LOUR INCIDENT TOLD IN TRIAL

BALLOT COSTS ARE ASSESSED BY COMMITTEE

CANDIDATES MUST PAY ASSESSMENTS BY JUNE 23

Cost of election assessments were estimated and the official ballot for Gray county approved when the democratic executive committee met yesterday in the office of the chairman, Siler Faulkner.

The following assessments were voted by the committee to care for the expenses of the first and second democratic primary:

District clerk, county clerk, county judge, county attorney, sheriff, tax collector and assessor, and county superintendent, \$100 each; treasurer, \$50; commissioners, \$75 each; justice precinct 1, \$5; justice precinct 2, \$10; constable precinct 2, \$25; justice of precinct 5, \$5; county surveyor, \$10.

The following presiding officers were appointed to hold the primary elections: Precinct 1, LeFors, Geo. Thut; No. 2, Pampa, L. C. McMurry; No. 3, Grandview, W. S. Willis; No. 4, Alanreed, W. J. Ball; No. 5, McLean, J. E. Lynch; No. 6, Laketon, Ennis Jones; No. 7, Farrington, J. J. Good; No. 8, Hopkins, Grady Enoch; No. 9, Pampa, J. O. Gillham; No. 10, Pampa, Bert Curry; No. 11, Kingsmill, Roger McConnell; No. 12, Pampa, E. E. Bechtelmeier; No. 13, Pampa (field), Ben Williams; No. 14, Pampa, B. C. Low; No. 15, Pampa, A. C. Husted; No. 16, Pampa, H. J. Lippold; No. 17, McLean, John R. Back.

A sub-committee composed of W. S. Willis, Mel B. Davis, H. J. Lippold, L. C. McMurry, and Siler Faulkner will meet June 25 to prepare the official ballot. Assessments must be paid by candidates, however, not later than Saturday, June 23.

If all assessments are paid, the ballot will be as follows:

OFFICIAL BALLOT

"I am a Democrat and pledge myself to support the nominee of this Primary."

'PRINCE' FROM GUTHRIE, OKLA., UNDER CHARGE

Involved in Affair With Pretty Poetess

NEW YORK, June 19 (AP)—His sangfroid much wiled after a night in a jail cell, Robert D'Harcourt, undressed poet, painter, and philosopher, appeared in the police line-up today on a charge of seduction.

The charge was brought against him as a result of his escapade with Louise Krist, pretty 18-year-old poetess with whom he disappeared June 2.

Miss Krist is awaiting arraignment as a wayward minor. D'Harcourt, "prince" Guilde de Rohan D'Harcourt in Greenwich Village's rather loosely defined peerage—shuddered when Captain Joseph J. Mooney suggested he had once been a piperhanger.

"Why, sir, that is a rank injustice," he said. "At one time I was known as the best artist in Greenwich Village."

He described himself as 38 years of age, single, an artist, and a native of Guthrie, Oklahoma.

D'Harcourt repeated he wanted to marry Miss Krist, the daughter of a musician who eagerly sought the life Bohemian and found the answer in the diminutive "prince."

Captain Mooney read the prisoner's police record which showed that he had served prison terms for grand larceny, and once was sentenced to the work house for disorderly conduct.

Three other arrests resulted in discharges.

I HEARD—

That a certain gentleman about town has become an ardent horse-race enthusiast and assumed the title of "colonel."

HOMER STEEN in Floyd County Hesperian: The responsibility of the lawyer to society as a sworn officer of the law is a great one. Lawyers, through ages of training and precept, may have come to over-estimate the debt they owe to the individual as against society in general. Society must look to them for a changed viewpoint. Whatever remedial measures the future has in store for us, it is the men who practice at the bar who will effect them.

Newspaper Charges New York Police Group Exists Only to 'Harry Radicals'

NEW YORK, June 19 (AP)—The New York Post, which has charged that the bureau of criminal investigation of the police department has been turned into a secret police to harry radicals, today said that the department has a list of "radicals" containing 1,300 names, and including those of Mayor LaGuardia of New York, and Mrs. Franklin D. Roosevelt.

The list, said the Post, is in the form of a "little red book" which is kept in the private office of Capt. Lagarenne, head of the bureau of alien investigation. He got it, the paper added, from E. E. McCrossin, described as a wealthy and prominent consulting engineer of 12 Wall Street.

The book was published a short time ago by the compiler, Mrs. Albert W. (Elizabeth) Dilling of Kenilworth, a suburb of Chicago, the Post said.

The American assured the Japanese diplomat that the United States had its naval experts here entirely at the invitation of the British and that there were no joint plans of any sort. He said that America was playing an independent role in the naval situation and was friendly to all nations.

It is not the first or last list I'll be on—one kind or another."

In the 1,300 names in the book together with a listing of some of their activities, are those of many prominent persons including Senator William E. Borah of Idaho, Secretary of Agriculture Wallace, Secretary of the Interior Ickes, Senators George W. Norris of Nebraska, former secretary of war, Mr. Miller, Rev. S. Parkes Cadman, Clarence Darrow, Arthur Garfield Hayes, Harold H. Swift, meat packer; Judge Ben B. Lindsey of Denver; Diego Rivera, Mexican painter; Leopold Stokowski, conductor of the Philadelphia orchestra, and Lorado Taft, sculptor.

PRE-CENTENNIAL ADVOCATED AS PATRIOTIC NEED

Miller Says Pampa's Event Should Be Copied

An 1,800-word article entitled "Pampa's Pre-Centennial Leads the Way," appears in the June 16 issue of the Texas Weekly, nationally famed as "America's most widely read regional periodical," edited by Peter Molynaux and Dale Miller at Dallas.

The article was written at the request of Mr. Miller by Archer Fullingim of The NEWS, who was general chairman of the Pre-Centennial. In a foreword, Mr. Miller wrote: "The Panhandle celebration provided a patriotic awakening. It should be copied elsewhere in Texas."

"The article was one of our featured in the current issue, published Saturday. Mr. Fullingim described interesting features of the celebration held here May 31 and June 1 and concludes by telling what Pre-Centennial celebrations could mean to Texas."

"Pre-Centennial celebrations all over the state—and there are a hundred Pre-Centennial ideas to develop that the Pampa celebration did touch—would quicken interest in the Centennial of 1936," the article said, "would spur the Centennial committees to coax a worthy celebration, would coax the big cities to bid high for the big celebration, would force the legislature to act quickly and bountifully upon Centennial appropriations and plans and not dilly-dally negligently and childishly as it did in the recent session. In brief, if a score of Pre-Centennial celebrations were held in Texas this year and next, Texas would be sold on the Centennial long before 1936. And certainly Texans themselves must be sold on the Centennial; they must believe it is Texas' great opportunity of a century to draw the eyes of the world upon Texas; they must believe it is worthy, thrilling, inspiring, and "Texan" in the grand old manner—before they can convince the world that Texas' hundred birthday could eclipse the Century of Progress."

DAVIS QUIETS TOKYO FEARS DURING TALK

JAP PONDERS WHETHER JOINT AGREEMENT WILL BE MADE

LONDON, June 19 (AP)—A talk between Norman H. Davis of the United States and Tsumo Matsudaira, Japanese ambassador, today quieted Japan's fears—suddenly manifested in recent days—of possible Anglo-American naval plans aimed at Japan.

Ambassador Matsudaira asked the United States ambassador-at-large whether the United States and Great Britain planned "a second Rapidan" agreement, that is an Anglo-American joint move on sea arms which might be prejudicial to the interests of Tokyo.

The American assured the Japanese diplomat that the United States had its naval experts here entirely at the invitation of the British and that there were no joint plans of any sort. He said that America was playing an independent role in the naval situation and was friendly to all nations.

SOLONS WILL INVESTIGATE CENTENNIAL

Congressional Committee to Journey to Texas in Autumn on Tour of State.

WASHINGTON, June 19 (AP)—The special congressional committee directed to investigate the extent to which the federal government should participate financially in the Texas Centennial celebration of 1936 held its first meeting today and selected Senator Connally (D., Tex.) as chairman.

Connally said the committee would go to Texas in the autumn, and probably would hold meetings at Houston, San Antonio, and perhaps other cities.

Membership of the committee, created under a resolution which also appropriated \$5,000 for its expenses, is:

Connally, Senators McGill (D., Kan.) and Austin (R., Vt.), and Representatives Bloom (D., N. Y.), Lanham (D., Texas), and Martin (R., Mass.).

KNOX RESIGNS

PORT WORTH, June 19 (AP)—Walter S. Knox has resigned his position as director of physical education at Texas Christian university to accept a place in the athletic department at North Texas State Teachers' college at Denton, it was announced today.

Mrs. George Philpott of Miami was a Pampa shopper yesterday afternoon.

Children Worry Art Hurst

Chief of Police Stays in Office Until Noon—While Lads' Meanness Goes on.

No school, no playgrounds, nothing for children to do but get into trouble, is the worry of Chief of Police Art Hurst these nice summer days. He is being besieged with telephone calls about children using nigger shooters, tramping flowers, breaking windows, etc.

And the chief is practically helpless. He doesn't have enough officers to send on calls. Only the chief and traffic officer are on duty to noon, and that is their busy time. Another policeman comes on at noon.

This morning the chief received three calls and he was alone in the office and couldn't leave.

Two local women telephoned police headquarters that they had been struck by stones from nigger shooters while working in their gardens. Many windows have been reported smashed and a number of flower beds trampled by boys shooting birds out of trees with nigger shooters.

CATTLE PAYMENTS NEAR

DENVER, June 19 (AP)—Disbursing offices to pay farmers for cattle purchased by the federal government in its drought relief program will be set up within the next few days at Kansas City and San Francisco, it was announced today at a meeting here.

The two offices will make payments in the 12 western states of California, Kansas, Colorado, Wyoming, New Mexico, Utah, Nebraska, Montana, Nevada, Texas, Arizona, and Oklahoma.

Harvard Guest

ERNST HANFSTAENGL

'Fashion Plate' Guards Follow Hitler Favorite

CAMBRIDGE, Mass., June 19 (AP)—Ernst Hanfstaengl has perhaps the best dressed and most unappreciative bodyguards ever to surround a visiting dignitary.

Four Massachusetts state troopers dog his steps. Four troopers garbed in the conventional white flannel trousers and dark sport jackets that mark class day reunions.

The officers even sport the red, green, and white hat-bands of Harvard '08. Badges which bear their name, but not their business, hang from their jacket lapels. And what irritates them most—they wear multi-hued neck-ties which flaunt the class colors.

Hanfstaengl, confidential aide to Adolf Hitler, German chancellor, casts admiring glances at his trooper "classmates" as he rushes them from place to place in pursuit of his twenty-fifth reunion obligations. He boasts to his 25-year-old-of-Harvard classmates of his bodyguards' "snappy" attire.

He's enjoying his reunion just as hundreds of other old grads, and thinks his trooper friends really quite unnecessary. Anti-nazi demonstrations are farther from his thoughts. To put it in his own words he's having "a delightful time."

But the troopers— It is the first class day celebration they have participated in and the hours weary them. This morning they turned in about 2 a. m.

CODE AUTHORITY QUILTS

ATLANTA, Ga., June 19 (AP)—The seven members comprising the code authority for the motor vehicle storage and parking trade have resigned and in a letter to President Roosevelt charged the recovery administration with "insincerity and vacillation."

Walter Candler of Atlanta, a member announced the resignations in protest against the NRA order eliminating price fixing elements from the code. Members said this order would abolish present NRA hours and wages.

The coal reserves of the world, it is estimated, approximate 7,863,555,000,000 metric tons.

FATHER SAYS HE SHOT SON ACCIDENTALLY

OLNEY MAN ON TRIAL FOR MURDER AT VERNON

VERNON, June 19 (AP)—Charles R. Richardson testified today at his second trial for murder that he shot his son accidentally.

He said he had obtained a weapon earlier to stop Elga, who had knocked him down. At the time of the shooting, he said, the weapon was discharged when he moved to push his son away from him. His testimony came after the state rested after only two witnesses testified in the opening presentation of testimony this morning.

Mrs. J. G. Duvall, a neighbor of Richardson, the first state witness, said she saw Richardson with a "dark object" in his hand strike his son and heard a report like a firecracker a few minutes later. She told how she saw the youth stumble into the house.

Dr. H. C. McKinney of Olney testified he attended Elga before he died and quoted him as saying: "Daddy shot me, but I want them to take care of my little sisters."

LATE NEWS

VIENNA, June 19 (AP)—The newspaper Telgraf today said bloodstains had been found in a trunk in the apartment of Ivan Paderj, held for questioning in the disappearance of Miss Agnes Tufterson of the United States, but the police did not immediately comment on the report.

NEW ORLEANS, June 19 (AP)—Cotton surged up \$1.00 to \$1.05 a bale in late trading on the market here today on a report that the government had money in sight to purchase a large quantity of cotton for relief purposes.

Veterans Asked To Register for CCC in City Hall

Veterans in the Pampa area desiring to enlist in the veterans branch of the Civilian Conservation Corps are urged to register with G. E. Porter immediately. Mr. Porter will be found in the office of the National Re-Employment Service bureau in the basement of the city hall.

Applications will be sent to headquarters in Dallas where final acceptance will be made and camp designation announced. Gray county is the first to register will be the first accepted.

PRESIDENT'S VIEWS ABOUT ACT UNKNOWN

Fate of Frazier Bill Arouses Interest; Provides 6-Year Mortgage Moratorium.

WASHINGTON, June 19 (AP)—The Frazier bill, providing for a virtual 6-year moratorium of farm mortgages, awaited today President Roosevelt's signature—or veto.

Amid speculation as to what action the president will take, supporters saw in the bill a chance for farmers to regain their property; opponents said it meant repudiation of debts. Administration leaders declined to comment.

The Frazier bill sets up a plan of adjustments and adjudication, throwing open bankruptcy proceedings to farmers. It would work as follows:

A farmer seeking relief from debt pressure may apply to conciliation commissioners now active in about 2,100 of the 2,500 agricultural counties.

Such commissions will attempt to scale down his debts and seek to have creditors agree on settlement.

If the creditors refuse or the farmer is not satisfied, he may apply to a federal court as a voluntary bankrupt. The court will appoint appraisers to determine the "farm market value" of the property.

If the creditors accept this value the farmer may "rebuy" his property over a 6-year period. The interest would begin at 1 per cent and advance to five within four years.

Should a creditor object to the appraisal, the court will be authorized to declare a moratorium for six years. During that time the farmer will live on his farm and pay rent fixed by the court.

Such rent would be divided among his creditors to apply on his debts. At the end of the six years the farmer would again have a chance to redeem his property.

Hail Damages County Wheat

Hail damaged thousands of acres of wheat southwest of Pampa Friday afternoon, it was revealed this morning after insurance companies had received reports. The hail fell over a large area with damage from 10 per cent to total loss.

The storm appeared to start near Groom and proceeded northeast to the Hopkins community, where it turned southeast and went to the Jericho and Alanreed communities. One company had 31 losses reported. The greatest damage was in the Hopkins community, where it is estimated that 4,000 acres of wheat was damaged between 85 per cent and total loss.

Damage from 10 per cent to 50 per cent was reported over the other area. It is estimated that 10,000 acres of wheat land was struck by the storm.

Light hail was reported east and north of Pampa where damage was slight.

WITNESS SAYS CLERIC WAS IN 'FLOUR WAGON'

TESTIMONY STARTS IN TRIAL OF L. H. SHOCKLEY

The Rev. L. H. Shockley, on trial for poisoning several members of the W. T. Hudgins family nearly three years ago, rode to Hudgins' ranch in a wagon containing a sack of flour which later was found to contain poison, the state's first witness testified today.

Circumstances tending to point to the Rev. L. H. Shockley as the person who allegedly put arsenic in flour to cause the death of three persons of the McLean community in 1930 were vigorously combated by the defense attorneys in 31st district court today.

Eccentricities of the Hudgins family were paraded across the court reporter's pages as Clem Calhoun, defense attorney, cross-examined Ernest Erwin, first witness and grandson of W. T. Hudgins, who with Mr. and Mrs. Terry Erwin were the poison victims as alleged in the indictment.

The witness left the box at noon but will be returned later for cross-examination after other witnesses have been heard.

District Attorney Lewis M. Goodrich read the lengthy indictment at 9:30 o'clock this morning, charging that the minister "mingled poison, to-wit arsenic" with flour, causing the deaths of W. T. Hudgins, Terry Erwin, and Mrs. Terry Erwin, and making several other persons ill. The deaths were not immediate, but occurred within a few weeks later.

Rev. Shockley arose and answered "not guilty" when asked by the court how he wished to plead.

Ernest Erwin of McLean, 20-year-old son of Mrs. Nora Erwin, daughter of the late W. T. Hudgins, one of the poison victims, was the first state witness. He was questioned by John Sturgeon, special prosecutor, about family relationships and about his grandfather, W. T. Hudgins, who lived on a 3-section ranch on McClellan creek 8 miles north of McLean.

With Mr. Hudgins lived Mr. and Mrs. Terry Erwin, Mrs. Nora Erwin and two of the latter's sons, Ernest and Lloyd. They had a two-room house and a granary where a bed was placed.

Rev. Shockley married a sister of Ernest Erwin's mother. The minister moved from Marlow, Okla., a few days before the fatal meal was served, about a one-night visit to the Hudgins ranch. Young Erwin said Rev. Shockley rode out from McLean in a wagon with W. T. Hudgins and Lloyd Erwin. A mule team was hitched to the wagon. They arrived at the ranch late in the evening. Rev. Shockley rode in the back of the wagon, where there were assorted groceries and a 48-pound sack of flour.

Ernest and Terry Erwin carried the flour into the house. They noticed a 5-inch tear in the flour sack, to which Rev. Shockley pointed, with the suggestion that the flour be emptied. The witness said Terry Erwin emptied the flour into a 10-gallon can. He said Rev. Shockley slept that night in the same room with W. T. Hudgins. The flour was in the same room.

Next morning Mrs. Nora Erwin made biscuits from the flour.

I SAW—

This telegram which arrived at 1:30 p. m. today from Dale Miller, associate editor of the Texas Weekly, Dallas, and "god-father" of Pampa's Pre-Centennial: "AM BROADCASTING PRE-CENTENNIAL OVER WOAAT THIS MORNING. ANYONE AT TEN O'CLOCK TONIGHT, GOOD LUCK." Let's all—everybody—listen to Mr. Miller and then give him letters of appreciation for writing Pampa more favorable publicity than anyone has in a long time. To write him a letter of appreciation would be the kindest and most interesting thing to do—and the courteous thing to do.

A drunk who surely had snakes in his boots and who surely was in a rampage, staggered in The NEWS office this morning. The witness over George Briggs, related our efforts to spirit him through the back-end. The city police were notified. Then the inebriate flopped backward across Harry Hoare's desk and went to sleep. He'd been snoring 30 minutes when the cops arrived.

THE NEW DRIVE FOR CLEANER MOVIES

The cry to "clean up motion pictures" is being heard again—this time loudly and insistently. The Federal Council of Churches, Jewish rabbis, the Federation of Women's Clubs, and clergymen of all the Protestant faiths have rallied to the support of Cardinal Dougherty in his attack on immoral and indecent films. The cardinal's charges are drastic. In an official statement he declared, "Perhaps the greatest menace to faith and morals in America today is the motion picture theater, attended every week by almost 77,000,000 persons, of whom some 23,000,000 are young people less than 21 years old. . . . The usual theme of these moving pictures is divorce, free love, marital infidelity and the exploits of gangsters and racketeers. "A vicious and insidious attack is being made on the very foundation of our Christian civilization; namely the sacrament of marriage, the purity of womanhood, the sanctity of the home, and obedience to lawful authority."

Religious leaders of many faiths have joined with Cardinal Dougherty in urging members of their churches to boycott objectionable pictures. Hollywood producers, quick to defend themselves, reply that the films do no more than mirror life. Motion picture dramas, they insist, are no more objectionable than stage plays, books, and paintings of the day, and if they deal with unsavory subjects it is because that is what the public wants. Yet American newspapers reach an even wider public than the films and in the daily newspapers' entertainment features—notably the serial novels and comic strips—the press has never found it necessary or profitable to stoop to the salacious. Racketeering and gang life have no place in newspaper fiction. While motion pictures, by subtle innuendo, have presented the most daring of "modern" sophisticated situations, the heroines of newspaper serials have remained ideals of American womanhood. Perhaps there is a lesson in this for the film magnates. At any rate, the daily newspaper, though often accused of cheapness and sensationalism, remains a staunch defender of the conventions.—Bruce Catton.

Death Claims 6th Person in Accident
SPUR, June 19 (AP)—Funeral services for Jud Wasson, 39, of Dickens, were planned today at Alton, as the death list from the highway tragedy near here Saturday night in which three automobiles figured, grew to six.

Wasson, survived by a widow and two children, was the sixth victim of the crash. Five others were either killed instantly or died soon after the pile of three cars. All the remaining seven persons injured in the triple crash were reported out of danger today.

Senate Ratifies Munitions Pact

WASHINGTON, June 19. (AP)—The senate today ratified the nine-year old Geneva treaty providing for strict supervision of international traffic in arms, ammunitions and implements of war.

A reservation was attached however, that the other nine principal arms producing countries—the British empire, Belgium, France, Germany, Italy, Japan, Soviet Russia, Czechoslovakia and Sweden—must approve the pact before it takes effect as to the United States.

Twenty-two nations signed the treaty at Geneva June 17, 1925.

The major provisions of the pact would limit the export of arms and other war materials to the needs of the importing government, or with the consent of such government for the supply of a public authority subordinate to it.

A system of licenses and export declarations is provided, and full publicity would be required with regard to the international traffic in arms, aircraft, aircraft engines, and the sale or transfer of any vessel of war.

British American Oil Manager Dies

TULSA, Okla., June 19. (AP)—George W. Snedden, vice president and general manager of the British American Oil Producing Co., and widely known in the petroleum industry, died here last night of a heart attack.

He was 48 years old and recently had returned from Florida, where he sought to regain his failing health.

Snedden was also recognized over the country as a breeder and exhibitor of fine horses.

Besides his offices in the British American, he was president of the Arrow Drilling company, vice-president and general manager of the Toronto Pipeline Co., president of Jackson, Wis. and Snedden Drilling and Producing Co., president of the Western Oil corporation, president of the Producers Oil company and a director of the First National bank of Tulsa.

Very Much Improved After Taking Cardui

"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Sr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

Baby Strangled To Death Lives

NEW YORK, June 19 (AP)—The tiny heart of a baby who for more than two hours apparently was dead, pulsated rhythmically today.

This six-pound, day-old daughter of Mrs. Esther Rauch was born yesterday with an umbilical cord tightly twisted about her neck. To all appearances, said Dr. Bernard Zaglin she was dead.

Into the baby's thigh Dr. Zaglin injected alpha toxin, to promote respiration. Into the baby's mouth, minute after minute he breathed into the girl's lungs, forcing the tiny chest to expand, contract. When he was exhausted a nurse took his place. For two hours they alternated at the child's side.

Then came a familiar cry. The baby lived.

Tibbett to Sing 'The Eunuch' at 'Met' Next Season

NEW YORK, June 19 (AP)—A new opera by a comparatively unknown American has been selected by the Metropolitan Opera association for presentation next season.

"The Eunuch" is its title; John Lawrence Seymour, its creator.

To Lawrence Tibbett will go the most important role, that of an Oriental sultan. It was Tibbett who sang the part of another potentate in another American opera, "Emperor Jones," which was last season's greatest box office success at the Metropolitan.

Marek Windheim also will be in a leading part, while Tullio Serafin, who has conducted most of the American operas in the past decade, is expected to conduct.

"The Eunuch" will be the sixteenth all-American work to be presented at the "Met." Its composer held no commission from the company to write the one-act opera with its libretto in English, but it was selected from among the many unsolicited manuscripts submitted each year.

The most recent American opera performed at the Metropolitan was "Merry Mount," with music by Howard Hanson of Rochester, N. Y., and libretto by Richard Stokes of New York. This work had its premiere last February with Tibbett in the role of a Puritan preacher.

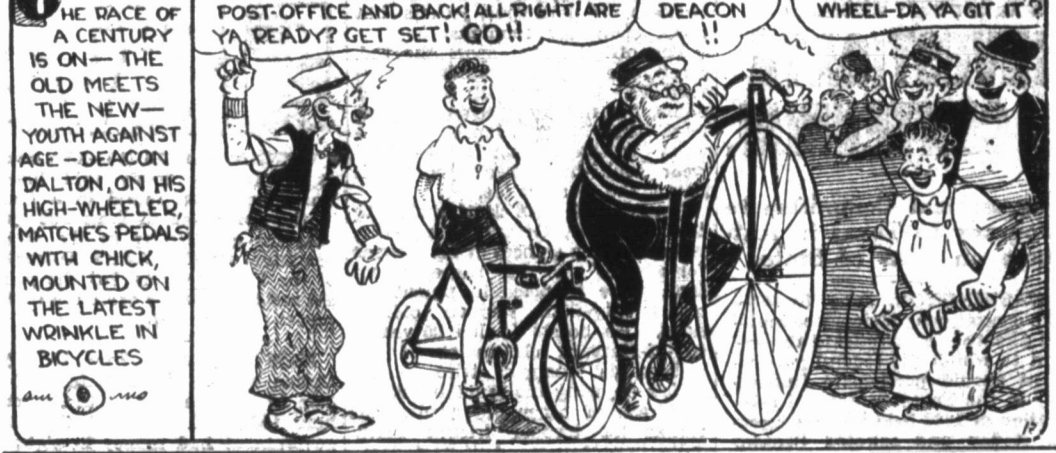

Three American operas were presented at the Metropolitan last winter: Deems Taylor's "Peter Ibbetson" in the shortened season, while "The Emperor Jones," by Louis Gruenberg, and "Merry Mount" also were in the active repertoire.

GARNER THANKED
WASHINGTON, June 19 (AP)—The spotlight that barely shines on a vice president swung around to John Nance Garner just before congress adjourned. The senate, on motion of Senator Borah, arose in a standing tribute to his "fairness, impartiality, and bally." "I have been hasty at times," Garner said in answer, "as long as I preside I hope to expedite the senate's business, but it is my desire to protect the rights of each senator."

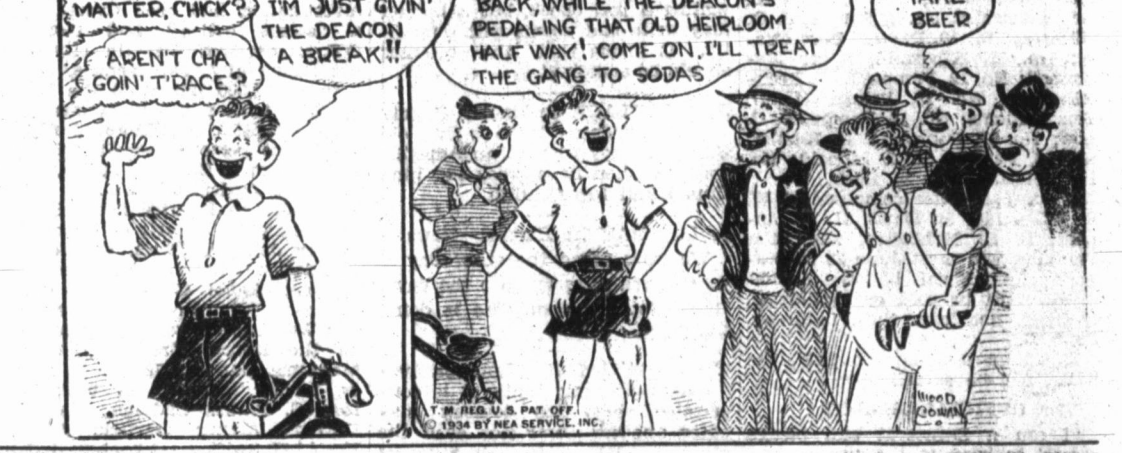

The average rural Illinois family spent \$101 for clothing in 1933, a survey shows.

NINE CHURCH CIRCLES MEET FOR STUDY AND SOCIAL HOUR

FIRST BAPTIST WOMEN HAVE MISSION BOOKS

ONE GROUP HAS ALL DAY QUILTING, LUNCHEON

The W. M. S. of the First Baptist church met yesterday afternoon in circles. Circle one met at the home of Mrs. J. C. Barnard for an all day quilting.

A covered dish luncheon was enjoyed by five visitors, Meses. L. H. Smith, Ida Arndt, L. E. Hawkins, M. E. Hunter, S. A. Ross; Mrs. W. E. Henry, general president; and the following members: Meses T. B. Solomon, J. A. Arwood, H. E. Crocker, K. T. May, M. F. Wynne, D. B. Jamison, E. M. Dean, Nolan Harris, C. L. Stevens, and J. C. Barnard. The next meeting will be with Mrs. C. L. Stevens.

Circle two met at the home of Frank Johnson. Mrs. N. B. Ellis gave the devotional from Psalms 121. Mrs. F. E. Leech gave the opening prayer and taught the first lesson from "Signal Fires on the Mountain." The meeting was closed with a prayer by Mrs. W. B. Henry.

Refreshments were served to Meses N. B. Ellis, F. E. Leech, Hugh Ellis, W. B. Henry, L. H. Green, and Frank Johnson. The next meeting will be with Mrs. Leech.

Circle three met with Mrs. Joe Foster. The opening prayer was given by Mrs. E. L. Anderson. Mrs. B. L. Edmondson gave the Bible study on the book of Ephesians. The closing prayer was given by Mrs. Mary Binford.

The hostess served refreshments to the following: Meses. Floyd Young, Dee Campbell, E. L. Anderson, W. R. Hallmark, A. L. Lee, G. M. Ware, R. E. Matkin, Mary Binford, R. L. Edmondson. The next meeting will be at the home of Mrs. Dee Campbell.

Circle five met at the home of Mrs. S. O. Garner. Mrs. O. C. Williams gave the devotional, followed by a prayer by Mrs. J. F. Reynolds, who also taught the lesson from "The Wandering Jew in Brazil."

Mrs. H. K. Beard closed the meeting with a prayer. Refreshments were served to Meses. J. F. Reynolds, O. C. Williams, E. A. Patterson, A. C. Crawford, S. O. Garner, Eddie Gray, H. C. Walker, H. K. Beard, L. A. Baxter. The next meeting will be with Mrs. J. E. Reed at 416 South Banks street.

Bible Study at Central
The Woman's Missionary society of Central Baptist church met at the church yesterday afternoon at 2:30 o'clock for Bible study.

Mrs. S. L. Anderson gave the opening prayer and taught the lesson. The meeting was closed with a prayer by Mrs. H. C. Chandler. Those present were Meses. S. L. Anderson, G. C. Stark, G. L. Moore, John Buzbee, Watkins, D. H. Coffey, J. W. Smith, D. M. Scafe, Cecil Lunsford, H. A. Overall, Wood Overall, H. C. Chandler, Etta Gilham, W. C. Brown, Sewell, W. L. Lane, and Vernie Pipes.

ALL-BRAN RELIEVED HIS CONSTIPATION

Delicious Cereal Brought New Health to Mr. Bartholomew

"We quote from his voluntary letter: 'I had considerable trouble with my stomach. Digestion was out of the question. I got medicine which gave me only temporary relief.

"Then I thought of taking ALL-BRAN. I started eating a cereal dish two or three times a day.

"It has been over a year now since I ate that first dish of bran, but from that day to this I have had the pleasure of enjoying the proper functioning of the digestive organs.

"Thanks to ALL-BRAN. I still eat it regularly and like it better all the time."—Lester Bartholomew, Cadillac, Mich.

Constipation is usually due to lack of "bulk" to exercise the intestines, and vitamin B to promote elimination. ALL-BRAN supplies both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. Certainly this food is more natural than taking harmful patent medicines. Two tablespoonfuls daily will usually overcome most types of constipation. With each meal in chronic cases. If not relieved this way, see your doctor.

LOCAL COUPLE ARE MARRIED HERE SATURDAY

Miss Audrey Covey Becomes Bride of Ralph Sloan

Miss Audrey Covey and Ralph D. Sloan were quietly married last Saturday afternoon at 5 o'clock at the Methodist parsonage, the Rev. Gaston Foote officiating. They were attended by Miss Verna Riffler and Bob Cecil.

Following the ceremony, Mr. and Mrs. Sloan left for Fargo, Okla., where they visited Mrs. Sloan's parents, Mr. and Mrs. C. D. Sheets. The bride has lived in Pampa for two years and is now in the employ of Schulky's office. Mr. Sloan, son of Mr. and Mrs. C. P. Sloan of Pampa, is connected with the Skelly Oil Production Co. The couple will live at 211 N. Ballard.

S. S. Class Has Swim and Picnic

Mrs. Frances Sturgeon entertained her Sunday school class of 11 and 12-year-old boys, the Rangers, with a swimming party and picnic last evening at the local pool. She was assisted by her sister, Miss Christine Stark.

The boys present were Ray Boyles, James Evans, Wayne Coffey, Clinton Stone, Jack Skrop, Sheridan Owens, Jack Herbst, Johnnie McConnell, Herbert Maynard, and James Archer.

WILL RELATE KELLY STORY FROM STAGE

Arnold Child Who 'Told Off' on Machine Gun Kelly and Wife to Act

OKLAHOMA CITY, June 19 (AP)—The public which refused to contribute substantially toward a reward for Gerladene Arnold, child aide of the government in trapping the kidnapers of Charles F. Urschel, Oklahoma City oil millionaire, still has a chance to add to her recently acquired "nest-egg."

For Gerladene, 13, tomorrow will begin a series of "personal appearances" on the stage of a theater, where she will relate her experiences as she rode thousands of miles through the southwest with the hunted George "Machine Gun" Kelly and Kathryn, his red-headed wife, before their capture by government agents in Memphis.

The girl, taken as a "blind" by the fugitives, presented her claim for the \$15,000 reward offered and underwritten by C. F. Colcord, Oklahoma City financier, for information leading to the capture of Kelly.

Months of litigation ensued. The information furnished by Gerladene, contended Colcord, already was available at the time to federal agents.

District Judge Lucius Babcock wrote out a journal entry yesterday, and Herbert K. Hyde, who was United States district attorney at the time of the Kelly trial, and who represented Colcord in the reward litigation, handed the girl a check for \$4,000.

Ouster Planned By Langer Foes

BISMARCK, N. D., June 19 (AP)—A political tangle that sees two men claiming to be the legal governor of North Dakota moved toward the courts today as steps were taken to institute proceedings to determine whether Governor William Langer has the right to continue exercise of executive powers.

Supporters of Langer pointed to Attorney General P. A. Sattre's opinion, holding that the governor's conviction on a felony does not automatically create a vacancy.

Supporters of Lieut. Gov. Ole H. Olson, recognizing him as governor, prepared to go into the state supreme court to demand that he be installed as chief executive.

Meantime the Langer and Olson political factions plunged into the state primary campaign. Olson affiliates referred to Olson as "governor" and to Langer as "former governor."

Langer is to be sentenced along with four co-defendants at Fargo June 29—two days after the primary election. He is now free on his own recognizance until sentence is imposed, while the bond of \$2,000 given at the time of their arrest for each of his four associates was continued and the quartet also given their freedom.

M. E. WOMEN DISCUSS WORK IN BRAZIL

ALL GROUPS TO HAVE COVERED-DISH LUNCHEON

All circles of the Woman's Missionary society of the Methodist church met for study of missionary work in Brazil yesterday afternoon. In business sessions three circles voted that the members should donate ice tea glasses to be used in the church basement and one circle voted that the society should buy them.

Circles will have a joint meeting next Monday in the form of a covered dish luncheon at the home of Mrs. W. Purviance. A general business session will be held.

Circle one met at the home of Mrs. Joe Shelton with Mrs. C. I. Nelson as co-hostess. Following the opening song and prayer, little Jolanda Shelton gave a reading "The Family." Mrs. W. H. Fraze led the devotional and conducted the study from the Outlook. Meses Joe Shelton, S. C. Evans, and G. L. Ott gave reports on the work in Brazil.

The following members answered the roll call with a Scripture verse: Meses. W. H. Fraze, A. B. Fullington, E. R. Price, Gaston Foote, S. C. Evans, G. L. Ott, Nell Weber, J. L. Lane, Joe Shelton, C. I. Nelson, Paul Jensen, T. H. McDonald, and Harry Hoare. Two visitors were present, Meses. W. H. Wright and A. D. Babson.

Circle two met at the home of Mrs. W. R. Campbell. After a song, "What a Friend We Have in Jesus," Mrs. Minnie Jackson led in prayer. Mrs. John Hodge conducted the devotional. A report on the work in Brazil was given by Mrs. W. R. Campbell. Mrs. W. R. Ewing closed the meeting with prayer.

Those present were Meses John Hodge, Minnie Jackson, Jim Saunders, H. D. Kiser, W. R. Ewing, F. L. Stallings, Joe Gordon Jr., J. N. Fitzgerald, W. R. Campbell, and G. C. Walstad. One visitor was present.

Circle three met with Mrs. F. P. Reid at the home of Mrs. Ruddy. Mrs. W. Purviance gave the devotional on "Fellowship with Thee Through Jesus," based on Acts 14:7. Meses T. C. Lively, A. A. Kelley, and W. M. Castleberry discussed the missionary work in Brazil.

Three visitors, Meses. Wright, Ruddy, and Heimick, and the following members were present: Meses. W. M. Castleberry, Ralph Chisum, M. E. DeTarr, J. I. Howard, A. A. Kelley, J. V. Kidwell, T. C. Lively, Roger McConnell, T. G. Nicholson, W. Purviance, E. P. Reid, Purvis, C. E. Ward, C. E. Waller, Harris, and Fannie Hardin.

Circle four met in the church parlors with Meses. N. S. Maddox and Fred Oullum as joint hostesses. Mrs. Lee Harrah led the devotional, and Meses. A. C. Green and E. H. Boyington discussed the work in Brazil. Mrs. Maddox talked on War and Christian.

One visitor, Mrs. I. C. Huff, and the following members were present: Meses. Lee Harrah, N. S. Maddox, Horace McBeer, Carlton Nance, W. H. Peters, Sherman White, John K. Sweet, A. C. Green, Fred Oullum, W. J. Foster, C. N. Ford, H. H. Boyington.

THE FABRIC OF MANY OCCASIONS

Everywhere in the fashion world lace is a first favorite. Trinely tailored for the tennis court and the golf links, classic in silhouette for cocktails and afternoon teas, flounced and filmy for the ballroom and the restaurant—lace fits beautifully into the picture. It has staged a series of dramatic surprises this season and is starting in many roles. Sturdy laces prove that they can take it in athletic encounters, and laces delicate as a cobweb do not wilt on the warmest night. Of course, lace is an old-time favorite for voyages and for travel on land because it shakes out fresh as a daisy, but lace is also a new favorite for uses unthought of a season ago.

MAKES YOU LOSE UNHEALTHY FAT

A young woman of Norwich, Conn., writes: "I lost 16 lbs. with my first bottle of Kruschen. Being on night duty it was hard to sleep days but now since I am taking Kruschen I sleep plenty, eat as usual and lose fat, too."

To take off fat—take one half teaspoon of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle (lasts 4 weeks) costs but little—get it at Richard's Drug Co., Inc., or any drug store in America. If this first bottle fails to convince you this is the SAFE and HARMLESS way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you must reduce safely.

A womanless wedding will be put on by the boys for the stunt of the evening.

The school is being conducted by Mrs. Gaston Foote, Mrs. Lanece Webb, and Kit Carson. All young people of the town are invited to be present at 7:15 o'clock.

CROCHET ACCESSORIES TO MATCH YOUR FROCKS

In these days of smart accessories, belts and bags play an important role. It is not always easy to get the right belt or bag to go with a frock or suit; besides, they are expensive to buy. The crepe paper crocheted ones—so easy to make—so smart to wear—are a boon to the girl who knows what is chic and insists on it. If she's a real "modern," she knows that she can make a handsome envelope bag and a belt to match in a chosen color, or in stripes of harmonizing shades, for just a few pennies' worth of crepe paper. All she need do is cut her crepe into strips about 3/4 inch wide, stretch and twist them, and crochet in single stitch. A straight piece, 9x18 inches, folded twice into an envelope bag, and lined with the silk or cotton of a pet frock, will dress up an entire costume. A smart belt can be made just as easily, crocheting it the long way, and making it as wide or narrow as desired.

CONGRESS ADJOURNS--AFTER SPENDING SEVEN BILLION DOLLARS

LONG AMUSES GALLERIES IN FINAL SALLY

BILL TO SET UP LABOR BOARD PASSED BY INSURGENTS

WASHINGTON, June 19 (AP)—The seventy-third (new deal) congress or parliament in the history appropriated an estimated \$6,800,000,000, passed into history today.

Its finale, which came at 11:45 o'clock last night (EST), was marked by a dramatic coup by insurgents and an uproarious farewell sally by Senator Huey P. Long.

The congress, besides appropriating nearly seven billion dollars—a sum without precedent equal, probably, in the records of any congress or parliament in the history of the world—guaranteed an estimated seven billion dollars in home mortgages and farm bonds, set up a two billion dollar stabilization fund, passed thousands of bills, approved between six and eight thousand nominations and ratified a score of treaties.

The surprising end came after party independents arose in the senate and smote opposition to the Dill-Crosser bill to set up a national board to conciliate labor and employers in their disagreements in the railway industry.

President Roosevelt and party leaders had wanted the bill to go over to the next congress, for they feared final action would mean a prolonged session. The insurgents, however, with such senators as Wheeler (D., Mont.) and LaFollette (Wis.) in the forefront, kept driving ahead for action, overcoming a one-man filibuster by Senator Hastings (R., Del.) and finally winning against the opposition of administration leaders.

The administration's housing program, providing for partial government guarantee of loans for home building and repair, and other measures to set the construction ball rolling, was the last major item to go through.

Earlier the Frazier-Lemke bill permitting a virtual 6-year moratorium on farm mortgages had passed the final stages of enactment. A filibuster by Senator Long (D., La.) in favor of this made the galleries roar with laughter.

The day saw final action on the huge deficiency bill, carrying more than \$2,000,000,000 for relief and other purposes. A controversial banking bill, making many changes in the banking laws, went over to the next session, thereby helping break the log jam that thwarted congress from winding up its business last Saturday.

"There has been more action and less talk in this congress than in any of my recollection," Senator Robinson, democratic leader, said. He said that under the leadership of President Roosevelt it had done a "wonderful work."

The house, which had marked time most of the last few days, quit in an aura of goodwill. Representative Byrns of Tennessee, the majority leader, called it the "most momentous" congress ever. Representative Snell of New York, minority leader, said if he had to be presided over by a democrat his vote would go for the "general" Speaker Rainey.

The house formally voted to forego a program of jockeying, for fear the country would think it lacked dignity. Then it went ahead and held it anyway. Representative Blanton (D., Texas) suggested the marine band might play because that was "dignified." The band played "Yankee Doodle." The members roared out the words. Representative Truax (D., O.) sang "Beautiful Ohio."

When the word arrived at the White House that congress was at last resting from its labors, President Roosevelt was found to be resting, too. He was asbed, fast asleep.

Another Woman From Poderjay Past Turns up

VIENNA, June 19 (AP)—Another woman emerged today from the past of van Poderjay, international Don Juan, as police sought to draw from him a solution of the strange disappearance of Agnes Tufverson, American lawyer.

Mme. Zhivka, a slender blond, brought forth documents in English to show that she was divorced from the Yugoslavian officer November 16, 1933—one month before his New York marriage to Miss Tufverson.

Eager for news of Poderjay, Mme. Zhivka described him as unreliable but "charming" with women. She said \$10,000 disappeared from her safety deposit box about the time Poderjay left the country.

After a trunk and other property belonging to the missing American woman were found yesterday in Poderjay's apartment here, he abandoned his story that his marriage to Miss Tufverson was bigamous.

Police called for further explanations of Poderjay's claim that he has not seen Miss Tufverson since shortly after their wedding. They expressed belief she was dead.

Scotland Yard Scans Clues in Weirdest Murder

LONDON, June 19 (AP)—The discovery of a woman's legs in London led Scotland Yard on the trail today of one of England's weirdest murder mysteries.

There were only meager clues. Both the legs and the torso were wrapped in brown wrapping paper and authorities were virtually certain they belonged to the same person.

Four letters, "P-O-R-D", written on the paper at Brighton with a blue pencil, detectives believed, might serve as a signboard in the search for the slayer.

Scotland Yard said, however, valuable information had been divulged by a person "sworn to secrecy."

After an examination of the legs, found in a suitcase which had been left at the King's Cross railway station here June 7, Sir Bernard Spilsbury, noted home office pathologist, went to Brighton to examine the torso and decide whether the legs belonged to the body.

Interest was heightened by publicity given the international case of a missing Agnes Tufverson, American lawyer, whose husband, Captain Ivan Poderjay, is being held in Vienna, but the two mysteries were thought by authorities not to be linked.

Louisiana Death Toll Reaches 7

NEW ORLEANS, June 19 (AP)—Work of rehabilitation went forward today in the hurricane devastated areas of Louisiana and Mississippi where seven persons were killed, a score or more injured and property damaged to the extent of millions of dollars.

The storm came from the Gulf of Mexico Saturday, swept through southwest Louisiana, invaded Mississippi with great damage and then blew out its wrath in squalls in the Memphis, Tenn. area.

Near Morgan City, La., two infants were drowned when waves swept over a small shrimping platform occupied by their parents, Mr. and Mrs. John Duplantis.

Two negroes were crushed to death in the Gateville community near Crystal Springs, Miss., when flying timbers felled them.

The body of Wilbert Butler, a power wire wrapped about it, was found at Bunkie, La. One arm had been burned off.

Charles Prince was struck and killed by an automobile whose driver was blinded by the storm in Iberia parish, La. Prince was running down a highway in search of refuge during the storm.

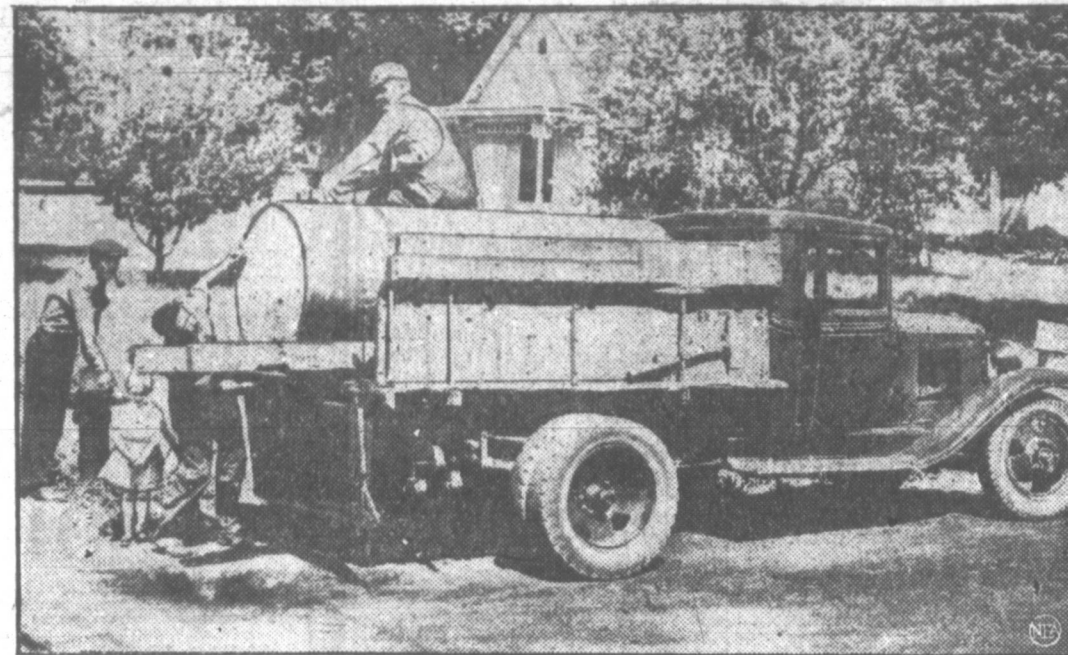

Near Forest, Miss., Dock Morehead was killed by a train as he was following the railroad track seeking shelter.

U. S. AND BRITISH WAR VESSELS SEEK PIRATES AND 26 VICTIMS

CHEFOO, China, June 19 (AP)—The British steamer Shuntain, stripped of valuables and 26 passengers and officers, arrived in Chefoo this afternoon with a story of daring piracy along China's "Spanish main."

One officer of the vessel was shot and gravely wounded in resisting Chinese brigands who commandeered the vessel at 10 p. m. Sunday night off the Yellow river and held her passengers and crew under pistol point for 24 hours.

The captain of the steamer said the Pirates fled in junks after abandoning the Shuntain, and landed in the almost inaccessible swamps of the Yellow river delta, defying pursuit by British and American warships.

In addition to the six British citizens, including two of the ship's officers held for ransom, it was learned another foreigner is a captive. He is a Japanese named Yamamoto, reported to be an army officer. The other prisoners are Chinese.

British authorities were considering sending airplanes from the aircraft carrier Eagle at Weihaiwei, in search of the pirates if Chinese authorities permit. The warship will not be able to enter the swamps, accessible only to small boats.

The Shuntain's captain said the pirates were skilled seamen and naval officers were held prisoners in cabins. Many of the passengers were in a state of terror.

Taking their time, the brigands looted the steamer in a thorough fashion, threatening to kill anyone who showed fight. The wounded officer was placed in an American mission hospital.

The U. S. S. Pope and the mine layer, Biltmore, joined the British destroyers, Veteran and Witch, in the hunt last night through China's pirate infested waters.

Plans to rob the ship had been

carefully laid. A number of the pirates boarded the vessel as passengers at Tientsin. Then the Shuntain was at sea, en route to Shanghai, the brigands at a given signal swiftly look over the vessel under cover of darkness.

Five junks, apparently by prearrangement, appeared alongside the ship Monday night and the "sea wolves" clambered into them, taking the prisoners and their valuable booty.

Shipstead And Hale Reelected

By The Associated Press.

Two United States senators—Henrik Shipstead of Minnesota and Frederick Hale of Maine—were virtually assured of re-nomination today by returns from their state's primary elections.

Shipstead was running far ahead of Congressman Francis H. Shoemaker for the Farmer-Labor nomination. Shipstead, a republican senator since 1917, held a secure lead over Louis A. Jack.

Gov. Louis J. Braan of Maine, a ta won the Farmer-Labor nomination from a single opponent, John Lind. Martin Nelson, Austin lawyer, led three opponents for the republican nomination for governor, and Fred Schlipin, St. Cloud publisher, was showing the way to seven democratic opponents for the gubernatorial nomination.

Gov. Louis J. Braan of Maine, a democrat, was unopposed for re-nomination; Alfred K. Ames, retired lumberman, appeared to be the republican choice to run against Braan in the September election.

HINDENBURG IN LIKELY SPLIT WITH HITLER

VON PAPEN MIGHT BE MOUTH-PIECE OF 'OLD PAUL'

BY A. D. STEFFERUD, Associated Press Foreign Staff.

BERLIN, June 19 (AP)—Indications of a possible split between President von Hindenburg, Germany's "grand old man," and Chancellor Adolf Hitler over Nazi policies were seen today as an aftermath of a startling blast against the government.

This criticism was made by Franz von Papen, vice-chancellor, understood to be close to Hindenburg. Observers were quick to couple his attack on Nazi "extremists" with the resignation of Count Rudolf Nudolny as ambassador to Russia.

Count Nudolny is a friend of von Hindenburg and one of the first officials of the Nazi regime to resign.

Growing dissatisfaction of conservative elements, including von Hindenburg and von Papen, with the Nazi program, was rumored. An answer—regarded as official—by von Papen's speech was made at Potsdam by Hermann Goering, minister of aviation and Premier of Prussia.

He said that "without doubt, reason for dissatisfaction is really justified, but these are isolated cases."

Describing the speech as a worse evil, Goering said "it is self evident that the enthusiasm which greeted us 18 months ago is not everlasting."

Political observers believed von Papen's speech symbolized his parting of the ways with Hitlerism. He rapped the campaign against "grinders and croakers" and urged freedom of the press.

Hitler in a speech at Gera on the same day said "Germany's fist is ready to smash" critics.

Von Papen's remarks, made to Marburg university students, contained a guarded suggestion for the return of a monarchy.

Nudolny's resignation, it was understood, was precipitated by Hitler's refusal to accept Russia's offer of a non-aggression pact. This was in May. Now it is reported that Germany fears a Franco-Russian alliance.

THE TOUGHEST TEST A MOTOR OIL COULD TAKE

DARING TEST! New and Improved Conoco Germ Processed Motor Oil outdistanced five worthy rivals, thanks to the extraordinary film strength and penetrativeness our recently patented process gives it. Five quarts of this remarkable new motor oil lubricated a car for the almost unbelievable distance of 4,729 miles before the motor was wrecked.

Five other oils, all nationally known and widely advertised, competed under identical conditions with New and Improved Conoco Germ Processed Motor Oil in this test.

New and Improved Conoco Germ Processed Motor Oil went more than 3,000 miles farther than the first oil to fail, and over 1,400 miles farther than the best of its competitors.

The results of this test should guide your next oil purchase. A tremendously greater motor protection and remarkably lower consumption await you at Red Triangle Stations. Drive in today.

New and Improved Conoco Germ Processed Motor Oil winner in terrific "destruction" test at the Indianapolis motor speedway—supervised by the Contest Board, American Automobile Association.

CONTEST BOARD AAA CERTIFIED TEST

SAANXION NO. 3001

These six new strictly stock cars were used in the "destruction" test. AAA officials assigned the brand of oil each carried by drawing of lot numbers. Only AAA officials knew which oil was in any car.

Mileage and all final details were checked by these two AAA officials. Electrical timing instruments were used.

Five quarts of each brand of oil of the same S. A. E. grade from measures checked by the Bureau of Weights and Measures, State of Indiana, were carefully put in the cars by AAA officials.

The official sealing of crankcases after fill of the quarts was put in. No addition of oil was permitted in this "destruction" test.

These were new motors before the test. Oil No. 4 failed at 1,713.2 miles; No. 6 failed at 1,764 miles; No. 5 quit at 1,815.9 miles; No. 1 failed at 2,266.8 miles and No. 3 at 3,318.8 miles, while No. 2 New and Improved CONOCO Germ Processed held up to 4,729 miles.

Warning

TO NEW CAR OWNERS

Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and Improved Conoco Germ Processed Motor Oil has been extensively tested on these new bearings. The results indicate that it gives greater protection against damage than straight mineral oil.

Protect your new car by using the motor oil you can be sure of.

DETROIT BEATS YANKS 6-5 TO SQUARE SERIES

RED SOX WITHIN FOUR GAMES OF NEW YORK IN AMERICAN

By Herbert W. Barker, Associated Press Sports Writer. The fourth act of their cut throat series today had left the New York Yankees and Detroit Tigers exactly where they were when they started and given the rest of the American league a chance to catch up.

Detroit's 6-5 triumph over the Yankees yesterday squared the series at two-games all and left Babe Ruth and company still in first place but by a margin of only four points. Moreover, the dog-eat-dog competition between the two leaders has allowed the fifth place Boston Red Sox to draw up to within four games of the lead.

For the seventh time in as many starts this year, Russ Van Atta failed to go the route. The young Yankee's flinger was rapped for 8 hits and 4 runs before he was supplanted by Burleigh Grimes with one out in the sixth. Tough old Burleigh got out of that jam but was nicked for the winning runs in the ninth when Pete Fox's double drove in Manager Mickey Cochrane and Johnny White.

Despite the handicap of a chipped bone in the toe of his right foot, suffered Sunday, Gehrig played in his 1440th consecutive game and rapped out his 17th homer and a single.

Taking advantage of the idleness of Washington and Cleveland, who hold third and fourth places, respectively, the Red Sox began making threatening gestures to both by sweeping a double bill with the St. Louis Browns, 6-5 and 14-9. Bucky Harris' club now trails Cleveland by only one game and Washington by 1 1/2.

Fine pitching by George Earnshaw and Leslie Tietje gave the Chicago White Sox two victories over the Athletics, 3-2 and 5-0, the night-cap ending after five innings because of rain. Bob Johnson, A's outfielder, clouted two homers in the opener to take the major league lead in 19.

All other games were rained out.

ROADRUNNERS BEAT BORGER

Pampa Team Wins 17 to 10 To Take Lead in Series Of Games This Season.

The Roadrunners caught Phillips "66" off guard last night and defeated them "at their own game" 17 to 10. Recent high winds had blown the lights out of focus.

It was the first win for the visiting team in the series of games played between the two teams, as in all previous games the home club, regardless of where the game was played, has been returned the winner.

The Roadrunners were tied in hitting, but timely hitting coupled with eight errors by the home club, gave them a comfortable lead after the first inning when they were never outed. Six of their hits were for extra bases, the piece-de-resistance being a long home run over the dead center field fence by Aaron Ward.

An unusual feature of the game was that in the first four innings, during which the Roadrunners scored eleven times, nine of the twelve put-outs were strike-outs and the other three were flies to the left fielder. Furthermore, every Roadrunner struck out once and only once during that period.

Bill Hardin's fast ball was really hopping and his curve was breaking in nice shape. He allowed but one hit up to the fifth inning when, with a 15 to 1 lead, he began coasting in.

The Roadrunners' crippled lineup was materially strengthened temporarily by the acquisition of Newsome and Poindexter, outfielder and catcher, respectively, of the Colteco team. Newsome led off and scored three runs. Poindexter caught a nice game, collected two hits, one a double, and scored one run.

Seitz gave a demonstration of how "to carry the ball" in the 7th. He hit a fast grounder toward third base. Sensing a close play, Farquhar hurried his throw, with the result it was wide. Seitz started for second as McLary hit a sharp grounder to Farquhar and continued to third when the play was made at first base. In an attempt to stop him at third, Hart threw wild with the result Seitz had no difficulty completing the circuit without the aid of a base hit.

The other Roadrunner extra base hits included triples by Cox, Seitz and McLary with McLary's three base walk scoring three runners. Poindexter and Cox connected for doubles.

FENTON USES ROUGH TACTICS TO WIN BOUT

STAYS OUTSIDE ROPES MORE THAN HALF OF 23 MINUTES

Using fewer than a dozen holds in 23 minutes of wrestling, Lightning Rod Fenton of Canada last night won the decision over Lou Mueller of Salt Lake City in a match which saw Fenton outside the ropes more than half of the 23 minutes.

Mueller gave a wonderful exhibition of wrestling but it was useless against the Canadian's tactics. Whenever the German would get a hold on the wildman, that worthy would head for the ropes and stay outside the full count. He fouled Mueller in every known manner but the referee, Jess Hall, was apparently helpless and in the second fall, Fenton blinded the German before winning.

Fenton started getting rough as the two maulers met in the center of the ring and it was nearly four minutes before Mueller finally got a hold that would stick. He kept Fenton in a short arm scissor for three minutes before the wildman could make the ropes. Fenton got in a corner and refused to come out so Mueller sat down in the middle of the ring and waited, successfully.

Fenton applied two or three holds and attempted several drop kicks before roughing it again. Mueller finally got a finger lock, his own invention, and the fall was over. The German twisted his fingers through Fenton's, applying terrific pressure which was possible because of his superior height. He threw the Canadian several times and then pinned him in 13 minutes.

The German opened the second fall with the same hold but Fenton broke it. The Canadian used his drop kick and then started eye-gouging and choking. He had the German blinded and hitting the referee. Fenton then placed two drop-kicks under the blinded German's chin and it was all over in five minutes.

Working fast, Mueller had the advantage the first few minutes of the third fall. He used a series of reverse face locks and slams. Fenton tried choking and gouging but the referee separated the maulers. Fenton went outside the ropes and Mueller climbed on top of a corner post and waited. Mueller, although having the crowd with him, got rough only once or twice.

The German used seven headlocks and appeared to have the wild Canadian beaten when the latter came from nowhere with a drop kick that landed on Mueller's chin. The fall went to Fenton in six minutes.

Pampa wrestling fans would like to see the blond German meet a wrestler. They declare it would be a "sight for sore eyes." He is fast, clever, and clean.

Cyclone Mackey of Amarillo showed lots of speed and ability in defeating Prince Omar Yoachin of Persia in 19 minutes in the semi-final. Some beautiful holds were applied and broken and the speed of the two grapplers was blinding at times. Mackey stayed in a short arm scissor three minutes at one time.

The Irish-American worked on the arms and shifted to toes every once in a while. Yoachin liked splits and head holds. Yoachin worked three reverse body slams and had Mackey in a bad way when the Amarilloan used two Sonnenbergs and two slams to win.

Big "Jon" Pafford, Pampa's own grappler, made his initial appearance on a local mat last night to defeat Bob Rodgers. LePore's rig builder, in six minutes. There is some doubt in the minds of fans whether Rodgers gave up or was pinned. Pafford had him wound up in a heap on one side when the referee patted the Pampa's back. Both grapplers weighed "in excess of 225 pounds."

Helen Hoping to Play Tennis Again NEW YORK, June 19 (AP)—Helen Willis Moody, is looking forward to a return to tennis competition next year.

Just before she sailed for England early today, the former champion said the back injury which forced her to quit tennis last season was responding to treatment.

"I still can't bend very well," she said, "and I have to be careful about moving or turning as it irritates the sciatic nerve. But my back is so much better that I am hopeful of being able to get back on the courts in the fall."

"I intend to play in small local tournaments where my father (Dr. Clarence A. Willis) can be near to watch my condition, and gradually work up to the big events of 1935."

Mrs. Moody will attend the British championships at Wimbledon as a spectator and tennis commentator.

Joe Gibbs Wins Tenth Straight In Texas League

By The Associated Press. Joe Gibbs, Galveston's young pitching star, elevated himself into the league leader class last night when he won his tenth game this season by beating Oklahoma City, 3 to 1.

Gibbs out-pitched Henry Shoaf, who has one of the best won and lost records in the league. Each pitcher allowed but six hits. Beau Bell, Galveston, outfielder, continued the marvelous play that is fast establishing him as the league's outstanding star. He cracked safe territory for three singles in three official times at bat.

It required ten innings for Fort Worth to take the odd game of the series from Beaumont, 3 to 2. The Cats got a well pitched game from "Peaches" Davis who allowed seven hits. Max West, outfielder, got four hits and drove across Tom Holley with the winning run. Art Shires got two hits and drove in one run to aid the Cats.

The pace-setting San Antonio had some of the breeze lifted from their sail when they dropped a 13 to 3 game to Tulsa. The Oklahoma entry went on a hitting spree that continued until they had blasted White, Goff, and Harshany for 18 wallops. Brown held the league leaders to 9 hits.

The Dallas Steers took it on the chin for the fourth straight time when they were ousted by Houston, 12 to 7.

STARTING BLOCKS MAY KEEP RECOGNITION FROM RECORDS

Stanford Coach Confident Marks Will Be Bettered At Meet This Week-End.

STANFORD UNIVERSITY, California, June 19 (AP)—Starting blocks may keep world record recognition from whatever track and field records are established at the National Collegiate Athletic association meet in Los Angeles this week-end.

Coach Robert L. (Dink) Templeton of Stanford's I. C. A. A. A. champions, one of many experts who are confident world records will take a beating at Los Angeles, recalls that blocks entered the international picture at the N. C. A. A. meet in 1929. Two great Ohio State University athletes raced to new records, Simpson with a 9.4 100-yard dash and Rockaway with a 22.8 flight over the low hurdles.

Their marks were passed on to the Amateur Athletic union. The Ohio state speedsters had used blocks. There had been no rule previously against their use. The A. A. U. ruled against the blocks, refused the records and brought action against the International Federation outlawing blocks.

"Then the N. C. A. A. got mad," Dink relates, "and hasn't asked the A. A. U. to approve a record since. George Saling of Iowa did 14.1 in the high hurdles in 1932 to break Percy Beard's 14.2 record; Meler of Stanford led Beard's mark last year; Metcalf of Marquette ran 20.4 seconds in the 220-yard dash; Hornbostel of Indiana one minute 50.9 seconds to tie Ben Eastman's unofficial half mile mark. Only one or two used starting blocks. None of the records has ever been considered."

"Yeh, plenty tough on the boys and funny part of it is the blocks don't make a bit of difference one way or the other, even though both N. C. A. A. and I. C. A. A. A. coaches have okayed them."

Templeton has piloted Stanford teams to four I. C. A. A. A. titles and five second places in the last nine years. "I don't care about the blocks," he comments, "but I hate to see the boys robbed of their records."

VISITOR FROM CALIFORNIA Mrs. F. A. Brown of Los Angeles, Cal., is visiting her sister, Mrs. Walter H. Dennis, and will remain for several weeks. Mrs. Brown spent two days in Carlsbad, New Mexico, while en route and visited the cavern.

The J. Y. P. class reports five new members and one visitor Sunday.

Yankee to Race Vanderbilt Boat In Water Today

NEWPORT, R. I., June 19 (AP)—Rainbow, Harold S. Vanderbilt's candidate for the defense of the America's cup, and Yankee, Boston's hope of cup defense honors, sailed out as logical rivals today in the fourth day of trial races.

Yankee's stock soared appreciably after her defeat of the Westamore yesterday by more than nine minutes. Westamore was twice beaten by Rainbow, Saturday and Sunday, but by much narrower margins. Yankee did not sail Saturday, and Sunday she sailed against the trial horse Vanitie, 1914 and 1929 candidate, but now eligible, and was defeated.

Yankee's first meeting with a 1934 cup defense candidate and her performance in very light weather, such as would have bound her to

defeat four years ago, greatly cheered her supporters. They are convinced changes in her hull have made the Boston boat, best heavy weather craft of the 1930 series, something to reckon with in light air.

\$83,000,000.00 working for a Greater Texas

LIFE INSURANCE FUNDS are reservoirs of thrift which feed the streams of progress. The funds of Texas legal reserve life insurance companies play an important part in the progress of Texas, through financing community development projects and home ownership.

At the close of 1933 these companies had \$83,000,000.00 working for a greater Texas... invested in loans on farms and city property, in state, county and municipal bonds, in home office buildings and real estate.

This \$83,000,000.00 is money in motion, constantly increasing, and parts of it constantly being paid back and reinvested. Every Texan shares the benefits of these investments. Not only are needed improvements made possible, but the money is put into circulation... spent for raw materials and labor.

In 1933 these companies put into circulation an additional \$30,000,000.00... in payrolls, taxes, purchases and payments to policyholders and beneficiaries.

When you show a preference for insurance in a Texas legal reserve life company you join hands with these companies and their 1,200,000 other policyholders in making Texas a better state in which to live and make a living.

SHOCKLEY

(Continued from Page 1)

Young Erwin said that all ate the bread except Rev. Shockley, who, he added, did eat syrup, eggs, bacon, and coffee. After breakfast, Rev. Shockley left for McLean.

Erwin said a number of meals were eaten from the flour. The whole family went to see Dr. Pinyel of McLean about illnesses in mid-week. A dog and a cat also became sick from eating scraps of biscuits. The dog died, also the cat, and several chickens died within a week. The family, Erwin testified, became "too sick to eat." He said his brother Terry could walk only with difficulty. Lloyd Erwin had to be carried. Dr. C. B. Batson of McLean was called.

Terry Erwin died Dec. 31, 1930. W. T. Huggins died November 3, 1930. Mrs. Terry Erwin died November 4, 1930.

The witness said a sample of the flour was taken to Dr. Batson by Terry Erwin after W. T. Huggins had died. Terry succumbed in Oklahoma City, where he went to see an older brother, Ben Erwin. He could barely walk at the time, the witness said. Others affected remained under doctors' care.

The witness said his mother had been having "convulsions" at intervals for several years. Mr. Calvin brought out that Mrs. Howard Huggins has had a slight paralysis for several years.

The witness in answering questions said his grandfather, W. T. Huggins, made the wine and that most of the immediate family sold it or drank it.

Erwin said he got sick "from the poison" but that he never "got down." He did the chores about the place. He said Mrs. Terry Erwin was sick and screaming on the day of her death but that she "got better" before he and Terry thought it necessary to call a doctor. "And we were sick too," the witness added.

Referring again to the wine, the witness said Rev. Shockley had become angry because Terry Erwin had refused the minister part of the wine. (At this point Rev. Shockley smiled broadly.)

On re-direct examination, the witness said he had seen Rev. Shockley "pretty well" several times on wine.

"It's hard," said Erwin, "it would have made grandpa mad." Erwin also quoted Rev. Shockley as saying that "on some mornings he didn't eat bread." He added that he thought the preacher never ate at the Huggins farm place after the purportedly poison meal.

The jury was completed in the Shockley case at 11 p. m. Monday as the special venire of 175 men was virtually exhausted. The jury is as follows:

H. G. Blake, barber, LeFors; Joe Duby, employed by Paramount Gasoline corporation; S. E. Spatcher, farmer, near Alameda; J. H. Williams, employed by Phillips Petroleum company at its north plant; Harry Whistler, employed by Merrick & Boyd Lumber company; B. L. McKee, farmer, employed by L. L. Palmer north of Alameda; J. P. Cox, employed in land department at LeFors; W. A. Back, farmer, Back community; W. W. Hill, mechanic, Pampa; F. A. Peek, assistant cashier, First National bank here; C. V. Flemming, employed by Coltex corporation, Hoover; C. R. Nelson, employed in land department of Humble Oil & Refining company.

Examination of the prospective jurors brought out the fact that many persons are opposed to death sentences "under any circumstances." One man said he considered "the second killing" that is, the execution, as worse than the "first death," or original slaying. Many were opposed to imposing a death sentence on circumstantial evidence. Judge W. R. Ewing used a number of examples to illustrate the law of circumstantial evidence, showing that in some instances there are no eye-witnesses to a horrible crime, or any other kind.

Sixty-one men were examined before the twelfth juror was selected. Half of the members of the panel had been excused by the court to harvest their wheat, care for the sick, or for other legitimate reasons.

County Attorney Sherman White is assisting in the prosecution. Last night Special Prosecutor John Sturgeon was absent for two hours and his place was taken by his brother, Aaron Sturgeon of Paris, who is visiting here.

Connally Leaves For Texas Today

WASHINGTON, June 19 (AP)—Senator Connally (D., Texas) today asked the treasury and post office departments to hurry final approval of a \$4,000,000 allocation for construction of a federal narcotic farm at Fort Worth, Texas.

The project was included in the deficiency appropriation bill but it had been understood previously the money would have to come from the public works administration. The senator said, however, after conferences with treasury officials that department, along with the post office department, would have sole jurisdiction.

Connally left for Texas around noon, after a visit to the White House with Senator Sheppard (D., Texas) and Representative Rayburn (D., Texas), seeking to enlist presidential interest in the Red river dam project near Denison, Texas.

The senator and Mrs. Connally planned to drive to their home in Marlin. Connally will rest briefly before beginning his campaign for renomination. He said definite campaign plans would not be worked out until after his return to Texas, but added two speaking engagements already had been made—at Beaumont the night of July 3 and at Liberty July 4.

C. D. Hodges of White Deer was a Pampa visitor last night.
