## POST LEAVES ON WORLD FLIGHT

### STEEL INDUSTRY JOINS CONTROL PLAN AND BOOSTS WAGES

### FARLEY PREDICTS REPEAL AS THREE STATES IN SOUTH PREPARE TO VOTE

#### HOT BATTLE IS BEING FOUGHT IN DRY SOUTH

BOTH SIDES CLAIMING VICTORY ON EVE OF ELECTION

MEMPHIS, July 15 (AP)—Prohibition repeal in 1933 tonight was forecast by Postmaster General Farley in an appeal to long-dry southern states to fulfill the democratic platform just as he said President Roosevelt had.

"The democratic party favors repeal," the chairman of the national committee said. "President Franklin D. Roosevelt favors repeal. The vote in 16 representative states indicate the American people want repeal."

#### Kept Promises

"These three states, Mississippi and others sent solid Roosevelt delegations to the Chicago national convention and aided in the nomination of that candidate," he said.

#### Archbishop To Be Installed On August 23

The Most Rev. R. A. Gerken, bishop of the Amarillo diocese, will be installed as archbishop of Santa Fe Wednesday, August 23, it was announced yesterday in a communication from the chancery office in Amarillo.

#### THREE GUESSES

WHAT IS THE NAME OF JAPAN'S EMPEROR?  
WHERE IS LAKE PONTOCHARTRAIN?  
WHERE IS THE LEMMING FOUND?  
(See ANSWERS, Page 6)

#### Boss of Draft in New Job

GENERAL HUGH JOHNSON above, is shown at his desk as he works at what many believe is the biggest peace-time job of American history—carrying out the national industrial recovery act.

#### WIND AND ELECTRICAL STORM BRINGS 1 1/2 INCHES OF RAIN IN PAMPA AREA; SHOWERS GENERAL

#### End of Drought Has Interrupted Hot Weather

A terrific rain storm, heralded by a sudden fog of dust which turned daylight to darkness, visited Pampa and many parts of the north Panhandle plains Friday evening and, together with a hard shower during the night, left precipitation of about 1 1/2 inches.

It was a rainfall of the kind expected all spring and summer—blinding sheets and sudden deluges which halted traffic and did considerable damage to roofs, windmills, and windows in this vicinity.

Reports from Perryton indicated damage of as much as \$100,000 from a 70-mile wind which accompanied a rain. Most buildings in the town were damaged by wind or rain.

#### CONDITIONS OF CODE FLAYED BY LABORITE

HOURS TOO LONG, PAY TOO LOW, DECLARES GREEN

BY JAMES COPE, Associated Press Staff Writer. WASHINGTON, July 15 (AP)—Steel, colossus of American industry, today gave a mighty forward shove to President Roosevelt's campaign for national recovery, submitting a wage-raising, work-spreading agreement and simultaneously boosting the pay of its workers.

As other industries assembled with steel and coal in the work sharing, wage hoisting column, the government continued its efforts to bring all business into the united endeavor to make the pocketbooks of workers bulky enough to absorb the increasing output of factories.

Robert P. Lamont, president of the Iron and Steel Institute and one-time secretary of commerce, brought the steel agreement to Hugh S. Johnson, the industrial administrator. It was signed, Lamont said, by companies representing 90 per cent of the country's output.

In concert, from steel town after steel town, flashed the word that wages were raised 15 per cent immediately. Some others announced that minimum levels also would be attained beginning tomorrow.

#### Green Objects

The code, however, was quickly criticized by labor. William Green, president of the American Federation of Labor, said its wage levels were too low, and the average of 40 working hours a week too high.

Gray county commissioners will meet Monday to go over the tax rolls and also to decide what action is to be taken in urging the state to pave or assist in paving the Pampa-McLean road.

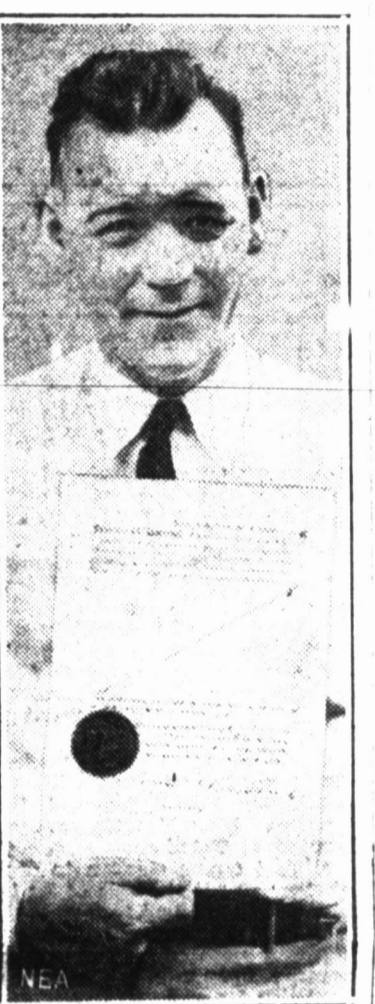

Gray county commissioners will meet Monday to go over the tax rolls and also to decide what action is to be taken in urging the state to pave or assist in paving the Pampa-McLean road.

#### Wins Pardon

THE only ex-convict in Congress. Representative Francis H. Shoemaker of Minnesota is pictured here after leaving the White House with an official pardon from President Roosevelt.

#### WATER SAFETY WORK IS GIVEN BY RED CROSS

Live Saving Expert Gives Tests To Pampans

Insurance against local deaths by drowning will result from a course of instruction in life saving terminated yesterday when A. T. McCue, life saving representative of the Red Cross, gave the final tests to those qualifying for examiners.

The examiners are authorized to give the junior and senior life saving tests which will be held from time to time for those who take instruction from Harry Kelley at the municipal pool.

Mr. McCue, bronzed veteran instructor, gave several hours of public demonstrations yesterday, following tests which will be held from time to time for those who take instruction from Harry Kelley at the municipal pool.

#### PAMPA WHEAT MARKET

No. 1 wheat jumped three cents a bushel on the local market to end the price to 95 cents a bushel Monday morning.

Owners or managers of seventeen Pampa barber shops, after meetings with a representative of the state board of barber examiners, have announced a new, uniform schedule of prices which include some slight advances and a number of decreases.

#### COTTON PLAN IN COUNTY IS BIG SUCCESS

ORDERS TO PLOW PART OF CROP EXPECTED WITHIN WEEK

Although Secretary of Agriculture, Wallace has declared the cotton retirement plan in effect, orders to plow cotton will not be issued at Washington until Wednesday and several additional days, will elapse before these orders are transmitted to Gray county farmers.

There will not likely be any meeting of cotton farmers this week. County Agent Ralph Thomas has been told to caution farmers not to plow up cotton until they have notice from the county agent.

The county cotton committee has about 30 more applications to approve, but all field inspections have been completed. The committee met with Mrs. Thomas yesterday in McLean and finished most of its immediate work.

Flows will soon be used on 700,000 farms in 16 states, plowing up potential production of 3,540,000 bales. The acreage involved is about nine millions. A potential crop of 13 million bales was seen by the crop reporting division of the department of agriculture last week.

To finance the retirement plan, which in Gray county will mean about \$11 per acre on something less than 4,000 acres, the government will assess a processing tax of 42 cents per pound and a similar tax on imports. In addition, farmers will take options on 2 million bales of federal cotton in storage, on which they are eligible to profit by market hikes.

#### Allowable Will Be Increased For Panhandle Area

The Panhandle oil allowable was to be increased to 55,000 barrels daily at 7 o'clock this morning. The order authorizing the increase was received by wire from Austin yesterday morning and employees of the local office of the Railroad commission started making out a new schedule.

The decision to raise the field allowable was reached after a hearing in Amarillo Friday when members of the local office gave testimony to show that the output was 55,000 barrels and that within a few weeks it would be raised 2,000 barrels through the construction of two refineries. They asked for the additional 3,000 barrels for emergency use to make the maximum output 60,000 barrels.

An increase in the allowable was made July 1 when it was raised from 44,000 barrels to 50,000 barrels. The percentage of negotiable oil being taken under the 55,000-barrel allowable was 17.06. The new percentage had not been determined.

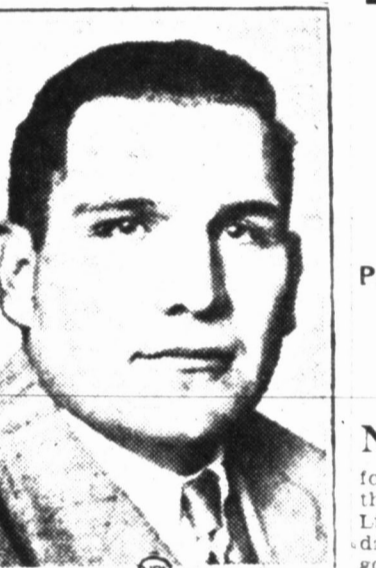

The new schedule will be placed in the mails Monday night or Tuesday morning.

Shaves will be 25 cents and hair cuts 35 cents, but all former 50-cent items will be 25 cents and former dollar items will be 75 cents.

A city hall employe trying to figure out who it was who sent her seven yellow roses (with fern) yesterday morning. "This is getting to be a game," said she.

A cartload of butter leaving the Gray County Creamery for New York, and another car of tub butter being filled, preparatory to shipment.

#### Calles No. 2

A GROUP of Mexican congressmen have organized to support Rodolfo Elias Calles, 33, son of former President Putarco Elias Calles, for the presidency of the dominant National Revolutionary party. His selection would put him in line for the presidency of the republic.

#### JONES TO BE ONLY SPEAKER HERE TUESDAY

#### Junior Chamber Will Be in Complete Charge

Officers of the Junior chamber of commerce who are directing arrangements for the All-Panhandle reception banquet Tuesday evening at the Schneider hotel, emphasized yesterday that it would be a one-speech event with Congressman Marvin Jones making that address.

The Joneses cited that the "ticket" sell-out well in advance of the banquet date and the presence of more than 200 representative Panhandle residents would be enough, and that those present wished the congressman to have time to develop his report on the national administration.

W. T. Fraser, president of the Junior chamber, will preside at the banquet and Jim Collins, former president, will be program chairman. Gilmore N. Nunn, vice president of the chamber, will introduce Mr. Jones.

Because of the absence on vacation of so many members of local musical groups, it has become necessary to bring in some talent. The entertainment specialties will be brief but of general appeal. Committees have been appointed to care for various details of the banquet.

Half an hour before the banquet room is opened at 8 p. m. Tuesday, Mr. Jones will renew acquaintances during an informal reception in the hotel lobby. The congressman has telegraphed that he will arrive in ample time for this gathering.

#### Rates of Barber Work Are Changed

Owners or managers of seventeen Pampa barber shops, after meetings with a representative of the state board of barber examiners, have announced a new, uniform schedule of prices which include some slight advances and a number of decreases.

Shaves will be 25 cents and hair cuts 35 cents, but all former 50-cent items will be 25 cents and former dollar items will be 75 cents.

A cartload of butter leaving the Gray County Creamery for New York, and another car of tub butter being filled, preparatory to shipment.

#### LITHUANIANS AIM TO REACH NATIVE LAND

PAIR LEAVES WITHOUT GOVERNMENTAL PERMISSION

BY THEODORE F. KOOP, Associated Press Staff Writer. NEW YORK, July 15 (AP)—Wiley Post, bound around the world for a second time, was racing across the Atlantic tonight with two Lithuanian fliers who hopped off at dawn for their native land without governmental sanction.

Post, confident of shattering the world record of 8 days, 15 hours, and 51 minutes which he and Harold Gatty set two summers ago, left Floyd Bennett field in his purple and white monoplane, Winnie Mae of Oklahoma, at 4:10 a. m. E. S. T.

A plane believed to be that of the stocky Oklahoma City aviator was reported at 1:10 p. m. heading out over the Atlantic from Torbay, Newfoundland. He is due in Berlin, his first scheduled stop, between 5 a. m. and noon tomorrow.

The two world war veterans began their projected 4,900-mile flight without passports and without permission to fly over or to land in any country along their course. At 1:45 p. m. a ship thought to be theirs passed over Clarenceville, Trinity Bay, Newfoundland.

Post, who arrived at the field

(See FLIERS, Page 8.)

#### Streets at Baker School Likely To Be Improved Soon

Caliche will be placed on streets in front of the Baker school building by the federal relief committee if the P-T A. members can find trucks to haul the materials.

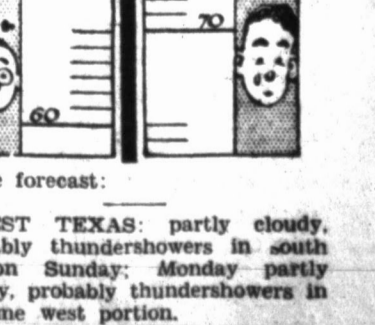

This agreement was reached yesterday by the P-T A. representatives, Mrs. Roy Holt and Mrs. Claud Lard, and the committee. The women have promise of donated gas and oil for the trucks.

The relief group approved a payroll for the week amounting to \$788.60 payable to 183 men and 16 women. The committee is continuing to handle the relief funds until such time as a reorganization may be effected by the state rehabilitation and relief commission and the county commissioners.

Appointment of a federal administrator in Texas is still awaited. Lawrence Westbrook is the state director.

#### Heat-o-Graph

Following Friday's rains, yesterday's maximum temperature took the comparatively frigid figure of 81 degrees.

## HEY KIDS! 'SCORCHY SMITH' TO THRILL YOU DAILY IN DAILY NEWS COMIC STRIPS

Boy Hero in Grave Danger As New Feature Is Begun in Place of "Freckles."

"Freckles," comic strip character who has appeared daily in The NEWS for several years, is taking an extended leave from this newspaper. In his place will appear a worthy successor in SCORCHY SMITH, hero and popular boy-adventurer. An introductory strip appears today. Be sure to follow his exciting adventures daily.

SCORCHY SMITH is in grave danger, a prisoner on a lonely island off the Florida coast, held captive by a gangster band that usually finishes its exploits with murder. SCORCHY is the hero of the daily picture-strip story that appears in the Pampa Daily NEWS.

land to get money to ransom SCORCHY. Meanwhile, Captain Garrett SCORCHY'S employe, is alarmed by the prolonged absence of his darling young pilot and organizes a searching expedition, but there are few clues and little hope. TED'S return, starts the machinery of the government in motion to set a trap for the bandits at the ransom rendezvous.

Thrilling developments are ahead. What will be SCORCHY'S fate? Read the answer in this daily strip in THE NEWS and watch it regularly for real life adventure, excitement and action.

NOTICE—It is not the intention of this newspaper to cast reflection upon the character of anyone knowingly and if through error it should, the management will appreciate having attention called to same, and will gladly and fully correct any erroneous statement made.

A SAFE INVESTMENT: He that hath pity upon the poor lendeth unto the Lord; and that which he hath given will He pay unto him again.—Proverbs 19:17.

England and U. S. English-speaking people should have many things in common, lest in quarreling all their slams and slurs be understood to their mutual displeasure.

side in the world economic conference on most issues. Both nations agree on the necessity for controlled inflation. Britain should understand America. Of course, no two nations can be entirely in accord—not even Canada and the United States.

A Postal Plan Patronage is part of the "stock in trade" of federal office holders. Postmasterhips are traded for good will and votes. The president gives the appointments on recommendation of senators and representatives.

As to Control Admirers of Mr. Roosevelt's campaign against the depression should not forget that politics has been adjourned about as long as possible. If the federal dictators and arbiters fall under the influence of politicians, chaos will result.

A New Declaration Josephus Daniels, American ambassador at Mexico, D. F., in an address to the American colony on July 4, suggested that "a new declaration from favoritism and privilege is needed for this day and hour."

"1. That the national resources of the country, such as Muscle Shoals, Teapot Dome, the dormant hydroelectric power in our rivers, are of right, and ought to be, the property of all the people, not to be sequestered or transferred or monopolized for the enrichment of any group.

"2. That in the pursuit of happiness every willing worker has an inalienable right to a job and that it is the duty of government to exercise the necessary wise statesmanship to insure him of the opportunity to earn his bread by the sweat of his face, in a government so administered that it shall restrain men from injuring one another, and which shall leave them otherwise free to regulate their own pursuits of industry and improvement, and shall not take from the mouths of labor the bread it has earned.

"3. That the possession of liberty must include the unrestricted right of freedom of thought, of speech, worship, and the control of the public weal of all agencies of government and all sources of industry when such control is necessary to insure the welfare of all the people, or to prevent monopoly.

"4. That costly experience has proved the inability to protect life and property unless wars can be effectively outlawed by the substitution of arbitration in the high court of reason rather than by recourse to arms. Assured peace is the highest goal and the essential condition to permanent restoration.

It is these four salient points which must constitute the backbone of the new declaration of independence from the present day foes which frustrate the abundant life, deny the fullest liberty and impede the happiness of the American people."

The history that opposites make the happiest marriages seems to be borne out by the fact that you seldom see a family quarrel when the wife is large and the husband small. Cleveland concern has quit the manufacture of motor cars and turned to making beer. It is presumed the customers will now get more smiles to the gallon. Numismatist says collectors of rare coins are increasing. We've noticed that those we have been able to collect recently have been very rare.

OUT OUR WAY By WILLIAMS

News Of Nearby Towns

LEFORS, July 15.—Several business men of LeFors are talking about organizing a Lions club. Mr. and Mrs. J. L. Boaz and family left Saturday for a two weeks vacation trip to Franklin, Ind.

CLARENDON, July 15.—Donley county cotton farmers have offered to retire 16,256 acres of the growing crop. R. Brown was employed again as county agent at a salary of \$600 per year, the rest of his salary to be paid by the federal government.

WHEELER, July 15.—Bill Jones, 25, was instantly killed and C. E. Cox was knocked unconscious when struck by a bolt of lightning Thursday afternoon on the Cox farm near Wheeler. The two men were hoeing cotton a short distance apart when the bolt struck.

CANADIAN, July 15.—A total of about 7,000 acres now planted to cotton will probably be plowed up in Hemphill county. William Harlan Hopkins, 77, oldest cattleman of Hemphill county and a resident here since 1878, died at his home in Canadian at 6:30 o'clock. He was among the pioneer cattlemen who came here from Colorado with Col. Goodnight, Milton Pollard, Joe Morgan, and Tom Bugby.

WHITE DEER, July 15.—Last week-end White Deer had shipped 75 cars of wheat, and shipments here this week should raise the total to around 150 cars. J. P. Dunn of Groom was in Pampa yesterday morning.

CHICAGO GRAIN CHICAGO, July 15.—Feverish general speculative buying swept the wheat market widely upward about 6 cents a bushel today to \$1.23 1/2, the highest price since 1930.

THE ZYBACH-OWENS post of the American Legion elected B. J. Cusman commander for the coming year at a recent meeting. Other officers elected were Harold Reed, vice commander; Jim Johnson, adjutant; Russell Nolen, finance officer; Chas. Naylor, chaplain, and Lee Smith, sergeant-at-arms.

REVIVAL AT THE Methodist church will start Sunday morning with the Rev. E. B. Bowen, pastor of the First Methodist church of Clarendon in charge of the preaching.

NEW ORLEANS COTTON NEW ORLEANS, July 15.—Trading was feverishly active in the cotton market today with profit-taking predominating in spite of the favorable outcome of the acreage reduction campaign.

McLEAN, July 15.—Dry leaders met at Shamrock Friday at 3 o'clock in the afternoon to organize and perfect plans for combating the repeal of the 18th amendment. The Canadian baseball team lost a 5 to 4 game at Elk City last Sunday.

Markets

New York Stocks

NEW YORK, July 15.—Stocks had little trouble weathering week-end profit-taking today and came through the Saturday market with a balance of net gains. Special strength in wheat and lively gyrations by current favorites of the share traders kept the rank and file of stocks from getting very far out of line, even during early irregularity; prices firmed all around in the late trading. Volume came to 2,242,460 shares.

Pampan's Brother Will Fill Post In Switzerland

Nathan T. Bartlett of Detroit, Mich., brother of D. A. Bartlett of Pampa, has been delegated by the League of Nations International Labor Organization of Washington, D. C. to carry on research work at Geneva, Switzerland, for the summer, according to a clipping received here from a Detroit newspaper. Mr. Bartlett will study the procedure of the League of Nations. He sailed from New York July 1.

Laws to Battle Kidnapers Are Being Prepared

WASHINGTON, July 14.—No matter how long it takes, in the words of Attorney General Cummings, the federal government will fight the underworld until law and order prevails over the gangster, kidnaper and racketeer. As part of that effort, the justice department continued work today on legislation intended to give the government greater power in dealing with the lawless. This will be presented to congress in January. Cummings said, although specific proposals have not been agreed upon.

sure of heavy profit taking and liquidation and the market fluctuated erratically. Near the close prices turned easier owing to prospects for rains in the west and October dropped to \$11.53 and December to \$11.73, new lows for the session and 25 to 29 points down from the early highs. The close was at or near the bottom with the active months showing new declines of 13 points.

For receipts 13,075, for season 8,804,317, last season 10,057,940. Exports 31,494, for season 8,073,706, last season 8,399,643. Port stocks 3,211,649, last year 3,492,663. Combined shipboard stock at New Orleans, Galveston, and Houston 140,721, last year 17,538. Spot sales at southern markets, 10,376, last year 2,102.

One idea, he said, is that of setting up a federal police force. But the laws would have to be changed, because in the past it has been held that the federal government can act only in things involving it, such as counterfeiting or smuggling, or in crime races that spread across state lines. Meanwhile, Cummings suggested that when kidnapers kidnap, the justice department bureau of investigation should be notified, all essential facts told to federal agents and officers not "properly constituted" kept out of the case.

KANSAS CITY LIVESTOCK

KANSAS CITY, July 15.—U. S. D. A.—Moderate receipts at most points and an improved dressed meat trade in the east were stimulating factors in the fed steer and yearling market at midwestern centers during the week and closing levels are unevenly 25-75 higher with best heavy steers taking most of the upturn. Choice heavy fed steers scored \$7.50 at Chicago for the week's extreme top. Demand for wealers was rather limited and final prices are anywhere from steady to \$1.00 lower than last week. Desirable light stockers sold up to \$3.25 at Kansas City while others brought \$4-\$5.

Exporters Beat Oilers With A Homer in Sixth

BEAUMONT, July 15.—John-Pass's home run over the left field wall in the sixth inning with Morgan aboard broke up a neat hurling duel between Joe Hare and Bill Moncrief and gave the Exporters a 3 to 1 victory over the Oilers here today, their third straight over the Oklahomans. Hare walked five men during the afternoon but three snappy double plays by his shipper buddies helped him out of trouble. Score by innings: RHE Tulsa 010 000 000-1 5 0 Beaumont 100 002 00x-3 6 2 Moncrief, Cromer and Mayer; Hare and Pass.

## CODES TO BE SUBJECT FOR NEXT SESSION

**THOMPSON, TERRELL TO GO TO WASHINGTON THURSDAY**  
 BY OLIN E. HINKLE  
 Managing Editor The NEWS, AMARILLO, July 15—Conditions in the oil industry are steadily improving insofar as regulatory efforts are concerned, Commissioner Ernest C. Thompson said at a hearing in Amarillo Friday. He added that "enough laws" had been enacted and that the federal government is becoming a powerful factor.  
 Illegal shipping of oil produced in violation of state laws is being curbed by reason of the strict laws and penalties provided by the last legislature. The railroad commission has been sustained in the courts more than 40 times in the

**BUILDING NEW PLANTS**  
 More than 30 men are employed at the Mel Davis switch southeast of LeFors in construction of a 1,200-barrel skimming plant for the Shamrock Oil & Gas company. The ground is being graded, a cattle guard removed, and material moved in for the plant. The Fort Worth & Denver is preparing to lay a service track.  
 The plant will be in actual operation within 40 days. Construction is being supervised by Bill Cerifino, plant superintendent of the company.  
 The location is in section 8, H. & G. N. survey, on the Chapman lease.  
 Construction of the Parton Refining plant 7 miles east of LeFors is expected to get under way this week. The plant will have a capacity of 300 barrels of crude oil daily. It will be located on the Parton and Hot lease.  
 Besides Mr. Parton and Mr. Holt, Bob Sowder and L. R. Harrell are interested in the construction of the plant.  
 last 90 days. The severest penalty—imprisonment of 2 to 5 years for violating commission orders—will go into effect August 28. Fines being

assessed are being placed at about \$1,000 in East Texas.  
**Shipping Restricted.**  
 On petition of the Texas commission and other bodies, President Roosevelt last week invoked the Connally amendment to the national industrial recovery act, barring interstate shipment of illegally produced oil. Commissioners Thompson and Terrell will attend at Washington Thursday a meeting of oil men and state authorities in which codes of fair practices will be discussed.

Col. Thompson praised a new organization formed last week in Houston—the Texas Petroleum Council, whose sole purpose is to assist the railroad commission in gathering accurate facts about the oil conditions at all times.  
 During the hearing, W. B. Hamilton, deputy supervisor, recommended raising the Panhandle field allowable from 50,000 to 60,000 barrels. He said he thought the actual demand was about 55,000 barrels and that it was advisable to have a small margin which could be used if the demand justified it. Several purchasers said they would not be in a position to take greater nominations now.

**Well Limit Talked.**  
 In the course of this discussion, the suggestion of a top allowable per well came up again for brief argument. Skelly's No. 6 Saunders in central Gray county, with a potential of 5,764 barrels and allowable of 1,000 barrels, was cited as an example. It was stated that Skelly had 92 wells with an average production of about 45 barrels daily, compared with an average production of about 32 barrels daily for each of the 1,900 producing wells in the Panhandle.  
 Possibility of a field-wide potential gauge appears unlikely following a discussion in which John Sherrin of the Shamrock Oil & Gas company remarked that the potentials taken 2 years ago are "not even good guesses" now. Most producers opposed the tests as too expensive and cited that there would be no demand for test oil. It was pointed out that any producer could ask the commission to test his own or other wells with whose potentials he was dissatisfied.

**Stripping Spreading.**  
 Dry gas stripping permits were requested as follows:  
 1. Charlie Beck, for Back No. 1, section 45, block 25, H&GN survey, Gray county, open flow volume 10,500,000 feet of sweet gas, of which 25 per cent would be 2,625,000 cubic feet daily. W. B. Sausbury, a royalty owner, said he understood the gas could be sold to Phillips.  
 2. Bell Oil & Gas company, for its Morse No. 1, section 1, block 26,

H&GN survey, Gray county, rock pressure drop from 425 to 250 pounds, open flow 1,800,000 cubic feet of sweet gas daily, of which 25 per cent would be 450,000 cubic feet. A. M. Martin, superintendent, said a little of the gas had been used for lease purposes.  
 3. Liner Holding company, for its No. 1 Johnson, section 6, block 1, B&B survey of Hutchinson county, rock pressure drop from 400 to 310 pounds, open flow 13,000,000, of which 25 per cent would 3,275,000 cubic feet daily. H. E. Black testified he thought he could sell the gas

to Phillips.  
 4. Parton & Holt, for their Morse 1, 3, and 4, section 5, block 26, H&GN survey of Gray county, having open flows of 2,000,000, 8,200,000 and 2,200,000 cubic feet daily, respectively of sweet gas, of which 25 per cent would be 500,000, 2,050,000, and 550,000 cubic feet. A. T. Parton said rock pressure had dropped from about 400 to 300 pounds. He said Phillips would take the gas.  
 5. Phillips Petroleum company, for its James Nos. 1 and 4, section M. Robinson survey, Moore county, with open flows of 1,361,000 and

2,438,000 cubic feet daily of which 25 per cent would be 340,000 and 609,000; also its J. Johnson No. 1, section 5, block 1. B&B survey, Hutchinson county, having an open flow of 8,210,000, of which 25 per cent would be 2,052,000. These are sour gas wells, according to H. E. Rogers, district engineer.

6. Skelly Oil company, for its No. 1 Thut, section 1, block 1, H&GN survey, Gray county, drilled several months ago, rock pressure 290 pounds, open flow 15,000,000 cubic feet daily, sour gas, of which 25 per cent would be 3,750,000 cubic feet.

H. M. Stalcup, Skelly vice president in charge of production, said the well had been offered to Teshions under contract but that it was declined because of low rock pressure and possibly other reasons.  
 Mr. Stalcup said Skelly Oil company had opposed 'stripping' as wasteful, but that he knew by experience that if other wells nearby were to be produced for gas his well would soon lose 50 per cent of its volume and about 25 per cent of its rock pressure. Commissioner Thompson brought out that exhaustion of the pressure by pipelines

**ORTIZ THREATENED**  
 SAN DIEGO, Calif., July 15 (AP)—Pascual Ortiz Rubio, resigned president of Mexico, who has been living here for a year and a half, reported through his secretary to police tonight that he had received two telephone calls demanding \$50,000 on pain of being kidnaped.  
 Elsie Taylor was able to leave Pampa hospital for her home at Phillips camp yesterday.  
 would be the same as in the stripping process.

# GARDEN CLUB EXPLORES BEAUTIFUL YARDS ON ANNUAL TOUR

## Week Filled With Social Courtesies To Trio Of Visitors Ends With Rush

### THREE PARTIES SATURDAY ARE LATEST EVENTS

MORNING, AFTERNOON AND EVENING ARE FILLED

A WHIRLWIND climax to a week of parties inspired by the presence of three out-of-town visitors here was reached yesterday with a morning, an afternoon, and an evening event scheduled.

Mrs. Frank Perry was hostess in the morning, Mesdames E. M. Conley and Henry Charles joined to entertain with an afternoon bridge, and Mrs. I. B. Hughey was the evening hostess.

Mrs. F. G. Oprendeck of Dallas, a visitor in the home of Mrs. Raymond Harrah; Mrs. Leon Mouret, who is visiting her sister, Mrs. H. D. Keys, from Los Angeles; and Mrs. J. C. Smith of Mississippi, house guest of Mrs. A. M. Martini, are the visitors for whom these and a series of other parties have been given.

Singly or in groups, they have been named as honorees at one or more events every day of the week, a round of parties that has featured social activities through the week.

Mrs. Max Mahaffey entertained at her home Friday with bridge as a compliment to the visitors.

Mrs. Keys was hostess Thursday, Mrs. Harrah Wednesday, Mrs. Martini Tuesday morning, and Mrs. L. N. McCullough and Mrs. Ray Lawrence entertained jointly Monday.

### Vacation School At McLean Ends With Exercises

McLEAN, July 15.—With Mrs. Willie Boyett in charge, the Methodist daily vacation Bible school held its final meeting Friday morning at 9:30. The devotional was led by the pastor, J. H. Crowe. Miss Sybil Graham called the roll, each child answering with a verse from the Bible.

The program consisted of four concert quotations and songs by the pre-school and primary children. The juniors, twenty-one in number, read from memory the first Psalm and the "Beatitudes" and sang a number of songs. Twelve of this number were given book-marks by Mrs. Boyett for special memory work. Attractive attendance certificates were presented to those who had attended regularly.

Introduction of the faculty members who had helped to make the school a success was made by Mrs. Boyett, after which the children sang "Thanks to You."

After being dismissed by prayer by Rev. M. M. Beavers, presiding elder of the Clarendon district, all parents and visitors, as well as the children, were invited to the basement where an unusual line of handwork done by the children was on display.

Mrs. W. E. Bogan, assisted by Mesdames Roy Campbell and W. L. Campbell, served punch and cookies to all present.

Members of the faculty not already mentioned were: Mrs. J. H. Crowe, Mesdames John Butler, Leann Andrews, Wilson Boyd, Mr. and Mrs. D. A. Davis, Misses Lela Ruth Stanfield and Sybil Graham.

Amarillo visitors Thursday were Mr. and Mrs. S. D. Shelbourn and Mr. and Mrs. Chas. Cooke.

Mrs. Jasper Roberts and daughters, Misses Mary and Coetie of Oklahoma City were guests in the W. E. Bogan home Wednesday and Thursday. Mrs. Roberts is a sister-in-law to Mrs. Bogan.

### Next Match for Jack Dempsey

NOW they're saying that Hannah Williams, musical comedy singer and estranged wife of Roger Wolfe Kahn, has heard another "cheerful little earful" of the well-known "I love you." In short, it's reported that she's soon to become the second Mrs. Jack Dempsey at a ceremony in Reno, taking over the role recently vacated by Estelle Taylor, movie queen.

### Religious Training for Children Stressed by P.-T. A. at Panhandle

By MRS. J. M. CRAIN, Claude, State Publicity Director Texas Congress of Parents and Teachers

Realizing that the spiritual training of children is of supreme importance and cognizant of the fact that the church is one of the four cornerstones of the parent-teacher movement, the Panhandle Parent-Teacher association has prompted the Sunday school census in its public schools for the last two years and has furnished the names and religious preferences of all children to local churches. Where children were not attending Sunday school, the Panhandle association has endeavored to remove the cause for their non-attendance.

Within three months after school had begun last fall, the Sunday school attendance of the Panhandle churches had increased 20 per cent, due mostly to the Sunday school drive sponsored by the local parent-teacher association. Each Monday morning during the school term, Mrs. H. L. Powell, local chairman of the Sunday school committee, visited the 12 rooms of the grade school. She would call the roll in each room and check the names of all pupils in Sunday school the day before.

Rewards Offered

A party in the school auditorium was promised to the grade having the largest gain in percentage in Sunday school attendance at the expiration of a three months' period. The first Sunday after this announcement was made, the two sixth grades with their 17 and 22 pupils respectively and their room teachers reported a 100 percent Sunday school attendance.

For seven Sundays of the three months one of the sixth grades had a 100 per cent Sunday school attendance while the other sixth grade attained this perfect goal four Sundays. When December came and the party was given, the

#### Young Fashions Step Out of Story Books

Young girls are looking more and more like something out of a picture book. Alice in Wonderland is the heroine of the hour and, like all heroines, she sets the fashion. Her quaint little puffed sleeves, demure collars and wide saffron are seen again and again wherever the younger generation is to be found these days.

Here we have them in a dainty party frock of embroidered dotted Swiss with a snugly fitted bodice and full gathered skirt—perfect on slim, long-legged figures. This frock is such fun to wear that no youngster is going to be satisfied to have one only for "best." She is sure to wish for it in gay fabrics such as checked gingham and dotted linen for every day in the week. And it's a wish that will come true just as soon as mother discovers how easy and inexpensive it is to make this frock. The pattern envelope tells just how much material is required for each size.

Pattern No. 5264 is designed for sizes 6, 8, 10, 12, 14 years.

No. 5264 Size..... Price for Pattern 15 Cents.

name.....	street address.....
city.....	state.....

New Summer Fashion Book is out! Send for it—put check here  and enclose 10 cents extra for book.

Address the New York Pattern Bureau, The Pampa Daily News, Suite 1118, 229 East 42nd Street, New York City. Write name and address plainly, giving number and size of pattern wanted. Your order will be filled the day it is received.

### HOME DEMONSTRATION CLUBS PREPARE TO SUSPEND USUAL PROGRAMS FOR SHORT COURSE

#### REVIVAL PARTY TO GIVE PUBLIC CONCERT TODAY

Program to Precede Evening Service In Tabernacle

A public concert of sacred music will be given by the Vawter evangelistic party in the ornate First Christian church this evening at 7:30. It will be similar to the program given last Sunday evening.

Included will be a quartet number, "Won't You Come Home?" on the Notre Dame chimes, selections on the marimba and piano, whistling, solos by Mrs. C. R. L. Vawter, and drawings by Howard House.

Mr. House will make two pictures, one in crayon illustrating "The House By the Side of the Road," and the other a "rag" picture after the painting by Hoffman, "Ecce Homo." The latter will be the first picture of its type made by Mr. House here.

The concert will close promptly at 8 o'clock, so those who wish to attend evening services at other churches may do so on time. Following the concert Dr. C. R. L. Vawter will give his evening sermon on the subject, "Faith, and How to Get It."

Members of the church will meet at 6 p. m. in the basement today for a covered dish supper, to discuss problems and plans of the church. The morning worship will follow a reassembly of the entire Bible school. Dr. Vawter will give the second of a series of Sunday morning sermons on the Lord's Supper. The nature of emblems used in the communion will be discussed.

Mrs. Vawter will sing "Did You Think to Pray?" as her morning solo.

#### Auxiliary To Give Groceries to Needy

A shower of groceries for a needy family of Pampa will be given by the American Legion Auxiliary at a social meeting Thursday evening. The social will be at the usual meeting hour, 8 o'clock.

#### Men's Bible Class To Have Visitors

Members and visitors who have heretofore attended the Men's Bible class of First Christian church are invited to be present Sunday morning at 9:45 for a special program.

#### Teachers at Canyon College Take Leave

CANYON, July 15.—Among the members of the faculty of the West Texas State Teachers college who will be on leave of absence during the second summer term are Professor Frank R. Phillips, who with his family will visit in Chicago and the lake region; Miss Isabelle Robinson, head of the department of art, who will go to her home in Missouri; Miss Cleo D. Holmes of the home economics department who will visit in Nebraska and Miss M. Moss Richardson who will spend the last half of the summer in Colorado and at Detroit, Texas.

#### Home Demonstration Clubs of Hemphill County are holding demonstrations of jelly and preserve making this month, directed by Mrs. Weaver, county agent.

#### Miss Mengers Weds

SHAMROCK, July 15.—Miss May Mengers, daughter of Mr. and Mrs. J. W. Mengers, and the Rev. Sam Rawls of Tampa, Fla., were married Tuesday evening at the bride's home in Lela community.

#### White, Green and Black Combined in Outfit

WASHINGTON (AP)—A white silk dress, a long, green silk coat and a Panama sailor trimmed with a black ribbon band comprise one of the smart summer outfits chosen by Senora de Prieto, wife of the military attaché of the Cuban embassy, who is noted both for her dark beauty and her adroit use of color in costumes.

J. L. Wood of LeFors visited here last night.

### Mannish Air in Hats and Suits

A SLOUCH hat of soft gray felt and severely tailored lines gives a mannish air to this navy blue linen costume designed by Creed.

By RITA FERRIS

Associated Press Fashion Editor

PARIS (AP)—A mannish mode marks certain feminine fashions these days, especially in sports and street frocks.

The mannish slouch hat of soft felt, with its soft brim pulled over the eyes and its crown creased close to the head, gives a rakish air to many a costume.

Sports and street suits themselves are often cut on the most tailored lines. Broad padded shoulders, straight cut jackets, and skirts as trimly tailored as a pair of trousers are the outstanding effects in the silhouette. Sometimes the coat matches the skirt, but as often it

### Class Meets For Social, Business

A social and business meeting of the Women's Convention Bible class of First Baptist church was held Tuesday afternoon at the home of Mrs. F. E. Leech, superintendent of the adult department of the Sunday school.

Mrs. John Henry, teacher, and the following members were present: Mesdames L. Gilbert, Charles Boyd, W. J. Brown, M. J. Cash, Montgomery, Mrs. G. E. McHenry, Mrs. Roy Sewell in charge of refreshments.

Each person attending is asked to bring a donation of a staple grocery.

### Men's Bible Class To Have Visitors

Members and visitors who have heretofore attended the Men's Bible class of First Christian church are invited to be present Sunday morning at 9:45 for a special program.

### Teachers at Canyon College Take Leave

CANYON, July 15.—Among the members of the faculty of the West Texas State Teachers college who will be on leave of absence during the second summer term are Professor Frank R. Phillips, who with his family will visit in Chicago and the lake region; Miss Isabelle Robinson, head of the department of art, who will go to her home in Missouri; Miss Cleo D. Holmes of the home economics department who will visit in Nebraska and Miss M. Moss Richardson who will spend the last half of the summer in Colorado and at Detroit, Texas.

### BEAUTY FOUND IN BACK YARDS MADE LIVABLE

#### PARTY VISITS IN 18 GARDENS AND LAWNS

By SUE VINSON

Woman's Page Editor

VISITING 18 beautiful yards, Garden club members on their annual garden tour Friday morning found almost every variety of yard flowers growing here, and Pampa residents interested in keeping their flowers and vegetable gardens fresh despite the summer heat.

Beautiful backyards were especially interesting. All the homes visited had green lawns with trees and shrubs in front, but back gardens disclosed colorful flower beds, pools, bird baths, and livable summer resting places.

The tour started with a 7 o'clock breakfast at the country home of Mrs. J. M. Saunders, where orange juice, cantaloupe, fried chicken, bacon, eggs and sausage, jelly, toast, coffee cake, and coffee were served at tables on the lawn.

Flowers Varied

After a brief business session devoted to fall plans, members inspected the Saunders home and yard. They found one of the widest varieties of flowers there.

Included were snapdragons, phlox, delphiniums, six varieties of sedum, sweet Williams, ageratum, grasses, pinks, iris, ground ivy, Shasta daisies, bouncing betties, santolina, petunias, hollyhocks, golden glow, bush and climbing roses, nasturtium, forget-me-not, perennial sweet peas, baby breath, scabiosa, viola, achillea, chrysanthemums, and galdardia.

Pictures were taken of the club party with the lily pool and rock garden in the foreground.

Starting from the Saunders home, the tourists visited the yard of Mrs. John Henry at 905 Beryl, where moon vines, a gold trumpet vine on the fence, and the finest dahlias seen on the tour were noticeable among a profusion of summer blooms.

A child's playground with wading pool was an unusual attraction at the Clyde Fatheree home, 919 Christine. Flower beds and shrubs bordered a smooth lawn. The only queen's wreath vine seen on the tour was at the home of Mrs. F. E. Leech, 1023 Christine, where scarlet verbena brightened the lawn.

Unusual Blooms Combined

Petunias and zinnias formed an unusual combination in a bed at the home of Dr. and Mrs. A. Cole, 1021 Christine. A blooming willow tree was the beautiful feature of that yard. Silver maple and pine trees at the Henry Thui home, 1019 Christine, were especially interesting, as was a bed of daisies and zinnias.

Several varieties of poppies were blooming in the H. E. Sanders yard, 1025 Christine, where there was an attractive fish pond. The pool at the home of Mel Davis, 1117 Christine, was bordered with petrified wood and other interesting rocks, and was partly made of glass. A weeping mulberry tree adds to its attractiveness.

The large back yard at the home of Ivy Duncan, 1211 Christine, had decoy ducks floating on the pool, and a rock garden in the background. Well planned plantings and an inviting stepping stone walk made the George Dulz yard, first prize winner in a city garden contest last year, interesting.

Lilies in Bloom

Tropical lilies in blue, white, and orchid, bulrushes, cat tails, and water hyacinths were in the lovely pool at the home of Mrs. J. M. Carter, 905 Mary Ellen. Blue grass and clover lawn grown since spring was the feature at the new home of J. H. Blythe, 705 N. Cuyler.

Recent improvements on the Paul Kasishke lawn, 911 N. Somerville, included a rock wall around the back yard, with outdoor fireplace, a lily pond with miniature waterfall, and a cactus garden. Poppars and tamaracks border the M. A. Graham yard, 823 N. Somerville, where santolina makes a lovely border for the rose beds. Cypress vines and hibiscus were unusual flowers seen there.

The prettiest rose garden seen on the trip was at the Jess Noel place, 316 N. West. Tiger lilies and water moss made an attractive pool.

Natural Beauty Caught

At the home of Mrs. W. Purviance, visitors admired the natural beauty captured on the lawn and in the outdoor living room where they rested and were served iced water-melons by Mrs. Harry Marbaugh. So attractive was the spot that the next club meeting was planned to be held there.

The tour ended at the home of Mrs. B. C. Priest, 603 N. Faulkner, where both vegetable and flower gardens commanded attention. Border fences were covered with Concord grape vines, and fruit trees dotted the vegetable garden. Gladiolus in red, yellow, purple, pink, and salmon were in bloom, with bluebells, red flowering flax, sweet

State Representative John Puryear of Wellington was here yesterday renewing acquaintances and learning the needs of his constituents.

Mr. and Mrs. Bayard Low and Mrs. H. H. Hicks left yesterday afternoon for a trip to various points in California. They will return in about two weeks.

(See GARDEN CLUB, Page 5.)

By the World FORGOT

SYNOPSIS: George Bancroft's life has become very complicated of late. He refused Clifford Asher's offer of marriage because she loves Nicholas Boyd. Boyd is in Germany trying to have removed the scar that has ended his film career. Nicholas' wife, Bernie Boyd, is in England making a movie, and evinces considerable interest in George's step-father, Bishop. And Bishop and Evelyn, George's mother, are not on too good terms. Bernie talks with Bishop and George at her studio.

FAMILY QUARREL

EVER since she arrived at the studio George had been trying to gain enough courage to ask about Nicholas, and now she did so, in a quick, nervous little voice. "Is Mr. Boyd better? You said he was ill."

Bernie's pretty face hardened a little. "I suppose he must be," she said disinterestedly. "I really haven't heard anything definite," and then she turned away as if anxious for the subject to drop.

Bishop was looking at George with a faint smile, but he only said: "Do you think we can tear your mother away now?"

Evelyn was thoroughly enjoying herself, and on the way back to London she talked with great enthusiasm. "Such delightful people, all of them. I never expected to be made so welcome. Didn't you think they were most delightful, Bishop?"

"Considering most of the money in the concern is mine, they could not very well be otherwise," he answered.

"Really, Bishop, to speak to me like that in front of George," Evelyn complained. In a moment she went on: "By the way, Bishop, have you made any definite arrangements about going to Germany? I have several invitations to stay with people, and if I knew your plans I could make my own."

George glanced quickly at Bishop; he had not moved or opened his eyes, but after a moment he said quietly: "Make what plans you like, my dear. I may not be going to Germany, after all, but that need not interfere with you."

"Not going?" Evelyn colored angrily. "Really, Bishop, after racing me half across the world for the specific reason that you must go, to calmly turn round and tell me you may change your mind. What on earth does it mean, may I ask?"

"Simply that I may change my mind, that is all."

"Well, really!" Evelyn said again; she looked at George for sympathy. "You are the most trying man I ever knew. I give up everything at a moment's notice to bring you over here, and all for nothing. Have you realized at last that there is nothing really the matter with you?"

"Possibly."

"I always said you would," she declared triumphantly. "Men are such babies. They get a pain and they immediately think they are dying. Well, I hope in future you will pay attention to me. Instead of being so inconsiderate. If I hadn't the patience of Job, I should have a great deal to say; you are fortunate in having a wife with such an even temper."

"Very fortunate," Bishop agreed calmly.

AND now all my plans are upset, I suppose," his wife went on. "Of course you will expect me to stay with you in that dreadful hotel. You know how I loathe hotels, even the best of them, and I had so looked forward to going to stay with the Hunters in Scotland."

"Go by all means. I am not preventing you."

Evelyn flushed; she did not want to stay with her husband, but on the other hand she did not like to be told she was not necessary to him.

"And what do you suppose I can do with George?" she asked shrilly. "George can stay with me," Bishop said.

There was a little silence, then Evelyn said nastily: "Well, you seem to have arranged it very nicely between you. Do you want to stay with your step-father, George?"

"I don't mind what I do," George said. "I'll go back to Uncle Edward if you like."

Bishop opened his eyes suddenly and looked at her, and she added hurriedly: "Of course I know I shouldn't always stay with you."

Evelyn said aggressively, "I could take you to Scotland, of course, but I doubt whether you would be happy with me."

A writer says the average of honesty is greater among fat men, which probably is explained by the fact that it is hard for them to stoop to low things.

TRAINING

(Continued from page 4.)

winning sixth grade with all its pupils and teachers were recipients of such treats as ice cream cones and all-day suckers which were the gifts of the parent-teacher membership committee and the Sunday school committee, furnished at the nominal cost of \$1.70.

Another contest was instituted for the grade room having the best Sunday school attendance for the last six months of school. This time a picnic on the creek was the coveted award and the money expended for this occasion was freely given from the general parent-teacher treasury of the local unit.

Teachers Assisted. The teachers assisted in the Sunday school drive and encouraged the pupils at all times to go to Sunday school. The local pastors made assembly talks and commended the work of the Sunday school committee. Principal A. S. Bird of the Pampa school drive and encouraged the pupils at all times to go to Sunday school. The local pastors made assembly talks and commended the work of the Sunday school committee.

Mrs. J. B. How, president of the Pampa Parent-Teacher association, in collaboration with Mrs. Powell, Sunday school chairman, appointed a lady to represent each church on this particular committee.

Fanhandle unit has done a most commendable work in linking the school and churches through the Sunday school drive. Cogway has done likewise. No doubt these two associations realize that active mindedness on the part of parents, teachers, and ministers of religion is most necessary today since it is conceded by statisticians that less than 40 per cent of America's youth attend any church service.

The need of spiritual training is particularly urgent at the present time if young people are to make adjustments wisely during these rapidly changing conditions calling for constant readjustments to life. Texarkana has correlated its spiritual training with classes in religious education held under the auspices of the high school. All denominations cooperated, and even 523 high school pupils out of a total of 738 voted for such courses.

Texas congress from its inception has ever emphasized the importance of spiritual training permeating all phases of the parent-teacher movement.

CITIES

(Continued from page 4.)

Tuesday evening, Miss Fannie Perry for her mother, Mrs. L. D. Perry, on her 69th birthday; Mildred Martin to the Business and Professional Women's club; Mrs. Joe Carlisle to the 1930 Good Will club; Mrs. J. W. Rowland to the Friendship club; Mrs. C. L. Fink with a picnic honoring Mr. and Mrs. Edgar Britain of Ironton.

H. D. Clubs Camp WHEELER, July 15.—About 250 women gathered at Riley's swimming pool Thursday and Friday of last week for the annual encampment of Wheeler county home demonstration clubs. Stunts presented by the clubs were judged by Miss Bessie Sikes, home demonstration agent from Miami, and Miss Ruby Adams of Pampa.

Boys and girls between the ages of 6 and 15 will be enrolled in the annual vacation Bible school of the Methodist church here Monday.

Mrs. Ed Watson was hostess to the Prosperity bridge club and guests at her home last Thursday.

Miss Mary Lou McIlhany was announced as one of the 45 students to make the spring term honor roll at Centenary college, Shreveport, with the highest grade of any student in the college. She is the daughter of Mr. and Mrs. M. McIlhany of Wheeler.

Mr. and Mrs. H. M. Wiley and children and Miss Bernie Addison have returned from a month spent at the world fair.

MRS. THUT'S MOTHER DIES Mrs. Charlie Thut is in Sherman, where today she will attend the funeral of her mother, Mrs. D. M. Dickey, who died at 2 a. m. Saturday after a lingering illness. Mrs. Thut has been in Sherman several days.

Mr. and Mrs. W. O. Christian are spending the week-end with friends in Canyon.

SPEND YOUR VACATION IN NORTHERN NEW MEXICO

Only a days drive from Pampa to Irvin's-on-the-Pecos, the all year round resort. Altitude approximately 8000 feet. Finest trout streams in New Mexico available. Horseback riding, hiking, mountain climbing, or just resting—you'll enjoy every minute at IRVIN'S.

Accommodations to suit all desires. One or two room cabins all with electric light and running water, some with private baths. A few cabins for large families.

Rates reduced. Write for booklet or reservations or come and we'll take care of you.

REVIEWS and NEWS OF CURRENT BOOKS The Bookworm M. E. C.

(Editor's Note:—This section of THE NEWS is dedicated to the betterment and furthering of literary efforts in Pampa and the North Plains. All bits of poetry, contemporary comment on books, and their authors, and reviews may be submitted for publication, and will be appreciated. The Literary Editor reserves the privilege to reject or edit.)

PULL DEVIL PULL BAKER by Stella Benson. New York: Harper, and Bros. \$2.50. This volume, the selection of the Literary Guild for July, should be read as an amusing and momentary diversion. One hesitates to venture for the authenticity of this collection of whimsicalities gathered together here by Miss Benson as the author has a riotous imagination. One doubts that all the tales are based on the experiences of Count de Toulouse Lautrec de Savine, K. M. as the Count and his editor, Miss Benson, would have us believe. The author ran across this inimitable old aristocrat in a free hospital in Hong Kong and entered into a writing partnership with him.

Benson believes that "most books written by one person and edited by another might really be entitled PULL DEVIL, PULL BAKER; complete oneness of spirit between author and editor is as rare as figs on thistles." The Count's most individual style is reproduced throughout the narrative which is highly entertaining—but gets monotonous after a time. Thus: "Only one thing was ferguten—combining the female women curiosity and American money love. Really, the American daughter of Eva could ewoid the great temptation—to see—to look—to touch money, who was temporary in her haus. She unbind some of the packs of the costly stocs, look other (over) them with great attention and regards. And this, to my great regret, in presence of her english (maid); that way, the secret—the mystery—exist no more."

To review the book with all due justice to the Count and Miss Benson appeal to the layman for their interest.

Ford Motor Company Dearborn Mich. To a St. Paul Man who asks the Reason Henry Ford Dearborn Mich.

A man in St. Paul, Minnesota, makes courteous inquiry on the subject of the Ford spring. He relates a recent experience in which a salesman felt he could not sell his own make of car without first depreciating the Ford car in this customer's mind. The main attack was made on the Ford spring. I take pleasure in explaining this point. We use transverse springs in Ford cars for the same reason that we use round wheels—because we have found nothing better for the purpose. Most people think that the only purpose of a spring is comfortable riding. But springs, and even very flexible springs, can cause discomfort as well as danger. A good spring must not only be comfortable—it must be safe. It must also assist operation economy. The spring we use serves all three purposes. A transverse spring—which simply means a spring set crosswise—gives comfort. It is like the wings of a bird—the tips move most, while the body remains steady. I cannot prove that in a letter, but you can prove it in a Ford V-8. Any dealer will gladly allow you the opportunity. The safety reasons for the transverse spring may be simply stated. In rounding a curve or turning a corner, one side of the car naturally lists downward. Transverse springs do not lift up the opposite side. They actually decrease the car's lean-over. Each spring is set in line with the axle and is attached at its center to the frame. This tends to prevent that swaying on a curve which is so uncomfortable and often dangerous. Notice for yourself how greatly these springs control this in our car. Transverse springs also make steering and braking exceedingly safe. The Ford car is not driven through its springs. Hence the axles do not see-saw back and forth and so cannot interfere with normal steering and braking action. Now, about economy. Unsprung weight is that part of the car weight that does not rest on springs. For tire economy it must be low in proportion to sprung weight. It must be low to prevent excess jarring of the frame and body. In the Ford car it is low, due to the use of transverse springs. We choose to retain the transverse spring for the above good reasons. From every point of view it justifies our choice. If there had been anything better for our car, we would have used it. We make these springs ourselves—every leaf in every spring—set them up and install them. We know what they are and we know why we use them. July 14, 1933 Henry Ford Dearborn Mich.

son is utterly impossible. One must read the novel to appreciate it—if one cares for that sort of thing.

STRANGER'S RETURN—by Phil Strong. New York: Harcourt, Brace and company.

As in STATE FAIR, Phil Strong again entertains the reader with a story with life on a farm, employing all the briskness and vividness of writing of which he is capable.

STRANGER'S RETURN is not quite as good as some of his previous writings as his plotting lacks force and some of his characters fail to interest the reader in an emotional way. Grandpa Storr and his hired man, Simon, deserve the highest consideration and praise as Storr remarkably outdoes himself in making these two so individual and realistic.

This is an account of the return of the daughter of Grandpa Storr's disinherited son to the farm and the obvious hostility between the niece, stepdaughter, and the prodigal as the former two had heretofore held sway in the household and were determined to continue doing so. Louise falls in love with a neighboring farmer but gives him up because of her respect and affection for his wife. There is nothing novel about the tale, but the graceful descriptions of the farm and its surroundings, and the hilarity of the conversations between Grandpa and Simon make the book well worth reading.

YACHTS UNDER SAIL. A collection of 93 photographs with foreword by Alfred F. Loomis. New York: William Morrow & Co. \$3.00.

This collection of pictures would appeal to the layman for their interest.

estimable beauty contained therein, but to the yachtsman, each picture is an object of interest; there is not one that does not tell its own story to the man who sails.

There is a generous distribution of photographs among the different classes of yachts. There are the purely racing craft, Wee Scots and Froebite Donghies, Fishes, Stars, Atlantics, Interclubs, Victories, 6, 8, and 12 meters, New York 30's and 440's and so on up to M's like ISTALENA and VALIENT—the great international class sloop, ENTERPRISE, SHAMROCK, WEE-TAMOE, YANKEE, VANITE, and RESOLUTE. Then there are the offshore racers, those which race to Bermuda, across the Atlantic or around the famous Fastnet track in England. In this class in the ELAINE, the 18-footer that sailed single-handed from Sydney to Los Angeles; MICHANT and ATLANTIC, big 3-masters, the latter the title holder of the record for the fastest passage of the Northern Ocean under sail. PINTA, NINA, and NORTHERN LIGHT, ocean racers, all. These and many others are shown in all points of sailing, close-reefed and close-hauled in half a gale or more. To the yachtsmen, every line of these pictures is technically significant; the set of every inch of canvas a matter of critical importance. This book will interest the yachtsman personally as well as some of the best known figures in

sail along the eastern seaboard are to be seen in informal poses.

FAME—by Mary Carolyn Davies. Fame, a fair girl, Lies in her bed. Her room is the goal, To which my feet led. Thorny the journey, Long and torn. She is fairer Than woman born.

Fames lies sleeping And weary am I. Soft is her breast! Where a man may lie.

Long have I dreamed of her, Cruel night and day, I shall look once at her, And go away.

Edward Burch was admitted to Worley hospital Friday evening for treatment for an injured elbow.

Mrs. E. A. Arrington was dismissed from Worley hospital yesterday after an operation.

# SIXTY GOLFERS WILL PLAY FIRST ROUNDS TODAY IN GRAY CLUB TOURNEY

## HANDICAPS AND RULES FIXED BY OFFICIALS

### GROVER AUSTIN BREAKS COURSE RECORD BY ONE STROKE

More than 60 Pampa golfers will tee off today on the first rounds of a 54-hole handicap golf tournament sponsored by the Gray Club golf course. Qualifying ended suddenly Friday afternoon when dust and rain drove the last of the qualifiers from the course.

Grover Austin, youthful caddy, took long qualifying honors when he set a new course record with his 66 strokes. Austin was playing with Jet Brunley and Frank Wallace when he lowered the course record from 67 strokes. Tom Darby shot the second best qualifying score with a 76. C. L. Shine took high scoring honors with 112 strokes, one stroke ahead of Frank Carter.

The tournament committee met Friday night and set handicaps. The handicap in each case is three-quarters of the difference between the course par and what the entrant shot. The handicap set is for 18 holes.

U. S. G. A. rules will govern all play, but five special rules have been set by the tournament committee. They are: Only one ball shall be played off the first tee box; balls over the fence on holes 3, 4, 7, 8, and 9 will be loss of distance only; play will be allowed in two-comes, three-comes or foursomes; no putts shall be conceded; change of balls not allowed on putting green.

Cards are requested to be turned in at club house, and also signed by both player and some other member of the playing group.

A large list of prizes is being assembled and they will be placed on display in the window at the City Drug store early this week.

Friday's rain has started grass growing in the fairways and the course should be in the best condition of the year. Buster Kaufman, club pro, plans to drag the fairways and work the greens over before play starts this morning.

The qualifying scores and individual handicaps follow:

Player	Score	Handicap
Grover Austin	66	2 plus
Tom Perkins	73	5
Mark Heath	73	5
Ben Ferris	73	5
Tom Darby	76	3

## HARVESTERS TO GO TO CAMP AT DAVIS RANCH AUGUST 28

### Training For Game in Pampa With Amarillo Will Start in About 5 Weeks

Pampa high school football prospects will go to Camp Mel B. Davis on August 28, Coach Odu Mitchell announced this morning after John Moyer said that he would raise the money for the camp with the assistance of Lynn Boyd, Tom Rose, and C. T. Hunkapiller. Mel Davis said he would supply the beef, the cook, and the camp site at no cost to the school.

Many of the prospective members are already throwing footballs around and "living" the game. Some of them have quit smoking and keeping late hours. Among the hardest working members of the team is Robert McAuley, big hope for the fullback position. "Mac" is spending the summer on a lease near LeFors, working all day and practicing passing and carrying the ball at nights. He has been to Pampa only a couple of times this summer.

Captain-Elect Jess Patton is working at a filling station and throwing a ball in his spare time with Lester Sartin as his assistant. Big J. R. Green, working on a ranch this summer, was in town last night looking like a young giant. Monroe Owens and Jack Benton are also conditioning on the farm.

Coach Mitchell declared yesterday that he might not have a championship team this season, but that the Harvesters would be mighty hard to "get out." Like all other teams in the conference, the Harvesters were hit hard by the eight-semester rule, which goes into effect this fall. Only two regulars will be back for duty. Amarillo will play in Pampa this year.

The coach will attend the coaching school at Lubbock starting July 31. Some of the greatest coaches in the United States will be on hand. The Harvester system will probably be changed this year.

The opening game of the season will be played Sept. 22 with Floydina coming to Pampa. Oklahoma City will be here the following week and McLan will come Oct. 6. Coach Mitchell has just completed arrangements for a game with Big Spring on Oct. 13 or 14. There are still two open dates on the Harvester calendar and the coach likes to get in touch with teams having open dates.

Although few positions have been definitely filled, it is nearly certain that the Harvester ends will be Jess Patton and Monroe Owens. Orville Heiskell will more than likely get the line to get in touch with teams having open dates. Lloyd Hamilton has the inside track for quarterback with Bill Dunaway as second string. The other positions are open and the battling will be close and hard from the looks of the material. However, the above mentioned players could be nosed out if they happen to lay down and think they have things their own way.

Some of the boys who will be battling until the last gong will be Robert McAuley, Ray Edridge, Leslie Sartin, Miles Marbaugh, Carl Smith, Mayse Nash, Harold Gregory, Reginald Brown, W. J. Brown, and a number of others.

**LEGISLATOR DIES**  
SAN ANGELO, July 14. (AP)—Frank Hesse, 46, Midland attorney and 88th legislative district representative, died at a hospital here this afternoon from injuries sustained Tuesday night when the car which he was driving collided with a truck on highway 9 north of Sterling City. He did not regain consciousness.

## Man O' War's Son Is Beaten In Rich Classic

ARLINGTON PARK, Chicago, July 15 (AP)—A mud running streak of black named Inlander, galloped to a surprise victory in the \$35,000 added Arlington classic today, conquering a son of old Man O' War in a thrilling stretch drive to the accompaniment of cheers from 30,000 spectators.

When War's Glory, old Man O' War's boy, faltered in the stretch, after setting a blistering pace most of his boys having to work. It is not known whether the game will be forfeited or played at a later date.

The Danciger Roadrunners will meet the Amarillo Merchants at the new Danciger park. The Busby Indians and the Pampa All Stars will clash on the Tolley addition diamond. The All Stars were to have met the Put and Take Grocers of Amarillo and the Indians were to have played the McLean juniors in a doubleheader at Magnolia park but the games had to be cancelled when the Pampa teams were unable to get the park.

## MILE RECORD IS LOWERED

### 'Mile of Ages' Raced In 4 Minutes 7.6 Seconds By New Zealand Youth.

BY ALAN GOULD, Associated Press Sports Writer, PRINCETON, N. J., July 15 (AP)—In the picturesque setting of old Nassau two college youths, Jack Lovelock of Oxford and Bill Bonthron of Princeton, raced the greatest mile of all time this afternoon.

Lovelock, a curly-haired, 23-year-old medical student from far off Dunedin, New Zealand, caught and passed Bonthron, then flashed down the stretch toward the end of the big concrete horse shoe of Palmer stadium, to break the tape in the dazzling time of 4 minutes, 7.6 seconds.

Beaten off by seven yards but still fighting every step of the way as he found his famous "kick" more than matched for the first time this year, Bonthron came home in 4 minutes, 8.7 seconds, thereby completing the stop watch story of the "mile of ages," as these two collegians surpassed anything ever achieved before at the classic distance by the world's greatest foot racers.

The fastest mile ever run by an American wasn't good enough this afternoon to win and Lovelock, with a last quarter in the remarkable time of 58.9 seconds and a finish that was astounding, wiped out the world record of 4:09.2, made by Jules Ladoumègue of France in 1929, with plenty to spare.

Bonthron not only was inside this record himself, he proved himself as great a middle distance runner as the United States ever has produced, but he came back nearly two hours later with a killing sprint in the stretch of the 880-yard run to whip "Pen" Hallowell, the former Harvard ace, running for Oxford and clinch the meet for the combined Cornell-Princeton team over the Oxford-Cambridge forces.

Bonthron broke the tape in the brilliant time of 1 minute 53 seconds, a new meet record.

**Ineligible Grid Players Making Plans For Fall**  
Most of the athletes on Harvester football and basketball teams who graduated, or who did not graduate and will be ineligible on account of the eight-semester rule, have not decided where they will attend school next year, but a few have made definite plans.

Wayne Kelley, football end and basketball guard on the last season's team, is considering enrolling in Pasadena, Cal., Junior college. Henry Will (Hoot) Fullingim, Harvester tackle and basketball center, has definitely decided to attend Texas Military college at Terrell, Tex. "Hoot" will be one of a number prominent football and basketball stars who will attend the military college next year. The center and guard on Corsicana's championship basketball team will be enrolled in the school. Also an all-state man from Temple, and the forward on Quitaque's basketball team. The cadets have won several football and basketball championships in the Junior college conference in the last few years.

Neither Kelley nor Fullingim graduated from Pampa high school during the last year, and the eight-semester rule will keep them from playing on Harvester teams next year.

Robert Woodward, captain of the basketball team, graduated from high school but has no decided where he will attend school. Bill Kelley, also barred from Harvester athletic teams on account of the eight-semester rule, has not decided where he will graduate next year.

Born to Mr. and Mrs. Ray Franklin Friday evening at Worley hospital, a daughter.

## DANCIGER AND MERCHANTS TO CLASH TODAY

### GAME TO BE AT NEW ROADRUNNER PARK EAST OF CITY

The Magnolia baseball team will not go to Twitty this afternoon for a scheduled game in the Cotton-Oil league. Manager Howard Buckingham of the "Mags" called off the game when he learned he could not get a team together because of most of his boys having to work. It is not known whether the game will be forfeited or played at a later date.

The Danciger Roadrunners will meet the Amarillo Merchants at the new Danciger park. The Busby Indians and the Pampa All Stars will clash on the Tolley addition diamond. The All Stars were to have met the Put and Take Grocers of Amarillo and the Indians were to have played the McLean juniors in a doubleheader at Magnolia park but the games had to be cancelled when the Pampa teams were unable to get the park.

The new grandstand will be in readiness at Danciger park, a half mile east of the city, for the big game between the Danciger Roadrunners and the Amarillo Merchants, which will be called at 3 o'clock with admission 25 cents. It will be the first appearance in Pampa of the Amarillo Merchants, one of the strongest teams in that city. They will meet a strengthened Danciger team.

Danciger's new grandstand will seat between 300 and 350 fans and there will still be room for hundreds of cars around the playing field. A fence is being erected at the end of the right field, which is 350 feet from home plate. Left-handed hitters will have to be powerful to get home runs in the short field. The rain Friday made the new diamond packed, especially the outfield where soft dirt caused hard hit balls to drop dead.

The Merchants have been extremely quiet about their lineup for Sunday and Pampans are of the opinion that a re-vamped team will appear in Merchant uniforms. The Merchants are getting ready to enter the Amarillo tournament next month. It is reported they have secured Tank Horton, former Pampa boy, to catch.

Manager Earl Roff of the Roadrunners had not decided his starting hurler yesterday. He will have Godwin, Thomas, and Stewart ready for mound duty with Leggett ready to do the receiving. Phillips, a short stop from "downstate" has been secured and will be in uniform this afternoon.

The Merchant lineup is unknown here but it is expected that several well known players will be in uniform.

Mrs. A. C. Lindeman and baby left Pampa hospital and returned home yesterday afternoon.

**RUTH HOMERS TWO**  
NEW YORK, July 15 (AP)—The Yankees continued their smashing chase after the American league lead today by laying down a home run barrage that put Babe Ruth close behind Jimmie Foxx in their race and netted New York an 11 to 2 victory over the Chicago White Sox.

Ruth clouted two of the game's six homers, his 23rd and 24th of the season and finished only two behind Foxx, who socked his 28th of the season for the Athletics today.

PHILADELPHIA, July 15 (AP)—Jimmie Foxx' single with the bases filled in the eleventh inning gave the Athletics a hard-fought victory over the Detroit Tigers today, 3 to 2. Foxx' blow sent home two runs after Gerald Walker had broken a 1-1 tie by hitting a home run in the first half of the eleventh.

Lefty Grove registered his fourteenth triumph of the year.

**STRIKES OUT TEN**  
BOSTON, July 15 (AP)—"Dusty" Rhodes, Red Sox hurling ace, limited Cleveland to six hits and struck out ten today as the Sox defeated the Indians, 7 to 2, in the first game of their current series.

The Sox won the game in the opening inning.

**SENATORS UP HALF RUNG**  
WASHINGTON, July 15 (AP)—Stewart and Burke, Washington left-handers, pitched shut out ball today in a double header with the St. Louis Browns, the 1 to 0 and 2 to 0 wins pushing the first place Senators a half game ahead of New York.

Wells held Washington to six hits in the first game while his team mates got nine off Stewart, but the one run scored by the Senators in the first inning was enough to win.

Washington did not score off Stiles in the second game until the seventh.

**ELECTION CALLED**  
LUKFIN, July 15 (AP)—The commissioners' court of Angelina county, in compliance with a petition signed by 500 persons, today ordered an election Aug. 26 to determine whether beer would be sold in the county.

## GREAT BRITAIN TO FACE U. S. IN NET FINALS

### AUSTRALIA'S "SUPER" TEAM LOSES TO BRITONS

WIMBLEDON, Eng., July 15 (AP)—By the deft process of guile over-coming brawn, Great Britain conquered Australia's tennis forces today and headed for France and battle with the United States in the inter-zone finals next week-end for the right to challenge the French for the historic Davis cup.

The mother country won the European zone final three matches to two as Henry W. (Bunny) Austin, a cool, cagey fellow, trounced 17-year-old Vivian McGrath, ten years his junior, in straight sets, 6-4, 7-5, 6-3, for the third and deciding victory before a pleased and expectant crowd of about 9,000.

Jack Crawford, the brilliant Anzac who conquered Ellsworth Vines in the Wimbledon singles final last week to become the uncrowned ruler of the men's tennis world, followed McGrath and Austin to the famous center court and walloped H. G. N. Lee, English veteran, 8-6, 7-5, 6-4, for Australia's final victory, but the match was an anti-climax and served only to run out the string.

Lee was substituted for Fred Perry, top ranked Englishman, who was withdrawn as soon as Austin clinched the series. Perry, with a slightly strained shoulder, will stay behind for treatment when Austin, George Patrick Hughes, and Lee start for Paris tomorrow to practice for the series with the United States that starts in the Roland Garros stadium Friday. Perry will join them in Paris Tuesday. Daniel Maskell, British professional champion, will help them practice.

## Youthful Giant Is Leading in Meet

SAN ANTONIO, July 15 (AP)—Lonnie Wendland, 18-year-old blonde giant of San Antonio, scooped the Brackenridge Park course with two sizzling rounds today to assume the lead at the end of the first 36 holes of play in the tenth annual Texas public links golf association tournament, carding 68-73-140.

The young junior star refused to crack after smashing par by three strokes on his morning round, touting the difficult layout in the afternoon only one over perfect figures. It took this fine golf to lead

**CUT GIANTS' LEAD**  
CHICAGO, July 15 (AP)—The Chicago Cubs trimmed the idle New York Giants' lead in the National league to three and one-half games today as Charlie Root shut out the Boston Braves, 4 to 0 with six hits in the opening game of the series.

**CARDS ARE BEATEN**  
ST. LOUIS, July 15 (AP)—Hurst's double and Schuermich's single in the tenth inning today scored a run and gave the Phillies a 3 to 2 decision over the St. Louis Cardinals.

Two wild pitches by Haines were disastrous for the Cards. One scored a man; the other advanced a runner to third base. He later scored.

Harry Walker left the last of the week for a visit to Kansas City.

the pack however, for Lieut. Bernhard Schriever, San Antonio amateur king, followed with 72-69-141.

## Texan Eliminated In Georgia Finals

ATLANTA, July 15. (AP)—Outstanding his opponent and worrying him continually with drop shots, Bryan Grant of Atlanta today defeated John McDiarmid of Fort Worth, Texas, to win his fifth Southern tennis singles championship. The scores were 4-6, 6-2, 6-1, 6-3.

Grant's triumph, his fifth in the last seven years, marked him as the only player ever to win the crown more than four times. Carlton Smith of Atlanta also held the title four times, winning his last crown in 1921. Grant won four straight championships, starting in 1927.

Miss Beatrice Bryan of Memphis won the women's singles by whipping last year's champion, Miss Anna Koll of New Orleans, 6-4, 1-6, 6-1.

Mr. and Mrs. Jim Wheeler are leaving this week-end on a vacation trip to Minnesota.

# ITALY'S AIR ARMADA OF 24 SHIPS LANDS AT WORLD'S FAIR

## GREATEST MASS AIR CONQUEST IS COMPLETED

### MILLION WATCH BALBO SHIPS ALIGHT ON LAKE MICHIGAN

CHICAGO, July 15 (AP)—Italy's epic air armada, comprising a trail of 6,100 miles from the homeland to Chicago's Century of Progress exposition, alighted on the unruffled waters of Lake Michigan early today as a million persons watched in awe the completion of man's greatest mass conquest of the air.

With the flagship of General Italo Balbo, commander of the flight, in the lead, the 24 huge seaplanes appeared over the Chicago lake front shortly after 5:30 p. m., ending the last leg of the journey from Montreal in six hours and 51 minutes.

The armada left the home base at Orbetello, Italy, at 11:40 p. m. on June 30, completing the hazardous flight in 47 and a half hours flying time.

But one mishap marred the triumphal journey. One man was drowned when the twenty-fifth ship capsized upon arrival at Amsterdam, the first day's goal.

Massed on navy pier, crowded into every conceivable vantage point at the world's fair, and dotting the tops of buildings along Michigan Boulevard, the spectators watched in breathless silence for the appearance of the Italians.

Flying low, General Balbo's plane appeared over the south end of the lake. Strung out behind it in triads, the remaining 23 seaplanes roared along in perfect formation. Above them sped an escort of army pursuit planes from Selfridge field. The motors singing above the drone of the Italian ships seeming to sound a victory paean for a task well done.

Over the lake front circled the planes, etched against the blue of sky, and the backdrop of Michigan avenue's serrated skyline. Yachts cut the water below, sailboats laced along, and small boats waited expectantly in the mile-square landing area of the lake to take the Italians off their planes.

The crowd seemed to watch the appearance of the victorious armada in awe, which soon gave way to a roaring thunder of welcome, as the flying boats dropped gracefully down on Lake Michigan and the bearded Balbo stuck his head out of the cabin of his plane. He stepped out and raised his arm in the fascist salute and countless arms waved back, as the welcome shouts rose to a roar. The other planes landed in rapid succession, and small boats began to ferry the Italian pilots to the U. S. S. Wilmette, moored a short distance away at Navy pier.

Mr. and Mrs. J. E. Biggs of Shamrock spent yesterday in Pampa.

## TANK OF OIL CLOSE TO CITY IS DESTROYED

### LIGHTNING HITS HUGE STRUCTURE; LOSS IS \$75,000

THE Magnolia Petroleum company suffered a loss of nearly \$75,000 when lightning struck a 55,000-barrel tank of oil on the Magnolia tank farm southwest of Kingsmill during the terrific storm Friday afternoon. The tank contained 51,800 barrels of oil when it became ignited.

Only a miracle saved the entire farm from being destroyed. The oil boiled over into the dykes of two other tanks about 1:30 o'clock yesterday morning and company officials feared that the adjacent tanks would ignite, but a change in the wind and the fact that the oil was burning out saved the tanks.

The oil was Gray county sweet, purchased when oil was \$1 a barrel. The tank itself was melted to a small mass of iron. The tanks are valued at about \$25,000.

The fire was first discovered about 5:30 o'clock. At that time gas on top of the oil was burning furiously and the oil was starting to burn. No explosion followed and about 8 o'clock three cannon balls were shot into the tank, letting the burning oil into the dyke around the tank. It was not until the cannon was shot that flames and smoke roared into the air. Thousands of automobiles from Pampa, Kingsmill, and White Deer lined the highway most of the night. The oil was still burning late last night but was nearly consumed.

The cannon used shoots a ball three inches in diameter and the balls had pierced the wall of the tank, the heat became so intense that the cannon could not be placed close enough to make more openings in the side.

**NO FIRE DAMAGE**

The fire department was called early last night to extinguish a blaze in an automobile, but the fire was quickly put out by spectators.

**WANTED**

To trade ladies or gents diamond ring for good Ford or Chevrolet pick-up or four door sedan. Will pay some difference.

## Twenty-Five Are Killed As Storm Strikes Mexico

BROWNSVILLE, July 15 (AP)—Belated reports reaching here today told of 25 persons losing their lives in the tropical hurricane which hit the northeastern section of Mexico last week.

The reports came from employees of the Airplane Fish corporation and immigration Chief Oscar Peralta of Matamoros.

They said 16 persons were caught in a rising river near Padilla and drowned, one family of seven was killed at La Pesca and two children were killed at El Verde.

The hurricane, moving westward across the Gulf of Mexico, struck the Mexican coast midway between Brownsville and Tampico and affected a large area inland.

**DALLAS MAN NAMED**

DALLAS, July 15 (AP)—Eugene J. Higgins of Dallas, assistant general claim agent of the Texas & Pacific railway, was elected president of the Southwestern Railway Claim Agents' association at the conclusion of their annual convention here. He succeeded G. G. Beckley of Fort Worth.

## YOUTH BEATS TENNIS STAR

### Frank Shields Conquered By Frankie Parker In Spring Lake Tennis Tournament

SPRING LAKE, N. J., July 15 (AP)—Before overflowing stands that repeatedly applauded remarkable drives by a 17-year-old school boy and America's fifth ranking net star, Frankie Parker, recent winner of the National Clay Courts championship, today upset Frank X. Shields, 1932 Davis cup player, in straight sets, 6-4, 6-4, 6-2, to win the Spring Lake invitation tennis tournament and a leg on the Clifford Hemphill bowl.

Shields, top seeded in a field of sixty, had come through to the finals handily, but the Milwaukee youth's backhand shots from baseline to baseline proved too much for the off-form veteran from New York City.

The doubles final tomorrow pairs Berkeley Bell and J. Gilbert Hall against Shields and Dr. Eugene McAuliff, Yonkers, N. Y. Bell and Hall gained the last round with a 2-6, 6-0, 6-2 victory over Lorenzo Nodarse and Arturo Randin, Cuban stars, while Shields and McAuliff put Parker and Herbert L. Bowman out of the running, 6-1, 6-1.

## Government To Spend Millions In Ten States

WASHINGTON, July 15 (AP)—Plans for spending \$75,000,000 on roads in 10 states were approved by the public works administration today to carry out President Roosevelt's program of pouring the entire \$3,300,000,000 construction fund into the channels of trade as soon as possible.

At the same time, the administration accelerated work on proposals for spending on federal public works projects several hundred thousand dollars in addition to what has been allocated already in an effort to have one million men who now are idle at work by October 1.

In line with this program, the chief executive will consider over the week-end an allotment of \$90,000,000 to river and harbor and flood control projects which his cabinet board has approved. The board on Monday will take up recommendations for about \$750,000,000 for federal buildings.

Secretary Ickes, public works administrator, and Hugh S. Johnson, national recovery administrator, will fly down the Potomac tomorrow to board the yacht Sequoia and confer with President Roosevelt.

## --SAFETY

(Continued from page 1.)

lowed by the lengthy and difficult tests for the examiners. Besides requiring the various approaches, carrying of clothed persons in the water, and breaking of holds, the tests included treading of water, floating motionless, disrobing in deep water and swimming 100 yards, and resuscitation.

The Red Cross expert addressed members of the life saving committee of the local chapter and made many helpful suggestions. Scout Executive C. A. Clark is chairman of the committee.

Because of the building of many pools with federal relief labor, the need for swimming instruction was emphasized by Mr. McCue. Citing that 22 per cent of water fatalities are of persons who can swim to some degree, he said teaching of safety at pools was imperative. He praised the Pampa pool very highly.

velt on the administration's recovery program. The river and harbor and flood control projects may be approved at that time.

Ickes announced today he had approved plans submitted by Indiana, Kentucky, Oklahoma, Oregon, South Carolina, Vermont, Virginia, Washington, Missouri and Wisconsin to spend \$75,643,445 and the District of Columbia an additional \$1,912,469 on roads.

Fire Chief Clyde Gold is in College Station for instruction in fire fighting. He was accompanied by Mrs. Gold.

## COMES TO LIFE

## SPIRIT OF ETHER COMES TO LIFE

For 63 weeks of high comedy on the air, the Firechief, as he is known to millions of radio listeners, has joked and jollied with Graham McNamee about his uncle. Up to a short time ago said uncle was just a spirit of the ether, and then the miracle happened. The spirit materialized and is actually on the air!

When Taylor Holmes as "Uncle Tex" came to the Tuesday night radio spot occupied by Ed Wynn before Wynn departed for a well-earned vacation after 63 weeks before the microphone, the Texas company brought to the air a performer well versed in the inanities which his "nephew" had hid down for him.

Uncle Tex has been in almost every form of entertainment—starting with readings and similar appearances when club and lyceum entertainment was in vogue and coming down today to the exacting requirements of a weekly radio broadcast over a country-wide NBC hook-up. He is a veteran of vaudeville on many bills of which he appeared with Wynn, played in stock and on the legitimate stage and worked in musical comedy in this country and in London. He was with David Warfield in several David Belasco productions, worked for Lew Fields in broad comedy such as he now offers over the radio, and registered his biggest success in the title role of "His Majesty Bunker Bean." Light opera and the movies have also bought his talents, one of his pictures being "Rugles of Red Gap."

Announcement of the new program was made here by Lee Waggoner, Adkisson & Gunn Tire Co., and Bill's Certified Texaco Station. (Adv.)

# EVERY DAY IN THE PAMPA DAILY NEWS

# KIDNAPED YOUTH'S FAMILY SPLITS WITH DISTRICT ATTORNEY

## COOPERATION WITH OFFICERS IS DECLINED

### RELATIVES OBEY FIRST ORDERS GIVEN BY KIDNAPERS

ALBANY, N. Y., July 15 (AP)—District Attorney John T. Delaney and his political sponsors, Ed and Dan O'Connell, tonight appeared to be at the parting of the ways over the investigation into the kidnaping of the O'Connell's nephew, John J. O'Connell, Jr.

The official said the democratic leaders had withheld information and refused to aid him.

In a statement Delaney said: "I have tried since last Monday to get some information from the family. So far they have refused to cooperate. I have succeeded in talking with but one member of the family, Ed O'Connell, and he refused me any information."

Dan O'Connell's brief comment when he was informed of Delaney's statement was:

"Of course we will not cooperate with the authorities."

The 24-year-old national guard officer's uncles and his father, John J. Jr., have indicated they could not assist the officials because the kidnapers warned the youth would be killed if they aided in the attempted apprehension of the abductors.

Delaney said he would seek to hold a conference with the O'Connells tomorrow and would ask for all the evidence they hold, including four notes from the kidnapers.

"Primarily," he continued, "I am determined to perform my duty as district attorney and at the same time I want to see the boy returned safely. But without the cooperation of the family we cannot accomplish our work or help them."

The family of O'Connell believes that the kidnapers are waiting until one of their conspirators, an Albany man, is suggested as an intermediary before completing negotiations for the boy's freedom.

## Dunn and Eilers Together

JAMES DUNN and SALLY EILERS are seen together again in the new romance, "Hold Me Tight," in which they portray the type of roles for which they have become famous as a team. Showing at the LaNora theater today, Monday and Tuesday.

## ROMANCE OF FILM STARRING FAMOUS PAIR

### "HOLD ME TIGHT" TO AGAIN ILLUSTRATE TALENTS

"Hold Me Tight," the new Fox romance that brings again the popular team of James Dunn and Sally Eilers, open at the La Nora theater today for an engagement of three days. It is the fifth picture in which these two young stars have carried the stellar roles since their rise to prominence in the unforgettable "Bad Girl."

The story of "Hold Me Tight" is said to have been specially adapted to the individual talents of Dunn and Miss Eilers, in order to bring out the abilities they have shown themselves to have in their past screen plays. It traces the romance of a young boy and a young girl who, over insurmountable barriers and the unscrupulous dealings of others, rise to realize their own love. The locale of the plot is laid entirely in New York, with characteristic backgrounds said to heighten all the action.

With much of the story centered in one of the largest department stores of the city, an incidental feature of the production is a view of the latest fashions in every branch of women's apparel. There is a slight underworld motif running through the film that is reported as one of the most thrilling screen elements in recent films.

The cast in support of Dunn and Sally Eilers is headed by Frank McHugh, comedian, and June Clyde already one of the most popular of the younger screen stars. Others in the cast are Kenneth Thomson, Noel Francis, Dorothy Peterson and Clay Clement. The direction of the film is by David Butler. Gladys Lehman wrote the screen play from the story by Gertrude Rigidon.

## SALLY EILERS, NEXT STAR TO BE DIVORCED, HERE IN FILM

### --REPEAL

Sally Eilers, whose pending or threatened divorce from Hoot Gibson has put her in the headlines lately, will be seen with James Dunn at La Nora theater today in "Hold Me Tight."

The theater program for the week follows:

La NORA—Today, Monday, and Tuesday, "Hold Me Tight," with Sally Eilers and James Dunn; also "Beauty on Broadway" with Walter Winchell, and Fox News, Wednesday and Thursday, "She Had to Say Yes" with Loretta Young and Lyle Talbot; also "Two Black Crows" comedy, Friday and Saturday, Zane Grey's "Life in the Raw" with Geo. C'Brien, and Pampa Daily NEWS-REEL.

REX—Today, Monday and Tuesday, "Should a Woman Tell" with Evelyn Brent and H. B. Warner; also comedy, Wednesday and Thursday, "Gabriel Over the White House" with Walter Huston, Karen Morley; also musical short subject, Friday and Saturday, "Lone Avenger," with Ken Maynard; also serial and comedy.

STATE—Today, Monday and Tuesday, "Lucky Devils" with Bill Boyd and William Gargan; also short subject, Wednesday and Thursday, "Humanity" with Boots Mallory; also comedy, Friday and Saturday, "Spirit of the West" with Hoot Gibson, and comedy.

## Oklahoma Will Vote on Repeal

OKLAHOMA CITY, July 15 (AP)—The special session of the Oklahoma legislature adjourned sine die tonight despite attempts to prolong or recess it after seven and one-half weeks of continuous work.

A vote by Oklahomans on repeal of the eighteenth amendment was assured when the house of representatives concurred in minor amendments made to its submission resolution by the senate yesterday. Machinery for the first convention in the set-up will be started 105 days from today, but the vote will be delayed until after Dec. 5.

Mrs. Kalka of Panhandle underwent a minor operation at Pampa hospital Saturday afternoon.

## --INDUSTRY

(Continued from page 1.)

At Johnson's office, the action of the steel industry brought expressions of satisfaction. No approval was given the terms, which will be scrutinized in public at a date to be set next week, but the voluntary wage raise lifted furrows from wrinkled brows.

The action topped a concerted movement by rayon and silk spinning and weaving mills, "throwing" plants which twist thread, to apply immediately the terms of the cotton textile code which beginning Monday will put 450,000 cotton workers on a 40-hour work week with minimum wages raised to \$12 and \$13, in the south and north respectively. Formal administration sanction was promised, and the expectation was that the action would put another 200,000 or more workers on the higher pay basis. Wool men, too, put in a code today and there was expectation they would join the rayon and silk movement.

Meantime Johnson made ready to put before President Roosevelt tomorrow a plan for a general appeal to all business to come forward now with substantial pay raises and reduction of working hours to make more jobs.

## Argument Over Oil Code Looms

CHICAGO, July 15 (AP)—The American oil industry's day before the federal recovery administration will see rival groups dumping volatile problems into the government's lap.

A code, drafted out of controversy at Chicago, has been submitted to General Hugh S. Johnson, federal administrator, who will hold open hearings starting July 24.

Independents including both small scale producers and jobbers, are determined to make the submission of the oil code judgment day for the industry. Major companies, if they support their delegates to the Chicago code conventions, will oppose any such shakeup as the independents demand.

The oil men go before the government agreed on a few general principles, such as that production must be limited and the flow of

bootleg oil stopped. But the chance to freeze competition and assign permanent seats at the industry's table finds them in sharp dispute over the details of a code.

## KIDNAP PLOT FAILS

STOCKTON, Calif., July 15 (AP)—A \$50,000 kidnaping plot against W. Q. Wright, wealthy head of the Wright corporation with extensive land holdings in the Stockton delta region, failed today. The abductors found that had E. T. Higgins, 70, one of Wright's trusted employees. They promptly administered a concoction which rendered him senseless, left him with his broken down automobile near Arcata, and made a hasty escape.

V. Haiduk of White Deer transacted business here Friday afternoon.

## --FLIERS

(Continued from page 1.)

about midnight, was greeted by a crowd of a thousand or more. Wearing a silver gray suit, he curled up on a cot for a last minute nap. Meanwhile attendants filled the Winnie Mae's gas tanks to their capacity of 659 gallons. Then the young pilot arose, said good-bye to his wife, Mrs. Mae Post, and climbed into the plane.

"I'll be back as soon as possible," he shouted to the crowd. In a moment the ship sped down the 4,100-foot runway and was in the air.

Close behind was the second plane, bearing Mrs. Post to wave a sky farewell to her husband. The two craft traveled together for 35 miles. Post waved once more, and the Winnie Mae disappeared in the gray mist.

The aviator, who will try for a world solo record as well as attempting to better his own time, will be aided by a robot pilot, designed to keep the plane on its course and maintain its altitude and lateral stability.

"I'm going to let the robot do all the work," Post said before the take-off. "Last time Gatty and I took turns, but this time I'm going to be lazy and let the other fellow do the work. I plan to use the robot all the time except when taking off and landing."

Nevertheless he does not expect to do much sleeping.

Post and the Lithuanians were

reported flying into good weather along the North Atlantic coast but the take-off of the monoplane Lithuania in a heavy mist was considered a difficult feat.

Darius, 36, and Giernas, 37, took advantage of the interest in Post's departure and warmed their engine for what they told airport officials would be a test flight.

Under this ruse they left the ground with the good wishes of friends, one of whom was Paul Zadekis, New York consul general for Lithuania.

The plane, swaying under the load, missed destruction several times as it gathered speed along the ground. As the wheels grazed the last inch of the runway, the plane nosed east with less than 200 feet of altitude before it disappeared into the low hanging fog.

Major J. Nelson Kelly, airport

manager, said that the aviators failed to sign the register and that he had no idea they would leave in view of the government's refusal to grant a license.

They had been arguing with the commerce department over who should pay the \$100 expense involved in cabling for permission to pass over countries on their route. Finally they sought permission by mail, which would require about 60 days, department officials said.

## Where Folks Are Really Friendly ...CHURCH...

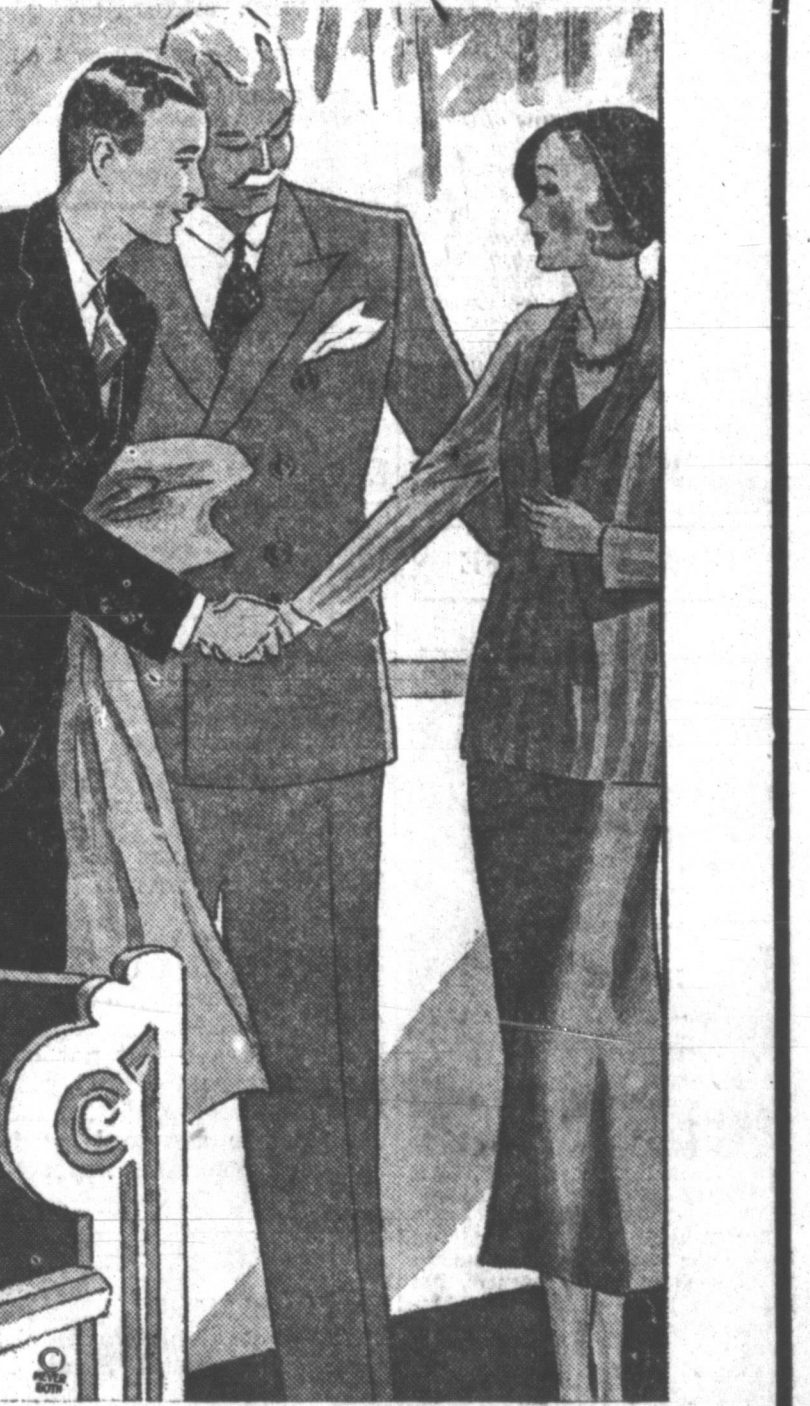

Here is an invitation to meet with people of high standing in the community, people of culture, intelligence, character. Come to Church today. There, joined by a common faith, folks are friendly to one another. You will enjoy being among them, and becoming acquainted with them. In fact, you will make your most worthwhile contacts at Church. Come next Sunday, and see.

### Provide Social Atmosphere

For young couples, newcomers in town, families in which there are children, Church provides, not only an essential spiritual home, but also a wholesome social atmosphere which is invaluable. Have you taken advantage of it?

## COME TO CHURCH THIS SUNDAY
