FERGUSON PREDICTS REPEAL

Police Find A New Mystery House In Fort Worth Triple Slaying

TWINKLES
We don't blame John D. Rockefeller for wishing to live to be 100. We'd like to live out the depression, too.

Wall Street bandits who stole \$30,000 must feel like pickers if they read all the senate hearing disclosures.

Sometimes, having an idle moment, we wonder how large a supply of cosmetics Uncle Sam is supplying at the camps for jobless women.

Like a cat on the back fence, the London conference has many lives and every few days awakens with a new series of catfish statements and challenges.

The patronage pie is all cut, but we have trouble getting the right persons to do it in terms of printable statements.

It's a cold bank deposit that won't loosen up in weather like this and under the fires Skipper Franklin is building.

We're going to ask our Washington Associated Press Staff to look up that forgotten man, John Garner, and see what he's doing of late.

WHAT IS IT ABOUT?
Highway Commissioner W. R. Ely explains that the state in using federal funds will place relief of unemployment above the local ambitions of any community. Gray county has no quarrel with that principle.

Gray county has no quarrel with that principle. Gray county has no quarrel with that principle. Gray county has no quarrel with that principle.

AS TO PAMPA-LEAFERS
The Pampa-McLean road bed, graded, bridged and drained for paving is admittedly suffering daily damage and should be paved at once.

Delay inevitably means more damage. The commissioners realize this and would like to go forward. There are complications. One is that the market is glutted with county bonds of other sections which can be bought for as low as 50 cents on the dollar.

Gray county's bonds are not salable at a "discount" price. The county might borrow R. F. C. funds and give the bonds as security. This may be done.

ANOTHER POSSIBILITY
A hope worthy of at least momentary consideration in making a decision is that of getting the state to allocate federal funds for the construction of the Pampa-McLean road.

After the first \$15,000,000 is assigned on the basis of unemployment needs and droughts and gaps there will be, presumably, a few millions left at the end of July.

Gray county's application for part of this money for the cross county road is based on sound principles. In the first place, we have spent money for paving which principally serves "through" traffic.

We have no internal road for our own people. We have a drought. Oil valuations are dropping. The tax burden on the

VACANT HOUSE FITTED WITH TRAP DOOR

OFFICERS GRILL CHIEF FIGURE IN CRIMES ALL NIGHT

FORT WORTH, July 13 (AP)—Investigators, piecing together loose ends in cases against four triple-murder suspects, found a new "mystery house" today.

The residence, rivaling in some respects the strange dwelling of O. E. Stevens near Handley, was reported to belong to M. D. (Blackie) Howard, one of four men charged with killing three men whose bodies were found in the Trinity river last night.

City Detective A. C. Howerton received a tip that the new mystery place, in a residential section here, was fitted with trap doors. Officers took Howard to the place, which was unoccupied. Howerton opened a cedar-lined closet, and noticed two sash cords, one on each side. He pulled them, and a trap-door fitting so tightly it could not be observed when let down, flew up. It led to an attic.

Postal inspectors searched the attic, but it had been cleaned out, and nothing of any importance was found. The officers hoped to find some evidence in the \$71,000 mail robbery here last February 21, for which the four-murder case defendant and two other men are charged.

From Stevens' alleged brains of the gang, the state today sought the story of the killing of three men, whose wire wrapped bodies were found in the Trinity river last night.

Injured Cowboy Star And New 'Girl Friend'

TWO wrecks, it seems, have occurred in the career of Hoot Gibson, cowboy film star—when he smashed his airplane during a race at Los Angeles, and the other when his marriage to Sally Eilers, movie actress, went on the rocks. Anyway, here is Gibson, recovering in a Los Angeles hospital from injuries, received in the plane smash-up, as he shows a picture of the wreck-

SOLON SAYS P. O. PLAN TO BE REJECTED

Roosevelt Recommends All Postmasterships Be Under Civil Service

WASHINGTON, July 13 (AP)—President Roosevelt's move to place all postmaster positions under civil service fell with a thud today on the floor of the Senate.

Senator McKellar of Tennessee, chairman of the post office committee and ranking democrat on the civil service committee, predicted congress would reject a bill such as the president recommended to require that all first, second and third class postmasters be under civil service.

These appointments are now and have been for years appointed by the president on recommendation of senators and representatives. Only fourth class postmasters are at present required to stand civil service examinations.

Pending submission of the bill at the next session, the president ordered all future applicants for postmasterships now filled by political appointment to take examinations unless they are already qualified under civil service or regularly commissioned postmasters.

The order and legislative recommendation surprised house democrats, but many of those in the city refused to comment pending a study of the order and inquiries to determine its full significance and all the reasons for it.

It is the members of the house who control the postmaster patronage, senators reserving the right to recommend appointments only in their home cities.

Under the president's order, when vacancies occur in such offices as New York, Chicago, San Francisco and all those having annual receipts from \$1,500 upward, he may fill the posts either by renomination, nomination of an already qualified civil service man or woman, or by competitive examination with the winner to be selected from the three highest.

Examinations for postmasters of the first and second class, which are directly affected by the new executive order, will be held as speedily as possible.

This was indicated after Post-

FORTY-FOUR HOBOES BREAK INTO FORT WORTH AND DENVER BEER CAR AND THROW ROYAL PARTY

Held At Amarillo By State and City Officers

AMARILLO, July 13 (AP)—Forty-four "knights of the road" threw a "royal" party aboard a Fort Worth and Denver freight between Dalhart and Amarillo last night after breaking into a refrigerator car filled with 32 per cent beer.

They found a reception committee of 15 federal, state and city officers awaiting their arrival here and today they discussed the merits of the new federal legalized beer from behind the bars of the Potter county jail. No charges had been filed.

The riot riders had no trouble "spotting" the beer car. It bore a big banner, "Beer for Oklahoma," which may, or may not prove that it pays to advertise.

Officers said one man had signed a statement assuming responsibility for the beer party. He said he found a hitch on a car broken, and subsequently "served" his companions 100 bottles of the beer beverage. Officers said six cases were missing.

MLEAN MEN CHARGED
W. S. and C. J. Ruff of McLean were charged in Justice James Todd Jr.'s court with aggravated assault on Hershel Billingslea, a misdeemeanor. They were to make \$500 bond today.

WIMBLEDON ENGL.
England and Australia broke even today in the first two singles matches of the European Davis cup zone tennis finals, the survivors of today of burns suffered when a sheet of flame from a vapor flare enveloped him last night. Fred J. Guy, working with Blair, was seriously burned. The cause of the flash was unknown.

O. W. Wills of Miami visited in the city yesterday.

Life Saving Expert Is Coming

Institute at Municipal Pool Will Start Tomorrow and End on Saturday

PAMPA'S first Red Cross life saving institute, made possible by completion of the municipal swimming pool, will start tomorrow and end on Saturday.

The institute is being held jointly by the Red Cross and the Boy Scouts, with Executive C. A. Clark as life saving chairman of the former. A. T. McCue, national life saving representative of the Red Cross, will arrive tonight or early tomorrow to give life saving examination tests.

The qualified examiners will then be eligible to grant senior and junior Red Cross life saving certificates. Harry Kelley of the municipal pool staff is swimming instructor.

Mr. McCue has been in most of the states and is thoroughly qualified to give the tests. Anyone interested in trying for the rank of life saving examiner may see Mr. Clark or Harry Kelley and the time for tests will be set. Mr. McCue will be busy most of the two days in giving tests to men and women already registered.

Leaders Are Needed.
The institute is intended to develop leadership in life saving and to make plans for swimming instruction the rest of the season. Last year 742 Red Cross chapters had such institutes. Chairman Clark of

PLOWING WILL AWAIT ORDERS FROM THOMAS

Extension Service Urges Pantries Be Filled And Cash Carefully Used

GRAY COUNTY is over the top with her cotton farmers pledged to retire 3,985 acres. The county county agent Ralph Thomas pointed out today, however, that the cotton committee probably would not accept some agreements and that the acreage accepted would just about equal the quota. The rest of the week will be needed for inspections of fields.

The farmers will receive an average of about \$11 per acre for the crop retired, and many will speculate a bit by taking an option on federal cotton equal to the estimated amount of production destroyed. If the cotton goes up in price the farmer will benefit above the 6 cents paid by the government. The average yield estimate in Gray county is 150-170 pounds of lint per acre.

COLLEGE STATION, July 13 (AP)—Don't plow up your cotton until told to do by local committee-men, says H. H. Williamson, vice director and state agent in the extension service. "You may read in the papers that the secretary of agriculture has proclaimed the success of the reduction campaign and has leveled a proceeding tax. Don't let that lead you to destroy your cotton marked for destruction. To do so before specific directions are given may result in a complete failure to collect. Your local committee will tell you what to do, and when."

COLLEGE STATION, July 13 (AP)—The grandchild of the farmers who plow up cotton this summer will talk about the great event of 1933, declares O. B. Martin, director of the Texas extension service. "It is within our power now to cause these grandchildren to regard this event as the turning point in Texas cotton life. These retired cotton acres are forcing upon us a new land policy. The terms of the contract dictate a living at home policy and soil conservation policy, and invite the opening up of new sources of income from farm and home manufacture. These are the things the extension service has been working for. The present emergency makes it possible to travel further toward these ends in one year than would normally be possible in 10 years," he continues.

"The answer to the question of what to do with retired cotton acres and with the time released from

PRESIDENT IS TOLD, 'WE'LL PUT IT OVER'

ROOSEVELT IS HOPEFUL TEXAS WILL VOTE WET, SAYS JIM

WASHINGTON, July 13 (AP)—Former Governor "Jim" Ferguson of Texas, after a conference with President Roosevelt, said today the chief executive was hopeful the lone star state would vote prohibition repeal and that he had assured him "we'll put it over."

Ferguson and Charles C. MacDonald saw the president together. "We brought him greetings from the governor, her best wishes and thanks for the cooperation the federal government has been giving us," Ferguson said.

"The president is hopeful we will put repeal over and we told him we will."

Texas votes August 26. Ferguson said he regarded as hopeful recent developments in Alabama winning repeal support from prominent democrats.

Before his White House visit, he called on Secretary Wallace and briefly discussed farm relief plans.

He said Wallace hoped to see the cotton acreage reduction plan go through and that he had told him it was receiving fine support in Texas.

He and Wallace agreed there should be no let up on the federal government's recovery efforts until agricultural prices are stabilized.

FOUND NOT GUILTY
Arson charges against Clarence Garrison and John Hales collapsed in 31st district court yesterday. Garrison was given an instructed verdict of not guilty and charges were dismissed in Hales' case. Prospective jurors in other cases were told to report for duty at 1:30 o'clock today.

I SAW—
A football sailing through the air at the B & B service station where Jess Patton, captain of the 1933 Harvester football team, has been kicking and throwing it this week. Pretty soon he had an audience, and it wasn't long before the curbstone coaches had already beaten Amarillo Lubbock and Oklahoma City.

J. C. Carroll convincing telephone customers of the Borger exchange that as far as he knew accounts of his demise could not be established. That was a report in Borger yesterday and Mr. Carroll's friends in his old home town spent several dollars keeping the wires hot to Pampa around noon.

Heat-o-Graph
Soaring well above the seasonal average, the temperature in Pampa at 1:30 o'clock today was 105 degrees in the shade.

Kidnap Victims

August Luer, 77, top, has been a victim of frequent heart attacks, his son said in a public appeal to his father's kidnapers, fearing that the brutal abduction of the aged Alton, Ill., banker might cause his death.

Valiantly Mrs. August Luer, 75, above, fought the kidnapers of her banker husband. The abductors inflicted scalp wounds on the helpless woman. She is in an Alton, Ill., hospital.

KIDNAPED by gangsters as he stepped from his auto on his return home early Friday morning, John J. O'Connell, 24, nephew of Edward J. and Daniel P. O'Connell, powerful and wealthy democratic political leaders of Albany, N. Y., was held for \$250,000 ransom under threats of death.

Following directions contained in letter received from the kidnapers, the family inserted a coded advertisement in an Albany newspaper nominating intermediaries to serve in negotiations for the victim's release. In the code, A was 1, B was 2, C was 3, etc., and thus the advertisement named 11 men well known in Albany's sporting fraternity.

WHERE IS DISARMAMENT FAILURE DRIVING US?

As the world disarmament conference puts off until October the task of reaching some sort of agreement, Secretary of the Navy Swanson announces a plan to build the U. S. navy up close to treaty strength; and once again it becomes painfully evident that the job of cutting down the world's military establishments is almost impossibly difficult.

There are more men under arms today than there were in the spring of 1914. The world's annual expenditures for national defense are far higher today than they were in 1914. The suspicions, fears and jealousies which led up to the war in 1914 are duplicated today by emotions equally strong and equally dangerous.

Last winter Gen. Douglas MacArthur, U. S. army chief of staff, compiled some figures on the world's armies. He showed that Europe, Japan, China and the United States are keeping a total of 6,207,538 men in uniform. To do this, and to maintain their navies, air fleets and border defenses, these nations are spending around \$4,000,000,000 a year.

Before the war those armies numbered 4,063,000, and the total military expenditures were about \$2,500,000,000 annually.

Those facts in themselves are dismaying enough. But when you contrast them with the high promises all world statesmen made their people during and immediately after the war, the situation becomes even more discouraging.

We were told, then, that the nations of the world would make a new effort to keep the peace. The League of Nations would help settle disputes; there would be non-aggression treaties, arbitration agreements and what not to make war less likely; the frightful sacrifices of the World War would be justified by the fact that no such war could ever happen again.

Into the Versailles treaty was written the pledge that the World War's victors would disarm just as soon as they possibly could.

And today disarmament looks farther away than ever, armies are bigger than ever, and more gold than ever before is being laid on the altar of the god of war.

What's the answer? Will we stumble blindly until at last we trip into a worse war than the last one—or will we finally insist that statesmen live up to their promises and give us the disarmament they have promised?

"Five thousand Pocketbook Makers Strike in New York"—headline. Too bad that this should happen just as a lot of people are finding use for them again.

Self-confidence is commendable, but it is not wise to give yourself a pat on the back during the sunburn season.

Technocrats, meeting in Chicago, declared a two-hour day is sufficient. How about making the lunch hour one of them?

Evicted from his studio for non-payment of rent, a Washington, D. C., sculptor became so angry that he smashes all his statues with a hammer. Very likely, he reached the conclusion that his profession was a bust.

NEW ORLEANS COTTON

NEW ORLEANS, July 13. (AP)—Cotton had a very active opening today. As cables were not as good as due, first trades showed losses of 6 to 11 points, but the market rallied on buying orders due to continued optimism over indicated success of the acreage reduction plan.

CHICAGO GRAIN

CHICAGO, July 13. (AP)—Grain prices soared early uptimes today, with wheat and corn reaching new top records. Fresh advances, however, were relatively smaller than of late. A jump of eleven points in British exchange was the chief new incentive for buyers. Opening 1 1/2-

Road Accident Victim Buried

Funeral services for Beech Baker, 25, who was killed Tuesday afternoon when he was thrown to the pavement while attempting to board a truck at White Deer, were conducted at 10 o'clock this morning in the chapel of the G. C. Malone Funeral home with the Rev. C. E. Lancaster, pastor of the First Baptist church, in charge.

COLLEGE STATION, July 13

There should be no let-up in living at home activities now that quick cotton money is in sight, points out Mildred Horton, state home demonstration agent, and H. H. Williamson, vice director and state agent of the extension service in a joint statement to farm families and to county farm and home demonstration agents.

"All that may be gained by cash cotton rentals this summer may be lost this fall and winter unless all the feed and food that can possibly be raised to advantage on the farm is put into storehouse and pantry," they say.

"Oh please, have you got an evening paper?" George asked.

"No, they're all sold," she said.

"Oh . . . but haven't you got one—just any paper will do?"

"I'm sorry, but I haven't one left," Clifford had joked them now, and he took George's arm in a firm grasp.

"What in the world is the matter?" he asked again blankly.

"Nothing," she said.

"You're a funny kid," Asher said.

"You gave me quite a shock. Aren't you well?"

"I don't know; I'll write," she was out of the car without his assistance.

"Thank you for taking me," she said daily. "Good night," and she had gone before he could speak.

George fled across the lounge to a porter who was aimlessly staring at a notice pinned to the reception desk.

An erroneous impression that Mary Pickford intends to remove to Texas to live probably arises from the fact that after her divorce from Doug she will be in the lone star state.

—EXPERT

(Continued from Page 1) combined. "In spite of the forward strides the National Red Cross has made in life saving," he added, "the annual loss of life from drowning continues to be staggering. The death rate from this cause climbed seven per cent between 1920 and 1930 because in more recent years additional millions have answered the call of the surf, lake or pool.

Deaths Avoidable. "The worst of it is that the majority of the deaths are avoidable and generally can be traced to lack of knowledge on the part of the victim. Aside from the tragedies involved, drowning, which is the second most important cause of accidental death among men and boys, is extremely costly to industry. The wage loss, medical expense, and overhead insurance cost involved in accidental deaths and injuries in 1931 exceeded two and one-quarter billion dollars.

"Each year the accidental casualty list in America is much longer than the list of casualties this nation's armed forces suffered throughout the world war.

"The Red Cross is meeting the challenge of drowning and through its chapters and trained staff is offering its life saving service without depriving swimmers of the zest and thrill in water sports."

—PLOWING

(Continued from page 1)

tending to them has been written in the fields, in the barn lots and in the homes of 100,000 farms these passing years," says Mr. Martin. "Now is the time for Texas to cash in on the work of its demonstration army—men and women and boys and girls. Now is the time for decisive action to swing Texas to a better balanced farm system while a new land policy is in force."

George asked.

"No, they're all sold," she said.

"Oh . . . but haven't you got one—just any paper will do?"

"I'm sorry, but I haven't one left," Clifford had joked them now, and he took George's arm in a firm grasp.

"What in the world is the matter?" he asked again blankly.

"Nothing," she said.

"You're a funny kid," Asher said.

"You gave me quite a shock. Aren't you well?"

"I don't know; I'll write," she was out of the car without his assistance.

"Thank you for taking me," she said daily. "Good night," and she had gone before he could speak.

George fled across the lounge to a porter who was aimlessly staring at a notice pinned to the reception desk.

An erroneous impression that Mary Pickford intends to remove to Texas to live probably arises from the fact that after her divorce from Doug she will be in the lone star state.

By the World FORGOT A New Serial by Ruby M. Ayres

SYNOPSIS: George Bancroft has had her first proposal, and it is from Clifford Asher. But she also has a boy, formerly a film star, and now in Germany in an effort to have removed the scar that has cost him his career. Chapter 34

Chapter 34 GEORGIE'S FRIGHT FOR one terrible moment George could not move or speak. She searched the scrap of paper, but only the headline was readable.

"I want an evening paper. Please get me an evening paper," she said in a voiceless whisper.

"A paper . . . but I can't at this time of night."

"She seemed to have grown old all at once, and even her lips were white.

"What's the matter?" he urged again, for she was trying to get out of the car.

"They may have one in the shop over there." Before he could prevent her, she had darted across the

"Oh, please, have you got an evening paper?"

"No, Miss; perhaps there's one in the writing room. She went with him, shaking in every limb."

"Funny," he said, "there don't seem to be any tonight."

George fled away without answering, up the wide stairs to her mother's sitting room.

It was in darkness and she switched on the light with a shaking hand. There must be one somewhere. There simply must.

But for once the sitting room was almost painfully tidy.

She searched everywhere, and then stood still, her hands clasped together, her lips apart.

"Movie Star Dies Suddenly."

SHE turned and went slowly to her room, slipping out of her pretty frock and leaving it lying in a discarded heap on the floor.

If Nicholas was dead . . . well he was beyond her reach forever. She felt as if someone had struck her a crushing blow.

George did not hear the door's quiet opening till someone touched her on the shoulder.

"George, what is the matter?" She started up, her face drawn and disfigured, her tragic eyes raised to Bishop's tired face. He was

George asked.

"No, they're all sold," she said.

"Oh . . . but haven't you got one—just any paper will do?"

"I'm sorry, but I haven't one left," Clifford had joked them now, and he took George's arm in a firm grasp.

"What in the world is the matter?" he asked again blankly.

"Nothing," she said.

"You're a funny kid," Asher said.

"You gave me quite a shock. Aren't you well?"

JAPAN HAS BUILT NAVY UP TO MAXIMUM ALLOWED BY TREATY

UNITED STATES IS 101 SHIPS BELOW LIMIT

EVEN NEW SHIPS WILL NOT PLACE NAVY UP TO PAR

BY WILLIAM L. BEALE.

WASHINGTON, July 13 (AP)—A mighty lift toward treaty limits is what public works money is meaning to the navy, but even with that America's fighting tonnage will not be so near the maximum as the fleets of Great Britain and Japan.

The construction was made possible by the insertion of just 65 words in the industrial recovery-public works law. These allow the president, if he thinks advisable, to build new ships so long as he does not exceed the limits set by international agreements. New treaties could bring suspension or reduction of construction.

Under this authority, President Roosevelt allocated \$992,000,000 for 32 new vessels. But the outlook, including these, is that when the London treaty expires in 1936 the United States will be 17 per cent below allowances, England 16.5 per cent under and Japan built up to the maximum permitted her.

In ships, this means the United States will lack 101 of the maximum, Great Britain 64 and Japan none. Naval experts say that a continuation of Great Britain's policy of starting new ships annually may wipe out her deficiency.

The 32-ship program sizes up like this: Two 20,000-ton aircraft carriers, four 10,000-ton 6-inch gun cruisers, 20 destroyers, four submarines, and two gunboats.

Secretary Swanson of the navy asks \$7,000,000 to modernize other ships and \$50,000,000 for shore station construction. He says if these additional sums are granted, naval expenditures will give employment to about all the shipyard labor in the country.

The London treaty established a 5-5-3 naval ratio for the United States, Great Britain, and Japan, in the order named.

This country and Great Britain already have their allowed 15 battleships each, and Japan her nine. By the end of 1936, all three will be built up in heavy-gun cruisers, the United States 19, Great Britain 19, and Japan 12.

Japan will be up in all the other treaty classes, with six aircraft carriers, 20 light-gun cruisers, 24 destroyer leaders, 59 destroyers, and 53 submarines.

On the present showing, the other signatories of the pact will be shy: United States—one aircraft carrier; five light-gun cruisers, five destroyer leaders, 60 destroyers, and 30 submarines.

Great Britain—two aircraft carriers, 15 light-gun cruisers, 13 destroyer leaders, 26 destroyers, and eight submarines.

TELLS HOW SHE LOST 15 LBS. OF FAT

Rheumatism Gone Too

Here is a woman who was rapidly putting on weight and who was troubled with rheumatism too. Read her letter:

"I started taking Kruschen Salts because of the good it had done for a friend of mine who had been crippled with rheumatism. At the end of the second bottle I was weighed and find I am now only 148 pounds (original weight 163 lbs.), at which I am so pleased. But I have also felt my rheumatism much less which has been so troublesome in my knees. I must say I think Kruschen is a splendid weight reducer." (Miss) E. L. P.

Overweight and rheumatic poisoning often go together. The six salts in Kruschen assist the internal organs to perform their functions properly—little by little that ugly fat goes; slowly, yes—but surely. You feel wonderfully healthy, youthful and energetic—more so than ever before in your life!

Kruschen Salts is obtainable at Richards Drug Store and City Drug Store. A jar lasts 4 weeks and costs not more than 85 cents. (Adv.)

TURNEY FLAYS RAILROADS FOR BACKWARDNESS

Rail Dictator Says Roads Have Made No Progress

THOSE who know John R. Turney, new director of freight service under Joseph B. Eastman, federal coordinator of transportation, expect things to happen in railroad circles.

"The progeny of this century of inertia are inept containers, incomplete carriages, inflexible schedules, interminable delays, wasteful practices, nonbearable rates and unintelligent classification."

Otherwise, the freight service of the country may be all right, but those who have been watching Turney work in St. Louis as vice president of the Cotton Belt system aren't sure that he'd stop after removal of all those negatives.

He has installed a system there for co-ordinated rail and truck service, making possible overnight delivery of package freight within a 600 miles radius.

For "inept containers" he would substitute freight cars with removable bodies that could be quickly slid onto a motor truck chassis and trundled through city streets for quick delivery.

Ability to absorb, develop and interpret statistical data is a trait which has impressed his associates. They say his idea of recreation is to study dissertations on politics, civic problems, history or classic literature.

Turney was born in Nashville 46 years ago. He was graduated from Vanderbilt university and practiced law in Nashville and Jonesboro, Ark., before going to the Cotton Belt in 1917.

Winters Named By Founder of Town in 1900

WINTERS, July 13 (AP)—Tired of traveling by horseback to teach a handful of pupils, L. N. Winters, youthful schoolmaster, deserted his profession in 1880 to stake off a town in the center of a fertile tract of Rannels county land he had acquired.

Tall grass waved as he directed a surveyor's activities. His friends doubted his judgment at leaving a regular salary to lay off lots on a prairie which never had served other than a grazing ground for range cattle.

The surveyor declined so much as a single lot as part payment for his services. The schoolmaster named the town for himself and sat down to wait for inhabitants.

Soon some ranchman discovered that by plowing up the long grass and placing the fertile soil under cultivation crops would thrive.

Thus started this town which is now the center of one of the richest farming territories of West Texas. Its population at this time exceeds 2,500 inhabitants.

A general merchandise store was established in 1890. A grocery store was added and in 1900 a drug store. In 1908 the Abilene Southern railroad operated its first train through Winters to Ballenger.

MELONS TEMPT ON WARM DAYS IN MID-SUMMER

Recipes For Serving Interesting Meals Are Given

Menus and Recipes Prepared by Department of Home Economics, Texas State College for Women.

DENTON, July 11.—July is almost mid-summer, the very hottest part of the summer. The average housewife is racking her brain for interesting menus and recipes to tempt the jaded appetites of her family. Each member of the family still has his or her energy requirement to meet, but with hot uninteresting dishes being served, very little food is eaten.

Unusual and cool dishes may be prepared and served to a great advantage under such conditions. Watermelons are plentiful at this season of the year and they can be prepared in many different dishes placed on the table.

Watermelon may be served for breakfast, lunch and dinner, and each time be served in a different way. We have some recipes that we have found excellent in preparing watermelon and also some other interesting recipes that we have included in our menus.

Mid-Summer Menus.

Breakfast: Cantaloupe, toast, watermelon pickles, bacon, coffee, cream.
Lunch: Salmon loaf, sauce, stringing potatoes, tomatoes (sliced), brown bread, butter, lettuce salad, sliced watermelon, iced tea.
Dinner: Watermelon cocktail, Swiss steak, buttered potatoes, creamed rolls, butter, tomato and cucumber salad, pineapple sherbet, iced tea.

Breakfast: Watermelon, egg omelet, bacon, toast, coffee.
Lunch: Cold ham, bean rarebit, French fried onions, stuffed tomato salad, blackberries, cream.
Dinner: Breaded pork chops, creamed asparagus, scalloped corn with celery, gravy, fresh vegetable salad, watermelon ice, iced tea.

Recipes.

French Fried Onion: Peel onions, cut in halves, then slice halves in small slices. Soak in cold water, fall apart into small shreds. Beat whole egg, add pepper and salt. Dip onions in egg and then in cornmeal. Fry in deep hot fat.

Scalloped Corn with Celery: Two c corn, 1 c celery, finely chopped, 1 c buttered bread crumbs, 1 tsp salt, 1 green pepper, chopped, 2 T butter, 1 c hot milk. Arrange corn, peppers, celery and crumbs in two alternate layers in a buttered baking dish. Add butter to hot milk, pour over vegetables. Cover with buttered crumbs, bake 30-40 minutes in moderate oven. Serves 8.

Bean Rarebit: 2 c pork and beans, 2 T butter, 1/2 tsp salt, 1 c milk, 1/2 c grated cheese, 1-4 tsp paprika. Mash beans. Melt butter, add beans, milk, seasonings. Heat gradually, add cheese, stir until melted. Serve on toast. Serves 6.

Watermelon Cocktail: Cut watermelon into small balls, place in cocktail dishes. Pour small amount of ginger ale over it, garnish with mint.

Watermelon Pickles: Wash melon rind thoroughly, discarding all pink pulp. Cut in small pieces, soak overnight in cold water (2 T salt to 1 qt. water). Drain, cook in fresh water until tender. Add rind to boiling spiced syrup, cook until fruit is tender and translucent. Pour into sterilized jars, fill to overflowing with syrup, seal and cook.

Cat Attacks Dan Moody—Red Headed Ex-Governor Kills Cat—Bad Luck?

By R. W. BARRY.

AUSTIN, July 13 (AP)—According to superstition, former Governor Dan Moody is destined to have seven years "hard luck." He killed a house cat recently and everybody knows about the old saw: "Kill a house cat and have seven years hard luck."

The Moody case was extraordinary and perhaps the contingency may have off the goblets. The cat did things to the former governor before Moody did things to the cat.

Moody was driving his car home late one night. He got out to open the door of his garage. The house cat was perched on a ledge above the door and scrambled down into Moody's face. Its sharp claws scratched the ex-chief executive's open countenance in several different directions. There were marks something like the figures expert stakers cut into the ice.

Moody got a small calibre rifle and finished the cat; at least he hopes the legend about cats having nine lives is not true. It could not be true in this case, he thinks, because after he killed the cat he had his head sent to Pasteur institute for examination for the rabies.

Former Governor R. S. Sterling, Governor Ferguson's immediate predecessor, has been in Austin only one time since he quit the chief executive's office on January 17. He has been enjoying a rest at his

Australia Will Face England In Davis Cup Match

LONDON, July 13. (AP)—An Australian Davis cup team that appeared to be the best from "down under" since Gerald Paterson and Pat O'Hara Wood carried the struggle to the challenge round in 1924, faced England's team today in the first matches of the European zone final at Eastbourne.

The winner of this duel will meet the United States team next week end in the interzone final for the right to challenge France for the trophy.

Most of the burden of Australia's hopes lay upon tall young Jack Crawford, new Wimbledon champion, who faced Henry W. (Bunny) Austin today. On the basis of the Wimbledon results, it appeared at least necessary for 25-year-old Crawford to win both his singles match from Austin and Perry, Vivian McGrath, the youngster with the unique backhand stroke, was defeated at Wimbledon by H. G. N. Lee, the English veteran who ranks below both Austin and Perry.

McGrath was paired with Perry in today's singles, and it was expected that he and Crawford also would be named as the doubles team to face Perry and George Patrick Hughes. The English combination, was named yesterday while Australia waited until the last moment to select its pair.

Lions To Help In Recovery Program

ST. LOUIS, July 12 (AP)—The International association of Lions clubs, with a membership of 75,000, is to become a unit in speeding the return of prosperity and attempting to prevent economic reverses.

Charles H. Hatton, Wichita, Kan., president of the organization, announced here in connection with the convention of the group that 50 national and international financial experts have been engaged to prepare a study on causes of depression and methods of control.

When the report is completed, Mr. Hatton said, the Lions international expects to distribute it to members with the suggestion that it be carefully studied.

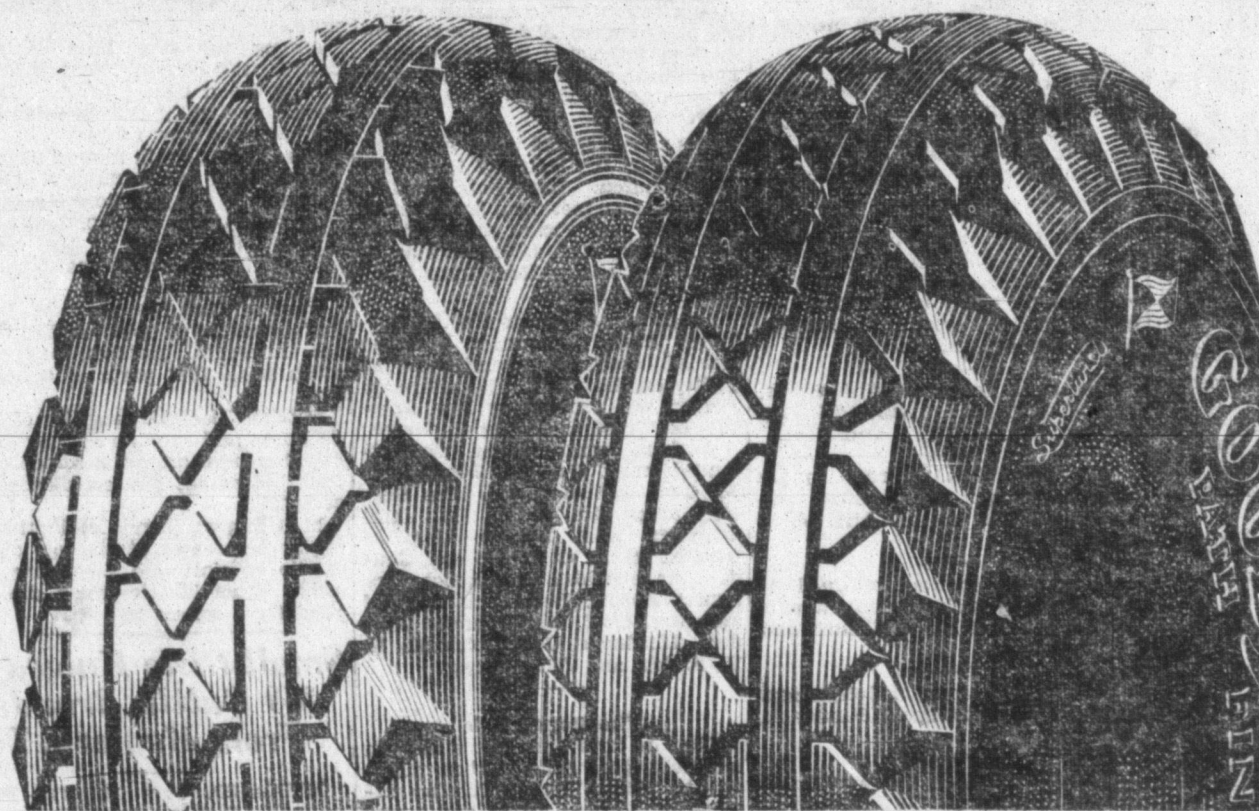

SAN ANTONIO, July 13. (AP)—The sheriff's association of Texas, without a dissenting vote, has adopted a resolution favoring repeal of the Eighteenth amendment and legal sale of 3.2 per cent beer.

You'll enjoy Camels costlier tobaccos, too

MORE SAFETY MORE MILEAGE

AT NO EXTRA COST!

ONE of the strange facts about the tire business is — the PRICE of all tires is about alike.

That being so, you might as well pick the best — in quality, in safety, in mileage.

What is the best in quality? The public says GOODYEAR — this tire is preferred by more people than any THREE other makes of tires combined.

What is the best in safety? Accurate tests on wet concrete show Goodyears will stop a car quicker than any other tire. The next best tire skidded 10% more — other tires skidded up to 77% more under exactly the same conditions. And if you want safety from blowouts — remember that Goodyears give safety in every ply, because every ply is built with Supertwist cord and every ply runs from bead to bead.

What is the best in mileage? Bus fleet records show Goodyear Tires give 97% more mileage than they gave five years ago.

Now that all prices are headed UP — it's more important than ever to get the most for your money. Better look over your tires and buy new Goodyears now while prices are still low.

6,500 back to work
The total number of men and women who have returned to work at the Goodyear factories in Akron, Los Angeles and Gadsden, and the Goodyear cotton mills in Georgia is now over 6,500.

CHURCH CIRCLES ENJOY ALL DAY MEETING AT RANCH GROVE

USUAL SESSION REPLACED WITH OUTDOOR PICNIC

GUESTS PRESENT FOR BASKET LUNCH AT NOON

BOTH circles of Central Baptist Missionary union enjoyed a day outdoors yesterday, instead of their usual weekly meetings. Members went on a picnic to the L. H. Anderson ranch near Clemmons.

They spent the day in the shade of a grove of trees, resting and swimming in the shaded pool. A basket lunch was served at noon.

Those present were Mesdames L. H. Anderson, R. M. Mitchell, S. B. Anderson, W. O. Cooley, W. B. Barton, J. W. Busby, G. C. Stark, O. J. McCallister, E. V. Davis, H. Black, Jerry Lockard, H. M. Cone, C. L. Lunsford, H. C. Chandler, G. D. Holmes, G. L. Lunsford, Lewis Bridges, Cecil Lunsford.

June Cooley, Louis Barton, Daphna Lunsford, Kate Anderson, Roy Bridges, Ruby Scafe, Addie Fae Bridges, Helen Chandler, George and Bobby Davis, Roy Cone, Gene Lunsford.

L. H. Anderson, R. M. Mitchell, and T. B. Barton were guests for lunch.

MERTEN WOMEN HAVE 4 GUESTS FOR H. D. MEET

County Agent Gives Demonstration on Fruits

Mrs. J. C. Browning was hostess to the Merten Home Demonstration club and four guests at her home yesterday afternoon, when Miss Ruby M. Adams, county agent, demonstrated the making of jelly and preserves.

She showed how fruit juices are tested with denatured alcohol to determine the correct amount of sugar for jelly, and gave other hints as she made apricot preserves and blackberry jelly.

During a social hour iced watermelon was served to the guests, Mrs. S. M. Foster, Mrs. E. Lamb, Mrs. J. L. Burba, and Miss Clara Stafford, and the following members: Mesdames Albert Phillips, O. C. Bridges, C. B. Haney, Fred C. Fisher, A. E. Enlow, F. P. Stafford, R. W. Taylor, Miss Joy Enlow, Miss Adams, and the hostess.

Before leaving, the members and guests went to Mrs. Browning's cellar to inspect her club pantry. She is food supply demonstrator for the Merten club this year.

The Social CALENDAR

FRIDAY

Clara Hill class of Methodist church will sponsor an ice cream supper on the church lawn, 8 p. m.

Brotherhood of First Baptist church will sponsor a fellowship gathering and supper at Harvester park, 6 p. m. All men of church and wives invited.

Grace Crosby will be hostess to the Back 4-H club girls.

Gay Friday club will be entertained by Mrs. Robinson.

Back H. D. club will meet in the afternoon.

Eastern Star swimming party at Pampa pool, 6:30 p. m. All members invited, and asked to bring lunch.

Camp Fire girls will meet at their club house, 712 West Francis, at 5 p. m. Friday.

Garden club members will meet at the home of Mrs. J. M. Saunders at 7 a. m. for breakfast to be followed by their garden tour.

Richest Race of Season Will Be Run On Saturday

CHICAGO, July 13. (AP)—The search for the 1933 three-year-old champion of America will end Saturday with the running of the division's richest event of the season, the \$35,000 classic of Arlington Park.

Warrior in training was at the beautiful plant today, and a field of 14 starters after the handsome purse, was indicated. Mr. Khayyam, victor in the American derby, which probably will go to the post favorite, War Glory, son of Man O'War, which won the Dewey stakes, and Golden Way, second in the Withers, arrived yesterday, and others in the prospective field selected the day for sensational final workouts.

Gold Basis, from the stable of Worton L. Schwartz of New York, whose Gusto won the classic last year, dazzled the clockers by running the classic distance, one mile and a quarter, in 2:05 4-5, apparently running well within himself.

Sarada, one of the big favorites of the home mission board of the Southern Baptist convention, will speak at the Central Baptist church Thursday evening at 8:30 p. m.

Rev. Jenkins is a speaker of unusual ability, having spoken in some of the largest churches in the Southern Baptist convention, and before the convention in its annual meeting. The public will be pleased to hear him.

The song services will be in charge of the choir of the Macedonia church, (colored) the public is invited to attend this service, and before the convention in its annual meeting. The public will be pleased to hear him.

W. O. Cooley, pastor.

JOE B. BROWN.

Hats Are Brimming With Fashion

ELIZABETH ALLEN
HOLLYWOOD—Picture hats dot the landscape these days, every time there's any kind of gathering. And hats to match your pique, gingham or linen dresses, are all the go for casual wear.

Aloping a charming black linen dress, Elizabeth Allen wears a picturesque natural colored milan, with a bright rosegay of field flowers right in front and royal blue ribbon banding the hat. Her accessories are natural colored ones, too, sandals, purse, gloves.

Lunching with Vera Eagles and Mrs. Leslie Howard at the Brown Derby, Benita Hume is a picture in a black medium brimmed straw hat, faced with pink crepe, and a black silk ensemble with pink crepe blouse and touches. Wera wore a large floppy stray cartwheel, the exact shade of summer sky blue that her sleeveless crepe dress was.

Joan Crawford is one who looks so handsome in white hats it's a crime for her to wear any other. At Malibu Beach she topped medium blue slacks with a wide brimmed white linen hat with no trimming except a smashing buckle of bow—and she was a knockout in it, with her rich suntan.

Arrival and Departure of Summer Visitors Reported from Noelette

NOELETTE, July 13.—Mr. and Mrs. Floyd Humphries and daughter, Margaret Ann, visited in Borger Sunday.

Mr. and Mrs. G. G. Grove and children of Sunray spent the weekend with her mother, Mrs. Nora Upright.

James Graffenreid arrived last week from Paragould, Ark., for a visit with his mother, Mrs. Nora Upright.

Mr. and Mrs. Gus Shofner and son, James, have returned after a vacation trip to Oklahoma City.

Porter, Ramon, Dorothy, and Sadler have returned to their home in Goodlett after a visit in the home of Mr. and Mrs. Carson Watt.

Harry Keaton of White Deer visited friends here Sunday evening.

Mr. and Mrs. T. B. Smith and son, Scott, of Eldorado, Kan., and Mrs. Tom Hickman of Salem, W. Va., who have been visiting in the home of Mr. and Mrs. R. E. Showers, left Monday to visit relatives in Borger.

E. W. Larwood of the Transcontinental and Western airways company of Kansas, who has been on vacation by plane to California, is to visit a few days with his uncle, A. H. Brewer, and family.

Mrs. Dora Durrett and daughter, Velma, of Edom are visiting in the home of Mr. and Mrs. Ben Ross.

Billy Lowe has returned to his home in Borger after visiting several weeks with Mr. and Mrs. Leonard Cannon.

Alfred Shelton has returned to his home in Corsicana after a visit in the homes of Henry Shelton and Lonnie Estes.

Mr. and Mrs. John McCollum and daughter, Bernice, spent Sunday in Amarillo.

Mr. and Mrs. Merle Martin of Kingsmill were guests Sunday in the home of their parents, Mr. and Mrs. Frank Martin.

Mr. and Mrs. W. J. Bartz and children of LeFors and Mr. and Mrs. Albert Bartz and children were guests Sunday in the home of Mr. and Mrs. R. A. Simmons.

Mr. and Mrs. Don Dewey and daughter, Norma, have returned after visiting a few days in Oklahoma. They were accompanied home by Mrs. Dewey's father, who will visit several weeks.

E. A. Sellers, general superintendent of the Skelly gasoline department, is transacting business here this week. Mrs. Sellers and children are with him, visiting friends here.

Mrs. Arthur Batchlear and son, Eugene, have returned after a few days visit in Twitty. They were accompanied home by her sister-in-law, Mrs. S. Batchlear, who will visit for a week.

Mr. and Mrs. T. H. Griffin and children have moved here from Tulsa. He is employed by the Skelly oil company.

RETURN FROM VACATION
Mr. and Mrs. J. L. Bennett returned Wednesday evening from a vacation trip. They visited in Lubbock with Mr. and Mrs. W. H. Logan, who accompanied them on a tour of New Mexico. Their trip took them to the Evergreen valley, Taos, Eagle Nest-Lake, Cimarron canyon, and to Santa Fe on the return trip.

Mrs. Ethel Johnson and little daughters, Mildred Juanita and Doris, have returned to Pampa to spend the summer after being in the East Texas oil fields the past two years.

LUNCHEON FOR LE BON TEMPS CLUB IS GIVEN

Mrs. J. C. Carroll Is Hostess at Cafe And Home

Varying their routine of summer meetings, members of Le Bon Temps club were entertained with a luncheon yesterday and planned a swimming party and covered dish lunch for their next meeting.

Mrs. J. C. Carroll was hostess at an attractive party yesterday Luncheon was served at the Court-house cafe at a long table centered with red roses. A cool green and white color scheme was carried out in the menu.

Guests afterwards returned to her home on East Browning, where five games of contract were played. Mrs. K. S. Boehm scored high, and Mrs. Ed Maszey second high.

Other players were Mesdames Guy Barritt, Joe Coulter, Archie Rasky, H. H. Kealy, and E. Hookes. Special luncheon guests were Miss Viola Price, Miss Viola McAnally, and Mrs. Dixon.

The covered dish lunch will be held after a swim on the morning of July 25, at the home of Mrs. Barritt.

Film Daughters At Advantage In Screen Careers

HOLLYWOOD, Calif., July 12 (AP)—It must help to be a film player's daughter.

Rogers, daughter of Will Rogers, the actor-humorist, who has just entered a career in motion pictures as Mary Howard, has good precedent for success. Of course nobody hears much about the film daughters who failed.

In the forefront of those who succeeded are Richard Bennett's girls, Barbara, Joan, and Constance. Constance not long ago was reputed to be one of the highest paid film stars. Joan began her screen career later but she has been featured in many pictures. The stage and screen actress, Barbara, appears briefly in motion pictures and married Morton Downey, the singer.

Other Daughters Star.
Maurice Costello, one of the first of the silent days heroes gave the screen two talented daughters, Dolores and Helene. Dolores starred, and was featured in numbers of films. She is now the wife of John Barrymore.

Among the new stars is Ann Dvorak, wife of Leslie Fenton, actor. She is the daughter of Ann Lehr, leading woman for the old Vitagraph company and now retired.

Rose Coughlan, in motion pictures while still in her teens, is a granddaughter of the late Rose Coughlan, who was famous on Broadway.

Joan Marsh, one of the recent wampus baby stars, is the daughter of the film camera man, Walter P. Francis Rich, daughter of Irene Rich, who played opposite Will Rogers in several pictures, has been given small film parts as a beginning.

Patricia Ziegfeld, daughter of Bill Burke and the late FLORENZ ZIEGELD, has been offered a screen contract but as yet has not decided to accept.

Miss Rogers, blonde and athletic, begins her career at the age of 18. Studio officials said they were unaware of her identity when she applied for a screen test.

Small Girls Knows 150 Cattle Brands From Memory, Too

MIDLAND, July 13 (AP)—A year-old Frances Lowe Pugh of Midland can draw more cattle brands from memory than the average persons sees in a lifetime.

It is true that Frances Lowe lives in a cattle country, but her interest in brands is due largely to the collection of famous individuals, which her father, Mark Pugh, has been assembling for a number of years. Persons in public life in several countries, including President and Mrs. Roosevelt, have drawn brands for Peters' collection.

The child became interested in the collection early in life. She is so familiar with the various combinations now that she can draw 150 brands as fast as they are called to her.

Sometimes combinations of peculiar designs figure in brands, and they are not easy to read or to remember. Big shipping points still keep experts on hand to read brands and catch strays.

KILLED IN WRECK
BEAUMONT, July 13 (AP)—Mrs. Julia W. Kaelein, 55, of Houston was killed early today when the automobile in which she and her husband were riding crashed into a truck near Raywood, Liberty county.

John Carpenter and Perry Everett were in Pampa Thursday.

Dick King of Vega is renewing his acquaintance with old timers while visiting in the John Carpenter home.

Mr. and Mrs. Clois Chambers, accompanied by Misses Ruby and Artie Wagon, returned Wednesday from a visit to Hollis, Okla.

Mrs. Sannie Okla is expected to return home Thursday afternoon from Pampa where she underwent a minor operation.

Mr. and Mrs. Jaudon Cobb who teach at Acuff are here to spend some time as guests of Mr. Cobb's parents, Mr. and Mrs. S. A. Cobb.

New and Retiring W. C. T. U. Heads

MRS. IDA B. WISE SMITH, left, of Des Moines, Ia., is pictured after her election to the presidency of the Women's Christian Temperance Union at its convention in Milwaukee, Wis., with the retiring president, Mrs. Ella A. Boole of Brooklyn. Mrs. Smith began her temperance work 50 years ago at the age of 12 when she taught a Sunday school class.

Fresh Beans Are Welcome on The Menu in Summer

Many a dinner table, just now, is boasting its first home-grown snap beans—maybe from the home garden, maybe from the local market. The bean crop is just coming along in the middle and northern states. In the south, snap beans are giving way to fresh limas, or Kentucky Wonder pole beans, or blackeyed peas. But there will be more plantings, north, middle, and south, for the fall crop of "snaps."

The fresh bean crop is something to take advantage of, says the bureau of home economics of the U. S. Department of Agriculture. Snap beans are an unusual vegetable because we eat the pods as well as the seeds. They are in the class with greens for nutritive value, though not quite so rich in vitamins and minerals as turnip tops and spinach, for example. But they are somewhat higher in starch than most of the greens and yield more calories, and they are so different in texture and flavor that they make a good alternative in the menu.

New Variation.
Although many people prefer to have their snap beans steamed or boiled and seasoned with butter or pork fat, an old-time favorite is snap beans cooked with salt pork. A variation of this is to sprinkle over the cooked beans small bits of crisped salt pork or bacon.

The bureau of home economics suggests another variation, a summer form of pork and beans—shredded snap beans with fresh pork. This is a good main dish for dinner, and an economy dinner at that. Pork is still cheap, and beans in season, even if you have no garden, should be plentiful. Add to the menu potatoes and fruit—berries or fresh peaches would be excellent—and you have a nutritious, balanced meal. This recipe calls for a lean piece of pork cooked and shredded and then mixed with the shredded beans, which gives good pork flavor but not too much fat.

The bureau suggests another, a quick-cooking method, for snap beans. Cut the beans into small pieces. Drop them into a small quantity of boiling salted water, leave uncovered, and cook 20 to 30 minutes. As soon as the beans are tender, drain, season with more salt if necessary, pepper, and melted butter or other fat. Another way is to cook the beans in milk. Simmer them—do not boil them—and thicken the milk if desired. Green beans or wax beans are excellent in salads, and this is a good way to use up left-overs. With potato salad, especially, beans are good, both for flavor and color.

Recipes.
Shredded Snap Beans and Fresh Pork
Two tablespoons butter or meat drippings, 1 quart shredded snap beans, 1 teaspoon salt, 1 pint shredded cooked pork.

Melt the fat in a heavy skillet; add the beans and salt, cover, and cook for 20 to 25 minutes, turning the beans frequently. Add the pork, stir until well mixed with the beans, and cook for about 5 minutes longer, until the meat is thoroughly heated. Serve on buttered toast. The beans should be young and tender when this method of cooking is used.

Snap Beans au Gratin.
Drain the liquid from cooked or canned snap beans, and put them in a shallow greased baking dish. Cover with white sauce, sprinkle with buttered bread crumbs mixed with grated cheese, and bake in a moderate oven (350 degrees F.) until the sauce bubbles and the crumbs brown.

Potato Salad With Snap Beans.
Four medium-sized potatoes, 1 cup cooked snap beans, cut diagonally in small pieces, 1½ teaspoons salt, 1 teaspoon grated onion, or more, 1 cup cooked salad dressing (or French dressing, if preferred).

Cook the potatoes in their jackets in boiling salted water. As soon as tender but not soft, drain, remove the skins. After they are cold, cut the potatoes in small uniform cubes

MORNING BIBLE CLASS PART OF CHURCH SERIES

SPECIAL MUSIC IS ANNOUNCED FOR TONIGHT

THE Bible study class, which meets at 9:30 every morning during the revival at First Christian church, is meeting with success. This class is taught by Howard T. House and is open to anyone in the city. This is the only morning service that is held for adults. Different doctrines are studied in the light of the Bible and test questions are discussed.

The Bible drill for boys and girls under the age of thirteen is taught by Billy Reeves. This class meets at 9:15 in the tabernacle beside the church.

A fine stereopticon is being installed and from time to time Dr. C. R. L. Vawter will show travel pictures taken in different countries of the world. The Vawter party recently returned from a two year's evangelistic tour of Australia and Palestine and many of the pictures were taken in these countries. The pictures are all in color.

Tonight the special musical numbers will include a solo by Mrs. Vawter, accompanied by the Notre Dame choir. This will be the first time she has sung with the chimes. The music of the bells blends beautifully with the tones of the voice.

Class Meeting Is Held at Luncheon

An executive meeting of the Dorcas class of First Baptist Sunday school was held at a covered dish luncheon yesterday at one o'clock. Lunch was served at the home of Mrs. H. L. Groves.

Present for the meal and the business session were Mesdames P. O. Anderson, Winifred Stickler, S. O. Garner, Bonnie Rose, H. L. Groves, Dee Campbell, John Bell Jr., H. M. Lister, Misses Lena Mae and Julia Marie Bell.

Thomas D. Cabot of Boston, Mass., arrived in the city last night on a brief business trip. Mr. Cabot spent some time here last summer, and made many friends.

Gus Layton of Oklahoma City is a Pampa visitor this week.

Marjorie Taylor, four-year-old daughter of Mr. and Mrs. Billy Taylor, was admitted to Pampa hospital last night for medical treatment.

No New Deal In Heat Wave Seen By Weather Man

By The Associated Press
A record heat wave laid siege to Texas again today, shooting temperatures to 100 degrees and above with no relief in sight.

Weeks upon weeks of dry weather had left crops in most sections of the state withered, wheat, corn and cotton suffered alike, along with truck gardens. The weatherman scanned his charts in vain for an indication that rain would come soon.

Yesterday's highest reading in Texas was 114 at Llano, Haskell had 112 and Fyler, Balminger, Greenville, Lampasas and Temple 110. It was 108 at Albany, Luling, Memphis and San Angelo.

In the 106-degree classification were Abilene, Big Spring, Brownwood, Childress, Dublin, Graham, Kerrville, Lamesa, Mexia, Seymour, Snyder and Waco. Austin, El Paso, Clarendon, Kaufman, Lubbock, San Marcos, Sherman and Corsicana had official readings of 104.

At the 102 degree mark Stokarkana, Laredo, Muleshoe, Paris, Uvalde and Weatherford, Amarillo, Palestine, Brenham, Huntsville, Plainview and Waxahachie sweltered in 100-degree weather.

ORPHANAGE HEAD NAMED
WACO, July 13 (AP)—Hubert T. Johnson of Gatesville will become superintendent of the Methodist orphanage here August 1. He was chosen yesterday to succeed the late W. F. Barnett.

A. L. Meek of Kingsmill was in the city last night.

and pour the salad dressing over them while it is hot. The potato absorbs the dressing and has a better flavor. When cool, add the beans and onion. Mix together lightly so as not to break the potato and make a mush. Chill thoroughly and serve on crisp lettuce leaves.

If you feel sour and sunk and the world looks punk, don't swallow a lot of salt, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine. For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for this is that you feel "up and up" because you should pour two pounds of liquid bile into your bowels daily.

It is this bile not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't take for liver pills. Ask for Carter's Little Liver Pills. Look for the name Carter's Little Liver Pills on the red label. Rosetta's substitute, 25c at drug stores. © 1931 C. M. Co.

Woman Cries For New-Born Child Left in Hospital

ABILENE, July 13. (AP)—Torn between her love for a new born son and a desire to spare him the hardships of a life of poverty with her, a young mother, who last night had abandoned the two day old boy and fled from a local hospital, today cried desperately in her room at a tourist camp on the outskirts of Abilene.

The young woman appeared at the hospital late Sunday night alone saying she was en route from Big Spring to Bradshaw, that friends had come on to tell her husband and her mother. The child was born a few hours after she was admitted.

When no relatives had appeared Tuesday the hospital superintendent offered to get for them but the young woman refused. Apparently afraid of being found out she fled down a fire escape late last night, leaving behind a penciled note hoping the child would be adopted into some good home.

Hospital authorities, fearing for her health and even her life, had sought her for 12 hours. Located this morning at the tourist cabin her first anxious words were: "How is my baby? Oh he was so sweet and I want him."

Clutching his mother's skirts in bewilderment was another young child, who was first husband. Her mother, ill, lay on a bed in the soiled room.

The young woman told of her first husband's death. Then the struggle to get along. Her father left them several weeks ago to look for work in South Texas, she said, and has not been heard from since.

Her second marriage took place in Lubbock some months ago, she related, but her husband left her after a few days, saying he already had a wife.

Since then their days and nights have been of direst hardship—"just up and down the highways."

Disposition of the new-born son, a fine specimen, weighing eight pounds at birth, has not been decided.

Mrs. Samma Cubine will return to her home at McLean today after a minor operation at Worley hospital.

Miss Beattie Wilson was dismissed last night from Worley hospital, where she received treatment.

SIMPLY WORN OUT? Take Lydia E. Pinkham's Vegetable Compound

Can anything be more wearing for women than the ceaseless round of household duties? You have no time to be sick... you are tired... ailing... yet cannot stop. There comes a time when something snaps and you find yourself simply worn out.

Lydia E. Pinkham's Vegetable Compound will help you. Its tonic action will give you renewed strength, and will make your daily tasks seem easier to you.

98 out of every 100 women who report to us say that they are benefited by this medicine. Buy a bottle from your druggist today... and watch the results.

FIFTY MILLION FEET OF GAS IS BURNED DAILY IN FLARES AT OIL WELLS IN BIG EAST TEXAS FIELD

Moley Refuses To Talk—Even About Skyline

By MORRIS WATSON
NEW YORK, July 13 (AP)—Professor Raymond Moley, assistant secretary of state returned from the London economic conference today and reserved whatever he had to say for the ears of the president.
Accompanying him on the liner Manhattan were Herbert Bayard Swope, his personal adviser, Oliver S. W. Sprague, economic adviser to the American delegation, and Edmund Day, technical adviser.
After the liner reached quarantine Professor Moley shut himself up in his cabin and typed a 50-word statement for publication, which he distributed.

His stenographic efforts were captioned "statement of Raymond Moley, assistant secretary of state, July 13, 1933," and said:
"I have been on the water for a week, together with my associate, Herbert Bayard Swope, who accompanied me at the president's request, and our knowledge of the recent developments in London is less than yours here. Concerning my stay in London, where I was for just a week, I shall report with Mr. Swope at Washington to the state department and, of course, to the president."

Following that the professor parried all questions with "I wouldn't want to answer that," "I have no opinion on that," "You know as much about it as I do," or "I can't say anything about that."

He was asked, "Can you think of any question you would want to answer?"

"None at all," he said.
"What do you think of New York's skyline?"

"I was on the other side of the boat," he replied.

By QUINTON JAMES
There seems to be no limit to new ideas for postage stamps. Recently there came announcement of Italy's "three decker" for mail to be carried on a north Atlantic flight by a squadron of airplanes.

Now comes a "peace stamp," issued by the Netherlands on May 18.

This stamp, blue and white, bears a neatly executed design showing the dove of peace overshadowing the sword of war, the whole enclosed in two intertwined triangles.

For a change, the value of the stamp, 12½ cents, is one of its interesting features. That is the cost to send a letter abroad, and the stamp is exclusively for mail to foreign countries.

From Eritrea
Nine stamps for ordinary mail and six for airmail have been issued by Eritrea in celebration of its fiftieth anniversary.

The value are: for regular postage—10 and 50 centesimi and 2.75 lire, oxen 25c, 1-261 and 101 plus 2,501 lioness; 20c, 75c and 51 plus 21 camel; for air mail—50c, 11, and 7.01 plus 21 eagle; 31, 51 and 101 plus 2,501, sealplane.

Disapproval
Some collectors like the new United States Century of Progress stamps; others don't. Those expressing approval argue that the design of the 3 cent, showing the exposition's federal building, would have been more effective had it been placed lengthwise.

They say, too, that neither stamp—but particularly the 1 cent, showing old Fort Dearborn—offers sufficient contrast in color, since the backgrounds are almost the same shades as the central design.

"Advertisements"
Portugal is to have "poster" stamps to show its attractions to foreigners. In the new issue of stamps of all values, now being printed, those of the value required for letters abroad will illustrate such tourist attractions as Cintra, Coimbra and the temple of Diana at Evora.

CODES TO BE ACCEPTED IN RECORD TIME

LULL IS SUCCEEDED BY PERIOD OF RAPID HEARINGS

By JAMES COPE
Associated Press Staff Writer.
WASHINGTON, July 13 (AP)—The recovery administration's lull is over, and from the middle of next week on there will be an unending succession of hearings on codes raising wages and limiting hours in industries big and little.

Two reasons virtually guarantee this continuity. Principally, industrialists are getting down to brass tacks on the voluntary agreements, the terms wanted by the President Roosevelt are becoming generally understood, the three weeks or so that have elapsed since the law passed have seen many hesitant business men convinced that the thing to do is to come ahead, and the willing ones who had skull-cracking problems are getting on their feet.

Next, Administrator Hugh S. Johnson, realizing how essential is speed if the country's workers are to have the desired big increase in purchasing power before cold weather, has decided to open the throttle.

Every time a code comes in, he orders a hearing on the first date possible under the requirement of "reasonable notice" to all concerned, where a week will do, seven days is all the notice given. Otherwise ten days or so. If codes contain unacceptable terms he sets a hearing anyhow, trusting to work out something suitable at the conference table, under the public eye.

The lull in the promulgation of codes occurred because only one industry—cotton textiles—went to work as soon as the industrial control law was sent to congress. The rest waited, and had to start organizing their self-government scheme and figuring higher returns for labor three weeks ago.

Now lumber, shipbuilding, electrical manufacture are in. The steel code is expected momentarily. Coal codes are in prospect, Johnson says. Builders, general contractors, and many others are about ready.

Johnson is thinking of issuing a call for codes, preliminary ones dealing principally with wages and hours of work, by a definite date.

Hollywood Sights

Co-ed Back After 'Tour By Thumb'

CORBIN, Ky., July 13 (AP)—Marian Buckley, 18-year-old Cleveland co-ed, said today she was ready to go home after hitch-hiking since July 1.

"I just left home to see if I could get along on my own," she said in explanation of her disappearance. Her father, H. M. Buckley, assistant superintendent of Cleveland schools, arrived today to take her home.

The girl, who had been sought for in several states, was found by Police Chief George W. Jenkins in a tourist camp last night.

Anne Lindbergh Is Rated Fair Sender

CHATHAM, Mass., July 13 (AP)—"Dit-daa, daa-dit-dit-dit, daa-dit-dit-dit" may not sound like "A-B-C" to most folk, but when Anne Lindbergh, wife of Charles, converses in that language the boys at the Chatham station of the Radio corporation of America understand her perfectly.

Fred Heiser, manager of the station, and his staff are maintaining a vigil on the air while the Lindberghs are on their aerial charting flight.

"Her signals come in fine," Heiser said. "I wouldn't say she sends like a professional, but I will say she sends a whole lot better than we expected. She sends at a speed of about 20 words a minute and we reply at about 15 minutes to make it easier for her to read. Most of the communications have been about the weather, and then she notified us when she hops off each time."

2-YEAR-OLD SMOKER
PATERSON, N. J.—Charles Norman Jr. when 14 months old, sat on his father's lap, smelled the good smoke of his father's cigar, and howled a puff of the self-same cigar made him stop crying. Today, aged 2 years, he smokes two or three cigars a day, so his parents say.

COURT RECORD

A 31st district court jury returned a verdict of not guilty in the trial of R. W. McQuery Tuesday on a charge of possession of beer. The defense was that the beer belonged to a negro. The jury was composed of H. C. Duncan, T. C. Lively, Carl Wall, J. N. Dean, E. W. Voss, W. A. Clarke, J. B. Wilson, Chris B. Martin, E. E. Watkins, Roy McCabe, J. A. Pearson, and Kenneth Rector.

New filings include: Jesse Hall vs. U. S. Fidelity & Guaranty company, to set aside award; Western Building & Loan company vs. Bert D. Miller et al, on note; W. B. Rudman vs. D. A. Finkelstein, garnishment; W. B. Rudman vs. D. A. Finkelstein, on note; I. L. McMurry vs. E. E. Reynolds; D. N. Tiffany et al vs. Imperial Royalties company; Rufus White vs. U. S. Fidelity & Guaranty company, to set aside award.

PUTS AN END TO BUNION PAIN

No Need to Suffer Another Day

There is one simple yet inexpensive way to reduce inflammation of swollen toe joints and help get them down to normal; and that is to apply Moore's Emerald Oil night and morning.

Ask City Drug Store, the Nyal Store, or any first class druggist for an original 2-ounce bottle of Moore's Emerald Oil (full strength) and refuse to accept anything in its place. It is such a highly concentrated preparation that 2 ounces lasts a long time and furthermore if one bottle of Emerald Oil does not give you complete satisfaction you can have your money refunded.

Special note: People who want to reduce swollen or varicose veins should get a bottle of Moore's Emerald Oil at once. Applied night and morning as directed they will quickly notice an improvement which will continue until the veins and bunches are reduced to normal.

Mail orders filled. (Adv.)

kind. It will even be a tricky task for the other players, who will have to react physically as well as vocally to what another actor—who will be calmly sitting in a chair of the sidelines—is supposed to be doing and saying.

The plastering of Mr. Rains had something to do with the picture's preparation. The plasterers, who were making a copy of his head, weren't quite sure of its future use. Maybe Mr. Rains knew. But he couldn't say; his mouth was plastered shut.

CELEBRATE IN HOSPITAL

Mr. and Mrs. Charlie Murray celebrated their twenty-seventh wedding anniversary in a hospital. Mrs. Murray, who had injured her foot, was having an operation on the anniversary date. As usual, George Sidney, who has long been Murray's partner, was there. He hasn't missed a Murray wedding celebration in years and years.

most attractive ranches in West Texas has changed hands. Title to the 20-section ranch at the mouth of Little Aguja canyon in the Davis mountains, formerly occupied by Beau McCutcheon, Jr., has passed to Guy Coombs of San Antonio. The ranch is a natural habitat for deer, it estimated several thousand are there.

LULLABY
JEFFERSON CITY, Mo. (AP)—Gov. Guy B. Park was faced with an odd request—that he dress a doll for charity's sake.
The governor sent the requesting organization a check, remarking: "It's too hot today to dress a doll."
Born Monday to Mr. and Mrs. Dave Keesh of Miami, a daughter, at Pampa hospital.

FACTOR SUFFERS FROM NERVOUS BREAKDOWN AFTER RELEASE

Timely Recipes Call for Fruits Now in Season

MENU FOR ONE DAY
 Breakfast: Tomato juice for all, hot cereal, toast, coffee (adults), milk (children).
 Dinner: Creamed liver on toast, fried potato slices, Harvard beets, fresh fruit.
 Supper: Bacon, French toast, fresh blackberry jam, milk or feed cocoa.

RECIPES
Blackberry Jam
 Select peaches slightly underripe, wash thoroughly, pare, cut into halves, and remove pits. If clingstones, pare and cut flesh from pits. To each pound of peaches use not more than 1/2 cup of water (possibly none), and 1/4 to 1 pound of sugar. Combine sugar and fruit in alternate layers and allow to stand overnight to extract juice. Heat slowly to boiling, stirring meanwhile. Or prepare a sirup, add fruit and boil rapidly. Cook until fruit is tender and clear. Pour into hot sterilized jars and seal.

Peach Preserves
 Wash peaches slightly underripe, wash thoroughly, pare, cut into halves, and remove pits. To each pound of peaches use not more than 1/2 cup of water (possibly none), and 1/4 to 1 pound of sugar. Combine sugar and fruit in alternate layers and allow to stand overnight to extract juice. Heat slowly to boiling, stirring meanwhile. Or prepare a sirup, add fruit and boil rapidly. Cook until fruit is tender and clear. Pour into hot sterilized jars and seal.

Peach Butter
 Put the peaches in a wire basket and dip them in boiling water a few seconds or until the skin slips; test by raising the fruit out of the water and rubbing the skin between the fingers. Dip the peaches into cold water, skin them, and pit them. Well-ripened freestone varieties are best. Mash the pulp and cook it in its own juice without adding water. If it is rather coarse, put it through a colander or coarse wire sieve to make a butter of fine texture. To each pound of pulp add 1/2 pound of sugar or to each measure of pulp 1/2 measure of sugar. Cook rapidly and stir constantly until the product is of the desired consistency. An asbestos mat prevents burning. The sugar may be added before cooking begins, if desired. Cinnamon, ginger, and almond are added in very small quantities at the beginning of cooking give a nice flavor. The kernels of several pits may be cooked either whole or sliced in each gallon of butter. While boiling hot, pack in sterilized jars or glasses with air-tight tops. Seal.

Sour Milk Cottage Cheese
 One quart freshly clabbered milk, 1 quart boiling water, salt, pepper. Pour boiling water over the clabber. Let stand until curd separates. Turn into cheesecloth bag and let hang until whey has drained. Break and moisten curd with 2 tablespoons of melted butter. Season to taste. Sweet or sour cream may be added, for greater smoothness and better flavor.

Horseradish Sauce
 One-half cup thick sweet or sour cream, 1/2 teaspoon salt, 1 teaspoon sugar, 3 or 4 tablespoons fresh grated horseradish. Whip the cream, salt, and sugar, and gradually add the horseradish. Serve with meat or fish.

Cottage Cheese Pie
 One pound cottage cheese, 1-3 cup sugar, 1-4 cup milk, 3 eggs, beaten, 1/2 cup chopped raisins 1/2 teaspoon salt, rind and juice of 1 lemon, 1 tablespoon melted butter, pastry.

Press the cheese through a fine sieve. Add the other ingredients and stir until well mixed. Line a deep pie tin with pastry and bake until a delicate brown. Fill with the cheese mixture. Bake in a moderate oven until firm in the center, about 15 to 20 minutes.

 Take Highway 66 to Pecos, 25 miles this side of Santa Fe, Turn up the Pecos River Road eleven miles.

LARGE RANSOM PAID CAPTORS POLICE HOLD

SPECULATOR DECLARES HE WAS SORELY MISTREATED
 CHICAGO, July 13. (AP)—John Factor disclosed today that \$50,000 was paid in 5 and \$10 bills to his kidnapers as the price of his freedom.

CHICAGO, July 13. (AP)—Threatened with death by kidnapers who held him prisoner for 12 days, John Factor, the market speculator, was back home with his family today, but was in a serious condition, suffering from a nervous breakdown.
 Released just before midnight last night in suburban LaGrange, he is usually debonaire Factor, who is reputed to have made "big money" in the markets, told a story of mistreatment by his captors, but denied, as did members of his family, that any ransom had been paid. There were reports, however, that anywhere from \$75,000 to \$200,000 had been paid to effect his release.

Captain Dan Gilbert of the state's attorney's police said he believed that a large ransom was paid and traffic policeman Eugene Cortesi of LaGrange said that Factor himself had admitted there had been a payment.
 Unshaven, and ill-appearing in other respects, the man who is wanted by the British government for an alleged \$7,000,000 swindle in England, approached Policeman Cortesi and Policeman Gerard of River Forest at the main business intersection in LaGrange and announced:
 "I'm John Factor."

He was taken to the police station and later was brought to his Chicago hotel, where he told Captain Gilbert and Police Lieutenant William Blaul that his abductors had demanded \$500,000 ransom and had threatened him with machine guns and a pair of scissors when he told them he couldn't raise the money.
 A farm house, northwest of Chicago overrun with cockroaches was believed by Factor to have been his place of imprisonment, but he was

Exercises Give Vets of '18 The 'Charley Horse'

Veterans, not as spry as they were in world war days, are taking settling-up exercises with very faces at Fort Sill, Okla., according to Dan Thurman, Pampa man in the reforestation training camp there.
 "They have the right theory from their experiences of 1917 and 1918, but they are so awkward and stiff that it is difficult for them to perform as young men again," Mr. Thurman wrote The NEWS. "Every man in the company has 'Charley Horses' and many think they have a few cracked bones.
 "Activities have, not been so brisk of late. We have drawn our equipment and are busily engaged in learning the art of 'bunk fatigue.'"
 "The officers and enlisted personnel of this camp have stated that the government made a grave mistake by not giving 250,000 veterans that due to the fact that the veterans are more settled, more work can be obtained from them than the younger men. However, this is not meant as a reflection on the younger members of the CCC.
 "We have our orders to go to Gunnison, Colo., but the date of departure has not been set. It is stated that we will leave about July 13. Company 1824, to which Bill Crawford, Tom Odell and Frank Everhart belong, are scheduled to go to Amarillo. Company 1823 will go to Prescott, Ariz.

"We have taken our last typhoid inoculations. It does not seem to have a bad effect on the majority of the men, however, a few have suffered bad effects for a short period. The men over 45 years of age do not have to take the inoculations—they are too old to stand the grind.
 "Carroll Pullen and I visited the town of Lawton the 4th of July but were not highly impressed with the city. It is like most towns where army camps are located—they live off the soldiers and dig them the most and respect them the least. Of course, we being broke, they could not take a dig at us, for which we were thankful for no reason."
 "Not certain because during the entire period of his captivity he was blindfolded with tape, which was not removed until a few minutes before his release.

CHICAGO, July 13. (AP)—Superior Judge Joseph Sabath has decided to enjoin "the shadow of approaching death."
 He acted on a complaint of Mrs. Marie Malagoli, who said:
 "My husband wants to get rid of me. Recently he has taken to reading dream books. A few nights ago he said he saw the shadow of death over me. I'm getting so I lock over my shoulder for the shadow. I want it to quit bothering me."
 The court issued a restraining order.

In Other Words, Post Won't Take Any Passengers

NEW YORK, July 13. (AP)—If you want to be a passenger with Wiley Post on his around-the-world flight the fare is \$35,000. If you have that much and insist upon passage, Post and his managers will think up some new discouragement, maybe a higher fare.
 Dr. Martin M. Schor, a surgeon dentist made application to be a passenger last night. Lee Trenholm, Post's manager, set the fare at \$35,000. Dr. Schor offered \$10,000. Post already had rejected an offer of \$15,000 from an Oklahoma woman.
 "As a matter of fact," Trenholm said, "Post wouldn't take a passenger for twice \$35,000."

THE SHADOW OF DEATH
 CHICAGO (AP)—Superior Judge Joseph Sabath has decided to enjoin "the shadow of approaching death."
 He acted on a complaint of Mrs. Marie Malagoli, who said:
 "My husband wants to get rid of me. Recently he has taken to reading dream books. A few nights ago he said he saw the shadow of death over me. I'm getting so I lock over my shoulder for the shadow. I want it to quit bothering me."
 The court issued a restraining order.

Builder of Rock Island Is Buried In Dalhart Lot

DALHART, July 13. (AP)—Though few people know it Captain James H. Conlan, in charge of construction in 1901 when the Rock Island was built from Liberal west through Dalhart to Santa Rosa, is buried in a Dalhart cemetery. The inscription on his tombstone reads, "Jim Conley."
 Conlan won the title of captain in the Spanish-American war when he headed the famous Rock Island cavalry troop of which Ferg. O. Luscombe, veteran Rock Island engineer of Dalhart, was a member. Luscombe is now president of the Dalhart board of education.

HIP HIP FOR HIPPI!
 NEW YORK (AP)—Peter the Great, three tons of hoppopotamus, will be 30 years old Thursday and the Bronx zoo officials have his four-course birthday dinner all prepared.
 The appetizer is a bushel basket of mangles, a beetlike tuber. In lieu of soup will be served a sheaf of young corn stalks. Entree will consist of two loaves of brown raisin bread. And the piece de resistance will be Peter's standard dinner, 100 pounds of hay.

Spot Is Newest Post Office In Gaines County

SEAGRAVES, July 13. (AP)—"Spot," in Eastern Gaines county, midway between Seagraves and Lamesa, is the newest post office in the county.
 "Spot" was authorized recently by the post office department. Lonnie Mingusu was named postmaster.
 "Spot" is at Cedar Lake, and 41 families will be served by the new office. Charles H. Doak, well known rancher, gave the location for the office. Mail will come from Loop, the nearest office, about 10 miles from Seagraves. Loop is served by a star route from Seagraves.

POPE LEAVES ROME
 VATICAN CITY, July 13. (AP)—Pope Pius left the Vatican today in an American automobile en route to Castel Gandolfo, where the papal summer villa is situated, for a tour of inspection. It was the first trip of his holiness outside the Rome metropolitan area since he was crowned. Castel Gandolfo is 17 miles from Rome.
 W. J. Morrison of Tulsa is looking after business here.
 R. H. van Hook of Chicago is here on business.

Church Crowded At Tacker Rites

The body of Mrs. W. A. Tacker, 30, was sent to Navasota by the Stephenson Mortuary Tuesday afternoon following an impressive service at the First Presbyterian church. The Rev. A. A. Hyde spoke of the loss to family, friends, and church. The church was filled to capacity.
 Mrs. Tacker died yesterday morning in a local hospital. She had been a resident of this community for three years, living at the Humble camp west of the city. Mr. Tacker is with the Humble Pipeline company. The family came here from Wichita Falls.
 Besides her husband, Mrs. Tacker is survived by a small daughter, Shirley Ann. Other survivors are four sisters and three brothers.

JUST LIKE THIS!
 FARWELL, July 13. (AP)—Dick Hunter, an oil company employe, believes in making his illustrations graphic. Hunter was demonstrating to fellow-workmen how an employe of a competitive company dropped an oil barrel on his toe and crushed it. He lost control of the balanced barrel and let it fall on his own toe.
 Raymond Stevens was admitted to Pampa hospital Tuesday for treatment.

PATROLMAN IS HAPPY NOW

In One Night Changed His Sore, Burning, Inflamed Feet to Vigorous Strong Ones
 A Radox Footbath Did It
 Just soak your poor, weary feet tonight in a gallon of hot water to which 3 tablespoonfuls of Radox has been added.
 Radox opens the millions of pores and draws out those harmful acids and poisons which CAUSE burning, itching, pain and body misery.
 Hard, coarse skin on heels and soles is dissolved. Your feet feel young and lively.
 A big package 45 cents at City Drug Store and all drug stores—it won't fail—but if by any chance you aren't joyfully satisfied—money back. (Adv.)

SOUND ECONOMICS
 MANAWA, Wis.—Sometime next November, Edward J. Griffin, tavern proprietor, will learn whether his policy of selling a pretzel for a nickel and throwing in the beer was sound economics. A court then will hear charges that he violated an ordinance requiring a \$100 license fee to sell beer.

STEEL ALONE IS NOT ENOUGH!

—neither strong enough,
 nor safe enough, nor quiet enough
 for the body of a quality car like
CHEVROLET

CHEVROLET Why is it that every 12-cylinder and 16-cylinder car in America has bodies of steel reinforced by hardwood? Why is it that every make of car selling for over \$4000 uses bodies of exactly the same type? Why? For the same reason that Chevrolet uses it exclusively, and refuses to resort to anything else: Because every test and every experiment has definitely proved: **STEEL ALONE IS NOT ENOUGH!** Neither as strong, nor as safe, nor as quiet as a body of steel plus hardwood.
 The trouble with steel alone is that it stands just so much shock and punishment. Steel alone is also inclined to rattle and rattle. Steel simply can't do a job all by itself, any more than wood alone can! BUT—when you put the two together—a heavy, staunch steel body over tough, solid hardwood—then the hardwood reinforces the steel—and vice versa! The two work together. And the result: the strongest, safest type of body, such as Fisher builds for Chevrolet.
 Don't expect to find a steel plus hardwood body in any other low-priced car. Only Chevrolet has it! And don't expect to find, in any other low-priced car, sturdy, safe bow and slat roof construction, such as Chevrolet gives you. Or that greatest body improvement in the last ten years: Fisher No Draft Ventilation. Or a Cushion-Balanced Engine Mounting (that kills annoying vibration). Also, don't expect to find, in any other low-priced car, such Chevrolet features as a Starterator! Or a six-cylinder engine as dependable—or as economical—as Chevrolet's! No other car has them—and that's why twice as many people choose Chevrolet as any other make of motor car.
CHEVROLET MOTOR COMPANY, DETROIT, MICH.

GRANDSTAND IS UNDER CONSTRUCTION AT ROADRUNNER PARK EAST OF CITY

MORELAND WAS 'VERY TIRED' IN DALLAS CLUB TOURNAMENT

Couldn't Turn Down Invitation of Manager, Altho Defeat Was Inevitable.

By BILL PARKER
Associated Press Sports Writer
A look at the scoreboard seldom tells who is who in a golf tournament. This was brought to notice in the ninth annual Dallas Country club invitation. A spectator at the scoreboard pointed out several visiting golfers who scored high and wanted to know why they traveled so far to shoot such golf when they knew it wouldn't make the championship fight.

One of the players he referred to was Fred Borosi of the Houston Country club who was posted with a disastrous 90. The spectator did not know that Borosi is a fine golfer who has shot numerous rounds under 70, and is a consistent low 70 shooter at his home club. Fred simply had a bad day with his putter and shanked too many irons.

Another was Gaston Peck of Galveston posted with an 83. The spectator probably didn't know that Gaston Peck was once a finalist in the Texas Golf association state championship; that he is champion at the Galveston Country club, and is one of the ranking golfers. Too many putts ruined Gaston in the qualifying round.

Still another was Bud McKinney of Del Rio with an 82. It was doubtful if the spectator realized that McKinney three years ago led the entire United States national amateur qualifying for the national amateur; that he was a tournament sensation three years ago and still is one of the ranking Texas golfers.

Another was Billy Birdwell, former Arkansas champion, who had too many three putts greens. It was that way on down the list. Here were many names that had flashed in sport page headlines and will perhaps live to flash again. It was a situation where the speaker probably did not know that most of the players he referred to were not in their best in the invitation.

Moreland's Spirit

Gus Moreland, at the Dallas Country club invitation, revealed some of the qualities that have made him such a splendid golf champion. Moreland returned from the National Open on Monday. The invitation started Tuesday. His fine playing of 76-76-71-72 in the national open that gave him a tie for seventh place had left him very tired. The train ride to Pampa had added to his fatigue. The Dallas Country club is his club. He didn't want to play in the invitation, but Jones Touchstone, tournament chairman, made a special request of Gus to play.

Jews Further Ostracised

BERLIN, July 13. (AP)—Jews were virtually barred from almost all retail and mercantile fields by a new decree, announced today, ordering employers throughout the Reich to submit immediately a declaration that they are of non-Jewish extraction.

Mrs. W. C. Chisum of Pringle underwent a major operation at Worley hospital Tuesday.

Twitty Hurler Has Fanned 90 Men in 8 Games

SHAMROCK, July 13. (AP)—"Lefty" Dorman, 19-year-old pitcher for the Twitty club in the Cotton-Oil league, made up of teams from Wheeler and Gray counties, has struck out 90 men in eight games.

Dorman's average of more than 11 strikeouts to the game, or more than one each inning, was a feature of the first half of the league's season. His team won four games and lost four to place second to Pampa. The league leaders won six games and lost two.

Other members of the league are McLean, Wheeler, Magic City, and Shamrock. The clubs play only on Sundays.

TO BE READY FOR MERCHANT GAME SUNDAY

AMARILLO TEAM RATED AS ONE OF BEST IN PANHANDLE

Pampa's first baseball grandstand, with top and everything, will be ready to hold fans Sunday afternoon when the Danciger Roadrunners meet the fast Merchants of Amarillo on the new Danciger diamond less than a mile east of the city. Work on the grandstand started yesterday and Manager Earl C. Roff of the Roadrunners promised to have it finished by game time.

The new grandstand will seat between 300 and 350 fans. It will be erected behind the catcher's box and along the third base line so that the interior will be in the shade most of the time. There will still be plenty of room for cars to park along the first and third base lines. With the grandstand and parking space, it is estimated that 1,000 fans can be accommodated comfortably.

The Roadrunners have lost only one game this season and that to the Skellytown Oilers several weeks ago. Last Sunday the defeat was avenged with a 6 to 1 triumph. The team has been strengthened recently and is ready for all comers, including the Phillips "66" of Borger, the team that has been side-stepping games with both the Roadrunners and Magnolia "Mags."

Word comes from Amarillo that the Merchants have lost only a few games this season. The team is made up of many well known players. The team roster will probably be received here later this week.

Manager Roff of the Roadrunners has not named a starting battery but it will probably be Stewart and Leggett although Thomas and Godwin will be available. The game will be called promptly at 3 o'clock. Admission will be 25 cents.

Rumor Dempsey To Wed Actress In Nevada Soon

KANSAS CITY, Mo., July 13. (AP)—There was talk of wedding bells among friends of Jack Dempsey, the former heavyweight boxing champion, and Honora Williams, actress, as the two headed west today.

Dempsey, who has admitted his interest in the Broadway star, was reported to have told friends he and Miss Williams will be married in Reno, Nevada, soon.

He left here by motor car last night for Salt Lake City to referee a bout involving his protegee, Max Baer. Miss Williams was believed to be on her way to Hollywood by train.

Asked on his arrival by plane from Fort Worth yesterday of reports of a pending marriage, Dempsey said: "Well, there might be some truth in it. But I'm not going to get married right away."

CUBS' DRIVE PUTS THEM IN SECOND PLACE

GIANTS WALLOP CARDS AND END LOSING STREAK

By HUGH S. FULLERTON JR., Associated Press Sports Writer
The champion Chicago Cubs, who haven't been attracting a great deal of attention this season, have climbed into second place in the National League.

While the St. Louis Cardinals and then the league leading New York Giants floundered, the Cubs have been winning games steadily. They haven't been hitting hard, but their blows have been timely and they have had some good pitching. The result is 13 victories in 18 starts.

The Cubs extended their current winning streak to seven straight yesterday with a 5 to 3 victory over the Brooklyn Dodgers, who haven't won a game at Wrigley field since last July. One fair hit, three Dodgers errors and a fly ball which fell for a double when Ralph Boyle lost it in the sun, produced three runs and settled the game in the opening inning.

The Giants, meanwhile, shook off their streak of bad fielding as Hal Schumacher presented them another set of six-hit pitching performance. They defeated St. Louis 3 to 0 to increase their own lead and to shove the Cards down into third place.

The Pittsburgh Pirates interrupted Boston's winning ways by taking a ten-inning slugfest 9-9 on Arky Vaughan's triple after the Braves had slammed out all their runs in the ninth inning. The Cincinnati Reds, after a day in the National League cellar, climbed out again by defeating the Phillies 4-1 behind Larry Benton's seven-hit flailing.

Washington's Senators held their place two games ahead of the New York Yankees in the American league race when good pitching netted each team a victory. Washington defeated the Chicago White Sox 4-1 as Earl Whitehill pitched five hit ball and Bill McAfee finished the job when he began to wobble in the ninth.

Johnny Allen's expert elbowing opened the Yanks to turn in their fifth straight victory, 4-2 against the St. Louis Browns.

The Boston Red Sox moved a step nearer the top of the second division by outpunting the Detroit Tigers 1-0 in eleven innings when Joe Johnson smacked a single to drive in Rabbit Warfield and break up a mound duel between Lloyd Brown and Vic Sorrell. Jimmie Fox's 25th home run sent the Philadelphia Athletics off on a three run rally in the sixth that produced a 6-4 victory over the sixth place Cleveland Indians.

Mrs. C. M. Hughes and baby son were dismissed Wednesday from Worley hospital.

A. L. Ammons underwent a major operation at Worley hospital last night.

leaps and set the prizes.

Among the prizes already received are: a set of Symetric woods and a set of Symetric irons from City Drug; a Walter Hagen driver from J. R. Hagen, club president; sweater or shoes from Carter's store; \$5 in groceries from Jitney-Jungle, and six un-named prizes from Murfee's and Kees & Thomas.

FORTY-FIVE GOLFERS QUALIFY FOR GRAY COUNTY CLUB MEET

Tomorrow Is Final Day To Enter Tournament; Play To Begin on Sunday.

Forty-five golfers had qualified for the Gray County golf club's handicap tournament up to last night and many were on the course today qualifying. The zero hour for qualifying will be dark tomorrow night and play will start Sunday morning and last through the following Sunday.

Qualifying is over 18 holes and tournament play will be over 54 holes. Play in the tournament may be divided into nine or 18 holes play so long as the 54th hole is played by dark July 22. At least two players must play at a time.

Prizes will be numerous and costly. Six local firms have already offered prizes and more will be on hand for the tournament. The prize list has not been named as yet but the tournament committee will meet Friday night to set hand-

people is already heavy enough.

WISH THE ROAD
There is no doubt that the people wish the Pampa-McLean road built as soon as possible. The commuters are expected to be alert and to take action at the proper time. Perhaps, if there is no hope of getting the highway commission to take over the project, the federal government may pay 30 per cent of the cost. Moreover, perhaps the state will take over maintenance after the road is paved. The whole matter will come to a climax within ten days or two weeks. . . . Meanwhile, Gray county is not high-pressuring the highway commission. A brief, with maps and unemployment statistics, has been given the state body. There is a letter asking for a knowledge receipt of this brief and expressing warm commendation for it. Gray county and the commission are on the best of terms. We may hope for action within a month.

PAMPA, BORGER FORTUNATE
Engineers presumably will begin work soon locating highway 41 from the end of the Gray county paving to Borger. This is a preferential project, but the engineering is yet to be done. Closing gaps on such roads as 66, 33, and 152 in this county is expected to be financed with federal emergency funds. This explains why Gray thus far has not been mentioned in the preferential lists. . . . Relocation and proposed hard-surfacing of highway 88 from Spearman north is a good sign—we may expect our own 88 to be paved and, some day, the two stretches connected by a road north across the Canadian river at a point between Pampa and Miami. . . . The unemployment emergency is giving this section roads which otherwise might not have been built for several years, just as the post office appropriation was similarly expedited.

Mrs. M. C. Borkie and twin daughters left Worley hospital Wednesday for their home.

Petrolle Given Technical K. O. Over Hollander

NEW YORK, July 13. (AP)—Billy Petrolle, the rugged Duluth welterweight, today held a somewhat disputed victory over the speedy Hollander, Bep Van Klaveren.

Petrolle was awarded last night's bout at the Polo Grounds on a technical knockout in the fourth round when Dr. Joseph Sheridan, New York State Athletic commission physician, ordered the fight stopped because of a deep gash in Van Klaveren's right eyelid.

Petrolle weighed 144 pounds, Van Klaveren 145.

Pete Regal To Box Oklahoma City Boy

Borger fight fans are excited about the Yellow Dog boxing card tonight, and a number of Pampans plan to drive over and see the slug-fests.

The main event brings a boy by the name of Averdone from Oklahoma City to meet the wild-swinging Pete Regal of Borger in 10 rounds. Another youngster named Howard will tangle with Jay Ward of Borger in eight rounds.

While Borger fans think Regal is about the best, Pampans hope to see him beaten until it will be impossible in any way to give Regal the decision as was done in his recent fight with Kid Granite when he failed to lay a hand on him, with the exception of some rabbit and kidney punches.

Several good preliminaries will open the big card. The fights will be open-air, the walls having been torn from the old boiler house.

Mr. and Mrs. W. Trimble have returned to their home in West Virginia after a vacation visit with Mrs. A. W. Pollard.

DALLAS AGAIN CLIMBS INTO FOURTH PLACE

NEW YORK, July 13. (AP)—The Dallas Steers were up Thursday. The down again and up again Beaumont Exporters were down Thursday. Meaning that Wednesday's Texas League schedule furnished another swifter in the tussle for fourth place between Dallas and Beaumont—the last place a team can finish and participate in the Shaughnessy pennant-plan.

The Steers jumped from fifth to fourth with an easy 12 to 4 win over Beaumont. Leftie Tietje, young right-hander, out-hurled Lefty Joe Sullivan, who went the route. He allowed sixteen hits while Tietje scattered eleven Beaumont bingles to the four winds. Every player in the Dallas line-up connected for at least one hit. Fred Brickell led the way with three lusty wallops, one a triple and one a double.

For the third place San Antonio Missions, it was just another win. This time it was a 6 to 0 victory over Oklahoma City. Fabian Kowalk, a young pitcher who is very hard to beat when right, was triple right against the Indians. He scalped them with four hits. He hit a home run that touched off the fireworks of a five-run rally in the fifth. He out-pitched Al Benton who allowed the Missions eight hits. He allowed only two hits through the first seven innings.

The Galveston Buccaneers were made to walk the gang-plant when Tulsa cracked the whip for a 13 to 4 decision. Frank Barnes, a husky portlander, scattered eight Galveston hits while his mates collected eleven off Jorgens, Hutchinson, Moore and Thormahlen. Tulsa scored ten runs in the first inning.

The league leading Houston Buffaloes also took one on the nose when Fort Worth drubbed them, 8 to 4. Lefty Minouze limited the pace setters to six hits and coasted through with an easy victory.

FIGHTS LAST NIGHT

By The Associated Press.
NEW YORK—Billy Petrolle, Fargo, N. D., stopped Bep Van Klaveren, Holland, (4). Wesley Ramey, Grand Rapids, Mich., outpointed Jimmy Slavin, New York, (5). Varris Milling, Los Angeles, outpointed Al Roth, New York, (5). Herman Perlick, Kalamazoo, Mich., outpointed Patsy Pasculli, New York, (5).

OAKLAND, Calif.—Meyer "K. O." Christner, Akron, O., outpointed Jose Santa, Portugal, (10). Pinto de Sa, Portugal, knocked out Joe Herrera, Oakland, (2).

Bush Walks Man After 22 Innings

CHICAGO, July 13. (AP)—Guy Bush's long, arduous quest for control of his screwball has been rewarded. Yesterday while trimming the Brooklyn Dodgers for his tenth victory of the season, the Chicago Cub right hander finally broke down after 22 2-3 innings and issued a base on balls. He finished the game without walking another man, for a record of one pass in 30 innings.

The Mississippian has used the delivery for more than a year, but until recently was never quite certain that he could make it behave.

4 decision. Frank Barnes, a husky portlander, scattered eight Galveston hits while his mates collected eleven off Jorgens, Hutchinson, Moore and Thormahlen. Tulsa scored ten runs in the first inning.

Why risk your life when blow-out protection is FREE?

Tests prove this new tire is 3 times safer at high speeds

You may never go faster than 40. But that doesn't mean that you can't have a blow-out. . . . or that you're safe from the awful results.

What causes blow-outs?
Today's high speeds—40, 50, 60 and 70—generate terrific heat inside the tire. Rubber and fabric separate. A blister forms. . . . and GROWS. Then suddenly it happens. . . . BANG! A blow-out. And a terrific drag pulls your car off the road.

But now Goodrich has perfected the Life-Saver Golden Ply. This invention resists intense heat. Rubber and fabric don't separate. Thus, blisters don't form. Blow-outs are prevented by eliminating their cause.

THE MISTLETOE, A PARASITE
WAS THE FIRST OFFICIAL STATE FLOWER. (OKLAHOMA)

OKLAHOMA adopted the mistletoe as its official flower while still a territory. It was adopted in 1893, for the Oklahoma exhibit at the Columbian Exposition in Chicago. Minnesota had a bill pending at the same time to make the mossassin fern its official blossom, and this bill passed shortly afterward. Vermont was the third state to select a flower.

INDUSTRIES NOW REALIZE THAT ROOSEVELT 'MEANS BUSINESS'

'ACT OF GOD' IS NOT ENOUGH FOR WALLACE

DESPITE SMALL CROP, HE INSISTS UPON ACREAGE CUT

WASHINGTON, July 13. (AP)—American farmers face the prospect of their smallest grain and corn harvest in decades, but farm administrators are going right ahead with plans to make smaller crops the future fashion.

The worst crop weather in 50 years—provided by droughts, excessive heat, storms, grasshoppers and insects—is responsible for what in many areas will be a total crop failure with yields lowered through most of the grain and corn belts far below average.

But nature's method of curtailing production is unsatisfactory, says Secretary Wallace. It brings tragedy to some and higher prices to those who are lucky enough to raise something.

He made this plain after reading estimates of the crop reporting board forecasting the smallest wheat crop since 1893, one of the four smallest corn harvests in 32 years and the highest crop of oats since 1897.

He said that the exceedingly short grain crop, while solving to some extent the surplus carry-over from last year, can easily cause both farmers and city people to lose sight of the fact that we are still planting more acres to grain than can be consumed in this country or sold at a fair price abroad.

"The unusual weather conditions of the year and higher prices resulting will distort the judgment of the farmers of the United States as to what they should plant next year unless we are able to cooperate in some effective way under the mechanism of the agricultural act," he asserted.

LINDBERGH HAS 'HIGH TEMPER' AND HIGH VOICE

Maintaining Privacy Is Big Problem Of Aviator

BY MELVIN E. COLEMAN, Associated Press Staff Writer.

How to maintain privacy in the face of world-wide fame is the constant problem of Charles A. Lindbergh.

"It's the only way I can maintain my independence of action," he explains and then refuses to explain an itinerary for a flight of exploration or good will or just plain recreation.

Just so, he'll talk about aviation and clamp down on every hint that the public would like to hear or read his views on any other subject.

When he does talk it is in a high-pitched voice which he keeps so low in volume that auditors must be fairly close to hear what he says. He is a nervous talker.

If a table handy he perches on one corner and swings his free foot. Otherwise he shifts his weight back and forth, raises his hands in jerky little gestures.

His voice comes up when he's angry. He has no patience with careless mechanical work on his planes and let's the culprits know it. He flushes red, bites off his words and spits his teeth when that happens.

Careful grooming is not in his book, but it's a matter of indifference, his friends say. Generally he wears a blue suit and usually it is wrinkled. It hangs loosely on his spare 6 foot, 1 inch frame.

Freedom to do his work in his own way has been in his mind ever since he quit the University of Wisconsin to take up flying. He might have sold that freedom for millions after his New York-Paris hop, but he rejected all bids from stage, screen and radio, sent back hundreds of thousands of dollars to enthusiastic donors and stuck to his choice of being a world missionary in the cause of aviation.

Negotiator

NEA

A AGREEMENT between railroads and railway labor suspending their wage reduction controversy until June 30, 1934, was the first major accomplishment announced by Joseph B. Eastman, federal railroad co-ordinator, after industrial recovery machinery was set in motion. Eastman is pictured after the conference that produced the truce.

Farm Youth Is Given Damages For Operation

HART, Mich., July 13. (AP)—A farm youth who submitted to a sterilization operation after he was accused of having contributed to the delinquency of a minor girl was awarded \$3,250 damages in circuit court here today.

The youth, William Wells, had sued for \$30,000 on the ground that he had been coerced and was not fully aware of the nature of the operation.

He was awarded \$1,750 from Henry I. Palmier, former probate judge; \$1,000 from Miss Frances Hackett, former registrar of probate, and \$500 from Guy Walker, former sheriff of Oceana county.

The girl was a 15-year-old ward of the probate court here. The jury, which was out 14 hours, held there was no cause for action against Dr. Norman W. Heysett, the physician who performed the operation.

GRAIN TABLE

Wheat	High	Low	Close
July	1.06%	1.04%	1.05%
Sept.	1.09%	1.07%	1.07 1/2%
Dec.	1.12%	1.09%	1.10%
May	1.15%	1.13%	1.13 1/4%

Miss Laverne Low was able to leave Worley hospital Wednesday after a major operation.

EUTAW, Ala., July 13. (AP)—Geo. Katsouras, Greek wrestler of New York, was killed, and John Paul Jones, Texas wrestler was injured seriously today as their automobile overturned near here.

MONEY POWER NOT YET USED BY PRESIDENT

ROOSEVELT CAN FIX A GOLD AND SILVER RATIO

BY NATHAN ROBERTSON

WASHINGTON, July 13. (AP)—The object of inflationary powers voted to President Roosevelt was to enable him to put more money into circulation in the campaign to raise commodity prices and spur re-employment.

With inflation, the arguments in favor ran, costs of things, increase people buy and build where before they were holding off on the chance prices would go lower.

The things they buy and build decrease supplies, and the growth of demand provides work in the factories and mills as the manufacturers step up production. The soundness of these arguments was disputed by many; but congress by a substantial majority voted in favor.

What led to this law was the insistent, devastating deflation that occurred after the '29 crash. With it, the value of money rose to such a degree that millions who had contracted debts about 1929 found it increasingly difficult to pay, mass purchasing power diminished; business stagnated, more and more people lost work.

For instance, a farmer who had a debt which several years ago repented what he could get for 1,000 bushels of wheat was in a position last winter where the debt represented very much more wheat. Whether due to inflation possibilities or poor crops produced or what, today he is much nearer able to pay that debt with 1,000 bushels of wheat than he was in March.

Should the price trend be reversed, it is conceivable that the direct inflationary process, not yet in actuality, would be undertaken.

To inflate is to increase the currency and make it worth less in terms of things bought.

The law lets the president order issuance of paper money of denominations from a dollar to \$10,000, providing that not more than \$3,000,000,000 of this is out at any one time.

Congress appropriated funds to cancel four per cent of such notes annually.

Also, Mr. Roosevelt if he chooses can fix a ratio between gold and silver. He can provide for unlimited coinage of the metals at that ratio.

Further, in negotiations with foreign countries as to ratios of gold, silver and currency values, the president can reduce the gold content of the dollar up to 50 per cent—make it worth half what it is now.

To date, only the credit inflation section of the law has been invoked; and that to a very negligible extent.

It works this way: The treasury can agree with the federal reserve board to buy federal securities—such as liberty bonds—in the open market up to \$3,000,000,000.

By taking up such investments, the theory is that the money which was tied up there would be turned more to private enterprise, that the people who get money for their government bonds would reinvest it in industries and businesses which meanwhile are busy turning out the things that the people are buying, thus making more jobs.

PLAN

(Continued from page 1.)

master General Farley had conferred with President Mitchell of the civil service commission.

The new order will require applicants to answer a questionnaire prepared by the civil service commission. This document will follow substantially written tests now required of candidates for third class offices.

The questionnaire will be rated in Washington by the commission which will certify a list of eligibles to the postmaster general.

The postmaster general will submit to the president the name of one of the highest three for appointment.

Fire In Dugout Is Extinguished

The fire department answered a call to 503 South Somerville during last night and with the aid of the booster pump, extinguished a fire in a dugout at the rear of the premises without damage. Cause of the fire is unknown.

The department has answered four calls this month, but the damage has been negligible. The terrific heat has caused everything to be dry and Chief Clyde Gold urges citizens to be very careful in burning trash, dry grass, and weeds.

County Budget Hearings To Be Held In October

Preliminary work on the Gray county budget for next year is being done by Auditor R. C. Wilson and Judge C. E. Cary.

Public hearings will be held in October or early September. Last year the public showed little interest in the hearings held by the city and county.

Last year the budget was based on estimated tax payments of \$5 per cent. The taxes paid to June 1 were 84.77 per cent. Predicting this year is much harder, however, because while farmers are hard pressed, much relief is being planned by the federal government.

precipitated, officers believe, by a dispute over division of \$72,000 loot taken in a mail robbery here last February 21.

Officers held to the theory that the three men were wiped out just before they were to have been paid \$9,000 for their part in the mail robbery. It was considered likely an attempt was made to cheat them out of their share of the loot and when they threatened to "squeal" they were slain.

MURDERS

(Continued from page 1.)

W. D. May, and M. T. Howard, who, with Stevens and M. D. (Blackie) Howard, were charged with the slaying, were questioned until dawn after the bodies were unwound from their "hog-wire" fencing wrapping, were examined for wounds and were identified.

Pictures of the decomposed bodies were shown May and Howard during the separate hour intervals when they were quizzed by Martin and Wright. Both men showed emotion, their questioners said.

The bodies were identified by relatives as those of Jack Sturdivant, 23, Abilene; Harry Rutherford, 28, Abilene; and J. B. Rutherford, 30, Dallas.

The slaying of the three men was

New System of Elections Told At Lions Club

A system of elections providing proportional representation to a degree not obtainable in most units of government in this country was explained to Pampa Lions today by R. G. Allen.

By use of an experimental election and blackboard illustrations, he explained the system which is widely used in other nations.

The clubmen enjoyed solos by T. Duncan Stewart, local violin instructor, who played without accompaniment.

During club singing, Mrs. C. R. L. Vawter of the Vawter evangelistic party now at the First Christian church, sang a soprano solo. Visitors today included Mr. and Mrs. Vawter, Miss May Vawter, Billy Reeves, Howard House, and Frank Hill.

Gang's Attack On Physicians Puzzles Police

ST. PAUL, July 13. (AP)—A belief that one member of a gang which attacked two St. Paul doctors was familiar with the practice of medicine today heightened mystery surrounding the case as police sought a motive for the crime.

The two victims, Dr. E. J. Engberg, prominent physician, and Dr. W. H. Hedberg, president of the Minnesota Chiropractor's association, were recovering in a hospital.

Although it was established that Dr. Engberg was kidnaped in an attempt to force him to mutilate Dr. Hedberg, police said Dr. Hedberg continued to insist that he did not have any idea who perpetrated the attack or what motive inspired it.

However, Dr. Joel C. Hultkrans and Dr. Robert Earl, who are treating Dr. Engberg, said they were of the opinion that a hypodermic and anesthetic given their patient were administered by a man more or less familiar with the practice of medicine.

It was Dr. Hultkrans' belief that the assailants administered a hypodermic to make Dr. Engberg submissive, but that they erred and gave him too much of the drug, inducing a partial paralysis that frustrated their purpose. Then, Dr. Hultkrans believes, the attackers gave Dr. Engberg ether to make it easier to dispose of him and make their getaway.

Both Dr. Engberg and Dr. Hedberg told police they had been summoned from their homes Tuesday night to make calls which proved to be tricks.

Dr. Hedberg said three men jumped onto the running board of his car when he arrived at the address given him. He was given an anesthetic. He was found lying beside a road early yesterday after his automobile, containing Dr. Engberg, had been side-swiped by a train at a nearby crossing.

Huge Welcome Awaits Armada

CHICAGO, July 13. (AP)—A spectacular reception is being planned to honor Gen. Italo Balbo and his Italian transatlantic air fleet upon their arrival at their journey's end—A Century of Progress International Exposition—possibly Saturday.

Officials of the world's fair announced today their intention of making it one of the greatest welcomes ever staged in America. It is anticipated that the airmen, now safely across the Atlantic ocean, will be greeted here by a crowd of half a million.

Whatever day the Italians bring their ships to rest on Lake Michigan will be Italo Balbo day at the fair—everything else giving way.

W. H. Fairbank of Dallas is a visitor here for a few days.

Borrowed cars prove Gulf-lube cuts oil costs 28 1/2%

6 BORROWED CARS test four of America's leading brands of 25c motor oils—and every car brings in the verdict "Gulf-lube lasts longest!"

America's greatest 25c motor oil

THE Contest Board of the American Automobile Association recently put 4 famous 25c oils "on the spot" . . .

One after another, these famous oils were put in 6 borrowed cars—and tested for 4 days, 12 hours a day, on the Indianapolis Speedway.

When the figures were averaged, here was the amazing result—Gulf-lube went 28 1/2% farther before a quart of oil had to be added. It beat every oil in every car!

Switch to Gulf-lube! You'll buy less oil. You'll pay less for repairs—for the oil that lasts longer is a better lubricant. Get Gulf-lube at any Gulf station!

Reach for a Lucky — for always Luckies Please!

Men smile at my simple reasoning

Whenever the subject of cigarettes comes up, I sit back quietly and let the men explain about the "Toasting" process. Then, if they ask my opinion, I'm pretty frank and tell them why "Luckies please"—me, at least. After all, there's an intimate relationship between a cigarette and my lips

—and I'm very sensitive about my personal daintiness. Certainly I enjoy Luckies' delicious tobaccos and their mellow-mildness—but the comforting purity of "Toasting" is what I prize almost above everything else. And that's a woman's reason for saying "Luckies Please!"

because "It's toasted"
