

# WILL DELAY VERDICT ON WALKER

## Hoover Startles His Party With Strong Prohibition Reform Talk

### CONTINUATION OF CONDITIONS NOT TENABLE

### STATE CONTROL WITH FEDERAL HELP IS PROPOSED

### DEPRESSION EXPLAINED

### FACTS, BOARDS, RELIEF IN ABUNDANCE ARE PROMISED

By FRANCIS M. STEPHENSON  
WASHINGTON, Aug. 12. (AP)—A clear presidential call for prohibition reform and a promise to beat down the economic "hurricane" leads republicans into the 1932 campaign.

An eager and tensely expectant audience of republican leaders in vast constitution hall heard Mr. Hoover last night in his speech of formal acceptance of renomination go far beyond his party platform and demand a new order of liquor control.

"I cannot consent to the continuation of this regime," said the president solemnly.

There was applause. But the republican hosts who had frequently interrupted Mr. Hoover's challenges to democrats on their tariff and house records seemed surprised. It wasn't the same applause.

However, as the man whose hair has grayed considerably in four years of presidential care concluded his carefully prepared address, Senator Fess of Ohio, long a prohibition champion, was applauding with the rest. A moment later he gave his benediction to the prohibition suggestion.

Mr. Hoover proposed as a "common ground" for "all reasonable people" that:

"Each state shall be given the right to deal with the problem as it may determine, but with absolute guarantees in the constitution of the United States to protect each state from interference and invasion by its neighbors, and that in no part of the United States shall there be a return of the saloon system with its inevitable political and social corruption and its organized interference with other states."

He said the democratic plan for outright repeal meant a return of the "bootlegger and speakeasy" of the present regime.

"I refuse to accept either of these destinies," he said. "Either is intolerable. These are not the ways out."

Before and after the eagerly awaited prohibition declaration, the president, dressed in serge coat and white trousers, told the sweltering guests a vast nation-wide radio audience just what he stood for, what he had done and what he contemplated in words he desired to be "so simple and so plain that every man and woman who may hear or read my words can not misunderstand."

Only once did he mention the republican party. He willingly gave credit to democratic members of congress who helped in enactment of the emergency reconstruction measures. He attacked the democratic house under Speaker Garner, the "democratic vice-presidential nominee, for some of its economic proposals. Obviously pointing at Governor Roosevelt, he demanded democratic specifications on tariff reform; supported the protective tariff and "squarely" opposed the democratic proposal of "a competitive tariff for revenue."

Mr. Hoover asked renomination

(See HOOVER, page 2.)

### the Weather

WEST TEXAS: Partly cloudy, probably thundershowers in the Panhandle tonight and Saturday.

—AND A SMILE  
MUSKOGEE, Okla. (AP)—Muskogee won the game, 12 to 2, but it wasn't that easy. When time for the Hutchinson-Muskogee game of the Western association came yesterday there were no balls to play with. There were no funds to buy any. Muskogee solved the problem. It traded a pitcher to Hutchinson for four balls—and the game proceeded.

There were no funds to buy any. Muskogee solved the problem. It traded a pitcher to Hutchinson for four balls—and the game proceeded.

### RECLUSE, SWEETHEART ACCUSED

The chain of evidence in the Natchez (Miss.) "goat feud murder" mystery has tightened about Richard Dana, 61-year-old eccentric. Authorities announce they have identified finger prints at the scene of the slaying of Miss Jane Surget Merrill as those of Dana. He is the nephew of Charles A. Dana, famous editor, and is pictured here in jail at Natchez with his housekeeper and guardian, Miss Octavia Dockrey, 60, indicted with him on a charge of murder. Miss Dockrey, daughter of a Confederate general, was Dick Dana's boyhood sweetheart whom he never married. She became his housekeeper 20 years ago. Authorities believe the slaying climaxed a long-standing quarrel between Miss Dockrey and Miss Merrill over the former's goats which strayed onto the Merrill estate.

### RED CROSS CHAPTER REPORT SHOWS HOW FUNDS USED TO ASSIST PEOPLE OF COUNTY

Federal Aid Helps To Feed Many Families

Welfare work of the Pampa Red Cross chapter was detailed last night in reports made at the annual meeting in the city hall.

Mrs. W. H. Davis, who is in charge of this work for the chapter, reported a balance of \$293.92 in the treasury. There are on hand 90 barrels of federal flour and 220 barrels additional being milled here, also articles of clothing bought from the war department. During the year the chapter issued 305 orders for groceries to 58 families and cared for 44 county cases. Ex-service men and their families were assisted, and compensation claims were pressed successfully in a number of instances. Work of the Red Cross is restricted to classes of cases defined by the national chapter, but there is much demand from this source here. President Bratton of the chapter praised the efforts of Mrs. Davis in caring for Red Cross cases.

The Rev. C. E. Lancaster was appointed to represent the Red Cross at the county budget hearing Monday. The election of officers was deferred until August 22 at 8 p. m., when all interested organizations will be asked to send representatives. Those present last evening included Olin E. Hinkle, secretary, Mrs. A. B. Zahn, Mrs. C. T. Hunkapiller, Alex. Schneider, and the Rev. A. A. Hyde.

### Welfare Budget To Be Discussed

The Pampa Welfare board directors will meet at 10 o'clock tomorrow morning in the chamber of commerce rooms with Chairman Alex. Schneider presiding. Mrs. W. H. Davis, manager, will be present and will make a brief report on activities and the budget.

The financial situation of the organization will be discussed at length and some working plan for dividing the money on hand through the winter will be presented.

Many pledges made during the last drive have not been honored, and plans for collecting the promised money will be discussed.

### BOGUS BILLS FOUND

LONGVIEW, Aug. 12. (AP)—Circulation of counterfeit \$5 bills in the East Texas area was reported today by a number of banks and individuals into whose hands the bogus money has fallen. Workmanship of the bills was described as excellent. Bank officials expressed the opinion the counterfeiting was done somewhere in the middle west. Some of the bills bore the names of St. Louis and Toledo banks.

## CLARKE'S SKULL HANDLED BY JURORS

### EXPERT FINDS NO EVIDENCES OF FOUL PLAY

### "BALLOONED" FLESH IS PROOF GUN WAS CLOSE

### LANCASTER VERY CALM

### GAZES INTENTLY WHEN EXHIBIT BROUGHT INTO CASE

MIAMI, Fla., Aug. 12. (AP)—Using the bullet-pierced skull of Haden Clarke and the pistol that ended his life illustrate his testimony, Arthur H. Hamilton, criminologist of Auburn, N. Y., told a jury today he was "absolutely convinced" Clarke committed suicide.

"There is not a scintilla of evidence here to show that Clarke was murdered," Hamilton testified as defense witness in the trial of Captain W. N. Lancaster, British aviator, charged with the young writer's murder.

Clarke was shot to death at the home of Mrs. J. M. Keith-Miller, Australian aviatrix, in whose affections he had succeeded Lancaster.

Hamilton said microscopic examination climaxed a morning of testimony in which he pointed out various characteristics of suicide. Each of them he demonstrated on the skull or with the pistol.

Hamilton testified he entered the trial at his own suggestion, after reading newspaper reports of trial testimony.

Hamilton said microscopic examination of the pistol showed blood and tissue on the front sight, indicating that it had been pressed firmly against Clarke's head at the time he was shot.

Taking Clarke's skull in his hands, Hamilton stepped down before the jury to describe the characteristics of the bullet holes.

Eventually he passed the skull to each of the jurors.

MIAMI, Fla., Aug. 12. (AP)—The (See CLARKE, page 5.)

### State Highway Patrolmen Here

Sgt. R. H. Routh and Officer L. T. Kefter of the State highway patrol were in Pampa yesterday checking over the car equipment violations in Pampa with City Traffic Officer Wayne Nicholson. Warnings were given numerous motorists for bad lights, only one light, no tail light, and other violations.

The officers said before leaving that they would return in a few days and warnings would be done away with and arrests made. Sgt. Routh reported that Pampa motorists are getting careless again.

Traffic violations are no so numerous now, due to the vigilance of Officer Nicholson, Chief J. I. Downs reports.

### CLARK WILL SPEAK

Scout Executive Curtis A. Clark of the Adobe Walls council will speak at the First Christian church Sunday morning at 11 o'clock, telling of Scout activities.

### GOVERNOR AND MRS. STERLING ONCE MORE FIT AND EAGER

BUFFALO GAP, Aug. 12. (AP)—He is perfectly fit again, entirely recovered from an illness that disarranged his West Texas schedule earlier in the week, and "is anxious to continue telling the story of responsible versus irresponsible government to the people of Texas," Governor Ross Sterling said here today.

The governor was en route from Austin to Lubbock, where he will speak tonight, and was traveling by train. Mrs. Sterling, who accompanied him to this place, will address a district Sterling-for-governor rally tonight in Abilene. The executive's wife rested briefly

### JONES LEARNS WHEAT AID IS NOT PROBABLE

### Administration Has Reversed Ruling On Loans To Be For Production.

AMARILLO, Aug. 12. (AP)—Prospects for government relief for Panhandle wheat farmers who need aid in fall planting faded today when Congressman Marvin Jones was advised by C. W. Warburton, director of extension work, U. S. Department of Agriculture, that his recent letter had been misconstrued.

Jones said the administration had completely reversed itself on its interpretation of legislation enacted during the closing days of congress, when it was claimed that everything provided in the Black bill which was given the pocket veto could be handled under other relief legislation, but now advises that "the wise thing for your people to do would be to urge the reconstruction finance corporation immediately to set up a credit corporation, so that it would begin functioning for the making of production loans."

### Underpass Will Be Opened Soon

The Barnes street underpass will be opened for traffic tomorrow. City Manager C. L. Stine said this morning. The analysis of tests have been received and the concrete is in excellent condition and ready to be opened.

There will be a clearance of 14 feet directly under the railway bridge, which is two feet more than required by law. The entrances will not be steep, starting well back from the dip. Water will be carried from the bottom of the underpass through large pipes 1,200 feet east of the street.

Spear street south of the underpass has been opened to replace Crawford street closed by the Fort Worth and Denver railroad.

### House Burglary Here Is Reported

The home of Mr. and Mrs. S. D. McKay at 312 North Gray street was entered some time early in the week but was not discovered until later. The owners were out of the city.

The burglary was reported to the sheriff's office by A. L. Simmons, a neighbor, who noticed the back door of the house open.

Entry to the house was by cutting the screen in the door and then taking the glass out of the kitchen door. The glass was placed carefully against the kitchen wall.

Among the articles taken were an electric sump pump, Navajo rug, quilt, several dresses and a suit. No arrests have been made.

### Body Held Here For Instructions

The body of Mrs. M. M. Coolbaugh, who died in an Amarillo hospital Wednesday morning following an illness of less than two hours, will be at rest in the C. C. Malone Funeral home until relatives arrive to complete funeral arrangements. Mrs. Coolbaugh's mother is enroute from Illinois, but Mr. Coolbaugh had not been reached this morning.

Mrs. Coolbaugh was in Amarillo caring for Mrs. Tom Barnes when she became ill. Cause of death had not been decided this morning. She had been a resident of Pampa for the past four years.

### Mill Engineer Is Slightly Burned

The engineer at the Pampa Milling company was burned but not seriously yesterday afternoon when gasoline from an engine ignited and fell on him. He was priming the engine when the accident occurred.

One of the Pampa fire trucks answered the call, but with a small amount of water from the booster tank put out the fire which resulted when the burning gasoline reached the walls of the engine room.

### HE WIPED OFF HIS GRIN

A year's sweeping investigation into the administration of the nation's largest city will come to a spectacular climax shortly as a result of Gov. Franklin D. Roosevelt's hearing of evidence purporting to show that Mayor James J. Walker, above, is guilty of misconduct in running his office and should be removed.

### DR. R. A. WEBB HEADS 40-8 ORGANIZATION—CURRY WILL BE INSTALLED BY LEGION

### Big Attendance At Tuesday Session Is Asked

Dr. R. A. Webb was elected chief of Pampa's 40-8 organization at the annual meeting for election of officers last night in the Legion hall on West Foster avenue. Paul Hill, retiring chief de gare, was ill, and A. J. "Pete" Pearson presided over the meeting.

Other officers elected were: W. C. de Cordova, chief de train; W. Scott Green, conductor; Mark Long, commissaire entente; Ray Anderson, garde de la porte (re-elected); Lester Cary, commissaire voyageur; Alden E. Speed, lampiste; C. M. Carlock, ammonaieur; Elmer Cary, J. A. Pearson and Frank Thomas, gymnasts.

Mr. Pearson was selected as delegate to the grande promenade in Portland, Oregon, which opens September 11.

The new officers will be installed at a meeting called for August 25.

The new American Legion officers will be installed at a meeting in the Legion hall Tuesday night with C. M. Carlock, retiring commander, presiding. The meeting has been called for 8 o'clock.

W. H. "Bert" Curry will be the new commander of the Keyes Crossman post for the next year. The new vice-commander will be Frank Thomas. Other officers will be returned to office for another year.

Commander Carlock is anxious that a large attendance gather to welcome the officers who will be at the helm of Legion affairs for the next year. There will be a short program during the evening.

### FLIERS BACK HOME

OKLAHOMA CITY, Aug. 12. (AP)—Back home after cracking up their ship and the chance for a new round-the-world speed record in a Russian peat bog, Bennett Griffin and Jimmie Mattern, Oklahoma and Texas fliers, prepared for a welcoming parade today and said they will try again as soon as they can "make new arrangements."

### DANCIGER PRORATION RULING IS NOT YET MADE EFFECTIVE

AUSTIN, Aug. 12. (AP)—The order of the Texas Railroad Commission bringing wells of the Danciger Oil & Refining company in Carson Gray and Hutchinson counties under the state proration has not been made effective, it was disclosed today.

R. D. Parker, director of the oil and gas division of the railroad commission, said the order was being held in abeyance pending a conference between the railroad commission, attorneys who represented the state and attorneys for Danciger in a suit tried in February, 1931, contesting the right of the state to prorate oil production.

Parker expressed belief the order would be made effective Monday, regardless of the outcome of the conference. He was working on a plan to readjust pipe line outlets to conform to the new schedules of production that will be effective when the order placing Danciger and offset wells to Danciger's holding under proration goes into force.

C. L. Black, one of the attorneys who represented Danciger in the original suit, was out of the city and the order was withheld pending his return. The order was signed Wednesday by the full membership of the commission and attested to by the commission's secretary.

It was based on a hearing held several days ago at Pampa by Commissioner Ernest O. Thompson, who

### DECISION MAY BE FOLLOWING NEXT ELECTION

### SUPREME COURT WILL LIKELY PASS ON WRIT

### ACTION ECLIPSES CHARGE

### MAYOR ATTEMPTING TO EXPLAIN DEAL OF FRANCHISE

EXECUTIVE CHAMBER, ALBANY, N. Y., Aug. 12. (AP)—Possibility that Governor Roosevelt's decision on the ouster charges against Mayor James J. Walker of New York City may be delayed until after next November's election developed today when Roosevelt announced he would withhold his action until after question of his removal power went to the courts.

Shortly after the morning session of the Walker hearing, now in its second day, the governor stated he would not pass on the mayor's case until the supreme court had had an opportunity to determine the legality of a writ of prohibition, demanded by Bronx Donnelly, secretary of the Bronx chamber of commerce.

The supreme court does not meet until Aug. 15.

Donnelly, rebuffed in three courts, today obtained from Justice Harold J. Hinman of the appellate division of the supreme court an order instructing Roosevelt to explain his jurisdiction. The governor directed Attorney General John J. Bennett, Jr., to prepare an argument of the legality of the action.

Mr. Bennett, leaving Governor Roosevelt's office after a five-minute conference, said:

"The governor sent me to notify Justice Hinman that he would show no discourtesy to the court and would withhold his decision until the courts had passed upon his authority."

The supreme court is the trial court of New York and corresponds to the district courts in most states. Should either party to the litigation dispute the action of the supreme court, it is the duty of the court to pass upon the matter.

(See WALKER, page 5.)

### Yard Contest To Be Closed Monday

Decision to close the Lions club yard improvement contest was announced at the club's luncheon yesterday.

The final judging will be done Monday and five valuable prizes will be announced. Members of the club will inspect the winning yards during the week.

The clubmen in the near future will journey to Shamrock for an inter-city session with the club there. The club is considering an offer from the Denver Northern to operate a special train for a quartet of 200 tickets at \$2 each.

Yesterday's program featured an address by Carson Loftus on the lumber business. He gave a history of the rapid growth of the Gal. brath-Foxworth Lumber company, for which W. A. Bratton is local manager. Roser McConnell was program chairman. Miss Jackie Jones was introduced as the "official" club pianist.

### I HEARD--

Archie Lee Walstad telling one of the best fish stories of the year. Said Archie: "We had to get behind a tree to change bait or the fish would have jumped out of the water as we."

"Friday" Brandin remark that it would rain between now and Sunday night, but he wouldn't say whether it would be a little one or a big 'un.

From B. R. Kirkpatrick and he declared that a Pampa 66 ball club would enter the Borner tournament if he had to play himself and lose.

should show up about right, but last week I struck a lucky day and landed a nice catch. Believe it or not, I caught all these myself (Ed's note: We don't). I packed about 7 miles from camp, stayed one night, and these are the 'babies' I brought in.

"We are starting home and will be in the latter part of this week. We have had a wonderful vacation and I know a lot more about fishing than I did. We made several trips out from camp, one to a lake up on the mountain, two on the south fork of the Conchas, and one on the north branch. The catch shown in the picture was taken from Lake Fork. That was one of the most interesting trips we made. Years ago, there were gold miners in there but now only the old cabins remain.

"We built a big camp fire and fixed our bed close by to keep warm. About every two hours we had to put on some more logs. Our feet were so close we scorched the bedding but our heads nearly froze. About 3 o'clock in the morning the coyotes started howling and believe me that was a lonesome place."

HOOVER CALLS FOR END OF FEDERAL PROHIBITION WORK

On foreign affairs, the president eyed favorably a general world economic conference even along lines suggested by Senator Borah, but the emphatically warned against war debt cancellation.

His direct promise to the farmer was a drive for tax reduction. He saw as "the most practicable relief to the farmer today aside from the general economic recovery" something to alleviate the "unfair burden of taxation which will reduce the country's production."

WASHINGTON, Aug. 12 (AP)—This is what presidential candidates of the two big parties say about some of the country's problems. Hoover—It is my belief that in order to remedy present evils, a change is necessary by which we resume a proper share of initiative and responsibility which the very essence of our government demands shall rest upon the states and local authorities.

Hoover—I have projected a new doctrine into international affairs, the doctrine that we do not and never will recognize title to possession of territory gained in violation of peace pacts. This world needs peace. I shall continue to explore every possible path that leads toward a world in which right triumphs over force.

# CUBS CLAMBER TO TOP RAPIDLY UNDER CHARLIE GR...

## NINE DAYS BY MANAGER GET RESULTS

### TED LYONS-BEATEN IN BATTLE WITH ST. LOUIS

By HERBERT W. BARKEE  
Associated Press Sports Writer  
Nine days after Charley Grimm took over the managerial reins, the Chicago Cubs have regained first place in the National League pennant race. Whether attributable to Grimm's master-minding, the fact remains that the Cubs, under his handling, have won six of their last eight games, all on the road.

Their 3-2 triumph over Pittsburgh yesterday gave them a half-game margin over the Pirates for first place. The battle of the two leaders started out as a pitcher's duel between Steve Sweetcap and Lon Warneke, but neither finished. Warneke went out for a pinch hitter in the eighth after the Pirates had counted twice. The Cubs tied it up in the eighth on a pinch double by Judd, a single by Herman and Woody English's triple. As the Cubs went into extra innings, Warneke's low throw gave Cuyler a "life" in the tenth. Stephenson's single sent "Kiki" to third and he scored the winning run on Moore's long fly.

The only other National League game of the day saw the Phillies and a six-game losing streak at the expense of Boston, 7-2.

In the American league, Wes Ferrell won his 19th victory of the season as Cleveland beat Detroit, 4-0. St. Louis walloped Ted Lyons for five runs in the fifth inning and beat Chicago, 6-5.

## Beaumont And Dallas Still In Leadership Tie

By BILL PARKEE  
Associated Press Sports Writer  
Beaumont and Dallas made their first count for runs yesterday to remain in a deadlock for first place in the second half Texas league pennant race.

In the Beaumont and Houston game, the 4 to 3 victory for the Spartans was made possible by schoolboy Rowe on the mound and Jerry Greenberg's ninth-inning one run. Greenberg spoiled a sound duel between Ralph Judd and Rowe when he hit his thirtieth career run this season to break a 3-3 tie and give his mates victory. Beaumont was held to seven hits by Judd.

Lou Garland turned in a 5 to 1 victory for Dallas when he limited onlookers to eight hits. He weakened in the ninth after two were at bat and retired in favor of McKain with the bases full. McKain retired seven without allowing a score.

Scoring six runs in the third inning, Tyler trimmed Fort Worth, 6 to 6. Gribble and Thurman tried to stop the Tyler stampede without success. Tyler collected eleven hits against the nine Fort Worth got off schym and Hollerson. Cashionrey hit homers for Tyler in the third with runners on.

Galveston took a 3 to 0 game on San Antonio to put the Inquirer in the cellar, but broke even at the night by forfeiting to the Indians when Sharn Moody, owner ordered the Bucs to not take the field to play the ninth inning of disputed game of July 13. That game previously had been forfeited by Galveston when San Antonio refused to play the last inning while they had a 5 to 3 lead. President Ivin Gardner of the league overruled the umpires' decision of that night and ordered the ninth inning played last night.

## HOOKS and SLIDES by WILLIAM BRAUCHER

It is the ninth inning, two men are out and Pitcher Tommy Bridges of Detroit has only one man to retire for a perfect ball game, a game in which he has allowed no runs, no hits, no man to reach first base.

It is Pitcher Burke's turn to bat for Washington. Instead, Manager Walter Johnson sends Dave Harris, a formidable pinch-hitter, to the plate. Harris bangs a ringing single and the perfect game is spoiled.

Detroit fans have been booing Harris and Johnson ever since. At the time, Washington was 13 runs behind. The game seemed hopelessly lost. Says Walter:

"Why did I put in a pinch-hitter? Because it is my duty as a manager to play out the string. If Bridges had got Harris, he deserved the perfect game. But a ball game is not over until the last batter has been retired."

"Sent in to Hit"  
Says Harris: "I had no choice in the matter. I was sent in there to hit and I hit the first ball pitched into left center for a single. I would have been just as happy as anyone else if the ball had been caught, because I knew that I was trying and that if I went out Bridge had earned the perfect game."

Says Joe Judge, Washington first baseman: "I could have murdered him when he hit that ball."

Says Ray Hayworth, Detroit catcher: "He should have struck out purposely."

Marl Waved at 'Em  
Says Earl Webb, Detroit outfielder: "When I was with Boston and Bob Burke had a no-hit game in his hip pocket in the ninth inning I went up and waved at three of them. It's no use taking a record away from a guy just for a base hit."

Says Bridges, himself: "If they can get a hit off you, you don't deserve a no-hit game. It wouldn't be worth anything if you didn't earn it."

Says Bucky Harris: "Walter Johnson himself would have pitched a perfect game if it hadn't been for me. I made the error—it was in 1920 when I was with Washington

—and my muff let the only runner get on base."

Says Joe Judge, again: "We had another game in Washington a few years ago. Ted Lyons had shut us out without a hit and two were out in the ninth. Bob Veach walked up and cracked out a double."

Says Heinie Manush: "Bridges should have thrown Harris a curve ball instead of a fast one. Harris is a sucker for a curve ball."

And what do you say, yourself?

Lober and Overall  
Here's a story about an old baseball friendship that endured brightly through the stress of a similar incident. The characters were Hans Lober of the Cincinnati Reds and Orvie Overall, Cub pitcher of the great Chicago teams early in the century.

Whenever the Reds and Cubs met, Lober and Overall were inseparable buddies. They went to shows together, visited at each other's homes, sat together in hotel lobbies.

One year the Cubs were fighting for the pennant. It was near the end of the season, and the Reds were far down in the second division, going nowhere. The Cubs with a slight lead came to Cincinnati. For eight innings, Overall set down the side without a run. The Cubs had a one-run lead.

Lober Breaks It Up  
In the ninth, the Reds managed to get two men on, and Lober came to bat. Hans took a mighty cut at the first ball and drove out the hit that scored his mates with the winning run. On the way to the clubhouse, Hans caught up with his pal. He took his arm.

"Sorry, Orvie," said Lober.

Overall turned and patted him on the shoulder.

The two walked arm in arm to the clubhouse. The Cubs lost the pennant that year, by a narrow margin. But the friendship between Hans Lober and Orvie Overall went on just the same.

Theirs was the bond between two square shooters, and it was stronger than pennant desires or whatever you care to name.

## LAVENDER TO WATCH BALLS MORE CLOSELY

### THREE-PUTTING STOPS AS FAULTY BALL IS DISCARDED

After exacting a promise that it would not be written as an alibi, Dennis Lavender, former state golf champion, told a good story on himself. It occurred Sunday in his final match against "Happy" Massingill of Fort Worth for the combined Glen Garden-All Southwest-entire golf championship.

Until the finals, Lavender did not have a three-putt green. It puzzled him when he constantly three-putted in the finals to go seven down to Massingill on the front nine.

"I couldn't," explained Lavender, "figure out my trouble. I knew I was a better putter, and through the tournament I had done exceptionally well. Then, boogie, every green I reached I three-putted. I finally went seven down to 'Happy' on the first nine. It was after that I discovered my trouble."

"After the series of three putts, I was starting for the tenth tee when a friend walked over and said: 'Dennis, what's wrong with that ball. It looks like it hops every time you putt. Just a fraction, but it hops.'

"I started an examination right there, and sure enough the ball was lopsided. It was raised under the cover just a fraction on one side, and being back of the ball on my putts, I never noticed it taking the slight hop. I exchanged balls and the three-putting stopped. I had only one three-putt green the remaining 26 holes."

After being seven down, Lavender rallied to equalize the match but later lost it, 3 and 1. Lavender, in no way, blamed the lopsided ball for his defeat. He said:

"Be sure and don't use that as an alibi. If anything, Massingill let up on me to make the match close. He is a grand veteran and one of the toughest match players in Texas. Anyhow, I got my wallop out of the tournament when I beat Byron

## PAMPA BASEBALL TEAMS TO SEE ACTION ON SUNDAY

### Phillips To Battle Borger 66 Here While Other Nine Goes To Panhandle.

Two Pampa baseball teams will be in action, one at home and the other one in Panhandle, on Sunday. The Phillips 66 squad of Pampa will meet the Phillips Alamo 66 squad from Borger in a charity game at Magnolia park. The game will be called at 3 o'clock.

The American Legion band under the direction of Pete Bradford will give a concert before the game and will play during the battle. Admission will be 50 cents and the entire proceeds will go to charity. The game is being sponsored by the Pampa Lions club.

Manager Eller of the local nine says he will have a strong lineup to face the Borger team that took third money in the Denver tournament. Borger won the game played at the Alamo stadium last Sunday.

Should Pampa enter a team in the Borger tournament which opens Aug. 20, many of the players in action Sunday will be on the team. The Juniors will go to Panhandle.

## FIGHTS LAST NIGHT

(By The Associated Press.)  
NEW YORK.—Benny Leonard, New York, outpointed Paulie Walker, Thenton, N. J., (10). Christopher (Bud) Bataino, Hartford, Conn., outpointed Billy Townsend, Vancouver, (10). Wesley Ramey, Grand Rapids, Mich., outpointed Charley Raymond, Brooklyn, (10). Jack Redmond, South Bend, Ind., stopped Pedro Lopez, Wheeling, W. Va., (3).

NEW HAVEN.—Conn.—Al Gainer, New Haven, knocked out George Courtney, Tulsa, Okla., (9).

DETROIT.—Jack O'Dowd, Detroit, knocked out Joe Doktor, Buffalo, N. Y., (8). Tiny Groves, Washington, knocked out Len Hunt, Buffalo, (2).

MILWAUKEE.—Sammy Slaughter, Terre Haute, Ind., stopped Angel Clivelle, Porto Rico, (5).

## BALL LE TO BE THIS E

PLAYGROUND  
WIDE INTO  
HERE

Persons interested in a playground have been called to meet tonight in the chamber merce rooms. Team sponsors and players attend.

It is hoped that a playground can be organized soon. The Faculty, Postoffice and probate teams from the sport be back in harness. Petroleum company building have also an intention of getting in. The meeting will start and will be brief.

DAY IS OBSERVED AT ENCAMPMENT IN CANADIAN

W. C. T. U. CHIEF RAPS WETS

On the eve of the 59th annual convention of the Women's Christian Temperance Union, scheduled to open in Seattle, Wash., Mrs. E. A. Boole of Brooklyn, N. Y., 74-year-old president of the organization, shown above, criticized women advocating prohibition repeal. She termed the prohibition law a pronounced success and said the leading women's anti-prohibition group was disorganized and open to social climbers. Mrs. Boole will preside at the convention.

"IS CHRIST A FAILURE?" ASKED BY REV. JOHNSON AT METHODIST REVIVAL; ATTENDANCE IS LARGE

There was gratifying progress made in the revival at the Methodist church Thursday. The largest crowds thus far attended both the morning and the evening services. Evangelist Ray N. Johnson brought inspiring messages at both hours. At the morning service he spoke on the meaning of the Holy Spirit, and at the evening service on "Is Jesus Christ a Failure?" There were three professions at the evening service. Christ's revelation of God, the meaning and content He gave to life, and the resurrection were answers to the question as to whether Christ is a failure. The emotional impulses which those present felt during the discussion convinced all present that the church is being reformed through a Christ who is the sufficient of Christ to satisfy the uttermost needs of all men. Much praise is heard about the singing, both in the congregation and the choir, composed largely of the young people of the church. At 7:45 each evening prayer meetings are held for both men and women meetings for young people and for children are held at the same hour. Mrs. Johnson, assisted by Mrs. H. T. Wohlgenuth and Mrs. Wood, is directing the juniors. Every department of the league of nations inquiry commission will contain findings and recommendations utterly unacceptable to the Japanese. The report is now being completed by the commission at Peiping. As a result of its character, the spokesman said, the government feels strongly that early recognition of the Pu-Yi regime is necessary to save the world that Japan is determined to maintain her stand in Manchuria.

My Beauty Hint

I have a beauty hint for women who have difficulty keeping their finger nails looking well. I use hot olive oil. In Portland, Ore., where I lived as a child, the crisp air made my finger nails brittle. A friend told me that if I would soak them in hot oil for a few moments daily they would become strong. I have never given up the habit. My nails now are brilliant, shapely and strong. I push the cuticle back frequently, file them and find them always in perfect condition.

Mary Lee Morris Honored at Party

Mary Lee Morris was surprised on her tenth birthday with a party given by her mother, Mrs. R. D. Morris, yesterday afternoon. After games were played, the lovely gifts were opened. Dolls were given as favors, and a birthday cake topped with ten candles was cut and served with frozen custard. Guests were Lucille Carllock, Martha Frances Pierson, Anita Andrews, Carolyn Surratt, June Rose Rodge, Margaret Spangler, Coleen O'Grady, Alice Marie O'Connell, Patsy and Sybil Pierson, and the honoree.

WRITERS DISPLEASED

NEW YORK, Aug. 12. (AP)—The writers' delegation of the national committee for defense of political prisoners issued a statement today calling President Hoover's acceptance of "one hundred per cent unsatisfactory." The delegation, including Sherwood Anderson and Waldo Frank, called at the White House earlier this week to protest treatment of the bonus army but did not see the president.

"STRANGE AS IT SEEMS"

INDIANAPOLIS, Aug. 12. (AP)—Olliver W. Stewart, president and other officers of the Flying Squadron Foundation, Ind., a national dry organization, today sent a telegram to President Hoover saying that his acceptance speech "traffirms and intensifies our faith in you."

SWIMMING IS DIVERSION OF YOUNG PEOPLE

STUDENTS ENJOY MANY SMALL GATHERINGS THIS MONTH

Young people of Pampa are making the most of the last month of summer before returning to colleges and universities in September. Now the formal functions with invitations sent far in advance, are holding principal interest for the young people this summer. Rather, those extremely informal gatherings of friends which could hardly be called parties are the events from which much real pleasure is derived. An afternoon of swimming, an evening of bridge—such gatherings are almost daily diversions.

Among the Pampans going to Miami for swims Wednesday was a group composed of Misses Christine and Mary Ellen Cook, Miss Dorothy Doucette, Miss Louise Walstad, Albert Doucette, Burton Doucette, Archie Lee Walstad, Howard Spragg of Dallas (a guest in the Walstad home), Mrs. A. H. Doucette, and Mrs. George Walstad.

Mrs. Anderson Teaches Lesson

A lesson from "Missions in the Bible" was taught by Mrs. S. L. Anderson at a meeting of the Central Baptist W. M. S. Wednesday afternoon. The study will be continued next Wednesday. Those at the meeting were Mesdames W. O. Cooley, S. L. Anderson, R. M. Mitchell, H. C. Chandler, Will Turpin, Robert Smith, King, G. D. Holmes, and G. C. Stark.

CANT UNDERSTAND

TOKYO, Aug. 12. (AP)—The Japanese government fails to see how President Hoover's new doctrine of refusal to recognize possession of territory gained by force applies to Japan's position in Manchuria, a foreign office spokesman said today. The reference occurred in the president's speech of acceptance last night and in government circles here it was accepted, as was Secretary Stimson's speech earlier in the week, as a reference to the Manchurian case.

NEW POOL FOUND

VICTORIA, Aug. 12. (AP)—A new Texas oil pool was believed to have been opened last night by completion of the Victoria Oil corporation's No. 2 Keeran well in southwestern Victoria county. Production is measured through a one-half inch choke was more than 1,000 barrels of high gravity oil daily. The well was drilled to a depth of 5,841 feet.

EXPLAINS SHOOTING

FRANKLIN, Pa., Aug. 12. (AP)—Arguments over control of a mine were revealed today as the cause of slaying of two men and the serious wounding of another on the workings near Harrisville. Ralph Ziccardi of Grove City, told county officials he had had trouble over a mine he leased from William Hoffman, 73, and that in a race last night he fired several shots which killed Hoffman and Arthur Coast, 23, and wounded Peter Coast, 45, uncle of the dead youth.

QUEEN GOES SHOPPING ALONE

Queen Mary thought it would be all right to go alone on a shopping trip in London. But the sight of Her Majesty wandering unattended through the shops drew crowds of curious people. And this picture shows her (identified by arrow) being helped through the throng by a policeman.

Bridal Shower Is Held as Courtesy To Mrs. Simpson

Mrs. W. H. Peters, 506 N. Frost, entertained with a bridal shower Thursday evening to honor Mrs. Lewis Simpson, who, before her marriage August 3, was Miss Irene Daniels of Vernon.

Cut flowers were used to decorate the rooms, and bridal suggestions were used in all details of the entertaining.

Advice to the bride was given, and gifts were presented on a bridge table, prettily decorated with flowers.

At the close of the afternoon an ice course was served to Misses Jo Ann Brown, Inez Snuggs, Claudia Conklin, Earline Hayter, and Gladys Meskimen; Mesdames Dick Rhodes, Aurelia Knowles, Lou Conklin, Josie Young, and the honoree.

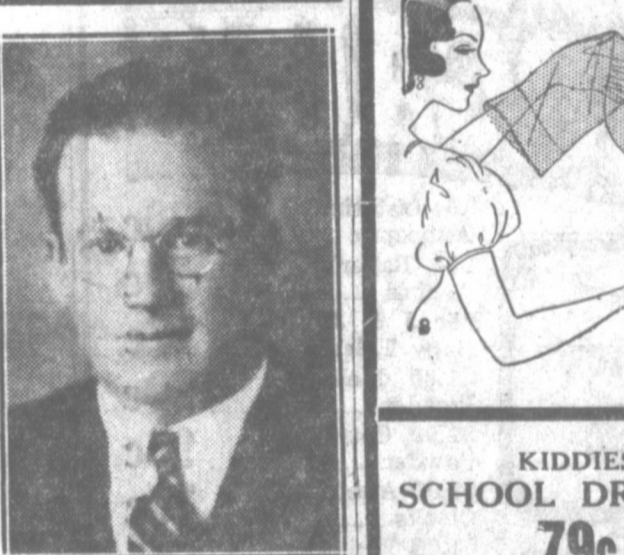

The following were unable to attend but sent gifts: Miss Ruby Haynes, Miss Juanita Stephenson, and Mesdames W. B. Hamilton, Rena Simpson, H. T. Wohlgenuth, A. L. Lee, Andy Krause, and W. T. Binion.

Livingstone Union Attends Gay Outing

Twenty-two young people attended a lively picnic given by the Livingstone union of the First Baptist training service Tuesday evening. The crowd went to Greene's pasture. Miss Geneva Groom is leader of the union and E. C. Barrett is sponsor.

BRIDGE GROUP COMPLIMENTED IN COOK HOME

MESDAMES TEED AND GLOVER AWARDED FOR SCORES

Summer flowers added to the beauty of the entertaining rooms yesterday afternoon when Mrs. Charles C. Cook was hostess to members of the Queen of Clubs.

Mrs. John Glover scored high among the members and was presented an award. Mrs. Arthur M. Teed was favored for high score among the guests and Mrs. J. H. Kelley for high cut.

Green and yellow were emphasized in an attractive ice course served at the close of the afternoon.

Members attending were Mesdames O. H. Booth, H. C. Wilson.

Child's Weight Is Half as Much as Midget Mother's

MINNEAPOLIS, Aug. 12. (AP)—When a stranger knocks at the home of Mrs. Thomas Leslie and she comes to the door, she is always prepared for a dialogue like this: "Is your mother home?" "I'm the mother here."

Mrs. Leslie is only a little over three feet, six inches tall. Her daughter, who is 13 months old, weighs half as much as she does and is as tall as an average child of her age.

Mrs. Leslie, once a trouper with a midget act, presides over her home alone, makes most of her child's clothing and prepares meals for her husband, who is nearly six feet tall.

Years ago she did all the cooking for her father and seven brothers, all over six feet, so she is familiar with household activities.

R. S. Lawrence, A. B. (Goldston, J. H. Kelley, John T. Glover, Carl S. Boston, I. B. Hughey, and H. D. Keys. The special guests were Mrs. Henry Thut, Jr., Mrs. Arthur M. Teed, and Mrs. Siler Faulkner.

Continued from page 13

...skilled skull of Haden Clarke, ...and mysteriously slain fiancée, Mrs. J. M. Keith-Miller, was ...into the court room today ...of Captain W. N. Lancaster for Clarke's murder.

The skull, along with slides showing parts of the head, were brought before the jury and spectators by Dr. M. H. Tallman, defense witness and one of a commission of four specialists who conducted an autopsy on the body of the young author.

The two bullet holes, one marking the entrance of the bullet that fatally wounded Clarke April 21, and marking the exit, were pointed out by Dr. Tallman as the twelve jurors in the case leaned forward in their chairs.

Lancaster, charged with slaying Clarke as an act of jealous retribution after the author replaced him in the affections of Mrs. Keith-Miller, peered intently at the skull.

Beverly Clarke, brother of the young author, betrayed no emotion as he sat at the table of the prosecuting attorney.

Mrs. Keith-Miller, third figure in the unusual love triangle, was not in the courtroom when the skull was shown. Neither was Mrs. Ida Clyde Clarke, mother of the dead man, who was named as a witness in the trial but who has not testified.

After brief argument by counsel, the skull was admitted as evidence, but the slides were temporarily withheld.

After the skull was displayed briefly, it was placed in a square cardboard box laid on the desk of the court clerk, with other exhibits.

Arthur H. Hamilton of Auburn, New York, ballistic and criminology expert, was called by the defense to describe the effects of various gunshot wounds.

Hamilton testified that in cases where a gun muzzle is held loosely against the head he had found that powder marks generally show on the outer flesh. When a gun muzzle is held tightly to the head powder cases will force flesh from the skull, leaving powder and gas marks on the inner tissue.

The tissue forcing process is known as "hallooning", Hamilton said. The autopsy report, after a medical commission examined the body of Clarke three weeks after death, told of finding "hallooned" flesh about the wound.

**WALKER--**

Continued from page 1

...prime court, and that likely would develop no matter what decision was given, the way would be open for appeals to the appellate division and finally the court of last resort—the court of appeals. Before any word came from that court, it is possible that Mr. Roosevelt's candidacy for the presidency will have been passed upon by the people.

Both the appellate division and the court of appeals now are in recess. They may, however, be called into special session at any time by the presiding judge.

The surprising court action entirely subordinated the events of the hearing session in which Mayor Walker resumed testifying, denying he had profited by the granting of a bus franchise.

**Japan Presses Yank Swimmers**

LOS ANGELES, Aug. 12.—The aquatic world was forewarned today that Japan plans to lend a distinct Oriental hue to the closing species of the tenth Olympiad swimming championships. They had three sturdy performers in each of the three remaining races.

With the only men's finals on today's program the 100-meter backstroke, there was strong possibility Japan might overcome the 5-point United States lead.

Masaji Kiyokawa, who was within nine-tenths of a second of the world's record in the semi-finals yesterday, appeared to be the class of the field. Kentaro Kawasui and Toshiro Irie also showed better form than Robert Zehr and Robert Kerber of the United States.

Japan likewise dominated the semi-final 1,500 meter free style and 200 meter breaststroke scheduled to day.

Konosu Kitamura, 14-year-old schoolboy, and Shozo Makino, are head and shoulders above the rest of the 1,500-meter field. Clarence (Buster) Crabbe, America's leading hope, appeared weary in the preliminary races yesterday after his surprise victory in the 400-meter final the day before, as did Jean Paris, France.

Meanwhile, America's mefnaids dominated. Eleanor Holm won the 100-meter backstroke crown from Bennie Manning, Australia, increasing the feminine team score to 51 against 17 for Australia.

J. B. Williams of Ardmore, Okla., is a visitor here for a few days.

City candidates are contesting for nominations to congress in Detroit's congressional districts.

Lafayette, Ind., claims the world's first airmail flight—a sack of mail carried in a balloon August 17, 1859, to Crawfordsville, Ind.

**RECOVERING**

Recovering from the illness which confined him to a hospital in Uteca, N. Y., Dr. Stanley Rinehart, above, husband of Mary Roberts Rinehart, famous novelist, was scheduled to be removed to the family home in Washington, D. C. Grave fears had been held for Dr. Rinehart's life.

By The Associated Press  
Woody English, Cubs—His eighth inning triple drove in two runs against Pirates.

Virgil Davis, Phillies—Drove in four runs against Braves with three singles.

Walker Stewart, Browns—Held White Sox to one hit in four innings in relief role.

Wes Ferrell, Indians—Blanked Tigers with seven hits for 19th victory.

Roy Brewster of Clayton, N. M., is visiting her for a few days.

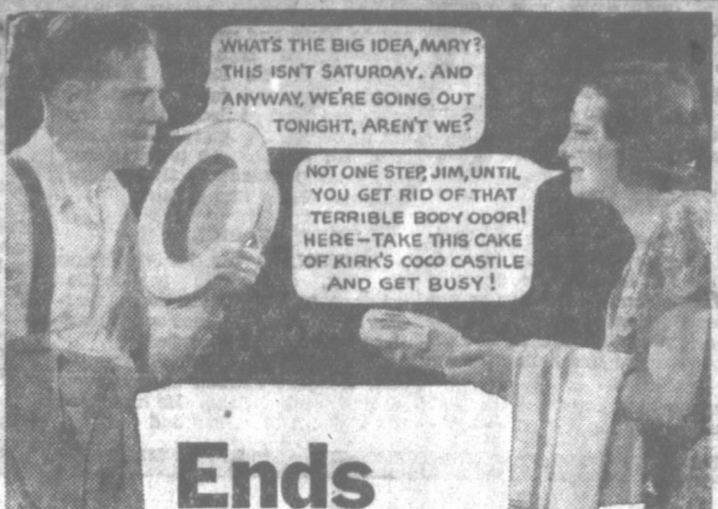

Frank E. Nichol of Whitesboro is visiting friends here this week.

George Parsons of Fort Worth is in Pampa for a few days.

John Hart of Waynoka, Okla., is visiting friends here.

Classes of the University of Iowa this fall begin later than usual, allowing football candidates nine days of double drill after practice starts September 15.

Fred Abbott of Shamrock is in Pampa today. Porter Pennington of Miami was in Pampa yesterday.

**Ends Body Odor Instantly..**

Wives speak frankly. So do husbands. But don't rely on friends to warn you about unpleasant body odor! Better by far to bathe with Kirk's Coco Castile... and take no chances! Kirk's, you see, was created especially for this purpose. It is 100% pure coconut oil soap. It gives a fuller, more penetrating lather... goes deep into the pores... removes every trace of oily, dirty film. Best of all, it's unscented. You step out of your bath—without any chemical or heavy perfume odor—as fresh and clean-smelling as a woodland breeze. Try it today—for hands, for bath, for a wonderful shampoo. You'll be amazed at the difference. Avoid imitations. Look for the arrows. Always ask for Kirk's by name.

**Kirk's Coco Castile Ends Body Odor**

KIRK'S COCOCASTILE is mild and delightful... yet against several very common bacteria tests prove it 5 to 10 times as germicidal as carbolic acid. This big bargain cake is made by the largest soap makers in America.

\*Among others, the deadly bacillus diphtheriae (diphtheria), meningococcus (meningitis), pneumococcus (pneumonia) and streptococcus hemolyticus.

# The Faithful Cheat

STORY BY RUBY M. AYRES  
STORY: SONDRA TAYLOR has been through a serious storm, watching John Anderson sail away from her in the ocean. He has held for many years the attitude of her guardian. Now he has asked her to marry him. She admits she is secretly married to Mark Merriman.

## Chapter 29 SHARP EYES

"I thought you were so happy here," John said to Sondra, "only this evening you said..."  
"It won't be the same when you're gone," she said.  
They looked at one another silently, and it was Anderson who turned away.  
"Go and change that dress," he said in a matter of fact voice.  
She looked at him, her mouth quivering, the tears still in her eyes, then before he could reach the door, she slipped between it and him, "John..."

He laid his hands on her shoulders in a grip that made her wince. "Go and change that dress," he said again.  
Then he put her gently aside and walked past her out of the room. Sondra went slowly upstairs, clinging to the wall as she went, trembling in every limb.  
"If John had been drowned..." the words seemed circling all about her, refusing to be silenced. "If John had been drowned—if John had been drowned..."

She changed her wet clothes mechanically and tidied her hair. The little window overlooked the sea, and she shivered as her eyes fell upon it.  
The sun had nearly disappeared below the horizon, and the chill greyness of night was creeping up over the world.  
Downstairs she could hear Anderson whistling cheerily as he hunted about in the kitchen for the tea things.

She walked tremulously, contrasting him with the man as she had known him in New York. Even Cass would be amused if he could see him now in that old flannel coat and trousers.  
Presently she heard him calling to her. "Hurry up, the kettle's boiling."  
She made no reply, and presently he called again—  
"Sondra—"  
She went out onto the stairs; Anderson was standing at the foot of them looking up.

"You've taken longer to change than I did," he said.  
"Yes," she tried to smile, but her lips were unsteady.  
She followed him into the little living room; he had gathered some tea things together anyhow on a tray and filled the teapot.  
"I'm afraid I haven't made much of a job of it," he said ruefully.  
Sondra was standing close beside him but she said nothing, and he turned to look at her and his face changed.

"What's the matter, my dear?" he asked, very gently.  
She raised her eyes, infinitely pathetic they were, and angrily answered.  
"Do you remember—" she said slowly, "the other day you said you'd stayed away because—because you wanted me to find out if it was you I wanted—or—some other man?" she waited a moment, but he said nothing, and suddenly she hid her face in her hands. "Well, it was you I wanted, John," she whispered desolately.

Then a long silence followed, broken only by the distance voices of some people approaching the cottage.  
Then Anderson said very quietly: "You don't mean that Sondra... you mustn't mean it. You mustn't make it... too difficult for me... You see—my dear—"  
He broke off sharply, turning his head towards the open door as someone on the threshold gave a little amazed laugh—  
"May we come in? ... We're starry-eyed out here. We've had a most frightful job to find you, Sondra... It was Beatrice Taylor."  
It was too late for Sondra to hide her tears; she knew that Beatrice Taylor's sharp eyes had seen them, she also that she and John Anderson had been standing very near to one another.

"I don't want to intrude—" Beatrice said; she looked at Anderson coyly. "I heard you were both down here, so we thought we simply must find you if we had to walk a hundred miles. And we're simply starving!"  
Sondra seized upon the opportunity to escape—  
"I'll make some fresh tea—it won't be a minute—" she led to the kitchen, furious with herself, more furious with Beatrice.

with the Nazis bearing a great share of the responsibility.  
The same applies to the new cabinet which must be formed in the state of Prussia to replace the present dictatorship under Chancellor Franz von Papen.  
The Nationalists, under Alfred Hugenberg, also are a factor in any such coalition, however, and they rejected the Centrist's proposals yesterday. But the offer probably will be renewed next Monday and there is some cause for believing it might be accepted then.

**HOOVER DENOUNCED**  
SEATTLE, Aug. 12. (P)—President Hoover's advocacy of a revision of national prohibition was denounced as foreshadowing a "destructive change," by Mrs. Ella A. Boole, president of the Women's Christian Temperance Union.

**WILSON SKEPTICAL**  
PORTLAND, Ore., Aug. 12. (P)—Dr. Clarence True Wilson, head of the Methodist Episcopal church board of prohibition, temperance and public morals, said in a written statement to the Associated Press President Hoover's stand on prohibition will not get the wet vote away from the democrats and will not meet with the "moral conditions of the dregs who elected him by a majority of millions four years ago."

**NEW ENVOY PLANNED**  
ROME, Aug. 1. (P)—Augusto Rosso, director general of League of Nations affairs at the foreign ministry, was named ambassador to Washington today in a far-reaching shake-up of the diplomatic service by Premier Benito Mussolini.  
The new appointments were not announced officially but the Premier informed the cabinet of the changes.

## Farmers' Grain Firm Has Made Million In Year

CHICAGO, Aug. 12. (P)—Stockholders of the Farmers' National Grain corporation, who meet in annual session Tuesday, will be told by their president, Clarence E. Huff, that the co-operative has netted approximately \$1,000,000 the past year in its handling of 25 per cent of the nation's grain business.  
Huff, a soft-spoken man of middle height, farmer-born and reared, reflects both his Quaker ancestry and his ministerial avocation in the quiet serenity with which he tells of his origin and identification with the co-operative marketing movement.  
It was as an active farmer that he aided in forming a local co-operative when the idea was first taking root in Kansas soil. He became its secretary and then its president. Later he rose in prominence and position, becoming identified with county, state, and regional endeavors in an official capacity. He was president of the Kansas Farmers' union when the farm board was organized and called on him for aid in organizing a grain co-operative. He was first an under-officer and later president of the farmers' National Grain corporation.

despite the collapse in grain prices. He denied his organization harbored enemy towards the Chicago board of trade which was ordered recently to close 60 days because it had denied membership to a subsidiary organization of the Farmers' National Grain corporation.  
"We don't want to drive the board of trade out of business," he said. "We have no enemy toward it. But legally and morally we have a right to membership and trading privileges there."  
Huff, a soft-spoken man of middle height, farmer-born and reared, reflects both his Quaker ancestry and his ministerial avocation in the quiet serenity with which he tells of his origin and identification with the co-operative marketing movement.  
It was as an active farmer that he aided in forming a local co-operative when the idea was first taking root in Kansas soil. He became its secretary and then its president. Later he rose in prominence and position, becoming identified with county, state, and regional endeavors in an official capacity. He was president of the Kansas Farmers' union when the farm board was organized and called on him for aid in organizing a grain co-operative. He was first an under-officer and later president of the farmers' National Grain corporation.

**"BEST EFFORT, BUT..."**  
DAYTON, O., Aug. 12. (P)—James M. Cox, democratic presidential nominee in 1920, listened to President Hoover's acceptance speech last night and then commented:  
"It is decidedly Hoover's best effort, it shows marked improvement in spirit and courage. He has made the best out of a very bad case."

## Far Westerners Threats In Tennis

CULVER, Ind., Aug. 12. (P)—Three Californians today disputed the right of Frank Pearce of Milwaukee to the national junior singles tennis title.  
Parker, who yesterday trounced the defending titleholder, Jack Lynch, today, while the other far westerners, Gene Mako of Los Angeles, and Samuel Lee of Berkeley, were matched in the other semifinal.  
Dunlap Cannon of Brownsville, Texas, became the favorite for the title in that division. He was matched against Bob Kamrath of Austin, Texas.

## Vigilantes Slay Mexican Bandit

M'ALLEN, Aug. 12. (P)—The story of the massacre of a Mexican family by bandits and the subsequent execution of the four murderers by a band of vigilantes reached M'Allen yesterday.  
There was no official confirmation, but numerous citizens of Cuernavaca, Mexico, across the border from Rio Grande City, vouched for the accuracy of the story. All names were withheld, possibly, it was believed, because the bandits might have had American citizenship.  
G. W. Miller of Amarillo looked after business here this morning.

### International Sunday School Lesson

BY DR. J. E. NUNN

#### General Topic: THE TEN COMMANDMENTS.

Scripture Lesson: Exodus 20:12-21.

12. Honor thy father and thy mother, that thy days may be long in the land which Jehovah thy God giveth thee.

13. Thou shalt not kill.

14. Thou shalt not commit adultery.

15. Thou shalt not steal.

16. Thou shalt not bear false witness against thy neighbor.

17. Thou shalt not covet thy neighbor's house, thou shalt not covet thy neighbor's wife, nor his man-servant, nor his maid-servant, nor his ox, nor his ass, nor anything that is thy neighbor's.

Golden Text: Thou shalt love thy neighbor as thyself—Lev. 19:18.

#### Introduction

The commandments were written on two stone-tablets, and probably the first four, which we studied last week, occupied the first tablet or tablet, because they all relate to our duties to God, the remaining six, relating to our duties to man, probably occupied the second tablet of the law. These we are now to study. The first, the duty of honoring parents, is a suitable transition, because during the years before we can understand the first elements of religion, our parents stand in God's place to us.

#### The Fifth Commandment

"Honor thy father and thy mother." The eternal law requires the reverent loyalty of son and daughter. "In proportion as this great virtue of filial obedience is engrained upon the manners of any country, in the same proportion will decency and good order prevail there, and every precept of the gospel be more deeply engraven on the minds and uniformly displayed in the actions of that people."—Rev. Sydney Smith. "Some scarcely know what honoring parents means; they can only think of themselves and their own importance. And oh! how bitter is the anguish of recollecting that the honor has not been rendered, and that the time for it is gone; their gray hairs are in dust; they want no more the services that were withheld, the reverence and the love which were refused them." "That thy days may be long in the land which Jehovah thy God giveth thee. This is, as Paul calls it, the first and greatest promise with promise" (Eph. 6:2). "A spirit of filial respect implies a well-ordered life in general, and so tends to secure prosperity both to the individual and the nation."

#### THE SANCTITY OF LIFE

"Thou shalt not kill." Since the World War taught a new generation the art of scientific murder, the sanctity of human life has seemed less than ever before. There has been in our country and we have upon wave of the crimes and the crimes have often been those of violence. The open saloon, that hotbed of fierce passions, has happily been closed—forever, let us hope—but man's greed has broken out in illicit manufacture and selling of the poison, and that in the first instances has led to murder. We have continued to spell murder backward—"red rum." The Cain-Abel story shows God's evaluation of human life. Woe to the man who directly or indirectly destroys this most precious of all God's creations! Notice that the commandment unmistakably applies to suicide, which is simply murder by one's own hand.

#### THE LAW OF PURITY

"Thou shalt not commit adultery." The United States is shamefully conspicuous among the nations in the appalling number of its divorces, and a very large number of these are only a legal sanction of adultery. As the preceding commandment declares the sanctity of life, so this asserts the sanctity of marriage. "We must restore that high conception of marriage in which even the Roman code defined it as the partnership of the whole life, the participation of all right, human and divine." We must insist on the recognition by all Christians of its holy mystery as significant of the mystical union between Christ and the church. We must think of it as Tertullian in one age described it, and Bishop Jeremy Taylor in another, as "one hope, one vow, one worship, one discipline; a happiness which the church ratifies, the obligation confers, the benediction seals, angels announce, the Father declares valid; as 'shut up and secured by all the arts of heaven, by honor and reputation, by fear and shame, by interest and high regard.'"—F. W. Farrar.

Let no one consider himself pure unless his heart is pure. If he delights in foul pictures and books, in suggestive "movies," in indecent anecdotes, in abominable imaginations, he has brought himself under the ban of this commandment. "If you are guilty of this sin, do not let the day pass until you repent. If you are living in some secret sin, or are fostering impure thoughts, make up your mind that by the grace of God you will be delivered. Even in this life adultery and uncleanness bring their awful results, both physical and mental."—D. L. Moody.

#### THE LAW OF HONESTY

"Thou shalt not steal." "Honesty is within the reach of everybody. There is always one thing which every human being is able to say, and that is, 'I can be honest.' And yet it seems to be as hard now to be an honest man as it was thousands of years ago. I intended to make a list of the words which express the many shades and grades and forms of dishonesty, but when I began to write them down I found I could not get them into my sermon and leave room for the things I wanted to say, I started with 'thief,' 'burglar,' 'robber,' 'pick-pocket,' and 'shoplifter,' and I then went on to 'forger,' 'defaulter,' 'embezzler,' 'swindler,' and 'cheat,' and then such crowds of other dark words came trooping around me

that I decided to let each one of you make out the list for himself."—Rev. Charles E. Jefferson. "The forms of stealing are almost endless. Men steal by cornering the market, by selling drink or narcotics when one knows they will harm the buyer, by winning bets and other forms of gambling, by cut-throat competition, by taking advantage of a conductor's failure to collect a ticket or a clerk's giving too much in change, by withholding wages when they are due or failing to pay one's bills promptly, by driving hard bargains, by adulterating commodities, by evading taxes, and so on."

#### THE LAW OF TRUTH

"Thou shalt not bear false witness against thy neighbor." This coming testimony forbids the giving of lying testimony in law courts, a practice sadly common in Oriental lands. It is also a law against the horrible sin of slander in private life, the mean insinuations, the crafty silences and shrugs, the half-truths that are whole falsehoods, as well as the open slanders. All these are cowardly but often most deadly means of attack and many a life is blasted by them. Such lies, once started, can never be completely overtaken. They are especially common in heated political campaigns, when candidates and newspapers come as near to libel of men of the opposite party as they dare. Trade competitions and social rivalries give rise to slanders. There is hardly a more despicable sin than this.

"Chattering, gossiping busybodies are the devil's best allies. One in a church can make a minister's best work fruitless. Where they come nothing is sacred, and nothing safe. They poison the wine of friendship. They mingle wormwood and gall in the cup of the saintliest. They rob life of its choicest treasures; its trust, its confidence, its joy, and in their stead they bring in suspicion and worry and heartache."—Rev. George Jackson.

#### THE LAW OF UNSELFISHNESS

"Thou shalt not covet thy neighbor's house . . . nor anything that is thy neighbor's." "All the former commandments have forbidden overt acts. To disobey any of these is sooner or later to be detected by fellow-men. This final word utters its solemn warning against sin in the inner and hidden life. This commandment may be broken without the knowledge of any human being. Sooner or later this also will reveal itself in some overt act."—Rev. G. Campbell Morgan. D. D. "In Jesus' mind this Tenth Commandment was indissolubly connected with the First, so that the Decalogue for him began and ended on the same note. A man whose heart was set on acquiring wealth, no matter what lofty purpose he had in mind for it, was setting another god up beside the living Father on his throne of life. He was giving something else a consideration, a trust, a service, that belonged to God alone. 'Ye cannot serve both God and mammon.' And, entire accord with the Master, Paul constantly calls a covetous man an idolator."—Prof. Henry Sloan Coffin.

### Employment Is Holding Up Well

AUSTIN, Aug. 12.—Employment in Texas held its own during July. If improvement may be judged in terms of declines no larger than should normally be expected at this season of the year, according to the Bureau of Business Research of the University of Texas. "Reports to the Bureau of Business Research and the United States Bureau of Labor Statistics on the volume of employment showed that more favorably than were 46,274 workers on the payrolls of the 827 establishments cooperating on this project, a decline of 2.7 per cent from the number for the previous month," the Bureau's report said. "A drop at this time was in line with normal seasonal developments since the decrease was of about the usual proportions. As compared with the number of workers on payrolls a year ago, the number on July 15 was 17.3 per cent lower; but the total for July compares more favorably with the number for the corresponding month a year ago than in any other case since February."

"An impressive gain was made in the number of workers at saw mills, which appears particularly significant in view of the fact that no marked seasonal gain is due in this industry at this time. Cotton oil mills made a sharp seasonal increase in employment. El Paso, Galveston, Houston, and Wichita Falls had more workers on payrolls on July 15 than on the same date a month earlier. "Only three industries employed more men than on July 15 a year ago, automobile and body works, cotton oil mills, and cotton textile mills; and Galveston was the only one of the ten cities listed to make a gain. "Average weekly wages per worker dropped about 50 cents to \$21.12 during July, as compared with \$21.63 a month earlier."

AUSTIN, Aug. 12.—A total of 685 students registered for correspondence work with the Extension Teaching bureau of the University according to Miss Julia E. Vance, registrar of the bureau. The most popular courses were education courses, Miss Vance said, and next in popularity were government and English. San Antonio was the only city in which the extension center plan was carried out this summer. One hundred and nine registrations for courses in English and education were reported from that city. Upon request any course offered in the university is given in any of the following cities, where centers have been established, if between twenty-five and thirty persons in the center join in the request for the course and desire to take advantage of it: Beaumont, Fort Worth, Galveston, Houston, Orange, Port Arthur, San Antonio, San Marcos and Taylor. Group correspondence courses, which are a combination of the individual correspondence plan and the extension center plan, are offered upon request.

### Extension Work Is Popular Now

AUSTIN, Aug. 12.—A total of 685 students registered for correspondence work with the Extension Teaching bureau of the University according to Miss Julia E. Vance, registrar of the bureau. The most popular courses were education courses, Miss Vance said, and next in popularity were government and English. San Antonio was the only city in which the extension center plan was carried out this summer. One hundred and nine registrations for courses in English and education were reported from that city. Upon request any course offered in the university is given in any of the following cities, where centers have been established, if between twenty-five and thirty persons in the center join in the request for the course and desire to take advantage of it: Beaumont, Fort Worth, Galveston, Houston, Orange, Port Arthur, San Antonio, San Marcos and Taylor. Group correspondence courses, which are a combination of the individual correspondence plan and the extension center plan, are offered upon request.

### Beaumont People War on Mosquito

BEAUMONT, Aug. 12.(AP)—Beaumont has started a concerted mosquito eradication campaign, with a view of stamping out the source of malaria. The drive, sponsored by the chamber of commerce in conjunction with state and national health organizations, is being carried out with the aid of the Boy Scouts, who have undertaken a survey of the residential districts of the city. Scouts were schooled for the survey by health officials.

### Chief of Police Is Given Ticket

CLOVIS, N. M., Aug. 12.(AP)—Chief of Police John Manning sent his right coupe speeding toward the brakes. The car halted then lurching forward chuggingly across the deadline. A crowd of spectators laughed when the chief was issued a ticket advising him to have his brakes adjusted. He did.

### STORY IS RECALLED UNIVERSITY OF TEXAS PROFS UNRAVE ANCIENT TREASURES

Their history is the history of the University of Texas. They were in the city and world-wide fame among the most famous of the world.

Few Whole Vases  
While the unearthing of many objects of pottery were found. This is what adds to the rarity and value of the three vases which have come into the possession of the State University of Texas.

An important feature of Dr. Schliemann's discoveries at Troy was that writing was known in the northwestern portion of Asia Minor long before the introduction of the Phoenician or Greek alphabet. He brought to light a number of peculiarly inscribed objects.

The upper part of the hill that covered Troy was underlain with the ruins of a succession of nine towns. It was below this first stratum that there was unearthed what is believed to have been the original City of Troy, in which the treasure of King Priam, including the three vases, was found. In the ruins were found implements of bone and stone. Two objects of mother of pearl were unearthed, one of these being a small button and the other an ornament in the shape of a spear.

That the ancient inhabitants of Troy were familiar with the art of weaving cloth was shown by the discovery of reels upon which thread had been wound. These reels were made of baked clay. Several musical instruments, most of them in a fragmentary condition, were brought to light.

The ruins were full of skeletons of human beings. These bones were at all depths. The forms lay with their faces downward, the heads toward the west and the knees doubled up. The great number of skeletons there were found is hard to explain except by the theory that the city was destroyed by some great manifestation of nature.

Explains Vases  
To the Texas State University I give my antique, genuine Trojan vases, presented to me by my consular agent, Mr. Frank Calvert, who lived at the Dardanelles, and owned the site of ancient Troy. He cooperated with Schliemann in excavating at Troy and obtained the two ornamented with figures from what Mr. Schliemann thought was King Priam's treasure house. The black one without figures was deep red and Schliemann thought it was from the debris of the oldest or were covered with gold leaf as the inside of it is. I gave them to the State University of Texas. The vases are, but that in a civilization of a well-established which were common and Calvert of that prevailed circles that Troy and mythical city the Iliad of Homer accepted theory Trojan war real that the conflict of ten years from B. C. It was committed by Priam of Troy, the beautiful Menelaus, rose and wonderful antique part of the same. This would be more than were made with civilization of which

### Oil Test Gives An Artesian Well

SAN ANGELO, Aug. 12 (AP)—An oil test has given Irion county its first artesian well and it is expected by its drillers, to bring them greater profits than they could have realized had the shallow oil producer they were seeking developed.

The well, located two miles north of Sherwood, is believed large enough to irrigate at least 1,000 acres of land in that vicinity. It is planned not only to irrigate the 40-acre farm of J. Kinsler, which is located, but also to sell water for irrigating several hundred additional acres.

The water is spouting six inches or more above the casing, which protrudes several feet above the ground. The pressure is so strong that it raised a drier, who weighed about 200 pounds, when he attempted to sit on the top of the pipe. A sample of the water has been sent to Austin for analysis.

The land slopes gradually from the artesian well to Spring creek, more than a mile distant, and the valley is broad and fertile. Some of the owners of land between the well and the creek are planning to purchase the water.

The drillers could have cased off the water and continued drilling had they desired. They were seeking shallow oil production. However, they decided to leave its flow undisturbed and skid their spudder to a new location for the oil test.

Synthetic rubber is being made in Mexico from crude petroleum and ground sugar cane or other vegetable ingredients of high sugar content.

### Sister MARY'S KITCHEN

By SISTER MARY  
NEA Service Writer

Whether it be on the porch, in the garden, at the bridge table or with a "dish of gossip" and an intimate friend, a cool drink served as if by magic is an achievement for the summer hostess.

When preparing drinks for expected guests the fruit juices and syrup can be mixed hours before wanted and kept on ice. The tray and glasses and cookies or sandwiches can be arranged so that the last-minute effort creates little stir to disturb the visitors.

But when he chance guest drops in and a quick and apparently effortless bit of refreshment is wanted, the hostess who is totally without preparations is "out of luck."

To this end the foresighted homemaker keeps a few simple expedients in her refrigerator. A jar of sugar syrup, a bottle of chocolate syrup and one or two varieties of fruit juices make it possible to concoct delicious beverages with regular soda-fountain speed.

Another secret in making quick feed drinks is in using finely chipped ice. Less water is used when making the beverage because the fine ice melts and dilutes the drink as it chills it.

#### Sugar Syrup

To make sugar syrup put one cup of sugar and one-half cup water into a smooth sauce pan. Put over medium heat and bring to the boiling point. Cover and let boil five minutes. One to two tablespoons of this syrup to a glass will make the average drink sweet enough. Two tablespoons grated lemon rind can be cooked with the syrup. Strain syrup before bottling. This lemon syrup is especially good with iced tea or a fruit punch.

#### Tomorrow's Menu

BREAKFAST: Sliced peaches with cereal and cream, shirred eggs, oven toast, milk, coffee.  
LUNCHEON: Jellied vegetable salad, brown bread sandwiches, cantaloupe, filled with peaches, and raspberries, iced chocolate.  
DINNER: Sauerkraut and tomato juice cocktail, stuffed filet of veal, Lima beans and corn in cream, apples pompadour, milk, coffee.

#### Lemon Syrup

A concentrated lemon syrup which can be diluted and used with iced tea for tea punch or charged water for lemon fizz is made as follows:  
Three cups sugar, 3 cups water, 3 cups lemon juice, grated rind of lemons used for juice. Combine sugar, water and grated lemon rind. Bring to the boiling point. Cover and boil fifteen minutes. Add lemon juice, cover and bring to boiling point. Simmer five minutes. Strain into sterilized jars and seal.  
Any fruit juice can be used. The juice may be obtained from small fruits by crushing and straining through cheese cloth.

### Veterans Hospital Sought by Marfa

ODESSA, Texas, Aug. 12 (AP)—West Texas is seeking the location of a U. S. Veterans hospital, and Marfa has started a fight for the location to be made there. The Carroll Farmer American Legion post together with the Chamber of Commerce is waging the campaign. Already they have received the unanimous endorsement of the state American Legion convention and expect to have the endorsement of the national convention.

### Oil Production Has Record Week

LAREDO, Aug. 12 (AP)—A record week for production in the 11 years history of the Laredo oil district, both in number of wells completed and volume of production was established last week. Six flowing wells, five in the government wells field of Duval county, one in the Sarmosa field of Duval county, and three smaller oil wells, together with one 500,000 cubic foot gasser in the fields of Webb county, comprised the new record and boosted production of the Laredo district 5,216 barrels per day. Still more production was in prospect at the week-end, with several wells drilling, and

### Turk's Orchestra Going To Gallup

Jack Turk and his orchestra which has played at the Pla-Mor auditorium for more than a month will leave tomorrow for Gallup, N. M., where they will play for two weeks during the big Indian celebration in that city. They will be stationed at the White Pinnacle club.

The orchestra consists of seven pieces and an entertainer and singer. Andy Andrews, one of the owners of the Pla-Mor, will accompany the orchestra. The local orchestra was selected from among a large number to play for the celebration.

Members of the orchestra who

### STERLING TO LUBBOCK

AUSTIN, Aug. 12 (AP)—Governor R. S. Sterling left late last night for West Texas to fill a series of campaign seeking engagements. He said he was feeling much better after having been incapacitated by an attack of food poisoning Tuesday night at Gonzales. The governor planned to attend a celebration near Crosbyton this afternoon and to speak at Lubbock tonight.

"Coin" Harvey, 50-year-old candidate of the "Liberty" party for president, recently took his first airplane ride.

will make the trip are Jack Turk, Andy Andrews, Rip McCalpine, George Casey, Bert Sherdel, Nelson Grimes, Gordon Craemer, and Paul Watson, entertainer.

### 'All You Can Eat' For Only 25 Cents

DALHART, Aug. 12 (AP)—It's an ill wind—and all that sort of thing—with eggs selling at six, seven and eight cents a dozen, a Dalhart lunch room proprietor has a standing offer to feed anyone all the eggs he can eat for 25 cents.

### RAIN AT LUBBOCK

LUBBOCK, Aug. 12 (AP)—Rain-fall ranging from one-half to one inch fell over the south plains area Thursday night and roads were heavy this morning. A total of .63 inches was recorded here.

### Sacrifices of Young And Old To Go Into Historical Society's Big Museum at Canyon—Bids Asked

CANYON, Aug. 12. (SP)—Now it can be told—how the people of the Panhandle could not be defeated and so raised \$25,000 for the building of the Panhandle-Plains Historical society museum at a time when there was no money in the country.

"I declare, it is wonderful the way people have done," said L. F. Sherry, field secretary for the society. "The contributions for this building have ranged from one cent to \$1,000, only one sum greater than this having been received."

School children gave up the candy and chewing gum which their tiny allowances would buy; pioneers who could not bear to see the priceless possessions of northwest Texas carried away from the region borrowed

money to pay their pledges; business men, whose private affairs were enough to keep them awake at night, made the effort which was necessary to help in this community cause; women made the dollars which will be walls for pioneer hall by toiling in kitchens; laborers gave of their scant wages. College students erased banquets from their social calendars and gave the money.

Everywhere the idea of a museum for the Panhandle caught the imagination of young and old. Small boys have looked with shining eyes at the buffalo head and the Indian bows and arrows which belonged to Quannah Parker's men and have said:

"I am helping build the museum for these things."

When the cause seemed lost the ex-students of the West Texas State Teachers college came to the rescue of the society. They had a fund of more than \$6,000 with which they had hoped eventually to build a co-operative home for girls, honoring Miss Mary E. Hudspeth, first dean of women of the college. This money they transferred to the historical society, and this assured the success of the drive for funds.

Regents Approve Plans.

August 8 there was a notable occasion in Canyon, when the directors of the historical society and the State Board of Teachers College regents gathered to see the plans for the building, and when the Board of Regents, acting for the State of Texas, approved and accepted the plans for the building.

Around the table at this time were those who had worked most tirelessly to bring the fulfillment of the dream. They were T. D. Hobart of Pampa, for four years the society's president; Judge J. D.

Hamlin of Parwell, Mrs. Olive K. Dixon, Horace M. Russell and Mr. and Mrs. W. T. Coble of Amarillo, R. P. Smyth of Plainview, H. E. Hoover of Canadian, J. A. Hill, and L. F. Sherry of Canyon, J. Everett Haley of Austin. Representing the State of Texas were A. B. Mayhew of Uvalde, Judge J. W. Fitzgerald of Tyler, and Will Z. Hayes of Dallas.

The building as planned will be 150 feet long and 80 feet wide. The central portion of the main floor will be "Pioneer Hall" and these words will appear immediately inside the entrance; at the ends will be two rooms, one to be known as "Mrs. E. Hudspeth Room", the other as the Art Room.

The full basement will contain work rooms and additional exhibit space.

The exterior of the building will suggest its origin and use. The entrance will show 48 cattle brands of the region, done in terra cotta; the decorations of the interior will include figures indigenous to the country, such as the coyote, jack

rabbit, buffalo, and prairie dog, while the trim around the top will suggest the yucca.

It is hoped that this building will be completed by next April, when the historical society will hold its regular annual meeting.

That will be a great occasion, and the pioneers from every section of the Panhandle will be honored guests; it will be their day, when they will meet to see the building which will have been raised in their honor and by the efforts of their children.

Here the childhood and youth of the future will see the greatest collection of branding irons in the world and will learn how these strange instruments marked a man's roving property when the era of barbed wire had not begun.

Here students will pore over records of ranch transactions, or the building of homes, or beginnings of schools and government, and will again, through these, live the days of toil and sunshine and shadow which made life for the pioneers

**RIOTING CONTINUES**

MADRID, Aug. 12. (AP)—Rioting and burning reddened much of Southern Spain today as the government laid plans to punish General Jose Sanjurjo, leader of Wednesday's abortive rebellion, and his followers.

One man was killed and three wounded at Santa Fe when civil guards dispersed a group which burned the agrarian casino. One workman was killed in a political fight between laborers and employers.

A civil guard was killed at Seville when a mob attacked the jail.

Sections of pipe to be installed at the Hoover dam at Boulder canyon will weigh 150 tons each.

Specify Pampa-made products.

whose pictures upon the walls will give character to the building.

And scholars coming from far lands will say: "Here is a center of Southwestern culture, unlike any other in the world."

### SMUGGLING OF COTTON MEXICO IS CURRENT

BROWNSVILLE, Aug. 12. (AP)—Not so many years ago customs, immigration, and peace officers along the Rio Grande were alert to stop smuggling of cotton from Mexico to this side.

Now officers on the Mexican side are watching the Rio Grande to prevent smuggling of the staple from this side into Mexico.

Reversal of the situation is due to the fact that cotton farmers on the south bank of the Rio Grande are receiving more than \$50 a bale for their cotton, as against \$25 to \$30 a bale on the American side.

The difference in price is accounted for in the demand of Mexican mills for cotton, and a duty of about five cents a pound on imports from other countries.

Matamoros farmers are getting eight cents a pound for their cot-

ton, and from seed, as against ten, and \$4.50-Texas side.

When smugglers several years ago brought 10 cents on the Texas side.

The Matamoros will produce about 100,000 bales as against 100,000 for the record for the area in 1926.

Up to date 3200 bales have been smuggled in the Matamoros territory. The cotton is all shipped to Mexico, Pueblo and other interior points. None is being shipped to Europe this season. In contrast to past years, as Mexican mills, aided by the tariff, are now supplying much of the clothing for the republic.

STERLING SUCCEEDS IN  
DISCOVERING HIS IDENTITY  
AFTER REPEATED EXPLAINING

12 (AP)—Win or lose, the state-wide election in Texas stores away incidents that pay even though he...

BEHIND THE SCENES IN  
Washington

By RODNEY DUTCHER  
NEA Service Writer  
WASHINGTON—The issue which seems more likely than any other to decide the 1932 election is one which none of the professional commentators on politics seem prepared to discuss.

"LIE DETECTOR" TRAPS DOCTOR

Chicago police held Dr. William A. O'Brien, 41, for further investigation into the supposed suicide of his wife, Mrs. Vera O'Brien, 25, after tests with a lie detector at Northwestern university brought the admission from the radiologist he had lied in some particulars in his first story to police. Mrs. O'Brien died of poisoning. Handwriting experts declared a suicide note found beside her was a forgery.

"Quit your kidding me," said White. The governor was able to convince White, he was Sterling, however. The initials, "H. S. S." on the shirt sleeve of his helped establish his identity.

The Muddled Situation  
The first reasons is that no one knows how popular or unpopular Mr. Hoover really is. That is, no one has yet put the requisite time or effort in a study which would indicate the effect of this issue on the 40,000,000—more or less—voters who, after all, will decide the election.

whether there is any actual change in the economic situation.

They are rather vague as to just how pronounced an improvement is required to stand off the attacking democrats, but their vagueness is only due to the fact that they haven't any very clear idea on that point.

ing among an indeterminate number of voters that Hoover, in his efforts to combat the depression, has not considered the masses of people.

Try Them!

It was the first time White, in his forty-eight years a Texan, had entertained a governor. He called in all his neighbors—the pastor of the community's little church, two or three farmers and all the village whittlers. It was a big occasion for White who confessed he never had seen the state capitol.

The second reason is that not only is the present status of this issue in doubt—but its possibilities for alteration lead to added confusion such as no self-admiring political prognosticator cares to monkey with.

In other words, while it has been relatively easy to forecast the result of the last eight campaigns with the exception of that of 1916, this one appears to most of the boys to be a tough problem.

No 6,000,000 Majority  
Neither does this dispatch pretend to lay any bets on the November winner. It may be said with definite assurance, however, that anyone who can now foresee a Hoover majority this year approaching his majority of 6,000,000 votes in 1928 is simply out of his head.

The available data shows clearly that a lot of people are now sorry they voted for Hoover four years ago, whereas there are few who are sorry they voted for Al Smith.

There is a widespread, blind-call it dumb if you like—resentment against Hoover which is traceable solely to the fact that a great depression arose during his administration.

"Forgotten Man" Again  
Supplementary to that is a feel-

stopped at Kerens, in Navajo county, said he was the first one than thirty years. So pleased upon to prolong his visit he could be brought to the house. The baling hay in his Sterling was told.

Candidate of Safety  
Those who insist that the president has registered such a new low mark of popularity that he has been damaged beyond repair are outnumbered by those staunch admirers who declare that the country is fundamentally conservative, that the people know on which side their bread is buttered, that the good sense of Americans in the mass will cause them to realize that Mr. Hoover is the candidate of course, will tie you that it all depends on
