PRICE FIVE CENTS

BRITON FLAYS U. S. DEBT POLICY

Youthful Bandit Kidnaps Boy After Deputy Is Slain And Another Wounded

Twinkles
Renewing an old peeve: That Cuyler street railroad crossing is as rough as ever; to-wit, terribly.

Small newsboy: "My dad's an ex-prize fighter!"
Second small newsboy: "That's nothing; my dad's whipped lots of fellows just for the fun of it."

We extend sympathy to the Misses Blanche McMillen, Elizabeth Carpenter, and Elsie Mandy. We have it on good authority that they walked home from a Sunday school picnic Sunday afternoon. But you can't very well be lost for long in this flat country.

Some of the Jaycees are shaving off their whiskers by degrees. C. H. (Herb) Walker says everyone will be glad when the last installment is shaved. But maybe some of us will leave a square inch or so just to remind the people of the 1935 Pre-Centennial.

Lots of folks will be ill at ease in the new postoffice, which will be so fine and gold-leaf plated in the lobby that poor marksmen will be afraid they will miss the cupboards.

Brevitorials
Musings of the moment: We have no current hankering to be a congressman. The folks back home are demanding things. Some people call it begging. Those who need help are asking for it. Some are asking who could get along without it. Some are making requests because they feel that if everyone who hollers is going to get something for nothing, it behooves them also to make a noise. . . . And pity the poor office holder who cannot deliver the bacon to a majority of his constituents. . . . No, we'll wait for prosperity before running for office.

ADMINISTRATION of emergency relief continues to be unskilled and ill-advised. Basically, the administration is inefficient because it is so far from Washington that those who dispense the money have little information on the needs of the counties involved. An emergency is an emergency. It matters not whether the men in dire need are unemployed farmers or unemployed oil field workers. But Gray county so far is cut off from relief because the department of agriculture thinks the farmers in this county are not in distress. Actually, Gray county has a great many more jobless men than many of the counties approved. But distant Washington takes a farm report and remains ignorant—or at least unconvinced—of the needs here.

WHAT the government needs is a system of emergency relief more on the order of that of the Red Cross, with capable field supervisors who can work unhampered by rigid rules. Just now the government is setting up "drought relief." It will help tens of thousands in counties listed as "drought stricken." But you can imagine the feeling of hundreds of men, jobless, in counties not so listed. In short, the government is a slave to rules, not a servant of those in need. . . . And very likely the government will be wastefully generous in helping those who are fortunate enough to fit into its scheme of the movement.

IF you were to talk to Harry L. Hopkins, federal relief administrator, he would tell you that rules must be strict to protect the government from those who would impose upon it. It is a fact that many a man who would not cheat his neighbor would take advantage of our Uncle. Some folks are that way about railroad companies, utilities, or property in distant vacation playgrounds. . . . At long as people have such attitudes, governments will be best which get along with a minimum of detailed activities. We are in no position to adopt state socialism, much less communism.

CRUDE FLOW UP
AUSTIN, June 5 (AP)—Legal oil production in the East Texas field topped the half million barrel mark today, the oil and gas division of the Texas railroad commission estimated. Proration quotas for the state totaled 1,055,724 barrels daily as of June 1, of which 497,611 barrels was allotted East Texas, oil and gas division figures revealed the average daily increase in the East Texas field for the past 30 days was 819 barrels.

Mr. and Mrs. A. L. McLaurine have moved to Pampa. They formerly lived at Breckenridge.

REPUBLICAN PARTY SPLIT IMMINENT

ADHERENTS OF HOOVER FAVOR A NEW REGIME

TWO CANDIDATES ARE OUT FOR CHIEF OF PARTY

CHICAGO, June 5 (AP)—With a rift developing between adherents of former President Herbert Hoover and advocates of a new party regime, the national committee sought to choose a national chairman today.

Two candidates stood out for the chairmanship that Everett Sanders of Indiana will quit. They were said to be:

Walter S. Hallahan of West Virginia, supported by westerners and a block of eastern members.

Henry P. Fletcher of Pennsylvania, former ambassador to Rome under President Hoover.

George F. Getz of Chicago, treasurer; Charles D. Hilles of New York, committeeman, and Vice Chairman Walter E. Williams of Oregon, all expressed doubt the committee would agree on a new pilot today.

Leading the block known as the "Hoover men" were Ogden L. Mills of New York, Hoover's secretary of the treasury, a former Postmaster General, and Walter E. Brown of Ohio and a half dozen others.

Negro Arrested After Theft of Store Clothing

City police officers this morning arrested a negro in connection with the theft of a quantity of clothing from the United Dry Goods Stores, Inc., but most of the missing articles have not been recovered.

Although Fred Penn, store manager, had no knowledge that anything had been stolen until notified by the police, he remembered seeing the negro in the store soon after opening time this morning.

Someone saw a negro running down the alley with a bundle of clothing in his arms. He dropped two garments and the police were notified. Former Chief of Police John V. Andrews, who happened to be in the police station, gave chase after learning the negro's description. He found that the two articles carried a United Dry Goods Stores label and notified Mr. Penn.

The negro was arrested about an hour after the theft but he had hidden the stolen articles. Chief of Police S. A. Hurst and his officers are making a search for the missing garments.

Blank Shell Is Fatal to Youth

SAN ANGELO, June 5 (AP)—Jesse Forehand, 17-year-old Comstock youth, died in a hospital here this afternoon of abdominal wounds caused by wadding of a blank shotgun shell and sustained during the execution of a practical joke near Miles last night.

Meanwhile, a court of inquiry at Ballinger this morning resulted in an open verdict and no charges were filed.

ERNEST THOMPSON CALLS DISNEY OIL BILL AN ATTEMPT TO WREST SOVEREIGN POWER FROM STATES

Will Be Wed

Of interest in capital social and political circles is announcement of the engagement of Miss Janet Sheppard, above, to Richard Arnold. She is the daughter of Senator and Mrs. Morris Sheppard of Texas.

4 KEYS SISTERS SEND WARNINGS TO DIONNE FIVE

Hollis' Quadruplets Glad They've Been Outdone

HOLLIS, Okla., June 5 (AP)—The quintuplets Dionne got a few words of warning today from the world's best qualified warners—the quadruplets Keys.

Oklahoma's 19-year-old sister Mary, Leota, Mona and Robert reputed to be the only quadruplets to reach maturity, bubbled practically simultaneously when they digested the news about Mrs. O. Dionne's five identical daughter.

"Thank goodness! We've been outdone. Maybe we won't be noted so much."

And as for the warnings: "They're in for gobs of publicity all the rest of their lives," said Leota.

"And people looking at them all the time and asking questions," added Roberta.

"And they'll never have enough dresses to go around," chimed Mona.

"And their poor mamma and Pappa!" sighed Mary.

But the horizon's not all cloudy, it seems.

"They'll have lots of fun together," consoled Leota.

Says Major Company Caused Chaos In Texas Field

WASHINGTON, June 5 (AP)—The Disney oil production control bill was denounced today before the house interstate commerce committee by E. O. Thompson of the Texas railroad commission as "simply an attempt to wrest from the states their proper sovereign power over purely internal affairs."

Thompson, appearing as the opposition to the measure neared the end of its case, referred to claims of proponents that chaos might result in the industry unless legislation is passed at this congress by saying "we have heard that same cry every time the Texas legislature was considering a law."

"You hear a lot about ten cent oil," he added. "Let me tell you that the ten cent price came on East Texas oil was set at that low figure as a threat to the Texas legislature. It was an attempt to make some more chaos as background for the creation of a new regulatory commission in Texas."

"The bill was being considered and at a crucial moment to punish a state for not doing their bidding. But the scheme did not work. The bill did not pass."

"Do not be deceived by this threatened punitive action by a ruthless industry."

The Texan went on to charge that one section of the bill, placing under Secretary Ickes, as oil administrator, the right to provide for "scientific development" of future fields was an effort to reach unitization of oil lands—that is, pooling it and developing the pool as a unit.

"Unitize the little man and you put him out of business," Thompson said.

He went on to say that the Texas railroad commission process would be a disaster.

an, the conclusion of such legislation will change the American form of government in a four-hour debate.

He contended Secretary Ickes had all the power he needed in the oil code.

ASIA WON WAR

BERLIN, June 5 (AP)—Neither Europe nor America but the nations of the Far East "won" the world war, says Rudolph Pirie, president of the executive bureau of the North German Lloyd Steamship line.

rendered and to be rendered by Silver and in view of the youth of the defendant at the time of the commission of his offense and his clear record while in prison, and in the interest of discipline and incentive to other young men in the state penitentiary who may be given hope for pardon of their serious crimes if they will religiously obey the rules and regulations of the prison system I commute and reduce the life sentence to the definite term of years as may be necessary to effect the release of Silver on July 11, 1936," the proclamation stated.

Stone was sentenced to 99 years' imprisonment. His sentence was commuted to 99 years' imprisonment.

W. A. Stone also was convicted in connection with the robbery.

"In consideration of services rendered and to be rendered by Silver and in view of the youth of the defendant at the time of the commission of his offense and his clear record while in prison, and in the interest of discipline and incentive to other young men in the state penitentiary who may be given hope for pardon of their serious crimes if they will religiously obey the rules and regulations of the prison system I commute and reduce the life sentence to the definite term of years as may be necessary to effect the release of Silver on July 11, 1936," the proclamation stated.

POSSE OF 200 SEEKING MAN AMONG HILLS

SOUTHERN INDIANA IS TERRORIZED BY TRIO OF DESPERADOES

UNDERWOOD, Ind., June 5 (AP)—One of the three youthful bandits who terrorized southern Indiana last night kidnaped Ralph Shields, 18, and forced the lad to drive him away in Shields' automobile today, heading toward Salem. Deputies soon gave pursuit.

The bandit, sought by a posse of 20 deputies and citizens for the slaying of a deputy sheriff and the wounding of a policeman, slugged Gilbert Shields, uncle of Ralph, when the elder man tried to interfere. Meanwhile, bloodhounds and possemen combed the knobby hill country west of Underwood in search for the other two bandits.

The man who seized young Shields came out of the barn on the Shields place shortly after 7 o'clock. "The first thing I want is a couple of matches," he said to Gilbert Shields. Shields gave him the matches and then the youth asked for breakfast and was told he might get some at the home of Mrs. Ada Shields right across the road.

After getting breakfast there the youth told young Shields his car had been wrecked "down the road" and asked that he be taken there. Young Shields, replied he was out suspicious and started across the field to summon aid. Gilbert Shields got out his car to go to Scottsburg to notify the sheriff's office.

The bandit then stepped out to Ralph Shields' car, pointed a pistol at his head and told him to drive off. The elder Shields rushed up but was struck on the hands with a lead ball.

Jovial John D. Feeling Well

John D. Rockefeller jovially told photographers as he stepped off the train at Princeton, N. J., after a four-month vacation at his Ormond Beach, Fla., home. Appearing in excellent health and good spirits, the 94-year-old millionaire is shown, left, being escorted to a waiting automobile.

ABOUT 3,500 PERSONS HEAR AND SEE GLAMOROUS STORY OF TEXAS HISTORY UNFOLDED IN CITY PARK

Prizes Given Winners Of Pre-Centennial

WASHINGTON, June 5 (AP)—President Roosevelt outlined a \$225,000 emergency drought relief program today to congressional leaders and it was agreed to rush through before the approaching of this session.

NEVA, June 5 (AP)—Arthur Peterson, president of the international disarmament conference, urged to resign today after Barthou, French foreign minister, had torn to pieces a proposal Anderson for a disarmament plan.

IN, June 5 (AP)—Judge C. C. Travis county ruled that the state had a right to sue against the Lone Star company in an effort to force it to abide by reduced rates by the railroad commission than 200 towns and cities.

BILLS APPROVED

ROBINSON NOMINATED

INDIANAPOLIS, June 5 (AP)—United States Senator Arthur R. Robinson of Indianapolis was renominated by acclamation at the republican state convention here today. Senator Robinson was accorded a tremendous ovation by the convention.

FOUR CONVICTS FLEEING ACROSS TEXAS IN AUTOMOBILE OF GUARD

HOUSTON, June 5 (AP)—Four convicts who made a bold dash for freedom from the Harlem state prison farm in Fort Bend county, recklessly raced across Texas today in a mad flight from pursuing officers.

The quartet, termed desperate men by prison officials, swept thru small communities in a guard's stolen coupe late last night.

The convicts, Frank (Red) Callan of Dallas; Jim Lucas of Breckenridge; Odet Hughes of Waco and George Wright of Eastland, made their escape from the prison farm by edging close to the parked automobile and suddenly scrambling into it.

PRESENT BEING CLASSED WITH OTHER NATIONS

BLAMES AMERICA FOR WORLD-WIDE DEBT TANGLE

LONDON, June 5 (AP)—Neville Chamberlain, Chancellor of the Exchequer, told the house of commons today that Great Britain—when announced yesterday she would pay nothing on her forthcoming war debt installment—would have paid at least a "token" June 1 but for the fact that President Roosevelt could not guarantee that Great Britain would not be classed as a defaulter.

His statement was heard by an eager audience which jammed the chamber. The treasury bench was crowded with ministers and so were the seats allotted to foreign ambassadors and distinguished strangers.

The treasury head said that the British debts note, made public last night in Washington, had been intended to be published simultaneously here and in Washington today.

"Owing to a misunderstanding for which the American government was in no way responsible," said Chamberlain, "the terms of our note which was delivered at 8 p. m. by our time (2 p. m. EST) were issued in Washington a few hours later in the evening."

Chamberlain said that the United States government, in a note of Dec. 7, 1932, welcomed a suggestion for a close examination of the whole subject between the two countries.

The British government, he said, would have been prepared to pay a further payment June 1 without prejudice to its right to again present the case for readjustment on the assumption that it would again receive the president's declaration that he did not consider it in default.

"But," continued the chancellor, "in consequence of recent legislation passed in the United States, such a declaration is no longer possible so the procedure adopted by common agreement in 1933 cannot be followed."

The chancellor said the government was faced with the alternative of paying the whole amount of the American government's bill to date—recently rendered at \$262,000,000—and a further sum of about \$100,000,000 next Dec. 1 or of suspending all interim payments pending a final revision by agreement of the existing war debt settlement.

"The resumption of full payment to the United States," declared Chamberlain, "would have revived the whole system of inter-governmental war debt payments and would postpone indefinitely the chances for world recovery."

"His Majesty's government came to the conclusion it could not assume the responsibility of adopting a course attended by such disastrous consequences."

Sugar Is Stolen From Market

Thieves entered the Pampa Fruit and Vegetable Market on North Cuyler street last night. A check this morning revealed that 10 sacks of sugar had been stolen. Other smaller articles might have been taken, but the store management has not made a thorough check. City police are making an investigation.

Entry to the market was gained through a rear door, which was smashed. A car or truck was driven up to the door and the sugar loaded, tracks showed.

WHY YOU "LIVE IN PAST"

When you consider how vexing are the problems of the present, you can understand why so many elderly persons like to "live in the past." Perhaps one reason is that problems of the past have disappeared, leaving that period more easily contemplated. The past was not so good while it was passing. But pioneers, however, seldom speak of the past as something that was thrilling and satisfactory, however difficult were the hardships of days long passed. The Pre-Centennial gathering was illustrative of this fact.

In one city there was held recently a grand reunion of people who had been public school mates half a century ago. Thousands of them turned out for an elaborate picnic and sat about talking over old times. And they seemed to be just about unanimous in the belief that "people had more fun" in the old days.

They talked about sleigh rides in the winters, about oyster stew suppers at farm homes, about children who bummed free rides on horse cars, about spelling bees and Sunday School picnics and the other diversions of the youth of 50 years ago.

They felt rather sorry for their children and grandchildren, who have to grow up in the modern world and miss all those little pleasures that used to be.

Now this attitude, to repeat, is an extremely common quality in American life in the past as to a deep and one nowadays; and it testifies, not so much to an idyllic fundamental dissatisfaction with the American life of today.

We wouldn't keep looking back over our shoulders so much if we found the life about us all that it ought to be. It is the comparison that makes the past look so attractive.

Somehow the present hasn't lived up to our expectations; and this is not solely the fault of the depression, because we had very bad depressions in those good old days.

To understand it, you have to look at the whole development of American life in this century; the nation's emergence as a world power, the spectacular growth of great cities and great industries, the arrival of the automobile age, and the World War.

All these things held out great promise; and in no case has the reality been quite as nice as what we had expected. Life has grown more eventful, perhaps, but hardly richer.

Somehow we must readjust our society so that greater emphasis will be put on purely human values. We shall be a lot happier when we no longer feel the urge to look wistfully back at the day before yesterday.

DEMANDS "CLEAN-UP" OF GRAY COUNTY

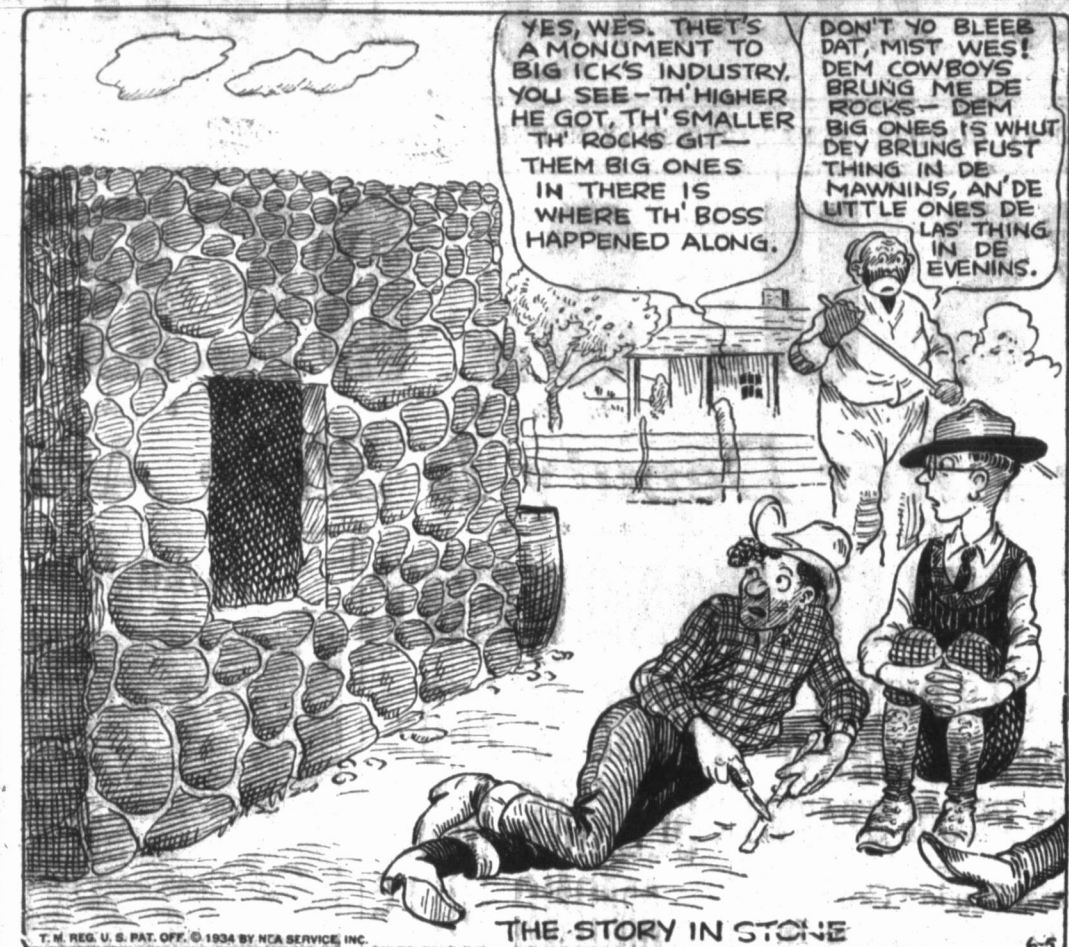

Monday morning at Pampa, Judge Ewing challenged the newly empanelled grand jury to "clean-up" Gray county if charges of openly sold liquor, disorderly day halls and the like are found to be true. According to report, under the guise of legal 3.2 beer license, Gray county has some places—not so far from Clarer either—where liquors and wines are sold in brazen defiance of the law, which condition as pointed out by Judge Ewing is an open shame and disgrace to the township of Gray county.

Here in Donley we are already beginning to feel the effects of this open selling of liquors so close to our doors, and while no well-informed person expects dealers to obey the liquor laws—sellers of intoxicants have no reputation in that respect—we do expect officers of our neighboring counties to enforce what they do have and give us protection from the effects of liquor, always an outlaw.

Good citizens will fervently hope the grand jury officers and trial juries will see that Gray county is "cleaned up," and that it is kept clean.—Clayton News.

OUT OUR WAY

By WILLIAMS

Oil Field News

By GEORGE L. GUTHRIE
Consulting Geologist,
Combs-Worley Bldg.

In Gray county, the Dixon Creek Oil company has a good well on its Barrett lease, in section 127, block 3 I&GN. Its number 1 has received a temporary potential of 450 barrels, while it is still cleaning out to make it even better. The Empire Oil and Gas company has received a temporary potential of 300 barrels on its number 3-C Archer in section 139, block 3 I&GN. The Sinclair-Prairie Oil company has completed its five day test on its number 7 Leycomb in section 36, block 3 I&GN and although the

figures for the average have not been calculated, it is estimated from them that it will average around 900 barrels. The Sinclair-Prairie company shows efficiency in producing its wells, using grass-hopper balances on most of them. The number 7 Leycomb is using four-inch tubing. It pumps almost a solid stream of oil through the four-inch lead line.

In Wheeler county, block 13, there have been no wells brought in for any starting potential during the last few weeks, but to judge by the Caborn well, which came in after being deepened some time ago for about 400 barrels a day, this ter-

ritory looks promising. The Piney Oil and Gas company's number 1 Mankin in section 54, block 13, has finished its five-day test for an average of 85 barrels. It was estimated to make 100 barrels but there was trouble in pumping it so that a test later on may raise its potential. These wells in block 13 are not furnished with a pipeline yet, but with others drilling the operators hope to have one in the near future.

AMERICANS IN MONEY

DUBLIN, Irish Free State, June 5. (AP)—Americans continued to figure "in the money" today when 1800 consolation prizes of approximately \$500 and ten residual cash prizes of about \$100 were drawn in the \$1,175,000 Irish hospital sweepstake. Although the big prizes went yesterday, thousands of hold-

Political Announcements

The Pampa Daily NEWS is authorized to announce the candidates of the following, subject to the Gray County Democratic primary of July 28, 1934:

For Commissioner, Precinct No. 1—
CLEM V. DAVIS
A. (ARLIE) CARPENTER
EDWARD J. GETHING.

For Commissioner, Precinct No. 2—
JOHN HAGGARD (second term).
LEWIS O. COX
HENRY W. OVERALL.

For Commissioner, Precinct 3—
H. C. MOLESKEY.
THOS. O. KIRBY.

For Justice of Peace, Prec. 2, Place 2—
E. F. YOUNG.
HARRY SCHWARTZ.

For County Clerk—
CHARLIE TRUIT
J. V. NEW.

For County Tax Assessor-Collector—
F. E. LEECH.
EDWIN G. NELSON.
T. W. BARNES.

For Constable, Precinct 2:—
JIM M. KELLER.
FRANK JORDAN.
O. B. WASEON.

H. S. SHANNON
For County Superintendent—
W. B. WEATHERS.
JOHN B. HESSEY.

For County Treasurer—
D. H. HENRY.

For Sheriff—
MRS. C. E. PIPES.
J. I. DOWNS.
J. F. MEERS.
R. B. SFOUT.
EARL TALLEY.

For County Judge—
C. E. GARY (second term).
J. P. WEHRUNG.

For County Attorney—
SHERMAN WHITE.

District Clerk—
FRANK HILL (second term).
W. S. BAXTER.

For District Judge—
W. R. EWING.

For District Attorney—
LEWIS M. GOODRICH.
E. F. RITCHEY, Miami.

State Representative—
JOHN PURYEAR, Wellington.
EUGENE WORLEY, Shamrock.
PHILIP WOLFE, Pampa.

King of England Is 69 Years Old

LONDON, June 4. (AP)—Laden skies, a biting east wind and more than a suspicion of sadly-needed rain, made an incongruous accompaniment Monday to the state pageantry of the official celebrations of the king's 69th birthday.

The actual birthday anniversary Sunday was spent by his majesty quietly at Buckingham Palace, the aged but still vigorous Duke of Connaught, former governor-general of Canada, being one of the first callers to offer his congratulations. Princess Victoria, sister of the king, King George and Greece, the Grand Duchess Xenia of Russia were among the visitors.

The guns of the royal artillery boomed the official birthday salutation at noon in Hyde Park. Bells rang gaily in St. George's chapel, at Windsor and in many more lowly churches throughout the British Isles.

To the cheers of thousands the king rode from the palace to the Horse Guards' parade to take the salute at the famous ceremony, trooping of the colors. His majesty wore full-dress scarlet of the Colonel-in-Chief of the Brigade of Guards.

GREAT BRITAIN WILL DEFAULT ON WAR DEBTS

ALL NATIONS REFUSE TO PAY DEBTS EXCEPT FINLAND

BY LLOYD A. LEHRBAS. WASHINGTON, June 5 (AP)—The twelve billion dollar war debt that Europe owes the United States became a badly frozen asset today.

Now that Great Britain—for the first time in the proud history of that empire—has decided to default, other countries are believed likely to follow suit.

Only little Finland has announced it will pay its full installment of \$166,538 on the line June 15. Except for talk of a possibility that one other debtor might pay something, the prospects for much cash on \$474,000,000 due or overdue in mid-June was considered extremely remote.

The British refusal to pay—announced in a note delivered to the state department last night—helped a virtually complete collapse in a situation that has filled the international scene with bitter recriminations for years.

Great Britain said she would defer talks revising the debt funding agreements on a payable basis. Britain said she would defer all payments on her four billion dollar debt until intergovernmental talks revise the debt funding agreements on a payable basis.

Britain, on the last two due dates, has made token payments. Her note said a partial payment would have been made on the \$262,000,000 due June 14 except for the new Johnson act, which brands as a defaulter any nation which fails to pay in full.

Under the circumstances, the note said in effect, it is to the advantage of all to have a showdown on the whole question immediately. The British note said, in effect, that "carrying on" was impossible because:

1. The British people can't go on making the financial sacrifices they have made since the war.
 2. It is economically impossible to make transfers on such a tremendous scale; any attempt to do so would have disastrous effect on world trade and prices.
 3. The British funding agreement (under which they still owe more than they did at first despite payment of nearly half of the original amount) is unjust.
- The United States has refused to accept payment in goods and services.
- The note said Britain faced the alternatives of paying in full or deferring payments. Great Britain is collecting nothing from its debtors, the note declared and payments to American would necessitate a demand on those conditions.

To do that, the note said, "would be a re-creation of the conditions which existed prior to the world crisis and were in a large measure responsible for it."

Ten other European debtors are expected to phrase notes in somewhat similar vein. Dispatches have indicated a possibility that France, which suspended payments last time, might pay something on account this June.

Mr. and Mrs. Frank Foster returned yesterday afternoon from Norman, Okla.

Not to Be Taken Lightly

It's a quaint old Scotch custom, this heaving the caber. The athlete grabs a log, balances it precariously in the palms of his hands and against his chest, takes short run and pushes his deeded tree into the air. Of course, the steel-muscled lad who heaves the lumber the farthest wins the prize. The above photo was taken during a professional meet in London.

SEVEN SOONER OIL ENGINEERS DIE IN BLAST

BITS OF BODIES ARE COLLECTED OVER WIDE AREA

NORMAN, Okla., June 5 (AP)—The mangled bodies of seven men lay in funeral homes here today, victims of an accidental explosion of dynamite intended for use in seismicograph explorations for petroleum deposits.

As relatives sped toward Norman to assure themselves of the identification of their dead, undertakers and their assistants continued piecing together the shattered bodies of the members of the Petty Geophysics Engineering company crew who met a horrible death on a rural roadside eight miles southwest of here late yesterday.

The victims, identified from company rolls, were:

Vernon H. Weddel, 26, Chandler, single; Preston Barnes, 20, Guthrie, married; Lloyd B. Flood, 26, Norman, married; Don McDonald, 22, San Antonio, Texas, single; David McClellan, 37, Santa Anna, Texas, married; Herman Volz, 29, Perry, single; and Joe Fannin, 29, May, Texas, single.

Officials investigating the accident were at a loss to explain its cause, although some attributed it possibly to static electricity. Others to a conceivable collision between a "magazine" truck carrying dynamite, and a company water truck also found at the scene.

Dynamite is one of the requisites for carrying on the geophysical explorations for oil, in which the men were engaged. Charges of the explosive are detonated over the area to be surveyed, and delicate instruments record the sound wave echoes of the blasts as they bounce back from rock structures far underground. By timing the interval between explosion and echo, depths to the underground structures may be ascertained, and accurate knowledge obtained of the sub-surface topography.

One of the few persons near the fatal blast was Wendel Crawford, another member of the party who was making instrument observations while mounted on a truck about 100 yards away from the se-

vent. Evidently under great physical strain, Crawford described his impressions.

"My vision was completely obstructed," he said, explaining that there was a "partition" which separated him from the rest of the crew. "When I saw what had happened, I turned my truck toward Norman and reported to company headquarters and called ambulances."

"That is all that I can say." Ambulance drivers and other persons who reached the scene searched for more than two hours, collecting portions of shattered bodies on bed sheets and in sacks from an area one-quarter mile square.

CIVIL SERVICE EXAMINATIONS
The United States Civil Service Commission has announced open competitive examinations as follows:
Junior Agricultural Economist, \$2,000 to \$2,600 a year, Agricultural Adjustment Administration and Bureau of Agricultural Economics, Department of Agriculture.
Principal Agricultural Economist, \$5,000 a year, Senior Agricultural Economist, \$4,600 a year, Agricultural Economist, \$3,800 a year, Associate Agricultural Economist, \$3,200 a year, Assistant Agricultural Economist, \$2,600 a year, Agricultural Adjustment Administration and Bureau of Agricultural Economics, Department of Agriculture.

ASSOCIATED PRESS WRITER GIVEN PRAISE FOR SCIENCE ARTICLES

BOSTON, June 5 (AP)—Howard W. Blakeslee, science editor of the Associated Press, today was welcomed as a writer who has the confidence and respect of scientists as he stepped to the stage of Symphony hall to deliver the commencement address at Massachusetts Institute of Technology's 67th graduating exercises.

"He quickly won the confidence and respect of the scientists," Dr. Karl T. Compton, president of the institute, told the graduating class and their relatives and friends.

"He is now called frequently even into the councils of their scientific organizations. At the same time, his press service has become increasingly popular with the reading public, for it is he, together with a small group of other able science writers, who are responsible for the greatly improved quantity and quality of science news in our press during the last half dozen years."

EDITOR SEES SCIENCE SOLVING ECONOMIC PARADOX OF NATIONS

BOSTON, June 5 (AP)—Scientific discoveries are laying the foundation for a thousand-fold increase in the world's wealth and a universal spread of more leisure, said Howard W. Blakeslee, science editor of the Associated Press, in the commencement address today at Massachusetts Institute of Technology.

"It used to be said there were 12 men in the world who understood the Einstein theory of relativity," said Blakeslee. "But I have yet to hear of even one economist who understands the economic paradox. The paradox is largely produced by scientists. They made the extra wealth and leisure whose distribution just now puzzles the world. Their simple and straightforward approach may help in the distribution, and their new discoveries certainly will be a factor in the settlement."

One of these discoveries, a new law of physics, was explained by Blakeslee. Under operation of the new physics law, "the heart of molten castings cool and freeze, while the other surface is still liquid hot. In cooling from the inside, the metal freezes without the usual number of flaws. It forms long crystals, which lie parallel to each other, one of the strongest structural forms known in nature."

"In some tests, raw castings in the form of bars have shown three times the durability of rolled bars under twisting... huge savings in manufacture are promised."

Blakeslee pointed out that a biologist in keeping informed on current scientific progress would have to read 183 scientific articles daily, and he called attention to the service of the press in disseminating information.

"You as scientists may never use the daily newspapers to tell your story, although it is becoming one of the best media. The fact that the press is free insures against sinister influences depriving you of the opportunity for publication in your own field."

Evangelist Tells Of First Sermon

An appreciative audience listened last evening to the preaching of Evangelist A. F. Johnson in a discussion of the first text he ever used. Rev. Johnson told the people how as a poor country boy he was sitting on the front porch steps with one foot on the second step and the other in a wash pan. So vivid was his description that all felt years younger and recalled the days when we were going through the same punishment. The audience was attentive as the evangelist delivered a great message from the text of his first appearance, "whatever a man soweth that shall he also reap."

The public is invited to come and worship with the congregation of the Central Baptist church tonight to the tune of a sermon on "Charging Hell."

"My Mother Took It, Too"

Here's Strength for Rundown Women

"My mother used to take Lydia E. Pinkham's Vegetable Compound. After I grew up she gave it to me. I have been doing housework for eleven years. I felt weak and tired at certain times. Your medicine gave me more strength and built me up when I was rundown."—Mrs. Mary Grant, 415 Adams St., N. E., Minneapolis, Minnesota.

If you are weak, nervous and rundown give this medicine a chance to help you too. Your druggist sells it.

CHEVROLET'S reduced prices reflect

in dramatic fashion the record-breaking demand that, month after month, is keeping Chevrolet first in sales. In offering these exceptional values at these new, lower prices, Chevrolet hopes to maintain, during the balance of the year, the high level of employment so necessary to the general program of recovery.

These reductions bring Chevrolet's base price down to \$465, f. o. b. Flint, Michigan—the lowest price ever placed on a car of this quality and equipment. They also mean that you can now buy a modern Knee-Action car for as much as \$35 less than before. Truck prices have dropped as much as \$50—making America's most

NEW REDUCED PRICES EFFECTIVE TODAY		
STANDARD MODELS	New Reduced List Price	Amount of Reduction
Sport Roadster	\$465	\$25
Coach	495	25
Coupe	485	25
MASTER MODELS		
Sport Roadster	540	35
Coach	580	35
Town Sedan	615	30
Sedan	640	35
Coupe	560	35
Sport Coupe	600	35
Sedan Delivery	600	45
COMMERCIAL CARS		
Commercial Chassis	355	30
Utility Long Chassis	515	50
Dual Long Chassis	535	50
Utility Chassis and Cab	575	50
Dual Chassis and Cab	595	50
Utility Long Chassis and Cab	605	50
Dual Long Chassis and Cab	625	50
Commercial Panel	575	35
Special Commercial Panel	595	35
Utility Panel	750	50
Dual Cab and Stake Body	680	50
Dual Long Cab and Stake Body	740	50

Above are list prices of passenger cars at Flint, Mich. With bumpers, spare tire and tire lock, the list price of Standard Models is \$18 additional; Master Models \$20 additional. List prices of commercial cars quoted are f. o. b. Flint, Mich. Special equipment extra. Prices subject to change without notice. Compare Chevrolet's low delivered prices and easy G.M.A.C. terms. A General Motors Value.

economical truck a still greater source of savings.

Chevrolet is particularly glad to make this important announcement just at this time when you can see and judge the Chevrolet at the National Exhibits of General Motors Products. Make it a point to look over these cars. Be practical—compare its modern features and these new low prices with those of any other low-priced car. Then you will know even more surely than before why we say with confidence, "Drive the Chevrolet only 5 miles and you'll never be satisfied with any other low-priced car."

NORTH BALLARD AT FRANCIS PAMPA

MIRACLE MAN OF MAJORS IS BROWNS' CHIEF

HEMSLEY IS LEADING NATIONAL LOOP IN HITTING

BY HERBERT W. BARKER, Associated Press Sports Writer. The miracle man of the major league campaign is none other than your old friend, Rogers Hemsley, baseball's stormy petrel extraordinary.

He started the American league season with a bunch of fellows named "Joe" today, perhaps by sheer force of the "J" indomitable spirit, the St. Louis Browns are the big league sensations of the year.

A complete lull in activities yesterday gave baseball observers an excellent chance to check up on Hemsley's record. He is leading the team almost universally assigned to the lower regions of the standing in pre-season forecasts.

The "hitless Browns" of a year ago are walloping the ball to fine effect; the fielding has held up remarkably well. Perhaps the team's greatest strength is the presence of an untried rookie, Harold Giff, at third, and the pitching has been good enough to allow the club to cash in on its increased power at the plate.

Perhaps the Browns' greatest single feat has been his handling of Rolfe Hemsley, who "playboied" himself out of jobs with Pittsburgh, Cincinnati, and Chicago in the National league. He has been the Browns' regular catcher from the start and now leading the league in hitting with his healthy 414 average. The last batch of averages showed three other members of the over the 350 mark. Debs Carns, who recently has supplanted Bruce Campbell in the outfield, was around 400, and Ray Pieper, slugging catcher, and Frank Baker, now installed at shortstop, in the 350's.

As a team, the Browns are hitting 282 compared with their 253 mark at year ago when Sam West, at 300, led the regulars. More important, however, has been the team's run-scoring ability. They have tallied 215 runs in 39 games. If that sort of run-production continues the Browns will score around 880 runs this year as against only 689 last year.

Today Hemsley's men are in fourth place, three games out of the lead. Since May 8 when they had won only five of their first 16 games, they have captured 16 decisions in 23 games, just under a .697 gain.

The rise of the Browns, and the fine showing so far made by Detroit and Cleveland, incidentally calls attention to the fact that for the first time in years the American league apparently will enjoy a wide-open race such as has come to be the custom of the National.

NO PLACE LIKE HOME—NOW PHILADELPHIA (AP)—"I'd like very much to go to jail if you don't mind," said Jack Smith as he stepped up to police Sergeant Kelly. "I'm one of the guys you're looking for in that \$17,000 mail truck hold-up in Conshohocken last week."

At the police station Smith changed his mind. "My wife got mad at me and I decided I'd rather be in jail," he explained.

The magistrate decided he should be fixing bail at \$5,000 for further hearing.

KEYS SISTERS (Continued from page 1) rier," concluded Mary. "So the Keys girls, just back from their first year at a Texas college, are putting their heads together over some sort of an official greeting to the more numerous Canadian misses."

Probably, said Leota, it will be "a long letter, and maybe a present of some kind."

"We sure hope they live," she added.

FAMED DERBY IS TOMORROW

Epsom Downs Race Will Be Run in England; Colombo Is Favorite to Win.

LONDON, June 5. (AP)—The derby, greatest of English flat-races, will be run over the famous course at Epsom Downs tomorrow amid the familiar scenes that always mark this prime cockney holiday of the year.

The picnic indeed already has begun. The downs are thickly studded with the caravans and other temporary dwellings of hundreds of gipsies, showmen and other hangers-on. These did a merry preliminary trade on Sunday when thousands of Londoners swarmed the downs to "get the atmosphere" of the big race and have their fortunes told by the gipsies.

Nothing perhaps was more striking in the behavior of Sunday's crowd than its punctilious compliance with the appeal of the Jockey club stewards to "keep off the grass."

Many days of hot sunshine and a strong wind have dried out the turf, causing fear that the track will be so hard as to spoil the racing. The hope of preventing such a catastrophe lay in the fact that the course is sufficiently covered with grass which, if untrod, will give the horses a foothold.

The starting field tomorrow probably will number 18 with Lord Glanely's unbeaten Colombo an unshakable favorite at 13 to 8, short price in many years. The public's confidence in this colt is the outstanding feature of pre-race discussions.

While Lord Glanely's colt never has been beaten, he likewise never has proved his ability to stay beyond a mile. The derby course is a mile and a half.

Colombo also "has a temperament," and critics are wondering what, if any, effect this may have on his chances in the big field.

All these objections, however, have been brushed aside as of no moment by the vast majority of the racing and the experts. The joint second choices at 10 to 1 are Umid-war, owned by the Aga Khan, and Easton, the colt Lord Woolavington recently bought from the American, Ralph Beaverstrassburger. Windsor Lord, owned by the Maharajah of Rajpala, and J. A. Dewar's Medival Knight are the only other horses with any considerable following.

Aaron Ward Has Resigned From Danciger Club

Aaron Ward, for 10 years second baseman for the New York Yankees, has resigned as manager of the Pampa-Danciger Roadrunners and the players have selected George "Lefty" Bulla, little hurler, to succeed Ward at the helm of the team.

Bulla will be in charge of the team when it meets the Wilcox Oilers of Oklahoma City here Saturday and Sunday afternoons. Practice sessions will be held Tuesday and Thursday afternoons of each week. The pitching staff will work most often.

The Oilers are leading the Oklahoma City league, considered one of the fastest semi-professional organizations in the country. The lineup is made up of many well known professional and semi-pro players. A hard-hitting first-fielder is backing a great pitching staff this year. The Oilers are expected to send several players to the big leagues at the close of the season.

The game Saturday afternoon will start at 3:30 o'clock. Saturday will be Ladies' day, with all ladies admitted to the grandstand free. Sunday's game will be called at 3 o'clock with the new admission prices of 25 cents for bleachers and 35 cents for grandstand and 25 cents for women, in effect.

Japanese Honor Togo at Funeral

TOKYO, June 5. (AP)—Japan's common people, saying farewell today to their hero, Admiral Marquis Heihachiro Togo, paid him a more moving tribute than the gold-braided dignitaries who participated in the state funeral.

During the noon hour the casket rested in shrine of Hibiba park and after the prayers, admirals and ambassadors departed the public was permitted to pay homage to the hero of the Russo-Japanese war, who died May 30.

An estimated 250,000 persons filled the park to overflowing and approached at least within sight of the casket.

At 3 p. m. an automobile cortege escorted the body to the cemetery of Tama, a beautiful rolling parkland 22 miles west of Tokyo.

There the beloved admiral was buried near the tomb of emperor Taisho, the father of emperor Hirohito with the perfect cone of Fujiyama rising in the background.

DOG AND BOY ARE HURT IN SPRAWL

ARCHER CITY, June 5. (AP)—The pet Collie dog of Carl Adams, 7, caused him painful injuries last night.

Carl and the dog riding in the rumble seat of his parents' automobile. The dog decided to chase a cat and jumped out and Carl, holding to his collar, was pulled out, too, and landed head first on the pavement.

Witnesses called a physician and it was found the boy suffered only bruises and cuts on the head and arm.

NOT CANDIDATE AUSTIN, June 5. (AP)—R. D. Parker, special enforcer of railroad commission conservation orders in the East Texas oil field, said here yesterday he would not consider making the race for the place now held by Loh A. Smith, chairman of the commission. He returned last night to his headquarters in Kilgore.

MULLER BEATS IRISH TERROR AT OWN GAME

WINS 3-FALL MATCH AT PLA - MOR LAST EVENING

A blond tornado named Lou Muller stepped into Pampa last night and did what six others have vainly attempted—thrum Danny McShain in a three-fall wrestling match at the Pla-Mor auditorium. Muller met the wild Irishman with blow for blow, knee for knee and kick for kick.

The dapper McShain stepped from his corner with chest protruding and immediately slipped a knee in to Muller's mid-section. McShain got a surprise when Muller reciprocated and went one farther by slipping Danny a few hooks. The Irishman went for the ropes and started strutting around the ring but Muller would have none of that and pulled McShain back into the ring over the top ropes.

The German slugged McShain and roughed him considerably and the Irishman appeared bewildered. Muller came out of a punishing arm hold and slammed McShain four times before placing a knee on each shoulder and pinning him to the mat in 16 minutes.

McShain roughed his way to win the second fall in 13 minutes. He used every illegal hold in the wrestling game including kneeling, eye-gouging, biting, and punching. Muller tried to wrestle but was unsuccessful and went back to protecting himself. McShain got the German groggy with a few wallops and then slipped a drop kick to win.

Muller came back in the last fall like a western tornado and won the fall and match in 4 1/2 minutes. Muller slammed McShain several times to open the fall. McShain used knees and fists and then got a kind of surf board on Muller. Underestimating the German's strength, McShain let Muller work his shoulders onto the mat and he couldn't throw Muller off until after the three-count by Referee Dan Carver.

Cyclone Mackey of Amarillo defeated Pat Garrison, Pampa, in 24 minutes in the semi-final affair. Garrison used his height to get Mackey for several slams but the clever Amarilloan came back with a split and body scissors. Garrison broke loose and came up with a toe-hold which he held for more than two minutes. Using plenty of caution, Gump threw Allen and then slipped over his scissors.

Andy Gump returned triumphantly to the mat and defeated Ike Allen of LeFors in 6 minutes with a punishing body scissor. Allen opened by slamming the terrible Swede but Gump got an arm lock. Allen broke loose and came up with a toe-hold which he held for more than two minutes. Using plenty of caution, Gump threw Allen and then slipped over his scissors.

Fourth flight—Trophy, McCarty Jewelry store; canvass golf bag, Pampa Hardware. Consolation—40 gallons gasoline, 20 gallons by Danziger Refinery and Earl Roff, and 20 gallons by Texas company. Mack Graham; cured ham, Barnes & Hastings.

Fifth flight—Trophy, Diamond Shop; six golf balls by club; Consolation—Wash and grease job, P. K. One-Stop, and change of oil, Motor; 20 gallons gasoline, Magnolia Petroleum company, Howard Buckingham.

Qualifying scores of entrants thru Sunday were: Jet Brumley 82, F. L. Gehr 73, Dan McGrew 91, C. T. Hunkapillar 77, Len Vears 94, Marvin Harris 73, Tom Medkoff 79, Earl Wherry 85, Dale Lett 75, Jeff Bearden 81, Jimmie Weir 81, Charlie Thut 87, Clyde Fatheree 85, Lynn Boyd 87, J. M. Hatfield 82, G. R. Roberts 83, Gene Fatheree 92, F. L. Doucette 96, Bill Kimbrell 97, Jack Goldstein 94, Spink Boone 77, Harry Rockwell 80, Pete Siltor 97, C. P. Buckler 98, R. G. Allen 82, E. W. Voss 85, W. A. Warner 91, Mack Graham 80, T. E. Darby 86, Art Swanson 81, Frank Perry 88, Bryant Caraway 84.

Among those qualifying today are who will qualify tomorrow: Warren Cretney, Clyde Oswald, Grover Austin, Bus Kaufman, Ben Ferris, Buck Talley, Hamp Brown, Floyd Hoffman, Dr. E. A. Webb, Doc Croston, Charlie Speed, Tommy White, Tom Perkins, Dr. H. E. Hicks, Ole Stander, Clarence Barrett, E. M. Conlon, Don Donovan, Jim White, Joe Bowers, Jimmie Manatt, Mark Heath, Homer Sprinkle, Gene Green, G. Beck, and others.

Maxim Litvinoff Asks Permanent Peace Conference

GENEVA, June 5. (AP)—Maxim Litvinoff, Russian foreign minister, today introduced a resolution in the steering committee of the disarmament conference calling on it to set permanently as "a conference of peace."

The objects of the conference under the terms of his proposal would be five-fold: (1) To continue to strive for an accord on the limitation and reduction of armaments; (2) To establish agreements for new guarantees of security; (3) To adopt all possible measures for the prevention of war; (4) To supervise and execute the decisions of the conference; (5) To consult among the powers for the maintenance of peace in the event of violation of treaties.

Litvinoff's resolution also provides for a study of pacts of non-aggression and mutual assistance and the adoption of new rules to conform with a wider scope of the conference.

DEADLINE FOR QUALIFYING IS EXTENDED DAY

GOLFERS' SCORES MAY BE TURNED IN ON THURSDAY

Qualifying for the big city open golf tournament to be played over the Country club course has been extended one day and scores may be turned in until dark Thursday night. Play will begin at 8 o'clock Sunday morning. Two rounds will be played Sunday, one during the week and the finals the following Sunday.

Prizes for winner and runner-up in four flights and for the winner and runner up in consolation play in each flight have been secured. There will be eight players in the first or championship flight and 16 players in the other flights. If more than the number of golfers qualify, an extra flight will be added and the same number of prizes will be awarded in that flight.

The championship flight will play only one game Sunday and one during the week. Both will be over 18 holes. The final in the first flight will be a 36-hole affair.

The course is in wonderful shape after the rains. Fairways will be mowed again and the greens will be carefully gone over before tournament play gets under way.

Del Love, club professional who'll direct the tournament, invites boys over 13 years of age and weighing more than 110 pounds to be at the golf course Sunday morning by 8 o'clock to act as caddies.

Awards and donors in order of finish: First flight—15-inch trophy, by club; one dozen golf balls, Harvester Drug. Consolation—Pair of socks, Kees & Thomas; Six golf balls, Thompson Hardware.

Second flight—Pair wood golf clubs, Fatheree Drug; Pair golf shoes, Carter's Store. Consolation—Six golf balls, Del Love; cured ham, Standard Food Markets.

Third flight—Leather golf bag, City Drug store; pair of nickers, Murfee's Inc. Consolation—canvass golf bag, Pampa Drug; Case of beer, Kenneth Boehm.

Fourth flight—Trophy, McCarty Jewelry store; canvass golf bag, Pampa Hardware. Consolation—40 gallons gasoline, 20 gallons by Danziger Refinery and Earl Roff, and 20 gallons by Texas company. Mack Graham; cured ham, Barnes & Hastings.

Fifth flight—Trophy, Diamond Shop; six golf balls by club; Consolation—Wash and grease job, P. K. One-Stop, and change of oil, Motor; 20 gallons gasoline, Magnolia Petroleum company, Howard Buckingham.

Tomato Festival Gets Under Way At Jacksonville

JACKSONVILLE, June 5. (AP)—The first annual tomato festival in this sector began today with the arrival of visitors from many parts of the state.

They first were shown through the tomato packing sheds, now in full operation, and the guides explained principal activities in the industry. At noon, John E. Owens, vice president of the Republic National bank of Dallas, addressed hundreds at the tomato centennial luncheon.

Other activities on today's program included a grand tomato festival parade with floats and bands, a reception and tea at the home of Mayor and Mrs. T. E. Acker and convention tonight of Miss Billie Sue Hackney of Jacksonville as the first national tomato queen.

The East Texas chamber of commerce board of directors will meet here tomorrow and the day's program includes a free barbecue at noon and the Paris-Jacksonville baseball game in the afternoon.

Visitors and local players participated in a golf tournament yesterday and another was scheduled for today.

Jasper Randall and daughter, Mrs. Cora Baker, of Chillicothe spent the week-end visiting in the homes of Mr. and Mrs. B. W. Rose and Mr. and Mrs. T. E. Rose.

GOODMAN HAS GOOD CHANCE TO WIN OPEN

NATIONAL OPEN GOLF TOURNEY BEGINS ON THURSDAY

By BOB CAVANARO Associated Press Sports Writer PHILADELPHIA, June 5. (AP)—Given a fair share of breaks, Johnny Goodman, tow-headed Nebraska amateur, believes that he has a better than fifty-fifty chance of retaining the National Open Golf championship. The 72-hole test begins here Thursday.

Back twenty-four hours after a six weeks golf trip to England with the American Walker cup forces, Goodman listened carefully today to reports that Gene Sarazen said he couldn't repeat and that betting men had made him a 20 to 1 shot, and then spoke his piece.

"The first place I have my game pretty well in hand," Johnny said, "even though I didn't handle a club all the way over on the boat. I'll be back in top form once I go all the way around this golf course. You know I haven't been over Merion since the amateur championship in 1930."

"Now for Gene Sarazen and the betting men. Any golfer, and this goes for Sarazen, has to be lucky to win an open championship. Sure it takes good golf—four hot rounds, to be accurate—to win."

But you can't overlook the matter of "breaks!" "I'm perfectly satisfied to match my game with other fellows here, and if the good Lord has his hand on my shoulder as he did at Chicago last year, I believe I have a swell chance of coming through again."

"As for the betting men, I don't care how they rate me." Goodman and W. Lawson Little, Jr., the barrel-chested Pacific coast star who won the British amateur title ten days ago, arrived at the club yesterday and played 13 holes in the twilight. They drove well, Little's tee shots being consistently about 40 yards in front, but otherwise they were rusty from the nine-day layoff.

After Johnny uttered his rebuttal to Sarazen and the betting men, Little shook his head and said: "No, Johnny, I think you're wrong. In the first place there are 30 amateurs in the field against 120 professionals. That makes us four to one shot to begin with. Then we amateurs don't have the finesse in club handling the pros do."

"No, sir, with the exception of Bobby Jones, there isn't one amateur in this country as good as any one of the top notch pros. We don't have a ghost of a chance of winning."

Coltoto Beats Magic City—To Meet Erick Next

Coltoto's Black Cats defeated the Magic City Nine Sunday by a score of 13 to 1 in the Wheeler county town.

White, pitching for Coltoto, struck out thirteen men. Seago was the Coltoto catcher.

On next Sunday, the Black Cats will play Erick, Okla., on the diamond at Coltoto City, 4 miles east of LeFors.

CONVICTS ARE CAPTURED IN PRISON BREAK

ONLY ONE OF TWELVE REMAINS LOOSE, AND HE IS SHOT

PARCHEMAN, Miss., June 5 (AP)—A court of inquiry today sifted evidence against a dozen convicts who yesterday broke out of camp 10 at the state penal farm here and left a bloody trail of death an injury.

The court sought definite information on how the group of rebellious convicts gained entrance into the camp arsenal, and stole 12 rifles and two pistols with which they overpowered J. C. Hanna, prison sergeant, and guards, and fled in a brief streak of liberty.

Only one of the 12 desperadoes who escaped in the break remained at liberty. He was Clifford Smith, a life termer from Lafayette county who was sent to prison for shooting a girl.

Prison officials had reports that he was injured and believed surrounded in a wooded stretch near Shelby in Bolivar county where he and O. B. Winters, a convicted bank robber from Panola county, jumped from Sergeant Hanna's automobile as it wrecked. Winters was shot and critically wounded.

The other temporary escapes attempted to steal another automobile, but were fought off and they scattered into fields and wood clumps, only to be retaken and returned by guards and their posse.

One convict was shot dead in the attempted escape. He was Andrew Lewis, 27, formerly of Durant, Mich. His body was held pending word from relatives at Flint, Mich.

J. M. Williamson, another fleeing convict who was serving a 3-year robbery sentence, was shot in the arm at his capture.

Veto Brewer, trusty guard hero of the battle, was dying. Brewer was shot in the lungs and spine as he attempted to halt the break while the convicts were overpowering Hanna.

HOME FROM UNIVERSITY Parks Brumley, who arrived home from University of Arkansas at Fayetteville yesterday afternoon, last night underwent an operation for appendicitis at Pampa hospital. His condition was satisfactory this morning. He first became ill at Shamrock and was suffering much pain when he arrived in Pampa.

MARKET BRIEFS

NEW YORK, June 5 (AP)—Stocks resumed their advance today and numerous issues pushed up fractions to around 2 points. The further upturn was attributed largely to technical factors, improvement of the labor situation and expectancy of favorable Washington developments. The close was firm. The trading volume expanded to approximately 750,000 shares.

Table with market data including Am Can, Am Rad, Am T&T, etc. Columns include stock names and percentages.

KANSAS CITY LIVESTOCK KANSAS CITY, June 5 (AP)—(U. S. D. A.)—Hogs, 8,000; steady to 15 higher; top 3.35 on choice 200-270 lbs; packing sows, 275-550 lbs, 2.35-85.

CATTLE 5,500; calves 800; medium weight and heavy steers steady; other killing classes steady to weak; stockers and feeders slow, barely steady; steers, good & choice, 550-1500 lbs, 5.25-9.00; common and medium, 550 lbs up, 3.00-6.85; heifers, good and choice, 550-900 lbs, 4.50-6.10; cows, good, 3.00-7.50; vealers, (milk fed), medium to choice, 2.00-5.00; stocker and feeder steers, good and choice, 3.25-5.00.

CHICAGO GRAIN CHICAGO, June 5 (AP)—Big late gains in prices swept the wheat market up today to nearly the extreme allowable limit. Official reports indicated that although moisture had been received over considerable areas the drought as a whole had by no means been broken. Announcement that the United States government would acquire 12,000,000 bushels of corn for relief purposes did much to make prices buoyant, and there were messages from the northwest asserting that rains had come too late to improve the spring crop outlook.

One dispatch predicted that the Dakotas and Minnesota this season would produce only about 50,000 bushels of spring wheat. Wheat closed strong, 3 1/2-3 3/4 above yesterday's finish, July \$1.00 1/4-7/8, corn 3 1/2-2 1/4 up, oats 2 1/2-3 cents advanced, and provisions unchanged to a rise of 5 cents.

NEW ORLEANS COTTON NEW ORLEANS, June 5 (AP)—The market eased off late in the first hour of trading on an easier opening in wheat and slightly lower stocks. October traded down to 11.81, and December to 11.92, or 3 points under yesterday's close. Later in the morning the market had a good rally, due to sharp recoveries in stock and wheat, fair trade buying and shorts covering with contracts scarce. Prices rallied 18 points from the earlier lows to 12.00 for October and 12.11 for December, or 15 to 16 points above yesterday's close. At midsession the market was firm at the highs and tending upward.

APRIL CRUDE PRODUCTION GAINS 89,000 BARRELS DAILY IN U. S.

WASHINGTON, June 5 (AP)—April, crude petroleum production in the United States was estimated today by the bureau of mines at 75,796,000 barrels, a daily average of 2,526,000 barrels. This was an increase of 89,000 barrels over the daily average of the previous month and 349,000 barrels over April, 1933, when the huge East Texas field was shut down about two weeks.

Crude stocks rose from 354,067,000 barrels in March to 354,350,000 in April. Crude runs to stills advanced from 71,207,000 barrels in March to 73,863,000 in April, the daily average rising from 2,316,000 to 2,452,000.

Total demand for all oils was 83,201,000 barrels in April, against 86,074,000 in March. Motor fuel production was 34,875,000 barrels in April against 33,350,000 in March, and domestic demand for motor fuel was 32,735,000 in April compared with 30,528,000 in March.

The trend in motor fuel stocks, which had been upward since last September, was reversed in April when stocks declined about 600,000 barrels to a month-end total of 6,608,000.

Texas accounted for nearly half the April gain in daily average crude output and Oklahoma for most of the remainder. Only the eastern states reported declines in daily average output for the month.

Natural gasoline production was estimated at 2,926,000 barrels in April against 3,019,000 in March. Benzol production was 152,000 barrels in April and 159,000 in March. Crude imports totaled 2,845,000 barrels in April compared with 2,419,000 in March and imports of refined products were 1,258,000 barrels in April against 1,193,000 in March.

SILVER

(Continued from page 1.) commuted to 15 years on April 22, 1933. Silver escaped from the Wynne prison farm April 12, 1933, and was captured in Houston four days later. He record was ordered "cleared" by the general manager April 22, 1931. The Wynne farm is the one to which prisoners in ill health are committed.

The application for clemency was supported by several prison officials who stated Silver's conduct was exemplary.

Silver now is a trusty in the office of Warden W. W. Wald. He has served as superintendent of the prison's schools and was in charge of the band in which he plays a cornet.

Among those who recommended clemency were Warden Wald, R. H. Baughn, assistant warden, and C. E. Garrett, prison chaplain.

In "unhesitatingly" recommending clemency, Chaplain Garrett wrote: "If any man ever rehabilitated himself in prison that man is Bob Silver."

Baughn stated a belief that "incarceration had fulfilled its purpose" and that Silver would prove a good citizen.

Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "In only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago, I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Pat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Richard's Drug Co., Inc., or any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

(Continued from page 1.) the organization's luncheon. A blue ribbon and \$25 in cash went to the Amarillo chamber of commerce for the best out-of-town float, which depicted the Palo Duro canyon park.

Locally, the best float was decided to be the Rotary club's. A blue ribbon and \$25 in cash was presented Philip R. Pond, president of the club. Second prize of \$15 and a red ribbon went to the Holy Souls church. Mrs. J. W. Garman accepted, for the Treble Clef club, the third prize of \$10 and a white ribbon.

Blue, red, and white ribbons were given for the best store windows, judged to be those of Thompson Hardware company, Mitchell's, and Hill's, respectively.

Mayor Bratton highly complimented the Junior chamber in holding what was universally called a very worthwhile and beneficial celebration. Congratulations and a check for \$10 were received from Fathere drug stores.

President Clarence Kennedy of the Junior chamber said that the celebration had carried out the spirit of the national organization in that members had contributed "what they were" rather than merely making donations of money. He said that a small deficit would be found when all the bills of the celebration are tabulated.

PARKE DAVIS DIES EASTON, Pa., June 5 (AP)—Parke H. Davis, football pioneer coach and for years nationally recognized statistician of the game, died today at his home here.

Mrs. Hank Breining of LeFors was a Pampa shopper, yesterday afternoon.
