S.—If you would like me to come to Germany to see you, I am sure I will. I have the money, I know what it costs, because I went to Cook's the other day and enquired."

And presently she added yet another message.

"P. P. S.—I've got a new evening frock, a red one like the one you liked on the boat."

YES, she had chosen it as nearly as possible the same color as the one Nicholas had remarked about; she would wear it when he came home, if she saw him.

And then hard on that thought came the sudden terrifying knowledge that she might never see him again.

Perhaps, she thought, he never wants to see me again. For certainly she could not recall even one instance where Nicholas had taken the initiative in their relationship; always it had been she who made the advances, and he who hung back.

Georgie supposed that making those advances would be classed by Evelyn as "conduct unbecoming a lady." Well, perhaps it was, but still she did not regret her actions. She would do exactly the same things over again, for deep inside her she realized that her course had been as much dictated (at least at first) by pity as by anything else.

Nicholas had so determinedly refused to see the brighter side of his future.

"Keep your face to the sunshine and the shadows will fall behind you." The words floated into her mind with vague comfort; words which she had once seen written on an old sundial in the vicarage garden at home. Georgie was not on visiting terms at the vicarage, but she had once gone there with Mrs. Spears when that lady had been officiating at the refreshment stall at a bazaar.

Georgie liked the words; she smiled suddenly, lifting her eyes to the sunshine out in the wind-swept street, a strange little feeling of peace and happiness stealing into her heart.

She would keep her face steadily always to the sunshine and then no harm could come to Nicholas, she almost felt as if the magic bridge

AMERICA'S WOMAN DIPLOMAT SEEKS TRADE WITH DENMARK

COPENHAGEN (AP) — Personally popular with the Danes, Mrs. Ruth Bryan Owen, the new American envoy here, has also endeared herself to the American community.

She is negotiating not only through the Danish foreign office but keeps in touch with other cabinet ministers and with the Danish captains of industry and commerce.

When Mrs. Owens was in Denmark two years ago, she and her children motored through the country and she had many invitations to revisit scenes of that trip.

FIFTH AVENUE FASHIONS

A Two-in-One Frock Is Twice as Smart

There has never been anything so gay and amusing as the new detachable capes, which is quite enough to recommend them to anyone.

Pattern No. 5273 is designed for sizes 12, 14, 16, 18, 20 years, 30, 32, 34, 36, 38, 40, 42 bust.

Form for pattern No. 5273, including fields for name, address, and price.

COUNTY FROLIC OF H. D. CLUBS VISITED BY 200

Women Add To Club Fund for Short Course Trips

About 200 residents of the county attended the city-rural frolic sponsored by the Council of Home Demonstration clubs at the Mel Davis ranch last night...

Winners of the most games of horseshoe and washer pitching were Miss Clara Stafford, summer visitor from Baton Rouge, for women, and Olin H. Hinkle for men.

Appreciation for the support of those who attended the frolic and patronized the club women was expressed this morning by Miss Ruby M. Adams, county agent, and Mrs. G. P. Bradbury, chairman of the committee on arrangements.

McLEAN NEWS

Child Breaks Arm. Little 8-year-old Bettie Jo Bailey, daughter of Mr. and Mrs. Bill Bailey of the Heald community, fell while playing with some more children in the barn Sunday afternoon...

Return From Visit. Mr. and Mrs. E. Baccus and party returned last week from a visit to New Mexico.

Mr. and Mrs. Roy McKain of Borger were guests in the home of Mr. and Mrs. D. W. Hinkle, near Clarendon Saturday and Sunday.

Mr. and Mrs. Sherman White and little son of Pampa were guests of her parents, Mr. and Mrs. W. B. Upham, Saturday.

Among McLean's visitors to Pampa Monday were: Jno. Carpenter, Ken Rector, Harris King, Ray McCabe, Sammie Cubine, M. M. Newman, E. W. Watkins, H. C. Duncan, Bob Lynch, J. M. Noel, Ruel Smith, R. N. Ashby, Mike Flowers, and Claud Hinton.

County Agent Ralph Thomas was mingling with McLean farmers Monday.

County Agent Ralph Thomas went to McLean this morning.

Miss Ruby Adams, home demonstration agent, was at the Hopkins community today to meet girls' and women's clubs.

The following members: Mesdames Clyde Gray, Lawton Hoffer, Nettie Attaway, M. L. Roberts, E. C. Murrell, Charles V. Talley, Leo Paris, Miss Adams, and the hostess.

LEFORS WOMAN IS HONORED ON HER BIRTHDAY

VACATION TRIPS FOR RESIDENTS BEGIN AND END

LEFORS, July 11.—"Grandmother" Small, well known resident here, was given a surprise party on her 79th birthday when a group of friends gathered at her home Sunday evening.

Cake and ice cream were served to the guests, Mesdames Carruth, Douglas, Wilson, Baxter, Hoover, Baccus, and Breining; Misses Modelle and Jinky Carruth, Miriam Wilson, Eleanor and Marcella Douglas.

Buses Requested. H. Miller, V. Griffin, Brooks Magee, and T. Griffin of Eldridge were present at the meeting of the Lefors school board last Monday evening with the request that buses again be sent to Eldridge for students next year.

The burglary of the Red and White service station here last week was the second in two weeks. The Phillips station was entered about two weeks ago.

Stansell Hall returned last week from a hitch-hiking tour of Oklahoma and East Texas.

Mr. and Mrs. E. Baccus and party returned last week from a visit to New Mexico.

Mack Finley is spending a few days here in the home of his sister, Mrs. Beulah Knoll.

Mr. and Mrs. Holly Palmer of Perryton are visiting in the home of Mr. and Mrs. Floyd Bull.

Mr. W. L. Reed is spending a few days here in the home of her daughter, Mrs. E. A. Vance.

Mark Diehl left Friday to spend a short vacation in New Mexico.

Arla Carpenter left last week for New Mexico to superintend the harvest on his wheat farm.

L. Hardin and family left Friday to spend their vacation at points in East Texas.

Mrs. Meddler of Roaring Springs is visiting in the home of her daughter, Mrs. Arla Carpenter.

The Rev. Bascom Morten, evangelist, concluded a successful two weeks' meeting for the Methodist church Sunday evening.

Tad Cox and Kelly Howell returned Sunday evening from a short visit in Amarillo.

Eddie Duncan, carrier here for the Pampa Daily News, was one of the party of carriers who spent the week-end in a trip to Carlsbad cavern. The trip was offered as a reward in a circulation contest.

County Agent Ralph Thomas went to McLean this morning.

Miss Ruby Adams, home demonstration agent, was at the Hopkins community today to meet girls' and women's clubs.

The following members: Mesdames Clyde Gray, Lawton Hoffer, Nettie Attaway, M. L. Roberts, E. C. Murrell, Charles V. Talley, Leo Paris, Miss Adams, and the hostess.

Beauty to Wed

SOCIETY circles in the capitals of three countries were stirred with announcement of the engagement of Countess Cornelia Sechenyi (above), daughter of the Hungarian minister to Great Britain and Countess Sechenyi, to Eugene Roberts of Washington, D. C.

Coleen Austin Is Party Honoree On Fourth Birthday

Minnie Coleen Austin, four years old yesterday, celebrated the occasion with a party at the home of her parents, Mr. and Mrs. Colie Austin, 625 N. Frost.

She received a number of gifts from the young guests, who played games on the lawn after the shower, and were served with ice cream, cakes and angel food cake.

Those present were James McTaggart, Raymond Houtchens, Jerry Hamilton, Betty and Doris Roundtree, Carrie Jean and Mary Ann Speed, Rush Barnett Jr., Raymond Harrah Jr., John Robert Lane, Jimmie and Joyce Harrah, Coleen and Mary Jo Cockerill, Barbara Denison, Frank Stalling, Joan Thompson, Jo Ella Shelton, Douglas Brown, Mary Lou and Betty Joan Austin, Charles Duenkel Jr., and Coleen Austin.

Adults who supervised the entertainment were Mrs. C. C. Cockerill, Mrs. Forest Denison, Misses Mattie Fox, Mary Katherine Ward, Valerie Austin, Mrs. Sam Houtchens, and the honoree's parents.

A. F. Edwards of White Deer transacted business here today.

F. S. Parker of Miami was in the city last night.

REVIVAL MUSIC POPULAR WITH CONGREGATION

RESPONSIBILITY OF INDIVIDUAL IS SERMON TOPIC

THOSE who attended the revival meeting at the open air tabernacle on Sunday night and last night, were greatly surprised at the program given by the pastor, evangelistic party. Every member of the party is a musician and they feature musical programs. They are known as "the most musical evangelists in America."

Camp Fire Girls Honor Leader at Bride's Shower

Camp Fire girls honored their group leader, Mrs. Nolan Harris, a recent bride, in an early morning hike and breakfast Friday. Meeting at the high school at 4:30, they hiked a mile and then went in cars to Green's pasture.

There they watched the rising sun, Camp Fire symbol of happiness and spreading cheer, then formed groups for the task of preparing breakfast. A delicious meal of eggs, bacon, toast, cocoa, and fruit was served as the appointed tasks were completed.

During breakfast Mrs. Harris was presented with an ice bowl filled with tea towels. The bowl was painted with colorful name symbols of each girl, and each tea towel was hand marked with the symbol of the girl who made it.

Toasts were given; games were played; motion songs were sung before the girls broke camp and returned home.

Those present were Mary Seeds, Kathleen O'Hara, Mary Douglas, Jessie Marie Gilbert, Katherine Ward, Mattie Lee and Ruth Clay, Herma and Edith Beckham, Anna Mae Jones, Mrs. B. Barrett, Mrs. Basie Clay, and Mrs. Harris.

Rainbow girls and a number of invited guests, including some from other cities, enjoyed a dance at the Schneider hotel ballroom last night.

Music for the dancers was furnished by Bob Daugherty. Members of the Rainbow advisory board, headed by Mrs. W. A. Seydler, acted as hostesses for the occasion.

tion and must have it. If the world is saved man must cooperate with God. God can't save Pampa without the help of Christ's people to preach His Gospel and He can't save any man without that man is willing and cooperates."

"First, God does a definite work that man can't do and does not do for man what he can do for himself." He explained that "that was true of Christ's work and the work of the Holy Spirit. When Father, Son, and Holy Spirit do a work, or when any one of them does a thing it is that which none but they can do."

"Second, God uses human instrumentality in the accomplishment of His work in so far as the work to be done lies within the realm of human achievement. He uses our voices, our feet, our hands and all our talents as far as they can be used."

"Third, God needs our cooperation and must have it. If the world is saved man must cooperate with God. God can't save Pampa without the help of Christ's people to preach His Gospel and He can't save any man without that man is willing and cooperates."

"All the way through the Bible God works this way. He wants to save Pampa and asks our help. We are unreasonable if we try to do it our own way instead of His way. Since He asks our cooperation and tells us what we are to do it is up to us to do it," the speaker concluded.

STUDEBAKER HAS BIGGEST JUNE SALES SINCE 1930. Surpasses remarkable gains made in April and May! SENSATIONAL gains in sales have continued to mark the progress of Studebaker ever since early spring. Just look at the record. Studebaker sales for April exceeded March by 86%! May sales surpassed March by 102%! And now come the startling June figures which show not only a 147% increase over March but a substantial gain over any June in Studebaker history since 1930! Public demand, after all, is the final proof of the worth of any automobile. And public demand for the new Automatic Studebakers and the sensational Studebaker-built Rockne took on new proportions immediately following the 500-mile Indianapolis Speedway race on Memorial Day. In that record-breaking event, 7 of the first 12 winners were Studebaker powered... including a five-car team of 85% stock Studebakers which outlasted 28 of America's fastest racing cars and went through the entire contest without a single repair! Studebaker engineering was never so superior, Studebaker manufacturing facilities were never so adequate, Studebaker workmanship was never so exacting as today when this 81-year-old institution quickens its pace of progress—with 70 millions of net assets and stronger public confidence than it has ever known! The Studebaker or Rockne that you buy today—with pre-inflation prices still in effect—represents the best motor car value that Studebaker has ever produced. Prove it to your own satisfaction—arrange now for a demonstration drive! Above figures are for national sales—Studebaker sales for this city in June were 151% ahead of March!

# LEADERS WIN OVER SECOND GROUP TEAMS

## GALVESTON UNCOVERS SIX-RUN RALLY IN SIXTH

By BILL PARKER  
Associated Press Sports Writer  
Houston, Galveston, San Antonio and Beaumont, first division teams, emerged victorious Monday over their second division opponents.

George Washington Payne, Gene Moore, Eddie Hock and Bob Kalbitz combined to give the Houston Buffaloes a 6 to 0 victory over Fort Worth.

Payne hurled a splendid game. Moore socked a home run and double. Hock connected for a pair of timely singles. Kalbitz, new Houston first sacker, cracked a pair of singles.

San Antonio made it four in a row with a 3 to 2 decision over Oklahoma City. Abe Miller helped the Missions continue their winning streak with a fine assortment of curves that baffled the Indians.

Larry Bettencourt was the Missions' hero. Larry hit a home run and two doubles. He batted in two runs. He scored one. He got his 13th hit in his last 15 times at bat. Perhaps the score should have read Bettencourt 3 and Oklahoma City 2.

Galveston uncovered a six-run rally in the sixth to knock the sail out of Tulsa, 8 to 3. The Buccaneers came from behind on a rally that started on shortstop Glasters' error on a made-to-order double play ball. The Buccaneers earned only one run, but being Pirates they took every thing the Oilers handed them on a silver scoring plate.

Beaumont's six-run surge in the seventh gave the Exporters a 9 to 5 verdict over Dallas. The defeat knocked the Steers out of fourth place and elevated the Exporters to that position. Holman for Dallas, Hughes and Morgan for Beaumont played outstanding ball.

## Commissioners Not To Act on Petition

Petitioned by a McLean group to seek discharge of two peace officers, county commissioners yesterday took the attitude that the matter was not of their jurisdiction.

The petitions, bearing about a hundred names, alleged that Deputy Sheriff R. B. Stout and Constable Mack Ruff unnecessarily struck Rand Griffin July 5. Deputy Stout is well known in Pampa, having been until recently the county jailer. A previous comment on county officers was by a grand jury, which commended their work.

Mrs. T. J. Clark and son, Jack, of Dallas are guests of Mr. and Mrs. Whitmore at the Stanolind camp this week.

Mr. and Mrs. A. Meek and son, Delbert, of Kingsmill have returned from a two-week vacation in the valley.

# GOLFER WHO WAS SECOND IN U. S. OPENS TEXAN

Ralph Guldahl, Whose Parents Live in Texas, Is Given Lavish Praise.

By BILL PARKER  
Associated Press Sports Writer  
Tail Ralph Guldahl, the former Dallasite, now professional at the St. Louis Country club, received praise from Bobby Jones for finishing second in this year's national open.

Writing in the P. G. A. official organ of the Professional Golfers' association, P. O. Pulver said of the Texan's play:  
"When Goodman finished with a 287 and some time later Ralph Guldahl missed a four-foot putt on the home green to tie that unquestionably had a bearish effect upon the nation, he closed in his face, but the chances are he will not be the loser in the long run.

"When that putt failed to drop, it doubtless seemed to Guldahl as though the door to fame and fortune had closed in his face, but unless we miss our guess this 23-year-old native of Texas has a great future ahead of him." As Bobby Jones, who was pushed about in the milling gallery that watched Guldahl's play on the last few holes remarked, "he doesn't look like a golfer until he starts to swing a club, but he sure can hit that ball. When he hits one it stays hit."

Guldahl, after playing in the National Open, spent his vacation in Texas, dividing the time between Austin where he visits his brother-in-law and Dallas where his parents live.

**The Best Story**  
Many golf stories were spun from the National Open. Perhaps the prize was at Gene Sarazen's expense.

Before the tournament, syndicated articles appeared supposedly by Sarazen. One referred to Walter Hagen as not caring for the hot pace required in a National Open, and that when a man reaches forty he prefers to plant himself in a rocking chair on the porch than play golf.

Hagen, believing Sarazen was taking a pot-shot at him, went out and finished the tournament with a 66, 6 under par. Then the Ryder cup team captain proceeded to indulge in a bit of horse play by sending a boy with an invalid chair to Sarazen who was struggling along with indifferent success in his battle with par.

## Pontiac Had Rush Of June Business

A rush of June business for Pontiac, of unusually large proportions, is announced by Sales Manager R. K. White.

"There has been a steadily rising tide of Pontiac buying ever since the New York show," says Mr. White, "when the car evidently made a lasting impression on the public. There was a definite culmination of this in the third 10-day period in June, which was well above any other similar period in recent experience. The June sales curve rose steadily from the first. Total for the second 10-day period was better than that of the first period and the third 10-day period was nearly 96 per cent above the first 10-day period. This brought our June total to a very satisfactory figure, indeed, and the sharp rise at the end of the month, at a time of the year when the trend is usually downward, was most gratifying. Instead of being less than May, June showed a gain of above a thousand cars."

W. A. Gabbott of Canadiana was a visitor here this morning.

Mrs. G. W. Culbertson of White Deer was a Pampa shopper yesterday.

## ONE HUNDRED EXPECTED TO ENTER LOCAL GOLF TOURNEY

Qualifying To Close Friday Night; Several Have Already Earned Handicap.

Pampa golfers started qualifying for the Gray County club's first annual handicap golf tournament Sunday and judging by the number that had qualified up to last night, tournament officials believe there will be 100 entries by Friday night when qualifying closes.

The entry fee is only 50 cents and green fees for qualifying and tournament play have been reduced to 25 cents. Qualifying is over 18 holes and play will be over 94 holes. Tournament play will begin Sunday and last through the following Sunday.

Entrants in the tournament can play their 94 holes at any time during the eight days of play, so long as two or more players are together. Single play will not be allowed. Each player will receive a handicap and par after qualifying and he will play against his own handicap.

The course is in good condition. Buster Kaufman, club pro, has been working on the greens and fairways for a week and has them even and smooth. The greens were re-sanded this spring and are still as near uniform as possible.

# YANKS BREAK LOOSE—LOWER SENES' MARGIN

## WASHINGTON DEFEATED BY CLEVELAND IN 12TH FRAME

By HERBERT W. BARKER  
Maybe the New York Yankees aren't the same formidable baseball machine that overpowered all opposition last year, but it still does not to count them out until the last man has been retired.

Bucky Harris and his Detroit Tigers were sailing along with a 5-1 lead yesterday when the world champions clubbed over nine runs in the eighth and earned a 10-6 decision that enabled them to cut Washington's American league lead to three games. The Senators roped a 3-2 decision to Cleveland in 12 innings.

For seven innings the Yankees bowed lamely to Carl Fischer, getting only one run and three hits. But wildness and poor support was Fischer's undoing in the eighth when the Yanks sent 12 men to the plate.

Earl Averill's triple with Willie Kamm on base and Cleveland's triumph over the high-flying Senators. For 11 innings it was a brilliant pitching duel between Mel Harder and Walter Stewart but the latter went out for a pinch hitter and Bill McEfee was touched for the winning run with none out in the 12th.

Lefty Grove hung up his 13th victory as the Philadelphia Athletics nosed out the Chicago White Sox, 3-2, in 11 innings in the first game of a double-header but the Pale Hose came back to take the nightcap, 7-1 behind Milt Gaston's three-hit pitching. Ed Coleman's homer with none out in the 11th decided the opener.

The St. Louis Browns scored eight runs in the second inning and coasted to a 9-5 victory over the Boston Red Sox.

The only National league game of the day saw the Pittsburgh Pirates down the Phillies, 3-2, and moved into third place ahead of the idle Chicago Cubs. Fred Lindstrom's single with the bases filled in the ninth decided this battle, a fine hurling duel between Larry French and Ed Holley.

## M'LEAN WINS FROM TWITTY

Many Errors, Weak Pitching, Homers and Extra-Base Hits Feature Game

M'LEAN, July 11.—With a re-organized team, McLean won the opening game in the second half of the Cotton-Oil league schedule at Twitty Sunday afternoon by defeating Twitty 20 to 13. The game was featured by extra base hitting and many errors by both sides.

Home runs went to U. Brown of Twitty and Heasley of McLean. Triples were credited to Neely and McCabe of McLean. Bradley, Bartee, and Henderson connected for doubles for the Wheeler county boys while Brawley, Neely, and Heasley hit two-baggers for McLean. McLean got 18 safe hits off three Twitty pitchers while Twitty got 14 hits off two McLean pitchers.

Morgan started the game for McLean but was relieved by McCabe. Neely did the receiving. Bartee went into the box for Twitty but was relieved by Dorman who was later replaced by Nelson. Reeves and S. Brown did the receiving.

McLean's new team is composed of McCabe and Morgan, pitchers; Neely, C. Mantooth and Chilton, 1b; C. Cordell, 2b; B. Cordell, 3b; Heasley, ss; Fields, C. McCabe, Smith, and Brawley, outfielders.

Claude Andrews, youthful McLean hurler, struck out Denworth but lost his game. The game was played on the McLean diamond with both teams showing good ball.

Andrews went the distance for McLean with L. Hunt and Bill Bailey receiving. Watson and N. Back took turns on the mound with Wilkins receiving.

# TINNING STOPS EATING AND CUBS ARE TITLE CONTENDERS

Wins Seven Straight Games For National Champs—After Dieting Starts.

By PAUL MICKELSON  
Associated Press Sports Writer  
CHICAGO, July 11 (AP)—Bud Tinning stopped eating and started winning.

That's the real inside of the sudden rush of Chicago's bristling Cubs, who have leaped from the fens of the National league race into the role of giant killers and pennant contenders within the space of two short weeks.

Bud, a baseball pride of Pilcher, Neb., didn't exactly stop eating. He stepped eating so much. The muscles of his powerful "soup bone" grew leaner. Result: He has won seven straight games for the National league champions who appeared to be hopelessly out of the race as they staggered about on their recent road trip.

The story of Bud's comeback to hoist the Cub hopes to a new high has been simply one of beef, a frightful razing by his teammates and sports writers, and a determination to be one good pitcher, who wouldn't eat himself out of baseball's big show.

During the spring training at Catalina Island, Bud astounded Manager Charlie Grimm and "Doc" Andy Lotshaw, club trainer, by growing fatter and fatter under the rays of the California sun. Plates of food disappeared like magic as he finished a day's work. "Doc" Lotshaw and Manager Grimm pleaded with him but food, lots of it, came first to Bud. His weight increased from a normal 190 pounds to 230. The season opened and he sat on the bench.

Then the baseball writers started their old rivalry with the man principally responsible for the last era of Australia's tennis prosperity. Now the hopes of Australia rest on a man who has pitched a shutout. Since then he hasn't lost a game, beating to Giants twice and Boston, Brooklyn, and Cincinnati once each with a marvelous curve ball and exceptional control. In 18 innings, he allowed the Giants only eight hits and one run.

Winning streaks aren't new to Bud. He attracted attention of the Cub scouts in 1931 by winning 16 straight for Des Moines of the Western league.

# FIGHTS LAST NIGHT

By The Associated Press  
Newark, N. J.—Ben Juby, New York, outpointed young Terry Trenton, (15). Al Rossi, Silver Lake, stopped Willie Klein, Germany, (4). Lou Halper, Newark, outpointed Jimmy Phillips, Bernardsville, (8).

on Adrian Quist, Vivian McGrath, and others. Back home Patterson and Brookes, who have done so much to place in their hands the weapons with which to conquer their enemies, will be waiting and hoping.

# Magnolias Will Play at Twitty In Sunday Game

The Magnolia baseball team will go to Twitty Sunday afternoon for a game in the Cotton-Oil league. The Pampa entry started the second half of the league races last Sunday by noosing out Magic City.

Twitty gave the reorganized McLean team a hard tussle last Sunday and are expected to prove troublesome to the "Mags." Manager Howard Buckingham of the Pampa team will probably have two new hurlers ready for mound duty Sunday. Raeburn Burke has been doing all the hurling and needs a rest. Buckingham has not divulged the names of his new hurlers but says they surprise the boys.

Twitty will have Dorman, Bartee, and Nelson ready for mound duty. It was reported from Twitty last week that Dorman had 91 strikeouts in his credit in eight league games. He is only a youngster but shows promise of becoming a star hurler. He has a fast breaking curve with a nice change of pace.

# TURN YOUR CAR UPSIDE DOWN EVERY NIGHT UNLESS YOU . . .

## ... USE CONOCO GERM PROCESSED MOTOR OIL

All other oils drain away from bearings and cylinder walls during the night, leaving them dry when you step on the starter each morning.

Fifty per cent of all motor wear occurs in the five minutes or more it takes to circulate oil to these moving parts. With Conoco Germ Processed Motor Oil, the "Hidden Quart" remains up in your motor and never drains away. Because of this penetrativeness, found only in this oil, your motor is protected . . . fully . . . at all times.

In other desirable qualities, Conoco Germ Processed Motor Oil reaches the highest standards . . . It is a motor oil superior to all . . . plus this exclusive, patented process that gives extra oiliness . . . extra stability and thorough lubrication.

Certainly the little cost of one-fifth of a cent per mile total for this oil brings big results in smooth operation and motor protection. Experienced motorists by the millions use no other.

# 'BIG BUSINESS' OF KIDNAPING HAS NETTED \$250,000 RECENTLY

## FIVE CRIMES HEAD LIST OF BIG DEMANDS

### MANY ABDUCTIONS ARE NEVER REPORTED TO POLICE

BY CHARLES HARNER.  
Copyright, 1933, by Associated Press  
NEW YORK, July 11 (AP)—Kidnapers, operating throughout the United States, have sought at least \$650,000 from victims' families and friends in the last five months. They haven't received that sum—probably. No one knows. But the racket has paid them more than a quarter of a million dollars in that time.

Every law enforcing power in the country, from private detectives to the president of the United States, has taken an interest in the wholesale proceedings, which steadily have increased in scope.

Here, in brief, are the kidnap demands of only the most notorious cases of the last five months:

- Charles Boettcher II, Denver, Feb. 12, \$60,000
- Jerome Factor, Chicago, April 15, 50,000
- Peggy McMath, Harwichport, Mass., May 2, 60,000
- Mary McElroy, Kansas City, May 27, 30,000
- William Hamm, St. Paul, June 15, 100,000
- John Factor, Chicago, July 1, 100,000
- John J. McConnell Jr., Albany, July 17, 250,000
- Alvust Luer, Alton, Ill., July 10, Unannounced

Peggy McMath's kidnapers were caught and the ransom money returned. Mary McElroy's kidnapers were caught—at least authorities think they got them all—and some of the money was recovered. Some of Boettcher's kidnapers and some of the ransom was taken by police.

John "Take the Barber" Factor boasted he paid no ransom for the return of his son, Jerome, but now a gang is supposed to be holding "the barber," while the son anxiously tries to effect his release.

Hamm's friends, who paid a ransom, said they didn't pay all that was demanded, but they haven't said how much they did pay.

That's only part of a five months' record of kidnapings. There have been plenty more—say authorities—plenty which never get into police records or newspapers—plenty which no one tells about.

Mrs. L. W. Hardcastle, Mrs. O. H. Gilstrap, and Mrs. Montie Montgomery attended the homecoming at the Baptist church in White Deer Sunday.

## MATTERN LIVED LIKE A ROBINSON CRUSOE IN SIBERIAN WILDERNESS

By STANLEY P. RICHARDSON  
MOSCOW, July 11. (AP)—Jimmie Matern lived the 16 days he was lost in the wilds of northern Siberia in the best Robinson Crusoe tradition.

The plane he was flying around the world crashed in a hilly spot near the Anadyr river; he suffered cuts and bruises; when his chocolate and biscuits gave out, he shot small game, and while he awaited a boat to take him down stream, built a crude hut for protection against cold winds.

The story was told today in a dispatch to the newspaper Izvestia from Khabarovsk, Siberia, whence the American aviator took off on June 14 for Nome, Alaska. This is the tale Izvestia related:

Matern was only 14 hours out of Khabarovsk when his motor began to sputter.

He found no place to land his "Century of Progress" in the wild terrain, and he pressed on. Finally the engine failed and the plane crashed three miles from the river on which Anadyr village is situated. Its propeller was bent; the right wing smashed; the fuselage and motor damaged. Matern was hurt, painfully but not seriously.

Hoping to get aid, he started for the river. The journey made difficult by the hilly country side and his ignorance of his bearings, took eight days. His food gave out after three days. Then, apparently he made good use of the fishing tackle and rifle he had with him.

He built a house of scrub wood for the weather was cold, and watched by the river six days until on June 29 fishermen in two boats passed. They heard his shouts and took him to their camp 11 miles from Anadyr. Shortly afterwards he went to the coast, and a Soviet guard went to his assistance.

Matern asked the guard to procure the motor and instruments from the plane. This was done, for the American decided to abandon it.

It was reported today that Matern would be taken to Nome by Pilo Levanovsky, Russian flier ordered to fly from Khabarovsk to Anadyr.

(An American relief expedition, headed by William Alexander, arrived in Nome last night from Ju-neau).

## Studebaker Sales For June Higher

SOUTH BEND, Ind., July 11. (SP)—Studebaker, world's oldest vehicle manufacturer, wound up the first six months of 1933 with the highest volume of June business since 1926, according to an announcement made here today by Paul G. Hoffman, president of the Studebaker Sales Corporation of America.

"Our figures show us that the public has been buying our cars in steadily increasing numbers since last March," said Mr. Hoffman. "The April increase over March sales was 86 per cent. May was 102 per cent ahead of March. Now comes June with another rise—147 per cent over March.

"Ordinarily, total sales are down in June but the above facts and figures go contrary to the usual seasonal trend—which goes to show a widespread faith in Studebaker and business conditions generally. Our dealers' stocks are low. We are going into July with 2,800 unfilled orders. We are confident in what lies ahead for the entire industry and for Studebaker in particular."

## Underweight Children Need More Iron in Their Blood!

Children who are thin and pale and who lack appetite are usually suffering from a deficiency of iron. When the blood lacks iron it becomes thin and poor and fails to nourish. Then a child loses appetite and becomes still thinner and weaker—an easy prey to disease!

To build up your child, give him Grove's Tasteless Chill Tonic. It contains iron which makes for rich red blood. It also contains tasteless quinine which tends to purify the blood. These two effects make it an exceptional medicine for young and old. A few days on Grove's Tasteless Chill Tonic will work wonders in your child. It will sharpen his appetite, improve his color and build up his pep and energy and increase his resistance to disease. Grove's Tasteless Chill Tonic is pleasant to take. Children like it and it's absolutely safe for them. Contains nothing harmful. All stores sell Grove's Tasteless Chill Tonic. Get a bottle today and see how your child will benefit from it. (Adv.)

## STREETS NEED RAIN

The city street department, like the farmers, hopes for a soaking rain. Grading now is almost impossible. However, bar ditches are being cleaned out and culverts cleared. The culverts are being replaced carefully after the grade is made.

## NOTICE OF SALE OF AUTOMOBILE

STATE OF TEXAS  
COUNTY OF GRAY  
Whereas the undersigned, a mechanic, has for the past eleven months, retained possession of certain personal property belonging to Harry Schwartz of Gray County, Texas, as follows: One 1927 model Hupmobile Sedan, Engine number E 23971, Serial number E 23734, not licensed since 1931, as he was empowered to do under the statutes to secure his charges amounting to \$50.00 including storage to date as per contract between the parties due for more than fifteen months past, and whereas the said Harry Schwartz has been duly notified to come forward and pay said charges but has failed and refused so to do; Therefore, notice is hereby given that at the expiration of twenty days from this date, to wit, on the 1st day of August, 1933, being the first Tuesday in the month of August, 1933, between the hours of ten A. M. and 4 P. M., at my place of business at 600 South Cuyler Street in Pampa, Texas, the place most convenient to exhibit such property to purchasers, I shall sell said property at public sale, following the manner of sale under execution, and apply said proceeds to the payment of such charges; the balance if any, to be turned over to the person entitled to same.

Witness my hand this 11 day of July, 1933.  
J. H. CHAFFIN.

## FARM ACT IS EXPLAINED AS PRICE RAISER

### REDUCTION IN ACREAGE EXPECTED TO BRING RECOVERY

BY ROY F. HENDRICKSON.  
WASHINGTON, July 11 (AP)—To fatten the farmer's slim pocket-book is the aim of extensive legislation now rapidly being put into effect.

This is intended not only to help him but to help the factory worker and business man, too, by restoring the farmer to a position where he can be a purchaser of what the cities turn out.

The principal law enables Secretary Wallace to use various methods or a combination of them to give the farmer's bushel of wheat or bale of cotton the same power to buy goods that it had from 1909 to 1914.

It makes it possible for Wallace to reward with cash payments those farmers who reduce their acreage. He can lease lands, sell options on government-held cotton or employ the domestic allotment plan under which farmers are paid "benefits" on that proportion of their crop

used for consumption in this country. To provide a fund to pay, he is authorized to levy processing taxes. One has gone into effect on wheat, at 30 cents a bushel, while another on cotton, probably 4 cents a pound, is to become effective August 1.

These are levied at the manufacturing plant where the raw commodity is first processed. It is designed as a tax on that part of the crop used by the United States consumers.

It can be levied up to a maximum equal to the difference between the current average and pre-war average farm prices. It can be levied on seven commodities—wheat, cotton, corn, hogs, tobacco, rice, and dairy products. But aid under the act is not limited to growers of these crops.

Any basic crops in their raw form sent to foreign markets are free from the tax.

Power also is provided farm administrators to enter into trade agreements with producers, processors and distributors of farm products regardless of anti-trust law restrictions.

These agreements can eliminate competitive practices such as price-cutting, the aim being to reduce the spread between prices paid to farmers and by consumers.

These agreements can cover products outside of those listed as basic and already efforts are being made to draft them for many others.

## MARVIN JONES EXPLAINS BASIS OF HELP FOR WHEAT GROWERS

BY MARVIN JONES,  
Member of Congress From Texas.

I have been asked by a number of people for an explanation of the plans that have been laid out for wheat under the new farm act. While conditions may cause some changes to be made, according to the present plans of the wheat administration the following program has been agreed upon:

The general funds made available for the wheat program will be apportioned among the wheat-producing states, on the basis of the five-year average production of the years 1928 to 1932 inclusive.

The state's portion of these funds will then be allocated to each wheat-producing county in the state, on the basis of such county's average production for the same five years.

The county funds will then be allocated to individual farmers as a definite payment per bushel on the average annual production of such individual farmer for the years 1930, 1931, and 1932, inclusive. The payment will be made only on the percentage of that production which is domestically consumed.

The amount of such fund has not yet been definitely determined, but it will probably be about 30 cents per bushel. Two-thirds of the amount will be paid to the individual farmer on or before September 15, 1933, and the other one-third will be paid to him after the planting season has been definitely passed and he is able to show that he has complied with

the requirement that his wheat acreage be reduced for the year 1934 in such amount (not to exceed 20 per cent) as may be fixed by the administrator. It may be necessary for him to sign a second year contract, but in that event he would receive additional payments for 1934.

To illustrate: If a farmer produced 2,000 bushels in 1930, 3,000 in 1931, and 1,000 bushels in 1932, his average annual production would be 2,000 bushels.

On this 1,200 bushels he would receive his definite per bushel allotment, which, if 30 cents per bushel, would amount to \$360. He would be given a check for \$240 on or before September 15, and would be given a check at a later time for \$120.

This would not interfere in any way with the regular marketing of his current crop. He would sell what wheat he raises in the regular way and secure the returns thereon. The \$360 would be paid him as a sum in addition to whatever he might receive for his wheat in selling the same in the open market. The regular markets would not be interfered with in any way.

The funds will be replenished by means of a processing fee.

**SCOTT IS ACQUITTED**  
Weidon W. Scott was given an instructed verdict of not guilty yesterday in 31st district court on a charge of burglary. The judge ruled that evidence was insufficient for conviction.

the requirement that his wheat acreage be reduced for the year 1934 in such amount (not to exceed 20 per cent) as may be fixed by the administrator. It may be necessary for him to sign a second year contract, but in that event he would receive additional payments for 1934.

IT TAKES  
**HEALTHY NERVES**  
TO BE A CHAMPION  
FENCER!

● ABOVE—THERE IS NOTHING LIKE FENCING for bringing out the condition of a man's nerves. The quick reflexes and perfect coordination of healthy nerves helped George Santelli, former Olympic fencer, win the Open Saber Championship of the United States.  
● LEFT—GEORGE SANTELLI, who says: "I can enjoy as many Camels as I want and still know that my nerves are fit."

## STEADY SMOKERS TURN TO CAMELS

"A man can't fence his best unless his nerves are healthy," says George Santelli. "Fencing is one of the fastest sports there is—you've got to keep your reflexes and nerves in perfect condition. As a coach, I have fencing appointments from seven-thirty in the morning until ten or eleven at night. I can enjoy as many Camels as I want and still know that my nerves are ready and fit when fast action is needed."

Camels, with their costlier tobaccos, give a pleasure that never fades. Steady smokers find them always mild... cool... pleasing. They do not fray the nerves or leave a "cigarette" aftertaste. Start smoking Camels today—for the new enjoyment you will find in a milder cigarette—for the sake of your nerves.

## IT IS MORE FUN TO KNOW

—that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand. Camels have given more pleasure to more people than any other cigarette ever made.

● WHEN THE THRILL of a brilliant saber bout brings the crowd to its feet, and you know that you are excited, tense—light up a Camel and learn for yourself how true it is that Camels are the cigarette for steady smoking.

**Camel's Costlier Tobaccos**  
NEVER GET ON YOUR NERVES  
NEVER TIRE YOUR TASTE

INDUSTRIAL CONTROL PROGRAM IS AT A CRITICAL STAGE NOW

ADOPTION OF CODES MAY BE FORCED SOON

INDUSTRIAL SURPLUSES MIGHT SWAMP THE MARKETS

BY JAMES COPE, Associated Press Staff Writer.

WASHINGTON, July 11 (AP)—The industrial control program upon which turns the outcome of the administration's whole national recovery project, is at a critical stage, with success depending greatly on events in the next few days.

The surface optimistic tone of officials is maintained; industries are daily promising cooperation and several actually are moving to enter agreements for self-regulation with increased employment and wages; nevertheless, in Washington there is grave concern.

Essentially the situation is that only the cotton textile industry with 400,000 employees, has an agreement. This going into effect Monday, will boost minimum wages above the present average and limit hours of work and production. No other industry has such a code. Three weeks almost certainly must elapse before any single additional code can go into effect.

President Roosevelt had hoped to have the code program well started — for major industries within sixty days of June 16, when it became law. That prospect is now dim.

A critical aspect is that industry has stepped up production tremendously and its manufacturing goods which experts are certain cannot be sold until purchasing power has been lifted. Yet, by delaying wage-raising codes, industry has done very little to increase purchasing power of the masses of laborers, mechanics, clerks. This opens a possibility of new industrial surpluses to swamp the market before buyers can afford to buy.

Officials fear the benefits of a few codes in effect, and even of the accompanying three billion dollar public works program, now getting started, might easily be engulfed in the resulting reaction.

To avert this, Hugh S. Johnson is virtually convinced he will have to issue a request that major codes be submitted within a definite time — two weeks or whatever period he may decide is reasonable. Only if codes from industries such as steel, oil, lumber, automobiles, and other of comparable size pile in right away is this likely to be averted.

Once the call is issued, Johnson will arbitrarily set a date for hearing on any industry which has failed to comply.

NEW ORLEANS COTTON

NEW ORLEANS, July 11 (AP)—Cotton opened steady but somewhat less active today. First trades showed gains of one to two points and the market improved slightly on a little overnight buying.

Near mid-session, prices reacted 4 to 5 points from the highs on profiting showing at these levels net gains of one to two points.

POULTRY

CHICAGO, July 11. (AP)—Poultry, steady; hens 11 1/2; leghorns 9; roosters 8; turkeys 10-11; spring ducks 7-10 1/2; old 5-6; spring geese 10, old 8 1/2; heavy colored springs 17 1/2; heavy rock springs 19 1/2; colored fryers, 2 lbs, including 3 lbs, 14; rock fryers 17; leghorn broilers 116-13 1/2; colored broilers 12; rock broilers 14.

KANSAS CITY LIVESTOCK

KANSAS CITY, July 11 (AP)—U. S. E. A.—Hogs, 7,000; fully steady; top \$4.35 on 200-250 lbs.; packing sows, 275-550 lbs., \$3.25-75; stock pigs, good and choice, 70-130 lbs., \$2.40-\$3.00.

Cattle, 4,500; calves 800; strong to 25 higher; stockers and feeders, firm; bulk fed steers, \$5.25-\$6.50; cows, good, \$3.15-75; stocker and feeder steers, good and choice (all weights), \$4.25-\$5.50.

Wheat Rises Five Cents; Rye Up 11

CHICAGO, July 11. (AP)—Sensational price gains by rye and wheat today followed yesterday's bullish government crop estimate. Gains of almost 11 cents a bushel in rye and approximately five cents a bushel in wheat were registered in frenzied trading.

Two deliveries of rye, September and December, crossed the dollar a bushel mark and May wheat at one time was at \$1.14 a bushel. The rye advance made gains for the last two days of almost 20 cents a bushel. A year ago rye was selling for less than 35 cents.

Among the chief factors helping boost rye was the official estimate indicating a yield much below annual domestic requirements and an increasing belief that the processing tax of 3 cents a bushel on wheat would result in increased use of rye for bread. At the close, rye was nine cents a bushel higher than yesterday's finish with December at \$1.02, only two cents below the peak.

Wheat finished with gains of a little more than four cents with May at \$1.11, or three cents below the top. Corn was almost three cents up with May at 77 1/2.

Recover Stolen Oil After Gun Fight on Ranch

Eight barrels of the 13 1/2 barrels of oil stolen from the Phillips wholesale here Thursday night was found in a pasture in the 6666 ranch in Carson county, it was learned here this morning.

An officer representing the oil company is reported to have had a gun battle with the thieves, but they escaped, according to meager information received here.

Officers found the oil in a pasture and left one of their number on guard. He reported that two men in a nearly new car and trailer started loading the oil, and a gun battle ensued. He said the men got away without the oil or trailer.

New Orchestra To Play For Dance

An eight piece band will furnish the music at the Pia-Mor tonight when Newbill and his orchestra open there for an indefinite engagement.

A new method of securing dance tickets will be started tonight. The ordinary price of admission is twenty-five cents and with each admission paid the purchaser will receive five dance tickets free.

KELLEY CHILD DIES

Tha Zuma Kelley, 7, daughter of Mr. and Mrs. Ward H. Kelley, died in a local hospital this morning before undergoing a minor operation.

Mrs. W. A. Tacker Wife of Humble Employee Is Dead

Mrs. W. A. Tacker, 32, died in a local hospital at 2 o'clock this morning following an operation performed some time ago. She had been a resident of this community for three years, coming to Pampa from Wichita Falls with her husband and daughter. Mr. Tacker is with the Humble company 2 miles west of the city.

Mr. Tacker had been a member of the Presbyterian church from childhood. She was a consistent worker at the Presbyterian church here.

Besides her husband, Mrs. Tacker is survived by one daughter, Shirley Ann. Other survivors are four sisters, Mrs. Clyde Brown and Mrs. A. O. Farquhar, both of Hempstead, Mrs. M. J. Simmons of Houston, and Mrs. E. W. Custer of Ewing, and three brothers, W. J. Ayres Jr., E. P. Ayres, and John J. Ayres, all of Navasota.

Funeral services were to be conducted at 5 o'clock this afternoon in the First Presbyterian church with the Rev. A. A. Hyde, pastor, in charge. The body is to be taken overland to Clarendon by the Stephenson Mortuary and then sent to Navasota for burial.

Girl Wins Bet—Rides Over Town In Wheelbarrow

Miss Opal Agan of the No-D-Lay cleaners won a bet but got the worst of the bargain when it was paid off yesterday afternoon. Miss Agan bet Buster Strickland, driver for the same cleaning company, that cleaning establishments in the city would get together and agree on prices.

Buster, who was feeling blue at the time, told Miss Agan that he would push her around town in a wheelbarrow if her prediction came true—which it did.

Yesterday afternoon the bet was paid off. The parade, which was led by the wheelbarrow and followed by cleaner trucks from various establishments, started from in front of The NEWS where pictures were taken. The ride lasted 30 minutes, and Buster picked nearly all the brick streets in the city for his route.

Miss Agan had the foresight to carry along an air cushion but it was not very serviceable. Her flowered umbrella was a success, however. This morning the elongated Buster is walking somewhat stooped.

Dor M. Bachrach of Dallas is a Pampa visitor for a few days.

--KIDNAPERS

(Continued from page 1.) because of frequent heart attacks. A recurrence, without the aid of medicine he habitually uses, might easily prove fatal.

An ever-spreading search by police of Alton and neighboring cities failed to find any trace of the automobile in which Luer and his captors disappeared.

The large machine was last observed a mile and a quarter northwest of Alton where it was traced by a neighbor who witnessed the seizure.

Fifteen months ago the banker received a letter threatening his life if \$5,000 was not forthcoming. He made no response to the letter but hired a body guard. Later the guard was discharged.

Entrance by the kidnapers into the Luer home was obtained by a ruse. The young woman and a companion presented themselves at the door, and inquired for Henry Busse, a neighbor. The banker's wife explained he lived nearby and invited them inside when they asked if they might use the telephone.

Immediately upon entering the woman stepped to the phone and severed the wire. Her companion hurried to the front room where Luer was listening to the radio and seized the banker by the shoulders.

—BEER VOTING

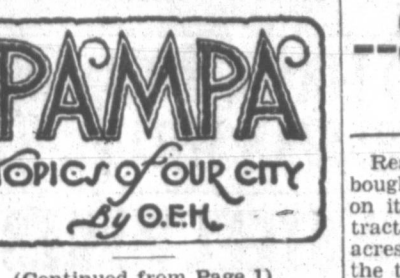

(Continued from page 1.)

ALBANY, N. Y., July 11 (AP)—Belief that John J. O'Connell, 24, held under threat of death for \$250,000 ransom, was kidnaped in an act of revenge against his uncles, Ed and Dan O'Connell, democratic leaders, was expressed in sources close to the family today as hours dragged by without word from the kidnapers.

"Because of the enormous ransom demand," one of the family advisors said, "and because the kidnapers failed to keep their promise to communicate with us yesterday, we now suspect that revenge and not the desire for ransom prompted the crime."

The actual kidnaping continued to be shrouded in mystery, as the uncles and members of the family refused to give out information. Because of warning that young O'Connell, a powerful young athlete, would be killed if police were informed of the kidnaping, neither newspapers nor police obtained verification of the kidnap reports until 7 o'clock last night.

Governor Herbert H. Lehman declared "the kidnapers must be found and they must be punished."

(Continued from Page 1)

Criminal record: As Charles Floyd No. 22318, arrested by police department, St. Louis, Mo., September 16, 1925; highway robbery. As Charles Floyd No. 22078, received at Missouri penitentiary on 5-year sentence for the robbery. As Charles Floyd No. 16950 arrested by Kansas City police March 9, 1929, for investigation. HOME FROM VACATION

Mr. and Mrs. W. H. Davis and son, Herbert, returned yesterday afternoon from a vacation trip. Mrs. Davis and son visited with her parents and other relatives in Memphis, Tenn., while Mr. Davis visited relatives in Corsicana.

directed Major John A. Warner, superintendent of the state police, to put his whole organization on the case.

Reappearing at Handley, Stevens bought a lot and erected a building on it, the district attorney said. A tract of land was bought and 50 acres of it decided to May, one of the three men allegedly involved in the robbery.

Stevens also paid a hardware company in Fort Worth \$74 in coins, the district attorney declared.

'Double Crossed' Apparently the others besides May in the robbery were "double-crossed," Martin commented, since the investigators learned they were not paid anything.

Stevens, who lives in a fine country home near Handley, is believed by officers to be the guiding hand of a gang which is supposed to gather near Handley. A raid by Texas rangers and other officers recently at this place, following reports that "Pretty Boy" Floyd had been seen near there, netted nothing.

Searching parties today were combing woods and streams north of Handley for the bodies of three slain men.

The theory of the triple killing, as advanced by state authorities, was that Studivand and the Ruth-erford brothers were killed because of what they knew about the robbery of a mail truck at the Texas and Pacific terminal. Three men took part in the robbery. The trio, according to officers, were supposed to get \$9,000 for committing the job, which had been planned by a gang. Narcotic charges were filed before U. S. Commissioner Newam against Mr. and Mrs. Stevens and the former's sister, Fay Stevens, as the aftermath of a raid on the luxurious Stevens home north of Handley Monday night. The offi-

DAGGETT GENERAL PASSENGER AGENT FT. WORTH, TEX.

Reach for a Lucky for always Luckies Please! With me...my cigarette is a personal, intimate thing I suppose, men would call my reason of liking Luckies just a feminine whim. Maybe it is, but it's a whim that I love to indulge... for I am always conscious of the intimate relationship between my cigarette and my lips. And if there's anything I'm sensitive about, it's that feeling of feminine daintiness. Certainly, Luckies Please! I can well understand why men praise Luckies' fine tobacco character and mellow-mildness—but as for me—I value particularly the assurance of purity which "Toasting" brings—for, with me...my cigarette is a personal, intimate thing. because "It's toasted" LUCKY STRIKE CIGARETTES "IT'S TOASTED"
